

U.S., Utah Plan Probe Into Mine Mishap; 17 Dead

MOAB, Utah (AP)—Five more trapped miners were rescued alive and in good condition Thursday night, but 10 others were found dead.

The final toll was 18 killed. Seven survived; two were rescued earlier.

The five found Thursday night were in surprisingly good condition in the same deep tunnel from which the other two escaped Wednesday morning.

Within 90 minutes, June Crawford, chief engineer of the Texas Gulf Sulphur Co., owner of the potash mine, announced emotionally: "Five survivors have been found in the east shaft. The men are walking out on that drift."

Then up they came by the lift, grimy but smiling, in such good condition there was little need of treatment.

Three hours after the rescue, Crawford had to tell the fearful investigation.

HAZLETON, Pa. (AP)—A man will be lowered today down the escape hole from where miners David Fellin and Henry Throne were rescued Tuesday to see if Louis Bova is the same cavern 308 feet underground.

H. B. Charnbury, state secretary of mines, said the decision was made after a television camera lowered into the chamber showed "what appears to be a man's body."

Charnbury, at the scene of the mine in nearby Shepton, told a news conference "as a result of seeing the television this morning it was decided, though there was not unanimous agreement, that we think we have enough evidence for someone to go down the hole."

"The plans are in motion and someone has been chosen," he said, adding the identity of the man — "a pretty husky boy" — would be kept secret for the present.

Charnbury said he hoped the descent down the 17½ inch wide shaft would be made this afternoon, at a time still undetermined.

Charnbury had visited Fellin, 38, in his room at the Hazleton State Hospital before dawn today and showed him six pictures.

Fellin could not be reached directly for comment.

wives and parents still waiting by the mine what most of them had feared: The last 10 men in the other tunnel where the blast occurred were dead.

Amid some miners' charges that safety precautions were lax at the mine, plans were announced for a joint state-federal investigation starting Monday.

The last five survivors owed their lives to the first two and their own makeshift barricades that kept out deadly gases while they awaited rescue.

When Paul McKinney and Donald Hanna started out the tunnel toward safety Wednesday, they came across a ruptured air line leading back to the other five.

Thomas Trueman of Toronto, Canada, propped himself up on one elbow in a hospital bed, turned to Hanna in the same room, and said: "It was enough."

"You may have got us only a little air with that patch job on the line, but boy it was enough."

Man To Descend Mine Escape Hole

HAZLETON, Pa. (AP)—A man will be lowered today down the escape hole from where miners David Fellin and Henry Throne were rescued Tuesday to see if Louis Bova is the same cavern 308 feet underground.

H. B. Charnbury, state secretary of mines, said the decision was made after a television camera lowered into the chamber showed "what appears to be a man's body."

Charnbury, at the scene of the mine in nearby Shepton, told a news conference "as a result of seeing the television this morning it was decided, though there was not unanimous agreement, that we think we have enough evidence for someone to go down the hole."

"The plans are in motion and someone has been chosen," he said, adding the identity of the man — "a pretty husky boy" — would be kept secret for the present.

Charnbury said he hoped the descent down the 17½ inch wide shaft would be made this afternoon, at a time still undetermined.

Charnbury had visited Fellin, 38, in his room at the Hazleton State Hospital before dawn today and showed him six pictures.

Fellin could not be reached directly for comment.

430-520 MAY BE KILLED: Motorists Expected To Flood Highways

The Automobile Club of Michigan predicts some 3,750,000 Michigan motorists will take to the highways during the three-day Labor Day weekend starting tonight and indicates that the farther the motorist gets from home, the safer he will be.

Cross marks the area in the Atlantic Ocean where planes searching for two missing Stratofortress jet airplanes have spotted an oil slick and debris. The tankers with 11 men aboard have been missing since noon Wednesday.

Rescuers Continue Ocean Search For 11 Missing Airmen

MIAMI, Fla. (AP)—Search planes and surface vessels turned up more debris today in an intensive hunt for survivors of two Air Force KC135 jet tanker planes that may have gone down about 335 miles southwest of Bermuda with 11 crewmen aboard.

"One pilot described the areas as a 'floating junkyard,'" said John Vandegriff, spokesman for the Air Rescue Service Center at Orlando Air Force Base, Fla.

Vandegriff said the debris, including parts of KC135 aircraft, a pilot's helmet, life rafts, and survival suits, were scattered over a ten-mile area.

Debris indicated the planes might have plunged into the Atlantic about 750 miles east-northeast of Miami. It was located in an oil slick and airplane parts were found in the area.

The Air Force refused to comment on the possibility of a collision.

The key items were three life rafts, identified as the kind the four-engine KC135s would have carried. Each plane would have had only two aboard.

DETROIT (AP)—Three children perished in their upstairs bedroom when fire struck a 1½ story home in northwest Detroit Thursday night.

Dead were 4-year-old Michelle Wills, her 3-year-old brother James Jr., and 18-month-old brother, Martin.

Wakened By Neighbor They were the only children of James Wills, 26, a gas station attendant, and his wife, Shirley, 26, who escaped the flames.

THAW IN COLD WAR?: Russians Eager To Know How To Build Golf Course

MOSCOW (AP)—Western diplomats breathlessly reported signs today of what could be a revolutionary change in Soviet attitudes to the West.

They said Soviet officials have been sounding them out on how to build a golf course.

It seemed final proof that the long East-West cold war was really on the thaw.

Golf always has been reviled and ridiculed in the Soviet Union as the acme of bourgeois decadence. Former Soviet Foreign Minister V. M. Molotov once said: "Golf is not a proletarian game."

Invasion Rumors Fly In Cuba; Fidel Bolsters Defenses

Tax Cut Action Seen Doubtful By Smathers

WASHINGTON (AP)—Sen. George A. Smathers, D-Fla., said today he doubts that the Senate will act on President Kennedy's tax cut bill this year.

Smathers, third-ranked Democrat on the Finance Committee, told a reporter the long delay in the House on the bill and the probability of a Senate tieup on civil rights legislation led him to the conclusion.

"Not long ago I thought it was a cinch to go through this year," he said in an interview, "but I've changed my mind."

Unlike the two higher-ranked Democrats on the committee, Chairman Harry F. Byrd, D-Va., and Sen. Russell B. Long, D-La., Smathers has strongly supported a tax cut.

The key to the Senate tax situation is the civil rights bill, Smathers said.

Smathers estimated the public hearings on the tax cut might run six to eight weeks, with additional time needed for committee action on the measure.

Based on past experience, the committee expects to hear about 200 witnesses on the bill. Byrd always has followed a policy of scheduling every applicant, although he has asked some industries affected by a bill to consolidate their testimony.

Normally, by meeting morning and afternoon, the committee hears about 10 witnesses a day. But during the civil rights fight it will be able to sit only in the morning and not even then if the Senate convenes earlier than the usual noon meeting time.

The Finance Committee now is expected to receive the bill in the latter part of September. As tentatively approved by the House Ways and Means Committee it will call for a net income tax reduction of \$10.5 billion in two stages, with the first scheduled to take effect Jan. 1, 1964.

Landis Gets Sentenced To 30 Days In Prison

NEW YORK (AP)—James M. Landis, former dean of the Harvard Law School, was sentenced to 30 days in prison today on income tax charges.

Federal District Judge Sylvester J. Ryan ordered that the term be served immediately.

'STAND-IN' AT IDLEWILD: 10 Returning Students Subpoenaed By House

NEW YORK (AP)—Fifty American students who defied a State Department ban on travel to Cuba returned by plane from Madrid Thursday night, many of them still defiant of U.S. policies.

"Some of the students staged a 'stand-in' at Idlewild Airport to protest a government announcement that their passports would be invalidated.

The "stand-in" ended two hours later when they were told their passports would not be marked invalid. However, each student was presented with a State Department letter noting that his or her passport had been suspended because of the trip to Cuba.

"Another Victory" "We consider this another victory," said Lee Levi Laub of New York, a former Columbia University student.

U.S. Army Turncoat Quits Reds

HONG KONG (AP)—Albert Belhomme, a U.S. Army turncoat in the Korean War, came out of Red China today, disillusioned with communism.

The former sergeant from Ashland, Pa., entered Hong Kong accompanied by his Chinese wife, Hsio Ying, 28, and their three sons, ranging from 1 to 6 years.

All looked fit and happy. "Burned Politically" Belhomme, 34-year-old native of Belgium, said he planned to take his family to Antwerp, Belgium, in a few days. His mother's whereabouts are unknown.

"I was burned politically," Belhomme told newsmen at the border. "I was politically disillusioned."

"My main concern now is my family. I want my children to have a better future."

Board Stalls Off Move To Repeal School Bus Law

LANSING (AP)—A move to repeal Michigan's new "Parochial School Bus Act" has been stalled by the Lansing Board of Education.

A week ago, the board resolved unanimously to urge repeal of the law. But the board turned around Wednesday and voted 5-1 to reconsider their earlier motion.

Board members agreed their earlier action was "hasty and unnecessary."

Thomas Walsh, an attorney and member of the board, dissented in the move to reconsider the earlier motion, which he proposed.

Walsh opposed the law because he said it violates traditional dividing lines between church and state and because he contends the state is infringing upon local school boards' rights by passing such a law.

Hirohito Regrets Being Unable To Accomplish Fine Thing In 62 Years

TOKYO (AP)—"I regret that I have lived 62 years without being able to accomplish even one fine thing," said Emperor Hirohito of Japan.

"From now I want to do everything within my power for the benefit of our nation," he added.

"I also want to contribute to international good will."

The emperor made the statement during a news conference Thursday at his summer residence at Nasu, 90 miles north of Tokyo.

North Coast Strengthened; Militia Alerted

HAVANA (AP)—Prime Minister Fidel Castro's government put its armed forces on a state of alert today and posted bigger concentrations of soldiers and militiamen at strategic points throughout Havana.

Armed forces had been put into a "state of preparation" Thursday, but beefed-up military measures were reported then only outside the capital and not in Havana.

Connection Cut The new moves followed intelligence reports of possible incursions by anti-Castro exiles against installations on the North Coast.

According to military intelligence, these raids would be somewhat larger than the hit-and-run attacks made by exiles recently.

At this point, telephone connection between New York and Havana was cut, presumably by censorship. Earlier dispatches from Havana had reported the following:

Sources said Thursday night the alert had been in effect since Monday. The military was understood to be watching particularly for any attack from Nicaragua or other Central-American nations which have offered refuge to anti-Castro exiles.

In San Jose, Costa Rica, reports circulated of unusual activity among Cuban exiles in Costa Rica and Nicaragua. Manuel Artime, refugee leader who participated in the abortive Bay of Pigs invasion in April 1961, arrived in Managua, Nicaragua, to confer with anti-Castro exiles, sources said.

The Cuban command apparently braced for a repetition of a recent series of hit-and-run raids. The last occurred Aug. 19 at a metal plant on the north coast where there are many oil refineries and factories.

The Castro government has accused the United States of being directly responsible for the raids. It said the forays proved there was a new plan of aggression against Cuba and said Cuban defenses would be strengthened.

Russians Taking Over A spokesman for a Cuban exile group called Mambises Commandos told newsmen in Guatemala City his organization made the Aug. 19 raid. He said the commandos operated from secret bases in the Caribbean and from inside Cuba.

Cuban refugees arriving in Florida have reported Soviet troop activity in the Cuban capital. They said bridges and strategic points around Havana have been taken over by Soviet soldiers causing some apprehension among Fidel Castro's forces.

Difficult To Say At a news conference Aug. 20 President Kennedy said there had been further decline in the number of Soviet troops in Cuba the last few months but added it was difficult to say how many remained.

Kennedy said the primary emphasis of the remaining troops apparently was for training purposes and not as concentrated military units.

Veronica Bids For Comeback In Stage Show

NEW YORK (AP)—Veronica Lake who became a movie sensation in the 1940s with her peepaboo hairdos then faded into obscurity returned to acting Thursday night.

"I was scared silly," said Miss Lake after the performance, her debut on the New York stage.

"But it was great. Damn, it's great to be back." "Best Foot Forward" When she came on stage midway in the first act of "Best Foot Forward" at the off-Broadway Stage 73 Theater, applause stopped the action momentarily.

In the musical comedy, a revival of the 1940 Broadway hit, she plays Gale Joy, a tarnished movie queen whose star has begun to set.

JANICE WYLIE

EMILY HOFFERT

Sadist Sought In Slaying Of Career Girls

NEW YORK (AP)—A sadist was sought today by the slayer who butchered two career girls in their apartment.

Police apparently had no solid clues, but they leaned to the theory that the killer was the man who had made obscene and threatening telephone calls to one of the victims — Janice Wylie, pretty blonde researcher for Newsweek magazine.

Miss Wylie's father, writer Max Wylie, said he thought the caller was "maybe a crazy kid who saw a pretty pair of legs."

The bodies of Miss Wylie, 21, and Emily Hoffert, 22, were found in their \$250-a-month apartment by Wylie Wednesday night.

Detectives figure the slayer, who got into the apartment by means unknown, killed Miss Wylie first; that Miss Hoffert arrived home to find the murderer still there, and was killed to eliminate her as a witness.

Argentine Bandits Use Ambulance For Robbery

BUENOS AIRES, Argentina (AP)—An ambulance pulled into a downtown hospital with what looked like an emergency patient and three attendants Thursday. A few minutes later the four were gone with the hospital's payroll of more than \$100,000.

The Weather

Forecast for Marquette and vicinity: Fair and cooler tonight, lows in the 40's; Saturday, mostly sunny and continued cool, high 60 to 65. Outlook for Sunday: Increasing cloudiness, with scattered showers and no decided change in temperature.

Forecast for Lake Superior: Light and variable winds tonight, becoming westerly 10-15 MPH Saturday, fair, Lake temperature, 57.

Data for 24 hours ending at noon: Temperatures — 56 at 6 a.m.; 55 at noon; highest in last 24 hours, 65 at 4 p.m. yesterday; lowest in last 24 hours 55 at noon today.

# Weather Outlook For Labor Day Weekend In Area 'Partly Gloomy'

"Gloomy" is the best description of Marquette's weather yesterday and today and "partly gloomy" is the forecast for the Labor Day weekend.

Temperatures are expected to be on the cool side. Although skies are expected to clear tonight, partly cloudy skies are predicted tomorrow and Labor Day, with showers on Sunday, Emil Ellingson, meteorologist at the U.S. Weather Bureau here, said.

**Week's Rain Record**  
It rained off and on every day this week, with a trace of rainfall Monday, .05 of an inch Tuesday and .02 of an inch Wednesday.

Two thundershowers yesterday brought .17 of an inch and light rain last evening added another trace to the damp and dreary conditions. This morning drizzle began at 6 and had amounted to .03 of an inch of precipitation by 9:30.

Yesterday .12 of an inch of rain fell in a downpour between 11:14 a.m. and 12:17 and .05 of an inch of rain occurred in an afternoon shower between 3:26 and 3:52.

**Precipitation Below Normal**  
Despite this week's rain, total precipitation for the month is below normal. Up to this morning, precipitation this month had amounted to 1.72 inches, and the normal amount through today is 2.93 inches.

Fog patches occurred yesterday afternoon and evening, especially near Lake Superior, Ellingson noted.

Yesterday's average temperature was one degree below normal, with a high of 67 and low of 57. Wednesday the average temperature was six degrees above normal, but temperatures on the five preceding days were all below normal.

### Five-Day Forecast

Tonight the mercury is expected to go down to the low 40's, with light drizzle clearing up to fair skies by this evening.

Cool temperatures are expected to continue over the weekend, with cloudiness increasing to scattered showers on Sunday.

The five-day forecast, covering the period from midnight tonight through midnight Wednesday, calls for temperatures to average three to seven degrees below the normal high of 69 and normal low of 54.

## County Gets \$361,384 In School Funds

Marquette County's share of the August apportionment of state aid for school districts totals \$361,384, Bertil Agnoli, Negaunee, county treasurer, reports.

In addition to this, the Marquette-Alger Intermediate School District's share of the apportionment of state aid is \$2,906.

Checks for their share of the county apportionment are being mailed this week by the county treasurer's office to the various school districts in the county.

Apportionments are based on the number of public school children in each district. Payments for the county districts follow:

- Champion-Humboldt Community School District, \$6,921;
- Chocoma Township School District, \$14,608;
- Ely Township School District, \$5,860;
- Forsyth School District, \$96,280;
- Ishpeming Township School District, \$13,180;
- Marquette Township School District, \$8,300;
- Michigan Public School Dis-

trict, \$2,055; National Mine School District, \$7,852; Negaunee School District, \$42,230; Powell Township School District, \$349; Republic Central School District, \$13,064; Sands Township School District, \$1,544; Skandia School District, \$8,416; Turin Township School District, \$747; Wells Township School District, \$1,245; Marquette City School District, \$88,312; Ishpeming Public School District, \$46,588, which includes the \$448 for two membership allowance for 1962-63; and the Marquette-Alger Intermediate School District Special Education Program, \$1,830.

### FLEXIBLE STEEL

Even though the rail weighs 112 pounds per yard, welded 2,000-foot long steel railroad rail is flexible enough to bend around 10-degree curves while in transport on a string of 39 flat cars.

## Five Persons Pay Fines In Court Here

Five persons were ordered to pay a total of \$49.30 in fines and costs by Marquette Municipal Judge Edward H. Dembowski this week.

A fine of \$6.30 and \$3.70 costs were paid by Werner A. Sipila, Eben, for failure to yield the right-of-way. He was ticketed by city police Aug. 22 following an accident at the intersection of S. Third and Spring Sts.

For failure to have his motor vehicle under control, Richard T. Tibbitts, Glen Arbor, Mich., was

fined \$6.30 and ordered to pay costs of \$3.70. City police ticketed him Aug. 23 following an accident on Presque Isle Ave.

Raymond Henderson, Mass, paid a fine of \$6.30 and \$3.70 costs for improper passing. The summons was issued by city police Monday following an accident at the corner of Magnetic and N. Seventh Sts.

Pearl M. Paquette, 236 Genesee St., paid a fine of \$6.30 and \$3.70 costs for failure to yield the right-of-way. City police ticketed her Aug. 18 following an accident at the corner of Genesee and S. Front Sts.

A fine of \$5 and \$4.30 costs for failure to purchase registration plates for a motorboat were paid by Franklin G. Smith, Westwood Rd. He was served notice June 28 at the Cinder Pond. The complaint was signed by George E. Matson, safety and enforcement di-

## Ex-Marquette Man Injured In Accident

Ronald K. Weber, 237 E. Ridge St., Ironwood, a former resident of Marquette, was forced off M-26, 3.2 miles south of Laurium, while he apparently was driving at a high rate of speed, Wednesday night, state police from the Calumet post reported.

Weber was driving southeast, and from the point where he left the roadway to where his car

stopped, he traveled some 450 feet through brush and was stopped against some large trees.

Due to the fog in the area at that time and the distance which he was from the roadway, Weber was not found until 6 a. m. Thursday. He was pinned in the car throughout this time.

He was taken to the Calumet Public Hospital in Laurium, where his condition this morning was reported "critical." He is being treated for two compound fractured legs and a dislocated shoulder.

Weber's 1962 model car was completely demolished.

Weber's parents are Mr. and Mrs. W. J. Weber, east M-28 Marquette, and his wife, Georgia, is the daughter of Mr. and Mrs. Ray Racine, east M-28, Marquette

# 12,000 Expected At Sawyer Base During Open House Monday

(Related story on Editorial Page)

Upwards of 12,000 visitors are expected at K. I. Sawyer Air Force Base Labor Day to witness the thrilling air show to be put on by the world famous Air Force Thunderbirds.

Sawyer's gates will swing open at 11 a. m. for the start of the open house.

From 11 a. m. to 1 p. m., visitors will be able to view the static display items which will include the following aircraft: A B-52 H bomber, a KC-135 tanker, an F-101V Voodoo fighter interceptor, a C-47 and a Cessna from the Aero Club.

The Thunderbirds performance will start promptly at 1 p. m. Following their show, the crowd will be given an opportunity to informally meet the members of the team.

This will mark the first time the Thunderbirds have been in the Upper Peninsula.

**Largest Audience**  
The largest single audience ever to watch one of their performances was two million over Lake Michigan at Chicago, July 5, 1959.

That year also marked the first time the team deployed to the Far East. Covering more than 25,000 air miles in November and December, the aerial demonstration team flew 31 shows in 40 days throughout Okinawa, the Philippines, Taiwan, Korea, Japan and Hawaii, before a total audience of 4,624,000 people. This is a record unequalled since the team was formed in 1953.

The third tour of South and Central America was made in November and December of 1961 and January 1962.

**51 Million Spectators**

Long Legs 2, Phase 1, as the task force was called, visited nine countries, performing before 6,878,500 people. Over two million spectators watched the team perform in Rio de Janeiro, Brazil.

The close of 1962 revealed that the Thunderbirds have thrilled more than 51 million spectators in 30 different countries since the team activation in 1953.

The records books also indicate that they have flown more than 770 demonstrations in support of the government, its national objectives and in promoting a better understanding and appreciation of aerospace power.

**Awarded Mackay Trophy**

Project officer for the Thunderbirds' visit to Sawyer is Lt. Col. Walter Beane.

# Thomas Brown, 89, Veteran Lakes Captain, Dead

DETROIT (AP) — Funeral services for Capt. Thomas A. Brown, veteran Great Lakes skipper, will be held Saturday in Detroit and in Port Huron.

Brown, 89, died Wednesday in a Detroit hospital. A native of Southampton, Ont., Brown obtained his American citizenship and became a Great Lakes master in 1910.

# Boy Survives Fall From Speeding Train

BELGRADE, Yugoslavia (AP) — An eight-year-old boy fell from a speeding express train near Sarajevo Wednesday and escaped with bruises, the newspaper Politika reported.

Vanca Skubev opened the wrong door while looking for the washroom. Passengers notified the crew who backed up the train and found the boy a half hour later.

City police are investigating the theft of \$141 which belongs to the Marquette Softball League.

The cash was stolen from the home of Paul C. Bosworth, 325 Baraga Ave., who was handling the funds for the softball league. The Bosworths left their home at 2:20 p. m. Sunday and they found the cash box missing from its place in a bedroom when they returned at 3:30, police said.

The cash box was found in the Bosworth back yard. It still contained 55.

**RIVALS TO PRESIDENCY**  
Before entering the White House, two U.S. presidents had run against each other for the vice presidency. Calvin Coolidge and Franklin D. Roosevelt were the Republican and Democratic nominees for vice president in the Harding-Cox presidential election of 1920.

## Start NOW To Think and Live SAFETY

Safety is not something you put off until tomorrow or some more convenient day. Safety is a demanding, challenging matter you must face—and win over — every moment, every mile that you drive.

# The Upper Peninsula Power Co.

This is the Hematite Chorus, which will be Presque Isle. William Wright, director, is shown at heard in a song fest at 2:30 p. m. Sunday at far right.

### Isle Of Harmony In Anxious World: Barbershoppers Plan Concert Picnic On Sunday

In this "Age of Anxiety," few sounds are as pleasing as those of a group of men blending their voices in the sweet, intriguing harmonies of what is known as barbershop singing.

Area residents will get a prime opportunity Sunday afternoon to

### Bomb Wing Will Promote 113 Airmen

The 410th Bombardment Wing (SAC) at K. I. Sawyer Air Force Base will promote 113 airmen one grade on Oct. 1, wing officials have announced.

Second Lt. Dennis Miller, chief of the personnel actions division in the wing's personnel directorate, said 12 persons will be advanced to staff sergeant, 50 will be promoted to airmen first class and 51 more will be moved up to airmen second class.

The total of 113 airmen being promoted is 15 more than were advanced in June, the last regular promotion cycle. Lt. Miller said the quota of men to be promoted was allocated by Second Air Force headquarters, Barksdale AFB, La.

The promotion boards will meet in the coming two weeks to make the selections. Names of the men promoted will be announced as soon as approval is received from Second Air Force, Lt. Miller said.

According to wing officials, the total Air Force promotion quota was set at 6,000 staff sergeants, 20,000 airmen first class and 22,000 airmen second class.

PLEASE TAKE NOTICE, That a Resolution was duly adopted by the City Commission of the City of Marquette, Michigan, at its regular meeting on Monday, Aug. 26, 1963, determining the necessity of certain improvements and directing the Assessor to prepare a special assessment roll therefor, as follows: Installation of sanitary sewer and water main extension on Altamont Street and Hampton Street.

The report and recommendation of the City Manager, and the profile, plan and diagram and estimate of the costs of the proposed improvement and of the district to be assessed therefor, and also the roll of the special assessment made by the Assessor for the purpose of defraying the cost of said improvement, are on file in the office of the City Clerk for public examination.

6 RULES FOR SAFETY this coming HOLIDAY

### County's New Car Figure Reaches 968

With the automobile industry establishing an all-time high sales year, automobile dealers in many Michigan communities are finding a brisk demand for passenger cars and trucks.

This, in turn, according to Secretary of State James M. Hare, keeps his 235 branch offices throughout the state busy processing titles and levying weight taxes.

An analysis of new vehicle registrations in the first five months of 1963 shows that 821 passenger cars and 147 trucks, for a total of 968 new vehicles, were titled in Marquette County.

In the period studied, 201,695 new passenger cars and 19,497 new trucks were registered in Michigan's 83 counties.

Industry Figures Cited Hare cited industry figures showing that more than 5,000,000 motor vehicles have been produced in the United States since the first of the year and that more than 7,000,000 cars and trucks had been manufactured during the 1963 model year.

"National car sales have done much to improve Michigan's prosperity and morale," Hare said.

Interested men may contact Wright at 225-0048 or the chapter president, Ivan Raish, at CA6-9870. Ishpeming and Negaunee men interested in joining the organization may contact Howard Johnson at HU6-6483 in Ishpeming.

Through the use of a chemical which kills the young lampreys in their spawning streams, Herrington said, most of the lampreys have been eliminated from Lake Superior and the controls next will

be applied to Lake Michigan. Herrington asked a Senate Appropriations Subcommittee to re-store \$50,450 which the House cut from a \$1,051,050 fund needed to carry on the lamprey battle under the Great Lakes Fishery Commission.

He said Canada supplies about one-third of the funds and will do this on Lake Michigan "even though in this lake the United States obtains all the benefits."

"As these vehicles are sold and used, they not only bring jobs and tax dollars to our Great Lakes State but they also move tourists in and manufactured materials out of Michigan.

"Peak vehicle registrations are something which should please everybody: workers, manufacturers, stockholders, tax collectors, restaurant owners, motel operators, and many others. Car sales and a better way of life are synonymous, especially in Michigan."

### School Officials Congratulated For Record Keeping

Marquette Public Schools' administration and staff got two pats on the back this week for top-notch record keeping.

A communication to School Board President Herman Olson from Gordon Aaland, Chicago, re-

gional representative of the U. S. Department of Education, commended the schools' staff for results of an audit made by the federal education department of records kept in connection with claims for federal funds under Public Laws 815 and 874.

Results of the record check were perfect, with no per cent of error. Marquette qualifies for federal funds under Public Laws 815 and 874 because of the percentage

of dependents of federal government employees attending school here.

The communication was read at this week's meeting of the board of education, and the school board then passed a resolution complimenting the administration and staff for the perfect record.

Most rural people on Haiti live in wooden frame huts with mud-daubed walls and thatched roofs.

### Work Nearly Completed On Sandy Knoll School Addition

Work on the six-room addition to Sandy Knoll Elementary School is 90 per cent completed, Wilho Kilpela, clerk of the works for public school construction projects, told the board of education this week.

### U. S. Paying Big Price For Evangelism

**By CONRAD FINK**  
TOKYO (AP)—There was death in Viet Nam's jungles, political intrigue in Saigon. There was discontent in dusty Seoul; economic crisis and international wheeling and dealing in a host of other places.

The fighting, squabbling and hunger were far from America's shores but the United States was up to its neck in all of it. After 18 years of bloody, expensive American involvement in the Far East, there were as many crises as ever and the United States was receiving as many hot-potato questions as ever before.

The American creed, spread with missionary-like zeal, was democracy, anti-communism and economic stability — hopefully all three at the same time. High Cost The cost of evangelism was high. In Viet Nam the cost stood at \$1.5 million a day and 96 American lives so far. No end was in sight.

It is almost impossible to calculate the total cost of America's attempt to guide the destinies of millions of the Far East since World War II. You could add the 96 Americans killed in Viet Nam to the 20,617 who died in the 1950-53 Korean War. But that overlooks those who died unsung—Special Forces men lost in combat in places like Laos and pilots who disappeared in the Japan Sea on training flights.

**'Discouraging Business'** Accountants of the Agency for International Development are more specific in adding up the dollar cost: \$13.7 billion for economic aid and \$8.1 billion for military aid in the Far East from July 1, 1945 to June 30, 1962. Surveying the results, an AID man in Tokyo said: "It's a discouraging business we're in."

There was no mistaking that the "discouraging business" was America's baby. Asia's resurgent power, Japan, wanted to avoid entanglement and continue making money. The French were long gone from Viet Nam, the Dutch a memory in Indonesia, the British almost impotent in areas they once ruled with dash and vigor.

**One Thing's Clear** All were onlookers and their attitude may have been summed up in Tokyo by a French newspaperman who whirled on his American listeners and heatedly declared: "You wanted to replace us in Indochina and you did. Well, let's see you do better."

One thing seemed clear: But for America's involvement, the Soviet's hammer and sickle on Red China's five yellow stars on a field of red would be in many places where they are not.

The six-room addition to the Willard M. Whitman Elementary School was finished this month. Work at Whitman was begun a month earlier than at Sandy Knoll.

**Delay In Shipments** Total construction cost of the Sandy Knoll addition is \$115,416. Sannpala Construction Co., Inc., Marquette, is general contractor. Other contractors are Modern Plumbing, Heating and Supply Co., Menominee, and V and M Electric Co., Menominee.

At the Marquette Senior High School, construction is roughly 20 per cent completed, with all foundation work done, Kilpela said. Progress at the new high school site was held up this month by a delay in steel shipments, he noted.

**Excellent Workmanship** "Workmanship at the new high school project is excellent," Kilpela commented.

At the September school board meeting, board members will consider for approval specifications for movable equipment for the new high school.

The board hopes to call for bids for movable equipment contracts in November, which board members and school officials feel would be the most advantageous time of year.

Cost of movable equipment for the new high school is expected to amount to \$130,000. Movable equipment includes a long list of equipment, such as tables, chairs, office equipment, filing cabinets and movable equipment in the industrial arts department.

Of the total cost, \$116,875 is being provided by the federal government. Bond issue funds will be used for the remainder of the cost.

The public schools qualify for the Public Law 815 federal allocation because of the percentage of dependents of federal employees who attend school here.

An outline of specifications for movable equipment has been approved by the U. S. Office of Education, and a representative of that office will be present when movable equipment bids are opened, as required by regulations for the federal allocation.

At this week's meeting, the board also approved a change order in the high school general construction contract, which decreases by \$3,700 the cost of movable equipment. The order eliminates plastic-surfaced graph boards from two classrooms, and replaces them with chalk boards.

### Actor Rex Reason Sued For Divorce

LOS ANGELES (AP)—Actor Rex Reason is being sued for divorce in Los Angeles after a little more than a year of marriage.

Actress Sammita Lang Reason, charging cruelty, didn't cite details in her complaint.

## Civil Rights March

The civil rights march in Washington Wednesday was a milestone in America's struggle for freedom.

"But we've got freedom!" many Americans will say. And there must be many persons saying that they wish our Negro citizens wouldn't "stir up trouble."

But the struggle for freedom goes on unendingly, and our Negroes and other minority groups will never end their efforts for it until they attain full citizenship. That they haven't had it is obvious. The U. S. Supreme Court in the last century proclaimed the "justice" of equal but separate treatment for Negroes. This is clear self-contradiction in retrospect, and the court has now reversed itself and said so, but it did this gradually and over many decades. The situation — with our highest tribunal fumbling in dealing with this troublesome racial problem — indicates the problem of the individual citizen trying to cope with it.

The best of our political leadership and virtually all of our religious leadership is calling for an expression of American greatness in hurrying full civil rights status for Negroes. The Negro organizations are

complicating this progress, but except for their resolute position and demands it would not have progressed nearly as far as it has. We are faced here with a situation in the field of human rights that parallels that of the earlier struggle of the unions for economic rights. Excesses are used to discredit the movement, but history will record its triumph because it fits our American codes of rights and morals.

The North's tendency is to regard the problem as largely that of Dixie, but the problem is national. Washington, D.C., has the largest proportion of Negroes of any large American city (over half) and Chicago is our largest Negro city. In Michigan the state's new Constitution clause on civil rights in housing is currently opposed by a petition campaign. The Citizens for American White Racial Freedom campaign in the Upper Peninsula is headquartered at Iron Mountain.

Although the Supreme Court's order for integration of schools in the South is nearly a decade old, little progress, numerically, has been made there in this effort. Much remains to be done. And much remains to be done in the development of acceptance by Americans of equal rights for all Americans.

## Think Safely

More than 300 times the number of people injured in the recent Skopje, Yugoslavia, earthquake will be killed or injured by accidents in the United States this coming Labor Day weekend. A survey conducted by an insurance company shows that more than 365,000 people will suffer from accidents over this 72-hour period. More than 2,500 people will be disabled permanently. At least 800 will die.

A large proportion of these accidents will occur on the nation's highways. That is why The Mining Journal, in cooperation with its advertisers in Ishpeming, Negaunee and Marquette, again this year is stressing highway safety over the Labor Day weekend in this edition in which advertisers are using space on every page except the front page to bring readers the message of safe driving.

It is the hope of The Mining Journal that this effort may result in the avoidance of some accidents and thus help stem the upward trend of holiday weekend mishaps. The number of accidents on holiday weekends has climbed alarmingly each year for the past five. Experience shows that the major cause of these accidents is human error — people acting without thinking.

So The Journal joins its advertisers in urging all readers to "Live and Let Live . . . Think Safely, Drive Safely" during the holiday and throughout the year.

## Peninsula Perambulator

A distress message dated July 25, 1872, contained in a brown bottle a little larger than a beer bottle, was found on the beach alongside the former Hinker Coal Co. dock in Menominee by 10-year-old James Sporrer. The message read: "Our boat struck reefs in Lake Michigan en route to Manistique Island. Send help as rapidly as possible." It was signed by Capt. James Richards.

Police in Bessemer are investigating complaints — phoned in by irate car owners — that some person or persons had let the air out of tires on numerous vehicles the other night. More than 30 such acts were reported from various sections of the city. Owners of the cars and trucks, which were parked in front of their homes, found all four tires flat when they started to leave for work in the morning.

Another Iron County landmark, the 40-year-old headframe of the Republic Steel's Tobin Mine at Crystal Falls will disappear from the skyline soon. Republic Steel officials said the headframe of the property — closed permanently Jan. 31 of this year — has been sold to an Iron River salvaging firm and would be dismantled. The Tobin was opened by U. S. Steel Corp. in 1901, with more than 7,400,000 tons of iron ore being shipped during its 61-year history. The mine was developed to a depth of 1,783 feet.

## From The Journal Files

### 60 Years Ago

**—Marquette—**  
The weather being favorable, Marquette people, enthusiastically assisted by great crowds of visitors from up the road and Alger County, will spend today listening to the band. The celebrated Calmet and Hecla band arrived in the city on the early train this morning to dispense sweet music to the live-long day to appreciative audiences. It is under contract to play at no less than three concerts. The first will occur down town in the morning, the second and third in the afternoon and evening at Presque Isle.

The Bedford stone for the new library is being received right along now. A car was being unloaded yesterday, and another stood in the yards, in waiting. The contractor cannot get the stone too fast to please him now, as he is in a position to take care of it quickly.

**—Ishpeming—**  
Superintendent Schriber recently received a communication from Albert P. Cook, the secretary of Alma College, offering a free scholarship in that institution to the student

of last year's class who took highest honors. It is doubtful if the scholarship will be used as all of the class have already made other arrangements for the coming year.

Negaunee farmers who peddle their produce in Ishpeming will have to pay a city license if the municipal authorities act upon the suggestion of Pat Lyons, who makes a living for himself and family by the sale of truck. Mr. Lyons has entered a vigorous protest with Mayor Felch, on the ground that Negaunee farmers are not only doing him an injury, but they are also cutting into the business of the merchants who pay taxes and in other ways help to support the City.

**—Negaunee—**  
Monday morning all departments of the city schools will begin the sessions of the fall term. The teaching corps in the high school will be as follows: Superintendent, Orr Schurtz; principal, Ned G. Begle; Effie Griffith; Mary A. Horrigan; James E. Dull; Marion V. Ney and Rosa F. Marsden, supervisor of music and drawing.

### 30 Years Ago

**—Marquette—**  
Everything is in readiness for the formal opening of the golden jubilee celebration of the Marquette County Fair this morning. Displays have been placed and arranged in the different exhibit buildings. More than 13,000 exhibits have been arranged in interesting display.

Plans for Marquette's NRA drive were completed at a meeting of the executive committee and captains and teams held last night in the Federated Women's Clubhouse, which was attended by the majority of those participating in the campaign.

Three persons have filed petitions seeking election to the Marquette Board of Education to fill the expired terms of James O'Reilly, president, and Frank B. Spear Jr. Petitions were filed with H. A. St. John, secretary of the board.

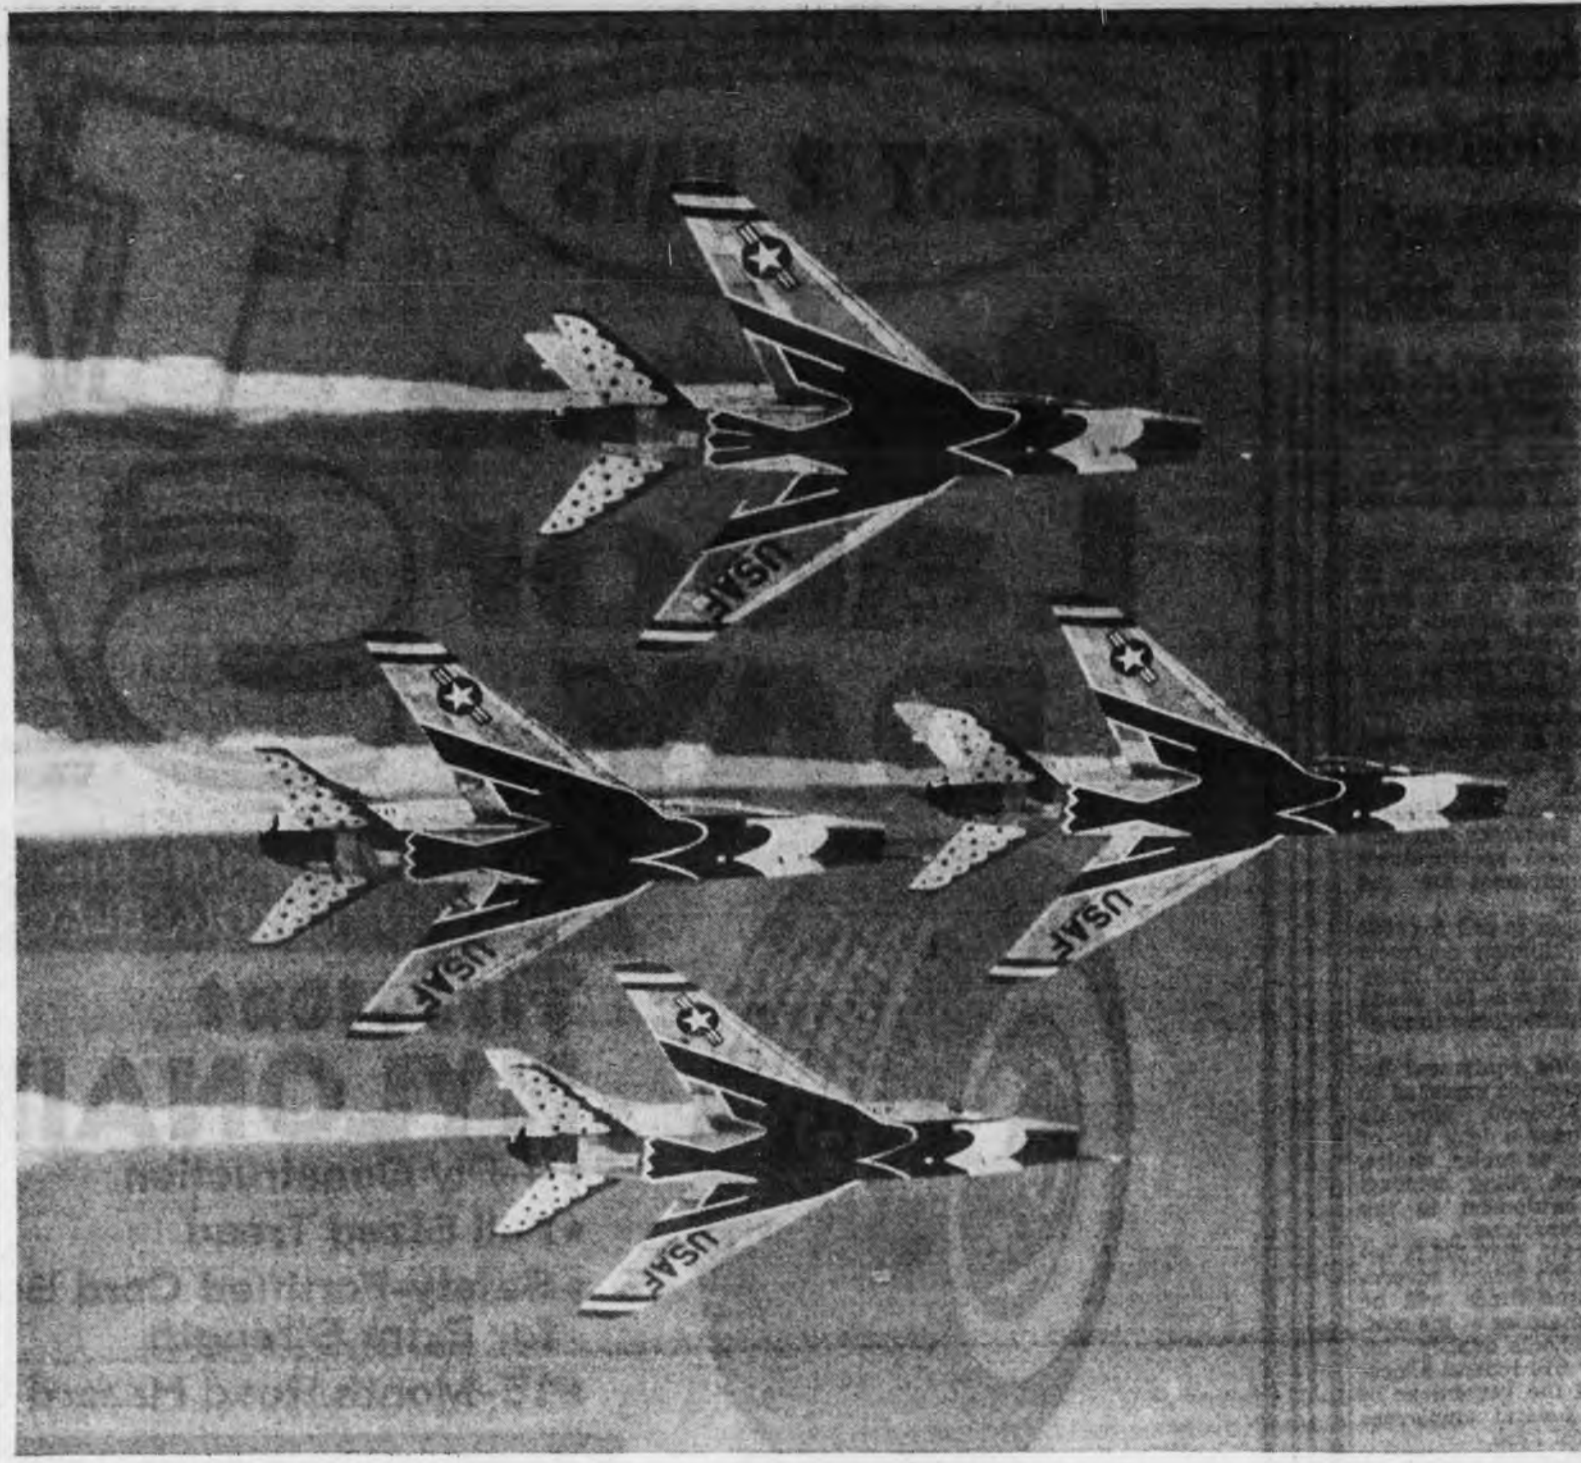

**—Ishpeming—**  
With five candidates already entered in the

race for two three-year terms as members of the Ishpeming Board of School Trustees, considerable difference of opinion has been noted here over the manner in which the candidates' names are to be placed on the ballot in the Labor Day election.

The Twin Cities Motor Coach Co. will run special buses to the Marquette fairgrounds on Wednesday, Thursday, Friday and Saturday this week with reduced round trip rates in effect.

**—Negaunee—**  
Mr. and Mrs. Howard Martinson and son, Peter, have returned to Detroit, after a visit here with friends.

"State Fair," Fox film featuring Janet Gaynor, Lew Ayres, Sally Eilers, Norman Foster, Will Rogers, Frank Craven, Louise Dresser and Victor Jory, will be shown for the last times tonight at the Vista. The story, rich in romance and comedy, deals with the loves and adventures of a Middle Western farm family.

Thunderbirds F-100 Super Sabre jets are shown flying in four-plane formation which will be employed when the amazing U.S. Air Force team stages its world famous display before the public at K. I. Sawyer Air Force Base at 1 p. m. on Monday, Labor Day, in conjunction with open house being held on base. During exhibition, planes will fly at speeds of up to 1,200 miles an hour directly in front of the crowd with only a few feet separating each plane.

## Spectacular Thunderbird Air Show Highlight Of Sawyer AFB's Open House On Labor Day

(Related Story on Page 3)

Spectators at K.I. Sawyer Air Force Base will see more than a diverting air show when the world famous Thunderbirds make their initial visit to Sawyer AFB at 1 p.m. on Labor Day.

They will be witnessing a demonstration of the wicked F-100 Super Sabre flying in the four-plane formation that set the fantastic record of more than a thousand Russian fighter airplanes shot down for about 80 Sabres.

**Elite Of Air Force**  
The Thunderbirds make up the world's first supersonic precision demonstration flying team. They are the elite of the Air Force, known as "America's Ambassadors in Blue."

On tour 360 days a year, flying shows to the acclaim of huge crowds around the world, they perform under continual physical stress, split-second timing and the ability to anticipate the reaction of every other member of the team in any situation.

**Aerial Ballet**  
In their sparkling red, white and blue jet fighters, the Thunderbirds put on what amounts to an aerial ballet as they maneuver their planes in precision drill through a sequence of loops, rolls, wiferrills, corkscrew changeovers and clover leaf turns.

They fly their entire show at low altitude and within a one-mile radius of the show area. The audience can easily see every maneuver throughout the program while listening to the official narration.

The Thunderbirds fly from Nellis AFB, Nev., often called the fighter pilot's "finishing school."

When they deploy throughout the United States and around the world to put on their spectacular demonstrations, they move out quickly as a small, highly mobile and nearly self-sustaining task group.

They will average nearly 100 missions or performances a year and will travel up to 175,000 air miles to fulfill the team's show schedule.

**Compete For Positions**  
You don't get assigned to the Thunderbirds — each man on the team from the commander to the lowest ranking airman must volunteer and then wait to compete for his position.

Every officer, pilot and crew member is a highly selected professional airman dedicated to the

successful accomplishment of the team's responsibilities and mission.

**Change Every Two Years**  
Lt. Col. William A. Alden, commander of the team, said that, by regulations, the Thunderbirds change every two years.

"There are approximately 80 applications on file now for flying positions," he said. "All applicants are screened every four months. To get on the list, a man must have a background as an Air Force fighter pilot with 1,000 jet flying hours and a total of 1,500 flying hours."

**Final Test**  
"Each must be a college graduate, take an intelligence test and

Tourists are being steered to K.I. Sawyer Air Force Base on Labor Day by the Marquette Chamber of Commerce.

"We've had hundreds of requests this summer from tourists who would like to tour the Air Force base," Chamber Executive Director Wyndal H. Hudson said. The chamber will place notices of the Sawyer AFB open house and the Thunderbird air show in motel and hotel rooms in the Marquette area, he said.

be extensively interviewed. Finally the list shakes down to five men, any one of whom would do."

These five are then allowed to try their wings as potential Thunderbirds. They are led individually through a series of acrobatic maneuvers as a final test.

One of the current members of the crew had this to say recently: "One of our worst enemies on a long trip was ourselves — and this doesn't change from team to team. Do Everything Together

"When we're on the road for show after show, flying day in and day out in demonstrations and practicing steadily in between shows, we just about live in each other's pockets.

"We live, eat, sleep, work, fly, travel — we do everything together. It's impossible for men to live under these conditions without getting tired of one another; it's just human nature.

"You know how close we have to stay when we must all dress alike, go to this dinner or that television interview, and so forth. Privacy is a word that gets more delicious with every day.

"If there is the slightest rub between anyone, well, the tension mounts as the trip progresses, and the greatest care must be taken to watch everything. It's nothing short of wonderful, I sup-

pose, that the team — all the teams — have been just as much on the ground as they have been in the air."

**Team Roster**  
The Thunderbirds currently on the team in addition to Col. Alden, whose home is Ellenton, Fla., are Maj. Edwin D. Palmgren, Wilmington, N.C., leader; Capt. Jerry Shockley, Lafayette, La., left wing; Capt. Bill Higginbotham, Baton

Rouge, La., right wing; Capt. Paul A. Kauttu, Portland, Ore., slot; Capt. Robert G. Moore, Miami Springs, Fla., solo; Capt. Ronald E. Catton, Waukegan, Ill., solo and Capt. Leonard S. Czarniecki, Chicago, narrator.

The Thunderbirds' appearance at Sawyer AFB Monday is open to the public, and all military personnel, their dependents and guests are invited to attend.

## The National Whirligig

(Editor's Note: Andrew Tully's eighth book, a novel entitled "Supreme Court," will be published Tuesday, Sept. 3.)

BY ANDREW TULLY

WASHINGTON — It says here that President Kennedy is a patron of the arts, including book writers, but if he keeps it up I'm going to run against him next year. After all, fair's fair, and what's sauce for the goose . . . and all that jazz.

What Kennedy had better not keep up unless he wants to lose the authors' vote is writing books. Not just writing books, but selling them. By so doing, he is selling in on my dodge and costing me dough.

Word leaked out the other day that Kennedy is at it again. He and one of his White House aides are working on a revision of a book he wrote in 1958 when he was a senator from Massachusetts — "A Nation of Immigrants." They're adding 20,000 words to the tome, and it will be published this fall.

**Tough Competition**  
This is bad news for the author or trade. It was tough enough when Kennedy was signing his books "Senator," but it is unfair competition in restraint of trade when he floods the bookshops with volumes by the President of the United States. There are only so many books published every year, and even Bill Shakespeare would whine about trying to compete with a writer who operates the White House.

It isn't as if Kennedy needs the dough. I could understand it if he were doing it to pay Jackie's dressmaker's bill or to buy Caroline a jet-propelled bicycle. But the President is merely doing his last five or six million dollars, and if there is a wolf at his door

he arrived in a Rolls Royce. **Royalties To Charity**  
Actually, the President admits his pocketbook is not hurting, but he causes royalties from this new book will go to charity. By this, he means orphanages and the like, and not the butchers and bookies who are the recipients of a professional author's largesse. It's a noble gesture, of course, but so is paying my rent.

Moreover, Presidents who write books are practicing discrimination. You don't see Kennedy opening a steel mill in competition with Roger Blough, or opening a saloon across the street from Toots Shor's. Presidents do not operate banks or shoe stores or picture framing shops. But they think it's all right to write books.

**Offers A Deal**  
As a matter of fact, the trust-busters should take a hard look at the New Frontier's activities in the literary field. Attorney General Robert Kennedy tossed off a best-seller called "The Enemy Within" and brain trust Arthur Schlesinger Jr. is always turning out some scholarly volume, for sale. White House Aide Ted Sorensen likewise recently committed a book.

Eisenhower made a half million bucks on his wartime memoirs by claiming a capital gain, and Harry Truman has written several books. But neither of them turned author while in the White House.

I suppose nothing can be done to suppress Kennedy's latest book, but we could make a deal. I'll promise to withdraw from the 1964 presidential race if he'll let me sign my next book, "by John F. Kennedy."

(Bell-McClure Syndicate)

Measurements of radioactive isotopes in meteorites can indicate cosmic ray intensity in regions between planets.

## Goldwater And The GOP

By WALTER LIFFMANN

There are reasons for thinking that, in spite of his rating in the polls, Goldwater is still a very long way from the presidential nomination. His spectacular spurt occurred recently when Gov. Rockefeller's remarriage seemed to remove the leading contender. It is probable that the senator has been the beneficiary of the old rule of politics that you can't beat a horse with no horse.

If there is no other horse, except a lame horse, Sen. Goldwater might get the nomination by default. But he is not likely to get it by default. For the moderate Republicans, who comprise the big majorities that elected Eisenhower, are not likely to hand over the party to an extremist. They would probably lose not only the election itself, but also their own position in the party.

### Opposition To Federal Government

The cautious thing to say would be, of course, that anything can happen and that, given enough troubles at home and abroad, anybody could be elected. But more and more it looks to me that Sen. Goldwater's record on public questions will not stand the kind of full public exposure that takes place in a nominating campaign. For the Goldwater philosophy is radically opposed to the central tradition of the Republican party and is wholly alien to the moderate and conservative character of the American party system.

The core of his philosophy is opposition to the federal government as a guarantor of personal liberty and as protector of the national welfare. To the senator, the federal government is a kind of foreign power which must be reduced and distrusted. Sen. Goldwater regards himself as a Republican. But to be the kind of a Republican he professes to be, he must disavow and disown the whole heritage of Hamilton, Lincoln and Theodore Roosevelt.

For Hamilton was the principal founder of the federal union. Lincoln was the preserver of the federal union. And Theodore Roosevelt was the first President to see that the United States would be involved in a world power and that the federal government would have to become the regulator of an industrial society. These men, the greatest of Republicans, stood for a strong and evolving federal power, not for a loose and impotent confederation of states. They stood for one nation under a federal government which served its vital interests.

### A Recipe For Panle

Sen. Goldwater would leave the racial problem to the individual states, the federal government to cease all intervention. He would repeal the progressive income tax, a measure so extreme that it would dismantle the national defense and destroy the credit of the United States. He would repeal the welfare measures as fast as he could, thus opening the country to vast misery and vast disorder. He would sell TVA. In foreign affairs, he would cut loose from our allies, and he would then challenge the Soviet Union aggressively.

These are some of the things he says he would do. In fact, if by some quirk of fate he were nominated and elected, he could do almost none of the things he says he would do. For they are not a program of government that can be enacted by Congress and administered by the executive branch. They are a vast confusion, and they are a recipe for panic.

Sen. Goldwater is a more serious threat to the Republican Party than he is to the Democratic. For the odds are heavy that President Kennedy would defeat him, especially after Sen. Goldwater's radically reactionary views have been explained to the voters. But the Republican Party would be a shambles after a Goldwater nomination. The party of Lincoln would have become the rallying point of the racists. The party of Hamilton would have become the Anti-Federal Party. The party of Theodore Roosevelt would have become the Anti-Progressive, Sectional and Anti-National Party.

It would then take some ingenuity to write statements supporting a Goldwater nomination for men like Eisenhower, Nixon, Rockefeller, Romney, Scranton, Thurston Morton, John Sherman Cooper, Keating and Javits. It does not seem likely that these eminent Republicans will let themselves get into such a predicament.

(c) 1963, The Washington Post Co.

### TRAVELING BANK NOTES

When a felon's not engaged in his employment — having just concluded a "job" like the recent British bank robbery, he probably observes: "Well, they were asking for it."

Now that the British postmaster general is taking steps to see that this sort of thing doesn't occur again, the innocent bystander makes remarks about locking the stable door when there's a vacancy in the stall. But the postal authorities are doing something more imaginative than that. They are changing their assumptions.

As the Times Weekly of London points out, an astounding amount of money moves about Britain by rail. "It is, on the face of it," the publication says, "amazing that nearly three million pounds worth of unrecorded bank notes should be traveling through the night in superannuated vans without a guard." The raid was the first in 125 years to hit these "traveling post offices." Their critics point out that criminals sometimes neglect to observe "fine old traditions." Perhaps the whole British system of transferring money is in for an overhaul. Meanwhile, where there is much money there will probably be placed some obstacles to its being distributed a la Cheddington. — Christian Science Monitor

## Six Vehicles Damaged Here In Four Traffic Accidents

Six vehicles were damaged and one driver was ticketed in traffic mishaps investigated yesterday by city police.

Three vehicles were damaged in a chain reaction smashup at 11:45 yesterday morning in the 300 block on S. Front St. All three vehicles were being driven north on S. Front St., and the accident resulted when the third car was unable to stop because of slippery conditions caused by the heavy rain, police said.

The first car, driven by Jerry L. Secrist, K. I. Sawyer Air Force Base, and the second vehicle, a pickup truck driven by Orval Cherrette, 516 W. Michigan St., had come to a stop. However, the third vehicle, a 1959 sedan driven by Walter R. Cook, 124 E. Ohio St., was unable to stop and ran into the rear of Cherrette's truck, pushing the truck into the rear of the Secrist car.

Minor damages resulted to the rear of Secrist's car, to the rear of Cherrette's truck and to the front end of Cook's auto. All three vehicles were driven from the scene.

At 5:15 yesterday afternoon, two vehicles were damaged in a mishap at the intersection of N. Seventh St. and College Ave.

City police said Celia Robertson, 1610 Gray St., was driving a 1962 model car west on College Ave. and Thomas Boyle, Tourist Park, was driving a jeep north on Seventh St. at the time of the mishap.

Boyle told police he had stopped his car at the stop sign, but then pulled his car out into the intersection without seeing the Robertson car approaching from the east. Boyle's car struck the Robertson car, resulting in damages to the left rear fender of the Robertson car and the front of Boyle's jeep.

Police ticketed Boyle for failure to yield the right-of-way.

Minor damages resulted to a car which was stopped at the intersection of Garfield Ave. and W. Washington St. when another vehicle, parked on Garfield Ave., "jumped" out of parking gear and rolled down the street, at 9:30 last night.

Michael O. Johnson, 316 W. Michigan St., had parked his car on Garfield Ave., city police said. The car rolled a short distance down an incline and struck the stopped vehicle, being driven by Harry O. Galbraith, Box 238, Marquette.

Minor damage resulted to the right rear fender of the Galbraith 1963 model car.

A six-year-old girl suffered minor injuries yesterday morning when she ran from behind a parked car on the south side of E. Michigan St. and into a car being driven west on E. Michigan St.

The girl, Sue Lambert, daughter of Mr. and Mrs. William M. Lambert, 344 E. Michigan St., was knocked down when she ran into the car, which was being driven by John R. Stratton, Green Bay. Mr. and Mrs. Lambert sought their own treatment for the girl.

### Fair Haven Boy's Body Found In Canal

FAIR HAVEN (AP)—A search for 5-year-old James Beaman ended Wednesday with discovery of the boy's body in a canal near his home.

Two sheriff's deputies among the estimated 300 searchers found the body while dragging the 12-foot-deep canal.

Police theorized James drowned Tuesday afternoon.

### Michigan Girl Made Unauthorized Trip

## U.P. Letter Carriers Plan Annual Meet

The annual convention of the Upper Peninsula Association of Letter Carriers will be held in the Sherman Hotel, Escanaba, Sept. 7 and 8.

National Association of Letter Carrier Branch 438 of Escanaba will be the sponsor, with Glenn Matheson the branch secretary the convention chairman.

National Officer Edward F. Benning of Springfield, Ill., has been assigned to the meeting by the Washington office. Benning is the field director of the NALC for Michigan and Illinois. Also attending will be the Minneapolis Field Director Austin B. Carlson, also a national officer.

The post office representative will be Robert Rosenthal of the Chicago regional office. He is the delivery service officer.

### Special Program For Wives

A special program is being arranged for the wives of letter carriers with a representative of the national women's auxiliary assigned. Maude A. Spurgeon of Pontiac, chairman of the auxiliary executive board, will be in attendance and will be the main speaker for the women.

State President Dorr Cameron of Battle Creek will represent the Michigan State Association of Letter Carriers. Reservations already have been received from many of the large branches from the Lower Peninsula.

### 25 Branches In U. P.

The U. P. comprises of 25 NALC branches of letter carriers. Each branch represents a post office at which delivery service of mail is performed. Total membership is over 300.

U. P. officers of the association are Ray Smith, Sault Ste. Marie, president; Maurice Hansen, Ishpeming, vice president, and Floyd Granroth, Calumet, secretary-treasurer. The U. P. field director of the Michigan State Association of Letter Carriers is Toivo Talus of Negaunee.

### 100th Anniversary

This is the 100th anniversary of mail delivery service. It also represents 74 years that the NALC has been in existence.

An invitation is extended to all interested postal employees to attend this meeting.

Department spokesman identified the Michigan student as Patricia Ann Sopiak of New Boston, Wayne County.

## Spear's Displays Captain's Chair

Duane Stambaugh of the Northern Michigan University security force pauses to inspect a real captain's chair that forms part of Spear and Sons, Inc. historical display in the lobby of the First National Bank and Trust Co. The chair came from a waiting room in an early Marquette steamboat ticket office. First National, which is observing its 100th anniversary, each week turns its lobby over to a local business or industry for displays in which the emphasis is on Marquette's yesterdays. (Mining Journal photo.)

## 'Ability To Pay'

These would be used by the hospitals, under the department of mental health, for determining families, "ability to pay" a share of the cost of maintaining the patient.

This is now handled through probate courts in each of Michigan's 83 counties, the result being wide variance in standards used to define ability to pay and the amounts paid.

In the case of mentally ill, the state is receiving reimbursement for the care of only 13 per cent of 40,000 patients and in some of these cases, only a part of the per diem cost.

The state figures its cost of caring for a mental patient at \$5.90 per day. For the mentally retarded, the average is \$3.30 per day.

Spencer said Assistant Atty. Gen. T. Carl Holbrook has esti-

mated a full return on reimbursements would increase their collection by the State Revenue Department from \$7 million to \$30-\$40 million per year.

"I am not prepared to accept

that figure at face value but it seems obvious that a more equitable, standardized system of determining ability to pay would increase the state's return considerably," said Spencer.

MAURICE MARVIG

## Marvig New Recruiter For Navy Here

New recruiter in charge of the U. S. Navy recruiting office in the federal building here is Master Chief Boilerman Maurice Marvig. Senior Chief Signalman Robert Prins, who has been recruited in charge here, has been transferred to duty with the Staff Commander, Cruiser Destroyer Flotilla Seven, San Diego, Calif.

A native of Fargo, N. D., Marvig lived in Hawley, Minn., before entering the Navy in 1950. He served in the Pacific Theater during World War II and while in the Navy attended the Ford Trade School in Dearborn.

He has served 18 years on ships, including the U.S.S. Colorado, West Virginia, Lexington, Palau, Coral Sea and Hancock.

As a recruiter, he has been stationed in Rochester, Minn., and most recently, Hancock. He will continue to serve the Copper Country, as well as the Marquette area, from the Marquette office.

## Mental Care Collections Said Too Low

LANSING (AP)—Stricter standards for collecting reimbursements to the state for its care of mentally ill and retarded persons—bringing in several million dollars more per year—may be proposed to the 1964 Legislature.

Rep. Roy Spencer, R-Attica, chairman of an interim committee holding hearings on the subject, said Thursday he is convinced the law needs amending to standardize collection of reimbursements throughout the state. He indicated that legislation

might call for certified financial statements to be submitted annually by families with members in state mental hospitals or home

Marquette County 4-H Clubber Wins Trip To Canada

Rita DeGroot (third from left, front row), of Northland in Marquette County, is one of 10 4-H members who were awarded a trip to the Canadian National Exposition this weekend during the State 4-H Show, which ended in East Lansing yesterday. The group, all finalists in the state 4-H achievement contest, left East Lansing today. Their trip will include a stop at Niagara Falls. The trip is awarded by the Sears Roebuck Foundation. Trip winners pictured are (front row, from left) Mary Poquette, Cheboygan; Linda Ingraham, Rockford; Miss DeGroot; Phyllis Genter, Ludington; Faye Bontekoe, Linden, and Dr. Russell Mawby, state 4-H Club leader; (back row, from left) Edmund Lenington, Mancelona; Alvin Martus, Brown City; Lewis King, Greenville; Paul Werner, Rogers City, and Edward Breclaw, Vulcan.

Pietri Recital To Stress Attitude Of Meditation

The attitude of Christian meditation in worship will be stressed in this Sunday's recital in St. Paul's Episcopal Church in Marquette, presented by organist Gerald Pietri.

Previous recitals in the Alex Hamby Memorial Recital Series have presented a wide range of organ and vocal compositions, chosen to illustrate various aspects of church music throughout history to the present.

Pietri feels that meditative reflection as an integral part of worship is in danger of being overlooked in our times, whereas this attitude toward religion once was a major characteristic of religious practices which formed the roots of contemporary Christian worship.

This week's recital will therefore consist of organ works and hymns well-known to all Christian denominations and selected to stimulate reflection and meditation.

Future recitals will present guest soloists and will continue to explore the many-faceted experience of Christian worship as expressed in music written for the church. Harvey Gustafson, pastor of the Trinity Lutheran Church in Stambaugh, will present an organ recital on Sept. 22 as part of the continuous recital series.

The recital will be given at 7:30 p. m. in the church, located at East Ridge and High Sts. A free-will offering will be taken to be used for choir purposes and organ improvement.

The recital will be given at 7:30 p. m. in the church, located at East Ridge and High Sts. A free-will offering will be taken to be used for choir purposes and organ improvement.

Sarvello-Underwood

ISHPEMING — Mr. and Mrs. Philip A. Sarvello announce the marriage of their daughter, Conetta Ann, to A-2c Carl Frank Underwood, K. I. Sawyer Air Force Base, son of Mr. and Mrs. Carl Edward Underwood, Dayton, Ohio.

The double ring ceremony, officiated by the Rev. Lawrence Linck, was held in St. John the Evangelist Church at 11 a. m. Saturday. Pink and white gladioli decorated the altar.

The bride, given in marriage by her father, wore a long gown of white taffeta, fashioned in princess style. It featured a scooped neckline, traditional long sleeves, and the controlled skirt fell into a chapel train. The front of the gown was adorned with lace appliques highlighted by crystal and pearls. Her forward bouffant headpiece of French illusion net was attached to a round crown of rosepoint lace which boasted pearls and crystal. Her only jewelry was a pair of pearl earrings, a gift of the groom. She carried a cascade bouquet of white and pink roses and white mums.

Attendants' Dresses  
Mary Elizabeth Underwood, Dayton, sister of the groom, was the maid of honor, and the bride's cousin, Aurelia Sarvello, the bridesmaid. They wore identical street-length dresses of turquoise satin with a round neckline and featured a floating panel in the back. Braid crowns secured their nylon maline veils, matching the color of their dresses. They carried bouquets of white and pink roses and white mums.

The bride's paternal grandmother, Mrs. Dominic Sarvello wore an aqua dress with black accessories. Mrs. Stephen Sivaski, Dayton, maternal grandmother of the groom, wore a royal blue print dress with black accessories. Both grandmothers wore corsages of white roses and chrysanthemums.

A dinner was served at 12:30 in the American Legion Clubrooms, with a reception for 400 following from 2 to 5.

Mr. and Mrs. Underwood are on a wedding trip to Dayton. The bride is a graduate of Ishpeming High School and is attending St. Luke's Hospital School of Nursing, Marquette.

Her husband, a graduate of Western Hills High School, Cincinnati, will go to Hahn, Germany, Sept. 4. The bride will resume her studies at St. Luke's. She will go to Kalamazoo on affiliations Sept. 15.

Out-of-town guests included Mr. and Mrs. Carl E. Underwood, William Underwood, Mary Underwood and Mrs. Stephen Sivaski, all of Dayton; Mrs. Fred Johns, Petoskey; Mr. and Mrs. Joseph Foy, Little Lake; Mr. and Mrs. Frank Beljan and Raye and Roy Harvey, White Pine; Mr. and Mrs. Arvid Thibodeau and son, Miss Judy Parvainen, Mr. and Mrs. William Frailing and son, all of Iron River; Mr. and Mrs. Salvatore Tassone and son, Miss Tassy Tomasko, Miss Mary Ann Nurkkala, Miss Janice Peterson, Miss Esther Heltene, Mr. and Mrs. Robert Johnson, Mr. and Mrs. Buddy Lewis and family, all of Marquette; Charles Code, Crystal Falls; Mr. and Mrs. August Mattson, Mrs. Russell Moyle, Dominic Dighera, all of Negaunee; Robert Whited, West Virginia; William Pruett and John Todd, New Jersey; Jackie Cooper, California; George Sammons, Kentucky; Arnold Luelthe, Indiana; Dick Heying, Missouri; Robert Bell, Illinois; Mr. and Mrs. John Golanston, Harvey; Mr. and Mrs. Frank Pietrantonio, Mr. and Mrs. Nick Pietrantonio and family of Iron Mountain and Ed Farrell, Gladstone.

## Ishpeming Retailers Agree To 5:30 P. M. Closing Time

ISHPEMING — At a special meeting of the Retail Division of the Ishpeming Chamber of Commerce, it was decided that stores, beginning Sept. 3, would close at 5:30 p. m. every day except Thursday when they would be open until 9 p. m.

Considerable interest was shown by retailers in a proposal to close stores at 5 p. m. every day except Thursday throughout the year, Robert Sturm, Retail Division chairman, said.

However, a lengthy discussion failed to resolve the issue and it was finally decided to return to the closing time in effect in previous years.

Since discussion on changes in store hours comes up periodically, it was suggested by Sturm that an accurate survey be undertaken to learn the majority opinion. It was agreed that no change should be made which would not be to the best interest of customers.

"I am sure every retailer would welcome comments from his customers," Sturm said. "A change in store hours affects many people and cannot be undertaken in haste. The subject undoubtedly will be reviewed at future meetings."

## Tri-County Briefs

Alger - Baraga - Marquette

### Republic

A Tri-City Luther League rally will be held Sunday, Sept. 8, at the Bethany Lutheran Church. Supper will begin at 6:30 p.m., followed by a service with Pastor Fred VanHala as guest speaker.

A representative of the county sheriff's department will be in the Wouffe building from 3 to 5 p.m. Tuesday, Sept. 3, to issue driver licenses.

Mr. and Mrs. Norman Holappa and daughter have returned to Dearborn after visiting Andrew Holappa.

Mr. and Mrs. Bernard Lewallen and sons of Danville, Ill., have returned home after visiting Andrew Holappa.

### Negaunee

Mrs. Martha Gensheimer, Ellsworth Gensheimer and Mr. and Mrs. Frank Gensheimer attended funeral services in Port Huron for Mrs. Martha Gensheimer's sister, Mrs. Ida Borneman, who died un-

## Mrs. Krook Installed For Second Term

ISHPEMING — At a regular meeting of the Ishpeming American Legion Auxiliary officers were installed for the 1963-64 year.

Mrs. Irving Gitzen, past department president, served as installation officer. Installed were Mary Krook, president; June Masters, first vice president; Rose Manty, second vice president; Mary Cornish, secretary; Arlene Sturm, treasurer; Leivole Olson, historian; Janet Boase, chaplain; Shirley Sundblad, sergeant-at-arms; Eliza Gouge and Marian Medlyn, color bearers; Lillie Ball, Victoria Boberg and Stella Sundlie, members of executive board.

Mrs. Krook, who is serving her second term, named the following to committees:

Americanism, Elizabeth Buytaert; audit, Esther Anderson and Ethel Paulsmo; cheer, Lena Kemp; community service, Goldie Paul; civil defense, Shirley Sundblad; child welfare, Stella Jackson and Doreen Pajula; constitution and by-laws, Elsie Lundin; Education and scholarship, Ruth Berquist; Wolverine Girls' State, Mary Sarvello; Gold Star Mothers, Lempi Hannula.

Membership, Mary Cornish, Shirley Sundblad, Janet Boase, Eliza Gouge and Nellie Mattson; music, Janet Boase; Pan-American, LaVerne Thibeault; program, Victoria Boberg; poppy, June Masters and Rose Manty; poppy posters, Eliza Gouge and Tyne Ostlund; Publicity, Minerva Gitzen; rehabilitation, Rose Manty and Marian Medlyn, and year book, Minerva Gitzen.

During the meeting, Susanne Decaire gave a report on her trip to Wolverine Girls' State.

All past unit presidents, officers and members of the executive board are reminded of an executive board meeting scheduled for Sept. 18 at the Legion clubrooms.

expectedly Aug. 26.

Mr. and Mrs. Fred Harris, Highland Park, left this morning for their home after spending two weeks visiting Mr. and Mrs. James T. Neely.

Michael Kratz, 219 Cyr St., is a surgical patient in Bell Memorial Hospital.

Mr. and Mrs. Charles Laurila and sons, Mark and Brad, of Garrison, N.D., have returned home after visiting Mr. Laurila's parents, Mr. and Mrs. Oliver Laurila, Snow St. Also visiting the Laurilas are Mr. and Mrs. James Fahey, Barberton, Ohio.

Mrs. Cleo E. Cleven and sons, Phillip, Roger and Peter, former Mr. Cleven residents, left here Sunday after visiting Mrs. Cleven's parents, Mr. and Mrs. H. Dayton Kellan, Oak St. They will join Mr. Cleven and son, Jeffery, at Klamath Falls, Ore., where they will make their home. Phillip will then return to attend Northern Michigan University.

### Chatham-Eben

A daughter, Lynn Victoria, was born to Mr. and Mrs. Norman Maki, Fremont, Calif., Aug. 21. Mrs. Maki formerly was Janet Anderson, daughter of Mr. and Mrs. John Anderson of Chatham, and Mr. Maki is the son of Mr. and Mrs. Frank Maki of Forest Lake. This is the third child and third daughter in the family.

Mr. and Mrs. Toivo Luoma of Chatham and Mr. and Mrs. Reino Luoma of Beaver Grove spent the weekend aboard ship at Green Bay, Wis.

Mr. and Mrs. Gordon Reynolds and family of East Detroit have arrived to visit Mrs. Reynolds' mother, Mrs. Opal Richmond, and stay at the Richmond cottage at AcTrain River.

### Ishpeming

Mrs. Leslie Wills, 600 Mather Ave., is a medical patient in Bell Memorial Hospital.

### Gwinn

The Rev. Peter Minelli, son of Mr. and Mrs. Anthony Minelli, who was ordained to the priesthood this summer, is spending a few weeks at his home. Father Minelli will leave about Sept. 9.

Bethany Lutheran parishioners will hold services for the last time in this old church Sunday. — (Mining Journal photo.)

## Bethany To Hold Final Service In Old Church

ISHPEMING — The Bethany Lutheran Church at the corner of Division and Fourth Sts. will change its place of worship following services Sunday.

After 80 years, the large white church, which has remained practically the same except for the building of a full basement and other minor improvements, will be closed.

The final service, celebration of the Lord's Supper, will be held at 10:45 a.m. and a brief service of thanksgiving will close the long history of the present place of worship.

On Sept. 8, services will be held in the new church at Mather and Hickory in the Eighth Addition.

## Opening-Day Schedule For Ishpeming Schools

ISHPEMING — The Ishpeming public schools will open Tuesday, Sept. 3, with a general teachers' meeting scheduled for 9 a.m. in the high school auditorium. Elementary and secondary meetings will follow and building meetings with principals will be held at 10:30.

High school students will meet in the auditorium at 1:15 p.m., and a preliminary orientation meeting will be held for freshmen and new students at 11 a.m.

Grade school pupils, including all those entering kindergarten, will start classes at 7:15 p.m. All grade school pupils will report to last year's home room for a new assignment except pupils in the fifth grade who were promoted. These pupils will report to the

for Baltimore, Md., where he will teach English, Latin and music at St. Charles College.

## Over 840 To Enter L'Anse Schools Tuesday, Sept. 3

L'ANSE — Next Tuesday could be regarded as "Mother's Day."

That's the day when L'Anse Township schools will open their doors for the 1963-64 academic year, with more than 840 pupils ending three-month vacations to report at 1 p. m. for a half-day session. A teachers' meeting is scheduled for Tuesday morning.

Since there will be no morning classes, the school lunch program will not get under way until Wednesday. The program is open to all first-through-sixth-grade pupils at a cost of 20 cents a day and to seventh-through-twelfth-grade students at 25 cents a day.

### New Equipment, Furniture

According to Superintendent Robert W. Fredrickson, several new pieces of equipment and furniture have been added during the summer. In addition, special supplies and equipment furnished under the National Defense Education Act are arriving and will be used for supplemental instruction during the coming year.

The curriculum will consist of a broad base of four years of English and social science, general mathematics through trigonometry, five years of homemaking, vocational shop, an expanded physical education program, and music and art throughout the school. Five years of science in junior and senior high will be available, following through from the elementary department.

### Advanced Biology Course

In addition, a wide selection of additional courses and a variety of extra-curricular activities will round out the program, thus providing students with every opportunity to obtain a well-rounded education. The advanced course in biology, initiated as an experiment three years ago, has proven very successful and will be continued this year.

For a number of years, faculty members have been working on a program of curricular study, aimed at evaluating the effectiveness and value of each course. Supplements have been completed and a follow-up is made each year, in which teachers rate the courses and make recommendations for their improvement, continuation or discontinuance. Copies are prepared for all faculty and school board members, and requests for copies of this study have come from a number of other school districts.

### List Of Faculty Members

The full complement of 41 faculty members includes Robert W. Fredrickson, superintendent; Paul K. Ward, junior-senior high principal and speech; Taisto Harko-

nen, elementary principal and fourth grade; Miss Catherine Been and Mrs. Joyce Koski, kindergarten; Mrs. Charlotte Kotila and Mrs. Jeanette Raymond, first grade; Mrs. Phyllis Senake and Mrs. Ruth Connor, second grade; Mrs. Lola Nilsen and Mrs. Bonnie Berggren, third grade; Mrs. Ellen Schroeder, fourth grade; Mrs. Ethel Johnson and Mrs. Katherine Gingrich, fifth grade; Frank Berkeley and M. E. Thompson, sixth grade; Glenn L. Anderson, music; Edward Brinkman, drafting; Robert Eplett, art; Mrs. Elizabeth Deschaine, commercial; Mrs. Ann M. ## Building Addition Plans To Be Told At Rod-Gun Meet

NEGAUNEE — Final plans for a building addition will be presented at a regular meeting of the Negaunee Rod and Gun Club Sunday night.

Work on the building is expected to begin Tuesday, Sept. 3, with Champion, Inc., erecting a steel structure and Merle Prin, contractor, doing the rest of the work. The club also will hold a dance this Saturday night, beginning at 9:30. Music will be furnished by the "Drifters."

## 'Use Common Sense,' Plea To Motorists

NEGAUNEE — Police Chief Kenneth Roberts today urged Negaunee residents planning extended weekend trips to drive with additional care over the Labor Day holiday weekend.

Pointing out that, if weather conditions are favorable, Labor Day weekend traffic generally is the heaviest of any weekend during the year, Chief Roberts asked drivers to use "common sense" to avoid accidents.

"Even on the freeways, there have been times this summer when traffic has been congested because of the increase in tourist travel," he said. "And this weekend it probably will be heavier than usual as many people close up their cottages and return home in time for the opening of schools on Labor Day."

"We urge those planning extended trips to start early and

give themselves plenty of time so they don't have to rush, as speed is one of the principal causes of accidents and fatalities."

Oceanic version of a waterfall is a sandfall, formed when currents push sand down steep slides of underwater canyons.

# Marquette Redmen Meet Kingsford Tonight In 1963 Season Opener

Marquette Graverset's Redmen kick off their 1963 football season tonight at 8 on Memorial Field, facing one of the toughest opponents they will encounter during the season, the Kingsford Flyers.

Although both teams have problems of one kind or another, the battle shapes up as an unpredictable one, with implications of meaning throughout the scheduled games for the teams. The variables of experience, weight depth and other factors are intangible as yet, and the effect of major

problems on the playing ability of either team cannot be judged in advance.

The Kingsford squad, rich with abundant experience but plagued with injuries to important men, will present a tough challenge to the Redmen. Kingsford Coach Rae Drake has announced the following probable starting lineup:

Left end — Dick Freeman, junior; left tackle — Dwight Romagnoli, junior; left guard — Richard Burby, senior; center — Paul Monette, senior; right guard — Marc

Hagerty, senior; right tackle — Bill Janeshek, senior; right end — Ron Tortelli, senior; quarterback — Randy Brookington, senior; left halfback — Dick Berlinski, junior; right halfback — Gary Mongrain, senior and fullback — Roger Scott, senior.

The designation of this game as the 1963 Graverset Booster Game is fortunate, for the contest looks in advance to be a fierce one, with well-matched teams striving mightily to begin the season with a victory over a respected opponent.

# Tigers Maintain Pace, Chew Angels In 6-1 Romp; Hank Sees No-Hitter Ripped Up

DETROIT (AP) — "I guess two-hitters are my ultimate in life."

Hank Aguirre turned philo-sopher after coming the closest he'd ever been to pitching a no-hitter — just six outs away. He settled for his third two-hitter in 24 days as the Tigers stretched their winning streak to eight games with a 6-1 victory over Los Angeles Thursday.

Frank Kostro, Aguirre's teammate until this June, broke the no-hit bid with a line triple to center leading off the eighth in-

sinking fast, so I stopped to take it on one bounce.

"Now I kind of wish I tried for it because it bounced past me anyway."

Jim Piersall, hitting 269, followed Kostro's triple with a looping single to right for the only run off Aguirre.

Shortstop Dick McAuliffe had kept Aguirre's no-hit bid alive in the fourth. He batted down Felix Torres' hard one-hopper to his right with a backhand swipe. McAuliffe's momentum carried him in a circle, but he recovered, picked up the ball and caught

Torres.

Through seven innings, Aguirre had outted the Angels. He started the two-run fourth with a single, his 10th hit of the season.

"When I went to the mound in the eighth I kept saying 'I want it, I want it and all I need to get it is more outs,'" said Aguirre.

"And I couldn't get the first of the six outs. How many times do you go through a game and get six in a row easily?"

"When I got that close I thought I had it."

Kostro, a .216 hitter, ripped Aguirre's two-strike screwball to center. Billy Bruton took two steps in and stopped. The ball took a crazy hop and bounced past him for a triple.

"That's the kind of play you don't try to make a diving catch on unless it means the ballgame," said the veteran Bruton. "I charged it and then saw it was

# Miss Swanson Wins Women's Golf Tourney

ISHPEMING — Miss Helen Swanson of Ishpeming became the 1963 Wawononung Golf Club Women's Champion Thursday, playing brilliantly to defeat Mrs. Lyllis Northey for the title.

It was even over the first nine holes of the final round, as Mrs. Northey started strong, but finished weak while Miss Swanson, having had difficulties up to the sixth hole, came to life and pulled her way out of the fire to even up the match.

# Baraga Team Opens Season At Ontonagon

The second week of football practice started on Monday for the Baraga Vikings. Daily practice has been going on since Aug. 19 in preparation for the opening game with Ontonagon on Saturday, Sept. 7 at Ontonagon. The Vikings were to have played the Whiz Kids on that date but since Lake Linden was not able to field a varsity team this year, a home and home series has been arranged with Ontonagon in place of a single game.

Coach Carl Johnson and assistant coach James Scholer have a squad of twenty-seven boys at the present time. It is expected that more boys will be added to the squad with the start of the school year. Coach Johnson has the following twelve lettermen from last year's team: Brian Alatalo, Joe Forrest, James Holm, Pat Kamarainen, Larry Kangas, Mike Koskinen, Rodney Lindrus, John Mansfeldt, Randy Mattson, Kenneth Tolonen, Bill Verianen, and Danny Wimpair.

New York	12	18	.400	8 1/2

Long Putt Good

Mrs. Northey, a Negaunee housewife with a picture swing set the gallery buzzing by dropping an 18-foot putt for a birdie on the third hole, putting herself two up on Miss Swanson.

Coming into the home stretch on the Ishpeming links, it was Mrs. Northey who developed difficulties, however, while Miss Swanson's game benefitted from her powerful drives.

The second nine went much the same way until Miss Swanson broke the game open, winning on the 15th and 16th holes, and tying the 17th.

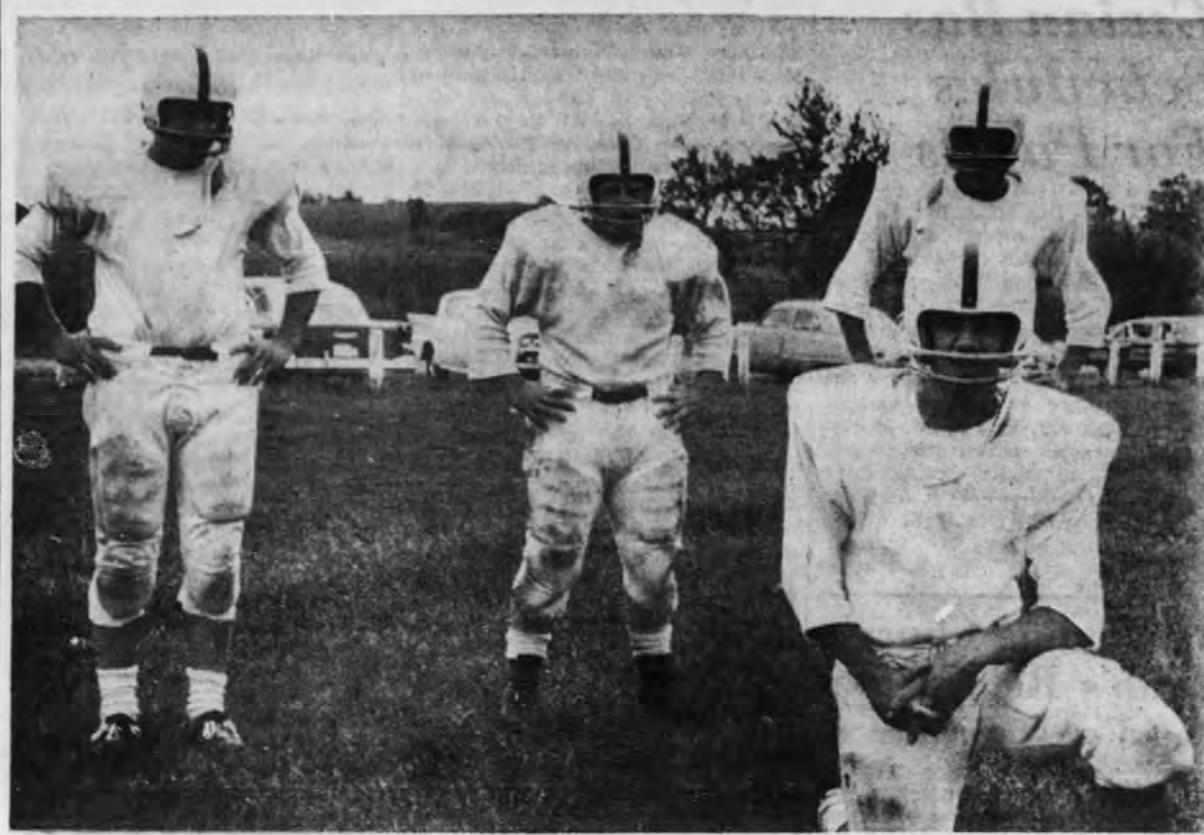

Mrs. Edna Reppla was the consolation winner in the championship flight. Toni McCarver defeated Harriet Rosenbaum in the first flight competition, and Joyce Silas won the consolation match from Molly Hanna in the flight.

Second Flight

Mrs. Emcee Hansen edged Mrs. Lois McLean in the second flight, and Mrs. Rose Gerndt defeated Shirley Lundgren for the consolation win.

The nine hole championship was won by Ruth Gerchinnoff, who defeated Pauline Erickson, one up, in 10 holes of play. Dorothy Besolo downed Vi Oja in the consolation play.

Michigan State cross country teams four times have won the so-called triple crown, the Big Ten, ICAA and NCAA championships all in the same year.

The four Ishpeming backfield men pictured kneeling is quarterback Dennis Garceau; above may be carrying the workload for the Blue standing, left to right are right halfback Bill Norck and White tonight when they clash with the Iron fullback Bill Arsenault and left halfback Mountain Mountaineers at the Ishpeming Play-Bruce Swanson. (Mining Journal photo.)

# Ishpeming To Field Tough Line Senior Backfield Against Mountaineers

ISHPEMING — Even a protracted look at the statistics for the Ishpeming and Iron Mountain teams meeting at 8 tonight at the Ishpeming Playgrounds fails to provide one with basis for a prediction as to outcome, and the game must be classified in advance as a toss-up.

As is usually the case in season openers, even the most loyal partisans of either team will have their doubts about the certainty of the outcome of the game.

Ishpeming fans build their hopes this year on the probability of the Hematite squad producing and improving more over last season, which was a rebuilding one for Bruno Arsenault and his staff.

Opponents Shallow

The Iron Mountain Mountaineers, with a respectable 1962 showing of 6-2, have a decided lack of depth, having lost 17 members from last year's squad, but look tough tonight despite this problem, as the team has jelled into a smoothly working unit in the final days of practice this week.

The uncanny aerials of Bill Sauter could be the biggest factor in the Mountaineer attack, and could make them hard to stop.

On the other hand, the Hematites can be expected to be a much stronger team this year than last, as they will field a senior backfield and an experienced line.

Dennis Garceau, shifty 5'7", 140-pound Ishpeming quarterback, will call the plays, working with running mates Bruce Swanson at left half, Bill Arsenault at fullback and Bill Norckoli at right half.

Coach Marana listed a probable starting line including Doug Mantala at left end, Richard Sharland at left tackle, Donald Welch at left guard, Mike Tunteri at center, Mike Coughlin at right guard, Richard Larson at right tackle and Bill Palomaki in the right end position.

Two Units Ready

This formidable line averages 182 pounds, and has shown in practice sessions an ability to

what proved to be pitfalls last year could easily turn out as salient points in the Hematite assets this year.

Marana sums up tonight's game as follows: "This should be a close contest as well as a contest which should give a good indication of the season to come. Our backfield has been steadily improving, and our line is showing a lot of polish. If we can keep the spirits of this bunch of guys up there, we'll be tough all season."

This is Marana's sixth year facing an Iron Mountain team. To date, Ishpeming has won one, tied one and lost three of the six encounters. Ed Koski will assist Marana with the coaching.

The Ishpeming High School Band will present a special halftime program for the spectators.

Mental attitude is being increasingly stressed these days by high school coaches, and Marana offers a sound basis for Hematite hopes in his appraisal to the effect that the teams has been showing a "lot of hustle in practice."

The Blue and White will concentrate on stopping the proven Mountaineer ends, known for their ability as pass receivers. One of them, Jim Lindstrom, caught 10 passes last year for 169 yards. This aspect of the Mountaineer attack has been hurt in a major way by the loss of Dave Erickson from the squad for the season, due to injury.

Erickson posed a threat to would-be defensive tacklers last year a number of times, demonstrating an unusual ability to "haul 'em down" and make passes count for important yardage.

Iron Mountain's head coach George Gusick says of this year's squad: "We will be lacking in depth and we are depending on some of last year's junior varsity players to give us some help. We will not have the overall size of last year and will be slightly slower. Injuries to any of our first team members will hurt us."

Ishpeming has improved in several categories this year, and 8-4-1-1/2.

# Twins Cook Washington; Homer Rout

(By the Associated Press)

Even 225 miles away, Gil Hodges must have felt the shock waves.

Hodges was home in Brooklyn and the blasting went on in Washington, where Minnesota's muscular Twins creamed his Senators for 12 homers among 35 assorted hits Thursday for a runaway doubleheader sweep, 14-2 and 10-1.

By hitting eight homers in the opener, the Twins matched a single game major league record, and by adding four more in the second game they picked up a pair of big league marks—15 for three consecutive games and 17 for four. They collected five in their doubleheader split at Washington Monday.

Hit By Virus

Between the doubleheaders, Hodges spent the two days off in Brooklyn—and was stuck there when he got hit by a virus. The Washington manager still was confined to his home when the Senators got hit by the Twins.

Rookie left-hander Gary Peters registered his 11th straight victory and smacked a two-run homer for the Chicago White Sox, who clipped Cleveland 7-2 and stayed in ahead of the Twins in their battle for second place in the American League.

Boston and Bill Monbouquette stopped New York's front-running Yankees, scoring on Elston Howard's passed ball in the ninth inning for a 4-3 decision. That left the Yanks 11 games ahead of the White Sox, with the Twins another one-half game behind in third.

In the AL's other game, Hank Aguirre fired a two-hitter and Al Kaline took over the league batting lead as the Detroit Tigers rolled to their eighth straight victory, 6-1 over the Los Angeles Angels. Kansas City and Baltimore were idle.

Harmon Killebrew was Minnesota's biggest better in Washington, with three of the 12 homers, while Vic Power, Jim Hall and Bernie Allen each had two. Bob Allison, Rich Rollins and Zoilo Versalles added one apiece. The dozen was one shy of the major league high for two games.

# Koufax Hurls Dodger Win; Lead Extended

(By the Associated Press)

Sandy Koufax, who took San Francisco to the cleaners for his 20th victory, has sent Red Patterson to the barbers.

Koufax' three-hit pitching and a 15-hit Los Angeles attack that provided the most runs lavished on a Dodger pitcher in 45 games, combined to give the National League leaders an 11-1 victory over second-place San Francisco Thursday night.

Lead Expanded

By taking the opener of the four-game series, the Dodgers dropped the defending champion Giants 6 1/2 games behind, and into an almost impossible situation. If the Dodgers win half of their remaining 30 games, the Giants must win 21 of 29 to finish in a tie for the pennant.

The Dodger explosion, coming after a seven-game drought, also assured Patterson of a long overdue haircut. The club's assistant general manager had vowed not to clip his locks until the Dodgers scored four runs in one inning.

In the third inning before a crowd of 54,978 — largest in the majors this season—the Dodgers trimmed the Giants for five runs.

While Koufax was posting his 20th victory, Dick Ellsworth won No. 19 as the Chicago Cubs edged Philadelphia 2-1. The New York Mets whipped Pittsburgh, 7-4 in the only other NL game scheduled.

**The Cable TV View**

... By **Richard Bur**

The better hotels and motels have made television a standard fixture in their efforts to keep a person comfortable while away from home.

Ask the man who travels a lot, and you will get a quick answer to what does he seek from the television set. The TV set takes the edge off loneliness. It is not merely a voice coming out of the cabinet. TV is the nearest thing to having other people around when you want to make them materialize.

The face, figure and gestures combined with the voice has an almost human quality when it holds the center of the TV screen. In fact some of the televised characters are so real to viewers that stations receive all kinds of reactions and advice when well known fictional beings are placed into unusual situations.

This is probably one of the unpredicted effects of television. When it was first developed a forward looking person could estimate some of the results of bringing sound and picture into the home. A more complete type of entertainment was predictable, but television has gone much further. In a miraculous manner, outdoing the boldest science fiction guess it has established an assemblage of personalities waiting to be dialed into a household, or in a lonely room.

And as the clock ticks away, many a person absorbed in the TV set realizes that he has spent a number of hours interestingly, and that he was not entirely alone.

**Each Of Us Can Be A Real Champion In Driving**

The rules of the "game" are easy to master when the "game" is driving. Because the great principle of the Golden Rule and the simple laws of traffic are the only rules. Cut accidents by courtesy to others and by obedience to the law.

Financial Report:

'63 Year Of Change In U.S. Labor-Management Relations

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Compulsory arbitration of the rail labor dispute adds still another challenge to a year of change in labor-management issues and solutions.

years. And third, the industry lickered the strike threat pressure on contract negotiations — this year at least—by setting up a continuously negotiating committee to tackle labor problems as they arise and hammer out a contract ahead of a fixed deadline.

Crystal Falls Man Legion Chief For Upper Peninsula

F. William Goodreau of Crystal Falls has been elected vice commander of Zone 5 (the Upper Peninsula) of the American Legion, Department of Michigan.

Alma Woman Killed In Two-Car Crash

ALMA (AP) — A two-car intersection collision near Alma Wednesday killed Mrs. Jo Ann Moros, 31, of Alma, and injured four other persons.

Jet Plane Helps Save Life Of Airman's Son

MADIRA, Spain (AP) — A new jet-transport plane, a small but

fast T39, helped save the life of the 6-month-old son of Airman Larry E. Stevenson of Mason, Mich., officials at nearby Torrejon SAC Base said Wednesday.

Pama De Mallorca island where the father is stationed at a remote radar base. Within 3 1/2 hours after an emergency request was received at the base Tuesday Col.

flown an Air Force doctor to Mallorca, picked up the child, and returned him to the base hospital here. The child, Larry Jr., responded rapidly to treatment, the officials said.

ELECTION FIRST
First presidential election held on a uniform date throughout the United States was when Zachary Taylor was elected chief executive of the nation on Nov. 7, 1848.

Delayed For Six Months
Congress has ordered compulsory arbitration for the first time in a peace year. It has put off at least for six months — the threat of a strike that would idle the nation's railroads.

Overtime And Moonlighting
The electrical industry also has had study committees at work well ahead of contract terminations. Now the talks are coming out into the open. Longer vacations and more retirement pay are among the proposals.

Worried Over Job Security
The issue is a variant of the chief concern in this year's labor talks. The unions primarily are worried over job security — the loss of jobs to machines or new work techniques, or to the changing consumer demand to different products or services.

Now you can own an automatic electric range for what you'd expect to pay for a non-automatic model! Westinghouse makes cooking simpler, clean-up easier.
NEW AUTOMATIC TIMING CENTER
FINE-TUNING CONTROLS
SINGLE DIAL OVEN CONTROL
EASIEST TO KEEP CLEAN

Lord's OUTFITTING COMPANY
301 SO. FRONT ST. MARQUETTE DIAL CA 6-2551

COURTESY PLUS OBEDIENCE TO THE LAW

These Two -- Working Together -- Make A Great Safety Team
We don't need more laws—we need more obedience to our present laws to bring safety on the highways nearer to reality — Keep SAFE DRIVING uppermost when you are the driver.
