

Defector

The Soviet Union turned over Red Chinese defector Chou Chung-Ching, 44, above, to Japanese authorities today.

Probers Get Phony Bomb Tip

WASHINGTON (AP) — Gangster informer Joseph Valachi resumed his testimony today as U.S. marshals beefed up their protection because of anonymous telephone tips that a bomb would be planted in the hearing room.

Chief U.S. Marshal James McShane said the FBI had received several telephone tips here and in New York that a bomb would be planted in the audience would try to shoot Valachi if he got a chance.

The guard of U.S. marshals that flanks Valachi as he walks down the hall and then sits behind him in the hearing room was strengthened, McShane said.

The added protection was "partly because of the tips and partly because we just don't want anything to happen," McShane said.

The underworld reportedly has placed a price of \$100,000 on Valachi's head.

The subcommittee's chairman, Sen. John L. McClellan, D-Ark., said he had been informed of the general nature of the bombing and shooting tips but had no details.

Valachi seemed tense as he was hustled into the hearing room by a big squad of marshals and seated at the witness table.

Valachi is scheduled to spell out the details of "at least two murders" and explore some of the gambling rackets, particularly the "numbers game."

Freak Accident

Willie J. Johnson, 45, Merritt Island, Fla., sat calmly in his automobile, awaiting help after he struck a fence when he lost control of the car.

Ike Wants Lively GOP Fight In '64

By JACK BELL and MELVIN L. ARROWSMITH

GETTYSBURG, Pa. (AP) — Former President Dwight D. Eisenhower wants Republicans to battle out policy differences publicly at the 1964 convention — and then pick a presidential candidate best representing majority views proclaimed in a terse party platform.

In an interview with The Associated Press, Eisenhower said he would "like to see a good lively fight" among delegates

are more highly qualified than others to be president.

Former Vice President Richard M. Nixon has told him he was removing himself absolutely from the 1964 presidential nomination contest.

Kennedy created the consumer council in July of last year to give consumers a stronger voice in government in an advisory capacity.

Heller said that in the next quarter year the economy should reach a rate of \$600 billion a year—the value of all goods and services produced.

Fellow economists regarded this as a decidedly optimistic view of economic conditions as they may be expected to unfold over the next few months.

WASHINGTON (AP) — The FBI has launched an investigation into the business affairs of Robert G. Baker, 36, who resigned his \$19,600-a-year post as secretary to the Democratic majority in the Senate.

A Justice Department source disclosed the investigation shortly before Senate Democratic Leader Mike Mansfield announced Baker's resignation Monday.

The inquiry apparently began with allegations in a \$300,000 civil damage suit that Baker used his office to help win contracts with a government defense subcontractor for an automatic vending machine company with which he had financial dealings.

Baker's wife is also on the government payroll, serving as records manager for the Senate Internal Security subcommittee at \$11,800 a year.

Baker's business dealings came to light Sept. 9 in a law suit filed in U.S. District Court by Capitol Vending Inc. against Serv-U Corp., a vending firm with which the Bakers had financial dealings, and against Baker and other defendants.

Heller Eyes Economy Of \$600 Billion

WASHINGTON (AP) — The government's top economist predicted today that the national economy will hit the \$600 billion level for the first time early next year—and bring more benefits to consumers.

The forecast came from Dr. Walter W. Heller, chairman of President Kennedy's Council of Economic Advisers in connection with the submission of the first report to Kennedy of the Consumer Advisory Council.

The consumer council, among other things, recommended "immediate and positive action" to bar racial discrimination against customers of hotels, stores, theaters, restaurants and other businesses.

It said a larger tax cut may be required for small tax payers. It called for truth in packaging and lending.

Kennedy created the consumer council in July of last year to give consumers a stronger voice in government in an advisory capacity.

Senate Aide Resigns; FBI Investigates

WASHINGTON (AP) — The FBI has launched an investigation into the business affairs of Robert G. Baker, 36, who resigned his \$19,600-a-year post as secretary to the Democratic majority in the Senate.

A Justice Department source disclosed the investigation shortly before Senate Democratic Leader Mike Mansfield announced Baker's resignation Monday.

The inquiry apparently began with allegations in a \$300,000 civil damage suit that Baker used his office to help win contracts with a government defense subcontractor for an automatic vending machine company with which he had financial dealings.

Baker's wife is also on the government payroll, serving as records manager for the Senate Internal Security subcommittee at \$11,800 a year.

Baker's business dealings came to light Sept. 9 in a law suit filed in U.S. District Court by Capitol Vending Inc. against Serv-U Corp., a vending firm with which the Bakers had financial dealings, and against Baker and other defendants.

The suit alleged that Baker "as secretary of the Senate majority was able to and did represent" that he was in a position to assist in securing contracts for the North American Aviation Corp.

Further, it alleged that Baker received \$5,600 for securing a vending machine franchise at Melpar, Inc., a North American subcontractor. Melpar's principal plants are in the Washington area.

The Bakers hold \$290,000 in promissory notes from Serv-U.

Heller Eyes Economy Of \$600 Billion

WASHINGTON (AP) — The government's top economist predicted today that the national economy will hit the \$600 billion level for the first time early next year—and bring more benefits to consumers.

The forecast came from Dr. Walter W. Heller, chairman of President Kennedy's Council of Economic Advisers in connection with the submission of the first report to Kennedy of the Consumer Advisory Council.

The consumer council, among other things, recommended "immediate and positive action" to bar racial discrimination against customers of hotels, stores, theaters, restaurants and other businesses.

It said a larger tax cut may be required for small tax payers. It called for truth in packaging and lending.

Kennedy created the consumer council in July of last year to give consumers a stronger voice in government in an advisory capacity.

Heller said that in the next quarter year the economy should reach a rate of \$600 billion a year—the value of all goods and services produced.

Fellow economists regarded this as a decidedly optimistic view of economic conditions as they may be expected to unfold over the next few months.

Federal Probers Hunt For Source Of Tainted Fish

DETROIT (AP) — Government investigators hunted with test tubes today for the source or sources of poisoned smoked whitefish blamed for four deaths in two states.

A Michigan producer of smoked whitefish held off on further operation after ordering the destruction of all its distributed stock.

Two deaths from deadly botulism Monday in Tennessee — following by six days two similar deaths in Michigan — led to the precautions.

Eight other persons were ill in Tennessee, one critically. At least seven of the victims had eaten smoked whitefish, medical authorities said.

The Federal Food and Drug Administration at Washington ordered tests of Michigan whitefish samples at its laboratories in Detroit.

At the Lake Michigan port of Grand Haven, the firm of H. J. Dornbos & Bros., which has produced smoked whitefish for 70-odd years, suspended work pending results of the inquiry.

Three national food store chains — A & P, National Food, and Kroger — ordered the product removed from shelves of their stores.

Harold Dornbos, president of the Michigan fisheries company, said he closed his plant voluntarily before the impos-

Haiti Reports Over 2,000 People Dead

MIAMI, Fla. (AP) — Hurricane Flora still hovered over southeast Cuba today, its relentless rains and buffeting winds lashing the island for the fifth consecutive day.

The Weather Bureau in Miami said no storm in 75 years had battered one area for so long. Flora's winds were dropping, but there was no indication when its drenching torrents would dissipate or move on.

As the storm plunged Cuba's Communist regime into the worst economic disaster of its nearly five years in power, neighboring Haiti reported Flora had killed 2,000 to 4,000 persons and made 100,000 homeless last week.

The Cuban government reported 11 dead. Two Americans drowned at the U.S. naval base at Guantanamo. Jamaica reported nine dead, and 17 were killed on the island of Tobago by Flora last week.

Cuban Prime Minister Fidel Castro was reported roving his stormbattered Eastern provinces to assess the damage. Agriculture officials in Havana said half the island's crops were laid waste by Flora's winds and rain. The government put the death toll at 11.

It said also Havana's million residents would go on half rations of beef, eat half as many vegetables, and drink no coffee pending arrival of 5,000 tons of coffee beans from Brazil under an agreement with the Soviet Union.

The American Red Cross called Cuba's Red Cross an offer of relief supplies and workers.

The U.S. Weather Bureau at Miami said late Monday night that Flora's peak winds had subsided to 75 MPH—minimum strength for a hurricane. It predicted Flora would remain stationary or drift a bit north today.

The Castro government said 50,000 persons had been removed from their eastern Cuba homes to safer places.

Madame Nhu In New York

NEW YORK (AP) — Mrs. Ngo Dinh Nhu, the acid-tongued first lady of South Viet Nam, has arrived in the United States "to try to understand why we can't get along better."

Mrs. Nhu accompanied by one of her four children, 18-year-old daughter Le Thu, arrived at Idlewild airport Monday night for a three-week American speaking tour.

The 38-year-old Mrs. Nhu denied an assertion by her father, former ambassador to the U.S. Tran Van Chuong, that she is power-hungry.

"If I'm power hungry," she told newsmen at the airport, "I would not have the confidence of the Viet Nam government. I would betray the Viet Nam government if I were power hungry."

Attorney Sues His Mother!

SAN FRANCISCO (AP) — A 63-year-old disinherited attorney is suing his 96-year-old mother for \$700,000.

John C. Hickey of Reno, Nev., charges slander and invasion of privacy.

"This is an aggravated case of mother fixation," he said Monday about his mother, Mrs. Grace Hickey of San Francisco "she just won't leave me alone."

Hickey charged in the suit that his mother offered his second wife, Betty "large sums" of money to divorce him. Hickey is asking \$250,000 for this, and \$250,000 punitive damages. The couple is still together.

He seeks another \$200,000 for an alleged telephone campaign by Mrs. Hickey during which he charges she called business and professional associates to brand him as an alcoholic, untrustworthy, irresponsible and morally weak.

"No Tee-Totaler" "I'm no tee-totaler and I don't like to appear holier-than-thou," Hickey said at a news conference. "But I'm not what she painted me to be."

Teacher Fails To Detect Mom In Classroom!

ATHENS (AP) — A 35-year-old mother complained to the Athens Board of Education Monday night that she posed as her 17-year-old daughter in a high school business class without the teacher noticing.

Mrs. Roland Conine, a mother of four, said she attended a bookkeeping class taught by Miss Dessa Hudson to find out "whether things were as bad as my children and other children said they were."

Mrs. Conine said three of her children attended the class taught by Miss Hudson, a teacher of 32 years experience, and complained they were "not learning anything because the teacher was absentminded and rambled in talking to them."

The Weather

Forecast for Marquette and vicinity: Mostly fair through Wednesday; rather cool tonight, lows in low 40's near lake to around 35 inland; continued mild Wednesday, high in mid-60's. Outlook for Thursday: Mostly fair and slightly warmer.

September Auto Output Highest In Past 13 Years

DETROIT (AP) — U.S. auto plants turned out more cars last month than in any September since 1950.

The September total of 504,525 was the highest in 13 years, and was far ahead of the 470,396 cars assembled in September, 1962.

800,000 Cars More than 800,000 cars are due for assembly this month as the automakers hurry to meet demand for 1964 models.

Sinatra Gives Up Gaming Interests

LAS VEGAS, Nev. (AP) — Singer Frank Sinatra, who surrendered \$3.5 million in Nevada gaming interests, says he's going to concentrate on the entertainment field from now on.

But he wished the gambling industry good luck in parting. Casinos, he said, make jobs for entertainers and he's all for them.

Sinatra announced Monday he would not fight an attempt by the Nevada Gaming Commission to revoke his license. He said he'd been planning to pull out for several months.

The commission had been seeking to revoke Sinatra's license on grounds he entertained underworld figure Sam Giancana at Sinatra's Cal-Neva

Unity Drive To Continue At Vatican II

VATICAN CITY (AP) — The danger has passed of Roman Catholic conservatives reversing Pope John's drive for unity with other Christian faiths, says an American Protestant observer at the Vatican Ecumenical Council.

"Pope Paul VI" said the Rev. Dr. Douglas Horton, "is trying to break down all the barriers between himself and the rest of the Christian world without, of course, impairing what he believes to be the standards of the Catholic church."

Dr. Horton, a former dean of the Harvard divinity school, is an observer for four million members of churches affiliated to the International Congregationalist Council. He is one of 63 non-Catholic observers at the Council appear to share Dr. Horton's view.

U.S. Sidesteps Postal Problem Over Hemlines

WASHINGTON (AP) — The Post Office Department had a hemline problem this year.

But with the speed of its ZIP code, it deftly sidestepped any fashion controversy and decreed its women letter carriers didn't have to abide by regulations for skirts 13 inches from the floor.

"We said they may dress in whatever the hem style is—we don't want them to be out of fashion," one official explained it.

The latest count shows 154 female letter carriers in cities across the country. That's only one-thousandth of 1 per cent of the 150,000 city carriers. But last year there were only 115 skirted postmen.

Actress Sues Suit Against Movie Studio

LOS ANGELES (AP) — Cyd Charisse has settled a \$14,000 suit against 20th Century-Fox and Claude Productions Inc. for an undisclosed sum.

Betancourt Blames Castro For Violence In Venezuela

CARACAS, Venezuela (AP) — President Romulo Betancourt blamed Fidel Castro Monday night for the increase in anti-government violence in Venezuela that has cost at least 20 lives in the past week.

In a nationwide broadcast, Betancourt appealed for public support of the police and military campaign to crush the terrorists.

Betancourt said Communists and fellow travelers are waging the campaign of terrorism to lock Venezuela's national elections scheduled for Dec. 1 but he said control of the government is even more firmly in his hands than when he assumed office four years ago.

There was no abatement in the terrorism that has prompted the government to move par-

troopers and other military units into Caracas. Three more persons died in street battles Monday night.

Elsewhere in Latin America: The new military regime in Honduras set up machine guns in the central plaza of Tegucigalpa, the capital, after it received reports of plans for anti-government demonstrations by students. A junta headed by Col. Oswaldo Lopez Arreola ousted the elected government of President Ramon Villeda Morales last Thursday.

In the Dominican Republic, where the elected government was also deposed in a coup, the military government ordered a state of siege after university students battled police in Santo Domingo, the capital. The students attempted to march on

the presidential palace to protest the ouster of President Juan D. Bosch. Police fired machine guns, hurled tear gas and the students retaliated with stones. About 50 students were arrested.

In Brazil, a dispute between workers and guards at a big steel mill resulted in the death of six workmen when police fired on them. The outbreak occurred at Aresitas, 200 miles north of Rio de Janeiro. President Goulart meanwhile withdrew his request to Congress for a 20-day state of siege to keep order. He said extreme measures were no longer necessary, but most observers believed he backed down because Congress was going to deny him most of the emergency powers he asked for.

On-Campus, Total Enrollments At Northern Hit Record

University Total Up 16 Per Cent

A record 4,344 students—19 per cent more than a year ago—are being served by Northern Michigan University this fall, according to Dr. Clarence M. Bjork, dean of admissions and graduate studies.

Dr. Bjork said on-campus enrollment totalled 3,548 students, 16 per cent more than the 3,061 students enrolled last fall.

The on-campus enrollment includes 2,979 undergraduates, 219 graduate students, 20 special and guest students, and 330 students enrolled in the center established at K. I. Sawyer Air Force Base.

In Field Courses

The off-campus enrollment includes 397 students in field courses for undergraduate and graduate credit, and 107 students in correspondence courses.

Northern also serves 124 students in the nursing education program and 168 students at the area training center operated under the Area Redevelopment Administration and the Manpower Training Act.

Undergraduate Breakdown

A breakdown of the undergraduate total shows an enrollment of 1,049 freshmen, 803 sophomores, 641 juniors, and 486 seniors.

A geographical analysis of the on-campus enrollment confirms the regional nature of the university: 2,364 students or 73.5 per cent of the student body are from the Upper Peninsula, 669 or 20.8 per cent are from the Lower Peninsula, and 185 or 5.7 per cent are from out of state.

Northern's enrollment has increased more than seven-fold since 1953 when 581 students were enrolled.

Additional classroom space to

serve spiralling enrollments was provided this fall with the opening of the fine and practical arts building which houses the departments of music, art, dramatic arts, home economics and industrial arts.

Construction was begun recently on a new residence hall and food service complex to accommodate 624 students as the number of Northern's resident students continues to grow.

Red Wing Loaded Here; No Trouble

For the fourth time in a row, the Red Wing, an Upper Lakes Shipping Ltd. ore carrier, was loaded at a Marquette ore dock without hindrances.

The Red Wing has been picketed here five times this season by men carrying signs in behalf of the Great Lakes District of the Seafarers International Union and in behalf of the Maritime Engineers Beneficial Association.

Appealing Injunction

A temporary injunction declaring picketing of the ship unlawful was issued in Marquette County Circuit Court July 17. Union attorneys are appealing the injunctive judgment to the Michigan Supreme Court.

The Red Wing was tied up at the Lake Superior and Ishpeming Railroad Co. dock at 3:45 yesterday afternoon. The carrier left upper harbor at 10:30 p. m., bound for Dominion Foundries and Steel Co., Hamilton, Ont.

Police Locate Violator On Steamer

Probation violators sometimes turn up in strange places, but a steamship brig is one of the strangest.

Michael A. Guidebeck, 19, of 1615 Fitch Ave., placed on three years' probation during the May term of Marquette County Circuit Court for writing bad checks, is being held on a Holland Lines steamship bound for England.

Confined To Brig

Steamship officials called the Marquette Police Department to say that Guidebeck gave the captain a bad check. If police department could locate his family to make restitution, Guidebeck could return to his stateroom, they said.

Nothing doing, said the police department.

So Guidebeck will be held as a stowaway until the ship reaches England. Then he'll be put in the brig again for the trip back to New York. He'll be returned to Marquette County Circuit Court for sentencing.

Guidebeck will find out the judge wasn't kidding when he ordered him, as conditions of his probation, not to leave the state or violate any laws.

Gyroplanes can be airborne at speeds as low as 25 miles an hour or fly as fast as 75 miles an hour.

8,143 Get Chest X-Rays In County At Mobile Unit

Dr. James R. Acocks, superintendent of Morgan Heights Sanatorium, announced that 8,143 persons had chest X-rays and 6,969 persons had diabetes and serology tests at the Michigan Department of Health mobile units in Marquette County last month.

The 17-day program was conducted by Morgan Heights Sanatorium, with the sponsorship of the Michigan Department of Health, the Marquette-Alger Medical Association, the Michigan Diabetes Detection Program, the Michigan Heart Association and the Marquette County Tuberculosis Association.

Dr. Acocks said that persons who had X-rays will be mailed a report of the findings. Persons whose blood tests showed evidence of disease also will be notified, but those whose blood tests were normal will not receive a report, Dr. Acocks said.

"A public health screening program, such as the one just completed in our area, entails a lot of preparation and the cooperation, time and efforts

of a great number of people and organizations," Mrs. Jane Westfall, county field nurse for tuberculosis control, said.

"These people can feel satisfied that they participated in an important public health program which was designed to protect the health of Marquette County residents," she said.

Ready Test Passed By Bomb Wing

A semi-annual Security Readiness Evaluation (SRE) of the 410th Bombardment Wing at K. I. Sawyer Air Force Base was conducted recently.

According to Strategic Air Command inspectors who conducted the evaluation, the wing showed outstanding ability to cope with problems of a security nature.

They added that wing personnel were well motivated in their security responses. In addition, members of the 410th Combat Defense Squadron who are charged with insuring security had a high rate of morale.

Problems Posed

The SRE team posed various security problems during its four-day stay on the base. The way these security problems were handled, and the ability of SAC personnel to answer various security knowledge questions, figured in the final scoring.

According to 1st Lt. Alan Miller, security operations officer of the 410th Combat Defense Squadron, the wing ended well above the SAC and Second Air Force averages. He

added that a staff assistance team from Second Air Force who observed the SRE said it was one of the best seen in the last three months.

Miller added that the wing's ability to handle security problems has increased steadily in the last nine months.

City Paragraphs

Amvets, Post 124, will hold a meeting at 8 tomorrow night at the Veterans Center. There will be a discussion of an event to be held Oct. 19.

City firemen were called out at 9:40 last night to the 300 block of High St., where some leaves in the street were on fire. A general alarm had been sounded and seven firemen responded to the call in the Nos. 2 (1,000-gallon) and 4 (750-gallon) pumps and the service truck. They used the booster hose of the No. 2 pumper to put out the blaze, cause of which was not determined. Firemen returned to the station at 9:45 p.m.

The annual University of Michigan alumni dinner held during the Upper Peninsula Teachers Convention will take place at 5:30 p.m., Thursday in the Sherman Hotel, Escanaba.

Two Issued Tickets In Area Crashes

Two motorists were given tickets and five vehicles were involved, but no one was injured, in three area mishaps reported today by state police from the Marquette post.

A fourth accident probed by state police occurred in the Humboldt area (see story on Page 20). Reports on this area's mishaps follow:

1. In an accident which occurred at 4:30 p.m., Sunday, but the investigation of which was not completed until yesterday, two vehicles were damaged.

State police said John Maki, 21, of 232 W. Bluff St., Marquette, was driving west on County Road BAE, about two and a half miles south of M-28, in Chocolay Township, and was over the centerline while coming around a left curve.

Issued To Summonses

His car began to shake on the rough road, he said, and it skidded sideways, with the left

rear of his striking the left front of an oncoming automobile operated by June Hutchens, 38, of 123 E. Ridge St., Marquette.

The left front of the Hutchens car, a 1963 sedan, and the left rear of Maki's 1953 coach were damaged. Both vehicles were driven from the scene under their own power.

State police issued Maki two summonses, one for violation of the basic speed law and the other for not having an operator's license.

2. At 4:45 yesterday afternoon the windshield of a car being driven south on County Road 553 by Jack Grinnell, 31, K.I. Sawyer Air Force Base, was damaged when some rocks fell from an oncoming truck operated by William Letts, 28, of 1715 W. Fair Ave., Marquette, and struck the car.

Improperly Loaded

The mishap occurred a tenth of a mile south of County Road NL, in Sands Township. The windshield of Grinnell's 1952 coach was damaged. No damage resulted to Letts' 1957 truck.

Both vehicles were driven from the scene.

Letts was ticketed by state police for having his truck improperly loaded.

3. An automobile being driven north on County Road 553 by Kirvin Hobbie, 42, Sawyer Base, struck a deer which ran out from the right (east) side of the highway into the path of his car.

The accident occurred a half mile north of the Chicago & North Western Railroad Co. crossing, in Forsyth Township, at 7 last evening.

The left front of Hobbie's 1959 coach was damaged and the car was driven from the scene under its own power.

YES, Frank's is QUALITY kraut, delicious hot or cold.

SO GOOD... SO MANY WAYS!

Mrs. Thoney Dies After Heart Attack

Mrs. William (Aili Sophie) Thoney, 52, of 2163 Werner St., died yesterday morning following a heart attack. Mrs. Thoney was pronounced dead on arrival at St. Luke's Hospital.

Born March 26, 1911, in Negaunee, she was a lifelong resident of this area.

Survivors are her husband, William; two daughters, Mrs. Richard (Julianne) Keller and Mrs. Richard (Sally) Howard, Marquette; her mother, Mrs. Sophie Kyo, Republic, and five grandchildren.

Funeral Tomorrow

Services will be conducted at 2 tomorrow afternoon in the Fassbender Funeral Home with the Rev. Thomas V. Asuma, pastor of St. Mark's Lutheran Church, officiating. Burial will be made in the Negaunee Cemetery.

Pallbearers will be George Thoney, Thaine Peters and Peter and Robert Howard.

Friends may call at the funeral home beginning this afternoon.

Obituary

MRS. C. M. SHAUGHNESSY

Funeral services for Mrs. Catherine M. Shaughnessy, who died Sunday afternoon in St. Mary's Hospital, were held at 10 this morning in St. Peter's Cathedral with the offering of a Solemn Requiem High Mass. Burial took place in Forest Hill Cemetery, Houghton.

The escorts were George Stanley, James McGee, Lawrence Linna, Joseph Beiring, Donald Bureau and Robert Boyer.

Tonella's Funeral Home was in charge of arrangements.

Flint Boy Kills Odd-Jobs Boss

FLINT (AP) — A 16-year-old boy shot and killed his odd-jobs employer on the porch of the latter's home Sunday.

The Genesee County Sheriff's department said the boy, held for investigation, declared he acted out of resentment over his victim's arguing with his wife.

Alfred Meyers, 31, a taxidermist, was shot twice with a rifle in the heart and the arm.

Sheriff's men said the boy had been doing work around the Meyers home in nearby Mount Morris Township.

Attendance At City Recreation Programs Rises

Attendance at activities and programs sponsored by the parks and recreation department this summer amounted to 153,686, with supervised swimming areas drawing 113,692 persons.

James C. Engle, parks and recreation department director, said that overall attendance at summer recreation programs increased approximately 28,000 over last year.

Summer Heat Cited
Attendance at supervised swimming areas jumped by 300,000 persons over last year, Engle said.

"The summer program attendance increases every year. When we have a hot summer, like this past summer, the greatest increase is in swimming attendance and when we have a cool summer, the greatest increase is in attendance at playgrounds and other summer programs," he noted.

Of the 153,686 persons counted in the overall summer attendance, 46,080 were spectators and 107,606 were participants in activities.

At Other Programs
In addition to the 113,692 who went to the city's swimming beaches this summer, 16,796 persons were counted at the playgrounds and 23,198 were counted at other summer programs, Engle said.

The total count at supervised swimming areas included 70,369 swimmers and 43,323 spectators.

Most popular swimming area was Shiras Pool, which drew 44,119 swimmers and 13,341 spectators this summer, for a total attendance of 57,460.

In contrast to Shiras Pool, which had more swimmers than spectators, picnic

rocks, 33,707 persons were counted this summer, including 23,745 sunbathers and 9,962 swimmers.

Total attendance at the other supervisor supervised swimming areas was 13,754 at Tourist Park and 8,816 at Quarry Pool, Engle said.

Swimming Classes
In addition to the count at supervised swimming areas, 10,030 persons participated in another summer program, swimming instruction, Engle said.

Junior baseball program drew 3,020 participants and 275 spectators this summer. Other favorite summer programs were outdoor dances, which had a total attendance of 2,650, and tennis clinics, which drew 2,950 persons.

Arts, Crafts, Twirling
At the supervised playgrounds, 1,345 children took part in arts and crafts and 388 attended baton twirling instruction.

Of the 16,796 persons counted this summer at playgrounds, 15,519 were participants and 1,277 were spectators. Registration at the playgrounds was 1,011, Engle said.

Best attended playground was Williams Park, which had a summer count of 4,016, including 3,517 participants and 499 spectators.

Other Playground Figures
Attendance at Williams Park amounted to 3,683, with 3,500 participants and 183 spectators.

Attendance figures at other city playgrounds this summer are Hurley Field, 3,278, with 3,197 participants and 81 spectators; Memorial Field, 2,116, with 1,755 participants and 344 spectators; Harlow Park, 2,112, with 1,975 participants and 137 spectators; and Lakeside Park, 1,611, with 1,375 participants and 36 spectators.

Three-Day FBI School For Police Held Here

City Police Sgts. Michael Dooley (left) and Woodrow Betts look on as Carl Bresko (right), special agent for the Federal Bureau of Investigation from the Detroit office, gives instructions (above) on the use and operation of a tear gas gun. The demonstration was part of the three-day FBI police training school conducted here. The school, arranged by Police Chief George G. Johnson, was put on by the FBI at no charge to the city. It was held at the city sand pit, off Wright St., near the power plant. Below, from left, Patrolmen Albin Benson and Joseph Levandoski are operating a .30-.30 carbine and a shotgun, respectively, while Bresko looks on. In background is Chief Johnson.—(Mining Journal photos).

Senators Ask Bridge Plan Investigation

LANSING (AP) — Two senators want the Legislature to investigate whether the U. S. government can pay 80 per cent of the \$100 million owed on the Mackinac Bridge connecting the Upper and Lower Peninsulas of Michigan.

The span, opened in 1957, was financed by public sale of \$100 million in bonds falling due in 1963. Toll charges, which are to help pay off the debt, run \$3.75 one way for a motorist and as high as \$28 round trip for a truck.

"There is no other way to travel from the Lower to the Upper Peninsula," said Sen. John Bowman, D-Roseville, Monday night as he introduced a resolution jointly with Sen. Thomas Schweigert, R-Petoskey.

The resolution resulted from introduction Sept. 11 in Con-

County Gets \$21,000 More For Conservation Projects

An additional \$21,000 in Accelerated Public Works funds, to be matched by state funds, has been granted to Marquette County for conservation projects, U.S. Senators Pat McNamara and Philip A. Hart have announced.

The federal grant was approved by the Bureau of Sport, Fisheries and Wildlife of the Department of the Interior.

\$200,000 For U. P.
A total of \$700,000 in Accelerated Public Works funds had already been allotted for Michigan conservation projects. The allotment was matched by funds from the Michigan Department of Conservation.

Of these funds, about \$200,000 has been utilized in the Upper Peninsula, conservation department officials said.

Projects in Marquette County include construction of a fishing site on Pike Lake near Gwynn and improvements being made by the conservation department's fisheries division on the Chocoday River and other rivers in the county.

The additional \$21,000 grant will be supplemented by funds from the department of conservation, including \$6,000 for improving water frontages to give access for cars and boat trailers, \$5,000 to develop camping grounds and \$10,000 to improve lake and stream habitats.

Hocking Bids Low On Area Road Project

George Hocking Construction Co. of South Range submitted the low bid to the Michigan State Highway Department in Lansing yesterday on a construction project in Marquette County.

Hocking's proposal was for \$37,078, and covers repairs for U.S. 41 and M-28 in the county. Other low bids on Upper Pen-

insula highway construction projects, overall total for which amounted to \$378,210, by counties, follow:
Chippewa and Mackinac — repair U.S. 2, I. L. Whitehead, Sault Ste. Marie, \$86,064;
Chippewa — repairs on U.S. 2 bridge over Pine River, L. A. Davidson, Lansing, \$84,537;
Gogebic — Construction of three bridges for new U.S. 2, Caspian Const. Co., Caspian, \$320,666;
Keweenaw — 3.8 miles of grading and culverts on Route 918, South Range \$79,875.

Probate Court Cost Increase Noted In Report By DeFant

A substantial increase in the cost to Marquette County for patients' care at Newberry State Hospital was noted today in an annual report by Probate Judge Michael F. DeFant of Marquette.

Judge DeFant said that last year was the first year in which an annual report was submitted by Probate Court. A comparison of data over the three-year period points out patterns in the functions of the court, he said.

Increased Load Noted
An increase in the number of commitments was one reason for the increase in the cost to the county for patients' care at the Newberry State Hospital, he said. There were 44 commitments in 1960 from Marquette County to the hospital and 62 commitments in 1962.

Another reason for the increased cost to the county for patients' care is the policy adopted by Newberry State Hospital of charging back to the county for all senility patients since Jan. 1, 1962, Judge DeFant said.

The county is deprived of a substantial amount of payments that would otherwise be received because of recent legislation which provides that social security and pension benefits of all patients shall be collected by the state hospital and applied to their care, he said.

This law includes the progress of federal legislation which would authorize the federal government to "buy" the bridge, paying 80 per cent of the indebtedness with Michigan paying 20 per cent, and operate it as a freeway.

"Highest In Country"
"Federal funds already have built 90 per cent of I-75 in the south and in the north," Bowman told the Senate. "It would be reasonable, that inasmuch as the Mackinac Bridge is an integral part of I-75, that the federal government should participate."

"The Mackinac Bridge toll is the highest in the country," he said, and "I-75 is the economic heartline of the state. Nothing whatever has been paid on the principal owed."

Probate Court Cost Increase Noted In Report By DeFant

rate expense at Newberry State Hospital since 1960 also have contributed to the increased costs, he noted.

Overall Setup Better
"Because of new administrative and treatment procedures at Newberry State Hospital, the overall situation with respect to commitment of patients has improved," he said.

"Waiting periods for admission following commitment have been almost entirely eliminated, except in cases of senile patients and mentally handicapped children."

New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas—For years "they said it couldn't be done." But now a Texas firm of laboratory consultants has developed a treatment that is not only stopping hair loss . . . but is really growing hair!

They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to satisfy everyone.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

But how can any man or woman be sure what is actually

causing their hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Actually, there are at least 18 scalp conditions that can cause hair loss. No matter which one is the cause of your hair loss, if you wait until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have hair (or at least some fuzz) on top of your head, and would like to stop your hair loss and grow more hair . . . now is the time to do something about it, before it's too late.

Loesch Laboratory Consultants, Inc., will supply you with treatment for 32 days, at their risk, if they believe the treatments will help you. Just send them the information listed below. All inquiries are answered promptly, by mail and without obligation.

Adv.

To: Loesch Consultants, Inc.
Dept. M-21, Box 66001, 3311 West Main St.
Houston, Texas 77006

I now have, or have had, the following conditions:
How long has your hair been thinning?

Do you still have hair? . . . or fuzz? . . . on top of your head.

How long is it?

Do you have dandruff? . . . Is it dry? . . . or oily? . . .

Does your scalp have pimples or other irritations? . . .

Is your hair dry? . . . or oily? . . .

Does your forehead become oily or greasy? . . .

Does your scalp itch? . . . When?

Attach any other information you feel may be helpful.

Aerial View Shows Route, Progress On Bypass In Marquette

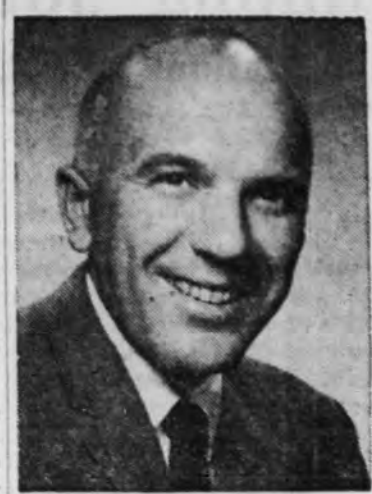

This aerial view, taken by Mining Journal Photographer Bill Williams, shows the route of and progress being made on the U. S. 41 and M-28 route relocation in Marquette. The foreground shows the work at the Soo Line Railroad Co. overpass, with the bypass connecting with existing U. S. 41 in the Brewery Location (lower left of picture). Holy Family Home can be seen

Record Harvest Made From Hiawatha National Forest

Timber cut from Hiawatha National Forest lands during the fiscal year 1963 reached an all-time peak, according to Supervisor Sherwood Trotter.

The total volume removed amounted to 40.5 million board feet. This included 4.0 million board feet of sawlog material and 73,000 cords of pulpwood and miscellaneous products.

Of the pulping species, red and jack pine contributed the most of the overall production with about 31,000 cords being cut. Aspen was next in order

D. H. Smith Awarded Ph.D. Degree

Michigan State University has awarded David H. Smith Jr. of Marquette a doctor's degree in crop science.

Dr. Smith had completed his course work before his June appointment as a farm crops science specialist with the MSU Upper Peninsula Extension District here.

He was born in Hibbing, Minn., and was a member of the Brainerd (Minn.) Junior College faculty for three years.

Smith received his masters degree at the University of Minnesota in 1955. During his graduate studies at MSU, he worked on special disease problems in grains and on the maling quality of winter barley.

He will spend half time on research and half time on extension education activities.

Income Tax Ceiling Eyed By Senators

LANSING — Gov. George Romney's chief legislative spokesman and three other Republican senators joined the movement Monday to put a constitutional ceiling on any state-wide income tax.

Sen. Stanley Thayer, R-Ann Arbor, the Senate majority leader, and three others joined sponsors of a resolution introduced by Sen. Emil Lockwood, R-St. Louis.

At the same time, a resolution bearing 35 names — approximately 20 of them Republicans — was introduced for the same purpose in the house.

A two-thirds majority vote of both houses is required to put a constitutional amendment to a referendum vote.

Romney has proposed a two per cent income tax on personal income, a 3 1/2 per cent tax on corporate income and a 5 1/2 per cent tax on financial institutions as part of his 12-point tax program.

Although he did not call for setting limits, the Governor has said he would not oppose a constitutional amendment to have them submitted to a general vote.

Romney said, however, that he would resist an effort to call for a referendum on the tax reform program itself, or on tax rates. He has termed five per cent a "reasonable figure" for a top limit on the personal income tax.

Lockwood's resolution would put to a vote a proposal to set constitutional limits of five per cent on personal income taxes, 7 1/2 per cent on corporate taxes and 10 per cent on financial institution taxes.

With the names of Thayer, Sens. William Milliken, R-Traverse City, Frederic Hilbert R-Wayland, and Lester Begick, R-Bay City, added to the list, it brought total sponsorship of the resolution to nine.

been pooled on a matching basis to finance stepped-up game and fish projects which will raise employment in local problem areas of the state.

of importance with a cut of almost 19,000 cords. Balsam Fir was third with 8,500 cords and spruce and cedar both had just under 5,000 cords cut.

The cut of 40.5 million board feet exceeded the previous high of 35.1 million board feet reached in the fiscal year 1961.

Trotter pointed out that there is still room for increased cutting on the forest in order to reach the estimated annual allowable cut of 54.8 million board feet. The forest currently has over 90.0 million board feet of timber under contract to various timber sale operators in the area.

The money paid for national forest stumpage and permit fees from special uses is deposited in the U. S. Treasury and at the end of the year, 25 per cent of total collections are returned to the counties based on the acreage of National Forest land in each county.

This year the receipts were distributed to the six counties involved as follows:

Alger, \$8466.82; Chippewa, \$15835.79; Delta, \$17775.83; Mackinac, \$10734.89; Marquette, \$437.11, and Schoolcraft, \$9,099.06, for a total of \$62,349.50.

Last year the returns to the counties amounted to \$45,526.48. The current year's total of over \$62,000.00 is a reflection of a healthier economy in the timber business and more timber operators being able to find an outlet for the timber they produce, he said.

Tech Prexy Sees Copper Area Gains

HOUGHTON — Promise of more prosperity in the Copper Country than it has seen since its discovery in 1843 was voiced by Dr. John R. Van Pelt, Michigan Tech president, at a news conference.

He admitted that the lush days of Houghton County's 80,000 population of 1907 would never come back, but he said that such a population was necessary in the early days because of the lack of technical copper production, refining and smelting.

He stressed, however, that Calumet & Hecla's and White Pine's copper production potentials were huge and that never had there been a time when the two firms were working so amicably together.

He referred to the recent agreement between the two mining concerns that each may produce and process the other's copper deposits on a share ba-

City Paragraphs

The University Wives will meet tonight at 7:45 in the faculty lounge in the Northern Michigan University Center rather than Thursday night, as was stated in yesterday's Mining Journal.

Conductron Awarded Air Force Contract

ANN ARBOR (AP) — Conductron Corp. has been awarded a \$7 million Air Force contract for research and developmental work "in the radar area," Prof.

Thus, Copper Range may work Calumet & Hecla's copper deposits south of Portage Lake in the Keweenaw Peninsula while Calumet & Hecla may work all of Copper Range's mineral lands in the area north of Portage Lake.

In outlining the potentially prosperous times, he cited Tech's roles in the field of the technical sciences.

Rainfall, Temperature Subnormal

Both temperature and rainfall were below normal in Marquette last month, but September, in general, was pleasant and cool.

There were no prolonged warm or cold spells, statistics provided by the U.S. Weather Bureau Station here show. Highest reading was 82, on the 10th, and lowest 36, on the 13th.

Rainfall totaled 2.22 inches, or 1.06 less than normal. Rainfall was concentrated in the first two weeks, with 85 per cent of the month's total rainfall being recorded during that period.

Frost Twice Temperature averaged 57.2 degrees, or a half degree below normal. Frost occurred on the 13th and again on the 23rd, and subfreezing temperatures were reported in outlying areas on those dates.

Although the temperature was in the 80s only twice (on the 8th and 10th), the mercury got into the 70s on 10 other days. It was in the 30s twice (the 13th and 23rd) and in the 40s on 18 other days.

Three-quarters of an inch of rain came down on the 6th and another three-quarters on the 11th-12th.

58 Per Cent Sunshine Highest wind velocity recorded during September was 23 miles per hour, from the south on the 24th. The prevailing wind was from the southwest during the month, however. Sunshine totaled 216 hours and 54 minutes, or 58 per cent of the daylight hours.

Keeve M. Siegel, president of the Ann Arbor firm, reported. Siegel said he had been notified of the award by Sen. Philip A. Hart, D-Mich.

Chemical Treatment Of U.P. Lakes, Ponds Completed

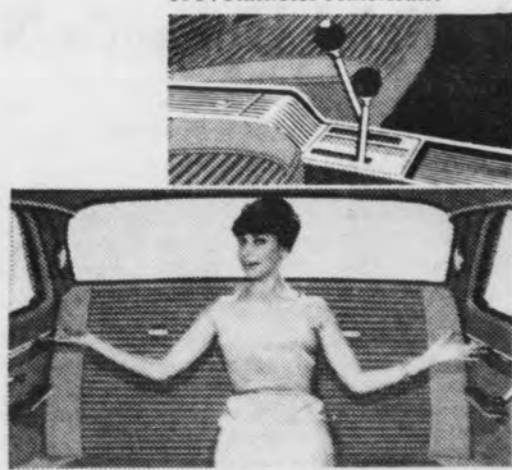

Chemical treatment has been completed by the State Conservation Department during recent weeks in hopes of opening the way for better trout and warm-water fishing in 35 Michigan lakes and ponds.

Most of these waters are scheduled to be restocked this fall with fingerling and keeper size game fish. Plantings will be made when waters are no longer toxic to fish, and where post-treatment studies indicate

that chemical applications have been successful in removing trash fish and reducing overpopulations of small panfish. In the Upper Peninsula, this fall's chemical control program has included Killdeer Lake, Iron County; O'Neil Lake, Dickinson County; Berspring, Brocky, Johnson, and Wolf Lakes and Lake Arfellin, Marquette County; Bear Lake, Schoolcraft County; Brush, Pretty, Camp Eight, and

Beaverhouse Lakes, Luce County; and Parent Lake, Baraga County. Plans have been made to treat Lake Fanny Hooe, Keweenaw County, early next week. Each of these lakes will be planted with trout. Johnson Lake is also in line to receive some smallmouth bass. Most of the waters were treated with funds from the new Accelerated Public Works Program. Under that program, state and federal monies have

Economy Picture

This area's economy, like that of the Ninth Federal Reserve District, seems to have begun the fall on a moderate up-note. The Ninth Federal Reserve Bank of Minneapolis, which tabulates statistics on this region, along with that of other northern Midwest states, so states in its current monthly review.

Farmers have produced larger crops than expected at mid-year, it states, with final output above the five-year average and at near record proportions. Prices received by farmers improved somewhat during the third quarter, following a sharp slump in

livestock prices in the spring period. While little improvement is expected in the farmers' net income position, gross farm income may have expanded more than usual seasonally during the third quarter, the report shows. Indications are that, in general, late summer rainfall has been generous enough to insure good fall pasture and feed conditions over much of the district. The bank said this condition has also permitted good seeding conditions for the important winter wheat crop.

In this area, the heavy early frost in mid-September caused an early start of the potato harvest. Preliminary reports indicate that the yield will be down somewhat, although not noticeably, and that the quality will be excellent. Potatoes comprise the No. 1 agricultural crop in Marquette County and in the Upper Peninsula. A recent check made by county agricultural officials shows that 90 per cent of the potatoes uncovered would qualify as U. S. No. 1 potatoes (measuring more than an inch and seven-eighths in diameter).

Total non-agricultural employment in the Ninth District increased only moderately during the summer period, although manufacturing and construction showed strong gains. In general, the district's employment trends seem to be following approximately the same pattern as the U. S., though weekly hours worked in manufacturing have been consistently higher in the district during the summer.

Meanwhile, reports from the area's Michigan Employment Security Commission offices indicate that non-agricultural employment in this area held a steady level during the summer months, and actually came close to the peak in some industries. In Marquette itself, the labor force held about steady, with no substantial gains insofar as large numbers were concerned, except in the construction field, where a banner year is being enjoyed (as witness the schools, highway and other building construction programs). MESC officials expect the area's employment picture to hold this way until the deep winter sets in. Then, as usual, the jobless load is expected to pick up, with that situation holding until spring. Expansion trends in such business indicators as bank deposits, retail trade, industrial use of electric power and personal incomes have been strong in recent weeks, the bank states. Marquette itself has been the leader in bank deposits for the entire Upper Peninsula, with totals this year exceeding the comparable ones of the past in each month to date.

In district banking, both time and demand deposits increased during the summer, with time and savings deposits continuing to show a strong upward thrust. Bank loans, seasonally adjusted, also advanced moderately by late September, while total deposits declined slightly. Bank borrowings at the Federal Reserve Bank and the use of federal funds at district commercial banks showed a declining trend from late June to late September, indicating a moderate liquidity improvement. These banking conditions also prevail in the Marquette area and they indicate the economy here is sound, with the outlook optimistic.

Peninsula Perambulator

Three Iron Mountain boys, Joe and John Creed and Frank Wayne, trapped a red fox near Pine Grove and will collect a state bounty on the animal.

Demolition of eight old houses to make room for a section of Sault Ste. Marie's public housing project has been started. The buildings are being smashed to kindling and the debris is being hauled away to a dumping area. In all, 31 houses in five Sault areas will be wrecked at a total cost of \$17,800.

Skills Mining Review, a weekly metals magazine published in Duluth, Minn., published a mining story by Victor Lemmer of Ironwood. Lemmer wrote the article — about iron mining in Luxemburg — after a two-month trip he made to Europe this summer.

The nine-member executive committee of the Michigan Association of Chiefs of Police was favorably impressed with the Iron River district as a site for the organization's 1964 convention and probably will recommend to directors that the association meet there. Members of the executive committee flew to the Upper Peninsula and spent a day inspecting accommodations, convention facilities and recreational points of interest.

Mile Post Zero, which marks the beginning point for the overland portion of the Michigan-Wisconsin boundary, is one of the historical sites at Brule Lake, Iron County, attractively marked by the United States Forest Service. The spot begins on the Brule and extends to Lac Vieux Desert, the Montreal River and on to Lake Superior.

The Newman Club at Michigan Tech can boast of having in its membership a trio which hauled in one of the largest northern pikes ever caught in Chassell Bay waters. Tom Healy, Grand Rapids civil engineering student, hooked the big specimen, nearly 50 inches long and weighing 26 pounds; Dick Eoes, Sturgeon Bay, Wis., helped him pull it in, and Mike Zudema, Muskegon, handled the canoe from which the two were fishing. The big fish fought for half an hour before it was dragged into the boat.

Mackinac Bridge traffic during September amounted to 125,387 vehicles, down 1.2 per cent from the 126,939 which crossed the big span in the same month last year. Bridge Authority Chairman Prentiss M. Brown blamed an early Labor Day (Sept. 2) for the downturn.

From The Journal Files

60 Years Ago

—Marquette—

During the past few days there has been no little favorable comment on the suggestion that a Rod and Gun Club for Marquette County, organized to help sports game protection and to foster sportsmanlike instincts, would be a good thing. There is no difference of opinion on this point. No one has any arguments against the proposition; on the contrary, hunters and sportsmen representative of all classes speak in its favor. The only men who do not like the idea are the put-hunters, the fellows who go after partridge and deer out of season.

—Ishpeming—

Lifelong brothers have taken a hand in the little tiff between the coal dealers, which had its start when the Consolidated announced the cut in its prices. They advertise to supply their customers with anthracite at the same prices as their competitors, meeting the figures of the Consolidated. Mike Losseloyng stated last night that the "coal trust has tried to beat us out, but they'll find that they can't do it."

Robert Haynes, manager of the local branch of the Nelson Morris Co., has received notice that he has been promoted to a much more lucrative and responsible position. He will leave in a short time. Mr. Haynes has been here for the last two years.

—Negaunee—

The Ishpeming miners who have secured positions here have engaged an omnibus to make two trips daily between Negaunee and Ishpeming, conveying both the night and day shift men from their homes to the mines and back. This method of traveling will be no more expensive than by the street cars and will save a lot of walking at both ends of the line. A good many of the men live at the Winthrop and would be obliged to make the journey on foot from there to the Lake Angelina terminus of the trolley line.

The electric light committee met Monday night and appointed John Reichel assistant trimmer of street lights. He will also act as assistant to the firemen at the light station.

—Marquette—

G. A. Carlson, cashier, director and executive officer of the Marquette County Savings Bank since 1916 and connected with that institution for 30 years, announced yesterday that he had resigned, effective October 14 and had accepted a position as executive vice-president and cashier of the new Union National Bank in Ashland, Wis., which will be opened for business November 1.

Records of 136 cases of crippled children in Marquette County were in the "active" file June 30, 1933, according to statistics presented by Miss Alma Howe, Upper Peninsula nurse for the Michigan Crippled Children Commission, at the meeting of the Michigan Society for Crippled Children yesterday at the Hotel Northland.

The suit brought by the First Wisconsin National Bank, Milwaukee, against the township of Bessemer to recover \$7,000 was ordered dismissed by Judge Fred M. Raymond in United States District Court yesterday. The bank alleged that the township borrowed the money on a note from the People's State Bank of Bessemer and when it became due January 14, 1933, refused payment.

—Ishpeming—

"Probably the most acute problem that faces the teachers of Michigan today is that which has to do with the salary question," of the Michigan Education Association, declared Mrs. Lou I. Sigler, of Grand Rapids, president of the Seventh District MEA meeting here this morning. Approximately 1,000 Upper Peninsula teachers were in attendance.

Dr. William McAndrew, former superin-

tendent of the Chicago Public Schools, suggested to teachers assembled here today for the annual Seventh District meeting of the Michigan Education Association, that they help organize citizens' committees and contact prominent men of their communities to acquaint the public with the valuable services being rendered by the teaching profession in an effort to prevent further reductions in salaries.

Announcement was made today at Duluth that the Oliver Iron Mining Co.'s properties on the Gogebic Range would be reopened on or about Nov. 1 on a three-day week basis. About 1,200 men will be employed. They were laid off May 1 and worked two days a week last winter.

—Negaunee—

The Negaunee Council last night for a second time tabled a bill of \$300 submitted by Clarence E. Lott for legal services in behalf of the board of public works in its litigation with the council.

The city of Negaunee has decided to "struggle along" until new tax payments start replenishing its coffers, with hopes of meeting obligations to salaried help, but forced to temporarily abandon nearly all work upon which hundreds of men were employed on a staggered basis during the last several months. It was revealed last night at the regular meeting of the council when Mayor James A. Thomas made known that efforts to borrow money locally to tide the city over its financial crisis have met with no success.

A chest clinic will be held this afternoon from 2 to 4 in the city hall. Dr. S. Lojaco will be in charge assisted by Miss Mary Murray.

The Thinker

TOM LITTLE, NASHVILLE TENNESSEAN

The National Whirligig News Behind The News

By ANDREW TULLY

WASHINGTON (AP) — You can't win when you buck the foreign aid Establishment made up of Big Business, Big Labor and Big Politics. Latest to find this out is Jerry M. Jackis, a onetime foreign aid investigator, who exposed the fact that American help materials had been used to help build a Russian-financed \$10 million hospital in Cambodia.

Originally, Jackis was fired for his impudence in reporting this scandal. Then Congressional pressure forced the Agency for International Development (AID) to rehire him — but at a lower salary. Now Jackis has

resigned because, he says, he spent most of his time doing nothing.

Russians Benefited Jackis made his unfortunate — for him — discovery in June, 1958, as a member of the Cambodian operations mission for the International Cooperation Administration, as AID was then called. At the construction site of the Russian hospital he found that American-aid cement was being used in the project.

A tractor on the job also bore the ICA handclasp insignia, and Jackis saw asphalt drums and reinforcing steel bars he believed were ICA stuff. Forthwith, Jackis reported his

findings to the mission's controller, Marlin F. Haas, with the comment that he didn't think "fostering and implementing of Soviet economic aid projects" was one of the objectives of the Uncle Sam's foreign aid program.

This Is "Unsatisfactory"

Has called Jackis on the carpet and read him out. The hospital, he was told, was none of his business. Later, Haas told the House Government Operations subcommittee nothing could be done about the situation because the cement and other commodities being used were apparently commodity aid, rather than material earmarked for a particular U. S.-aid project.

Meanwhile, Jackis was rewarded with an "unsatisfactory" efficiency rating. Two months later, he was transferred to a warehouse job and finally was dismissed.

That was not the end, however. As Jackis had suggested, the House subcommittee later discovered that the hospital was powered by a transformer and connecting cable bought with U. S. foreign aid dollars. It seems that in designating their "showplace" hospital, the Russians had botched the power plant. It was too small. So the Cambodians dutifully brought in an American aid-financed transformer and cable that originally had been earmarked for expanding the facilities of the capital city of Phnom Penh.

Punished For Patriotism

An operations mission auditor checking up on disposition of the equipment a year later found and reported its installation in the hospital. He termed use of the equipment "satisfactory." The House subcommittee sharply disagreed, declaring: "The United States operations mission in Cambodia . . . ignored the utilization of American aid for the benefit of the Russians, rather than cope with it." And it asked rather plaintively, "Are we to contribute our dollars to our own downfall?"

Jerry Jackis' answer to that question had been a ringing "No!" Naively, he supposed that the American taxpayer should not assist the Kremlin in its role as a kind of two-bit Santa Claus. But in exposing the situation, he broke the cardinal rule of the foreign aid boys which is to keep your mouth shut. And eventually the Establishment managed things so that Jerry Jackis got his comeuppance.

(Bell-McClure Syndicate)

Fischer Quints All On Bottle

ABERDEEN, S. D. — The Fischer quintuplets are on the bottle — all of them.

Mary Ann, the oldest and smallest at birth, got her first bottle feeding Sunday. Like her three sisters and her brother, she had been fed through a tube into her stomach.

Attendants at the Aberdeen, S. D. hospital said Mary Ann appeared to enjoy the formula. She weighed 3 pounds, 4 ounces at the latest check, compared to 4 pounds, 13 ounces for brother James Andrew. He's the heaviest of the quintuplets.

When the quintuplets reach about 5½ pounds, they'll be sent home to the parents.

TV Station Undertakes \$1.2 Million Program

DETROIT (AP) — WWJ-TV, Detroit radio and television station serving southeastern Michigan on Channel 4, is undertaking a \$1.2 million expansion and modernization program. More locally produced programs are included in the planning.

Memory Gives Age Away

By HAL BOYLE

NEW YORK (AP) — It is hard to tell the age of men and women today.

There is a conspiracy to stay young. Gray hair is tinted another color, cosmetics give a youthful complexion, diets keep figures trim, and — for those who can afford it — plastic surgeons remove tattle-tale wrinkles.

But no matter how skillfully you camouflage your exterior, you have a secret betrayer within. That is your memory. And it will quickly give away your real age anytime you succumb to the temptation of reminiscing out loud.

Remember When . . .

Certainly you're no longer a spring chicken if you can remember when —

Casey Stengel was a madcap outfielder for the New York Giants.

Red Grange kept in shape for football by delivering ice in the summer.

There were two things you could be sure of: (1) Nobody would ever climb Mt. Everest, and (2) no man would ever run a 4-minute mile.

Girls wore dresses so short you could see their rolled stockings on a breezy day.

No Special Diet

A pet dog ate the scraps from the family table, and didn't require a special menu of its own. Most workmen wore white

shirts only on Saturday nights and Sundays.

Young ladies used to sit in the backyard with a towel wrapped around their necks and let the hot sun dry their long hair.

Father always wore earmuffs to work on a cold day.

When anyone was sick in the house, neighbor ladies always baked fresh bread and sent it over.

Height Of Ecstasy

A lad's knowledge that his grandpa was old and might die at any time was compensated for by the hope that he might get the old man's watch.

Children studied reading, writing and arithmetic in school — instead of social adjustment and group adaptability.

It was the height of romantic ecstasy to let your foot accidentally touch your girl's foot as you both pumped the player piano in the living room.

Any town that didn't have at least two pool halls was really only a village.

Valentino Look

Half the young sports in America were growing sideburns and slicking down their hair so they'd look more like Rudolph Valentino.

Remember? If you do, don't admit it — or everyone under 40 will either put you down as a contemporary of Methuselah, or think you're still in mourning for William B. McKinley.

Side Glances

"Matter of fact, I AM baby-sitting my way through school, but I wouldn't want the word to get around."

Any Way Out Of Red Split?

By JOSEPH ALSOP

HONG KONG — Much too little attention is paid to the central fact in Communist China's present situation. This central fact, far transcending in importance the Sino-Soviet split, is a gigantic and gruesome domestic failure.

In 1958, Mao Tse-tung began a super-intensive effort to make China into a military-industrial giant power. The vast program of industrial development was to be paid for in the classical Communist manner, by ruthlessly squeezing the humble, industrious masses in the Chinese countryside.

Reduced To Peasantry Within one year, the squeeze had reduced the Chinese peasantry to a condition of misery with no parallel whatever in the Chinese past. By 1961-62, the consequences of the "great leap forward" were so alarming that the Chinese Communist leaders hastily ordered a great leap backward.

Thus new factories were left half-finished. Industrial furnaces were banked all over China. Capital investment was now condemned as a bad thing. And the relaxation of the squeeze on the countryside produced the slight improvement of conditions in the villages that is now observable.

It is necessary to insist upon these facts, because they are the main elements of what has been called China's "no exit situation." The Sino-Soviet split is only a very minor contributing factor as yet, although it may later become a major factor when the Soviet-provided heavy weapons of the armed forces and the Soviet and Eastern European factory machines that are still in use inevitably begin to wear out and break down with no replacements in sight.

The question is whether the present Chinese leadership can find a way out of their "no exit situation." One way out, obviously, is to change the ratio of population to resources by reducing the population. A birth control propaganda campaign is in fact in progress, with little likelihood of much result.

To be sure, there are good reasons to doubt the wisdom of unthinkingly cranking an annual, automatic Chinese population increase into every calculation concerning China. The arguments for assuming continuous population growth are about as good as the late, lamented arguments for assuming, last year, that the Soviets would "never" put offensive missiles in Cuba.

Some Gone Away When interrogating older refugees from the mainland, this reporter has always asked about village populations. Considerable drops in populations have invariably been reported, and the standard explanation has been, "many have died and some have gone away."

This fragmentary evidence has now been supplemented by more highly organized interrogation about village birth rates. Representing the average was a village, reported as having about 30 births per annum before the horrors of the "great leap," which had produced only four or five infants a year in the worst times, and had now increased output to the level of 20 babies per year.

One cannot tell with certainty, but from such facts as these one would guess that the Chinese population actually fell in the worst years and may now be approximately stable. If so, that is a plus for Mao and company. On the other hand, there is a heavy minus in the fact that the official figures on Chinese farm output look as fishy as the population figures.

Here, the fishiness is on the other side of the balance. Scientific interrogation has lately been used to determine grain yields per acre in the period before the Communists collectivized the land and the comparable yields today.

Some inaccuracy must be allowed for, but less than you might think, since every competent Chinese peasant knows the value of every square inch of land in his village. This interrogation showed post-collectivization decreases in per acre production that were never less than 50 per cent and sometimes reached 70 per cent.

If these results are even halfway correct, current estimates of grain output must be much too high. Quite possibly, this error is being neatly cancelled by estimates of population that are also much too high.

Not Optimistic

In any case, there is nothing in the condition of the countryside to encourage any expectation of a gradual improvement of farm output, sufficient to provide the Chinese Communist system with the needed margin for recovery and growth. As the record shows, collectively organized agriculture is outrageously inefficient in the best of cases.

In the case of China, whose entire agriculture is intensive to the point of resembling horticulture, the collective system is far more damaging than in Russia.

In addition, there is a deep contradiction between the tiny private plots of the peasantry and the biggest need of all, which is to increase output on the vast majority of the land, and this the best land, which is still publicly controlled. All over China, the peasants are stealing from the public land all the work and all the manure they can possibly put into the private plots.

"Night Soil Quotas" "Night soil quotas" are sternly exacted, but even so, since human manure plays such a major role in China, the private plots are probably depriving the public lands of a quarter of their normal fertilizer supply.

In fact, it is a fair forecast that the trend will be down, not up, in which case there is no way out anywhere for China's present rulers.

(c) 1963 New York Herald Tribune Inc.

Judicial Hornet's Nest

By BRUCE BLOSSAT

The U. S. Supreme Court will get no respite from the field of major controversy in the 1963-64 term now beginning. New cases involving reapportionment of state legislatures and Negro sit-ins in public establishments will be high on the docket.

The reasonably well-informed layman may ask: "Haven't those issues already been settled by the court?"

The answer is, only in part. In the matter of the sit-ins, the high court ruled last spring in a cluster of decisions that segregation practices which bar Negroes from lunch counters and similar places are unconstitutional — where it can be shown that state or city authority was used to enforce such practices.

Left unsettled was the question of whether the proprietor of a privately owned establishment, acting openly on his own, can bar Negroes once he has declared his place open to the public.

Congress, of course, is right now embroiled in debate over this very issue as it mulls over President Kennedy's civil rights program. One proposal would bar racial discrimination in such establishments.

If this feature were adopted in law, the Supreme Court presumably would be powerfully influenced in its judgment on the matter. It might even consider that the decision had been made for it. If the measure dies, greater interest will surround the court's ruling.

The Supreme Court's 1962 decision in the Tennessee reapportionment case simply made the point that the federal courts have a right to speak in suits involving malapportioned legislatures — on the ground that the 14th Amendment's "equal protection of the laws" clause guards voters against such distortions in voting strength.

Court Didn't Say The court did not say, however, what it regards as fair and reasonable apportionment. It did not set standards which would enable lower courts to say: "This plan satisfies the requirements of equal protection, this one does not."

In the new term the high court will hear a number of cases from various states which go to that critical point. Lawyers, lawmakers and legislatures all over the nation are waiting to learn its ruling.

The general public will be highly attentive to this decision, too, as it will to the outcome of the new sit-in cases. For the Supreme Court, plainly, it is — once more — out of the swarm of bees and into a hornet's nest.

Views Of Others

MORE CARS THAN BABIES

Production of automobiles will exceed the number of births in the United States this year and economic projections put the total motor vehicle population at 115 million by 1983. If this isn't enough to give the pedestrian and the timid driver the creeps, he might ponder the fact that there are, right today, 22 motor vehicles in the country for every mile of road and street, whereas in 1941 there were only 11.4. 130,000 ITEMS AVAILABLE THROUGH WARDS CATALOG DEPARTMENT, TOO!

Pictured above are from left, Dr. Donald Hurst, Robert Wester and Lee St. John, who are confirming the structural smoothness of the musical "Brigadoon" to further assure audience enjoyment in becoming acquainted with this delightfully mystic village. The play will be presented here Nov. 5, 6 and 7. (Photo by Howard Treado).

Theater Group Prepares For Start Of 'Brigadoon'

Brigadoon, a musical by Alan J. Lerner and Frederick Loewe is to bring its pleasant characters, exuberant music and prim though fiery dances to life at the Kaufman Auditorium Nov. 5, 6 and 7. Brigadoon, done more often by amateurs than any other musical in the United States and Canada, will lengthen the list under the joint effort of the Marquette Community Theatre and the Musicians Protective Union, Marquette Local 218 of the AFM.

Seeking Stage Props
Dr. Donald Hurst, property chairman, has been seeking authentic type Scotch hand and stage props from glistening swords and fancy handled dirks to milking stools and two wheeled hand carts. One of the most difficult items to be found is a playable bag pipe.

Brigadoon will not only revive your memories or knowledge of

the land of lads and lassies, but also put you into a realm of make believe under the adept hands of set designer, Bob Wester. Wester is a teacher in the Gwinn School System and is known for his talent and interest in the field of art.

Designed Posters
Lee St. John, known many years in Upper Michigan as a professional skier and artist, has designed the promotional posters for Brigadoon. These will be placed in business establishments throughout Marquette and the surrounding area. St. John has had art exhibits in Phoenix, Ariz.; Portland, Ore.; Chicago, Ill. and Marquette.

Won Critics Award
Brigadoon won the New York Critics' Circle Award for the best musical of 1947, and it is hoped that it will provide a 100 per cent evening of enjoyment here, a Community

State Music Teachers To Hold Pianists' Contest

The Michigan Music Teachers Association announces the annual contest for pianists, in the Upper Peninsula, to be held Feb. 15, 1964, in the new Fine Arts Building of Northern Michigan University.

Certified teachers of MMTA may enter three students in each of the following divisions: Junior division, including seventh, eighth and ninth grades, and senior division including 10, 11 and 12 grades.

Each student is required to play one selection of the baroque or classic period and one of the modern, not romantic, period.

8 Minute Performance
Two short numbers of one period may be substituted for one longer work, but no ensemble work is acceptable. The maximum playing time is eight minutes.

One senior area winner and one junior area winner will be chosen and invited to play for the spring convention of MMTA March 30, 1964 in East Lansing.

Two senior and two junior area winners from Lower Michigan will play on the same program, at which time one senior state winner and one junior winner will be chosen.

State Winners To Compete
The senior state winner will compete with other state winners at the East Central Division contest April 24, 1964, in Indianapolis, Ind.

The East Central Division winner will play the first movement of the Schumann Concerto in A Minor with the Municipal Symphony Orchestra on April 26, 1964 in Indianapolis.

Three judges will rate the numbers played at the contest on Feb. 15.

The deadline for entering the Upper Peninsula contest will be Feb. 1, 1964.

Persons interested may obtain entry blanks and further information from Memo Beyhosen and invited to play for the spring convention of MMTA 6-2315.

Miss DeLarye Named Next FNA President

Upper Peninsula Future Nurse Association members who met in Munising during the weekend named Dianne DeLarye, Graveraet High School junior, to serve as president for the coming year.

Miss DeLarye, a third year member of the Grace Ross Future Nurses Club, is the daughter of Mr. and Mrs. Earl A. DeLarye, Beaver Grove.

Judy Perron, daughter of Mr. and Mrs. Wesley Perron, 326 Albert St., a junior at Bishop Baraga Central High School, was elected vice president.

64 Rally In St. Ignace
Other officers named were Nancy Boyette, Rudyard, secretary, and Joan Laitinen, Hancock, treasurer.

In addition to electing officers, delegates accepted the invitation of LaSalle High School's club to convene in St. Ignace for their 1964 rally.

Sister M. Regina, O.S.F., director of nursing services, St. Mary's Hospital, and president of the U.P. Michigan League for Nursing keyed the day's program with remarks on "Ex-

Attend Dedication Of MCAS Building

E. A. Clark, left, a vice president of the State Trustees of the Michigan Children's Aid Society, shows Mr. and Mrs. John D. Morrison of Marquette, a view of the grounds from the entrance of the MCAS headquarters building in Farmington, a suburb of Detroit. He and Mrs. Morrison attended the dedication ceremony of the new building Sunday along with 300 other visitors. The building was a gift to the society from the Edwin S. George Foundation.

Prof. Knauss To Speak To Baraga HS Group

Nineteen schools sent delegations and a total of 350 students and their sponsors had a full day of activity which was climaxed in the afternoon by tours of the Munising Paper Co. and Memorial Hospital.

Representatives from Baraga, L'Anse, Calumet, Hancock, Painesdale, Negaunee, Ishpeming, Marquette Graveraet, Marquette Bishop Baraga Central, Kingsford, Iron Mountain, Iron River, Stambaugh, Eben, Munising, Escanaba Holy Name, Escanaba, Rudyard and St. Ignace attended.

The title of his talk will be "Contemporary Mathematics in Secondary Schools."

Knauss is a recipient of degrees from NMU and the University of Michigan.

A faculty-parents consultation period will take place at 7:30 p.m. The regular meeting will begin at 8, in St. Peter's Cathedral hall.

Chapter Officers
Officers of the Bishop Baraga chapter of the Junior Classical League will report on the activities which took place at the National Classical League Convention in Lawrence, Kans., Aug. 12 to 15. They are: Ann Cassette, president; Paul Kinville, vice president; Mary Coppens, secretary; and Ruth LaVoy, Upper Peninsula vice president.

Reports To Be Given
Judith St. Onge, who attended the summer science training program at the Women's College of the University of North Carolina, will review her five weeks of studies in chemistry and mathematics.

Peter Paquette, who attended the national science foundation program at Northern Michigan University to study physics and modern mathematics also will report.

Following the meeting, refreshments will be served by Ann Cassette, president; Paul Kinville, vice president; Mary Coppens, secretary; and Ruth Walter McMahon.

Kellow-Pascoe

(Photo by Maki Studio)

ISHPEMING — Julie Mae Kellow, daughter of Mr. and Mrs. Harold Kellow, became the bride of John Thomas Pascoe, son of Mrs. Eldred Pascoe and the late Eldred Pascoe, at 11 a.m. Saturday in St. Joseph's Catholic Church.

The Rev. C. J. LePine performed the candle light, double ring ceremony.

The bride, given in marriage by her father, wore a floor-length gown of French Chantilly lace and tulle fashioned with a fitted bodice. Her gown was accented with a square scalloped neckline adorned with seed pearls and sequins, long tapered sleeves and a bouffant tiered skirt. A French illusion veil was attached to a crown of seed pearls and sequins. She carried a white prayer book, gift of the groom, adorned with white carnations and pink roses.

Attendants' Gowns
Miss Joanne Wainio, Negaunee, was the maid of honor and Mrs. William Frailing, Iron River, cousin of the bride, was the bridesmaid.

The bridal aides were identically gowned in pink Grecian drape dresses of nylon net over taffeta. Their matching veils were attached to crystal hair. They carried colonial bouquets of pink roses and pink and white carnations.

James Sleeman, Summit, Ill., was the best man and Harold

and Mrs. Marvin Adams, Kingsford; Mr. and Mrs. James Kellow, Fla.; Mr. and Mrs. William Sleeman, Summit; Mr. and Mrs. Ray Meyers, Skokie, Ill.; Mr. and Mrs. William Frailing, Iron River; Mr. and Mrs. Donald Dennis, and children, Ann Arbor, Mr. and Mrs. Arvid Thibodeau Sr., Arvid Thibodeau Jr., Mr. and Mrs. Carl Priebe, Mr. and Mrs. Eldred Pascoe and Mrs. Myrtle Bolduc, all of Marquette.

New Names In The News

MAGERS — A daughter, Kimberlee Ann, was born on Oct. 4 in the K. I. Sawyer Air Force Base Hospital to Lt. L. and Mrs. Kenneth E. Magers, 512 Invader, Sawyer AFB.

STEPHENSON — A son, Mark Edward, was born on Oct. 4 in the K. I. Sawyer Air Force Base to A/1c and Mrs. Kenneth E. Stephenson, Box 3A, Star Rt., Gwinn.

KAMIN — A son, Michael Scott, was born on Oct. 6 in the K. I. Sawyer Air Force Base Hospital to S/Sgt. and Mrs. Lawrence L. Kamin, 188 Raider, Sawyer AFB.

HEKHUIS — A son, David Allen, was born on Oct. 4 in St. Luke's Hospital to Mr. and Mrs. Clair Hekhuis, 1013 Alouez Dr., Marquette.

MORIN — A son, James Leslie, was born on Oct. 5 in St. Luke's Hospital to Mr. and Mrs. Paul Morin, Box 54, Marquette.

KADOLPH — A son, Blair Alden, was born on Oct. 6 in St. Mary's Hospital to A/1c and Mrs. Gary Kadolph, 915 Pine St., Marquette.

ERATH — A daughter, Lori Ann, was born on Oct. 7 in St. Mary's Hospital to A/1c and Mrs. Donald L. Erath, Rt. 2, Box 634, Marquette.

REMUZ — A son, Kurt Alan, was born on Oct. 7 in St. Mary's Hospital to A/1c and Mrs. Herman Remuz, 135 1/2 E. Case St., Negaunee.

Meetings

The Morgan Heights Auxiliary will hold its regular monthly meeting at Morgan Heights on Wednesday at 8 p.m.

The Northern Michigan District meeting will be held at Grace Episcopal Church Wednesday at 5:30 beginning with prayer and followed by a supper in the Guild hall. Guest speakers will be the Rt. Rev. Herman R. Page of the Northern Michigan Diocese; the Rt. Rev. Hans of North India, and Canon J. William Robertson.

The Marquette Gold Star Mothers will meet at 2 Thursday afternoon.

Slon Lutheran Activities — Wednesday: 2 p.m. adult Bible class at the church. Hostesses will be Mrs. John Hautio and Mrs. Waino Hakka. Confirmation classes meet at 4. The stewardship committee meets at 7 p.m. and the Sunday School and Bible class teachers meet at 8 p.m. Thursday, 7 p.m., Sion choir will practice. Saturday at 1:15 p.m. the children's choir will practice.

Women's Charm Class Begins Tomorrow Night
The parks and recreation department sponsored woman's charm class is scheduled to begin tomorrow at 7:30 p.m. in the Sandy Knoll School multipurpose room.

The classes will meet weekly every Wednesday for eight weeks.

Another eight-week session will begin in the spring.

These classes again will stress physical fitness and will consist of weight reducing exer-

Carol Russell, Charles Phelps Exchange Vows

CAPE MAY, N. J.—Wedding vows were exchanged recently by Carol Dawn Russell, daughter of Mr. and Mrs. Vernon Russell, 2727 Parkridge Ave., Marinette, and Charles Edward Phelps, son of Mr. and Mrs. Frank Beland of Marquette.

The ceremony took place in the chapel of the Coast Guard Base at Cape May, N. J. Lieut. Cmdr. Cohill officiated at the double ring ceremony, for which William Johnson of North Carolina was organist.

The bride was attired in a royal blue wool suit with mint trim and wore matching accessories. Miss Neva Lynn Willard of Skillman, N. J., was her cousin's honor attendant, wearing an orchid wool suit with matching accessories.

Walter Aho of Marquette was best man.

Mrs. Russell was attired in a dresden blue suit and Mrs. Beland wore a forest green knit ensemble.

The bridal couple was feted at a 10 a.m. breakfast at Washington Inn at Cape May and at an evening reception in the

Paragraphs

Square dancing classes will be given tonight at 8 p.m. in the Whitman School gym. John Rublein will be instructing.

home of the maid of honor's parents, Mr. and Mrs. Paul Willard at Skillman.

Attending the nuptials with the parents of the bride couple were Mrs. Paul Willard and Mrs. Judith Philman, also of Skillman.

The couple went to Boston on their wedding trip. Mrs. Phelps is a 1963 graduate of Marinette High School. Her bridegroom graduated from Graveraet High School in Marquette and completed his recruit training in the Coast Guard recently. He is a member of the honor guard drill team.

'64 Studebaker beauties

break over 72 records

27 hours of torture tests at Bonneville prove Studebaker's endurance, engineering and speed!

We took to the Salt Flats with our whole '64 line. Not to prove we're faster. Just better. Built to take the beating Bonneville dishes out.

And now the proof is in the official USAC record book... 72 new records set by Studebaker.

There's a name for what these beauties showed at Bonneville: Performance. For at Studebaker "different by design" means more than style.

STUDEBAKER'S SWEEP OF THE SALT FLATS

- Studebaker 6-Cylinder Commander—102.77 mph, plus 11 other records.
- Studebaker Daytons Convertible—139.49 mph, plus 11 other records.
- Studebaker Hawk—147.85 mph, also 1 mile from standing start... 88.32 mph, plus 10 other records.
- Studebaker Avanti—170.78 mph, also 5 other records.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I have three children. A boy of 20 and two girls, 16 and 13. I am at my wits' end with the boy. He graduated from high school two years ago and has been sitting home ever since. He never goes out. He has no friends and says he doesn't want any. He sits in the house all day watching television and complaining about the meals. He is always criticizing me and picking on his sisters. Nothing is wrong with him. He is big, strong and healthy. I tried to get him to join the Army or get a job but he threatens to hit me if I don't quit nagging him. My husband is dead. What should I do?

A very witty friend of mine recently bought a large home. When I complained that I was chilly, she left the room and returned with gas bill in one hand and a sweater in the other. She said "Here, put this on and shut up!" Personally, I thought it was hilarious.

DEAR SHERMAN: I'm glad you thought it was hilarious. A sweater wouldn't have helped me much in a large, chilly room. I'd have requested an electric blanket—but then she'd probably have shown me her electric bill.

CONFIDENTIAL TO MARK: Milk is not that cheap any more. You'd be ahead to buy the cow.

WITS' END: A 20-year-old is not a BOY, he is a MAN—or should be. Your son could be lazy, spoiled or sick. It is not normal for a "strong, healthy" man to withdraw from society and vegetate. You can find out what ails him by getting him to a doctor.

DEAR ABBY: Recently our bridge club met at the home of one of the members. I won first prize and another woman won second prize. When we opened our prizes hers was so superior to the little doodad that I won for first prize that I felt terribly cheated. Everyone present commented on the prize she had won. Don't you think the winner of the second prize should have said, "There must be some mistake"?

DISAPPOINTED: Not necessarily. If the hostess, who had bought the prizes, did not indicate that a "mistake" had been made perhaps there was no mistake. If I were you, I'd forget it.

DEAR ABBY: To "Insulted" whose guests complained about the temperature in her home:

Starr Commonwealth Has 50th Anniversary

ALBION (AP) — Starr Commonwealth, Michigan's famed privately operated school for boys, celebrated its 50th anniversary Sunday with the aid of government dignitaries.

One was Anthony J. Celebrezze, secretary of health, education and welfare who, as principal speaker, praised Starr Commonwealth for giving America "enduring benefits" through its help for boys.

Elderly, white-haired Floyd Starr, founder of the school, was given an ovation from the audience.

man for the hospital said Chandler, 65, probably would be released in a day or two.

Bishop From India Speaker At Episcopal District Meet In Ishpeming Wednesday

ISHPEMING — The Rt. Rev. S. A. B. Dilbar Hans, bishop of Chota Nagpur, India, will be guest speaker at a district meeting of the Episcopal Church to be held in Grace Episcopal Church, Ishpeming, Wednesday.

BISHOP HANS

The bishop, an Indian, received his education at Patna University and Bishop's College, a theological school in Calcutta. He was ordained to the diaconate in 1943 and to the priesthood in 1944, and served as examining chaplain to the bishop from 1949 until his consecration as bishop in 1957.

Planning for the future, the diocese is in the midst of a building program that will include a theological college at Ranchi, churches, schools and college hotels.

Newcomers Club Meeting Set For Tomorrow Night

ISHPEMING—In an attempt to give newcomers to Ishpeming an opportunity to become acquainted with other persons in the area as well as with Ishpeming itself, the Newcomers Club has arranged a series of meetings.

Mrs. Sturm noted that many people find it difficult to become acquainted in a new community.

A meeting tomorrow night at 8 will feature Mrs. Emma Johnson from the Kut and Kurl Beauty Shop. She will present new fall hair styles.

Members and guests are asked to phone HU 5-5442 to place their reservations and also are asked to bring their own table service.

Is Driver Training Working?

Accident Rate Affected Little By Courses; Solons Ask Study

EDITOR'S NOTE — Despite Michigan's pioneering driver education program, one in seven injurious or fatal traffic wrecks — year after year — involves teen-age drivers. The following tells why two lawmakers are calling the Legislature's scrutiny to a big question: Is the driver-training working?

LANSING (AP) — Michigan led the nation when it instituted mandatory driver education in public schools in 1956. Has it improved the driving of teen-agers?

Driver Ticketed Following 2-Car Mishap On M-94

MUNISING — A man was ticketed by state police following a two-car collision Saturday at 8:25 a.m. on Highway M-94, seven tenths of a mile north of M-67, in Rock River Township.

High Of 80° At Van Riper Last Month

CHAMPION — In a report from weatherman Paul Paris at Van Riper State Park, statistics support the claims of many residents that September was a month to be remembered.

U.S. Stamp Sales Up In Schools

ISHPEMING — The four schools participating in the defense stamp program in Ishpeming showed a slight increase in sales last month in comparison to September of 1962.

Milwaukee Men Fined In Gwinn

GWINN — Louis Rappette, 23, and Otto Kalalaged, 39, both of Milwaukee, each paid a fine of \$15 and costs of \$7.30 following their arrest by Conservation Officers Frank J. Marshall and Clarence Herman.

Gwinn Crib League Begins Play Oct. 17

GWINN — Opening play in the Gwinn Cribbage League has been postponed until Thursday, Oct. 17. A practice session is scheduled for this Thursday at 7:30 p. m. and all former and new members are requested to attend to acquaint themselves with league rules and regulations.

teen-agers. The other six, where only one in ten students was taking driver training, had a slightly lower youth accident rate—10.9 per cent.

“The enrollment average of Group A rose to 77 per cent by 1961. The other six states increased their driver education little, if at all. One would expect the percentage of accidents involving teen-agers in Group A to be reduced. Instead, the percentage increased about the same amount in both groups,” said the study.

“Where driving classes were full, teen-age accidents during the decade climbed to 15 per cent of the total. In other states it rose too, but only to 13 per cent.”

Gwinn Students Hear About Gun Safety

Courses on conservation have been correlated with the opening of the hunting season. Conservation Officer Frank Marshall lectures on gun safety and hunting regulations. Over 300 received such instruction this year.

Changes Effected In PTA Courses

ISHPEMING — Because of the closing of schools on Thursday and Friday of this week for the teachers' institute, several changes have been made in the family education courses sponsored by the Ishpeming Parent-Teacher Association.

Centennial Plan Meet In Negaunee

NEGAUNEE — Members of business, civic and fraternal groups as well as other interested persons are invited to attend the second in a series of Negaunee centennial planning meetings at 7:30 tonight in the City Hall council chamber.

Card of Thanks

Mr. and Mrs. Eino W. Harvela want to express their appreciation to all relatives and friends who made their Golden anniversary a very happy occasion.

Demo Calls Romney Tax Plan Illegal

LANSING — A Democratic legislator says Gov. George Romney's proposed income tax package is unconstitutional and — if passed in its present form — would be subject to changes at the whim of Congress.

In a request for an attorney general's ruling, Rep. Joseph Gillis, D-Detroit, said the question concerns the fact that Romney's proposal refers to the federal income tax statute.

Gillis said all of Romney's references to the federal law are to that statute as it would exist “on the last day of the taxpayer's year.”

Use Of Library Facilities Shows Gain In Negaunee

NEGAUNEE — With resumption of classes in local grade and high schools, plus the start of the fall semester at Northern Michigan University, there was an increased use of facilities at the Negaunee Public Library in September.

completed a major project by installing 485 feet of copper line on the County Road, according to the monthly report of Foreman Edward Werhalm.

Trout Trucked Safely Along Alaska Highway

PRINCE RUPERT, B.C. — Bill Wood, who heads a company here that raises trout for market, trucked 15,000 fish 3,200 miles via the Alaska Highway to Anchorage. Only about 100 died during the trip.

Robert Cope Gets Second Fellowship

ANN ARBOR, Mich. — Robert G. Cope of Negaunee has been awarded a fellowship grant in the amount of \$3,000 by the W. K. Kellogg Foundation to attend the University of Michigan during the 1963-64 academic year. This will be his second year as a Kellogg fellow.

Kellogg fellowships in amounts ranging up to \$3,000 are granted each year to promising men and women who have obtained a master's degree and wish to study for their doctor's degree in higher education with an emphasis on community college administration. The applicants have a choice of attending any of three universities in the state: the University of Michigan, Michigan State University or Wayne State University. The fellowship program is coordinated through the Midwest Community College Leadership Program with offices located at 2032 Rackham Bldg., Ann Arbor. George L. Hall is director.

Cope is the son of Mr. and Mrs. Roy DeLongchamp Sr. of Ishpeming. He earned both his Master of Arts degree and his Bachelor of Arts degree in business administration from U-M and was a teacher at Ann Arbor High School prior to returning to complete his doctoral work in higher education.

State Police List Work For Month

MUNISING — Eleven troopers assigned to the Munising post worked a total of 211 man-days during September, according to Sgt. Clarence Miller, post commander.

Officers spent 1,948 man-hours on the following assignments: traffic patrol, 711 hours; other traffic work, 3; traffic complaints, 22; accident complaints, 28; general criminal investigation, 172; report writing, 52; administration and supervision, 55; training, 34; fatigue work, 149; and other duties, 122.

Car hours on patrol during this period amounted to 524 with officers making 100 traffic offense arrests and one other patrol arrest. Troopers assisted 34 cars, investigated 61 cars, made 635 property and 107 liquor inspections, issued 173 verbal warnings to motorists and performed 175 other duties.

Alger Relief Load Down In August

MUNISING — Direct relief in Alger County for September amounted to \$4,782.60, a decrease of \$46.86 from August, according to Mrs. Alice Aley, social welfare director.

The money, used in 107 cases, went to the following townships: Burt, \$145.50; Munising city, \$3,053.55; Limestone, \$37; Matthias, \$241; Munising, \$627.50; and Rock River, \$131.

Public assistance for the same period was \$16,507, \$73 under last month. Old age assistance had 150 cases for \$8,148; aid to dependent children, 52 cases, \$7,494; and aid to the blind, 14 cases, \$865.

Surplus commodities were distributed in 268 cases involving 963 persons.

Mercury Astronauts To Receive Trophy

WASHINGTON — The Robert J. Collier trophy, awarded annually by Look magazine for outstanding achievement in aeronautics, will go to the Project Mercury astronauts this year.

All seven astronauts are expected to be on hand at the White House Thursday, when President Kennedy will present the award.

They are Air Force Capt. Virgil I. Grissom, Marine Lt. Col. John H. Glenn Jr., Air Force Maj. Leroy Gordon Cooper Jr., Air Force Maj. Donald E. Slayton, Navy Lt. Cmdr. Malcolm S. Carpenter, Navy Cmdr. Walter M. Schirra Jr. and Navy Cmdr. Alan B. Shepard Jr.

Fireman Misses Pole During False Alarm

PROVIDENCE, R.I. (AP) — Lt. Austin Nagle, 42, reached for his boots recently as he went to slide down the brass pole to answer a fire alarm. He missed the pole and fell 14 feet to the floor of the Broad Street fire station. His left leg was fractured.

The fire report was a false alarm.

Man Injured In Smashup On U.S. 41

ISHPEMING — A motorist was injured and his truck wrecked in a smashup at 2:45 yesterday afternoon on U.S. 41, just west of County Road FX, in Humboldt Township.

State police said Francis Marketty, 50, of 112 Oak St., Ishpeming, reported he was driving east on U.S. 41 when he was forced off the roadway by an oncoming motorist.

Marketty's truck went into the ditch on the right side of the highway and rolled over.

Marketty suffered a minor scalp laceration and was taken in the Ishpeming ambulance to Bell Memorial Hospital.

Extensive damage resulted to the top and front end of the truck, a 1940 van, which had to be removed from the scene by a wrecker.

School Board At L'Anse Continues Building Study

L'ANSE — At this month's meeting, members of the L'Anse Board of Education reviewed details of the progress to date on plans for construction of a new elementary school and interviewed representatives of two architectural firms during a closed-door session following the regular meeting.

So far the board has conducted exhaustive interviews with four architects and meetings with two others are scheduled for later this month.

To Visit Schools

During these consultations, the board has examined drawings and pictures of similar buildings designed and built by each firm. Members plan to visit a number of schools which are located within a reasonable distance of L'Anse before making their final selection of a designer.

Each representative has been questioned closely on types and relative costs of construction, their experience in the field of elementary school construction

and on details of the services which their firms would be prepared to offer to the board and to contractors.

All four representatives have looked over the prospective sites being considered for the new school, and their recommendations will be weighed by the board before final decision is reached on where the school should be built.

Price 'Much Too High'

Carlo Heikkinen, board member and chairman of the building committee, reported during the business meeting that he had contacted owners of one of the parcels under consideration, informing them that the price which they had quoted to the board was "much too high." He said owners of this property (which lies adjacent to the high school and athletic field) replied that they were willing to negotiate further on the price of either a portion of the property or the entire tract, and asked that the board state what it feels the land is worth and what they would be willing to pay.

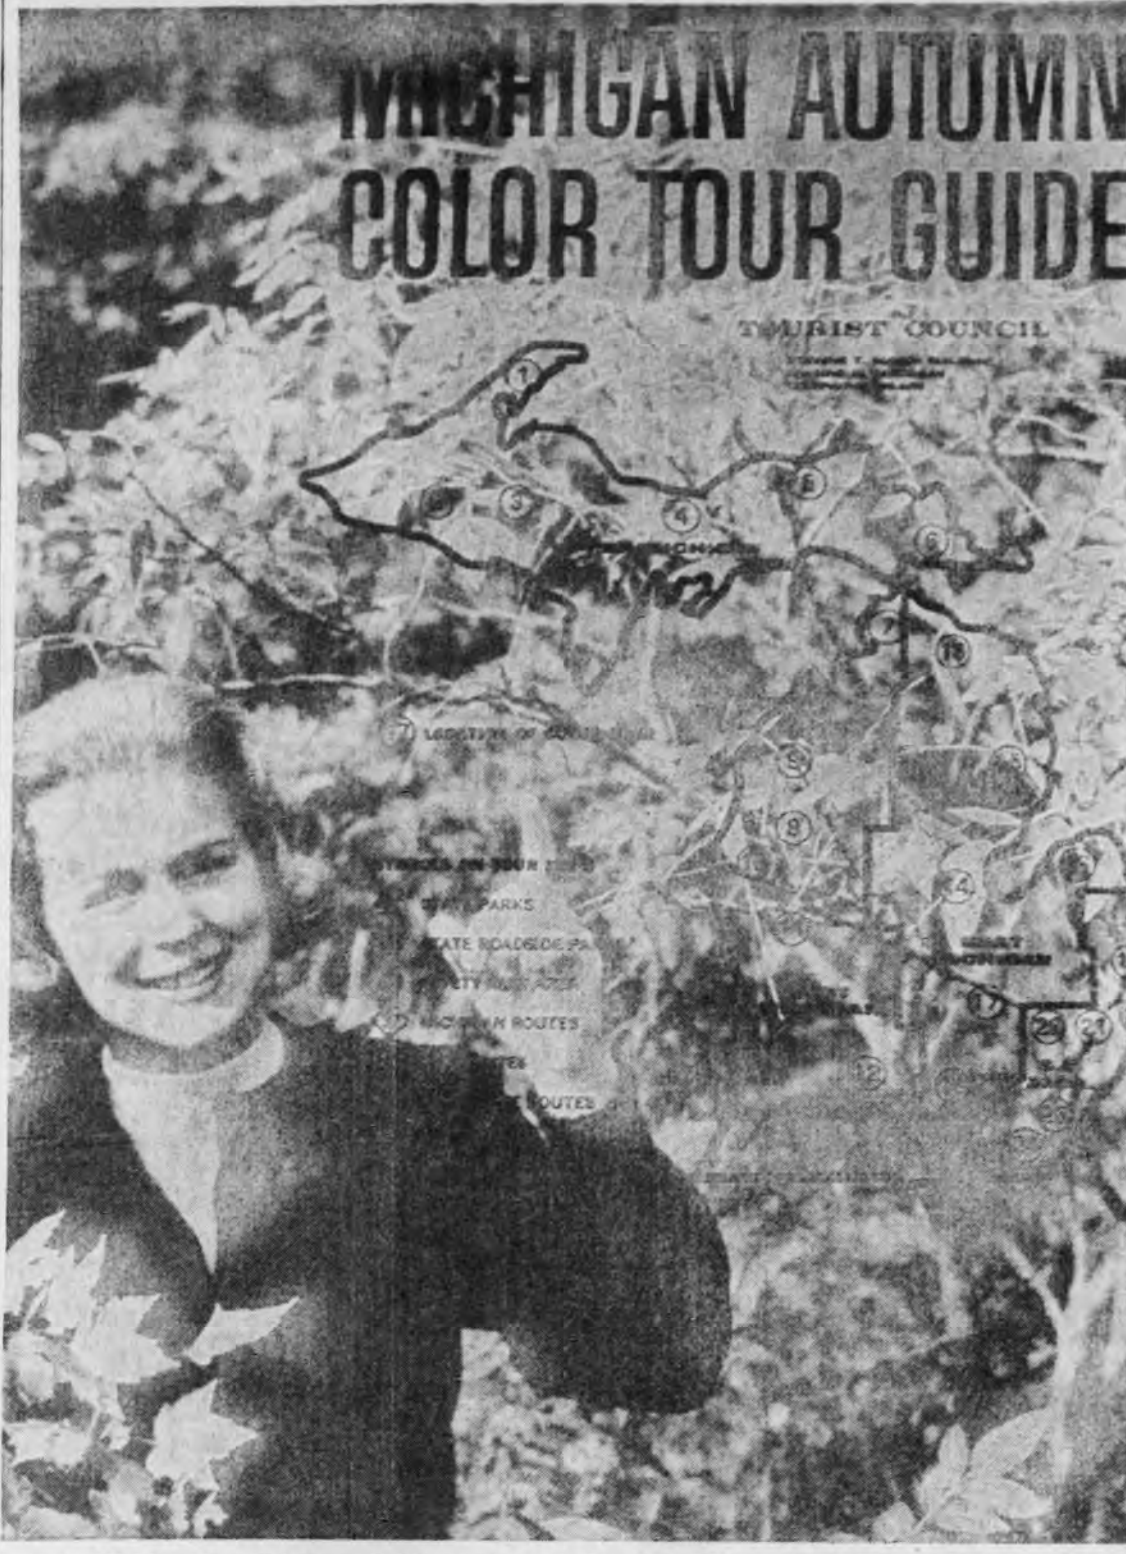

The board also has considered using the athletic field, an area of approximately five acres—for construction of the new school, which would necessitate conversion of the old ball diamond on Main St. into a new football field.

Heikkinen also discussed the possibility of dismantling the brick garage and constructing the grade school on this site and back onto the tennis courts at the rear of the garage, which would eliminate the need for sacrificing the present football field.

Multi-Purpose Room

No final decision has been reached on the exact number of rooms and the extent of special facilities which should be included in the new school, but it is generally conceded that the building should house all students in kindergarten through the sixth grade and should include a multi-purpose room which can double as a cafeteria to serve hot lunch to all students in the district. This would ease the strain in the high school building, by freeing several rooms which have been used for fourth, fifth and sixth grade classes, causing serious overcrowding of facilities.

Superintendent Robert A. Fredrikson said he expects an architect will be selected sometime next month after board members have had a chance to inspect several schools in the region.

The Michigan Tourist Council this year prepared a Michigan autumn color tour guide to help the thousands of travelers interested in seeing the brilliant foliage along the state's highways. Free copies of the guide can still be obtained by writing the Tourist Council's office in Lansing or the Upper Michigan Tourist Association office in Marquette.

United Fund Drive Slated In Republic

REPUBLIC — The United Fund drive in Republic, under sponsorship of the Republic Community Services Organization, will be launched Friday, Oct. 11.

The "United" way was adopted in Republic in 1958 and has seen a steady increase in scope and service to the community since that time.

Among the more recently initiated projects undertaken by Republic Community Services, according to the secretary, the Rev. Leslie Niemi, were a community ambulance project, new beach recreational area, new community ski hill, as well as more established community programs such as community baseball, Sunson Lake camp improvement, program for distressed families, Girl-Boy Cub Scouting, Campfire Girls and high school music program.

James Hofbauer again is chairman of the fund drive. Republic has adopted the "Fair Share" plan of giving. All those in the community who give their "fair share" will be recognized on the large display board next to the bank. Residents are reminded that they can contribute to the United Fund program at the local bank.

However, there also will be a visitation program conducted by ladies of the community, beginning Oct. 11 as follows:

Kloman Ave. — Mesdames Giles Sullivan, Russell Oien, Francis Sevigny and Charles Ives.

Kloman West — Mesdames Wilho Ritola and Vernon Viere-la.

Republic Ave. — Mesdames Bruce Davis, Sulo Hogan, Ray Sullivan and Ralph Heilala.

Frenchtown — Mesdames Raymond Mattson, Jack Mattila, Clarence Sevigny, Melvin Arola, Eugene Vadnais and Robert Pietila.

South Republic — Linda Martti, Martha Luoto, Mrs. Jack Dawson, Mrs. Milburn Fowler, Mrs. Clarence Isaacson, Mrs. Bernard Heimila, Mrs. Oscar Antilla and Mrs. Donald Valenzio.

River Road — Mesdames William Mattson and Toivo Isaacson.

Fourth St. — Mrs. Emil Sirtola.

Black River — Mrs. Martin Levi and Mrs. Nels Hill.

Witbeck — Mrs. Elmer Heinonen.

Witch Lake — Mrs. James Dawson and Mrs. Edwin Laakso.

Farms — Mesdames Len Garner, Robert Kerkela and Robert Bengtson.

Republic Community Services appeals to all to give their "fair share" — that is, one-half an hour's pay per month for the year, the Rev. Mr. Niemi said.

WWI Veterans Elect Officers Wednesday Night

MUNISING — Veterans of World War I will hold a regular meeting Wednesday night at 8 in the Mazzali building. Election of officers will be held and lunch will be served. All veterans are urged to attend.

Tri-County Briefs

Alger . Baraga . Marquette

Ishpeming

The Salisbury and National Mine WSCS and the Bobbie Barrett Circle will meet in the church at 7:30 p.m. Wednesday, Mrs. Velma Shimmin will be guest speaker.

The Mary Circle of the WSCS of Wesley Methodist Church will meet in the home of Mrs. Florence Allen, 449 Michigan St., at 2 p.m. Wednesday.

Mrs. Matt Niemi, 416 Bank St., has returned home after being a patient in Bell Memorial Hospital.

The Ladies of Kaleva will meet at 7:30 p.m. Wednesday. Hostesses will be Mrs. Martha Hannula and Mrs. Ina Hirwas.

Mrs. Sirie Joukainen and Mrs. Elsie Zachau have left for Jacksonville and Lake Worth, Fla., to spend the winter.

Harold K. Connors, Ishpeming, Marquette County drain commissioner, will attend the northeastern Michigan district drain commission meeting to be held at Marlett next Monday. Discussion at the meeting will include the inspection of the Cass River report.

Negaunee

A monthly business meeting of the Negaunee Veterans of Foreign Wars Auxiliary will be held at 7:30 Thursday night in the VFW clubrooms. Lunch will be served afterwards and games will be played. Dues for 1964 are now payable.

Friends attending funeral services for John J. Ryan, Iron Mountain, held in St. Paul's Church here were Anton Fuse, Mr. and Mrs. Alphonse Fuse, Louis Andrienne, Mrs. Jennie Minellie, Mrs. C. E. Daley, Mrs. Ann Daria and Mrs. Lena Fiorucci, all of Iron Mountain.

A meeting of the Negaunee Township Home Extension Club will be held at 10 Thursday morning in the Township Community Building. The Christmas kit will be displayed.

Finnish devotional services will be held in Immanuel Lutheran Church Wednesday night at 7. At 7:30 Pastor William Hutter, a missionary to Bolivia,

will present a program and show slides. The Mary Circle will serve refreshments. Hostesses will be Mrs. Alii Hepola, Mrs. Paul Helgren, Miss Filina Ollila and Mrs. Matt Harsila. The public is invited.

The Ladies of Kaleva will meet Thursday night at 7:30 in the Kaleva Hall. Lunch will be served, with Mrs. Fred Anderson, Mrs. Earl Erikkila, Mrs. Paul Helgren and Mrs. Alii Hepola serving as hostesses.

Gwinn

The Rachel Circle of the Grace Lutheran Church will meet Wednesday night at 7:30 in the church parlors. Devotions will be led by Mrs. Ronald Pell and the hostess will be Mrs. Joseph D'Ambrosio. Members are asked to bring their October issue of the Lutheran Women and also one article for the baby layette to be sent to the Lutheran World Relief.

Champion

The Champion American Legion will hold a regular meeting Wednesday at 7:30 p.m. in the Legion clubrooms. Finances will be discussed at the meeting, and all members as well as other interested veterans are invited.

Trenary

Mr. and Mrs. Jack Flynn and daughter of Zanesville, Ohio, are visiting at the Clarence Flynn home.

A meeting of the Methodist Women's Society of Christian Service will be held in the church at 8 Thursday night. Mrs. Hugo Marlin and Mrs. Frank Richmond will be hostesses. There will be no senior choir rehearsal this week.

The official board of the First Lutheran Church will meet at 7:30 tonight in the church.

Melvin Mattson of Milwaukee recently visited his parents, Mr. and Mrs. Nels Mattson.

The Trenary school will be closed Thursday and Friday of this week because of the regional Michigan Education Association convention in Escanaba.

Ike Wants Lively GOP Fight

(Continued from Page One)

capacity to perform the job." Question: Mr. President, you had quite a bit of experience in the field. What kind of a president do you think Kennedy is making?

Gen. Eisenhower: One thing I have always avoided is dealing in personalities. But I will say that in almost every domestic problem I see what I consider is a degree of, if not recklessness, at least of carelessness in our budgetary affairs, so that there are few domestic programs, that he has advanced, that I could agree with wholly.

Q. The other day you wrote that you are unclear on precisely what are Sen. Goldwater's present views. You called on him and other Republican presidential possibilities to state their views clearly. On what particular issues are you unclear about Goldwater? Do they include, for example, civil rights?

A. I don't know exactly what he has said about civil rights, but I think he has probably taken a moderate course. I believe he must believe, like all of us, in progress in this field. As a matter of fact, I believe in just as fast progress as we can make, but it must not be so impulsive as to be destructive.

Q. Sen. Goldwater professed himself to be mystified, saying he thought he had made his views on the issues very clear.

A. I may have been mistaken, but I thought at one time he had argued for complete repeal of the graduated income tax. In this I have been told that I was mistaken. But a couple of weeks ago, in an interview, he

said he was against it in principle. He thought the only practical thing to do was to keep the graduated tax in proper bounds, useful bounds, that would do the least damage to incentives and our capabilities of accumulating reinvestment capital while we were getting the necessary revenues to run the country.

Correct In Principle

I accept this attitude, except that I believe the graduated income tax is, within reason, correct in principle, too. I think unquestionably his view now is one that would be close to mine. But there have been a number of his views in the past that my friends and I, in our talks, have just not known in detail.

I assume that if he comes into a position of candidacy, that he will try to take each of these things — the farm problem, sound fiscal proposals, foreign affairs and whatever — that he will define his approach in terms that a man can say, "I can take this," or, "I would object to this."

Q. Specifically, on civil rights Goldwater has said he is opposed to what is called the public accommodations proposal. I wonder what your view on that particular proposal is?

A. Personally, I would think if we are going to get into this thing as a matter of law, and if you could get it passed, we should base our effort on the 14th and 15th Amendments (to the Constitution).

If I had to vote on this thing on the theory that the interstate commerce clause (of the Constitution) would give you the necessary authority to establish such a law, and enact it and enforce it, I would be very

Critic Lists 14 'Misses' In TV Lineup

By CYNTHIA LOWRY AP Television-Radio Writer

NEW YORK (AP) — Thirty-one of the television season's 32 new programs have been launched.

One, a quiz show called "100 Grand," sank almost immediately. A number of others are frail vehicles indeed, and their chances for survival appear dubious.

This is the critical period when viewers make decisions which direct their television interests for the entire season.

Hits Listed

Based on one show — or at the most, two — my scorecard of hits, misses and "maybes" is almost evenly split, with 17 hits and 14 misses.

Probable hits are CBS' Danny

joys the respect of the United States.

Running Mate

And along with that, he should have a very fine vice presidential nominee who would do the same things.

I have kept very still in expressing a personal preference in this field. I want to see every possible candidate putting his personal program or personal platform before the public. Then let it be debated.

Kaye and Judy Garland variety hours and its "Petticoat Junction" situation comedy series. ABC's "Arrest and Trial," "The Fugitive" and "Greatest Show on Earth" are fast-paced adventure tales and "The Farmer's Daughter" an amusing comedy. NBC's "Mr. Novak" looks pretty good after two programs, and its "Hollywood and the Stars" ought to interest anyone who likes movies.

These Could Be Hits

"Maybes" include four anthology series, on the theory that each unrelated program will be as good — or as bad — as its writers. They are NBC's "Richard Boone Show," "Bob Hope Theatre" and "Espionage," and CBS' "Great Adventure." ABC's "Burke's Law" may prove amusing. CBS' "My Favorite Martian" was on my hit list until I saw the second episode, which moved it to the maybes. CBS' Phil Silvers is a funny man and may triumph over the scripts.

The misses include three new message shows — CBS' "East Side, West Side," and ABC's "Channing" and "Breaking Point." All seem pretentious and dreadfully intent on developing points of view.

Some Actually Boring

NBC's "Grind!" has Imogene Coca, but that's about all, and NBC's "Bill Dana Show" prom-

Mrs. Feldhusen Heads Munising Women's Guild

MUNISING — Mrs. Dorothy Feldhusen was elected president of St. Anthony's Guild at a reorganizational meeting. Other officers are Mrs. Ruth Hanson, vice president; Mrs. Mary Brown, secretary, and Madeline Nesberg, treasurer.

The Guild will meet on the Thursday before the first Friday in LaMothe Hall. All women of the parish are urged to attend these meetings.

ises to develop into a one-joke comedy series. CBS' "Glynis" is a boring, imitative farce. NBC's "Harry's Girls" needs some new writers — and some girls who can act. Neither ABC's Jerry Lewis nor Jimmy Dean seem to have found ways to fill their time spots — but at least Dean isn't offensive.

NBC's "Temple Houston" is a Grade C Western and "The Lieutenant" is military cake with a sugary icing. "The Outer Limits" on ABC is for kids who like horror movies, and the "Travels of Jaimie McPheeters" for those too young to enjoy "Wagon Train."

Alger Board Awards Contracts For Jail

MUNISING — Bids totaling \$141,508 for the construction of a new Alger County jail and sheriff's quarters were accepted by the board of supervisors at a special meeting in the courthouse.

Low bidders were as follows: Proksch Construction Co., Iron River, general construction \$88,257; Modern Plumbing & Heating Supply Co., Marquette, Wis., mechanical \$32,335; V&M Electric Co., Menominee, electrical \$8,624; and Decatur Iron and Steel Co., Decatur, Ala., equipment \$12,292.

Construction must start by Oct. 15, according to terms of the federal grant received for this project.

Planning Unit To Discuss Development Corporation

MUNISING — The Alger County Planning Commission will hold its next regular meeting Wednesday, Oct. 23, in the court house. According to John Killoren, chairman, topics to be discussed will include formation of an industrial or economic development corporation, county zoning and the Pictured Rocks national recreation area bill.

Standing committees and chairmen are as follows: Agriculture — Walter Maki, chairman; Don Pellegrini, William Rajala, C. J. Little, Art Swajanan, Leonard Johnson, Joe Ostanek, Floyd Roberts, Don Thurlow and John P. Campana.

Recreation — Frank Mead, chairman; Ken McPherson, Rev. Neil Smith, George Wolf, Alex Borkowski and Mrs. Florence Campbell.

Human Resource — John Campana, chairman; Charles Stark, F. M. Heaton, John Knaus, Arnold Hill and Clarence Lehman.

Local Government and Taxation — James Knox, chairman; Josephine Coaster, Kemp Broen, Margurite Gibbons, William MacNeil and Reino Kauranen.

Public Relations — James Draz, chairman; Charles Symon, James Plesky and Richard Gumuski.

Flexible Land Use — Robert Debelak, chairman; John Norlin, John Campana, John Killoren and Robert Cowell.

Transportation — Leo Gariepy, chairman; John Hebert, Robert Lockwood, Martin Hendrickson, Ray DeRoche and Cluen Malone.

Forestry — Ben Hemingway, chairman; Frank Richmond, Joe Brisson, Robert Radcliffe and Ernie Hall.

Industrial — Stanley Kuzmirek, chairman; Ken Bakkum, George Goss, Frank Carr, Vern Florida, William Bucholtz, Paul VanLandschoot and George Saunders.

Scout Leaders' Training Session Wednesday Night

ISHPEMING — A Girl Scout leader training program for new leaders will be held at the Phelps Intermediate School Wednesday night, beginning at 7:30.

This program is for all Ishpeming and Negaunee Scout leaders. If any cannot attend this meeting, they can attend the leader training program in Marquette to be held Oct. 13, from 9:30 to 11:30 a. m. in the auditorium of Peter White Public Library.

Obituary

LEO LEMAY

ISHPEMING — Services for Leo Lemay, who died Sunday, will be held at St. Joseph's Church tomorrow at 9 a. m. The Rev. C. J. LePine will officiate and burial will be made in Holy Name Cemetery in Kimberly, Wis. Pallbearers will be Peter McManman, Paul Zhulkie, Sam Gaboury, John Gleason, Edward Poirier Sr. and Leo Bourassa.

The Rosary will be recited at the Bjork & Zhulkie Funeral Home at 8 tonight.

Three Youth Center Dances This Week

NEGAUNEE — Three dances will be held this week at the Negaunee Youth Center. Director Marshall Phillips announced today.

Wednesday night from 7 to 10 and Friday night following the Negaunee-Marquette football game dances will be held for Youth Council members and their guests.

Methods Of Dealing With Forest Service Trespass Explained To L'Anse Board

L'ANSE — Alternative methods of dealing with a U.S. Forest Service trespass on school-owned forest land were explained by Dr. Eric A. Bourdo, president of the L'Anse Board of Education, at this month's regular meeting.

Dr. Bourdo informed the board that the Forest Service, after many months of surveying and investigation, has conceded that a trespass was made on woodland owned by the school. Bourdo stated that there appeared to be three alternatives open to the board in resolving this dispute: (1) That the board have an estimate made of the value of the timber taken off the land and request reimbursement from the Forest Service in this amount; (2) that the value of the property, including standing timber and timber removed at the time of the trespass, be determined and that the property be sold to the Forest Service at this figure; and (3) that the board could attempt to negotiate an exchange of properties with the Forest Service.

Sale Offer Best Method

"It seems to me that it would be far better for us to get an estimate of the property and offer to sell it to the Forest

Service." Bourdo told the board. "I would suggest that the Conservation Department forester, who brought this matter to our attention in the first place, be asked to make the estimate."

Board members concurred, but stipulated that Dr. Bourdo, director of the Ford Forestry Center and a forester by profession, be responsible for supervising the negotiations.

Dr. Bourdo further proposed that any funds realized from this sale be earmarked for the purchase of property which will be suitable for use as a school forest.

Superintendent Robert W. Fredrikson, reporting on a recent letter from the North Central Association, told the board that three of the five counts on which L'Anse was warned last year have been corrected. Perhaps the most pressing of these — the lack of a qualified librarian — was solved when Mrs. Margaret Snyder was engaged to fill the vacancy. She completed several courses in library science during the summer session at Northern Michigan University, which qualified her to fill the post.

The second point — involving two teachers who had more than 170 pupils per day in their classes — was corrected with several shifts in the teaching load to bring the pupil-teacher ratio of all faculty members within the NCA limits. The third criticism — lack of clerical help for the high school principal — was eliminated when Miss Marguerite Paquette was elevated to the post of secretary to the principal.

\$30,000 Loan OK'd

Fredrikson reported the school had received authorization from the State Department of Public Instruction to borrow \$30,000 in anticipation of future state aid payments. The board had previously passed on a \$60,000 loan application, with the understanding that the full amount would not be borrowed unless it was needed. Fredrikson told the board the \$30,000 loan will be processed this month to take care of the next payroll and to clean up outstanding bills. If it becomes necessary, another loan can be obtained to carry the school district through until December, when tax monies start coming in.

Repairs to the steam line running underground from the high school boiler to the bus garage were completed last month at a cost of \$125. Fredrikson told the board the leak, which has made the steam heating system in the garage inoperative for 15 years, was located close to the point where the pipe enters the garage. He said a trial test showed the heating line is now operating properly.

Fredrikson advised the board that repairs were being made to the football field, which was damaged extensively when 17-year-old George Leinonen of Detroit (formerly of L'Anse) drove his car all over the gridiron, digging deep ruts in the field.

"Personally, I don't think the \$40 restitution payment ordered by the judge will be sufficient to pay for necessary repairs and resodding," he declared. "I would have preferred that the boy had been ordered to spend his time on a work detail up there, undoing the damage he did."

"However, I wrote to him, informing him that he would be billed for expenses and suggesting that he offer an explanation for his acts and an apology to the student body."

The board authorized Fredrikson to purchase two sets of steel doors for installation at the front and rear entrances of the high school from the lowest bidder. In addition, replacement of five windows at a cost of \$346 was approved.

Deer Season Leave

In other routine business, board members granted a one-day deer season leave to qualified hunters, okayed purchase of two alto horns at a cost of \$312 and a phonograph priced at \$75 and turned over a request for school bus transportation to the superintendent.

At the request of Dr. H. J. Winkler, trustee, the minutes of last month's meeting were amended to include detailed information on purchase of a new school bus, including specifications, price, amount of trade-in and FOB designation.

Five other drivers ticketed by city police for violations of the motor vehicle code appeared before Judge Haupt.

Fines and costs amounting to \$8.70 apiece were paid by Ronald Ranta of Palmer for speeding. Harold Bennett of Gwinn for traveling too fast for conditions. Eugene LaMery of Menominee for violating the basic speed law, and Peter Erickson of Hurley for ignoring a red traffic control light. Joseph Parani of Negaunee was ordered to pay a \$10 fine and \$3.70 costs for leaving the scene of a property damage accident.

Howard Woodbridge of Sawyer AFB, who were arrested by local officers for malicious destruction of property, each paid a \$10 fine, plus \$5.10 costs.

Arnie Nyman of Negaunee and Peter Lewis of Iron Mountain state police for speeding, each paid a \$5 fine and \$3.70 costs.

A 1683 mill between Salzburg and Berchtesgaden, Germany, grinds beautifully veined little marble balls, for souvenirs.

Man Pleads Innocent In Driving Case

NEGAUNEE — Clifford E. Ristima, Marquette, arrested by city police on a drunk driving charge, entered a plea of innocent when he was arraigned yesterday in Negaunee Municipal Court.

Judge William Haupt ordered his trial set for Tuesday, Oct. 15, and Ristima was released after posting a \$100 bond.

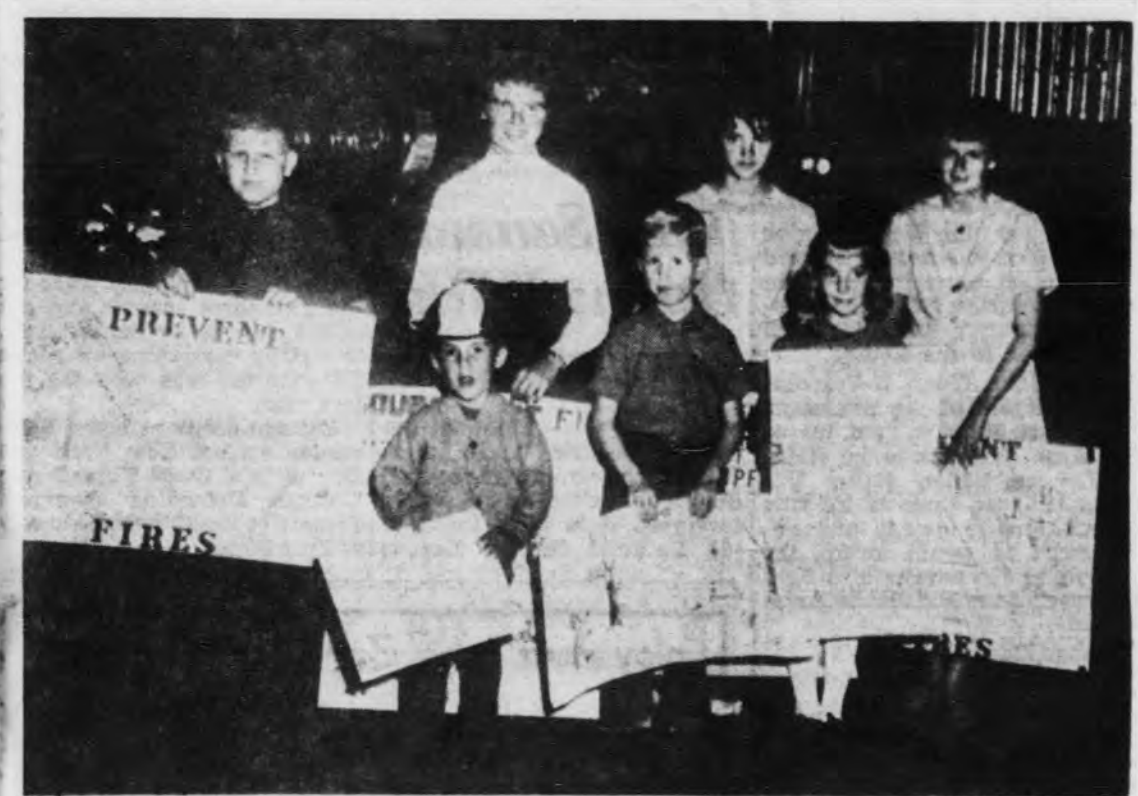

Louis Moraska, Vulcan, arrested by local officers for reckless driving, entered a guilty plea. He was ordered to pay a \$25 fine and \$4.30 court costs.

Five other drivers ticketed by city police for violations of the motor vehicle code appeared before Judge Haupt.

Seven of the award winners in a Fire Prevention Week poster contest at St. Paul's School are pictured above. They are (left to right): Front — John Mongiat, Pat Anderson and Rita White; rear — Mike Dompierre, Judy Peterson, Sue Ann LaPin and Mary Dompierre.

Fire Prevention Poster Contest Winners Named

NEGAUNEE — Elimination of fire hazards is being stressed this week as part of the annual observance of Fire Prevention Week at St. Paul's School. Films on fire safety practices were shown Monday, with fireman's hats being given as attendance awards.

A Fire Prevention Week poster contest, sponsored by the school's Science Club, resulted in preparation of posters by pupils in the grade school and their display on the school bulletin boards and walls.

The posters were judged by Lloyd Delorenzi, Negaunee assistant fire chief; Mike Hult and William Perala. Monetary awards were given winners by the Science Club.

Children winning awards were the following: Kindergarten—John Mongiat. First Grade—Blayne Brisson. Second Grade—Pat Anderson. Third Grade—Rita White. Intermediate Grades — Mike Dompierre, with honorable mention given Theresa Bogetto and Brian Brisson.

Junior High — Judy Peterson, with second place going to Sue Ann LaPin and third place to Mary Dompierre.

Fire drills are being held daily throughout the week.

More Collisions Slated For Undefeated U.P. Grid Teams Next Weekend

By JAMES TRET HEW EY Of The Journal Staff

Loretto Catholic Central of Sault Ste. Marie, pride of the Eastern Upper Peninsula Conference, isn't receiving as much attention as the region's prep grid powerhouses.

But Coach Bob McKerral's Angels have definitely established themselves as a better-than-average small-school eleven, capable of scoring plenty of points against even bigger opponents.

Loretto isn't likely to be given more than token consideration in post-season balloting for the U.P. championship, because most of its games are against smaller schools. However, the Angels, one of five teams with all-winning records, currently are the top point-makers in the Peninsula. They ran their total to 199 last week when they walloped a Class B club, Rudyard, 51-0, after notching 77 points against tiny Engadine the previous week.

Jack Spuhler, speedy halfback, is the spark of Loretto's defense. He ran his point total to 85 last week with four touchdown sprints while gaining 243 yards.

Loretto shouldn't have much trouble in its next two games - against Eastern U.P. opponents Cedarville and Brimley - but it may find the going tough when it closes its season with a home appearance against downstate Cheboygan Catholic Central.

The other four unbeaten-united schools in the Peninsula - Kingsford, Sault Ste. Marie, Stambaugh and Ironwood - are way up front in the race for the big Barber Trophy and the U.P. grid title its presentation denotes. Each has won the trophy once since it was put up for annual awards by the Upper Peninsula Sports Writers Association.

Vince Says Packers Are Best Ever

GREEN BAY, Wis. (AP) — Green Bay Coach Vince Lombardi Monday called his present edition of the Packers the best team he has had in five seasons at the helm of the National Football League power.

"Personally, I think I have a better overall team than I've ever had here," the coach said. "But then every team we've played has improved tremendously. I guess that kind of even it up."

No Aihli After an opening 10-3 loss to the Chicago Bears, the Packers have rolled past the Detroit Lions, the Baltimore Colts and the Rams in seeking an unprecedented third straight NFL title.

Green Bay has looked like a "second half" team in the first half while piling up 79 in the last two periods. "This is by no means an all-time," Lombardi said as he scanned the figures. "But every one we've played has been keyed to emotional heights. This explains the tough first halves we've experienced. Either they lose their emotion thereafter, or we knock it out of them."

Sault Ste. Marie, aiming for its first unbeaten season since it took the Barber Trophy in its "flying saucer" formation days of 1956, plays two Great Lakes Conference opponents from Marquette County who could be dangerous, but neither Ishpeming nor Marquette looks to have enough to stop the hard-hitting Blue Devils from the east.

Only Three Mich. Teams Break .500

(By The Associated Press) Losses by Adrian, Michigan, Michigan State and Wayne State last weekend ended the state's hopes of having at least one college football team go through the 1963 season undefeated.

Adrian, with a 2-1 record, heads the list which finds only three teams playing better than .500 ball. Central Michigan and Hillsdale are 2-1-1.

Shattered Aura

Paul Zimmerman, sports editor of the Los Angeles Times, commented that "the aura of invincibility built up around the Yankees was . . . thoroughly shattered by the Dodgers."

An observation: In 1942 the Yankees beat the Cardinals in the first game of the World Series, then lost four straight. The Yanks and Cards met again in 1943, but this time the Yankees won in five games.

New Rule Hurts The Older Men

LOS ANGELES (AP) — Veteran baseball players who believe they are being nudged off the payroll by the new bonus rule have called on management to come to their aid.

Under the new rule, if a big league club wants to protect from the draft a youngster to whom it may have paid \$100,000 or so it must carry him on its 25-man roster. Sometimes he sits on the bench and sometimes he is sent to the minors and the big league plays with only 24 men. In a few instances, only 23 men.

Arnie Makes \$127,555 In Year So Far

DUNEDIN, Fla. — Arnold Palmer's victory in the White-maresh Open last weekend boosted his earnings in official PGA golf tournaments to a whopping \$127,555.

PGA headquarters reported Monday that Palmer won seven of the 19 tournaments in which he competed, and was in the first five finishers 10 times.

Jack Nicklaus continues in the runner-up spot with \$85,990 in winning out of 23 tournaments, four of which he won.

Sandy Leads All-Stars After Polls

NEW YORK (AP) — Seven National Leaguers, including World Series star Sandy Koufax, and three American League players were named today to the Associated Press Major League All-Star baseball team for 1963.

Koufax, who posted a 25-5 season record and collected two victories in the Dodgers' sweep of the New York Yankees, was the only member of the world champions selected by a majority in a vote of 71 baseball writers.

Koufax At Top Koufax topped the balloting with 68 votes. The other National Leaguers selected were first baseman Bill White, shortstop Dick Groat and third baseman Ken Boyer, all of the St. Louis Cardinals; outfielders Willie Mays of San Francisco and

Yankee Loss Just One Of Those Things

(By The Associated Press) Despite their defeat in the World Series in an unprecedented four-game sweep by the Los Angeles Dodgers, the image of the New York Yankees as lords of major league baseball has not been materially damaged.

While giving full credit to the Dodgers and the great pitching of Sandy Koufax, Johnny Podres and Don Drysdale, comment in various newspapers generally could be summed up: The defeat of the Yankees was just one of those things.

Walt Alston, manager of the victorious Dodgers, put it this way: "When you're winning, everything goes right. We didn't gamble any more this year than last. But we were luckier."

Jim Ogle of the Newark, N.J. Star-Ledger, commented: "The decline and fall of the Yankees will last until next April 14 and then they'll start to prove this was all a mistake . . . not counting the pitchers, O'Malley (Dodger owner) would be very happy to trade man-for-man. This is not a Yankee team that's cracking up. This is a young club and the pitching is getting better."

"The Yankees have won so many World Series they need not begrudge this one to a former neighbor," the New York Times commented editorially. "The Cleveland Plain-Dealer, in an editorial, asserted the 'Dodgers have done the baseball world a favor in beating the Yankees and taking over as world champions.'"

Paul Zimmerman, sports editor of the Los Angeles Times, commented that "the aura of invincibility built up around the Yankees was . . . thoroughly shattered by the Dodgers."

An observation: In 1942 the Yankees beat the Cardinals in the first game of the World Series, then lost four straight. The Yanks and Cards met again in 1943, but this time the Yankees won in five games.

Dodgers Looking For Still More Hurlers In 1964!

LOS ANGELES (AP) — Having just won the National League pennant by six games and the World Series by four, the Los Angeles Dodgers don't figure to rival the New York Stock Exchange in trading volume this winter.

"But we're not going to stand pat, either," says General Manager Buzz Bavasi.

Curiously, the first thing Bavasi wants to import is more pitching. The Dodger pitching staff had an earned-run average of 2.85, the best in the major leagues this year and the best in the National League in 19 years.

Bavasi said he'd like another right-handed starting pitcher and another left-handed relief pitcher.

There's a good chance the Dodger roster will change this month. The first eight teams in the National League are putting four players each in a pool set up to help the indigent New York Mets and Houston Colts.

The Dodgers are expected to offer infielder Marv Breeding, outfielder-infielder Lee Walls, relief pitcher Ken Rowe and first baseman Bill Haas. Haas was in the Dodgers' farm system all season but counted against their 25-man roster under the new first-year player rule.

The Dodgers could give up all four of the "pool players" or none depending on how many they want to part with and how many the Colts and Mets want to buy.

There had been speculation relief pitcher Larry Sherry would be placed in the pool. But the guess now is that the Dodgers think they could make a better deal in a trade.

HENRY JACKSON Tech Team Has 2 From Marquette

HOUGHTON — Two Marquette area natives are on the Michigan Tech Varsity football team this year. They are co-captain Gene Belmore and Henry Jackson. Both Jackson and Belmore are seniors, with Jackson majoring in civil engineering and Belmore in business administration.

Gene plays offensive guard and defensive linebacker as well as calling the defensive signals. He gained All Conference defensive honors last year.

Both are 215 pounders and Marquette Graverat High School graduates. Both also play the same positions offensively and defensively.

GENE BELMORE

Ellsworth Comes To Ishpeming

ISHPEMING — Richard Ellsworth, principal speaker at the combined Ishpeming Midget, Babe Ruth and American Legion Baseball Banquet this Saturday, won 22 games and lost 10 this year in pitching for the Chicago Cubs.

He attended Fresno City College, Fresno, Calif. and makes his home in that city. He is 23 years old and a southpaw hurler. Ellsworth made his first appearance as a Cub on June 16, 1958 in a charity game between the Cubs and the White Sox in which he allowed only four hits and shut out the Chicago Sox, 1-0.

House Asks WBA To Act On Fight

LANSING (AP) — A resolution calling for the World Boxing Association to schedule a world lightweight championship fight between Carlos Ortiz and Muskegon's Kenny Lane has been introduced in the House.

Rep. John Toepp, R- Traverse City, sponsor of the resolution, described it as a "put up or shut up" challenge to the WBA.

The association earlier this year stripped Ortiz of his title for failure to defend and announced it would award the crown to the winner of a fight between Lane and Paulie Armstrong.

Change Made Trouble Just before Lane defeated Armstrong Aug. 19, however, the WBA reinstated Ortiz as champion and proposed a match between him and the Lane-Armstrong winner for the title.

In the controversy, State Athletic Commissioner David Gudulsky withdrew Michigan from the association and the WBA retaliated by kicking the state out of the association.

Ortiz has not signed for a fight with Lane.

Toepp's resolution would have the legislature demand the WBA schedule a fight or recognize Lane as the present champion.

In 1963 Army will meet the Air Force football team in Chicago. The teams will play in 1963 at a site to be chosen by Army.

UM Immortal Makes Grid Back Soon Two MSU Gridders Back Soon

ANN ARBOR — Neil W. Snow, one of Michigan's gridiron immortals back at the turn of the century, has been elected to the Helms Hall College of Football Fame.

Snow played for the Wolverines from 1898 through 1901 as an end and fullback. He played in the first Tournament of Roses game back in 1901 as Michigan defeated Stanford, 49-0.

He was one of Michigan's two 12-lettermen, winning awards in football, baseball and track over a four year period. The other 12 letterman was Pete Elliott, present Illinois football coach, who won four letters each in football, basketball and golf from 1945 through 1947 when freshmen were allowed to compete during the relaxed wartime rules.

Snow was named on Casper Whitney's All-American team of 1901 as end. Of him Walter Camp, later selector of All-American teams for many years, said, "No college ever developed a better all-around athlete."

Snow also was an early football official and a successful business man until his death at the age of 34 in 1914.

Among other Wolverine players to win the coveted Hall of Fame Award were the late Willie Heston, halfback; Adolph (Germany) Schulz, center; Harry Kipke, halfback; Benny Friedman, quarterback; Bonnie Oosterbaan, end and Tom Harmon, halfback.

In addition, three Michigan coaches have been so honored. These men include Fielding H. Yost; Elton E. Wieman and Michigan's present athletic director, H. C. (Fritz) Crisler.

The current selection included ten former All-Americans and seven coaches.

NHL Season Opens With Canadiens

BOSTON (AP) — Montreal unveils the little round man, Gump Worsley, at goalie and Boston takes the wraps off its revamped defense in the 1963-64 National Hockey League season.

EAST LANSING (AP) — Coach Duffy Daugherty was cheered Monday as two previously injured footballers took their bumps in a scrimmage in preparation for Saturday's game against traditional rival Michigan.

Both halfback Ron Rubick and guard Steve Mellinger will probably see action against the Wolverines, Daugherty said.

Dewey Lincoln was listed as a "50-50 chance" for Saturday's game after earlier being termed a "doubtful starter." Lincoln, a senior halfback, suffered a hairline fracture in his jaw as the Spartans dropped a tough one to Southern California last Friday, 13-10.

Rubick, who ran for 429 yards last season, had "some of the old quickness and snap" during the scrimmage, according to Daugherty.

The halfback had been sidelined this year because of a knee operation last spring.

Mellinger, a two-time letterwinner, sprained his ankle and knee before the season began and hasn't seen action.

Worsley, unmasked but far from unfamiliar, was the key acquisition by Les Canadiens in a multi-player trade with New York, which sent goalie Jacques Plante to the Rangers.

Canadiens have some old time firepower in Boom-Boom Geoffroy, Jean Beliveau and Henri Richard, although Dickie Moore has retired.

Ironically, one of the keys to Boston's hopes for a stronger defense is Tom Johnson, drafted from Montreal. Johnson, who fell out of favor with Montreal fans last season, is the central figure on the defense corps with Leo Voivoin. They will work with NHL yearlings Teddy Green and Ed Westfall. Rookie Don Awrey and veteran AHL defenseman Bob McCord round out the group.

Boston, mired in last place for the past three seasons and out of the playoffs for the last four, is staking everything on goalie Ed Johnston who won the job last year.

Chicago opens at home Wednesday against New York and Detroit is at home Thursday to Chicago. Defending champion Toronto opens at home Saturday against Boston.

New High School Site Toured By Teachers

Paul M. Kotila, principal of Gravelaet High School, points to a section of the new Marquette Senior High School construction site during a tour of the site made recently by Kotila and some of the high school faculty members. From left of Kotila are Miss Catherine Hawes, Mrs. Grace Nollberg, Mrs. Ethel Rosten; Wilho Kilpela, engineer representing the Marquette Public Schools; Milton A. Johnson, Robert Ferberg, John Tuttle, Mrs. Julanne Isabelle, Mrs. Jeanette Dembowski and Mrs. Louise O'Dell. Several other instructors are not shown or identifiable. Other group tours will be conducted for the faculty as the construction work progresses.—(Joe Sullivan photo).

puts its untreated effluent into Sewer Creek above the Sturgeon, another tributary of the Menominee. The Norway sewer discharges into the river five miles below Niagara, where Kimberly Clark Corp. has a big paper mill which it is in process of making larger. It will build a new pulping mill there, probably of neutral sulfite process unit. Sulfite liquor from this mill is sprayed on an area on the Michigan side for disposal and there is some discharge into the river, but the new mill will reduce fiber loss as well as chemical loss with a complete chemical recovery system. Joseph Bal, Michigan Water Resources Commission engineer in the U.P., believes that every city in with a sewage collection should have a treatment facility. U.P. cities without them are Norway, Newberry, Wakefield, Lake Linden-Hubbell and Crystal Falls.

Bal said that when he started work for the state in the U.P. in 1949 he called on 12 mines in the Iron River district to check stream pollution by mine pumping. Today he calls on only three, mining having declined that much.

Mine Plants
The new mine plants which benefit low grade iron, he said, create very little water problem at Humboldt, Groveland or Republic. Industry is cooperative with pollution control efforts, he said.

"I have been interested," said Bal "in water protection standards in Canada because we compete for mining industry. I'm told that up to a point the Canadians are more lenient than the States, but beyond that they're very rough in control of mine wastes causing discoloration and deposit of solids. "I expect that our statutes (on water use) are going to change."

Michigan has no legally fixed standards for water quality. It works under a "reasonable use" practice. The federal government has certain water quality standards and some states have them.

Toward Stringent Control
The trend is toward more stringent control of waste disposal in public waters. Many factors are working for this change. The enormity of resource loss like the deteriorating quality of Lake Erie, which is described as a "dying" lake; the increase in outdoor recreational use of public waters, the greater social and cultural conscience of the American people are all affecting regard for natural resources. And the national administration is riding this trend in political strategy.

The result will be that increasingly the municipality, and particularly the industry, disposal of wastes in public waters will have to contend with federal regulation. In preparation for the Menominee conference the Public Health Service had a 60 foot boat doing field work in the river at Menominee last summer and set up a laboratory in the sewage disposal plant there. At Iron Mountain it set up a trailer laboratory for its river studies. The Michigan Waterways Commission hasn't had a report on the findings yet.

Flying Officer Stone Receives Award

Flying Officer Raymond P. Stone (right), who has been attached to the NORAD (North American Air Defense Command) Sector at K. I. Sawyer Air Force Base, receives the U. S. Air Force Air Defense Command commendation award from Col. Richard W. Davania, sector commander. The award was for meritorious service by Stone while serving in the office of information at Sawyer. Stone has been re-assigned to USAF headquarters in Ottawa. —(USAF photo).

Course In German Offered

The public services division of Northern Michigan University in cooperation with the department of language and literature has arranged to offer to Marquette area residents an elementary German course.

This will be a four-hour undergraduate first semester course. It can be followed by a second semester offering if there is sufficient demand.

The course may be taken on a credit or audit basis by those persons who meet college entrance requirements. Many public school teachers and Northern faculty members have shown interest in learning the German language, NMU officials said.

Persons interested in pre-registering for the course may contact the field course and correspondence office at Northern, 223-1341, extension 2134.

TENSION can make you look UGLY

When tension lines your face, when strain of simple nervousness makes you look older than your years, don't depend on headache remedies for relief! Instead get ALVA-TRANQUIL tablets. Unlike aspirin and other ordinary headache remedies that merely relieve pain... Alva-Tranquil tablets are specially formulated to relieve common nervous tension. Doctors often prescribe the ingredients used in the exclusive Alva-Tranquil formula. Here's why... Aspirin and other ordinary headache remedies were never intended to relieve nervous tension. Alva-Tranquil Tablets with their effective sedative action, were especially formulated to relieve this simple nervous tension. Dissolve slowly over a long period of time for continuous release of medication so necessary to relieve nervous tension. So when you feel depressed, jumpy, on edge, get Alva-Tranquil tablets. They're never habit-forming. So safe as directed, you don't need a prescription. Don't depend on headache remedies to relieve nervous tension. Instead, get Alva-Tranquil at all Druggists.

Government Moves To Rule U.P. Rivers; Hearing Set

BY JEAN WORTH
Journal Special Correspondence
The public hearing called by the U.S. Public Health Service for Nov. 6 in Goodfellowship Hall, Menominee, on pollution of the Menominee River has stirred considerable interest and nowhere more than in the Michigan Water Resources Commission.

The commission is the state agency charged with control of pollution, and while the Menominee is interstate waters, being the border of Wisconsin, Michigan obviously has an undivided half interest in the stream, which is the largest river of the Upper Peninsula.

The Michigan Water Resources Commission has been making studies of the Menominee River for years and has what must be the greatest knowledge of the condition of its waters, unless the Federal Government's recent interest has made it more knowledgeable than the state about the stream.

The commission appears not to regard the Menominee as a serious problem area and must be awaiting the Public Health Service hearing with wonder about the motivation. The public interest turns on this point, too.

Questions Raised
The questions being asked most in the state about the inquiry are:

1. Is this inquiry tied in with federal efforts to legislate higher standards of quality for public waters?
2. Does it augur a new relationship in which the Federal Government will play a stronger role in the control of natural resources?

That the Public Health Service is trying out some new muscles is obvious. It has conducted public hearings downstate which pitched for goals which have been posted by the State Water Resources Commission for years. The differences between the agencies are chiefly born of proximity. A federal agency may bring

the might of national authority to the solution of a local problem of resource use or abuse, whereas a state agency like the Water Resources Commission will try for a gentler approach which does not injure an industry and which allows a municipality to plan and finance facilities for waste disposal.

The Public Health Service, which held a conference on the Detroit River last October, set up the Menominee Conference on the Menominee and Brule rivers. The Brule and the Paint rivers come together to form the Menominee west of Iron Mountain.

The Iron River gets some acid mine water and discoloration from three mines pumping out groundwater but there are no major problems on the Brule, Iron River and Stambaugh have sewage treatment plants and Caspian is working on its effluent and Gastra has a septic tank and will be disinfecting its effluent in 1964. On the Michigan side there's nothing reported going into the Brule that's offensive.

Big KC Paper Mill
On the upper Menominee below the Brule, Iron Mountain-Kingsford have a new sewage treatment plant. Norway has no sewage treatment plant and

WDMJ To Air Columbus Talk This Saturday

WDMJ, The Mining Journal radio station, will carry the broadcast of a Columbus Day program at 5:30 Saturday afternoon.

Herbert Lawrence, grand knight of the Marquette Council, said the broadcast will feature an address by Supreme Knight Luke E. Hart, head of the million-member fraternal benefit society of Catholic men, the Knights of Columbus. Hart, who has been a member of the supreme board of

directors of the organization since 1918 and has held the office of supreme knight since 1953, initiated many of the society's major projects. The theme of Hart's Columbus Day address is "Christopher Columbus — the Man, his Challenge."

U. S. Farm Population Down 1,320,000

COLUMBUS, Ohio (AP) — Ohio State University extension economists say the farm population in the United States totaled 14,313,000 in 1962. This was about 1,320,000 fewer than in 1960.

They're here now—the all-new Falcons for 1964! We've kept the economy that made Falcon famous. (Falcon's Six still holds the all-time Mobil Economy Run record for Sixes or Eights.) But we've changed everything else. New style, new comfort, new convenience and the plushest ride a compact ever had. Come test-drive the '64 Falcon soon!
