

Dems To Issue 7 Demands On State Tax Plan

LANSING (AP) — The first point-by-point rundown of the Democratic Party's fiscal reform demands awaits tonight's return of lawmakers to the special legislative session.

Republicans plan caucuses on the revised version of Gov. George Romney's tax reform program and there were predictions of test votes on it this week.

The list of demands was hammered out Sunday at a Democratic State Central Committee meeting in East Lansing, where State Party Chairman Zoltan Ferency termed the revised version unacceptable.

The resolution, with its seven-point outline, was sent to Romney, to Democratic lawmakers, and to the joint committee of 10 Republican legisla-

tors which worked out the revised program.

'Doesn't Measure Up'

"The revised program does not measure up to these seven points and it should be rejected," Ferency said after the committee meeting.

"Despite the reluctant and slow-moving pace of the Republican legislative machinery," the resolution said,

LANSING (AP) — Gov. George Romney said today he expects Democratic legislators to support his revised tax reform program on the strength of a resolution adopted by the party's State Central Committee Sunday.

resolution said, "the opportunity to accomplish fiscal reform is still open.

"Any program which provides reasonable equity among taxpayers based upon ability to pay, and assures stable and adequate revenues for essential public services at all governmental levels deserves Democratic support," the resolution said.

- 7 Demands**
- The resolution demanded:
 - A statewide income tax.
 - Repeal of the sales tax on food and prescription drugs.
 - Repeal of the intangibles tax.
 - Repeal of the business activities tax.
 - Statewide reform of real and personal property assessment procedures.
 - Tax equity for senior citizens.
 - Adequate assistance to local units of government and school districts, collected by the state and distributed to local governments.

The resolution urged Romney to "reconsider his approach to tax revision within the framework of genuine fiscal reform."

Romney and House Speaker Allison Green, R-Kingston, have admitted that Democratic support will be needed to pass the revised program.

Members of the 10-member special legislative committee have indicated the House has been chosen for the first floor vote test of the overall program.

In the Senate, Romney's assessment reform bills, together with other proposals for changing assessment practices, are at the top of the calendar, eligible for action tonight.

Khrushchev Toasts Newlyweds

Soviet Premier Nikita Khrushchev is shown toasting comonants Valentina Tereshkova, 26, and Adrian Nikolayev, 34, after their wedding in Moscow Sunday. Comonant Yuri Gagarin is second from left. The Kremlin left.

Reds Caught Off Guard By Viet Nam Rebellion

SAIGON, Viet Nam (AP) — South Vietnamese forces re-operations against Communist guerrillas today after the Reds apparently failed to capitalize on confusion resulting from the overthrow of President Ngo Dinh Diem.

U.S. military sources said the Communist Viet Cong appeared to have been caught off guard by the swift coup.

Except for some attacks on hamlets and outposts in the southern Mekong Delta, there was no noticeable increase in Viet Cong activity during the 18-hour battle Friday and Saturday in which Vietnamese insurgents closed in on Diem and his brother, Ngo Dinh Nhu, in the presidential palace in Saigon.

The Viet Cong command broadcast urgent appeals to its units along the countryside to begin all-out attacks, but the response was minor, the U.S. sources said.

While an atmosphere of gaiety continued in Saigon, the ruling military junta headed by

informed Mrs. Ngo Dinh Nhu, Diem's sister-in-law and the country's former First Lady, her three children in Viet Nam were safe. The U.S. Embassy was instructed to help transport the children to Rome, where she could meet them.

Mrs. Nhu wired Secretary of State Dean Rusk Sunday to help her obtain a safe-conduct to return to South Viet Nam to arrange for a funeral service, the source said.

U.S. Assails Slaying Of Diem, Nhu

WASHINGTON (AP) — The United States has told South Viet Nam's new revolutionary committee that the deaths of President Ngo Dinh Diem and his powerful brother, Ngo Dinh Nhu, while in custody were not only regrettable but could not be condoned, U.S. officials said today.

The U.S. Embassy in Saigon was instructed to inform the military junta headed by Gen. Duong Van Minh that the deaths of the brothers was looked upon here as an unhappy development at the start of their new regime.

Not Clear

The circumstances surrounding the deaths were still not clear, although the Saigon radio called them suicides.

A high government source repudiated an earlier suggestion that Diem and Nhu had harbored the results of their own misdoings.

No official word has been received from Saigon on the formation of a provisional government. Nor has there been a request for U.S. recognition.

This meant that there would be a delay in the resumption of normal relations between the United States and the military regime in Saigon.

The revolutionary committee suspended the constitution but reportedly named Nguyen Ngoc Tho as acting prime minister.

Tho, a Buddhist, had served as vice president under Diem and if the constitution had not been suspended, he would have automatically become president and chief of state.

11 Die In Car Mishap

NEW YORK (AP)—An automobile jammed with 12 adults and children went past warning lights blacked out by vandals and plunged into the Harlem River in the early morning dark Sunday. Only one person survived.

The 11 deaths all but wiped out three Brooklyn families. Those in the car had just left a christening party.

The 11 deaths equaled the state record for a single accident.

Vandalism

Police said vandals had ripped bulbs and wiring from blinking red lights at the end of Lincoln Avenue, the Bronx, where the car went into the river. Only a foot-high timber railing separates the road's end from the water.

The lone survivor, I. Martinec, 40, whose wife and two children died apparently by being thrown from the car as it somersaulted into the 40-foot-deep river. He swam to shore and made his way to a bar, from which police were called.

Four Children

Among the dead were four children, aged one, three, four and nine.

Political Leaders To Keep Tabs On Tuesday Elections

WASHINGTON (AP) — Leaders of both political parties will keep close tabs on the scattered straws in the wind stirred up in Tuesday's elections.

Of major interest to Democrats: What, if any, is the extent of the so-called "backlash" of white resentment to Negro civil rights demands and activities in major Northern cities?

Republican leaders will be scanning the slim results to see what, if any, improvement the party has made in Dixie and the big cities.

At Stake

At stake are the governorships of Kentucky and Mississippi; the mayor's office in such cities as Philadelphia, Boston, San Francisco, Memphis

and Salt Lake City; hundreds of other municipal and state offices; and the state legislatures of New Jersey, Virginia, Kentucky and Mississippi.

Much of the attention will be focused on Philadelphia where Democratic Mayor James H. J. Tate seeks election to a full four-year term again at Republican attorney James T. McDermott.

The city has been the scene of violence and unrest this year stemming from efforts of Negroes to win better jobs, housing and schools.

Predictions

Perhaps one-quarter of Philadelphia's 2 million residents are Negroes. In recent national and state elections the Democrats' estimated share of the Negro vote has ranged between 74 and 82 per cent.

Some analysts see a Tate victory by 20,000 to 60,000 votes. McDermott has said he'll win by 10,000.

The racial issue also hovers in the background of the Kentucky election. Republican Louie B. Nunn has been attacking an executive order issued by Democratic Gov. Bert Combs banning racial discrimination in businesses licensed by the state. The order has been held up by litigation.

Edward T. Breathitt Jr., the Democratic nominee, at first embraced the order. Now he says he would turn the matter over to the next legislature.

Main Issue

Race appears to be the main issue in Mississippi.

This year Republican nominee Rubell Phillip has been waging a vigorous campaign and there are GOP officials in Washington who believe he has a good chance.

His opponent is Lt. Gov. Paul B. Johnson.

Negro Druggist

Also running—although state officials say his write-in votes won't be counted—is Aaron Henry, a Negro druggist

11 German Iron Miners Still Alive

BROISTEDT, Germany (AP) — A huge drill bit its way today toward 11 more German miners found alive in a flooded iron mine a week after they had been given up for dead.

Officials hoped to reach the men by Wednesday.

The 11 were among 40 miners missing since a nearby dam broke Oct. 24 and flooded the mine. Eighty-six miners escaped, and three more were rescued Friday through a shaft bored by the same rig that went into operation again today.

Test Shaft

Acting on leads from other miners, the mine management early Sunday had a narrow test shaft bored near the main pithead.

Miraculously the drilling hit a tiny air pocket 196 feet down where the 11 men were entombed.

Fired by this stroke of luck, test borings were begun about two miles away. Mining experts believed a huge air pocket may contain five or six miners there.

Rudolf Stein, the mine manager, said chances were extremely slim that any miners there would be alive.

Legs Swollen

After the 11 men were found, a microphone was lowered to them along with food, clothing, an electric cable and a light fixture.

The men reported they were in generally good condition. But they had been subsisting on water and reported their legs were swollen from too much liquid.

The men said their compartment is 15 feet long, 6 feet wide and 7½ feet high.

The U.S. State Department

NGUYEN NGOC THO

Maj. Gen. Duong Van Minh worked to form a Buddhist-led caretaker government.

However, the junta which engineered the coup was expected to retain the real power.

Slated to become premier was Nguyen Ngoc Tho, 55, a Buddhist who was Diem's figurehead vice president and who tried to mediate the Roman Catholic Diem's dispute with Buddhist opponents.

The bodies of Diem and his brother Nhu were reported under guard awaiting secret burial.

The official story that they committed suicide after their arrest Saturday was widely doubted. More credence was given to reports they were killed by soldiers after leaving a small Catholic church in Saigon where they sought sanctuary following a letup in bombardment of the presidential palace.

Unofficial photographs of the bodies of the brothers showed them riddled by bullets, including evidence of a head wound, while Nhu had bruises indicating a beating. Informed sources said Nhu, Diem's close adviser, was stabbed to death.

The U.S. State Department

POLAR BEARS WEARING LESS FUR: Zoo-Keeper Forecasts Milder Winter

WASHINGTON (AP) — A survey—in depth—of polar bears' fur, the autumnal activities of squirrels and the movements of hairy caterpillars pointed today to an inescapable prediction:

We Americans face a much milder winter than the one that nearly froze our marrow the last time around.

The U.S. Weather Bureau, a conservative organization which is unfortunately wedded to science, refuses to confirm or deny this.

But listen to Ralph Norris, veteran headkeeper of the National Zoo:

"Why, my gracious, I just inspected Snowstar, a polar bear, and that bear doesn't have any coat to speak of. Real thin-like. If cold weather sets in that bear will have to borrow an overcoat."

This, to Norris, is evidence that Snowstar looks for a clementer winter.

To be sure Norris notes that the reindeer have developed real plush coats. But you have to consider the over-all picture, in which squirrels are important.

Squirrels usually stash away nuts against the winter. On a recent Sunday, 40,000 people visited the zoo and dropped a lot of peanuts around.

Ordinarily the squirrels would bury this provender in no time. But Monday morning Norris noted many peanuts still lying around. Which shows that squirrels are unworried about the winter.

Political Consideration

Private advices from Winchester, Va., say squirrels there are acting differently. They are

really scrabbling for acorns. But political considerations may enter into this case.

Winchester is the domain of Sen. Harry F. Byrd, an economist who expects all hands—human and animal—to be diligent and frugal.

From all over come reports that not many hairy caterpillars, or woolly worms, have been observed crossing highways. Last autumn a lot of them did so, in disregard of stoplights, and of course this foretold deep snow and severe cold.

Almanacs

Now we turn to a study of almanacs.

To be sure, the Farmers Almanac says that generally the winter will be warmer—37 degrees average as compared to 34 last year. But it adds that there will be 57 inches of snow.

Russians Halt Yank Convoy

BERLIN (AP) — The Russians stopped another U.S. Army convoy today on the autobahn between West Berlin and West Germany, U.S. Army officials said.

The Americans said the convoy was stopped at Marienborn, the checkpoint on the western end of the superhighway.

The Russians once more demanded that the Americans get out of their vehicles and be counted, and the Americans refused. The same dispute resulted in delays of American convoys Oct. 10-12 and a British Training Exercise.

The convoy today was returning to West Berlin from a training exercise in West Germany. An Army spokesman said 12 vehicles carrying 44 men were held up at the checkpoint just inside Communist East Germany. The Army said 20 of the 44 men were passengers.

"According to Allied procedures, communicated to Soviet military authorities on Oct. 29," the spokesman said, "this convoy does not contain sufficient passengers in the vehicles for them to dismount, for purposes of verification."

Allied Policy

Allied officers permit passengers in large convoys to dismount and be counted but refuse to do this with small convoys.

The Army said the Soviet officer in charge of the checkpoints, Lt. Col. Spiridonov, demanded that 15 passengers of the vehicles dismount.

"Furthermore," the spokesman continued, "he has stated that it is the Soviet and not the Allied authorities who determine convoy processing procedures."

Given To Authorities

The spokesman said Maj. Gen. James H. Polk, the U.S. commandant in Berlin, ordered the American liaison officer at Marienborn to tell the Soviet officer that it is the Allies who determine under what circumstances the troop passengers will dismount to be counted.

The Soviet officer was told that the Allied criteria for dismounting had been given to Soviet authorities.

Sources in Washington said recently that the Soviets have been told that dismounting was in order if the convoys carry more than 30 passengers.

Convoy Leader

The blocked convoy was commanded by 1st Lt. John Lamb, of North Augusta, S.C. He and

Bridge Expert, 2 Companions Missing 2 Days

DETROIT (AP) — The Civil Air Patrol planned a search in Michigan and along the Canadian shores of Lake Erie today for a nationally known expert on bridge and two companions missing for two days.

Authorities said a single-engine plane piloted by William Mouser, 51-year-old Detroit expert on the card game, may have crashed or been grounded Saturday. Mouser, a columnist on bridge for the Detroit News, and William Flashenberg and William Maczaro of Detroit had planned to attend a tournament in Buffalo, N.Y., Saturday.

Their families alerted authorities when the men failed to return Sunday, and they were not seen at the tournament.

The four-place Piper Comanche may have run into trouble in a snow squall between Chatham and Saint Thomas, Ont., said Col. Roger Burgess, CAP rescue coordinator.

his troops belong to the 2nd Battalion, 6th Infantry.

Today's Soviet action was viewed here as the answer to U.S., British and French letters last week to Gen. Ivan Yakovlevsky, commander of Soviet

forces in East Germany.

These letters spelled out in detail the conditions under which the Western Allies would dismount convoys for Soviet checks along the 110-mile stretch of autobahn.

Goldwater Rates Tops In AP Poll Of GOP Leaders

NEW YORK (AP) — More than four-fifths of 1,403 Republican county chairmen and other leaders who participated in a nationwide Associated Press poll on presidential preferences for 1964 say Sen. Barry Goldwater of Arizona is the party's "strongest candidate" against President Kennedy, as of today.

And almost two-thirds of those answering a questionnaire say they believe Goldwater will win the nomination.

Richard M. Nixon, the 1960 nominee, ran slightly ahead of Gov. Nelson A. Rockefeller of New York as the potential GOP nominee. Moreover, a number of respondents expressed the belief that the party will turn to Nixon if the nominating convention falls into a deadlock.

'Strongest Candidate'

On the question of the "strongest candidate," Rockefeller topped Nixon by a few votes.

Goldwater received 85.1 per cent of the votes in the poll as the "strongest candidate." As of now, however, only 64.2 per cent said they thought he could get the nomination.

Some predicted "Eastern big money interests" would try to block Goldwater's nomination. Others said that, although they personally approve of Goldwater's conservative views, the party would nominate someone else.

The AP poll began in early October in all states. Correspondents contacted 2,961 GOP

county, state and city leaders and received 1,403 replies, slightly more than 47 per cent.

Questions, Answers

They asked two questions and received these responses:

1. "Who is the strongest potential GOP candidate against President Kennedy on the basis of present conditions? Why?"

The result: Goldwater 1,194, Rockefeller 56 and Nixon 14.

Sen. Thurston Morton of Kentucky, Gov. George Romney of Michigan and Gov. William Scranton of Pennsylvania received some scattered votes.

Among dark horses mentioned were Dr. Milton Eisenhower, brother of ex-President Eisenhower, and Henry Cabot Lodge, U.S. ambassador to South Viet Nam. Lodge was the GOP vice presidential candidate in 1960. Others replied "undecided." **Nomination**

2. "Whom do you think the party will nominate in 1964? Why?"

The result: Goldwater 901, Nixon 72 and Rockefeller 64.

Again, Morton, Scranton and Romney received some votes, but a larger number said "too early to say," or predicted Nixon would be the nominee if Goldwater failed to win on the first or second ballot.

Unity Group Meet Urged By Morocco

RABAT, Morocco (AP)—Morocco urged the Organization of African Unity today to meet quickly, after reporting Moroccan forces beat back several thousand Algerians in a new frontier battle.

Morocco bolstered army patrols along the northern border near Figuig, a Moroccan oasis that was the center of Sunday's battle.

King Hassan's government announced it intended to abide by the cease-fire worked out in Mali last week. Two officers from Mali were expected at Figuig sometime today to try to keep the peace.

At Frontier

Dispatches from Algiers said Mali officers already were at the frontier on the Algerian side and expected to meet with those on the Moroccan side.

Mali and Ethiopia were named to a military truce commission set up to enforce the cease-fire. The Ethiopian commission members were expected to reach the frontier shortly.

Papandreu Scores Upset In Greece

ATHENS, Greece (AP)—Veteran statesman George Papandreu and his underdog Center Union rolled today to an astonishing election victory. But the party almost certainly fell short of enough votes to win a decisive majority in Parliament.

The 75-year-old former premier and his party upset long-time Premier Constantine Caramanlis and his rightist National Radical Union (ERE) in the voting, and possibly swept Caramanlis out of politics altogether.

May Retire

Caramanlis, who had sold parliamentary majorities for eight years, said he was contemplating withdrawing entirely from public life. There also were reports he was planning to leave the country but they could not be confirmed.

The Moscow-line United Democratic Left (EDA) ran a poor third in the balloting for 309 seats in Greece's single house. The Progressive party came in last.

Catholic Priest Urges Parishioners To Seek Ouster Of Warren

BRIDGEPORT, Conn. (AP) — A Roman Catholic priest says he urged his parishioners to sign a petition calling for the impeachment of Chief Justice Earl Warren of the United States.

Members of the John Birch Society collected more than 800 signatures as the parishioners left Mass a week ago.

"I am a member of the John Birch Society — this is well known," said the Rev. Francis E. Fenton, pastor of Blessed Sacrament Church, in an interview Sunday.

"They had my approval to seek signatures."

Non-Profit Rail Club Formed Here; Lure: Hard Work

A recreational project based on the unusual theory that people will pay money for the privilege of doing hard work is being launched in Marquette.

Superiorland developers are organizing a non-profit railroad fan club, called Thunder Bay Railroaders Club which offers members a chance to actually work on an operating steam railroad.

The Thunder Bay Railroaders Club will operate on the Lake Superior and Ishpeming Railroad Co.'s old Lake Independence Line, which runs from the L&M yard in Marquette to Big Bay.

Recreational Facility
The line has been purchased by the Marquette and Huron Mountain Railroad Co., Inc., and its facilities will be leased to Thunder Bay Recreations, Inc., for operation of the recreational facility.

The recreational railroad, offering round trip rides to Big Bay for tourists, and fan railroad club are expected to be in operation next summer. John Zerbel, Marquette and Milwaukee, developer of the Thunder Bay Railroaders Club and president of the Marquette and Huron Mountain Railroad Co., said today.

In its first stage, the recreational railroad activity will employ from 35 or 40 persons, Zerbel said.

Steam operation is an almost forgotten part of American heritage, Zerbel noted. He pointed out that the knowledge of steam operation will be maintained through Thunder Bay Railroaders Club. Railroad fan members who learn to operate a steam engine will wind up as teachers for other members of the club. The railroad fan club project is based on the railroad "bug" that's bit thousands of persons across the country.

Victims of the railroad urge go to conventions to

"talk railroad," fly across the country just to record the sound of a steam whistle and build fantastic model railroads, Zerbel stated. At least 100,000 Americans belong to railroad fan clubs.

However, unless a railroad fan can afford to buy a railroad track and a train, he doesn't get the chance to fire an engine, blow a whistle or pull a throttle.

Trained, Certified
Members of the Thunder Bay Railroaders Club will be able to ride and operate a steam railroad, will be trained and certified (upon examination) for jobs on a railroad and will participate in the maintenance of a railroad.

Zerbel said that charter memberships are now being sold in the non-profit Thunder Bay Railroaders Club.

Developers are aiming their pitch at a national level, although they point out that 100 million persons live in metropolitan centers within a 650 mile radius of Marquette.

Magazine Coverage
The November issues of several national magazines will advertise the Thunder Bay Railroaders Club, Zerbel said. These magazines include "Train," "Model Railroad" and "Railroad Magazine."

The November issue of "Leisure Magazine," which is distributed to barbershops across the country, will carry a story featuring the unique railroad fan club.

Railroad fans who send inquiries to the headquarters of Thunder Bay Recreations, Inc., at 118 W. Washington St., will receive a brochure, a prospectus and an application form in the club.

Up to 500 charter memberships, costing \$200 each, will be granted on a "first come, first served" basis, Zerbel said. Charter members will receive a certificate of membership in the club. Mem-

bership certificates will be issued consecutively in number sequence and seniority in the fan club will be based on certificate number, Zerbel said.

Members can be resold to the company upon notification and the member will receive a return of his investment, Zerbel said.

'Paid' For Work
Annual dues in the railroad club of \$00 would entitle the member to receive up to \$50 as payment for actual work on the railroad. A fan club member would be able to work, at the national minimum wage of \$1.25 per hour, his choice of two, four, six or eight hour shifts.

Members would receive the opportunity to be employed upon notice and reservation, for a specified period or periods each season on the Marquette and Huron Mountain Railroad's facilities.

Under Qualified Men
Work would be done under the guidance of qualified, retired railroad men, Zerbel said. A club member would receive the necessary data, including manuals and rule books, for training in steam railroad operation.

Members would be able to train and work on any job that they can safely do, Zerbel said. Jobs for the railroad fans would include all phases of railroad-ing, from track and right-of-way maintenance to switching, tending, firing and running, he said.

Members also will receive an annual pass on the railroad entitling them to up to 10 free round trips per year, plus a 10 per cent discount for the member and his immediate family on any activities operated by Thunder Bay Recreations, Inc.

Sandy Knoll School's Addition Finished, Placed In Use Today

Sandy Knoll Elementary School students began to use the six-room addition to their school today.

The addition, which costs \$115,416, ends overcrowded conditions at the city's largest public elementary school. Sandy Knoll, which houses the elementary school's 28 special education students, has an enrollment of 600.

Two sixth grade classes have been meeting in split sessions this fall, awaiting completion of the addition. A small first-second grade combination class has been meeting in the school's staff room.

The 7,793 square foot addition to Sandy Knoll connects to the southwest corner of the "old" building and extends west toward Seventh St. from the school's multi-purpose room.

The addition includes a special education room, boys' and girls' toilet rooms and two vestibules.

It had been hoped that the Sandy Knoll addition would be completed in time for the opening of school, at the same time that the other elementary school addition, at the Willard M. Whitman School, was completed.

Reason For Delay
However, crews at Sandy Knoll fought against a tighter construction schedule. Construction of the new wing at Sandy Knoll was begun a month later than the Whitman addition.

Funds for both additions were included in the bond issue passed by the voters June 11, 1962. Planning for Sandy Knoll came at the tail end of construction plans, because overcrowding was worse at Whitman School and at the Gravenet building.

Contractors Named
Contractors for the addition were Sampaala Construction Co., Inc., Marquette, general contractor at \$77,770; Modern Plumbing, Heating and Supply Co., Menominee, mechanical

contractor for \$27,313, and V and M Electric Co., Menominee, electrical contractor at \$10,333.

The firm of Walter J. Meyers and Associate, Marquette, designed the addition.

Classrooms in the new wing have asphalt tile floors, acoustical tile ceilings and walls of brightly painted concrete block. Corridors are of the same construction.

Floors in the two new vestibules are quarry tile and the toilet rooms have ceramic tile floors and plaster walls and ceilings.

Gals Help Clean Up Politics A Little
PROVIDENCE, R. I. — Frances Perkins, the first woman Cabinet member in the United States, says women have cleaned up American politics but not much.

Miss Perkins, 81, was secretary of labor from 1933 to 1945. Speaking at Brown University she said American politics still is dirty even though not as dirty as before women entered the field.

The largest eye found among land animals belongs to the ostrich. Keen vision and the ability to run 40 miles an hour protect this bird from its enemies.

Sanitary Land Fill Top Topic For City Meet In December

A long-range program for the creation of a sanitary land fill to replace the city's open dump will be presented to the city commission at its first meeting in December.

City officials have been discussing the need for a land fill and Commissioner Elmer K. Carlson requested a manager's report on tentative plans.

High Interest Noted
"We ought to announce our plans before the public to let people know we've been thinking about it," Carlson said. He noted many citizens have asked him about plans for a land fill.

"A land fill is No. 1 on my list of needed projects," City Manager Thomas Moore stated. "Our dump is a big disadvantage to the city and a land fill would eliminate complaints of smoke and fires."

City Paragraphs

Adult Catholic Education Center — Topic for tomorrow night's lecture in the current Catholic Information Series, scheduled at 8 in St. Peter's School, will be "The Holy Eucharist." Thursday night's discussion, also at 8, will be "The Holy Sacrifice of the Mass."

Twelve firemen were called to the home of William F. Frazer, 506 Fisher St., at 9:55 Saturday morning, when an oil hot water heater became overheated. The firemen stood by until the heater had cooled and returned to the station at 9:05 a.m. They responded to the general alarm with the service truck, the No. 2 (750-gallon) and the No. 4 (750-gallon) pumper.

Marquette Lodge, Free and Accepted Masons, will hold its regular communication tomorrow at 7:30 p.m. Job's Daughters will exemplify their degree. Lunch will be served.

Carlson stated: "We talk about the need for a land fill from time to time but we always say we don't have enough money. Maybe this year we can do something to get started. At least it's important that we have a plan."

"It would be well if we could start the operation in the spring," Moore said. "We would need a piece of equipment that should be provided for in the next budget."

Public Works Superintendent Howard L. Coppens, who has been working with Moore on the land fill plan, pointed out that an appropriation would be needed before the city could begin to implement plans for the improvement at the city dump.

Need Caretaker
Coppens explained that if a gate is erected, the land fill should be open on weekends and longer hours on weekdays. In addition, round-the-clock caretaker service would be needed, he said.

Moore commented that one of the big problems at the Marquette dump is that

Obituary

MRS. OLIVE B. GRAY

Funeral services for Mrs. Olive B. Gray, Portland, Ore., were held in Trinity Episcopal Church there Friday, followed by private cremation at River-view Cemetery, Portland.

Mrs. Gray was born Aug. 13, 1879, in Marquette. She was educated at the University of Michigan and was a member of the American Association of University Women, Kappa Alpha Theta, Girl Scouts of America and Trinity Episcopal Church.

Survivors include her husband, Henry S., one daughter, Mrs. John E. Porter, Corona Del Mar, Calif., and two grandchildren.

Armed Forces

Being promoted recently to staff sergeant in the U. S. Air Force was Paul R. Day, of Cincinnati. His wife, Patricia, is a daughter of Mr. and Mrs. John A. Anguill, 1114 N. Front St., Marquette. Day is a statistical data specialist assigned to Headquarters, Pacific Communications Area, Wheeler Air Force Base, Hawaii.

many people outside the city use the facilities here.

Mayor C. Fred Rydholm suggested that nearby townships which don't have dumps of their own might help support the Marquette project.

Three Drivers Ticketed, Two Injured In Accidents

Eight vehicles were damaged, three motorists were ticketed and two persons received minor injuries in traffic mishaps investigated over the weekend by city police.

1. Two moving vehicles and a parked car were damaged in a mishap which occurred at 8:45 Saturday morning at the intersection of W. Magnetic and N. Third Sts., city police said.

A 1954-model pickup truck being driven east on Magnetic St. by Ralph G. Hackinson, 59, of 1114 Presque Isle Ave., had stopped at the stop sign at N. Third St. when it was struck in the rear by a sedan being driven east on Magnetic St. by Charles R. Mehrman, 57, Hargrave Apt. F, Marquette.

Pushed Into Intersection
City police said that Mehrman's car, which was unable to stop in time to avoid colliding with the Hackinson truck, pushed the Hackinson vehicle into the intersection.

Mehrman was backing his car to clear the intersection when his car struck a 1959 model car parked on the north side of Magnetic St., city police said. The parked car is owned by Robert D. Crandall, 1101 N. Third St.

Minor damages resulted to the rear of the Hackinson vehicle, the left front of the Mehrman car and the left front of the parked car.

Hackinson, who bumped his head against the rear window of his truck and Mehrman, who received a minor cut on the middle finger of his left hand, both sought their own treatment.

2. A Greyhound bus was damaged when it was struck by a 1955 model car at 11:20 last night on South U. S. 41, city police said.

The bus driver, Richard H. Kramer, 52, Wauwatosa, Wis., had stopped the bus at the railroad tracks in front of the Soo Hardware Co. on S. Front St. when a vehicle, approaching from the rear, struck the bus, city police said.

Minor damages resulted to the rear of the bus and to the front of the car, which was driven by George T. Fussell, 20, K. I. Sawyer Air Force Base.

City police ticketed Fussell for failure to stop in the assured clear distance ahead.

3. Two cars were damaged in a mishap which occurred

early Sunday morning on Presque Isle Ave., city police said.

Leonard F. Matt, 1735 Presque Isle Ave., reported to the police department yesterday that his 1955 model sedan had been damaged sometime during the day when the car was parked in front of his home.

Late yesterday afternoon Miss Pearl A. Weber, 26, 113 W. Ohio St., reported that she thought her vehicle struck and damaged a parked car early that morning on Presque Isle Ave.

Investigation showed that Miss Weber's car had struck the Matt car, police said. Minor damages occurred to the left rear fender and tail lights of the Matt car and the right front fender of Miss Weber's 1963 model vehicle.

Miss Weber was ticketed for leaving the scene of a property damage accident and for failure to have her vehicle under control.

4. At 4:30 Saturday afternoon two cars were damaged in a mishap at the corner of S. Front St. and Baraga Ave., city police said.

A car being driven north on S. Front St. by David W. Clark, 17, of 424 E. Ohio St., struck a vehicle parked on Front St. in the first parking stall north of the intersection. The parked car, a 1962 model sedan, is owned by Leonard M. Quilliam, 235 Mather St.

Clark told city police he was driving his station wagon north on S. Front St. and was in the process of passing a car which was signaling for a left turn on to Baraga Ave. Clark told police that the other driver did not make the turn and continued north, forcing his station wagon into the parked vehicle.

City police ticketed Clark for failure to have his vehicle under control.

Minor damages resulted to the right side of the Clark station wagon and the left rear fender of the Quilliam car.

Helium was discovered in the sun in 1868, almost 30 years before its presence on earth was detected.

91-Year-Old Woman Dies In Hospital

Mrs. Matilda M. Bordeau, 91, Cherry Creek, died at 3:30 Saturday afternoon in St. Mary's Hospital, where she had been a patient for two days. She had been in ill health for one month.

Mrs. Bordeau was born in St. Esprit, Montreal, Canada, July 24, 1872. She had been a resident of Cherry Creek in Choc-

lay Township for 67 years.

Husband Died In 1959

She was married to Clifford Bordeau Aug. 20, 1894, in Red Jacket, Mich. He preceded her in death in 1959. She was a member of St. John's Church.

Survivors are one son, Clifford C. Bordeau, Marquette; three daughters, Mrs. Clifford (Angeline) Comeau and Mrs. Stanley (Lillian) Land, both of Detroit, and Mrs. Howard (Leona) Scott of Duluth, Minn.; one sister, Mrs. Angeline Man-

kowski, Bremerton, Wash., 18 grandchildren, 59 great grandchildren and several nieces and nephews.

Funeral Tomorrow

The body was taken to the Fassbender Funeral Home,

where friends may call this afternoon and evening. The parish rosary will be recited at 7:45 this evening.

Funeral services will be held tomorrow morning in St. John's Church with the offering of a Solemn Requiem High Mass. Burial will be in Holy Cross Cemetery.

Pallbearers will be Donald and Charles Bordeau, Robert Comeau, Norman Rogers and Thomas and Louis Dionne.

'POLL TAX'

A poll tax is a uniform amount levied upon each individual or a tax of so much per head (poll is the Middle English word for head), according to the Encyclopaedia Britannica.

4 Vehicles Damaged In 3 Accidents

Four vehicles were damaged, two drivers were ticketed and two persons received minor injuries in three area traffic mishaps investigated by state police this weekend.

Two persons received minor injuries in a two-car mishap which occurred at 2:15 Saturday afternoon on M-28, just west of Superior St. in Choccolay Township.

A 1963 model station wagon, being driven east by Gary Teuohy, 19, Gries Hall, Marquette, was attempting to pass another 1963 model station wagon, being driven east by George Altmann Jr., 38, of 206 E. Hewitt Ave., when the mishap occurred, state police said.

State police said that Teuohy's car was unable to pass the Altmann car because of oncoming traffic. Teuohy attempted to return his car to the right lane and, in doing so, his car struck the Altmann vehicle in the left rear.

Given Two Tickets

Teuohy's station wagon was damaged in the right front and had to be removed from the scene by wrecker. Altmann was able to drive his car from the scene.

George Altmann Sr., 126 E. Kaye Ave., a passenger in the Altmann car, complained of a pain in the neck and Teuohy received a bruised mouth. Both men sought their own treatment.

Teuohy received tickets for driving without an operator's

license and violation of the basic speed law.

Extensive damages resulted to a car yesterday when the driver attempted to avoid hitting a deer on County Road 550, state police said. The mishap occurred at 7:45 last night on County Road 550, just east of the Yellow Dog River, in Powell Township.

Car Left Roadway

State police said that a 1963 sports car was going south on County Road 550 when a deer appeared in the lane of travel. The driver, Steve Lehoczky, 23, 1811 Schaeffer Ave., told state police he swerved the car to the left to avoid the deer. The vehicle left the roadway and rolled over, state police said.

Damages resulted to both sides and the top of the car, which was driven away by Lehoczky.

At 4 p. m. Saturday one car was damaged in a mishap on County Road HD, one mile north of County Road HE, in Marquette Township.

State police said that Alphonse Swenor, 22, W. Fair Ave., was driving a 1955 model sedan north on County Road HD, when his car failed to make a right curve, went off the road and struck a tree.

Swenor's car was damaged in the left front and was removed from the scene by the owner. Swenor received a summons for failure to report a property damage accident and another for driving without an operator's license.

Sault Man Cited For Work In 4-H

EAST LANSING (AP) — Three cooperative extension service staff members have been cited at Michigan State University for distinguished service as 4-H

Juvenile Admits Car Theft, Sent To Probate Court

A 14-year-old boy apprehended for stealing a car has admitted several other offenses, Police Chief George G. Johnson said today.

A petition is being filed to have the boy appear in probate court, Johnson said.

The juvenile took a car from Ed's Auto Sales on W. Washington St. He had seen the keys in the car in the afternoon and went back in the evening to take the car for a ride he told police.

In turning the car around on Westwood Rd., the car struck an embankment, resulting in minor damages. The boy then returned the car.

He was apprehended by city police after a citizen reporting seeing the boy driving.

The boy also admitted raiding gardens, breaking into Eison's Bottling Works on W. Washington St., breaking into parking meters to take the change and looting parked cars, Johnson said.

Club leaders. They are Robert Haile, Big Rapids, Arvid Norlin, Sault Ste. Marie and Maurice Volland, Muskegon.

'SNOW USE' Putting Off Winter PROTECTION

Don't wait until the little worm gets you up at midnight to close out those cold winter drafts. Fix yourself some low-cost storm windows out of Warp's FLEX-O-GLASS. It's easy! Just cut with shears... tack over screens or frames. You'll be snug and warm all winter long and save up to 40% on fuel costs. Warp's genuine, crystal-clear FLEX-O-GLASS lasts for years at a fraction the cost of glass. Only 87¢ a square yard at your local hardware or lumber dealer.

Winners of The Mining Journal cup for most potatoes per acre and the premium growers' award for the best tubers at the annual Upper Peninsula Potato Show here Friday and Saturday were the Trepanier brothers, Richard and Lloyd (pictured above in center), of Iron Mountain. At left is Michigan State University Specialist Don Thurlow, who is secretary of the U. P. Potato Association. At right is Peter J. Robotti of Detroit Edison's restaurant department. Winning potatoes were sent back to Deardur by the Trepanier brothers, Richard and Lloyd (pictured above in center), of Iron Mountain. Additional photo on Women's Page. (MSU photos.)

Iron Mountain Brothers First In Potato Show

Now that they've mastered techniques for producing premium potatoes, Upper Peninsula producers have set course to create an image for U.P. "spuds" and will take steps to protect the reputation. Indicative of the current push was the fact that producers attending the U.P. Potato Show Friday and Saturday in Marquette seemed little concerned that yields were down slightly this year but wanted to know more about the complex marketing system that moves their potatoes to homes and restaurants. The farmers are by no means alone in their fight to break into the big league marketing channels. A three-man team of Detroit food brokers and buyers flew up to the annual show

with a sobering message that they'd rather buy Michigan potatoes but that distribution channels, quality reputation and the resulting customer demands often force them to buy potatoes from such distant points as Idaho at a price well above that of Michigan potatoes.

Also behind the push to create a demand market for U.P. potatoes are civic and business groups and the Michigan State University Extension Service.

A near-blizzard cut out-of-town attendance, and nearly half of the 200 attending the show's annual dinner at Northern Michigan University Saturday evening were Marquette Chamber of Commerce and Junior Women's Service Club members. The show was sponsored by the U.P. Potato Growers' Association, MSU Extension Service and the Marquette chamber.

Unemployment Compensation Clinic On Nov. 6

HANCOCK — The Houghton-Hancock Chamber of Commerce in cooperation with the Employer's Unemployment Compensation Bureau will sponsor a clinic on the new law affecting unemployment compensation Wednesday in the Community Room of the Superior National Bank, Hancock. The morning session will begin at 10 and the afternoon session at 1:30.

At least two specialists in the field of unemployment compensation will conduct the seminar. Colin L. Smith, executive director of the council, has had 11 years in this specialized field. Lawrence Gaffney, a member of the Michigan State Bar Association, has been labor relations counsel for Vickers, Inc., of Detroit and has been counsel for the Unemployment Compensation Bureau for several years.

All employers interested in learning how they can get a fresh start in their rate structure for unemployment compensation are invited. The morning session will be devoted to rate structure. The afternoon meeting will deal with the processing of claims before the commission, the referee, the appeal board.

Top winners at this year's show were brothers Richard and Lloyd Trepanier of Iron Mountain, who won the premium growers' award with their 737 bushels per acre and also captured The Mining Journal Cup by exhibiting the sweepstakes sample of 32 tubers. Joe DeGroot of Northland was first place winner in the 72-tuber certified seed division.

Dinner speaker Leyton Nelson and another MSU extension specialist from East Lansing, Richard Chase, judged this year's potato show. Hancock Girl Queen Kathleen Martin of Hancock was crowned queen of the show, and Clara VanDamme of Marquette was named sweepstakes winner in the 4-H Club division. Carl Wick of Cornell and Dianne Falkies, also of Cornell, captured first places in the 4-H A and B divisions, and the Felch Future Farmers of America Chapter won out in the judging contest, with Roger

Appearing on marketing panel at U. P. Potato Show were, from left, Don Thurlow, Chatham, MSU extension specialist; Edward Anderson, Iron Mountain; Vernon Wick, Cornell; Al Geartts, Escanaba; Irv Simon, Peter Robotti and Ryan Collins, all of Detroit, and David Smith, Marquette, MSU extension specialist.

consumers' day contest were Mrs. Kenneth Olson of Sagola with her Maja Haluski (Polish dish) and Mrs. Walter Olson of Crystal Falls with her overnight prune horns, which also included potatoes.

Marketing Panel

Appearing on a marketing panel chaired by Al Geartts of the Northwest Fruit Co. in Escanaba were Ryan Collins, vice president and buyer for the Prophet Co., Detroit; Irv Simon, owner and president of Simin and Leeman Products House, Detroit; Peter J. Robotti of the restaurant department, Detroit Edison Co. Their trip was arranged by William Wil-

son, Marquette, executive director of Operation Action — U.P. The food brokers discussed marketing trends with farmers Paul VanDamme of Watson, Edward Anderson of Iron Mountain, Vernon Wick of Cornell and MSU Specialists Don Thurlow of Chatham and Dave Smith of Marquette.

Robotti, who is responsible for 10 cafeterias operated by Detroit Edison, said he recently tested what he thought were U.P. potatoes and was dissatisfied with the results. After conducting baking tests at the show, however, Robotti said he felt he hadn't received Upper Peninsula potatoes, although

they were packed in bags with the name of a Michigan city printed on them. He said the U.P. Russet Burbanks compared favorably with those from other states and advised area producers to gain more control of their marketing channels.

Manages 250 Restaurants

Simon reported that most institutions have left the fresh market and are handling mostly processed potatoes, to cut labor costs. "We're more interested in dependable quality than the variety," he said.

Collins, whose company manages 250 restaurants in 30 states, buys mostly processed potatoes. He does buy fresh for baking but uses mostly Idaho bakers due to the consistent quality and the fact they're available throughout the country. Geartts pointed out that

too many low-grade potatoes are sold locally, having a negative influence on the image of the Michigan product. Orange growers have partly solved this problem by establishing juice plants to process their low grades, he said. Collins suggested that U.P. producers

REMEMBER JEAN'S... for the largest selection of Silverplated Holloware in the U.P.
JEAN'S JEWELRY
118 S. Front Marquette

might continue to push their Russet Burbanks for the fresh market and establish a processing plant to utilize seconds and level out the demand for the top tubers.

To People in Their 50's With ARTHRITIS

Many of the people who come to accept our proved methods of natural treatments are long-time sufferers. The relief they now may obtain might have been theirs years ago had they written me sooner. If you will write me — no matter your age — I will send you a book that will tell you honestly there are no miracles in treating this sometimes crippling disease. Yet, as a result of over 40 years of research and experience in the treatment of this dread disease at Ball Clinic, many cases of dramatic relief have resulted. Learn how you, too, may obtain relief from the aches and pains of arthritis, rheumatism, neuritis, sciatica, and associated conditions, without drugs or surgery. Thousands of people have done as we recommended and have been satisfied with the results. Actually, over 25 percent of all patients come to Ball Clinic on the recommendation of former patients. Enclose 25 cents for postage and handling. I'll send booklet promptly. No obligation. No agent will call. Write

Wm. C. Edward, Ball Clinic, Dept. 1616-D, Excelsior Springs, Mo.

Great Lakes Sport Fishing Stressed At U.P. Meeting

IRON MOUNTAIN — The 17th annual Tri-State Fisheries Conference here turned to the often repeated suggestion that the Lake States are neglecting a chief resource in failing to develop more sports fishing in Great Lakes waters.

Fisheries technologists regard Lake Superior and Michigan particularly as fishing's greatest potentials in the Midwest. The suggestion was advanced by several specialists at the fisheries conference here.

To speed restoration of the fishery and adapt it to serve anglers, the fisheries experts from Michigan, Wisconsin and Minnesota recommended that the three states join in creating a single authority to coordinate fisheries management programs and devise a set of uniform fishing regulations to control the sport and also commercial fishing activities in these Great Lakes waters.

Battle Being Won

Lakes Superior and Michigan are still suffering from lamprey depredation and commercialization effects.

But recovery, if not swift, is taking shape, and the Federal

Bureau of Commercial Fisheries offered statistical evidence that lake trout rehabilitation was standing on the doorstep to success if it had not already passed that point.

William Dryer of the Bureau's station at Ashland, Wis., told the conference that the total population of lake trout in Wisconsin waters of Lake Superior was up three to four per cent over last year. About one per cent of the trout show lamprey scars.

Dryer said the average weight of trout taken in Lake Michigan last year was about four pounds with some 16 pounders reported in the Isle Royale region.

Fewer 17 To 20 Inches

There is an abundance of trout in the 20 to 25-inch class, Dryer reported, but added one less encouraging note by saying the number of 17 to 20-inch fish had decreased. He blamed this on the fact that not enough hatchery fish were available to make up for the loss in natural reproduction.

The sea lamprey control program is continuing with encouraging results, the confer-

ence was told. Low water on Lake Michigan through the summer brought the chemical treatment activity to a halt for a time, but of the 101 Lake Michigan tributary streams known to contain a lamprey population, 63 were treated with chemicals through the year.

Dr. James W. Moffett, Ann Arbor, of the Commercial Fisheries Bureau, told the conference that little was to be gained by considering sport and commercial fishing on the Great Lakes separately. By the sensible use of resources, he said, each activity can exist for the benefit of the other. He could make no prediction, however, on when commercial fishing would return to Lake Superior.

Exotic Species

An attempt will be made, the conference was told, to introduce so-called exotic species of fish into the lakes to pep up sport fishing.

Prof. Karl Lagler, chairman of the Department of Fisheries at the University of Michigan, said some species already had been introduced, notably pink salmon. Some have shown up in surveys, but there is no indication that the species has advanced to the point where it can be considered a factor in sport fishing.

These introductions, Prof. Lagler said, will be studied carefully by the three states, and joint agreement on the worth of species introduction will be set in motion.

Arthur Oehmcke of Woodruff, Wis., suggested that there might be an overemphasis on cold water (trout) management to the general detriment or neglect of warm water streams and lakes.

The opening session was one of questions with only a few answers but many opinions.

Among the questions relating to management asked by the fisheries men of themselves:

Is put and take fishing a management practice of which we can be proud?

Are we recommending stocking simply as a means of getting off the public criticism hook?

Are the public's management dollars being well spent or are we simply short change artists?

Do we know enough about what makes good fishing good?

Are we being leaders in fish management or are we permitting ourselves to be led?

Chamber Of Commerce Day Proclaimed By Mayor

By proclamation of Mayor Fred Rydholm, Tuesday, Nov. 5, has been named "Chamber of Commerce Day" in Marquette.

Tomorrow is the day of "Presidential Blitz" when a concerted one-day effort will be made to gain added membership to the chamber's roster.

Dems Split Debt Among County Units

EAST LANSING (AP) — Michigan's Democratic party intends to divide up the remainder of its debt — \$130,000 — on a proportionate basis among its county organizations.

Mayor Rydholm's proclamation said, "Every progressive community needs the services of a dedicated citizenry under the banner of a chamber of commerce."

"The most effective work for the greatest number of citizens can be achieved with a maximum support of a chamber and participation in its programs."

"Many Notable Contributions"

"The Marquette Chamber of Commerce has made many notable contributions to the development of the community within the past years. I urge the citizens of Marquette to be acquainted with the programs of the chamber and to participate in them to the end that the most effective results from the best of the program can be achieved."

It was certain to day that more than 50 workers will be on hand for the "Presidential Blitz" breakfast to be held at 8 tomorrow in the Hotel Northland. They will be given a series of short pep talks, held to two minutes each, by Harlan Larson and Robert Ling, president and first vice-president, respectively, of the chamber; Robley Morrison, past president, and Mayor Rydholm.

Workers will receive kits and will be asked to complete their solicitation by nightfall Tuesday.

Meetings Top NMU's Calendar

Two meetings on Wednesday will head the calendar for Northern Michigan University for November, university officials announced today.

A faculty colloquium meeting is scheduled for 3 p.m., Wednesday in the faculty lounge and a meeting of the American Association of University Professors (Lake Superior Chapter) will be held in the University Center at 7:30 Wednesday evening, with Dr. Milton B. Byrd, vice president for academic affairs, Northern, as the speaker.

Sen. McCarthy Coming

Following is the balance of the events scheduled at Northern this month:

Friday, Nov. 8 — Principal-freshman conference, University Center, day-long session, and Upper Peninsula Education Planning Council meeting, University Center, 10 a.m. to 4 p.m.

Saturday, Nov. 9 — Final home football game, Northern vs. Macalester College, Memorial Field, 1:30 p.m.

Wednesday, Nov. 13 — Community Concert, Richard Cass, pianist, Kaye Auditorium, 8:15 p.m.

Thursday, Nov. 14 — Lecture series, Sen. Eugene McCarthy (D-Minn.), Kaye Auditorium, 8:15 p.m.

Monday, Nov. 18 — NMU intra-squad basketball game Fieldhouse, 8 p.m.

Wednesday, Nov. 20 — President's student convocation, Fieldhouse, 9:30 a.m.; faculty colloquium meeting, faculty lounge, 3 p.m., and off-campus supervising teachers meeting, University Center, 4:30 p.m.

Tuesday, Nov. 26 — Basketball, Northern vs. Oshkosh State, at Oshkosh.

Wednesday, Nov. 27 — Thanksgiving vacation, begins at noon; classes resume Dec. 2.

Saturday, Nov. 30 — Basketball, NMU vs. Michigan State, in East Lansing.

West Quits City Health Council Post

Dr. Luther S. West, dean of arts and sciences, Northern Michigan University, has announced his resignation as head of the Marquette City Health Council, which he had held since the council's inception five years ago.

A replacement of Dr. West will be made at the annual meeting held in January, Dr. M. Cooperstock, city health officer, reported. Until that time, Mayor Fred C. Rydholm, will hold the job as acting head of the council.

Dr. West stated that his resignation is due to the increase of work which he has had in the past few years as dean of arts and sciences at Northern.

Dr. Osmo R. Niemi, newly appointed director of the health service at NMU, has been assigned by Dr. Edgar L. Harden, president of Northern, to represent the university in Dr. West's place on the city health council.

Financial Scene: Labor Seeks New 'Share Profit' Plan

By SAM DAWSON

NEW YORK (AP) — Labor is expected to push for new share-profit schemes in the next round of contract talks. Once the chief emphasis was on wage increases, then on the many kinds of fringe benefits, more recently on job security.

But in the current business upswing industrial production has been rising faster than employment totals and the percentage of the labor force out of work has all but failed to budge.

So now union leaders — with an eye also on increased corporate profits — are expected to step up demands for shorter work weeks and longer vacations, and also to press in new contract negotiations for curbs on overtime. The aim: To get more workers on the payrolls.

Latest Labor Department figures put jobholders at 69.9 million in mid-October. The unemployed totaled 3.5 million, or 5.5 per cent of the labor force, and 159,000 higher than a year ago. Of the jobless 919,000 have been out of work 15 weeks or longer.

Industrial production in mid-September — the latest figure — was 125.7 per cent of the 1957-59 average, compared with 119.8 per cent the previous year.

Overtime Soaring

Factory workers' overtime averaged three hours a week, highest since 1956. Some labor leaders contend more than 11 million workers are working longer than the standard 40-hour week. So along with the

UAW Settles Out Of Court With Renda

DETROIT (AP) — The United Auto Workers Union has made an out of court settlement with

drive to cut the standard to 35 hours, a number of leaders are expected to try to discourage overtime while other members of the union are idle.

Management usually has dollar and cents reasons for resorting to overtime rather than adding to payrolls, with all the fringe benefits that involves: Pensions, vacations, health insurance and eligibility for unemployment payments and the like.

Spurt Temporary?

Also the production spurt may be temporary or uncertain, making overtime more feasible in management's eyes than a fluctuating total of workers. And often expansion of the work force would mean training new employees rather than recalling experienced ones.

But that stubborn hard core of unemployment — whether caused by automation or overtime — is bothering unions and their leaders.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Malicious Prosecution

Renda sued the union for "malicious prosecution" in his arrest in 1954 with others on a charge of conspiracy in the ambush shooting of UAW president Walter P. Reuther. The shooting remains unsolved.

Finding trial errors, the State Supreme Court reversed the judgment for Renda and ordered a retrial. The court said no proof had been shown that the union gave false information to police.

The karri trees, eucalypts of southwest Australia, grow nearly 300 feet tall and measure 10 feet across at the base.

Expansion Spot

A growing blue-green area discovered on the planet Mars may indicate a vast patch of simple plant life. First noticed in 1907, the spot has grown until it is now about the size of Texas.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder to sprinkle on your plates. Keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, soapy, pasty taste or feeling. Get FASTEETH today at drug counters everywhere.

Lt. Col. Sam Berman, commander of the 62nd Fighter-Interceptor Squadron at K. I. Sawyer Air Force Base, presents expert certificates to a seven-man crew from the base. From left are Berman; Capt. Louis Hackley, Robert Black, Herman Smits and Howard Sawyer Air Force Base, presents expert certificates to a seven-man crew from the base. From left are Berman; Capt. Louis Hackley, Robert Black, Herman Smits and Howard Nunemaker and Lts. Joseph Gruchacz, Allen Klapel and Leon Long.—(USAF photo.)

Top Ratings Given 7 In Base Unit

Seven aircrew members of the 62nd Fighter-Interceptor Squadron at K. I. Sawyer Air Force Base received their expert certificates recently from squadron commander Lt. Col. Sam Berman.

The men were awarded the ratings following an Air Defense Command evaluation.

Receiving the expert rating were Capt. Lewis Hackley, Capt. Robert Black, Capt. Herman Smits, Capt. Howard Nunemaker, Lt. Joseph Gruchacz, Lt. Allan Klapel, and Lt. Leon Long.

To obtain an expert rating, a pilot or radar observer must be operationally ready and have obtained a rating of skilled with a total of 500 hours flying time of which 200 hours must be in jet interceptor aircraft.

Each must then pass a comprehensive written examination with a score of 90 per cent or better, pass an evaluation flight check in the F-101B aircraft.

A pilot must also show a working knowledge of the fire control system by flying an intercept mission from the rear cockpit.

Blatz. Casino Win In Cribbage; Sportsman Bar 1st

Marquette's City Cribbage League finished the fourth week of play with Blatz Beer defeating Central Bar by a score of 11506 to 11387. Casina Bar beat Schlitz Beer by a score of 11422 to 11296.

Next week's play matches Casino Bar at Central Bar, and Schlitz Beer at Blatz Beer.

Independent Loop

Sportsman's Bar held first place for the fifth consecutive week at the end of Marquette In-

Hearing To Be Held On Plan To Rezone Site Off U.S. 41

City Clerk Everett H. Kent will schedule a public hearing on the proposed rezoning of a parcel of land north of U. S. 41 at the west city limits.

The rezoning of the property, now split into general business and general residential areas, was requested in a petition received by the city commission from Martha Bacon, Clark Adriance and the Harlow A. Clark estates.

The property extends eastward from the west city limits for 290 feet. It is bounded by Westwood Road and U.S. 41.

The Marquette Planning Commission has recommended that all of the property be zoned general business.

Amendment Asked

The planning commission also recommended that an amendment be made to the city zoning ordinance concerning general business and residentially zoned districts. City Attorney Waldo A. McCrea has been asked to draft such an amendment for the city commission's consideration.

The planning commission suggested that the following section be added to the zoning ordinance:

"In those instances where a general business district boundary abuts a residential district where lots are planned and/or homesteads are developed fronting upon such a general business district, a setback for all buildings of not less than 20 feet shall be provided and a permanent and completely obscuring wall or fence, not less than five feet high measured from the grade at the property line shall be provided and maintained.

"All lighting for such business use shall be shielded from dependent Cribbage League play, with 33 points.

Schedule: Pat's at Howard's; Antler's at Harvey Inn; Furnace at Moose; North End at Remillard's; Park at Shamrock; and Ging's at Sportsman's.

and directed away from residential uses and zones."

Another Proposal

This week the commission also referred to the planning commission for consideration a petition for the changing of zoning on a parcel of land off Lake St.

The parcel is west of the Coast Guard property and east of the city sewage pumping station and lies between Lake Superior and the railroad right-of-way.

Monro L. Tibbitts, Longyear Realty Corp., requested that the property, now zoned greenbelt (for parks and recreation), be changed to general residential zoning, because a prospective purchaser wishes to purchase the land for home construction.

In another zoning matter, the commission tabled discussion of the requested rezoning of two lots in Woodlawn Park Addition, in the vicinity of the intersection of Tracy Ave. and Center St., to allow time for a field trip to the area.

Recommend Denial

The owner of the two lots has requested that the property, located in an area zoned single family residence, be rezoned to general business.

The planning commission has recommended that the request be denied, stated that the rezoning "would be spot zoning and that other general business zoning is close enough to support facilities of the nature of neighborhood trade."

FRANK J. RUSSELL, Publisher

KENNETH S. LOWE, Editor

W. H. TRELOAR, General Manager

Action Commended

The United States had denied direct intervention in the military coup in South Viet Nam. The Soviet Union charges that this country is directly responsible. The record clearly shows that President Kennedy has been antagonistic toward the Diem regime for several months. This may or may not have had an impact on the thinking of the people of South Viet Nam. Whether public opinion or clandestine intervention by the U. S. was responsible for the toppling of Diem and his family is immaterial. Their brutal rule was doomed to failure in any event, just as Castro's rule in Cuba is doomed to ultimate failure and just as the Soviet Union's stranglehold on the Iron Curtain countries is doomed to ultimate failure.

Freedom for all suppressed peoples will prevail sooner or later, and the United States is dedicated to help them, to the extent of its ability, both economically and militarily.

Sometimes the end justifies the means. If the end is freedom, as we have come to know it in America, what difference does it make what strategy we use to achieve that end? If the President's spoken words were responsible for finishing off the Diem family, we commend him. If our secret intelligence agency was responsible, we commend it.

The cold war against communism must go on with all the resources at our command. We must not be misled by trivial matters, such as the sale of wheat to Russia. We must concentrate on the fact that the Communists, whether they are Russian or Chinese, have not changed their goal of world domination of all the free peoples of the earth.

If, in the process of meeting this great challenge, we sometimes deviate from our traditional concept of the democratic process, we should be forgiven in the eyes of the world, because of our dedication to the cause of freedom.

We are supporting a quasi dictatorship in Formosa in an effort to hold the line in the Far East. Perhaps if we had been a little more understanding of Batista we would not now be confronted with an egomaniac like Castro in Cuba. If we are to be successful in keeping South America from going Communist we may be forced to deal with military leaders rather than political reformists who play into the hands of the Communists.

We believe that the Monroe Doctrine should be restated and reaffirmed by the U. S. Government, that Cuba should be blockaded, if necessary, to force the downfall of Castro, and, further, that any intervention in South American affairs, whether overt or subversive, should be met by immediate military action.

Since the end of World War II, this country has been on the defensive. We failed in Korea, we have failed so far in the missile race with Russia, we failed in Cuba and we have failed to make NATO an effective fighting alliance.

The people of the U. S. have become complacent with prosperity. They have almost stopped thinking about the dangers that surround us. All of us need some sort of a shock treatment so that again we can present to the world a national image comparable to that presented by England during World War II under Churchill and our image under Roosevelt and Truman. It cannot be done by dollars alone. It can and must be done by more dynamic leadership, less procrastination, less evasion and a greater expression of confidence in the people who pay the bills to keep our fabulous economy working and, who, when the chips are down, have always proved ready to give their lives for their country and the cause of freedom.

The threat of a nuclear war is horrifying, the specter of an economic-social disintegration of the free world is even worse. We have much bigger things to think about than the price of chickens on the Common Market.

Another Dry Spell

The Congressional Pace

By JOSEPH ALSOP

WASHINGTON — The civil rights bill has been rescued from the strange coalition of its most ardent friends and its bitter enemies.

Until the last ditch, the ultra-liberals and the Southern segregationists of the House Judiciary Committee fought side by side for an extreme measure that could not pass. But the committee's senior Republican member, Rep. William McCulloch, courageously intervened to rescue the bill, bringing along Rep. John Lindsay of New York and others. The next hurdle is therefore the House Rules Committee.

Rep. Smith Will Be Leisurely

Some time must pass before the next hurdle can be vaulted. According to the best current estimates, another fortnight will elapse before the majority and minority reports of the House Judiciary Committee can be laid before the Rules Committee.

After that, the Rules Committee's antediluvian chairman, Rep. Howard W. Smith, will not doubt be leisurely about hearing the testimony of members of Congress who wish to say something before the civil rights bill is sent to the floor. There may well be more than two score congressional witnesses.

Because of the national-minded bi-partisanship displayed by Rep. McCulloch, favorable action by the Rules Committee seems to be assured — in the end. But the end seems most unlikely to come before the last days of November. And after the Rules Committee sends the bill to the House floor, the House must also take action before the bill proceeds to the Senate.

Inevitable Southern Filibuster

It is a good bet, therefore, that the civil rights bill will not reach the Senate before the first week in December. In that case, passage of a civil rights bill this year will be virtually out of the question. No amount of pressure will overcome the inevitable Southern filibuster and secure the necessary vote for cloture before the Senate's Christmas recess on Dec. 20.

This cloud ought to have a silver lining, to be sure, if only there were more logic in congressional procedures. The tax reduction bill is already in the hands of the Senate Finance Committee. In normal circumstances, the slow pace of the civil rights bill ought to leave an opening for December passage of the tax bill.

By any practical test, moreover, passing the tax bill is probably a more useful step to take in the present civil rights crisis than passing the civil rights bill itself. Among other things, the tax bill is specifically designed to create more jobs, and more jobs are the most urgent Negro need today.

Strange Ally On The Left

Unhappily, the silver lining is pretty certain not to materialize, because the pace of the tax bill is even slower, if anything, than the pace of the civil rights bill. This great measure has been before Congress for just short of ten months. When it reaches a vote in the Senate, it is now expected to command a two-thirds majority.

But these facts have little influence on the chairman of the Senate Finance Committee, Harry Byrd of Virginia, or his strange ally on the left, the tirelessly vocal Sen. Albert Gore of Tennessee. What amounts to a filibuster by witnesses has been organized. No less than 105 witnesses remain to be heard by the committee. And committee hearings are going to be suspended while the foreign aid bill is debated on the Senate floor.

Thus the present forecast is that the tax bill may just possibly be reported to the Senate on the eve of the Christmas recess; and even this forecast may prove to be over-optimistic if the Senate has meanwhile taken up the civil rights bill and tied itself in knots with a filibuster.

Degenerated To Really Dangerous Degree

Both of these crucial bills will pass in the end. There is hardly any doubt about that. But the tax bill will not pass when it will do the most good, which is this year. And the civil rights bill will pass only after the Senate has talked itself into a stupor.

These facts mean several things of considerable importance. They mean, above all, that the always-creaky congressional machinery has degenerated to a really dangerous degree. Even if majorities in both Houses favor action, and even if urgent national problems demand prompt action, no major action can be taken nowadays without an expenditure of time and effort that is really crippling.

Thus the Executive is increasingly deterred from proposing needed action by the certainty that getting anything done will be a really killing job. And the whole process of government is increasingly handicapped to the point of being crippled.

The National Whirligig

News Behind The News

By ANDREW TULLY

WASHINGTON — While Congress is busy digging into the complex financial affairs of Bobby Baker, the resigned Senate majority secretary, it is trying not to notice several bills that would do much to prevent these untidy conflict-of-interest cases on Capitol Hill.

This legislation shouldn't scare any member of Congress. The bills merely require that all legislators and their staff members file annual statements listing their financial holdings and income. Had such legislation been in force, Congress would not have had to learn from the press that Baker was involved in various vending machines, motel and travel agency projects that cast doubt on his role as a disinterested public servant.

Yet Congress has shied away from the legislation with the embarrassed air of an aging movie queen who has just been asked her age by a marriage license clerk. It is not that the boys have anything to hide, you understand, but, gosh all hemlock, it doesn't seem quite dignified, or something.

Yet only last year Congress legislated up-to-date conflict of interest standards for the Executive branch, thereby compounding a situation which Sen. Jacob K. Javits (R., N.Y.) has called a "double standard of ethics in government." A secretary of the Army has to tell all, but the public is supposed to take a congressman's word that he is above reproach, a feat some taxpayers find difficult if not impossible, on the record.

Few Tell All

Javits is not talking out of both sides of his mouth. He revealed his stock holdings and sources of income last March, joining three other senators and eight members of the House in coming clean. These others are Sen. Hugh Scott (R., Pa.), Sen. Joseph Clark (D., Pa.), Sen. Stephen Young (D., Ohio) and Reps. Edith Green (D., Ore.), Morris Udall (R., Ariz.), William F. Ryan (D., N.Y.), Henry Reuss and Robert W. Kastenmeier (D., Wis.), John A. Blatnik (D., Minn.), W. Donlon Edwards (D., Calif.) and Robert B. Duncan (D., Ore.).

Two provisions found in all the bills would make it at least awkward for a member of Congress to vote in favor of his own financial interest. One, besides demanding a statement of all income and financial holdings, would require the legislators and their staff members to report all "gifts of substance." The other would require the publication of all written or oral communications with regulatory agencies in connection with specific cases under consideration on the Hill.

In Glare Of Publicity As gently put in a letter from Sen. Clifford Case (R., N.J.) and Sen. Maurice Neuberger (D., Ore.) to the committee investigating Baker, these provisions would "give pause to officials who might take action that would appear questionable if known publicly." The law would put a crimp in the activities of Western legislators whose own holdings make them built-in lobbyists for the oil industry, but it would save the taxpayer some money.

Congress in recent years has been the object of derision for its time-wasting picaresqueries. Bureaucrats downtown, forced to live in the glare of publicity shining on their own financial dealings, are resentful of a holler — than — thou legislative branch that declines to practice the ethics it preaches. But it is Congress' own fault. It is difficult to have confidence in a man supported by the taxpayers who conceals the fact he owns a share or two of stock in a company seeking congressional favor.

Life In New York City

By HAL BOYLE

NEW YORK (AP) — "How do you live here, nice as it is to visit?" inquired the cozy critic. "Believe me, this place is for the birds — and I do mean pigeons. People no longer have a status here."

Well, she was a pretty girl, and I suppose she meant what she said.

Boast Of Chicagoans — how out of everywhere can you be? There are several kinds of people who knock New York.

There are the butter and egg men who arrive with a fist waving green and say they won't take any chicken feathers from anybody.

There are those from Chicago who say their museums have more places to park chewing gum than any we have here.

High-Class Ladies — And there are the high-class ladies from San Francisco who complain they get their tennis shoes dirty riding in the subway.

"This is an attractive place to tour — in a way — and on a group basis," they sometimes remark, "but how and why would one want to live here individually?"

Has Many Attractions — Actually, Manhattan has many attractions, and getting along isn't too difficult.

The chief idea is that you have to walk a little faster than you do in other cities, and realize that it doesn't make any difference where you're going — just so you hurry.

Noninvolvement Is Great Aim The second thing is to remember that you are a viewer rather than a participant in life.

The great aim is noninvolvement. It might be your luck, for example, to gaze across an apartment courtyard and see a stranger strangling his wife.

Interrupt him? Not for the birds in Dubuque. But here you either look the other way, or break out in mild applause.

Distance — Or Attention? One who becomes accustomed to the faster tempo of this city is never quite the same again.

There are calmer spirits who say that "the New York pace" is a device for getting attention rather than distance.

But that isn't so. There is a pace of possibility here — an electric sense of anything can happen, a gift of hope, a quest of unreasonable demand, a faith that you will soon meet Aladdin and he will rub his lamp and all you longed for will come true.

That's what makes happiness for many here — living on bread crumbs while foraging cake. Excitement is a nutrition in New York.

Will Bob Taft Run With Goldwater?

WASHINGTON — Rep. Robert Taft Jr.'s reply to speculation that he may become the 1964 Republican vice presidential candidate is that neither he nor his associates have discussed the matter with Sen. Barry Goldwater.

Side Glances

"Fiddlysticks, Doris! As I recall, you used to manage to look a trifle sexy in 10 yards of dress goods!"

Morocco-Algeria Dispute

By PETER EDSON

WASHINGTON (NEA)—The United States government is leaning backward to be strictly neutral on the Algerian-Morocco border dispute. But this is so complicated an issue it must be watched closely.

It is not yet considered a split in the Arab League or a test case for the existence of the new Organization of African Unity — OAU — set up at Addis Ababa last summer. If not settled quickly, however, the dispute might be brought before the United Nations Security Council as a threat to peace.

Legitimate Borderline Fight There is a legitimate borderline dispute between Algeria and Morocco, going back over 100 years to Ottoman empire days when sultans ruled all of North Africa.

After the area became a French protectorate, a 1901 Protocol of Paris established an East-West borderline between Algeria and Morocco. It ran south from the Mediterranean to Figuit, then jogged southwest to Gair. No dispute here.

All the argument concerns extension of the line from Gair to the northeast corner of Spanish Sahara.

This 500 miles of desert on the southern slope of the Atlas Mountains is largely uninhabited. French military commanders shifted borders at will to administer security zones.

There was a Varnier Line established by the French in 1912. It ran north of the 1901 line, but it is shown in different places on different maps. Then there was an unofficial "Oued Dra" line, following a sometimes dry and sometimes flooding river that shifted course after every rain. A 1938 Trinquet line is accepted by the Algerians as border.

Two Official Letters Morocco bases a claim to territory south of this line on two official letters from the French government; one to the late King Mohammed V has not been released. A second letter to his son, the present ruler King Hassan II, has been released. It moves the Trinquet line south and east.

Furthermore, on the basis of tribal suzerains of the middle ages, Morocco lays claim to not only what Algeria considers her westernmost territory, but also to Spanish Sahara and the Islamic republic of Mauritania.

Morocco now has no common frontier with Mauritania. To gain a corridor from southern Morocco to Mauritania — according to the Algerian version —

Morocco "invaded" the westernmost triangle of Algeria. This is where the fighting has been, around the towns of Tinzouba and Tindouf.

Rich Iron Ore Deposits The situation is complicated by the fact that this area is supposed to have iron ore deposits. They have never been surveyed. There is no road to get the ore out of there.

But this would be something far more worth fighting for than a stretch of desert. Communist propaganda has therefore been whopling it up against the Rothschild banking interests in Paris for backing Moroccan claims to keep control over the iron. This would make it an economic war.

First Break In Agreement At the All-African Conference in Addis Ababa, Ethiopia, last summer, the new nations agreed that for the time being they would accept boundaries by European colonial powers. The dispute is the first break in agreement.

The greatest danger as now seen is that if this dispute cannot be settled among the African powers themselves, it may deteriorate into a battle between two philosophies of government that could split all Africa.

Algerians supporting the new regime of Premier Ahmed Ben Bella will say that Morocco is backed by the Western imperialists trying to overthrow African socialism.

King Hassan's supporters will say that making any agreement with the Algerians would be playing into the hands of Communists who want to destroy his kingdom.

'Vatican Pimpernel' Dead At Age Of 65 CAHIRIWEEN, Ireland — The Rt. Rev. Msgr. Hugh J. O'Flaherty, 65, "The Pimpernel of the Vatican," died last week. Msgr. O'Flaherty earned his nickname for his work in helping thousands of Allied prisoners to escape from the Germans in World War II.

U.S. Auto Production Highest In History DETROIT — U. S. automobile production for October was the highest for any month in history, figures from the industry indicated.

With various records reported by individual manufacturers, the total passenger car production came out at 798,716 as compared to the prior March 1955 all-time high of 794,015.

From The Journal Files

90 Years Ago

—Marquette—

Saturday evening a week ago the first meeting was held in the council rooms for the purpose of organizing fire companies. The citizens present appointed a committee of three, one for each ward, to solicit memberships to these companies. At later meetings, lists of those willing to join were presented and committees appointed to draft the necessary by-laws, etc. Several members of the board of fire and water commissioners were addressed by Messrs. Swineford, Stafford and Earle, who asked all the aid and encouragement that legally could be given. In fact, the complete equipment of the department. The board decided to raise over \$20,000 for the proper equipment, and it is understood that this amount is to be expended in several ways, the building of suitable hose houses, buying additional hose, etc. The Iron City Hose Co., No. 1, of the First Ward then organized and elected the following officers: A. P. Swineford, foreman; James Dwyer, assistant foreman, and J. H. Primeau, secretary-treasurer. The other companies will be organized next week.

The new trotting park, just outside the city, for which we have been waiting all summer, is at last finished, and it was just announced that the public would be admitted free, which really brought out the multitude of racing fans. Since the panic, of course, we're all "big" on a free blowout of any kind. The new park is about two miles from the Coles' house, on the old Collinsville Road. By driving west on Ridge St. and turning north on Fourth, you will eventually arrive there, providing you don't take the wrong turn and fetch up at the powder mill. In spite of the rain, the half-mile track is still in fair condition. The park is enclosed by a high board fence, and a low one clear around the inside. The judges' stand is on the west side and the home stretch is a fine one. Most of the owners of fast steppers, including the editor and the Rev. Fleetwood, turned out, and a lively time was had.

Culbert & Reed, the popular livermen of this city, have secured the mail contract between this city and Sault Ste. Marie and will run a line of stages between Marquette and

Munising the coming winter.

—Ishpeming— The fire department of this city was out for practice last Tuesday, with the newly appointed officers in charge. The new hook and ladder truck, together with the necessary ladders and other apparatus, has arrived.

Currency is becoming more plentiful here. The Superior Foundry have issued 30-day drafts, the Cleveland Co. 60, and the Spurr Mountain Co. 90-day paper, the latter drawing seven per cent interest. Merchants almost all are reported livelier business, as these drafts furnish a circulating medium and considerably relieve the stringency in money matters locally.

We notice in the harness shop of our friend Charles McNamara a plentiful supply of robes, bells, blankets and everything calculated to conduce to the pleasure and comfort of both sleigh riders and horses.

Messrs. Scott Nelson and Manville Jenks, who have for some six weeks been sick with an attack of typhoid fever, are, we are glad to notice, so far recovered as to again appear on our streets.

—Negaunee—

The election and installation of officers of the Negaunee lodge of Good Templars took place Monday evening last. They are: W.C.T. — Daniel McKinnon; W.V.T. — Mary Woolner; W.S. — Sampson Uren; W.T. — H. M. Woolner; W.M. — John Harris; W.F.S. — Mary Ross; W.J.T. — O. J. Larson; W.O.G. — M. Woolner; W.R.H.S. — Susan Bardell; W.L.H.L. — Etta Stockwell; W.A.M. — Robert Ross; W.C. — Richard Lamberton. H. M. Woolner has been appointed deputy grand worthy chief, having in his charge all the lodges in this section.

Now our streets are covered with snow, while Marquette is still muddy. With the course in good condition we begin to look forward to our dog racing again. Let's have a race soon, with prizes. The Mining Journal will start off with a new sled as one prize.

It looks as if there would not be many unemployed in Negaunee from the number who are leaving town.

60 Years Ago

—Marquette—

The one important question with which the aldermen concerned themselves at the meeting of the council last evening was a proposed amendment of the ordinance, passed at the October session, fixing saloon limits in the City of Marquette. The ordinance provided that the Seventh Ward should be included in a district in which saloons were prohibited and further provided that any saloons doing business in any such district should be closed May 1 next year. In the Seventh Ward the place conducted by Frank LaBonte was affected. Mr. LaBonte circulated petitions urging the ordinance be amended in his favor, and the council voted in his favor last night.

—Ishpeming— There seems to be no doubt that the crook arrested a few days ago at St. Paul was the third member of the gang with whom the police had their battle on the train here some

time ago. His name is Packard, and his picture is exactly similar to the one the Ishpeming marshal has in his possession.

Dave Devine suffered a compound fracture of the arm in the game between the Peerless eleven and the Broncho-Busters Sunday afternoon. He was a member of the Broncho-Busters.

—Negaunee— J. E. O'Donoghue is established in his new location at W. Nikander's former stand, taking possession yesterday morning. Jake Arnet, formerly assistant at Kirkwood and O'Donoghue's, has entered Mr. O'Donoghue's employ. Chris Schroeder maintains his repair shop in the store, as usual.

John Ward, the Northwestern conductor, has been transferred from the Marquette-Republican run, taking charge of a train running out of Crystal Falls. Nick DeBeck probably will fill Mr. Ward's place here permanently.

30 Years Ago

—Marquette—

Saturday noon is the last time at which persons seeking the office of mayor or city commissioner may file nominating petitions with the city clerk. To date, three candidates have filed.

Marquette County taxpayers who were delinquent for the year 1932 saved several thousand dollars by paying the 1932 delinquency before the deadline Wednesday. According to J. E. Hayden, county treasurer, the largest October delinquent tax collection in many years was recorded the last two days of last month.

—Ishpeming— Over 200 depositors of the Miners' National Bank and other citizens enthusiastically endorsed plans outlined last night for the formation of the new Miners' First National Bank of Ishpeming. The American Legion Hall,

scene of the meeting, was crowded to capacity. Sam Chodas presided as chairman.

Eleven Marquette County youths, after passing army physical fitness tests at the road commission offices here today, left on the noon train for Fort Brady, Sault Ste. Marie, where they will be conditioned for two weeks before being assigned to winter camps of the Civilian Conservation Corps.

—Negaunee— Sen. George Nordlin of St. Paul, Minn., leader of the Minnesota senate, will address Negaunee members of the Fraternal Order of Eagles at 8 next Tuesday night in the Osterbotten Hall, Teal Lake Ave. Sen. Nordlin is national president of the fraternity, which has a membership in the United States, Canada, Alaska and the Philippines of nearly 550,000.

Thirteen births were recorded in the city hall here during October, according to Jacob H. Anderson, city recorder.

YOUTH PARADE

By REBA and BONNIE CHURCHILL

Dr. Dickson Speaks At FSS Meet

Dr. David Dickson, head of the English department at Northern Michigan University, was the guest speaker at the annual meeting of the Family Service Society of Marquette.

U.P. Potato Queen Crowned

Kathleen Martin of Hancock was crowned queen of the annual Upper Peninsula Potato Show in Marquette Saturday by Robert Ling, first vice president of the Marquette Chamber of Commerce and master of ceremonies for the potato show dinner.

Exercise To Music; Helps Streamline Figure

1. Like to conduct your own symphony for streamlining? Then follow the beat and exercise to music. Your personal "hip parade" helps pace workouts, so you breathe uniformly, perform rhythmically and move gracefully.

2. To slim your torso, firm your thighs—begin now to exercise. To the lilting three-quarter tempo of a waltz, extend left foot on chair back. Stretch forward until left hand touches elevated foot.

Cast Makes Costumes For Production Here

Since kilts and tartans have burst into fashion this fall, a veritable Scots Highland style show can be previewed at the staging of "Brigadoon" here Tuesday, Wednesday and Thursday at the Kaufman Auditorium when the Marquette Community Theater presents the musical.

Because Meg, the "gaygirl," is of dubious lineage, she cannot wear a tartan and substitutes for it a garland of flowers to announce her clan.

Nancy Mattson, Commie Taylor Married At Sawyer

The K. I. Sawyer Air Force Base Chapel was the scene of the double-ring ceremony which united in marriage Nancy Mattson and Commie Taylor.

Fashions Will Be Kaleidoscope Of Color

By JEAN SPRAIN WILSON AP Newsfeatures Writer

NEW YORK (AP)—Bible Joseph owned a marvelous multi-colored coat, beating the trend by several thousand years.

One-color fashion is a cheap way. For a nothing dress is little noticed nor long remembered.

But this is a boring way to dress without the stimulation, excitement, and attention that are the rewards of color.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I am the mother of six children. My husband and I are both in our forties. For some time now my husband has been getting up and leaving for work TWO hours before he is supposed to be there, and it only takes him 15 minutes to get to work. I have asked him several times why he leaves so early, and he tells me he can't sleep! But when he gets up he hurries through his breakfast like he is going to be late for something. These actions are making me suspicious. I would like to get the truth out of him. Should I follow him?

SUSPICIOUS WIFE

DEAR WIFE: No. Just say you did.

DEAR ABBY: I am a second semester freshman in college and I am married. We have told no one other than our parents. Mine are furious with me and have refused to claim me any longer or pay for the rest of my education, although they can well afford it. My husband is a sophomore and he can't afford to pay for my schooling. His parents would like to help out but they cannot afford to send their own son to college. (He is there on a scholarship.) On top of everything, I think I am pregnant. With our limited funds we have had to move into a run-down, one-room apartment. I know there is no easy solution.

but can you give me any advice at all?

DEPRESSED

DEAR DEPRESSED: Are you two living together? If so, and you've "told no one" you are married, what do your friends think? If you are living apart, and your condition becomes apparent — what then? Also, if you are registered in college under separate names, you are violating the college's regulations — and will be booted out, dough or no dough. You had better start all over again — at another college. If you can't get a student aid grant, or a scholarship, or help from home, or are unable to work because of pregnancy, you had better forget about higher education for now, if not forever.

DEAR ABBY: In reference to your "CONFIDENTIAL TO MARK: Milk is not that cheap any more. You'd be ahead to buy the cow." I beg to differ with you. Milk is still your cheapest food. It has not increased more than two or three cents per quart in the past 10 years. Everything else has gone up almost double. Have you ever raised a cow? A dairyman has at least \$1,500 invested in every cow, so I don't under-

stand how you can recommend buying a cow. Milk is still cheaper.

A DAIRYMAN IN WISCONSIN: What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

(Naught Syndicate, Inc.)

PATERNITY ODDITY
Among the Witotos of northwestern Amazonia, the mother goes back to work the day after giving birth to a baby, but the father rests for a week or more in his hammock.

WHY MOTHERS GET GRAY

9 Taken To Hospital After 2-Car Intersection Crash

ISHPEMING — Nine persons were admitted to Bell Memorial Hospital Saturday evening following a two-car collision at the intersection of N. Second St. and U.S. 41.

At 5:25 Saturday afternoon, a car driven by Barbara J. Korpi of Ishpeming, traveling north on Second St., stopped at the stop sign on Second St. and then proceeded across U.S. 41. An approaching car driven by George W. Makela, 2363 Allen St., Marquette, could not be seen because of blinding sunshine.

None Seriously Hurt

Three youngsters were confined to the hospital with injuries, but are expected to be released today. They are Barbara A. Korpi, 4; Catherine M. Korpi, 8, and Linda S. Korpi, 11.

Six others were taken to the hospital by an onlooker and the

Ishpeming police patrol car, but were released after observation and treatment of minor injuries. They were George W. Makela, Paul Makela, 3; Loraine E. Makela, the mother; James E. Makela, 7, and Carl R. Makela, 5. Another youngster, Michael J. Makela, 9, escaped injury.

Most of the passengers in the vehicles received bruises and contusions.

Barbara J. Korpi was ticketed for failing to yield the right-of-way.

Police also ticketed Laurence J. Epper, Route 1, Ishpeming, for improper passing after he struck a vehicle driven by David J. Lefler of Milan, Mich. The right front bumper and fender of the Lefler car were damaged.

Two Report Damage

Peter C. Grievess, 112 Arch St., Ishpeming, reported to police that his car, which was parked on Arch St., was struck by an unknown vehicle.

An investigation also is being conducted by police into a complaint from Telfer T. Symons, 348 W. Division St. Symons said his car, parked behind his barn, was hit, causing damage to the grill, left front headlight and parking lights of the car.

Two Mishaps Sunday

Two accidents were reported yesterday.

At 12:05 a. m. Henry F. Jacques, Sault Ste. Marie, was issued a summons by Ishpeming police after he ran a stop sign.

Jacques car went through a stop sign on Cleveland Ave. and First St. and was struck by a vehicle driven by William Kipling, 160 Prospect St., Ishpeming. Both cars received minor damage.

A Manistique motorist was ticketed last night for failing to yield the right-of-way.

Paul A. Tomlinson of Manistique, after stopping at an intersection, proceeded across striking a car being driven by Norman K. Baker of Tuscaloosa, Ala.

The U.S. steel industry has a capacity of more than 147,600,000 tons a year.

Presbyterian Women To Meet Tuesday Night

ISHPEMING — The association meeting of the United Presbyterian Women will be held Tuesday night at 7:45 in the social room of the church.

Seeing this is a world service program, members are reminded to bring gifts for the Ganado mission.

Slides will be shown. Hostesses will be Mrs. Lillian Morrison and Mrs. Elaine Furo.

The executive committee will meet at 7 p. m.

Entertainer Found Strangled To Death

KALAMAZOO — A Kalamazoo entertainer was found strangled with a coat hanger last week in her trailer park home.

Police said Mrs. Averill Cropp, 49, had been dead at least two days when her body was discovered by a neighbor.

Sought for questioning was a man who, police said, apparently had been sharing the woman's home. Police identified him as Vernon E. Bowers, 48.

Muskegon County Passes Fund Goal

MUSKEGON — Muskegon County's United Appeal community fund-raising campaign finished more than \$11,000 over its goal with a total of \$737,514. The goal had been set at a record level of nearly \$726,000. About 2,500 volunteers worked in the two-week drive.

Fischer Quint May Go Home This Week

ABERDEEN, S. D. — James Andrew, the only boy in the Fischer quintuplets and the heftiest of the babies, may go home this week.

Dr. James Berbos, who delivered the quintos to Mrs. Andrew Fischer Sept. 14, said James Andrew could go home as soon as his parents are settled in the house in northeast Aberdeen.

The word tornado comes from the Spanish tronada, meaning thunderstorm.

One Fined, Two Go To Jail In Deer Possession Case

L'ANSE — Three Baraga County men charged with illegal possession of deer during the closed season were ordered to pay \$100 fines plus court costs or to serve 30-day jail terms when they appeared before L'Anse Justice Steven P. Markovich.

Lars R. (Rudy) Holm, 56, Baraga pleaded guilty to illegal possession of two hind quarters of venison and paid a \$100 fine plus \$8.30 court costs.

Joseph Muvrin, 53, and Victor Edwards, 59, both of L'Anse, also entered pleas of guilty to the illegal possession charge and were committed to the county jail for 30 days when

they were unable to pay the \$100 fines and \$9.50 court assessments.

Muvrin admitted in court that he had sold the two hind quarters to Holm for \$15, but denied being with Edwards when the deer was shot. He told Markovich that Edwards had shot the deer, then returned to get him to help him dress out the carcass. Muvrin said he delivered the venison to Baraga, where he and Edwards sold it to Holm.

The three were arrested on separate warrants following an investigation conducted by conservation officers from Baraga district headquarters.

3 Cars Damaged, 2 Drivers Given Tickets In Crashes

ISHPEMING — Three cars were damaged and two drivers ticketed by state police in weekend traffic mishaps in the area.

A car was extensively damaged at 10:50 last night on U.S. 41 just west of the Lake Superior & Ishpeming Railroad crossing in Humboldt Township.

The driver, Arne Eliason, 37, Champion, told state police that his 1962 model station wagon struck a deer which was crossing the highway. The car was damaged in the right front and had to be removed from the scene by wrecker.

Innocent Plea Entered For Accused Slayer

GRAND RAPIDS — A plea of innocent was entered in Superior Court here for Mrs. Erzebet Wittner, 39, on a charge of murder in the knife slaying of her stepdaughter, Beatrice, 7. Mrs. Wittner had waived examination. She is accused of stabbing the girl Oct. 22.

Alarm attachments to clocks are about as old as the clock itself. Primitive clocks of the 13th Century had the hours struck resoundingly by bells.

Bethany Women Meet Nov. 6th

ISHPEMING — The Lutheran Churchwomen of Bethany will hold a regular meeting Wednesday at 2:30 p.m. in Fellowship Hall.

The Dorcas Circle is in charge of the program, which will include a filmstrip, "Martin Luther."

Devotions will be given by Mrs. Sophia Thorsen and lunch will be served.

They Want Ice Caves Taken Off The Map

CHELAN, Wash. — The chamber of commerce has asked the State Highway Commission to take the nearby village of Ice Caves off the map.

The chamber says no one cares where Ice Caves is and even if they did it's impossible to get there.

Baghdad Says More Rebels Surrendering

BEIRUT, Lebanon — Baghdad Radio claimed that Kurdish rebels in North Iraq are surrendering in increasing numbers to the Iraqi army.

The rebels have been waging war for self-rule for two years.

Drinkers Need New Source Of Supply

ATLANTA — Drinking people in the Atlanta area may have to scout around considerably today to find a source of supply.

The licenses of 103 of the city's 187 retail liquor stores have been suspended until Dec. 2. The penalties were imposed for sales to minors.

What Cooper's Ride Would Cost In Cab

MIAMI — Jack Winters of Yellow Cab system figured out the equivalent of Astronaut Gordon Cooper's 22-orbit flight on an overland, nonstop taxi trip.

He said it would cost \$172,400.40 on the meter, would take one year, three months, 21 days and four hours, and would wear out four taxis.

Car Smashed In Crash On Pelkie Road

L'ANSE — One car was smashed and three others damaged in three accidents in the area over the weekend.

Mrs. Lydia Jurva, Pelkie, lost control of her auto on M-35 near the Pelkie Road at 7:25 Saturday morning, crashed through three guardrails and careened into a field.

According to state police, slippery road conditions caused Mrs. Jurva to lose control of her auto. She escaped injury, but the car was smashed and had to be towed from the scene of the accident.

At 7 Friday night Anthony O. Cote, 54, L'Anse, backed his jeep out of a parking place on

Main St., and rammed another auto driven by Francis L. Lepola, 60, Watton. Village police said Lepola, headed north on Main St., had stopped for traffic during the Friday night shopping rush when the Cote car bumped into him. The left front door of Lepola's car was badly dented, but he was able to drive it away. The jeep was not damaged.

An auto owned by Joseph W. McCann, 29, Muskegon, parked on Broad St., L'Anse, was smacked by a hit-and-run driver sometime about 9 Friday night. There was considerable damage to the left rear of McCann's auto, but it was driveable. Village police are continuing their investigation.

Some 100,000 Egyptians and 50,000 Sudanese Nubians will have to leave their homes along the Nile when the Egyptian Aswan High Dam is completed.

Pictured Rocks 'Park' Study Says Lakeshore Could Attract \$6,300,000 To U. P. Annually

Sen. Hart today released an economic study showing that a major tourist complex in the Pictured Rocks National Lakeshore could attract 6,300,000 tourist dollars to the Upper Peninsula each year.

The report also showed how the lakeshore could create 315 full-time \$5,000-a-year jobs in the surrounding area. The park payroll would total an additional 27 jobs.

The study was prepared for the National Park Service by the Institute for Community Development of Michigan State University.

the lakeshore would attract 2,800,000 tourist dollars annually and create about 140 \$5,000 jobs.

Sen. Hart already has acted on the study recommendation for a scenic highway along the Superior shore. On Oct. 28, he introduced a bill calling for a study of a national system of scenic highways.

At the time, he mentioned that the east shore of Lake Michigan and the south shore of Lake Superior would make excellent routes for such highways.

"This study is very encouraging," Sen. Hart said. "Forecasts such as this are bound to be somewhat imprecise but this does make it clear that the proposed lakeshore will be a major economic asset to the Upper Peninsula and to Michigan as a whole."

Tough Competition
"The report is particularly interesting because it sketches a total development plan for the Upper Peninsula.

Religious services, under the direction of the Rev. Reuben Kaupilla, will be held in Apostolic Lutheran Church Thursday night, beginning at 7 in the Finnish language and at 7:45 in English.

Car Owners Reminded Of Parking Ban

NEGAUNEE — Police Chief Ralph Carlson today reminded local motorists of the municipal ordinance prohibiting overnight parking on city streets during the winter season.

Hours during which parking in streets is prohibited are from 1 a. m. to 6 a. m. during the period extending from Nov. 1 to May 15.

"Although it may not be necessary to enforce the ordinance in the immediate future depending on weather conditions, we are reminding residents at this time in order that they may make adequate preparations for overnight parking during the winter season," Chief Carlson said.

Officers have been instructed to enforce the regulation any time there is sufficient snow to warrant it. The ordinance is designed to remove cars from the streets in order that the vehicles will not interfere with plowing or snow-removal operations.

Band, Glee Club Concert On Thursday

MUNISING — The first in a series of concerts by the Munising High School band and glee club will be held this Thursday night, starting at 7:30, in the school auditorium.

Proceeds from the event will be used to buy new band uniforms and stage risers.

Twirling routines by high school majorettes will feature the program, which will be divided into three parts. For its opening numbers, the band will play "Klaxon March" (Henry Fillmore), "American Folk Rhapsody" (Clare Grundman), "Syncopated Clock" (LeRoy Anderson), selections from "South Pacific" (Rodgers and Hammerstein) and "New Colonial March" (R. B. Hall).

The third portion of the program will include these band numbers: "Perpetual Motion" (Carl Bohm), "Beguine Festival" (Glenn Osser), theme from "Exodus" (Ernest Gold), "Swinging Safari" (Bert Kaempfert), "The Twist" (Hall Leonard) and "Gypsy Baron" (Harold Walters).

57-Year-Old Watton Man Found Dead

WATTON — Eddie Sikkila, 57, Watton, was found dead late Friday night in the woods in the Alberta area about 4½ miles from Camp Baraga. A tree which he had started to fell.

He was born on Drummond Island Sept. 14, 1906, and, except for 22 years spent in Detroit, spent most of his life in Watton.

He was a veteran of World War II and was married to the former Helga Kleimola, May 6, 1945, in Detroit.

Surviving besides his wife is a son, Wayne of Watton; four step-children, Mrs. Carl (Elaime) Leinonen of Wayne, Mrs. Louis (Vickie) Weber of Harper Woods, Donald Kleimola of Ferndale and Raymond Kleimola of Seymour, Ind.; six sisters, Mrs. Sulo (Impi) Virta of Watton, Mrs. Edward (Anna) Leaf of Battle Creek, Mrs. Earl (Eva) Hakari of Ironwood, Mrs. Carl (Elsie) Pequet of Merrifield, Mrs. Jeff (Viola) Wedington of Detroit and Mrs. George (Sigrid) Coppler of Watton; three brothers, Onnie of Mass, Wesley of Bruce Crossing and Kenneth of Watton; 13 grandchildren and several nieces and nephews.

Services will be held Wednesday afternoon at 1 at the Swanson Funeral Home, L'Anse, with the Rev. Lauri Pikkusaari officiating. Burial will be made in Covington Cemetery.

Friends may begin calling at the funeral home this afternoon.

Lamppa Shoots Another Buck

ISHPeming—Ernest Lamppa, former manager of the Copper Country Dairy in Ishpeming and who now resides in Marshfield, Wis., returned here to bring down a seven-point buck while hunting south of Ishpeming.

Lamppa, a former member of the Tomahawk Bowmen of Ishpeming, also was successful in filling his deer license last year.

Centennial Financing To Be Aired

NEGAUNEE — Ways and means of financing the centennial program to be held here in the summer of 1965 will be discussed at a meeting of business and professional men at 7:30 Tuesday night in the city hall council chambers.

Two previous sessions have been held regarding the proposal to hold an observance commemorating the centennial anniversary of Negaunee's adoption of a village form of government in 1865. A celebration was held here in 1944 marking the centennial of the discovery of iron ore, but Negaunee did not become a village until 1865 and a city until 1873.

At the first meeting a committee was named to contact other communities which have held centennials to determine methods of financing the programs.

Data obtained regarding observances held in Ishpeming, Hancock, Escanaba and Menominee County was presented at the second session, when the committee was further empowered to formulate plans for financing the Negaunee program.

A pledge system by which business and professional concerns would make contributions to a centennial fund set up in the First National Bank on a monthly basis has been set up. Details of this program and other proposals for financing the observance will be explained Tuesday night. All business and professional concerns are urged to have representation at the meeting.

Services will be held Wednesday afternoon at 1 at the Swanson Funeral Home, L'Anse, with the Rev. Lauri Pikkusaari officiating. Burial will be made in Covington Cemetery.

Friends may begin calling at the funeral home this afternoon.

Basketball Loop Eyed

ISHPeming — All men of St. John's, St. Plus X and St. Joseph's Catholic Churches are invited to a meeting tomorrow night at 7:30 in the Kron-Dingfelder Hall for the purpose of forming a basketball league or an adult athletic program.

Everyone is asked to bring gym shoes and trunks.

At a slim turnout of men following the Green Bay Packer football game yesterday, officers were elected in order to get the program under way. The officers are: Chairman, Salvatore Sarvello; vice chairman, Ted Pepin; secretary, Ronald Portale; and treasurer, David Junak.

Plans also will be discussed concerning other activities in the gymnasium, one of these being a weekend junior basketball league program.

Store Theft In L'Anse

L'ANSE—The Coast-to-Coast store, owned by Curtis C. Meard, located on Main St., was reported broken into sometime Saturday night or early Sunday morning and robbed of a number of items.

The thieves gained entrance to the store by breaking out a section of wall at the rear of the building to unbar the outside door. A glass on an inside security door was smashed in an attempt to reach a lock and the door was finally pulled off the hinges to provide access for the intruders.

A full investigation of the robbery is being conducted by state police, sheriff's departments and village police officers.

Slim Turnout Likely In Tuesday's Vote

NEGAUNEE — City election officials anticipate one of the lightest votes in the history of the community tomorrow when the annual municipal election will be held.

Responsible for lack of interest in the balloting is the fact that, for the first time since the council-manager form of government went into effect here in 1950, all candidates are unopposed.

There have been occasions in previous years when there were no contests for one or more council posts, or seats on the board of supervisors, but this is the first time that all of the candidates are without opposition.

Only 311 ballots were cast here at a special county millage election held in July, and in all

probability this record for the "fewest number of votes" will be broken Tuesday.

Incumbents seeking reelection to three-year terms on the city council are Mayor Earl Makela and Matt N. Vanni.

Also unopposed for a council seat is Francis E. Domplere, a candidate for the one-year unexpired portion remaining in the term of Dorste Ross. Ross, who was elected to serve as mayor during the current year, resigned in September, when he was advised he would be unable to retain his council seat in view of his status as a civil service employee in his job at K. I. Sawyer Air Force Base.

Turri Sandstrom and Richard Salmio also are unopposed in their bids for reelection to three-year terms on the Marquette County Board of Supervisors.

In view of the anticipated light vote, the council approved a suggestion by City Clerk Edward C. Stevens that only two polling places be used in this year's election instead of the customary six.

Citizens living in the first, second and third precincts will vote at the Community Building, while those residing in the fourth, fifth, and sixth will cast their ballots at the voting place on Baldwin Ave.

Polls will be open from 7 a. m. to 6 p. m.

Rummage Sale At St. John's

ISHPeming — St. John's Guild will hold a rummage sale tomorrow and Wednesday at St. John's School basement.

Entrance to the basement can be made on Pine St.

The Guild promises a good selection of used clothing.

The clinic at the Copper Country Tuberculosis Sanatorium will be closed Monday, Nov. 11, in observance of Veteran's Day, but will be open Wednesday, Nov. 13, during the regular hours from 8 to 11:30 a. m. and 6 to 8 p. m.

The clinic, which provides examinations for tuberculosis without charge to an individual, has these regular scheduled hours: Monday — 8 to 11:30 a. m. and 1 to 4 p. m.; Wednesday — 8 to 11:30 a. m. and 6 to 8 p. m.

WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Jim Sheridan (center) was chosen most valuable player and Edd Topping (right) and Lee Johnson (left) were named 1964 co-captains of Gwinn High School football team. Both are juniors. They're shown above with Gwinn Coach Lee Johnson at annual grid dinner.

Gwinn players presented trophy engraved with names of coaches, Lee Johnson and Robert Syrja, at football dinner. Jim Sheridan, in background, made presentation.

30 Football Awards Presented At Gwinn

GWINN — Jim Sheridan, junior halfback, was chosen most valuable player and honorary captain by his teammates and was named co-captain of next year's squad by Coach Lee Johnson at a football dinner here. Edd Topping, also a junior, will be the other co-captain.

Johnson praised Sheridan before 60 varsity and junior varsity football players and their fathers, saying that point was worn off the back's helmet from his going in head first to stop opponents.

Speaker at the event was Pat Naughton, assistant football coach at Northern Michigan University. He stressed the value of competitive sports and urged underclassmen to take advantage of athletic opportunities in high school as if they would never have other chances to participate.

"Judge the value of football," he said, "by not what you get out of it, but by what you put into it."

"Go all out; anything worth doing is worth doing well," Naughton challenged each athlete to reach the heights of his individual capabilities.

The Northern coach insisted that academics and athletics went hand in hand.

"An athlete who sluffs off academically will sluff off athletically when the going is tough," he pointed out. "If an athlete 'cruises' in practice, he will cruise sometime in competition."

In developing interests in athletics, Naughton told his audience, youngsters usually pick athletes to idolize. He suggested that some of the boys in his audience might themselves become idols and suggested that they should show excellence in all that they did.

"Excellence begets excellence," he reminded them.

Naughton spoke proudly of NMU football and explained that the school, in the process of growing, was facing tougher and tougher competition because smaller schools were no longer scheduled.

Gwinn, he explained, was facing a similar problem. "Gwinn has progressed more in

Wide-Open Race In Crib League; VFW In Lead

ISHPEMING — Apparently no team is going to run away in the Ishpeming Cribbage League.

Veterans of Foreign Wars last week defeated American Bar and jumped into first place as last week's leader, Royal Bar, succumbed to Paradise.

VFW is followed by Royal, Casino, Paradise, Venice, Moose Club, Wonder Bar, Roosevelt, Rainbow, American, Woody's, Imperial, Miracle Lounge and Congress.

Cleo Goyen and Marvin Larson of the VFW pegged 1,217 for high score. Al Marietti and Len Hebert of the Moose had 1,206 and Ken Koski and Jerry Koski of the Miracle Lounge had 1,201.

Schedule for Nov. 7: Roosevelt at Venice, Imperial at Royal, Paradise at Woody's, Congress at Moose, Rainbow at VFW, Miracle Lounge at American and Casino at Wonder.

school principal, Miss St. Andre, Tom Rood and Superintendent William G. Garrett.

DeTour-Munising Highway 'Sure Thing' If New Senate Bill Passes, Mackie Says

SAULT STE. MARIE — The DeTour-Sault-Munising scenic drive is a sure thing if a new bill introduced in the U.S. Senate last week is passed, State Highway Commissioner John C. Mackie told a group of 50 civic leaders here.

Mackie said the bill provides for construction of scenic highways throughout the nation and specifically mentions two, the DeTour-Munising drive in the Upper Peninsula and the Appalachian drive in West Virginia.

The new bill was introduced by Senators Philip Hart of Michigan and Jennings Randolph of West Virginia, Mackie said, and is now in the Senate public works committee.

Could start next year Mackie said construction of the DeTour - Munising drive could start next year if the bill is approved in this session of Congress.

Otherwise, he said, construction under the state highway program probably won't start until 1967.

The new bill gives scenic drives the same standings and priorities as the 41,000-mile Interstate Freeway System, Mackie said.

He told his audience at a dinner at the Hotel Ojibway that the engineering report on the new road is complete and "all we need is the financing."

He said the highway department completed a study of the new route several years ago, including location studies and soil tests.

All that remains to be done is to receive the financing and draw up the actual plans.

"If the bill is approved, construction could start next year," he said.

Would Bring More Tourists

Here to open the I-75 Freeway from Ohio to the Sault, Mackie told his audience that in his opinion the new super-highway not only will bring more tourists to the area but that also the Sault will become more and more industrialized as a result of this new transportation link with the rest of the state.

Among featured guests at the dinner was Marion Pearson, the Grand Rapids businessman who completed an 11-day, 385-mile walk along the new super-highway from the Sault to Ohio.

Mackie congratulated Pearson for his marathon hike and presented him with a scroll naming him as an honorary State Highway Department engineer.

Anchorage Will Be Warmer This Year

ANCHORAGE, Alaska (AP) — It's going to be warmer in Anchorage this winter.

The U. S. Weather Bureau plans to move its thermometer from the airport to downtown Anchorage, a spokesman said. Temperatures recorded at the airport generally are several degrees lower than in the city.

New Hope For Lions In Rout Of 49'ers

SAN FRANCISCO (AP)—Hope lives anew that the Detroit Lions may emerge in a respectable position in the National Football League this season.

The Lions smashed the San Francisco 49'ers Sunday with Earl Morrall throwing three touchdown passes to Terry Barr in a rout of havoc proportions.

No Surprise
Detroit's second straight victory — no surprise since the 49'ers have been long at low ebb — was impressive for the slick and powerful method of its execution.

Morrall, now the No. 1 quarterback, pitched a total of four touchdown passes as a destructive offensive piled up 509 net yards, including a 21-point last quarter finish.

The victory squared the Lions' season record at four triumphs and four defeats. There are six games left. The Lions play the Baltimore Colts at Baltimore next Sunday.

Sunday's triumph may have come at extreme cost, however.

Leg Hurt
Yale Lary, star kicker and defensive ace, suffered knee and ankle injuries. He didn't play in the second half.

The full extent of Lary's hurts was not clear. If he is to be lost, it would be the Lions' fifth major personnel loss for the season—a string of misfortune that has contributed to Detroit's mediocre record.

Tom Watkins, who scored two touchdowns, and Danny Lewis traded off at fullback in place of injured Nick Pietrosante. Pietrosante is benched possibly until the Thanksgiving Day game with Green Bay because of a bad leg muscle.

With Morrall guiding the team, the Lions virtually ran off and hid from the 49'ers after the first half ended 10-7 in Detroit's favor.

Befuddling Defense
Befuddling the San Francisco defense, Morrall and Barr

Kingsford Given Barber Trophy By U.P. Sports Writers Group

By JAMES TRETHERWEY
Of The Journal Staff

ESCANABA — Kingsford High School has been awarded the coveted Barber Trophy and one of its greatest all-time athletes, junior halfback Dick Berlinski, has been acclaimed as "back of the year" in the Upper Peninsula.

The Flivvers, coached by Rae Drake, gained a majority of votes on the first ballot at the annual sports writers meeting here. Also nominated for trophy consideration were Ironwood, Sault Ste. Marie and Sault Loretto, each of whom finished with 8-0 grid records identical to Kingsford's.

It was the second time Drake's team had been awarded the big trophy, named after a one-time Sault Ste. Marie coach and now regarded as symbolic of prep football supremacy in the Peninsula. The Flivvers took it the first time back in 1955.

Individual honors went to Berlinski; Sault Ste. Marie's versatile end, Dennis Porter, as "lineman of the year," and to Stambaugh Coach Don McDonald as "coach of the year."

Berlinski — recognized as an up-and-coming athlete even in grade school days at Quinesec — has been compiling a fabulous record at Kingsford, in baseball, track and basketball as well as in football.

Lester
He won varsity letters in each sport in both his freshman and sophomore years. Carrying the ball 178 times, he gained 1,194 yards and scored 134 points this fall. His selection as "back of the year" marks the first time that a junior has been so honored by the U.P. Sports Writers Association.

He is 5 feet 9 inches tall and weighs 168 pounds.

Porter was a "giant" in stature (6-4 and 235 pounds) as well as in action in leading a very good Sault team to a perfect season. Not one of the region's leading pass receivers because the Blue Devils relied mainly on a running game, he scored only three touchdowns on a pass, an intercepted aerial and a recovered fumble, and was the most methodical extra-point kicker with 21 successful conversions.

Porter also provided much of the blocking for Sault ball carriers and at times lugged the sphere himself.

Fortunes Reversed
In only his second year as coach at Stambaugh, McDonald reversed Hilltopper grid fortunes after several losing seasons and produced a team that compiled a 7-1 record. Stambaugh's only loss was to Kingsford, but the Iron County eleven was the only team to score more than one touchdown against the powerful Flivvers.

Also nominated for the "coach of the year" award were Kingsford's Rae Drake, Ironwood's Wayne Melchior, Wakefield's Duane Lane, Sault Loretto's Bob McKerrill, Sault

Ste. Marie's Adolph Van Citters and Escanaba's Jerry Cvengros. Six schools provided all the players for the Class A-B all-star team, with three each being named from Kingsford and Sault Ste. Marie. Besides Berlinski, the Flivver selections were end Ron Tortelli and tackle Richard Burbey, while joining Porter in the honor squad lineup were Blue Devils Jerry Lackey, center, and Andy Benson, back.

The other A-B first-team selections were Tom Domes, guard, and Dan Schram, back, Gladstone; Bill Bassett, Ironwood, guard; Dale Horchner, Escanaba, tackle, and Frank Trotter, Escanaba Holy Name, quarterback.

Unanimous Choice
Sault Loretto's Jack Spuhler, the Peninsula's top scorer with 147 points, was a unanimous choice for the C-D all-star team, first one picked by U.P. sports writers.

Named with him were three Wakefield players, quarterback Terry Salmi, back Mickey Ginolfi and tackle Jack Clark; two from Houghton, end Don Stipech and guard John Kelly; two from Norway, tackle Steve Burr and back Ernest Brumbaugh; another Sault Loretto griddler, guard Doug Madigan, and one each from Crystal Falls (end Bill Duncan) and Bessemer (center Dick Sofio).

In other action, the sports writers:

• Approved associate membership (all rights except voting) to Paul Suomi, Northern Michigan University sports information director, and Larry Ebsch, Menominee, former association president who now is on the staff of a Marinette, Wis., newspaper.

• Accepted an application for membership from the Crystal Falls Diamond Drill.

• Adopted a resolution urging Gov. George Romney to re-tain Dave Gudelsky, Muskegon, as chairman of the Michigan Athletic Board of Control for boxing and wrestling.

• Accepted the Marquette Mining Journal's invitation to hold the 1964 fall meeting in Marquette.

Hosted By Escanaba Paper
Ray Crandall and the Escanaba Daily Press were hosts for this year's meeting, which was attended by 13 writers representing nine U.P. newspapers. Eugene Maki, Wakefield, an associate member who serves the association as secretary-treasurer, presided in the absence of Thomas F. Pellow, Negaunee, president, and Charles Gabel, Ishpeming, vice-president.

The following U.P. All-Star teams were selected at the meeting:

First team — Dennis Porter, Sault Ste. Marie, and Ron Tortelli, Kingsford, ends; Dale Horchner, Escanaba, and Richard Burbey, Kingsford, tackles; Tom Domes, Gladstone, and Bill Bassett, Ironwood, guards; Jerry Lackey, Sault Ste. Marie, center; Frank Trotter, Escanaba Holy Name, quarterback; Dick Berlinski, Kingsford; Dan

Schram, Gladstone, and Andy Benson, Sault Ste. Marie, backs.

Second team — Jim Soli and Bob Pearson, Marquette, ends; Eugene Fregetto, Escanaba Holy Name, and David Sundberg, Calumet, tackles; Dave Shan-kum, Menominee, and Mike Smith, Iron River, guards; Paul Monette, Kingsford, center; Roland Pakonen, Ironwood, quarter-back; Frank Verbois, Ironwood; Don Mylchreest, Stambaugh, and Jim Dougovito, Stephenson, backs.

Honorable Mentions
Honorable mention — Art Hebert, Stambaugh; Jim Parker, Hancock; Brent Baum, Escanaba, and Frank Stupak, Escanaba Holy Name, ends; Jim Sheppard, Manistique; Don Spear, Hancock; Ronald Roberts, Dave Nelson, Menominee, and Tom Slining, Ironwood, tackles; Larry Brown, Iron Mountain; Marc Hagerty, Kingsford; John Larson, Calumet; Emery Dault, Gladstone; Larry Brown, Iron Mountain, and Joe Gasperini, Stambaugh, guards; Ron Nikisch, Ironwood; Tom Pakula, Stambaugh; Mike Tunteri, Ishpeming, centers; Bob Baranowski, Calumet; Jim Lindstrom, Iron Mountain; Burt Seligmann, Hancock; Chris Kitti, Calumet; Jim Clairmont, Escanaba; Bill Nokoli, Ishpeming; Tom Payment, Sault Ste. Marie; Murray Patz, Manistique; John Radcliff, Munising, and Pete Holm, Marquette, backs.

Class C-D
First team — Bill Duncan, Crystal Falls, and Don Stipech, Houghton, ends; Jack Clark, Wakefield, and Steve Burr, Norway, tackles; Doug Madigan, Sault Loretto, and John Kelly, Houghton, guards; Dick Sofio, Bessemer, center; Terry Salmi, Wakefield, quarterback; Jack Spuhler, Sault Loretto; Mickey Ginolfi, Wakefield, and Ernest Brumbaugh, Norway, backs.

Second team — Bob Perkins, Sault Loretto, and Tom Makinen, Bessemer, ends; Wes Wiggins, Crystal Falls, and Lee Biekkola, Houghton, tackles; John Hayden, Crystal Falls, and Loren Jakkola, Wakefield, guards; Tom Landree, Ontonagon, center; Jon Fryxell, Houghton, quarterback; John Torsky, Cedarville; Angelo

Diqui, Crystal Falls, and Pat Bennetts, Bessemer, backs.

Honorable mention — Larry Makimaa, Ontonagon; Chris Zuidmulder, Wakefield; Bob Gianuzio, Norway, ends; Ray Minier, Wakefield, tackle; Pat

Kamarainen, Baraga, and Jim Londo, Ontonagon, guards; Roy Corbell, Ontonagon; Ron Warner, Norway; John Juntikka, Houghton; Bill Behrend, Powers, and Bill Kwarczynski, Bark River-Harris.

ond period as he connected with Frank Giffon on a 41-yarder and hit Aaron Thomas with 38 and one yarders. A 40-yard TD strike to Del Shofner rounded out his performance.

Most Yardage
Morrall gained the most yardage in his career against the 49'ers, completing 24 of 33 passes for 330 yards. Three of his TD passes went to Terry Barr on plays covering 10, 21 and 6 yards. The other was a 10-yarder to Tom Watkins, who also scored on a five-yard run.

Interceptions by Mike Gaechter, who lumbered 86 yards with one, and Cornell Green led to two of the Cowboys touchdowns. Meredith, meanwhile, sliced the Redskins defense for 13 and 12 yard TD passes to Franke Clarke and a pair of one-yarders to Lee Folkens.

The Rams built a 10-7 lead on Carver Shannon's 92-yard kickoff return and a 47-yard field goal by Danny Villanueva before Tarcenton started the Vikings back in the third quarter. He hit Jerry Reichow with a 10-yarder, then clinched it with a 27-yarder to Paul Flatley.

Sensations Lacking In Mich. Play
Michigan's small college football season is grinding toward conclusion still shy of sensations.

The past weekend followed the style of predecessors lacking special note except for some high scoring.

Squared Record
Among the bigger teams, Wayne State squared its Presidents Athletic Conference record at 2-2 by edging Thiel 6-0 while the University of Detroit was drubbed 55-18 by Houston, a team previously without a victory.

Marshall of West Virginia banged over two last period

touchdowns in trimming Western Michigan 20-7 in the Mid-American Conference. It was Western's third loss in five league games.

Houston's Cougars, defeated six times before, scored on eight of the 11 occasions they had possession of the ball against U of D.

Deadlock
The MIAA concluded with its three-way deadlock as Hope won from Abilene 49-20, Abilene defeated Alma 12-8, and Kalamazoo beat Adrian 14-6.

A 26-yard off-tackle touchdown dash in the third period by Tim

MSU Chances At Rose Bowl Grow Stronger

EAST LANSING (AP)—Those Michigan State football Spartans steadily grow stronger as the days grow shorter.

The Spartans have developed depth, defense and desire this year.

"Not a great team, as I said before," declared Coach Duffy Daugherty, "but a good one."

They might even be good enough to win the Big Ten this year and a third trip to the Rose Bowl.

The convincing 30-13 victory over Wisconsin before an enthused Homecoming crowd Saturday keeps MSU in a tie for first with Ohio State and Illinois in the conference. All have three victories and a tie.

Michigan State plays always-dangerous Purdue next. Then comes Notre Dame, and the Spartans will have to settle the issue with Illinois on the last game of the regular season.

Someone else still has to derail Ohio State. Michigan, after the 27-6 removal of Northwestern, looks like the best bet.

The Wisconsin game was the finest offensive and defensive showing by Michigan State so far this season with one exception—pass defense. The Spartans held the Badgers to a scant 29 yards rushing, but allowed 272 yards passing.

Meanwhile, they were rolling for 273 yards on the ground and hit 121 through the air.

Quarterback Steve Juday and halfback Sperm Lewis collaborated early in an 87-yard scoring pass play. Lewis caught a throw from Juday while traveling at top speed and sprinted to the end zone with two winded Badger defenders trailing him.

Shoulder Injured
Juday was knocked out of the game with a shoulder separation and probably will be lost for the season. But second string quarterback Dick Proebstle came in and engineered three more touchdowns.

Then when Lewis went out with a leg cramp, Ron Rubick filled his track shoes and topped Lewis by 10 yards in the rushing department with his 70 yard total.

Michigan, unable to move out of its own territory until late in the second quarter, marched 74 yards and scored with two minutes remaining in the half when Timberlake and Jack Clancy combined on a 33-yard scoring play. Only one yard in the march was gained on the ground.

Henderson scored a second time with less than three minutes remaining in the third quarter after he grabbed a Timberlake pass on the Wildcat 11 and sidestepped two tacklers.

Timberlake TD Pass
Michigan's final touchdown came early in the final quarter when Timberlake passed to Conley on the Northwestern 12. Conley caught the ball with one hand and scored easily to complete the 33-yard play.

A PEACHY EVENT

SPARTANBURG, S.C. (AP)—The 12th annual Betsy Rawls Peach Blossom women's golf tournament will be held here April 17-19, 1964, two weeks earlier than usual. The \$8,500 tournament will be preceded by pro-amateur tournament on April 16. The tournament will be played the week before the Titleholders event at Augusta, Ga.

Dick Berlinski, junior back of the Kingsford football team, gets off a field goal in practice. Berlinski was named "Back of the Year" Saturday by the U. P. Sports Writers Association for his phenomenal performance throughout the season. The Kingsford squad, meanwhile, earned the huge Barber Trophy as the "Team of the Year" for its 8-0 showing and consistently fine play.

Wilt Back On Spree

The Big Dipper" is finding the range again in the National Basketball Association.

Which means Wilt Chamberlain is tossing those baskets in as of yore for the San Francisco Warriors.

Big Wilt set all kinds of scoring records in the NBA two years ago with more than 4,000 points and an average of 50 points plus. He slipped into the 40-plus average last year and the first weekly scoring statistics of the season had his average down to 25.5.

But Wilt showed he hasn't lost the old touch by flipping in 55 points Saturday night as the Warriors whipped the Los Angeles Lakers 118-99 and replaced the Lakers in second place in the Western Division. Wilt scored 23 baskets and converted nine of 15 free throws.

Celtics Again
Most of the league's weekend activity occurred Saturday night. In the other games that night the unbeaten Boston Celtics won their sixth straight with a 117-109 decision over Detroit; the St. Louis Hawks, the Western Division leaders, won their fifth straight, 128-99 over Philadelphia and the New York Knicks defeated Baltimore 113-105.

Oscar Robertson, the Big O, led the Cincinnati Royals to a 95-93 victory over Philadelphia at Dayton, Ohio, in the only game scheduled Sunday.

Three Long Jumps
Robertson hit three long jump shots after Jerry Lucas fouled out with three minutes left and the Royals ahead 86-83. With only six seconds left, Oscar made a free throw that sewed things up for the Royals. The Big O finished with 25 points.

WELL I SEE YOU FINALLY SWITCHED TO COPENHAGEN.
RIGHT.

I'VE TRIED 'EM ALL—AND NOTHING SATISFIES ME BETTER.
I KNOW. REAL TOBACCO TASTE AND LIFT—THAT'S "COPE".

Leading Squads Firm Up Positions In NFL

(By The Associated Press)

"I can cut and swing now," said Green Bay's Jim Taylor.

And with Taylor cutting through the line, the Packers are cutting through the opposition and heading for a possible shot at an unprecedented third consecutive National Football League championship.

Strength Back
Taylor, regaining his strength after a hepatitis siege and injuries to his knee, groin and ankle, had his best day of the season Sunday, barreling for 141 yards in 30 carries and scoring one touchdown as the Packers crushed Pittsburgh 33-14.

The victory kept the Packers, whose only loss was an opening game defeat by Chicago, tied with the Bears for the Western Division lead, both at 7-1. The Bears again made the most of a tight defense and ball control and downed Baltimore 17-7.

Cleveland, which suffered its first loss last week, bounced back with a 23-17 victory over Philadelphia built on Jim Brown's 223-yard rushing output and three field goals by veteran Lou Groza. The Browns are one game ahead of New York.

Walloping Win
The Giants rode Y.A. Tittle's four touchdown passes to a 38-21 walling of St. Louis. Detroit's Earl Morrall passed for four scores in a 45-7 walling of San Francisco. Don Meredith connected for four playoff pitches as Dallas drubbed Washington 35-20 and Minnesota defeated Los Angeles 21-13 on two second half touchdown strikes by Fran Tarkenton.

In the American League, Buffalo edged Denver 30-23 and Oakland nipped Kansas City 10-7 Sunday. Boston whipped Houston 45-3 Friday night and San Diego crushed New York 53-7 Saturday night.

The Steelers bolted into a 7-0 lead against the Packers with only 11 seconds gone as Gary Ballman returned the opening kickoff 93 yards and Dick Hook cracked two yards for a touchdown. But it was all Green Bay after that. Three of Jerry Kramer's four field goals gave the Packers a 9-7 halftime lead before Taylor plunged one yard for a third period touchdown that put it out of reach.

Wade Plunge
The Bears scored their first touchdown when Billy Wade plunged one yard after connecting with Joe Marconi on a 63-yard pass play. Joe Fortunato's interception of a Johnny Unitas pass led to Chicago's clincher, a 16-yard flip from Wade to Rick Casares. Lenny Moore scored for the Colts on a 25-yard run.

Brown started the Browns rolling with a 62-yard touchdown run in the first quarter, then spent the rest of the game setting up Groza's field goals. Groza connected from 9, 22 and 34 yards out. Brown brought his league-leading rushing total to 1,194—333 yards short of his 1958 record—and surpassed the 1,000-yard mark for the fifth time in his seven-year career.

Tittle struck for more touchdowns passes against the Cardinals than the St. Louis defense had allowed in seven previous games. Three came in the sec-

ond period as he connected with Frank Giffon on a 41-yarder and hit Aaron Thomas with 38 and one yarders. A 40-yard TD strike to Del Shofner rounded out his performance.

Most Yardage
Morrall gained the most yardage in his career against the 49'ers, completing 24 of 33 passes for 330 yards. Three of his TD passes went to Terry Barr on plays covering 10, 21 and 6 yards. The other was a 10-yarder to Tom Watkins, who also scored on a five-yard run.

Interceptions by Mike Gaechter, who lumbered 86 yards with one, and Cornell Green led to two of the Cowboys touchdowns. Meredith, meanwhile, sliced the Redskins defense for 13 and 12 yard TD passes to Franke Clarke and a pair of one-yarders to Lee Folkens.

The Rams built a 10-7 lead on Carver Shannon's 92-yard kickoff return and a 47-yard field goal by Danny Villanueva before Tarcenton started the Vikings back in the third quarter. He hit Jerry Reichow with a 10-yarder, then clinched it with a 27-yarder to Paul Flatley.

Sensations Lacking In Mich. Play

Deadlock
The MIAA concluded with its three-way deadlock as Hope won from Abilene 49-20, Abilene defeated Alma 12-8, and Kalamazoo beat Adrian 14-6.

Howe Still Trying For Record Snap

(By The Associated Press)

Goal No. 545 eluded Detroit's star winger again Sunday night as the Wings lost to the Boston Bruins 4-1. Howe also was shut out Saturday night as the Wings lost to the Montreal Canadiens 5-1.

Two Shots
Howe, who went several weeks before he managed to tie Maurice Richard's all-time goal scoring record of 544, managed to get off only two shots on the Boston net because of Leo Bolvin's close checks.

After their victory on home ice Saturday, the Canadiens invaded New York and beat the Rangers 5-3 in Sunday's other scheduled NHL game. The victory moved Montreal into a tie for second with the Toronto Maple Leafs, who lost to first-place Chicago 2-0 Saturday.

Turning Point
Substitute Montreal goalie Charley Hodge, who replaced the injured Gump Worsley, provided the turning point of the Canadiens-Rangers game. He made a great stop on Don Marshall's penalty shot in the second period. At the time the score was tied 2-2. After that the Canadiens pulled away on two goals by Gilles Tremblay.

No games Monday

touchdowns in trimming Western Michigan 20-7 in the Mid-American Conference. It was Western's third loss in five league games.

Houston's Cougars, defeated six times before, scored on eight of the 11 occasions they had possession of the ball against U of D.

Deadlock
The MIAA concluded with its three-way deadlock as Hope won from Abilene 49-20, Abilene defeated Alma 12-8, and Kalamazoo beat Adrian 14-6.

A 26-yard off-tackle touchdown dash in the third period by Tim

Michigan Hunters

BRING DEER IN CLOSE, HIDE HUMAN ODORS!

DEER-COY

NEW HEAT-ACTIVATED scent stimulates and attracts deer!

Jon-e brand DEER-COY is made from natural deer and animal glands for use only with the famous JON-E Warmers. When the scent is heated deer can smell the natural odor for hundreds of yards and come in close.

FOR CLOSER KILLS, LESS WASTED GAME!

HOW TO USE. 1. Insert Deer-Coy CLIP into side of heated Jon-e Warmer. 2. With dropper in bottle saturate pad in clip with Deer-Coy solution. Place in Jon-e bag. 3. Carry when stalking deer or place nearby while on a stand.

Deer-Coy CLIP fits into both sizes of the Jon-e Warmers.

SPECIAL OFFER

Season's supply of DEER-COY PLUS 1 DEER-COY CLIP to fit Jon-e Warmer. Only ... \$149

Deer-Coy Clip fits into Jon-e Warmer here

JON-E WARMERS keep you warm in the coldest weather. Most hunters carry at least two for warmth and use one to heat the Deer-Coy.

STANDARD SIZE heats 1 day on 1 filling (1.25 oz.) of Jon-e Fluid... \$395

GIANT SIZE heats 2 full days on 1 filling of Jon-e Fluid... \$495

Nyquist Passes Spark 24-20 Wildcat Victory Over St. Norbert Team

DE PERE, Wis. — Northern Michigan University, sparked by quarterback Terry Nyquist who came off the bench late in the second quarter, rallied late in the game here Saturday and whipped St. Norbert College, 24-20.

More than 3,500 chilled fans saw Nyquist, who helped account for all of the Wildcat scoring, complete 10 of 20 passes for 256 yards including two touchdowns. The Marquette junior also scored one TD on a five-yard run, booted a 30-yard field goal and added three extra points.

Northern's Bill Rademacher set a new NMU season passing record when he snared 7 passes for 172 yards to run his current campaign total to 22 carries for 428 yards. The previous high of 22 passes for 318 yards was set by Mike Milest in 1961.

St. Norbert, ignited by the running of Jule Mellen and passing of Chuck Hoch, opened up the game by throwing an offensive blitz at the Wildcats after the NMU club failed to move the ball after receiving the opening kickoff.

The Knights of coach Howie Kolstad, seeking their first win over Northern in five meetings, rambled 44 yards in seven plays before Hoch scored on a three-yard plunge. Ed Hammen's kick was wide and the Wisconsin club had a 6-0 lead with 10:42 left in the first period despite two defensive plays by Wildcats Dick Dickinson, Pat Stump and Bill Hamor.

Northern took the second kickoff of the game and marched to the St. Norbert 47 behind the running of Don Bangert and Mike Blum, and the passing of Jerry McCulloch, but lost the ball on downs.

After exchanging punts, St. Norbert recovered the Wildcat fumble on the NMU 15 but was stopped after two losses of 12 and 2 yards as the first period ended.

The Wildcats, who were penalized frequently throughout the game, drew a 15-yard infraction after three plays and were forced to punt at the beginning of the second period.

bert its second marker. Hammen added the extra point to make it St. Norbert 13, Northern 0, and it looked like a repeat performance against Southern Illinois for the Cats.

Fleet-footed Dave Fleet returned the kickoff 23 yards to the NMU 34. Bangert gained three and McCulloch hit Rademacher with a six-yard pitch as offensive guard John LaPointe was injured and removed from the game.

With the ball on NMU's 28 and with 3:23 left in the first half, Nyquist came off the bench and hit Rademacher with a 76-yard touchdown pass on his first play of the game. Nyquist added the extra point and coach F. L. (Frosty) Ferzacc's club was back in the game.

Nyquist failed to move beyond its own 20 and punted. Nyquist then hit Rademacher with a 12-yard toss. On the next down, Nyquist fired an end zone pass to Rademacher, but the ball bounced off the Menominee senior's hands, was deflected by a Green Knight, and caught by Art Wenzlaff.

The Knights fumbled on the first play and the half ended with the Wildcats on the Wisconsin club's seven following a Nyquist to Bangert pass for 23 yards.

Northern took the second half kickoff-off but had two drives thwarted by two penalties, and both teams exchanged punts following frustrated series for each team.

NMU's Bob Erickson then intercepted a Hoch pass and returned it 29 yards to the St. Norbert 16. Nyquist, who was riddling St. Norbert's pass porous secondary, then pitched a bullet to Rademacher who made a circus catch in the end zone.

The victory strengthened Texas' hopes of landing a spot in the Cotton Bowl. The Longhorns can virtually sew up the bid this week by beating Baylor, with its passing star Don Trull, in a vital Southwest Conference struggle. Baylor remained tied with Texas in the SWC by thumping Texas Christian 32-13.

NEGAUNEE — Play continues tonight and Thursday evening in the Negaunee City Basketball League. The following schedule of games has been announced for this week's action: Tuesday: 6 p.m. — Palmer Metropolitan Insurance vs. Prudential Insurance. 7 p.m. — Bosch Beer vs. Hotel Bar.

Neither team moved the ball well during the next exchange of series as the Wildcats' obviously tired defensive unit tightened behind the playing of Joe LaPorte, Jim Decker and Len St. Jean.

With 7:16 left, Northern took possession of the ball on its own 20. Erickson picked up three, a Nyquist-to-Rademacher pass was good for 47, and the Marquette junior then hit Bangert for 16. Erickson added eight, Dennis Gorsline two, and Erickson again for one before Nyquist went around right end for the final and winning touchdown of the game.

Art Wenzlaff made his sixth pass interception of the year to break up St. Norbert's final offensive threat and the Wildcats ran the clock out at midfield.

The Wildcats will wrap up their 1963 grid campaign Saturday afternoon when they host Macalester College at Memorial Field.

The statistics: NMU ST. N. First downs... 18 15 Yards rushing... 97 161 Yards passing... 292 104 Total yards... 389 265 Passes... 14-29 9-24 Punts... 6-30 5-12 Fumbles lost... 1 1 Yards penalized... 63 25 Scoring: NMU... 0 14 3 7-24 St. Norbert... 6 7 0 7-20

Happy Time For Duff; Confidence Voted By Trustees

It's happy time in East Lansing, Mich. these days with the town folks and Michigan State students joining in "California, Here We Come."

This pleasant situation for the Spartan rosters developed after Duffy Daugherty was given a vote of confidence as the Michigan State coach a week ago Friday. John Hannah, president of Michigan State, said the university board of trustees in an unprecedented move had pledged to keep Daugherty "for at least the next five years."

The victory next day unranked Michigan State knocked off ninth-ranked Northwestern 15-7. Last Saturday, State wallopped eighth-ranked Wisconsin 30-13. The Spartans now are tied with second-ranked Illinois and Ohio State, now No. 9, for the lead in the Big Ten Conference and very much in the running for the Rose Bowl.

Michigan State's climb back into the limelight was one of the features on college football's first November Saturday. The mighty Texas Longhorns, No. 1 in the Associated Press poll and one of the three remaining unbeaten and untied major teams, made it seven straight with a 17-12 victory over Southern Methodist.

The victory strengthened Texas' hopes of landing a spot in the Cotton Bowl. The Longhorns can virtually sew up the bid this week by beating Baylor, with its passing star Don Trull, in a vital Southwest Conference struggle. Baylor remained tied with Texas in the SWC by thumping Texas Christian 32-13.

The six-ranked Oklahoma Sooners enjoyed a 35-0 victory against Colorado, but Alabama, No. 7, and Ohio State, No. 9, barely edged Mississippi State 20-19 and Iowa 7-3, respectively.

The 10th-ranked Pitt Panthers rebounded from their Navy defeat with a second half comeback that humbled Syracuse 35-27.

Southern California, which just missed making the Top Ten last week, took 22-7 licking from Washington in an important Big Six game on the Pacific Coast. The victory put the Huskies in the lead ahead of the Trojans, California, UCLA, Washington State and Stanford in the race to decide the Big Ten's opponent in the Rose Bowl.

Negaunee Hoop Play Continues

NEGAUNEE — Play continues tonight and Thursday evening in the Negaunee City Basketball League. The following schedule of games has been announced for this week's action: Tuesday: 6 p.m. — Palmer Metropolitan Insurance vs. Prudential Insurance. 7 p.m. — Bosch Beer vs. Hotel Bar.

Neither team moved the ball well during the next exchange of series as the Wildcats' obviously tired defensive unit tightened behind the playing of Joe LaPorte, Jim Decker and Len St. Jean.

With 7:16 left, Northern took possession of the ball on its own 20. Erickson picked up three, a Nyquist-to-Rademacher pass was good for 47, and the Marquette junior then hit Bangert for 16. Erickson added eight, Dennis Gorsline two, and Erickson again for one before Nyquist went around right end for the final and winning touchdown of the game.

Art Wenzlaff made his sixth pass interception of the year to break up St. Norbert's final offensive threat and the Wildcats ran the clock out at midfield.
