Kennedy May Visit Peninsula

MILWAUKEE (AP) — President Kennedy probably will make a stop in northern Wisconsin during his national convention trip next month. The Milwaukee Journal said today.

Senators Take Up Rail Bill

WASHINGTON (AP) — The House Interstate Commerce Committee approved today a bill to require arbitration of the work rules dispute that threatens a nationwide railroad strike Thursday.

WASHINGTON (AP) — With time running out, the Senate today takes up legislation calling for compulsory arbitration of the work rules dispute that threatens to touch off a nationwide rail strike early Thursday.

In advance of what may be lengthy and bitter session, Senate Republican Leader Everett M. Dirksen of Illinois forecast strong Republican support for the measure. Democrats appeared evenly divided on its terms, however, and the five rail brotherhoods have condemned the bill as detrimental to collective bargaining.

Proceed With Plans

The carriers, while withholding comment on the legislation, proceeded to post job eliminating work rules changes to go into effect at 12:01 a.m. Thursday — a move the unions have said they will meet with an immediate strike.

The bill, approved last week by the Senate Commerce Committee, would set up a seven-man board to arbitrate the two key issues — a gradual elimination of the jobs of 32,000 diesel firemen and the makeup of train crews.

A split has developed among the Democrats over treatment of the other issues, such as the wage structure.

Attack Provision

The bill would permit the board to impose settlement of these questions if the carriers and the unions did not work out an agreement within 120 days.

The committee chairman, Sen. Warren G. Magnuson, D-Wash., and seven Democratic members have attacked this provision as a blow at collective bargaining. They said they favor limiting binding arbitration to the two key issues.

While the Senate is grappling with the legislation, the House Interstate and Foreign Commerce Committee scheduled a meeting to take up an identical resolution.

The legislators had hoped they would not be forced to act on the four-year-old dispute. But chances for a voluntary settlement by the carriers and the unions evaporated last Wednesday when negotiations broke up.

Sgt. York Taken Off Hospital Critical List

NASHVILLE, Tenn. (AP) — Sgt. Alvin C. York, 75-year-old hero of World War I has been removed from the seriously ill list at Veterans' Hospital in Nashville, Tenn.

The Weather

Forecast for Marquette and vicinity: Partly cloudy and not so cool tonight, low 50 to 55; Tuesday, variable cloudiness and mild with a few scattered showers, high 70 to 75. Outlook for Wednesday: Scattered showers with little change in temperature.

Forecast for Lake Superior: East to southeast winds 10-18 MPH tonight, becoming southeasterly 15-25 MPH west half and 10-18 MPH east half on Tuesday; partly cloudy, scattered showers west tonight and over entire lake on Tuesday. Lake temperature, 59.

Data for 24 hours ending at noon: Temperatures — 50 at 6 a. m.; 67 at noon; highest in last 24 hours, 70 at 11:30 a. m. today; lowest in last 24 hours, 49 at 4:30 a. m. today.

Relative humidity at noon — 55 per cent.

Precipitation — None in last 24 hours; total to date this year, 15.72 inches; normal to date, 20.30 inches.

Sun rises at 6:03 a. m. and sets at 7:30 p. m. tomorrow.

Records for Aug. 26 — Maximum temperature, 93 in 1953; minimum temperature, 40 in 1950; most precipitation, 1.44 inches in 1932.

Bayard Rustin, a deputy director of the planned Lincoln Memorial next Wednesday and that afterwards a list of civil rights demands will be given to President Kennedy. (AP Wirephoto)

Nation's Capital Has Many Faces

WASHINGTON (AP) — The civil rights marchers may not see it all, but this is a city nerved by power, lined with marble, vibrant with areas of beauty and blighted by contrasting areas of squalor. It is a city of great monuments and slums, of complex law and petty crime, of history and lethargy.

To the 100,000 or more civil rights marchers expected here Wednesday, Washington will be a symbol of national power, a capital where men and women petition for redress of grievance. They will gather at the base of the soaring Washington Monument, the center of a vast complex of greenery and marble, a monument that looks east to the Capitol, north to the White House, west to the Lincoln Memorial and south to the Jefferson Memorial and the Tidal Basin rimmed with cherry trees.

Then they will march a few blocks down huge avenues and across parklands to the Lincoln Memorial a temple in the style of the Parthenon of ancient Greece.

These are the symbols of government and beauty and history that draw almost 5 million tourists to Washington each year. But Washington has other faces, too.

In the last decade, Washington has become the only major city in the nation that has more Negroes than whites. During these years, 200,000 whites have rushed into the nearly all-white suburbs of Virginia and Maryland. Their places have been taken by Negro migrants from the South, many forced into slums.

A rise in crime has come at the same time. Although the crime has received wide and often lurid publicity, it differs little from crime rates in other big cities of America. Washington is ninth in size with a population of 764,000 but 13th in crime rate.

Some observers see signs of discontent among the city's Negroes and evidence of rising tension between the races. Last Thanksgiving, a riot, bristling with racial overtones, erupted at the high school championship football game. Negroes say there is job discrimination in the city and housing discrimination in its suburbs.

Ultimate Power The people who live in Washington do not rule themselves and take care of their own problems. They now have the right to vote for president but, since the 1870s, they have not been allowed to elect their local officials.

The ultimate power lies in the hands of Congress — specifically in the committees that handle District of Columbia money and problems. Most of these committees are ruled by Southerners. Some residents say these congressmen have no sympathy for a 57 per

cent Negro city with integrated schools and restaurants and stores.

Little Industry As they drive through the city, the demonstrators will see very little industry, and it is industry that usually yields mass tax revenue for a city.

To make up for this, Congress appropriates a lump sum each year and hands it to the city. The city always complains it is far less than the amount that would flow in if federal property were taxable.

The marchers likely will find a hot and muggy city on Wednesday. This is usually the way of the city in late August.

Created As Capital Like India's New Delhi and Brazil's Brasilia, Washington is a city created as a capital, with no other reason for life. It does not have the vitality and culture of Paris or London or Rome or even Mexico City.

Washington has had many episodes of demonstrators marching on the city and pleading for special causes. None has been as large as Wednesday's march promises to be. Some have ended in violence.

2 Policemen Shot To Death In Night Club

LODI, N.J. (AP) — Two policemen were shot to death in a night club early today while investigating a disturbance. The search for the killer spread to New York City after a police picked up a man for questioning.

Bergen County Prosecutor Guy W. Calissi identified the alleged killer only as Tom T.

The man being questioned was identified by Calissi as Anthony Cassarino, about 25.

Calissi identified a third man in the bar as Frank Falco.

Victims The two officers, Detective Sgt. Peter Voto, 40, and probationary patrolman Garry Tedesco, 22, were gunned down in the Angel Lounge on Route 46.

Calissi said Cassarino admitted being one of three men in the Angel Lounge when the shootings occurred. He was picked up within an hour in nearby Hasbrouck Heights by a policeman who spotted him in a clump of weeds.

Workers Expect To Free 2 Trapped Miners Tonight

Suzanne Has Faith Hubby Will Return

FRANKFORT (AP) — For 101 days Capt. Carleton W. Voltz of the U.S. Army has been imprisoned by North Korea Communists. His wife, Suzanne, says, "Most of the time, I try not to think about him."

"Maybe that's wrong," said Mrs. Voltz, "but if I didn't I'd go crazy."

"It's the anxiety of waking and wondering what they're doing to him. I have lots of nightmares. I think he's here, and he's not. One night I dreamed he was being tortured."

Captured May 17 Voltz, 26, of Oak Park, Ill., and Capt. Ben W. Stutts, 30, of Florence, Ala., were captured May 17 after North Koreans shot down their helicopter. They were on a routine inspection of boundary markers along Korea's demilitarized zone.

At periodic meetings of the Joint Military Armistice Commission in Panmunjom, Korea, officials of the United Nations have requested the Reds to release the captives. Communist delegates have refused to discuss the subject since a May 17 meeting when they acknowledged that the Americans were captured.

Maj. Gen. Chang Chung-hwan, chief delegate of North Korea, charged the captives were on a spying mission. He has refused to listen to requests by Maj. Gen. George H. Cloud, senior U.N. delegate, that Voltz and Stutts be permitted to receive letters and packages from their families.

Mrs. Voltz, 23, is living with her parents on nearby Crystal Lake.

Occasionally, said Mrs. Voltz, she gets an urge to head for Washington and "shake somebody."

"I have faith it will work out, but so many things have gone wrong, she said. "We're too reserved in speaking our piece. "Maybe there's something I don't know about. Maybe we're trying to make a trade."

Mrs. Dave Fellin, whose husband has been entombed 330 feet under ground in a mine near Hazleton, Pa., for nearly two weeks, is shown leaving a tent at the mine after talking to her husband. Rescuers are hoping to bring Fellin and a companion to the surface sometime tonight. (AP Wirephoto)

Giant Drill Continues To Widen Hole

HAZLETON, Pa. (AP) — The giant drill today reached the plug at the bottom of the escape hole for Henry Throne and David Fellin.

HAZLETON, Pa. (AP) — Enlargement of the escape hole for David Fellin and Henry Throne reached the point today that they could hear the giant drill cutting.

Barring delays, they will be lifted some time tonight to the surface—one at a time in a specially designed steel capsule that is almost as wide as the 18-inch hole.

Fellin, 58; Throne, 28, and Lou Bova, 42, have been trapped more than 300 feet underground for 13 days—since 9 a.m. Aug. 13. Bova has not been heard from since Tuesday. He was trapped some 25 feet from the others and separated by tons of debris.

In Good Spirits Churning away steadily, with time out only to attach an extension bit every 30 feet, the 65-ton drilling rig passed the two-thirds mark at dawn and at 10:30 a.m. was at the 263-foot mark.

It was stopped then while rescue officials discussed the next steps.

The pace will be slowed appreciably in the final stages to forestall any possibility of a cave-in.

Fellin and Throne remained in good spirits. They could be heard talking to each other through the microphone which provides communications to the surface through the six-inch lifeline hole — and sawing wood.

"Putting Up Shoring" "Hey, Davey, are you busy down there?" a rescuer asked.

"Yeah," replied Fellin, "We're working pretty hard."

"What are you doing?" "We're putting up shoring," Fellin then was asked: "Are you getting any dust?"

"Just a little bit."

Rescuers told him it probably was sifting down the six-inch lifeline hole, or perhaps was shaken from the walls by the vibrations of the drill.

He then asked about his wife, and was told that she and Throne's wife were on top of a nearby slope, watching.

Unseasonably Cool Weather Hits NE U.S.

Unseasonably cool weather covered wide areas in the northeastern quarter of the nation today. The mercury dropped to near freezing in some areas.

For the second consecutive morning temperatures dropped into the 30s in sections of Pennsylvania and New England. The 36 at Pellston, Mich., was one of the lowest readings in the Midwest. It was 39 at Bradford and Phillipsburg, Pa. The 40s and 50s were reported in many areas, with possible freezing readings in sections of New England.

It was hot and humid in much of the Southland Sunday, with not much relief indicated today. Nighttime temperatures were in the 70s and 80s.

Generally, dry weather was reported in most of the country. Thunderstorms rumbled across the Northern Plains, in sections of the Rockies and in Virginia.

9 East Germans Escape To West Over Weekend

BERLIN (AP) — At least 13 East Germans tried to flee to the West over the weekend. Of these, nine are known to have succeeded.

Soldiers Crush Student Revolt In S. Viet Nam

SAIGON, South Viet Nam (AP) — U.S. Ambassador Henry Cabot Lodge met with President Ngo Dinh Diem today in the wake of a massive student revolt smashed by armed police and troops in full battle gear.

The newly arrived American diplomat presented his credentials to Diem and the two exchanged pleasantries in a 12-minute ceremony. They put off until later hard talks on the Viet Nam crisis that flared to new heights Sunday when thousands of university students were arrested and several were injured.

As fears of an attempted coup subsided, Lodge was expected to confront Diem for the first time with U.S. views on the internal strife and determine just where the Vietnamese chief stands. Lodge arrived Thursday, the day after Diem cracked down on Buddhist opposition and placed the country under martial law.

JFK To Confer With Gromyko On Nuclear Pact

WASHINGTON (AP) — President Kennedy agreed today to confer next month with Soviet Foreign Minister Andrei Gromyko on follow-up steps to the limited nuclear test ban treaty with the hope of easing East-West tensions.

7 Millionth Auto Crosses 'Big Mac'

MACKINAC CITY (AP) — The seven-millionth car crossed the Mackinac Bridge today.

The occasion, little more than five years after the bridge was opened, called for a ceremony between the occupants of the car and Mackinac Bridge Authority officials.

Richard Davies, bridge controller, presented a framed picture of the world's longest suspension bridge to Mr. and Mrs. Lewis Anderson of Sauli, S. Marie, Mich. The Andersons, with four relatives and friends in their car, crossed the bridge at 12:25 a. m.

Romney's Legal Aide Intends To Resign

LANSING (AP) — Gov. George Romney's legal aide, Richard C. Van Dusen, has announced his intention to resign.

Van Dusen, 37, said Saturday he would step down after the special legislative session on fiscal reform. The session is scheduled to start Sept. 11.

Butte Dynamite Explosion May Have Taken 5 Lives

BUTTE, Mont. (AP) — The identity of the man or men killed in an explosion of a load of stolen dynamite was unknown today in the confused aftermath of the blast which caused thousands of dollars' damage in the Butte area.

Sheriff Bill Dalling's office has given no detailed account of the incident because of confusion on certain points and official silence on others.

Dalling's deputies, staked out near the blast scene Saturday night, were moving in to make arrests when the explosion occurred. No deputies were injured seriously.

News In Brief

JERUSALEM, Israeli Sector (AP) — Prime Minister Levi Eshkol told Parliament today that if peace does not return along the Syrian border Israel "will be duty-bound and entitled . . . to take steps to defend itself." He made only scant and relatively mild mention of the sharp exchange of fire between Israeli and Jordanian border troops in this divided city Sunday: "I hope the Jordanian authorities will do their duty in order to punish the guilty persons and restore peace in this sector."

GARDINER, Mont. (AP) — Forest service officials said a spreading forest fire in the rugged Cinnabar Basin near Yellowstone National Park swept through 700 acres of heavy timber Sunday night.

WASHINGTON (AP) — Ten non-Communist countries increased their trade with Cuba last year despite a U.S. campaign to isolate the Castro regime. Japan led the way, supplanting the United States as the largest non-Communist trader with Cuba. Japanese trade increased from \$36.1 million in 1961 to \$46.4 million last year. Others showing an increase were Morocco, the United Arab Republic, Tunisia, Greece, Sweden, Finland, Norway, Uruguay and Brazil.

By The Associated Press Ten persons died in traffic accidents on Michigan highways over the weekend. Water accidents claimed two lives and a St. John's man died in a fire.

WASHINGTON (AP) — FBI figures released today show crime in the nation for the first six months of the year was 9 per cent higher than in the first half of 1962. There was a 13 per cent increase in larceny of \$50 and over, a 9 per cent rise in auto theft, and increases of 8 and 1 per cent in burglary and robbery, respectively.

Asked if Duke planned to rebuild the copter and try to get it airborne, the trooper replied: "According to him, it's never going to fly again."

Rogers City Plant Closed By Strike

ROGERS CITY (AP) — The Michigan Limestone Co. plant remained closed today by the first strike in its 51-year history.

he said, "It's not true. I don't like it and I'm sorry about it."

Police said they found Lumet unconscious in his Greenwich Village apartment after they had been notified by a friend of his, Gail Jones.

Lumet said he took one tranquilizer on top of five to seven double vodkas to relieve "the aggravation of a nasty four-day fight" involving his movie business.

Lumet and Gloria, both 39, would have been married seven years Tuesday.

Standing behind barbed wire three faithful Buddhists play at An Quang Pagoda in Saigon, Viet Nam. The barbed wire was placed at pagoda in the clash between the government and Buddhists who are protesting harsh rule. Massive raids were made on pagodas and many Buddhists were arrested last week when martial law was imposed on the country. (AP Wirephoto)

Hearings, Reports On Agenda For Tonight's Commission Meeting

Several hearings and reports are on the agenda for tonight's regular meeting of the Marquette City Commission, called for 7 in the city hall.

Among the major items are four public hearings on public improvement projects and a public hearing on an ordinance amendment.

First item on the agenda is a communication from John B. Dorais, president of the Peter White Public Library Board, concerning the annual report for the past year.

Legion Observance
Jack Dempsey, program chairman for the Marquette American Legion Post, will submit a communication requesting permission for the post to hold an observance on Monday, Nov. 11, Veterans Day (formerly Armistice Day).

Gordon A. Lawry, secretary-manager of the Marquette Municipal Band Association, will submit a communication which includes his resignation from the position and a statement of the cost of operating the band for July and August this year.

A communication will be received from Claude Ver Duin,

Grand Haven, executive secretary of the Michigan Municipal Utilities Association concerning the annual conference of the organization, scheduled for Wednesday through Friday, Sept. 11 through 13, in Milwaukee.

Hearings Slated
The amendment hearing is on the health examination ordinance.

Public hearings to determine the necessity of the work are scheduled on the following projects: (1) Neidhart Ave. gravel base, (2) Birch Ave. water main, curb and gravel base, (3) Altamont St. sanitary sewer, and (4) Altamont St. sanitary sewer and water extension.

A continuation of a public hearing on an alleged zoning ordinance violation also will take place tonight.

Easement Agreement
Being submitted for the consideration of the commission is an easement for the installation of a water main across the Soo Line Railroad Co. property.

Leo Van Tassel, Northern University comptroller, will submit a request concerning the vacating

of a section of the Norwood Ave.-Lincoln Ave. area.

Water Supply Problem
John S. Peterson, Marquette Township Board clerk, will have a communication addressed to the commission concerning the water supply for the Vandenberg School, Mission Covenant Church and St. Christopher's Church and a proposed St. Christopher's School in the township.

Several other items which came before City Manager Thomas Moore and City Clerk Everett H. Kent during the day today also are expected to be on tonight's agenda, which had been prepared in advance of today.

County Over Budget For Seven Months

Marquette County budget expenditures for the first seven months of the year ran \$378.95 over the budget allowance, County Controller Robert H. DeRoche of Marquette reports.

The total for June was within the budget allowance, but all other monthly reports showed operations running slightly in the red. However, this condition is expected to be overcome well before the end of the year.

During the first seven months of the year expenses totaled \$211,182.98, while the total budget allowance, including refunds and income of \$41,287.87 for the period, amounted to \$210,804.03.

Total budget for 1963 was \$284,927.50, with \$115,032.39 unexpended at the end of July.

Two Accounts 'Over'
Six of the nine separate accounts maintained within the general county budget showed under the budget operations up to August, but two had deficits.

One account, for special appropriations, remains unchanged during the year.

Appropriations Of \$7,525
Special appropriations during the year total \$7,525, with varying amounts being used for Marquette County advertising and promotion and for contributions to various agencies such as the Upper Peninsula Adult Mental Health Clinic, Bay Cliff Health Camp at Big Bay, U.P. Child Guidance Clinic, etc.

DeRoche listed the breakdown of the other eight accounts, showing the amounts over or under the budget, along with the unexpended balances, as follows:

Judiciary — (Circuit court, justice court, prosecuting attorney and judge of probate) — \$1,204.05 under the budget and \$25,974.88 unexpended balance.

Legislative — (Supervisors and county clerk) — \$1,254.72 under the budget and \$12,869.31 unspent.

Finance — (County treasurer) — \$2,518.63 under the budget and \$7,518.63 unspent.

Public safety — (Sheriff's department, jail, medical examiners, dog wardens, contagious diseases, county physician, mine inspector and civil defense) — \$1,610.15 under and \$27,383.07 unexpended.

Public records — (Register of

Three New Sisters, Principal This Year At St. Peter's School

New principal at St. Peter's Elementary School is Sister Mary Georgina, who has served as principal for the past six years at Sacred Heart School, Muskogee, Okla.

Sister Georgina replaces Sister Jane Frances as principal and eighth grade teacher at St. Peter's School.

There are three other new teachers at St. Peter's this fall. They are:

Sister Margaret Jane, who comes here from the St. Joseph juniorate, St. Louis, Mo., and replaces Sister Mary Ceresita as first grade teacher.

Sister Mary Matthew, whose last assignment was at Our Lady of Perpetual Health School, Kansas City, Mo., replacing Sister Mary Lovola as sixth grade teacher.

Sister Emerita Joseph, who comes here from Sacred Heart School, L'Anse, to replace Sister Anne Elizabeth as seventh grade teacher.

Returning Faculty Members
Returning faculty members at St. Peter's are Sister Ellen Marie, second grade; Sister Mary Valeria, third grade; Mrs. Ruth Worth, fourth grade and Sister Louise Marie, fifth grade.

Henry Bertagnoli will again be full-time physical education instructor and James Hansen will teach music on a part-time basis at St. Peter's this year.

Over 400 To Enroll
Sister Georgina noted that all St. Peter's instructors are qualified teachers who hold college degrees.

More than 400 students are expected to enroll at St. Peter's this fall. At the end of the school year this spring, enrollment stood at 406.

Students will report at 8:30 a. m., Tuesday, Sept. 3, for registration and orientation. That afternoon, students or their parents will go to

the school to obtain books and school supplies.

Teachers will be on hand until 3 p. m. Students will report Wednesday for a full school day, from 8:30 a. m. to 3 p. m.

Obituary

MRS. JENNIE BAILEY

Services for Mrs. Jennie Bailey were held this afternoon in the Swanson Funeral Home with the Rev. Knut Savareid, pastor of the Grace Methodist Church, officiating.

pallbearers were Thomas Glass, Eldred Pascoe, Leo Anderson, Norman Norr, and Emil W. Paquette Jr., all of Marquette, and Ernest Johnson, Skandia. Burial was made in Park Cemetery.

City Paragraphs

An important meeting of the Marquette High School Booster Club will be held at 8 tonight in the Graveraet High School. Plans will be completed for the booster game.

Philadelphia Bride Gets Asphalt Carpet

PHILADELPHIA (AP) — Helen Dougherty was married Saturday and the city sent her a special wedding present — an asphalt carpet.

Miss Dougherty, 21, lives on a block pitted with trenches for a new water main. When her mother complained that her daughter would have a terrible time getting to the automobile for the trip to the church, the city agreed to pave the path.

Three Injured, Two Issued Summonses In Area Crashes

Three persons were injured, two motorists were issued tickets and five automobiles were damaged in four area traffic smashups which occurred during the weekend in this area and were investigated by state police.

Three other persons were hurt in accidents proved by state police in the Ishpeming area during the weekend (see story on Page 13) and five mishaps occurred in Marquette (see other local traffic accident story). Reports on the other mishaps follow:

1. At 12:15 yesterday morning an automobile being driven north on U.S. 41 by Mary M. Lindsay, 19, Escanaba, collided head-on with an oncoming vehicle operated by Lloyd A. Peterson Jr., 17, of 2509 Moran St., Marquette, a mile north of M-94, in Skandia Township.

Miss Lindsay suffered lacerations on her right leg and abrasions on her chin and was taken in the patrol car to St. Luke's Hospital here. Peterson received an abrasion over his right eye and complained of a sore back and was taken later by his father to St. Mary's Hospital here.

State police said her car dropped off the right shoulder of the highway, causing it to go out of control. The vehicle recrossed the highway, striking Peterson's car head-on in the southbound lane. He was unable to avoid the collision, officers said.

Speed Law Violation
Extensive damage resulted to the front end of the Lindsay vehicle, a 1963 sedan, and to the left front and side of Peterson's automobile, a 1961 sedan. Both cars had to be hauled from the scene by wreckers.

State police issued Miss Lindsay a summons for violation of the basic speed law.

2. About a half hour after the Lindsay-Peterson collision, Dennis A. Laine, Route 1, Box 151, Negaunee, was driving north on U.S. 41 and was blinded by the headlights of an oncoming car.

He didn't see the Lindsay car, which was partly on the highway, in the northbound lane, and his automobile struck hers on the rear end.

The right side of Laine's 1963 sedan was damaged and the car was driven from the scene under its own power.

3. The other injury occurred in a mishap at 1 a. m. yesterday on County Road 553, about 5.5

miles south of U.S. 41, in Turin Township.

State police said Albert W. Monhead, 25, Box 15, Sundell, was driving south on Road 553 when he didn't negotiate a right curve, with the vehicle going off the left side of the highway and striking a Marquette County Road Commission sign. The car went into the ditch and rolled over.

Monhead complained of pains and was to seek his own treatment.

He told officers he apparently had dozed off at the wheel.

Issued Two Summonses
The top and both sides of his car, a 1946 coach, were badly damaged and the vehicle was removed from the scene by a wrecker.

State police ticketed Monhead for a speed law violation and also for not having an operator's license.

4. At 2 yesterday afternoon a 1951 half ton pickup truck being driven south on County Road 510 by Emil Wig, 48, of 715 Croix St., Negaunee, went out of control when the steering mechanism on his car locked as he was making a right curve.

The mishap occurred about 200 feet north of the Dead River, in Negaunee Township.

The vehicle went off the left side of the highway and smashed into a tree. Extensive damage occurred to the front end of the vehicle, which was towed from the scene.

Public records — (Register of

deeds, elections and statistics) — \$2,822.65 under and \$6,989.32 unexpended.

Public buildings — (Courthouse and jail) — \$1,441.31 under and \$8,741.31 unspent.

General — (County controller, tax department, county tax commission, agriculture and extension, compensation insurance, postage and miscellaneous) — \$1,877.89 over the budget and \$13,191.77 unexpended.

State agencies — (Welfare agent, state institutions and public charges and bureau of social aid) — \$9,352.57 over and \$11,664.10 unexpended.

First National Bank Centennial Exhibit

Herman Olson (left), executive vice president of the First National Bank and Trust Co., and Richard Angeli, co-manager of a Marquette supermarket, view one of several displays in bank lobby commemorating bank's centennial. The display called "Journey Through the Years," features early photos of Marquette. Public will be able to see the bank's historical exhibit tomorrow and Wednesday, after which the lobby space will be turned over to a display prepared by Spear and Sons, Inc., for one week. Each week thereafter throughout First National's centennial the coming year, one of the city's businesses or industries will prepare an exhibit for the lobby. (Mining Journal photo.)

Three New Teachers In City's Hospital, Elementary Schools

New staff members in the public elementary schools this fall include a teacher in the St. Luke's Hospital School, a teacher at Sandy Knoll School and another who will teach at both Lakeside and Sandy Knoll Schools. Miss Olive Fox, elementary supervisor, announced today. Teaching in the St. Luke's Hospital School will be Mrs. Dagmar Lindberg, a graduate of Eastern Michigan University, Ypsilanti, Mrs. Lindberg has taught special education classes in Ispeming. At Sandy Knoll Mrs. Adrienne Strandberg, 1604 Gray St., will teach a first and second grade combination class at Sandy Knoll School. She is a graduate of Oberlin College, Oberlin, Ohio, and has had teaching experience in Illinois at Evanston and Highland Park. Mrs. Geraldine Moore, 535 Lakewood Lane, will teach a morning kindergarten class at Lakeside School and an afternoon kindergarten class at Sandy Knoll School. She is a graduate of Western Michigan University, Kalamazoo, and has taught previously in Grand Rapids and Traverse City.

Five General Classes Under Draft Law

Returning To Lakeside At Lakeside School, returning faculty members will be John Arenz, principal and teacher in a fifth and sixth grade-combination class; Olive K. Johnston, combination third and fourth grade, and Mae Seppanen, combination first and second grade. Amanda Larson is principal of Sandy Knoll School. Alice M. Mason has been transferred from teacher of a kindergarten class at Whitman School to a fourth grade class at Sandy Knoll and Louise P. Harkin will teach a sixth grade class, rather than fourth grade, at Sandy Knoll. Others At Sandy Knoll Other faculty members at Sandy Knoll are Amy S. Carter, kindergarten; Carole E. Anderson and Dorothy C. Miller, first grade; Ardeith Morin and Ida B. Richards, second grade; Margaret Sullivan and Mildred M. Follis, third grade; Luella Johnson, fourth grade; Violet R. Swanson, fifth grade, and Thalia M. Overholt, sixth grade. Staff members in the special education classes at Sandy Knoll School are Dorothy L. Bisque, physical therapist; Edna Kiellinen, orthopedic room teacher; Joy Bur, opportunity room teacher, and Meta A. Tourville, lunch room assistant.

H. S. Temple, Ex-MWPC Official, Dies

Harry S. Temple, 61, Highland Park, Ill., a former Marquette resident, died Friday in Lae du Flambeau, Wis. In Marquette, Mr. Temple was comptroller for the Manising Wood Products Co. He was former comptroller of the Illinois Institute of Technology and was employed as a public accountant in Chicago at the time of his death. He is survived by his wife, Dorothy; a daughter, Mrs. Ann Moon, Cincinnati; two sons, William B., Highland Park, and Harry S. Jr., at home; two grandchildren, a brother and a sister. Funeral services will be held at 4 p. m., Wednesday in Trinity Episcopal Church, Highland Park.

One Ticketed, Nine Vehicles Involved In Mishaps In City

One motorist was arrested and nine vehicles were involved in five weekend traffic mishaps which occurred in Marquette.

1. At 8:50 Saturday night a car being driven west on W. Washington St. and being turned right onto N. Third St. by Ralph V. Lane, 408 Division St., struck an oncoming car operated by Sam Tourville, 1314 N. Front St., when Lane made a wide right turn, city police said. After the mishap, Lane continued driving, going north on Third St., city police said. However, Police Sgt. Harold VanOverloop and Patrolman William Lasich, who were in the 100 block, observed the accident and pursued Lane, overtaking him on Bluff St.

Charged With Drunk Driving The left front fender of Lane's car, a 1955 twodoor sedan, and the right rear fender of Tourville's automobile, a 1960 sedan, were damaged. Both cars were driven from the scene under their own power.

Lane, 20, was arrested by city police for drunk driving. 2. An automobile being driven west on Wright St. by Louis C. Koepf, Chicago, was struck by an oncoming automobile at 10 last night, between Lincoln Ave. and County Road 550.

The other motorist did not stop, city police said. The entire left side of Koepf's 1959 station wagon was damaged. 3. About five minutes later, Charles H. Jolin, 1839 Tracy Ave., stopped on Wright St. to see if he could help Koepf. Jolin had his left front door open, and it was damaged by another car whose motorist did not stop.

The left front door of Jolin's 1959 fourdoor sedan was damaged. City police kept both hit-and-run mishaps open for investigation.

4. At 10:45 yesterday morning an automobile being driven north on N. Front St. by James Tansil, Detroit, struck the left front door of a parked automobile owned by David L. Gnodie, Detroit, as the latter was opening the door, in the 300 block.

The right front fender of Tansil's car, a 1963 sedan, and the left front door of Gnodie's 1960 station wagon were damaged. Both vehicles were driven from the scene under their own power. 5. Still under investigation today was a mishap which occurred at 8:30 last night in the 300 block of Lake Shore Blvd. City police said Wayne A. Worth, Iron River, was forced off the roadway by an oncoming vehicle. Worth's car jumped the curbing near the railroad tracks as he sought to avoid a collision. However, apparently no damage resulted to his 1956 twodoor sedan.

City Paragraphs

Marquette Lodge, Free and Accepted Masons, will hold a special meeting tomorrow at 7:30 p. m. The FC degree will be conferred. Lunch will be served.

his eligibility for deferment or exemption because of hardship, occupation, study, reserve or National Guard membership, or other reason, he is placed in Class I-A, Ameen said.

In the normal case, a registrant in Class I-A will be ordered for an armed forces examination shortly before his time to enter service, to determine whether he is qualified physically, mentally, and morally. If he is not qualified, he is deferred in Class IV-F or Class I-Y. If qualified, he is kept in Class I-A until he is reached for induction. Class I-Y means that the registrant is not qualified under current standards, but would be qualified in a war or emergency. Class IV-F means he is not qualified for any military service.

Put Into Categories All registrants in Class I-A are divided into categories in an order of priority for induction, he said.

Local boards in meeting their quotas first summon men who have been declared delinquent for failure to comply with the draft law. Next to be taken are men who volunteer for induction. Then the local boards complete their monthly quota by calling Class I-A qualified men between ages 19 and 26. They are called in the order of their dates of birth, oldest first. The present average age of call is about 23. This "average age" depends on how many men go in

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No stummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

Parole Board Hears 91 Cases Here, Report On Chapel Job, Statistics On Prison Count

Ninety-one cases were heard by the Michigan Parole Board in hearings conducted at the Marquette State Prison last week.

In addition, the board heard reports by Warden Raymond J. Buchkoe on the prison's population and on the progress of construction of a chapel for the prison.

In Marquette for the hearings were Leonard I. McConnell and John Spencer, board members, both of Lansing.

They granted outright paroles to 54 inmates, interviewed seven inmates, referred applications of parole from seven inmates to executive sessions of the board and heard two parole violators' cases.

An executive session is a meeting of the entire parole board, generally held in Lansing.

21 Cases Rejected

Applications for parole from 21 other inmates were passed (rejected) in order to have the inmates serve additional time in prison.

Warden Buchkoe said the prison count stands at 839, including 606 inmates lodged behind the walls and 233 in honor institutions outside the walls.

There are 33 trustees at the Mangum Farm in Chocoley Township, 69 trustees at the new dormitory, 37 trustees in the old dormitory and 74 trustees at the Honor Camp in Sands Township. The dormitories are located immediately east of the prison proper.

181 In Camps

In addition, there are 181 inmates in the Michigan Corrections-Conservation Camps in the Upper Peninsula. These trustees are not included in the Marquette State Prison count, since they are administered and supervised through Camp Cusino, in Alger County.

The other conservation-correc-

tions camps are located at Camp Baraga, Baraga County; Porcupine Mountains, Ontonagon County, and Tahquamenon, Chippewa County.

Work On Chapel

Buchkoe said work on the all-faiths chapel inside the walls is progressing satisfactorily.

Work on the \$87,492 project is being done by the MacDonald Construction Co. of Marquette and began last spring.

Buchkoe said it is expected that the project will be completed in time to hold Christmas services in the new chapel.

The inside chapel is being done with funds appropriated by the State Legislature.

It will permit the holding of separate services in a building specifically designed for a church. At present, services are held in the all-purpose building, which also is used as a movie house, library, etc.

Outside Chapel Separate

Also scheduled to be built soon is a chapel outside the walls for trustees, so that trustees will not have to go inside the prison for services.

Since there are no state funds for the outside chapel, a campaign was started last winter to raise funds for the outside chapel.

Mississippi Runoff Slated Tomorrow

JACKSON, Miss. (AP) — Mississippi voters choose Tuesday between two Democratic gubernatorial candidates, each of whom accuses the other of playing footsie with the national Democratic administration.

Former Gov. J. P. Coleman and Lt. Gov. Paul Johnson each promised that, if elected, they would do all in their power to maintain segregation. The winner of the Democratic nomination must face the Republican nominee, Rubel Phillips, a former Democrat, in the Nov. 5 general election. Phillips, too, is a states' rights and segregationist. Also in the general election is independent Ed Bishop.

Estimated Turnout

The primary polls will open at 7 a.m. and close at 6 p.m. Only 17 of the state's 1,890 precincts have voting machines. An estimated 445,000 persons will vote.

Gov. Ross Barnett, who tried to block the admission of James H. Meredith, a Negro, to the all-white University of Mississippi, is not eligible to seek re-election. He took no part in the campaign.

Johnson, like Barnett, is under federal contempt charges for his part in helping the governor in trying to keep Meredith out of Ole Miss.

Fourth Race

Johnson, 47, a Hattiesburg attorney, is making his fourth race for governor. He was defeated in 1947, 1951, and 1955. He won the

School Board Slates Meet At Whitman

Marquette Board of Education members will meet at 3:30 tomorrow in the Willard M. Whitman Elementary School to inspect the new six-room addition there.

Following a tour of the wing, board members will hear a recommendation from Wilho Kilpela, clerk of the works for public school construction projects, on formal acceptance of the addition.

Also on the agenda for the regular August meeting is the opening of bids for the year's supply of milk, fuel oil, gasoline for the schools' fleet and driver education cars.

Although the meeting will be held at Whitman School, bids will be received until 4 p.m. tomorrow at the superintendent's office in the Graveraet building.

To Discuss Specifications

Board members also will discuss specifications for movable equipment at the new high school. Movable equipment includes tables, desks and chairs.

Specifications for a retaining wall and fence to be built on the north border of the Fisher School property also will be discussed.

3 Drivers Pay Fines In City Court

Three persons were ordered to pay a total of \$50 in fines and costs by Judge Edward H. Dembowski last week in municipal court for traffic violations.

Robert M. Kangas, 1146 N. Fourth St., was ordered to pay a fine of \$21.30 and \$3.70 costs for speeding. City police issued the summons Aug. 9 for driving 60 miles per hour in a 25-MPH zone on W. Washington St.

For speeding, Grover Lanctot, Hubbell, Mich., paid a fine of \$11.30 and \$3.70 costs. State police issued the ticket Saturday for driving 45 miles per hour in a 25-MPH zone on U. S. 41 in the city.

A fine of \$6.30 and \$3.70 costs were paid by Walter Grimsby, Milwaukee, for making an improper turn at the intersection of County Roads 456 and OB in Skandia Township. He was ticketed by state police Aug. 3.

Four In Cast Of MRA Musical Show Visit With Manager Here

Four members of the cast of the Moral Re-Armament musical show, "Space Is So Startling," on tour of the United States after presenting the play in Germany, England and Japan, visited here with City Manager Thomas Moore. Shown in the city manager's office in the Marquette City Hall are, from left, Kathi Green, Los Angeles, daughter of Johnny Green, who recently won an Oscar for his arrangement of "West Side Story"; Gunther Von Holst, Berlin; Moore; Mrs. Meta Snellman, Switzerland, and Paul Snellman, great grandson of the founder of modern Finland. They presented Moore with a message from the nine West Berlin district mayors to the mayors of America. (Mining Journal photo.)

UPCAP Facing Decision On Technical Assistance Setup

The Upper Peninsula Committee on Area Problems, facing up to the end of a technical assistance program provided by the Area Redevelopment Administration on Dec. 31, will plan its program of action for 1964 at a meeting Saturday, Sept. 14, at Weber's Resort on Lake Gogebic near Marquette.

Top question of the meeting will be whether the services of Robert Nathan and Associates of Washington, D. C., will be made available to UPCAP again next year by ARA. The contract of Nathan with ARA and UPCAP for 18 months of economic counseling and other technical assistance to the Upper Peninsula economic development agency expires at the end of the year.

Two Assignments

To do groundwork for recommendations to UPCAP at its fall meeting, President Lynn Sandberg of L'Anse and Secretary Abram Snyder of Marquette visited Washington Aug. 15 and conferred with ARA and Nathan officials.

lieutenant governor's spot four years ago.

Coleman, 49, also a lawyer, defeated Johnson in the 1955 runoff. He has been in the state House of Representatives since stepping down as governor.

has gone a long way. We have been of major value in educating UPCAP and the public in what economic development really is, have provided useful liaison with ARA in both industrial loans and technical assistance, have helped evaluate local development programs, made it possible for UPCAP to set goals for its own operation, have helped private enterprises in specific cases with financial analyses and cost studies that should result in more jobs.

Copper Harbor Project

"We have provided some assistance to UPCAP in working out its relationship with other groups and have provided contact with other government agencies so that their interest was focused on the problems of the U. P. And we claim a part in placing communities in the Accelerated Public Works program with many projects helped by analysis and many projects now being approved for aid."

Revis mentioned specifically the Copper Harbor marina project, which he said is an important step toward the big Copper Harbor resort development project "that could be a major breakthrough for Upper Peninsula resort development."

Formed By U. P. Counties

Revis said Robert Nathan, head of Nathan Associates, believes UPCAP has created the first real force for development of the Upper Peninsula. (It was formed by 14 of the 15 U. P. county boards of supervisors, which finance it and appoint its membership). The more effective UPCAP becomes, said Nathan, the more effective techni-

cal assistance can be. "Our job is that of a helper."

He suggested that any extension of the technical assistance program should envision an UPCAP takeover and that there still is need for professional studies to fill gaps in basic information about U. P. resources in fisheries, forestry, recreation and other areas.

Seven-Point Program

Revis said, "We are suggesting to UPCAP a seven-point program of priorities for the rest of the technical assistance period:

1. Expedite ARA decision in all pending projects (Copper Harbor development, tourism investment, commercial fishery development, Tech pelletizing research, etc.).
2. Accelerate present loan program.
3. Develop comprehensive set

Prisons In Michigan Hoping To End Solitary Confinement

LANSING — The Michigan Department of Corrections is moving toward eliminating a penal practice that its director considers "cruel and barbaric" — solitary confinement of prison inmates.

Director Gus Harrison said that the most recent step toward wiping out of the practice was taken in April when wardens were ordered not to confine a man alone for more than 10 days at a time.

Furthermore, any confinement exceeding five days must be approved by Harrison.

Less Trouble

Since the new rule was put into effect there has been no increase in the number of disciplinary problems, Harrison reports.

To the contrary, there have been fewer than at any time in his memory, he says. Harrison became director of the department in October 1953, but has been in the prison system since the 1930s.

When Harrison was appointed director there was no limit to the length of time a convict might be sentenced to solitary confinement.

"About five or six years ago," the practice was tightened up.

Whenever a prison disciplinary board sentenced a man to solitary, the limit was 15 days and the warden also had to approve.

Harmful Measure

The most recent directive is intended to standardize punishment in state penal institutions and make it "as equitable as possible," Harrison said.

The new practice was approved by the corrections commission,

which oversees the state's prison system.

"Whenever a practice of this type is put into effect, there are some people who complain that discipline in the prisons will be jeopardized," Harrison said. "But it hasn't turned out to be true."

Harrison says that the routine use of severe disciplinary measures such as solitary confinement does more harm than good.

Better Care

"Except for very serious or repeated offenses, the temporary loss of privileges often can serve as sufficient punishment and a deterrent to other inmates," the directive states.

Also required is that a man in solitary be fed at least two meals a day and be examined daily by a member of the medical staff.

"Not too long ago, a man in solitary was fed only bread and water," Harrison said. "Later he was allowed one meal a day. Now it's two."

He says that excessive use of solitary confinement as a punitive device is injurious physically and mentally to prisoners.

In solitary confinement, a man sleeps on boards and has a blanket for warmth. There is no light in his cell and nothing to do but wait.

"After awhile the days and nights run together and a man has no way of knowing how long he has been in there," Harrison said.

Since the new policy was adopted, he added, not a single sentence of more than five days in solitary has been imposed in Michigan. Most of the sentences consist of two or three days, he said.

"Some day we hope to replace solitary completely," he adds.

Chicago Market Shows State Commercial Fishing Decline

The continuing loss of business by Michigan commercial fishermen is reported by the U. S. Bureau of Commercial Fisheries in its summation of the 1962 Chicago fish market.

The fishery decline which has taken away the livelihood of hundreds of Upper Peninsula fishing families is evident in the Chicago market statistics. **Canada Also Declines** Not only did Michigan and other Great Lakes states supply less of the Chicago market last year, but Canada, which is supplying most of the fresh water fish to this market, lost part of its ground to imports of ocean fish.

Total receipts of fresh and frozen fish at Chicago dropped from 78.1 million pounds in 1961 to 74.4 million pounds in 1962. Fresh water fish were down six per cent from a year ago due to increase in salt-water fish receipts, particularly filleted and processed ocean fish.

Canada supplied 93 per cent of the fresh and frozen whitefish, 93 per cent of the lake trout, 60 per cent of the walleyes and 25 per cent of yellow perch.

Michigan's Share Michigan fishermen's share of this big market was 5,438,000 pounds or 18 per cent of the receipts and 10 per cent of the domestic supply to the market. This represented a loss of 1,003,000 pounds or 16 per cent from the previous year. Down were Michigan shipments of sheephead, walleyes, chubs and whitefish.

Neighboring Wisconsin shipped 3,469,000 pounds or 11 per cent of the fresh water receipts and six per cent of the domestic receipts, a decline of 912,000 pounds or 21 per cent, mostly chubs, lake herring, yellow perch, smelt and suckers.

The Bureau of Fisheries reported: "The fisheries of the states bordering the Great Lakes have declined drastically over the years but still managed to contribute relatively good quantities of chubs, lake herring, yellow perch, lake smelt, whitefish and yellow pike to the Chicago market in 1962."

Chubs Lead List "From Michigan, the Chicago market receives chubs, lake herring, smelt, whitefish and yellow perch. From Minnesota, yellow pike, lake herring, buffalofish and yellow perch. Wisconsin ships significant amounts of chubs, buffalofish, carp and sheephead. Indiana contributes very small amounts of fresh water fish." Receipts of Michigan fish in 1962 totaled 5.4 million pounds, of which 4.9 million pounds were

General Television Corp. of Ferndale, Kropp said. He said the camera is strictly experimental and added that "we can't think of them as replacing guards, but the system would give us ways to better use the guards we have."

13 Persons Pay \$144 In Fines, Costs

Thirteen persons were assessed a total of \$144.90 in fines and costs, and a five-day jail sentence issued to one, when they appeared before Justice George J. Fezey in Marquette Township Court.

For violation of the basic speed law, Linda L. Perkins, Box 11, Skandia, paid a \$5.70 fine and \$4.30 costs. She was ticketed by state police Aug. 3 on M-35, in Forsyth Township.

More Speeding Counts Paul F. Kerley, Diamonddale, paid a \$5.70 fine and \$4.30 costs on a charge of speeding. State police issued him the summons Aug. 10 on U. S. 41, in Marquette Township.

For speeding, Henry M. Orr, K. I. Sawyer Air Force Base, was fined \$10.70 and ordered to pay \$4.30 costs. He was ticketed by state police on U. S. 41, in Negaunee Township on Aug. 5.

Robert L. Bartholomew, Sawyer Base, paid a \$5.70 fine and \$4.30 costs on a charge of speeding. State police issued him the summons Aug. 8 for driving 75 miles an hour in a 65 MPH zone on U. S. 41, in Negaunee Township.

Fined On Second Count On a charge of speeding, Richard L. Robinson, 501 Albert St., Marquette, paid a \$5.70 fine and \$4.30 costs. State police ticketed him Aug. 9 for driving 75 miles an hour in a 65-MPH zone on U. S. 41, in Negaunee Township. Robinson also was fined \$5.70 and ordered to pay \$4.30 costs on

a charge of failure to comply with license restrictions (employment only).

John A. Kreiger, Box 55, Marquette, paid a \$5.70 fine and \$4.30 costs on a charge of speeding. He was issued the summons Aug. 9 by state police for driving 75 miles an hour in a 65-MPH zone on U. S. 41, in Negaunee Township.

10 MPH Over Limit For speeding, Bobbie J. Hubble, Lansing, paid a \$5.70 fine and \$4.30 costs. She was ticketed by state

police July 30 for driving 75 miles an hour in a 65 MPH zone on U. S. 41, in Marquette Township.

Paul Kainulainen, Palmer, was ordered to spend five days in the Marquette County Jail and pay court costs of \$4.90 on a charge of being drunk and disorderly. He was arrested by state police Aug. 10 on County Road BR, in Richmond Township.

For improper lane usage (crossed centerline), Stephen W. Wells, Charlevoix, paid a \$10.70

fine and \$4.30 costs. He was issued the ticket by state police Aug. 3 on U. S. 41, in Marquette Township.

Improper Passing Jim Letts, Newberry, was ordered to pay a \$5.70 fine and \$4.30 costs on a charge of improper passing. State police issued him a summons Aug. 8 on County Road 553, in Sands Township.

For defective brakes, James Evanoff, Stambaugh, paid a \$5.70 fine and \$4.30 costs. He was tick-

eted by state police July 25 on U. S. 41, in Ely Township.

Defective Equipment George W. Truckey, Newberry, paid a \$5.70 fine and \$4.30 costs for defective equipment (no tail light). He was issued the summons by state police Aug. 7 on U. S. 41, in Chocolay Township.

For excessive noise, Gary L. Mercure, 441 E. Prospect St., Marquette, paid a \$5.70 fine and \$4.30 costs. State police issued the tick-

et Aug. 2 on U. S. 41, in Marquette Township.

BACK TO BILLETS CALL The Dutch "doe den tap toe," meaning "put the tap to," is the source of the military ceremony tattoo, which marks the beating of retreat shortly before taps. It originated years ago, when drummers patrolled a town at night, warning troops to return to their billets from the local tap rooms.

Kircher At TV Camera In Jackson

JACKSON (AP)—A closed circuit television camera has been installed in Southern Michigan Prison to give authorities a demonstration of how modern electronics can aid in prison supervision.

Warden George A. Kropp said the camera is mounted on the west wall over Cell Block Five and allows Deputy Warden Merwin S. Kircher to sit at his desk and keep an eye on five regular cellblocks and the entrance to a disciplinary cellblock.

(Kircher went to Jackson from the Marquette State Prison, having served as assistant deputy warden here. Kropp is a native of Marquette.)

The camera sweeps over the north yard, covering the prisoners during exercise periods. The camera and a monitor set were installed two weeks ago on an experimental basis by the

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

RED OWL

Highway Project Here Rapidly Taking Shape

This view of the U.S. 41 and M-28 route relocation in Marquette was taken last week just before the paving work was started. Picture was taken from the Champion St. crossing, showing the Altamont St. overpassing in the background. Much of the paving in connection with the 1.7-mile

School Adds Two Teachers To Faculty

Two teachers, both graduates of Northern Michigan University, have been added to the staff of Parkview Elementary School.

Mrs. Louise McCrea, 300 Jonathan Carver Rd., will teach the noon kindergarten session at Parkview this year.

Mrs. McCrea has also attended Wayne State University, Detroit, and has taught kindergarten in Detroit. In Marquette, she has been active in Girl Scout work.

Mrs. Barbara Carroll, 453 E. Michigan Ave., will teach second grade at Parkview. Mrs. Carroll has had previous teaching experience in the Milwaukee Public Schools.

Returning Teachers
Miss Helen Watson is principal of Parkview.

Returning teachers are Ruth P. Gustafson, kindergarten; Marjorie T. Bystrom and Elsie N. Chubb, first grade; Helen E. Knusli, second grade; Lucille M. Robinson, third grade; Sally Crandall, fourth grade; Bernice M. Wilson, fifth grade; Jeanne M. Mann, sixth grade; and John Wood, combination fifth and sixth grade.

Peronists Charge Yank Meddling In Argentina

BUENOS AIRES, Argentina (AP)—A powerful Peronist labor union and a Socialist congressman have accused U.S. Ambassador Robert McClintock of meddling in Argentina's internal affairs.

The attack was prompted by McClintock's comments about the controversial oil contracts between Argentina and foreign governments. Many Argentines want the contracts voided or revised.

Caught young, raccoons make affectionate pets, can be housebroken and even learn to tolerate cats and dogs.

Financial Scene: U.S. Balance Of Payments Setup Cited

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—A problem that even the experts differ in evaluating let alone solving—the deficit in the U. S. balance of payments — has been dominating much of the financial and congressional news in recent days. And it's no wonder if many ordinary citizens are stumped.

But to varying degrees the balance of payments between this country and the rest of the world is influencing:

—The cost of borrowing at the bank and the interest charges on the federal debt (paid in the long run by the citizen taxpayer);

—The amount of U.S. economic and military aid Congress will vote for other nations;

—The protection of the gold reserves that guarantee the good name of the dollar in world monetary capitals;

—The U.S. tariffs that some American industries say should be raised and those of other nations that the U.S. government is protesting because they keep American products out.

Other Factors

In all of these there are other factors—economic stresses, sectional goals or problems, domestic politics or international conflicts. But the stubborn balance of payments deficit plays a role in each.

The nation's balance of payments is roughly like your monthly bank statement.

For you it's how your deposits stack up against the checks you write. For your government it's how the receipt of dollars from abroad for American exports, return on investments, repayment of loans, and so on stack up against the dollars that go abroad for imports, foreign aid, military estab-

lishments, investments in plants or securities, travel.

More Dollar Away

Since 1958 each year has seen more dollars going out the country than came back. The deficit was a little lower last year, if still above \$2 billion, but has spurred again this year. To combat this buildup in surplus dollars abroad that could be turned in for U.S. gold if foreigners get worried about the future worth of Yankee dollars, the U.S. government through its various agencies has:

—Raised the interest on short-term loans. This tends to keep investment funds at home but also raises the carrying charge on the growing federal debt as well as tending to make business borrowing more expensive—and conceivably could spill over into long-term borrowings such as mortgages and school bond issues.

—Tried to increase the existing surplus of U.S. exports over imports. This flared into the chicken war when the European common market booted the levy on American frozen fowl — and, on the other side of the coin, led the steel industry to protest that low American tariffs let foreign steel flood local markets while old-time American steel export markets have been lost.

—Asked a tax on the purchase by Americans of foreign securities from foreigners. This is bitterly opposed by many financial interests in hearings before Congress.

Excuse For Cutting aid
And the fact that foreign aid usually approximates or exceeds the U.S. deficit in the balance of payments has been a strong stalking point for its opponents.

Foreign aid is tied closely to U.S. international and defense policies. But it probably would win few popularity contests with taxpayers. So the balance of payments deficit gives Congress a good excuse for cutting it.

All of these maneuvers in re-

NOTICE OF PUBLIC SALE

cent days may have given little assurance that the basic problem of the deficit is being solved. But the dollar's short-fall in international transactions has a part just now in the goings-on in Washington and Wall Street, and perhaps even at your local bank — and could play a still larger role in months to come.

Congo Troops, Tanks 'dered To Leopoldville

LEOPOLDVILLE, The Congo (AP)—Fearing that a threatened civil service strike may spark a general anti-government uprising, Premier Cyrille Adoula has ordered troops and tanks into Leopoldville.

A government announcement Friday said the army units would conduct training maneuvers in the heart of this city of 800,000.

The Cable TV View

... By Richard Bur

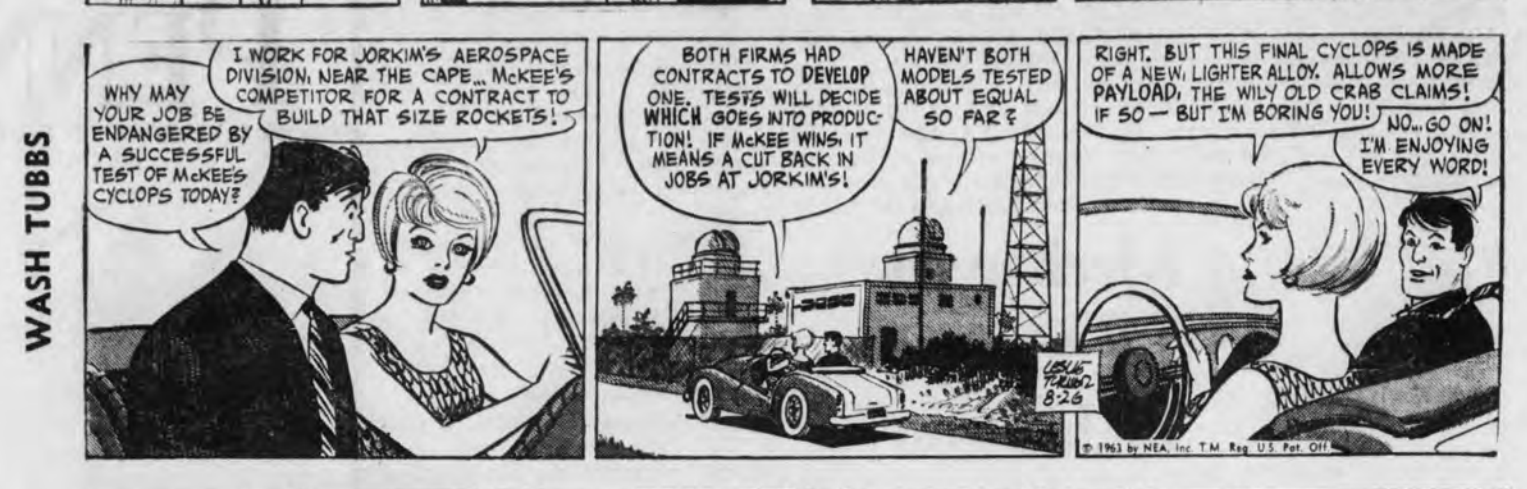

A program that appears almost daily on television over a period of six months out of the year and continues to perform to capacity audiences is our own American sport of Baseball. Interest mounts toward the conclusion of the season, and the week of the World Series blankets out any major happening that might come along.

If meanings must be associated with sports, what better choice than to seek one in baseball. In the literary world Ernest Hemingway attached a philosophical outlook to Bull Fighting. "Death in the Afternoon" for the bull carried an ominous significance for the spectators.

Baseball is friendly. Nothing can quite match the good humor that pervades the many thousands who fill the big league stadiums. It is a massive picnic. The rivalry among the spectators is sharp, but there is no sting to this kind of partisanship. All sides appreciate good playing.

"Kill the umpire", doesn't mean anything beyond derision. "Throw the bum out", doesn't mean the pitcher is a bum. Phrases are colorful and words that by themselves might sound deadly, are only expressions of overenthusiasm for or against a team.

Before Television we had to travel long distance at great cost to be part of this sport, or else we would have to content ourselves with reading about it after the results were known. You could listen to radio broadcasts and get someone else's verbal description, but it took television to plant you there right in the best seats in the ball park right in the easy comfort of your own home. You could see for yourself whatever happened at exactly the moment it happened. In fact you could be part of the cheering crowd. It's contagious if you are with the game. The TV camera and microphone let you become part of the crowd by the simple expedient of bringing the game home with all its sights, sounds and excitement.

College Girl Believes In 'Having Faith In People'

By VIVIAN BROWN
AP Newsfeatures Writer

The girl-about-campus has changed.

Typical of the new breed of college girls is Mary Lou May, 20, of the University of Seattle, national vice-president of the College Council of the United Nations.

"The message I am trying to spread to college students everywhere is that it is most meaningful in studying the world situation to be free of cynicism and to remember you have faith in individual people," she explains.

She believes it is particularly important to single out groups of exchange students studying here and to conduct campus symposiums on the area in which they are interested.

She Ran Exhibit

"One of the best aspects of this type of friendly approach is the social that may be held afterwards, when there is opportunity to learn the songs and dances of other countries and to get to know the individuals as friends. That's the best way to learn about them and their country," she points out. Mary Lou conducted several of these symposiums at Seattle University.

Another way you can get to understand people is by working with them, she says. She ran the Peace Corps exhibit at the Seattle World's Fair during the day, and the U. N. pavilion exhibit in the evenings, as a result of having been active for the U.N. on campus. A senior, she'll get a degree in political science.

"You can get to understand people and their problems by working with them. I hope to join the Peace Corps. Two of my friends have already gone off, one to Kenya and one to Latin America," says Mary Lou.

Working For U.N.

Mary Lou, a pretty, freckle-faced type is working in New York this vacation for the United Nations.

"I like to talk to people and do hard work, but when it comes to making speeches, I like other people to do it," she says, laughing.

She is one of seven children.

Mrs. Makela Wins In Series Bridge Play

In Superior Duplicate Bridge Club series play Friday night Mrs. Earl Makela scored high with 54.55 per cent.

In second, third, fourth, fifth and sixth places respectively, in series play, were George Reitinger with 52.97 per cent; Mrs. E. L. Derby with 52.86 per cent; Mrs. Bernard Schmelzer with 51.62 per cent; Mrs. Rollin Thorin with 50.66 per cent and Bernard Schmelzer with 50.51 per cent.

In regular play Friday night, the team of Mr. and Mrs. Ernest Pesola were in first place with 61.24 per cent.

In second place were A. P. Wendt and Dr. D. P. Hornbogen with 59.16 per cent.

Mrs. A. P. Wendt and Mrs. Oakes O'Neill were third with 52.50 per cent.

George Reitinger and Mrs. Cy Stupka scored 51.66 per cent for fourth place.

Mrs. Rollin Thorin and Mrs. D. P. Hornbogen were fifth with 50.83, and the team of Mrs. Luther McGee and Helen Winter were sixth with 50.41 per cent.

Next Friday will be monthly master point night.

Edwin Morrisons Celebrate Silver Wedding Anniversary

ISHPEMING — A family dinner at the Northwoods, hosted by Mr. and Mrs. Edwin Morrison, preceded the open house reception honoring their silver wedding anniversary at their home on 429 Euclid St., Sunday, Aug. 18. Attendees for the couple at the reception were Mr. and Mrs. Clyde Rushford, sister and brother-in-law of Mrs. Morrison.

Many friends, neighbors and relatives were greeted by Mrs. George Annala. Jean Morrison, daughter of the couple, and Janice Holmgren were in charge of the guest book. Alan Morrison, a son, and Charles Rushford tshered.

A brief program, at which George Annala acted as master of ceremonies, opened with a prayer by the Rev. Eric Hammer. Mr. Annala, after welcoming the guests on behalf of the honored couple, gave a sketch of their married life. The Rev. Mr. and Mrs. Hammar sang "Will You Remember?" and "The Sweetest Story Ever Told."

A buffet lunch was served from a table covered with an ivory damask cloth. A bouquet of pink flowers in a silver planter (a gift from friends), flanked by silver candles in silver candlesticks, decorated the table. Mrs. Lowell Holmgren poured, and the anniversary cake was served by Mrs. Ray Hocking. Mrs. Joseph Mohoski served the punch. Gifts were displayed by Miss Cecelia Charles, assisted by Mrs. George Carlson and Mrs. Guido Bonetti.

Mr. and Mrs. Morrison (formerly Lillian Ferris) were married in Iron Mountain in the Presbyterian Church by the Rev. N. U. McConaughy on Aug. 17, 1938. Their attendants were Betty Ferris and Robert Knight. They came to live in Ishpeming in 1941. They have two children, Alan, 14, and Jean, 13.

Out-of-town guests included Mrs. Harry Morrison, Byron Center, Mich. (mother of Mr. Morrison); Mr. and Mrs. Charles Ferris, Iron Mountain, (parents of Mrs. Morrison); Mr. and Mrs. Clyde Rushford and sons, Kenneth and Charles, Waupaca, Wis.; Mr. and Mrs. Francis Ferris, Iron Mountain, and Mr. and Mrs. Glenn Johnson, Marquette.

Holly trees that bear no fruit have only male flowers, incapable of producing seeds.

Engaged

Mr. and Mrs. Waino E. Lehtomaki, 515 W. Bluff St., announce the engagement of their daughter, Gloria Jean, to Lt. Robert L. Bell, son of Mr. and Mrs. Harvey Bell, Unioopolis, Ohio. Miss Lehtomaki will be a senior this fall at Northern Michigan University where she is affiliated with Alpha Xi Delta. Her fiancé is a graduate of Ohio University and is now stationed at K. I. Sawyer Air Force Base. A Nov. 23 wedding is planned.

WSCS Sets Series Of 4 Seminars

The Woman's Society of Christian Service of the Methodist Church in the Marquette district will conduct annual seminars in four Upper Peninsula communities next month.

Seminars will be held in Ewen Sept. 9, Iron River Sept. 10, Bark River Sept. 11 and Manistiquette Sept. 12.

Coffee hour and registration will be at 9 a.m. each day. The sessions will convene at 9:45 a.m. and 1 p.m. Luncheon reservations should be made with the local society's president of the host church several days in advance.

District officers will present the outline of the society studies for 1963-64 and will conduct clinics for all secretaries. Program material will be available at all seminars.

Mrs. Dan Matthews of Negaunee will be chairman of the seminars. Mrs. Earl LaFreniere of Norway is president of the Marquette district.

Personals

Mrs. Lottie Winfree has left for Pontiac to make her home with her daughter, Mrs. F. Watila.

It is estimated that a faucet that leaks 60 drops a minute will waste 200 gallons of water per month.

Paragraphs

Mrs. Leon J. Barrett is chairman of the turkey-dinner which will be served by the ladies of the Williams-Beerman VFW Auxiliary 7960, of Big Bay on Saturday at 5 p.m. Turkey and all the trimmings will be served family style in the Community Presbyterian Church in Big Bay.

Pierre's Discovery

Vocalist Lulu Porter has been chosen to represent this country at the Third Polish International Song Festival. Presidential press secretary Pierre Selinger suggested her name for the job.

Lines from Lou's by . . . maggie

The one good thing about having friends and relatives come to visit you is that you tend to see a little more of the country around here. Yesterday, we gathered up the whole kit and caboodle and drove over to Hulbert to take the ride to the Tahquamenon Falls. Frankly, as lovely as the Falls are, the ride down the river was worth the charge. Ken Slater narrated the trip and made it fascinating. Even saw a Bald Eagle, our national bird. I think the trip would be even lovelier at the end of September, when the leaves are turning. Just hope I can find time to go.

But we have quite a spell before the weather gets cold, and we can face up to many more hot days in the next month. And if you want to stay right in style for the season, yet dress coolly, just come down to LOU'S. You'll be excited the moment you see the dark cottons, in prints and solids, that are just so right for now into October. We have a very big selection now. And remember, you shop in air-conditioned comfort at LOU'S, in the center of Marquette.

Sporting A Mink Blouse And Beret

A creation from the House of Chombert, shown in Paris today, features this Saga Topaz mink blouse and beret trimmed with camel colored knit. It is designed for the sports enthusiast, allowing freedom of movement as well as warmth. (AP Wirephoto.)

A Lack Of Wanderlust

There is little of the gypsy in the makeup of the average Marquette County resident. He isn't the one to fold up his tent and move at the drop of a hat.

That fact emerges from a Department of Commerce study aimed at discovering how often families move from one home to another. Sought, also, was information as to how many families in a given locality once lived somewhere else.

The local figures show that the great majority of the native Americans residing in Marquette County were born in Michigan and have never dug up their roots. As a matter of fact, the study indicates that 8,846 people came from other states to live in the local area.

Compared with the 82.1 per cent of the current local population who have chosen to remain in their original surroundings, only 70.3 per cent of the people in the United States as a whole have stayed in the area of their birth.

In many parts of the country there has been a great shifting of population in recent years. People have been going from the East to the West and to the South. Some have moved from harsh climates to more comfortable ones. Others have gone from

rural to urban areas.

In most cases, it is the economics of life that dictate the change. Sometimes families move to other localities because their job opportunities or other sources of income have declined or evaporated. Sometimes it is because they feel they might do better in another environment that is more dynamic and holds forth the promise of better living.

The mobility of the average family has been greatly improved over the years. Moving to a new area no longer calls for the hardy pioneering that it did at one time. Even within the same neighborhood, it is found, people are constantly on the move, shifting from one house to another. Often it is because of a change in the size of the family. At other times it is because they want and can afford better housing. The figures show that, in Marquette County, 21,213 people have moved to other locations within the county in a period of five years.

EASIER SAID THAN DONE

It is not easy to be a patriot these days — not because it is difficult to love one's country. The difficulty lies with loving one's country in the right way. — Adlai Stevenson in Harper's

From The Journal Files

90 Years Ago

—Marquette—

The steamer Winslow came down from Houghton Thursday with 230 tons of copper for Detroit and New York parties and took on here 349 tons of pig iron consigned to the Erie Railway. This freight, with some merchandise included, amounted to over \$150,000. Capt. Ben Wilkins has carried the largest and most valuable freight ever shipped on boats which have done business on Lake Superior.

As cholera in a moderate form has been prevailing in this latitude for some time, a remedy to combat this demon of distress as described in the New York Sun might prove of help to our readers. It consists of a mixture of equal parts of red pepper, opium, rhubarb, peppermint and camphor, from 10 to 30 drops in three teaspoonful of water.

Although not a large city, Marquette has assumed city airs, but there are certain things which should be done immediately. The houses ought to be numbered and the streets labeled. Strangers coming here are directed to go up the hill, turn the corner in the right direction and inquire of Jones where Smith lives. Now, to prevent such absurdities and give the place an air of substantiality, nothing could be easier to accomplish, and the council should do it at once.

The Summit House has had an unusual number of invalids as boarders of late, some of whom are tourists or health-seekers and others residents of Marquette. The untiring devotion of Mrs. Naehr toward affording relief and comfort to these invalids is a subject of general commendation.

The Leslie troupe gave one of their enjoyable entertainments at Coles' Hall last Thursday evening to a large audience, composed largely of the elite and fashion of our city. The company comprises Prof. Christie's orchestra and silver cornet band, with Mr. Leslie, basso; Mrs. Allie Leslie, contralto; Miss Nellie Woodleigh, soprano and character vocalist, and Lulu Woodleigh, alto. The combination is a strong one and presented a pleasing medley of sentimental and comic ballads, duets, opera selections and overtures.

To L'Anse and return is a one day's journey from Marquette, with two hours at the former place for refreshments. Our L'Anse cor-

respondents seem too busy now to send us letters. They must do better or their "Sweden in America" will not be known to the world.

—Ishpeming—

During the year just past, the Ishpeming Methodist Church, with the help of her many friends, has contributed over \$4,000 for benevolent and other objects. \$1,200 has been paid on the old church building, completely liquidating it, \$5,000 for repairs to the church and parsonage, over \$300 for Sunday school purposes and the balance for pastor's salary, missionary and Bible work. The society owns, now free of all incumbrance, a large church with stained glass windows, lecture room, pastor's study, organ, large bell, library of 500 volumes and the two-story parsonage, 20 by 36 feet.

It requires an hour and a half for a telegram to reach Negaunee from here, a half day to reach Marquette and two and a half days to arrive at Green Bay, from which it must be inferred that the telegraph is a lightning means of communication in this country, only exceeded by a man on foot.

—Negaunee—

J. P. Pendill, Esq., has closed his stores at Negaunee and Ishpeming and shipped his goods to Michigan. Mr. Pendill, after having been so many years in harness, is about to give up trade and to take matters more easily in the future as he is able to do. N. Lonsdorf is also closing out his stock of merchandise as he has the same right and can now live without being bothered with the cares of trade.

With their new \$3,000 safe, Herring's make, Yale lock on the outer door and magnetic lock on the inner or currency department, the officers of the First National Bank have little to fear of burglars or fire.

Every train on the North Western road brings up crowds of men, women and children who have been south a short distance to pick huckleberries.

A portion of the Jackson Location known as the Pioneer Mine, which was worked for some 10 years by the Iron Cliffs Co. for supplying its furnaces, caved in the other day. Fortunately, no one was in the opening at the time and the only damage was the bending of a pump rod. About 2,000 tons of good ore was thrown down.

60 Years Ago

—Marquette—

Superintendent Mellin started with the task of unloading the two new street cars yesterday, and though work was greatly interrupted by the persistent showers, it was finally completed. In the meanwhile between the downpours, it attracted much attention. The cars were unloaded at the foot of Front St., within a stone's throw of the street railway tracks, onto which they were run by means of a temporary track, laid for that purpose. The two cars received here yesterday are combination trolleys, designed for use either in summer or winter.

The beginnings of the stone work have appeared at the new Peter White Library. The Bedford stone has been inspected with much curiosity by many people, and most of the comments are entirely favorable.

—Ishpeming—

Searching parties scoured the woods north of town all Monday night, hunting for three boys who had failed to return home from a berry picking expedition. The lads were Arvid and Rudy Johnson, sons of Ivar Johnson, and Lemo Lidberg. They started out in the morning to pick berries, following a course along

30 Years Ago

—Marquette—

The first delegate to the 10th annual convention of the Michigan Association of Chiefs of Police, which will open in Marquette next Monday and continue through Wednesday, arrived in the city yesterday. He was Donald Williams, chief of police of East Grand Rapids, who has taken a cottage at Lakewood. His wife accompanied him here. Chief Williams said that indications are that practically every police chief in Michigan will come here for the meeting.

Members of the executive committee conducting the NRA educational drive in Marquette will meet this afternoon at 4 in the chamber of commerce headquarters to organize and arrange definite plans for a detailed survey of every store, office and home in the city to determine how many have signed up in cooperation with the national recovery program — and how many have not. It was announced yesterday by George C. Quinell, chairman.

—Ishpeming—

Tomorrow is the anniversary of two of Ishpeming's worst fires in recent years. To the superstitious it might be pointed out that the day falls on Friday and about 26 members of the Ishpeming Fire Department are out of the city attending the Upper Peninsula Fire-

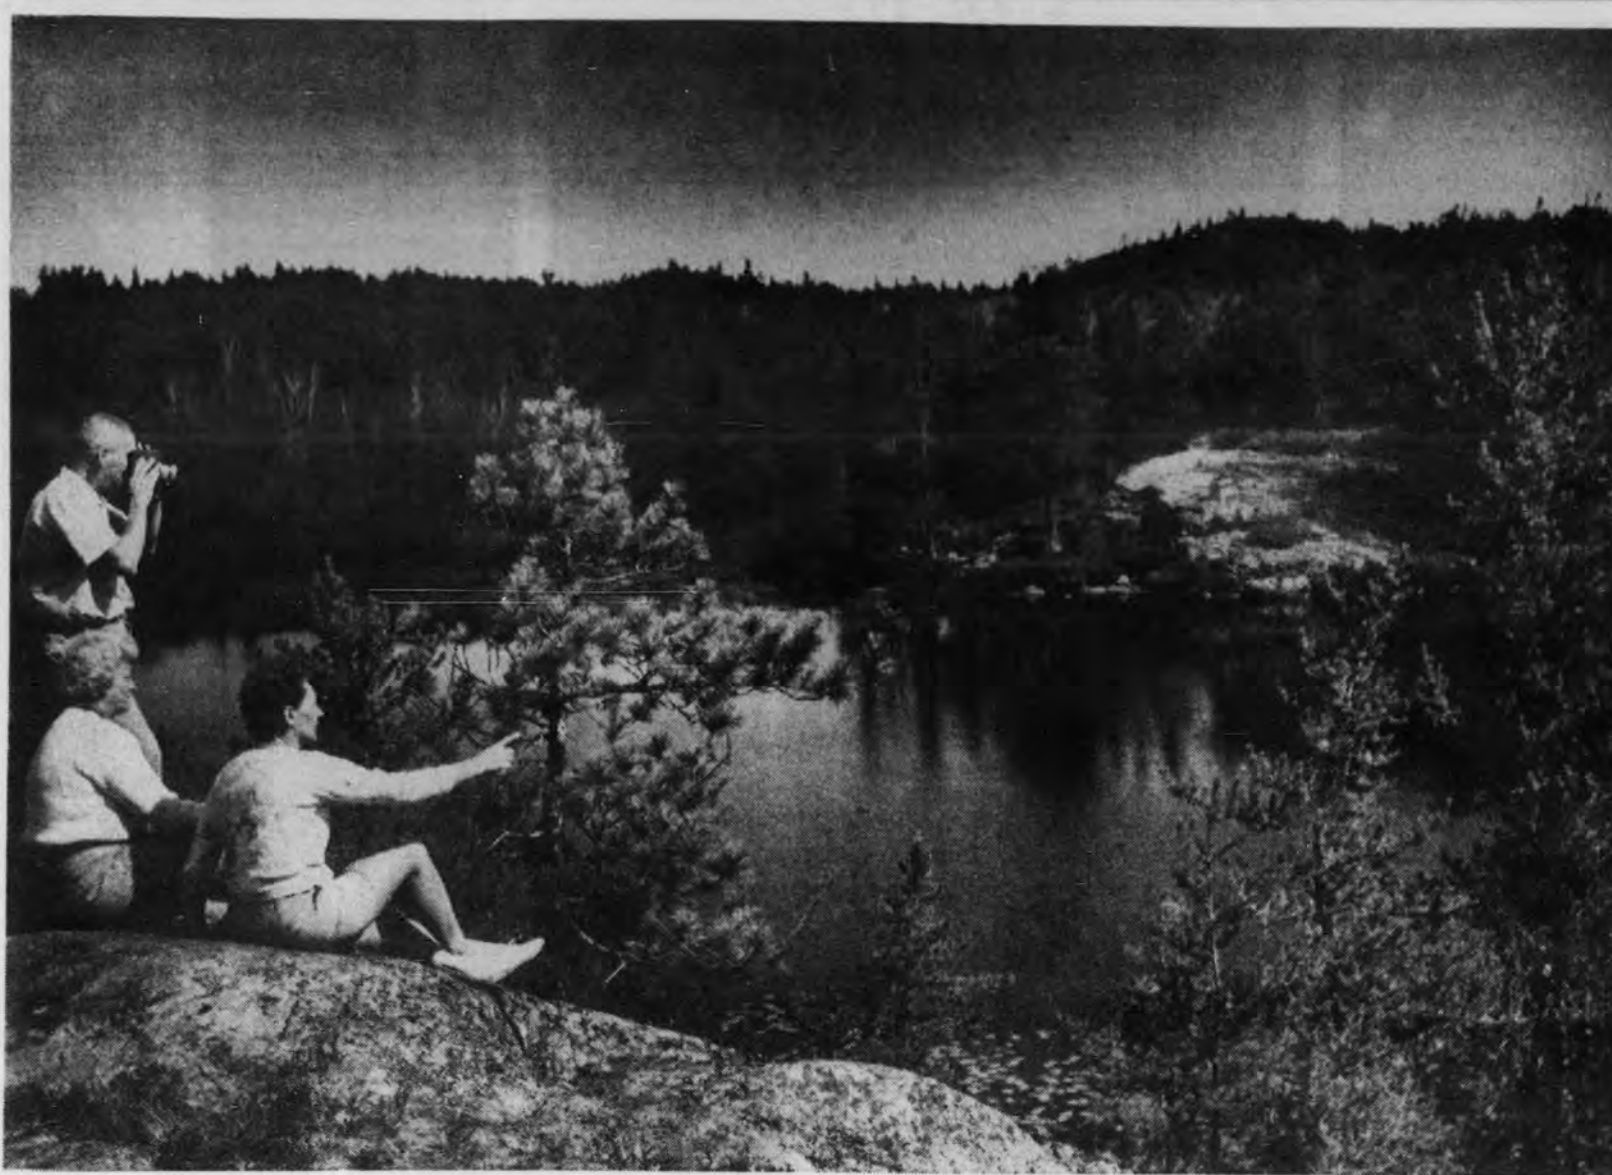

men's Convention at L'Anse. The Michigan Gas and Electric Co. issued a statement today that it has filed with the postmaster in Ishpeming its certificate of compliance with the provisions of the code of fair competition under the national industrial recovery act for the electric light and power industry and the gas operating industry and has forwarded to the Department of Commerce its agreements to that effect.

Friends of Dr. Miles M. Main, Ishpeming dentist, stated today that he has decided to be a candidate for one of the two offices on the Ishpeming Board of School trustees to be voted upon in the Labor day election.

—Negaunee—

Beauty shop operators from Marquette, Ishpeming and Negaunee, representing 17 establishments which have agreed to abide by the NRA code governing the operation of beauty shops in an effort to speed up economic recovery and induce fair trade practices, at a meeting here last night issued a plea to the public to patronize only those places which are abiding by the terms of the compact and authorized the appointment of three investigators to report any discrepancies found among shops failing to subscribe to the code.

"Perfect Understanding," Gloria Swanson's picture, will be shown again Friday and Saturday at the Vista.

Tourists pause to enjoy the scenery at Harlow Lake, one of the sights which will be seen by tourists and railroad fans who purchase round-trip tickets from Marquette to Big Bay and back from Thunder Bay Recreations, Inc. The steam railroad will be the core attraction of the Superiorland complex.

Steam Locomotive Chugs Over Big Bay Line Again

By MARY WHITE
Of The Journal Staff

People driving along the Big Bay road the other day stopped and stared. Dogs barked. Children waved.

A tourist parked his car and waited two hours to get a picture. Two men here from Milwaukee for the event took movies and raved about the scenery.

Maiden Voyage

What was everybody so excited about? Chugging merrily along the unused railroad track between Marquette and Big Bay was a steam engine, the kind nobody sees anymore but everybody remembers for its

Today's Special Story

lonely whistle, glancing bell and black smoke.

The locomotive has been saved from retirement and the threat of a scrap pile after a lifetime of hauling ore and lumber to Marquette, before it was replaced by a modern diesel. The other day the iron horse made its maiden voyage as a recreational railroad engine.

Core Of Tourist Project

The railroad line to Big Bay is the core of the Superiorland tourist project. The Lake Superior and Ishpeming Railroad Co.'s old Lake Independence line runs 23.74 miles from the LS&I yard through some of the most beautiful country the Upper Peninsula has to offer.

Once busy with lumber traffic, the branch line was last used in 1959 and was purchased for \$90,000, salvage value.

Railroad Fan Organization

Thunder Bay Recreations, Inc., part of the Superiorland complex, intends to sell round-trip recreational tickets for tourists and railroad fans.

John A. Zerbel of Milwaukee and Marquette, main Superiorland developer, said that a non-

profit corporation of railroad fans is being created. An estimated 100,000 persons in the U. S. are members of organized railroad fan clubs, Zerbel noted.

Student Firemen

On the recreational railroad to Big Bay, fans who buy membership in the corporation will be

able to ride in the engine's cab as student firemen. After several student trips under the retired engineers and firemen who will operate the trains, the fans will take the railroad firemen's examination to qualify as full-fledged firemen, Zerbel said.

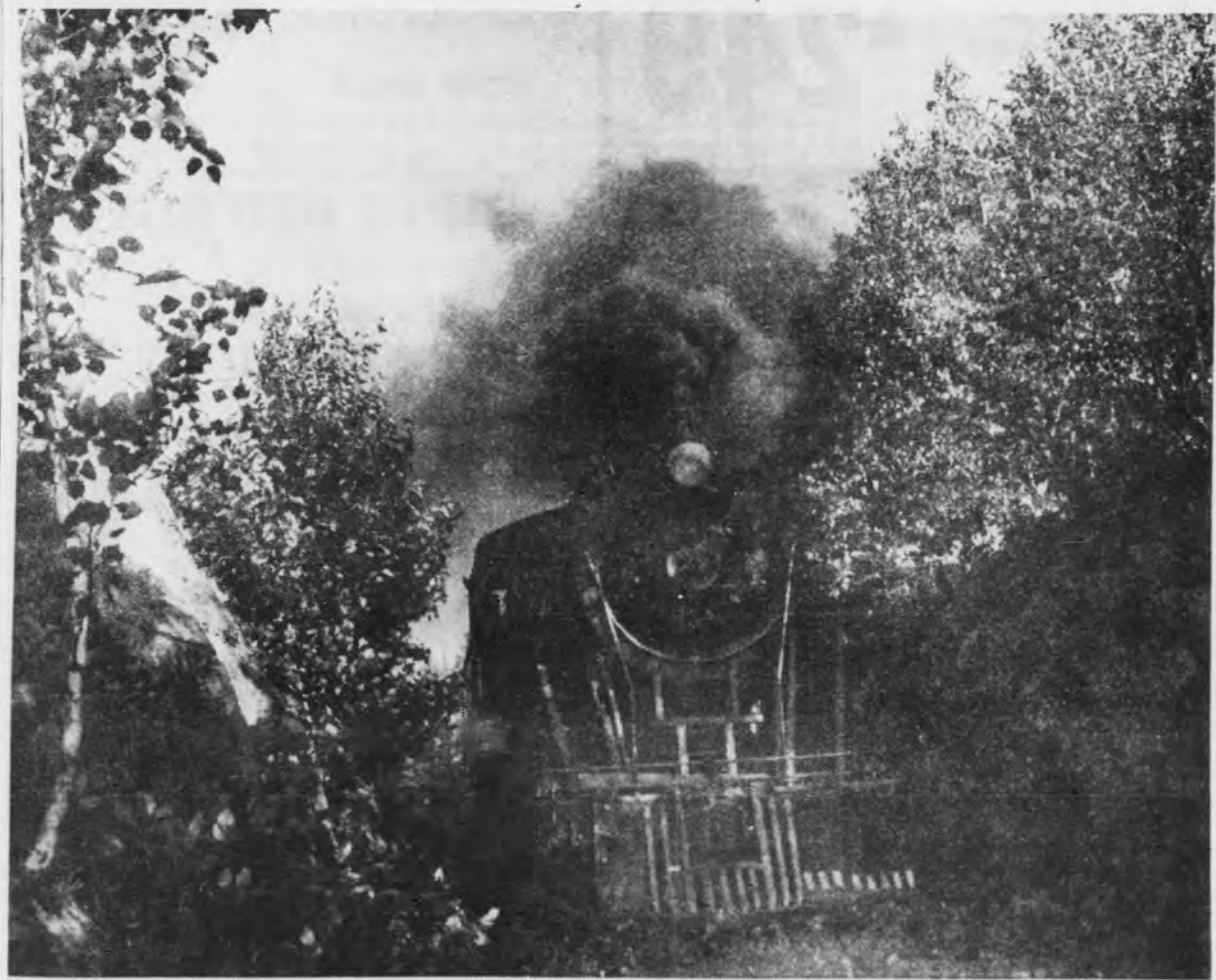

The line is being rehabilitated

now, and the purpose of the steam engine's recent trip was to dump railroad ties along the route as far as Buckroe crossing. A crew of eight retired trainmen and college students heaved out eight flat cars of cedar and hardwood ties, at the rate of 408 per mile.

Operating the engine were two retired LS&I engineers, Martin T. Evensen, 506 E. Hewitt Ave., and Julius Young, 1221 N. Front St.

A brush crew has already worked its way almost to Big Bay along the right-of-way, which was completely grown over in some places, and will soon begin to work

(Continued on Page 15)

Coming round a bend on the old Lake Independence railroad line from Marquette to Big Bay is a 1910 steam locomotive which will be used for recreational trips in the Superiorland tourist project. The unused line was purchased by the Marquette and Huron Mountain Railroad Co. from the Lake Superior and Ishpeming Railroad Co. for \$90,000 and is being rehabilitated by Thunder Bay Recreations, Inc., at an estimated cost of \$60,000.

An old LS&I steam engine, now part of the Superiorland project, came out of retirement last week to take part in rehabilitation of the railroad track from Marquette to Big Bay. Here crews dump railroad ties for repair of the line, which had not been used since 1959. Coal tender can be seen at left.

Expert Opinion On Treaty

By WALTER LIPPMANN

In reading what the military chieftains have to say about the test ban treaty, we must not forget that the fundamental issue is not military. It is not one on which a military man as such has any special competence. The fundamental issue is one of scientific method, whether continued testing in the atmosphere will produce significant, perhaps decisive, military advantages either for the Soviet Union or the United States.

The opinions of Gen. Power and Gen. LeMay on the probable results of future tests in the atmosphere are not one bit more expert than the opinion of Secretary McNamara. They are all laymen in this field, and their opinions are at best like the opinion of a judge when he has listened to the testimony and the arguments of both sides. The genuine experts in this field are scientific men who have worked experimentally in nuclear physics and in the related fields of chemistry and biology.

Pseudo-Patriotic Gamble

The crucial controversy is over the probable value of more atmospheric testing. On the one hand, there are those who, like Dr. Teller, believe that if unlimited atmospheric testing is allowed, the United States will forge way ahead of the Soviet Union and will achieve the absolute weapon, an anti-missile defense, which will disarm the nuclear forces of the Soviet Union.

On the other hand, there is an array of eminent scientists who say that the more the two powers test, the more they will make the same discoveries and unlock the same secrets. The belief in a unique breakthrough is a romantic form of self-deception. Dr. Teller's promise that American scientists will be able to do what the Soviet scientists will not be able to do is not a scientific judgment. It is a reckless pseudo-patriotic gamble on the inherent superiority of American over Russian scientists.

In the Soviet Union, there are, of course, the counterparts of Dr. Teller and the Air Force generals. These Russians would also be willing to bet on the superiority of their scientists, and they, too, would like to try for the decisive breakthrough to an absolute weapon.

The great value of the treaty is that it takes out of the race of armaments — which will, of course, continue — most of the feverish gamble for supremacy which unlimited testing invites. The experiments are to be limited by the treaty to the laboratories and to holes in the ground. This will not preclude the discovery of the secret of the absolute weapon if there is a secret that is possible to discover. But limiting the experiments will remove the hysteria, the violence and the poison from the competitive search for absolute supremacy.

(c) 1963, The Washington Post Co.

Boyle Won't Join In Protest March

By HAL BOYLE

NEW YORK — At the risk of being an individual, I've decided not to march on Washington this Wednesday.

When it comes to criticizing the government, I yield to no man.

But I'd rather sustain it at a distance than march upon it. The best government is the one you're farthest from. I'd rather send it my money than lend it my presence.

Obviously, many other people don't feel that way.

They Won't

It appears that everybody who doesn't have anything else to do is going to march on Washington Wednesday — too late to see the cherry trees in bloom and too early to admire the frost on Lincoln's metal beard.

"See you at the barricades on Pennsylvania Avenue," my friends have been telling me. I doubt that they will. In fact, I'm sure they won't.

One of the things that puzzles me about the march on Washington is that I can no longer figure out the reason why. It began as a racial protest but it now appears as a walk of sustenance.

Everybody who is either for or against whatever government policy we do or don't have seems determined to march for or against it.

Logical Emptiness

This situation leaves me confused. I sense a logical emptiness.

When it comes to the expression of free enterprise, I yield to no man.

But at the price of considerable soul searching, I have reviewed my relations with the federal government and reached by own conclusion.

I have decided that the government's purpose is to run the country and my duty to it is to pay my taxes. It appears to me that my obligation ends there.

I neither dislike nor approve of the government enough to march upon Washington. To me it's a dull place in August, and I'd just as soon be somewhere else like here.

His Own Protest

After looking at the whole situation from every angle, I've decided what to do.

I've decided to make a personal sitdown strike against the protest-approval march to Washington. I've decided to stay home, open another can of beer, read about it in the newspapers and watch the whole thing on television.

REPLY IN KIND

There seems to be no legal solution to the problem of Paul Locicero's portable back yard swimming pool in Shorewood. His neighbor, Erwin Pociеча, complains that sportive swimmers splash water into his dining room windows, which are only eight feet away.

Locicero wants to put up a six-foot basket weave fence, but a Shorewood ordinance prohibits a side lot fence more than 42 inches high. Besides, Pociеча doesn't want a six-foot fence spoiling his view (whether he meant his view of the swimmers was not specified in the newspaper account of the trouble).

We can sympathize with Pociеча. Water splashing into the dining room can be very annoying. Among other things, it can cool off the coffee in the morning and dilute the martinis in the evening.

But with Shorewood ordinances being as they are, the only constructive advice we can give Pociеча is to buy a portable outdoor swimming pool himself, place it close to the lot line and splash right back at Locicero. — Milwaukee Sentinel.

JCC Seeks Successor To Kathy

ISHPEMING — The search for a young lady in the area to fill the roll of Miss Ishpeming is going into high gear.

In addition to the title and trophies, a savings bond will be awarded to the winner who will be crowned on Saturday, Sept. 14, by Miss Michigan, Kathy McLaughlin. "Although not on quite so grand a scale," stated Jerry Wierzbicki, chairman for the event, "the local contest will be conducted much along the lines of the Miss America contest."

Local entries must be at least 17 years of age and not over 27. They must be high school graduates by next year and must be

The Ishpeming - Negaunee Junior Chamber of Commerce, which sponsors the local contest, will enter the winner as "Miss Ishpeming" in the Miss Upper Michigan contest at Marquette next April.

single. These are the general qualifications. Entries will be judged on poise, personality, intelligence, charm and beauty. Poise and personality are the two most important aspects, with talent a factor.

Inasmuch as the contest is conducted on a high plane from the local level right through to the national event, parents, educators and friends are asked to urge eligible girls to enter.

Girls may enter on their own or may be sponsored by a local organization or business.

Entries should contact Wierzbicki during the day at the J. C. Penney Co. store or in the evening at 200 Canada St. Phone numbers are HU 6-487 and HU 6-4879.

Additional information will be given either by phone or in person. Miss McLaughlin will be present at the contest and will spend Sept. 13 and 14 with queen candidates. "Remember," Wierzbicki said, "Kathy took her first step towards the Miss America pageant in the Miss Ishpeming contest last year."

Entries should contact Wierzbicki during the day at the J. C. Penney Co. store or in the evening at 200 Canada St. Phone numbers are HU 6-487 and HU 6-4879.

Additional information will be given either by phone or in person. Miss McLaughlin will be present at the contest and will spend Sept. 13 and 14 with queen candidates. "Remember," Wierzbicki said, "Kathy took her first step towards the Miss America pageant in the Miss Ishpeming contest last year."

Applicants For Postal Jobs In Republic Sought

REPUBLIC — Reino W. Hendrickson, postmaster here announced today that the executive secretary of the Board of U.S. Civil Service Examiners, Post Office Establishment Board, Marquette, is accepting applications for the positions of substitute clerk and substitute carrier for duty in the Republic Post Office.

Applicants must reside within the delivery area of the post office or be bona fide patrons of the office. The starting salary rate is \$2.25 an hour, with opportunity for advancement.

Applicants must have reached their 18th birthday on or before the closing date for receipt of application. There is no maximum age limit.

A written test is required to determine eligibility.

Applications must be filed with the Board of U.S. Civil Service Examiners, Post Office Department, Marquette, Mich., and will be accepted until Sept. 26. Further information and application forms may be obtained at the Republic Post Office.

School Opens J-Republic Sept. 3; Faculty Listed

REPUBLIC — Republic Central Schools will open at 9 Tuesday morning, Sept. 3.

All students are expected to be present on the first day of school except the afternoon kindergarten group. The afternoon kindergarten session will not meet until Wednesday at 1 p.m.

School will be dismissed at 11:30 a.m. and the opening teachers' meeting for the school year will be held at 1:30 Tuesday afternoon.

The normal morning bus runs will be made Tuesday with approximately the same time schedule as in previous years. Any students who have moved since school closed last spring should notify the school office so that the buses will be sure to pick them up.

Any new families who have moved into the Republic Central School District during the summer may enroll their children at the school office at any time before school opens. The school office is open every day and new students are urged to register before the first day of school.

Health Certificates

Parents of kindergarten children and of children who are attending a Michigan school for the first time are reminded that a health certificate must be signed by a physician and turned in to the school office not later than the opening day of school. New stu-

Miss America Pageant To Open September 3

ATLANTIC CITY, N. J. — It is nearing pageant time and in every state in the Union a very pretty girl is selecting that very special wardrobe which she hopes will help her to win the title of Miss America and a chance to earn in the vicinity of \$100,000 during the year of her reign.

(Kathy McLaughlin, 22-year-old Miss Michigan, is expected to leave next weekend from Wisconsin Rapids, Wis., for Atlantic City. She returned to Ishpeming from Detroit for a brief visit Sunday, then went with her mother, Mrs. W. H. McLaughlin, to Wisconsin Rapids, where the family is now residing.)

Actually, 52 shapely young ladies will be on the big Convention Hall stage when the curtain rises on the first of the preliminaries. There will be a miss from each of the 50 states as well as a representative of the District of Columbia and New York City.

Festival Of Floats Tuesday

The girls arrive in Atlantic City on Labor Day, and the public gets its first look at their smiling faces Tuesday evening when the Festival of Floats moves down the Boardwalk. An estimated 200,000 will be on hand to applaud as the hopeful misses move along the famous promenade, to enjoy the band music which accompanies them, and to see the spectacular floats which

help to make for an unforgettable evening.

Curtain goes up on the Convention Hall stage Wednesday evening to signal the start of preliminary judging. Each of the girls participates in evening gown, swim suit and talent competition during the three preliminary evenings. In addition, they breakfast with the panel of judges so that these celebrated personalities can get firsthand knowledge of their personalities and ambitions. The other daytime hours are taken up by rehearsals and posing for the press photographers, who are always very much in evidence when a lot of pretty girls gather.

abled the contractors to proceed rapidly with erection of the new facilities, which are located in South Republic.

The completion date called for in the contracts is Jan. 15, 1964, but school officials hope that the move to the new building can be made before the end of the first semester.

The school is being built by the Proksch Construction Co. as general contractor with the Holwerda-Huizinga Co. of Grand Rapids and the V & M Electric Co. of Menominee doing the mechanical and electrical work.

Total cost of the construction will be \$922,859. In addition to this, the cost of furniture and equipment, architect's fees, landscaping and other necessary expenses will bring the total cost to \$1,040,000.

Additional new furniture and equipment to replace that which is now in use at the present time will be purchased over a period of approximately five years for an additional \$40,000 to \$50,000.

SQUIREL FAMILY GRATEFUL TO TELEPHONE REPAIRMAN

On the same night a windstorm blew down a telephone line leading to a home in Grand Rapids, it also blew down a large birdhouse inhabited by four newborn baby squirrels and their mother.

Michigan Bell repairman Gene Bartholomew repaired the damaged telephone line. Then he noticed several neighborhood women worriedly watching the frightened mother squirrel on the roof of the grounded home while her newborn babies huddled inside.

The repairman told the women he'd be glad to put the birdhouse back up in the tree and, after a brief argument with the suspicious mother squirrel, proceeded to do the job.

The neighborhood women and the squirrel family, including the mother squirrel, were understandably grateful to our repairman. Yet what Gene Bartholomew did was just another example of the neighborliness you'll find in Michigan Bell people. They're about as friendly and cooperative as anyone you know.

MICHIGAN BELL TELEPHONE COMPANY

Stiffer Penalties For 'Repeat' Traffic Violators Urged By NSC

NEGAUNEE — Stiffer penalties for drivers convicted repeatedly for motor vehicle code violations was the recommendation of the Negaunee City Council following presentation to the governing body as a special session of the National Safety Council traffic inventory for 1963.

Based on data supplied by the municipality covering the 1962 calendar year, the analytical report was presented by N. A. Olman, representative of the safety council, who termed it "A score card of traffic activities as carried on in your city when compared with those in 270 cities of comparable size throughout the nation."

Personal Injury Accidents Up

Olman pointed out that, in making the report, experts analyzing the program in Negaunee were well aware of the fact that there were differences in various communities, and that traffic in this section of the country was not a particular problem, except for the influx of visitors in the summer and hazardous driving conditions during the winter.

"Negaunee had one death last year, the same as in the previous 12-month period, but we were more concerned with the fact that the number of personal injury accidents totaled 42, which is an increase of 10 over the average for the preceding three years and certainly bears investigating," Olman declared.

Recommendations Listed

Safety Council recommendations in an attempt to reduce the number of these accidents were:

- That more time be spent on processing accident records. (Negaunee spent two hours a week in

this activity compared with an average of five hours per week by cities in the top 30 per cent.)

- Original accident reports be filed by location and cross reference file by drivers names be maintained.
- Accident statistics be made available for, and be used fully in, the guidance of engineering, education and enforcement planning.

Crosswalk Markings Urged

Concerning traffic engineering the council suggested that crosswalks at 127 intersections be marked. The inventory showed that markings were in effect at only 14 intersections.

Regarding police traffic supervision, the following recommendations were made:

- That the amount of traffic

administrative training be increased to at least two weeks for all supervisory officers.

- That 25 hours of refresher traffic training be provided for all uniformed officers every two years.
- More action be taken against accident-producing violators.
- Gradually and steadily the amount of enforcement applied to hazardous traffic law violations be increased to more than double the 1962 level, as there appears to be capacity with personnel currently available to accomplish this.
- Convictions with penalty on specific driver intoxication charges be substantially increased.

Greater use of chemical tests and alcoholic influence report forms would be helpful in this respect, it was noted.

Steel Market Looking Good For October

CLEVELAND — October looks better than expected for steelmakers. Steel magazine said today. The order upturn that started in late July probably will keep September shipments on a par with August's. Shipments will rise measurably—probably 10 to 15 per cent—in October.

Steelmakers who are big suppliers to the auto industry are unanimous in saying that their shipments will rise in October, but some are poles apart in predicting how much.

Optimism In Midwest

Optimism is greatest in Chicago, where steel consumption has traditionally been higher than steel-making capacity. A leading mill there booked 400 per cent more business in a mid-August week than it averaged in three previous weeks.

But in Pittsburgh and the East, bookings continued to lag shipments and mills liquidated their backlogs.

Steelmakers who find September disappointing complain about the "washout of expected tonnage."

Tin plate producers are especially unhappy. Reason: Can companies are releasing little tonnage as they grapple with problems of their own—bigger than usual tin plate inventories and smaller than usual food packs.

Building Activity At Peak

Fortunately for market stability, substandard shipments of tin plate are being counterbalanced by unusually brisk demand for construction products.

Building activity is at its seasonal peak, and steel inventories held by contractors and structural fabricators are relatively small. Some of the larger fabricators are reported booked up four and five months ahead, while medium-sized shops are booked ahead about three months.

Steel service centers anticipate a traditional pickup in business next month. Volume so far this month is only slightly above that in July, which was about 10 per cent below June bookings.

Production On Even Keel

A gradual upturn in steel production is expected after Labor Day, depending to some extent on

Ishpeming Man Receives Ticket

ISHPEMING — Frank L. G. Gronvall, 409 Cleveland Ave., Ishpeming, was issued a summons Saturday afternoon following a collision with a car driven by Peter M. Ruokola, 133 E. Clark St., Negaunee.

Gronvall pulled into the path of Ruokola's car on U.S. 41 off of Second St. He was ticketed for failing to yield the right-of-way.

automotive steel bookings. Steelmaking operations are holding close to 57 per cent of unoffical capacity. Look for ingot production this week to be about the same as the 1,742,000 tons that Steel estimates the industry poured last week.

Prices of scrap, a steelmaking raw material, also are holding. Steel's price composite on the key grade, No. 1 heavy melting was at \$26.67 a gross ton for the third week. Exports to Mexico, Japan and Canada are providing support to the market.

The Speedwell was the sister ship of the historic Mayflower.

NEWSPAPER ENTERPRISE ASSN.

Ely Township School Opens Sept. 3; Buses Run That Day

DIORITE — The Ely Township School at Diorite will open its 1963-64 academic year Sept. 3.

Students will be enrolled that day and oriented on the coming school year.

Bus pupils will be picked up at their respective stations as has been the practice in recent years. The faculty will consist of Frank Moody, principal and eighth grade; Wilfred Lamour, seventh grade; Lee Soyring, sixth grade; Mrs. Marian Batchelder, fifth grade; Mrs. Saima Swanson, fourth grade; Mrs. Alice Farrell, third grade; Mrs. Emerald Hoseny, second grade; Mrs. Clare Fink, first grade, and Mrs. Sear Warlin, kindergarten.

Other members of the staff will include Mrs. Edward Ouellette, senior cook, and Mrs. Gene Carrie, assistant cook. Bus drivers will be William Hoppala, Steve Junak and Don Grund.

On the custodial staff are Don Grund, senior custodian, and Edward Ouellette, assistant.

A student council will be organized by seventh and eighth grade pupils. Officers will be announced later as well as will be the school calendar for the coming year.

It is requested that all students entering the Diorite school for the first time bring records of immunization shots from their family doctor. These will be added to their permanent school record.

The price of meals in the hot lunch program will remain the same; the price of milk aside from milk received with the hot lunch will be five cents per pint. The family plan within the hot lunch structure will take effect when three or more members of a family participate. The first three members will pay the going rate and all members after that will eat free of charge.

This will be clarified by the teacher on the first day of school.

Three Injured, Driver Gets Ticket In Accident On '41'

ISHPEMING — Three persons were injured, a motorist was ticketed and four vehicles were damaged in three area crashes investigated during the weekend by state police from the Marquette post.

Worst crackup took place at 9:47 yesterday morning on U. S. 41, at County Road 494, in Ishpeming Township, and involved automobiles operated by Roy W. Ruohomaki, 16, Route 1, Box 385, Ishpeming, and Ernest I. Heikkinen, 47, Royal Oak.

State police said Ruohomaki was proceeding east and stopped on the highway, waiting for oncoming traffic to clear before making a left turn, when his car was hit by Heikkinen's vehicle.

Officers said Heikkinen drove around the right side of Ruohomaki's automobile, striking its right side, continuing on, to the left side of the highway, and swinging back onto the right side, where it rolled over. They said Heikkinen's vehicle narrowly missed colliding with oncoming traffic.

Heikkinen sustained an abrasion to his left elbow. His wife, Alice, 43, received two lacerations on her forehead, lacerations on her right arm and abrasions over her entire body. Another passenger, Aileen Hofman, 68, Brooklyn, suffered two lacerations over her left eye and bruises to her left hand.

All three were taken in the Ishpeming city ambulance to Bell Memorial Hospital. Mrs. Heikkinen, who had been knocked un-

conscious in the mishap, was admitted as a patient.

Extensive damage occurred to the left side, rear, top and right side of Heikkinen's 1957 station wagon, which was hauled from the scene by a wrecker. The right side of Ruohomaki's 1958 two-door sedan was damaged and his car was driven from the scene.

Speed Law Violation

State police issued Heikkinen a summons for a speed law violation. At 8 Saturday night a pickup truck being driven west on County Road 480 went out of control when its right rear tire blew out, near the east city limits of Negaunee, in Negaunee Township.

The truck, operated by Wesley B. Heikkinen, 29, of 115 Cleveland Ave., Negaunee, went off the right side of the highway, crossed over to the left side, went back again to the right side, going into the ditch and striking some brush and a stump.

Extensive damage resulted to the left side of the 1948 vehicle, which was towed from the scene.

Deer Killed In Humboldt

An automobile being driven west on U. S. 41 by Kenneth A. McGuire, 33, Waukon, Minn., struck and killed a deer which ran out from the bushes on the right side of the highway, a mile east of M-95, in Humboldt Township, at 5:50 Saturday afternoon.

The carcass of the deer was turned over to the Michigan Conservation Department for disposal. The left front of the 1963 foreign make car was damaged and the vehicle was driven from the scene.

Chicago Man Observes 80th Birthday In Area

ISHPEMING — Axel H. Swanson of Chicago celebrated his 80th birthday with his wife and over 60 relatives and friends at the Otto Swanson camp. Among those attending were Mr. and Mrs. Lawrence Prunier of Oak Park, Ill., and Mr. and Mrs. L. Bernard Carlson and daughter, Marla, of Santa Maria, Calif.

Ture Johnson Honored By Scout Council

NEGAUNEE — Ture L. Johnson, former Negaunee resident, recently was honored by the Northeast Ohio Council, Boy Scouts of America, by receiving the Silver Beaver award for his contribution towards Scouting during the last 18 years. The honor was bestowed upon three men at the annual Scouter picnic at Camp Stigwandish, Madison, Ohio.

Johnson has served in the capacities of Cubmaster, institutional representative, troop committee member, member of the district and council camping committees, Scoutmaster, assistant Scoutmaster, and a host of other activities connected with Scouting. His community services include membership in volunteer fire department, trustee and deacon of the Burton, Ohio, Congregational Church, president for the last six years of the Geauga County Maple Festival, president of the Burton Chamber of Commerce for the last four years, director of the National Maple Syrup Council, director of the Ohio Christmas Tree Growers Association, Inc., and many other community activities.

Johnson worked on the council's finance drives, and has supervised all of the conservation practices at the council's Boy Scout camp. He has served with the organization and extension committees in organizing troops and packs and on the camping and activities committees in planning and conducting district camporees and camporals; has given freely of his time as both a merit badge counselor and as an instructor in nature, and has willingly taken units on overnight camping trips when their leaders were unable to go.

Death Takes Mrs. Menard In Hospital

NEGAUNEE — Mrs. Maud L. Menard, 77, of 212 E. Main St., died at 8:45 this morning in Bell Memorial Hospital, where she had been a patient since June 11. She was born Jan. 3, 1886, in Eagle Mills and was a resident of Negaunee about 40 years. Prior to that time, she lived in L'Anse. She was a member of St. John's Episcopal Church and the Royal Neighbors.

Survivors are a son, Elmer of Pomona, Calif.; a daughter, Mrs. Bernard (Merwa) Reidy of Racine, Wis.; three grandchildren and five great-grandchildren. Services have been tentatively scheduled for 1:30 Wednesday afternoon in St. John's Episcopal Church.

The body is in the Koskey Funeral Home, where friends may call after 3 Tuesday afternoon.

Traffic Hits Record Pace On Seaway

DETROIT (AP) — St. Lawrence Seaway traffic moved at a record pace during the first six months of 1963 with tonnage running 19.5 per cent ahead of last year, the St. Lawrence Seaway Development Corp. reported.

Statistics jointly released by the American and Canadian Seaway entities showed 13.9 million tons were shipped through seaway locks from April through July in 1963 compared with 11.6 million tons in 1962.

4 Million Mark

July figures topped the 4 million ton mark, a figure reached for the first time the previous month. All categories of cargo contributed to the all-time July high with bulk cargo running 20.5 per cent ahead of last year and general cargo showing a 9.2 per cent increase.

Seaway Administrator Joseph H. McCann described the July increase as "a good omen." He said the month usually has lagged behind in showing gains and cited the previous July as the smallest full month of traffic for the year.

Area of the Great Lakes is equal to the combined spread of Belgium, the Netherlands, Luxembourg and four Denmark.

Logs Spilled, But Driver Escapes Injury In Crash

MUNISING — A young truck driver escaped serious injury but the truck he was driving was extensively damaged when it overturned Friday at 8:40 p. m. on Highway M-28, four-tenths of a mile east of the Percy Road.

The driver, Robert J. Cayer, 18, Trenary, told officers that the truck, which was carrying a load of logs, went off the edge of the pavement. When he tried to bring it back, the truck turned over, spilling the entire load on the shoulder of the roadway.

Cayer was taken to Munising Memorial Hospital in the Bowerman-Hallifax ambulance. He was treated for lacerations and bruises and released.

Fines, Costs Paid By 15 In Munising

MUNISING — Fines and costs totaling \$208 were paid by 15 persons when they were arraigned in justice court here before Judge William Dore.

Paying fines for summons issued by city police were the following: Durl W. Bradley, Manistique, failure to yield right-of-way, \$10; Rufus Bonneau, Munising, failure to report property damage accident, \$10; Michael R. Kennedy, Munising, failure to have car under control causing an accident, \$15; Peter R. LaMauria, Lake Orion, Mich., excessive muffler noise and improper license plates, \$18.

Ticketed by state police and fined were Lee H. Corey, Forest Lake, minor in possession of beer, \$20; Vernon L. Pease, Munising, excessive speed, \$12; Gerald L. Rivard, Munising, no Michigan registration plates, \$7; Joe J. Krajaclie, Utica, excessive speed, \$10; John R. Kulju, Highland Park, excessive speed, \$15; John B. Can't Have Cake And Eat It: Steel Industry's Position Called 'Ironic' By Bennett

WASHINGTON, D. C. — Congressman John B. Bennett said today that it is "ironic" for the steel industry to seek protection against imports of finished steel products while increasing its importation of foreign iron ore.

Bennett referred to the industry's recent appeal to President Kennedy for protection against unfair competition from foreign steel mills. Chairman Roger M. Blough, chairman of the U. S. Steel Corp., and David J. McDonald, president of the United Steelworkers Union, made the appeal during a visit to the White House this week.

"I believe that the steel industry should have tariff or quota protection," Bennett said. "But it is somewhat ironic that the steel companies should be asking for protection against imports at a time when they are increasing their imports of iron ore at the expense of the domestic iron ore industry, which is virtually being destroyed."

Bennett is sponsoring legislation

to limit iron ore imports.

"The steel companies can't have their cake and eat it," he asserted. "If they want protection against imports of finished steel they should be willing to go along with a quota on the importation of the raw material."

"Mr. Blough pointed out that foreign steel imports last year totalled more than four million tons, representing a loss of 70 million man-hours of work, or the equivalent of 37,700 full-time jobs in the American steel industry. Even more jobs will be lost this year because foreign finished steel imports now are pouring into this country at an annual rate of five million tons."

"Mr. Blough should realize that the iron ore imports of his own company and other American steel producers have a similar impact on iron ore miners. Iron ore imports jumped to 33 million tons last year. Production of this ore in the United States would have provided employment for 10,000 iron

Salisbury Church Vacation School Being Conducted

ISHPEMING — Miss Susanne DeCaire, a junior in Ishpeming High School, will report on her 10-day attendance at Girls' State to members of the American Legion Auxiliary at a regular meeting Wednesday night.

The unit will meet at the Al Quaal Recreation Area at 7:30 p.m. with Mrs. Donald Krook, president, presiding. Installation of officers will be held.

Mrs. Frank Sarvello, Wolverine Girls' State chairman who will introduce Miss DeCaire, invites all former Girls' State representatives of Ishpeming High School to attend.

Hostesses will be Mrs. Sarvello, chairman; Mesdames Victoria Rotti, Evangeline Rock, Gladys Sarvello, Inez Simons, Flossie Stansbury, Doris Stolen and Clara Ryan.

Miners and almost 4 1/2 million man-hours of work. Since average hourly earnings of iron ore miners currently are \$3.03, this represents a loss of wages totalling \$131,805,000."

Enrollment At St. Paul's Scheduled For Sept. 3-4

NEGAUNEE — St. Paul's School will open for students enrolled in the kindergarten through the 10th grade on Tuesday, Sept. 3, and upper classes will report at 9 a.m. Wednesday, Sept. 4. Sister Mary Peter, principal, announced today. An abbreviated session will be held from 9 to 11 a.m. Tuesday for grade school children with dismissal slated immediately after completion of the schedule. Grade school classes will be in session all day Wednesday.

High school freshmen and sophomores will report at 9 Tuesday morning for an abbreviated schedule that will end at noon. Juniors and seniors will follow the same schedule Wednesday morning. Both grade and high school sections will be in full session Thursday.

The hot lunch program will get under way Monday, Sept. 9, and the bus schedule will be the same as last year.

New grade school faculty members include Sister Mary Angela from Georgia, who will replace Sister Anna Margaret, who has been transferred to St. Louis, in the first grade; Sister Mary Wil-

frida from Shawano, Wis., replacing Sister Rose Wilma, transferred to West DePere, Wis., in the second grade, and Paul Knutson of Negaunee, a former student at St. Paul's and recent graduate of Marquette University, who will replace the late Mrs. Charles Brock in the fifth grade.

Sister Marie of Hannibal, Mo., will become a member of the high school faculty replacing Sister Arilda Marie, who has been transferred to Hannibal.

Precedent Set For Straits Bridge Bond Action-Knox

WASHINGTON, D. C. — Congressman Victor A. Knox (R-Mich.) today hailed action by the House public works committee as "setting a precedent for the Federal Government to assume the bond obligations of the Mackinac Straits Bridge."

Knox referred to action by the committee in approving a bill which would authorize federal payment of 63.8 million dollars to retire the outstanding bond obligations of the Calumet Skyway in Chicago. The payment would be based on 90 per cent of the depreciated cost of the tollway, which was incorporated into the federal interstate highway system.

"While this bill has yet to gain passage through both Houses of Congress, a precedent has been set for allocating federal funds in similar fashion to retire a major portion of the Mackinac Straits Bridge bonds," Knox said. "If anything, the case for the Mackinac Straits Bridge is even stronger. In the case of the Calumet Skyway, it is part of the Illinois tollroads system surrounding Chicago, and that system as a whole has been in sound financial shape. The Mackinac Straits Bridge, however, has no similar source of local funds to draw up-

on, and has had to continually raise its toll charges to meet the bonding obligations."

Knox pointed out that the Mackinac Straits Bridge "is the key to the economic development of Northern Michigan. Transportation is the key to economic development, and the Mackinac Bridge is the key to transportation in Northern Michigan," he declared. "The high toll rates at the Mackinac Bridge have made it the only barrier in Michigan's portion of the interstate highway system. By using federal funds to retire the Mackinac Bridge bonds, tolls could be drastically reduced, which would be an incentive for industrial expansion in Northern Michigan as well as providing great impetus to the tourist trade."

"Since Michigan has led the nation in meeting its responsibilities under the federal interstate highway system, and since the Mackinac Straits Bridge plays such a vital role in the economic development of Northern Michigan, I believe an amendment to the Calumet Skyway bill to grant similar treatment to the Mackinac Straits Bridge would be more than justified. I intend to press for such an amendment when this bill reaches the House floor."

Pravda Raps Chinese Agriculture Communes

MOSCOW (AP) — Red China's past attempts to herd millions of peasants into giant agricultural communes were hotly criticized today by Pravda, the Soviet Communist party newspaper.

"Time has shown," Pravda said, "that the propaganda about the communes as being 'the ladder to paradise' was premature. The communes did not justify themselves."

BOXING DAY

In England, the day after Christmas is known as Boxing Day, because on that day the Christmas boxes placed in churches for casual contributions are opened and the contents are distributed to those who render small services without pay.

Canadian Soo Carling's Wins Class A Tournament At Crystal Falls

Women Begin Play Gregory Wins Top Qualifier Spot For Men

ISHPEMING — John Gregory won "low gross" honors yesterday at the Wawonin Golf Club course, where a host of the area's top golfers attempted to qualify in the top 16 flight of the 1963 Wawonin Men's Championship Tournament.

Gregory fired a 75 over the course to take the top qualifier position.

The 18-hole match playoffs for the championship will begin next Saturday afternoon, with the finals set for Labor Day, stated Joe Hosner, the Club professional.

In order of their qualifying rounds are Roy Hill, Bob Silas, Jim Olson, Warren Farley, Arthur Saviloto, Bill Fern, Bob Genserson, Rodney Carlson, James Quayle, Mike Archibald, James Will, Ken Nelson, John Moffatt, Ken Anderson and Dr. Louis Rosenbaum.

Stanley Paul had the "low net" with a 68.

Golfers may remember that Gene Jose defeated Bob Silas in the finals last year in a real sizer. He will not be here to defend

Late-Season Tiger Boom Won't Change Trading Plans Next Year; Dresen

DETROIT (AP) — The men charged with guiding the Tigers in manpower matters say they won't be blinded by the glitter of the club's late-season spurt.

No matter where the Tigers finish, the belated ascent in the standings will leave post-season plans unaltered. The Tigers were expected to trade heavily because they staggered through half a season — and they still can be expected to deal of several frontliners.

"We have a lot of things to do yet and a lot of room to improve," said General Manager Jim Campbell after Sunday's doubleheader victory completed a sweep of the five-game series with Kansas City. "But I myself never said we're going to do a lot of trading."

The 11-5 and 4-3 victories left the Tigers one percentage point from sixth place. No longer would it take a miracle for the Tigers to finish fourth, now 8½ games distant—possible a step higher.

"Even if we came in second," said Manager Charlie Dresen, "I'd say I'd recommend changes."

The statements of Campbell and Dresen seem to imply one thing: If Detroit considered trading Rocky Colavito or Norm Cash when they weren't producing, their late-season bashing won't change their status. In fact, it'd increase their market value.

"I guess I'd be willing to trade just about any player on the club if we could help ourselves," said Campbell.

The Tigers, 12 games below the .500 mark when Dresen replaced Bob Scheffing in June and 17 games under later, have come back to near the break-even point. Their surge five straight victories, 8 of 9 and 15 of 21—has them just five games under .500 with 35 games left.

Dresen talked hopefully of making it to fourth place, the final spot to share in the World Series proceeds. Baltimore currently holds fourth.

"It'd be tough to get to second, but there are only six losses between Baltimore and us," said Dresen, for whom the Tigers have played at a 37-30 gait.

Home run power provided the Tigers with their double victory

in Kansas City.

DETROIT (AP) — The Tigers won their 11th straight game in Kansas City today, 7-1, to take a 1-2 lead in the American League East division.

Don Lutz pitched a complete game, allowing only one run in the ninth inning.

Bob Adams hit a home run in the eighth to give the Tigers a 2-1 lead.

Tommy Agee pitched a complete game, allowing only one run in the ninth inning.

Women's Tourney Begins

Qualifying rounds of the Women's Championship of the Wawonin Golf Club were scheduled to get under way at 9 this morning.

Twenty-five women have signed up for the 18-hole tourney, with ten golfers registered for the nine-hole event.

Since the 1962 champion, Mrs. Louis Levine, will not be defending her title this year, a new champion is assured. After today's qualifying rounds, golfers will be placed in flights, with the top eight in the championship flight.

Matches will be played Tuesday through Thursday, with the finals slated to begin at 1:30 p.m. Thursday.

The tourney will be capped with a banquet on Thursday evening. Women desiring to attend should notify the pro by telephone no later than Wednesday evening.

U.P. Class C Title Won By Houghton Men

In an ironic twist, a team from Houghton took the Class C Regional Softball Tournament yesterday at Hurley Field, defeating the same team to which it lost in the semi-finals of the tourney.

The Houghton Bankers, who entered the meet as Houghton No. 1, faced Al's Bar of Houghton in a semi-final match yesterday morning, and lost, 2-1 at Memorial Field, dropping into the Loser's Bracket.

Revenge was theirs, however, as they defeated the Oilers in Loser's Bracket semi-finals to get the chance to try again at Al's Bar in the tourney championship games.

The first game of the championship was a total rout for the Bankers, as they trounced Al's, 16-6. A second game was necessary to determine the title winner, and the Bankers just eased their way by this one, 3-2, coming from behind in a seventh-inning rally.

Fathers of the Babe Ruth All-Stars of Marquette defeated their sons in an exhibition game yesterday afternoon on the North Marquette Field.

The "old men" won the game by a 3 to 0 score, with Gordon Olson using a good fast ball and a breaking curve to throw off the All-Stars. Eddie Voet finished up for the fathers, pitching the last three innings.

Voet got into trouble in the fifth inning but got out of it by striking out two men. Doug O'Brien, who umpires the league and who plays for the K. I. Sawyer Air Base Chifes, Lake Superior League champions, socked two hits, scored two runs and stole home on one occasion.

Jim Remington pitched for the All-Stars, allowing only five hits, one a double by Olson. The All-Stars, who won the Upper Peninsula championship, collected three hits.

Lion Win Over Cards Shadowed By Injury List; Studstill Out

BLOOMFIELD HILLS (AP) — Doctors' reports took precedence over scouting reports today as the Detroit Lions made patchwork plans for the next-to-last preseason game.

Injuries to flanker back Pat Studstill and linebacker Carl Brettschneider cast shadows over Saturday night's 22-17 exhibition mark.

Barr Still Question

With the other flanker back, Terry Barr, still a question mark because of a knee injury, the Lions are up against it as they prepare for Friday night's home exhibition game with the Pittsburgh Steelers.

Dr. R. A. Thompson, the team physician, said it would take several days to determine how long Studstill would be out. He suffered an injury to his left knee—possibly torn ligaments—during a pileup in the fourth quarter of the St. Louis game.

The championship-minded Lions open the National Football League campaign against Los Angeles Sept. 14.

Coach George Wilson has not yet learned the seriousness of Brettschneider's injury—a twisted ankle—but he was expected to be back soon.

Trade Now Crucial

Wilson said the injuries have added new importance to the trade which brought fullback Ollie Matson to the Lions from Los Angeles. The fleet Matson is an experienced flanker back and might fill in for Studstill.

The Cardinals made the first move Saturday night, taking a 7-0 lead on John David Crow's 10-yard run early in the first quarter. Detroit evened things with a 73-yard drive masterminded by quarterback Earl Morrall, who started in place of the injured Milt Plum. Morrall sneaked over for the tying touchdown on the first play of the second quarter.

Brettschneider helped set up the next Lions' score a few plays later. He recovered a Cardinal lateral that went awry.

Nick Pietrosante plunged over the one yard line to give Detroit a 13-7 edge. Jim Martin missed the extra point. A few minutes later, the Lions added two points on a safety. They pushed ahead 22-7 when Morrall tested a 33-yard TD pass in the second period to Jim Gibbons.

St. Louis cut the margin to 22-14 in the third period. Sonny Randall scored on a five yard pass after Dale Meinerd had set the stage by returning a pass interception to Detroit, 17.

Jim Bakken's 44-yard field goal in the fourth period ended the scoring.

Yanks Split With Chisox; Build Lead

"Actually, I try for a no-hitter every game I pitch. That's the way you win, by not letting them hit."

That's Al Downing's pitching philosophy, and the 22-year-old New York Yankee left-hander lives by it religiously. He has flirted with no-hitters, and even perfect games, all season.

Twice Downing had gone to the seventh inning before giving up a hit. Sunday he went to the eighth—an error spoiled a perfect game with two out in the seventh—before Ron Hansen slapped a lead-off single over second base for the first hit.

Split Double Till

Downing finished with a two-hit 4-0 victory over the Chicago White Sox in the opener of a double header. Elston Howard homered twice. White Sox outspaw Gary Peters won the second game, 2-1 in 12 innings, for his 10th straight and second in a row over the Yankees.

The split left the Yanks 11½ games in front in the American League.

Minnesota moved into sole possession of second by whipping the Baltimore Orioles 5-3 in 10 innings. The White Sox are 12 games back, the Orioles 12½.

Cleveland beat the Boston Red Sox 2-1 in 15 innings in the second game, after the Red Sox had won the opener 8-3.

Woody's Defeated Twice In Championship Playoff

CRYSTAL FALLS — The Canadian Soo Carling's team took the Class A Regional Softball Tournament here yesterday, roaring up through the Loser's Bracket to win four straight games in the final phases of the tournament, the last two from Woody's Bar of Ispeming.

Considered one of the most menacing contenders for the U.P. title, Carling's began well on Saturday by downing Negaunee MULIC, 6-0 in the day's first game, but then lost out later in the afternoon to Marquette Joe's Bar, 2-0 in a close contest.

Tough Pickings

This defeat was the only one suffered by the winners, dropping them into the Loser's Bracket.

Coming back from their first loss with a vengeance, Carling's downed another of the top teams in contention in the first tilt of the Loser's games with a no-hitter pitched by Reno Petenuzzo against Iron River Al's & Sal's, for a score of 11-0.

From there on, the Canadians found no problems, defeating Negaunee CCD, 1-0, and Marquette Joe's, 5-1, and went on to dispatch Ispeming Woody's, the winner of Winner's Bracket competition, in two consecutive championship games, 1-0 and 3-0, for the title.

Woody's Bar had smashed their way through Winner's Bracket play downing Iron River Al's & Sal's in the tourney opener Friday night, and collecting wins from Marquette Casino, 1-0 behind Werner Maki's no-hit pitching, and from Marquette Joe's, 3-1, for the chance at Carling's in the championship playoff.

Petenuzzo was awarded the Outstanding Players title for top-notch pitching throughout the tourney, and Negaunee CCD's squad earned the Team Sportsmanship award.

The tournament drew capacity crowds for all three days of the meet, twice reaching the 3,000 mark, and the action was at all times exciting and of high interest, making the entire meet one of the best ever played in the history of regional softball tournaments.

(Editor's Note: Credit for the success of the Class A tournament can be taken by those of Crystal Falls who devoted many hours and much planning to the tourney. It would not be going too far to say that Malcolm McNeill and others connected with the makeup and running of the competition merit an award every bit as much as the teams which put on such a fine show of excellent softball play.)

Pennel Poles Over 17 Feet In Florida

BUFFALO, N.Y. (AP) — John Pennel, toast of the sports world after his phenomenal 17 foot ¾ inch pole vault Saturday, has proved that leaps of that nature don't come every day.

The 23-year-old champion settled for a 16-4 vault Sunday in the Buffalo Firefighters' Association track and field championships. He attempted two leaps at 17-1, but nicked the bar both times on the way up.

Saturday, the ex-Army lieutenant topped the 17 foot mark at a meet at the University of Miami.

Pennel, who has rewritten the pole vaulting record books, has cleared 16 feet 29 times. Before Saturday's performance, he held the world record of 16-10 inches set in a recent dual meet between the United States and British teams.

Miller Stars In Dodger Win Over Braves

(By the Associated Press)

For a guy who came very near to being a record-breaking loser for baseball's losingest team, Bob Miller has come a long way in a year. He's now a bullpen star for a club driving to a pennant.

The 24-year-old right-hander picked up another victory Sunday as the Los Angeles Dodgers boosted their National League lead to 6½ games with a 2-1 decision over Milwaukee.

Relieved Koufax

Miller came on in the ninth inning after the Braves had pulled into a tie against Sandy Koufax, got the third out, and became a winner when Doug Camilli singled in a Dodger run in the last of the inning.

Miller went from starter to full-time reliever two weeks ago and has been a good one. He's allowed just one run in 23 innings over seven games, has run his record to 9-8, and has been credited with two saves.

President's Trophy Winner

Harold Christensen, president of the Marquette Golf & Country Club, presents the President's Trophy to Mrs. Mary Soli of Marquette. Mrs. Soli defeated three opponents in qualifying rounds, and went on to win the recent tournament by outstriking Marge MacDonald in the championship match, 3-2. Some 35 women entered the handicap tournament, held on the Marquette Club course. (Mining Journal photo.)

Boston at New York, 2 (two-night) Only game scheduled.

Gharrity Favored Connors Gets Medal Honors As Qualifier

Marty Gharrity, Upper Peninsula links king, ruled a slight favorite in the upcoming Marquette Golf and Country Club tournament despite the fact that defending titlist Bill Connors took medal honors with identical 18-hole rounds of 69 in weekend qualifying play.

Gharrity also shot a three-under-par 69 in the second round of qualifying competition Sunday, but had a 73 on Saturday for a 36-hole total of 142. Two strokes back of him was Paul Specker, also a former club champion, who rose to 75 after opening 69.

First-round play in all flights will be

Railroad

back, Zerbel said. The steam engine will go out again in about three weeks to dump ties between Buckroe and Big Bay, Zerbel said. In all, 9,300 ties will be laid on the track, using 42,000 pounds of spikes, to bring it up to excellent condition. Rehabilitation of the line is being done by Thunder Bay Recreations, Inc., at a cost of about \$60,000. Zerbel said that a crew of 20 men will be employed on the project.

\$100,000 Extension A line extension, costing about \$100,000 also will be made at the L&N yard to provide an access route to terminal facilities. The branch line enters the L&N yard west of Lake Shore Blvd. and south of Island Beach Rd. The extension will be constructed to avoid going through the railroad yard, which is heavily congested with iron ore traffic during the shipping season.

For the scenic railroad, 11 steam engines have been purchased from the L&N. Two are already in excellent working condition. They were constructed in 1910 and rebuilt in 1929 and 1930. They are coal burning and hand fired, with a total weight, including tender, of 241,360 pounds. At one time, the L&N had 35 of this type of steam locomotive in service.

In addition, several flat cars and two passenger cars have been
