Marquette Graveler High School football team meets all-winning Sault eleven tonight. Story on Page 8.

Admits Killing

Daniel Tait, 13, is shown being led to an interrogation room at Bellflower, Calif., Thursday after his arrest in connection with the knife and gun killing of a babysitter at his home Wednesday night.

Erhard Bids For German Unification

BONN, Germany (AP) — Chancellor Ludwig Erhard bid for reunification of Germany today by urging the Big Four powers that defeated Hitler to work jointly on German affairs until a final peace treaty is signed.

While expressing firm support of the North Atlantic Alliance, Erhard warned he would not accept any measure that "sanctions or consolidates the unnatural division of our country."

"We are told that the division of our country is a reality which has to be accepted," Erhard said. "Of course it is a reality, but it is an unbearable one."

The Weather

Forecast for Marquette and vicinity: Fair and mild tonight, low 30-35. Saturday, generally fair and warm, high in the mid 70's. Outlook for Sunday: Partly cloudy and mild.

Forest Fires Spread

CHICAGO (AP)—Emergency measures aimed at curtailing the fast-spreading fires across many of the nation's parched forest lands have been taken by more states.

As autumn's severe drought continued, the fire situation, mainly in the Northeast and in sections of the Midwest and South, was critical in many areas.

There appeared no general break immediately in the prolonged dry and unseasonably mild weather. Property and crop damage mounted into the millions of dollars.

Forest fires have been reported in more than a dozen states.

In the East, Massachusetts and Connecticut joined New Hampshire and Vermont in ordering woodlands and brushlands closed to the public because of the dry conditions and the outbreak of scores of fires.

All state forest and park lands in Pennsylvania were ordered closed to public use of any type, effective at noon today.

The fire danger in York County, Maine, was classified as explosive—the highest rating—and other parts of southern Maine were described as very dangerous. A ban on smoking and open fires remained in effect in southern sections, about 10 per cent of Maine.

In the Midwest, several state forests have been closed in Illinois. In Missouri, there was a ban on all picnic and camp fires in all state parks.

The Kentucky State Forestry Division director plans to ask for the closing of all state forests because of the serious fire threat. The division reported 36 fires which burned nearly 900 acres in 30 counties Thursday.

Michigan also has acted, banning fires in forests, fields and woodlands.

In New Hampshire, William Messeeck, director of the division of resources, said the state is on the brink of a major fire unless there is heavy rainfall.

The closing of woodlands in Connecticut delayed the state's upland game and duck hunting season.

King told a news conference at Detroit Thursday that should Birmingham city officials refuse to meet his demand that 25 Negro policemen be hired, the city will witness "the largest demonstration it has seen so far."

"Not only will I call upon all Negroes and white people of good will from Alabama to take part," King said, "but I will issue a call throughout the nation for such persons to help bare the injustice in this troubled and difficult city."

HONG KONG — The Hong Kong government, acting on information supplied by the Chinese Communists, has cracked a Nationalist Chinese spy ring in this British colony, local press reports said today.

ATHENS, Greece — Screaming left-wing demonstrators clashed with police in central Athens Thursday night. Sixty persons, including 24 police, were reported injured.

BELGRADE, Yugoslavia — A ship built for Burma was sent on a trial run Thursday. Speeding down the Danube, it suddenly changed course and capsized, spilling most of the 35 persons aboard. Five were missing and presumed drowned.

VATICAN CITY (AP) — The Vatican Ecumenical Council voted qualified approval today to changes in the Roman Catholic sacraments, such as baptism, penance and matrimony.

The changes will permit use of modern languages in the rites and will give extreme unction a new name, "anointing of the sick."

Only 30 of 2,214 prelates voted against the chapter. But outright approval came from just 1,130. The other 1,054 gave approval but with reservations.

The result was that the chapter failed to get a definite two-thirds majority of 1,477.

The council already had approved 10 amendments to the chapter, one by one, by overwhelming majorities earlier in the week.

MOSCOW — The Soviet Union launched No. 20 in its Cosmos satellite series today, Tass announced. These unmanned satellites carry scientific instrumentation for continuing space studies, in a program announced March 16, 1962.

Flu Forces Tito To Revise Plans

WILLIAMSBURG, Va. (AP) — Yugoslav President Tito, a tough old World War II guerrilla fighter, postponed his flight to California today because of the flu.

A State Department spokesman said Tito was running a temperature of 100.2 degrees and decided to call off the morning flight on advice of his physicians.

Abner Biddle Duke, State Department chief of protocol, said Tito was running a temperature Thursday when he met in Washington with President Kennedy.

The Communist leader canceled his night events here Thursday night and retired to his room immediately after returning from Washington.

This morning he had a light breakfast and remained in the old home where he has been staying here.

It was unknown how soon Tito would continue his scheduled trip to Castle Air Force Base in California and Yosemite National Park.

He also was scheduled to visit San Francisco before going to New York next week to address the United Nations General Assembly.

In Washington, the White House said President Kennedy was informed of Tito's illness at 8:30 a.m. and sent him a get well telegram.

The White House offered the services of a doctor but was informed this would not be necessary since Tito's personal physician is with him.

Doctors To Decide An aide said Tito and his two private physicians will decide around noon whether it will be safe for him to proceed to the West Coast Saturday.

News In Brief

UNITED NATIONS, N. Y. — The United Nations Assembly elected Bolivia and Ivory Coast today to serve on the security council, but Communist Czechoslovakia and Malaysia were locked in a close contest for a third seat.

TOKYO — Foreign Minister Masayoshi Ohira urged the Japanese people today to accept visits of U. S. nuclear submarines.

HONG KONG — The Hong Kong government, acting on information supplied by the Chinese Communists, has cracked a Nationalist Chinese spy ring in this British colony, local press reports said today.

ATHENS, Greece — Screaming left-wing demonstrators clashed with police in central Athens Thursday night. Sixty persons, including 24 police, were reported injured.

BELGRADE, Yugoslavia — A ship built for Burma was sent on a trial run Thursday. Speeding down the Danube, it suddenly changed course and capsized, spilling most of the 35 persons aboard. Five were missing and presumed drowned.

The changes will permit use of modern languages in the rites and will give extreme unction a new name, "anointing of the sick."

Lord Home Chosen As Prime Minister

LONDON (AP)—Lord Home was named today to be Britain's new prime minister—the man who must try to carry the Conservative party to victory in elections within the next year.

The soft-spoken but incisive foreign secretary, 60, was appointed by Queen Elizabeth II to be her first minister at the urging of retiring Prime Minister Harold Macmillan.

Midnight Rebellion The choice of the Scottish peer, who advocates a firm but realistic policy toward the Soviet Union, came despite a midnight rebellion within the Tory party.

Home himself had kept clear of the power struggle over the past few days. Friends said he was reluctant to shed his title in order to take over the government.

But Home was all smiles when he drove to Buckingham Palace to see Queen Elizabeth II.

Later, in a statement to newsmen from the front stoop of No. 10 Downing St., official residence of British prime ministers, Home said:

"Her Majesty has asked me to form an administration and so now for the rest of the afternoon I shall be seeing my colleagues and consulting them. I shall be here for the rest of the day, hard at work. It is a great honor to be asked to do this. I think I had better get on to work now."

It was announced Home would make a five-minute television address to the nation tonight (3 p.m. EST).

"It's Lord Home!" Crowds gathered outside the palace knew at once that the struggle inside the party was over and that Home would become the next prime minister.

"It's Lord Home! It's Lord Home!" came the cry as his car rolled into the palace courtyard. Shortly thereafter came confirmation from Buckingham Palace.

"The Queen has received the Earl of Home in audience and invited him to form an administration."

Although the selection of Home may leave scars on the Conservative party, Macmillan had chosen a man he could trust in the critical field of foreign affairs — and a man well known to Britain's chief ally, the United States.

Home has served Macmillan as foreign secretary since July 1960. He acquired prestige through his efforts to ease East-West tension without surrendering vital Western interests to the Soviet Union.

Home takes over from Macmillan at a low ebb in Conservative party fortunes. Britain must have a national election for a new Parliament sometime within the next year. Lord Home will select the date.

Many signs indicate that the election may bring a triumph for the Socialist Labor party of Harold Wilson, out of power for 12 years.

Home was a member of Communist Party.

mons from 1931 to 1945 and from 1950 to 1951, when he succeeded to his father's earldom. Although he had held a variety of government posts, including five years as commonwealth secretary, Macmillan's appointment of Home as foreign secretary in 1960 aroused controversy and ridicule. But Home proved to be an outstanding foreign secretary—lucid, firm and by no means the puppet his detractors expected him to be.

It was announced Home would make a five-minute television address to the nation tonight (3 p.m. EST).

"It's Lord Home!" Crowds gathered outside the palace knew at once that the struggle inside the party was over and that Home would become the next prime minister.

Ship Union To Protest Trusteeship

MONTREAL (AP) — Members of the Seafarers' International Union have been instructed to start leaving their ships at noon today in preparation for a protest march on Ottawa Monday.

In Ottawa, demonstrations will be staged in front of the Parliament buildings to protest passage of legislation placing Canadian maritime unions under a federal trusteeship for three years, in an effort to end labor violence on the Great Lakes.

The legislation was approved by the Senate Thursday night and now awaits only royal assent.

There was no indication how long the protest might last. Nothing in the instructions ordered the men to return to their ships after the Ottawa demonstrations.

MOROCCANS Recapture 2 Outposts

ALGIERS (AP) — Crack Moroccan troops have recaptured two Sahara Desert outposts but Algeria vowed today that "the fighting is not stopping."

Talks in Marrakech, Morocco, brought no cease-fire in the undeclared border war, and the Algerian negotiators flew back to Algiers.

The Algerians claimed Morocco's ultimate objective is the oasis of Tindouf, an important iron mining center in western Algeria. The village of Tindouf, which has a population of about 1,500, is near the borders of Morocco and Mauritania and about 180 miles southwest of the battle zone.

An outnumbered, poorly equipped Algerian force of about 600 retreated Thursday from Hassi Beida and Tindouf, the outposts 900 miles southwest of Algiers. Apparently they had changed hands several times since fighting broke out Tuesday.

MOROCCAN Gen. Ben Omar Driss told Associated Press correspondents Tuesday that his orders were to hold the two posts.

ARGENTINA: Police Use Tear Gas To Quell Mob

BUENOS AIRES, Argentina (AP) — Police Thursday night fired shots and tear gas to disperse a Peronist crowd of 60,000 to 100,000 that marched on the National Congress after hearing a recorded speech by former dictator Juan Peron.

The dictator, living in exile in Spain, had urged his followers to reorganize and "build a stronger Argentina."

"Never has unity been needed among the Peronists as it is today," he said in the speech to a rally apparently aimed at pressuring the government into lifting its ban on the Peronist party.

After the rally, the crowd began marching toward the Congress Building 10 blocks away, chanting "Peron! Peron!"

Two blocks from the Congress, they were met by police units who opened fire and waded into the crowd with rubber truncheons.

Several Injured The marchers fled after only scattered resistance, but several persons were injured.

Astronaut Team To Be Increased

HOUSTON, Tex. (AP) — The U.S. space team for two-man rendezvous missions and three-man moon shots was to be increased today with the selection of 10 to 16 new astronauts.

Informed sources identified three potential members of the group in advance, but the Manned Spacecraft Center said strict secrecy on names would be maintained until the afternoon news conference announcement.

Two of the three arrived Thursday night but declined comment as they stepped from a commercial jet plane from Los Angeles.

They are Capt. Charles A. Bassett, 30, and Theodore C. Freeman, 33. Both are from Edwards Air Force Base, an advanced pilot training installation that supplied nine of the 16 astronauts selected in 1959 and last year.

They were met at Houston's International Airport by a spacecraft center security guard. This is a courtesy normally accorded only astronauts and Washington dignitaries.

Informed sources also indicated another Edwards pilot, Capt. David R. Scott, 30, had been added to the space team. Scott was known to have spent Thursday with San Antonio relatives but was unavailable for comment.

The ages of Scott and Bassett third group of astronauts would be the youngest, averaging about 30 years. The 21 applicants for the group had to be no older than 34 as of June 30.

Others Nine men selected last year averaged 32.5 years. The seven Mercury astronauts averaged 34.5 years in 1959.

2 Negro Pupils Gain Acceptance

BIRMINGHAM, Ala. (AP) — Dwight Armstrong is vice president of his sixth grade class. The most remarkable fact about this is that Dwight and his younger brother, Floyd, are the only Negroes in Graymont Elementary School.

Floyd also is gaining acceptance among his white classmates. Just the other day, he said, he was surprised when he was picked to captain the touch football team that day.

Dwight, 11, and Floyd, 10, made history along with 20 other Negroes in Birmingham, Mobile, Huntsville and Tuskegee when they attended white schools—under federal court orders.

The early furor over school desegregation apparently is dying down and Dwight and Floyd both note a growing acceptance by the other pupils.

"I feel kind of like I used to go to school. No different. I feel better," Dwight said during an interview. The more talkative of the two boys, he looked at Floyd.

"I feel natural, like I usually feel," Floyd said. "They admit their feelings are quite different than when they entered the school in early September. Then they were nervous, excited and — as they remember it — alone."

Left Fear In Jail "I said to myself, 'I don't care what they say. I know who I am and what I am,'" Dwight said, explaining his initial reaction.

Their father, James Armstrong Sr., a Birmingham barber, has an explanation for his boys being tense, but not afraid: "They went to jail during the demonstrations. I guess that got the fear out of them."

There have been a few incidents — an occasional trip, or push, but nothing unpleasant lately, Armstrong, who moved into the neighborhood five years ago, keeps a guard at his house all night, and the family rarely turns on the lights in the front of the house — just in case.

Study Hard Dwight and Floyd study hard. Both brought home good report cards this week.

Cuban Exiles In Leadership Struggle; Too Many Chiefs, Not Enough Indians

By ROBERT BERRELEZ SAN JOSE, Costa Rica (AP) — The next flareup in Latin America may be among Cuban exiles fighting to see who'll lead the war against Fidel Castro.

The reason: Too many chiefs, not enough Indians. This is an impression gathered by this reporter on a four-week, 1,000-mile inquiry into reports of a new military buildup to bring down the Castro regime.

There is no firm evidence in support of these reports. Biggest 'Buildup' A quick, tempting conclusion is that the biggest "buildup"—all vocal—is in Miami, Fla., among the Flagler street commandos who've been charting Castro's downfall for more than three years.

Central America, however, is a big and inviting site for anti-Castro training bases. Its 174,000 nearly deserted square miles—bigger than California—could provide cover for most of Latin America's armed forces.

Exception And within its five-nation group—Guatemala, El Salvador, Honduras, Nicaragua, and Costa Rica—are four governments which probably would welcome a chance to provide the launching pad for a new offensive against Castro. Costa Rica is the exception.

one of the most backward works of Latin America. "What? Somoza helping liberate Cuba?" exclaimed a Nicaraguan doctor wryly. "Why doesn't he liberate his country first?"

The reference was to Luis Somoza, Nicaragua's ex-president and one of two heirs to the Somoza dynasty that has ruled that country 30 years.

Somoza has injected himself into the anti-Castro ranks through a close association with Manuel Artime, political leader of the ill-fated Bay of Pigs invasion.

Final Objective Somoza says he is helping Artime and the Miami-based Cuban Liberation Committee rally

all exiles behind a single standard to prepare and deliver—with the help of experts—small but effective sabotage and harassment stabs at Castro within Cuba.

Forest Fire Danger In Area Still 'Explosive'

Forest fire danger in this area and in most other sections of the Upper Peninsula remained at an "explosive" point this morning.

That's the report today from the Marquette regional office of the Michigan Department of Conservation, which made a desperate appeal for cooperation of hunters and other persons entering the woods or open areas.

An "explosive" condition results when the forest fire hazard reaches an index of 50 or over. It's been that way most of the week.

The unprecedented dry spell is making the woods a virtual tinder box, with even swamps drying up and becoming potential fire hazards.

Only the dry spell in 1947,

when October had its warmest mean temperature in a half century, can compare to this fall's hazardous conditions, conservation personnel observe.

"If hunters don't obey the Governor's proclamation banning smoking and campfires in the woods, we'll have plenty of trouble this weekend," John Kampinen, Marquette, regional dispatcher for the conservation department, said this morning.

"Hunters are finding that it's easy to see partridge now that leaves are down. Conditions are excellent for hunting and there'll be lots of bird and duck hunters and archers out this weekend. We're hoping for their cooperation in preventing forest fires."

No new forest fires were reported yesterday or this morning in Marquette County.

However, the area hasn't had a measurable amount of rain since Oct. 3 and none is predicted for the weekend.

Humidity Helped

Yesterday the burning index, which gives a numerical rating to the fire danger, was up to 46 in the Marquette area. A high relative humidity and low winds kept the index from passing the 50 mark yesterday.

Kampinen noted that the humidity was expected to be lower today and strong winds were predicted, so that the index would probably pass 50 again in the Marquette area.

Ishpeming Blaze

Firefighters were out again today at the 80-acre muck fire west of Ishpeming and east of Clarksburg. The fire, which started Oct. 1 from a railroad flare, smolders underground and breaks through in scattered places. The ground in the area is too soft for heavy firefighting equipment.

Can Be Fined \$100

Violators of the Governor's ban on burning face a possible \$100 fine and/or a three month jail sentence. Minimum fine is \$25.

Gov. Romney prohibited:

- Pipe, cigar or cigarette smoking "except at places of habitation, authorized improved campgrounds or in any automobile or vehicle operating on highways and roads."
- All burning of rubbish, slashing, brush piles or stumps.
- All camp fires except at authorized camp grounds.
- Throwing from vehicles any matches, ashes, burning tobacco or other burning material.

Speakers at the two-day conference of Upper Peninsula extension staffers for Michigan State University were Dr. Russell Mawby (left), East Lansing, state 4-H program leader, and Richard T. Hartwig, Marquette, U. P. farm economist. They are shown at the dinner meeting held last night in the Hotel Northland. (MSU photo.)

Mawby, Hartwig Address U.P. Extension Staffs At Two-Day Conference Here

State 4-H Program Leader Dr. Russell Mawby of East Lansing and Michigan State University Extension Economist Richard T. Hartwig of Marquette addressed the Upper Peninsula extension staff at a two-day conference which ended today in Marquette.

Hartwig was chairman of the conference, during which community service requests for the coming year were scheduled.

Speaking at a dinner last evening in the Hotel Northland, Dr. Mawby predicted the state 4-H enrollment now over 73,000, would jump to over 95,000 by 1970.

Pointing out that 4-H programming was unique due to the fact that there is a direct channel to the university educational resources, Dr. Mawby said the youth movement "provided today's young people an opportunity to learn to work and appreciate the dignity of their labors, teaches boys and girls how to live in an age of technology and science, helps in selecting a career, teaches political responsibilities, leadership skills and personal values."

Pointing out that most 4-Hers in Michigan were from middle class families, Dr. Mawby said the State 4-H Council was currently concerned with the 40 per cent of the state's youth who have been bypassed by the main channels of community life and are not members of any youth or community organizations.

"We could help much," he said, "if each of the state's 4,000 4-H Clubs would take in just one of these boys and girls and make them feel they are a part of today's society."

Construction, Maintenance Jobs On County Roads Told

Construction and maintenance work carried out on highways and county roads in Marquette County was listed today by H. L. Schroeger, Marquette, road commission superintendent - engineer.

Schroeger said that on state trunklines in the county five cubic yards of gravel, 35 tons of crushed gravel and 38.5 tons of blacktop were used in carrying out road and shoulder surface patching.

Fifty guard rail posts were painted, 10 guard rail posts were replaced, 18 dead trees were removed from roadsides and 65 cubic yards of rubbish was picked up from roadside table sites.

County Road Work

The blacktop paving project on County Road 480, as carried out in cooperation with the Federal Government, was completed during the month, with 6.2 miles of road surface paved and 10.3 miles of gravel shoulders constructed.

He said 1,138 cubic yards of gravel, 14,183 tons of crushed gravel, 57.5 tons of calcium chloride, 2,275 gallons of asphalt prime and 5,876 tons of bituminous aggregate were placed in completing this work.

Mrs. Koval Dies At 74 In Hospital

Mrs. William (Lottie) Koval, 74, of 226 W. Prospect St., died at 3 this morning in St. Luke's Hospital, where she was a patient four days. She had been ill two years.

Mrs. Koval was born Aug. 19, 1889, in LaPorte, Ind., and had moved to Big Bay in 1914. She was a resident of Marquette since 1940.

Survivors are her husband, William; a daughter, Mrs. James (Betty) Jannausch, Marquette; two brothers, Chester Cram, Traverse City, and George Cram, Livonia, and five grandchildren and several nieces and nephews.

Services will be held at 2 Monday afternoon in the Fassbender Funeral Home with the Rev. Norbert P. Smith, pastor of the First Methodist Church, officiating. Burial will be made in Park Cemetery.

Obituary

MRS. CONRAD A. ANDERSON

Services for Mrs. Conrad A. (Helen M.) Anderson, who died Wednesday morning in St. Luke's Hospital, will be held at 11 tomorrow morning in the Swanson Funeral Home with the Rev. Norbert P. Smith, pastor of the First Methodist Church, officiating.

Palbearers will be Kenneth Goldsworthy, Lowell Price, Edward Clulo, Russell Ward, Melville Rich and Arthur Mattson. Burial will be made in Park Cemetery.

Friends may call at the funeral home this afternoon and evening.

MRS. JOSEPH MAKI

Mrs. Joseph (Alvi) Maki, 78, Route 1, Skandia, died yesterday.

Hot, Dry Weather To Continue Here

An unprecedented autumn drought and heat wave, which was scheduled to end around Sunday, now is expected to continue even longer.

That's the word from the U.S. Weather Bureau Station here today.

Around a quarter inch of rain had been predicted for Sunday, but this morning the amount due in the area is expected to be only a tenth of an inch or less, and it won't occur until late Sunday or Monday.

Southerly Air Flow

Causing the heat and dry spell is a vast high pressure ridge extending over the eastern portion of the nation and remaining stationary. This, notes Meteorologist Emil Ellingson, is causing a southerly flow

of air into the northern Midwest.

In Marquette, the mercury shot up to 75 again yesterday afternoon. It was the 11th time this month the temperature has been in the 70s or higher.

On five days it was in the 80s. Warmest weather during the month was on the 1st, when it was 85 degrees.

Way Above Normal

Yesterday's low temperature here was 57, for a mean reading of 66, which was 18 degrees above normal. For the month (there have only been two days with subnormal means), the temperature is averaging 9.0 degrees above normal.

This is the warmest October since 1947, when October was the hottest in over 50 years.

Construction people, homeowners (with an eye on fuel bills) children and most other persons are enjoying the balmy October, but conservation personnel and others going into the woods are vitally concerned with the explosive forest fire hazard (see local story).

In 70s Most Of Day

It was in the 70s here from 11:30 yesterday morning to 5:45 yesterday afternoon, with the day's maximum of 75 recorded at 3 p.m.

It was warm throughout the Upper Peninsula yesterday, although it was somewhat cooler on the Lake Michigan shoreline, as the breezes there were off the lake. At the county airport in Negaunee Township it was 69. Sault Ste. Marie had a high of 77, Calumet 67 and Escanaba 66.

During the night in Marquette it dropped to 54 and it was expected to go into the mid-70s here again this afternoon.

Tonight's low will be between 50 and 55. Tomorrow's high also will be in the mid-70s, with generally fair weather.

Rainfall for the month totals only .18 of an inch, or 1.15 inches below normal. Precipitation for the year amounts to only 18.40 inches, over six inches below the average.

Long-Range Outlook

Ellingson said the long-range forecast for this area, covering the period through Wednesday, calls for temperatures to average 10 to 12 degrees above the normal extremes of 53 and 39, with some cooling expected in the early part of the week, but temperatures generally holding well above the seasonal normals.

Rainfall during the next five days is expected to be a tenth of an inch or less in this area, occurring as a few scattered showers next week.

House Here Damaged By Blaze

Fire yesterday afternoon caused extensive damage to the residence of William R. Degarmo, 2311 Fitch Ave.

Firemen said the blaze broke out in the davenport in the living room on the first floor. It spread to the ceiling and walls and was extinguished by firemen by use of booster hoses off the No. 4 (750-gallon) pumper.

No one was home at the time, but firemen believe the blaze may have started from a cigarette having been left on or near the davenport.

Use Gas Masks

A passerby apparently saw the flames and smoke and called firemen.

The house was filled with smoke on arrival of firemen, who were summoned at 4:40 p.m., and two firefighters had to enter the house with oxygen masks on.

The furniture in the living room of the story and a half frame dwelling was destroyed and the walls and ceiling were badly charred, it was reported.

Part Insurance Coverage

Firemen said the owner had insurance on the building, but no insurance to cover the contents.

Fifteen firemen responded to the call, in the Nos. 2 (1,000-gallon) and 4 pumps and the service truck. They returned to the station at 5:36 p.m.

Motorist Injured In Mishap Here

A woman was injured, two automobiles were damaged and she was ticketed as a result of a traffic accident at 9:55 yesterday morning on S. Fourth St. at Baraga Ave.

City police said Judith G. Carlton, 25, of 1401 Woodland Ave., driving north on S. Fourth St., lost control of her car, which went to the right and smashed into an automobile owned by Adord D. Clement, 742 Bluff St., which was parked about 100 feet north of the Baraga Ave. intersection.

Mrs. Carlton and her daughter, Carrie, 3½, were taken in the city ambulance to St. Mary's Hospital, where the mother was treated for a badly bruised left ankle and a skinned right knee and a skinned right elbow. The daughter apparently was not injured.

Mrs. Carlton told officers she had applied the brakes on her car to slow down for the Baraga Ave. intersection and in doing so her daughter fell from the seat. She attempted to reach for the child and in doing so the vehicle swerved to the right.

Clement's car was shoved against a utility pole.

Both Towed Away

Extensive damage resulted to both rear fenders of Clement's car, a 1963 sedan, and to the right front of the Carlton automobile, a 1961 four-door sedan. Both vehicles had to be removed from the scene by wreckers.

City police kept the accident open for investigation and issued Mrs. Carlton a ticket for driving with an expired operator's license.

House Here Damaged By Blaze

Fire yesterday afternoon caused extensive damage to the residence of William R. Degarmo, 2311 Fitch Ave.

Firemen said the blaze broke out in the davenport in the living room on the first floor. It spread to the ceiling and walls and was extinguished by firemen by use of booster hoses off the No. 4 (750-gallon) pumper.

No one was home at the time, but firemen believe the blaze may have started from a cigarette having been left on or near the davenport.

Use Gas Masks

A passerby apparently saw the flames and smoke and called firemen.

The house was filled with smoke on arrival of firemen, who were summoned at 4:40 p.m., and two firefighters had to enter the house with oxygen masks on.

The furniture in the living room of the story and a half frame dwelling was destroyed and the walls and ceiling were badly charred, it was reported.

Part Insurance Coverage

Firemen said the owner had insurance on the building, but no insurance to cover the contents.

Fifteen firemen responded to the call, in the Nos. 2 (1,000-gallon) and 4 pumps and the service truck. They returned to the station at 5:36 p.m.

Construction Spurt Reflected Here In Building Permits

A final spurt in construction before winter resulted in a building permit valuation of \$105,500 last month, City Assessor John R. Meyers reports. The 16 permits issued last month exceeded the value of the 15 permits issued in September last year, which totaled \$61,800.

For the first nine months of the year, valuation of building permits is more than the value of permits issued during the same period last year.

Through the end of September, 88 permits with a valuation of \$1,445,350 were issued. During the same period last year, 87 permits carrying a valuation of \$977,500 were issued.

NMU Addition

A big boost to this year's building permit valuation was provided by a permit issued in April for a \$935,000 addition to the Northern Michigan University Center.

Permits issued last month included two to American Oil Co., one for a \$20,000 service station at the corner of Hampton and S. Front Sts. and the other for the relocation of the company's bulk storage plant on Wright St.

Other permits issued last month included permits for four homes and a \$25,000 apartment building, seven for residential additions, one for a garage and one for a commercial addition.

Permits for new homes

Permits for new homes were issued last month to Robert Gerndt, contractor, for dwellings at 1409 and 1407 Garfield Ave., to Norman Bergh, contractor, for a home on Alouez Dr., and to Robert Hoppe, W. Kaye Ave.

A garage permit was issued to Peter Blondeau, Werner St.

Residential Additions

Permits for residential additions

were issued to James Shaw, 512 E. Prospect St., Ike Rushford, 1108 Lincoln Ave.; Jennie Lahti, 1620 Wilkinson Ave.; Robert Schmeltzer, 1617 Presque Isle Ave.; Fred Bittner, 611 N. Third St.; Seth Juneau, 332 Mesnard St.; and Ivan Hood, 135 E. Kaye Ave.

A permit for commercial alteration was issued to Russell Peterson, contractor, for store front remodeling at Stern and Field.

Statistical Breakdown

A breakdown of the statistics for last month follows:

Residential construction: five permits, \$67,000.
Garages: one permit, \$500.
Residential additions and alterations: seven permits, \$13,000.
Commercial: two permits \$35,000.
Commercial additions: one permit, \$10,000.

1962 Figures

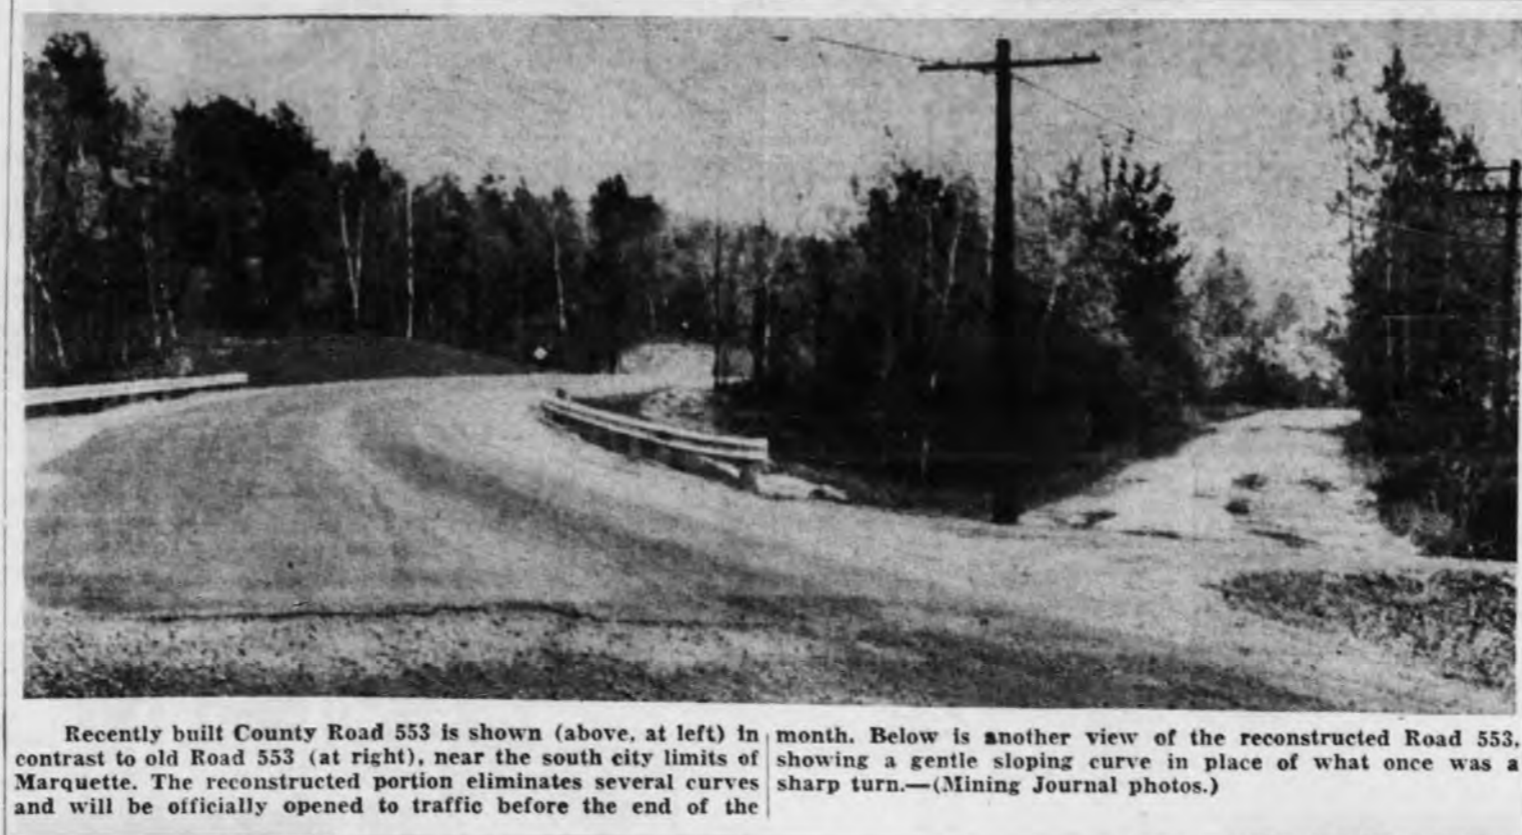

Comparative figures for the same month in 1962 showed the following:

Residential construction, six permits, valued at \$53,000; residential additions and alterations, six permits, valued at \$5,800; garages, three permits, valued at \$3,000.

Cumulative Data

Cumulative statistics for both years follow, with the 1963 figures listed first and the 1962 figures following in parentheses:

Residential construction: 28 permits, \$317,000 (38 permits, \$351,000).
Residential additions: 25 permits, \$32,500 (28 permits, \$29,400).
Garages: 22 permits, \$19,050 (20 permits, \$15,600).
Commercial: seven permits, \$103,000 (five permits, \$75,000).
Commercial additions: five permits, \$38,500 (six permits, \$106,500).
Institutional: one permit, \$935,300 (one, \$400,000).

Recently built County Road 553 is shown (above, at left) in contrast to old Road 553 (at right), near the south city limits of Marquette. The reconstructed portion eliminates several curves and will be officially opened to traffic before the end of the month. Below is another view of the reconstructed Road 553, showing a gentle sloping curve in place of what once was a sharp turn.—(Mining Journal photos.)

Major Portion Of County Road 553 Project Finished

Major portion of the reconstruction project for County Road 553 scheduled for this year has been completed, it was announced today.

The relocated highway is expected to be officially opened for traffic before the end of the month, according to H. L. Shroeger, Marquette, superintendent-engineer of the Marquette County Road Commission.

Finished is the portion of the work from the Carp River Bridge south. Part of the completed improvement is paved and part of it is not paved.

The latest segment finished, and done under contract with A. Lindberg & Sons, Ishpeming contracting company, is a 1.1-mile section south from the Carp River, in the City of Marquette and in Sands Township.

Of that total, the city paid for one-half of the portion within the city limits (or about \$43,000). The Marquette County Road Commission paid for half of the other portion, with the Federal Government underwriting half of the cost of the entire project, under its FAS (Federal Aid Secondary) road program.

The large amount of traffic on Road 553 made it imperative that the county undertake the improvement program.

The overall contract price for this year's work is about \$122,675. This, however, Shroeger noted, does not include the blacktopping work, which will run about \$10,000.

Next year's work, Shroeger noted, will be subject to the approval of the Marquette City Commission, which will decide the extent of the work after learning of the engineering and cost studies, after conferring with the road commission.

ty will be able to jointly let the contract next year, he added. The FAS funds also will pay for half that program.

Await Cost Studies

Since this portion is entirely within the Marquette city limits, the city will have to pay for one-half of the cost (under terms of the normal FAS program), it was explained.

Next year's work, Shroeger noted, will be subject to the approval of the Marquette City Commission, which will decide the extent of the work after learning of the engineering and cost studies, after conferring with the road commission.

Construction of 100 family housing units for K. S. Sawyer Air Force Base has been approved by the Senate Armed Services Committee.

No amount of the estimated cost of construction was listed in the announcement, made yesterday in Washington.

The bill, approved earlier, authorizes military construction in excess of \$1.6 billion in the year which started July 1.

The House on June 5 passed a somewhat different version of the measure. All changes are subject to action later by a Senate-House conference committee.

The first phase of the program, also done by Lindberg, is the portion from where this year's work ended, south for another 1.67 miles, and was done last year for around \$166,000.

Blacktopping Cost Extra

That work also was paid for on a 50-50 basis by the local (road commission) and Federal Government (FAS), with the county paying for the blacktopping (which came to around \$12,000).

Future plans, which are anticipated to be carried out next year, call for completion of the Road 553 work from the Carp River Bridge, within the Marquette city limits, northward to Pioneer Rd.

This will call for a complete relocation of the highway, and will eliminate two dangerous right angle curves, Shroeger said.

An engineering study is now being made of the work and it is hoped that the city and county

couples may serve if they have no dependents and if both husband and wife qualify for the same program. Candidates should be in good physical condition.

Liberal arts college graduates, and others with a "general" education, have performed so well overseas in teaching community development programs that the Peace Corps is seeking more persons with this type of background. However, a college degree is not required.

The Peace Corps has received thousands of requests for volunteers with skills in engineering, agriculture, health, carpentry and other skills, social work, and education of all types and at all levels. Several hundred different job skills are included in these requests.

The Peace Corps pays all the travel and living expenses of the volunteer and furnishes administrative support to him abroad. In addition, the volunteer receives a readjustment allowance of \$75 monthly upon completion of his service.

Money to build the projects would be considered in separate legislation.

Other Michigan projects include: Air Force — Kincheloe AFB, Sault Ste. Marie, operational, maintenance, troop housing, community facilities, \$808,000 and Wurtsmith AFB, Oscoda, supply facilities, troop housing, community facilities, \$547,000.

Bank Debits Here Rise 14 Per Cent; Highest In Region

Marquette's bank debits soared 14 per cent last month and the city's remained the highest for any community in the Upper Peninsula.

This business indicator report was listed today by the Ninth Federal Reserve Bank of Minneapolis.

Marquette's debits last more than the \$1,065,306, as compared to \$1,855,000 for the same month last year. For the year, Marquette's bank debit cumulative total is 10 per cent higher than last year, at \$176,845,000.

Second highest debit total for the region for September was Sault Ste. Marie's \$14,916,000, slightly over the total for the same month of last year.

P. P. Figure Up

The \$129,388,000 total for the 20 cities listed in the Federal Reserve Bank's bulletin last month represented a 13 per cent increase over the corresponding figure for last year.

For the year, the 20-city Upper Michigan total is \$1,131,600,000, or six per cent less than the \$1,065,306,000 amount for the January through September total in 1962.

Ishpeming's bank debits last month jumped 50 per cent, to \$9,136,000, compared to \$6,107,000 for September 1962. The cumulative figure was \$76,533,000, or 30 per cent more than last year.

Debits for Negaunee jumped 12 per cent, to \$3,428,000, last month, while the year's figure dipped 11 per cent, to \$30,119,000.

Munisising Figure Higher

Munisising bank debits amounted to \$2,084,000, a seven per cent hike over last year's September total. For the year, debits gained two per cent, to \$17,475,000.

Debits for L'Anse totaled \$2,795,000, an 11 per cent boost, in September. For the year, the

edians who will kick off ABC's "Laughs for Sale" next Sunday includes Mickey Rooney and Cara ("Pete and Gladys") Williams. The object of the show, replacement for "100 Grand" is to give some exposure to the work of untried comedy writers—and if it works it will be a television boon.

Although television's rating services had some rough going last season before a congressional committee, the industry and the advertising agencies are still paying breathless attention to estimates of audience sizes, particularly those of the Nielsen organization.

U. P. Figures Given

City	1963	1962
Calumet	\$4,846,000	\$4,976,000

\$129,388,000		\$114,655,000

Senate Near Floor Action On Tax Plan

LANSING (AP)—Gov. George Romney's "jobs and justice" program today awaited Senate floor action after being jarred loose from committee by a Democrat determined to "get fiscal reform moving now."

Senate minority leader Charles Blundy of Detroit engineered the unprecedented dumping of all legislation before the Senate taxation committee onto next Monday's Senate calendar.

It was the first break in weeks of stalemate over Romney's program, and it sent 61 unannounced bills out of the six-man committee.

Chairman Clyde Geerlings, R-Holland, scolded the committee for "making a grave mistake. God help us if we ever have a legislature without committees." He saw the maneuver as an affront to the committee system.

Senate majority leader Stanley Thayer of Ann Arbor, the Republican Governor's chief legislative spokesman, hailed the move as "a great step forward."

"Remember, it took three Republican votes to do it," Thayer said. The three, who voted with Blundy, are William Milliken of Traverse City, Farrell Roberts of Pontiac, and Emil Lockwood of St. Louis.

'Single Objective'

Milliken, a Republican floor leader, said after the bills were released that "this was our one single objective in committee."

Earlier Thursday, Milliken and Roberts had stilled Blundy's motion, saying they were sympathetic to the idea but felt it premature.

In the after-lunch session, Blundy doggedly fought off attempts to approve amendments which had been brought in by Romney's legal aide, Richard Van Dusen.

"These amendments can be put on out on the Senate floor," Blundy insisted. "This is just another move for more delay."

Volunteers agree to serve two years in the Peace Corps, including training time. Training usually lasts from 10 to 12 weeks at some American college or university. The minimum age for service in the Peace Corps is 18; there is no upper age limit. Married

Peace Corps Tests Here Tomorrow

Peace Corps placement tests will be offered in Marquette tomorrow.

Tests here will be offered in the Post Office Building, beginning at 8:30 a.m. Testing time will be from one and a half to a maximum of three and a half hours, depending on the tests chosen.

Marquette is one of six sites in the Upper Peninsula for Peace Corps tests. The others are in the Iron Mountain, Escanaba, Calumet, Ironwood and Sault Ste. Marie Post Offices. In 867 Places.

In all, tests will be administered at 867 post offices and other federal buildings, as well as at some college campuses.

Everyone who becomes a Peace Corps volunteer must take the tests as well as fill out a Peace Corps questionnaire. Those who have not already submitted a questionnaire will be asked to complete one after the testing.

Tomorrow will be the last general opportunity to take the Peace Corps Placement Test for applicants wishing to qualify for programs beginning the first of the year. No applicant may take the test for a second time.

Non-Competitive

The test is non-competitive. The test results are used along with many other criteria in the selection process. They help the Peace Corps to place prospective volunteers in the most appropriate overseas jobs. The placement test consists of 30-minute general aptitude test and another of the same length on modern language aptitude.

Candidates with any knowledge of French or Spanish must take an additional one-hour language achievement test. Knowledge of a foreign language is not a prerequisite to Peace Corps entrance, however.

Must Serve 2 Years

Volunteers agree to serve two years in the Peace Corps, including training time. Training usually lasts from 10 to 12 weeks at some American college or university. The minimum age for service in the Peace Corps is 18; there is no upper age limit. Married

the Peace Corps pays all the travel and living expenses of the volunteer and furnishes administrative support to him abroad. In addition, the volunteer receives a readjustment allowance of \$75 monthly upon completion of his service.

'Hillbillies' Still Tops TV Parade

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—The network that this year calls itself the new ABC started an ambitious educational project last evening—a television history of Western man and his civilization.

The first show, one of four, quite naturally was concerned with the discovery of America. To set the scene, producer-narrator-writer John Secondari took the first half of the program for a short course on the Italian Renaissance.

The narration, heavily laced with readings from old records, diaries and ships' logs, was really a lecture. And it was illustrated with films of historic places, old masters, portraits, statues and occasionally by shadowy pantomimes of events.

It was a laudable effort and probably is a very expensive one. But the program, on late in the evening, would do much better in an early evening or Sunday afternoon spot so that school-age audiences could get the benefit.

Enjoy Now, Pay Later?

This area enjoyed one of its most pleasant summers ever this year and this fall is experiencing one of the balmiest Octobers ever. In fact, with the temperature in the 80s a half dozen times already and in the 70s on an equal number of other days, this may turn out to be the hottest October in Marquette's history.

Everyone seems to enjoy the warm, dry weather — construction workers, school-children, housewives and others. Everyone, that is, except conservation officials and others concerned about the soaring forest fire hazard. For this reason, we're sure no one will complain if the predicted rain for next week does occur.

Since, as one of our staffers once quipped, averages are "made up of a lot of extremes," we hope we won't have to "pay" for this summer's good weather and this fall's spectacular Indian Summer by a severe winter. The year's precipitation here is over seven inches below normal. It'll take a lot of rain or snow from here on into balance out that normal. Last winter was a cold one, so perhaps we won't have to be too worried about the cold weather ahead.

If it's going to balance out, precipitation-wise, however, we're sure most persons would like to have the averaging-out occur as rain before "the snow flies," rather than to wear out several snow shovels this winter. But weather, of course, as Mark Twain once observed, is a favorite topic of conversation, but is something one can't do much about.

Newspapers Changing

This is National Newspaper Week and it is to be hoped that the nation, as well as the newspapers, are marking it. Newspapermen have a very different view of newspapers from the inside out than do readers from

the outside in.

If the roles could be exchanged the public regard for newspapers would be affected sizeably and — we believe — helpfully. The role of newspapers as a public informant has changed greatly with the development of the other mass media of communications, and it keeps changing and its future status is impossible to forecast with any surety.

Once American newspapers were the only means of mass communication. Then came the magazines, movies, the radio and finally television. The day of the newspaper "scoop" or "beat" disappeared quickly under the challenge of electronic media.

It takes much more time to set news in type, print it and distribute it to the reader, than it does to read it on a radio or television broadcast. So being "fustest with the mostest" like Gen. Nathan Bedford Forrest is no longer for the newspapers. They are more aptly described now by the paraphrase "mostest with the lastest." All of them hear their news broadcast before they can circulate it fully.

This change may have cost the printed journals prestige and certainly it has changed the informational habits of the nation, but it has actually cast the newspapers in a role of greater responsibility and stature than they have ever had before. This becomes immediately apparent with any look at the situation in depth.

The lightning speed of radio and television have affected their character and put a premium on haste in a time of history when the great problem is not to be aware of all the latest trivia, but to understand the enormous complexity of living resulting from scientific progress, social revolution and world shrinkage.

The newspapers are indispensable to this process. This can be said of no other media so fully. The lasting record of the newspapers sets their character basically and so does their constitutional status, the government's guarantee from the time of the birth of the nation that they shall be free to utter and publish the truth. No other media operates under this guarantee.

Newsmen know that many things could be said with relative impunity over the air which, if published, would start a whale of a rumpus. The public has come to accept that it can believe most of what it reads. Unfortunately the process is not complete, but the point still is valid that a much greater effort at responsibility attaches to this media.

In the matter of influence upon performance in public office and accountability to the public for the services of government the newspaper has no peer. It is not too much to say that if there were no newspapers there would be no American government as we know it today.

TWO IN HARNESS

Any set of statistics flung at random upon the commons is an invitation to speculation, and never more so than when it concerns our own behavior. The Labor Department has just announced that almost a third of all the married women in this country are working, including far more middle-aged women than ever before. Jeremiahs will hasten to attribute to this fact all the ills which beset us, from the increase in juvenile delinquency to the spread of TV dinners. A more interesting speculation is why women want to lead strenuous double lives.

Money is, of course, the first reason which emerges from polls and surveys: money for spending in answer to "the revolution of higher expectations," or just money for fun. Some moralists instantly condemn the first ground as well as the second without pausing to consider of what these higher expectations consist. It may be something as simple as a better house, but often it is more complex. Above all, it is the college education, which has become the expectation of between a third and half of all the children in the country.

The correlation between women's return to employment and the youngest child's reaching school age has often been noted. Has anyone surveyed the relation between women's return to employment and the school status of the eldest child? If they did, it might put the upsurge in female employment in a less meretricious light—more of an aspiration and less of a grab.—The Sun (Baltimore).

60 Years Ago

—Marquette—
The four noble columns that will ornament the main front entrance to the new court house are being turned out at Redbeach, in Maine, a small place on the St. Croix River 10 miles below Calais. A few days ago, D. Fred Charlton, while on a visit east, had an opportunity to inspect the quarry and stone mills, journeying to Redbeach for that purpose. He speaks very interestingly of what he saw of the immense columns in the process of manufacture. The columns are to be of a fancy, dark red granite, something unique in this region, and indeed rarely seen in the country.

—Ishpeming—
The Ishpeming High School football team plays its first scheduled game today and its result may determine whether the eleven is

—Marquette—
W. Alfred Debo, state parole commissioner, arrived here yesterday and is holding hearings in the cases of a large number of inmates of the Marquette Prison who are applicants for parole or whose minimum terms have expired and are, therefore, eligible for parole consideration.

—Ishpeming—
Registration of heads of destitute families in the city of Ishpeming and two neighboring townships, which is being conducted in the city hall here by the Marquette County Emergency Welfare Relief Commission, is proceeding slowly and only about 175 needy persons have made requests for aid during the last

to have a chance to meet other members of the association in championship games this season. If Ironwood wins, the career of the local team will not cease, but it may be out of the race for championship honors.

—Negaunee—
State Game Warden Chapman, of the Soo, was in town yesterday and in an interview with The Mining Journal representative he told of the plans of his department to prevent violations of the game laws during the deer season. Mr. Chapman says that all reports agree that deer are plentiful this fall. The warden and his deputies are already planning to maintain a vigilant outlook for violators. Many extra deputies will be sworn in and for 10 days before the opening of the season they will actively patrol the localities most frequented by the deer.

four days. Scarcely any of the registrations have been from Turin and Ishpeming Township indigents, who are also required to register at the Ishpeming City Hall.

—Negaunee—
Mayor James A. Thomas last night informed a Mining Journal representative, at a special meeting of the Negaunee Council, that he was not at all in favor of having the press give detailed accounts of "petty arguments" brought up at public meetings of the city's governing body.

The second of a series of programs for the benefit of the Elks Christmas Charity Fund will take place Friday night in the Adelphi Rink, with the Negaunee City Band as a featured attraction.

EDMUND VALTMAN, HARTFORD TIMES

The National Whirligig News Behind The News

By ANDREW TULLY

WASHINGTON — While practically nobody was looking, Uncle Sam has swung a deal to keep his military bases in Spain that has some of the professional Franco haters whimpering that he got taken. This is glacial thinking typical of that crowd.

Cutting through the geopolitical jumbledgook of the complainants, it appears that the new agreement makes a "partner" out of Franco, adds to his international prestige and pledges the U.S. to go to Spain's defense in case of attack. They

may be right on the first two, if it matters, but they are dead wrong on the third.

To be sure, the two governments did agree that "the security and integrity of both Spain and the United States are necessary for the common security" and promised to "take action" in the event of a threat to either country. But Secretary of State Dean Rusk slipped in a couple of important "ifs." Any action taken by the U.S. would be "within the framework of its constitutional processes," and would be "sub-

ject to Congressional approval." Congress Has Say

That last especially makes all the difference. It emphasizes that the defense agreement is just that, and not a treaty of alliance entered into with the advice and consent of the Senate. If, as some of the experts fear, Morocco should try to grab the Spanish enclaves of Ceuta and Melilla on the North African coast, the President would have to get an okay from Congress before springing to Spain's defense. Thus Madrid is talking through its hat when it claims that the U.S. has given Spain the same status as a NATO partner.

Francisco Franco is an egomaniac dictator and possibly one of the most notorious international bums of our time, but that is irrelevant. If we have gotten what we want out of him in exchange for making him look more important than he is, then we have made a pretty good deal.

What We Got

What we got was another five-year clutch on the three Strategic Air Command bases and the naval installation at Rota. The bases aren't as vital as they were before development of intercontinental bombers and new missiles, but they would be extremely useful as staging areas and refueling points, and the naval facility can be used to shelter Polaris submarine tenders.

The Francophobes are wailing that Uncle Sam went along with the Caudillo's insistence that the Spanish flag fly over the bases, but that doesn't make the bases any less useful, and apparently it makes the Spaniards happy, which shouldn't be any skin off Uncle Sam's nose.

Not Perfect World

Recently there has been considerable instability in that area, and the deal with Spain is some measure of reassurance to the U.S. With Charley de Gaulle acting up, Morocco and Algeria in ferment and Italian Communists showing new signs of strength, we can use a solid anchor in Spain. As for France himself, he's one of the unpleasant facts of international life we have to live with—along with the Diems, the Chiang Kaisheks and Laos's Souvanna Phouma.

Naturally, Spain will get a new economic handout — about \$100 million worth in the next few years — but it is to be hoped Congress will scrutinize this program with care. Capitol Hill also should look into any deal to modernize the Spanish armed forces. Spain has a foreign exchange reserve of more than \$1 billion, and now seems a good time for Franco to start paying for his weapons with dollars.

On Blue Notes

Editor, Mining Journal: Would you kindly include the following in your letters column, for I believe that an organization such as the Blue Notes of Ishpeming have earned and well deserve more publicity to keep them mindful that their hard work and long hours of practice are appreciated by everyone.

During the past several weeks I have tried to assist the Blue Notes in their many exhibitions

Great Asian Takeover

By JOSEPH ALSOP

SEOUL, Korea — Here in Korea, the quest for an answer to a rather major riddle has ended. The riddle is why the Chinese have been able to take over virtually every Asian Communist party, despite the great advantages enjoyed by the Soviets in the bitter contest for influence.

From India eastwards, the only parties still clinging precariously to the fence are those in Indonesia and North Vietnam. But it is already quite clear that the North Vietnamese and the Indonesian parties will be forced to climb off the fence very soon, and both will come down on the Chinese side.

Some of the cases of parties which have already made their choice are downright startling. In Burma, for instance, the so-called White Flag Communists were always supposed to be pro-Soviet, while the tiny, extremist Red Flag faction was considered pro-Chinese. But now the Red Flags are denouncing Mao Tse-tung for not being nearly Stalinist enough, while the White Flag group has openly given its allegiance to Peking.

Situation in Laos

In Laos, again, the Pathet Lao were entirely supplied, financed, fed, in fact kept alive by the Soviets, until the present shaky cease-fire in Laos was agreed on by Nikita S. Khrushchev and President Kennedy. Loyal to the agreed terms, the Soviets then stopped their supply deliveries to the Pathet Lao — whereupon the Laotian Communists immediately began to take advice from the Chinese alone.

In Japan, yet again, the initial Soviet advantages were almost as great as they were in Laos. In the post-war period, when the Japanese Communist party emerged from its former underground existence, the Soviets were the Japanese party's first paymaster; they supervised the reconstruction of its apparatus; they got in, as it were, on the ground floor.

In retrospect, it is clear that the Chinese played a trump card when they sent the dynamic Sanzo Nozaka back from Yenan, where he had spent the war years close to Mao Tse-tung. But the Soviets evidently did not know that Nozaka's first loyalty was to Mao; and they permitted him to assume his present position of leadership without opposition or protest.

In retrospect, it is also clear the final turning point for the Japanese party was the return to Japan in 1956 of a large group of younger, China-trained Communists, who were at once given secondary leadership positions. The Soviets also sent back to Japan a much larger group of ex-war prisoners, including many supposedly well-trained party workers. But the Soviet-returned Communists were ineffectual, whereas the Chinese-returned Communists were tough and effective. Hence the Japanese party has lined up with Peking.

Leverage in North Korea

In North Korea, finally, the Soviet leverage was, and is, greater than in Japan or anywhere else; for the North Korean army was, and is, almost entirely supplied and equipped from the Soviet Union. In order to conserve this leverage, the Soviets have for years been sparing in deliveries of spare parts and petroleum fuels, and thus the North Korean armed forces are living from hand-to-mouth and will suffer acutely from a final break.

Despite this great and continuing Soviet leverage, however, the North Koreans were among the first Asian parties to choose the Chinese side in the great quarrel. Here, the explanation lies, quite clearly, in the character and position of the North Korean Communist boss, Kim Il-sung.

Was Most Loyal Stalinist

Kim is perhaps the most Stalinist of all the Communist parties' remaining Stalinists, and he also encourages a "cult of personality" even exceeding that of Stalin. Primarily for these reasons, Khrushchev's secret speech attacking Stalin at the 20th Party Congress in 1956, and the subsequent de-Stalinization in Russia, were very severe blows to Kim Il-sung.

Kim might not have survived the resulting challenge to his overwhelming power, in fact, if he had not resorted to the simple expedient of arresting a good many members of the party's Central Committee.

A series of purges of the party were then ordered by Kim. And now he is Mao's most loyal and active Asian ally.

Read down this curious list. The impression is overwhelming that the Russians have taken the Asian parties for granted, have not understood their leaders, and have been taken by surprise by Chinese boring-from-within. Even the comparatively simple problem of Kim Il-sung ought to have been possible for Moscow to solve if Moscow had displayed either understanding or foresight.

Maybe the Russians would have an even harder time than President Kennedy has had if South Viet Nam were their problem instead of ours. In any case, the schism of the Eastern branch of the Communist faith must now be considered as almost complete.

Those Timid Liberals

By BRUCE BLOSSAT

WASHINGTON (NEA) — Surely by now there ought to have been some sober second thoughts among those Yale and Princeton University officials who felt it necessary to oppose publicly appearance on those campuses by Gov. George Wallace of Alabama and Gov. Ross Barnett of Mississippi.

Totally beside the point is the question of official university disagreement with the views held by Wallace and Barnett on racial and other matters. Also irrelevant is the question of how Negro and other elements in the university towns look upon the Wallace-Barnett views.

Right To Be Heard

What is at stake here, it goes without saying, is the right of all sides to a controversy to be heard — and the right of interested parties to hear divergent views.

The university, dedicated to the quest for truth, preaching the open mind, is the last place in a free society that should talk of barring speakers. Nor should it be necessary for a school to announce that it "disassociates itself from the views" of any speaker.

It is a confession of weak

through Wisconsin and Northern Michigan. In doing this, I learned many things about the group that I would like to share with others.

First, I have found those who sponsor and direct this drum and bugle corps to be the most dedicated, hard working and public spirited persons I have ever encountered. No detail was too exacting nor too much work. They gave Ishpeming and our area the finest and most polished musical organization we have ever seen. The community owes them a big vote of thanks and we are proud of their accomplishments.

Second, I have never met a finer group of young people than the members of the Blue Notes. Teen-agers — as they are — who have been proud and willing to stand up under the rigid discipline and rigorous practices necessary to be the tops in the State against spirited and hard competition. This proves to me that — if well led and given objectives to attain, our American teen-agers still have what it takes to succeed and that America has nothing to fear of its youth as it grows to manhood and womanhood in our country.

May I express my pride in helping them and give my congratulations to the Blue Notes, their sponsors and directors; and wish them many more years of success.

WILLIAM MYRICK
Box 48
Ishpeming

faith in the processes of freedom when anyone refuses to listen to opposition arguments on any score whatsoever, or indicates that the expression of those views is being tolerated with distaste.

Implicit in our whole notion of freedom is the idea that it is inherently strong, that it can endure the stormiest exchanges of opinion, that it can even survive assaults on the concept of liberty itself.

Test Against Competition

Thus it is that we let Communists, socialists and other nonlibertarians spout their stuff in this country. We are willing — and we should be — to test our prized freedoms against the competition, if any, offered by these alien philosophies of government.

For a long time many universities were in the vanguard of efforts to get this idea across, that we could listen to hostile philosophies without being captivated by them.

It seems a painful reversal to hear now from anyone associated with any great university that two governors operating within the Free American system are unwelcome speakers.

Nor can the officials involved escape responsibility by resort to some technicality or other about the university's role in the sponsorship of such appearances.

They were not acting in the tradition of either American or university freedom. They behaved as men of small faith. Those who believe in the mechanisms of liberty should fear no test of them, nor fear to be associated with their unhampered use.

MEMORABLE DATE

January 26, 1942, is memorable in naval history since the U.S. submarine Gudgeon sank a Japanese I-boatt, first enemy naval vessel in history to be sunk by a U.S. underwater craft.

ISHPEMING — Bouquets of autumnal colored pompons decorated Salisbury Methodist Church for the candlelight service, which united in marriage Carol Ann Trewartha and A. I. Thomas Gary Marten.

The Rev. Everett Erickson officiated at the double-ring

Engaged

Mr. and Mrs. Frank Valente, Ishpeming, announce the engagement of their daughter Clara to Allen Kutchie, son of Mr. and Mrs. Francis Kutchie, Negaunee. The wedding date has been set for May 2.

Mr. and Mrs. J. R. Lahti, 201 W. Arch, Negaunee, announce the engagement of their daughter, Sandra L., to Gary L. Chapman, son of Mr. and Mrs. Clarence Chapman, 317 Tobin St., Negaunee. Miss Lahti is a graduate of Negaunee High School and is employed by the Soo Hardware Co., Marquette. Her fiancé is also a graduate of Negaunee High School and is a Junior at Northern Michigan University. No wedding date has been set.

Mrs. and Mrs. Harry E. Pennington, K. I. Sawyer Air Force Base, announce the engagement of their daughter, Linda Carol, to Douglas Evans Stehr, son of Mr. and Mrs. Alfred H. Stehr, Elroy, Wis. A February wedding is planned.

Dinner Set By Nurses On Monday

"Tuberculosis With Emphasis on Home Care," is the topic to be discussed by Dr. James R. Acocks, superintendent and surgeon of Morgan Heights Sanatorium, at the annual membership dinner of the District Nurses Association.

The dinner, for all registered nurses in the Marquette-Alger area, will be held at the Morgan Heights Sanatorium Monday at 6:30 p.m.

The board of directors will meet shortly before the dinner.

Highlights Of Convention
A spokesman for the District Nurses Association announced that anyone wanting to renew or establish membership may pay their dues that evening. She added that this meeting provided an opportunity for nurses to become familiar with the functions of their professional organization.

Highlights of the Michigan Nurses Association Convention held last week in Lansing are to be outlined to the group by the delegates during the business session which will begin at 8.

Toronto Woman Wears Curlers For Disguise

TORONTO, Canada — Mary Jane Holmes is a private investigator but you'd never guess it from a look at her working clothes.

And unlike the legendary Holmes of another era, she uses mirrors instead of magnifying glass.

The attractive blue-eyed brunette is chief security officer for a 13-store Toronto discount chain.

Since it's essential that she not be easily recognizable as an investigator when trying to nab shoplifters, Miss Holmes is likely to wear sports slacks and a blouse while on the job. And to make the disguise even more convincing, she sometimes goes to work with curlers in her hair.

The casual outfits are in keeping with the running shoes she wears.

Chocolay 4-H Group To Select Winter Projects

Chocolay Community's 4-H Club will hold a meeting Monday at 7 p.m. in the Chocolay Town Hall.

Members will be electing officers and signing up for winter projects.

The slate of officers selected by the nominating committee is as follows: President, Ted Martin and Nancy Priebe; vice president, Christine Contois and Elaine Wittler; secretary, Gloria St. Onge and Judy Wright; treasurer, Clara Van Damme, and reporter, Gordon Wittler and Bruce Browers.

Bruce Browers will give a demonstration on selecting vegetables for exhibit. Refreshments will be served by Clara, Sharon and Mike Van Damme.

Personals

Mrs. Kate S. Johnston, 307 E. Hewitt Ave. has returned to Marquette after a three month visit to Santa Maria and San Francisco, Calif.

"When I stop a shopper outside the store and he takes off across the parking lot, I need traction," she says, explaining the footwear.

The mirrors? She uses them to keep an eye on suspected shoplifters without raising their suspicion.

During 12 years of investigation work, Miss Holmes has fished necklaces, watches and rings out of dirty diapers and has retrieved nylons, slips, bacon and onions from beneath cooing infants.

"For heaven's sake, how did that get in there?" Is the usual refrain from women caught in the act. Miss Holmes says they inevitably insist it's the first time, but it seldom is.

Most adult shoplifters are women, she says, but men take more expensive items. And estimates are that 60 per cent of shoplifting is done by teenagers, often for kicks.

Loucks-Kunde

(Photo by Lemon's Studio)

Wedding vows were exchanged Oct. 12 by Laurel Judy Loucks, daughter of Mr. and Mrs. Edwin G. Loucks, Skandia, and William Arlen Kunde, son of Howard Kunde, Skandia.

Fall shades of gladioli, pompons, carnations and roses decorated the altar of St. Paul's Lutheran Church, Green Garden, for the candlelight ceremony.

The Rev. Bertram Naumann officiated at the double ring ceremony.

Mrs. Lillian Priebe of Skandia, soloist, sang "O Perfect Love," before the service. Organist was Mrs. Ernest Reader of Green Garden.

Attending the couple were Louise and David Basal as matron of honor and best man. Karen Barkman and Francis Stewart acted as bridesmaid and groomsmen.

The bride, given in marriage by her father, wore a floor-length gown of lace over satin. The dress featured lily point sleeves and a square neckline.

She wore a double strand of pearls, and a crown of pearls secured her fingertip veil. Pink and white caryanthemums, pompon and roses formed her crescent-shaped bouquet.

The attendants' gowns were of street-length medium blue

2 Foresters Join Baraga Game Staff

BARAGA — Two new foresters — John Gaffney of Eagle River, Wis., and Edwin Wagner of Tustin, Mich. — have been added to the staff of the forestry division at the Baraga headquarters of the Michigan Conservation Department.

Leroy A. Stevens, district forester, announced that the appointments were made to fill a vacancy left by the transfer of forester Norman Karsten from the Baraga office to the Sturgeon River State Forest at Iron Mountain, and to handle the increased work load resulting from the transfer of Commercial Forest Reserve Act duties to the forestry office here.

Gaffney, 23, is a graduate of Eagle River High School and holds a Bachelor of Science degree in forestry from Michigan State University. He has been employed by the conservation department for one year.

Wagner, 28, attended Northwestern Michigan College and later received his Bachelor of Science degree in forestry from Michigan State University. He served in the U. S. Marine Corps for three years and joined the staff of the conservation department in June of this year.

Both men are single and make their home in L'Anse. Gaffney is a member of the Red Rocks Toastmasters Club here and serves as a Scoutmaster for L'Anse Boy Scout Troop 216. Wagner is active in the L'Anse Methodist Youth Fellowship, where he serves as an adult counselor.

Fight With Bear Told By Hunter

MUNISING — A Munising bird hunter came out of the woods with a story of hand-to-hand combat with a bear and a scratch on his face to prove it. Thomas Passinault, 23, told conservation officers he downed a partridge while hunting off M-94 near Munising. When the bird fell, Passinault's dog kept on barking — at a bear standing 15 feet away.

Passinault shot the bear in the face with fine shot and the bear went down. Passinault tripped and fell, got up, put a slug load in his shotgun and shot the animal again.

The Munising man said he then walked over to the bear and at that moment his dog bit the bear, which jumped up and struggled to get away. With one swipe of his paw, the bear scratched Passinault across the face.

The bear limped off into the woods and Passinault sought the treatment of a doctor.

Legion To Serve Supper Sunday

NEGAUNEE — Sponsored by the John H. Mitchell Post of the American Legion, a spaghetti and meatball supper will be served from 5 to 7 p.m. Sunday, Oct. 20, in the Legion club on E. Main St.

Purpose of the project is to raise funds to help defray expenses of the American Legion junior baseball team.

All Legionnaires and their families are urged to attend, and the public is invited.

Dinner Meeting For Gilbert PTA Monday Night

GWINN — The Gilbert Elementary Parent-Teacher Association will hold the first meeting of the current year in the multi-purpose room of the school Monday night with a potluck dinner being served at 6:30.

Following the dinner, a group of 4-H girls who participated in the talent show at Marquette recently will entertain the group. There will be a business meeting presided over by the president, Charles Hansen. Other officers include Elmer Aho, vice president; Mrs. Carol Good, secretary; and Mrs. Jean Anderson, treasurer.

All parents and interested persons are urged to attend.

Chaperones Listed For Youth Center
ISHPEMING — Chaperones for youth center activities in the Ishpeming High School gymnasium from 8 until 11 tonight will be Mr. and Mrs. Edwin Harvala, Mr. and Mrs. Ronald Portale, Mrs. Edward Aho and Mrs. Theodore Sharland.

'Out Of This World' Winners

At the sixth annual "Planet Rock" dance in St. Paul's gym, Bonnie Matthews, daughter of Mr. and Mrs. Danzil Matthews, County Road, and senior at Negaunee High School, and Rodney Guizetti, son of Mr. and Mrs. Alex Guizetti, 318 Pioneer, and senior at St. Paul High School, were the recipients of the highest number of votes and crowned "Out of This World Boy and Girl of 1963."

Tri-County Briefs

Alger . Baraga . Marquette

Negaunee
The children's choir of Immanuel Lutheran Church will rehearse Saturday morning at 10. Anyone interested in joining the choir is asked to attend.

A special communication of Negaunee Lodge, Free and Accepted Masons, will be held at 3 p. m. Saturday. The Master Mason degree will be conferred. Dinner will be served at 6:30.

Michigan
A series of public card parties will be conducted by the Parent-Teacher Association in the Michigan Community Building, Oct. 22, Oct. 29 and Nov. 5. Prizes will be awarded.

Republic
The Men's Club of St. Augustine's Catholic Church will hold a public card party in the church hall Sunday beginning at 7:30 p. m. Prizes will be awarded.

Retarded Unit Holds Conference
ISHPEMING — Upper Peninsula chapters of the Michigan Association for Retarded Children recently held a conference at the children's unit of the Newberry State Hospital, with Dr. George Maniaci, Gladstone, newly elected regional vice president, presiding.

Dr. R. R. Cameron, superintendent of Newberry State Hospital, reported on changes that have been made at the hospital and plans for the future.

Also participating in the discussion were Michael Kreider, executive director; Roscoe W. Scott, assistant director of MARC, Lansing; Dr. Richard L. Johnston, Kalamazoo, newly elected president; and Robert Johnson, social service director of the hospital at Newberry.

Following the business session, the group was conducted on a tour of the children's unit. Representatives from each county chapter attended.

Representing the Marquette County chapter were Mr. and Mrs. Caesar Urbanski and William Evert, Marquette, and Mr. and Mrs. Henry Peppin, Mrs. Irving Gitzen and Mrs. John R. Kivisto, Ishpeming.

Another conference on retarded children, open to all interested persons, will be held at Northern Michigan University Friday and Saturday nights, Nov. 1 and 2.

NOTICE TO BID
The City of Ishpeming desires bids on one Motor Grader.
For further information and specifications contact T. R. McNabb, City Manager. The City reserves the right to accept or reject any or all bids.

Jaycees Slate Orientation Gathering For October 23

ISHPEMING — The Ishpeming-Negaunee Junior Chamber of Commerce will climax its annual membership drive with an orientation meeting at 7:30 p. m. Wednesday, Oct. 23, in the American Legion clubrooms.

Letters are being sent to a number of young men in the Ishpeming and Negaunee area who have been nominated for membership in the Jaycees.

'Open House' At Church In Republic

REPUBLIC — St. Augustine's Catholic parish will hold an "open house" in its new church this Sunday from 1 to 5 p. m.

Women of the Rosary Altar Society under the chairmanship of Mrs. Dennis Sullivan will be hostesses for the serving of coffee, cake and cookies. Men of the parish will usher guests throughout the new edifice.

The Men's Club will sponsor a public card party in the new church parlors that night beginning at 7:30. Prizes will be offered.

Refreshments and lunch will be served after the party.

Teacher Tenure Confab In Gwinn School Oct. 22

GWINN — The Gwinn district of the Michigan Education Association will hold a special meeting on teacher tenure Oct. 22 at the Gilbert Elementary School here.

Miss Ruth Carleton, president of the district and speech correctionist for Forsyth Township schools, will preside at the 7:30 p. m. meeting.

Robert Ferguson, MEA field staff representative in the Upper Peninsula, will be the resource person for the session, and the chairman will be Charles Gendron, Gwinn, teacher.

Firearm Damage Complaints Filed In Alger County

MUNISING — Numerous reports of vandalism caused by use of firearms throughout Alger County were reported this morning by Sgt. Clarence Miller, post commander.

Property damaged by bullets includes cottages, windows, road signs and public utility equipment, such as power and telephone lines and insulators.

Miller warned that anyone found guilty of such destructive acts is subject to a \$100 fine.

Chefs 4-H Club Elects Officers

TRENNY — Mary Kay Debelak was elected president of the Top Notch Chefs 4-H Cooking Club at an organization meeting in the home of its leader, Mrs. Esther Cauchon.

Serving with her will be Jackie Malnar, vice president; Lynn Marini, secretary; Marcia Ostank, treasurer; and Linda Laurich, reporter. Other members are Brenda Birk, Cecile LaCom, Maureen Webber and Betty Eaton.

The club's next meeting is set for Oct. 28.

Plovers are gregarious but monogamous birds, according to the Encyclopedia Britannica.

Obituary

MRS. MARY URICH
ESCANABA — Mrs. Mary Urich of Escanaba, who is the mother of Rudolph Urich, of 646 Palms Ave., Ishpeming, died early this morning in St. Francis Hospital here.

Arrangements are being made by the Allo Funeral Home. Burial will be made Monday morning, Oct. 21.

Breath sweeteners are more than 4,000 years old.

Savings Accounts For Winners

John Mongiat, kindergarten pupil, and Blayne Brisson (right), first grader, were the first to receive savings account books to the Negaunee First National Bank from Sister Mary Peter, St. Paul School principal. Sister Mary Peter opened a savings account for each of the eight winners who received prizes from the Negaunee Fire Department for their Fire Prevention Week posters.

Supper Saturday In Eagles Lodge

NEGAUNEE — Boy Scout Troops 323 and 346 will join in sponsoring a spaghetti and meatball supper, which will be served from 4:30 to 7:30 p. m. Saturday in the Negaunee Eagles Lodge.

Carmello Russo, who is widely known throughout the area for preparation of dinners featuring Italian foods, will prepare the meal.

The public is invited. Proceeds from the supper will be used to help defray expenses of the two Scout units.

Negaunee Rod. Gun Club Meets Sunday At 7:30

NEGAUNEE — The Negaunee Rod and Gun Club will hold nomination of officers this Sunday night at 7:30.

A high power rifle qualifications shooting date also will be held.

The department, which approved \$2,470,000 in new school borrowings, gave Republic authority to borrow \$9,000. Also included in the list were Crystal Falls, \$35,000, and Sagoia, \$20,000.

89-Year-Old Ishpeming Woman Dies

ISHPEMING — Mrs. Olive M. Lapp, 89, of Harrietta, Mich., died last night in the home of her son-in-law and daughter, Mr. and Mrs. Joseph Stanton, who had moved to Ishpeming a short time ago.

She was born Dec. 1, 1873, in Maple Valley Township, Sanilac County, Mich. She was married to George W. Lapp in Cadillac July 3, 1893, and lived in Harrietta until Mr. Lapp's death.

She was a member of the Reorganized Church of Jesus Christ of Latter Day Saints.

Survivors include two daughters, Mrs. Anthony (Fern) Misko of Cadillac and Mrs. Joseph (Martha) Stanton of Ishpeming; a son, Walter Lapp of Port Huron; two grandchildren and two great-grandchildren.

The body will be taken to the Yearnd Funeral Home in Cadillac and will be buried in Harrietta.

THANK YOU
We wish to express our sincere thanks to our relatives, friends and neighbors, who remembered us on our 40th anniversary.
We especially wish to thank everyone for their cards, money and other gifts, and all those who worked so hard to make the celebration successful.
Their kindness will long be remembered.
Mr. and Mrs. J. Norman Quayle

Wildcats On Road To Southern Ill. For Tough Battle

A 34-man traveling squad left Northern Michigan University this morning for Carbondale, Ill. where the Wildcats will meet Southern Illinois at 2 p. m. Saturday.

Coach F. L. (Frosty) Ferzacca included 13 newcomers on the squad which will battle the Salukis in their homecoming tilt at McAndrew Stadium.

The team and the NMU coaching staff will check into the Plaza Courts Motel before working out this afternoon.

Even Weight
The Salukis' offensive line, led by tri-captain Jim Minton, guard, will average 211 pounds while Northern's veteran line will average 205. The Wildcats hold the edge in the starting backfield, 193 to 188.

Among the 25 returning lettermen on SIU's club this year are the two players that scored all of the Salukis' points in their 14-9 loss to the Wildcats last season, Bobby Hight and Bill Lepsi. Hight, who has only one arm, booted a 41-yard field goal to give coach Carmen Piccone's club its only lead of the game. Lepsi scored the only SIU touchdown when he fell on a blocked NMU punt in the end zone.

Ferzacca, meanwhile, is hoping that back Don Bancart and quarterback Stan Ferris can duplicate or top last year's performance against Southern. Bancart picked up 91 yards in 17 carries for 5.4 yards per crack and set up Northern's second and winning TD of the game. Ferris, attempting only four passes in the near-freezing

weather, hit Tom Neumann (now with the Boston Patriots) with a 21-yard toss for Northern's first score.

Newcomers
Newcomers making the trip include: backs — Mike Blum, Dave Fleet, Dale Hartz, Len Trudeau and Fred Watters; ends — Byron Johnson, Bernard Schmitt and Jim Wagner; tackles — George Byrne, Allen Ische, Ron Kerr and Ed Roney; guards — Bob Steman.

Albion Has Easiest Assignment

(By the Associated Press)
Albion appears to have drawn the easiest assignment as Michigan colleges prepare for another Saturday of football.

The MIAA league-leaders play winless Olivet in one of three league contests. Kalamazoo is at Alma and Adrian at Hope in the others.

Albion has a 2-2 overall record, but is 2-0 in the MIAA. One of its victories was over surprising Adrian. It moved the Britons into first place and they strengthened their position with another last week.

Olivet, meanwhile, has not won a game despite the individual efforts of quarterback Irv Sigler, who leads the MIAA in both rushing yardage and total offense.

Michigan and Michigan State are both at home, the Wolverines playing host to Purdue and the Spartans meeting Indiana at East Lansing.

Detroit, hoping to break a three-game losing streak, is at Cincinnati, while Western Michigan, still looking for its first win, plays host to Kent State in its homecoming game at Kalamazoo.

Michigan Tech is at home against Bemidji State in an Upper Peninsula headliner. A victory by the Huskies would move them into at least a first place tie in the Northern Intercollegiate Conference. Bemidji currently leads with a 2-0 record, while Tech and St. Cloud State are both 2-1.

Northern Michigan faces a toughie when it travels to Southern Illinois. Northern defeated Central Michigan last week, and may just have enough left to knock off highly regarded SIU.

Central Michigan and Eastern Michigan are on the road, with CMU at Western Illinois in an IIAA tussle and Eastern looking for its second victory at Findlay, Ohio.

Hillsdale takes on Baldwin-Wallace.

Ferris State is at Eastern Illinois. The Bulldogs have been having their troubles, despite some fine work by the defensive unit, and are currently 2-3.

Winless Wayne State will be on the road, too, meeting Western Reserve of Ohio in a Presidential Athletic Conference game.

The Air Force junior varsity will be at Grand Rapids JC in the final game on Saturday's schedule.

Northwood, one of only three winning college teams in the state, is idle Saturday.

Pictured above are the senior members of the Marquette Graveler Redmen football squad who will be playing their last game for Marquette tonight against powerful, unbeaten Sault Ste. Marie. Front row, left to right, are: Tom Soli, Ed Rodgers, John Reynolds, Dan Lawrence, Charles Swanson, Bob Pearson, Standing, left to right: John Urbiba, Bill Millman, Jim Hlinak, Steve Nyquist, Greg Swift, Ronald Plane, Peter Holm. (Joe Sullivan photo.)

Redmen Confront Sault In Last Tilt; Try For Fourth Win Of Season

The Marquette Redmen face a tough foe tonight in their last game of the season in the Sault Ste. Marie Blue Devils, who will travel here for the game at Memorial Field.

The Blue Devils will be favored tonight, in view of their undefeated showing thus far in the season with a 6-0 record. They will be trying to sew up an undefeated season in their last game, and can be expected to turn on all the power at their disposal.

Other Side
On the other hand, Marquette will be attempting to cap the season with an important win which would put them into a winning team status, and will come onto the field with the deployment that spelled defeat for Negaunee last week, 28-13 and 6-0, but they did win, and this

Hematites At Stambaugh Tonight For Last Game; Will Strive For Upset

ISHPEMING — Coach Bruno Marana's Hematite football squad is primed for a possible upset of the powerful Stambaugh Hilltoppers in Stambaugh tonight.

Ishpeeming will carry a 3-4 record tonight, with the hope of evening it up.

The Hematites, bouncing back this season after a dismal record the last few years, have played their opponents on equal terms, losing to highly regarded Escanaba, Sault Ste. Marie and Munising by close scores. Their other loss came at the hands of their Tri-City rival, Marquette, by a 6-0 count.

Impressive
Marana's building campaign this year was impressive as a number of youngsters proved their ability to play good, solid football.

Impressive in their performances this season were Clarence Willey, Leo Gehloff and Phil Barbieri, who came off the bench to replace Marana's starters, Bill Arsenault and Bruce Swanson, injured early in the season.

An offensive line of Mike Tunteri, Mike Coughlin, Douglas Mantela, Richard Sharland, Richard Larson, Gregg Bjorne and Bill Palomaki glittered in several games this year for the IHS. Backing them up have been backs Bill Norkoli, Les Coduti and Gary Laitinen.

Standouts
Defensive standouts for Ishpeeming have been John Kuehnel, Robert Spencer, Allen Bengston, Mantela, Tunteri, John Bianco and Louis Pinard.

Expected to carry the leather for the Hematites tonight are Norkoli, Willey, Gehloff and Garceau. Barbieri, off the injured list, may see action, while Bruce Swanson, extra-point specialist for the club, remains on the disabled roster.

Ishpeeming holds the point edge over the opposition, 77 to 73 going into this game.

Cliffs-Dow League — HIM & HIG: Cliff Carter, 186-213-188-587; HTM & HTG: Engineers, 2534 and 864.

ISHPEMING—Classic League — HIM & HIG: Bill Knudsen, 177-255-185-617; HTM & HTG: Miners' First National Bank, 2821 and 955.

Radatz Wins Press Poll, 'Real Honor'

ROYAL OAK, Mich. (AP)—Dick Radatz, the Boston Red Sox relief giant, drove from Boston to his home here Thursday unaware that he'd been named the outstanding second-year player in the American League.

"Gee, I didn't know that," Radatz said Thursday night. "Say, that's a real honor...quite a thrill."

The 26-year-old Royal Oak fastballer was voted the AL's top sophomore performer of 1963 in the annual Associated Press poll.

Radatz won 15 games, lost six and saved 17 others for the seventh place Red Sox. He recorded 162 strikeouts in 123 2-3 innings.

The 6-foot-6, 235-pound Radatz—nicknamed The Monster—especially was glad that his 1963 record topped his previous season when, as a rookie, he won nine and lost six.

"I didn't want to have people think my first year was a fluke," Radatz said. "I wanted to have two good seasons back to back to prove I was no flash in the pan."

"I thought about that sophomore award about halfway through the season, but never gave it a thought after that."

During Thursday's trip from Boston, Radatz and his wife listened to the radio—but missed the sports shows which carried the report of his selection.

What about next year?
"The only thing I hope for is a higher finish by our ball club. Naturally, I want to do better, but winning 20 games as a relief pitcher is almost impossible."

Hand Picks Packers, Lions To Lose In Weekend Pro Battles

By JACK HAND
Associated Press Sports Writer
NEW YORK (AP)—Green Bay's seasoned defending champions and the ambitious St. Louis Cardinals meet Sunday in an important National Football League game that could decide the fate of both clubs.

Since losing their opening game to Chicago, the Packers have rolled to four straight victories on their way to a Nov. 17 rematch with the Bears. The youthful Cardinals, who split two with tough Pittsburgh, are only one game behind unbeaten Cleveland in the Eastern Conference. Wally Lemm's Cards still are smarting from the memory of their 17-0 defeat by Green Bay last year.

Tops Card
The game in St. Louis tops the card for the weekend. The two unbeaten teams, Chicago and Cleveland, are expected to roll along, the Bears at Los Angeles and the Browns at home against Philadelphia. Roman Gabriel gets his shot at quarterback for Los Angeles in the Coliseum against the Minnesota Vikings.

Minnesota 28, Los Angeles 14 — Vikings can score but have trouble stopping anybody. Tommy Mason should have a big day.

New York 28, Dallas 17—Y.A. Tittle picked the Cowboys apart last year, why not now when they are 1-4?

Pittsburgh 23, Washington 14 — Steelers too tough for Skins' leaky defense.

More Trouble In Store For College Teams In Weekend Backyard Play

(By the Associated Press)
The nation's major college football teams shift their attention from cross-country feuding to backyard squabbles this weekend, but it just means a change to hometown trouble for most of the ranked teams.

Seven of the Top Ten teams have conference games scheduled Saturday, and all but one could be placing their high standing in jeopardy.

One Favorite
Only bulky Mississippi, 2-0-1 for the season and No. 5 in the nation, ranks as a lopsided favorite against Tulane, which has scored only 10 points in losing four straight, in a Southeast Conference affair.

The other ranked teams going against conference opponents—No. 1 Texas, No. 2 Wisconsin, No. 6 Oklahoma, No. 7 Illinois, No. 8 Georgia Tech and No. 9 Alabama—anticipate much tougher opposition.

One of the big ones takes place in Little Rock Saturday night when the Razorbacks, 2-2, will try to stop mighty Texas, 4-0, Arkansas, co-favorite to win the Southwest Conference title in the pre-season picking, was shocked 14-10 at Baylor last week.

Brutal
Texas displayed a brutal ground game in knocking over Oklahoma 28-7 last week and taking over the nation's No. 1 spot.

The Big Ten lead goes on the line in Iowa City when unbeaten Wisconsin takes on Iowa. They are tied for the top with 1-0 league marks. Wisconsin is 3-0 over-all and Iowa is 2-4-1.

Another Big Ten match has seventh-ranked Illinois, tied for third with a 1-0-1 league mark, at home against a Minnesota team that may be better than

Luis Rodriguez Meets Skeeter On TV Tonight

NEW YORK (AP)—Luis Rodriguez, the 8-5 favorite, predicts he will stop undefeated Wilbert (Skeeter) McClure within seven rounds of their 10-round television fight at Madison Square Garden tonight.

The former welterweight champion from Cuba and Miami Beach, Fla., never has been rated an authentic banger even though he has 22 knockouts to his credit.

More Confident
But two things have made Rodriguez, 28, more confident than usual. One was his seventh round kayo of Denny Moyer, the strong-jawed Portland, Ore. middleweight contender, last August. The other is McClure's classic, standup style of boxing.

"If I can knock out Moyer, I can knock out McClure, too," said Luis. "Then, I like the way McClure boxes. Nice and straight. I set him up."

"I think he is taking me too lightly," said McClure, winner of all of his 14 pro fights, six by knockouts. "Perhaps I can teach him a lesson."

McClure, 24, is ranked as the No. 7 middleweight contender by the WBA.

Weight Big Question In Knox Death

BALTIMORE (AP)—The Baltimore grand jury, investigating the death of boxer Ernie Knox, is expected to hear testimony today from the chairman of the Maryland Athletic Commission.

Also subpoenaed before the panel were the two commission physicians who examined Knox and his Monday night opponent, and the two weigh-in inspectors.

Topped
Knox, a 26-year-old Baltimore boxer, was knocked out in the ninth round of a scheduled 10-round heavyweight bout by Wayne Bethea, a 31-year-old former title contender from New York.

Sitting down when he was counted out, Knox toppled over and was unconscious for 10 minutes before being removed from the ring on a stretcher. He was admitted to a hospital, where he went into a coma at 1 a.m. Tuesday and died about 6 a.m. Wednesday of a brain hemorrhage.

There was an immediate outcry in some quarters for the abolition or more stringent controls of boxing. But the death was not considered a matter for the grand jury to investigate until a medical examiner reported Thursday that Knox's body weighed only 153 pounds.

Weight Discrepancy
At noon time Monday, Knox weighed in at 178 pounds, as compared with 205 for Bethea. Jack Cohen, executive secretary of the Athletic Commission, and Dr. Charles Tommasello, one of the commission's physicians, both confirmed that Knox weighed 178.

But an autopsy report by Dr. Charles S. Petty, assistant medical examiner, said the body weighed 153 pounds on the scale at the city morgue.

Seventeen sons of Yale alumni turned out for football this fall.

Lary Leads Punt Parade In NFL

NEW YORK (AP)—Yale Lary of the Detroit Lions leads in the National Football League in punting this week, averaging 50.3 yards a punt. His teammate, Gail Cogdill, is tied for second in touchdown passes received.

Cogdill, Tommy McDonald of the Philadelphia Eagles and Sonny Randal of the St. Louis Cardinals each has caught five touchdown passes. Mike Ditka of the Chicago Bears leads the NFL with seven.

Detroit Favored After 'Brilliant' Showing To Olympic Committee!

delegates Detroit was ready to hold the cost to participants in the Olympics at a minimum.

Then he said each athlete would have to pay only \$3 a day for food and room—"the lowest in Olympic history."

Cavanagh said Detroit had tried to land the Olympic Games six times. "Now we're trying again. Detroit is a persistent city."

He pointed out there were four million people in Detroit and its suburbs who would help make the games a success. The stadiums and facilities were all concentrated in a small area.

Brilliant
At the end of the Detroit presentation Willi Daube, a German IOC member, summed up the general feeling of delegates and newsmen by saying: "This was a brilliant presentation and certainly increased Detroit's chances of getting the games."

Romey told the IOC delegates:
"Our facilities in Detroit will be unsurpassed," Romey told reporters.

Minimum Cost
Cavanagh told the Olympic

"Michigan is a dynamic state. Detroit is a dynamic city."
"You know Detroit as the center of industrial might. Detroit is the city that put the world on wheels."
"We've proved we can get things done. The state legislature supports Detroit's bid. We'll provide the finest installations in the history of the Olympics."

Every school day, scenes like this one in the Central Grade School are repeated at cafeterias where hot lunch programs are conducted in the Negaunee School District.

16,314 Meals Served Students Last Month

NEGAUNEE — Most mothers shudder at the thought of feeding two or three extra children, particularly if they have two or more youngsters in their own family.

But imagine how they would feel if they were faced with the task of preparing 16,314 meals in a month. That was the total served by personnel employed in the hot lunch program by the Negaunee School District, which this week is joining in nationwide observance of School Lunch Week.

Cooperative Endeavor
Dr. Lynn M. Bartlett, state superintendent of public instruction, points out that School Lunch Week provides opportunity to pay tribute to local school officials, teachers and citizens whose interest, guidance and hard work make the program possible. "This program is a unique cooperative endeavor by federal, state and local people," Dr. Bartlett observes.

Inasmuch as nearly 80 per cent of the foods are purchased locally, school lunches contribute significantly to the state's economy. A total of over 35 million dollars was spent in Michigan last year for food, equipment and services for school lunches, according to State Department of Public Instruction statistics.

Average Cost Low
In Michigan, lunches average 27 cents in elementary schools and 33 cents in secondary schools. The low cost is made possible by federal cash reimbursements of 5.5 cents a meal, and federally donated foods amounting to 8.5 cents a meal. The balance of the meal cost comes from payments by students for their lunches and from local funds.

Nationally 60 per cent of the school lunch dollar comes from students, 20 per cent from state and other local sources, and 20 per cent from federal cash reimbursement and commodities. Initiated in 1953 during the

Two Fined In Gun Case

MUNISING — Two Limestone men paid fines and costs totaling \$49.40 when they were arraigned in justice court here before Judge William Dore for violation of conservation laws.

George W. McMaisters and Ted Howard entered pleas of guilty after being arrested by Alger County conservation officers for transporting and possessing a 12-gauge shotgun with five buck shot shells in a game area between sunset and sunrise. They paid \$24.70 each.

Others who appeared before Judge Dore this week were: Rudolph Wittala, Rock, no operator's license, \$10; LeRoy Smith, Cooks, overload on a truck, \$36.30; Emil Parvensky, Southgate, Mich., speeding, \$10; Everett Parkkila, Russell Sherwood, Bernard Humphrey and Larry Syers, all of Shingleton, simple larceny, \$10 each.

Baraga Welfare Unit Gets \$5,000 In Fund Transfer

L'ANSE — A transfer of \$5,000 from the general fund to the County Social Welfare Department account was authorized at this week's meeting of the Baraga County Board of Supervisors.

The request for money to partially cover the anticipated hike in the welfare department budget — tabled at last month's meeting — was okayed by supervisors on the grounds that they had no alternative.

Hospitalization Costs
Kenneth LaBerge, county welfare director, told the supervisors in September that he anticipated a deficit of approximately \$7,000 in his department, stating that the \$45,000 appropriated in the 1963 county budget would not be adequate to cover all hospital and nursing home expenses incurred for county residents who qualify for old age assistance. He said a transfusion of \$5,000 from the general fund would permit him to operate his department until the end of the year provided he deferred some of November and December bills until after Jan. 1.

LaBerge noted that, although direct relief costs have decreased the past year, medical and hospitalization expenses, especially for elderly citizens, have soared to an all-time high. Recent legislation has increased the number of persons eligible for such medical assistance, resulting in the big jump in welfare costs.

Pay Or Lose State Aid
LaBerge emphasized that these hospital and nursing home charges must be paid within 60 days, or the 70 per cent reimbursement received from the state would automatically be forfeited, thus increasing overall welfare costs to the county by a tremendous margin.

Pulling no punches, the supervisors stated frankly they didn't know where the money would come from, but agreed they had no choice except to authorize the transfer. This means the county will either have to operate in the red for the remainder of the year or will be forced to borrow in anticipation of next year's taxes to keep on an even financial keel.

To Appeal To Physicians
They agreed to make another appeal to local physicians to try to hold down these medical expenses by trying to get well-

Trapping Lesson For Conservation Club Saturday
ISHPEMING — John Seppi, trapping instructor for the Michigan Conservation Department, will continue his lessons on the trapping of muskrat and mink for members of the Ishpeming Conservation Club this Saturday.

Members are urged to meet at 9 a. m. in front of the Ishpeming National Guard Armory, from where they will go to a suitable site for an actual demonstration by Seppi.
