## Autumn Drought Hangs On

CHICAGO (AP) — Autumn's severe prolonged drought held a firm grip on broad areas of the nation from the Southern Plains to New England today.

Drought conditions, forest fires and water shortages continued to plague many sections. Losses to crops and property mounted into the millions of dollars.

There appeared no prospect of an immediate, general break in autumn's extended dry and unseasonably warm weather. Record high temperatures in the 80s in many parts of the dry belt heightened the fire danger in many of the parched woodlands.

Unabated  
The Weather Bureau in Washington said drought conditions continued unabated in most of Texas, Louisiana, Arkansas, the southern third of Missouri and across most of the country east of the Mississippi River except for parts of Illinois.

Ohio has not had measurable rain for 42 days. Many other sections in the drought region have reported rainless days and summer-like temperatures for the past several weeks. Rain fell across scattered sections in the Central States the past few days, bringing a measure of relief to the farm lands.

Rainfall  
But the Weather Bureau predicted rainfall in the Eastern quarter of the nation — where the forest fires are the most critical — will be below normal for the next 30 days. Nearly normal rainfall was forecast for the Central region and above seasonal amounts in the western Corn Belt.

State forestlands in New York, New England and in areas in the South and Midwest have been closed to lessen the fire hazard. Officials have halted hunting and fishing in some states. It appeared likely the drought and forest fires will force postponement of the big game (bear, deer) hunting season in northern New York, scheduled to open Friday.

Conserve Water  
Millions of people, including residents in New York City, ★ ★ ★  
LANSING (AP) — Gov. George Romney's proclamation banning fires and smoking outdoors "has certainly had a tremendous fire-prevention effect," the Conservation Department's fire chief said Wednesday.

There were noticeably fewer fires during the days following Romney's proclamation, said Milton Bergman.  
No new fires were reported Wednesday, Bergman said, although the fire danger remained high because of hot, dry weather and increasing wind.

Still Mobilized  
Bergman said his fire-fighting force still is completely mobilized and all equipment brought south from the northern Lower Peninsula still is ready in southern Michigan.  
He said skeleton crews still are pumping water on eight muck fires in hard-hit central southern Michigan, in Norvell, Albion, Marshall, Parma, Grass Lake, Rives Junction, Leslie and Portage.

U.P. Dangerous  
The Upper Peninsula, Bergman reported, is again becoming dangerous despite rainfall last weekend.  
He said no hunter-caused fires have been reported since the small game season opened last Monday.

## The Weather

Forecast for Marquette and vicinity: Partly cloudy and continued unseasonably warm to night, chance of few showers or thundershowers late tonight and Friday morning; low to night in 50's; clearing and a little cooler Friday, high 67-72. Outlook for Saturday: Mild and pleasant.

Forecast for Lake Superior: Small craft warnings in effect. Wind to northwest winds 20-30 MPH tonight over west half and east half Friday. Partly cloudy, some scattered showers or thundershowers.

Data for 24 hours ending at noon:  
Temperature — 63 at 6 a. m.; 78 at noon; highest in last 24 hours, 83 at 3 p. m. yesterday; lowest, 61 at 5:30 a. m. today. Relative humidity at noon — 49.  
Precipitation — None in last 24 hours; total to date this year, 18.58 inches; normal to date, 23.85 inches.  
Sun rises at 7:21 a. m. and sets at 5:46 p. m. tomorrow.  
Records for Oct. 24 — Maximum temperature, 78 in 1963 (old record 75 in 1899); minimum temperature, 17 in 1887; most precipitation, 4.06 inches in 1959.

## Disputed Area On Georgia Border

The state of Georgia will ask the U. S. Supreme Court to decide whether shaded Tennessee area above Georgia's northern boundary belongs to Georgia or Tennessee, Georgia officials claim the 60 square mile area and say an error in surveying years ago is responsible for the dispute. At stake is a rich copper basin near Copperhill, Tenn. (AP Wirephoto.)

## Weak Ginny Goes Slowly Up Atlantic

MIAMI, Fla. (AP) — A hurricane watch was extended northward from Daytona Beach, Fla., to Myrtle Beach, S.C. today as hurricane Ginny drifted slowly up the Atlantic.

The storm was centered about 105 miles east-northeast of Daytona Beach and moving toward the northwest at five miles an hour. Peak winds of 75 MPH barely qualified the storm as a hurricane.

As the season's seventh tropical storm plodded northward, gale warnings were extended to Savannah, Ga., and lowered south of Daytona Beach.

Little possibility remained that the hurricane would move inland over Florida. But because steering factors were ill-defined, forecasters maintained the hurricane watch for the state's northeast coast.

## Birthday's Worth Cash To Annette

LOS ANGELES (AP) — One-time Mouseketeer Annette Funicello turned 21 Tuesday. Wednesday, she turned up at Superior Court to collect \$46,950 in savings bonds, earned while she was under contract to Walt Disney.

What's she going to do with it?  
"First get my folks a new car, then buy myself some clothes," she said, rolling her eyes.

Miss Funicello was put under contract to Disney when she was 12 and appeared on his "Mickey Mouse Club" television show. The bonds represent 20 per cent of her salary during the contract period.

## Georgia Sheriff Proud Of Copper Liqueur Still

THOMASTON, Ga. (AP) — Sheriff E. T. Bray is proud of his copper liqueur still — it is in good enough condition to put on public display.

"We've tried for a long time to get a still that we could put up for display and let the public see what one looks like," he said Wednesday. Bray and state revenue agents found the still on a recent raid.

"It's a well-built still and looks like a model operation," Bray said. "I know it will run because it was running when we captured it."

## Dispute Holds Back Publication Of Paper

DETROIT (AP) — A labor dispute held back publication of The Detroit News for a fourth straight day today.

Meanwhile, the Pressmen's Union, at an impasse with management, sought intervention from federal and state mediators. It was not determined immediately whether they would intervene.

## Hope To Play Santa In South Viet Nam

HOLLYWOOD (AP) — Comedian Bob Hope announced that he's going to play Santa Claus among American troops again this year — this time in South Viet Nam.

## 'Big Lift' Runs Ahead Of Schedule

FRANKFURT, Germany (AP) — Exercise Big Lift moved swiftly and efficiently ahead today with all indications pointing to completion ahead of schedule for the historic airlift of more than 15,000 American troops from Texas almost to the iron curtain.

By 9 a. m. (3 a. m. Eastern Standard Time) 62 of the big four-engine transports had brought 10,109 men of the 2nd Armored Division to bases in West Germany and France. Military spokesmen thought the bulk of the transatlantic ferry job would be completed by 10 p. m.—some 63 hours after the first C135 jet took off from Bergstrom Air Force Base.

## Fire Kills Kin Of Late Joan Davis

PALM SPRINGS, Calif. (AP) — The mother, daughter, and two grandchildren of a late comedienne Joan Davis were killed in a pre-dawn fire today, the Fire Department said.

Fire officials said the blaze broke out in the master bedroom of the home of the comedienne's daughter, Mrs. Beverly Colbert, 29. The bedroom and an adjoining bedroom were destroyed but the rest of the house suffered only smoke damage.

## 81-Year-Old Barber Opens His Own Shop

DENVER, Colo. (AP) — Sixty years after he became a barber, J. E. Youcum is going into business for himself.

"Got tired working for the other fellow," said Youcum, who at 81 opened up his own shop this week.

## OK Given For Sale Of Corn

WASHINGTON (AP) — The government has cleared the way for sale of 1.2 million bushels of corn to Communist Hungary. But the larger issue of wheat sales to the Soviet bloc remains confused.

Cabinet officers huddled Wednesday with a Soviet trade delegation and failed to iron out the chief obstacle to completion of the wheat deal—the higher shipping rates charged by American shipowners.

There is a growing feeling here that the problem can be resolved only by a White House decision, not through negotiation.

Exempt  
The corn sale to Hungary was resolved smoothly because corn and other grains are exempted from the condition that wheat sold to the Soviet bloc must be carried in American ships where available.

The Commerce Department Wednesday approved the \$192,384-shipment by issuing a license for its export, and a spokesman for Cargill, Inc., big Minneapolis grain processing and shipping firm, said the corn will be shipped soon, probably from an East Coast port.

30,000 Long Tons  
Involved are 30,000 long tons of corn—about one-third the amount the Communists are expected to buy and a mere trickle when compared to the \$250-million worth of wheat whose sale now appears clouded.

In giving advance approval of grain sales to the Soviet bloc President Kennedy stipulated that shipments be made on American ships when they were available. Last Friday the Commerce Department exempted grains other than wheat from the requirement.

Balk At Rates  
Soviet officials are balking at the higher rates charged by American shippers—about 20 to 30 cents a bushel higher than foreign rates. This led to Wednesday's luncheon at the State Department, although the United States had advised Moscow that the wheat deal ceased being a government matter once Kennedy had cleared the way for the sales.

## Ore Ship Captain Tells Of Strafing By Cuban Planes

CORPUS CHRISTI, Tex. (AP) — Capt. Gerhard Krause declared today that "We looked right into their guns" as he described the sneak strafing of his ore ship off the coast of Cuba for 61 minutes early Tuesday.

"We laid on the floor but it wouldn't have helped, really. We were lucky — just plain lucky" — not to be wounded, said Krause in good English with a heavy German accent.

Krause described the attack after his ore ship, the SS J. Louis, docked here about dawn. The ship had two-inch bullet holes on the right side and others along the deck.

Very Dark  
Krause emphasized that none of the crewmen saw planes during the attack because of the darkness. He said it was very dark.

But they saw the flashes of the planes' guns as they fired. "It sounded like there were more than one (plane) because the attacks came one after the other," the captain said.

Krause said he was on the bridge with the junior third officer and a helmsman when they saw flares lighting up the sky an estimated 20 miles to his starboard (right) side.

Flares  
The J. Louis at that time was about 16 miles off the Cuban coast, he said.

"Two flares then were dropped directly overhead," said the captain, as the attack began.

He was asked if he felt the pilots knew what type of ship they were firing on. He answered, "I think they knew what they were doing; they were shooting up the ship."

Krause said seven persons were on duty when the firing began. The rest of the men in the 51-man crew were below in their quarters.

He said he ordered his radio operator, Will Urbanus, a 27-year-old man from the Netherlands to contact the U.S. Coast Guard.

Navy Planes  
Urbanus raised the Coast Guard station in Galveston, Tex., 20 minutes after the attack began and reported the strafing.

Krause said he was told by radio that Navy planes were sent to the area but he added that he never saw them.

## U.S. Student Released By E. Germans

BERLIN (AP) — American student Robert Mann said today he was physically well treated while jailed for 21 months in Communist East Germany. But, he said, the experience had left him a nervous wreck.

Mann, 20, from Sepulveda, Calif., told a news conference secret trial in East Berlin July 14, 1962, on charges of trying to help an East German escape to the west. Informed sources said he was accused of trying to supply false identity papers to a young East Berliner. The fate of the German has not been disclosed.

Mann was released by the Red regime yesterday. He said he stayed last night in a private home in West Berlin.

Mann was sentenced to 21 months imprisonment after a secret trial in East Berlin July 14, 1962, on charges of trying to help an East German escape to the west. Informed sources said he was accused of trying to supply false identity papers to a young East Berliner. The fate of the German has not been disclosed.

## Coroner Rules Diana Churchill Took Own Life

LONDON (AP) — A coroner ruled today that Sir Winston Churchill's eldest daughter, Diana, took her own life through a massive overdose of sleeping pills.

The nude body of 54-year-old Mrs. Churchill, ex-wife of Commonwealth Secretary Duncan Sandys, was found on the floor of her bathroom early last Sunday.

17 Sleeping Pills  
Coroner Gavin Thurston did not specifically call the death suicide, a legal term. He listed the cause of death as acute barbiturate poisoning, self-administered, and said she took her own life.

Keith Simpson, a pathologist, testified that he had recovered the equivalent of 17 sleeping pills from Mrs. Churchill's body. He said she probably took half again as many in one dose. He also found she had drunk about one-third of a bottle of whisky.

Irony  
Ironically, for the past 18 months Mrs. Churchill's main interest in life had been working for an organization called "The Samaritans," which seeks to dissuade people with a suicidal urge from killing themselves.

## Greek Given Nobel Prize

STOCKHOLM (AP) — Greek poet Giorgos Seferis was awarded the 1963 Nobel Prize in literature today. Seferis, a 63-year-old diplomat, is the first Greek ever to receive a Nobel prize.

The 18-member Royal Swedish Literary Academy said Seferis was awarded the 265,000 crown (\$31,138) prize "for his eminent lyrical writing, inspired by a deep feeling for the Hellenic world of culture."

## Prelates Ask Racial Stand

VATICAN CITY (AP) — A group of 147 U.S. prelates urged the Roman Catholic Ecumenical Council today to make a strong declaration on racial equality.

Bishop Robert E. Tracy of Baton Rouge, La., speaking for the American Bishops and archbishops proposed that a council document on the laity be amended "to emphasize the equality of all members" of the Roman Catholic Church.

## Senate Group Votes Probe

WASHINGTON (AP) — The Senate Foreign Relations Committee has voted a full investigation of Robert G. Baker, an employee who may have been involved in a conflict of interest.

Baker was secretary to the Democratic majority when he quit his \$19,600-a-year post Oct. 7, shortly after it was disclosed that the FBI was looking into his outside business transactions.

## Tiny Mom Has Quads

NEW YORK (AP) — A 90-pound mother gave birth to quadruplets — three girls and a boy — at Columbia Presbyterian Medical Center Wednesday night.

Mrs. Rhoda Brecker, 27, is 4 feet 11 inches tall. She and the babies were reported in good condition today.

The babies were delivered by Caesarean section.  
Mrs. Brecker had known she would have a multiple birth, the hospital said, but had not known it would be quadruplets.  
Mrs. Brecker and her husband, Martin, have been married almost six years. They have no other children. The mother resigned last spring as a Brooklyn school teacher. The father is an attorney.

## Goldwater Takes Tip From JFK

WASHINGTON (AP) — Advice from the White House cuts no ice these days with Sen. Barry Goldwater. But the political formula the Arizona Republican follows is in line with an unsolicited tip from President Kennedy.

Goldwater, a possibility for the GOP presidential nomination next year, has spanned the continent twice on a hectic two-weekend round of speaking engagements.

Kennedy said two weeks ago Goldwater could win the GOP nomination, but it would take "a trying seven or eight months which will test his endurance and his perseverance and his agility."

Champion  
The formula is one that has made Goldwater a champion among Republican fund-raisers. He says it has acquainted him with Republican workers from coast to coast, and he credits that for his showing in the public opinion polls.

Goldwater's travels have few of the trappings of a campaign. He says most of his speaking dates, from Massachusetts to Texas, to California and Oregon were made long before the Republican presidential pot began boiling.

million miles for the Republican cause, running up an air travel bill that averages \$10,000 a year.

Amid talk that he is veering toward the middle of the road in the gathering battle for the nomination, Goldwater said once more that he hasn't changed his ideas—people are just starting to pay some attention to them.

"My basic conservative philosophy remains the same," said Goldwater.

Advance Men  
He summed it up this way: "You make your progress best on the known and proven values of the past."

Most of the time, the senator and his wife have been traveling alone, or with only one aide. But now he's thinking of sending out advance men and taking along more help.

## News In Brief

MARRAKESH, Morocco (AP) — King Hassan II offered today to meet Algerian President Ahmed Ben Bella "anywhere and without prior conditions" to stop bloodshed between the two North African nations.

DETROIT (AP) — Directors of Chrysler Corp., which split its stock 2-for-1 last April, voted today to recommend to shareholders that the stock be split again in the same ratio.

DETROIT (AP) — The American Civil Liberties Union branch of Detroit says Police Commissioner George Edwards has "done tremendous damage to the basic principles of our constitutional faith and heritage" through testimony he gave recently in the Senate's crime investigations.

WASHINGTON (AP) — Sen. Philip Hart, D-Mich., said today a bill before Congress to raise the salary of its members from \$22,500 to \$35,000 a year makes good sense.

LANSING (AP) — Former President Dwight Eisenhower will speak in Detroit and Gov. George Romney will speak in Washington as a result of conversations between the two on Republican Party finances, Romney said today.

more in line with the President's midsummer proposals to Congress.

Administration sources said Tuesday that they had convinced some Northern and Western Democrats on the committee to vote against the stronger bill on grounds that such a measure would be defeated in the House and might cripple any hope for civil rights legislation this year.

Other Provisions  
But McCulloch found that he could muster only three of the 14 Republican votes on the committee for the weaker compromise measure.

In August a subcommittee dominated by Northern liberal Democrats approved Kennedy's proposals. But they also tacked on other provisions, such as a fair employment practices commission and power for the attorney general to file suits on behalf of alleged victims of civil rights violations.

The program outlined by the President earlier this year — which is included in the bill now before the committee — would, among other things, give the attorney general more power to insure Negro voting rights and prohibit racially segregated schools. It also would ban discrimination in public accommodations.

years since it came into being Oct. 24, 1945.

Many of these reflect the changing world picture, marked by the emergence of new Asian and African nations. The U.N. now has 111 members; it had 51 originally. It has 33 from the African continent; it had 4 in 1945.

After roaming from Church House in London to Hunter College and Lake Success in New York, the organization is now ensconced in its \$100-million glass and stone headquarters on New York's East River. Even these new quarters already are bursting at the seams because of the rapid increase in membership.

One consequence of growth has been a shift in the balance of power within the organization and a much greater emphasis on the problems of colonialism and the developing countries.

The powerful Asian-African group has 56 members, which gives it a dominant role on such matters of common interest as colonial issues.

## JFK Wins Delay In Crucial Vote

WASHINGTON (AP) — President Kennedy has taken a personal hand in an attempt to win passage this year of a civil rights bill.

But the best the President could get out of a White House conference with House leaders Wednesday night, informed sources said, was a decision to delay until next Tuesday a crucial committee vote on a bill which the administration feels is too strong to get through Congress.

Present At Meet  
Informed sources disclosed Wednesday night's one-hour meeting at the White House. Present were House Speaker John W. McCormack, D-Mass.; Democratic leader Carl Albert of Oklahoma; Republican leader Charles A. Halleck of Indiana and his assistant, Leslie C. Arends of Illinois; and Reps. Emanuel Celler, D-N.Y., and William M. McCulloch of Ohio, chairman and ranking Republican member of the House Judiciary Committee.

Meeting Postponed  
Later it was learned that a House Judiciary Committee meeting scheduled for today will be postponed until next Tuesday, giving administration forces another chance to swing more committee votes behind a compromise civil rights bill.

years since it came into being Oct. 24, 1945.

Many of these reflect the changing world picture, marked by the emergence of new Asian and African nations. The U.N. now has 111 members; it had 51 originally. It has 33 from the African continent; it had 4 in 1945.

After roaming from Church House in London to Hunter College and Lake Success in New York, the organization is now ensconced in its \$100-million glass and stone headquarters on New York's East River. Even these new quarters already are bursting at the seams because of the rapid increase in membership.

The powerful Asian-African group has 56 members, which gives it a dominant role on such matters of common interest as colonial issues.

# Hottest Late Fall Weather Here As Mercury Hits 83

Marquette residents are experiencing the hottest late fall weather ever recorded here. This month, already much hotter than September, is in sharp contrast to a year ago, when the mercury was below freezing and snow was on the ground.

Yesterday the temperature soared to 83 degrees, the hottest reading ever taken this late in autumn. The previous mark was 78, for Oct. 23, 1914. Until yesterday, there never had been a temperature here higher than 78 after Oct. 23.

Today's record is 75, set in 1929. However, it was in the 70s this morning and the record was broken when the temperature climbed to 78 shortly after noon.

Yesterday was the sixth day Marquette has had this month with a temperature in the 80s. Today is the 16th day that it has come into the 70s or higher.

That's four more than the number for September, which is supposed to be a much warmer month than October.

Mean temperature here yesterday was 71 (with a low of 58), and that was 26 degrees above normal. For this month the temperature is averaging 11.3 degrees above normal.

**Another Hot Night**

Last night was another hot night, and perhaps the warmest this month, as the low was only 61, which was 11 degrees above the normal maximum for today.

"Unless we get a complete reversal in weather in this last week of the month," said Meteorologist Fred Mueller, "this will be the hottest October here in this century, and probably ever."

Tonight it will be in the 50s in Marquette and tomorrow it will be cooler — if you can consider a temperature in the 60 to 65 range as being cool this time of the year.

"We'll probably be chilled when the temperature gets back down to normal," Mueller commented. "It's hard to believe the ground was white and it was below 24 degrees this time last year."

Temperatures elsewhere in the Upper Peninsula also were on the warm side, although Marquette's reading of 83 was the highest official temperature reported. Along the Lake Michigan shore it was cooler, due to the south wind being off the lake.

Variable cloudiness, some widely scattered thundershowers, windy and mild weather is the prediction for tonight, with a few showers and cooler weather being tomorrow's forecast, followed by partial clearing later in the day.

Saturday's outlook is for fair and cooler weather, with near normal temperatures.

FATHER JOHN LYNCH

## Noted Jesuit Professor To Speak Here On Oct. 30

A noted Jesuit professor of moral and pastoral theology, who has lectured across the continent on moral problems, will be featured in the next session of Forum Marquette.

It will be held on Wednesday, Oct. 30, in the Newman Center of Northern Michigan University on St. Michael's Parish grounds in Marquette.

The Rev. John J. Lynch, S.J., S.T.D., of Weston College, Mass., will talk to the clergy, beginning at 1:30 p.m., of "The Moral and Pastoral Theology of Responsible Parenthood" for half of the program and later on the "Moral Problems of Psychic Privacy" and "Sacramental Ministrations to Those in Danger of Death."

In addition to teaching at the major Jesuit seminary of New England, Father Lynch is a consultant to the Catholic Hospital Association of the U.S. and Canada, and the National Federation of Catholic Physicians' Guilds. His doctorate in sacred theology is from Gregorian University in Rome.

**Held Many Parleys**

He has conducted many clergy conferences across the country, is an annual contributor to Theological Studies, under the title "Notes of Moral

## Sandy Knoll Addition About Done; Board Inspection Set

Sandy Knoll Elementary School's \$115,416 addition is expected to be ready for school board inspection by Tuesday.

A meeting has been tentatively set for 4 p. m., Tuesday, by the Marquette Board of Education to inspect the new wing. School board approval must be given to the construction before the six-room addition can be occupied.

**Final 'Punch List'**

Wilho Kilpela, clerk of the works for construction projects, said that the addition will be ready for the general contractor's final "punch list" check this week.

Sandy Knoll is the largest of the five public elementary schools, with an enrollment this year of 500. Until the new addition can be occupied, a first-second grade combination class is meeting in the school's staff room and two sixth grade classes are placed on split sessions.

It had been hoped that Sandy Knoll's addition could have been completed before school started this year. However, contracts for Sandy Knoll construction were awarded April 29 and crews there this summer operated on the "tightest" of all school construction schedules, he said.

Sampalla Construction Co., Inc., Marquette, is general contractor for the Sandy Knoll addition. Mechanical contractor is Modern Plumbing, Heating and Supply Co., Menominee, and electrical contractor is V & M Electric Co., Menominee.

A small area burned, they said. Six firemen responded with the Nos. 2 and 5 (500-gallon) pumps and they returned to the station at 4:14 p.m.

## Rowdyism In Mt. Clemens; Use Of Dope Blamed

MOUNT CLEMENS (AP)—An anti-delinquency steering committee was formed here Wednesday after a physician complained narcotics were causing an outbreak of teen-age rowdyism.

Court officials, law enforcement agencies, school officials and other community leaders called the meeting Wednesday after rowdiness marred a recent Mount Clemens football game. Eighteen attended.

"The use of narcotics in this city is far more common than we believe it to be," Dr. Lewis Rickman, head of the Mount Clemens chapter of the NAACP, said.

Police Chief Philip Oakley confirmed narcotics, primarily marijuana, is being brought into Mount Clemens. He said his force is investigating.

ing with the classification of registrants born in 1942.

Frances Drake, Marquette, clerk for the board's office in Marquette, said that since married non-father registrants are no longer available for induction, local draft boards have been instructed to expedite the classification of registrants born in 1942 to insure the availability of sufficient manpower to meet current calls.

The amendment to place married registrants in a lower order of selection than single registrants does not result in any change of classification, she noted.

**Regulation Cited**

Such married registrants will be retained in Class 1-A unless the local board believes they should be placed in a lower classification based on available evidence.

To be considered as a married non-father registrant, the individual concerned must maintain a "bonafide family relationship with his wife," selective service rules stipulate, she said.

Registrants are required to notify the local draft board of any changes that may affect their classification, Mrs. Drake said.

In addition to reporting changes of address, they must advise the board of changes in their physical condition, and in their occupational, marital, family, dependency, student and military status.

board of any changes that may affect their classification, Mrs. Drake said.

## Former Mine Engineer, Moore, Dies

A former Marquette resident, Carl F. Moore, 91, Waban, Mass., died recently in Waban.

Mr. Moore was born in 1872 and came to Marquette in 1890. He spent his boyhood in Marquette and attended Michigan College of Mining and Technology in Houghton. He taught at Michigan Tech for four years following his graduation.

Mr. Moore was the son of Corland Moore, who resided in Marquette with his family for a number of years and who died in 1925.

He was a mining engineer and retired in 1945 as vice president of U. S. Smelting, Refining and Mining Co. He was a member of the New York City Engineers' Club and the American Institute of Metallurgical Engineers.

Survivors include a daughter, Nancy Jane, of Waban; a brother, Guy, and two sisters, Fanny and Nellie, all of Waban, and a niece, Mrs. Earl Finny, of Suario, Calif.

Funeral services were held in the Union Church in Waban,

## Obituary

**MRS. KATHERINE CROWLEY**

Funeral services for Mrs. Katherine B. Crowley, who died Tuesday in her residence, will be held at 9 tomorrow morning in St. Peter's Cathedral. Burial will take place in Holy Cross Cemetery.

The escorts, all nephews of the deceased, will be Richard R. Francis, Kenneth, Vincent and Leonard Bur, all of Marquette, and Gene Zinn of Ironwood.

The body is in Tonella's Funeral Home, where friends may call. This evening at 7:30 the members of the Daughters of Isabella will hold services. Liturgical services will be held at 8 this evening.

The Caplan Sea's 143,530 square miles makes it the largest lake on earth.

## City Paragraphs

The fire department was called out at 4:04 yesterday afternoon to the residence of Mrs. Eugene Bianchi, 345 E. Michigan St., where sparks from an incinerator in the rear yard spread to some grass and brush. Firemen extinguished the flames by use of a booster hose off the No. 2 (1,000-gallon)

NO MONEY DOWN — CHARGE IT AT WARDS

Paul VanDamme (pointing, above), Watson, perennial potato growing champion in Marquette County and the Upper Peninsula, is the grower who U. P. farmers will have to beat in the U. P. Potato Show in Marquette this year. VanDamme; Howard H. Larson (center), chairman of the Marquette Chamber of Commerce's committee on arrangements for the potato show, and Melvin N. Nyquist, Marquette county extension director, look over VanDamme's "potato factory" farm. From this point the potatoes are hauled to a central ware-

house, where they are cleaned and graded. Most U. P. potatoes are sold outstate, many going to premium markets. VanDamme was U. P. potato champion last year with a recorded yield of 1,048 bushels per acre. Below, Dr. David Smith (left), Marquette, crops science specialist for the Michigan State University, Larson and VanDamme observe the operation of a potato digger. Potatoes shown are the famed Russet Burbanks, which this year won the Michigan "agricultural product of the year" award.—(MSU photos.)

### VanDamme's Potato Record In Spotlight For Peninsula Show In City On Nov. 1-2

Paul VanDamme of Watson is the man to beat in this year's Upper Peninsula Potato Show in Marquette.

VanDamme won top honors last year at Iron Mountain by recording a production of 1,048 bushels per acre and he'll be out to defend his record on Friday and Saturday, Nov. 1 and 2, when the show is scheduled for Marquette.

#### Shade Under Record

The 1,043 bushels didn't represent the U. P. record, which was set by Frank Folkies of Cornell in 1952 with a 1,083 bushel per acre yield.

Gene VanAcker of Wallace also posted the 1,000 bushel mark in 1951 with a 1,031 yield and VanDamme turned in a 957 of 1,023 in 1952.

Experts predict somewhat lower yields this year due to an early killing frost. Yields are measured by Michigan State University extension specialists and county agents, using certified methods for

establishing the production.

Emphasis at this year's U. P. show may be on best 32-tuber exhibits in the various divisions since, once a high average yield is reached, the quality of potatoes has much influence on the profit per acre.

The U. P. show, being co-sponsored by the Potato Producers' Association, the Marquette Chamber of Commerce, and MSU Extension Service, will begin at 9 a. m. on Nov. 1 with the entry of exhibits at the National Guard Armory in Marquette.

#### Nelson Speaker

It will open with a dinner in the University Center of Northern Michigan University at 6:30 p. m. Nov. 2.

Featured speaker will be MSU Crops Science Specialist Leyton Nelson, who will report on a six-month tour of potato producing countries in Europe.

In between these activities will be many educational programs for the consumers, producers and youth, and this year for the first time in the 24-year history of the show, there will be both a cooking and a queen contest.

### Carmakers' Record Sales Continue

DETROIT (AP)—Automakers continued to rack up record to near-record sales in the second 10 days of October.

American Motors Corp. reported Rambler sales totaled 13,132 in the Oct. 11-20 span, compared with 12,672 in the comparable 1962 period, which contained nine selling days against only eight this year.

AMC said that sales for the Oct. 1-20 period hit an all-time 20-day high of 28,962, compared with the previous 20-day peak of 28,421 sold April 1-20, 1960, and was a gain of 17.2 per cent over last year's first 20 days of October.

Car Sales  
Chevrolet division of General

Motors Corp. said passenger car sales totaled 59,622 and truck sales 12,618 in the mid-month period, with the truck sales setting an all-time record — up 19 per cent over the same period a year ago and 781 vehicles ahead of the old record set in 1959.

Combined Chevrolet car and truck sales in the Oct. 11-20 this year eclipsed the daily selling rate for the similar 1962 period by 595 vehicles per day.

Chevrolet Corp. reported its passenger car sales for the mid-October period totaled 23,506 units for a daily rate of 3,188 units, up 14 per cent over the 2,788 rate of the same 1962 period.

Ford division of Ford Motor Co. said its mid-October car sales reached a new high of 47,322, or 5,915 a day. Truck sales totaled 10,399, also a new Ford high for the 10-day span.

### Tech Okays Sale Of Site To Company

HOUGHTON — The Michigan Tech Foundation Board of Trustees has approved the sale of an industrial site in Dollar Bay to the Julio Contracting Co. of Ripley.

Approval came when the board opened bids on the property formerly occupied by the Essex Wire Corp. High bid for the site, which includes nine acres, more than 1,000 feet of shoreline and 10 buildings with 50,000 square feet of floor space, was \$30,500.

The foundation acquired the property in the summer as a gift from the Essex.

**Buy 'Frat' Property**  
In other action, the board authorized the purchase of the Theta Tau Fraternity property and organized a fund raising program for Tech alumni and friends, to be directed by Richard J. Bowes, Tech director of development.

Theta Tau property, across the street from the college's Administration Building, will be held by the foundation for future college use. It was formerly the site of the Theta Tau fraternity house, which burned in the spring of 1962. The fraternity has since acquired an-

### Flights At Airport Drop In Month

Flights at the Marquette County Airport in Negaunee Township dropped during the past month but still remained at a high level.

Flights last month totaled 3,173, or 840 less than for the previous month, reports H. L. Schroeger, Marquette, superintendent-engineer of the Marquette County Road Commission, which supervises the airport program.

During the month there were 216 flights by North Central Airlines, accounting for the arrival of 769 passengers and the departure of 793 passengers. There also were seven transfer passengers.

There also were 282 itinerant flights, involving 843 passengers, during September. Ambulance flights for the month numbered three.

**Local Aircraft Flights**  
Local aircraft activities accounted for 2,674 flights in September.

Through the airlines, the airport handled 14,807 pounds of mail and 9,620 pounds of express and freight. There were 9,216 gallons of gasoline sold at the field during September.

In the month the airport manager, D. F. Varella, Negaunee, and his assistants put in 831.5 "man hours" to operate the airport.

By comparison, there were 277 flights by North Central in the previous month, accounting for 968 arriving, 1,016 departing and 28 transferring pas-

other house on U.S. 41 between Houghton and Chassell.

The next meeting of the group is scheduled in April, when the foundation board will have a joint meeting with the Tech Board of Control.

#### sengers.

The airport handled 16,903 pounds of mail and 16,561 pounds of express and freight during August. There also were 325 itinerant flights, involving 947 passengers, and 3,410 local aircraft operations.

### 32 Latins Arrested In Free-Swinging Riot

SANTO DOMINGO, Dominican Republic (AP) — An anti-government rally turned into a free-swinging riot here as

police used clubs and tear gas to break up the demonstration. It was the most serious outbreak in the Dominican Republic since the government of President Juan Bosch was overthrown in a military coup Sept.

25. Police arrested 32 demonstrators.

Only a few miles from bustling, westernized Manila, pygmy Negritos still hunt with poison-tipped arrows.

### Police Probe Hit, Run Crash Here

City police continued their investigation here today of a hit-and-run accident which occurred early last evening.

It was the only mishap reported in the city. Two traffic accidents took place near Ishpeming (see story on Page 18).

City police said Frank W. Sommers, 1823 Fitch Ave., reported he parked his car on the east side of N. Third St., in the 400 block, at 6:45 p.m. It was there a half hour and during that time it apparently was struck by an automobile being driven north on Third St., he told officers.

The left front of the vehicle, a 1961 foreign model, was damaged. The car was able to be driven from the scene under its own power.

### Carmakers' Record Sales Continue

DETROIT (AP)—Automakers continued to rack up record to near-record sales in the second 10 days of October.

American Motors Corp. reported Rambler sales totaled 13,132 in the Oct. 11-20 span, compared with 12,672 in the comparable 1962 period, which contained nine selling days against only eight this year.

AMC said that sales for the Oct. 1-20 period hit an all-time 20-day high of 28,962, compared with the previous 20-day peak of 28,421 sold April 1-20, 1960, and was a gain of 17.2 per cent over last year's first 20 days of October.

# Day-Long Parley For Region's GOP Slated Saturday

It'll be "Republican Day" in the Upper Peninsula on Saturday.

What started out as a fund-raising dinner in the evening in Ishpeming has grown into a day-long Republican session of planning and celebrating, according to Ralph Huhtala, Iron Mountain, GOP Upper Peninsula finance chairman.

"In addition to an outstanding dinner speaker, we have a large delegation of Republican Party leaders coming to meet with local Republicans and to participate in the dinner, which by all indications now is going to be one of our most successful events in recent history," Huhtala said. "We already have dinner reservations for more than 300."

Keynote speaker at the Peninsula-wide benefit dinner, to be held at the Michigan National Guard Armory in Ishpeming, will be Retired Admiral Arleigh A. "Bull" Burke, who will be making his initial partisan political speech. State Chairman Coming

The dinner is scheduled for 7 p.m., following a 6 p.m. reception. It is being sponsored by the Upper Peninsula Republican Finance Committee.

Earlier in the day, Arthur G. Elliott Jr., Broomfield Hills, GOP state chairman, will hold a strategy meeting for all U. P. county chairmen, vice chairmen, finance chairmen and Republican State Central Committee members. He has called it for 4:30 p.m. in the Mather Inn in Ishpeming.

Coming in from Washington, D. C., for the meeting and dinner will be Mrs. Elly M. Peterson, Charlotte, GOP state vice chairman, who will be making her first appearance in the U. P. since her recent appointment as executive director of the women's division of the Republican National Committee.

Other distinguished guests expected to be on hand are John B. Martin of Grand Rapids, Michigan's Republican national committeeman; Congressman Robert P. Griffin of Traverse City; Congressman Victor A. Knox of Sault Ste. Marie; State Senator Kent T. Lundgren of Menominee, and State Rep. Clayton T. Morrison of Pickford and Clifford E. Ferras of Nadeau.

Admiral Burke, who will speak on "Meeting National Challenges," has been called one of the most colorful men in the history of the United States Navy, serving as chief of naval operations and naval member of the Joint Chiefs of Staff longer than any other officer.

Burke has been an outspoken critic of the Kennedy Administration's national defense policies since his retirement in 1961.

Long an advocate of solving national and international ills, rather than treating the symptoms, Burke believes that try-

ing for an expedient solution instead of a long-term, harder solution, is often the course taken because long-term solutions frequently require measures which will cause discomfort and demand sacrifice from important groups. He claims "we rely on tranquilizers instead of really facing the tough problems."

Burke points out that "for every problem evaded, for every early sign of crisis, there have been warnings and diagnoses aplenty which should have turned our attention to real solutions of the problems, not expedient treatment of them."

On International Problems Well versed on many of the international problems facing

the United States, including Cuba, Laos, Vietnam and China, as well as the continuing balance of payments deficit, the failure to keep the country's economic house in order and the great increase in federal spending, Burke believes "we cannot continue to treat symptoms and ignore causes, no matter how much temporary relief we may be afforded. Eternal vigilance cannot be merely a slogan; it must become the closely focused, keenly sighted basis of our every action . . . the first faint words of compromise will become the final epitaph of freedom."

Tickets for the Peninsula-wide fund-raising dinner, of which Dr. Fred C. Sabin of Marquette is general chairman,

# Canada Puts Five Maritime Unions Under Trusteeship

Canada yesterday placed five Canadian Maritime unions under an unprecedented government trusteeship in a move to end the labor violence on the

Great Lakes and the St. Lawrence Seaway.

An Associated Press dispatch reported that Labor Minister Allan MacEachen said the three trustees are Justice Victor Leonard Dryer, of the British Columbia Supreme Court, chairman, and Judge Rene Lippe, Montreal, and a retired union leader, C. H. Millard, Toronto.

Meanwhile, a walkout by the Seafarers International Union (SIU), protesting the Canadian

government's plan, began yesterday. Affected were shipments in Milwaukee, Montreal and other points.

An all-Canadian union, the Canadian Maritime union, has been edging the SIU out of several Canadian shipping firms. The SIU is a member of the Canadian Labor congress, affiliated with the American AFL-CIO.

Violence in Marquette During the past 18 months, members of other unions have refused to load or handle ships manned by CMU crews when they touched at United States ports in cases where the unions claim the ships are actually American owned.

Violence has broken out in Ohio and in Marquette.

Both the Soo Line and Lake Superior & Ishpeming Railroad Co. tracks in Marquette were dynamited in mid-summer.

However, several shipments have been made since then from Marquette via the Red Wing, a Canadian ship which has drawn the protest of various union groups, including the SIU, without any violence whatsoever.

# Man Waives Hearing In City Court

James Kurian, 29, Route 1, Negaunee, was bound over to the December term of Marquette County Circuit Court by Judge Edward H. Dembowski in municipal court yesterday on a charge of grand larceny.

Kurian waived preliminary examination at the municipal court arraignment yesterday. He was committed to the county jail in default of \$200 bond.

Kurian was arrested by state police and charged with a larceny Sunday at the Ahonen Lumber Co. in Marquette Township. He is charged with taking 33 sheets of plywood paneling and eight rolls of roofing felt, state police said.

**Fined For Larceny** John Stagner, 18, K. I. Sawyer Air Force Base, was ordered to pay a fine of \$25 and \$7.50 costs by Oct. 30 in municipal court yesterday for simple larceny.

Judge Dembowski said the alternative sentence to paying the fine and costs by Oct. 30 is for the defendant to spend six days in the Marquette County Jail.

Stagner was arrested by city police Tuesday for taking a ballpoint pen from the F. W. Woolworth and Co. store.

# Health Week Noted Here; Advice Given By Medical Society

Residents of Marquette and Alger Counties today were urged by the Marquette-Alger County Medical Society to "take action as individuals" to raise the level of the community's health.

Speaking in behalf of the medical society, Dr. James Lyons, Marquette, president of the organization, said Marquette and Alger Counties have health standards as high or higher than most American communities. "But, as in all communities," he said, "there's room for improvement."

He explains that only through public understanding and constructive cooperation can the community attain the high health standards that are possible today because of recent developments in medical science.

Dr. Lyons pointed out nine actions that the thoughtful citizen can take which will improve the health and safety factors of his community and make the individual's health expenditures more productive:

1. If you don't have a family physician, make such an arrangement before an emergency arises. Familiarize yourself with the community's emergency services.

### Follow Sensible Rules

2. Follow sensible health practices. Avoid preventable diseases and accidents, arrange for periodic health examinations, do something about the symptoms of illness, seek and follow professional advice.

3. If you are a parent, make sure your children have had the advantage of all available immunizations. Many adults, too, neglect to obtain the immunizations they need to protect them against serious illnesses.

4. Buy health insurance. Buy enough insurance to cover foreseeable emergencies and know exactly what the policy covers and the time limits of coverage.

**Budget For Expenses**  
5. Budget for medical expenses. The average American family has medical care costs of \$295 a year. In any given year not more than 11 per cent of American families have more

than \$500 of such expenses. Budgeting in advance makes meeting these expenses easier and creates a reserve health fund which may not have to be spent.

6. If you have any health problem such as diabetes, epilepsy, or heart disease, carry in your wallet or purse a health card which may aid in identifying these problems should an accident or emergency arise.

7. Avoid throwing away money on quacks and their products. More than a billion dollars a year could be saved if the public would avoid quacks and quack products. If in doubt, ask your physician. It is estimated that Americans spend \$50 million each year on cancer quackery alone. This is a vicious practice that wastes medical dollars and causes human suffering and death.

**On Self-Medication**  
8. Use a sensible approach to self-medication. Many people foolishly self diagnose and self medicate, falling for ads that lead them to overdo such items as vitamins, cold cures, sleeping pills, reducing aids, hormone creams, and the like.

9. Encourage young people to enter medical careers. The Marquette-Alger County Medical Society will, on request, furnish information and guidance to youngsters interested in medical careers. Speakers are also available to youth guidance groups.

**59er Likes Her Home In Alaska**  
DETROIT (AP)—"Walking up to a side of moose is a jolt for the woman who has always been handed a small package of meat," says a former Detroit housewife who moved to Alaska with "the 59ers."

But Mrs. Gerald Donaldson has no regrets that her family picked up and joined a caravan of 30 Detroiters who set out in March 1959 to homestead in the 49th state.

"I just wish I had gone 25 years sooner," she said during a visit here.

Members of the caravan almost have reached their first goal—winning title to the 20 acres each family cleared and seeded.

**Clear Title**  
Under homesteading rules, the government will grant the titles as soon as surveyors verify that the land is cleared and seeded and a cabin built by each family.

All of us who stayed through that first winter expect to get our land," Mrs. Donaldson said. "Our own clear title should be waiting for us when we get back."

The Donaldsons, currently visiting in Detroit, plan to return to Alaska in February.

"Of the 30 Detroiters in our caravan, 26 have remained in Alaska," Mrs. Donaldson reported. Ten stayed in the valley of the Susitna River.

"Anyone entering the valley today wouldn't recognize it as the same place we found in April, 1959," Mrs. Donaldson said. "Then the road was just a

In Colombian cities, house numbers tell how many meters the building is from the corner.

line running through the forest. Today you see a clearing and a cabin here, and there a wheat field and a cabin."

The Donaldsons have a 24-by-28-foot cabin, a bigger greenhouse of log frame with plastic covering, a meat house and a chicken house.

**For Bears**  
They also have a bicycle equipped "with a shotgun on the handlebars and a tin can of rocks tied to the back," Mrs. Donaldson said.

The bicycle is for trips to the neighbors. The tin can of rocks and the shotgun are to frighten away bears.

# County Under Budget For 3 Quarters

Marquette County budget expenditures for the first three quarters of the year remained within the budget allowance.

**County Controller Robert H. DeRoche**, Marquette, said expenditures during the first nine months of the year totaled \$270,458.33, and while the budget allowance was less than that, refunds and income during this period totaled \$56,282.73, for a total budget allowance of \$273,182.64.

This left an "under the budget" figure of \$2,724.31 for the January to October period, with \$72,951.90 unexpended at the start of this month.

Of the nine separate accounts maintained within the general county budget, two finished September in the red and six were under the budget.

### Special Appropriations

One account, special appropriations (for Marquette County advertising and promotion, the Upper Peninsula Guidance Clinic, the Marquette County Harvest Festival, the Marquette County Historical Society, the Upper Peninsula Adult Mental Health Clinic and the Bay Cliff Health Camp at Big Bay), remains unexpended.

The condition of each of the other accounts, listing the amount over or under the budget and the unexpended balance, at the start of this month, was as follows:

**Judiciary** (circuit and justice courts, prosecutor and probate judge) — \$1,816.74 under the budget and \$16,679.24 unexpended balance.

**Legislative** (supervisors and county clerk) — \$1,391.35 under and \$8,460.10 unspent.

**Finance** (county treasurer) — \$2,885.98 under and \$5,885.98 unexpended.

**Public safety** (sheriff, jail, medical examiners, dog wardens, contagious diseases, physician, mine inspector and civil defense) — \$2,704.39 under and

\$18,418.14 unspent.

**Public records** (register of deeds, elections and statistics) — \$3,249.26 under and \$5,749.26 unexpended.

**Public buildings** (courthouse and jail) — \$5,139.97 over the budget (to October) and \$759.97 over for the year.

**General** (controller, tax department, tax commission, agriculture and extension, compensation insurance, postage, miscellaneous) — \$1,639.48 under and \$11,832.07 unexpended.

**State agencies** (welfare agent, bureau of social aid and state institutions and public charges) — \$5,822.92 over \$6,787.08 unexpended.

One of every 13 persons in the United States lives on a farm.

# Prison Bull Wins Silver Medal Prize

Reformatory Traverse Tobstoy, owned by Marquette State Prison, was one of five Michigan Holstein bulls which were designated Silver Medal Production Sires by the Holstein-Friesian Association of America.

Other winners were owned by Edwin H. Baker, Bad Axe; Richard C. Laing, Linden; Michigan Artificial Breeders Coop., Inc., East Lansing; and W. C. Wright, Williamston.

The Silver Medal Award is based on the production of a bull's registered daughters on official test as compared with that of their dams and with the production level of the entire Holstein breed.

At least 10 pairs of daughters and dams must figure in the comparisons with the daughters having a total of at least 15 official production records in the Advanced Registry, Herd Improvement Registry, or Dairy Herd Improvement Registry testing program.

Reform at a Traverse Tobstoy's daughters averaged 15,751 pounds milk and 565 pounds fat.

All are official breed improvement programs of the Holstein-Friesian Association of America and are supervised by the state agricultural colleges.

To facilitate comparisons, all records of both daughters and dams are converted to the commonly accept two-milking-a-day, 305 day, mature equivalent basis used in sire recognition programs.

# First Adult Course Set Here Tonight

Adults who registered for the high school diploma course, as well as other qualified adults who are interested, were reminded today that the semester's first session will be held at 7:30 this evening in the library of the Graveret High School.

To qualify for entrance, said Milton A. Johnson, adult education director for Marquette Public Schools, one must have a minimum of two years of attendance in high school.

Other basic requirements include satisfactory passing of the general development tests and attendance in the evening school sessions.

Further information may be obtained from Johnson at CA 6-2874.

# For 1964... Get up and go Plymouth!

Now that all the new cars are out for 1964, it's time to compare. But don't do it on looks alone, even though the new Plymouth is a standout in styling. Plymouth's

superiority is deeper than that. To really know the big difference in the new cars you simply have to experience Plymouth's get-up-and-go performance. It is only then

that you'll really understand why we say, if this is the year you picked to buy a new car, you picked a beautiful year for a beautiful reason... the 1964 Plymouth!

## Board Okays Improvement Work For Fisher School

A \$1.478 change order providing for additional fencing at the Fisher Elementary School playground improvement project was approved this week at a meeting of the Marquette Board of Education.

Menze Construction Co., Inc., of Marquette, is contractor for the improvement project, which is expected to be completed this fall. Menze was low bidder for the work at \$6,500.

The project includes enlargement of the Fisher School playground area, erection of a retaining wall to eliminate water runoff problems on adjacent properties to the south, and the erection of cyclone fencing.

**234-Foot Extension**  
The change order approved this week provides for an extension of 234 feet of four-foot cyclone fencing to the 230 feet of fencing already planned.

The extension runs between the school and property to the southwest, adjacent to S. Third St. An 18-foot gate is included in the change order.

Also at this week's meeting, the school board directed that an appraisal be made of a home

and 50 by 100-foot lot at 1319 Lincoln Ave., which has been offered for sale to the school board by the owner, John Sarka Jr. Sarka offered the property to the school board at \$8,200.

**Architect's Advice**  
The architectural firm for the new high school, Warren S. Holmes Co., Lansing, has advised the school board to acquire as much property as possible on Lincoln Ave. east of the high school site, School Board President Herman E. Olson pointed out.

Sarka's property is the second lot north of W. Kaye Ave. extended on the west side of Lincoln Ave. Earlier this year the school board purchased the lot directly north of Kaye Ave. extended.

**Investments Eyed**  
Also at this week's meeting the school board:

• Approved and ordered paid invoices totaling \$25,549.67.

• Received copies of the school's annual audit report and heard Board President Olson suggest that a balance of cash on hand might be used to make improvements in the Graveraet Building requested by the state fire marshal and for investments.

## 15 Persons Pay \$202 In Justice Court Fines, Costs

Fifteen persons were assessed a total of \$202.30 in fines and costs when they appeared before Justice George J. Fezzy in Marquette Township Court.

Gary M. Revord, Route 1, Marquette, was fined \$15.70 and ordered to pay court costs of \$7.30 for carrying a loaded shotgun in a vehicle. Conservation officers arrested him Oct. 17 on County Road BL, in Chocoley Township.

**Fined On Second Count**  
Revord also was ordered to pay a \$5.70 fine and \$4.30 costs for allowing an unlicensed minor to drive. State police officers issued him the summons on Oct. 17.

Duane R. Bocklund, 18, Route 2, Box 114, Marquette, and Dennis G. Chenail, 18, of 1436 Lynn St., Marquette, were each fined \$20.70 and ordered to pay court costs of \$4.30 on charges of minors in possession of beer. They were arrested by state police Oct. 19 on U.S. 41, in Marquette Township.

For building without a permit, Frank J. L'Huillier, Werner St., Marquette, paid a \$5 fine and \$4.30 costs. L'Huillier was arrested upon warrant Oct. 16 for building a garage without a permit. Alternative sentence was to spend two days in Marquette County Jail.

**Five Speeding Charges**  
Roger L. Jetland, Grand Rapids, Minn., was fined \$10.70 and ordered to pay court costs of \$4.30 on a charge of speeding. He was ticketed by state police Oct. 19 on U.S. 41, in Negaunee Township for driving 80 miles an hour in a 65 MPH zone.

For speeding, Daniel P. Ruen, Lathrop Village, Mich., paid a \$10.70 fine and \$4.30 costs. State police issued the summons Sept. 28 on U.S. 41, in Negaunee Township for driving 70 miles an hour in a 55 MPH (nighttime) zone.

Gary A. Gubbings, K. I. Sawyer Air Force Base, was fined \$5.70 and ordered to pay court costs of \$4.30 for driving 65 miles an hour in a 55 MPH zone. State police ticketed him Oct. 16 on U.S. 41, in Marquette Township.

For driving 65 miles an hour in a 55 MPH zone, Gerald B. Lambert, St. Ignace, paid a \$5.70 fine and \$4.30 costs. He was issued the summons by

state police Oct. 15 on U.S. 41, in Marquette Township.

Louis Lattrell, 1219 N. Fourth St., Ishpeming, paid a \$5.70 fine and \$4.30 costs for speeding. He was ticketed by state police Oct. 11 on U.S. 41, in Negaunee Township for driving 65 miles an hour in a 55 MPH zone.

**Run Stop Sign**  
For "running" a stop sign, Ronald H. Koth, Escanaba, was fined \$5.70 and ordered to pay court costs of \$4.30. State police issued the summons Oct. 1 at the junction of County Roads 480 and 533, in Sands Township.

Clayton J. Cody, Route 1, Box 98, Negaunee, paid a \$5.70 fine and \$4.30 costs for failure to signal a right turn. He was ticketed by state police Oct. 18 at the junction of County Road and M-35, in Forsyth Township, 533 and M-35, in Forsyth Township.

**Wrong Way On Highway**  
For driving the wrong way on a divided highway, Darlene M. Peterson, 331 Bluff St., Marquette, was fined \$5.70 and ordered to pay court costs of \$4.30. She was issued the summons by state police Oct. 16 on U.S. 41, in Marquette Township.

Robert H. Fassbender, 338 W. Park St., Marquette, paid a \$5.70 fine and \$4.30 costs for failure to stop a loaded fuel truck for a railroad crossing. State police ticketed him Oct. 16 at the Soo Line crossing of U.S. 41, in Ely Township.

For having defective brakes on his car, Gerald L. Beerman, Big Bay, was fined \$5.70 and ordered to pay court costs of \$4.30. He was issued the summons by state police Sept. 15 on County Road 550, in Powell Township.

## Pork, Veal Bargain At Food Stores

DETROIT (AP) — Production of pork in recent weeks has been the highest since last March and shoppers can look forward to a gradual gain in supplies through the rest of the year.

One big Eastern chain of supermarkets is featuring pork chops at 79 cents a pound, off 20 cents from last week. Other cuts among the specials are rib end, loin end, rib half and loin half.

Veal is another meat that will catch the bargain hunters' eye. In the East, veal chops at 89 cents a pound are down 26 cents from last week.

Also in ample supply at meat counters are many cuts of high quality beef, lamb and broiler fryers.

**Eggs, Dairy Products**  
Good buys also can be found in eggs and dairy products.

Potatoes are plentiful and a bargain buy in the Southeast. Beef gets the principal role in the Midwest with specials including rump and other pot roasts, round and sirloin steaks and ground beef.

Apples, especially Red Romeos and Jonathans, and Tokay grapes are favorites in the Southwest.

In the West, shoppers will find plenty of flounder, sole, halibut, rockfish, salmon and cod.

**Abundance Of Vegetables**

The fall harvest of vegetables will provide an abundance of snap beans, broccoli, cabbage, carrots, cauliflower, celery, cucumbers, greens, lettuce, onions green and red peppers, potatoes, pumpkins, squash, sweet potatoes and tomatoes.

Best buys among fruits are apples, cranberries, grapefruit, grapes and oranges.

Bharata Natya, a classical dance of India, is said to be one of the most involved dances in the world.

## 1st Woman Justice Holds Trial Here

A Chocoley Township Justice Court jury has ruled no cause of action in a traffic violation complaint against John M. Maki, Carlshend.

The trial is believed to be the first conducted in Marquette County before a woman justice. She is Mrs. Elizabeth Jelich, elected in Chocoley Township last spring.

The summons was issued to Maki by state police on a complaint signed by Mrs. Carol Berg, Harvey, following an accident Oct. 8 on County Road 553 in Sands Township. Maki was charged with failure to give the proper signal before turning.

**Deliberate 20 Minutes**

Prosecuting Attorney Edward A. Quinell of Marquette called the complainant, Mrs. Berg, and Trooper LaMar Erb of Marquette to testify for the people. Witnesses called by Robert Boreau, Marquette, attorney for Maki, were the defendant and Lewis Ingalls, Skandia.

The jury deliberated 20 minutes before returning the verdict of no cause of action.

Jurors in the case were Naomi Lawson, Russell Robertson, Elvira Libby, Chester Bignall, Roy W. Johnson and Phillip Clish.

These are Navy Neptune planes, from U. S. Patrol Squadron 4, flying in formation, like those of which Cdr. Arthur K. Bennett of Marquette is in command. The planes are part of the units based at the Naval Air Facility at Naha, Okinawa.

### City Native Headed Navy Australia Good Will Tour

Commander Arthur K. Bennett Jr., a Marquette native, executive officer of Navy Patrol Squadron Four (VP-4), led three flight crews back to their home port in Naha, Okinawa, recently after a 10-day operational familiarization and good will visit to Australia.

Cdr. Bennett, his 12 officers and 36 enlisted men, departed Naha just ahead of a typhoon and flew via Agana, Guam, and Port Moresby, New Guinea, en route to Townsville, Australia.

Host for their arrival was Ten Squadron of the Royal Australian Air Force.

"The Australian hospitality which was extended during the entire visit was evident from the moment the men arrived," stated Cdr. Bennett, "and Ten Squadron went all out to assure memorable tours, pertinent discussions, hours for relaxation and comradeship."

Patrol Squadron Four, based at Naha, Okinawa, is a unit of the powerful U. S. Seventh Fleet's Taiwan Patrol Force and is under the operational control of Rear Admiral Robert A. Macpherson, commander, patrol forces, Seventh Fleet.

Bennett is a graduate of the United States Naval Academy, class of 1946. He is married to the former Mary Rupp of Marquette, and they have three children, Lynn, who presently attends Holton Arms School in Washington, D.C., and two sons, Arthur and Michael, who reside with their parents on Okinawa.

ARTHUR K. BENNETT JR.

### Dr. O'Dell To Attend Conference

Dr. Richard F. O'Dell, professor and head of the history department at Northern Michigan University, will be among the more than 600 members and friends of the Michigan Welfare League who will tackle the problem of "Translating Knowledge into Local and State Action" at the league's 49th annual conference Nov. 18-20 in Lansing.

and laymen from all parts of the state. The degree of citizen involvement is evidenced by the fact that more than 90 people will serve as chairmen, speakers, resource consultants, panelists and recorders in eight workshops and 10 institutes.

"Protecting the Battered Child," "The Migrant Labor Family" and "Social Work and Social Action" are among the 18 topics for discussion. Over 100 citizens will also participate in 17 associate group meetings.

The league is a member agency of the Michigan United Fund, supported in this area by the United Marquette Community Chest.

### Financial Scene: 'Tools For Freedom' Plan Noted

NEW YORK (AP) — A little known organization of business men is providing underdeveloped countries with the means for industrial progress.

It is called "Tools for Freedom." The movement got its start in 1960 and has been picking up momentum ever since.

At that time four Connecticut firms shipped metalworking shapers, lathes, a drill press, a grinding machine and machine tools to St. Joseph's School of Industrial Trades in Dacca, East Pakistan.

This was the beginning of industry's first formal effort to supplement the United States' tax-supported foreign aid program with one of its own operations.

erated and supported by private enterprise.

That first shipment enabled student enrollment at the school to more than double. Now St. Joseph's reports that it has become the second best-equipped technical school in East Pakistan, second only to a school sponsored by the Ford Foundation at a cost of nearly a million dollars.

Mansfield D. Sprague, president of Tools for Freedom and vice president of the American Machine & Foundry Co., explained the program.

"Tools for Freedom is an action program organized, sponsored and administered by the U. S. business community to foster both self-help development overseas and to give a boost to the U.S. business community here and abroad," he said.

"Its essence is the contribution by American industry of both new or used, outdated machinery, equipment and inventory to qualified technical and vocational schools in the developing countries of Africa, South Asia and Latin America.

"The equipment is only for schools. It is tax deductible at full market value. There is no government involvement," Sprague says the program can become a two-way street.

signed a contract with the Pakistan atomic commission for construction of a nuclear research reactor.

Tools for Freedom has nearly 400 contributing companies and has on hand requests for equipment from 480 schools.

### 40 Miles Per Day Averaged By Hiker On I-75

HIGGINS LAKE (AP)—Hiker Marion Pearson, averaging nearly 40 miles a day down the I-75 freeway, today had 237 miles to go in his 385-mile walk to Sylvania, Ohio.

At the present rate, the 64-year-old Grand Rapids man should finish in time to return for a celebration at Rudyard Nov. 1, when the last 22 miles of I-75 are scheduled to open.

### U.S. Doesn't Plan To Cut Combat Units

WASHINGTON (AP) — The question does not seem to be whether the United States will reduce its combat forces in Europe, but how soon it will be done.

The State Department is concerned over a recent speech by a top ranking Pentagon official which dealt, among other things, with "revolutionary changes" ahead for units deployed overseas. And it is anxious to get word out that no im-

mediate troop reduction in Europe is planned.

Rusk Visit Secretary of State Dean Rusk is expected to use the occasion of a visit to West Germany during the next few days to make a formal announcement. It will be aimed at calming alarm in West German government quarters, evidenced by a request for clarification on the speech of Deputy Defense Secretary Roswell L. Gilpatrick in Chicago last Saturday.

In that speech, Gilpatrick talked about change in the size and type of forces overseas which "lies ahead" and said the current test airlift of 15,000 troops to Europe demonstrates the capability to deploy military power far faster and longer than ever before.

Saturday Speech Gilpatrick and others have

talked publicly and privately on several occasions about improved strategic deployment capabilities, with implications that economics and other factors were pointing to an eventual cut in forces abroad.

But the Saturday speech was almost on the eve of the dramatic Exercise Big Lift demonstration and test. It was followed closely by an Army announcement that atomic arms for ground forces in Europe and elsewhere overseas would be increased—something that suggested there was a way to maintain the same amount of defensive firepower with fewer men.

There are now five Army divisions and other units amounting to the strength of a sixth division deployed in West Germany. The total manpower of the U.S. ground forces there is about 250,000.

### Tech Parley Lures 7 Area Prep Groups

Seven area schools will be among the 28 Michigan high schools sending one or more delegates to the Michigan Tech principal-counselor all student conference in Houghton Monday.

Schools from the tri-county area sending delegates are Marquette, Gravenet, Ishpeming, Negaunee, Munising, Republic, Baraga and L'Anse.

The one-day program is sponsored by Tech's division of continuing education in an effort to promote better communication between matriculating students, high school principals and counselors and college advisers. All Michigan high school principals and counselors are invited. There are indications that at least 50 participants will be registered.

#### Informative Talks

The program will feature a number of informative talks by key members of the Tech faculty and staff, and an opportunity for participants to interview former students from their schools.

Monday's program will begin with guided tours of Tech lab and research facilities and residence halls. The first conference session will start at 10 a. m. when Dr. Donald G. Yerg, director of graduate studies, discusses "The Scope of Michigan Tech."

Harold Meese, dean of students, will talk on "The Tech Student," and at a noon luncheon Frank Keres, faculty dean will discuss "Michigan Tech in the National Picture."

The final session at 3 p. m. will be a panel discussion moderated by Ernest R. Griff, admissions counselor.

### Four At Base Given 'Spot' Promotions

Four aircrew members of the 644th Bombardment Squadron at K. I. Sawyer Air Force Base have received "spot" promotions of one grade from Strategic Air Command.

Included are three gunners and one navigator.

Receiving a grade hike from first lieutenant to captain was Alan Schachman, a navigator assigned to crew S-13.

The three receiving the incentive promotion given to SAC bomber crew members were Jack Lumsden, William Sadler and Emmet Fillmore. Both Lumsden and Sadler received master sergeant stripes, while Fillmore was advanced from staff sergeant to technical sergeant. They are assigned to crews S-03, S-12 and E-20, respectively.

#### 22 In Squadron

With the addition of Capt. Schachman and the three gunners, 22 men in the bomb squadron hold "spot" promotion grades.

SAC is the only major Air Force command which presents this type of promotion to officers and enlisted men. The "spot" promotions, chosen by a board at SAC headquarters, are given to bomber crew and missile crewmembers only.

### GOP Denies Being Aided By Swainson

LANSING (AP) — Have the Republicans gone to former Democratic Gov. John Swainson for help in getting Gov. George Romney's fiscal reform program through the Legislature? Swainson says so.

"It's absolutely untrue," bristled Senate majority leader Stanley Thayer, R. Ann Arbor. He instructed his office staff to reject telephone calls from Swainson.

"I absolutely will not discuss anything with him ever again," said Thayer, whose job has been to get Romney's "jobs and justice" program into the lawbooks.

"I did," said Swainson of a meeting with Thayer at Swainson's home here last week when Romney's program was bottled up in the Senate Taxation Committee.

"I didn't ask him for help and it is also untrue that he ever promised anything," Thayer said. "By making political hay out of a general discussion, Swainson has cut himself off from even having things discussed with him."

Romney says that, before the meeting, Thayer told him he had an appointment to see Swainson. Romney said he did not approve of such a meeting, and said Thayer did not go as Romney's spokesman.

"Talk To Blonds" Thayer, angry at seeing Swainson's statement in print, said Swainson "has made an inference of having some effect on this Senate."

"If he's had any influence on what happened, I don't know anything about it. Talk to Blonds," said Thayer.

W. H. TRELOAR, General Manager

## Valachi's Testimony

Some years ago Louis Budenz was much in the public eye with his revelations of the inner workings of the Communist party in the United States. He helped alert America to the danger of Red infiltration. His testimony, however, was greeted in many quarters with disparagement because it came from a turncoat.

Recently Joe Valachi was telling the nation through Sen. McClellan's Permanent Investigations Subcommittee about the crime organization known as Cosa Nostra (in Italian "Our Thing"), a latter day Mafia-like organization of hoodlums organized into "families" and conducting big operations in illicit gambling and in dope peddling, prostitution, extortion and crime type management of legitimate businesses.

## Peninsula Perambulator

Dale J. Jerik, Ironwood, caught an 11-pound 1-ounce walleye while fishing in Lake Gogebic. It was 32 inches long.

The Ironwood City Commission has decided to purchase the Aurora Mining Co. property for \$700, but delayed formal approval until it can take a poll of residents of the area. If the city finally buys the land, nothing will happen in the immediate future to the residential area and the leases, which cost the owners \$3 a year, will be continued, with perhaps a slight hike in the fee. In the distant future — perhaps as much as 20 years — it is possible that the city would close the leases after the property has been vacated. However, if the city does not buy the property, Aurora Mining plans to sell it to a realtor.

The Ironwood Board of Education expressed both shock and concern when Superintendent R. Ernest Dear informed it of the relatively large number of children who began school this year without the sufficient number of immunizations required by state law. Saying that the statistics "are horrible for this day and age," Dear noted that 52 children had not received shots for diphtheria and tetanus, 63 for smallpox, eight for polio, and three who had not received shots of any kind.

Acting on recommendation of its finance committee, the Iron Mountain City Council approved full payment of Blue Cross costs for city employees. Up to now, the city had paid one-half of such costs and municipal workmen paid the other half.

A cat control ordinance, restricting the number of cats per household to three and providing for impounding and destroying of stray and unclaimed cats, was adopted by the Kingsford City Council. The Rev. Loyd Hire, pastor of the First Church of God who was appearing on behalf of an elderly member of his congregation, protested that the ordinance was infringing on the rights of citizens and that there was no need for the ordinance.

Public safety officers are investigating vandalism at Lakeview Cemetery in Manistique. Thirty-two tombstones were knocked down and at least two were damaged. Similar vandalism earlier this year resulted in injury to one youth when a tombstone fell on him.

John R. Martin, 24, who had been the object of an intensive search since last Saturday night when he escaped from the Mackinac County Jail in St. Ignace, was captured by officers who found him hiding in the attic of his family home at Gros Cap, Martin, who fired at a police officer and his trail dog earlier, gave up without a struggle when four state troopers found him hiding beneath a pile of clothes in the attic. Booked on a drunk and disorderly charge, Martin was about to be returned to Marquette State Prison as a parole violator when he escaped.

There were no motorboats to scare the ducks on Munusong Bay nearly half a century ago when he was guide for the Dodge brothers of Detroit, says Cleophas Desormeaux, who has firm convictions the bay should be open to punts only. Desormeaux, now 85 and enjoying retirement at his small home only a few miles from the Munusong River, has known every inch of the massive bay since boyhood.

## From The Journal Files

### 60 Years Ago

**Marquette**— Sewage connections are being made with the new library building from Front St. The window frames in the second story are now in, but uprisals of six weeks of work remain before the structure will be enclosed, and there is a big likelihood of interruption because of broken fall weather.

**Negaunee**— Mrs. J. E. Burtless, Hewitt Ave., leaves today for Toledo, Ohio, to spend a week or two with relatives.

**Ishpeming**— When the doors of the Miners' National Bank opened yesterday, there was a rush of depositors to the cashiers' window. Vague rumors, originating from some mysterious source, to the effect that the institution was in an unstable condition and liable to collapse.

### 30 Years Ago

**Marquette**— Lee McGinley, 417 Summit St., yesterday announced that he would be a candidate for a seat on the city commission to fill the vacancy left by the resignation of G. A. Carlson.

**Ishpeming**— As a precautionary and safety measure for Marquette in the war against tuberculosis, the city commission yesterday adopted an ordinance making it unlawful for any person afflicted with an active case of pulmonary tuberculosis to reside in the same home with children under the age of 16 years.

**Ishpeming**— Shipments of iron ore from the Marquette Range show promise of continuing until the middle of November and probably later, if weather conditions permit, on the basis of orders which remain to be filled before the

Before Valachi, "Cosa Nostra" wasn't in the American dictionary of the vernacular and now it is blasted into the American consciousness by reports of the Senate hearings in the press, on radio and TV. Along with Valachi's singing goes a great deal of commentary.

Sen. McClellan and his fellow committeemen have been criticized for the deference shown to Valachi in public. The friendly treatment given by high officials of the U. S. government to a confessed hired gun, thug, dope pusher and lifelong criminal is offensive to many Americans. Some commentators pontificate that testimony from a small time hoodlum about big time crime isn't creditable and that Valachi, in his little slot, couldn't have known about all the criminal activities he's describing for the Senate investigators.

Jimmy Hoffa ridicules the inquiry, but he has no reason to like Sen. McClellan, and it would be unusual to have him speaking well of the crime probes who have called him in for questioning. Time Magazine says "Valachi is an aging (60), two bit punk... now turned stool pigeon."

The motives — and even the good sense — of Attorney General Robert Kennedy in putting Valachi on public display are questioned. The Kefauver committee got a lot of headlines with its crime pump but it dredged up no corrective legislation. Is Mr. Kennedy using Valachi to help get legislative permission for wire tap service?

The police officials who have been questioned publicly about Cosa Nostra generally support Valachi's main thesis: That there is a Mafia-like organization of hoods operating in the country. They say that they can often find out who commits the murders, but can't convict the killer because the informer won't be a witness.

Mr. Kennedy is right in putting Valachi on display. Unless the American public is naive, it will recognize that it is hearing — no matter the source and no matter how familiar to crime specialists — a shocking and largely believable report on organized crime that is increasingly involved in legitimate businesses.

A man designated by Valachi as head of a crime family appeared voluntarily before a district attorney and reported that he made \$100,000 a year in a dress business. Was it unionized? Oh, no. In an industry which Dave Dubinsky and his colleagues have organized heavily, his plant wasn't unionized. Labor is one of the fields in which rackets have flourished. The incident is one more straw to show the way the wind is blowing.

The revelation that Vito Genovese, a prisoner in Atlanta Federal Prison, was able to have Valachi assigned as his cellmate shows something radically wrong with the federal penal system and supports Valachi's report of corruption.

Valachi need not be believed to be alarming. It is only necessary to sift his reports for credibility to sense that there is reason for national uneasiness and concern about this group with a huge illegal income running a sub-government and corrupting many of the processes of legitimate government with bribery and terror.

### VEST POCKET ERUDITION

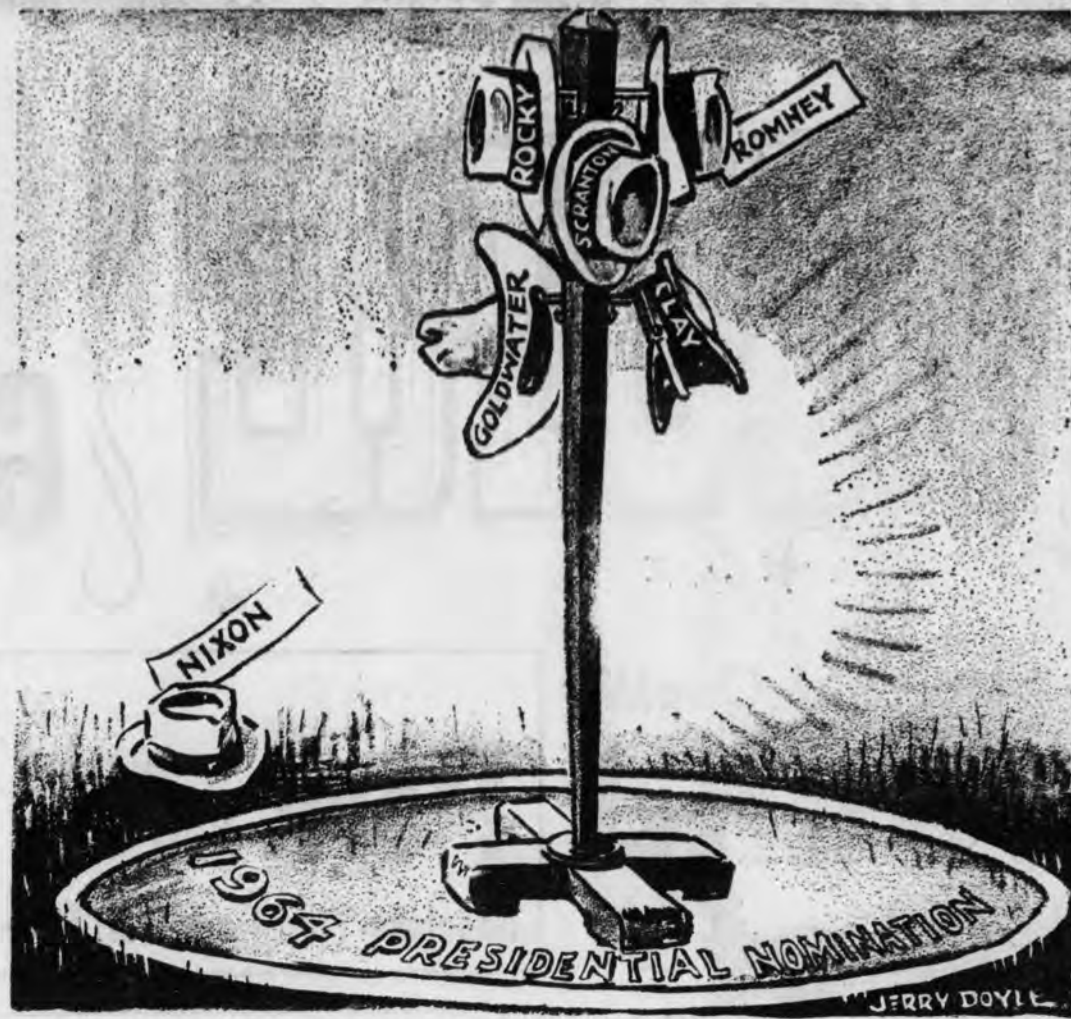

The national affinity for handy reference education and packaged profundity is nicely demonstrated by the popularity of the vest pocket fact book, the latest thing in publishing. These miniature books give the bearer a portable library — information ranging from identification of birds to "jokes for all occasions" and foreign languages.

The chief drawback to this ready reference surge, of course, is that it will encourage a lot of Americans to carry information in their pockets rather than in their heads. But if it also results in return of the vest, it will have made one solid contribution to the general welfare. — Minneapolis Tribune

### THE IRISH SWEEPSTAKES

Rep. Fino of New York estimates that the Irish Sweepstakes takes \$520,000,000 out of the United States each year. This particular part of the balance of payments lag might be simplified to "the nag lag." — Arkansas Gazette.

## GOP Political Picture

JERRY DOYLE, PHILADELPHIA DAILY NEWS

## The National Whirligig News Behind The News

BY ANDREW TULLY

WASHINGTON — Chairman Bill Miller of the Republican National Committee should have his mouth washed out with soap after those pool room cracks about Jackie Kennedy. A politician is not expected to be an Eagle Scout, but he should possess a modicum of good taste.

There are some things wrong with United States, but most of us feel it is caddish to attack a man through his wife. That, of course, is just what Miller was doing when he mouthed his sneaky comments about the lack of "decorum and dignity" in the White House and "all night parties in foreign lands." He was pursuing beyond the bounds of common decency his chore of trying to defeat President Kennedy in 1964.

It is no credit to former President Eisenhower and Barry Goldwater that they sat unprotesting in a hotel ballroom and listened to Miller cheapen the Republican Party. He sounded like a nasty little boy and he spoke of "twisting in the historic East Room" and a White House "infested by Sinatra types."

## Life In The Kindergarten

By LARRY FRIEDMAN  
Substituting for Hal Boyle  
CLEVELAND (AP) — What's life like in that wonderful—and sometimes wacky — world of kindergarten?

We can't be sure, because the only information we receive is from our 5-year-old. And she often takes a flyer into the world of fantasy.

My wife is anxious to find out what goes on in the little school-room with the big doll house. By the bruises on little Arlene's legs, Mommy has discovered the youngsters sometimes toss around blocks. Paint on her hands and clay in her hair are more evidence of kindergarten tools.

**"Tommy Kissed Me"**  
To Mommy's questions of "How was school today, darling?" comes such no-nonsense answers as "Okay," "Fine," or "The same as yesterday."

But Daddy hears all the tales — or at least they sound like tales.

It was sitting on the sofa one evening reading the newspaper when Arlene flopped down alongside me. Suddenly she blurted out:

"Daddy, Tommy kissed me in school today."

"Huh. Who kissed you?"

"Oh, the teacher didn't see

him kiss me," she said innocently.

**"Fire Grill"**  
"Well, what did you do?" I asked anxiously.

"I kissed him back. He's a nice boy."

One day Arlene rushed home excitedly to relate the details of a "fire grill."

"It wasn't a real fire grill," she explained. "Just a make-believe fire grill, because there was no fire."

Reluctantly, she reported one time about being told to sit in the corner.

"Well, what did you do to deserve such as honor?"

"I was talking after Mrs. Cook told us to keep quiet. Then I started talking low to Vicki. But the teacher said she could hear someone whispering with her special ears."

**Apple Supply**  
"Daddy, do teachers have more than two ears like regular people?"

Since that day in the corner, Arlene has increased our weekly purchase of apples. On the theory that an apple a day keeps the doctor away, she has been eating two a day — and taking an additional one daily to Mrs. Cook. It must be big and red. And it must be so shiny it glows.

## Side Glances

"No, REALLY — Chet adores chamber music! It's just that he doesn't want it to get too firm a grip on him!"

## Asian Balance Sheet

By JOSEPH ALSOP

WASHINGTON — For the long pull, this autumn's most significant news may well concern the harvest in Communist China. Recent evidence that may be considered conclusive indicates that this year's harvest was poorer than last year's.

Superficially, the difference may not seem dramatic. Last year's Chinese Communist grain crop was on the order of 182 million tons. This year's may be as low as 175 million tons and will certainly be less than 180 million tons. The difference, then, is no more than three to nine million tons.

**Exceedingly Dramatic Development**  
In the context of the crisis in China, however, this drop in the crucial grain crop is an exceedingly dramatic development, full of intimations of danger. The point is that the Chinese Communist leaders themselves have placed their whole reliance on an increase in agricultural productivity as the only way out of their troubles.

Everything has been subordinated to securing this increase. Industry has been allowed to come to a half-halt. Public investment has been suspended. Every kind of concession has been made to conciliate and to spur on the Chinese peasantry. Last year, moreover, when there was a slight but significant rise in farm output, these measures seemed to be working.

Only a few weeks ago, when this reporter was in Hong Kong, the China-watchers there still believed that 1963 would again see another slow rise in farm output on the Communist mainland. The fact that the output has instead dropped has several meanings, all of them pretty hair-raising.

**Gigantic Catastrophe Inflicted**  
Politically, the new fact means that the government of Mao Tse-tung can no longer be regarded as stable and secure. It is irrational to suppose that any group of national leaders must have a secure grip on power, when they have first inflicted a gigantic catastrophe on the nation they lead, and have then totally failed to find any way out of the appalling situation created by the catastrophe.

A great nation like China, if persistently led deeper and deeper into misery and misfortune, will surely find its own way out in the end, even if it is necessary to find new leaders. And as China's descending spiral has not been halted, despite all the drastic self-reversals by Mao and his colleagues, the future of Mao's regime is now in doubt.

This does not mean, of course, that a great change is to be immediately expected. This does not mean, either, that if and when there is a general upheaval or a great leadership crisis, the successor regime will not retain the Communist label. But this quite certainly means that U. S. policy in Asia must be based on a balance sheet, which shows the troubles of the other side just as prominently as the difficulties we ourselves have encountered.

**Political—Moral Crusade**  
Our own difficulties have at least been somewhat exaggerated by the obsession of a number of the American newspapermen in Saigon with a political-moral crusade against the government of President Ngo Dinh Diem. The warnings offered by the outcomes of similar crusades, in China and later in Cuba, are being conspicuously ignored.

Indeed, the actual war in Viet Nam is being rather conspicuously ignored, if one may judge by the extreme rarity of front-line datelines among the lurid reports of the leading crusaders. And the war is still going rather well, even though the government of President Ngo Dinh Diem has probably ceased to be permanently viable as a result of the Buddhist crisis.

Thus our own difficulties have been painted in unduly emphatic colors. They exist. They are already serious difficulties, and it cannot be excluded that they will grow more serious with the passage of time. In the present state of affairs, President Diem's immensely powerful brother, Ngo Dinh Nhu, may even try to make the deal with the North Vietnamese Communists for which the French on the spot have been intriguing.

**Comparatively Trifling Difficulties**  
On the other hand, our difficulties in Viet Nam are downright trifling, compared to the difficulties which now confront the Chinese Communist regime, not to mention the regime in North Viet Nam, where conditions are even worse than in China.

If we hang on, therefore, we can reasonably hope that the other side's difficulties will end by weighing heaviest in the balance. And if we give up, we can miss what increasingly looks like a major change of a great zig-zag in the course of history.

## Thoughts On GOP In '64

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — Republicans, particularly insiders, are talking a lot about the 1964 chances of their party and its would-be presidential candidates. It's all vague at this point and doesn't add up to much.

And no wonder, since New York's Gov. Nelson A. Rockefeller and Arizona's Sen. Barry Goldwater, the two most eager candidates to have the nomination, have not yet formally admitted they are.

**Goldwater Ahead**  
Take the chairman of the Republican National Committee, Rep. William E. Miller of New York. He says no Republican candidate has the nomination locked up although Goldwater is ahead at the moment.

He adds that if Goldwater sweeps the state primaries "I hardly think the convention could deny him the nomination." You wouldn't have to be an expert or an insider to figure that out.

**Well-Informed Source**  
Tuesday this writer listened for two hours to an extremely well-informed Republican source—who didn't want to be otherwise identified—and the total of all he had to say was pretty much one big if.

He was confident enough about the party's chances to say the one thing that could cost it the election would be a family fight. An unpleasant task.

But then, listing Republican complaints against President Kennedy's handling of domestic and foreign affairs, he conceded his party would be in a "hell of a mess" if the Russians pulled their troops out of Cuba just before the election.

employer and employees of this particular plant have been on an amicable and peaceful basis, a period which must coincide with that period when U.S. Plywood was making its survey.

The results of strikes, the raising of wages and, therefore the amount of money to be spent within a community, are beneficial to all. In the instance of Local IV-283, their only strike vote gained this purpose and by it raised not only their standard of living, but the standard of living of an entire community. Celotex obviously was not hurt by it, for had they been, the plant would not be operating as successfully as it is today.

**IRVIN N. ANDERSON**  
Vice President  
Midwestern States  
Regional Council IV  
International  
Woodworkers of America  
Wausau, Wis.

What about Nixon? The word vacuum also popped up on television Sunday night when Rep. Stanley Tupper, a Maine Republican, said: "There is a vacuum. Gov. Rockefeller's campaign has not started yet, and I think once it does you are going to find that the man Goldwater is going to be separated from the issues he has espoused over the years."

What about former Vice President Richard M. Nixon's chances for the nomination? The same source didn't rule out Nixon's chances but did say that, after the loss of the 1960 election, the former Vice President would probably hurt his chances in 1964 if he took any overt action to seek the nomination.

Some other thoughts from this unnamed source:  
**Enormous Self-Restraint**  
He doubted Goldwater or Rockefeller would go into the Wisconsin or Minnesota primaries because, he thinks, both states will try to avoid party hostilities within their borders by picking favorite-son candidates.

And — he would like to see Goldwater debate President Kennedy, although Goldwater has shown enormous self-restraint about accepting Rockefeller's challenge to a debate.

**TWO GOVERNMENTS**  
Brazil's Kraho Indians have two village governments. One rules in the rainy season (time of work in the fields) and the other in the dry season (time of ceremonies and festivals).

# Dear Abby...

By ABIGAIL VAN BUREN

**DEAR ABBY:** What do you think of a mother who won't let her 12-year-old boy fight his own battles? This mother runs outside every time she hears a disagreement in which her son is involved. My son is part of the neighborhood group of about 12 boys who play together. We have taught our son to be respectful to adults, so when this mother runs out and tells the other boys to quit picking on her son, no kid is going to talk back to her and tell her it's usually her kid who starts it. I am only one of the mothers who doesn't know how to handle this. Can you help us?

### ONE MOTHER

**DEAR MOTHER:** One of you mothers who is friendly with this woman should tell her while she is hurting her son while trying to help him. Boys must learn to resolve differences among themselves. It is part of growing up. Psychiatrists' couches are bathed with the sweat of men whose mothers ran interference for them.

**DEAR ABBY:** Our son is marrying a girl we all liked very much until she started planning the wedding. She said she didn't want any of those old-fashioned songs, like "I Love You Truly" or "Because" played at HER wedding. She wants songs that "mean something" to her and our son. It seems they met and fell in love to a jazz song called "WHAT KIND OF FOOL AM I?" And

that, Dear Abby, is what she wants the church organist to play at our son's wedding. I told my son if they play "WHAT KIND OF FOOL AM I?" in church they will have to get married without me. Am I wrong?

### GROOM'S MOTHER

**DEAR MOTHER:** I think you are probably assuming that the bride plans to walk down the aisle to "WHAT KIND OF FOOL AM I?" She probably has in mind a medley of their favorite songs as a prelude to such ceremonial music as the traditional Lohengrin. P.S. If this is not the plan, see if you can't negotiate it as a compromise.

**DEAR ABBY:** In the apartment building where I live is a couple with a little boy. The husband is a professional man and his wife is a nice appearing woman, but she is letting that little boy slowly starve to death. He is so thin I could cry. Isn't there some way a nurse could be sent to that home to tell that mother to feed her child? I saw the husband in the hall one day and I tried to tell him that his son looked like he needed vitamins.

but he didn't seem interested. There should be a law against letting a child grow so thin. He is a very active child, and I've never seen a doctor go into that apartment so I don't think the boy is sickly. Please don't think me a busybody. I just had to tell somebody. Is there anything I can do?

### A NEIGHBOR

**DEAR NEIGHBOR:** I think it's safe to assume that the parents are as concerned about their son's health as you are. A child who appears "thin" is not necessarily slowly starving to death. Your intentions

are good, but any suggestions would be considered meddling.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

(McNaught Syndicate, Inc.)

One of the heaviest coins in a money museum in New York is a swedish 8-daler piece which weighs 31 pounds.

Sam Catesrove, Newberry, currently hospitalized in the tubercular section of Morgan Heights Sanatorium, is shown using the planer purchased by the Morgan Heights Auxiliary two years ago with part of the proceeds from its annual Hunters Ball. A very complete workshop is available to the patients at the sanatorium. (Mining Journal photo.)

## Annual Hunter's Ball Planned By Auxiliary

Members of the Morgan Heights Auxiliary officially began their ninth annual campaign to raise funds for needed items at Morgan Heights Sanatorium recently when the ticket chairman, Mrs. William Anderson, Mrs. Jerome Codere and Mrs. Toivo Maki, passed out dance tickets to be sold by the auxiliary members.

The goal this year is to raise enough money to furnish bed cubicles in the medical unit of the sanatorium. Auxiliary members feel confident that the public again will provide financial assistance for this project.

"With the change in type of patient care, it is more and more important to have added privacy. These cubicles will be an advantage in the patient-nurse relationship. Previously, our patients were not bed-ridden, was the need for the cubicles and not as great as it is now in the medical section of Morgan Heights," said the hospital service chairman, Mrs. George Lehtinen. She also is superintendent of nurses at the sanatorium.

Additional funds are needed to finance the social evenings and personal services provided by auxiliary members. These services are, in some cases, the only "outside" contact with the community the patients have.

"Because of the nature of convalescence and the long-term duration of confinement, this type of diversion is an important method of keeping up the patient's morale," stated Dr. James R. Acocks, superintendent of the sanatorium.

**Dance In Negauce**

Furnishings placed in the rooms from the proceeds of previous dances add a cheery note to the rooms which would otherwise be lacking. Purchase of upholstered chairs and wheel chairs has added materially to the individuals' comfort. TV sets, hair dryers and occupational therapy materials are other items that have been well-received at Morgan Heights.

This year's dance will be held on Nov. 2 in the Thimmes Memorial Building. Music for dancing will be provided by the Joe Barabe orchestra from 9 p.m. to 1 a.m.

## Apple Varieties Lend Flavor Blend To Cider

**By MRS. INGRID BARTELLI**  
Consumer Marketing Information Agent, Michigan State University

The witches and goblins of the Halloween season prefer apple cider.

Basically, cider is uncooked juice squeezed from fresh apples. Apples are brought to the cider mill, where they are cleaned, trimmed and washed. Sometimes varieties are used in such proportion so the ultimate juice will be a blend of flavors.

After being sorted and washed, the apples are ground into pulp, from which the juice is pressed. This fresh apple juice constituted most of the cider as it was sold up to 30 years ago.

**Four Methods**

Fresh apple juice is very vulnerable to fermentation so stays "sweet" only a few days before it "hardens." There are four methods commonly used to preserve "sweetness" in apple cider—refrigeration, freezing, pasteurization and preservation by chemicals.

Refrigeration is one of the most economical methods of preserving cider. When cider is cooled immediately after it is pressed and stored at 32 degrees to 36 degrees Fahrenheit, it retains its original flavor for one or two weeks without fermenting.

**Retains Flavor One Year**

The best known method of preserving the fresh flavor of cider is by freezing. Frozen cider retains its fresh flavor for at least a year.

Pasteurization is the method most commonly used in preserving cider for the market today. The juice is flash heated to 170 degrees for a short period of time and sealed in sterilized containers—the most popular being a gallon jug. A longer heating period results in a cooked taste.

Chemical preservatives, usually sodium sorbate or benzoate of soda, can be used in some states to preserve cider for short

periods of time. Some chemical preservatives impart a burning taste.

You can tell how cider has been preserved by reading the label.

**Seasonal Item**

We think of cider as a seasonal item, but actually with modern processing we can enjoy sweet apple cider all year long. Some processors prefer to call their product apple juice so we won't associate the sweet fresh-tasting product with what some of us old-timers remember as "cider."

Apple cider or juice can be used in so many ways. Drink it straight or combine it with cherry, orange, cranberry or pineapple juice or lemon-lime flavored soft drinks for refreshing drinks. Make sherbets or ices from sweet cider. Use it as the liquid in molded gelatin salads or desserts. It's almost necessary when making mince-meat.

**Combines Well With Meat**

Apple cider combines well with meats. Use it to baste ham or pork roasts. Cook venison in apple cider. Baste wild duck with cider as it's roasting. After you've baked a ham, pour off the fat, combine apple cider with the remaining drippings. A dash of mustard, some thickening and a few raisins will result in one of the best flavored ham gravies you've ever tasted.

Cider can be mulled and served hot by adding brown sugar, cinnamon, cloves and allspice during the heating process.

Another interesting punch made from cider is Hot Apple-Cinnamon Punch:

- 1/2 cup red cinnamon candies
- 10 to 12 whole cloves
- 1 stick cinnamon
- 2 tablespoons brown sugar
- 1/2 teaspoon ground nutmeg
- 1 pint cranberry juice
- 1 quart apple cider
- 1 quart lemon-lime carbonated beverage

1 orange, sliced (if desired)  
Combine all ingredients in

## AAUW Travel Visitor To Address Women Here

An area conference in which members of the Ironwood, Ishpeming, Houghton, Sault Ste. Marie and Marquette branches of the American Association of University Women will participate is to be held here on Saturday on the Northern Michigan University campus.

Registration for the conference and coffee hour are scheduled for 10:30 a.m. in the faculty lounge of the Student Center.

National AAUW representative to the conference will be Mrs. Derrick A. Sherman of Pittsburgh, second vice president of AAUW, member of the board of directors and vice president of the Educational Foundation.

**Holds Degrees**

Mrs. Sherman holds A.B. and M.A. degrees from Mount Holyoke College, where she earned Phi Beta Kappa honors. Her professional career has included a resident fellowship at Mount Holyoke College and a position as junior executive for R. H. Macy Co. Her wide interest in civic affairs has been demonstrated through her leadership in the community of Mount Lebanon, Pa., a past membership on the New York State Governor's Council on Consumer Problems and past service as vice president of the legislative Council of Western Pennsylvania.

**Other Positions**

Mrs. Sherman holds, in addition to the AAUW offices mentioned above, several other positions of importance in the organization. She is chairman of the committee on membership, a member of the program development committee, member of the committee on AAUW structure, on the executive committee of the board of directors and on the board of directors of the Mt. Lebanon branch.

In the past she has served as a member of the board of directors of the Pittsburgh branch, president of the Queens, N. Y., branch, and past president of the New York State Division.

In carrying out the membership responsibilities of her office, Mrs. Sherman works with the staff associate in membership at AAUW headquarters on all materials for branch and state membership chairmen and makes policy decisions concerning programs.

Mrs. Sherman considers one of the most rewarding aspects of her office attending meetings under the AAUW travel program, which sends association visitors to AAUW state, regional and area meetings to serve as resource people, consultants or speakers.

Mrs. Sherman is the mother of two children. Her son is a student at the University of Michigan and her daughter is in high school.

The plans for the conference are as follows: Members of the Ironwood and Marquette branches will visit with Mrs. Sherman informally from 10:30 until noon. Ishpeming members will meet with her from 12 until 1 p.m. at which time a luncheon will be served in the faculty lounge for all AAUW members attending the conference.

All members are encouraged to attend this luncheon even if they have not completed registration for the conference. Following the luncheon, Mrs. Sherman will give a talk entitled "The New AAUW Structure." A question and answer period will follow, providing the membership an opportunity to discuss the new program and

## Rev. Capizzi Welcomed By St. Ann's Group

St. Ann's Sodality installed new officers at a meeting following First Friday Mass in the new chapel at K. I. Sawyer Air Force Base.

Mrs. Francis Driscoll was named as president; Mrs. Ray Hopkins, vice president; Mrs. Oliver McDaniel, secretary, and Mrs. Richard Caplett, treasurer.

The Rev. Joseph L. Capizzi, who arrived at the base on Oct. 13, was welcomed by the group. Ordained nine years ago, Fr. Capizzi taught school and also served in St. Jerome Parish, Bessell Hills, St. Louis, Mo. Following his chaplain training at Lackland Air Force Base, Texas, he is beginning in his new capacity as Air Force chaplain at Sawyer AFB. He will be honored at a reception Tuesday in the chapel annex.

Two new members were welcomed to the group, Mrs. Francis Carroll and Mrs. James Barman.

Active in many fields, the welcoming committee of the organization greets all new Catholic families, acquaints them with parish activities, organizations and chapel schedules. Among other responsibilities, the committee cares for the Blessed Sacrament chapel and altar linens.

The Sodality will hold its next meeting following the 9 a. m. Mass on the first Friday in November in Chapel One.

## Mrs. Smith To Speak At Program Nov. 1

The World Community Day Observance sponsored by the United Church Women of Marquette will be held in the First Baptist Church on Friday, Nov. 1.

The event will begin with a coffee hour at 9:15 a.m. and the program at 10 a.m. Mrs. Norbert Smith of the First Methodist Church will speak on the United Nations. Special music will be provided by the Gospel Tabernacle.

The ushers will be women for the cooperating churches and will be dressed in costumes representing countries around the world.

Those attending are reminded to bring their Bibles, as well as articles needed for the friendship packets—two large size wash cloths (pin three sides together with safety pins and place inside a child's tooth brush, tube of toothpaste, bar of soap, comb, band-aids, tube of vaseline, wrap in hand towel and pin across top; if there is room, a small toy, crayons, or pencil and pad of paper may be added) and layettes — one shirt (double breasted and fastened in back), one binder, one long wrapper, one cap, and one small cotton blanket. Used nylon are also welcome, as well as cotton yardage or boys' cotton T-shirts and shorts.

Nursery care also will be provided.

**Effort and Sacrifices**

"Women of the community are invited to join us on Nov. 1 when we will remember the effort and sacrifices made by thousands of church women since the first observance 20 years ago to build better relations among nations and to help meet acute human need," a spokesman said.

A free will offering will be received to help make possible an expanded program at the church center for the United Nations, the new building to be completed this year, and to continue the United Church Women's program of international education and action.

## Rev. Karamelas To Deliver Special Message

The Very Rev. Napoleon D. Karamelas, pastor of the Greek Orthodox Church, will speak Sunday on "The Cure of the Demonic Demoniac." The short talk is to be delivered during the regular Sunday morning service which is open to the public.

## New Names In The News

**MEYNARD** — A son, Joseph Scott, was born on Oct. 18 in the Munising Memorial Hospital to Mr. and Mrs. James Meynard, Wetmore.

Gary Torza, bobcat, assistant denner bar.

## Meetings

**The Northern Queen Rebecca Lodge** will meet at 8 p. m. tomorrow in the Odd Fellows Hall. A social hour will follow the meeting.

**The Northern Promenaders** will hold a square dance in the Whitman School tonight at 8 p. m.

**Daughters of the Nile**, throughout the United States and Canada will hold Founders' Day teas Sunday from 3 to 5 p. m. Nefretete Temple will hold a tea and program for members only in the Federated Club House.

**The St. Jude Society of St. Louis the King Church**, Harvey, will hold a monthly Novena and quarterly meeting Sunday at 2:30 p. m.

**The Ladies of St. Peter's Cathedral Parish** will conduct their regular semi-annual bake sale tomorrow at the Gamble store. A large assortment of baked goods, including baked beans, pies, cakes, bread, rolls and potato salad will be featured. Contributions should be in by 10 a. m.

**Home Management Class Tours Madacey Home**

Twenty-two members of Mrs. Grace Nolingberg's home management class of Graveret High School Tuesday visited the new State-Wide National Home located at 1504 Lynn St. This house was open to the public last week. It is now occupied by Mr. and Mrs. John Madacey. Madacey is the manager of the State-Wide Real Estate Service here.

Although it is no longer open to the public, the Madaceys consented to let the class tour the house.

The girls were shown various modern conveniences and other outstanding features. They presently are studying home furnishings and design and frequently take such trips to supplement their classroom work.

## Williams-Seagle Wedding Held In Ishpeming

**ISHPEMING** — The Wesley Methodist Church was the scene of the double ring ceremony which united in marriage Marilyn Williams, daughter of Mr. and Mrs. John Williams, Ishpeming, and A/2c Donald Seagle, son of Mr. and Mrs. Charles Seagle, Fresno, Calif. The Rev. Eric S. Hammer officiated.

Attending the couple were Mr. and Mrs. Jack Williams, brother and sister-in-law of the bride.

For her wedding, the bride chose a light blue suit with navy accessories. She wore a corsage of yellow and white roses.

Her attendant wore a royal blue suit with black accessories and a corsage of yellow and white roses.

Mrs. Williams attended her daughter's wedding wearing a grey dress with black accessories and a corsage of pink and white roses. Mrs. Eva Skewis, maternal grandmother of the bride, wore a navy blue dress with matching accessories. Her corsage was of pink and white roses.

Mrs. Seagle is a graduate of the Ishpeming High School and is employed at the Style Shop. The groom is stationed at K. I. Sawyer Air Force Base.

## Lines from Lou's by . . . maggie

I'm afraid that I'll just have to repeat again, "This is the nicest fall since I've lived in Michigan." A friend of ours is a wag. He suggests that we run an ad for swim suits in the paper and at the bottom advise the readers that if we were out of swim suits by the time the customer showed up, we would be glad to show them a winter coat. The idea was good, but we didn't have a swim suit left to back up the ad!

So, the question is, what can we tell you about that won't make you feel too warm? Maybe we'll just talk about things in general. We have some lovely new items in pre-teens that will be so right for gift giving during the holidays. And since the pre-teen selection is of a short duration, why not lay-away a sweater or skirt today?

We have also received a new selection of mohair sweaters in cardigans and slipovers; another item that will be in short supply by Christmas. (We just can't seem to get enough of them!) Just in is a new group of TIGER slacks; you who have worn them know that it is one of the best fitting slacks made. And now we have them, in solids and muted pastel stretch slacks from TIGER, with a matching blouse, if so desired. Come to think of it, we're LOADED with new and fascinating things to wear. Come in and see for yourself. At LOU'S, in the center of Marquette. — Adv.

## Miss Johnson, Walter Krieg To Be Married

Miss Lorraine Johnson, daughter of Mr. and Mrs. Peter W. Johnson, East Newark, N. J., has become engaged to Walter Krieg, Little Falls, N. J., son of Mr. and Mrs. Walter W. Krieg of Marquette.

Miss Johnson, a graduate of Harrison High School, is employed by Peter Pan Swim Wear. Her fiancé is a graduate of Graveret High School and served in the U. S. Navy. He is employed by Gianni Controls Corp., Caldwell, N. J.

# Over 100 At PSA Meeting Hear Gaboury Tell Role Of High School Guidance

ISHPEMING — A meeting of the Parent-Sister Association of St. John's School attracted more than 100 persons to Kron-Dingfelder Hall last night.

Officers, pleased with the large turnout, expressed belief that parents of St. John's are taking a "genuine interest" in their children, not only from a religious viewpoint, but from an educational one as well.

**Talk By HIS Counselor**

Keith Gaboury, 1950 Ishpeming High School and Northern Michigan University graduate spoke on guidance and counseling of youngsters in Ishpeming High School. He is guidance counselor there.

He outlined factors which play a vital role in the educational life of each student at the school and what can be expected from the student. Defining guidance and counseling, he said, "We try to help young people solve their own problems. We try to instill in the students the confidence which is necessary to successfully complete their course of study in the high school."

"We are trying to help students gain self realization. This means we try to get the student to know his own abilities and get him to work towards the ultimate goal of doing his best in his studies throughout the entire four years of high school."

"The Ishpeming High School has a wealth of sources of information for students. We inform students on the cost of additional pursuits and at the same time encourage them to seek further schooling."

He noted that the number of drop-outs in Ishpeming High School within the last four years has been cut in half.

Through the guidance program at the school, students are finding out what lies ahead for them as far as jobs and educational medias are concerned, Gaboury said.

Asked "How well adapted are students from St. John's School who go on to the Ishpeming High School?" he replied: "Most youngsters coming from St. John's School to Ishpeming High School are exceptionally well mannered and disciplined. This makes it easy for them to adjust to a more rigid schedule of classes. Generally speaking, students from St. John's are above average, scholastically."

Students from St. John's "have no special problems although in some subjects, such as science and algebra, some have a tendency to be a little weak," Gaboury declared. "But to balance this off, we have found that in English and Latin, often St. John's students do very well."

**Quick Adjustment**

"Students from a smaller school sometimes are a bit nervous when coming into a larger school, but students from St. John's adapt themselves to the change quickly."

Following the meeting, a social hour was conducted and additional questions answered by the guidance counselor.

The PSA also announced the slate of officers and room mothers for the year.

Si Clements will serve as president, Mrs. Robert Tall as secretary and Leo Coron as treasurer.

Room mothers are Mrs. V. Lerno Beltrame, Mrs. Robert Saxwood, Mrs. Lawrence Butcher, Mrs. Ronald Portale, Mrs. Andrew Lusardi, Mrs. Robert Sturm, Mrs. Patrick Kovarik, Mrs. Donald Welsh, Mrs. Leslie Coduti, Mrs. Rexford Larmour, Mrs. William Manty, Mrs. Francis Dishnow, Mrs. John Bianco, Mrs. Robert Rodda, Mrs. Leo Sundberg and Mrs. Lewis Warner.

# Death Takes Mrs. LaBeau In L'Anse

L'ANSE — Mrs. Isabelle R. LaBeau, 51, died Wednesday evening in Baraga County Memorial Hospital.

She was born in L'Anse Jan. 29, 1912, and was a lifelong resident of the community. She was a member of the Sacred Heart Catholic Church. The former Isabelle Demgen, she was married to Arthur LaBeau April 23, 1929, in L'Anse.

Surviving, besides her husband, are three daughters, Mrs. Francis (Josephine) LaPointe and Mrs. Gerald (Shirley) Clisch of L'Anse and Janet at home; her mother, Mrs. Josephine Demgen of L'Anse; a brother, Peter Demgen Jr. of Detroit; seven grandchildren and several nieces and nephews.

Services will be held at 9 Saturday morning in Sacred Heart Church. The Rev. Casimir Adasiewicz will officiate and burial will take place in Evergreen Cemetery.

Friends may begin calling at the Swanson Funeral Home this evening. The Rosary will be recited there at 8 Friday night.

# Tri-County Briefs

**Alger . Baraga . Marquette**

**Negaunee**

The Epworth Fellowship of the Mitchell Methodist Church will hold a Halloween party Saturday night at 7:30 in the church parlors. Young adults of Calvary Baptist Church will be guests. Everyone is asked to come in costumes. Lunch will be served.

Girl Scout Troop 51 will hold a baked goods sale Saturday, starting at 10 a.m. in the Negaunee IGA Foodliner.

The Mary Martha Circle of Mission Covenant Church will hold its annual fall sale Saturday, starting at 1 p.m. in the church basement. Home-made articles will be sold and coffee will be served. The public is invited.

Negaunee Chapter, Order of Eastern Star, will hold a rehearsal Sunday afternoon at 1 for all new and old officers.

The Daughters of Isabella will hold a rummage sale Saturday from 9 a.m. to 3 p.m. in the Negaunee Community Building. Members are asked to take donations to the Community Building Friday night after 7.

**Trenary**

The Home and School Service Club has elected the following officers: President, Cletus Chartier; vice president, Mrs. Peace, Prosperity Will Win For JFK: Farley

ATLANTA — Peace and prosperity will win for John F. Kennedy in 1964, says James A. Farley, an expert on presidential campaigns.

**Hollow Nickel Part Of Coin Collection**

UPPER ARLINGTON, Ohio — An unusual part of Mrs. J. K. Shewmaker's coin collection is a hollow nickel.

She acquired it two years ago in a roll of nickels from a bank. The hollow nickel contained a defaced nickel and a dime, which gave it the usual weight of a nickel.

# Recommendation Rejected By Navy

WASHINGTON — Rep. F. Edward Herbert, D-La., says the Navy has officially rejected a recommendation by a presidential committee that it declare off-limits bars and other public places that discriminate against Negroes.

And the Louisiana congressman said the position of the Army and Air Force "is consistent with the negative attitude of the Navy."

# Mahoski Elected By Kiwanians

ISHPEMING — Effective Jan. 1, 1964, Joseph Mahoski, manager of Selin's Furniture Store, will become president of the Ishpeming Kiwanis Club.

The "songmaster" of the club will replace Henry Ruusi. Elected with Mahoski were Merrill Prin, vice president, and Wesley Wentela, secretary-treasurer.

Directors will be Jack Ohlson, Jack Biella, Nelson Diaz and Mike Shaw (present directors) and Joseph Gagliardi, Ronald Portale, Cecil Rawson and Wayne Hansen, new members of the board.

# State Police Ticket Two In Mishaps

ISHPEMING — Two automobiles were damaged and two motorists were issued summonses in a pair of traffic accidents which occurred yesterday in Ishpeming Township.

At 9 a.m. an automobile being driven east on County Road 494 by Thomas Chestnut, 18, of 629 N. Third St., Ishpeming, went out of control on a left curve, traveling off the right side of the highway and smashing into a wooden utility pole, about 150 feet east of the North Lake Road.

The right front of Chestnut's 1951 sedan was damaged and the vehicle was driven from the scene under its own power.

State police gave Chestnut a ticket for a speed law violation.

The other crash occurred at 3:55 p.m., as Robert Minick, 31, Willis, Mich., was driving west on U. S. 41. State police said his car went off the roadway on a left curve, skidding into a stop sign, going across the highway, and coming back again to the right side of the roadway, at County Road 6P.

Extensive damage occurred to the left side of the vehicle, a 1963 pickup, which had to be removed from the scene by a wrecker.

Minick was issued a summons by state police for violation of the basic speed law.

# Tech 'Prof' Attends Paper Industry Meet

HOUGHTON — Dr. William S. Layne, assistant professor of chemistry at Michigan Tech, was in Philadelphia last weekend for a meeting concerned with the chemistry and technology of the paper making industry.

The meeting was a joint conference of the American Paper and Pulp Association and the Technical Association of the Pulp and Paper Industry. One of the purposes of the meeting was to acquaint educators in the fields of chemistry, chemical engineering and allied teaching departments with some of the accomplishments and problems of the paper industry.

Approximately one-half of those attending were faculty members from leading colleges and universities, while the remainder were representatives of the paper industry.

It is estimated that sales of sunglasses in 1963 will total 150 million.

# UNICEF Fund Collection In Ishpeming October 31

ISHPEMING — A local committee of interested persons has completed plans for observance of the annual United Nations International Children's Emergency Fund collection traditionally made during the Halloween season.

The committee reminds Ishpeming parents that change in plans has been made and the UNICEF collection will not be held this weekend.

After studying the history of UNICEF, the committee felt that any program carried out in Ishpeming should be done according to recommendations of the national advisory committee, which plans the collection for Halloween.

A spokesman for the committee said, "The purpose is a sacrificial one, whereby the children and youth recognize the needs of children in other parts of the world much less fortunate than they and therefore, in place of 'trick or treating' for candy, seek funds to assist afflicted children of the world."

The local committee reminds parents to encourage children to note the reason for collecting money and foregoing candy treats.

In order to make the collection as orderly as possible, children are asked to go home after school Thursday, Oct. 31, and change into their costumes. They then are to go to the Wesley Methodist Church not later than 4:30 and there they will be assigned to teams by adult counselors who will go with them to the various parts of the city to collect for UNICEF.

At 6:30, all teams are to return to the church for the purpose of turning in their collections. A party will follow.

The committee also wishes to emphasize that each youngster will be identified as collecting for UNICEF by the container he carries and a tag worn on his clothing identifying him as a UNICEF "Trick or Treat."

Only these persons are authorized to collect for UNICEF.

# State Tax Body Slashes Mine Valuations In Iron

IRON RIVER — The State Tax Commission has ordered drastic cuts in valuations of mining and pipeline properties in Iron County.

Decision of the commission, acting on appeals by the various companies from valuations set by the boards of review, were revealed here.

Total reduction of valuations amounted to \$6,540,405, or 25.1 per cent from the original valuations of the properties involved in the appeals.

Appeals were taken from mining valuations in Bates, Crystal Falls, Iron River, Mastodon and Stambaugh Townships, and Crystal Falls city. Pipeline appeals were taken from valuations in Crystal Falls Township and Mansfield Township.

No appeals were taken from valuations in Iron River and Stambaugh cities.

Total valuation of the affected properties before appeals was \$18,612,905. The State Tax Commission reduced the value to \$12,072,500.

Greatest monetary reduction was in Iron River Township, where the tax commission ordered cuts of \$4,535,300.

Pipeline valuations in Crystal Falls Township were reduced from \$350,000 to \$238,700. Pipeline valuations in Mansfield Township were reduced from \$154,000 to \$122,300.

Effect of the reductions, second in two years, will be to shift the burden of taxes from mining to non-mining properties.

# Ten Fined In Gwinn

GWINN — Ten persons paid a total of \$134.90 in fines and costs when arraigned before Justices Arthur Burkman and Clifford Powers at the Gwinn Town Hall.

Apprehended by state police were Keith Brodtkorb, Sawyer AFB, who paid \$29.30 for reckless driving; James Greer, Sawyer AFB, \$8.70 for improper lane usage; Robert Reed, Sawyer AFB, \$13.70 for violation of the basic speed law and being involved in an accident; Edwin Dyberg, Rock, \$8.70 for improper passing on a marked hill; James Pleascher, Newberry, \$8.70 for having a defective muffler; Robert Person, Gwinn, \$8.70 for not having a chauffeur's license, and S. J. Green, Gwinn, \$8.70 for improper overtaking and passing on a marked hill.

Ticketed by Gwinn police were Robert Plimpton, Gwinn, who paid a total of \$38 on two counts — one for reckless driving and the other for exceeding the posted speed limit — and James Palmcock, Gladstone, who paid \$8.70 for speeding 40 miles in a 25-mile zone.

# Party For Junior Baseball Teams Set For Tonight

CHATHAM — The Chatham Lions Club and Veterans of Foreign Wars Post will sponsor their annual baseball party for members of the local Babe Ruth and Little Leagues at 7:30 tonight in the Chatham Town Hall.

# New Sales High Told By Inland

CHICAGO — Inland Steel today reported third quarter earnings of \$10,628,120 or 58 cents a share compared with \$8,114,371 or 45 cents a share earned in the third quarter of 1962 after adjustment for additional depreciation taken at the end of the year.

For nine months, the Chicago-based steel company reported earnings of \$41,964,641 or \$2.33 a share compared with adjusted earnings of \$33,954,812 or \$1.90 in the same period of 1962.

Operations dipped in the third quarter from the high levels of the first six months when customers were building inventories against the possibility of a steel strike, the report said, but for nine months record highs were attained for sales, steel production and shipments.

The current year's earnings represented a return of 6.7 per cent on sales as compared with 5.9 per cent in the first nine months of 1962.

In the report, Joseph L. Block, chairman, told stockholders that he expected record production and sales for the year and anticipated that earnings would exceed the 1962 figure of \$52,486,902 or \$2.94 a share.

"Activity in steel-consuming industries is generally favor-

# Laymen To Conduct Service In Wesley Church Sunday

ISHPEMING — A team of laymen of Wesley Methodist Church will be in charge of the morning worship service at 11 Sunday in Wesley Methodist Church.

Walter T. Bath, church lay leader and chairman of the official board of the church, has been in charge of arrangements and will give the Layman's Day sermon.

Others taking part will be John Wood, who will give the opening prayer and lead in the "Affirmation of Faith"; Lawrence Swanson, who will lead in the responsive reading; Charles Mitchell, who will read the scripture lessons, and Roy Hansen, who will give the morning prayer.

Music will be provided by the Wesley choir under the direction of Arthur Hammar.

"Praise Ye the Lord" will be sung and a baritone solo will be offered by Robert Hampton.

The 50-voice youth choir under the direction of Robert Hampton also will sing an anthem, "The Lord Is My Shepherd."

A nursery is provided during the service. The public is invited.

Play Presented In National Mine

Taking part in the senior class play, "One left) Larry Annala, Sheila Aho, Gail Wickman, Foot in Heaven," presented in National Mine Cheryl Weir and Karen Christian. The play High School auditorium last night were (from was directed by Mrs. Peggy Bramse.

Mrs. Koski Named Head Of PTA Unit

NEGAUNEE — More than 150 parents of Lakeview School children attended the opening meeting of the Lakeview PTA for the 1963-64 school year — a get-acquainted session — held in the school multi-purpose room.

Organization of the unit was completed during the business session with Mrs. Annette Koski being elected president to succeed President-elect Betty Purdy, who moved to another city during the summer vacation. Mrs. Jean Nelson was elected secretary, and Ernest Piirto was named chairman of the budget and finance committee.

Supt. and Mrs. Robert Northey were introduced to the group, and Miss Saima Kuivla, Lakeview principal, introduced members of the school faculty.

Reports on the PTA workshop conducted by representatives of the state organization recently in Ishpeming were presented by Mrs. Ann Rice and Mrs. Edna Sunne.

Group singing was led by Miss Mary Trolia, vocal music supervisor, with Mrs. Joanne Luha of the Lakeview staff serving as accompanist.

A hot lunch, similar to the meals provided for students, was served to parents. The attendance banner was won by Mrs. Friedgen's first grade class.

Room mothers appointed to serve for the current school year are as follows: Mrs. Geraldine Gervae, Mrs. Helen St. Arnaud, Mrs. Fran Hicks, Mrs. Alex Prusi, Mrs. Shirley Johnson, Mrs. Michael Denofre, Mrs. Edna Champion, Mrs. Norman Howe, Mrs. Duane Stille, Mrs. Edna Laurila, Mrs. Arvid Hemmilla, Mrs. Gerald Cox, Mrs. Pat Langlois, Mrs. Hannah Backlund, Mrs. Martha Kauppila, Mrs. Leino Pynnönen, Mrs. William Reynolds, Mrs. Ernest Piirto, Mrs. Norman Goethe, Mrs. Richard Uren, Mrs. Robert Thompson, Mrs. Reino Kantola, Mrs. Jean Nelson, Mrs. Bonna Beaudin, Mrs. Leslie Kallionen, Mrs. Evelyn Larson, Mrs. Clark Wickstrom, Mrs. Beatrice Hosking, Mrs. Vivian Leiviska, Mrs. Emil Wilg, Mrs. Edna Sunne and Mrs. Edith Juudici.

OES Slates Installation For Saturday

MUNISING — Newly elected and appointive officers of Munising Chapter, Order of Eastern Star, will be installed at an open ceremony Saturday at 8 p. m. in Masonic Temple.

The installing officer will be Mrs. Catherine Bouth, assisted by Mrs. Elizabeth Raymond, marshal; Miss Evelyn Ebbeson, chaplain; Mrs. Odilya Fraser, organist, and Mrs. Janet Berkel, soloist.

Officers to be installed are: Mrs. Willo Esterholm, worthy matron; Clifford Ebbeson, worthy patron; Mrs. Rosemary Froberg, associate matron; Walter Hutchinson, associate patron; Mrs. Anne Hurst, secretary; Mrs. Shirley Ruohonen, treasurer; Mrs. Lillian Chaltry, conductress; Mrs. Clara Iverson, associate conductress; Mrs. Edith Louis, chaplain; Mrs. Betty Johnson, marshal; Mrs. Helen Hutchinson, organist; Mrs. Martha Losh, Adah; Mrs. Olive Messier, Ruth; Mrs. Melva Royce, Esther; Mrs. Martha Lassila, Martha; Mrs. Florence Lessard, Electa; Antonio Louis Sr., warder; Leo Lessard, sentinel, and Mrs. Eleanor Bell, flag bearer.

A social hour will be held after the installation ceremony.

The bald eagle mates for life and returns annually to its huge nest.

Dynamite Blast In Gogebic Mine Kills Two Men

BESSEMER — A charge that failed to go off in previous blasting operations killed two miners Wednesday when their drill struck it.

Killed were John J. Rey, 45, of Montreal, Wis., and Leslie J. Ahnen, 36, of Wakefield, Mich. Coroner Wilbert Juntilla said the two men were working on the 29th level of the Peterson iron ore mine, operated by Pickands-Mather Co. of Cleveland.

Council To Hear Plan Unit Talk

NEGAUNEE — Advantages of creation of a planning commission and an urban planning program will be discussed by Abram P. Snyder, Marquette, community development specialist from Michigan State University Extension Service, at a special meeting of the Negaunee City Council at 7:30 tonight in the city hall council chambers.

Snyder's presentation is a result of a decision by the council at a special September meeting to establish a planning commission. The decision resulted from a request made by the Negaunee Business and Professional Association.

Unless something develops for discussion under the heading of "new business," the session will be brief. Only three items, all communications, are listed on the agenda prepared by Manager Leonard Harris.

Cub Scout Pack Has Hallow'en Party Oct. 29

NEGAUNEE — Cub Scout Pack 348 will hold its annual Hallow'en party at 7 Tuesday night, Oct. 29, in the Immanuel Lutheran Church Youth Center.

All Cubs planning to attend are requested to dress in Hallow'en costumes, as prizes will be awarded for the best attire. Lunch will be served by Den 10.

Cubmaster Bill Wangberg requests that all den mothers bring registrations for new members and lists of awards that Cubs have obtained to the meeting.

The Moslem warrior, Saladin, furnished ice to cool the tent of a fever-ridden enemy eight centuries before air conditioning was invented by an American, Dr. Willis Carrier.

Nine Fined \$318 In Gun, Headlighting, Fire Cases

MUNISING — Nine men were assessed fines and costs totaling \$318.50 when they appeared before Judge Walter Jonas following their arrest on charges of violating conservation laws.

Eugene F. Vinskoski, Carl Lampala, Eli DesArmo, Robert Gatiss and Joe Mahne, all of Munising, were apprehended by conservation officers early Sunday morning in AuTrain Township and charged with headlighting. Vinskoski, Lampala and DesArmo paid \$43 each, and Gatiss and Mahne were ordered to pay the same amount by Oct. 31 or spend 15 days in the Alger County jail.

Justice Court Hearing Set In Breaking-Entering Case

L'ANSE — Albert Arsenault, 34, L'Anse, arraigned Tuesday on charges of breaking and entering in the nighttime, is being held in the county jail under \$5,000 bond awaiting preliminary examination.

He was arrested in connection with the Sept. 10 robbery of the Jack Peterson home here, in which cash and valuables amounting to more than \$1,000 were stolen.

Arsenault, apprehended by state police detectives in Grand Rapids last Friday night, was returned here by L'Anse state police officer and Baraga County Sheriff Harold Heikkinen. Arsenault was in possession of a good share of the stolen goods at the time of his arrest, the sheriff said.

Stolen were \$625 in small change (mostly quarters, dimes and nickels) of which Arsenault still had about \$200 in quarters; a 35-mm. camera, movie camera, automatic pistol, camera ring, binoculars, a collection of rare coins and a suitcase. Besides the cash, which was apparently either spent or hidden, the 35-mm. camera and a number of the valuable coins are missing. Officers said Arsenault probably spent some of the rare coins without realizing their value as collector's items.

Arsenault stood mute at his arraignment before L'Anse Justice Steven P. Markovich, who set the preliminary examination for Nov. 5 at 1:30 p.m. in the village council chambers.

Police said Arsenault has a long criminal record and has spent most of the past 13 years in prison on charges of auto theft, carrying concealed weapons and breaking prison.

Another preliminary hearing has been scheduled for Nov. 5 in the case of Thomas S. Bangs, 23, Evanston, Ill., who is charged with breaking and entering the Kotila Service Station here Aug. 31. Bangs waived preliminary examination at his justice court arraignment early in September and was bound over to the September term of Baraga County Circuit Court.

However, Circuit Judge Leo J. Brennan, acting on a petition from Bangs' attorney, William G. Kontenius of L'Anse, remanded the case back to justice court to provide opportunity for a preliminary hearing. Bangs has been held in the county jail under \$3,500 cash bond since his arrest.

Three From Munising To Attend Conference

MUNISING — W. Howard Berke, principal, and Stanley Whitman and John Bianchetti, guidance counselors at Munising High School, will attend the first freshman conference at Michigan Tech on Monday, Oct. 28. Purpose of the gathering is for administrators and counselors to become acquainted with Michigan Tech and to interview freshman students now enrolled at the college.

Counselors at Munising High School for 1963-64 are Stanley Whitman, guidance director for grades 7, 8, 9 and 12, and John Bianchetti for grades 10 and 11.

Students in grade 10 will be given the Kuder preference interest survey in November. Eleventh grade students have taken the California test of mental maturity, and over 100 juniors also are expected to take the National Merit Scholarship test next March.

Twelve seniors took the preliminary scholarship qualifying test last week, and 18 have elected to take the strong interest inventory for career guidance purposes.

Twenty-two high school students have elected to compete in the Michigan mathematics prize competition Nov. 14. Achievement testing for junior high school students will be held next April.

Test results and interpretation will be available to students.

To supplement classroom science units and to help in observance of National Science Youth Month, first graders under Mrs. Martha Sims Nancy Jacobs, Terry Hutchinson, Bill Peters, at McDonald School, Gwinn, set up displays Guy Gilead and Michele Bassett.

Gwinn Schools Stress Importance Of Science

GWINN — When October — designated National Science Youth Month—draws to a close, Gwinn school children can look back on four weeks of activities that have stressed the importance of science in the American way of life.

Through the leadership of William G. Garrett, superintendent, the schools have cooperated with 56 national organizations that have promoted the special month. Emphasis has been placed upon science through motion pictures and special projects and programs correlated with classroom instruction.

In a bulletin to his staff, Garrett explained, "This, the eighth annual observance of National Science Youth Month, is organized by Science Service to turn the spotlight on inauguration of the year's science activities for youth who make up the nation's vast reservoir of potential talent in science and technology."

Millions of young people in schools, science clubs, science fairs and other groups across the nation form the core of the month-long emphasis on science activities.

In the Gwinn system the extent of the emphasis has been determined by the individual classroom teacher. Particularly in elementary classroom pupils have contributed items to displays of scientific materials and have put their art abilities to work to develop science themes.

A special assembly program, "Hall of Science," was presented to the student body of the high school.

Individual high score honors were won by Clara Connors and Carmen Roberts with 1,208.

Adult Creative Stitchery Class To Begin Monday

NEGAUNEE — Offered for the second year as part of the Negaunee public schools adult education program, a class in creative stitchery will meet from 7 to 9 Monday night in the art room, 301-C, in the Central Grade School.

Creative stitchery, according to Mrs. George T. Collins, class instructor, is creating with a needle and thread, as an artist paints with brushes.

"One does not have to know how to embroider, and a woman is actually at a disadvantage in already knowing the stitches, as it hampers her because she knows what the stitches look like," Mrs. Collins explained. "It is not how you make the stitch, but what you do with it, and creative stitchery is not a challenge to technical skill."

There is still room for additional students in the class. Women interested in enrolling may do so by calling the high school principal's office or by calling Mrs. Collins at either GR 5-4743 or GR 5-9177.

Specialty Shop Still In First

NEGAUNEE — The Specialty Shop retained its lead in the Negaunee Women's Cribbage League following matches played this week with a total of 23,013 points, 24 more than the runner-up Lady Elks. The Knights of Columbus team is in third place and Gayle's Beauty Shop occupies fourth.

Individual high score honors were won by Clara Connors and Carmen Roberts with 1,208.

### Bump Works Wolverines On Offense

ANN ARBOR (AP)—Michigan Football coach Bump Elliott, dissatisfied with the Wolverines' attack in games with Michigan State and Purdue, sent his players through a long offensive drill Wednesday.

Bob Timberlake was at quarterback and the mixed passing and running plays against red-shirted reserves who merely assumed the position of the defense Michigan is likely to face at Minnesota on Saturday.

### Wilson Says Lions Have Chance Left

DETROIT (AP)—Despite the team's 2-4 record, coach George Wilson insisted Wednesday that the Detroit Lions aren't completely out of the running in the National Football League's Western Division.

"We're not finished," Wilson said. "There's still a chance for us. It's a question of getting the (Chicago) Bears and (Green Bay) Packers beaten three more times to get them even with us."

"It can be done," the coach said. Wilson pointed out that the Bears and Packers—each beaten once—meet one more time and that both clubs must face the Baltimore Colts again.

### Two Squads Could Rock NBA Foes

BALTIMORE (AP)—The Baltimore Bullets and San Francisco Warriors may be ready to shake up the standings in the Western Division of the National Basketball Association this season.

The Bullets, playing as the Chicago Zephyrs a year ago, finished last in the Western Division with a dismal 25-55 record. The Warriors, despite the presence of scoring champion Wilt Chamberlain, didn't make the playoffs either as they allowed more points than any other NBA team.

Baltimore's young team is off to a 2-2 start after whipping the New York Knickerbockers 115-106 Wednesday night. Walt Bellamy, the 6-foot-11 center of the Bullets, scored 45 points to increase his league-leading total for the season to 136 in four games.

San Francisco came from 10 points behind in the second half to edge the St. Louis Hawks 93-85. Chamberlain, shooting less because of Coach Alex Hannum's stress on team play, scored only 22 points but still managed to lead the San Francisco attack. Wilt averaged 44.8 points per game last year.

By winning, San Francisco upped its record to 2-1 and moved into a first place tie with defending division champion Los Angeles. The Lakers overcame a 19-point first quarter lead and defeated the Detroit Pistons 124-113.

### Texas A&I Voted No. One Again

KANSAS CITY (AP)—Texas A&I was voted today the No. 1 football team in the National Association in Intercollegiate Athletics poll for the fourth straight week, but Northern Illinois climbed past Florida A&M into the runner-up position.

The Texans, idle last week, picked up 229 points in the weekly poll. Northern Illinois received 213, based partly on its 43-0 victory over Illinois State. But not far behind, with 204, is Florida A&M, which thumped Morris Brown of Georgia 66-0.

The other top 10 teams, their record and point total: St. John's, Minn., 6-0, 147; College of Emporia, Kan., 6-0, 85; Northern State, S.D., 6-0, 81; Kearney State, Neb., 5-0, 81; Prairie View A&M, Tex., 4-0, 87; Northeastern Oklahoma State, Okla., 7-3 and Lewis & Clark, Ore., 5-0, 60.

### MSU Picked To Win, UM To Lose

BY JERRY LISKA CHICAGO (AP)—Ye olde Midwest Football Seer, picking seven-for-seven last Saturday, approaches the coming weekend eagerly.

With a season mark of .769 on a 20-6 pace, we'll let the feathers fly this way: Wisconsin 19, Ohio State 13—Stung by a 32-3 pasting from Southern California, Ohio State will be hard to handle.

Michigan State 14, Northwestern 13—A slight upset there because Northwestern's sharp-shooting Tommy Myers runs into the Big Ten's No. 1 defensive club.

Minnesota 14, Michigan 7—Throw out the form sheet in this Little Brown Jug rivalry. Iowa 13, Purdue 7—The host Boiler-makers are tabbed the favorites.

Illinois 19, UCLA 12—The still unbeaten Illini may need all their defensive prowess against a losing but learning UCLA. Indiana 20, Cincinnati 7—Thumped by four successive Big Ten rivals, the Hoosiers are ready to tree the Bearcats.

### Michigan State At Full Power For NU Conflict

EAST LANSING (AP)—Michigan State coaches and players look at the football game with Northwestern Saturday as a make or break contest.

If the Spartans win they still are in contention for the Big Ten title—and even the Rose Bowl. If they lose, count them out.

This was shown by the emphasis on passing in practice Wednesday. Michigan State is at its full rushing strength. Dewey Lincoln, despite his fractured jaw, is able to play both halfback and fullback.

Sherm Lewis is running at top power at halfback. Fullback Roger Lopes has plunged for the best ground-gaining yardage. Ron Rubick, who was a question mark because of injuries, is back, able to go out and spell Lewis.

Quarterbacks Steve Juday and Dick Porebski passed in practice Tuesday night. Michigan State is at its full rushing strength. Dewey Lincoln, despite his fractured jaw, is able to play both halfback and fullback.

### Early Lead, Game Blown By Pistons

DETROIT (AP)—The Detroit Pistons raced off to a 19-point first quarter lead, but the Los Angeles Lakers offset that in the second quarter and went on to a 124-116 National Basketball Association victory Wednesday night.

Jerry West contributed 11 points, Dick Barnett 10 and Elgin Baylor 7 to the defending western division champion Lakers' second period rally. Jerry Led Effort

Led by Bob Ferry's five baskets, Detroit made 12 of its first 14 shots in the game to take a 28-9 lead. Three baskets in a row by Willie Jones made Detroit's lead 40-25 early in the second period, before the Lakers charged back and took the lead, 37-34, at halftime.

West finished with 31 points, Baylor 28 and Barnett 27 for the Lakers, now 2-1. Don Ohl led Detroit with 25. The Pistons now are 1-2.

### Marquette Archer Bags Doe With 30-Yard Bow Shot

SAULT STE. MARIE — Paul D. Yusko, of 1607 Fitch Ave., Marquette, brought in his first deer Monday evening, bagged with a bow and arrow.

Vacationing in Mackinaw County, Yusko got his chance at about 6 p. m. Monday, killing the 175-pound doe at a range of 30 yards.

Yusko is a member of the Deertrack Bowhunters of Marquette, and the kill is his first with a bow and arrow.

### Marquette MVP

Peter Holm, elected the Redmen's Most Valuable Player at the end of the season, is pictured above. Holm was the mainstay of Graveret's offense throughout the season, and saw much defensive action as well. He ran up a net total of 348 yards in the season's play, for an average of 5.6 yards per carry, and accounted for 78 tackles of opposing ball-carriers. In addition to this creditable performance, Holm also booted three kickoffs for a 36-yard average, scored five touchdowns and four extra points for a scoring total of 34 points. Marquette will lose his services next year through graduation, and the loss will be a big one. (Joe Sullivan photo.)

### Gordie Gets 3rd Chance This Evening

DETROIT (AP)—Deprived twice of record-setting goals, Detroit's Gordie Howe will shoot again for his 54th career goal tonight when the Red Wings host the Chicago Black Hawks.

Howe is one goal short of the regular season career record set by Maurice Richard. Twice in the last ten days Howe has fired the puck into the net, only to have the goals erased.

In each case, game officials disallowed the Howe scores, saying that other Red Wing players had committed rule violations.

The Black Hawks currently lead the National Hockey League with a 4-1 record. The Red Wings are tied for second place with Toronto. Both clubs have 3-2 marks.

### Hart Plans Inquiry Of Baseball

WASHINGTON (AP)—Major league baseball faces some pointed questioning on Capitol Hill next winter about its "generosity" toward newcomers and perennial weak sisters in the American and National Leagues.

Sen. Philip A. Hart, D-Mich., chairman of the Senate Antitrust and Monopoly subcommittee and a former baseball man himself, told a reporter today he plans a "low pressure" inquiry, but he said he hoped it would drive home some points and be helpful.

The subject will arise during a usually active baseball player trading period—some time after the first of January—when his subcommittee takes a look at baseball's exempt status under the antitrust laws.

The business affairs of all other professional team sports are subject to antitrust regulation, but not baseball. The subcommittee plans to inquire whether Congress should treat them all alike.

There has been grumbling by fans and some club managements that strong teams tend to stay strong, while weak ones tend to stay weak, because something always seems to block the perennial losers' attempts to acquire enough better players.

There's nothing wrong with Berra. He's been a catcher for many years, calling the pitches and studying the batters. I found him to be a good man behind the plate. He had to be or he wouldn't have been in all those Series and on those championship teams.

### Winners In Local Punt, Pass & Kick Competition Told

Winners of the Marquette area phase of the 1963 Pass, Punt & Kick Program have been announced. As competitors with boys from eight through eleven years of age all over the nation, the 108 boys in this area were vying Tuesday afternoon for the chance of moving on to competition on ever-widening levels, with the possibility of becoming a national champion and winning the several prizes which go with the honor.

Winners in each age bracket were as follows: Eight years old—First: Michael Ruecker, Marquette; Second: Gary LaValley, Marquette; Third: Glenn Engman, Marquette.

Nine years old—First: Jeffrey Beinlich, Ishpeming; Second: James Babierz, Marquette; Third: Dan Kinney, Marquette.

Ten years old—First: Bob Bullock, Marquette; Second: Stephen Johnson, Marquette; Third: Tom Bolz, Marquette.

Eleven years old—First: Terry Frober, Gwin; Second: Gerald Slattery, Marquette; Third: Stephen Hampton, Marquette.

The contestants competed in passing, punting and kicking a football, with deviation from a true standard being subtracted from a total length of the kick or throw.

Michael Ruecker combined a 60-foot punt with a 57-foot punt and a kick of equal distance. The subtraction of seven feet in terms of accuracy gave him a net total footage of 167 feet, netting the eight-year-old competition.

Jeffrey Beinlich, winner of the nine-year-old competition, topped the other boys with a net total of 159 feet; Bob Bullock achieved a net figure of 160 feet to take the 10-year-old division and Terry Froberg passed and booted his way to a net total of 214 feet to lead the 11-year-olds.

Scores of competing boys from Upper Michigan and Wisconsin will be compared to determine the most skillful in each age grouping, and area winners and their parents will receive all-expense-paid trips to a National Football League game in this area.

These winners will compete during the halftime intermission of the game, and results will determine the Eastern Division and Western Division winners, who will visit Washington, D. C. with their parents, tour the White House, travel to Dearborn, Mich. and tour Greenfield Village. The entire group will then go to the site of the NFL championship game, for halftime competition to determine the four national winners.

Prizes will be awarded Saturday to the local winners, and will include warmup jackets, football helmets and autographed footballs as first-, second- and third-place prizes.

### Junior Hockey Registration Opens Saturday

All boys under 18 years of age as of Aug. 1, 1963, who wish to participate in the junior hockey program are requested to register at the Palcestra on Saturday, between 10 a.m. and 4 p.m. Payment for injury insurance will be requested from all players at registration.

Since all players must be covered in order to obtain insurance at the low rates, all boys will be required to participate in the insurance plan. Age Proof Needed

Boys will also be required to present some proof of age when they register. If possible, this should consist of a birth certificate or a certified copy of a birth certificate.

Although registrations will be accepted up to the beginning of team play in early November, registration at this time will greatly facilitate the organization of teams.

### Team Captain

Perttunen captained the team throughout the season which ended last weekend, and saw much action, kicking off 18 times with a 40-yard average, intercepting one pass, recovering two fumbles and getting in on a total of 76 tackles against Marquette opponents. The Redmen will lose a number of excellent graders through graduation next June, but are fortunate in being able to count on the valuable services of Perttunen for another year. (Joe Sullivan photo.)

### Plans Grow For Hockey League Here

A meeting was held Tuesday night at the Prison of a number of persons interested in the possibility of forming an Industrial Hockey League in Marquette, and the enthusiasm of those attending the meeting gives much hope to the proposal.

At this point, it appears that a four-team league will be formed, one team coming from the Prison and three others from the local area, with games to be played both at the Prison and at the Palestra.

Another meeting will be held at the Prison for further discussion and planning on Thursday, Oct. 31.

Persons interested in playing in, or sponsoring a team, in the league, are invited to contact Lou Lattrel at 249-1937 in Marquette, for further information.

### NCAA Spurs Antibribery Bill Action

CHICAGO (AP)—The NCAA is building up pressure for passage of federal laws aimed at bribery in sports.

The organization's policy-making council, ending a two-day session Tuesday, sent telegrams to Attorney General Robert Kennedy and other ranking federal officials.

"The move renews our intensified and concerted pressure for federal law and antibribery laws in states not having them," said Walter Byers, NCAA executive director.

The NCAA seeks prompt action on antibribery bills pending in Congress—one in the Senate and the other in the House.

Byers said that the bills provide that violators receive up to 10 years imprisonment and a \$5,000 fine, or both.

Byers said that because of government intervention, the number of bets being made and gambling contacts have been reduced in the last several years.

The council also voted to sponsor an amendment providing for regional college division football championships. A selection committee would choose two teams in the Eastern, Midwest and Western regionals to play off the second Saturday of December for regional titles. This would close their regular season. There would be no national playoff.

### Figures Promise Interesting Play Between Colleges

NEW YORK (AP)—Going by the figures, three of the most interesting college football games this weekend should be Navy vs. Pittsburgh, Nebraska vs. Colorado and Syracuse vs. Oregon State.

Statistics released by the NCAA Service Bureau today show that Navy still is the nation's top team in total offense, a position it has held all season, and Pitt is No. 5.

Nebraska has moved to the top in rushing offense and Syracuse is No. 2. Like Nebraska, Colorado is a team that has moved almost entirely on the ground. Between them, they have thrown only 86 passes.

Oregon State will send an air-minded offense against Syracuse. The Beavers are 12th in passing and total offense and have completed 11 touchdowns passes this season.

Nebraska and Syracuse each has rushed 261 times in five games, Nebraska for a 282.2-yard average and Syracuse for 264.2.

In total offense, Navy has averaged 403.8 yards a game for five games. Pitt's average is just 20 yards less over a four-game span.

### Baraga Hosting Copper Country Conference Meet

BARAGA — A meeting of the Copper Country Football Conference will be held Thursday afternoon at 2 in the Armory Building at Baraga. The meeting will be attended by principals and coaches of member schools.

The conference championship will be decided and the schedule for the 1964 season set up. Five Members

Member schools are Ontonagon, Baraga, L'Anse, Houghton and Hancock. Lake Linden and Calumet will also attend the meeting, as they play several schools in the conference. Crystal Falls plays four schools in the conference and may enter the league if another game can be secured.

### BR Dinner Scheduled On Sunday

The Marquette Babe Ruth League Women's Auxiliary is presenting a potluck dinner Sunday for the players and their parents at St. Michael's Church.

The dinner will begin at 5:30 p.m. in the multi-purpose room, and Emil Fimberg of the Michigan State 4-H Extension Service, a well-known personality throughout the U.P. will speak. Achievement awards will be presented to some of the players following the dinner.

Further information may be obtained by contacting Mr. or Mrs. Malandrone at 226-9732.

### Wings Send Three Down In Switch

DETROIT (AP)—The Detroit Red Wings sent three players down and called up two from its American League farm club at Pittsburgh Tuesday.

Forwards Eddie Joyal and Lowell MacDonald were promoted and forwards Stratton, Ted Hampson and Floyd Smith demoted. Billy McNeill was called up from Pittsburgh last week, so Tuesday's shifts complete what amounts to a three-for-three trade.

None of those sent down had scored this season, but Stratton had been credited with three assists. MacDonald, on the other hand, was the AHL's top scorer with six goals and four assists. Joyal had three goals and two assists.

### Mantle Getting On Fine After Knee Operation

NEW YORK (AP)—Mickey Mantle, the New York Yankees' \$100,000-a-year center fielder, says he is "doing fine" and expects to leave the hospital this weekend.

Mantle underwent an operation last week on his left knee for removal of a loose cartilage.

### Bear On Defense At Goal Stripe!

REW. Pa. P — It was nearly dark. Football player Ken Woods, 16, took the ball in a pickup game and broke into the clear, heading for a touchdown.

A dark form appeared in his path. Ken sidestepped it and continued across the goal.

The form turned out to be a 330-pound bear, a frequent visitor to the past several weeks in this McKean County town.

for five games. Pitt's average is just 20 yards less over a four-game span.

ADRIAN (AP)—Seven months of exercising his hitchhiker's thumb have taken 19-year-old Wayne Kiley of Adrian 24,500 miles around the world — to India.

Hitchhiker In India

It's farther around the world than he thought, Wayne wrote his mother, Mrs. Margie Heabler.

When he left Adrian last March, he expected to travel 25,000 miles and visit 25 to 30 countries. Now he estimates he will have seen 40 countries by the time he reaches home next August.

Meanwhile, he expects to reach Paris in time to spend Christmas with his brother, Airman Michael Kiley.

"My financial assets now total \$14," he wrote from New Delhi.
