Marquette, Mich. — Saturday, August 24, 1963

## St. Louis Police Catch Thief In The Act

Jerome W. Young, 22, a parolee from the Federal Reformatory at El Reno, Okla., is shown sitting on staircase (left) examining the area after spotting a locked car with valuables inside. He is unaware that St. Louis, Mo. Police Decoy Squad detectives have placed clothes, suitcases, a clarinet case, camera and radio inside to trap a thief after an outbreak of thefts from autos. Young breaks into the car

(second photo from left) and starts to leave with an empty clarinet case and camera (third photo from left) when he spots detectives closing in. In photo at right Young is escorted by detectives to a waiting police van. Photos were taken by St. Louis Post-Dispatch photographer Renold Ferguson. (AP Wirephotos.)

# Dirksen Predicts Senate May Sustain Slash In Aid

## Rail Labor Chiefs Oppose Senate Bill

WASHINGTON (AP) — Prospects for congressional action in time to prevent a nationwide rail strike were cloudy today. A bill providing for binding arbitration of the dispute over mass job cuts promptly ran into opposition from labor.

## Students Leading Protest Movement In South Viet Nam

SAIGON, South Viet Nam (AP) — Vietnamese students acted today to spearhead a growing protest move against President Ngo Dinh Diem's regime, now functioning on a strongly military basis.

## JFK Labels House Move Irresponsible

WASHINGTON (AP) — Senate Republican leader Everett M. Dirksen of Illinois predicted today the Senate may sustain a \$585-million foreign aid cut voted by the House, a slash President Kennedy called "short-sighted, irresponsible and dangerously partisan."

## Israel, Syria Agree To Cease-Fire

UNITED NATIONS, N.Y. (AP) — U.N. Secretary-General U. Thant has called for Israel and Syria to "exert every possible precaution" to live up to a cease-fire agreement arranged by U.N. observers in Palestine.

## Workers Enlarge Mine Escape Hole

OLD FORGE, Pa. (AP) — The voice was deep, firm, sincere, modest. "We have no idea what it's going to cost. We don't know who's going to pay. We don't care. No one ever talks money. The only thing at stake is the men."

## Senator Eyes Income Tax For Michigan

GRAND RAPIDS (AP) — The State Senate's Republican floor leader predicted Friday that Gov. Romney's fiscal reform program will include income taxes — and will have a reasonable chance of becoming law.

## Joan O'Brien Denies Trying To Take Life

LOS ANGELES (AP) — Actress Joan O'Brien, trying to regain custody of her two children, has denied claims she tried three times to commit suicide.

## 96-Year-Old Becomes Own Beneficiary!

RICHMOND, Va. (AP) — A pleasant old gentleman who still comes down to tend to the manufacturing business he helped found nearly 60 years ago has become his own life insurance beneficiary and collected.

## 2 Red Border Guards Overpowered In Escape

BERLIN (AP) — Three East Berliners overpowered two Communist border guards, stripped them of their submachine guns and escaped to West Berlin, reliable sources said today.

## Ford Ready To Recall 14,500 State Workers

DETROIT (AP) — The Ford Motor Co. said today it will call back by Tuesday all 14,500 workers laid off in Michigan because of a strike in a parts plant at Chicago Heights, Ill.

## Band Leader Glen Gray Dead At 63

PLYMOUTH, Mass. (AP) — Band leader Glen Gray, whose popular Casa Loma orchestra entertained two generations of dancing Americans, died Friday at Jordan Hospital. He was 63.

## Proposal

The bill provides for immediate resumption of collective bargaining on lesser issues in dispute. But if no agreement is reached on these within 30 days after the board decides the firemen and crew-size questions they are to be arbitrated by the board.

## The Weather

Forecast for Marquette and vicinity: Clearing and cooler tonight, low 45 to 50; generally fair and a little warmer Sunday, high 70 to 75. Outlook: Partly cloudy with little change in temperature.

## Gerhardsen Resigns As Norway Premier

OSLO, Norway (AP) — Socialist Premier Einar Gerhardsen formally tendered his resignation to King Olav V today and the monarch called on Conservative party leader John Lyng to form a new cabinet.

## Pro-Red Terrorists Step Up Latin Attacks

CARACAS, Venezuela (AP) — Pro-Communist terrorists, stepping up direct attacks against the police moved down a policeman with a machine gun from a speeding car Friday.

## British Police Search Home Of Blonde Beauty

LONDON (AP) — Police searched the home of a blonde beauty queen today and held one of her boy friends for questioning in their hunt for loot from Britain's great train robbery.

Rep. Victor A. Knox, R-Mich., above, has proposed that the federal government assume bond obligations on the Mackinac Straits Bridge linking Michigan's Upper and Lower Peninsulas. The House Public Works Committee Wednesday approved a bill to authorize federal payment of \$63.8 million to retire bonds on the Chicago Calumet Skyway. Knox said Friday he would propose an amendment providing for similar treatment to the Mackinac Bridge.

## U.S. Religious Groups Set To Join In March

WASHINGTON (AP) — Religious groups will play a large role in Wednesday's civil rights march on Washington.

## Negro Comedian Won't Sign Bond

CHICAGO (AP) — Comedian Dick Gregory, who spent 12 days in jail because he refused to sign his name to a recognition bond on a disorderly conduct charge, Aug. 12, was released Friday by Municipal Court Judge Ben Schwartz.

## Marie McDonald Put On Probation

LOS ANGELES (AP) — Actress Marie McDonald has been placed on three years' probation on charges of forging prescriptions for a pain-killing drug.

## School Band Director Admits Robbing Banks

JACKSON, Mo. (AP) — The director of the Jackson High School band admitted Friday he robbed two banks in nearby communities of more than \$20,000. He was arrested after witnesses identified him at a concert he was conducting.

## Rare Gold Coins Uncovered On Pastor's Property

SALEM, Ohio (AP) — "It got dark and we had to quit. We plan to go back and dig some more tomorrow."

## Omaha Indians Stage 'Racial Demonstration'

OMAHA, Neb. (AP) — Omaha has seen something different in the way of a racial demonstration. It was a war dance staged Friday by Indians of the Omaha tribe to dramatize the plight of the red man in the white man's cities.

# Police Break Up Gang Involved In Thefts Of Beer

City police and county juvenile authorities this week broke up a gang of youths who have been stealing large quantities of beer and supplying it all summer for mass teen-age drinking parties.

At least 50 minors were involved in the drinking parties, most of which took place in the secluded wooded area which lies between U.S. 41 and Quarry Pond, police said.

As far as authorities know, the parties have been going on since the last week of June.

The youths who supplied the beer are being charged with breaking and entering in the nighttime at the Ward Beverage Co., General Tire Co. and Sinclair Oil Co. bulk storage plant.

Entered 22 Times  
The beer was stolen, one to five cases at a time, from Ward Beverage Co., at the corner of S. Front and W. Hampton Sts. Gang members admitted entering the beverage company warehouse 22 times this summer, City Det. George G. Johnson said.

Richard Ward, owner of the Ward Beverage Co., said that since the first of this month, 30 to 40 cases of beer and a smaller amount of wine had been stolen from the warehouse. He said that there could have been that large a quantity stolen each month this summer.

Police have already charged five members of the gang, four of them teen-agers, with breaking and entering in the nighttime. Petitions have been filed for the appearance of seven juveniles in Marquette County Juvenile Court on breaking and entering charges.

The case is still under investigation, and Johnson said that there are other youths involved in the burglaries who are yet to be apprehended.

Three Waive Hearing  
Before Judge Edward H. Dembowski in municipal court yesterday, Larry R. Wagner, 18, of 1712 Presque Isle Ave., and Frank A. Berry, 18, of 307 Sandstone St., waived preliminary examinations on charges of breaking and entering in the nighttime at Ward's.

Glenn L. Martin, 18, Honor Camp Road, waived the honor hearing on a charge of breaking and entering in the nighttime at the Standard Oil bulk plant.

Wagner and Berry were released from the Marquette County Jail, after posting \$100 bond each, and Martin is being held in the county jail on \$100 bond. All three were bound over to the September term of circuit court.

Arraignment For Two Monday  
Lloyd Summers, 17, Fifth Ave., is scheduled to appear Monday

morning in municipal court for the burglaries at Ward's and Jacob Cadotte, 23, of 423 W. Crescent St., is to appear Monday for breaking and entering the General Tire Co., police said.

Johnson said that Berry and Martin admitted the break-ins at the Standard Oil bulk plant. On Aug. 10 they took two cases, each containing 24 one-quart cans, of motor oil, and on Aug. 17 they took two five gallon cans of motor oil, police said. Entry both times was made by smashing a north window, officers said.

Took Money  
Cadotte, Berry, Wagner and a juvenile admitted entering the General Tire Co. office at 2:30 Wednesday morning, police said. They smashed a filing cabinet, took \$64 from the filing cabinet and looted drawers, Johnson said.

Cash boxes which they took from the tire company office have been recovered on Island Beach Road, but a cash box taken the same night from Ward's, containing valuable papers, has not been recovered, Johnson said.

Investigation is being conducted by Johnson and Leslie Ruohomaki, Marquette, county juvenile court probation officer.

Forced Lock Open  
Johnson said that the beverage company warehouse was entered by forcing the lock open on a back door. The door is hidden from the street and he noted that two of the youths admitted entering the building Sunday afternoon and taking two cases of beer.

The youths carried the beer from the warehouse to the woods between Quarry Pool and the warehouse.

"Apparently a lot of minors knew about the parties," Johnson said. "The boys who stole the beer even sold some of it."

Each time beer was stolen, the youths would drink as much as they could, hide what was left in the woods, and fill the empty cans with rocks so that they would sink to the bottom of Quarry Pond, Johnson said.

Hidden From View  
Johnson said that the parties were held in a secluded hollow, so that the location could not be seen from any direction.

Only a few cases of beer were taken at a time and they weren't missed at the warehouse.

Johnson began a thorough investigation this week when the theft of money was reported to police.

"Apparently stealing the beer wasn't enough after awhile and they began to steal money for gasoline and oil for their cars," he said.

Col. Richard W. DaVania (left), commander of the Sault Ste. Marie Sector of the North American Air Defense Command (NORAD), and Col. John M. Konesky, 56th Fighter Wing commander, both of K. I. Sawyer Air Force Base, greet Major General Frederick R. Terrell, 30th NORAD region commander, at Sawyer Base, Gen. Terrell spoke at a dining event in honor of Col. DaVania.—USAF photo.

## Col. DaVania Praised By Gen. Terrell

More than 200 officers from K.I. Sawyer Air Force Base attended a formal dining-in night at the officers' open mess at the base, in honor of Col. Richard W. DaVania.

Col. DaVania, commander of the Sault Ste. Marie Air Defense Sector of the North American Air Defense Command (NORAD), will retire at the end of this year after more than 30 years of military service.

Called 'Superb'  
Speaker was Maj. Gen. Frederick R. Terrell, 30th NORAD (North American Air Defense Command) region commander. Gen. Terrell stated that Col. DaVania "has been one of the

## Saarikko Head Of County's Soil District

Eero Saarikko of Ewing Township was elected chairman of the Marquette County Soil Conservation District at a meeting of district directors this week.

Saarikko replaces Lawrence C. Ewing of Chocoy Township as chairman of the district. Arvid A. Bergdahl of Skandia was elected vice chairman of the district, replacing Saarikko. Ewing was named to replace Bergdahl as treasurer and Arvo Johnson, Ewing Township, was elected secretary, replacing Melvin N. Nyquist, Marquette.

Approved by directors as new soil conservation district cooperators were Constant Vermote, Ewing Township; John Voelker, Ishpeming Township; and George Snider, Ishpeming Township.

Directors received an invitation from U. S. Secretary of Agriculture Orville Freeman to attend the Land and People Conference Sept. 10 to 11 in Duluth.

The session for Northern Minnesota, Wisconsin and Michigan will deal with opportunities for new jobs through recreational development, agriculture, forestry and improved transportation.

## Employers Reminded Of Wage Law

William S. Singley, regional director of the U. S. Department of Labor's Wage and Hour and Public Contracts Divisions, today reminded Michigan employers and employees of Fair Labor Standards Act (Federal Wage-Hour Law) provisions which become effective Sept. 3.

Singley pointed out:  
1. The minimum wage for employees engaged in interstate commerce or in the production of goods for interstate commerce, covered prior to the Fair Labor Standards Amendments of 1961, advances from a present-day minimum of at least \$1.15 an hour to a new minimum of not less than \$1.25 an hour.

2. A 44-hour maximum work-week standard, with provisions for premium pay of at least one and one-half times the regular rate for overtime, goes into effect for employment in certain large enterprises engaged in commerce or in production of goods for commerce, principally retail and service establishments. Such employment was made subject to the overtime provisions of the Act for the first time by the amendments of 1961.

Singley also called attention to the Equal Pay Act of 1963 which amends the Fair Labor Standards Act and goes into effect generally on June 11, 1964. It provides that employers with workers subject to the Fair Labor Standards Act's minimum wage provisions shall not discriminate on the basis of sex in the payment of wages. It covers every establishment where an employer has such workers.

He cautioned employers that the official Wage-Hour poster, already mailed to them, must be displayed where it can be seen readily by employees.

## They Spend Honeymoon In Separate Dorms

CHIGWELL, England — Maurice and Sylvia Clark, newly married vegetarians, are spending their honeymoon in separate dormitories.

He shares a cabin with 19 men at a vegetarian youth camp. She sleeps in the girls' hut.

Sylvia, 22, explained: "We booked for this camp before setting our wedding date but then decided to come here anyway for our honeymoon."

The mistletoe was the first official state flower in America, Oklahoma adopted it in 1893, while still a territory.

## Chamber To Name Recipient Of First Recognition Award

First recipient of the Marquette Chamber of Commerce's Citizens Recognition Award will be announced next week, Chamber President Harlan Larson said.

Chamber directors have set up the award program "to recognize in some tangible way citizens of the Marquette area who, through their own initiative, make outstanding contributions to the welfare and cultural well being of this area," he said.

The chamber has formed a three-man committee to select recipients of the award. The recognition committee members are chosen by the president of the chamber and their identity is to be known only by the chamber president

and the executive secretary, Larson said.

Approval By Board

Terms of service on the recognition committee are for three years, with the first committee members serving on a three-two-one year basis.

The recognition committee is to submit its selections for the award to the chamber board of directors for final approval.

Larson said that residents of the community will be asked to submit suggestions to the chamber for recipients of the award.

There will be no fewer than four and no more than 12 recipients of the chamber award in one year, Larson said.

## Employers Reminded Of Wage Law

William S. Singley, regional director of the U. S. Department of Labor's Wage and Hour and Public Contracts Divisions, today reminded Michigan employers and employees of Fair Labor Standards Act (Federal Wage-Hour Law) provisions which become effective Sept. 3.

Singley pointed out:  
1. The minimum wage for employees engaged in interstate commerce or in the production of goods for interstate commerce, covered prior to the Fair Labor Standards Amendments of 1961, advances from a present-day minimum of at least \$1.15 an hour to a new minimum of not less than \$1.25 an hour.

## Dog Enables Police To Seize Marquette Prison Fugitive

State police apprehended an escapee from the Marquette State Prison's Honor Camp last night north of Mohawk after being led to the fugitive's hiding place by their German shepherd police dog.

Harold Jones, 36, who was serving a 15 to 30-year term for burglary when he fled from the Honor Camp, located in Sands Township, last Sunday night about 10, was returned to the prison here around 1:30 this morning by state police and prison guards.

The reason for his being in the Keweenaw Peninsula was not learned. However, state police were scheduled to interrogate Jones later today.

Abandoned Car Stolen  
Jones was spotted in the Whitefish River area, two miles north of Trenary, earlier in the week. He vanished into the woods, having been sighted after dark, and apparently hid out for two days.

He then stole a car, near Trenary, and the vehicle was found abandoned north of Mohawk. Shortly after, he was spotted several times, once fleeing into the woods on the approach of a police car.

Fresh Trail Found  
Yesterday Trooper John Rohwetter of the Marquette post, the custodian of "Rip," the state police dog, went to the Copper Country and the dog trailed the convict earlier in the day but the trail was too old for them to capitalize on it.

However, last night a fresh trail was found and this time

A special thank you also to the pallbearers, car donors and to those who sent food, flowers, cards or assisted in any way.

ALFRED J. FLEURY MR. & MRS. NORMAN ROSE & FAMILY MR. & MRS. GEORGE NELSON & FAMILY

Dr. Fred C. Sabin (left), Marquette, chairman of the Marquette County Republican Committee, congratulates and presents a farewell gift to Kenneth W. Brenner, Marquette, former county GOP chairman, who is leaving Marquette to take up residence in Berwyn, Ill. Brenner has accepted a teaching position in Cicero. The presentation was made during a testimonial dinner for Brenner, held by the area GOP in the Hotel Northland. — (Mining Journal photo.)

### Testimonial Dinner Held For Brenner

Kenneth W. Brenner, 730 W. Kaye Ave., an active leader in the Republican Party in Marquette County for a number of years, was honored by the area's GOP at a testimonial dinner meeting held in the Hotel Northland this week. Brenner, who served as chairman of the Marquette County Republican Committee for four years (1948-51) and held various other party positions in other years during his residence here, was presented with a farewell gift, as was his wife, Bette. Brenner and his family are leaving Marquette to take up residence in Berwyn, Ill. He will teach social science in the J. Sterling Morton High School and Junior College in Cicero, which has an enrollment of 4,500.

Brenner formerly taught in the John D. Pierce Laboratory School of Northern Michigan University prior to accepting a position with the Lake Superior & Ishpeming Railroad Co. A number of Brenner's friends and associates in the Republican Party praised him for his work while in Marquette. A highlight was Dr. Sabin's reading of a telegram to Brenner from Gov. George Romney, which said: "Please accept my best wishes for success in your new job. Your service as county chairman has contributed greatly to the strength of the Republican Party in Michigan." "The dedication which you have shown has been an inspiration to others who cherish Republican ideals. May I join your many friends tonight in wishing you happiness as your life enters a new phase." From Ely Peterson Another message was received

## Four New Teachers Added To Faculty Of Graveraet High

Graveraet High School will have four new teachers this fall, Paul M. Kotila, Graveraet principal, said. A former member of the English department at Graveraet, Fred Briscoe, will return to Graveraet this year. Briscoe attended Michigan College of Mining and Technology, Houghton, Northern Michigan University and the University of Michigan, Ann Arbor. He has completed two years' service in the U. S. Army. Also in Army Teaching physics and one class of general mathematics will be Kenneth Adamson. He attended Iron River High School, Northern and Michigan Tech, and also has served in the U. S. Army. A graduate of NMU, Mrs. Julianne Isabelle, will teach sophomore English. Mrs. Isabelle has taught in Ishpeming and is active in the Marquette County Girl Scouts.

Michael Asumaa will join the social studies staff at Graveraet. He is a graduate of NMU. Returning Teachers Returning teachers at Graveraet are Robert T. Apple, mathematics; Edward W. Anderson, metal work; Howard M. Berryman, drafting; Sarah N. Bottrell, U. S. history; Donald A. Bowers, history; Clyde Bucklin, English; Carl Bullock, chemistry; Clarence Bullock, driver education. Merrill L. Detroit, conservation; Jeanette Dembowski, English; Militta Georgevich, art; Vivian D. Glass, French and American history; John S. Gucky, driver education. Marguerite Hammersmith, English; William R. Hart, coach, physical education; Catherine M. Hawes, counselor and English; Milton A. Johnson, adult education and U. S. government; Lola T. Morrison, Latin; Dorothy Murk, librarian; Grace Noltingberg, home economics. Louise O'Dell, English; Jerry L. Pangrazzi, physical education, first aid and coach; Joseph B. Patterson, music; Robert Perlbarg, world history; Ethel Rosten, stenography and office machines; William M. Ryan, mathematics; William M. Savola, industrial arts and woodshop. Toivo H. Seilo, typing and co-operative training; Viola A. Senical, bookkeeping and business law; Joseph R. Sullivan, guidance counselor; Louis Taccolini, biology; John C. Tuttle, mathematics; Richard Ten, printing; Dexa M. Weddie, business education and Lee Weiden, physical education. Four automobiles were damaged and two motorists were ticketed, but no one was hurt, in three area traffic mishaps reported this morning by city and state police. An injury did occur, however, in another accident, west of Ishpeming, also probed by state police (see story on Page 8). Reports on the accidents in this area follow: 1. At 3:45 yesterday afternoon a car being driven west on W. Fair Ave. and being turned right, or north, onto Presque Isle Ave., by Richard T. Tibbitts, Glen Harbor, collided with an automobile being driven north on Presque Isle by Jude A. Dollar, Route 2, Box 55, Marquette. Car Not Under Control City police said the mishap occurred as Dollar was making a right turn into a driveway at 1412 Presque Isle Ave. Tibbitts was issued two tickets by city police, one for failing to have his car under control and another for not having an operator's license. The left rear fender of Dollar's car, a 1955 sedan, was ripped off. The right front of Tibbitts' vehicle, a 1962 two-door sedan, was damaged. Both vehicles were driven from the scene under their own power. 2. At 8:25 last evening an automobile being driven west on W. Magnetic St. went out of control at the N. Third St. intersection and struck a boulevard light pole, breaking the light pole and globe. Minor damage resulted to the car, a 1959 sedan, which was driven from the scene. City police said the driver, a 15-year-old boy, was cited for a traffic violation and will appear in Marquette County Probate Court on the charge. 3. An automobile being driven north on U.S. 41 by Michael J. Hawley, 16, Box 384, Tremary, struck a deer a half mile south of M-28, in Chocoye Township, at 12:20 yesterday afternoon. Chased By Dogs State police said the deer was being chased by some dogs and came onto the roadway from a thick growth of bushes, about 20 feet from the east (right) side of the roadway. The driver didn't have time to swerve or apply his brakes, officers said. The front end of the car, a 1959 four-door sedan, was damaged and the vehicle was driven from the scene under its own power. The deer was killed and its carcass was turned over to the Michigan Department of Conservation for disposal.

Gen. Thomas S. Power (left), commander-in-chief of Strategic Air Command, presents plaque for flying safety award to Col. Frederick R. Ramputi, commander of the 410th Bombardment Wing at K. I. Sawyer Air Force Base. Col. Ramputi received the award recently at SAC headquarters. The bomb wing has had over 40,000 flying hours in tactical aircraft without an accident since the first aircraft arrived at Sawyer in August 1960. — (USAF photo.)

### Sawyer Bomb Wing Wins Safety Award

K. I. Sawyer Air Force Base's 410th Bombardment Wing has been presented the flying safety award for July from Strategic Air Command.

Gen. Thomas S. Power, SAC's commander-in-chief, presented the award recently to Col. Frederick R. Ramputi, wing commander, at a special ceremony at SAC headquarters, Offutt AFB, Neb.

The award is based on the accumulated accident-free flying hours indicative of a unit's accident-free record for all assigned tactical squadrons. At least 500 flying hours per month were needed by the wing to be eligible for the award.

Since the "County of Marquette," first KC-135 aircraft assigned to the wing, arrived here in August 1960, over 40,000 hours have

### Carl Olson Wins All-Expenses-Paid Trip To Hawaii

An all-expense-paid "Hawaiian Holiday" featuring a preview of the 1964 cars to be offered by the Ford Division, Ford Motor Co., is in store for Carl Olson Sr., Olson Motors, Inc., and Mrs. Olson as a result of outstanding new car and truck sales by the Ford dealership. Mr. and Mrs. Olson will depart for Hawaii by chartered plane from San Francisco tomorrow. They will view the 1964 Falcon, Fairlane, Ford, Thunderbird and trucks at a special revue starring Vic Damone, Jave P. Morgan, the New Christy Minstrels and Carmen Cavallero. Olson is one of 750 Ford dealers across the country who won the one-week tropical holiday for two in the nationwide "America's Liveliest" Ford dealer contest. The dealers competed against other Ford dealerships of similar size and sales volume.

### Fall Colors Lure Tourists To Peninsula

Upper Michigan is beautiful at any time of year, but an unforgettable experience awaits visitors during late September and early October. It's then that nature paints the landscape with indescribable colors, that the green of summer turns into myriads of golden hues of autumn. "Tell your guests to return in late September if they want to see a really beautiful Peninsula," the Upper Michigan Tourist Association in Marquette has often advised its members. "We're sure many would want to return for another short visit if they were shown colored autumn pictures during their summer vacations." Blaze Of Colors Sometime after mid-September, U. P. forests begin turning into a veritable blaze of colors, beginning first around Copper Harbor at the far northern tip of the region and surging southward day by day to Menominee more than 200 miles away. The result—from Ironwood in the west, through Marquette and to Sault Ste. Marie and St. Ignace in the east—is a conglomeration of nearly every color of the spectrum. The woods almost seem afire as, against a background of evergreens, leaves change to red, orange, yellow, gold and numerous other hues. "Greatest Spectacle" "This marvelous riot of color makes autumn the greatest spectacle of all in the North Country," the UMTA said. The Michigan Tourist Council is preparing fall color tour guides which it will distribute in answer to inquiries, but chambers of commerce and information centers in many communities are prepared to help visitors arrange day-long tours that will take them through the more colorful areas. chosen for outstanding qualities as a camper was David Carlson. Each degree of the society has been based on some outstanding missionary who has worked in the Upper Peninsula. The virtues or qualities of the various degrees have been based on outstanding virtues of these missionaries. Also presented were general activity awards and awards in riflery certified by the National Riflery Association. The summer camp will come to a close this weekend with a men's retreat.

been flown by tactical aircraft from the wing. This includes day and night missions by the KC-135s, flown by the 46th Air Refueling Squadron, and the B-52Hs, flown by members of the 644th Bombardment Squadron. There has never been an accident involving wing aircraft. Last year the wing was awarded the SAC Hall of Fame certificate for two years of accident-free flying. It will be eligible for the three-year accident-free flying Hall of Fame certificate in October, according to Maj. Lumir J. Vitek, wing safety officer. Congratulations Group Gen. Power told Ramputi the wing is to be "congratulated for (the) commendable achievement in winning the . . . monthly flying safety plaque. "Through professional ability and adherence to the principles of safety in aircraft operations, the 410th Bombardment Wing has set an enviable record by emerging at the top of the SAC flying safety standings," Gen. Power stated. He said the plaque presented Col. Ramputi "is indicative of a distinguished contribution to the SAC safety program, and therefore to the vitality of the command. Conservation of aircraft and crews is a major factor in maintaining our defense potential," Gen. Power added.

### Eight County Boys Honored At Plagens

Eight Marquette County boys were among those who received awards at the younger boys' session at Camp Plagens, the summer camp of the Catholic Diocese of Marquette at Lank O'Lakes, Wis., which concluded the summer camping schedule this week by a very impressive Indian pageant during which awards were conferred upon the deserving campers.

The boys receiving awards were the following: Thomas Knauf, swimming; Patrick Lowney, horsemanship; Danny Clossner, archery, and Douglas Dormer, progress in horsemanship, all of Marquette. James Tippet, boating; Bruce Tippet, boating; Greg Rose, horsemanship, and David Carlson, archery, Ishpeming.

This year also marked the sixth year of the Camp Plagens Cross and Arrow Honor Society into which 12 new members were initiated. First degree honor member from Negaunee who was

### Marquette Youth Presents Astronomy Paper

Scott Stobbelaar, 329 W. Magnetic St., Marquette, inspects camera which he uses to take time exposures of stars. The camera and the other equipment in picture were demonstrated by Stobbelaar at the Great Lakes Regional Astronomical Convention in Grand Rapids recently. Items in exhibit include clay model of moon, with identification of craters; two clay molded craters of moon; photos

of moon at different times of the year; sequence shots of solar eclipse on July 20 and diagram of a laser (light amplification by the stimulation of emitted radiation), which was the topic of a recitation at the convention. Stobbelaar was sponsored at the convention by the Marquette Astronomical Association. — (Mining Journal photo.)

### Vandenboom Registration Set; Two New Teachers In School

New residents of the Marquette Township School District are asked to register school-age children at Vandenboom School next week. Mrs. Virginia C. Jones, principal, said that registration will be held from 9 a.m. to 3 p.m. from Monday through Friday. First day of school in Marquette Township will be Wednesday, Sept. 4, with registration at 9 a.m. A short session will be held Wednesday and the first full day session will be Thursday, Sept. 5. Parents of kindergarten children who travel to school by bus are asked to pin the child's name and address on the kindergarten's coat or sweater so that the child will be put on the correct bus, Mrs. Jones said. Two New Teachers Vandenboom School will have two new teachers this year. Mrs. Margaret Carlson, who will teach third grade, has taught for two years in the Marquette Public Schools. Mrs. Carlson holds a bachelor of science degree from Northern Michigan University. She lives at 120 W. Michigan St. Mrs. Catherine Feldhauser, W.

### Obituary

**MRS. JENNIE BAILEY**  
Mrs. Jennie Bailey, 74, died at 11:10 last night in Ferguson Hospital, Newberry, where she was a patient three years. For 15 years she had resided in Marquette, with her daughter, Mrs. Leon (Louise) Winters. Mrs. Bailey was born in Gadsden, Ala., Sept. 1, 1888, and was a member of the Grace Methodist Church. Survivors are a daughter, Mrs. Winters, Marquette; a sister, Mrs. Dora Moody, Birmingham, Ala., and a brother, Jesse Winters, Birmingham, and a granddaughter, Mrs. Mildred Sandberg, Skandia; and two great-grandchildren. Funeral services will be held at 1:30 Monday afternoon in the Swanson Funeral Home with the Rev. Knut Savareid, pastor of the Grace Methodist Church, officiating. Burial will be made in Park Cemetery. Friends may call at the funeral home after 10 tomorrow morning. Average life expectancy of a child born in the U.S. is more than 69.6 years.

W. H. TRELOAR, General Manager

First Peninsula Trawler

Change is often subtle, sneaking up on us so that all of a sudden we realize that our way of life has changed. But it hasn't been that way in the commercial fishing business. It once supported thousands of persons in the Upper Peninsula, but the number has dwindled to hundreds, and even those are often forced to seek income outside the trade to maintain themselves.

The deterioration of the Great Lakes fishery has been a loss of one of the world's greatest food resources. It is not all lost, of course, but the once great production of its finest food fishes has declined to a fraction of its former volume. Some species have virtually disappeared.

The volume of fish production from the Great Lakes has remained fairly high, but its character has changed, with "trashy" fish replacing famed food species. The problem of getting the Great Lakes fisheries under scientific management so that its enormous potential for food production can be realized again is a huge one, and it is complicated by many things. These include:

- 1. These are international as well as interstate waters, so the efforts of many agencies must be coordinated.
2. New influences like the seaway can upset the ecology of the lakes by introducing new fish species and pathogens that upset the balance of predation, disease, feed and other elements of the fishery.
3. Pollution of the lakes by industrial wastes and other effluents that are turning Lake Erie into a "dead lake" (cesspool)

Peninsula Perambulator

Thomas Atanasoff, 37, Caspian, a miner employed at the Hanna Mining Co.'s Wausau underground property, suffered the loss of his left leg while working on the bottom level of a stope. He was injured by a chunk of ore which fell from the wall of the stope, rolling down the bench and striking his leg.

City and state police, accompanied by a U.S. Internal Revenue Service investigator, raided a Sault Ste. Marie residence, seizing a still and a quantity of liquor and mash. Theodore E. Maleport, arrested by the investigating officers, demanded preliminary examination when he was arraigned before U.S. Commissioner James J. Fenlon on a charge of having in his possession mash and distilled spirits in containers not bearing stamps denoting payment of the federal tax. He is free on \$500 bail.

The Escanaba Chamber of Commerce has begun an inquiry into the possibility that the U.S. Weather Bureau will close its station in that city. Reassessment by the bureau of all one-man operations like the Escanaba station to determine their justification appears to have put the Escanaba unit in jeopardy. Failure to replace Tom Coen, assistant to Meteorologist S. E. Decker, has been interpreted in Escanaba as bad news.

For the first time in its history, the Escanaba steam utility operated in the black and will turn over a small profit to the municipal general fund after payment of fixed charges. Explanation of the good showing is stated by City Manager George Harvey said. The steam plant was able to operate more efficiently than in previous years through the use of better coal, which produced more steam at less cost.

From The Journal Files

60 Years Ago

Marquette—Marquette made good against the much touted Crystal Falls bunch of ball tossers yesterday in a close, but rather poorly played game. The visitors had a mortgage on the victory until the last of the ninth, when the local hitters finally connected up with Menacheck's curves and a two-bagger by "Chuck" Connors scored two runners and tied the game. The inning was not finished. Manager Corcoran, seeing that everything was off and that it was simply a question of how hard Menacheck was to be pounded, took umbrage at one of Empire Stack's decisions on a strike, and called his men from the field. In the debate that ensued the Marquette runner on third came in and scored the sixth run, making the score 6 to 5 in Marquette's favor.

—Ishpeming—Since the insecure condition of the foundation walls of the city building has become known, a number of people have expressed the opinion that the piles on which many other structures in the city are standing will soon have to be replaced with stone and cement, reaching down to the solid strata underlying the crumbling unstable soil on which most of the city is built.

The process of cement walk construction seems to be a matter of much interest. Little knots of people are gathered about the men

30 Years Ago

Marquette—Marquette County's new welfare relief set-up, whereby state and federal funds will be distributed directly through the newly established county emergency welfare relief commission, has taken on tangible form. Lee McGinley, CPA (Certified Public Accountant) and member of the state board of accountancy, will give an important broadcast over WBOC, The Daily Mining Journal radio station, on the Michigan three per cent sales tax Friday evening at 7:45 for the benefit of merchants in this area.

—Ishpeming—Indications that a lively political campaign will be waged for the two positions on the Ishpeming Board of School Trustees, to be voted upon at the annual election Sept. 4, came today with the entry of a third candidate in the race and reports that several other persons are preparing to throw their hats in the ring.

"Black Beauty," the Monogram talker said.

and which threaten the other lakes as well. As the fishery declined, commercial fishermen quit the business. Those who have hung on, hoping for an upturn in their fortunes, have opposed the introduction of one of the new methods of lake fishing which has been a standard practice on the oceans for many years — trawling. This fishing is done by dragging a big bag net behind a fishing vessel at relatively high speed and then reeling it in with its pouched catch.

When table fish could be caught in sufficient numbers, our commercial fishermen could survive on the catches made in gill nets and pound nets, which were emptied by their relatively small boats. This has been our traditional Great Lakes fishing.

Under these conditions, trash fish like the alewife have become very abundant in the lakes. The alewife is a small fish. It is edible, but when filleted for human use is reduced to a non-commercial gaggle of skin, so it is harvested only for animal use — for the feeding of mink on fur ranches and for the making of catfood and such uses.

This market is low priced, in the range of a few cents a pound, so conventional fishing methods cannot be used because they would not permit a profit and would probably incur a loss on the operation. But with great sweeps of an otter trawl with a 60-foot-wide mouth, enough fish can be caught to market them profitably at low prices.

This has been going on in lower Lake Michigan waters, and the Michigan Conservation Department has just given its first permit for an experimental trawl season by the Ruleau Brothers, Bob and Louis, of Cedar River. They will be operating this fall in northern Green Bay and Bays de Noc waters with a trawler, fishing for chubs, herring, smelt and alewife. Their catch will be supervised daily by a conservation department representative and is expected to be chiefly alewife and nearly all for animal food.

The Ruleau Brothers are fifth generation members of a famed Green Bay West Shore fishing family. They are trying trawling in an effort to stay in the fishing business. Their fellow commercial fishermen don't like trawl fishing at all; it's a serious threat to conventional fishing as they view it. The large investment needed for trawling is an impediment to general entry of fishermen into this type of fishing, and besides there's no need for a lot of trawls.

The Federal Fish & Wildlife Service has been doing experimental trawling in Green Bay and upper Lake Michigan to determine its feasibility. It is concerned with management of the fishery for improvement. The public must be concerned with this, too. Actually, this is in the fishermen's interest, too, but when you've taken as much buffeting as commercial fishermen have on the lakes, all the weather ahead probably looks stormy.

FRENCH POSITION

The key to President de Gaulle's statement of national isolation was in these words: France will not be diverted by the Moscow agreements from equipping herself with the means of immeasurable destruction possessed by the other powers.

Falling which, since the others have it, her own security and her own independence would never more belong to her. — Christian Science Monitor

all the time they work, watching everything that they do from the laying of the concrete foundation to the final smoothing off of the surface. The pieces of walk completed during the last few days have been carefully scrutinized and compared with other strips previously laid. Favorable criticisms have been passed on the recent work of contractors.

May Cronin plans to organize classes for instruction on the piano and guitar. Miss Cronin attended the Winona Seminary last year, devoting her attention exclusively to musical studies.

—Negaunee—There was a brief cessation from work at the Negaunee Mine Saturday afternoon. The employees gathered about the office and summoned Capt. Piper to appear. The captain was at first surprised and a little alarmed, fearing that the men had gone on strike and had come to make known their grievances, but this feeling was very quickly dispelled when one of their number stepped forward and in the name of his fellow employees presented Mr. Piper with an elegant gold ring, set with a sparkling two carat diamond. Mr. Piper has made a fine record at the mine and will soon be transferred to another town.

George T. Haupt has taken the agency for cream from the Bellevue Farm. The cream will be sold in pint and quart bottles.

ture being shown for the last times tonight in the Ishpeming Theatre, has a strong human interest appeal with picturesque southern settings lending atmospheric color and thrills and comedy interspersed to supply pleasing variety.

The allocation of \$250,033 to Marquette County as its share of the \$12,800,000 highway public works program granted to the state of Michigan by the federal government, it is believed, will be sufficient to bring about the completion of three projects favored by the Marquette County Road Commission.

—Negaunee—Two more cows were fatally injured on U.S. 41 near Negaunee early this morning, bringing the total number of cows killed by automobiles on the road this summer to four. "I have driven 5,000 miles and this is the finest camp in which I have stayed and the most obliging," James G. Taylor of Clyde, Alberta, Canada, said in recording his opinion of the Jackson Grove Tourist Park in Na-

More Than 150 Waterfalls In Upper Peninsula

By ARTHUR JUNTUNEN In Detroit Free Press

This is Michigan, the home of Big Splashes, where water roars, crashes, sprays and trickles over, through, under or around anything in its way — just to give us a place to cool our feet and commune with nature.

There are more than 150 "accredited" waterfalls in the Water Wonderland and maybe more, depending on where you quit counting — and all but one are in the Upper Peninsula.

Pleasant But Unimpressive How the picturesque 15-county Upper Peninsula won its unbreakable lease on tumbling waters no one knows, but the Lower Peninsula's single offering is pleasant but unimpressive. Ojibwa Falls, a small natural showpiece in Presque Isle County, some 15 miles west of Rogers City.

In the Upper Peninsula are the high and the mighty, beginning with thundering Tahquamenon, near Newberry, 70 miles northwest of the Straits of Mackinac.

Delicately Wispy Strand There also are the pristine, like Laughing Whitefish, which trips its gay way down shale steps in Alger County, the silvery shower of Sable Falls, near Grand Marais, also in Alger County, and a variety of action and patterns from Cascading Agate and Bond in Ontonagon County to meandering Manganese in Keweenaw and almost shy Munising Falls, a delicately wispy strand hanging over a cliff only 250 yards off M-94, near Munising.

Some of the other better known falls are the AuTrain, Horseshoe Rapids, Presque Isle and Eagle — and there are others, like Eoldote Falls on Ontonagon's Carp River, engulfed by wilderness, hard to reach, but worth the trouble.

Strange Names Names of falls are sometime mysterious, many getting their handles from imaginative Indians, early explorers or prospectors. There are Miners' and Tannery Falls Dam, Menominee River, S of Iron Mountain; Horse Race Rapids, Menominee River, N of Iron Mountain; Ford Dam, Menominee River, Kingsford, and Twin Falls Dam, Menominee River, N of Iron Mountain.

GOGBEC COUNTY — Maximize Falls, Tamarack R., NE of Watersmeet; Kababika, Cisco R., SE of Gogebic; Judson, Slate R., E of Marenisco; Yondota, Presque Isle R., N of Marenisco; Little Giant, NE of Marenisco; Carp, Traders, Trappers, Explorers, Presque, Manida, Hawadaha, Lagoo Rapids, Nokomis, Abinodji,

Falls like monstrous Tahquamenon, which comes in two pieces, upper and lower, and tumbles 48 feet, are easy to find and hard to forget.

The fascination that is a natural waterfall extends as well to the little, oft-heard-of falls, some only a stone's throw from main highways — in fact, there is no mural on a barroom wall that casts a spell quite like a babbling brook in the fastness of a forest.

A waterfall hunting expedition can run from a long weekend to a week or two — more time, more water — but it's best to pre-chart the course and decide roughly where you will seek nature before you leave home.

Most of the falls are located in the western half of the Upper Peninsula. Here is a list of the falls, by counties:

- ALGER COUNTY — Sable Falls, Grand Marais; Miners, Pictured Rocks; Tannery, Munising; Warner, M-94; Alger, M-28; AuTrain, M-28; Scott, M-28; Laughing Falls, M-28; Whitefish, M-28; 25 miles W of Munising (also Whitefish, Tenary); Rock River, M-28, Munising; Chapel River Falls, NE of Munising.
BARAGA COUNTY — Lower

Falls, West Branch, Letherly; West Branch, Huron River, M-35; Slate, M-35; Skanee; Silver Fall River, Miron, all near L'Anse; Plumbago, M-41, Alberta; Tibbets, Sturgeon River, M-28; Covington; Tioga and Tioga Gorge, M-28, NW of Nestoria; Prickett, Sturgeon River, S of L'Anse; Power Dam, US-41, S of L'Anse; Bacco, US-41, Alberta.

CHIPPEWA COUNTY — Soo Rapids, St. Mary's River, Sault Ste. Marie; Lower Tahquamenon, near Newberry.

DELTA COUNTY — Boney Dam, Escanaba River, M-35; Rapid River, off US-41, N of Rapid River; Chandler, SW of Gladstone; Haymeadow, E. of US-41, N of Rapid River; Hunters Brook, N of Escanaba to Cornell.

DICKINSON COUNTY — Powe Dam, Sturgeon River, NE of Loretto, US-2; Sturgeon Falls Dam, Menominee River, SW of Loretto; Piers Gorge, Menominee River, SW of Norway; Niagara Dam, Menominee River, US-141, S of Quinnesec; Fume Creek, off US-2, E. of Quinnesec; Hydraulic Falls Dam, Menominee River, S of Iron Mountain; Horse Race Rapids, Menominee River, N of Iron Mountain; Ford Dam, Menominee River, Kingsford, and Twin Falls Dam, Menominee River, N of Iron Mountain.

GOGBEC COUNTY — Maximize Falls, Tamarack R., NE of Watersmeet; Kababika, Cisco R., SE of Gogebic; Judson, Slate R., E of Marenisco; Yondota, Presque Isle R., N of Marenisco; Little Giant, NE of Marenisco; Carp, Traders, Trappers, Explorers, Presque, Manida, Hawadaha, Lagoo Rapids, Nokomis, Abinodji,

public; Morgan Creek, SW of Marquette; Carp R. Falls, W of Marquette; Reany R. Falls, NW of Marquette; Big Garlic, NW of Marquette; Yellow Dog, Slate Falls, NW of Marquette; Alder, NW of Marquette; Ives, Outlet Ives Lake, S of Big Bay; Mountain Stream, NW of Big Bay; Cliff Peshekee, W of Big Bay.

MENOMINEE COUNTY — Pevenne Falls, Menominee R., W of Carney; Quiver Falls, Menominee R., SW of Hermansville.

ONTONAGON COUNTY — Agate Falls, Middle Br., Ontonagon R., N of Agate; Bond, Middle Br., Ontonagon R., E of Paulding; Three Rivers, NE of Bruce's Crossing; Okundekun, Baltimore R., E of Bruce's Crossing; Victoria Dam, W. Br., Contonagon R., SW of Rockland; Irish Rapids, Grand Rapids, on Ontonagon R., NW of Rockland; Sandstone Rapids, Stranton Cr., N of Ewen; Flannigan Rapids, S. Br., Ontonagon R., N of Ewen; 18 Mile Rapids, S. Br., Ontonagon R., near Choate; Wolverine Falls, Cisco Br., W of Paulding; Derby, NE of Bergland; Cascade, W of Norwich; Hidden Falls, N of Bergland; Little Trap, Anderson Cr., N of Bergland; Little Union, Porcupine Mt. Park; Bonanza, Iron R., S of Silver City; Pewabek, Little Iron R., SW of Silver City; Eoldote, Carp R., Porcupine Mt. Park; Little Iron Falls, Porcupine Mt. Park; Minnewawa, Nimikon, on Presque Isle R., NW of Tula; Shining Cloud, Carp R., Porcupine Mt. Park.

(If you want exact locations of falls, write the chamber of commerce of the county seat nearest the area you are interested in, the Michigan Tourist Council advises.)

LUCE COUNTY — Upper Tahquamenon; NE of Newberry.

MARQUETTE COUNTY — Upper Falls, Chocoyac R., NW of Carlshead; Frohling, Silver Lead Creek, NE of Gwinin; Little Boney, Escanaba R., S of Gwinin; First Falls, Escanaba R., Gwinin; Second, Switzer, Jewell, on Escanaba R., NW of Princeton; Cataract, Escanaba, on Escanaba R., NW of Princeton; Warner, S of Negaunee; Ely, S of Ishpeming; White City, on Black River, S of Ishpeming; Black River Falls, SW of Ishpeming; Cape Creek, S of Re-

public; Trout Creek, SW of Re-

public; Morgan Creek, SW of Marquette; Carp R. Falls, W of Marquette; Reany R. Falls, NW of Marquette; Big Garlic, NW of Marquette; Yellow Dog, Slate Falls, NW of Marquette; Alder, NW of Marquette; Ives, Outlet Ives Lake, S of Big Bay; Mountain Stream, NW of Big Bay; Cliff Peshekee, W of Big Bay.

MENOMINEE COUNTY — Pevenne Falls, Menominee R., W of Carney; Quiver Falls, Menominee R., SW of Hermansville.

ONTONAGON COUNTY — Agate Falls, Middle Br., Ontonagon R., N of Agate; Bond, Middle Br., Ontonagon R., E of Paulding; Three Rivers, NE of Bruce's Crossing; Okundekun, Baltimore R., E of Bruce's Crossing; Victoria Dam, W. Br., Contonagon R., SW of Rockland; Irish Rapids, Grand Rapids, on Ontonagon R., NW of Rockland; Sandstone Rapids, Stranton Cr., N of Ewen; Flannigan Rapids, S. Test Ban Treaty Balancing Act

By JAMES MARLOW Associated Press News Analyst

WASHINGTON — A double edged blessing and a double pointing out of sins. That's the usual experience of a treaty when it reaches the Senate. It's happening now to President Kennedy's limited nuclear test-ban treaty with Russia.

He naturally endorsed it when he sent it to the Senate which has the task of approving or killing it. Some senators were immediate critics, with questions and misgivings, although they were outnumbered by those in favor.

Opponents Outnumbered Next came the blessing from top men in the Kennedy administration as they testified on the treaty at Senate hearings. Then those who had doubts, or were flatly opposed, had their say.

If the picture is beginning to look a little confused, that's usual. But the hearings now are almost two weeks old and those in favor, including 35 American Nobel Prize winners, outnumber the opponents.

It's probably a little annoying to the Kennedy administration, if not disturbing, that some of those who showed less than full enthusiasm or downright opposition were generalists.

But so far the testimony has been a balancing act. Rusk Leadoff Witness

Generals balanced generalists, the chairman of the Atomic Energy Commission balanced the testimony of a former chairman of the AEC and scientists balanced scientists.

Dean Rusk, secretary of state, led off for the administration. Being neither a scientist nor a military expert, he backed the treaty mainly from the position of foreign relations.

But he did give assurance that if the Russians tried to cheat on this treaty, which bans all tests except under ground, they'd be found out immediately.

Then Secretary of Defense Robert C. McNamara, with an impressive display of information, flatly said the United States is superior to the Russians in nuclear weapons and will remain that way, ban or no ban.

First Little Crack So far it was a solid front in favor. Then Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, along with the chiefs of the Army, Navy and Air Force, lined up behind the treaty. But then the first little crack showed.

Gen. Curtis LeMay, chief of staff of the Air Force, said he would have been against the treaty if it hadn't already been signed. This was hardly a hearty endorsement. Another high officer was even more sour.

Gen. Thomas S. Power, Strategic Air commander, was utterly opposed. Gen. Bernard A. Schriever, chief of military space development, said he could carry out his mission better without a treaty.

Former AEC Chairman Lewis L. Strauss expressed deep concern that the Russians will cheat, although Rusk and McNamara must have thought they had answered such concern.

Seaborg Disagrees With Strauss The present AEC chairman, Dr. Glenn T. Seaborg, a Nobel Prize winner, disagreed with Strauss. He was all in favor of the treaty as being in the best interests of the United States.

Then came the scientists on both sides. Two of them, Dr. Harold Brown and Dr. Norris E. Bradbury, supported the treaty. Brown is the Pentagon's chief scientist and director of defense and research engineering. Bradbury directs the Los Alamos scientific laboratory, which is chiefly engaged in weapons development.

But Dr. Edward Teller, often credited with being the father of the H-bomb and consistently against a test ban, was against this one. So was Dr. John S. Foster Jr., director of the Lawrence Radiation Laboratory at Berkeley, Calif. Dr. Willard F. Libby, a Nobel Prize winner and a former member of the AEC, reluctantly approved but expressed concern that American development of the peaceful uses of the atom might be hampered by the ban.

The longer the hearings go on, the longer the balancing act. In the end, the Senate will have to balance the whole business and decide whether to approve.

From the beginning it has seemed sure the Senate would approve. It still seems that way.

Lands Lifeguards

To the Editor: Now that the last tests are finished at Shiras Pool and school starts soon, we will all begin to pack away swim suits and beach towels for another year. But before curs are away and forgotten, I want to "tip my hat" to all the young men and women who did such a grand job as lifeguards at all our city pools.

It was a hot summer, and there were many times when these lifeguards had more kids to watch than most of us would care to. But still they all managed to be friendly with the youngsters and most helpful and courteous to the parents. Some of the guards have been at work at our pools for several years. Let's hope they will still want to come again.

The hours are long, the pay is not high and the responsibility is great, so the least we can do is to publicly thank them.

MRS. WALTER HACKETT 225 W. Michigan St. Marquette

Minimum Wage Proposal

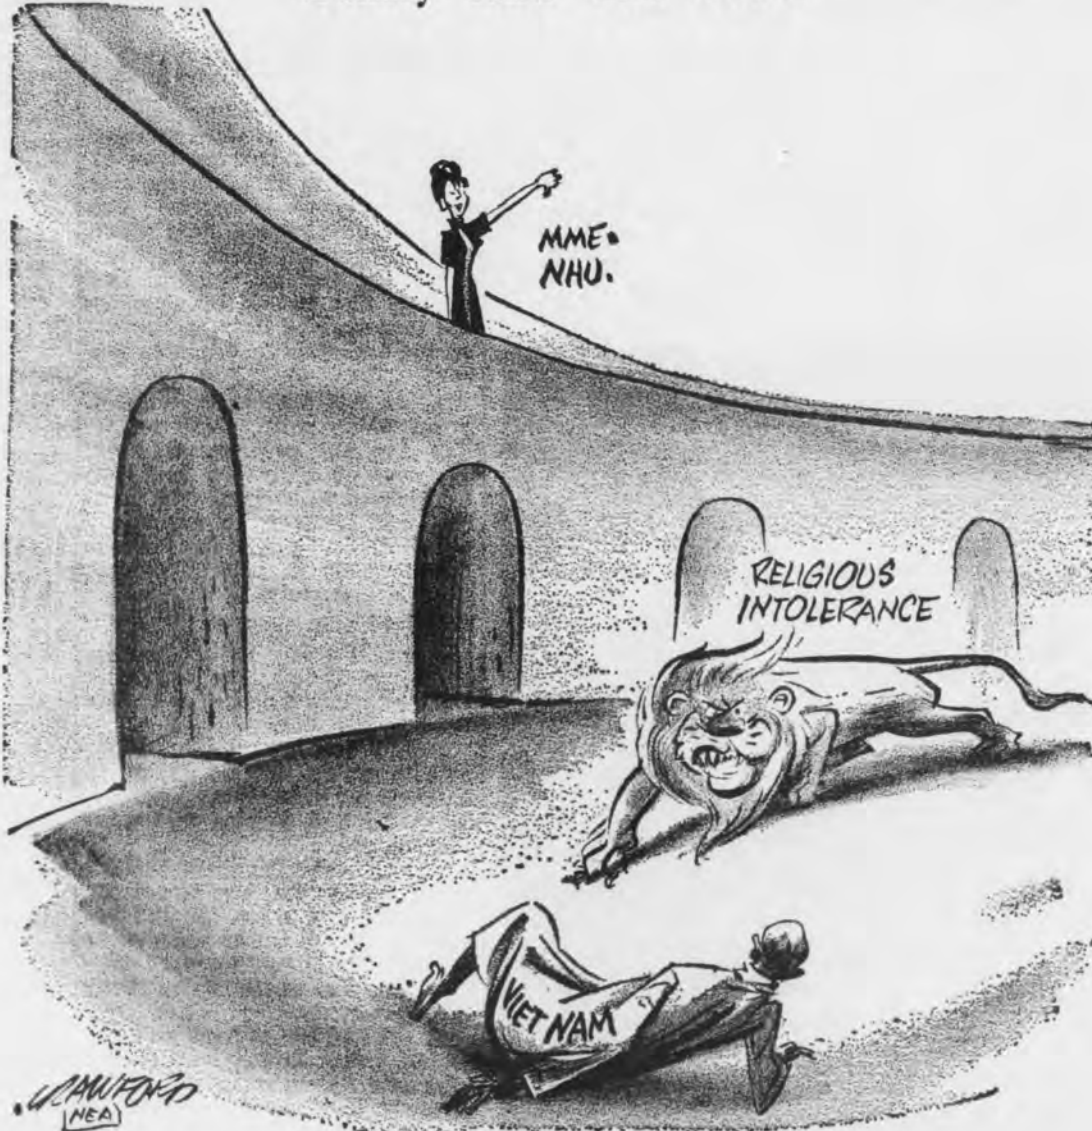

Dear Sir: I like most of the hotel personnel involved by the minimum wage proposal, have been content to remain silent far too long. I'm afraid we are too willing to let someone else do our fighting for us.

Contrary to the claims of those opposing the minimum wage act, bellhops, waitresses, hostesses, desk clerks, etc., do NOT make enough in tips to supplement the meager wages they are now receiving.

I personally would like to extend my thanks to Mrs. Furry, Mrs. Wolfgang and to the many other fine people behind the proposal and for their efforts in its behalf.

Beauty And The Beast

The National Whirligig News Behind The News

By ANDREW TULLY

WASHINGTON — As usual, Uncle Sam is having trouble doing business with Jawaharlal Nehru, the bundle of neuroses who dabbles in the role of Prime Minister

of India. Nehru keeps slapping our wrist every time we try to give him a handout.

Now Nehru is trying to waltz on an agreement to give the Voice of America relay facilities in Calcutta by saying he didn't know it was loaded. He wants Uncle Sam to hand over a \$2 million transmitter for Indian government use, but says he doesn't see how he can permit the V-A to use the facility three measly hours a day to relay programs to Southeast Asia.

At the State Department there is no inclination to let Nehru renege. The attitude here is that if Nehru wants the transmitter he'll have to live up to the agreement.

ROBERT L. CARTER

### Carter Wins Sawyer Base Airman Honor

Airman of the Month at K. I. Sawyer Air Force Base is Robert L. Carter, a roads and grounds specialist assigned to 56 CERRON.

In addition to his duty as a roads and grounds specialist Airman Carter is currently serving as an OJT instructor.

Carter has been in the Air Force almost eight years. He has been at Sawyer since March 1963.

Other tours of duty have taken him to Faine AFB, Wash., and Biltburg AFB, Germany.

Carter is married and he and his wife, Mary, have two children, Robert Jr. and Christy.

### Classification Under Draft Law Explained

Classification under the Selective Service Law was explained today by Paul A. Ameen, Ishpeming, chairman of the Marquette County Draft Board.

The county draft board's office is located in the Marquette Post Office Building.

Some time after he has registered, each man will receive from his local board a questionnaire. The answers provide the basic information which the local board will use to decide whether a man should be deferred or exempt, or whether he should be considered as available for induction for two years of service, Ameen noted.

Various Sources The local board also considers information from other sources such as employers, dependents, government agencies and other legitimate sources.

But fundamentally, the law imposes on the registrant the responsibility for keeping the local board informed of anything in his personal situation which might affect his classification, he added.

Every classification must be made on the basis of individual status. There are no group classifications.

None Permanent No classification is permanent, and in some cases, expiration dates are set. A man classified as available for service may find his individual situation so changed that the local board may defer him. And a man who is deferred or exempt may not remain in that class after the conditions on which the exemption or deferment is based cease to exist, Ameen added.

Determines State The classification assigned by the local board determines, basically, whether a man will enter service in his turn or remain temporarily in civilian life.

The local boards are made up of unpaid, volunteer citizens of the community. They may not be members of the military service, Ameen noted.

The local board may require a registrant to appear before it and has the authority to subpoena witnesses. Every registrant is required to submit to the board any information requested of him.

### FBI, Police Nab Suspect In Bribe Plot

DETROIT (AP)—Detroit police and FBI agents Friday arrested Harrison (Chink) Brown, 43, who had been sought for the past two months on a charge of conspiring with two other men to bribe a policeman.

Police said Brown, who was arrested as he left the home of a woman friend on the near west side, was named with Claude Williams and Tony Giacalone in a conspiracy warrant issued June 21.

Gambling Kingpin Brown and Williams have been described by police as numbers operators for Giacalone, who has been labeled a southeastern Michigan gambling kingpin by Detroit Police Commissioner George Edwards.

A second warrant charges Giacalone, Williams and James Frazitta with the "bribery" of Police Lt. James W. Thomas, who police said was planted on Giacalone's payroll.

Giacalone and Frazitta are currently free on bond. Williams is still sought.

### Details On Lynn St. Paving, Sewer, Curbing Work Given

Details on the paving, curbing and sewer work contemplated for the Lynn St. area were disclosed today by city officials.

A public hearing to determine the necessity of the public improvement project will be held at the next regular meeting of the city commission on Monday.

Improvements requested by the property owners consist primarily of constructing curbs as required, installing the gravel base and installing bituminous pavement on Lynn St. from Center to Waldo Sts., on Center St., from Lynn to Birch Sts., and on Birch, from Fair Ave. to Waldo.

However, before any of this work can be done, City Engineer M. J. Keranen said, a 24-inch storm sewer must be installed to accommodate the surface water runoff from the new Marquette High School area.

This storm sewer would start at a new manhole on Fair Ave., at Birch St., and proceed down from Birch St. to Waldo St., along Waldo to Lynn St., along Lynn to Center St., and along Center to Birch.

An outlet for this sewer would be provided from Center St., at Birch St., to discharge onto the vacant property north of Center, presently owned by Northern Michigan University.

Keranen said provision will be made for future extension of the sewer, along Center St., to Lincoln Ave., and north along Lincoln to connect to a proposed storm sewer to be installed by Northern on its property east of Lincoln.

To Replace Water Line He added another matter which warrants consideration is the replacement of the existing one-inch water line on Birch St., between Waldo and Fair, with a new six-inch main, which would connect to the existing six-inch mains at Fair and Waldo.

Plans call for the installation of the storm sewer, water mains, curbs and gravel base to be done during the current construction season and the bituminous paving

during the summer of 1964. Costs of the street preparation work are estimated by the engineer as follows: Earth excavation,

\$3,024; gravel base, \$4,050; base preparation, \$1,939, and moving power poles (city share), \$150. Total cost to the property owners would be \$9,193.

With a total front footage of 4,580.2, the unit cost would be \$2.04 per front foot.

Water Main Expenses Expenses in connection with the new water main will total \$3,240,

of which the property owners will be assessed \$2,655, with the city paying the balance of \$585. This includes 810 lineal feet of water main, \$2,040; gate valves and boxes, \$150; connection to main, \$150, and service taps, \$900.

Keranen said that in accordance with existing city policy, 25 percent of the cost of water main installation is a city cost and the

balance is assessed against benefited property.

Storm Sewer Estimated costs for the storm sewer are: Manholes, \$1,400; 380 lineal feet of eight-inch pipe, \$760; 1,960 lineal feet of 24-inch pipe, \$1,176, and 11 catch basins, \$1,650. Total estimated construction cost is \$15,570. The entire cost of the storm sewer construction is

paid for by the city, in accordance with existing policy.

Curbing construction is estimated to cost as follows: Birch, Waldo to Center, \$2,750.63; Lynn, Waldo to Center, \$2,991.74, and Center, Lynn to Birch, \$1,140.

Curbing would be assessed against the lot owners. There is a total of 3,460.2 front feet involved,

at a unit cost of \$1.99 per front foot.

Keranen said it is assumed that the property owners on Birch St., between Fair Ave. and Waldo St., will install their own curbing, and that the curbing on Birch and Lynn St., between Waldo and Center St., and on Center, between Waldo and Birch, will be installed by the city's contractor.

Sunday — Bible study 10 a.m. Worship 11 a.m. and 6:30 p.m.

## A MATTER OF LUCK

Jim didn't catch any fish today. Now, on the way home, he can't help casting an envious eye at Tim's haul. It isn't that he begrudges Tim his fish. It's just that, in his heart, he can't help wish that he had been the lucky one.

This is natural, and Jim is young. He's just beginning to learn that you can't always be a winner, but he still finds losing pretty hard to take in stride.

Fortunately, Jim is being given the advantage of Christian training in church during this all-important period in a boy's life when a sense of values is being formed. He is learning lessons which only the Church can give him.

True, Jim is envying a very small item — a string of fish. But envy and greed come to all of us on a larger scale many times throughout life. To meet this challenge squarely, it takes years of self-discipline. That is why religious training can never begin too early.

### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday Genesis 37:5-11	Monday Proverbs 23:12-18	Tuesday Mark 7:14-23	Wednesday Luke 12:13-21	Thursday I Corinthians 3:1-9	Friday Ephesians 5:1-5	Saturday I Peter 2:1-5

# Worship With The World In The Church Of Your Choice

# Dear Abby...

BY ABIGAIL VAN BUREN

DEAR ABBY: This is regarding that woman whose husband was unfaithful and then came crawling back to his wife with promises to "make it up to her." She asked you if she should let her husband share her bedroom again, and you replied with one word, "Yes." Are you crazy or something? Why should the wife take him back? I'd let him sleep out in the doghouse like the dirty dog that he is.

—they won't go far. Show your wife what a BUDGET looks like. And tell her how many 400-mile trips per year you can afford. Then let her pick the "occasions." When a husband lays down the law for valid reasons, his wife can only respect him for it.

DEAR PROUD: And then what would you have? A husband who's provided with an excuse to behave like a dog because he's treated like one. Don't build bridges where you can build fences.

DEAR ABBY: I would like to make a comment on that letter signed "A BUDDY'S BUDDY." My boy friend was stationed in Germany for two years. We were engaged before he went away. After dating other fellows, I sent my fiancé a "Dear John" letter — only it was a "Dear Ralph." I don't agree with Buddy. My promise was made in good faith. But promises are made to be broken, and I don't think it is right to string a guy along until he gets

DEAR ABBY: As a young father, married two years, I hope you'll print my gripe to show what a MAN thinks for once. I am struggling to pay rent, feed my family and keep up on my car expenses, plus a lot of incidental bills. We live 200 miles from my wife's relatives and are invited to every shower, birthday, wedding, anniversary and party they have. I can't make my wife understand that it takes gas, oil and tires to drive 400 miles every weekend, plus being expected to bring a gift. She refuses to realize this.

DEAR IRRITATED: If young people spend as they go

home.

Sincerely, DEE

DEAR DEE: Who said "promises are made to be broken"? Not in my book! And what kind of an "engagement" is it that permits the lady to date others? I still say if a girl has a change of heart when her fiancé is away in the service of his country, she should wait until he comes home to hit him with the news.

CONFIDENTIAL TO "BLUE BLOODS": Better "nouveau riche" than never rich. Tell your troubles to Abby. For

a personal, unpublished reply, please send a stamped, self-addressed envelope to Box 3365, Beverly Hills, Calif.

## Michigan Frog Wins Jumping Derby

HUNTSVILLE, Ont. — A frog named Anja hopped 30 feet in 22.6 seconds Thursday to win the annual Frog Jumping Derby at nearby Billie Bear Lodge.

Anja was entered by Mary Hamilton of Lansing, and beat out 31 other frogs.

The greyhound was not named for its color but for the Icelandic word "grey" which means "dog."

NEWSPAPER ENTERPRISE ASSN.

## ALLEY OOP

OH, FOR HEAVEN SALES, SO COOP'S A JUKE BOX HIT! IT'S JUST A PASSING FAD! WHY, NOBODY WILL EVEN REMEMBER IT IN THIRTY DAYS!

I WILL! I'LL REMEMBER IT.....

...AND YOU KNOW HOW I ASHORE VIOLENCE!

WHAT'S VIOLENCE GOT TO DO WITH IT?

VIOLENCE IS ALWAYS A FACTOR....

...WHEN BEI EXCEEDS THE SPECS!

— D.T. Howell

## WASH TUBBS

YES...OLAN'S SARDISTIC SEA CAPTAIN IS BULL DAWSON! WHY? YOU'VE HEARD OF HIM?

WE'VE MET...SEVERAL TIMES. I DON'T WISH TO ALARM YOU, BUT TO ADVISE YOUR BROTHER TO JUMP SHIP WHEN IT RETURNS TO PORT!

HIS LETTER FROM RIO HINTED THAT THE "ROSEBUD" MAY NEVER REACH NEW ORLEANS. WHAT COULD HE MEAN?

DUNNO. NO DOUBT HE'S OVERLY ALARMED! HERE'S A REPORT ON THE COUNTDOWN

3 MINUS 3 HOURS, 25 MINUTES, AND COUNTING...

FINE! NO HOLDS YET. LOTS O' JOBS ARE RIDING ON THAT BIRD TODAY!

YES, INCLUDING MINE, MAYBE! IT LIVES UP TO MCKEES CLAIMS. IT MAY COST ME MY JOB SOON!

## FRECKLES

EH? ARE YOU QUITE ALL RIGHT, MASTER MCGOOSEY?

NO, LIVE—MORE--

RIDING ON A BROKEN SPRING IS HABIT FORMING!

## BARNEY GOOLE

PAW! I THOUGHT YE WENT OFF TO PLAY CARDS WIF TH' FELLERS TONIGHT

I GOT HALFWAY THAR AN' DECIDED TO COME BACK HOME

TO SET WIF ME FER A CHANGE?

I DIDN'T HAVE NO CHANGE TO SET WIF THEM

## BLONDIE

I'M TAKING A SURVEY ON DOMESTIC RELATIONS

WHO IS THE BOSS IN YOUR HOUSE—YOU OR YOUR HUSBAND?

MY HUSBAND

ARE YOU HAPPY THAT WAY?

WHY, CERTAINLY

AS LONG AS HE DOES WHAT I TELL HIM

## LIL' ABNER

AH KNOWS TH' U.S. ARMY IS SHAKIN' HONKRY, BUT AH CAIN'T CHOP CHARLIE'S HAID OFF!

—AN' AH CAIN'T WRING HIS NECK!!

THEN, SMOTHER HIM TO DEATH!! THAT'S AN ORDER!!

Y-YASSUH!!—YAYO' WONT MIND THIS, CHARLIE!!—YOLL'DIE IN MAH LOVIN' ARMS!!

## RIP KIRBY

YOU'RE EDGERTON VAN CORTLAND THE THIRD, AREN'T YOU?

YES, MR. KIRBY, HOW DID YOU KNOW?

WE'LL GET TO THAT LATER. WHAT'S YOUR TROUBLE?

I'M RUINED! I'VE FALLEN INTO THE CLUTCHES OF A FRENCH INTRIGUE!

## STEVE CANYON

GENERAL PHILIPPE, MY PAPER ON MEXICO

AY-YAYO! IT'S GREAT!

OKAY, STEVE I'LL SEND FOR YOU WHEN WE'RE READY

YES, SIR...

AREN'T YOU GOING TO READ COL. CANYON'S MEXICAN ESSAY?

EVENTUALLY! I JUST WANTED TO SEE HOW LONG IT WAS AND HOW MUCH TIME IT TOOK TO WRITE

THE DECISIONS HE MUST MAKE WHEN HE IS ON THE JOB WILL BE FROM THE KNOWLEDGE HE HAS HAD SINCE HE WAS A KID.

NOT FROM THE AD FOR AN AIR LINE GOING TO ACAPULCO!

## BEN CASEY

I MEANT IT IN THERE, CASEY. I'M BEHIND ON THE PAYMENTS WE ALL OWE THIS CRAZY WORLD.

AND I'M GONNA MAKE THEM... EVEN THOUGH I'LL NEVER HAVE MUCH RESPECT FROM ANYBODY!

YOUR OWN... AND TOMMY'S... MAY BE ALL YOU NEED, MR. GOWBA.

THANKS, CASEY... EXCUSE ME, I MEAN DOCTOR CASEY... THANKS FOR EVERYTHING.

## HENRY

## BUGS BUNNY

ROAR

EE-YIPE!

Men Go For Salads And Dressings

By CECILY BROWNSTONE Associated Press Food Editor Who says American men don't go for tossed salad, they pale at even a mention of "crisp greens?"

"It's not true. Men do like tossed green salad if it's made with blue cheese dressing.

Many Versions Listen to a man when the waitress in a restaurant asks him the kind of dressing — French, Mayonnaise, or Blue Cheese — he'd like.

Creamy Smooth Blue Cheese Dressing 1 package (8 ounces) blue cheese 1/2 cup buttermilk 1/2 cup cultured sour cream 2 tablespoons cider vinegar 1/2 cup salad (not olive) oil 1/2 teaspoon salt 1/4 teaspoon white pepper

Bowerman-MacNeil

Photo by Mary Jayne's Studio

MUNISING — Mr. and Mrs. William Wesley Bowerman II, 207 W. Choccolay St., Munising, announce the wedding of their daughter, Mary Alice, to W. Bruce MacNeil, son of Mr. and Mrs. William Thomas MacNeil, 412 W. Superior St., Munising.

The wedding was performed in the Sacred Heart Church by the Rev. Ephraem Sikko before an altar decorated with white gladioli and assorted flowers.

The bride, given in marriage by her father, wore a gown of silk taffeta, fashioned with a scooped neckline and three-quarter length sleeves. Her bouffant skirt and fitted bodice was highlighted by embroidered lace, pearls and crystal.

The groom's mother wore a pink tweed dress with a matching jacket. A pink pillbox hat and accessories completed her ensemble.

To Reside In Two Rivers A wedding breakfast was served in LaMothe Hall, and 350 guests attended a reception held in the Community Building.

Out-Of-Town Guests The bride will teach second grade at the Andrew Jackson School in Mantowoc, and the groom will teach mathematics in the Washington High School, Two Rivers.

Orientation Confab Opens School Year

ISHPEMING — Final plans for the opening of Ishpeming High School Tuesday, Sept. 3, were outlined today by John R. Kivisto, principal.

All freshmen and new students will report in the school auditorium at 11 a. m. for an orientation meeting. All students are requested to take seats on the main floor.

All high school students will assemble in the auditorium at 1 p. m. During this meeting, upperclassmen will take their regular seats on the main floor, while freshmen and new students will take seats in the balcony.

Following the auditorium meeting, students will be assigned rooms in which to register and receive their class schedules. An abbreviated schedule of classes will be held immediately after registration and schedules will be issued.

The regular schedule of classes will begin Wednesday, Sept. 4. Students are reminded to report to the principal's office before the opening of school if schedule changes are sought.

All new students who did not attend Ishpeming High School last year should report to the principal's office to arrange schedules. Classes To Begin At 8:10

Teachers will begin a series of meetings at 9 a. m. Tuesday, Sept. 3.

Classes will begin at 8:10 a. m. for all students during the coming school year. Morning classes will be dismissed at 11:59 and will be resumed at 1:10 p. m. Afternoon classes will be dismissed at 3:03 and 4:01.

The high school again will operate on a seven-period-a-day schedule. Classes will be 55 minutes in length.

Mrs. Berg Dietitian At Hospital

L'ANSE — Baraga County Memorial Hospital has acquired the services of a part-time dietitian, Mrs. Dora Berg, to round out the dietary services to patients at the hospital.

Mrs. Berg was graduated from State University of Iowa with a BA degree in dietetics in 1946, and took her internship at Albany General Hospital, Albany, N. Y. In 1953, she acquired an MS degree in foods and nutrition from Purdue University in LaFayette, Ind.

Mrs. Berg has worked in small and large hospitals in Indiana, Texas and Maryland, including most recently the John Hopkins Hospital and University of Maryland in Baltimore. Her work experience has been in teaching dietetics to student nurses, therapeutic diet instruction and administration of dietary department of hospitals.

She will be working with Ontonagon Hospital and Baraga County Memorial Hospital and will make her home in L'Anse. She is a widow with two children, a girl, Martha, 7, and a boy, Ralph, 13.

Baraga County Memorial Hospital has now acquired its full complement of professional people to give as complete services to its patients as any hospital of this size has been able to offer.

Diane Westman One Of 10 State Bake-Off Winners

MINNEAPOLIS, Minn. — Miss Diane Westman, Bayshore Drive, L'Anse, is one of nine Michigan winners listed as semi-finalists in the Pillsbury Co.'s 15th Grand National Bake-Off.

Each state in the Union is represented by 10 semi-finalists and 10 each were selected from the District of Columbia, Puerto Rico and U. S. military posts abroad, making a total of 530 state winners who will receive awards in recognition of outstanding recipes entered in the annual contest.

Miss Westman was the only winner from Upper Michigan. After the final screening of entries, 100 of the state winners will be selected to compete in Beverly Hills, Calif., Sept. 15-17, for top baking honors and cash prizes.

George Washington had no middle name.

School Opens At Champion Sept. 4; Three New Teachers

CHAMPION — Three new teachers have been hired for 1963-64. Donald M. Uitto, superintendent of Champion-Humboldt Community Schools, announced today.

The school year will begin at the regular time Wednesday, Sept. 4, with the faculty meeting a day earlier.

Joining the teaching staff are: Roy H. Johnson, Negaunee, Northern Michigan University graduate who will teach fifth grade; he replaces Mrs. Lois Heikkila, who has been reassigned to teach English in high school. Johnson, who has had previous teaching and coaching experience in Sault Ste. Marie public schools, also will coach the junior varsity basketball team.

Mrs. Bertha Rantala, Michiganame, third grade teacher replacing Mrs. Marie DeGayer, who has accepted a position in Republic Township Schools. Mrs. Rantala has a bachelor's degree from Northern Michigan University and has taught in Manistique and Soo Township schools.

Mrs. Dolores Carriere, Champion, also an NNU graduate, who will teach social studies and foreign languages. Mrs. Heikkila and Mrs. Carriere replace Mr. and Mrs. Raymond Hjelt, who have accepted teaching positions in Lower Michigan.

Following is the list of 1963-64 school personnel: Administration — Donald M. Uitto, superintendent; William G. Koski, principal, and Mrs. Helen Pesola, secretary to superintendent.

Elementary — Mrs. Marcia Patton, kindergarten; Mrs. Edna Colladay, grade 1; Mrs. Donna Champion, grade 2; Mrs. Rantala, grade 3. Miss Elizabeth Bennett,

month dealing with economic development problems called by Orville Freeman, U. S. Secretary of Agriculture. He said: "With this ARA program, we can get just so far, and then we find we need technical assistance. I think we should send someone like Eric to represent us, who has already gone into this field and understands what we need and who knows how to present our problems to these people."

Response Encouraging A resolution calling for continuation of the ARA-sponsored school for cooks and bakers, passed by the board last month, brought letters of response and encouragement from U. S. Senator Phillip Hart, Congressman John B. Bennett, Congressman Carl Albert, Congressman and State Senator Charles O. McManiman, all of whom pledged their support.

Baraga Board Rejects Call For County Road Inquiry

L'ANSE — A move to launch an investigation of the county road commission threatened by Baraga Township Supervisor Robert P. Brown was voted down, 3-2, by the Baraga County Board of Supervisors at this month's meeting.

Brown, incensed over the commission's purchase of a Caterpillar front-end loader in preference to a Pettibone-Michigan loader which is manufactured in Baraga, threatened the probe at the Aug. 2 meeting of the commission.

Brown called the loader purchase "a flagrant disregard for the people's opinion" and sharply criticized road commissioners for purchasing the Cat machine "which was far in excess of the low bid."

The price of the Caterpillar demonstrator model purchased earlier this month was \$25,000, while the Pettibone quotation on a demonstrator Cary-Shovel was \$23,588.

Brown moved that the county board empower its roads and bridges committee to conduct a complete investigation of the road commission. Board Chairman Raymond J. Tembreull reminded Brown that the machines in question had been demonstrated before the decision was made, and added that on the basis of his own personal experience as a heavy equipment operator and on these demonstrations, he backed up the road commission 100 per cent in its choice of a machine.

'No Sense To It' — Falk Arvon Township Supervisor George Falk, also a member of the road and bridges committee, cut in with, "This is all so ridiculous. I am sure the board of road commissioners or the office staff object to an investigation. If anybody ever showed me that any member of the outfit ever pulled off anything unethical, I would be the first to call for his resignation, but I don't see any sense to this investigation idea."

At last month's meeting of the county board, Brown and Falk were involved in a violent argument over whether the road commission members should be instructed to buy a particular machine in preference to another.

Falk further explained his position by stating: "I didn't fight on the strength of any particular machine. If the road commissioners decided to buy a Pettibone loader, that's okay with me. As a board appointed them to do a job for us — and they get little enough pay for doing it. I am satisfied that

"Our problems are all about the same," he said, "and I am sure that some of the ones we are facing now have been solved already by one of the other groups, and vice versa. We should get our heads together over economic problems in the same way that we have cooperated with one another in forming the four-county health department."

Tembreull also proposed that Dr. Eric A. Bourdo Jr., chairman of the county planning commission, be sent to a meeting in Duluth next

School Opens At Champion Sept. 4; Three New Teachers

grade 4; Roy Johnson, grade 5, and Bryan Ogea, grade 6.

Secondary — Mrs. Rosemary Kutchie, home economics and English; Rudolph Kero, industrial arts; John Eskela, guidance and math; Clarence Thomas, geography and science; Ronald Patron, instrumental music; Mrs. Dolores Carriere, social studies and foreign language; Mrs. Lois Heikkila, English and library; Fred Boddy, physical education and science; William Koski, business education, and Donald Uitto, social science.

Bus drivers — Herman Kulju and James Derocha. Hot lunch — Mrs. Elsa Oman, cook, and Mrs. Iva Scott, assistant. Custodians — Mrs. Clara Pepin and Eugene LaCosse.

School board — Reino Linne, president; Clarence Belanger, secretary; Lauri Lappi, treasurer; William O. Hampton, William E. Oja, Robert Pekuri and Everett Waisanen, trustees.

The kindergarten class will be held in the afternoon as in previous years. Children are to report Thursday, Sept. 5.

On Wednesday morning, high school students will report to the study hall for a general meeting after which they will go to their "home rooms" to complete schedules and enrollment forms.

School will be dismissed at noon for the remainder of the day. Faculty meetings will be held in the afternoon to complete the enrollment procedure.

Parents are reminded that the hot lunch program will begin Thursday, Sept. 5, with the prices the same as last year.

Downstate Post Taken By Tassone

ISHPEMING — Salvatore P. (Chip) Tassone, August graduate of Northern Michigan University, has accepted the position of speech instructor at Crosswell Lexington Community Schools in downstate Crosswell.

Tassone, former sports announcer at WLUC-TV, is the son of Mr. and Mrs. Bruno Tassone, 162 Bluff St., Ishpeming. He received a Bachelor of Arts degree at Northern with a major in speech.

He is currently employed as a speech instructor at Crosswell Lexington Community Schools in downstate Crosswell.

Colorful Seagulls Adorn Ship's Bow

VANCOUVER (AP) — The bulk freighter Brissac of the Fred Olsen line of Norway drew crowds of waterfront watchers when she arrived to load packages of lumber for U. S. Atlantic ports.

The Brissac carries a wild splash of color welded on her bow, the reproduction of an abstract design by French artist Renaud Arnold.

The artist was commissioned to produce something signifying movement of flight. His design, executed in seven bright colors, is to give the feeling of seagulls in flight.

Brisac's deck crew has a full-time job keeping the artpiece shining.

Scientists To Study Stream Sources On Marquette Range

WASHINGTON (AP)—Michigan-made infrared light equipment to help scientists learn where streams get their water soon will be tested in Upper Michigan, the Interior Department said Thursday.

Preliminary tests have been completed in the Maumee River basin in Ohio on the technique of using infrared photographic equipment mounted in airplanes. Further studies are planned soon in Michigan's Marquette Iron Range.

"Perfect infrared mapping of ground water inflows (to surface streams) would represent a major advancement in the field of hydrological research, said Frank E. Clarke, chief of the general hydrology branch of the Geological Survey.

The infrared principle of ground water detection is relatively simple, officials said, although the instruments involved are complex.

Invisible heat waves radiating from the water's surface can be detected to a fraction of a degree by infrared sensors. Scientists know that underground water temperatures are more uniform than surface water temperatures—tending to be considerably higher than stream temperatures in winter and lower in summer.

Differences Detected Infrared photographic film and temperature scanners detect these differences and reveal points where ground water of a different temperature flows into a stream. Scanning equipment manufactured by Lear Siegler Corp. of Ann Arbor is being used. Air-

Driver Hurt In Smashup On U.S. 41

ISHPEMING — Two vehicles were damaged and a motorist was injured in a smashup at 12:15 this morning on U.S. 41, 20 feet west of County Road CKM and five miles west of Ishpeming, in Ely Township.

State police from the Marquette post said a car being driven east on U.S. 41 by George H. Peterson, 36, of 130 Vine St., Ishpeming, collided with an automobile operated by Lester E. Hendrickson, 21, Box 69, Republic.

Hendrickson suffered an abrasion on his scalp and sought his own treatment. Officers said the mishap occurred when Hendrickson began making a left turn as Peterson was passing him. Conflicting stories were given as to whether Hendrickson had his car's directional signals operating, they added.

The rear end of Hendrickson's 1957 four-door sedan and the front end of Peterson's 1962 station wagon were extensively damaged. Both vehicles were towed from the scene by wreckers.

Scientists To Study Stream Sources On Marquette Range

WASHINGTON (AP)—Michigan-made infrared light equipment to help scientists learn where streams get their water soon will be tested in Upper Michigan, the Interior Department said Thursday.

Preliminary tests have been completed in the Maumee River basin in Ohio on the technique of using infrared photographic equipment mounted in airplanes. Further studies are planned soon in Michigan's Marquette Iron Range.

Baraga Board Rejects Call For County Road Inquiry

L'ANSE — A move to launch an investigation of the county road commission threatened by Baraga Township Supervisor Robert P. Brown was voted down, 3-2, by the Baraga County Board of Supervisors at this month's meeting.

Brown, incensed over the commission's purchase of a Caterpillar front-end loader in preference to a Pettibone-Michigan loader which is manufactured in Baraga, threatened the probe at the Aug. 2 meeting of the commission.

Brown called the loader purchase "a flagrant disregard for the people's opinion" and sharply criticized road commissioners for purchasing the Cat machine "which was far in excess of the low bid."

The price of the Caterpillar demonstrator model purchased earlier this month was \$25,000, while the Pettibone quotation on a demonstrator Cary-Shovel was \$23,588.

Brown moved that the county board empower its roads and bridges committee to conduct a complete investigation of the road commission. Board Chairman Raymond J. Tembreull reminded Brown that the machines in question had been demonstrated before the decision was made, and added that on the basis of his own personal experience as a heavy equipment operator and on these demonstrations, he backed up the road commission 100 per cent in its choice of a machine.

'No Sense To It' — Falk Arvon Township Supervisor George Falk, also a member of the road and bridges committee, cut in with, "This is all so ridiculous. I am sure the board of road commissioners or the office staff object to an investigation. If anybody ever showed me that any member of the outfit ever pulled off anything unethical, I would be the first to call for his resignation, but I don't see any sense to this investigation idea."

At last month's meeting of the county board, Brown and Falk were involved in a violent argument over whether the road commission members should be instructed to buy a particular machine in preference to another.

Falk further explained his position by stating: "I didn't fight on the strength of any particular machine. If the road commissioners decided to buy a Pettibone loader, that's okay with me. As a board appointed them to do a job for us — and they get little enough pay for doing it. I am satisfied that

# Rock River Schools Open On Sept. 3

EBEN — Rock River Township schools will open Tuesday, Sept. 3, with abbreviated class sessions during the forenoon and faculty meetings in the afternoon.

Although the school lunch program will not get under way until Wednesday, Sept. 4, students are asked to buy their lunch tickets on opening day. No change in the price is anticipated.

Bus schedules and routes remain unchanged. The bus driven by Eino Hautamaki will take the east route first on Tuesday morning, and the August Anderson bus will begin its south route at the Toivo Luoma farm.

Parents of kindergarten children are encouraged to accompany the children on Tuesday, at which time the class will be divided into morning and afternoon sections. Parents also are reminded that a statement pertaining to required immunization must be on file in the school office for each child enrolling in school for the first time.

Student insurance again will be available and enrollment forms will be distributed on opening day.

# Barbecue Sunday For Bay Cliff

AUTRAIN — A chicken barbecue for the benefit of the Bay Cliff Health Camp fund will be held Sunday on the grounds of St. Theresa Church in AuTrain. The public is invited.

Serving will begin at noon and continue until 7 p.m., according to Mike Bouth, chairman of a special committee of the Alger County Crippled Children's Society which is seeking to raise \$2,500 to meet this county's quota for Bay Cliff's operation this year.

The society received \$175 from an outdoor lunch held Monday on the parking lot of the Red Owl supermarket here.

# 'New Look' Given Eben High School

EBEN — Students and teachers of Eben High School will find their building decidedly different when they return on opening day, Sept. 3.

An extensive renovating program during the summer has given the interior of the school a completely new look. Walls have been patched and painted, and the hardwood floors have undergone a thorough stripping and sanding. The most significant improvement, however, has been in the science room where a new ceiling and new lights, a remodeled chemistry table, and wall cabinets with sliding doors await science students and teachers.

Still another major summer project was the installation of new windows on the east wall of the building.

The summer's improvements have brought to completion most of the work outlined by the board of education more than three years ago. During that period all of the classrooms except the shop have had new ceilings and new lighting installed; the steam heating system has been zoned to give each room individual temperature control; more than 60 wood-sash windows have been replaced with glass block and aluminum ventilators; and new exterior doors have been installed at the front and rear entrances of the building.

Another major project, not included in the board's original planning but undertaken when recommended by fire-safety officials, involved installation of a new fire-alarm system, fire walls and doors to separate the three floor levels in the building, and the construction of a second exit for the shop and for the science lab.

The building, erected of stone from a local quarry 48 years ago, will house about 200 students during the coming school year, while the adjacent elementary school, which was completed less than three years ago, will have approximately 225 pupils.

The Rock River Township teaching staff will be returning intact for the coming year. The only changes among employees include a new school secretary and a janitor-bus driver.

Miss Sharon Johnson of Chatham will take over the secretarial position held by Mrs. Art Haapala during the past four years, and Len Salminen has accepted the bus driving and custodial tasks formerly attended to by Bernie Hill.

# Registration Set At Phelps School

ISHPEMING — The office of the C. L. Phelps Intermediate School will be open all next week. All pupils who plan to attend the sixth, seventh or eighth grades of the Ishpeming public schools and were not enrolled here last year are requested to enroll before the opening date of the school year.

Students are asked to have available their report cards, promotion cards and any other records from the school last attended.

# One-Time Ski Champ Visits Hall of Fame

"We came a long way to see the United States Ski Hall of Fame, but it was worth it," Mr. and Mrs. Charles H. Broomhall, North Conway, N.H., shown with their son, Charles, 11, declared in Ishpeming. Broomhall, 1940 national combined ski champion, is a coach at high school in North Conway. Picture was taken upstairs in ski museum. — (Mining Journal photo.)

## Trenary

Mr. and Mrs. Albert Teulier returned to Saginaw after visiting Mr. and Mrs. George Harris.

Miss Lois Cady, Denver, Colo., is a guest at the home of Mr. and Mrs. Leslie Cady.

Dr. and Mrs. Martin Waananen and children have left for Pullman, Wash., after visiting Mrs. Kalle Waananen. Dr. Waananen returned recently with his family from Helsinki, Finland, where he taught for a year.

Mr. and Mrs. William Hytinen and daughter, Mrs. Reino Lintula, and children are spending the weekend in Milwaukee with Mr. and Mrs. Ray Skiba.

Mr. and Mrs. Ralph Schrader and family of Sandusky were overnight guests at the John Ober-

## Services For Toivo Pesola At 3 Monday

ISHPEMING — Services for Toivo J. Pesola, 57, 316 S. Fourth St., who drowned when he fell from a boat Thursday evening, will be held at 3 p. m. Monday in the Bethel Lutheran Church. The Rev. Frederick Van Hals will officiate and burial will be made in Northland Memory Gardens.

Funeral services will be held at 11:30 p. m. Monday in the Bethel Lutheran Church. The Rev. Frederick Van Hals will officiate and burial will be made in Northland Memory Gardens.

Friends may call at the Jackson Funeral Home beginning Sunday afternoon at 2. The body will be taken to the church at 11 Monday morning.

Mr. Pesola was born in Ishpeming April 7, 1906, and attended Ishpeming schools. He lived in Finland from 1913 to 1920. He was employed by Cleveland-Cliffs Iron Co. for 31 years, most recently at the Cliffs Shaft Mine. He was a member of Bethel Lutheran Church.

Survivors are his wife, Astrid; two sons, John and Kenneth at home; two sisters, Mrs. Fannie Many of Negaunee, and Mrs. Lauri Mustama of Black River, and three brothers, Walter of Portsmouth, N.H., William of Detroit and Arne of Negaunee.

## Kindergarten Registration August 26-30

L'ANSE-BARAGA — Kindergarten registrations will be conducted all next week (Aug. 26-30) at both L'Anse and Baraga schools from 9 a. m. until 4 p. m. in the offices of the superintendents.

In addition to kindergarten registration, any families who have moved into either school district since the close of school in June are requested to call at the superintendent's office to have all their school-age children registered before the new school year gets under way.

According to state law, children must be at least five years of age on or before Dec. 1 to be eligible for enrollment in September. Parents are asked to bring the child's birth certificate and a complete record of his childhood illnesses and immunizations to the school when they come in to register.

Recent legislation requires that all children being enrolled in a Michigan school for the first time must submit either a physician's statement that he has been immunized against smallpox, diphtheria, tetanus, pertussis and polio, or a statement signed by his parent or guardian that he has not received such immunization because of religious or other personal convictions, or a signed request that the local health department administer the necessary protective injections.

## 32 Girls Back From Scout Camp

NEGAUNEE — Camp Fire Girls from Negaunee have completed their summer camp program with the final group returning this week from Camp Wikweia, Mrs. Sid Neumann, local Camp Fire Council president, announced today.

Thirty-two girls attended the final session at Camp Wikweia, which is located on the shore of Clear Lake eight miles from Shingleton in the Hiawatha National Forest. The camp is operated by the Sault Ste. Marie Camp Fire Girls Council.

Camp activities include swimming, hiking, overnight camps, archery, handicraft and nature lore. The Negaunee Council contributed to each camper's fee, making the program available to each girl with a minimum of a year's membership in Camp Fire.

Girls attending Camp Wikweia included Kathy Baldini, Jane Merrick, Kandace Norris, Carol Pascoe, Janice Hooper, Patti Kratz, Mary Sundell, Mary White, Barbara Johnson, Bonnie Johnson, Catherine Juciel, Jane Pellow, Mary Polini, Kathleen Langlois, Francis Connors, Peggy Hill, Peggy Hult, Sharon Jandron, Kathy Marra, Pauline Marta, Peggy Neumann, Pamela Darling, Caroline DeGabriele, Colleen Grandlund, Diane Kevern, Joan Kurin, Sharon Morris, Jill Neely, Lois Roti, Arlene Salmio, Kathy Waters and Joan White.

He is survived by his wife, Audrey; two sons David and Michael, a daughter, Janette, all at home; two sisters, Mrs. Blair Pemble of St. Ignace and Mrs. Lawrence Curtis of Battle Creek, and two brothers, George of Fontana, Calif., and Lawrence of Belleville, Mich.

The body was taken to the Bowman-Hallifax Funeral Home. Funeral arrangements are incomplete.

## Resident Of Munising 50 Years Dies

MUNISING — Mrs. Blanche Pawlowski, 71, East Munising, died at 7:15 p. m. Friday in Newberry. She had been in ill health 30 days.

Mrs. Pawlowski was born Dec. 2, 1912, in Poland, and had resided in Munising for 50 years. She was a Gold Star Mother.

She is survived by four sons, Stanley, Joseph and Chester of Munising and John of Niles; five daughters, Mrs. Sylvester Carlson and Mrs. Thomas Johnson of Munising, Mrs. Robert Baldwin of Grosse Isle, Mrs. Theodore Schuck of Lansing and Mrs. Sophie Miller of California; 20 grandchildren and three great-grandchildren.

The body was taken to the Bowman-Hallifax Funeral Home, where friends may call from 10 a. m. to 1 p. m. Sunday. Services will be held at 9 a. m. Monday in Sacred Heart Church, with the Rev. Emil Beyer officiating. Interment will be made in Maple Grove Cemetery.

The parish Rosary will be recited at 8 p. m. Sunday at the funeral home.

## Redecorated Library Open In Munising

MUNISING — The Munising school public library, located in Mather High School, has been opened after being completely redecorated and rededicated.

It was enlarged by opening the former second grade room to it. Acoustic ceilings have been added and the walls have been painted an off-white and a soft green.

More bookcases and study tables will be added, according to William T. MacNeil, Superintendent.

The new work and storage room has been made by enclosing a portion of a hall alcove a few steps away from the library. Such a new storage room enables the library to save more back issues of magazines. All magazines in the past have been saved for a year and a half and important ones for longer periods.

"It is hoped that the public will make more use of the library than in the past," MacNeil said. "After school starts, the library is open to the public all hours of the school day except for the librarian's lunch hour and one work period. As has been the custom for several years, the library will continue to be open Thursday evenings from 7 to 8:30."

During the summer, the library is open two afternoons and one evening each week.

This week, the session are being held at Lake Junaluska Assembly. IFYE alumni convene each year to discuss means by which they can continue to contribute to better understanding among the people of the world.

Laakso, who was an IFYE delegate to Finland in 1954 from Michigan, is among nearly 400 alumni from all over the United States who are attending.

## Oscar Ranta, Retired CCI Worker, Dies

PALMER — Oscar E. Ranta, 58, died unexpectedly in his home here at 11:30 yesterday morning. He was born Dec. 10, 1904, in Ishpeming and moved to Palmer as an infant, living here most of his life. He formerly was a blacksmith at the Tilden Mine, retiring three years ago because of poor health.

He is survived by his wife, Viola; a daughter, Mrs. Ralph (Lily) Shaeffer of Chicago; a son, Ronald, Los Angeles, Calif.; one granddaughter; a brother, Lauri of Rock; five sisters, Mrs. Victor (Mary) Siltala and Mrs. Victor (Aili) Johnson of Negaunee, Mrs. Mayme Maki of National Mine, Mrs. Reino (Lilian) Leivo of Palmer and Mrs. Onni (Pearl) Hanka of Negaunee; an aunt, Mrs. Mary Tania of Negaunee, and several nieces and nephews.

Services will be held at 1:30 Monday afternoon in the Perala Funeral Home, with the Rev. Frederick Vanhala, pastor of the Concordia Lutheran Church of Palmer, officiating. Burial will be made in Northland Memory Gardens.

Palbearers, all nephews, will be Randolph Johnson, Melvin Leivo, Richard Hanka, Donald Ranta, James Ranta and Robert Maki. Friends may call at the funeral home beginning at 2 tomorrow afternoon.

## Laakso Attends Meeting In N.C.

CHATHAM — Norman Laakso of Chatham is attending the 12th annual convention of the International Farm Youth Exchange Alumni Association of the United States at Lake Junaluska, N.C.,

# Public Budget Hearing In Negaunee Sept. 26

NEGAUNEE — Thursday night, Sept. 26, has been designated by the Negaunee City Council as the date for a public hearing on the 1964 municipal budget.

Council members set the date for the hearing, required by the city charter, after receiving the final draft of the proposed budget from Manager Leonard Harris at a special meeting this week.

Charter provisions require that the manager present the budget to the council not later than Sept. 1 of each year. The final budget draft was the result of a series of informal meetings held by the council and manager during the past month after Harris presented councilmen with a preliminary draft of anticipated revenues and proposed expenditures in mid-July.

# Mathew Furlott, 40, World War II Vet, Dies At Work; Director Of Silver Echoes

MUNISING — Mathew Furlott, 40, of 214 Hickory St., died suddenly at 8:20 this morning while at work in the Munising Kimberly-Clark Corp. mill.

He was born Dec. 22, 1922, in St. Ignace and had resided in Munising since 1938. He was a veteran of World War II, during which he served with the United States Army Artillery in Europe.

He was a member of the American Legion and drill sergeant of the Legion drill team. He also was director of the Silver Echoes Drum and Bugle Corps.

Mr. Furlott was employed in the service operations division of the Munising Paper Co. the past eight years. Prior to that, he was employed for 13 years by the Atlas Plywood Corp.

He is survived by his wife, Au-

# Work Started On Road Job

LANSING — Work has started on an \$803,786 project to modernize almost eight miles of M-95 near the Marquette County community of Republic.

The contractor on the project is the Bacco Construction Co. of Iron Mountain, which submitted the lowest of six bids on the job in July.

State Highway Commissioner John C. Mackie has named Jeano Campana project engineer on the job. Completion date for the job is July 31, 1965.

The body was taken to the Bowman-Hallifax Funeral Home, where friends may call from 10 a. m. to 1 p. m. Sunday. Services will be held at 9 a. m. Monday in Sacred Heart Church, with the Rev. Emil Beyer officiating. Interment will be made in Maple Grove Cemetery.

## Picketing Continues

PALMER — A picket line set up Friday by Local 94 of the Sheet Metal and Tinners Union was continued at the Empire mine and pelletizing plant construction project today.

A representative of the local explained that the reason for the picketing was not a dispute with Local 783 of the Iron Workers Union, but was a strike against one of the companies engaged in construction work there. The company, he explained, "is not awarding work in the right fields."

Most of the approximately 1,500 persons working on the huge construction project are observing the picket line, the SMT union representative said, adding that "cooperation is about 95 per cent."

## IN APPRECIATION

We wish to express our heartfelt thanks and sincere appreciation to our many relatives, friends, and neighbors for their many acts of kindness during our recent bereavement, caused by the death of our wife, mother and sister, Mrs. Anna Mae Marra.

It is our desire to thank Father Lawrence Link, Bjork & Zhuklie Funeral Home, those who drove and donated cars, the mailbearers, those who sent spiritual bouquets, flowers, cards and donations, the ladies who served lunch or helped in any other way. Their many acts of kindness will ever be remembered.

IRON ST. NEGAUNEE

Mayor Dorste Roos announced that copies of the budget are on file at the city clerk's office and may be procured by interested citizens. If there are no objections at the public hearing, approval will be given to the budget.

Councilmen at the special meeting ratified a contract awarded by the manager to Service & Supply Division of Lake Shore, Inc., for a solenoid-operated oil switch controller at a cost of \$1,842, received and ordered filed the budget summary expense report for July, and accepted communications from Charles W. Ruhanen, city engineer, and S. A. Grzenda, representative for the State, County and Municipal Employees Union.

# Obituary

NEGAUNEE — Services for Walter J. Warren, who died Thursday morning in Bell Memorial Hospital, will be held at 2 p. m. Monday in the Mitchell Methodist Church. The Rev. Byron Hatch, pastor, and the Rev. Paul Holmstrom, pastor of the Bethany Lutheran Church, will officiate and burial will be made in Negaunee Cemetery.

Palbearers will be Walfred Luoma, Geno Valente, Paul Goodman, Emil Hoff, Charles Sunne and William Finkbeiner.

The body is at the Koskey Funeral Home, where friends may call after 2 p. m. tomorrow. The body will be taken to the church at 11 p. m. Monday.

## Tigers Make Merry After Double Win From A's; Dressen Likes Pitching

DETROIT (AP)—"This isn't exactly a pennant party," grinned General Manager Jim Campbell to his guests at 15 minutes after midnight this morning, "but . . ."

But — for one night anyway, the Tigers did play like pennant winners.

They massacred the Kansas City Athletics 17-2 and 6-2 in a two-night doubleheader Friday night, collected a bundle of extra base hits and got complete game pitching from Frank Lary and Phil Regan.

Reclaimed Seventh

After the merrymaking, the Tigers had reclaimed seventh place by two games over the A's.

The Tigers piled up their most runs in two years and their largest margin in at least five romping through the opener. Lary fired a six-hitter in winning his third game since returning from exile in the minors. That's one more victory than he had last season when his shoulder was bad all year.

Regan recorded his seventh victory in eight decisions since Charlie Dressen became manager June 18. And he pitched his second complete game in the nightcap in 19 starts.

The Tigers scored in 10 of their 16 turns at bat in the twinbill.

Cash Bashes Two

Norm Cash cracked two homers in the opener and drove in four runs. He had two singles in the nightcap and drove in another run.

All 10 of the Tigers who played in the opener had at least one hit and nine of them contributed a run batted in.

The Tigers banged out 27 hits in the two games, 10 for extra bases with Don Wert and Dick McAuliffe also hitting homers.

What Dressen liked most was his pitching, the department he

## Big Wins In AL Play Of Friday

(By the Associated Press)

No race, but a lot of running. That was it in the American League Friday night as Detroit, Baltimore and Los Angeles scored runs like they were going out of style while the New York Yankees routinely added another length to their already commanding lead.

**Hit Like Mad**

The Tigers battered Kansas City 17-2 and 6-2, the Orioles clouted Minnesota 14-4 and 6-2, and the Angels smothered Washington 17-0. Meanwhile the Yankees pushed 11 games ahead with a 7-2 victory over their nearest challenger, the Chicago White Sox.

In the AL's other game, Lu Clinton's 13th-inning homer gave Boston a 3-2 decision over Cleveland, pinning a tough loss on Pedro Ramos.

Baltimore broke loose for 30 hits against Minnesota and climbed over the Twins into third place, only two percentage points behind the White Sox.

## American Classic

Water hazard mirrors the successful attempt of the Maxwell, Las Vegas, Nev., to chip to the green during play of the \$50,000 American Golf Classic at Akron, Ohio. Arrow indicates position of ball in flight. (NEA Telephoto.)

## Woody's Wins Opening Game At Crystal

CRYSTAL FALLS—Some 3,000 spectators watched Woody's Bar of Ishpeming defeat the highly regarded Al & Sal's of Iron River last night in the opener of the Regional Class A Softball Tournament.

The game, predicted to be a near-perfect match between extremely tough teams, ended the ninth inning in a 4-4 tie. The tie was snapped and the contest won with a Poisier home run in the tenth.

Pitching phenomenon Werner Meyer took the loss, and Gallagher took the loss.

**Joe's Wins, Too!**

Marquette Joe's Bar took a game from Neegaunee Copper Country Dairy, 2-1 in the second tilt of the tourney, with a Nevada homer making the difference. Jack Stone of Joe's added the win to his record, and Melka took the loss.

Today's schedule began at noon, with the heavily favored Canadian Soo Carling's team facing Neegaunee MULIC. A total of seven games will make up today's action, and will be followed by a full schedule tomorrow with the championship game taking place at 7 p.m.

## Shots From The Stands

Further notes regarding the non-support by Marquette citizenry of the recreational programs for the children of the city, discussed in a previous column on this page.

It has been learned that the American Legion program in Marquette finished the season with a sizeable deficit, which exceeds two hundred dollars.

It should be pointed out that the American Legion program is supported only in part by the Legionnaires themselves; this is as it should be, aside from the fact that the treasury of no local organization could possibly stand the entire expense of any one program of this magnitude.

The difference between Legion support and the total expense of operation in a program of this sort is theoretically to be made up by public contribution, but the theory soon loses value when put into practice . . . in Marquette, anyway.

It was previously mentioned here that on one occasion, contributions from 200 spectators at a Legion game failed to average more than a dime per onlooker. More specifically, it should be stated that the major portion of the paltry total collected was given by some 12 Legionnaires who happened to be present.

It's therefore conceivable that some spectators did not contribute anything at all when the hat was passed, other than their admittedly valuable cheering . . . if they opened their mouths at all.

The fellow who pretty much runs the Legion baseball program is a father who does not have a single child participating in the program. He devoted several hundred hours this summer to the raising of funds, supervision of the program itself and the million details of importance in operating the whole thing.

Yet, at the end of the season, he is forced to report to the Legion that a deficit of some magnitude exists, leading some Legion members to comment that perhaps admission should be charged each season.

It is possible that this step would cut down the attendance at Legion games . . . but it would seem that the program could do without those who come to watch, and yell, but who can't find any reason why they should pay for the entertainment in some small way.

This is a relatively small aspect of the matter though, inasmuch as the Legion baseball program is not set up to entertain spectators, primarily. It may come as a surprise to some local residents to learn that the reason for the program is the youth engaged in it . . . not the onlooker. This youth is involved in a sport which will give him enjoyment and pleasure, but which also teaches him sportsmanship and the value of teamwork in the process . . . both benefits of a high order of importance these days.

The Legion baseball program is not a day school, to which youngsters can be sent to get them off the hands of tired parents, although some apparently feel that this is the sole reason for the program's existence.

It is a valuable and indispensable adjunct to the raising of children, and complements the efforts of the parents admirably in contributing aspects of learning and enjoyment that cannot be given to the youngsters in the home.

When will the parents realize that the kids get out of any such program only what the adults put into it? No answer expected now . . . next year will be soon enough.

Napoleon III was the last monarch to rule France.

## Chisox Plans Ruined By Sneaky Yanks

NEW YORK (AP)—The trouble with those Yankees, you can't trust 'em.

Al Lopez, the ever-optimistic manager of the Chicago White Sox had it all neatly planned.

His team was going to beat Ralph Houk's league leaders four straight right here at Yankee Stadium. The sweep would trim the Yankees' first place margin over the Sox from 10 to six games.

**Churn Stomach**

"Wouldn't that make Houk's stomach churn, though," chortled Lopez. "Now wouldn't it?"

It all sounded fine except for one thing: You can't trust the Yankees. They nipped Al's well-intended plans in the bud in their very first encounter, beating the White Sox Friday night, 7-2 and now lead Chicago by 11 games.

Things went all right for Lopez and the Sox for four innings. Chicago scored a run in the third against Jim Bouton and Hoyt Wilhelm with his baffling knuckleball held the Yankees hitless.

But hits by Joe Pepton, Elston Howard, Hector Lopez and Phil Linz gave the Yankees two runs in the fifth and, after the White Sox had tied the score in the sixth, the Yankees came back with a run in their half of the inning on a double by Bobby Richardson and a single by Pepton to regain the lead 3-2. With Jim Brosnan on the mound in the seventh, the Yankees tallied four times to put the game beyond reach.

## Ryder Cup Man Leads In Classic

AKRON, Ohio (AP) — Johnny Pott shot a two-under-par 68 Friday to take the early second-round lead with a five-under-par 135 for 36 holes in the \$50,000 American Golf Classic.

Pott, a 27-year-old member of the United States Ryder Cup team, started the day in a tie for the lead with Julius Boros and Miller Barber. All three had 67's Thursday over the par 35-35-70 Firestone Country Club course.

## Exhibition Play Slated In Ishpeming

ISHPEMING — An Ishpeming nine will face Herb's & Mary's of Michigan in an exhibition baseball game tomorrow at the Ishpeming playgrounds at 2 p.m.

Both the Ishpeming and Michigan teams have discussed plans for joining the Lake Superior League next year.

## Experience Wins Oldtimers Give Lesson In Pro-Am

MIDLAND (AP) — Two golfing oldtimers-Grand Rapids pro John Barnum and his amateur partner, Harold Brink-gave the youngsters a lesson and captured their second straight Michigan Pro-Am championship Friday.

The 52-year-old veterans shot a best-ball score of 63-66-64-193, 23 under par, on the 6,431 yard Midland Country Club course. They finished three strokes in front of first round leaders Al Watrous and Hunter McDonald.

**Fired At Midway Point**

Watrous, 28-year-old Birmingham pro, and his Scottish immigrant partner, were leading by one stroke midway through Friday's second round when the two Grand Rapids veterans caught fire.

Barnum's 35-foot uphill putt on the 476-yard, par-five 16th hole gave him an eagle and pretty well sewed up the tournament for the Barnum-Brink team.

Barnum who's been playing golf since he was 11, grabbed \$300 for the victory. Watrous won \$250.

Six strokes behind the winners were Glenn Stuart and Dick Matusch of Grand Rapids (64-68-67-199) and Bill Markham and Ron Stelter of Saginaw (67-68-64-199).

## Tigers Sign Pitt Player

DETROIT — The Detroit Tigers have announced the signing of Al Ricciuti, shortstop and 1963 captain of the University of Pittsburgh baseball team, to a 1964 contract.

A 6 foot 3 inch, 185-pound right-handed hitter with excellent speed and range, Ricciuti hit for averages of .447, .392 and .387 in his three seasons of intercollegiate competition and was named Pitt's most valuable player. He was also voted shortstop on the District 2, N. C. A. A., all-star team for the 1963 season.

Ricciuti, 21, a native of Vestaburg, Pa., was scouted and sought by several major league clubs before signing with the Tiger organization.

He will report for spring training and assignment at Tigertown, Lakeland, Fla., next February.

## Packers Try For 8th Win Over Bears

MILWAUKEE (AP) — The Green Bay Packers, tuning up for defense of their National Football League title, met the resurgent Chicago Bears in a preview of the regular season opener tonight in the 14th annual Midwest Shrine Classic.

A sellout crowd of more than 44,000 is assured for the exhibition at County Stadium.

**Packers Favored**

The Packers, a strong favorite to win a third straight NFL championship, will be seeking their eighth straight victory, including exhibitions, against the Bears. The two clubs launch their regular season play at Green Bay Sept. 15.

Upset by the college All-Stars, 20-17 early this month, the Packers have rebounded with a 27-7 victory over the Pittsburgh Steelers and a 31-10 romp over Dallas last Saturday.

The Bears, who won five of their last six league games last season, downed the New York Giants, 17-7 and the Washington Redskins, 28-26.

## Movie Star? Clay Doesn't Accept Liston Fight Terms

LOUISVILLE, Ky. (AP) — If Sonny Liston wants to get close to Cassius Clay anytime soon it looks like he'll have to go to the movies. Clay says there are ideas for a film on him but there are no plans for a title fight with the heavyweight champion.

Negotiations for a bout between the Louisville Lip and Liston "have completely broken down," said Clay's manager, Bill Faversham. "That includes plans for 1964 as well as this year."

Faversham said Tuesday the group backing Clay found Liston's terms for a fight next year unacceptable, particularly one which would have kept Clay out of action until a title bout in mid-April. The money terms also were unsatisfactory.

There was no comment from Liston's camp in Philadelphia.

Faversham said there will be no fight between Liston and I until the money is right.

Declaring that he was "the star of the show and the talk of the world," Clay said, "they were offering me just 22 1/2 per cent of the whole thing."

**Doesn't Need Liston**

"If my money is not right I will never fight him because I don't need him," Clay said.

He said various motion picture firms had expressed interest in doing a film of his life story and that he expects to know more in about a week.

Faversham said the group backing Clay has decided to have him fight sometime this year, probably in late October or early November.

He said offers have been received for matches against heavy-

# Spartans Hampered This Year By Weight, Experience Losses; Daugherty Grim About Chances

EAST LANSING (AP)—"Never on Sunday" rule isn't being followed by Duffy Daugherty this year.

Daugherty, starting his 10th season as Michigan State football coach, says things are going to be so rough this fall that Sunday will have to be a regular working day.

The call has gone out to a squad of 75 spartan footballers to report ready to start working early and hard.

Sunday, Sept. 1, will be the first working day with full drills scheduled.

**Sounds Grim**

The usually smiling Scotch-Irishman sounds grim this year.

"We'll go into the season with the fewest players of demonstrated Big Ten quality since I've been head coach," he explained. "We have a lot of problems to solve—and we've got to find some answers fast."

"And look at that schedule," Daugherty complained.

The second game of the season will be with Rose Bowl winner Southern California. Later on the Spartans take on Wisconsin, rated second in the nation in the Associated Press poll and the loser in the battle of roses.

The Spartans start out against North Carolina, a home game on Sept. 28. Then they fly to the coast to meet Southern Cal at Los Angeles and after that they will have the traditional battle with Michigan, at Ann Arbor this year.

Additional Big Ten opponents will be Indiana, Northwestern, Wisconsin, Purdue and Illinois. Notre Dame is the other non-conference foe.

**Large To Small**

Telling his troubles again, Daugherty said MSU will go from

the largest to probably the smallest of the regular backs go over 200 pounds.

"Almost all of our regular linemen are gone," he said. "We'll have to settle on a quarterback, build our kicking and passing game, find some power runners to spell our little backs and fill many holes."

"It will be a big job," sighed Daugherty. "We're going to have to try to offset superior depth and talent possessed by many of our opponents with extra effort and hustle."

The squad of 75 men will include 32 sophomores, 25 juniors and only 17 seniors. There are 19 returning letter-winners.

Quarterback is again the big headache. Leading candidate is Dick Proebstle, who lettered in 1961 as a sophomore but was knocked out of action by injuries last fall.

Steve Juday, his sophomore understudy, has shown some good passing but has yet to be tested in competition other than practice.

**Speed In Backfield**

There will be sprightly speed in the lightweight backfield.

Best among the backs is figured to be Sherman Lewis, who averaged better than six yards a carry last year. Lewis was out for track this spring, however, and will have to learn again to run with football shoes.

Ron Rubick, another small, fast back and the pride of his Upper Peninsula of Manistowic, was knocked out by a knee injury during the Spring but says he is ready to go again. Rubick also had better than six yards a carry last fall.

Daugherty says he will have the smallest fullback in the Big Ten in Dewey Lincoln, 5-8 and 185

are the best of the experienced linemen coming back.

Daugherty had a 5-4 season last year and stayed in the first division — fifth place — in the Big Ten.

## Bluebeard Spahn Wins 16th, Shaving Dodger NL Lead To 5 1/2 Games

(By the Associated Press)

Graybeard Warren Spahn, suddenly turning into a bluebeard against Los Angeles, has taken another step toward his 13th 20-victory season while shaving the Dodgers' National League lead to 5 1/2 games.

Given home run support by Eddie Mathews and Hank Aaron, the 42-year-old Milwaukee left-hander posted victory No. 16 Friday night, scattering nine hits in a 6-1 triumph over the Dodgers.

Time was when Spahn got a paid vacation when the Braves meet the Dodgers. He went into the season with an 18-34 record against his worst tormentors, but has developed into a Dodger killer with a 4-0 record against the front-runners this year.

Second-place St. Louis gained a game with a 4-1 decision over Houston behind Bob Gibson's five-hitter.

Third-place San Francisco closed to within 8 1/2 as Chuck Hiller and Tom Haller connected for homers and Willie Mays lashed a double and triple in an 11-3 victory over Cincinnati and 18-game winner Jim Maloney.

Fourth-place Philadelphia, only 7 1/2 back, defeated Pittsburgh, 4-2 and the Chicago Cubs snapped a three-game losing streak by edging the New York Mets 6-5.

For a while at Los Angeles, it looked like father and son night, with Spahn making his 601st ma-

## Legion Game At Trenary Is Cancelled

Due to the decision to award the Neegaunee American Legion baseball team the league championship title, the Marquette-Trenary Legion game originally scheduled for tomorrow afternoon at Trenary has been cancelled. The American Legion baseball season is therefore completed.

The 10-round middleweight bout will be nationally televised over the ABC network at 9 p.m. EST and will be the last Saturday night TV fight from the famed Eighth Avenue arena. When boxing returns to the Garden in October, the TV bout of the week will be back on a Friday night basis.

Rivero has knocked out 35 opponents while compiling an overall record of 38-7-1. He has been working out the last week under the watchful eye of Rocky Grazi-

## Pampas Pounder Fights Tonight In TV Program

NEW YORK (AP)—A power-puncher from the land of the Pampas, Juan (Rocky) Rivero of Argentina, tests his wallop tonight against ever dangerous Jose Gonzalez of Puerto Rico at Madison Square Garden.

The 10-round middleweight bout will be nationally televised over the ABC network at 9 p.m. EST and will be the last Saturday night TV fight from the famed Eighth Avenue arena. When boxing returns to the Garden in October, the TV bout of the week will be back on a Friday night basis.

Rivero has knocked out 35 opponents while compiling an overall record of 38-7-1. He has been working out the last week under the watchful eye of Rocky Grazi-

This is one of the doughnut-shaped waterfowl pools, with an island in the center, that has been constructed in the Portage Marsh at Escanaba, one of the best waterfowl hunting areas in the

### 100 Waterfowl Pools Under Construction In U.P. Marsh

Construction of 100 waterfowl pools in Portage Marsh in Delta County by the Michigan Conservation Department with aid from the Accelerated Public Works program is about two-thirds completed, reports Joseph Vogt, Escanaba, district game supervisor.

Building of the ponds was started under a contract by Henry Depuydt of Danforth on Aug. 3. Thus far about five acres of open water have been created in the big marsh by the construction of 62 pools.

**Two Types Of Pools**  
The pools are of two types. One is doughnut shaped, with an island in the center. These pools are about 100 feet across, with the water area about 35 feet wide and the island about the same diameter. Twenty-one of these pools have been constructed so far.

The other type is rectangular, 30x75 feet. Most of the Portage pools will be of this type as they are easier to build. Both types of pools provide water from 2.5 to 3 feet deep.

**Blasting Ruled Out**  
The work will be finished next week, said Vogt. It is possible to use bulldozers, he said, because of the unusual circumstances of firm sand bottom in the marsh, which permits movement of heavy equipment without necessity of mats to support it. Blasting has not been used in pond creation because of the proximity of the marsh to the City of Escanaba. The low water in Little Bay de Noc facilitates the work, as it has stimulated the growth of bullrushes, sedges and other marsh growths.

The Accelerated Public Works program is paying for half the work and the other half is being financed from game funds provided by hunting license fees.

Vogt said that the last of the pool work would be near the tip of the Portage Peninsula. Most of the pools have been created on the west side of the marsh and in its back bay area. Vogt said that the tip area of the Portage Peninsula would be brushed to establish lush vegetation for a goose pasture. There are about a dozen Canada geese in the marsh now and "lots of ducks." Michigan has had a good hatch of ducks this year, said Vogt, and there are hundreds of black ducks, mallards and teal in Portage Marsh.

The additional open water in the marsh created by the current work should make it more attractive to waterfowl and help to keep ducks in the area longer, said Vogt.

### Peninsula Outdoor Calendar

- AUG. 24-25 — 23rd annual AKC licensed hare trial, Ishpeming Beagle Club.
- AUG. 25 — Upper Peninsula skeet shoot, Marquette.
- AUG. 31-SEPT. 1 — 26th annual Archery Association championships, Marquette.
- AUG. 31-SEPT. 1 — 26th annual AKC licensed hare trial, Lake Superior Beagle Club, Chassell.
- SEPT. 1 — Upper Peninsula trap shoot, Channing.
- SEPT. 1-3 — Alex Van Luven bear hunt, Brimley.
- SEPT. 7-8 — 13th annual AKC licensed hare trial, Gogebic Range Beagle Club, Ironwood.
- SEPT. 7-8 — Michigan Bear Hunters Association private bear hunt, Melstrand.
- SEPT. 7-8 — Upper Peninsula skeet and trap championships, Munising.
- SEPT. 8 — General trout fishing season closes.
- SEPT. 14-15 — Second annual AKC licensed hare trial, Cherryland Beagle Club, Traverse City.
- SEPT. 14-15 — Upper Peninsula skeet championship, Negaunee.

**NOTES ON WAGGING**  
The dog wags his "tail" but the human wags his "stern." An otter wags his "pole," a rabbit his "scut," a fox his "brush" and a deer his "single."

**USEFUL PURPOSE FOUND**  
The skins of rats are used to make pocket books and tobacco pouches.

**SPORTSMAN'S DIGEST** By Hal Sharp

ADD INTEREST TO STREAMERS

IF FISH DISREGARD A CORRECTLY TROLLED STREAMER OR BUCKTAIL, ADD A SHORT DROPPER TO YOUR LEADER AND TIE ON A NYMPH OR WET FLY SO IT MOVES JUST AHEAD OF STREAMER, ADDING TO ITS INTEREST. TROLL IT IN SHORT SPURTS TO IMITATE A MINNOW CHASING AN INSECT.

A TINY SINGLE-OR DOUBLE-BLADED INDIAN SPINNER, TIED BY TO ABOVE STREAMER, IS USED THE SAME WAY.

COLORFUL SALMON AND STEEL-HEAD PATTERNS ARE GOOD FOR ALL GAME FISH. TRY THEM FOR ANOTHER VARIETY OF USUAL STREAMERS FAIL.

PLUG OR BASS BUG TRICK

HEAVY LEADER

"DANCE" LURE ON WATER

AT DAWN OR DUSK, DURING HOT WEATHER, BASS MOVE TOWARD SHORE'S SHALLOWS TO FEED—OFTEN BESIDE FALLEN TREES, BRUSH, OR REEDS. IF REPEATED CASTS DON'T MAKE FISH STRIKE, TRY THIS:

CAST BEYOND AN OVERHANGING SMALL LIMB SO LINE DRAPES OVER THE LIMB. THEN RETRIEVE SURFACE LURE UNTIL IT BEGINS TO CLIMB OUT OF THE WATER. NOW LET THE LURE DANGLE FROM THE LIMB, AND "DANCE" IT ON THE WATER. USE A LEADER TESTING 15 LBS. OR MORE TO "SHUR" HIM WITH ROD HIGH SO A STRIKING FISH JURUSHES OUT INTO THE OPEN.

### 'Sportsman's Digest' Creator Combines Business, Pleasure

Few hunting and fishing addicts are able to combine their love of the great outdoors with the tedious business of earning a living. Yet sometimes one of these sportsmen does manage to find a way to enjoy both at the same time. Such a one is Hal Sharp. Hal (it's difficult to address this friendly Ozark-reared outdoorsman by any name more formal) is the artist-writer whose popular "Sportsman's Digest" appears in The Mining Journal and many other newspapers throughout the country.

### U.S. Forest In U.P. Sets Camp Record

By JEAN WORTH  
Journal Special Correspondence  
Hiawatha National Forest campgrounds have had an increase in use this summer to an all-time record, says Sherwood Trotter, Escanaba, supervisor of the forest.

"It is particularly noticeable in the St. Ignace area," he said. "Second to that has been the heavy demand — and occasional turn-away of campers — from the campgrounds adjacent to Federal Forest Highway 13 in Delta, Schoolcraft and Alger Counties.

**Five Weather Credits**  
"Most of the campers found the Upper Peninsula for the first time this year and they all say that they are coming back. We found many came from Ohio and Indiana, which rank behind Lower Michigan in supplying campers for our forests, but they're right in there.

"We think that undoubtedly the fine weather of this summer was a major factor in the increase. Camp Area Expanded  
"Fortunately, our camp area was expanded in size to the point that almost everyone could find a place in which to camp.

"Two of the older campgrounds along I-75 (between St. Ignace and Sault Ste. Marie) were enlarged last year. Each now has over 50 camping sites, having been increased from 10 each last year. Operating At Capacity  
"Since the middle of July they have been operating at capacity, and neither camp is well-situated on the highway yet; you almost have to be a detective to find them.

"Local businesses adjacent to the camping areas have reported an overall increase in their summer business."

Trotter said that reports from the forest's campgrounds showed no clear concentration of campers in the eastern end of the forest adjacent to I-75 and the Sault Ste. Marie — St. Ignace tunnel into Canada. There still is a serious shortage of camping facilities in the area between St. Ignace and Escanaba along U. S. 2.

"We find people camped along the highway in this area every night," said Trotter. "On the other hand, if you go up to M-26 west of the Sault there are campgrounds in the forest which have vacancies every night. Such places include Soldier's Lake, Monocle Lake and Three Lakes campgrounds.

"In the Forest Highway 13 area (more than 100 miles west of St. Ignace) we are still having an overflow camper condition. We have lots of campgrounds there but not enough yet to accommodate all the people who want to camp there.

"We plan enlargement and re-habilitation of some of these campgrounds before next camping season."

The Forest Service plans to continue the practice of furnishing space between each camping unit. Within each area there will be toilet facilities and water supply. Each individual camping site will have a parking spur approximately 40 feet long and 12 wide, a picnic table and a fire grate.

"We have found that the general camper enjoys the distance between himself and his neighbor in our forest campgrounds. This also helps to protect the area from overuse. With this spacing the area maintains its natural characteristics."

The Hiawatha National Forest has over 800,000 acres between Escanaba and Sault Ste. Marie. It is formally designated and developed camping areas can handle about 3,500 people. This summer it has accommodated about an equal number outside the developed areas.

"Entitled 'The Fascinating World of Insects,' the new booklet is available free through the department's publications room in Lansing.

Well-illustrated with drawings, the 16-page publication gives an inside look into the life and habits of insects, explaining their development from eggs to adults, their variety of sizes, shapes and colors, what happens to them during the winter and other notes of interest.

### Ancient Wood Found In U.P.

This piece of hardwood, believed to date to pre-glacial times, was found imbedded in clay that was located under nine feet of gravel in Mackinac County. The wood was found by Neely Schnurer of Manistique while working on a construction project west of St. Ignace. He turned it over to Carlton Hollister, superintendent of the Wyman Nursery at Manistique, who has sent it to the University of Michigan for a carbon test to determine the age of the wood piece, which measures about eight inches in length and two inches in thickness. The compact clay in which the wood was found acted as a preservative.

### Bear Population High In U.P.; First Early Season Opens Sept. 1

A high population of bears awaits Upper Peninsula hunters who will open the first of two special early brun seasons a week from tomorrow.

The first season, from Sept. 1 to Sept. 15, will be unchanged from last year. But the second season, from Oct. 1 to Nov. 3, inclusive, will be two days shorter than in 1962. This is because the firearms deer season in the western two-thirds of the Upper Peninsula will open this year on Nov. 9, and in order to discourage hunters from carrying firearms into the woods during the five-day "quiet" period preceding the deer season start, the Nov. 3 closing date was ordered.

**Keeweenaw County Closed**  
The archery bear season, however, will again extend from Oct. 1 to Nov. 5, inclusive.

Keeweenaw County again will be closed to bear hunting during both early firearms seasons and during the archery season.

Hunters seeking bear in the early seasons must have a 1962 or 1963 small game license and must purchase a \$2 bear stamp, which is to be pasted on the reverse side of the small game license and validated with the hunter's signature. Last year an even 200 bear stamps were sold in the Upper Peninsula, continuing the steady decline since bear stamps first were required in 1959. In that year 322 stamps were sold above the Straits. The total dropped to 313 in 1960 and to 269 in 1961.

**Dogs Permitted**  
The use of dogs to hunt bear is permitted in both early firearms seasons.

The bag limit remains at one bear per hunter per year.

Communities and townships throughout the Upper Peninsula have posted a number of garbage dumps against bear shooting, and hunters have been asked to observe these local restrictions.

**PANDA'S FEATURES**  
The panda has the face of a raccoon, feet like a cat and body similar to that of the bear.

### Sizzling Sideline Issue In Deer Debate Set Off By U.P. Senator

By JIM McKENNA  
In Grand Rapids Press  
The antlerless deer season authorized recently by the conservation commission has developed a sizzling sideline issue. It's name is State Sen. Charles O. McManiman.

### Transfer Of Walleyes To Lake Independence Opposed By Biologist

A district fisheries supervisor favors a halt to walleye transfers into Lake Independence and a program of releasing yellow perch in the lake instead to improve the walleye fishery.

"This year's look at first glance like a 'haul hay to the deer' proposal," said Clifford F. Long, Escanaba, district fisheries supervisor for the conservation department, "but in this case the perch, besides providing food for walleyes, would exert an influence toward restoring the balance between the species, and they themselves could provide a fishery in Lake Independence."

**Costly Operation**  
Long bases his opinion primarily on two facts:

1. All information collected to date indicates there already is an abundance of walleyes in Lake Independence but that they suffer from a very slow growth rate.

2. Transferring walleyes from the Iron River, which flows from Lake Independence at Big Bay to Lake Superior, is costly and would not bring the desired results anyway.

In support of his contention, Long cited a survey made on Lake Independence last June. Five experimental shallow trap nets were fished there a total of 11 net nights and yielded a catch of 219 walleyes ranging in length from 11.3 to 23.2 inches. The latter was a fish that was 14 years old.

**'Slow Growth Characteristic'**  
Walleyes led all other species in the number of fish netted. In addition to walleyes, there were 87 perch measuring from 7.1 to 13.3 inches, 87 suckers (not measured, but all large), 43 northern pike from 15.3 to 37.5 inches and five rock bass from 8.3 to 10.6 inches.

Walleyes beginning their fifth summer on the lake ranged from 11.5 to 14.4 inches long, for an average length of 13 inches. The state average for walleyes of this age is 17.2 inches. "Slow growth is characteristic of all walleye age classes in Lake Independence," Long said.

**Transfers Undertaken In Past**  
"There seems to be a preponderance of predatory species in the lake which keeps the forage species cropped off pretty closely. Though there are excellent spawning grounds for northern pike, this species has not multiplied to such an extent that they have become overabundant. Perhaps survival of their young on the spawning grounds is influenced by perch and rock bass, etc., which would frequent such areas. The walleyes are reported to spawn in the inlet stream, the Yellow Dog river, where, presumably, predation would not be so great. Whatever the reason, there seems no lack of recruitment of young walleyes in the population, and their growth is so slow that they are in their fifth summer in the lake before they reach legal size.

Long said walleye transfers to Lake Independence from the Iron River have been attempted a number of times in the past, "and in no instance have we considered the operation a success either in numbers of fish transferred or in its contribution to the fishery in the lake."

**Average \$15 Per Fish**  
Between 1939 and 1949 walleyes were transferred in five different years. Long said the number ranged from four in 1939 to 129 in 1940 and that the estimated cost was a whopping \$15 per fish. In 1953 the conservation department used a trap net in the river and

transferred 131 walleyes at a cost of \$3.61 per fish. And this year the U. S. Fish and Wildlife Service, which operates a sea lamprey weir on the Iron River, agreed to measure and tag the walleyes taken in the weir and turn them over to a department employee for transfer into the lake. But except on May 2 and 3, when 13 and 14 walleyes were taken, respectively, the maximum daily catch was only four walleyes.

Long said that if the slow growth rate of walleyes "is due to an imbalance between the walleye population and their food supply, as we suspect, the transfer of large numbers of walleyes could conceivably aggravate the situation and further retard growth rates."

**\$400 Raised For Peninsula Goose Fund**  
More than \$400 has been collected, more than enough to replace the 14 young wingclipped geese which were killed by poachers after they were planted near Paradise in the Upper Peninsula to establish a new resident flock of wild Canadas.

James L. Rouman, Lansing, executive secretary of Michigan United Conservation Clubs, which launched a campaign among its affiliated clubs to replace the loss, said the fund will be continued to finance establishment of another wild flock in the Upper Peninsula, wherever game men suggest.

Meanwhile, Gerald McClure of Dowstate, Mason, federal game warden, said two Lower Peninsula men are facing prosecution in federal court in Grand Rapids on charges of killing 11 geese (he has evidence to support the 11). Bennie Long of Paradise has been prosecuted and fined for participating in the killing of the planted birds, but leads on the other two men had been slim.

"It was a long, uphill pull but we have found people who admitted receiving some of the geese, and have statements from them," said McClure.

### Trout Fishing Reported Good In Bois Creek

Brown and rainbow trout fishing is picking up on the Dead River Basin, with best catches being taken from the Bois Creek and at the mouth of the creek in water 30 or more feet deep, according to the conservation department's weekly report on fishing conditions in the central Upper Peninsula.

Some rainbows also were being taken from springholes in the AuTrain Basin. Brook trout fishing in lakes south of Republic also was reported picking up.

**Warm Water Fishing**  
Fair catches of bass were made in the AuTrain Basin, Moccasin, Straits and Perch Lakes.

Trotting deep (about 25 to 30 feet) on Lake Michigamme for walleyes was producing good results. Walleyes also were being caught on AuTrain Lake, Silver Lake (north of Rumely) and 16-Mile Lake in Alger County.

The AuTrain Basin was producing good sunfish, bluegill and jumbo perch catches. Perch fishing continued good in AuTrain Lake also.

### Pink Salmon Data Sought In Superior

Some Michigan fishermen may unexpectedly come up with a pink salmon in their creeks during this fall's extended trout season in Lake Superior streams. If they do, conservation department field personnel would like to hear about it.

The department is cooperating with other state and federal agencies to collect information on runs of pink (humpback) salmon which are expected to follow their odd-year cycle of spawning runs in tributaries of Lake Superior this September and October.

With the help of sportsmen, the agencies hope to learn whether this salt-water species has adapted itself to a new home in Lake Superior. During recent years, there have been growing signs that pink salmon are reproducing and extending their range in these waters.

Only last May a 13-inch "humpback" was taken at the mouth of the Falls River in Keweenaw Bay — the first reported catch of a pink salmon from Michigan waters. Since 1959 nine other known catches of pink salmon have been made in Lake Superior streams of Minnesota and Ontario.

**Accidental Release**  
Their origin in Lake Superior is linked to an accidental release of young salmon from a hatchery at Port Arthur, Ontario, in 1956. Catch records indicate that the second generation of these escaped fish spawned successfully in 1961. Pink salmon mature and spawn in their second year, and then die. Thus, spawning runs occur only every other year.

This fall, the third generation of these fish should complete its two-year life cycle by spawning in Superior's tributary streams.

The male salmon can best be identified by its pronounced hump located just forward of the top or dorsal fin. This hump is less obvious in the female which might pass for an old brown trout because of its color pattern. The tail of the male and female is usually marked with large rectangular black spots which measure up to one-half inch long.

### Rubbernose Trout Debut Proclaimed In Eastern U.P.

"A clipping from the Aug. 13 issue of the Evening News showed a fish commonly known in the Les Cheneaux area as a dogfish, and in the accompanying article it was described as a German brown trout," Albert Lindberg said in a letter to the editor of the Sault Evening News.

"Since the Evening News apparently has the authority to rename a fish, I hereby, as Clark Township supervisor, do proclaim that the species of fish commonly known as suckers shall henceforth be known as rubbernose trout in the Les Cheneaux area."

### Antlerless Deer Hunting Petitions Circulated In U.P.

Mackinac County deer hunters are being petitioned to protest the conservation commission's decision to permit killing of antlerless deer in Mackinac County this fall.

Charles Blanc of Moran, who last year launched a similar campaign, again is asking hunters to sign petitions and mail post cards to conservation department and commission members and to legislative representatives.
