## Elected

Angus Maude, 50, above, a journalist, was elected Thursday in the traditionally Conservative Stratford district in England to replace the disgraced former war minister, John Profumo, in Parliament. Maude's margin of victory over Labor Party candidate Andrew Faulds was only 3,470 votes, and the narrow margin did nothing to boost the hopes of Prime Minister Macmillan's Conservative party for Britain's next general election. Faulds and Liberal Party nominee Derek Mirfin together outdistanced the Conservative Maude by 4,512 votes. Profumo was in office 13 years. (AP Wirephoto)

## Unidentified Plane Raids Cuban Mill

MIAMI, Fla. (AP)—One unidentified plane bombed and strafed a Cuban sugar mill Thursday and another flew over a refinery at Havana this morning, the Cuban radio reported.

Antiaircraft batteries went into action today when a plane flew over the Nico Lopez refinery in Havana Bay, formerly the U.S. Esso refinery. The plant was nationalized by the Castro regime in 1960.

The broadcast said heavy antiaircraft fire forced the plane to change its course away from Cuba. Its nationality was not reported.

Another broadcast, quoting an armed forces ministry communiqué, said a small private plane attacked the Bolivia sugar mill in Camaguey Province at 4:05 a.m. Thursday, strafing it and dropping two 50-pound bombs from an altitude between 450 and 600 feet.

Only one of the bombs exploded, the report said, and it did no damage. The plane flew northward after completing its mission. The sugar mill is located at Moron, in an area where some guerrilla activity has been reported.

## The Weather

Forecast for Marquette and vicinity: Cloudy with scattered showers and thundershowers tonight and continued cool, low temperature tonight, 50 to 55; Saturday, mostly cloudy with scattered showers ending; little change in temperature, high 60 to 65. Outlook for Sunday: Generally fair and continued cool.

Forecast for Lake Superior: Smaller warnings in effect; easterly winds increasing to 18-28 MPH, briefly higher and scattered thundersqualls tonight and becoming north to northwest 25-35 MPH late tonight and Saturday; showers ending, becoming partly cloudy on Saturday. Lake temperature, 64.

Data for 24 hours ending at noon: Temperatures—50 at 6 a.m.; 56 at noon; highest in last 24 hours, 59 at 1 p.m. yesterday; lowest in last 24 hours 49 at 6:30 a.m. today. Relative humidity at noon — 86 per cent.

Precipitation — .07 of an inch in last 24 hours; total to date this year, 14.72 inches; normal to date, 19.32 inches. Sun rises at 5:50 a.m. and sets at 7:57 p.m. tomorrow. Records for August 16 — Maximum temperature, 91 in 1937; minimum temperature, 37 in 1879; most precipitation .50 inches in 1925.

## U.S., Russ Agree To Joint Weather Satellite Program

WASHINGTON (AP) — The United States and Russia have agreed to join in a coordinated weather satellite program and joint experiments with an Echo-type communications satellite.

The National Aeronautics and Space Administration announced final approval of the agreement today.

The agreement also calls for joint contributions to satellite data to a world magnetic survey to be conducted in 1965.

The coordinated weather satellite program depends upon establishment by early next year of a fulltime telecommunications link between Washington and Moscow for the transmission of cloud photographs and other data from experimental meteorological satellites operated by each country.

Other countries will be permitted to receive the information from this link on a cost-sharing basis, and ultimately the program may involve coordinated launchings of operational weather satellites.

The experiments with an Echo II, 135-foot diameter passive com-

munications satellite, to be launched by NASA before mid-1964, will involve transmissions between the Zemenki Observatory of the Soviet Gorky State University and Britain's Jodrell Bank Observatory of the University of Manchester.

"Scheduled for early 1964, these experiments will include transmissions from the United States to the Soviet Union, using conventional facilities for that part of the link between the United States and England," the NASA announcement said.

In the magnetic field survey, each country will launch a specialized satellite equipped to measure the earth's magnetic field.

These launchings are expected to take place in 1965, when the ground-based magnetic observatory programs of all nations participating in the international quiet year of the sun will be in full operation.

## Testimony Impresses Russell

WASHINGTON (AP) — The chairman of three key Senate committees agreed today that administration witnesses are building up a strong and effective case for ratification of the limited nuclear test ban treaty.

Chairman Richard B. Russell of the Armed Services Committee said government diplomatic, military and scientific spokesmen "make a very strong case." But he added that he is keeping an open mind until all the evidence is in.

The Georgia Democrat said he was "impressed that the witnesses are aware that there are military disadvantages" in adherence while maintaining they are more than offset by other factors in U.S. favor.

## Jury Indicts 8 Neo-Nazis

NEW YORK (AP)—Eight members of a neo-Nazi organization, accused of plotting riots at the scenes of civil rights picketing, have been indicted on charges of advocating criminal anarchy.

The indictments, returned Thursday by a Bronx County grand jury, also charged attempting to riot and violating the anti-weapon law.

Seven of the defendants pleaded innocent in State Supreme Court and remained free on bonds ranging from \$2,500 to \$7,500. No trial date was set.

The eighth, who testified before the jury after signing a waiver of immunity from possible prosecution will be arraigned later. His identity was not disclosed.

## Haitian Rebs Take Village

SANTO DOMINGO, Dominican Republic (AP) — A Haitian exile spokesman claimed today that rebel Gen. Leon Cantave's invasion force has scored its first success in a mountain guerrilla campaign to overthrow dictator Francois Duvalier.

Paul Verna, the exile spokesman, said Cantave's army of several hundred exiles had seized the village of Mont Organise, in the Riviere du Nord Mountains 17 miles south of the northern coast on which the invaders claim they landed early last week.

President Duvalier's government claimed its forces had crushed the invaders.

## Rural Accidents Blamed For Soaring Highway Toll

DETROIT (AP) — The Automobile Club of Michigan has told Gov. George Romney that the state's soaring traffic death toll is due primarily to rural accidents.

At the same time, the Auto Club's General Manager, Fred N. Rehm, recommended to Romney that traffic and motor vehicle law problems be placed before the 1964 Legislature instead of being out on the agenda at next month's special legislative session.

## Contribution Has Officials In A Quandry

SAULT STE. MARIE, Mich. (AP) — International Bridge Authority officials were in a quandry Wednesday over what to do with two dimes which they received in an anonymous letter.

The dimes were taped to a letter which read: "Enclosed are two dimes. I forgot to tell customs that we purchased a pail in Canada for 1."

The problem arises since American customs have no provision for recording a contribution in their bookkeeping system. The word contribution is used literally since Americans are permitted entry of merchandise to the value of \$10 daily—duty free.

Customs officials say the donor can get his money back by writing for it.

The contribution was made in a truly international spirit, officials said. One dime was American and the other Canadian.

## Justice Goldberg Refuses To Stay Extradition Order

WASHINGTON (AP) — Justice Arthur J. Goldberg of the Supreme Court today refused to block extradition of former Venezuelan dictator Marcos Perez Jimenez.

"I find applicant's (Perez Jimenez) real claim to be entirely lacking in merit," Goldberg stated. Stay Request

The justice acted on a stay request while a charter airplane stalled by at Miami Airport ready to whisk the former dictator back to his homeland to face charges that he embezzled \$13 million while in office.

Goldberg acted after hearing almost three hours of argument Thursday on the stay request.

## Love, Good Will Corp. Has Estes For Director

AUSTIN, Tex. (AP) — Billie Sol-Estes, Texas promoter convicted of fraud, is a director of the new "International Love and Good Will Corp.," the Texas secretary of state's office announced.

The corporation's charter says it was formed to "obtain members who are interested in bettering the economic welfare of underprivileged persons."

## F86 Pilot Parachutes 20,000 Feet To Sea

OTIS AIR FORCE BASE, Mass. (AP) — An American military plane pilot, forced to parachute from 20,000 feet to the ocean's surface after his F86 jet lost a wing in a mishap today, was taken aboard a Russian fishing vessel.

A U.S. Coast Guard helicopter took him from the Soviet craft.

## Chairmanship?

Best guess is that the new chairman of the powerful Senate Antitrust and Monopoly Subcommittee, expected to be named today or Monday, will be Sen. Philip Hart, D-Mich., above. Hart is next in line to succeed to the post left vacant by the death of Sen. Estes Kefauver, D-Tenn. Hart and Kefauver were very close in their views on the subcommittee and never cast opposition votes on major issues. The Michigan senator, if he takes the chairmanship, likely would carry out the same general aims as Kefauver had. Kefauver was suspicious of "bigness" in business. (AP photo)

## Vietnamese Cities Under Martial Law

SAIGON, Viet Nam (AP)—President Ngo Dinh Diem's government clamped martial law on two major Vietnamese cities today in the wake of another Buddhist suicide by fire—the third this week.

Martial law was imposed on the central Viet Nam capital of Hue, where the latest burning occurred early today, and on the coastal city of Nhatrang, where Vietnamese troops quelled a big demonstration with tear gas.

Reliable sources said U.S. military personnel had been restricted to their barracks from dusk to dawn in both cities, which are centers of U.S. military advisory groups.

All Vietnamese in Hue except civil servants and troops were ordered to stay indoors.

Tension reached a new pitch when a 71-year-old Buddhist monk, Thich Tieu Dieu, burned himself to death at 4 a.m. in Hue's biggest pagoda. It was the fifth such ritual suicide in two months in the Buddhist campaign against the government of Diem, a Roman Catholic.

Several hundred government troops ringed the Tu Dam pagoda but did not try to enter the building, where Buddhists guarded the monk's body.

The burning apparently was organized by the Buddhist hierarchy. Two young Buddhists who burned themselves to death this week acted independently.

## Turncoat Returns

The 1962 crime rate showed a 5.9 per cent increase over 1960 and a 4.2 per cent jump over 1961, police said.

At the same time, Michigan population increased only 2.2 per cent over 1960.

The records showed one exception. There were fewer murders in Michigan last year than in 1961. The murder total was 297 in 1961 against a lower 245 in 1962.

Rapes, robberies

Rapes and robberies both went up. There were 939 rapes in 1962 compared to 883 in 1961 and 5,766 robberies last year against 4,774 the previous year.

A heavy 77.1 per cent of the persons arrested in 1962 for major offenses were under 22 years of age compared with 65.3 per cent in 1961 and 54.1 per cent in 1960.

More than half of the group, 55.8 per cent, were in the under 16 age group.

Mrs. Brady Skinner pours son Lowell Skinner a cup of coffee after his return home to Akron, Ohio, after 10 years in Red China. Skinner, former Army Corporal, was one of 21 American prisoners deciding to stay with the Communists at the end of the Korean War. (AP Wirephoto)

# British Court Arraigns 5 Train Robbery Suspects

## Pact To Bar Sneak Attack Seen Possible

WASHINGTON (AP) — Secretary of State Dean Rusk said today there is a possibility of reaching agreement with Russia on measures to reduce the danger of surprise attack—provided the Soviets do not lay down conditions about cutting East-West forces in Europe or similar steps.

Rusk also told a news conference the United States is discussing with Britain the possibility of providing protection for refugees fleeing from Communist rule in Cuba.

Rejects Call

Rusk, on another question, in effect rejected a Red Chinese call for a worldwide heads of govern-

ment conference on nuclear disarmament, saying it would contribute nothing to the movement for peace.

As to the proposal by French President Charles de Gaulle for a four-power meeting on disarmament questions, Rusk said the United States still has not received any detail of what de Gaulle has in mind.

## Woman Witness Saw 'Every Bloody Detail'

DENVER (AP)—Denver patrolman James Snider, disguised as a defendant in a traffic case, had broken out of a municipal courtroom during a demonstration staged for police trainees.

Technician Richard Lundquist fired blanks at the fleeing man. Lundquist said that during the chase a woman accosted him and said: "I know you got him at least once. I saw blood on his arm."

## Blacklisted?

Lisa Jane, rated the second best woman chessplayer in the United States, says she is being blacklisted from the world team championships next month for a very catty reason. Lisa, 26, says "it's just because I'm young and fairly pretty," but American chess bigwigs say it isn't so. The squabble may go all the way to the International Federation. (AP Wirephoto)

## Tighter Dividend Tax Rules Sought By House Group

WASHINGTON (AP) — Tighter rules on dividend taxation have been written into a sweeping tax reduction bill which asks Congress to provide bigger and faster cuts than President Kennedy proposed.

If it gets a stamp of approval after an uncertain journey through Congress, the bill would provide a net tax relief of close to \$11 billion. Kennedy originally suggested \$10.3 billion. Reductions

## State Crime Rate Shows Steady Rise

EAST LANSING (AP) — The crime rate in Michigan has shown a small but steady climb in the past two years mainly due to juveniles, state police report.

The 1962 crime rate showed a 5.9 per cent increase over 1960 and a 4.2 per cent jump over 1961, police said.

At the same time, Michigan population increased only 2.2 per cent over 1960.

The records showed one exception. There were fewer murders in Michigan last year than in 1961. The murder total was 297 in 1961 against a lower 245 in 1962.

## Rapes, Robberies

Rapes and robberies both went up. There were 939 rapes in 1962 compared to 883 in 1961 and 5,766 robberies last year against 4,774 the previous year.

A heavy 77.1 per cent of the persons arrested in 1962 for major offenses were under 22 years of age compared with 65.3 per cent in 1961 and 54.1 per cent in 1960.

More than half of the group, 55.8 per cent, were in the under 16 age group.

## Atheist To Challenge Nuns Teaching In Public Schools

STOCKTON, Kan. (AP) — Mrs. Madalyn Murray of Baltimore, who plans to start an atheist center near Stockton, said today she is going to start a court fight against Catholic nuns teaching in Kansas public schools.

Son

Mrs. Murray's eldest son, William, 17, was the subject of Maryland litigation which resulted in the U.S. Supreme Court ruling against required Bible reading in public schools.

## Recovered; Hunt Goes On

LONDON (AP) — Five hooded figures were hustled into a small country courthouse today and formally charged with participation in Britain's great train robbery or receiving part of the \$7.2 million in loot.

Three men and two women were arraigned. One of the men charged with robbery, William Boal, denied the charges.

Linslade Magistrate

A detective told the court that Boal had told him during questioning: "I am silly to get involved with this. I should have known better."

The five suspects, two of them sisters, appeared before a magistrate in Linslade, a village 42 miles northwest of London.

The village is four miles from Cheddington, where a gang of bandits ambushed the night mail train from Glasgow eight days ago and escaped with 2.5 million pounds (\$7.2 million).

Recovered Money

The amount of the money recovered rose today, with a police announcement that it totaled 141,000 pounds (\$394,800).

Two suitcases stuffed with money were found this morning in a wood south of London in Surrey, and police began checking whether it was loot from the mail hold-up.

The three men and two women were ordered held by police until Aug. 24 while the nationwide hunt continued for cash and confederates.

## Comb Area

Reliable reports said nearly 100 detectives were combing the London area for members of the gang.

Officially, police said no further arrests were imminent. But there was reason to believe the net was tightening.

Authorities indicated they believed the gang was still in Britain. There was an unconfirmed report, however, that Scotland Yard had asked French police to watch for a 20-ton British yacht believed plying between the English South Coast and the north coast of France. Police fanned out along the South Coast, keeping a watch on little-used harbors.

Charge

The two men arrested in Bournemouth after a fight with police were identified as Roger John Cordrey and William Boal, both of London. They were charged with being concerned "with others unknown" in the pre-dawn robbery.

Boal's wife, Rene, and Alfred and Mary Pilgrim, who run a London florist shop, were charged with receiving 1,190 pounds (\$3,322) in stolen banknotes. The two women were said to be sisters.

Emily Clark, the Bournemouth widow who tipped police when Boal and Cowdery offered her three months rent in advance for a garage, went into hiding.

"I don't want to say anything about it at all," Mrs. Clark told reporters as she left for a secret address. "It's all very frightening."

## \$394,800 Recovered; Hunt Goes On

"I don't want to say anything about it at all," Mrs. Clark told reporters as she left for a secret address. "It's all very frightening."

Conscious

Racketeer Mickey Cohen, 49, above, has regained consciousness after suffering a skull fracture when hit by a fellow prisoner with an iron pipe. Officials at the Atlanta Federal Penitentiary Hospital said early today that Cohen was "mentally clear" and that his blood pressure, pulse and respiration were normal. The prisoner has undergone surgery to repair skull damage. Warden David Heritage said Cohen was attacked Wednesday during an argument in the prison radio shop by a former mental patient. (AP Wirephoto)

# Electronic Data Processing Class Scheduled Here

An electronic data processing school program will be conducted in Marquette beginning next month under terms of the Manpower Development and Training Act (MDTA). It was announced today.

The training program in the field of business data processing and electronic data processing will be conducted through the Area Redevelopment Administration (ARA) training school here, beginning Monday, Sept. 16.

Spokesmen for the agencies who will be charged with handling the program pointed out that employment opportunities in the comparatively new field of business data processing and electronic data processing exist at different levels of skills and responsibilities for machine operators, programmers, systems procedure specialists, design technicians and supervisors.

These positions are open to individuals who have the skill to program, to operate and to control data processing equipment, they said.

**36-Week Course**  
The United States Department of Labor predicts that the operating of computers will create the need for 3.4 million more workers in the coming decade.

In view of this prediction and the acute need already expressed by users of data processing equipment, Northern Michigan University, in cooperation with U.S. Department of Health, Education and

Welfare; the Michigan Department of Public Instruction and the Michigan Employment Security Commission, have announced plans for a 36-week comprehensive program in the field of business data processing.

The course is scheduled to begin Sept. 16 in Marquette and will run for a total of 36 weeks, with a completion date set for June 12, 1964. Classes will meet each week-day from 8 a.m. to 5 p.m., for a total of 1,440 classroom hours.

The curriculum consists of the following courses: "Introduction to Electronic Data Processing," "Electronic Data Processing Math," "Electro-Mechanical Machines I," "Accounting I," "Business Organization and Procedures," "Electro-Mechanical Machines II," "Accounting II," "Communication Skills I," and "Computer Programming I."

The above work will be scheduled to include four hours of classroom lecture and four hours of machine operation laboratory per day. Existing use will be made of various manufacturers' educational publications, films and resource persons.

Requirements for entrance into this program are aimed at selecting the best qualified people in the Upper Peninsula of Michigan and Northern Lower Michigan.

In addition to the normal tests required of applicants to MDTA and ARA training programs, the programmer aptitude test will be administered to applicants to the data processing program during the week of Aug. 26 and Sept. 2. Persons interested in seeking

information regarding this program have been invited to visit the MESC office as soon as possible.

Thirty-two persons are to be trained in the initial class. Nyquist in Charge Of Tests

Thomas A. Nyquist, Marquette, head of the data processing program in this area, will be at the various central offices of the MESC to talk with interested persons regarding the program, to answer any questions applicants may have and to administer the program aptitude tests.

Nyquist is employed through Northern under the MDTA. He was the instructor in the commercial plant of the ARA in the training school here during the past year and recently completed a course in this field.

Nyquist will be at the Marquette office of the Michigan State Employment Security Commission on Friday, Sept. 6, at 10 a.m., for the testing and interviewing program. In addition to persons from the Marquette area, applicants from the Ishpeming and Munising MESC offices will be referred here for the program.

Nyquist's schedule at the various other employment service offices for the testing and interviewing, along with the additional areas to be covered on those visits, follows:

**Hancock**—Aug. 26, 10 a.m., also for U.A.W. and Calumet MESC office areas.

**Ironwood**—Aug. 27, 9 a.m., also for Ontonagon and Iron River MESC office areas.

**Sault Ste. Marie**—Aug. 28, 1 p.m., also for Newberry and St. Ignace MESC office areas.

**Alpena**—Aug. 29, 9 a.m., also for West Branch, Cheboygan and Petoskey MESC office areas.

**Manistee**—Aug. 30, 9 a.m., also for Traverse City and Cadillac areas.

**Escanaba**—Sept. 5, 10 a.m., also for Menominee and Iron Mountain MESC office areas.

**Bruce Resigns From Jury Commission**

Leo W. Bruce of Marquette has resigned from his position as jury commissioner for the United States District Court for the Western District of Michigan, Northern Division.

Bruce, who is manager of the Paine, Webber, Jackson and Curtis Branch in Marquette, had served in the position since 1957.

Federal Judge W. Wallace Kent, Kalamazoo, who presides in U.S. District Court here, said he was accepting the resignation of Bruce "with great regret."

"Difficult to Replace"  
Judge Kent, in a communication to Bruce, added: "It is always difficult to replace an individual who has rendered such long and faithful service without compensation."

"I realize that you have performed your duties out of a sense of obligation to your government, a sense of obligation which is not recognized by all of the people of this country."

**Served 'Well, Faithfully'**  
"If all of the citizens of the U.S. had the same attitude as that which you have demonstrated in your life, many of our national problems would have been solved."

"Since your appointment as a jury commissioner you have served well and faithfully, and all of the judges of this court appreciate that which you have done to render the operation of this court more efficient."

Judge Kent said he would appoint a successor to Bruce in the near future.

**World War I Veteran**  
Bruce, an Eagle Harbor native, has been a resident of Marquette most of his life. He served in the Army during World War I, in the European Theater.

A graduate of Michigan High School, he received a teacher's certificate from Northern Michigan University in 1916.

**Red Cross, Bond Chairman**  
He has been active in the Elks, Marquette Golf and Country Club, Third and Fourth Degree Knights of Columbus, Marquette Chamber of Commerce, Rotary Club, Mar-

# Mercury Drops To 49 Here; Cool Weather To Continue

"Extra blanket" weather is expected to continue until the middle of next week. Meteorologist Fred Mueller said this morning.

At 6 this morning the mercury dropped to 49, the lowest temperature here since June 22. If it hadn't been cloudy last night, it might have been even colder, Mueller said.

Temperatures of 49 were also recorded July 9 and 16, but the last time the mercury went any lower was in June.

**Cooler Elsewhere**  
Low last night at the Marquette County Airport in Negaunee Township was 45. Other lows were 42 in Sault Ste. Marie, 47 in Calumet and 51 in Escanaba.

Temperatures have been below normal every day since last Friday, when the cold Canadian air mass, which is still predominant here, came in. Since the cool period began, the mercury has been in the 70s only once, Wednesday when it was 72.

**Average Below Normal**  
Yesterday's high temperature was 62, recorded at midnight Wednesday night, but during daylight hours yesterday the high was 59. Low yesterday was 50 and the average 56, 11 degrees below normal.

Average temperature for the month now stands at 1.2 degrees below normal.

**Rain Less Than Average**  
Rain between 4 and 9 this morning amounted to .07 of an inch and the Weather Bureau was looking for more showers later today.

# Death Claims Mrs. Roberts In Virginia

Mrs. John Roberts, a former resident of Marquette, died at 7:30 yesterday morning in Falls Church, Va. She was 51.

The former Katherine Patricia Aylward, Mrs. Roberts was born Sept. 3, 1911, in San Francisco, and married John Roberts May 15, 1935, in Palo Alto, Calif.

**Had Operated Deetrack**  
She had built Deetrack Village, Marquette Township, and operated it from September 1938 to September 1943.

Mrs. Roberts was a registered nurse and was one of the first stewardesses on United Airlines, in the early 1930s.

**Survivors** are husband, John M. Roberts, a native of Marquette; a daughter, Mrs. Stephen (Katherine) Slack, Miami, Fla., and two sons, John M. Jr., LaGrange, Ill., and Dana Francis, who is in the U.S. Army and stationed in Alabama; and five grandchildren.

Funeral services will be held at 9 Saturday morning in St. James Cathedral, Falls Church, Va. Burial will be made in Menlo Park, Calif.

quette County Red Cross Chapter and St. Peter's Cathedral.

Bruce was the first county chairman for the Red Cross drive during World War II and was county chairman of five U.S. Treasury Bond drives during the war.

Mr. and Mrs. Bruce reside at 515 Spruce St. They have a son, L. Wallace, and a daughter, Susan Lee.

# Mercury Drops To 49 Here; Cool Weather To Continue

Rainfall so far this month is more than an inch below normal. So far this month, rainfall has amounted to .45 of an inch and normal is 1.55. For the year, precipitation has amounted to 14.72; normal is 19.32 inches.

**Long-Range Outlook**  
Forecast for the five-day period through Wednesday calls for temperatures to average three to seven degrees below the normal extremes of 74 and 57. Below normal temperatures are predicted over the weekend, with a warming to near-normal temperatures Tuesday or Wednesday.

Rainfall during the next five days is expected to total one-half to three-fourths of an inch. Occasional showers and possible thundershowers are expected tonight and light showers are expected to end by afternoon tomorrow.

High tomorrow is predicted between 60 and 65, along with windy conditions.

# U.P. Fair Fat Stock Yields High Price

ESCANABA — Second highest average price in a decade for fat stock at the Upper Peninsula State Fair was paid at this week's auction.

The average price was 32.95 cents a pound, topped in the past 10 years only by the 34.5 cents average of the 1960 sale, when 21 animals were sold. There were 29 sold in last night's sale for a total of \$8,376.38.

**Grand Champion Steer**  
Drees Livestock of Peshigo bid 52.5 cents a pound for the fair's grand champion steer, a Hereford named Roscoe fed by Dennis Bowers. The animal was raised on the Bowers family's Hon-E-Nol Farm at Stephenson.

Auctioneer Walter Heise of Marquette insisted on topping 50 cents a pound for the grand champion and moved the price to 52.5 cents a pound for the steer, which brought Bowers \$538.12. It had a rate of gain of 2.03 pounds a day from the time of the fair feeding contest last in mid-February and arrived at the fair weighing 1,030 pounds and went to sale at 1,025 pounds.

Bowers' brother, Eldon, showed the 1962 grand champion at the fair and got 45 cents a pound or \$459 for the 1,020 pound animal. The boys are sons of Gail Bowers, Menominee County extension director.

**Average Weight Down**  
Grey Knaus of Cornell, the veteran superintendent of the fair's beef animal department and manager of the annual fair fat stock auction, said that average weight of animals sold was down a bit from recent years, being 885 pounds per animal. It has topped 900 pounds in the past decade.

The sale is more selective of its offerings and the number of animals is down from a 1959 peak of

# Production Of State Crops To Be Down

Production of Michigan's commercial vegetables is expected to be mostly down from last year, the Federal-State Crop Reporting Service in Lansing says.

The forecast by crops: **Snap beans** — The fresh market production is forecast at six per cent below last year.

**Cabbage** for market for processing — Three per cent below last year but seven per cent above average.

**Carrots** for fresh market and processing — One fifth below last year but still above average.

**Early summer celery** — 15 per cent below last year but well above average.

**Early fall celery** — 17 per cent below last year.

**Sweet corn** — Nearly one fourth less than last year but slightly above average.

**Cucumbers** — One fourth better than last year.

**Head lettuce** — One third less than last year.

**Green peppers** — Down 9 per cent from last year.

**Tomatoes** — Two per cent below last year.

**Strawberries** — Same as last year.

**Onions** — About the same as last year.

Africa is the home of the tallest (Watusi, 7 feet tall or more) and the shortest (Bambuti, four feet) men on earth.

# Production Of State Crops To Be Down

Production of Michigan's commercial vegetables is expected to be mostly down from last year, the Federal-State Crop Reporting Service in Lansing says.

The forecast by crops: **Snap beans** — The fresh market production is forecast at six per cent below last year.

**Cabbage** for market for processing — Three per cent below last year but seven per cent above average.

**Carrots** for fresh market and processing — One fifth below last year but still above average.

**Early summer celery** — 15 per cent below last year but well above average.

**Early fall celery** — 17 per cent below last year.

**Sweet corn** — Nearly one fourth less than last year but slightly above average.

**Cucumbers** — One fourth better than last year.

**Head lettuce** — One third less than last year.

**Green peppers** — Down 9 per cent from last year.

**Tomatoes** — Two per cent below last year.

**Strawberries** — Same as last year.

**Onions** — About the same as last year.

Africa is the home of the tallest (Watusi, 7 feet tall or more) and the shortest (Bambuti, four feet) men on earth.

# Pollen Count Zero; Method For Sampling Here Explained

Ragweed pollen count for the 24-hour period from yesterday morning through this morning was zero, City Sanitarian Ronald S. Mailand said today.

However, Mailand noted that the atmospheric sampling for the 24-hour period may not be valid, because showers early this morning may have washed away pollen collected on the sampling apparatus.

The city sanitarian takes a daily pollen count Tuesday through Friday during the hay fever season from the roof of the federal building.

A microscopic slide, covered with a thin film of petroleum jelly, is suspended for 24-hours and pollen collected is then identified under a microscope.

**Different Method**  
The count represents the number of pollen grains per 3.6 square centimeter area. Yesterday, Marquette recorded its first pollen

count of the season, nine grains per 3.6 square centimeter area.

The hay fever season generally lasts from mid-August through mid-September. Fortunately, the Upper Peninsula is relatively free from ragweed, although some persons begin sneezing with only a few grains of pollen in the air.

Mailand noted that the atmospheric sampling method used this year is the "gravity method," most recent technique to be approved by the pollen and mold committee of the research council committee of the American Academy of Allergy.

Under this method, pollen is not counted by volume.

In the technique used last year, pollen was counted per cubic yard. In the more-accurate method being used this year, pollen is counted per square centimeter. A square inch is equal to 6.452 square centimeters.

# 'Serve With Integrity,' Area Funeral Directors Told Here

James Sullivan, president of the Michigan Funeral Directors Association, yesterday charged funeral directors of the area "to continue to serve your people with honesty and integrity."

This is the most effective means to give the lie to those who in their attempts to change funeral service as we know it today by circulating irresponsible statements and inaccurate statistics, he said.

Sullivan, who lives in Royal Oak, was in Marquette to address funeral directors of MPFA District 11 at a 6:30 p.m. meeting in the Northland Hotel. He addressed District 10 in Sault Ste. Marie Tuesday.

**Average Costs Not As High**  
Departing from his prepared notes, the association president rapped the publications and the authors of various articles who "obviously are inspired by financial gain and sensationalism rather than a sincere interest in the facts."

"In one such publication I read where the average cost of adult funerals today is \$1,400. This is untrue — and the writer has not quoted his source."

"In 1962 a reputable business consultant firm conducted a survey for the National Funeral Directors Association which indicated that the average adult funeral in the United States cost \$775, and this figure, according to those who conducted the survey may be a little high, but they preferred to err on the high side rather than to present a distorted figure. The figure does not include welfare or charity funerals, he said."

This survey covered 98,000 funerals across the country and was not conducted among any specific groups of funeral directors or in any special income areas.

"I could recite chapter and verse to refute the statistics offered for public consumption by these irresponsible persons, but the fact remains that funeral service is a service profession," he said.

"No service profession can long endure as such unless it provides that which the public wants and requests."

**Religious Ceremony**  
"Funeral service remains — and will continue to remain — a religious ceremony and the efforts of that small group of persons who would alter funeral service will not change the desires of the people. Funeral service has existed as a religious ceremony since the beginning of man. The passing of falsehoods and half-truths of the few can not change that."

"So long as funeral directors do not sink to the same level as those who would criticize the funeral ceremony, but rather continue to serve their people to the best of their ability, providing the kind of funeral service the public wants, we have nothing to fear."

# NMU Fine Arts Building Ready For Fall Term

Northern Michigan University's Fine and Practical Arts Building, the first classroom facility to be constructed on the campus since Kaye Hall was completed in 1915, will be ready for occupancy this fall.

Five departments will move from cramped and outmoded quarters in Kaye Hall to the new \$2,650,000 structure which will house the departments of music, art, dramatic arts, home economics and industrial arts.

Constructed with capital outlay funds appropriated by the state legislature, the building contains classrooms, an auditorium, laboratories, studios, offices, and workshops. It will provide badly needed facilities for a student body which has increased 370 per cent in the past 10 years.

**Dimensions Imposing**  
The building's dimensions are imposing. It contains 122,224 square feet and measures 565 feet from east to west and 304 feet from north to south.

Designed to provide close proximity of the departments while permitting a wide variety of functions, the building is zoned into three major areas connected by foyers and corridors. The auditorium on the east adjoins the three-level central unit which connects with the industrial arts unit to the west.

Occupying the central unit will be the music department on the ground floor, the home economics department on the first floor and the art department on the second floor.

The building is constructed against a 22-foot bank which disguises the actual height of

the structure from the south and permits one-and-a-half story construction in some areas without the expense of a higher roof elevation.

The auditorium will seat 550 people in a continental seating arrangement which utilizes the best areas for seating and the sides for aisles. The auditorium will have its own storage, make-up and dressing rooms.

**Rise Story And Half**  
The music area will include studios, practice rooms, classrooms, a music library, study hall, instrument storage space, and instrumental and choral rehearsal rooms which will rise a story and a half.

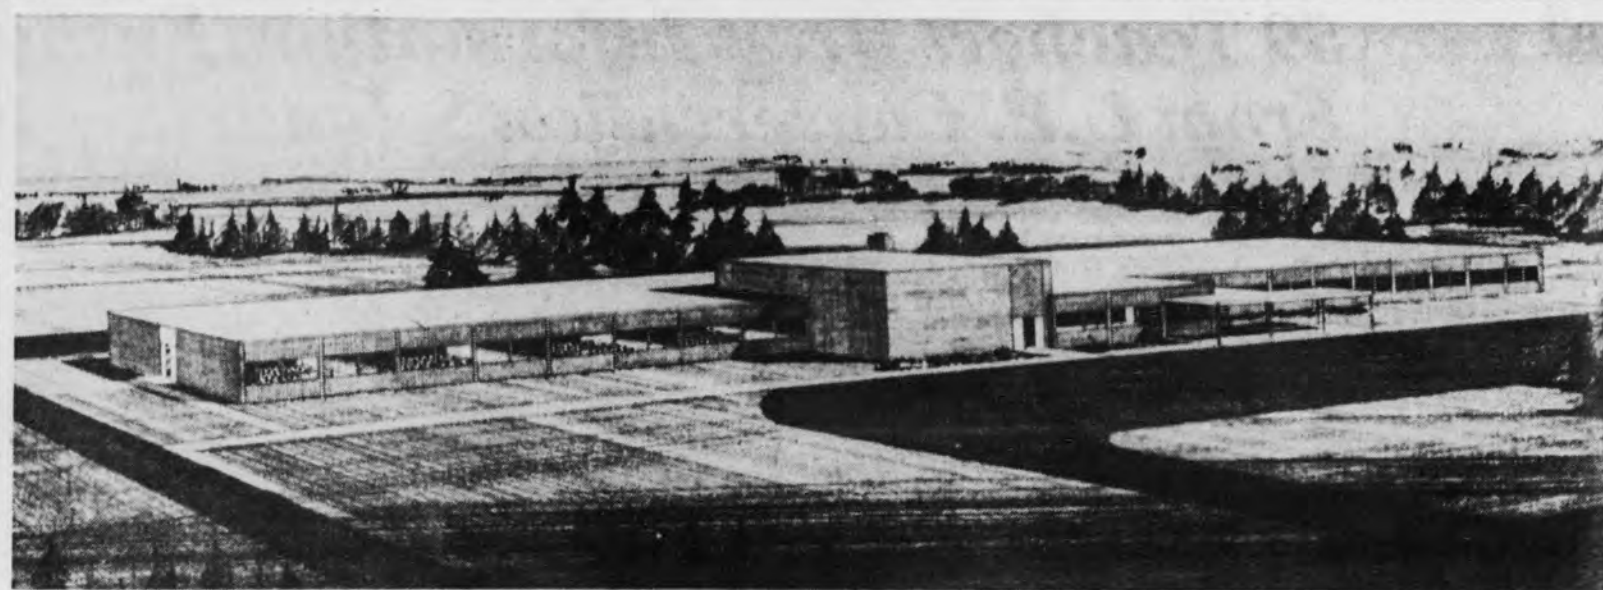

The home economics section will contain a home management room, nutrition laboratory, and areas for foods, clothing, home furnishings, and family relations courses.

Contained in the art section are a large studio, classrooms for art practice and theory, fundamentals and lettering, and work rooms for weaving, pottery, and design and crafts.

**Industrial Arts Area**  
The industrial arts unit will contain classrooms, material testing laboratory, separate areas for drawing and design and graphic arts, a power mechanics room, foundry and welding areas, and work areas for general shop, woodworking, general metals, electrical equipment, and machine tools.

By utilizing the drop in elevation on the site, the shop areas will have greater floor-to-ceiling space without the need for a higher roof elevation.

The industrial arts unit will be bridged to the central unit by a glass passage-way which will provide views of the campus and the adjacent terrace.

Shown here is an architect's design of the proposed Silver Creek School addition in Chocolay Township. The view shows the front (south) of the building, as seen from the Silver Creek (Honor Camp) Road. The proposed eight-room addition is the west (or left) wing,

## Chocolay To Decide School Bond Issue In Election Monday

Qualified electors in Chocolay Township will go to the polls Monday to vote on a proposed eight-room addition to the Silver Creek School.

All registered Chocolay Township voters who are property owners are qualified to vote on the bond issue proposal.

**\$166,000 Addition**  
The estimated cost of adding eight rooms to the west side of the Silver Creek School, plus equipping the addition and making necessary alterations in the existing building, is \$166,000.

The proposed bond issue is to raise \$154,000, however, because \$12,000 is already available for the addition in the school district's building and site fund.

However, passage of the bond issue will result in no appreciable tax increase for Chocolay Township residents, Superintendent of Schools Kenneth Brami said.

"Last year Chocolay Township property owners paid \$15 for each \$1,000 of property valuation for debt retirement on the existing Silver Creek building," Brami said.

"It is expected that the very maximum taxation on the existing building plus the proposed addition would be \$16 per \$1,000 valuation."

He explained that because of increased valuations in the township and decreased monies needed to meet the debt obligation for the existing building, the amount needed for the current year has dropped to \$10 per \$1,000 valuation.

In addition, he said, it is foreseen that because of increased private building in the township, resulting in a higher tax base, millage in the township will drop below the present anticipated rate.

The bond issue for the proposed eight-room addition would cost property owners \$3 per \$1,000 valuation.

**Big Population Hike**  
Tremendous population growth in Chocolay Township makes construction of the addition to Silver Creek School necessary, Brami said.

Within the next 10 years, the Chocolay School District will require eight additional classrooms to serve the enrollment boom, he added.

According to projected enrollment based on census records, approximately one classroom a year must be added to handle the township's potential school population, Brami said.

**Projected Enrollment**  
Last year, enrollment in the kindergarten through sixth grade in the township's schools was 437. School enrollment this year is expected to jump to 474. The projected enrollment is 493 for next year and 607 by 1969.

"Our school population is not expected to vary because of K. I. Sawyer Air Force Base activities," Brami said.

In June, 57 Chocolay Township students were connected with Sawyer Air Force Base. Of these 57 students, 24 were considered "permanent residents" because their

connection was civil service and not military, he said.

In addition to increasing population, the closing of the two-room frame building at Beaver Grove makes the proposed addition necessary, Brami said.

By order of the Department of Public Instruction, the state fire marshal and the Michigan Department of Health, the old frame Beaver Grove School, in which two classes are now held, will be closed effective June 1964.

**Or On Half-Day Basis**  
"Without the proposed addition to the Silver Creek School, the children of our community will eventually be attending school on a half-day basis," Brami said.

"In addition to the harm that half-day sessions represent to the children, the operating expenses for half-day sessions would be equal to the sum required for full-day operating sessions, if we had an adequate number of rooms."

The expansion in school facilities has been proposed for the Silver Creek School rather than the Beaver Grove School, because the population center of the township is nearer the Silver Creek School.

If the addition were built to the

Beaver Grove School, a large number of students would have to be transported to school by bus, Brami said.

**Construction Next Spring**  
If the bond issue vote Monday is successful, it is expected that construction of the addition will begin in the spring, Brami said.

Architectural firm for the addition is Warren S. Holmes Co., Lansing. The Holmes firm designed the existing Silver Creek School, built in 1959, and the addition which is now proposed was anticipated and planned for in the construction.

**Existing School's Cost**  
Holmes also is the architectural firm for the new Marquette Senior High School and building pro-

## Three Persons Injured In Area Mishaps

Three persons were injured, a motorist was issued a summons and two automobiles were damaged in a pair of area traffic mishaps reported this morning by state police from the Marquette post.

At 1:50 yesterday afternoon an automobile being driven east on County Road 456 by John H. Conder, 43, Menominee, struck a deer which jumped out from the north (left) side of the highway, about one mile east of Carlishend, in Skandia Township.

State police said the automobile caught the deer in the middle of a leap, with the windshield of the car smashing.

Conder suffered bruises on his left arm and left hand and numerous lacerations on his face. His wife, Olga, 41, sus-

tained a small laceration on her face. They sought their own treatment.

State police said the broken windshield on the car, a 1962 sedan, was the only damage. The vehicle was able to be driven from the scene under its own power.

The deer was killed and its carcass was turned over to the Michigan Department of Conservation for disposal.

**Speed Law Violation**  
An automobile being driven south on County Road 530 by Walter Devonshire, 26, of 239 W. Ridge St., Marquette, went out of control as he was rounding a left curve.

State police said his car traveled off the right side of the highway, a half mile north of County Road 530, in Powell Township, striking five eight-foot logs in the ditch.

Devonshire sustained abrasions on his nose and forehead and sought his own treatment.

Extensive damage resulted to the front end of Devonshire's automobile, a 1954 coach, which had to be removed from the scene by a wrecker.

State police gave Devonshire a ticket for violation of the basic speed law.

grams at Gwinn, Republic and Northern Michigan University.

Cost of the existing Silver Creek School was approximately \$254,000. The school also has a \$45,000 multi-purpose room, built largely at federal expense.

## Armed Forces

1st Lt. Lawrence J. Ellenbogen, Oak Park, son of Mr. and Mrs. Max Ellenbogen of Detroit, is being assigned to Lowry Air Force Base, Col., following his completion of the United States Air Force course for legal officers at Lackland AFB, Texas. The lieutenant's wife, Ann, is the daughter of Dr. and Mrs. M. Cooperstock, 402 E. Ridge St., Marquette.

Participating in Exercise Swift Strike III, a U. S. Strike Command exercise in Georgia and North and South Carolina, involving more than 75,000 armed forces personnel is Army PFC Einar W. Kempainen, son of Mrs. Gertrude M. Kempainen, Negaunee.

## Obituary

**AXEL JOHNSON**

Funeral services for Axel Johnson, who died Wednesday evening in St. Luke's Hospital, will be held at 10 tomorrow morning in the Big Bay Presbyterian Church with the Rev. John Hamel, Marquette, officiating. Pallbearers will be Harry Boulden, Cleo Tripp, Dennis Burns, Buddy Burns, Hiram Cram and Robert Lyons. Burial will be made in the Big Bay Cemetery.

Friends may call at the Swanson Funeral Home this afternoon and evening.

## Mobile Prison Camps

Michigan's corrections-conservation camp program was among the first of its kind in the nation, and it is today one of the best, if not the very best. The program involves the placing of certain prison inmates in camps, from which they are transported to conservation projects calling for unskilled labor. The projects range from clean-up detail in parks to building woods roads and bridges.

The program is considered beneficial from a number of viewpoints. From the standpoint of the inmate, it is believed that his chances of rehabilitation are greater when he is quartered in a camp environment and assigned work in the out-of-doors. From the standpoint of the taxpayer, the camp program makes possible the execution of many public projects that could not be otherwise carried out without a great deal of expense for labor. From the standpoint of prison officials, the camp program helps alleviate overcrowding in the walled institutions and represents a savings in the corrections department's budget, because it costs much less to house an inmate in a camp than it does to incarcerate him behind walls.

## Peninsula Perambulator

Tommy and Vincent Calibo, twin proprietors of a cleaning establishment in Detroit who spend much of the summer in Chippewa County, were happy fishermen when they hauled in a 7 1/4-pound, 27-in-long German brown trout in the St. Marys River. The former actually caught it, but the latter claims a share of the honor as he helped haul in the big trout with a landing net.

Construction of a new jail, to be financed partly through levying of a two-mill tax for one year, will be discussed by the Delta County Board of Supervisors this week. As outlined by Supervisor Lawrence Jacobs, chairman of the board's finance committee, the proposal calls for building a \$350,000 structure, to be financed through raising of \$155,000 in taxes and use of a Community Facilities Administration grant of \$177,000, with the remainder coming from current county revenues. A referendum on the proposal is expected to be scheduled for this fall.

The Michigan Tax Commission, conducting a session in Bessemer, heard and took under advisement appeals from the Puritan and Mauthe Mining Cos. from taxes assessed by the City and Township of Bessemer and an appeal by the Lake Superior District Power Co. from personal property taxes assessed by the City of Bessemer. Mining company appeals were based on the contention that mining and mineral properties were entered on the tax rolls by assessing officers at 100 percent of appraised value while non-mining properties were "grossly under-assessed." The power company's appeal cited values of its investment, cost of service per customer and other factors compared with the municipal light utility in asking a reduction of the assessment from \$67,500 to \$26,302.

Jeanette Poquette of Powers was crowned Menominee County Centennial Belle by Linda Jane Bond, St. Petersburg, Fla., Sun Goddess, at a dance in the Stephenson High School gym. Nearly 1,000 persons attended the affair. Many thousands jammed both sides of the streets to watch Saturday's parade in Menominee, highlight of the week-long Centennial celebration.

King Vidor, famous Hollywood motion picture director, took time out from attendance at a film festival held in his honor at Glen Arbor to visit the locale of one of his many history-making pictures, "Northwest Passage." "I was eager to visit the Straits of Mackinac area to see how close we came to being historically accurate in the film," Vidor said. He combed through every detail of restored Fort Michilimackinac at Mackinaw City.

## From The Journal Files

### 60 Years Ago

**—Marquette—**  
The success of Rep. McEachern's project for securing an exhibit of Upper Peninsula farm products at the state fair and other Lower Michigan fairs seems assured. The matter is in the hands of M. W. McPherrah, land commissioner of the South Shore, and it is likely the proposed general meeting will be held here the latter part of next week. Leo M. Geismar, in charge of the experiment station at Chatham, will be asked to get the cooperation of the farmers.

The copper cornice for the new courthouse is delivered at the site, and it is expected a man will be here shortly to set it up, after which work on the roof can be started.

**—Ishpeming—**  
Extensive preparations have been made for the meeting of the Lake Superior Mining Institute, the first day's session of which will be held in Ishpeming next week. Secretary A. J. Yungbluth reports that about 200 prominent mining men from the Lake Superior iron and copper regions will be present.

The past two days of good weather have

### 30 Years Ago

**—Marquette—**  
Elmer W. Jones, S. H. Buck and Norman Dobson have been named as a committee by Simon R. Anderson, president of the Marquette Rotary Club, to arrange for a Marquette delegation to attend the annual round-up of Upper Peninsula Rotarians which will be held at Blaney Park Aug. 26.

Postmasters have been authorized to give all local committees, appointed by the National Recovery Administration, a reasonable supply of the President's communication for use by such committees in canvassing for signatures. Postmaster L. W. Biegler announced yesterday.

Four Marquette druggists, L. E. Gensiver, Robert Zanders, Howard Connors and S. C. Boucher, yesterday attended the annual meeting of the Upper Peninsula division for the Michigan State Pharmaceutical Association at the Escanaba Golf Club.

The Marquette County Fair, which opens Aug. 29 and continues until Sept. 2, will offer the largest dairy and beef cattle show held in its 50 years of existence, according to L. R. Walker, in charge of the cattle department. It is also expected that the 1933 show will set a new record for quality.

With huge tracts of Upper Peninsula game cover burned over in destructive fires that were halted only by rains, conservation department officials are wondering just where they will get the money to fight fires the

standpoint of the inmate, it is believed that his chances of rehabilitation are greater when he is quartered in a camp environment and assigned work in the out-of-doors. From the standpoint of the taxpayer, the camp program makes possible the execution of many public projects that could not be otherwise carried out without a great deal of expense for labor. From the standpoint of prison officials, the camp program helps alleviate overcrowding in the walled institutions and represents a savings in the corrections department's budget, because it costs much less to house an inmate in a camp than it does to incarcerate him behind walls.

One of the drawbacks of the camp program, however, is its restrictive range. Prison officials are reluctant to send inmate work crews beyond a radius of about 40 miles from the camp to which they are assigned. Transportation to points beyond this distance increases operational costs and lowers the volume of productivity of the work crews.

The net result is that many conservation projects that could be undertaken by camp inmate labor must be neglected because they lie beyond the 40-mile range. In the Upper Peninsula, for instance, there are four corrections-conservation camps. They are Camp Porcupines in the Porcupine Mountains, Camp Alberta in Baraga County, Camp Cusino in Alger County and Camp Paradise in Chippewa County. All four of the camps are in counties lying along the Lake Superior shore. Because of this, many potential conservation projects in the southern part of the Upper Peninsula — along the Lake Michigan and Huron shores and in Dickinson and Iron Counties — cannot be undertaken on account of their distance from the camp sites.

State Sen. Emil Lockwood, Republican from Gratiot County, believes he has a solution to this problem. He outlined his proposal the other day when he was in Marquette while touring corrections facilities in the Upper Peninsula with Gus Harrison of Lansing, state corrections director.

Sen. Lockwood proposes that the corrections department acquire a couple of house trailers and assign camp crews to them to provide a mobile labor force of inmates. The trailer units could move about throughout the Upper Peninsula to carry out work details in areas that are now too far removed from the permanent camp sites.

The senator's proposal strikes us as having a great deal of merit, and we hope he will introduce legislation to set up a pilot program involving mobile camp sites, preferably in the Upper Peninsula.

An example of what units of this sort might accomplish: Michigan has 769 public fishing sites, but only 367 of them are developed and usable. The conservation department, which administers these sites, simply does not have the funds to develop them. Undoubtedly, many of these undeveloped sites lie in the southern half of the Upper Peninsula. If camp inmate labor could be employed on these sites, the problem of developing them and putting them in use should be greatly simplified.

This newspaper strongly endorses Sen. Lockwood's proposal and trusts that the Legislature will act favorably upon it.

# 59 Teachers Drew Information, Enthusiasm From U.P. Conservation Scholarship School

They collected marine specimens, chased butterflies and discussed timber management in terms that impressed educated timbermen. And when 59 school teachers went home last Saturday from their Upper Peninsula Conservation Scholarship School, they took information and enthusiasm that will inspire thousands of children throughout Michigan to develop a greater appreciation for natural resources.

As dedicated as any birdwatcher or garden clubber, the conservation teachers are convinced that the best way to assure proper management of natural resources is to educate children. And the recent history of teachers' conservation workshops in Michigan would indicate they mean business.

**Stayed At Camp Shaw**  
There were four held downstate and one in the U. P. this year. And Michigan Conservation Department Education Consultant Rod Smith of Marquette predicts there will be five in Lower Michigan and two in the U. P. next year.

**Today's Special Story**  
The U. P. school was headquartered at Michigan State University's Camp Shaw near Chatham, and the conservation department took advantage of about every available natural and educational resource to fill up the six-day program.

**Resource People**  
In addition to many conservation department specialists, resource people were provided by Northern Michigan University, Eastern Michigan University, the University of Michigan, the State Department of Public Instruction, the U. S. Lake States Forest Experiment Station, Cleveland-Cliffs Iron Co. and the Escanaba Daily Press.

Scholarships covering the camp costs were provided for most of the teachers by local clubs, PTAs, boards of education, business and industry. Approximately half of the 59 attending last week's school were from each of the Michigan Peninsulas. Many of the teachers paid an extra fee to earn credit at either NMIU or EMU.

**'World's Worst Destroyer'**  
Daytime field trips ranged from a tour to study stream management on Alger County's Slapneck Creek to an all-day jaunt to observe CCI's multiple use timberland management on Grand Island.

Evening programs varied from formal discussions on conservation teaching aids to informal debates on the degree of professionalism and dedication of the school teacher. But all the "student" teachers agreed with retired U. of M. lecturer O. H. Clark of Ann Arbor when he summed up the challenge by stating that "Man is the world's worst destroyer of his own habitat."

**Whirligig**  
BY ANDREW TULLY  
WASHINGTON — In the old days they'd have hitched a dame like Mme. Ngo Dinh Nhu to the front end of a plow, but the State Department has done the next best thing. It has, in effect, ignored this meddling sister-in-law of South Vietnam's President Ngo Dinh Diem, a fate such females dread almost as much as honest labor.

Due largely to the amiable spinelessness of President Diem, who is a bachelor and thus a patsy for feminine wiles, Mme. Nhu has got the idea she is a power behind the Diem regime. Diem has let her become a kind of national Big Sister to Vietnamese morals, which were never Puritanical, and she has been charging about the country denouncing the Buddhists and unofficially leading the Catholic regime's brutal persecution of the sect.

**Tolerance Lacking**  
Mme. Nhu is a devout Catholic herself, which is fine, except that politically she is a throw back to the bishops of the Inquisition, who used to burn folks for their own good. It is her premise that more Buddhists should set fire to themselves or otherwise make themselves scarce to leave more room for Catholics.

Since South Vietnam is supported by the United States, which sets considerable store by religious tolerance, it was time long ago for Uncle Sam to lower the boom on Mme. Nhu, and the State Department finally has done so. Unfortunately, we didn't jump on her for her religious persecution, but it was effective, anyway.

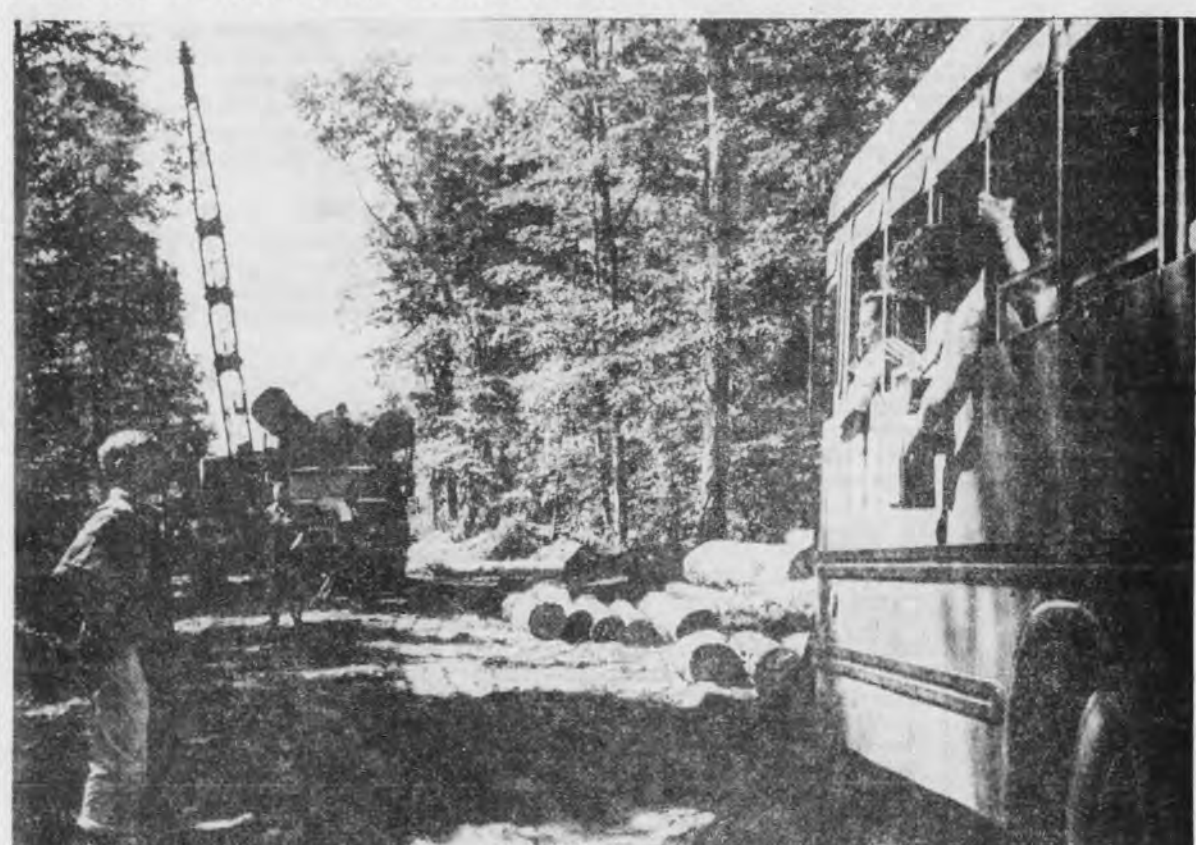

**Fitting Rebuke**  
Mme. Nhu set the stage by telling a New York Times reporter the U. S. embassy in Saigon had "threatened and blackmailed" the Diem regime in an effort "to shut me up." Whereupon a spokesman for State remarked icily that "we don't wish to comment on Mme. Nhu's utterances, especially in view of the fact that she does not have any official position in the Vietnamese administration."

Since spanking and the ducking post have gone out of style for female scolds, this was the best way to handle a nag like Mme. Nhu. No matter the nationality, a dame hates the impression to get around that she doesn't amount to anything. She would much rather be denounced as a subversive or be caught wearing last year's diemond than be told she doesn't rate attention.

**To The Hills**  
Still, the woman is a menace of a sort, and the U. S. should make

Field trips by boat, bus and foot took the conservation teachers to all parts of the central Upper Peninsula, considered one of the best areas in the Midwest for conservation study because of its variety of soils, geological formations, watersheds, trees and other plant life.

Bus carrying teachers stops on Grand Island to make way for truck loaded with logs from Cleveland-Cliffs Iron Co.'s selective cutting, which is carried out on most sections of the island every 15 years.

Harold Wylie (left), Escanaba teacher, listens intently while Forester Robert Radcliff of Cleveland-Cliffs Iron Co. explains the company's timber management program on Grand Island.

At high point on Grand Island's north side conservation teachers pause to study geological formations and snap pictures to be used later for showing in classrooms.

it plain to President Diem that she is not our national pin-up girl. Since we more or less own South Vietnam, we don't have to indulge in any threats or blackmail, either. All we have to do is tell Diem to retire the woman to some basket-weaving clinic in the hills. Her own father, Ambassador to the U. S. Tran Van Shoung, has disavowed her criticism of Vietnam's Buddhists, which shows there are some Vietnamese males who still wear the pants around the house. Dames often are useful as moth-eaters and sweethearts and in finding things that are lost, like suits of armor, but they are not the right size for delusions of grandeur. Diem had better tell Mme. Nhu to get lost, lest he wake up some morning and discover that South Vietnam has a female president. (Bell McClure Syndicate)

# What About Tax Cut Vote?

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON — If you carry your heart in your wallet and it skipped a beat at the news from the House, relax. Nothing may come of it.

The House Ways and Means Committee Wednesday finally approved a cut in individual and corporate income taxes, starting in part next Jan. 1.

**Sudden Burst Of Energy**  
But already some congressional leaders are examining an embalming needle, just in case. The tax cut action was a sudden burst of energy from a committee which has been pondering the bill since President Kennedy first offered it Jan. 24.

At that time he also asked Congress for broad tax reforms. He wanted the cuts and the reforms to go together. The committee proved more agreeable about the cut than the reforms. Yet, for most of 1963, this had been Kennedy's biggest program.

The spotlight was captured by the civil rights bill he offered later, although even he hadn't anticipated the need for it earlier in the year. Committee approval of the tax-cut bill, however, was just a first step.

**Now it goes to the rules committee before reaching the full House for a vote. This takes time. Perhaps the House will get around to voting in September. Once through the House — if it gets through the House — the bill moves over to the Senate for the full treatment.**

That means weeks of hearings in the Senate itself for a vote.

But Republican Senate leader Everett M. Dirksen of Illinois, a member of the finance committee, has doubts Congress will cut taxes this year. "It is not unwarranted," he said, "to think this matter might go over until next year." He thought action might be blocked by a civil rights filibuster — a view also expressed by Sen. Harry F. Byrd, D-Va., finance committee chairman.

**Democrat Has Doubts**  
They weren't alone. A Democratic member of the same committee, Sen. Albert Gore of Tennessee, said he doubts the Senate will act on it in 1963.

If this wasn't gloomy enough for taxpayers hoping for more take-home pay, starting Jan. 1, another top Republican sprayed ice water. This was Charles Halleck of Indiana, the Republican leader in the House. He sounded gloomier than Dirksen.

While Dirksen thought the House might pass the bill, even if the Senate didn't, Halleck thought the House might not pass it in the first place if it thought the Senate wouldn't.

**From a politician's standpoint, 1964 would be a much better year for a tax cut — it's an election year — particularly if Congress granted the cut just before it adjourned in 1964 to start campaigning. It would be fresher in voters' memories.**

So, if not this year, then maybe next year, although Kennedy insisted months ago that a tax cut would stimulate the economy. "The purpose of cutting taxes," he said, "is not to create a deficit but to increase investment, employment and the prospects for a balanced budget."

**Tardiest Congress In Years**  
It is no wonder this Congress has been called the tardiest in years. Former President Harry S. Truman, in the 1948 presidential campaign, called the Republican-run Congress of that year the "do nothing" Congress. It was a lot more active than this one which happens to be run by Democrats. It's full of uncertainties.

**Wednesday, for example: The Senate by a squeaky 47-44 vote approved a domestic Peace Corps for a two-year trial. Now the bill goes to the House. It's future? Uncertain.**

At the same time the House Wednesday passed and sent to the Senate legislation authorizing \$1,185,000,000 in federal aid for college construction over three years. Predictions on this? Unsafe. This bill is similar to one the House passed last year. Because the House and Senate differed on it, it died. There may be differences again.

Everything will bog down for weeks if the Senate gets into a filibuster on civil rights, as it probably will.

### Road Commission Purchase

Sir:  
Interested citizens of this area are aroused over the decision of the Baraga County Road Commission to purchase a machine not made in this county when we have a manufacturing company more than well-qualified to furnish the needed equipment.

I wonder how the supervisors would like it if we elected our supervisors from Houghton or Marquette Counties and had them come here to take the place of our present administrators. And yet, in a sense, they are agreeing to this line of thought. What would U.P. editors do if people bought their papers from Chicago, Milwaukee, Detroit and boycotted local papers?

In this case of buying an outside machine rather than a Pettibone machine, supervisors should take into consideration the fact that Phil LaTendresse, inventor of the Cary-Lift and many other pieces of heavy equipment, has contributed more to the welfare and well-being of Baraga County residents than any lone individual. He made it a point when negotiating with the Chicago industrialists to see that his machine was built in this county, thereby furnishing employment for many, many fellow Americans who would have had to move away if it wasn't for this local work. He has at all times, along with the rest of the LaTendresses, had the best interests of this area at heart. A great number of men employed in the local Baraga plant and subsidiaries in this county are highly skilled craftsmen, self-supporting and individual taxpayers who do not take kindly to the purchase of outside equipment that, in a sense, takes bread and butter from their families and insults their workmanship.

The supervisors were sending out form letters not too long ago stating they intended to make Baraga County the best in the state. If this is the way they are going to run their political machine, disregarding justice and the welfare of the people, their machine must be jammed in reverse gear.

Mr. Osterman, member of the Baraga County Road Commission, should be commended for his stand on purchasing local equipment.

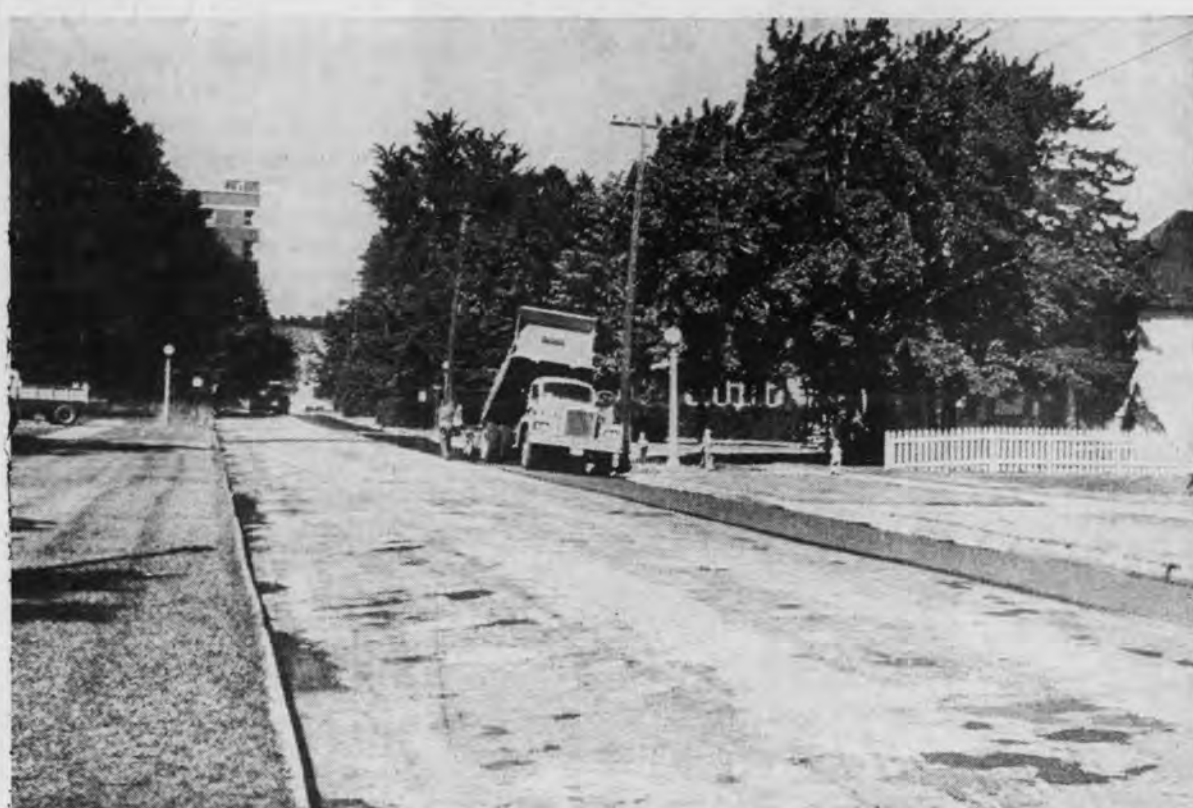

ETHAN NEWLAND  
U'Anse

City crews and equipment are shown being used in the city's seal coating program. Above, Clarence Dobbs, tank operator for the public works department, handles the spreader on the asphalt tanker (which is owned by the city) while work is being done on Waldo St., near the Northern Michigan University campus. Below, the pea gravel is dropped into the hot asphalt by the chip spreader, which follows the tanker in the seal coating

process. Operating the unit are Ted Becklund (left) and Kauno Tuimala, of the public works department. Note the visible improvement in the road surface where the asphalt has been applied. Above, right, is an overall view of the Waldo St. area, where the seal coating work was carried out. Waldo was one of the several streets which required patching or seal coating.—(Mining Journal photos.)

### Seal Coating Improving Streets Here

This summer's seal coating program, the first undertaken in Marquette in around five years, is improving the condition of many streets and providing the public works department with valuable assistance in its street maintenance program.

Public Works Superintendent Howard L. Coppens said practically all of the streets which have been completed or which are scheduled under the program are or were in dire need of seal coating.

Supreme Court all involve legislatures that either have taken steps to reapportion themselves or have a law that makes them do so. But suits against them say that these reapportionments are unconstitutional because they are not based strictly on population.

In Michigan, State AFL-CIO President August Scholle challenged legislative apportionment under both the present constitution and the new one which Gov. George Romney helped get ratified.

One Scholle suit now is on appeal to the U. S. Supreme Court. A victory for Scholle probably would mean control of both houses would swing to heavily populated Detroit districts.

### Agriculture Leaders Laud G. S. McIntyre

ESCANABA — George S. McIntyre, state director of agriculture who formerly was Michigan State University Extension dairyman in the Upper Peninsula, was praised roundly here in letters to the State Commission of Agriculture for his leadership in state agriculture.

McIntyre, said letters addressed to Commission Chairman Edward Wright, will mark 10 years as director on Aug. 24 and has given the state's Department of Agriculture outstanding administration. The letters urged that the department be maintained in the coming state consolidation of agencies under the new constitution.

McIntyre, said letters addressed to Commission Chairman Edward Wright, will mark 10 years as director on Aug. 24 and has given the state's Department of Agriculture outstanding administration.

Harry E. Newman, chief of agricultural education, State Department of Public Instruction, said that outstanding leadership had been given to the State Association of the Future Farmers of America by McIntyre and that it

### Supreme Court May Dispel Haze Over Reapportionment

WASHINGTON (AP)—The U.S. Supreme Court is expected to blow away some of the haze that contorts and confuses the picture of legislative reapportionment in the 50 states.

On Nov. 12 the court will hear arguments in cases involving the districting of legislatures in Virginia, Maryland, New York and Alabama.

The court's decision—expected later in the session—may tell the other states and the other federal courts just what the Supreme Court expects them to do.

Although the Supreme Court, in a March 26, 1962, decision, said that federal courts have jurisdiction in cases where citizens complain about legislative districting, the court left a number of questions unanswered. It may answer them now.

Or, if it doesn't answer the questions in these four cases, the court likely will—if and when it takes up a case involving the Oklahoma Legislature.

Last July 17, a three-judge federal court in Oklahoma City ordered the reapportionment of both houses of the Oklahoma Legislature on the basis of population and nothing else.

Oklahoma Atty. Gen. Charles Nesbitt said he would appeal to the Supreme Court.

The Oklahoma decision is significant because it seems to answer two questions most often asked about reapportionment:

1. Is the "little federal system" legal? These are legislatures which are like Congress in that they have one house apportioned by population and the other by geographic units.

2. If a house is apportioned by population, how strictly does it have to follow population? Do other factors—geography, tradition, area—have a right to be considered?

Reports from Associated Press bureaus throughout the country

### City Paragraphs

Stock car races are scheduled at the Upper Peninsula State Fair in Escanaba tomorrow. Ray Price and the Cherokee Ranch Boys, along with a number of variety acts, will comprise the entertainment portion of the program. Tonight's grandstand show features the Campbell Sisters.

the legislature controlled by another. Scholle's Challenge

The four cases now before the

Within 10 days, this dog will die.

He has distemper . . . a contagious disease that can strike a dog any time, anywhere. A severe case of distemper is almost always fatal, or leaves a dog partially paralyzed for the rest of his life. The best defense—in fact, the only dependable defense—is immunization. Distemper symptoms often come without warning. A severe respiratory and eye infection, accompanied by loss of appetite, high temperature, sluggishness, and possibly diarrhea. By the time you're aware something's wrong, it may be too late.

Distemper will kill more than a quarter million dogs this year, and will cripple nearly as many more. In fact, ninety percent of non-vaccinated dogs will catch it to some degree during their lifetimes. Your dog can be immunized against distemper and against rabies and many other serious canine diseases. But only if you see your veterinarian before the disease strikes. Fair warning? Don't put it off. Pitman-Moore Company, Division of The Dow Chemical Company, Indianapolis 6, Indiana.

### Ample Supply Available For U.P. School Lunch Program

IRON MOUNTAIN — The Upper Peninsula School Lunch Committee, meeting here, was told by H. J. Rigterink, Lansing, director of surplus commodity distribution, that Peninsula schools will have ample supplies of commodities on hand to start their school lunch program next month.

He asked if the one pound butter allocation was large enough and said that if schools could use more without waste that the allocation could be increased.

Commodities provided under the price support program will be the same as last year. Reimbursement for meals will probably be the same as last year. Special milk starts at four cents (with meals) and three cents, as last year.

The Goulette Cold Storage Co. of Iron Mountain has a large supply of dried eggs on hand and by using them to meet the protein requirement of the lunch program it will be possible to operate more efficiently, the committee was told.

Escanaba Holy Name High School used them last year with good student acceptance, Brown reported.

All school cooks were urged to attend the cooks workshops in Escanaba at the time of the Michigan Education Association in October.

Lundell INTER-LOK BUILDINGS The New Look In Pre-Engineered Buildings

Former Marquette resident Alice Daly is shown here in her California studio, where she designs Christmas cards. On the wall are several tableaux, which she develops from "all sorts of props" and spends four to eight hours photographing. Mrs. Daly, the former Alice McIntosh, visited in Marquette this month.

## 'First Lady Of Christmas Cards,' Alice Daly, Visits Native Marquette

By MARY WHITE  
Of The Journal Staff

Each year millions of people say Merry Christmas with exquisite greeting cards designed exactly for them. The cards look like paintings, but they're photographs. They look like luxury plus and simple sophistication. And they're designed to suit the needs and interests of the sender.

These cards are the ideas and work of a former Marquette resident, Alice Daly. She's the former Alice McIntosh, the "First Lady of Christmas Cards" and the wife of San Francisco Municipal Judge Emmet Daly.

**First Trip Back**  
Mrs. Daly was in Marquette this month visiting her home town. Her brother, Duncan Redmond McIntosh, lived here for many years, but this is Mrs. Daly's first time back since high school days and her second visit here since her family moved to California.

For the past 18 years the Christmas mails have been filled with Alice Daly originals. Next year people also will be able to send everyday greetings, designed with the same sophisticated simplicity.

For Mrs. Daly, the challenge is to develop cards to suit people's needs and interests. Each year the Alice Daly album includes a card planned specially to be mailed by the working girl, the just-married couple, the professional man.

**Three-Dimensional**  
"Most people think my cards are paintings," Mrs. Daly said. "Actually, I make a model, perhaps a doll, which I dress and set against all sorts of props. Then I spend hours photographing the tableau."

The result is a picture which does not look like a photograph and a card which carries the Christmas spirit without using the conventional Christmas stocking or wreath.

The cards are called three-dimensional, and women especially like them because they say they can feel the texture.

**Most Important Part**  
The texture effect comes from Mrs. Daly's technique, the camera. She spends from four to eight hours with cameras on each card she designs, adjusting lights to get the right amount of light on a candle, the folds on a piece of satin or shining through a stained glass window.

Mrs. Daly explained that while the camera is her technique, the designing, which makes the cards original, is the most important part of the finished card.

**Huge Workroom**  
"I like the fact that I'm doing something no one else has ever done, doing it in my own way," Mrs. Daly said.

It all starts in her huge workroom, which is full of "junk I don't dare throw away." The "junk" includes candles and holders of every size and style, swatches of rich satin, velvet and chiffon, dolls she makes with soft drink bottles as a base, baubles and beads from the five and ten, and everything else from artificial antiques to antique clocks.

With a woman's flair for making things look right, Mrs. Daly develops the tableau. "It's fun to experiment," she said. "I never run out of ideas. When you work creatively, more ideas come up."

Mrs. Daly got started in the Christmas card business with the help of her brother. "I was in bed with a cold when I made the first doll. Then, because I didn't play bridge, I just kept going on my hobby. I kept thinking, 'I can do better, I can do better.'"

## Routine Jobs Housewives' Headache

AP Newsfeatures

COLUMBUS, Ohio — A home economist says certain characteristics are inherent in the most-liked least-liked household tasks and asked for their reasons.

Dr. Francille Maloch, assistant professor in the School of Home Economics at Ohio State University, asked some 120 housewives what were their most-liked and least-liked household tasks and asked for their reasons.

Homemakers interviewed listed cooking, cleaning and washing most often as the best-liked tasks. The three predominant least-liked jobs were ironing, dishwashing and also cleaning.

**Satisfaction And Results**  
Most of the women said they like work that brings a sense of satisfaction and shows results — particularly results that are appreciated by the family. Among the most frequent phrases used for describing the least-liked tasks were "short-term results," "dislike time spent," "monotonous" and "not creative."

The women interviewed all were full-time urban homemakers in the middle social positions. Each had a kindergarten child and other children under eight years of age.

## Homemaking Tips

**CONSIDER A FUR HAT**  
If you don't want to spend the money for several fall hats, your best bet is to buy one in fur. You'll find that a fur hat can be worn with nearly everything in your wardrobe.

**HEALTH HINT**  
Keep your medicines in a safe, cool, dry place. Throw away unlabeled bottles and do not treat yourself if an illness persists or you have a serious injury. Call your doctor.

**LESS SCRUBBING**  
The many millions who wash their dishes by hand can cut down on scrubbing time by soaking the utensils in hot suds first. Then wash and rinse in hot water and drain dry.

charge of Mrs. Russell Perala and Miss Linda Sharp. The primary department will be under the direction of Mrs. Koski and Mrs. Lewis Hargett. The junior department will be in charge of Mrs. Wilfred Mitchell and Mrs. Irene Lewis, and the intermediate department will be under the direction of Miss Helen Ellersick and Mrs. Richard White. The refreshment committee will consist of Mrs. Theresa Culliton, Miss Elizabeth Dowse and Mrs. Percy Pogue.

A sack lunch should be brought each day by each child. Beverages will be furnished.

Graduation exercises will be held at the Citadel on Sunday evening, Aug. 25, at 7. A program will be given by the students with the theme "Christ's Way, My Way." Major Sharp will present graduation certificates to those students who satisfactorily complete the Bible school.

**PERSONALS**  
Mr. and Mrs. Clarence Froling have returned from Waukesha, Wis., where they attended the wedding of their granddaughter, Janice DeSautelle to Mike Smith. The new Mrs. Smith is the daughter of Mr. and Mrs. Robert DeSautelle, formerly of Marquette. Mrs. Carl Larson and Mrs. Lowell Greene, Marquette, also attended the wedding.

## Nurse Gives Information On Immunizing Children

(This is the third in a series of articles by Mrs. Mary Veker of the Visiting Nurse Association, who is coordinator of a pilot study project in Marquette under the sponsorship of the Michigan Department of Health. — Ed.)

BY MARY VEKER, R. N.

When large numbers of people congregate, there is always the danger of communicable diseases. It is therefore required that some kind of protection be given to prevent outbreaks of serious diseases. Whether it be in school, summer camp or the armed forces, the matter of immunization is of prime concern. Since school opening is just around the corner, why not be informed on what these injections are and why they are given?

One method of doing this is receiving a three-in-one — DPT — diphtheria, pertussis (whooping cough) and tetanus (lock jaw) — injection. Vaccinations are given for protection from smallpox. Polio vaccine is given to ward off that disease. Not very many years ago the above diseases were threats to the population. This protection is available, and health authorities recommend all basic immunizations be given in the first five years of life. Therefore, the entering grade school child should need only booster injections. A booster reinforces the initial series. Boosters are given every three to four years to keep up the proper level of protection.

**Keep Permanent Record**

Immunizations are considered a desirable part of the physical examination procedure and should be done at the time of the physical. This includes booster injections. If this is not financially possible, the city health department has clinics for this purpose. Call 226-8312 for further information.

When your child receives the series and boosters at proper intervals, keep a permanent health record of them. The question comes up often enough before camp sea-

son, school and throughout life. Know what the child has had, why and when!

Vaccinations are usually done at the time of the third DPT in infancy. To be effective, a revaccination is necessary every three to five years. Before a vaccination is done, be alert that no member of your immediate family has any open sores, cuts, etc. If this exists and contact with the person vaccinated is made at that site, a vaccination will take on the open area.

**Question Of Words**

Polio vaccine is also given in infancy. Changes are still being made in regard to boosters, and whether Michigan will adopt the oral types, so it is best to consult your family doctor for the latest information.

When your child is to have an injection, if he asks will it hurt, tell him it will for a second. If he is told otherwise, he will start to distrust you and others. Nurses usually tell the child it will feel like a mosquito bite and will sting for a second. If an injection is used as a threat for misbehavior, is it any wonder that you see and hear children screaming and carrying on wildly when they get an injection? The word "shot" often reminds young children of a gun, and it is better to use the word injection. Your child learns about life and its surroundings from you first of all. Be honest with him and he will respect you.

## Paragraphs

"Family Devotions" will be broadcast over WDMJ, the Mining Journal Station, daily next week at 6:45 p. m., by the Rev. Enoch Beeman, pastor of Carlsend Free Methodist Church.

Vesper Services are scheduled Sunday at 4 p. m. at the Morgan Heights Sanatorium. A group of workers of the Gospel Tabernacle will be in charge.

## 50th Anniversary

(Photo by Homburg's Studio)

ISHPEMING — The golden wedding anniversary of Mr. and Mrs. Carl Salmi, Clarksburg, was celebrated with an "open house" reception in their home Saturday. Approximately 150 guests called during the afternoon and evening.

A buffet lunch was served from a table covered with a white and gold cloth, decorated with gold candles and a centerpiece of a gold and white wedding ring tree with a miniature bride and groom at the foot. The room was trimmed with white wedding bells, streamers, gold bows and white flowers.

Miss Carlyne Salmi, Spring Valley, Calif., granddaughter of the couple, poured. The five tiered anniversary cake, topped with gold wedding bells, was served by another granddaughter, Christine Salmi, Loring Air Force Base, Maine.

A luncheon for the family was served in the Salmi home by Mrs. Mark Decaire, Mrs. Gene Currie.

Mr. and Mrs. Salmi were married in Hancock in the Finnish Lutheran Church by the Rev. Matt Besonen in March 1913. Their attendants were Mary Vitsaniemi, deceased, and Oscar Lund, Hancock, who was unable to attend the anniversary party.

They have five sons, Arne J., Denver, Col.; Rudolph, Chula Vista, Calif.; Robert W., Spring Valley, Calif.; Paul, Clarksburg, and Major George Salmi, Loring Air Force Base, Maine, and two daughters, Mrs. Ellen Salmi Minock, Oak Park, Mich., and Mrs. Martha Salmi Ashworth, San Diego, Calif.

Mrs. Ashworth was the only one unable to attend. There are 15 grandchildren.

## Altobello-Geronimi

(Photo by Homburg Studio)

ISHPEMING — A long gown of white silk organza was worn by Mary Margaret Altobello, daughter of Mr. and Mrs. Leonard S. M. Altobello, when she became the bride of Dean Arnold Geronimi, son of Mrs. Marie Geronimi and the late Andrew Geronimi, Iron Mountain, on Saturday at 11 a. m. The Rev. Joseph Callari, Newberry, was the celebrant of the Nuptial High Mass in St. John's Catholic Church. The altar was decorated with white gladioli.

The bride, given in marriage by her father, chose her twin sister, Barbara, as her maid of honor. The bridal aides were Miss Grace Gleason, Mrs. Robert Richard, Iron Mountain, sister of the groom, and Mrs. Leonard M. Altobello, Minneapolis, sister-in-law of the bride. Seven-year-old Kim Altobello was her aunt's flower girl.

The groom was attended by Charles Gusset, Iron Mountain, as best man. Morris Larson and Richard Anderson, both of Iron Mountain, and Leonard M. Altobello, Minneapolis, brother of the bride, were the groomsmen.

Ushers were Louis Veskie and Ertle Krezia, both of Newberry, and Roger Snow, Iron Mountain. Altar boys, both cousins of the bride, were Michael and Gary Altobello.

The bride's gown was fashioned with a scalloped Sabrina neckline and three-quarter length sleeves. The fitted bodice and bouffant skirt were adorned with re-embroidered rosepoint lace, highlighted with pearls. Small buttons and a large bow fashioned the back detail. The gown had a chapel train. She wore an illusion veil of French tulle, which was attached to a Swedish crown of crystal and pearls. The bride carried a bouquet of all white gladioli blooms centered with white roses and polished ivory leaves.

The maid of honor and bridesmaids wore identical dresses of emerald green silk organza over taffeta. They were fashioned with a scooped neckline, three-quarter length sleeves and a fitted bodice. The long wrapskirts were adorned with small bows. They wore matching green tiaras of crystal and pearls and small chin veils and carried loose colonial bouquets of feathered carnations centered with a polished white rose.

For her duties as flower girl, Kim Altobello wore a long gown of white nylon with a lace and satin apron and bolero and carried a lace colonial bouquet of ranunculus and white gladioli blooms with a white rose.

Mrs. Altobello chose a sheath dress of gold lace over taffeta, with brown and gold accessories.

for her daughter's wedding. Her corsage was of tangerine feathered carnations with yellow roses. The groom's mother wore a two-piece navy suit with matching accessories and a corsage of feathered carnations and white roses.

**Wedding Dinner**  
St. John's Church K. D. Hall was the scene of the wedding dinner served at 2:30, and later for the reception attended by 400 guests.

After a week's vacation in Sturgeon Bay, Mr. and Mrs. Geronimi will reside in Kingsford.

The bride is a graduate of Ishpeping High School and Northern Michigan University. She was employed by the Social Welfare Department at Newberry State Hospital. Her husband, a graduate of the Iron Mountain High School, is employed by the L. C. L. Transfer Co.

## Engaged

D. Kelly Campbell, Ishpeping, announces the engagement of his daughter, Karol Dianne, to A-3e Charles E. Pulliam, K. I. Sawyer Air Force Base, son of Clyde E. Pulliam, Danatur, Ill., and Mrs. Mary Jane Glimmer, Ursa, Ill. An Oct. 19 wedding is planned.

# Conduct Code Okayed For Negaunee Students

NEGAUNEE — In order to inform students what is expected of them in the way of basic conduct and to help the administration and teachers provide pupils with a better school, the Negaunee Board of Education has approved a set of behavior regulations which will take effect with the start of the 1963-64 school year.

Supt. Robert E. Northey, in announcing the board action, pointed out that the regulations are originally adopted are far from being stringent, and in every case provide the student with the benefit of the doubt.

Regulations adopted by the board cover general conduct in class, behavior in halls, unexcused absences, smoking on school property and in the block surrounding the high school, boy-girl school re-

lations, damaging or destroying school property, appearance and dress.

In most instances, the rules provide for minor penalties for the first two violations of a regulation before suspension. However, a second violation of rules prohibiting smoking and governing absences without permission will result in suspension.

Regarding dress, the code prohibits girls from wearing slacks, provides that skirts must be buttoned properly, and all trousers requiring a belt must have one.

Copies of the conduct code will be distributed to pupils at the start of the school year with instructions to take them home so parents may become familiar with them.

# Lecture For Deaf People On Aug. 24th

NEGAUNEE — Arrangements have been completed for an illustrated lecture for deaf people of the Marquette County area at 7:30 p.m. Saturday, Aug. 24, in the Negaunee Township Community Center. It will feature Paul Zieske of Flint.

Zieske, who is a member of the faculty at the Michigan School for the Deaf in Flint, and his wife returned recently from a tour of Europe.

They also attended the International Olympics for the Deaf at Helsinki, Finland, a few years ago. The games will be held at Washington, D. C., in 1965.

Residents of Delta County also are invited to attend the program, which will be preceded by a pot-luck supper.

# \$193 Fines, Costs Levied Against 10

BARAGA — Justice John F. Payne collected fines and court costs amounting to \$193.60 from 10 persons arraigned in his court the past week.

Kenneth Kokko, 20, Keweenaw Bay, paid a total of \$40.80 on two tickets issued by Baraga Village officers. For speeding on Superior Ave., he was ordered to pay a fine of \$15 plus \$7.90 court costs, and a charge of excessive noise cost him another \$10 and \$7.90. Kokko also was ticketed by state police earlier the same afternoon for reckless driving and for failing to stop and identify himself after a hit and run auto accident on U.S. 41 between L'Anse and Baraga.

John C. Almlil, 21, Baraga, and James Tollefson, 22, L'Anse, were ordered to pay \$25 fines plus \$6.20 court costs each. The two were arrested by state police in Baraga as a result of a complaint filed by a local citizen. They were held overnight in the county jail until their arraignment before Payne.

Paul M. Engel, 21, L'Anse, paid a \$10 fine and \$4.30 costs for throwing a glass bottle onto the highway. Ticketed for speeding near L'Anse was James W. Mayo, 21, Baraga, who paid \$5 and \$4.30.

Earl LaFerner, 18, L'Anse, was fined \$5 and \$4.30 for failing to stop before entering a state highway at the intersection of M-35 and County Road 226 west of Baraga, and an additional \$3 and \$4.30 for driving without an operator's license.

An overweight ticket issued by a State Highway Department weighmaster cost John A. Tepsa, Nisula, \$15 and \$4.30. For speeding, Rose Marie Edwards of Gibraltar, Mich., paid a \$10 fine and \$4.30 court costs.

Clynton Klegg, 57, Pickford, was fined \$5 and \$4.30 for permitting an unlicensed minor to drive. Herman Joffe, 20, Hancock, paid \$3 and \$4.30 for failing to stop for a stop sign in Baraga.

Mayo, Engel, Tepsa, LaFerner, Mrs. Edwards, Klegg and Joffe were all ticketed by state police from L'Anse.

# 62 At Reunion Of Ishpeming's Class Of 1943

Sixty-two members of the Class of 1943, Ishpeming High School, attended a 20th anniversary reunion at the Wawonowin Golf Club. Pictured above (left to right) are: First row — Betty Holmgren Oja, Rose Mazonline Sienas, Lillian Schmelz Oja, Hazel Richards Carlson, Shirley Girard Hoiem, Betty Seaborg Rigby, Esther Linna Corrette, Marjorie Howe Christianson; second row — Rose Corallo Roberts, Mary Nicholls Johnson, Faye Ivey DePietro, Esther Irkilla Seagren, Joyce Goethe Jensen, Edna Latinen Poirier, Theresa Tasson, Betty Morell Chapman, Clara Valela Joseph; third row — Viola Penola Williams, Betty Farley Maki, Ruth Kulju Tobin, Marion Lawson Lindberg, Betty Dawe Skauge, Carol Skewis Scarffe, Marjorie Lofaro Hamari, Betty Thompson Kevern, Audrey Swanson Kotila; Nellie

Beauchamp Maddock, Hazel Hebert, Marjorie Tripp Annelin, Dorothy Rice Maloney, Frances Gleason Harmala, Barbara Sallie Ostwald, Taimi Kallio Walimaa, Dorothy Mitchell Bush; fifth row — Lucille Hibernig Palomaki, George Pallas, Ralph Bielia, Douglas Erickson, Priscilla LaPointe Pulkinen, Dorothy Anderson Tounsgant, Helen Agrello Graetz; sixth row — Robert Swanson, Pat Nault, William Gray, James Nicholls, Marion Hooper Abercrombie, Martin Sapila, Paul Savazeau, Marvin Luoma, William Medlyn; seventh row — Paul Turino, Paul Lemm, Ray Oja, Kenneth Olson, Fran Nardi, Raymond Olson, William Elias; eighth row — Ben Hassenger, Tony Marra, Michael Tasson, Clement Morell, Burton Forsberg, Roger Johnson. — (Homburg photo.)

# Blue Notes' Dinner Set For Saturday

ISHPEMING — W. C. Peterson, superintendent of Ishpeming public schools, will be guest speaker at a dinner honoring the Blue Notes Drum and Bugle Corps.

The dinner, at 7 p. m. Saturday in the Mather Inn, will be followed with a dance at 9:30 for the Blue Notes and alumni of the corps.

Awards will be given to senior corps members from representatives of the American Legion.

Past State Commander and Mrs. Joe Paul will attend.

# Mattson Gets Appointment To AL Unit

DETROIT — C. Oscar Hammond of Northville, state American Legion commander, announces the appointment of Theodore Mattson, 630 Cedar St., Ishpeming, as a member of the Legion baseball committee to serve for the 1963-1964 term.

"The appointment of Mr. Mattson comes as recognition of many years of service in our organization," Hammond declared. "It has the whole-hearted endorsement of the Michigan American Legion and is testimony to past services rendered to the local community of Legionnaires."

Members of the Horizon Chapter of the Negaunee Camp Fire Girls are shown as they met this week at the Sheldon Collins residence to finalize plans for their visit next week to Washington, D.C. They are (left to right): Front row — Susan Maki, Karen Johnson, Roberta DeLongchamps; second row — Mrs. Hugo Korpinen, sponsor; Mary Connors, Joan Korpinen and Mrs. Sheldon Collins, advisor; third row — Anita Korvela, Martha Guidebeck, Connie Maki and Diane Collins.

# Nine Horizon Club Girls To Take Trip To Capital

NEGAUNEE — As the result of a series of fund-raising programs held during the past two years, nine members of the Horizon

Chapter of the Negaunee Camp Fire Girls will leave by bus Sunday for a three-day tour of the Washington, D. C., area.

# Dr. Anderson Opens Gwinn Dental Office

GWINN — Dr. Gustaf A. Anderson, a native of Escanaba, has opened an office for general dentistry in the Flint St. Professional Building in Gwinn.

Dr. Anderson, a graduate of the Dental School of Northwestern University, has practiced dentistry in Riverside, Calif., the last seven years. Following his graduation from Northwestern, he served three years at March Air Force Base with a captain's rating.

He is married to the former Phyllis Bood of Chicago and they are the parents of four children, Kristine, 7; Todd, 6; Lauren, 4; and Peter, 3. The Andersons live on a 320-acre farm on U.S. 41 near Trenary.

Dr. Anderson returned to Michigan because he enjoys the hunting, fishing and other life that the Upper Peninsula offers.

It was in March of 1961 that the group formulated plans to take an educational trip to the Nation's capital.

Before returning to school in the fall of that year, they considered ways and means of financing the excursion. It seemed an insurmountable task.

However, members plunged into the job and by sponsoring a series of fund-raising events that included style shows, baked goods sales, rummage sales, car washes and talent shows, succeeded in reaching their goal.

During the period they will spend in Washington, club members will go on two full-day conducted tours of all points of interest.

Mrs. Hugo Korpinen, sponsor, and Mrs. Sheldon Collins, advisor, will accompany them.

Paul M. Engel, 21, L'Anse, paid a \$10 fine and \$4.30 costs for throwing a glass bottle onto the highway. Ticketed for speeding near L'Anse was James W. Mayo, 21, Baraga, who paid \$5 and \$4.30.

Earl LaFerner, 18, L'Anse, was fined \$5 and \$4.30 for failing to stop before entering a state highway at the intersection of M-35 and County Road 226 west of Baraga, and an additional \$3 and \$4.30 for driving without an operator's license.

An overweight ticket issued by a State Highway Department weighmaster cost John A. Tepsa, Nisula, \$15 and \$4.30. For speeding, Rose Marie Edwards of Gibraltar, Mich., paid a \$10 fine and \$4.30 court costs.

Clynton Klegg, 57, Pickford, was fined \$5 and \$4.30 for permitting an unlicensed minor to drive. Herman Joffe, 20, Hancock, paid \$3 and \$4.30 for failing to stop for a stop sign in Baraga.

Mayo, Engel, Tepsa, LaFerner, Mrs. Edwards, Klegg and Joffe were all ticketed by state police from L'Anse.

# In Appreciation

We wish to express our heartfelt thanks and sincere appreciation to our many relatives, friends and neighbors for their many acts of kindness during our recent bereavement, the loss of our son and brother, Gary Warren Nyquist.

We especially wish to thank the Rev. Everett Erickson, the pallbearers, the ladies of the church who donated their services, those who sent flowers and cards and all who helped us in any way.

Their kindness will ever be remembered.

The Donald Nyquist Family  
Gwinn, Michigan.

# He Found Adventure In School Job In Honduras

EAST LANSING (AP) — When World War I ended, Davis Cloward was offered a promotion to captain if he would remain in the U. S. Army.

He turned it down, telling the Army he wanted adventure and opportunity instead.

A native of Washington, D. C., Cloward found adventure in Central America. He worked until retirement in 1959 for a fruit company in Costa Rica and Honduras.

But his spirit of adventure did not leave him at retirement, and when he was offered a school principal's job in Honduras in 1960, Cloward took it.

Then, although he holds two degrees from the University of Pennsylvania, he decided he needed more education.

Cloward enrolled at Michigan State University in 1962 and began work on a degree in educational administration.

Now 69, he has finished the second of three summers of work at MSU and is on his way back to

San Pedro Sula, Honduras, a town of 65,000 with both agricultural and industrial interests.

Cloward's school is non-sectarian and co-educational with 170 students and 11 teachers. About 60 per cent of the students are Honduran, 30 per cent have American parents and the rest are from other nations.

It is a private elementary school and tuition is charged. The American students mostly are children of businessmen who want them

# Tigers At Los Angeles Today After Massacre Of A's; May Take 7th

LOS ANGELES (AP)—Although the New York Yankees are going that-way, the Detroit Tigers find themselves entering a show-down series with the Angels here tonight.

Detroit is just two percentage points behind Los Angeles in a battle for seventh place — or, if you're looking for a psychological lift, second place in the second division.

**Gets Edge**

The Tigers headed for L.A. late Thursday after subbing the Kansas City Athletics, 11-1. This gave Detroit a 2-1 edge in the series at Kansas City and tied the two clubs for eighth place with a .453 mark.

Rookie southpaw Mickey Lolich (4-6) is hoping he'll have the same touch tonight that Hank Aguirre showed in stopping the Athletics on eight hits. The Angels will counter with their ace, Ken McBride (12-8).

Aguirre — now even at 11-11 for the season had a breeze after the Tigers came up with seven runs in the fourth inning. Back-to-back singles by Al Kaline, Rocky Colavito and Norm Cash sent the first run across.

Bubba Phillips sacrificed and

Gus Triandos was walked intentionally. Then Don Wert upset the strategy by slapping a two-run single to center. His smash came off Bill Fisher, who relieved starter Diego Segui.

**Bruton Singled**

Triandos scored as Aguirre beat out a bunt and Wert trotted home when Billy Bruton singled to center. The ball slipped past Bobby Del Greco, enabling Aguirre and Bruton to score. Kaline came up for the second time in the inning, but flied out to end the rally.

The Tigers preceded the big fourth with two runs in the third. Bruton and Dick McAuliffe each singled in a run. McAuliffe hit a run-producing double in the sixth and Gates Brown, who replaced Kaline, drove in the final run with a single to right in the eighth.

Kaline left the game after being shaken up slightly on a slide into third base in the fourth. Manager Charlie Dressen decided to rest the star right fielder.

Bruton, Wert and McAuliffe led Detroit's hit attack with three safeties each.

Kansas City's lone run came in the fifth. Gino Cimoli doubled, took third on Wayne Causey's single, and scored on a single.

# John Smells Roses In Yankee Lead

BOSTON (AP)—Shuttling Yankee outfielder John Blanchard is a Fenway Park phenomenon. He's managed only six hits in five years here—five of them home runs.

And three times he's won games on the Red Sox home field like Thursday when his grand slam and two-run homers powered New York to a 10-2 victory over Boston.

**Drought**

"Yes, six hits in five years," Blanchard said grinning after his one-man show of might. "What a drought that is."

Blanchard owned up to hitting two successive game-winning pinch hit homers at Fenway two years ago, one of them a grand slam. He then went into New York and hit two more—four in four successive at bats.

Earlier this year Blanchard contributed a two-run homer in a 6-5 Yankee triumph.

Blanchard tied off on Earl Wilson for his third major league slam Thursday as the highlight of a five-run opening inning. His other homer was off ex-teammate Bob Turley.

Blanchard, whose average is barely peaking over .230 but has 31 RBIs as a part-timer, has been sharing left field duties with Hector Lopez. Other times he's spelled ailing Roger Maris in right.

Does he like the arrangement, Blanchard was asked.

"Heck yes, wouldn't you?" was the reply. "We're nine games in first place. I can smell the roses already."

# Lane Plans To 'Clean Up' Armstead

SAGINAW (AP)—"I'll be glad to clean up on Paul Armstead Monday night," Muskegon boxer Kenny Lane said today.

Lane, 31, referred to Armstead's remark that the fight may be Lane's last because of his age and that Lane may retire to run his laundromat business in Muskegon.

Both lightweights sparred in training Thursday for their scheduled fifteen three-minute rounds Monday. Lane went nine rounds and the 26-year-old Californian sparred four rounds.

St. Louis University has played in every final of the NCAA soccer championships since the tournament was inaugurated in 1959. The Billikens have won the title three times.

# Gwinn Bowling Information

The Gwinn Women's Bowling League will hold an organizational meeting Tuesday evening at 7:30 o'clock at the Gwinn Inn Bowling Lanes.

In the Gwinn Mixed Bowling League, May Hazel took both high individual game and match with 194-162-159 totaling 515 in the women's section.

Don Pierce rolled a 223 for the high game for the men and with games of 180 and 161 totaling 554 for the high series. Racine and Nordeen rolled a 675 for the high team game and Coron and Mitchell took the series with 1,906.

Aberdeen, S.D., in the Class A Northern League has been a farm affiliate of the Baltimore Orioles and their predecessors, the St. Louis Browns, since 1946.

# Davenport Runs Out Key Bunt To Spark Winning Giant Rally Over Cindy

(By the Associated Press)

Woburn, Mass. (AP)—Davenport, a versatile infielder whose under-pinnings have been in the spotlight as much as any chorus girl's, is kicking up a fuss in San Francisco's bid to repeat as National League champion.

In and out of the line-up because of his weak legs, Davenport played a key role in a 6-3 victory over Cincinnati Thursday night that kept the second-place Giants right on the heels of the front-running Los Angeles Dodgers.

**Three For Five**

Davenport, who stroked three hits for five straight hits in two games, legged out a key bunt single in the fifth inning to keep a rally going. Before it was over, Willie Mays had smashed a decisive two-run single and the Giants had four runs and the ball game.

The triumph left the Giants three games behind the Dodgers, who again got a superlative relief effort by Ron Perranoski, in a 7-5 decision at Milwaukee that snapped a three-game losing skid.

Houston dropped third-place St. Louis five games behind with a

4-2 victory built on John Bate-man's three-run homer, Philadelphia took fifth place from Chicago by edging the Cubs, 4-3, and Pittsburgh walloped the New York Mets, 8-2.

**Raced Out Triple**

Davenport raced out a triple in the first, beat out an infield hit in the third, then laid down his perfect bunt in the fifth to load the bases after Harvey Kuenn's single had accounted for the Giants' first run. Reds starter Joe Nuxhall, apparently upset, hit Willie McCovey with a pitch to force in a run before Mays wrapped it up.

Nuxhall had gone into the inning with a 1-0 lead provided by Vada Pinson's homer off Jack Sanford.

The Braves knocked out Sandy Koufax with a four-run first inning — three on Gene Oliver's homer — after the Dodgers had used Frank Howard's two-run homer to get off to a 3-0 lead in the top half of the inning. Then, in the fifth, with the score tied 5-5, the Dodgers broke through on a walk, Ron Fairly's double, a sacrifice fly by John Roseboro and Maury Wills' single.

# Class C Play In Marquette Over Weekend

Class C U. P. Softball Tournament action will take place in Marquette over the next two weekends, at Hurley and Memorial fields.

The schedule for play this weekend is as follows.

**Saturday**

Game 2 — 11 a. m. — Escanaba No. 2 vs. Iron Mountain No. 3 — Memorial.

Game 3 — 11 a. m. — Marquette No. 5 vs. Soo No. 2 — Memorial.

Game 1 — 12:30 p. m. — Marquette No. 1 vs. Houghton No. 1 — Memorial.

Game 4 — 12:30 p. m. — Marquette No. 2 vs. Iron Mountain No. 1 — Hurley.

Game 5 — 2 p. m. — Ironwood No. 1 vs. Houghton No. 2 — Memorial.

Game 7 — 2 p. m. — Iron Mountain No. 4 vs. Escanaba No. 1 — Hurley.

Game 6 — 3:30 p. m. — Marquette No. 3 vs. Soo No. 1 — Memorial.

Game 8 — 3:30 p. m. — Iron Mountain No. 2 vs. Marquette No. 4 — Hurley.

Game 9 — 5 p. m. — Winner Game 1 vs. winner Game 2 — Memorial.

Game 10 — 5 p. m. — Winner Game 3 vs. winner Game 4 — Hurley.

Game 11 — 6:30 p. m. — Winner Game 5 vs. winner Game 6 — Hurley.

Game 12 — 8 p. m. — Winner Game 7 vs. Winner Game 8 — Hurley.

**Sunday—Loser's Bracket Games**

11 a. m. — Loser Game 3 vs. Loser Game 7 — Memorial.

12 noon — Loser of Game 1 vs. Loser Game 5 — Hurley.

12:30 p. m. — Loser Game 4 vs. Loser Game 8 — Memorial.

2 p. m. — Loser Game 2 vs. Loser Game 6 — Hurley.

2 p. m. — Winner of LG 3/7 vs. Loser Game 9 — Memorial.

3:30 p. m. — Winner of LG 1/5 vs. Loser Game 10 — Memorial.

4 p. m. — Winner of LG 4/8 vs. Loser Game 11 — Hurley.

5 p. m. — Winner of LG 2/6 vs. Loser Game 12 — Memorial.

6 p. m. — Winner of 2 p. m. Memorial game vs. winner of 4 p. m. Hurley game — Hurley.

8 p. m. — Winner of 3:30 Memorial game vs. winner of 5 p. m. Memorial game — Hurley.

Next weekend's schedule has not yet been determined.

STAN ALBECK

# Stan Albeck Promoted To Associate Status

Promotion of Stan Albeck, assistant professor of physical education at Northern Michigan University, to associate professor of physical education, was announced today by Dr. Edgar L. Harden, president of Northern.

The promotion was approved by the State Board of Education, governing board of Northern.

Albeck, head basketball coach at Northern, joined the NMU faculty in 1957 following one year as head coach at Adrian College, Illinois Native.

A native of Chenoa, Ill., Albeck received his bachelor's degree from Bradley University and his master of arts degree from Michigan State University.

He was an assistant coach at Michigan State for one year before his appointment as head coach at Adrian.

During his six years at Northern, four of his teams have represented Michigan in the NAIA national tournament of champions. In 1961, he was chosen Michigan Coach of the Year.

**Hall Of Fame**

Albeck was elected to the Bradley University Sports Hall of Fame in 1959 for his contributions to the high standards of athletics in the United States.

He has written articles for various coaching and athletic journals and recently completed a manuscript, with Coach Fordy Anderson of Michigan State, for a book entitled "Building Better Basketball."

Albeck is a member of the National Association of Basketball Coaches and the American Association of Health, Physical Education and Recreation.

# Draper Drives: Royal Oak Man Gets Canadian Finalist Spot

SAINT JOHN, N. B. (AP)—It was jovial Tom Draper of Royal Oak, Mich., against seven Canadians in the Canadian Amateur Golf Championship today.

Draper, the lone Yank in the field after three other Americans were knocked off Thursday, met Joe Ferguson of Calgary in a morning quarter-final.

Draper squeezed into the quarter-finals Thursday with a pair of 1-up victories over Canadians Bill Pidalski and Gordon Leslie.

# Prep Cagers Attend NMU Hoop Clinic

Sixty-six prep basketball players from 21 cities and towns throughout the state are attending the first Northern Michigan University basketball camp.

Under the direction of NMU cage mentor Stan Albeck, the one-week clinic, which began Monday and ends Saturday, is placing emphasis on conditioning, fundamentals and team play.

Many area high schools are represented at the camp, including Gwinn, with Dan Purple attending, Iron River's David Myers, Marquette Bishop Baraga's Richard Balmes, Dale Berglund, Thomas LeCasse and John Leanes, and Marquette Graveraet's Thomas Alholm, Bart Bartelli, Joseph Beerman, James Bennett, Robert Berg, John Brami, Jim Connors, Bruce Forstrom, Tom Jernstad, Steve Martin, Bruce Pesola, Dale Tonn and Brian VanOverloop.

Negaunee St. Paul high school is represented by Jerry Brisson, Rodney Guizelli, Dominic Jacobetti, Paul J. Meli and Lonnie St. Aubin, while Republic players are Dale Evans, Maurice Evans, Terry Evans and Randy Rankinen.

A total of 22 high schools in the state have sent representatives to the camp, which will undoubtedly improve the quality and excitement of high school basketball action this year.

# Adrian Remains Strong In Legion Baseball Tourney

LIMA, Ohio (AP)—Three teams were on the ropes as second-day play commenced today in the double elimination Region 5 tournament to decide a berth in the American Legion National Baseball finals at Keene, N. H.

One of those with lose-and-out jeopardy after opening losses Thursday was Ohio's champion, Ashtabula. The Lakers bowed when Independence, Mo., prevailed 1-0 in a night game.

**Adrain Club Wins**

The two day games were slugging bees, with Adrain, Mich., clipping Bowling Green, Ky., 16-9, and Evansville, Ind., walloping Kenosha, Wis., 9-1.

Outstanding batting jobs were turned in by Al Morin of Adrain with the day's only homer, a three-run blast and his teammate, Jack Lewis, with two doubles and a single.

Today's schedule paired Bowling Green vs. Kenosha, Adrain vs. Evansville, and Independence vs. Northbrook, Ill.

# Clintondale To Play For Consolation

CANTON, Ohio (AP)—Clintondale, winner of the Michigan Little League title, was scheduled to meet Painesville, Ohio, today in a consolation game in the Northern United States Regional Little League championship.

Naperville, Ill., defeated Clintondale, 9-4, Thursday to advance into the regional finals Saturday against Duluth, Minn., 6-1 winners over Painesville.

# Ewald Only Mich. Entry Left In Play

COLUMBUS, Ohio (AP)—Only one of Michigan's five entries was still around today in the Western Junior Golf Championship.

Fred Ewald, of Birmingham, clipped Chuck Rea, of Meridian, Miss., 6 and 5 in Thursday's first round of match play. He then defeated Jay McGurran, Hinsdale, Ill., 3 and 1.

**Resistance**

Of the four Michigan players to fall, Bill Newton of Ann Arbor put up the stiffest resistance. He hung on for 25 holes before losing to Ken Backus of South Fort Mitchell, Ky., 1 up in an upper bracket match.

In the lower bracket, where Ewald is competing, Joe Porter of Phoenix, Ariz., ousted Pete Smith of Niles, 4 and 3; Alex Antonio Jr., of Hubbard, Ohio, defeated Charles West of Birmingham, 3 and 2, and McGurran beat Kent Cadey of East Grand Rapids, 8 and 6.

# Mills, Lloyd Go To Philly For '64 Draft Choice

DETROIT (AP)—Detroit Lion Coach George Wilson yesterday announced the trade of offensive guard Dick Mills and defensive end and linebacker Dave Lloyd to the Philadelphia Eagles for an undisclosed 1964 draft choice.

Lloyd came to the Lions last year in a three-for-three trade.

Wilson said no player cuts are in the works for several weeks.

# Signup Deadline For Hunter-Farmer Cooperation Plan

LANSING (AP)—The deadline is Sept. 15 for southern Michigan landowners who want to sign up in an effort to better farmer-hunter relationships this fall by taking part in a cooperative plan, the Conservation Department advises.

Landowners and farmers joining the plan check hunters and permit them to shoot over their land under control.

# Closing Arguments Begin Today In Butts Trial; Case Goes To Jury Monday

ATLANTA (AP)—Wally Butts, former Georgia football coach, ended testimony in his \$10-million libel suit with a solemn declaration that he had told the truth in denying game-rigging charges by a national magazine.

Closing arguments by attorneys began today with the case scheduled to go to the jury Monday after a weekend recess.

Butts was recalled briefly Thursday and asked if he had told the truth.

"That is the truth, sir," he replied.

**Never Betrayed**

The 58-year-old former athletic director at Georgia said last Friday and again Monday he never betrayed his football team. He sued because of a Saturday Evening Post article which said he fed Georgia team secrets to Coach Paul (Bear) Bryant of Alabama.

The Post charged that Butts and Bryant rigged and fixed the 1962 Georgia-Alabama game which Alabama won 35-9.

After Butts left the witness stand, his attorney, William H. Schroder Jr., said quietly: "That is our case, your honor."

"And we have completed ours, your honor," quickly responded Welborn B. Cody, chief counsel for Curtis.

Both sides quickly moved for directed verdicts and the motions were promptly denied by the judge.

Preceding Butts to the stand was Dr. Frank A. Rose, president of the University of Alabama.

Rose was questioned at length about a letter he had written Dr. O. C. Aderhold, University of Georgia president.

In the March 6 letter, Rose said Bryant got information about Georgia football plays from Butts.

"These were 'techniques,'" Rose said.

"My letter was my best layman's interpretation of what I thought Coach Bryant told me," Rose insisted. Bryant never said he got inside information on Georgia's team from Butts, but that the Alabama coach was trying to get interpretations of rules applying to defensive tactics.

His letter, he said, was not intended as a legal document but was an attempt to convey to Aderhold that there was nothing unethical exchanged between Butts and Bryant.

Curtis introduced the letter in evidence in support of its claim that Butts gave Bryant detailed secrets of Georgia's team in a Sept. 13 telephone call, nine days before the game.

# Detroit Still In Amateur Baseball Division Tourney

JOHNSTOWN, Pa. (AP)—Detroit beat Buffalo 9-1 Thursday to survive the second round of the All-American Amateur Baseball Association limited division tournament.

# Blanchard Grand Slam Begins Rout Of Bosox As 'Super Subs' Excel

(By the Associated Press)

Mickey Mantle and Tony Kubek are benched with foot trouble. Roger Maris has a sore hand. You'd think the New York Yankees would rattle along like a car without two front wheels.

# Top Pros Try For Survival In City Open

HARTFORD, Conn. (AP)—Guess the names of two rich golfers who are fighting to survive the cut today in the second round of the \$40,000 Insurance City Open.

Quickly, they are 43-year-old Julius Boros, the U.S. Open champion, and 23-year-old Jack Nicklaus, the Masters and PGA champion.

**Far Down List**

After Thursday's 18-holes on the par 35-36-71 Wethersfield Country Club course, both Boros and Nicklaus were far down the list because both were off their usual form.

Nicklaus scrambled for a two-over-par 73 and Boros for his 37-37-74.

Being two or three strokes over par isn't a calamity under normal conditions, but conditions aren't normal over the tight 6,515-yard layout.

**Thirteen At 69**

Wes Illis, 31-year-old part-time pro from West Caldwell, N.J., leads with a sizzling 66 and right behind him are Bill Casper, back in action after a three-month lay-off because of an injured left hand, 67; Jerry Pittman, 68, and 13 other players knotted at 69. The include Bob Goaly, the 1962 IGO victor; Art Wall, whom Goaly beat in a playoff; Doug Ford, and Tony Lema.

Nicklaus is tied with 20 players at 73 and Boros is knotted with 10 at 74.

# Lions Reign As County's BR Champs

By virtue of a forfeit from the Ishpeming team, the Marquette Lions today reign as Babe Ruth champions of Marquette County. Manager Eddie Voet of the Lions said spokesmen for the Ishpeming Babe Ruth League winners declined to schedule a playoff series with the Lions, winners of the Marquette Babe Ruth Circuit.

# Top Weather Helps Packers Get In Shape

DALLAS (AP)—The Green Bay Packers put polish on the offensive plays they plan to use against Dallas Saturday night and wound up practice for the week Thursday.

They will hold a light workout in the Cotton Bowl, scene of the exhibition game, Friday morning.

The favorable weather of the past two days has permitted the Packers to get in satisfactory drills and the squad will be in top shape when it meets the Cowboys.

# Skeet Shoots Shifted To Saturday Afternoon

Starting tomorrow, shoots will be held at the Marquette Skeet Club range each Saturday afternoon, beginning at 1:30, until the opening of the small game season on Oct. 1.

The weekly Wednesday evening shoots will be discontinued, effective immediately.

# Versatility

Welterweight champion Emile Griffith is a better, in or out of the ring. Here he takes a cut at the ball in a batting cage at a New Jersey amusement park. (NEA Telephoto.)

Corner of County Roads 480 and 553 Sands Township

Frank Wheatlake (left), president of power line building firm, and Bill Loftus, pilot, are shown at Marquette County Airport beside helicopter used in attempt to install cable from Upper Peninsula Power Co.'s Cedar Lake substation to Empire Mine.

## Use Of 'Copter To Install Power Cable To Empire Mine Abandoned

ISHPEMING — The tractor operator still will fill a big hole in installation of high tension power lines through rough terrain in Upper Michigan's forest areas.

A two-day attempt to do the job with a helicopter was abandoned Thursday, largely because of winds which buffeted the craft about in the air. Too, it was obvious that the nearly mile-long steel-aluminum cable which it would have been pulling probably was too heavy for the light "chopper."

**May Try It Again**

"We decided against it," said Frank Wheatlake, president of the Hydaker-Wheatlake Co., Big Rapids power line builders. But he indicated that another effort to use a helicopter in this type of work—where terrain makes it difficult to use a tractor—would be undertaken on some future job.

The Hydaker-Wheatlake firm is engaged in constructing a 138,000-volt line for the Upper Peninsula Power Co. from the latter's Cedar Lake substation to the Cleveland-Cliffs Iron Co.'s Empire mine and pelletizing plant now being constructed at Palmer. Much of the line will cross rugged, hilly terrain south of Suicide Hill, with one portion so steep a tractor will have to be pulled up by ropes.

Experimental use of a helicopter pulling the cable from a reel near Cedar Lake—believed to be the first time such aerial installation ever was tried in Michigan—began smoothly enough Wednesday and Thursday mornings.

The pickup of the cable—tied to a 600-foot nylon rope trailing behind a weighted barrel strung 50 feet underneath the helicopter—was effected without incident and the cable pulled and hooked over the first 70-foot-high span Wednesday morning. But when the helicopter reached the second span, high atop a hill, it was rocked by a tailwind that prevented it from hovering to permit a lineman to grab the cable.

Following decision to abandon aerial installation attempt Thursday, tractor driven by Elmer Palmer began pulling nearly-inch-thick cables across rough terrain that runs from Cedar Lake eastward behind Suicide Hill. Three cables, each weighing 833 pounds per 1,000 feet, are being placed on spans already set up on 3 1/2-mile transmission route. — (Mining Journal photos.)

## Submerged Lakes Lands Hearing Set

LANSING (AP) — A legislative committee says it will begin a series of hearings next Tuesday on submerged lands along the Great Lakes shoreline.

Rep. Hans Rasmussen, of Ludington, chairman of the House

committee, said Tuesday's hearings will be held at Caseville and Port Austin in the Thumb area.

The five-member committee was empowered by the Legislature to study "many changes taking place along the shorelines due to the waters... by private and public agencies."

Hearings are scheduled for Wednesday in Detroit, Aug. 27 at Escanaba, and Aug. 29 at Ludington. A sixth hearing will be conducted at Lansing some time after Labor Day.

## Scanlon Polling Businesses On Closing Time Question

ISHPEMING — Whether to close at 5 or 5:30 each evening is a question to be answered by a poll of the Retail Division members of the Ishpeming Chamber of Commerce.

The question arose during a meeting of the division in the dining room of the Nardi Restaurant on Main St.

Businessmen failed to agree and, after considerable debate, it was decided a poll should be taken to find out what closing time is most desirable. Summer store hours now in effect are scheduled to end Sept. 1.

The poll is being taken by Walter Scanlon, secretary-manager of the Ishpeming Chamber of Commerce. Because retailers failed to state whether a majority would be sufficient to make a decision on closing hours, another meeting will be called after completion of the poll.

Some merchants have stated they would remain open until 5:30 p. m. each day even if others close at 5. Employees generally would like a 5 p. m. closing.

Another question which arose during the meeting was "Should non-chamber members be allowed to vote on store closing hours?" Members were in agreement that they should be as they can't be forced into joining the Retail Division.

Retailers, however, did express the wish that every businessman

in the City of Ishpeming join the division to make it a stronger organization which, in turn, would benefit the majority more than ever.

## Pastors Quit Pulpits Over Racial Issue

By GEORGE W. CORNELL  
Associated Press Religion Writer

One evening last spring at a meeting of the board of deacons of the Baptist Church in the community of Linden, Ala., someone asked a hypothetical question: What would happen if a Negro sought membership?

The Rev. Joe Patterson, then pastor, promptly replied that to bar a person because of color would "reduce the church, which was founded by Christ to be a universal and redemptive fellowship, to nothing more than a social club."

Numerous pastors in the South, and a few in the North, have left their pulpits under varying degrees of pressure because of their stands against racial segregation. The total number is unknown.

His viewpoint brought sharply conflicting reaction from the congregation. Rather than "tear up the church," the Rev. Mr. Patterson resigned, effective June 29.

Such cases have become increasingly frequent.

Church Attendance Suffers

In some instances, there have been physical attacks, harassing telephone calls, tire-slashing. Usually, however, the objections are registered by chilly attitudes and thinning church attendance.

Largest Christian bodies in the South are the Methodist Church and the Southern Baptist Convention.

The Rev. Dr. Albert McClellan of Nashville, Tenn., a Southern Baptist executive, says he knows definitely of only three pastors forced out of their pulpits recently over the race question.

But he said there could be many more, and that he knew of several others who resigned voluntarily because they felt they couldn't preach forthrightly on the racial problem.

**Some Remain Silent**

While some have remained silent in order to continue what service they could in peace, the Rev. Mr. McClellan said, still others "have spoken out in love for racial reconciliation."

In Mississippi, Methodist Bishop Marvin Franklin said "a little more than usual" left last year. "But we haven't had an enormous number leave," he added. "A lot of them found better positions. I think we've had others leave partly on account of the racial situation."

Of 28 Methodist pastors in Bishop Franklin's conference who last January signed a "statement of conviction" against racial discrimination 19 have moved on to other posts.

In case of necessity—power from generating plants at Marquette (Presque Isle), Escanaba, Houghton and Ishpeming.

## 2-Man Sub Flies Like An Airplane

SAN CLEMENTE, Calif. (AP)—A two-man submarine which naval scientists say can be flown like an airplane at great depths is being tested off this island near the Southern California coast.

Design of the new submarine will permit its operators as much maneuverability as airplane pilots, said the Navy.

The underwater vehicle was designed at the Naval Ordnance Test Station at China Lake, Calif. No Ballast Tanks

Its design is based partially on the work of famed underwater explorer August Piccard and his bathyscaphe Trieste.

Unlike other submarines, the new underwater craft has fixed positive buoyancy—no ballast tanks.

The external hull of the craft is not pressure resistant. Holes in the hull allow water to enter. Operators are protected from pressure by being enclosed in a special pressure vehicle.

The external hull is used only as a streamlined structure, much like present practice in aircraft construction.

## Governor With Queen, Princess At U. P. Fair

Gov. George Romney flew from Lansing Wednesday to attend the Upper Peninsula State Fair held in Escanaba. He's pictured above with the fair's stage where he greeted the grandstand two of the fair headliners, Miss Michigan (Katharine McLaughlin of Ishpeming), left, and Michigan's Dairy Princess (Rita Coomer of Sturgis) at the fair's stage where he greeted the grandstand audience during the afternoon.

Sunday from 2:30 to 6 p. m. in observance of their silver wedding anniversary. An invitation is extended to relatives, friends and neighbors.

Mr. and Mrs. Laurence Huot, Mrs. Fritz Wangberg, Mr. and Mrs. Ralph Waters, Robert Waters and Mrs. Charles Waters of Ishpeming and Mr. and Mrs. William Wangberg of Negaunee have gone to Battle Creek to attend the funeral of Albert G. Waters.

Mr. and Mrs. Ronald Thomas, Lansing, spent the last two weeks in Ishpeming visiting relatives and friends. En route home they will attend the funeral of Mrs. Thomas' brother, Albert G. Waters, in Battle Creek.

The Priscilla Society of the Evangelical Covenant Church will go to the Robert Haglund camp on the Dead River basin next Tuesday for an outing. Members are reminded to drive in on the North Camp Road. Members will bring their own pasties and utensils. Coffee and dessert will be furnished. Those needing transportation are asked to meet at the church at 5:30 p. m.

**Women of the Moose** will have a camp party Monday night. Members wanting rides are asked to meet at the lodge at 6:30.

**Negaunee**

A regular meeting of the Negaunee VFW will be held Sunday night at 7:30 in the post clubrooms. This is the only meeting for August and members are requested to attend. Lunch and refreshments will be served.

Mr. and Mrs. Thomas C. Hegaton and son, Timothy, and daughters, Susan and Mary Pat, have returned to Chicago after visiting Mr. Hegaton's mother, Mrs. Hegaton, Arch St., and other friends and relatives.

A son, Scott Paul, was born to Mr. and Mrs. Dennis Lakari, 9236 W. Birch, Milwaukee, in St. Joseph's Hospital in that city Aug.

**Tri-County Briefs**
