## House Acts On Pay Boost For Military

WASHINGTON (AP)—The House sped to President Kennedy for expected prompt approval today a bill to raise military pay an estimated \$1.2 billion a year. The compromise measure passed the Senate last week. Its effective date is today. The raises, largest in history would average 14.4 per cent and range up to \$120 monthly. Even so, government officials said that thousands of low-ranking personnel probably would continue to seek charity or outside jobs.

### Basic Pay

The basic pay of recruits, for example, would go up only \$5 a month to a new scale of \$105 monthly. Counting subsistence and living quarters allowances, many of them would still end up with annual incomes of about \$2,400 a year.

### Compromise

The bill is a compromise between earlier measures passed by the House and Senate. It would bring raises as high as \$120 a month for majors, lieutenant commanders, senior sergeants and chief petty officers.

### Other Increases

Other increases include: captains and Navy lieutenants, \$115 a month; sergeant majors and equivalent ranks, \$55; corporals and their equivalent ranks, \$35.

### Recruits, Privates

The recruits, privates, corporals and sergeants, and corresponding Navy ranks, with more than two years service would get boosts ranging from \$15 to \$40 monthly.

### Combat Pay

In addition, men in combat areas like South Viet Nam would receive an extra \$55 a month and servicemen who must leave their dependents at home would receive \$30 a month more.

### Reservists and National Guardsmen

Reservists and National Guardsmen would share in the increases, getting more money for drills and training duty.

### Ellender, Chairman of Agriculture Committee

Ellender, chairman of the Agriculture Committee, said Kennedy may call on administration pow-wow on the question today.

### Official United Nations sources

said in New York Monday that the Russians have indicated to American traders — but have not as yet made a firm offer — that they want to buy \$250 million worth of U. S. grain.

### In talks with American grain traders

Soviet negotiators have reportedly said they would like the shipments to begin no later than early November.

### Subsidies

All American wheat exports are subsidized by the government by about 60 cents a bushel so it can compete for foreign markets.

## Lewis Raps ABC-TV For Censorship

HOLLYWOOD (AP)—Comedian Jerry Lewis says that if ABC censors his television show again he'll consider it a breach of contract.

### During Saturday night's show

## Algerian Units Joining Rebels

ALGIERS (AP)—Units of the Algerian army today began joining the dissident troops of rebellious Col. Mohand Ou El Hadj. The colonel called for a decisive fight against President Ahmed Ben Bella's government.

A government officer in Tizi Ouzou, capital of the Berber area of Kabylie which is the nerve center of the revolt, said most noncommissioned officers and men in the area have deserted.

Informants in Tizi Ouzou said all was quiet in the city and virtually all troops disappeared from the streets.

Small convoys were seen heading toward the mountains where Ou El Hadj has been organizing his stronghold.

Ou El Hadj called on officers and men of his 7th Military Region "to join us in our combat."

There was no immediate comment from the government in Algiers. It appeared to know little about the situation in the mountainous region, some 60 miles east of the capital.

Ben Bella sought to rally the Algerians masses against the threat to his one-man rule.

But government troops dispatched to stem the rebellion showed little interest in the assignment.

None of the newcomers appeared to be willing to enforce Ben Bella's order for a crackdown on the Berber colonel.

## Nixon Says Rockefeller Will Run

NEW YORK (AP)—Richard M. Nixon says Gov. Nelson A. Rockefeller made it "quite clear" during a chat three weeks ago that he will seek the 1964 Republican nomination for president.

The former vice president says that as a result of the talk he has no doubt that Rockefeller will make the race. Nixon added that he believes Sen. Barry Goldwater of Arizona also will be a candidate for the nomination.

"Both are so heavily committed," he said, "that it will be impossible for them to puff back."

## Valachi Links Old Boss To Legalized Gambling

### Home Okays Russian Bid For Summit

UNITED NATIONS, N. Y. (AP)—British Foreign Secretary Lord Home gave guarded approval today to the Soviet Union's proposal for an 18-nation summit meeting on disarmament before June 30.

Home warned, however, in a speech before the U.N. General Assembly that a number of clear directives would have to be drafted in advance if such a meeting is to have any value.

Key points that should be agreed upon, he said, are non-dissemination of information about the making and use of nuclear weapons, stationing of observers to guard against surprise attack and progress toward abolition of nuclear delivery vehicles.

"My government will gladly join in any preliminary discussions which in turn could lead to such a meeting as Mr. Gromyko (Soviet Foreign Minister Andrei Gromyko) described, and give it a better chance of showing results," Home said.

Failure He blamed the "deep schism in ideology between the Communist world and the rest" for the "comparative failure of the United Nations Organization to develop collective security."

In the long run the only sure guarantor of peace.

"Now there is a sign which may herald a new chapter of cooperation between the Soviet Union and the West which could in its turn have a most profound influence on the conduct, usefulness and efficiency of the United Nations," he said.

## Judge Halts Aid To White Pupils In Dixie County

RICHMOND, Va. (AP)—An associate justice of the U.S. Supreme Court has stopped state tuition grants for white children attending private segregated schools in Virginia's Prince Edward County.

In Washington Monday, Justice William J. Brennan Jr. granted a stay requested by Negroes of a U.S. 4th Circuit Court of Appeals decree which had opened legal channels for the grants.

Court Erred He said the stay would remain in effect until the Supreme Court resolves this and other issues involved in an appeal of the Circuit Court decision.

Since the stay reinstates Judge Lewis' injunction against use of state tuition grants, white parents will have to bear the financial burden of the private schools.

### Crime Czar Has Interests In Las Vegas

WASHINGTON (AP)—Joseph Valachi swore today that Vito Genovese, his old boss in a crime syndicate, has "lots of interests" in legalized gambling in Las Vegas, Nev.

He said he understood that Genovese has "a tie" with the gambling operations of Meyer Lansky in Las Vegas.

Genovese, convicted on a narcotics charge, is now in the Leavenworth federal prison. Valachi has testified that Genovese nevertheless still bosses New York operations of a nationwide crime syndicate.

Second Day Valachi, in his second day of testimony before the Senate investigations subcommittee, was questioned by Sen. Jacob K. Javits, R-N.Y. Javits asked Valachi whether it was true that Genovese has "lots of interests in gambling" in Las Vegas.

"Yes, sir," said Valachi. Javits: "As far as you know, is Vito Genovese still in Las Vegas?"

Valachi: "Yes, senator," and named Lansky as one of those with whom he said Genovese is associated.

Javits: "They are associated and it persists to this day?" Valachi, "Yes, sir."

Reles' Death Javits then sought without success to explore for some inside facts about the death of Abe Reles, which Valachi had mentioned in testimony Friday.

The Friday hearing Valachi had sought to illustrate his contention that mobsters in jail can arrange the murder of associates on the outside.

He cited the case of two witnesses who, he said, met untimely ends while Genovese was awaiting a murder trial. He mentioned then that Reles had been "thrown out" of a hotel window and killed in New York, while waiting to testify.

Javits, quoting Valachi's testimony that "they threw him out," asked: "Who was 'they' . . ."

Valachi clearly uncomfortable under the questioning, said: "That was the rumor. Let's put it this way — whoever was in charge."

Then, as Javits pressed for a better answer, Valachi declared: "The police threw him." But he said all he really knew about it was that "the boys" of the mob had told this story.

"You believed it?" Javits asked. "Yes, I did."

★ ★ ★ TOMS RIVER, N. J. (AP) — Frank Casino, reportedly named by Joseph Valachi as the "finger man" in a gangland slaying, was held in jail here for New York authorities.

Casino, 59, was arrested at his Beach Haven summer home Monday on a warrant accusing him of refusing to testify before a grand jury.

Dist. Atty. Frank D. O'Connor of Queens of New York City said Casino is suspected of having knowledge of the slaying of Anthony (Little Augie Pisano) Carfano, shot to death Sept. 25, 1959.

Casino was named in information given to the Justice Department by Valachi, a convict testifying before a Senate committee about the underworld organization known as Cosa Nostra.

O'Connor's office said it believed Casino's arrest was the first to result from information given by Valachi.

Casino was charged with criminal and civil contempt for refusing to testify Sept. 11 before a grand jury investigating the Pisano slaying.

Maurice Chevalier Begins 63rd Year In Show Business PARIS (AP) — Maurice Chevalier, who began singing in Paris bistros when he was 12 years old, started his 63rd year in show business with a rousing one-man show at the theater Des Champs Elysees.

The black tie audience gave Chevalier a standing ovation. "This night is the highlight of my career," said the 73-year-old entertainer.

"Being 73 isn't so bad — you have to slow down a bit though."

Then, Chevalier demonstrated that he isn't slowing down. He did a twisting, swinging imitation of Elvis Presley.

## JFK Drops Bid To Speed Tax Cut Bill

WASHINGTON (AP)—Kennedy administration leaders abandoned today efforts to speed Senate Finance Committee action on the \$11-billion tax reduction bill and thus retarded its chances of passage this year.

An administration nose count indicated it could not muster a majority within the 17-member committee to strip Chairman Harry F. Byrd, D-Va., of control over the scheduling of hearings on the House-passed measure.

Although Sen. Vance Hartke, D-Ind., had indicated previously he would move for such a show-down today and Byrd was braced for battle, Sen. George A. Smathers, D-Fla., said he did not believe any such challenge would materialize.

Byrd's Opposition Smathers, secretary of the conference of all Democratic senators, said he felt it would be a mistake to try to wrest authority away from the chairman. Byrd opposes tax reduction unless it is accompanied by significant spending cuts.

Byrd said in a separate interview that the House had taken eight months to pass the tax measure and he felt the Senate committee should have a reasonable length of time to consider it.

# U.S. Policy Group Finishes Economy Survey In Area

National policy advisors and technical resource people for the U. S. Department of Agriculture left Marquette this morning with a deepened respect for the economic and tourist potential of the area, the result of a two-day visit to the community.

The national agricultural advisory committee, holding an annual field meeting in the Lake States Forest Experiment Station area, chose Marquette for its focal point and made bus trips into the various forest stations.

The Marquette Chamber of Commerce, with the cooperation of interested industrial firms, acted as host and helped bring the committee and Upper Peninsula forest products personnel together for an exchange of ideas.

### Pleased With Color

All members of the group were delighted with the color feature of their tour, and with about 45 cameras clicking there will be ample advertising for the Upper Peninsula as these visitors return to their homes.

The national advisory committee, of 11 members, eight present for the meeting, their residences ranging from Maine, New York and Washington to Oregon and California. Their technical resource people came from several of the forest experimental stations, the majority from the Lake States and from Washington.

Dr. E. C. Elting, Washington, D. C., deputy administrator for agricultural research service, chairman of the committee, expressed the appreciation of the group for the "marvelous display of friendship and hospitality" shown by the Marquette Chamber of Commerce and its cooperating associates.

### Unprecedented Opportunity

He offered the opinion the committee had never been given such an opportunity before to learn about the potential of an area it had visited. He felt that much good would come from this kind of reception and idea exchange.

The advisory committee this year chose to work its field trip with the forest research commit-

tee, but it also works with groups specializing in natural resource, marketing, utilization of agricultural commodities, agricultural economics, human nutrition, animal industry, horticultural crops, feed and forage, grains, cotton and seed oils and specialty crops, such as sugar and tobacco.

In this way the advice are funneled into a central group, avoiding the problem of fragmentation, it was noted.

The group flew in to Marquette Sunday afternoon and evening and were welcomed to the community by the Ambassadors Club of the chamber.

Taking chartered buses, they went to Dukes and to Munising yesterday to hear technical discussions on several aspects of forest experimentation and problems in the lake states.

### Field Trip Here

The forest group remained for an afternoon field trip, the advisory committee returning to Marquette for their formal business meeting. In the evening they were guests at a reception and dinner here.

The two committees left today for Wisconsin and the advisory committee will end its sessions Wednesday morning in Rhineland, the forest research group continuing sessions through Friday.

## City Discusses Seventh St. Sidewalk Need; Sets Plans For Construction Next Year

Plans for the construction of a sidewalk on N. Seventh St. are almost completed, but the project will have to be delayed until the city can afford its share of the cost.

City officials said at last night's city commission meeting that they would continue to study the proposed N. Seventh St. sidewalk, with the probability of including the project in next year's budget.

City Manager Thomas Moore stated, "One reason the sidewalk hasn't been put in previously is that the entire street needs rebuilding."

### Street Work Needed

City Engineer M. J. (Mickey) Keranen added that in addition to extensive street work which is necessary on N. Seventh St. before a sidewalk can be constructed, a utility pole line on the west side of the street will have to be moved to allow room for a sidewalk.

"Much of the property on the west side of N. Seventh St. belongs to the city, so that the city's expense in the improvement would be great," Keranen said.

"I suggest that if the money is available, the sidewalk and street improvement project be considered for next summer," he said.

The need for a sidewalk on N. Seventh St. was brought up

last night by Commissioner James R. Smith, who said:

"I've brought this subject up often during the past two and a half years and I feel just as strongly about the need for a sidewalk now as I first did."

"N. Seventh St. is traveled by children walking to and from Sandy Knoll School and it carries a lot of traffic because it is a major pipeline to the Northern Michigan University Campus," Smith said.

### Danger Worse In Winter

"The danger to pedestrians on N. Seventh St. is even worse in the winter."

Smith asked if it would be possible to plow a path on the west side of the street for pedestrians this winter and the question was referred to Public Works Superintendent Howard L. Coppens for a study of feasibility.

## Apartment Damaged By Smoke

Fire yesterday afternoon caused considerable smoke damage to an apartment at 905 N. Third St.

Marquette's fire department was summoned at 3:27 p.m. to the apartment building owned by Mrs. Mercedes Dallas, as the new occupant, Patrick Barnhardt, was moving into the downstairs apartment.

### Box On Stove

Firemen said a cardboard box of groceries and paper towels had been placed on the stove, with the movers unaware of the fact the burner on the stove was on low.

The burner ignited the box and a lot of smoke resulted. Firemen used the high pressure booster hose off the No. 4 (750-gallon) pumper to extinguish the flames and used two smoke ejectors to clear the apartment of smoke.

Although the fire itself was confined to the box, the interior of the apartment was damaged by smoke, it was reported. There was insurance to cover the loss on the building.

### Firemen Respond

Eleven firemen responded to the call, with the Nos. 2 (1,000-gallon) and 4 pumpers and the service truck. They returned to the station at 4:23 p.m.

### Overheated Space Heater

City firemen also were called out at 6:30 this morning to the Robert Ogle trailer at the Birch Grove Trailer Court, off Pioneer Rd., where an oil space heater in the trailer became overheated.

There was no fire and nothing was used, with firemen standing by until the heater cooled off. There apparently was no damage.

Seven firemen responded with the Nos. 2 and 4 pumpers and service truck. They were back at the station at 6:45 a.m.

**Commission Approves Two Special Assessment Jobs**

Marquette's city commission has given the "go ahead" signal for two improvement projects by adopting standard form resolutions approving special assessment rolls.

Final approval has been given to gravel base construction on Neidhart Ave. between Clark and Union Sts. and to street improvements on Lynn and Birch Aves. and Center St.

The action was taken following special assessment roll public hearings, which took up more than an hour of last night's regular city commission meeting in city hall.

**Had Been Continued**

The hearings were continued from the Sept. 9 commission meeting, when they were adjourned following objections raised on both projects.

Total cost of Special Assessment Roll 344, the Neidhart Ave. gravel project, is \$1,277.78. Total cost of Special Assessment Roll 347, the improvement project on Lynn and Birch Aves., is \$6,885.77.

This project will provide for the installation of the base course preparation on Lynn and Birch Aves. between Center St. and the south line of the Rintala Heights Subdivision and on the south 30 feet of Center St., between Lynn and Birch Aves. and on Birch Ave. from Fair Ave. to the south line of the subdivision and on Lynn Ave. from Waldo St. to the south line of the subdivision and on the north 30 feet of Center St. between Lynn and Birch Aves.

The project also includes the installation of a six-inch water main in Birch Ave. from Waldo St. to Fair Ave. and the installation of curbing on Lynn and Birch Aves. between Waldo and Center Sts. and on Center St. between Lynn and Birch Aves.

**Questions Raised**

No objections were raised last night concerning the installa-

tion of the water main in Birch Ave. or on the installation of curbing on Lynn and Birch Aves. and on Center St.

Questions were asked following the reading of the special assessment roll for the installation of the base preparation on Birch and Lynn Aves. by Frank Geschel, 802 Waldo St., Raymond Reynolds, 1430 Birch Ave., and Raymond Brady, Birch Ave.

Many of the questions were asked by residents in Asire's Addition who questioned whether they were being unjustly assessed.

**Subdivider's Work Credited**

City officials explained that residents in Rintala Heights Subdivision are credited on the assessment roll for a 22-foot wide gravel base installation done by the subdivider.

They explained that when Rintala Heights was subdivided, the subdivider had to comply with a regulation that streets be gravel surfaced to a width of 22 feet and this work was accepted by the city.

The cost was indirectly charged to the lot owners by the subdivider, so that the lot owners are now given credit for the work, they said.

**Was Before Enactment**

However, Asire's division was subdivided prior to the enactment of the regulation, so that the lot owners were never charged directly or indirectly for gravel base work and are not given credit for it on the special assessment roll, they said.

City Engineer M. J. Keranen added that property owners will receive rebates in the proper amount for

**Optimism Expressed Over Lake Trout In Superior**

BAYFIELD, Wis. — There is a new feeling of optimism along the shores of northern Wisconsin, the head of the state fisheries division said here.

"People are becoming optimistic about the future of the lake trout—and so are we," E.

W. Schneberger said at a meeting of the State Commercial Fishery Advisory Committee. "They are also optimistic about the growth of the recreation industry in this region, especially with the interest being expressed by the President."

**Applications For Coast Guard Duty Taken Tomorrow**

Applications from young men interested in service in the U.S. Coast Guard will be received in Marquette tomorrow.

Frank Stolpe, Ensign in the First Class, of the Coast Guard Recruiting Station in Green Bay, will receive applications between 10 a.m. and 5 p.m. at the federal building.

"The Coast Guard fills a dual role in protecting our nation's security," Stolpe said. He noted: "As an agency of the Treasury Department, the Coast Guard is responsible for enforcing maritime laws, for search and rescue operations and for establishing and maintaining aids to navigation within the territorial waters of the U.S."

"As a member of the armed forces, the Coast Guard is responsible to the Defense Department to maintain a constant state of military readiness."

any amount of the existing gravel which can be retained in the project. "Every effort will be made to save gravel," he said.

During the hearing on the assessment roll for the installation of curbing in a portion of Neidhart Ave., questions were raised by Willard J. Huff, 2091 Neidhart Ave.

Huff said that he and other residents on Neidhart Ave. felt that they were being assessed twice for gravel and grade work. "It was our understanding that when the sewer was installed during a special assessment project in 1959, the city's contractor was to install gravel and bring the street up to grade," he said.

Keranen said that in an engineer's report on the sewer project the unit-price contract shows that the contractor was not paid to bring the street up to grade or to install gravel.

City commissioners and Huff agreed that a misunderstanding probably resulted in the 1959 sewer project when the contractor was called back to the

**Sport Trolling**

Both trends could combine to give a badly needed boost to the commercial fisherman on Lake Superior, Schneberger said. He urged commercial fishermen attending the meeting to consider how they could use their boats to take sports fishermen trolling for trout.

It might be feasible to use one boat for both purposes, he said, because most commercial boats could probably handle parties of fishermen without any major changes.

**Heard Reports**

The fishermen and committee members were given additional reasons for optimism as they heard reports on recent research in the Great Lakes.

Since 1958, more than 8 million lake trout have been stocked in joint efforts of the United States and Canada.

At the same time, a successful war has been waged against the sea lamprey.

**One In 300 Scared**

Each year, fewer of the trout killers are showing up in traps on sample streams, while lake trout are again showing up in their old haunts. Only about one trout in every 300 observed this year bore scars of lamprey attacks, the committee was told.

In discussions on other matters, conservation department personnel recommended against permitting fishing for perch with trawls — sack like nets towed behind boats—because of the objections of sports fishermen.

Perch may now be taken with gill nets. Trawls are used extensively in Lake Michigan to take "trash" fish such as alewives.

Commercial fishing for trout in Lake Superior is now closed, except for limited takes by five licensed operators in conjunction with research on the fish. Sports fishing is allowed, but only on a permit basis, so the catch can be examined.

The committee is an 11 member group with nine industry

### Pool For Recreation, Fire Safety, Physical Therapy Constructed At Bay Cliff

Handicapped children who attend Bay Cliff Health Camp next summer will have a brand new swimming pool that will serve the campers not only for recreation but for physical therapy and fire safety, as well. Named for the late Irving Edwards, Houghton County educator, the pool has a capacity of 35,000 gallons and was built at a cost of about \$10,000. De-

cision to construct the pool was made after a group in the Copper Country notified directors of the non-profit camp that they would contribute \$2,000 to the camp toward construction of the pool. A major consideration in the Bay Cliff directors' decision to build the pool was the serious lack of a sufficient water sup-

ply at the camp in Big Bay to combat fire. In case of fire, the camp would have to rely on water from the Village of Big

### Financial Scene: Here's How Dollars Flow Out Of U.S.

Editor's note—The many holes in the United States' pockets through which dollars slip abroad are listed in this second of five articles by Sam Dawson, Associated Press business news analyst, on the balance of payments problem.

By SAM DAWSON AP Business News Analyst NEW YORK — Uncle Sam is financially embarrassed in his dealings with the rest of the world because for several years he's been sending more dollars abroad than he has been getting back. And yet his exports of goods and services exceed his imports by around \$4 billion a year.

Some of the cause of the deficit lies in government policies. But not all of it. How then do all these billions of dollars flow out of the country?

Commercial Imports First there are commercial imports, now costing around \$16.8 billion a year, four per cent higher than a year ago.

Their total cost in dollars may rise still more as the country becomes more prosperous. Some imports are raw materials that U.S. industries will be chewing up. Some goods come in because they are cheaper than Americans can produce—and in a number of cases curbs have been put on this inflow. Others are quality or high style or novelty goods that Americans buy when they are flush.

Loans To Foreigners Second, money flows out when American banks make loans to foreigners. The United States has been the fattest source for such capital. And interest rates here usually are lower than those charged by foreign banks.

Third, Americans have been buying foreign stocks and bonds. The government says

Bay where water pressure might not be great enough during the summer vacation period to stave off a major fire.

It was pointed out that, in addition to fire protection, a pool was needed for physical therapy for handicapped children who attend Bay Cliff. Physical therapists on the camp's staff have long emphasized the advantages in treatment that could be offered to campers if a pool were available.

that sales here of new long-term foreign securities are now running at an annual rate of \$1.7 billion.

Short-Term Securities Also, corporations or well-heeled individuals with idle cash have been sending dollars to Europe for short-term securities paying higher interest than obtainable here. This outflow is called hot money.

And whenever there's much talk about the dollar being under pressure because of the balance of payments deficit, some speculators send their dollars abroad to buy gold or securities or for deposit in banks.

Foreign Factories Fourth, American corporations have been spending dollars abroad to build factories and distribution centers. Motivations are cheaper production costs, or crawling under tariff walls other nations build against American made goods, or getting close to fast growing consumer markets abroad.

But these invested billions abroad aren't all on the deficit side of the balance of payments. A lot of dollars flow back as earnings from these plants.

Tourists' Dollars A fifth source of the outflow of dollars lies in the large amounts of American securities, real estate, factories and resources owned by foreigners. Interest, dividends—and profits on these holdings speed dollars overseas.

A sixth source of U. S. dollars for foreigners is the American tourist. In 1962, the Federal Reserve Bank of St. Louis points out, Americans spent \$1.9 billion in foreign countries, plus \$563 million on foreign carriers. The total this year is expected to be higher.

Military Programs This \$2.5 billion outflow last year was only partly offset by the \$1 billion foreign visitors spent here, including what they paid U.S. carriers for transportation.

Finally, the U.S. government spends billions of dollars on military programs abroad and

### 'Peeping Tom' Given Jail Term

A "peeping Tom" who picked the wrong house to peep into is now peeping out of the barred windows of a jail.

Donald J. Savera, 22, of 350 E. Ridge St. was ordered to spend a term in the Marquette County Jail when he appeared in municipal court yesterday on a charge of being disorderly and, in particular, window peeping.

A woman saw Savera peeping into her living room at 1:15 Saturday morning. She called to her husband, who happens to be State Police Det. Sgt. William Simmons. A neighbor, who happens to be Sgt. Grant C. Barry, commander of the Marquette state police post, heard the disturbance and came running.

The two state police officers other billions on grants and loans to other countries.

A sizeable part of this is reclaimed. President Kennedy says up to 80 per cent of foreign aid is actually spent here, boosting our exports by that much.

Tomorrow: Are other nations free of this problem?

ZENITH HEARING AID TEST HARVARD JEAN OPTOMETRIST 118 So. Front Marquette

apprehended the window peeper outside of Simmons' home at 301 E. Prospect St. and turned him over to the city police department.

Municipal Judge Edward H. Dembowski yesterday ordered Savera to spend three days in the county jail and pay a fine of \$30 and \$5 costs. Alternative sentence to paying the fine and costs is to spend seven additional days in the county jail.

### Castro Wants Less Reliance On Russ Aid

HAVANA (AP) — Cubans appreciate Russian aid but they must not rely on it too heavily, says Prime Minister Fidel Castro.

He called on his courtymen to work harder so Cuba can cut back on Soviet aid and ease a \$100 million balance of payments deficit to the Russians.

When you inspect the new Continental you will discover why more than half the people who buy in our price range choose the Continental.

Come in, and inspect the new Continental yourself. Its profile is only three inches longer than in 1961-2-3. Yet you will find a roomier rear compartment, with four inches more leg room and 2.5 inches more knee room than in 1963. This makes for twice the knee room of the 1961 and 1962 Continental. And the luggage compartment is 15% larger, for a total increase of 33% over 1961-2.

- But with all this added space, the Continental retains all the qualities that set it apart from every other automobile: 1. Timeless styling is a prime reason the Continental retains so high a value. 2. The Continental is available in just two models: the sedan and the convertible. There are no lower priced models, because there is no compromise of its standards to offer lesser versions. 3. Both the sedan and the convertible have four doors opening at the center for the easiest entrance. Continental offers the only American four-door convertible. 4. The unusual rigidity of integral construction contributes to its unequalled ride. 5. Within, virtually every luxury is included as standard equipment. 6. The Continental also includes full power auxiliaries as standard equipment. 7. The Continental is built at Wixom, Michigan, in a special plant which sets the world's highest standards of precision automotive engineering. 8. No other car is so thoroughly tested. Every Continental must pass 189 road performance tests in addition to thousands of examinations and inspections during manufacture. 9. The Continental is uniquely free from maintenance. ## Deer Herd Control

A resolution calling for removal of the conservation commission's discretionary power over the deer herd and restoration of this authority to the Legislature was adopted by delegates to the Northern Michigan Sportsmen's Association last week by an extremely narrow margin — 16 to 13. The resolution carried despite the fact that six clubs affiliated with the NMSA voted against it and only two clubs voted for it. The two clubs favoring the resolution — Negaunee and Munising — are the largest affiliates in the NMSA, and each has eight delegate votes. The six clubs voting against the resolution each had from one to three delegate votes. Four clubs represented at

the NMSA convention in Houghton did not vote on the resolution. If they had voted, the outcome might have been different.

The result of the balloting is interesting particularly because it suggests that sportsmen are not as violently opposed to the conservation commission's antlerless deer hunting policy as some would have us believe. If there were nearly uniform discontent with the manner in which the commission is managing the deer herd, the vote should have been overwhelmingly in favor of the resolution introduced by the Negaunee Rod and Gun Club.

It is not suggested here that the commission's deer herd management program, whereby a certain number of antlerless deer are harvested along with mature bucks, is a popular program. For years, Michigan observed a strict "one buck" law, giving full protection to does and fawns. Any deviation from that policy represented change, and there almost always is resistance to change. In the case of the change to antlerless deer hunting, the resistance at times reached almost violent proportions.

The peak in this resistance was reached, perhaps, late last summer and early last fall, when deer hunters stormed a meeting of the conservation commission in Escanaba to protest the shooting of antlerless deer (although even then a good many of those present at the commission meeting spoke in defense of the commission's policy), when an Upper Peninsula state senator sought to enjoin the commission from carrying out its antlerless deer season, when petitions were filed asking a curb to "any deer" shooting and when land in the Upper Peninsula was posted against the shooting of does and fawns.

Despite this, the antlerless deer hunt was held last fall, as scheduled, and it was a relatively successful deer season. This may have had much to do with reducing the volume of protest against the commission's program. In any event, there is far less evidence of resistance to that program this year than there was in 1962.

The resolution to strip the commission of discretionary power is unsound for a number of reasons. In the first place, it is obvious that the Legislature does not want to take back the responsibility for managing the deer herd. If it had wanted to do this, it would have done so long ago. In the second place, if the Legislature did acquire complete control over deer herd management again, its members still would have to turn to the professional biologists in the conservation department for advice on management — just as the commission does. In the third place, the Legislature never has relinquished complete control of the deer regulations. It has reserved unto itself the power of veto over the commission's decisions on deer hunting laws, but it has never exercised this power. And in the fourth place, restoration of deer management to the Legislature would represent a step back toward political control of conservation in Michigan — which is something that organized sportsmen in this state have fought against.

### PEOPLE AND THE BAN

The Senate has made some historic boners in the past, among them refusal to permit the United States to join the League of Nations which later degenerated into futility without us. Should it fail to ratify the test ban treaty, those responsible will have to answer to the American people. If it were left to the voters of America, we think, the ratification would be overwhelming — Portland Oregonian.

WASHINGTON — Barry Goldwater sold Nelson Rockefeller a bill of goods before the New York governor took off for Europe. It was that the Rock should concentrate his fire on President Kennedy and stop taking pokes at other Republicans, mainly Mr. Conservative, Rockefeller dutifully blasted away at JFK in several speeches and press conferences before he left. The Goldwater coterie was dutifully pleased. Now they're hoping Rockefeller won't change his mind again when he returns in a few days. "He's like that," remarked one Goldwater attendant. "He's like Jack Kennedy—he can't resist attacking anybody who disagrees with him, even if the guy is a Republican."

The Goldwater posture is not quite that virtuous of course. The Arizona is fond of saying he prefers socking Democrats to socking Republicans, but it is an attitude born of political expediency. For one thing, Goldwater realizes JFK is the real opponent. For another, he doesn't believe it's worthwhile to attack Rockefeller because of the Rock's waning strength. And finally, he knows there is no point in going to the mat with the New Yorker until they face each other in the primaries. If there was a reason today to land one on the Rockefeller jaw, Goldwater would throw his punch fast. Meanwhile, Rockefeller in recent weeks has blasted Kennedy on a variety of issues. He has attacked JFK for signing the test-ban treaty without proper consultation with our allies, although admitting he favored the treaty. He has charged Kennedy with having "shamed" the allies into going along with the treaty and thus weakened NATO. He has criticized the President for "moving too late" with civil rights legislation with the result that a "crisis atmosphere" was built up.

At the same time, Rockefeller has pleased the Goldwater camp by endorsing again the Republicans' strong 1960 civil rights plank. Goldwater, of course, is opposed to a strongly specific plank on the question, but he likes the idea of Rockefeller being for it because the Arizona believes the majority of Republicans favor a more modern approach.

There is an "I-told-you-so" reaction from the Goldwater camp to Rockefeller's recent declarations in behalf of states' rights and "fiscal soundness." This is the kind of stuff Goldwater has been peddling for years, and when the Rock says it, too, it has to sound as if he'd been sitting at Goldwater's knee learning the facts of life. When Rockefeller talks about "free enterprise" and "individual initiative," the Goldwaterites' response is a smug "about time."

There is some apprehension among Goldwater followers that Rockefeller will achieve the objective of his European trip of polishing his image as an international statesman. Most of the Arizona's cohorts admit privately that this is a department in which their tiger is weak, although they resort to the wishful thought that such an image doesn't impress most Americans. And, of course, there was that audience with Pope Paul VI.

Most politicians hereabouts believe the audience will repair some of the damage caused by Rockefeller's remarriage. The fact that the Pope accepted Rockefeller on his merits as a political leader, they say, is bound to have an impression on fair-minded voters. One Goldwater aide, however, belittled the meeting. "After all," he pointed out, "Pope John received Khrushchev's son-in-law."

### State Income Tax

Due to the fact that there is considerable interest in the proposed state income tax, we would like to mention more possibilities in connection with this matter.

To begin with, we are opposed to this tax because the people of this state turned it down three times by popular vote. Then who wants it? The ever-increasing horde of bureaucrats and their friends who do not like to work.

Furthermore, remember that promise if we voted for a four per cent sales tax, there would be no income tax. Evidently this promise was made by the politicians to be broken by them.

Then, too, there is a movement on foot to authorize any city, county or township to levy a local income tax. Let us list the proposed income taxes: (1) state, (2) city, (3) county, (4) township.

Besides the above, we have the federal income tax. Added to these proposals we would pay five income taxes. What will then be left for you?

Remember all the other taxes you pay! Don't be fooled! To those who enjoy partial or more exemptions in the low income bracket, the tax grabbers will find a way to get this money of yours, down to the bottom of your purse.

Write to your senator and representative in Lansing to protest. Also write to the Governor and anybody else expressing your views. W. A. HENZE, Michigan Taxpayers Protective Committee, P. O. Box 334, Iron Mountain.

## Poitier Feels He's Played Angry Man Role Too Often

By HAL BOYLE

NEW YORK (AP) — "I think of life as a struggle," said Sidney Poitier, "and a struggle at the core of which is man's effort to fashion order out of chaos."

"Because he has a mind and a brain, he is predoomed to this struggle eternally."

At 39, Poitier, a man who says he "had to live in a hurry," is rated by many as the world's greatest Negro actor.

Although he feels that personally he is the exception to racial discrimination in the theater — "if there is an exception" — Sidney has taken a leading role in the fight against segregation.

"I have to be active in it," he said, "because I believe that out of that chaos must come social order. And part of that order will be integration."

Poitier's own life has been a victorious struggle against ignorance and poverty. Raised in barefoot and humpy freedom on an island in the Bahamas, he came to this country at the age of 15 after only one year of formal schooling.

Before he joined the Army, which trained him in physiotherapy, Sidney worked as a longshoreman, ditch digger, plin boy in a bowling alley, truck driver, store clerk and parking lot attendant.

It was after leaving the service in 1945 that he decided to become an actor. He set out in an intensive program of self-education, listening to the radio to improve his pronunciation, endlessly reading and studying the dictionary to build his vocabulary.

He worked as a janitor to support himself while taking acting lessons. "It was lonely work, and I hate loneliness," he recalled. "But loneliness has been my partner all my life — and still is to some extent."

"I don't lead a social life. I don't go to dances or night clubs. I am as much of a recluse as I can be and not have it too noticeable. My greatest recreation is doing things with my three children."

Poitier won recognition from critics in such stormy pictures as "The Defiant Ones" and "The Blackboard Jungle." In his latest film, "Lilies of the Field," he plays a low-key role as a wandering workman who comes to the aid of five refugees puns trying to build a chapel in the Arizona desert.

"I've been the angry young man for too long," he said. "I want now to do pictures that make people feel glad they're human — and that point out being alive is fun."

## Side Glances

## What Have We Agreed To?

By WALTER LIPPMANN

So that we shall not expect too much or value too little the partial test ban treaty, we must, I believe, ask why this agreement, which has been suggested so often before, became at last feasible. What has been the primary reason? Not the pollution of the air by fallout. The danger of that has been known for years. Not the Soviet quarrel with Red China. For while that could conceivably explain why Moscow became willing to agree with us, it does not explain why Washington became willing to agree with Moscow. Not a sudden realization after the confrontation on Cuba that war must be avoided, though it is true that what was like to stand on the brink has not been forgotten in Moscow and in Washington.

These and many other reasons have, no doubt, played a contributing part in the decision on both sides to sign the partial test ban treaty.

**Dr. Teller Leads Dissenting Minority**  
But the primary reason has been, I submit, that a preponderant scientific opinion has developed on both sides that continued testing in the atmosphere could almost certainly not produce a decisive breakthrough in the nuclear race. There is a dissenting minority, led by Dr. Teller in this country and reflected in the negative votes in the Senate, which continues to believe that a breakthrough can be made if enough atmospheric tests are conducted. And there is reason to believe that in the Soviet military establishment there are Russian counterparts to Dr. Teller. But the two governments, having heard the Teller case argued by scientists, have rejected it, and that is the decisive reason why they negotiated this treaty.

To be sure, our responsible officials have been careful not to go on record publicly that a breakthrough to an anti-missile missile is virtually impossible. But they could not have supported the test ban had they not become convinced by the large majority of American experts and disinterested scientists that the absolute weapon cannot be produced by continued testing in the atmosphere. No doubt Dr. Teller is a formidable man to overrule. He would not have been overruled if the weight of opinion opposed to it were not overwhelmingly formidable. For if there were any real chance of achieving the absolute weapon, the risks of not testing would be absolutely enormous.

The government would not have taken such risks. What is more, we must not forget that Mr. Khrushchev would not have taken such risks.

What has actually happened is that both governments have renounced what they have come to believe is an unproductive method of reaching what is very probably an unattainable goal. They have not renounced the cold war. They have not made peace. But they have cleared the physical and moral atmosphere without sacrificing any vital interest.

### Cold War Settlement Not In Sight

We should, it seems to me, think of the treaty as one in a series which began with the treaty to renounce the militarization of the Antarctic continent, and is, so the president now proposes, to go on to a number of cooperative enterprises, of which the most spectacular is the exploration of the moon. The whole series leaves aside the vital issues of the cold war and proceeds to deal with issues that, while not vital, are unnecessarily competitive and irritating.

A settlement of the cold war, which extends to all the continents, is not in sight. The cold war will smolder on for generations. But what has happened in very recent times is that the vital issues between the Soviet Union and the Atlantic community — which arise chiefly from the partition of Europe, the partition of Germany and the partition of Berlin — are being defused.

That is to say, neither side is expecting to settle the issues by nuclear weapons. That is a great deal better than if they expected these issues to be such that they could be solved only by nuclear weapons.

### Monsieur Baume's Nightmare

By dealing with the peripheral issues — Antarctica, atmospheric tests, going to the moon — it will not become harder, and it may become easier, to deal with the vital central issues. Just last week, the secretary general of the Gaullist party in France told the Council of Europe meeting in Strasbourg that "Europe must be careful not to become the victim of this closeness" between the United States and the Soviet Union. Monsieur Baume need not worry too much about that closeness. He is having a nightmare induced by reading too much European history and too little American history when he imagines Khrushchev and Kennedy sitting down to impose a settlement on Europe.

Even if we wanted to make a deal behind the backs of our German and French allies, we could not make one. We have many faults, heaven only knows, but how to play Machiavelli or Talleyrand or Richelieu is not in the American educational curriculum.

## Dick Nixon Moving Again

By JAMES MARLOW

Associated Press News Analyst  
WASHINGTON — Richard M. Nixon is moving again. He says he is not running. But he's moving.

For a time, after Edmund G. Brown beat the former Vice President for the governorship of California last November, it seemed Nixon might devote himself to law and disappear from public life.

**'Under No Circumstances'**  
But by spring he was making public appearances and statements again.

He has insisted he is not running for anything and "under no circumstances" would he consider a draft for the Republican presidential nomination in 1964.

He defined his role as a "leader of opinion" in the party. Perhaps for a politician the next best thing to being a candidate himself is having something to say about a lot of things, including somebody else who might be a candidate. Nixon, now 50, has been a politician since he was 33.

"As the last presidential candidate," he said in July, "my role now is to try to guide the thoughts of the Republican party. I will make some speeches and do some writing and I will attend the republican presidential convention."

**Defeated By Inches**  
"I expect to have something to say on the candidate and the Republican platform. But I do not intend myself to be a candidate for any office in 1964."

He has made a number of talks critical of the administration of President Kennedy who beat him for the White House by inches in 1960.

Nixon said last week he now intends to speak out on a wide array of domestic and foreign policy issues because he thought the Republican position "was not getting through completely."

This news that the Republican position is not getting through completely may be a surprise to two other Republicans. New York's Gov. Nelson A. Rockefeller and Arizona's Sen. Barry Goldwater.

**Charged Mind Before**  
Anxious for the Republican presidential nomination, if they think they have a chance, they have been going up and down the countryside making speeches, each expounding his own particular brand of Repub-

licanism. In the end they ruin each other's chances for the nomination, it might happen that Nixon would change his mind about not being a candidate or not being drafted, if he gets support.

**It wouldn't be the first time he changed his mind.**  
After Brown beat him in 1963 for the governorship, just two years after Kennedy beat him for the presidency, Nixon, in bitter criticism of the treatment the press gave him told a news conference it was his last news conference.

He has held a number of conferences with reporters since. **Changed Residence**

Last April, Nixon talked informally with newsmen and one of them, Cecil Holland of the Washington Star, said Nixon made it clear as "unequivocally as anyone could" he would not be a candidate in 1964 either for the presidency or for the U.S. Senate or the House, in both of which he served.

Holland also said Nixon threw cold water on reports he would move his residence from California to New York although he said he would visit New York often.

Exactly one month later Nixon announced he was changing his residence from California to New York and would join a law firm there. Four days later he bought a \$135,000 cooperative apartment in the same building on Fifth Avenue where Gov. Rockefeller had an apartment.

Republican National Chairman William E. Miller has forecast a key role for Nixon at next July's convention in San Francisco.

**Could Operate Backstage**  
This means he will probably have a spot on the program from which to express his views to the delegates when they pick a nominee. He seems unlikely Rockefeller to have a vote unless Rockefeller makes a place for him on the New York delegation.

But, without being a delegate, he could operate backstage on the choice of a candidate. He says that at this time he has no choice among the Republicans who are talked of as candidates. He says he will support whoever is chosen.

But if the convention got dead-locked, and Nixon heard a call for Nixon, would he close his ears?

Although the new rolling stock has now been in commission only a few weeks and the improved service has earned many words of praise from the patrons of the road, the Marquette City and Presque Isle Street Railway Co. is not resting on its laurels, but is planning new betterments and extensions. Two diamond crossings have been received for use at the South Shore tracks on S. Front St., and the company plans to complete an extension to St. Peter's Cathedral, up Baraga Ave., this fall. Arrangements are being made for the erection of a second car barn, just south of the present barn, opposite the power house. The management of the Marquette and South-eastern and the allied roads, the LS & I and Munising, now has in hand extensive betterments at the roundhouse and shops in North Marquette. They consist of additions to a number of the buildings, all being made with the purpose of improving the facilities for the repair of the rolling stock. When this equipment is in and the additions occupied, the roundhouse and shop will be entirely adequate for the road's needs.

# One Injured, Two Given Tickets In Four Accidents

One person was injured, two motorists were ticketed and six vehicles were involved in four area traffic accidents reported this morning by city and state police.

Two of the mishaps occurred in the city and the other two were probed by state police. Another mishap, in which an injury occurred, also was probed by state police in the Ishpeming area (see story on Page 11). Reports on this area's mishaps follow:

1. At 4:15 yesterday afternoon a motorscooter being driven north on N. Front by Roger W. Fern, 19, of 127 E. Ridge St., collided with a car operated by John W. Urbiba, 16, of 1430 Presque Isle Ave. in Urbiba was making a left turn onto W. Hewitt Ave.

Fern complained of a sore back and sore right hand, and sought his own treatment.

City police said Urbiba had stopped at the intersection to wait for traffic to clear before making a left turn. An oncoming vehicle began turning left onto E. Hewitt Ave. and Urbiba began turning left, not noticing the motorscooter coming up from behind, officers said.

Minor damage resulted to the front end of the motorscooter and to the right door of Urbiba's car, a 1951 two-door sedan. Both were driven from the scene under their own power.

2. An automobile being driven west on County Road 480 by John Anderson, 28, Box 88, Negaunee, went out of control at 3:30 yesterday morning, a mile west of County Road 561, in

Negaunee Township. State police said Anderson's car traveled across the left side of the highway, smashing into a culvert under a private driveway.

Anderson told officers he may have dozed off.

Extensive damage resulted to the front end of his car, a 1963 sedan, which had to be towed from the scene by a wrecker.

Anderson was issued a summons by state police for reckless driving.

3. At 12:30 yesterday afternoon, a car owned by Dr. Edward S. Holman, 715 Spruce St., coasted out of the driveway after he had parked it at his residence. The vehicle went over to the east side of the street, striking a parked car owned by Therese M. Johnson, 714 Spruce St.

City police ticketed Dr. Holman for failing to secure a parked vehicle.

4. An automobile being driven south on County Road 553 by John McKane III, 25, K.I. Sawyer Air Force Base, struck a deer which ran out from the west (right) side of the highway, a half mile south of Sands, in Sands Township, at 1:15 a.m., yesterday.

The right front of McKane's car, a 1960 convertible, was damaged. The vehicle was driven from the scene under its own power.

## 2 Sentenced For Driving While Drunk

Two persons charged with drunk driving received jail sentences when they appeared before Judge Edward H. Dembowski in municipal court yesterday.

Ordered to spend 10 days in the Marquette County Jail for drunk driving was Louis O. Ramberg, 67, of 327 E. Michigan St. He also was ordered to pay costs of \$10.10. Alternative sentence to paying the costs is to spend five additional days in the county jail.

Ramberg was arrested by city police Sunday following an accident on N. Front St.

William Quilliam, 70, of 102 Hogan St. was ordered to spend 10 days in the county jail for drunk driving. Alternative sentence is to pay a fine of \$50 and \$8.70 costs by Friday.

City police arrested Quilliam Saturday following an accident on S. Fourth St.

As in all drunk driving convictions, Ramberg and Quilliam will have their operators' licenses revoked for a period of three months to two years by the office of the secretary of state.

## City Officials Set Meeting With Pizzarena Owners

Discussion was resumed by the Marquette City Commission last night on complaints from residents on W. Hewitt Ave. of reported disturbances in front of the Pizzarena.

The matter was referred to City Manager Thomas Moore, Police Chief George G. Johnson and City Attorney Waldo A. McCrea for mediation discussions with the Pizzarena management.

"Surely the management wants a better reputation than the one it's receiving. The city is being put to considerable expense because of extra police patrol assigned to the Pizzarena area," Moore said.

City commissioners hoped they had ended the complaints of noise when they called for increased police patrol early last month.

Ask Limit On Hours

However, a petition was received last night from Loretta Bonsall and nine other residents in the 200 block of W. Hewitt Ave. for a limitation of the Pizzarena's business hours.

McCrea stated that the city code's nuisance chapter prohibits excessive noise between the hours of 11 p.m. and 7 a.m.

"However, the business would have to be guilty of noisemaking in order to be guilty under this ordinance," he said.

The residents have been complaining about noise being made outside the Pizzarena by customers.

Petition Quoted

The petition read last night stated:

"The noise from shrieking tires, yelling and loud singing, along with litter in our yards, forces us to correspond regarding the hours of the Pizzarena."

"A check of the neighborhood indicates that residents retire between the hours of 10 and 11 p.m. This does not coincide with the Friday and Saturday Pizzarena hours of 11 a.m. to 3 a.m. the following morning. Weekday hours are to midnight, again into the sleeping hours of the neighborhood. Police patrols are unable to subdue the noise to a sleeping rate."

Was No Violation

The commission was first asked to look into the situation late this summer. At that time McCrea reported that no violation is concerned on the part of the Pizzarena. He noted that the business is located within

## Appeal Board Slates Meeting For Tomorrow

At least one request is on the agenda for the Marquette Board of Appeals session at 7:30 tomorrow evening in the city hall.

The city appeal board rules on requests for exceptions to the city's building ordinance, making the decisions by a majority vote of the five-member body.

The appeal to be heard tomorrow is from Marvin Comstock, 313 E. Magnetic St., who has requested permission to build a carport two feet from the west lot line (with the city code requirement being a minimum of four feet).

area zoned for neighborhood shopping, which covers the present use.

Commissioner James R. Smith said last night that residents in the 200 block on W. Hewitt Ave. told him they had noticed less noise since the police patrol was increased.

"What disturbs me is that the Pizzarena is not cooperating with the residents or with the city. They have extended their hours, he said.

Extra Patrol Car Assigned

Chief Johnson stated that an extra patrol car is assigned to the area at midnight whenever possible.

He noted:

"People call the department to complain about disturbances in front of the Pizzarena, but they refuse to give their names. When we check out the complaint, we can't find the disturbance."

"If the callers would give their names, the patrolmen sent to the area could talk to them and find out the problem."

Mrs. Bessolo Meets Sen. Kennedy

Mrs. Edwin F. Noth (left), Detroit; Senator Edward M. Kennedy of Massachusetts and Mrs. S. James Bessolo, Negaunee, president of the Michigan Federation of Women's Clubs, con-

ferred at breakfast at the General Federation of Women's Clubs Headquarters, Washington, D. C., during the General Federation Board of Directors meeting held in Washington recently.

Susan Smith, Lawrence Holm Exchange Vows

Wedding vows were exchanged recently by Susan Mae Smith, daughter of Mrs. Adele Bigger, 2230 Presque Isle Ave., and Lawrence Holm, son of Mr. and Mrs. L. Holm, 132 Rock St.

The ceremony was performed by the Rev. Raymond Moncher in St. Peter's Cathedral.

Attending the couple were Mr. and Mrs. Delloyd Cousineau, cousins of the bride.

Given in marriage by her uncle, Henry Duquette, the bride wore a pink lace, ballerina-length gown with long sleeves. Her pure silk bouffant veil was trimmed with seed pearls and crystals. She carried a bouquet of pink roses and white carnations.

The matron of honor wore a deep pink satin, ballerina-length gown and a pink bouffant veil. Her flowers were white roses and pink carnations.

A wedding dinner was held at the Northwoods for the bridal party, followed by a reception in the Skandia Town Hall.

The bride is a graduate of Graveraet High School, and was employed as a receptionist at St. Mary's Hospital.

Mr. Holm was employed by Fellow and Co.

The couple will reside in Grand Rapids.

Meetings

There will be a regular meeting of St. Luke's Alumni Association tonight at 8 in the Wallace Nurses Home, Marquette. All nurses are urged to attend.

The Ladies Auxiliary to the Veterans of Foreign Wars will hold a dues paying pot luck supper Thursday at 6 p. m. in the Veterans Building. Floor practice of all officers and a regular meeting at 8 will follow. For further information call Mrs. Betty Lambert at CA 6-2688, or Mrs. Norma Buckmaster at 249-1396.

Mildred Drescher To Speak At Grace Methodist

Miss Mildred Drescher, a retired missionary with a wide background in human relationships around the world, will begin her speaking engagements on Oct. 1 in the Marquette district with an appearance in the Grace Methodist Church Friday at 2:30 p. m.

Miss Drescher is a native of Michigan and a graduate of Western Michigan College, with later degrees in education from the University of Michigan.

She now makes her home in Grand Rapids.

Her work for the church has included missionary service in India and a position as field worker of the Woman's Division of Christian Service. At one time Miss Drescher was associated with the Protestant Foundation for International Students at the University of Michigan.

Following her retirement, she felt challenged by the needs in Nepal, a mountain kingdom north of India, and spent a time there as hostess in the United Mission Hospital at Katmandu, from which service she has recently returned.

Shown is the poster to be displayed during Michigan 4-H Club Week, Sept. 23 through Oct. 5. The theme stressed through the week will be "4-H: Young Citizens in Action."

4-H Week Commences: Clubs Stress Movements

Saturday was the beginning of 4-H Club Week in Michigan. This week serves to focus attention upon the work of the 4-H movement as it exists throughout the U. S. in Marquette County there are over 500 4-H Club members led by a group of some 50 club leaders.

This week and throughout the year, "Career Choice" will be the theme stressed. This is occasioned by the fact that it has been predicted that 20 percent of the 1963 high school graduates will "drift" and not commit themselves to any job or further educational training.

Another significant statistic is that, according to Mr. A. O. Haller, Michigan State University rural sociologist, "On the average, rural youths come out second best in competition with their urban cousins for city jobs. That's especially serious because nearly 90 percent of today's farm youth will some day work off the farm."

If any youth between the ages of 10 through 17 desires information concerning the 4-H program or if anyone is desirous of leading a 4-H club in anything from dairy to electronics to clothing, he should get in touch with Paul Shogren, county extension service, courthouse, CA 6-6331.

Miss Merry, J. D. Wallace To Be Married

Dr. Katherine E. Merry of Huntington, Conn., announces the engagement of her daughter, Margaret Lorraine, to John David Wallace, son of Mr. and Mrs. John Wallace of Garden City, Long Island, and Assembly Point, Lake George, N. Y.

Miss Merry was graduated from the Roger Ludlowe High School of Fairfield, Conn., and attended the University of Bridgeport. She is the niece of Dr. and Mrs. James Merry of Marquette.

Mr. Wallace was graduated from New Preparatory School, Cambridge, Mass., and is a student at the University of Bridgeport.

The wedding is planned for June 6 at the First Congregational Church of Stratford, Conn.

Kitchen Can Be Easiest Room To Keep Clean

Keeping the kitchen clean can be one of the most annoying and time-consuming household chores.

Ask anyone who has ever tried to paint or wallpaper over greasy kitchen walls. Or anyone who has ever tackled the job of washing down those walls.

However, the kitchen can be one of the easiest rooms to maintain, if its properly equipped. For example, painting and vigorous scrubbing can be forgotten forever if the walls are surfaced with a durable material such as ceramic tile. An occasional quick wipe with a damp cloth is all that's necessary to keep tile clean.

Tile is also ideal for kitchen counters because, unlike other surfacing materials, it can't be scratched or burned. You can carve away on a tile counter—or place a sizzling pot or pan atop it—with no fear of damage.

Ceramic tile, now available in more than 250 fadeproof colors and shades, plus a wide variety of decorator shapes and patterns, also can add to the beauty of your kitchen.

Another step you can take to keep your kitchen clean is to see that it's properly ventilated. This can only be done if you have the right fan system.

Engaged

SCILLER PARK, Illinois — Mr. and Mrs. E. F. Torreano, 412 Croix St., Negaunee, announce the engagement of their daughter, Maxine Marie, to Capt. Thomas L. Miss Torreano is employed by American Airlines as a stewardess based at Chicago's O'Hare International Airport. Capt. Logan is assigned to the 46th AREFS, K. I. Sawyer Air Force Base, Michigan. No definite wedding date has been set.

Flying Club Holds Social Meeting

The Marquette Area Flying Club held a social meeting Friday evening in the home of James Campbell, club president.

Films secured through the Federal Aviation Agency were shown to those present by Al Lundquist and Merle Hickey of the local Flight Service Station. Four of the films offered instruction on various phases of aviation, such as navigation, radio procedure and instrument flying.

The Flying Club was incorporated in 1956 for the purpose of providing an economical flying service to the club members. Plans for an intensive membership drive and for the purchase of a four-place aircraft are in the making. The club members presently own jointly a two-place, fully equipped Cessna 120 craft.

Further information concerning the club may be obtained by contacting Campbell at CA 6-7336.

Susan Poole, Kenneth Setter Married Here

Susan Gail Poole, daughter of Mr. and Mrs. Herbert C. Poole, 430 Lake Shore Blvd., exchanged wedding vows with Kenneth Roy Setter, son of Mr. and Mrs. Everett O. Setter, Forsyth, Saturday in the Grace Methodist Church.

White gladioli, mums and carnations decorated the altar of the church for the ceremony performed by the Rev. Knut Savareid.

Escorted to the altar by her father, the bride wore a ballerina-length wedding gown of bouquet taffeta with a fitted bodice, three-quarter-length sleeves and a shallow scooped neckline applied with Venice lace and seed pearls. The dress featured a bell-shaped skirt with controlled fullness draped to one side, and appliqued to match the bodice. A crown of seed pearls and aurora borealis crystal secured her nose-length veil. The bride carried a cascade bouquet of feathered carnations and yellow tea roses.

As her only attendant, the bride chose her sister, Dianne Poole. Her baby blue sheath dress was of organza over taffeta and boasted a scooped neckline and butterfly overskirt. She carried a bouquet of yellow mums and asters.

Attending the groom was Lee Setter, his brother. Ushers were Raymond and Everett Setter, both brothers of the groom.

The mothers of the bride and groom both wore corsages of yellow tea roses.

A luncheon and reception for 100 guests was hosted by the bride's parents in their home.

The couple will reside in Allegan, Mich.

Mr. and Mrs. Gaylord Hillier, Marquette, announce the engagement of their daughter, Gail Dianne, to Michael Frank Nevada, son of Mr. and Mrs. Francis Longtime, Marquette. A Nov. 30 wedding date has been set.

Personals

Mr. and Mrs. W. K. Bonnell, Silver Spring, Md., will be in Marquette from Oct. 11 through 17 to lecture and visit Dr. and Mrs. Eugene Whitehouse. Mrs. Whitehouse is the daughter of Mr. and Mrs. Bonnell.

### Michigamme Post Office Construction Bids Sought

MICHIGAMME — Post Office Department officials are seeking competitive bids for a building to house its postal operations at Michigamme, Postmaster General John A. Gronouski announced today.

Under the department's rental program, a contract will be awarded to the bidder who will provide a building suitable to the department's needs and then rent it to the department for three years, with options to renew the lease for an additional six years. Interior space of 700 square feet is desired. Important considerations are location, adequate parking and maneuvering space and rental asked.

### Arthur Niemis Enjoy Partridge

NEGAUNEE—The peace and quiet of the Arthur Niemis residence in Negaunee was shattered when a partridge crashed through a window. According to Arthur Saviloto, conservation officer for this area, it was the first bird-window mishap this season. The Niemis family retained possession of the bird.

### Death Takes Ishpeming Woman, 77

ISHPEMING — Mrs. Anna Korpi, 77, of 400 River St., died early this morning in Morgan Heights Sanatorium, where she had been a patient for one and a half months. She had been in ill health for four months.

REV. A. V. PETERSON  
ISHPEMING — The Rev. A. Vernoy Peterson has assumed his duties as pastor of the Ishpeming and Negaunee Evangelical Covenant Churches.

### Gwinn School Enrollment At Record Peak Of 2,852

GWINN — Enrollments on the fourth Friday of the school year have reached an all-time high in Gwinn public schools. Figures released Friday, which qualify the schools for state aid, indicate an increase of 155 over the count taken a year ago, according to Supt. William G. Garrett. Since the first week of school, registration increased by 60 pupils. The system now has 2,852 enrolled; a year ago the figure was 2,697. Gwinn High School first showed a drop of six students below 1962 figures but now has an all-time high of 438 enrolled.

The mobility of the Gwinn student population due to transfers of military dependents from K.I. Sawyer Air Force Base is illustrated by a comparison of the fourth Friday count and a count taken the first week. At the Air Force base the two elementary schools were forced to adjust territories so that the McDonald school gained 101 pupils and the Sawyer school dropped 69. In a three-week period the junior high school gained nine pupils and the high school gained 16.

### Man Hurt In Crash On Road 581

ISHPEMING — A motorist was injured, another driver was ticketed and two cars were damaged in a crackup at 7:30 a.m. yesterday on County Road 581, a half mile east of County Road 482, in Tilden Township. State police said a car being driven east on Road 581 by Joseph Richards, 18, Box 709, Ishpeming, struck the rear end of an automobile operated by William Mantela, 52, of 207 E. Superior St., Ishpeming.

Mantela suffered cuts and bruises and sought his own treatment. The front end of Richards' 1954 sedan and the rear end of Mantela's 1959 sedan were damaged. Both cars were driven from the scene. State police ticketed Richards for a speed law violation.

#### Youngster Mystified By Furry 'Bird'

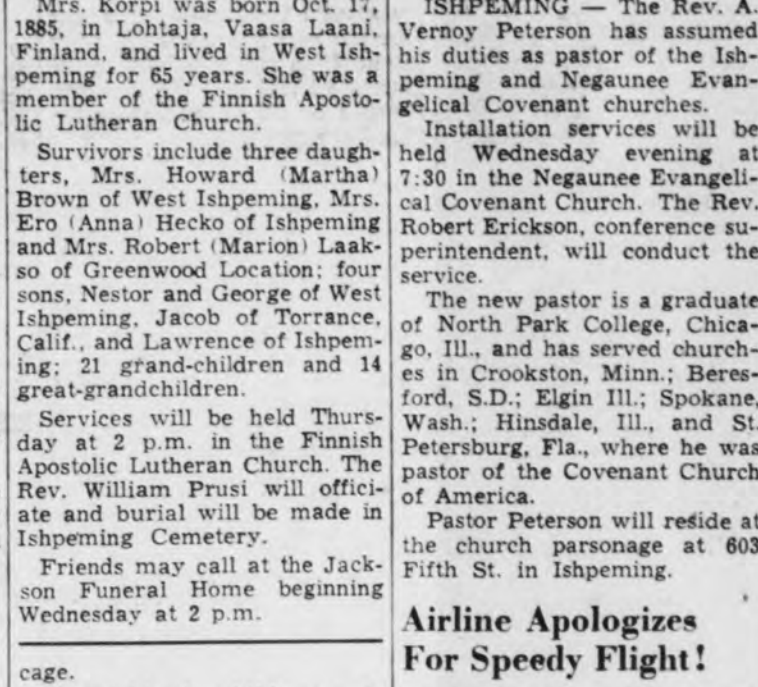

LITTLE ROCK — A student in James O. Martin's eighth grade science class caught a baby rabbit and brought it to school.

After the class had examined it, Martin took it home for his children. For want of a better place, they kept it in a bird cage.

A neighbor's child, age 6, wandered in one day and was intrigued by the furry creature. The child walked around the cage several times, peering intently at the rabbit.

Finally he said, "Mrs. Martin, are you absolutely sure that's a bird?"

## New Lights Installed On Iron Street

NEGAUNEE — Installation of new lighting in the Iron Street business district was completed yesterday by municipal electric utility personnel under direction of Foreman William Kokko.

Purchase of fluorescent luminaries to replace mercury vapor lighting in the business district was approved by the council early this year, but a delay of several months was encountered in shipment of the lights because of a strike.

Poles used for mercury vapor lamps were utilized for the fluorescent luminaries with electric utility crews designing brackets to fit the existing standards.

All told, 26 new luminaries were installed, with 22 being placed on Iron St., two on Pioneer Ave., and two on Silver St.

Manager Leonard Harris disclosed yesterday that the mercury vapor lamps may be used in various sections of the residential area as needed after a special ballast has been procured to adapt them for series street lighting.

## Man Fined In Reckless Driving Case

NEGAUNEE—Dennis Salmer of Negaunee, arrested by city police for reckless driving, entered a guilty plea when he was arraigned before Judge William Haupt in Negaunee Municipal Court.

Salmer was ordered to pay a \$50 fine and 4.30 court costs.

Five other drivers ticketed by local officers for violations of the state motor vehicle code also entered guilty pleas.

Violations of the basic speed law resulted in payment of fines and costs totaling \$8.70 apiece by William Polkinghorne and Donna Drye, both of Negaunee.

Similar amounts were paid by Sharon Tyner of Limestone for ignoring a stop sign, Stephen Ellis of Negaunee, charged with speeding, and Margaret Rowe of Garden City for ignoring a traffic control light.

Robert Swanson and Richard Hill both of Negaunee, who were arrested by state police for speeding, each paid a \$5 fine and \$3.70 costs.

## St. Paul's Altar Society Election Tomorrow Night

NEGAUNEE — Election of officers will be held by St. Paul's Altar Society at a regular meeting at 8 p. m. Wednesday in St. Paul's School.

Members of the nominating committee include Mrs. Dominic Polini, Mrs. Sherburn Remillard and Mrs. Eugene DeGabriele.

Mrs. Joseph Comensoli, society president, urges all members to be present, as plans will be completed regarding the annual smorgasbord, set for Sunday, Nov. 3.

Switch your headlights to low beam in sleet, fog and snow to increase visibility. Also periodically wipe off headlights, rear and side windows and signal direction shields in bad weather.

## Driver Gets Ticket After 2-Car Crash

BARAGA — Two cars were damaged and a Baraga man ticketed in a collision on M-35 seven miles west of Baraga.

According to state police, an auto driven by Bruno W. Niemisto, 52, Baraga, pulled out of a private driveway directly into the path of another driven by John C. Almlil, 21, Baraga, and owned by Phillip LaTendresse, also of Baraga.

Both cars were damaged considerably, but were driven from the scene under their own power. Niemisto was ticketed for failure to yield the right-of-way.

## Sacred Heart Guild To Meet

## Crews Push Blacktop Job On '41'

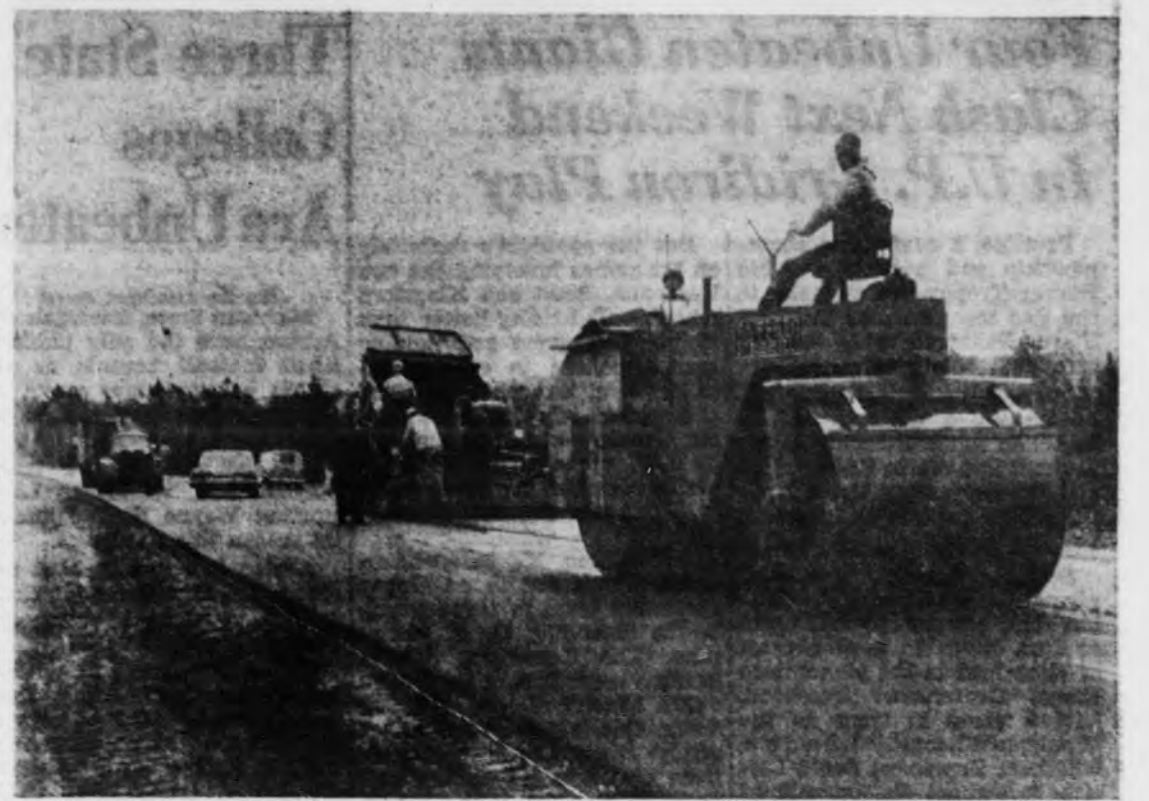

THREE LAKES — Extensive repairs and blacktopping of an eight and one-half mile stretch of U.S. 41 between Nestoria and Michigamme is progressing rapidly, and may be finished ahead of the Aug. 1, 1964, deadline.

The contract on the \$453,603 job called for raising the road-bed and widening it to a uniform 24 feet. Prime contractor on the job is the Fox Valley Construction Co. of Appleton, Wis. Subcontracting for the blacktop portion of the project is the Thornton Construction Co. of Hancock.

Specifications called for application of two one and one-half inch courses of blacktop concrete. The final blacktop layer should be completed within two weeks, if the weather remains favorable.

Following completion of the blacktopping, Fox Valley crews will be installing guard rails, sodding the banks, constructing Class A shoulders along the entire route and completing the final grading and clean up work.

Approximately 60 men have been employed on this job since May — about 50 are employees of the two contractors and an additional 10 are State Highway Department personnel.

## L'Anse Football Field Damaged; Youth, 17, Fined

L'ANSE — George Leinonen, 17, Detroit, formerly of L'Anse, was arrested Saturday night by L'Anse village police on a charge of destruction of property.

Officers said Leinonen drove his car around on the L'Anse football field Saturday night, tearing up the sod and damaging the field considerably.

Leinonen, held over the weekend in the county jail here on the vandalism charge, entered a plea of guilty when he was arraigned before L'Anse Justice Steven P. Markovich.

Markovich ordered him to pay a fine of \$15 plus \$3.80 court costs and, in addition, to

## EXPRESS WAYS TO DRIVE OUR NEW EXPRESSWAYS

High speed EXPRESSWAY driving is different from the stop-start driving we experienced on older highways. Experts recommend the following EXPRESS WAYS to safely take advantage of our fast, convenient EXPRESSWAYS:

1. Keep right when entering. Use the acceleration strip to build up to the average speed of the traffic.
2. Pick your lane ... and stay in it. Lane wandering is dangerous. Generally, keep right. Where slow trucks and merging traffic make a lane hazardous, move over a lane.
3. Stay one car length back for every 10 m. p. h. Use turn signals when changing lanes.
4. If you must stop, signal for right hand turn as you decelerate. Get completely off the right side of the highway.
5. When leaving, look for advance turn signs. Move to the proper turn-off lane. Signal. Use deceleration lane, and slow down.
6. Watch "Highway Hypnosis" (move head and eyes constantly). Start a trip well-rested. Keep fresh air circulating. Avoid sun glare (and bright dash lights).

JOSEPH A. CHILDS, Commissioner

Michigan's new Interstate Expressways give us special advantages ... and special problems. Our new minimum Expressway speed is 45 m. p. h. and the night limit has been raised to match the 70 m. p. h. daytime speed limit (effective September 6). Expressways have reduced accidents. When one does occur, however, it's likely to be serious due to the high speeds, and many are rear-end collisions, and the run-off type. Drivers using Expressways must adjust their habits to high speed travel.

### Four Unbeaten Giants Clash Next Weekend In U.P. Gridiron Play

Prestige, a conference championship and possibly the big Barber Trophy are at stake in the two top games of the 1963 Upper Peninsula prep football campaign this week.

Four of the region's nine unbeaten-untied eleven will be in action when Escanaba plays at Sault Ste. Marie Friday night and Escanaba Holy Name hosts Kingsford Saturday afternoon.

#### Other Trouble

Several of the other all-winning teams might run into trouble, too. Stambaugh must win at Iron River to keep abreast of Kingsford in the Menominee Range Conference; Ironwood, half a game in front in the Michigan-Wisconsin League, will host Bessemer; Sault Lorette interrupts its pursuit of the Eastern U. P. Conference crown to tackle Rudyard; Ontonagon takes time out from the Copper Country race for a trip to Crystal Falls, and only Cedarville could have a fairly easy time against DeTour.

### Mains Sues Lions For \$250,000

DETROIT (AP) — Former tackle Bill Mains of the Detroit Lions brought a \$250,000 damage suit Monday against the National Football League club, a hospital and the team physician, alleging improper treatment of a knee injury suffered in 1961.

The suit, filed in Wayne County Circuit Court, named Detroit Osteopathic Hospital and Dr. Richard A. Thompson, team physician, as co-defendants with the football club.

Mains hurt his left knee in a game between the Lions and the San Francisco 49ers Oct. 1, 1961. He was treated at the hospital and later taken to the University of Michigan Medical Center for surgery.

Mains said he had three operations on the knee and is crippled permanently.

### Sandy OK To Start In Series

NEW YORK (AP) — The odds favoring the New York Yankees by 7½-5 returned to normal today as did the reports on the temperature of Sandy Koufax, the Los Angeles Dodgers' brilliant left-hander who will pitch the World Series opener at Yankee Stadium Wednesday against Whitey Ford.

The odds began to fluctuate as rumors flew that Koufax, who posted a 25-5 record during the season, had come down with the flu. When the Dodgers arrived in New York late Monday night, Koufax said he never had the flu, only a slight cold.

"It's all over now," said Koufax. Dodger Manager Walter Alston, asked about Koufax's cold, said briskly: "Tell them he'll pitch."

While Alston was expressing no doubts about his pitching ace, he was concerned about two others, third baseman Ken McMullen and veteran left-hander Johnny Podres, who became a questionable second game starter.

McMullen pulled a hamstring muscle last Thursday and has not played since. Alston thinks the youngster will be able to start but if he cannot, Jim Gilliam will switch over to third base and Dick Tracewski, a light-hitting, good-fielding reserve, will open at second base.

Alston was highly vexed with Podres' pitching performance against Philadelphia Saturday night. The 30-year-old left-hander, who shut out the Yankees in the final game of the 1955 World Series, was pounded for eight runs and 12 hits in 2 2/3 innings. Included were two home runs.

The Dodgers' late arrival enabled the Yankees to engage in a long workout during which Ford, lefty Al Downing and right-hander Jim Bouton took long turns pitching. The trio is expected to start all the games, even if the series goes the seven-game limit.

"Ford and Downing will pitch the first and second games here," said Yankee Manager Ralph Houk at the end of the workout. "It will be Bouton in the third game in Los Angeles."

"The club is in the best condition it's been all year," Houk said. "Mickey Mantle is running better than at any time since he got hurt and Roger Maris' back doesn't seem to be bothering him now."

**PERFECT IN WATER**  
NEW HAVEN, Conn. (AP) — Only one Yale athletic team posted a perfect dual meet record during the 1962-63 academic year. It was the varsity swimming squad's 13-0. The water wizards won the Eastern Seaboard Intercollegiate championships.

### Three State Colleges Are Unbeaten

(By the Associated Press)  
Michigan State, Michigan and Adrian have the only unbeaten football records as the state's college teams move toward another weekend of action.

All but one of the teams played last weekend. Late-starting Wayne State launches its season this Saturday.

Adrian has won its first two games and Michigan and Michigan State were opening day winners last Saturday.

Six of Michigan's 16 colleges are winless, with Alma, Hope and Olivet — all members of the MIAA — at the bottom of the list. Each has an 0-3 mark.

Central Michigan's Larry Moore scored one touchdown in the Chippewas' 30-14 victory over Western Michigan Saturday and took over the state scoring lead with 19 points. Seven other players are one point behind him.

**Tough Against Kingsford**  
Coach Bill Earle's team has been especially tough against Kingsford the last few years, handing the Flippers their only defeat last fall.

The Sault-Escanaba test will bring together the only undefeated teams left in the Great Lakes Conference, with the winner given a better than even chance to go on to take top honors in that circuit. Escanaba, in fact, has only one league game left, with winless Negaunee, while Sault still has to face Ishpeming and Negaunee.

Escanaba has been in the driver's seat in the Great Lakes for three straight years, although it won last year's crown with ties against Gladstone and Marquette.

The week's schedule:  
**Friday, Oct. 4**—Escanaba at Sault Ste. Marie, Ishpeming at Marquette, Munising at Stephenson, Bessemer at Ironwood, Baraga at L'Anse-au-Loup, Hancock at Calumet, Ontonagon at Crystal Falls, Brimley at Pickford, St. Ignace at Rogers City, Bark River-Harris at Rock.

**Saturday, Oct. 5**—Manistique at Gladstone, Gwinn at Negaunee, Petoskey at Newberry, Iron Mountain at Menominee, Stambaugh at Iron River, Kingsford at Escanaba Holy Name, Norway at Wakefield, Cedarville at DeTour, Sault Lorette vs. Rudyard at Pickford, Powers at Pembine, Wis.

**Composite record of U. P. grid teams:**

### Sooners Take Over In Poll For Leaders

(By the Associated Press)  
The Oklahoma Sooners, who have gone through a seven-year drought since their last championship title, took over the top spot in the Associated Press weekly poll of the nation's Top Ten football teams.

Oklahoma, which defeated the 1962 national champion Southern California Trojans Saturday 17-12 in blistering 105-degree heat at Los Angeles, vaulted from third to the No. 1 rating by polling 36 of the 53 first-place votes from a special panel of sports writers and broadcasters.

**Skidded**  
The Trojans, who received 23 first-place votes a week ago, skidded to eighth place. Arkansas, No. 8 last week, dropped out after being defeated by Missouri 7-6.

While Alabama remained in the challenging No. 2 spot, and other teams were slightly juggled in the ratings, Mississippi edged back into the picture at the No. 10 spot after blasting Kentucky 31-7. Ole Miss, rated No. 2 in the opening poll, had dropped from the first ten after being held to a scoreless tie by Memphis State.

Coach Bud Wilkinson's Oklahomans, who ranked No. 8 in the 1962 final season poll, received 495 points in the latest consensus, based on 10 points for first, nine for second, etc.

The top ten, with first-place votes in parentheses:

Team	Points
1. Oklahoma (36)	495
2. Alabama (9)	402
3. Texas (2)	365
4. Wisconsin (1)	299
5. Northwestern (1)	264
6. Navy (2)	248
7. Georgia Tech (2)	220
8. So. Calif.	163
9. Pittsburgh	114
10. Mississippi	45

### Series Play Cuts Into MSU Work

EAST LANSING (AP) — Baseball, the World Series variety, is putting a crimp into Michigan State's preparation for the Southern California football contest Friday night.

Coach Duffy Daugherty is using accelerated practice sessions and one night practice Wednesday at East Lansing High to prepare for the game originally scheduled for Saturday.

"It multiplies our problems," Daugherty said Monday. "We have enough to do in preparing for Southern Cal but losing a day of practice really puts us on the spot."

**Bright Side**  
On the brighter side, Daugherty praised sophomore Steve Juday for his performance Saturday as the Spartans whipped North Carolina, 31-0.

"Juday is a sound quarterback with an excellent frame of mind for quarterbacking," Daugherty does not underestimate the Trojans, who lost 17-12 to Oklahoma Saturday after beating Colorado, 14-0.

"They are a greatly explosive team with lost of talented players and an outstanding passer in Pete Beathard," he said.

### Banks Hopes To Be Good As New Soon

CHICAGO (AP) — Ernie Banks, the Chicago Cubs' slugging first baseman, figures to be as good as new when the 1964 season rolls around.

Banks, one of the Cubs' all-time sluggers, suffered the worst season of his 10-year career during 1963 when he finished with a .227 average with 18 home runs and 64 runs batted in.

The 32-year-old Banks was out of the Cub line-up during the final month of the season.

Extensive examinations by Dr. Jacob Suker, the club physician, revealed that Banks had a subclinical mumps condition in addition to a blood infection. It all meant that Banks was run down.

"I'll be ready when the whistle blows next season," said Banks.

### Orioles Fire Hitchcock; Offered Job

BALTIMORE (AP) — For Billy Hitchcock, the cause was harder to understand than the effect. A man of fierce pride and determination, he accepted his dismissal as manager of the Baltimore Orioles without complaint — convinced he had done his best while acknowledging he may have fallen a bit short.

But he couldn't understand why a professional athlete, playing baseball for a living, had to be prodded to produce a maximum effort.

"I've managed the way I played — to the best of my ability," Hitchcock said as the season entered its final week with his job in the balance.

**Didn't Do Job**  
On Sunday, after being told he would not be rehired for 1964 — but before General Manager Lee MacPhail issued a public announcement — Hitchcock said: "It's the manager's job to make the players put out and produce, and I guess I didn't do it."

After finishing second in 1960 and third the following year, the Orioles dropped to seventh during Hitchcock's first season as manager and wound up fourth this year. Attendance has dropped to an all-time low.

MacPhail has offered Hitchcock a job as field director with the Orioles. He would assist MacPhail and farm director Harry Dalton scout and instruct at training camps.

### 'Frisco Coach Resigns Under Loss Pressure

SAN FRANCISCO (AP) — Red Hickey resigned as head coach of the San Francisco 49ers yesterday after the team's third straight loss of 1963.

The five-year San Francisco coach submitted his resignation to team owner Vic Morabito in a meeting Monday morning.

The 49ers said a successor would be named later in the day.

**Under Fire**  
Hickey had been under fire since last season, when a club he termed the best in his tenure with the 49ers slumped to a 6-8 record.

This season the 49ers, beset by injuries, lost all five exhibition games and three regular season contests. In all, the team had lost 10 straight exhibition and regular season games.

### Woody's Bar Wonders Are Winningest

ISHPEMING — It's quite possible that Woody's Bar softball team in Ishpeming was the winningest team in Marquette County and the entire Peninsula for 1963, although records of many teams are not available.

Woody's Bar won the Tri-City League championship, the Rhineland, Wis., invitational tournament, the Marquette District Class A title, was runner-up in the U. P. tournament and runner-up in the Dewey Hansen Trophy competition in Ishpeming.

The squad also slogged its way to a win of the Negaunee Eagles Softball-On-Snowshoes tourney held annually for the March of Dimes.

**Maki Sparks Team**  
At Rhineland, Werner (Weiner) Maki and catcher Bob Ayotte won special awards for outstanding play, and each team member received an individual trophy. In newspaper items frequently as one of the most menacing pitchers to be watched for in the tourney, winning the Most Valuable Player award in the Marquette District Class A Tournament.

The Ishpeming powerhouse played 49 games this past season, winning 41 and losing only eight. In the 49 games, Woody's scored 283 runs and batted out 378 hits.

Pitchers Matt Bjorne, Maki and Tony Miljour limited Woody's opposition to 97 runs on 185 hits, and the team compiled a .270 batting average.

Gerry Corkin, perhaps the county's best third baseman, finished the season with a re-sounding .347 batting average, smashing 57 hits in 164 times at bat.

**Hickey Out Voluntarily From 49ers**

SAN FRANCISCO (AP) — Red Hickey is out, Jack Christiansen is in but the question is the same: Can the San Francisco 49ers win in the National Football League.

Hickey, the fiery redhead who starred at Arkansas and played end for the Los Angeles Rams, quit Monday in the wake of a 45-14 loss to the Minnesota Vikings.

Hours later Jack Christiansen, out of Colorado State and a sixth-year All-Pro with the Detroit Lions defensive secondary, was named in Hickey's place. Christiansen joined the 49ers in 1958 as coach for the defensive backs, the same season Hickey took over as head man, relieving Frankie Albert.

Hickey said he had considered the move for a couple of weeks "unless we started winning." The loss string stands at 10 straight—two from last year's regular campaign, five exhibition games and three regular games this year.

When the Vikings buried his apparently demoralized squad Sunday in Minnesota, Hickey told President Vic Morabito he wanted out now. Morabito announced tersely Hickey's resignation was accepted.

Later, at a news conference, Morabito emphasized Christiansen's appointment was for only the remaining 11 games this year. He denied he was thinking in terms of Paul Brown or Y. A. Tittle for the future as the possible 49er head man.

Brown was ousted by the Cleveland Browns last year and is said to be smarting to get another shot in the NFL. Tittle was traded by Hickey to the New York Giants because "he was obsolete." Since then Tittle has become the Giants' mainstay and 49er fans have been riding Hickey for letting him get away.

Christiansen, now 34, said the current 49ers had some good players and that hustle could produce some victories. He said he would use basically the same system.

### Press Poll Shows Shift Of Schools

(By the Associated Press)  
There's a new leader in Class C-D, and two teams are sharing the top spot in Class B in this week's Associated Press state high school football poll.

Kalamazoo St. Augustine, a 34-0 victor over Battle Creek Harper Creek last Friday, moved into first place among the state's smaller schools.

Galesburg - Augusta, defending Class C-D champion and leader the first two weeks this season, dropped to sixth after bowing to Bangor, 7-6.

East Grand Rapids and Bad Axe are tied for the lead in Class B.

The AP's statewide panel of sports writers and sportscasters again voted Ann Arbor No. 1 in Class A.

### Wynn Replaces Harder As Tribe Teacher

CLEVELAND, Ohio (AP) — Baseballs take funny bounces, too. Askl Mel Harder, who was fired as Cleveland pitching coach and replaced by Early Wynn, the man he taught to pitch so well.

Harder was an institution in Cleveland—until Monday. Then Gabe Paul, the Indians' general manager, fired Harder, 53, who had been with Cleveland for 26 years, a record tenure in baseball.

The man Paul turned to was Wynn, 43, who came back this year to win his 300th major league game—and did it, although he lost two games along the way.

"Early was reluctant to take the position with us only because he didn't want anyone to think he was seeking Mel's job," said Manager Birdie Tebbetts.

"I simply told Early that Mel wasn't going to be with us next year in any case. And that if he wouldn't accept the offer to become our pitching coach, we'd bring in somebody else."

**Full Time Teacher**  
Harder joined the Indians in 1928 and posted a 223-186 record in 20 seasons as a Tribe pitcher. He was a player-coach in 1947, but had devoted full time to teaching since the 1943 season, when the Indians became world champions.

"I'm checking out a few clubs," he said. "About four years ago, the Yankees and White Sox offered me a coaching position. Maybe somebody will want me now."

The Indians didn't give any reasons for the firing, but it's no secret that the front office has been unhappy about the Cleveland pitching staff. Wynn is being taken off the active roster and his pitching days probably are over. "It's not in his mind or mine to re-activate him," said Tebbetts.

Dwarfed Japanese Trees Grow 2 Feet In 300 Years

The Japanese achieve the epitome of miniaturization in the subtle art of bonsai. A bonsai is a dwarfed tree so perfectly controlled that it may grow just two feet in 300 years.

Forty centuries before Christ, people lived in mud-brick villages and tilled the soil of the relatively fertile northern Negev.

The Japanese who have developed thinking small into a fine art, began dwarfing trees about 800 years ago.
