Well-fed prisoner nabbed near Gernfask; fled camp work detail Tuesday. Story on Page 10.

Nobel Prize Winners In Physics, Chemistry

Prof. Karl Ziegler, left, West German chemist and Italian Prof. Giulio Natta are co-winners of the 1963 Nobel Prize in chemistry. They were honored for their contributions to the science of macromolecular chemistry and for development of new high polymers which have been of great importance for the present course of the plastics industry. Dr. Maria Goeppert-Mayer, second from right, and Dr. Eugene Wigner, right, were

two of the three Nobel Prize winners in the field of physics. Dr. Goeppert-Mayer and Dr. J. Hans D. Jensen of Heidelberg, Germany, were cited for their book entitled, "Discovery Concerning Nuclear Shell Structure," and will share half the prize. Dr. Wigner will get the other half of the \$51,000 award. (AP Wirephotos.)

Russians Back Down, Convoy Goes Through

Dems Seen As Last Hope On Tax Plan

LANSING (AP)—Support from minority Democrats appeared to be the last hope today for Gov. George Romney's fiscal reform program to survive anti-income tax sentiment in the Legislature. Republican Senate leaders, reeling from a double defeat that all but killed the income tax bill Tuesday, indicated they will look for such support, but refused to say when.

Common Market Urged To Raise Tariffs On Steel

PARIS (AP)—France is urging her Common Market partners to increase the trade bloc's tariffs on steel—a step which could make the chicken war look like chicken feed. If the other five nations don't go along, France could act unilaterally through a loophole in the six-nation steel-coal treaty.

Soviets Fail To Get Any Concessions

MOSCOW (AP)—Premier Khrushchev said today that if the convoy dispute on the Berlin autobahn had continued there might have been shooting — perhaps total war. Speaking to a group of visiting American businessmen, Khrushchev said it was good the argument had ended otherwise, "it is possible that you and I would not be here today."

Seven Killed, 32 Injured In Bus Crash

TRUCKEE, Calif. (AP) — A special bus carrying fun seekers for a night's gaming at Reno, Nev., crashed in the stormy High Sierra Tuesday, killing 7 passengers, and injuring 32 including the driver. Bodies were scattered up and down a rain-slicked freeway. The victims were rushed to a small nearby Truckee hospital. The more seriously injured were taken on to Washoe Medical Center in Reno, 28 miles away.

Republican Chiefs Claim Inroads In Dem Strongholds

WASHINGTON (AP)—Democrats kept control today of such keenly contested posts as the Kentucky and Mississippi governorships and the Philadelphia mayor's chair. But tallies from Tuesday's elections led the GOP to speak of "dramatic inroads" into Democratic strongholds. The Kentucky race was a close one. Mississippi Republicans, mounting their first serious attempt on the governorship since Reconstruction days, rolled up a considerable vote in defeat.

Vietnamese Say Suicides 'Accidental'

SAIGON (AP) — South Viet Nam's revolutionary government claimed today President Ngo Dinh Diem and his brother, Ngo Dinh Nhu, committed "accidental suicide" — they were killed while struggling for a guard's pistol. The latest official version of the brothers' deaths contradicts widely believed accounts that they were murdered by rebel

JFK Recognizes Virginia's Claim On Thanksgiving

RICHMOND, Va. (AP) — Virginia's claim to the first Thanksgiving has received official notice from a man from Massachusetts — John F. Kennedy. In his Thanksgiving proclamation Tuesday, President Kennedy said, "Over three centuries ago, our forefathers in Virginia and in Massachusetts far from home in a lonely wilderness set aside a time for thanksgiving. . ."

Civil Rights In All of These Races—Plus some others—the issue of civil rights figured.

Politicians will be studying the tallies for 1964 omens to learn for example, whether a so-called "white backlash" against the militant Negro drive for more and better jobs, freer choice of housing and other aims, will hurt President Kennedy next year. In Kentucky, a still-incomplete count showed Democrat Edward T. Breathitt, Jr., the winner for the governorship, but by only about 15,000 votes out of some 860,000 votes thus far counted.

LOS ANGELES (AP) — Mrs. Ngo Dinh Nhu was expected to move out of her \$90-a-day suite today and set up housekeeping in the Los Angeles area for herself and her four children.

South Viet Nam's widowed former First Lady changed her mind late Tuesday about joining her three younger children in Rome today. She said she'd fly them here instead as soon as possible.

Docs Find Termites In Woman

HAIALEAH, Fla. (AP)—Dade County physicians have reported the strange case of a 26-year-old Hialeah housewife who became infested with termites — wood-eating insects. Writing in the current issue of the Journal of the American Medical Association, doctors said the woman, whose name was withheld, was admitted to Hialeah Hospital complaining of severe cramps in the lower abdomen.

Michigan Fish Fry In Senate

WASHINGTON (AP) — Senators can eat their fill of Lake Superior whitefish today as the guests of Sen. Philip Hart, D-Mich., at a "Michigan fish fry" in the Senate dining room. The fish fry was arranged to emphasize that a warning by the Food and Drug Administration applied only to smoked Great Lakes fish.

Man To Descend 200 Feet To Aid Trapped Miners

BROISTEDT, Germany (AP) — A miner waited today to make a perilous trip about 200 feet below ground to connect a rescue shaft with a tunnel in a flooded mine where 11 men have been trapped for 13 days. But rescue remained at least a day away.

Cuba Reports Deaths Of 2 CIA Recruits

HAVANA (AP) — Two Cubans recruited by the U.S. Central Intelligence Agency for a mission of espionage, sabotage and subversion have been killed, the government-controlled Cuban press reported Tuesday.

State Agencies Discount Claims On Pollution

MEMPHIS (AP)—There is no love at first sight, Robert J. Love, 21, Caspers, and Karen K. Love, 19, Wenatchee, applied for a marriage license here Monday. The Water Resources Commission and the Health Department made the statement at a meeting here today with the federal Department of Health, Education and Welfare.

U. S. Reassesses Viet Nam Policy

WASHINGTON (AP) — The United States is reviewing its policies in South Viet Nam — including its military and aid programs — in preparation for backing Saigon's new military regime. U.S. officials today described the review as normal procedure before resumption of diplomatic relations with a new government.

U.S. Reassesses Viet Nam Policy

One of the reviews dealt with the military strategy in the fight against the Communist Viet Cong. President Ngo Dinh Diem, who died in the military coup, had been convinced the Communist forces would attempt to cut South Viet Nam in half by a strike across the country north of Saigon.

Man To Descend 200 Feet To Aid Trapped Miners

BROISTEDT, Germany (AP) — A miner waited today to make a perilous trip about 200 feet below ground to connect a rescue shaft with a tunnel in a flooded mine where 11 men have been trapped for 13 days. But rescue remained at least a day away.

The Weather

Forecast for Marquette and vicinity: Variable cloudiness and continued mild tonight and Thursday; low tonight 35-40 and high Thursday in mid-50's. Outlook for Friday: Mostly cloudy with a few showers and turning a little cooler. Forecast for Lake Superior: West to southwest winds 10-20 MPH tonight, becoming southerly 15-22 MPH Thursday. Partly cloudy. Lake temperature 56. Data for 24 hours ending at noon: Temperatures — 44 at 6 a. m.; 52 at noon; highest in last 24 hours, 55 at 3 p. m. yesterday; lowest, 43 at 5 a. m. today. Relative humidity at noon — 71. Precipitation — None in last 24 hours; total to date this year, 19.78 inches; normal to date, 26.97 inches. Sun rises at 7:40 a. m. and sets at 5:26 p. m. tomorrow. Records for Nov. 6 — Maximum temperature, 64 in 1887; minimum temperature, 13 in 1951; most precipitation, 0.68 of an inch in 1888.

Witness Testifies: Thompson Didn't Tell Wife About Insurance

MINNEAPOLIS (AP) — T. Eugene Thompson didn't tell his wife Carol to know how much insurance he was taking out on her life, an insurance agent told jurors trying Thompson on a charge of killing her. Floyd Peterson of St. Paul, the agent, testified Tuesday he sold policies for \$200,000 each on the lives of Thompson and his wife and had to go to the Thompson home to get Mrs. Thompson's signature. Peterson said Mrs. Thompson appeared "surprised to see me" when he told her he was an insurance man sent out by her husband. Prosecutor William Randall Randall asked if Peterson discussed the amount of the policy with Mrs. Thompson. "I avoided that," replied the

U. S. Reassesses Viet Nam Policy

U.S. officials today described the review as normal procedure before resumption of diplomatic relations with a new government. The U.S. aid program in South Viet Nam which has been running at the rate of more than \$500 million a year is being given a sharp review. The general feeling here is that if the new provisional government cooperates as it is hoped it will, there will be many opportunities for more efficient use of the funds. There is not much hope though for any sharp reductions as long as the Communist threat remains.

Viking Village Uncovered In Newfoundland

WASHINGTON (AP) — What is likely the first trace of the white man in America — a Viking village and perhaps the home of Leif Erickson himself — has been uncovered on the northern tip of Newfoundland. It dates back 500 years before Columbus' trip to America. Delicate patterns, stony traces and bits of weathered iron in the soil were found in 1960 by a Norwegian explorer — Dr. Helge Ingstad and his archaeologist wife. Tuesday — under the auspices of the National Geographic Society which had helped sponsor the work — Dr. Ingstad made his announcement. "It cannot definitely be proved that this specific settlement was indeed founded by Leif Erickson, but there is indication it was," he said.

14-Year-Old War Bride: Girl Departs Hospital, Needs Surgery To Live

CLEVELAND (AP) — A 14-year-old girl walked away from Metropolitan General Hospital Tuesday night, only hours after a Juvenile Court judge gave permission for surgery which doctors say is needed to save her life. She has cancer of the hip. The girl is the daughter of a British war bride, who is divorced. The mother opposed the operation, which could have led to amputation of a leg. The girl, frightened and despondent, ran away from the hospital wearing only a bathrobe, nightgown and shoes. She is 4-feet-5 and weighs 115 pounds. "She read in a newspaper about the court approving the surgery, and was very despondent when she learned she might lose a leg," a nurse said.

4-Year-Old Boy Keeps Promise, Learns To Walk

DALLAS (AP) — "When I get some legs," young Richard Matlock once promised his mother, "I'll learn to walk." Richard, now 4, kept his promise. Three days ago he walked for the first time in his life. Doctors and therapists at Texas Scottish Rite Hospital for Crippled Children gave Richard what nature tragically withheld. He was born without legs and without a right arm, and he had a deformed left hand. His mother, Mrs. Windie Matlock of Dallas, works. So far she hasn't watched her son walk. But when she does, she hopes to keep a promise, too. "I want some blue jeans when I get my legs," he had said, and she agreed Richard would have them.

There is not much hope though for any sharp reductions as long as the Communist threat remains.

NMU 'Alumni Giving Campaign' Launched For Foundation Funds

Endorsed by the executive committee of the Northern Michigan University Alumni Association, an "Alumni Giving Campaign" for the benefit of the Northern's Goals for Greatness foundation has been launched. Foundation funds are used exclusively for projects and scholarships for Northern Michigan University in Marquette.

The plan was broached first to the alumni at their dinner in Escanaba in connection with the MEA district convention, and followed with a presentation to the executive committee meeting on Northern's campus.

Banks Cooperating

Letters and pledge cards are going out to a mailing list of more than 5,500 alumni. Tom Peters, director of alumni relations for the university, said today.

To initiate the drive, the cooperation of the two Marquette banks, Union National and First National, has been extended. The pledge cards are similar to a bank pass book. The alumni pledges a determined contribution, which may be paid at the rate of \$1 per week. The current books are set up for 35

payments, carrying to June 27, 1964. Pledges do not have to be \$35. The pledge may be any amount, and payment can be at the \$1 per week rate until the amount of the pledge is made. Should any contributor care to go beyond the pledge at the \$1 schedule, or meet the pledge in one payment, this also is acceptable.

'Most Important Factor'

"The two Marquette banks are being used as a start. Should there be enough alumni in one area to warrant the request for another bank facility, this will be arranged.

"It has been repeatedly stated," said a spokesman for the foundation, "that the most important factor in the success of the project is the cooperation of the alumni. It is not the amount, but the participation, that counts.

'Most Encouraging'

"The foundation is not asking for \$35 pledges. This happens to the number of weeks in the period between the time we were able to get the pledge cards out and the June 27 date in 1964.

"We already have received queries about the plan from interested alumni and some already have given in anticipation of the campaign. This has been most encouraging."

Speakers at the kickoff breakfast for the Marquette Chamber of Commerce's "presidential blitz" yesterday included (from left) Robert Ling, first vice president; W. H. Treloar, director; President Harlan F. Larson and Mayor C. Fred Rydholm. Staged in recognition of the efforts of President Larson, the "blitz" was a vigorous one-day effort to obtain new members. (Mining Journal photo.)

One-Day Drive Yields 13 New Chamber Members

Thirteen new members were added to the roster of the Marquette Chamber of Commerce in yesterday's drive, considered "most heartening" by President Harlan F. Larson.

"When you consider," he said, "the number of call backs that have to be made, the number of persons not available, or who have to check with out-of-town associates, plus the pressure of schedules that prevented some workers from putting sustained time on the project, this is most heartening.

In the meantime, efforts are going forward to gain nominees for the annual election of directors. Eight will be elected, and the chamber expects to present two candidates for each directorship to be named.

Plans for the annual meeting are being formulated, but a date cannot now be determined because of the desire to avoid conflicting dates and still gain an effective speaker for the occasion.

In lieu of flowers, friends may contribute to the Skandia Methodist Church.

The Family of Mrs. Anna Ward

Commission To Consider Petitions

Several requests and petitions will be considered by the Marquette City Commission at its regular meeting tomorrow at 4:30 p. m. in the commission chambers.

The commission agreed by resolution at its last meeting to hold its first meeting in November tomorrow. The meeting otherwise would occur on Veterans Day, Monday.

Tomorrow, commissioners will consider a petition for the paving of Center St. from Birch St. to Lincoln Ave.

Also on the agenda is a request from the Soo Line Railroad Co. for the vacating of two alleys which connect Genesee and Mesnard Sts. (extended) east of Front St.

Mrs. Ward, 80, Dies In Hospital Here

Mrs. Sidney (Anna) Ward, 80, Route 1, Box 706, Marquette, died at 10 a.m. today at St. Mary's Hospital, where she had been a patient for the past month.

She was born in Smoland, Sweden, April 7, 1883, and has been a resident of Marquette for the past 77 years. She is a member of the Skandia Methodist Church.

She is survived by her husband, Sidney; one daughter, Mrs. Harold (Mae) Nyman, Marquette; five sons, Ernest, Muskegon; Leslie, Green Bay, Wis.; Russell, Marquette; Kenneth, Los Angeles, and Clifford, Marquette; 26 grandchildren and 29 great grandchildren. Services will be held at 1:30

Liquor Commission Notice

The commission will receive a notice from the Michigan Liquor Control Commission asking for consideration of a request from W. D. Hockin and James A. Nebel to add space and a direct connection to their building on Lincoln Ave., the B and J Superette.

Also on the agenda is a communication from a citizen and a petition from the Marquette Chapter of the United Council of Church Women concerning the Christmas season.

Several other items which come before City Manager Thomas Moore and City Clerk Everett H. Kent today and tomorrow also are expected to be on tomorrow's agenda.

THE NORTHWESTERN MUTUAL LIFE INSURANCE COMPANY OF MILWAUKEE

N.M.L. ANNOUNCES DIVIDEND SCALE INCREASE FOR 1964.

The 11th increase in the last 12 years. The scale increase and dollar amount are the largest ever authorized. Estimated dividends to be paid in 1964 — \$121.2 million. This will exceed 1963 payments by \$16.1 million or 13%. Illustration of effect of dividend scale increase and the 10 others instituted since 1952: Male age 35 years purchased \$10,000 straight life in 1952. Projected dividend was \$75.40. Will receive in 1964 \$116.50, an increase of \$41.10 or 54.5%.

See the N.M.L. representative in your community when you think of life insurance.

Last Month City's Hottest October In 88-Year Period

Although an abrupt change occurred as soon as November began, the statistics compiled by the U.S. Weather Bureau Station here show that last month was the hottest October in 88 years here.

The mean reading was 58.8, or 10.8 degrees above normal, with the 85-degree temperature on the 1st being the month's highest and a new record (the old one was 80, in 1922).

The 83-degree temperature on the 23rd was the highest ever

this late in the fall. It also was a new mark for the day (the oldest was 78, in 1914).

Another temperature mark was broken on the 24th, when it shot up to 78 (the old mark being 75 in 1899).

In addition to the three temperature records, the month was one of constant above normal mean readings, with only three days (the 3rd, 4th and 29th) having temperatures below average.

Lowest temperature of the

month was 35, on the 4th.

Dry Month
Rainfall during October was only .90 of an inch, making it one of the driest Octobers ever here. About half that amount fell on the 28th and 29th.

Prevailing wind direction during the month was from the west-southwest, with the highest velocity recorded being 31 miles per hour, from the southwest, on the 5th.

Sunshine totaled 210 hours, 49 minutes, or 62 per cent of the daylight hours.

POLONAISE
The polonaise, a dignified ceremonial dance in three-quarter time, originally was a folk dance or warrior's triumphal march, according to the Encyclopaedia Britannica.

C-C Planning Santa Visits To Handicapped Children

Deadline for parents of homebound children to make arrangements for their child to have a pre-Christmas visit with Santa Claus is Monday.

The Marquette Chamber of Commerce is making plans for the visits to the homes of handicapped children of the Marquette area on Nov. 16.

To Visit Four Locations
Handicapped children who otherwise would not be able to discuss their Christmas lists with Santa will have the same opportunity to see Santa as children

who are downtown for the chamber's Christmas season opening Nov. 16, according to Douglas Belfry, in charge of the chamber's Christmas projects for children.

A float with Santa Claus and two helpers will visit four locations in the city on the morning of Nov. 16 as part of the Christmas season kickoff.

Beginning at noon on that day, the float, with Santa Claus and his helpers, will go to the homes of handicapped children whose

parents make arrangements for the visit.

Belfry emphasized that the parents of handicapped children must contact the chamber to make arrangements for the visits.

Project Begun In 1962
He asked parents of handicapped children to address postcards to Santa Claus, in care of the Marquette Chamber of Commerce. The postcard should include the child's name, age and address.

The chamber staff will telephone parents who notify the chamber office to confirm the visit, Belfry said.

Belfry asked parents of handicapped children to mail the postcards immediately, so that the arrangements for the home-

bound visits can be made in time for Santa's pre-Christmas arrival in Marquette Nov. 16.

Last year, for the first time, chamber officials arranged for

Santa Claus to make the visits to homebound children. The project was so well received that it was continued this year, Belfry said.

45 YEARS AFTER

Louis G. Coffman (American Expeditionary Force to France, 1918) invites any of his buddies who were at the Front on that memorable morning of November 11th, 1918 to dinner on Friday Evening, November 8th at 5:30 p.m. or after at the Hotel Northland.

'Medical Industry' In City Spends Over \$3 Million Annually

Marquette's "medical industry" is estimated to have total annual expenditures of more than three million dollars, Chamber of Commerce President Harlan Larson said today in a chamber salute to the people who make Marquette the "health center of the Peninsula."

Larson said that, based on a chamber questionnaire returned by 43 physicians and dentists and the two hospitals here, Marquette's health industry has 544 employees, including 409 in the hospitals and 135 persons employed in doctors' and dentists' offices.

Total Payroll \$1,622,210

Total payroll of the health industry is \$1,622,210 annually, including a combined \$1,260,000 payroll of the two hospitals and a total payroll of the physicians' and dentists' offices of \$402,210.

Total expenditures of the two hospitals annually amount to \$2,050,000 and the total expenditures of the hospitals, together with the physicians and dentists, is estimated at \$3,475,000.

Expansion Programs

Larson noted that Marquette's hospitals currently have expansion programs which amount to a total of three million dollars.

It is estimated that patients from outside of the area who visit Marquette's hospitals, doctors and dentists spend \$387,000 a year here for non-medical expenses, such as food and lodging.

Radio Broadcasts

The economic impact of Marquette's medical profession is discussed on a radio broadcast over WDMJ, The Mining Journal radio station, which was scheduled at 5:30 p.m. today and Saturday at 9:30 a.m. on the "Community Speaks" program.

Speaking on the radio broadcast are Dr. Fred C. Sabin, chairman of the professional division of the chamber of commerce; George Mancuso, administrator of St. Mary's Hospital; Howard Lehwald, administrator of St. Luke's Hospital; Wyndal Hudson, executive director of the chamber, and Larson.

Leaf Pickup Due To End Here Today

Marquette's fall leaf pickup was expected to be completed today, Howard L. Coppens, public works department superintendent, said.

The final phase of the fall leaf pickup began Monday in South Marquette. Yesterday public works department crews worked in the area between Washington St. and Magnetic St.

"Our crews are working right on schedule. Today they're working on the last stage of the project, the area from Magnetic St. north to the city limits," Coppens said.

All of the public works department's available men and equipment were placed on the cleanup work this week.

Coppens noted that leaves placed in streets after the street has received the final pickup will be considered littering.

"Tomorrow we expect to proceed with our other preparations for winter," Coppens said.

Six Persons Fined In City Court

Six persons were ordered to pay a total of \$54.30 in fines and costs by Municipal Judge Edward H. Dembowski yesterday.

For trespassing at the Huron Mountain Club in Powell Township, Richard D. Williams, 808 W. Washington St., paid a fine of \$10 and \$4.30 costs. He was arrested by a Big Bay conservation officer Saturday at the Third Pine Lake.

William F. Armstrong, 101 Genesee St., paid a fine of \$6.30 and \$3.70 costs. He was ticketed by city police Oct. 28 following an accident at the intersection of S. Third and Main Sts.

Ronald D. Snyder, 840 Bluff St., paid a fine and costs totaling \$10 for driving with defective equipment, after being ticketed by city police.

The following persons, ticketed by city police, paid fines and costs for speeding:

Gerald F. Lawrence, 339 Bluff St., 40 miles per hour in a 25-MPH zone, \$6.30 fine and \$3.70 costs; Helen A. Ellerick, 316 Elmhuber Ave., 35 miles per hour in a 25-MPH zone, \$1.30 fine and \$3.70 costs; Michael C. LaCombe, 213 E. Ohio St., 35 miles per hour in a 25-MPH zone, \$1.30 fine and \$3.70 costs.

Bomb Wing Gets Safety Certificate

For three consecutive years of accident-free flying, the 410th Bombardment Wing at K. I. Sawyer Air Force Base has been presented the Strategic Air Command Hall of Fame Certificate of Achievement.

The certificate was received here recently. It is presented to SAC units by the command for a wing's accumulated accident-free flying time.

The wing, which received its first KC-135 aircraft only three years ago and its first B-52H bomber just over two years ago, has never experienced an aircraft accident.

43,000 Hours

According to Maj. Lumir J. Vitek, wing safety officer, the wing has a total of 43,000 flying hours in the two tactical aircraft over the three-year period. Over 24,000 have been in the KC-135 Stratotanker and nearly 19,000 have been flown in the B-52H Stratofortress.

In July the wing received the monthly flying safety award from the command for its accident-free flying record. The B-52s are flown by aircrews of the 644th Bombardment Squadron, while members of the 46th Air Refueling Squadron fly the KC-135s.

Gen. Thomas S. Power, commander-in-chief of Strategic Air Command, conveyed his personal appreciation to the wing "in recognition of the outstanding efforts of the many individuals who contributed to the commendable flying safety record."

"Provides Inspiration"

"Since successful accident prevention is based on a continuing program to improve gains made, it is hoped the award will inspire this wing to preserve its praiseworthy accident-free record," he added.

Lt. Gen. David Wade, commander of Second Air Force, also sent his congratulations. He said "this noteworthy accomplishment is indicative of continuing command emphasis in the flying safety area, and sound safety practices by flight crews and aircraft maintenance personnel."

SIU Chief Surrenders In Canada

MONTREAL, Que. (AP) — Hal C. Banks, president of the Seafarers International Union of Canada, surrendered yesterday and was arraigned on a charge of conspiracy to commit assault on an official of a rival union.

Banks is blamed by Canadian officials for much of the violence on Great Lakes water fronts. He was charged last week with conspiring in the assault on the rival union official, Capt. Henry Francis Walsh, business agent of the Canadian Merchant Service Guild.

Judge Emile Trottier set a preliminary hearing for Nov. 12 and fixed bail at \$2,000 cash or \$4,000 property. Defense Counsel Joseph Nuss arranged to post the bail. In Canada property may be posted instead of cash, but the amount required in that case is large.

Banks surrendered earlier in the day to Royal Canadian mounted police.

Obituary

MISS LOUISE KRUSE

Funeral services for Miss Louise Kruse, who died Monday morning in St. Luke's Hospital, were held at 10 this morning in St. John's Church with the offering of a Solemn Requiem High Mass.

Burial was in the Negaunee Cemetery.

Palbearers were James Young, William Kitchner, Richard Zorra, Gerald Anderson and Thomas and Jerry Burke.

Fassbender Funeral Home was in charge of arrangements.

Armed Forces Personnel

Ore Shipments Here Tops For Past Three Seasons

Ore shipments so far this year over Marquette's two railroad docks have exceeded the total ore tonnage shipped out of Marquette in 1960, peak season in the past three years.

Already this year, 4,854,367 tons of ore have been shipped over Marquette's two railroad docks.

Marquette's total ore shipment was 4,499,208 tons in 1960. Last year ore tonnage shipped out of Marquette amounted to 4,185,685 and in 1961 ore shipments amounted to 3,910,540 tons.

Soo Lock Closing Nov. 19

Dock agent Charles Francisco of the Soo Line Railroad Co. said that the Soo Line expects to end its shipping season Nov. 19. The Lake Superior and Ishpeming Railroad Co. has not set a date to load its last ore boat of the season, LS&I Dock Agent Harry K. Nielsen said.

Last year the shipping season ended Nov. 8 for the Soo Line and Dec. 4 for the LS&I.

So far this year, a million more tons have been shipped over Marquette's two ore docks than during the same period last year. Close to 100 more boats have appeared in Marquette's two harbors this year than had docked here through the end of October last year.

Last year the shipping season ended Nov. 8 for the Soo Line and Dec. 4 for the LS&I.

Romney at fair: Will he make hay?

Gov. Romney Runs Show In Michigan, Supporters Of Sen. Goldwater Discover

By BRUCE BLOSSAT
Newspaper Enterprise Assn.

LANSING (NEA) — Michigan's Gov. George Romney may be new to politics but he nevertheless holds the state's Republican party in good command as it moves toward choosing a 1964 presidential favorite. Says a veteran onlooker:

"When Romney rises up and talks tough, the politicians run."

Made Early Headway

The evidence found within the state does not match the notion spread beyond its borders that Romney's novice political status, plus his focus on programs, is making Michigan a soft target for Sen. Barry Goldwater's eager delegate rustlers.

Goldwater's partisans, promoting him for president and Romney for re-election in 1964, have made marked early headway. But they are acting without the faintest hint of what the Governor may decide to do.

A high-ranking Republican says of the senator's supporters:

Message Is Plain

"Any of these fellows who think they can run Romney for Governor next year, and do what they want nationally (on the presidency) are not safe in that assumption."

The message is plain: Romney operates the show.

Two polls are said to indicate that Michigan's county chairmen favor Goldwater 2 to 1. Yet the belief is widespread in party circles and elsewhere that most would follow Romney's lead if he should try to take the national convention delegation to some other candidate.

Continuing Question Mark

Thus Michigan, like Pennsylvania and some other northeastern industrial states, stands as a continuing question mark for the front-running Goldwater. The dominant moderate-to-liberal elements do not believe the conservative Arizona man would go well in this state with its heavy labor and Negro voting strength. They fear he would sorely handicap a Romney reelection bid.

An experienced viewer says: **Draft Goldwater Committee**

"A lot of spadework is going to be done before next spring by the liberals and moderates in this state."

Today, however, they suffer the same difficulty of their counterparts in other states—they do not have a "horse" to back.

Michigan's Draft Goldwater Committee is formally led by Creighton Holden, St. Clair Hotel man and avid Romney backer in 1962. Its real driving force is Tyrone Gillespie of

Jury Indicts Cavataio On 13 Counts

DETROIT (AP)—Peter V. Cavataio, 33, of suburban Grosse Pointe Park, was indicted by a federal grand jury Tuesday on 13 counts of extortion, violence and interference with interstate commerce.

Cavataio, a bakery executive identified by Detroit Police Commissioner George Edwards as a Mafia leader, was arrested Oct. 17 on a warrant charging him with violating an anti-racketeering law which bars interference with interstate commerce by robbery or extortion.

He was freed on \$25,000 bond and his arraignment was set for Friday.

The indictment charges that Cavataio threatened a competitor, Richard T. Champine of suburban Wayne, last Aug. 15. Both men distributed bread baked in Windsor, Ont., and sold at cut-rate prices in Detroit.

Assistant U.S. Attorney William H. Merrill said Cavataio tried to extort money from retail distributors in the Detroit area by forcing them to buy bread from him instead of Champine.

Charge

The indictment charges Cavataio with having "caused the breaking of glass windows at 12 Detroit area supermarkets." Merrill said more than 100 store windows, valued at \$30,000, were shattered.

Braddock Finance Chairman For Senate Candidate

James Braddock, vice president of the Union National Bank, Marquette, has accepted the finance chairmanship for Meany for senator in Marquette County, it was announced today.

Braddock originally was from Grand Haven, where he was connected with the Security First Bank & Trust Co. and was active in the Junior Chamber of Commerce and other community affairs.

The coyote weighs 20 to 50 pounds and has been clocked running at more than 40 miles an hour.

Northern Michigan University, to fill the position on the city health council. Dr. Niemi was recommended by Mayor C. Fred Rydholm, and not by Dr. Harden, to fill the vacancy.

Wake up rarin' to go

without nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size. Get Doan's Pills today!

City Paragraphs

Richard T. Flanigan, co-owner, Flanigan Brothers Storage Co., Marquette, has returned from Cincinnati, where he attended the annual East Central district meeting of the Mayflower Warehousemen's Association.

It was incorrectly stated in Monday's edition of The Mining Journal that Dr. Osmo R. Niemi had been appointed by Dr. Edgar L. Harden, president of

sible focus of anti-Goldwater effort in the 1964 struggle.

The Governor's own people discount the prospect. One sees the attention paid him as in part the result of his being on the national speech circuit at the time, New York Gov. Nelson Rockefeller's bid sagged sharply with his remarriage.

"Romney just happened to be standing next to the door when that vacuum developed, and his hat got sucked in."

Study Recommended

We urge that Gov. George Romney appoint a special committee of laymen to work with the Michigan Tourist Council to study the effect of the Sunday closing on the sale of liquor on the tourist industry of the state.

We realize this will be a touchy subject for the Governor to handle, both for political and personal reasons, but we believe it is a matter that should be faced up to squarely for the good of the state, for economic reasons alone.

Michigan, especially Northern Michigan, is facing continually increasing competition from northern Wisconsin for the tourist dollar. If Northern Michigan is to be a summer and winter playground, Sunday sale should be permitted. The flow of business would enable many cafes, hotels and restaurants holding licenses to remain open on Sunday, thus better serving the public and our tourist guests, as well as returning needed revenue to the state.

A Sunday opening for sale of liquor would serve yet another purpose. It would make the Sunday tavern operators toe the line and report all sales aside from those of beer and low volume wines. It is an open secret that many taverns sell liquor on Sunday, regardless of the law against it. Why should legitimate operators be penalized?

This is not a moral problem. It is an economic problem. Michigan is losing important business, particularly weekend resort business, to other states. In this highly competitive race for the tourist dollar, why

should Michigan penalize itself?

If this newspaper is to be criticized for taking this position, it might as well go a step further by suggesting that a state lottery and closely controlled, state-supervised gambling also should be seriously considered.

Young Generation

How young is the population of Marquette County, measured in terms of its contact with the major events of the last few decades? How many of the local people were around during the first World War? During the prohibition period? When the stock market crashed in 1929? When World War II started?

Figures released by the government reveal that no less than 72 per cent of Marquette County's population was born after 1918, when World War I ended.

In 1920, prohibition went into effect, women got the right to vote in the United States and the League of Nations began. About 28 per cent of the local population was on hand at that time.

The year 1927 was marked by Charles A. Lindbergh's solo flight across the Atlantic and by the appearance of the first talking movie, "The Jazz Singer." Only 41 per cent of the present population of the county had been born then.

The advent of the atomic age, in 1942, marked by the first nuclear chain reaction, can be remembered by no more than 60 per cent locally, it is shown.

All the figures point to the fact that this is a comparatively young generation.

Principally, the preponderance of young people is attributed to the very sharp increase in birth rates following World War II. The largest five-year segment of the population in the United States consists of those below age 5. There are about 21 million in that age bracket. The second largest group is from age 5 through 9. They total 20 million.

Taken as a whole, residents of Marquette County are found to be slightly younger than their compatriots in other parts of the United States. The median age of local people is given as 28.1 years, which means that there are as many below that age as there are above it. In the rest of the United States, the median age is 29.5 and, in the East North Central States, 29.6.

The influx of younger people into positions of importance is typified by the fact that we have as our President a man who was only 10 years old when Lindbergh made his historic flight and who was 17 when Hitler became Fuehrer, in 1934.

Contributions are invited. Letters should be limited to less than 300 words. Only signed letters will be considered for publication. Personal attacks on individuals will be eliminated.

Flag-Pole Stunt

Dear Sir: Tau Kappa Epsilon Fraternity would like to take this opportunity to give sincerest thanks to the people of Marquette for their cooperation in regard to our flag-pole stunt. Without the aid of the citizens of the city and various local businesses, this project would have been impossible.

We, the members of TEKE, are hopeful that this project has drawn the community closer to the fraternity and, more importantly, the university. Our flag-pole stunt was the first effort in a program designed to aid the community. Other projects are in the blueprint stage at the present time. These projects are being undertaken to establish a common bond between community and university.

Suggestions and comments are invited by the fraternity. TEKE may be contacted through the student activities office at the university.

60 Years Ago

—Marquette—

The postal authorities are re-advertising for bids for carrying mail on the proposed Big Bay route. There are no people in that community who can take the contract, so now it is proposed to have the carrier leave Marquette Monday, returning here Tuesday, making one round trip each week.

The lively stables report a big demand for transportation to the hunting grounds. Most of them are engaged for all their available rigs and horses for many days ahead.

—Ishpeming—

A telegram sent by J. S. Carpenter, manager of the State Athletic Board of Control, to the manager of the football team here, stated that the Escanaba-Ishpeming game should be played in the Delta city, as it is a custom to alternate the playing field each

30 Years Ago

—Marquette—

In all probability it will not be necessary to hold a primary election here Nov. 20 to nominate candidates for mayor and city commissioner.

Sally Hannala Jacobson, arrested recently in Helsinki, Finland, and held there with her husband, Arvid Werner Jacobson, on charges of being a Communist spy, is a graduate of the Northern State Teachers College, records of that institution reveal.

Mrs. J. Donohue has returned from a visit with her daughter in Chicago.

—Ishpeming—

Excessive use of intoxicating liquor Friday night led to the arrest of eight persons, the majority transients, as police began an intensive campaign to stop drunkenness and disorderliness in the city.

The annual roll call meeting of the Pythian

year. Ishpeming may forfeit the game because, last year in Escanaba, it played before a very partisan crowd which at times rushed out on the field and stopped the playing.

E. O. Bowsher, proprietor of the Marquette bowling alleys, is here looking for a location for alleys.

—Negaunee—

If the statements of certain prominent citizens are to be relied upon, a proposition will soon be submitted to the city by the Cleveland-Cliffs Iron Co. which will finally settle the pure water supply. It is said that the company will make to the council in the near future an offer to supply the city with water from the Maas Mine. A great volume of clear, pure water is being pumped out of the Maas shaft at present.

John A. Wasmuth and family moved into their new house on Park St. yesterday.

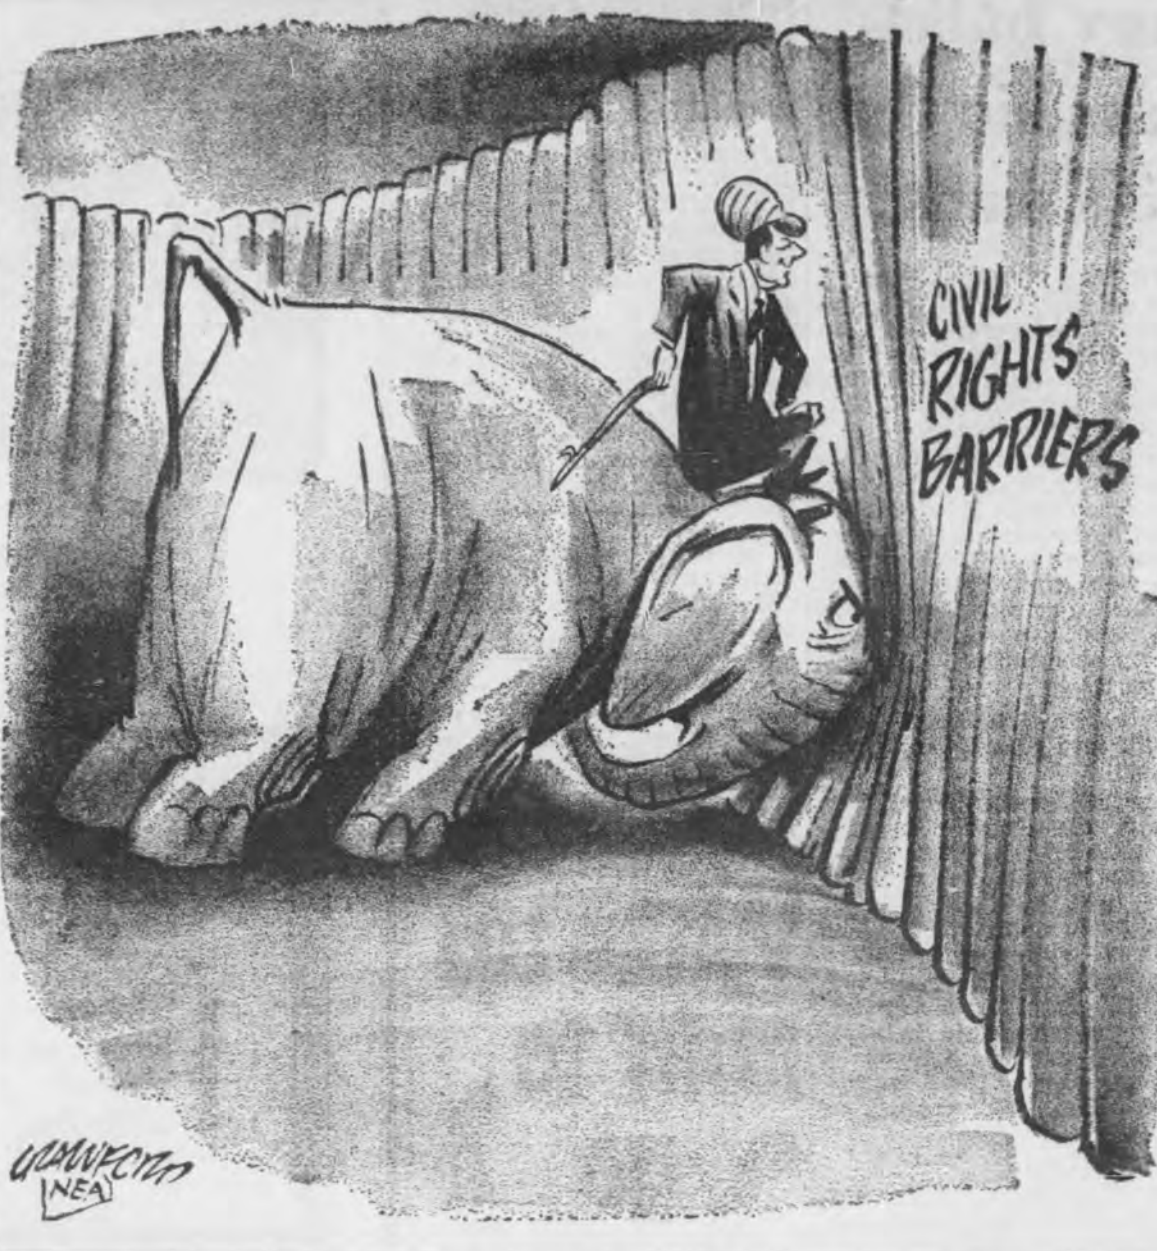

Sisters will be held in Castle Hall next Monday night. All members are requested to attend. On Monday night, Nov. 27, the Pythian Sisters will sponsor a card party to which members and Knights of Pythias and friends are invited.

—Negaunee—

All Marquette County members of the Fraternal Order of Eagles are invited to attend the reception to be held here in the Osterbotten Hall, Teal Lake Ave., at 8 Tuesday night for George H. Nordlin of St. Paul, national president of the organization, who will talk about state old age pensions. Preparations are being made for an attendance of between 150 and 200.

Mrs. Charles Vincent, who spent several weeks in Detroit with relatives, has returned home accompanied by her son-in-law and daughter, Mr. and Mrs. A. A. Alexander, who will visit here.

Now We've Seen Everything

The National Whirligig News Behind The News

By ANDREW TULLY

WASHINGTON — The kid on the train from Philadelphia said he was 22, although he looked younger, and he was a specialist in pig raising in the Peace Corps. This eminence had been achieved because he had raised his first pig in Iowa at the age of 9, which is the best way to become a specialist in anything.

Anyway, he didn't want to talk much about himself. Mostly he wanted to know what Congress was doing and if the Chicago Bears really had a chance to take it all in the National Football League, because he was just back from 18 months in Ghana where

American newspapers are scarce.

But he did say one thing that wrapped up in a simple, unadorned sentence the reason for the success of the Peace Corps in the face of growing frustration and disillusionment when they arrived shortly after the corps' birth two years ago. But in the Andean mountain city of Arequipa recently President Fernando Belaunde presented the corps with the Silver Medal for public service, while 2,000 Peruvians cheered.

In the Philippines last August, some 1,200 volunteers serving in 11 Asian countries received the Ramon Magsaysay Award for International Understanding, often called the Nobel Prize of Asia. And in Ghana even West-baiting Kwame Nkrumah feted volunteers at the end of their two-year stint there. "He sure said some nice things about us," said the kid from Iowa.

Bargain This is a good outfit, and Americans should stand up and join the rest of the world in a rousing hurrah. It is composed mostly of kids whose skills would be taken for granted at home but which mean the difference between continued stagnation and a step up in the world's underdeveloped areas.

They have shared their neighbors' hardships in India and Peru and Pakistan, and by so doing they have won us friends we couldn't buy with tractors or airports.

It costs about \$9,000 a year to select, train, transport and maintain one volunteer abroad. Some day, the historians will tell us it was the greatest bargain since the Louisiana Purchase.

Flaw In Argument One discernible flaw in the first argument is nevertheless visible. It presumes an alternative to Rockefeller could be speedily agreed upon and promoted. The sober question is: "Who?"

Two of the mentioned possibilities, Gov. William Scranton of Pennsylvania and Gov. George Romney of Michigan, are firm in saying they don't want the 1964 nomination.

Neither would turn it down if the convention insisted on having him. But the convention is next July and this is November. No Republican today can assure either man the nomination is his if he will just respond. Goldwater has a big advantage.

The name of the 1960 nominee, Richard Nixon, keeps popping up. But here again, politicians in the GOP feel Nixon's only opportunity would be if the convention turned to him after not agreeing on others. An open bid by him at this stage is considered impractical.

The flaw in the first argument is thus a big one. How do you focus on an alternative to Goldwater when you can't find one?

That is in simple fact the dilemma today of the anti-Goldwater forces. And the senator fattens almost daily on their puzzlement. (NEA)

Vaccine May Be Remedy For Sniffles

WASHINGTON (AP) — Science believes it may finally have a toehold on one of man's most elusive and potent foes.

Government scientists have developed the first experimental vaccine against one of the platoon of viruses believed to cause the sniffles type of common cold.

Successful testing of the vaccine was done on volunteer prisoners at the federal reformatory at Lorton, Va.

Dr. Robert Huebner of the National Institutes of Health called it an encouraging first step in the quest for a "shotgun vaccine" that could be turned against all the various cold viruses.

But such a weapon may be years in the making, if it can be developed at all, Huebner said.

Polo is played, on the same principle as hockey or association football, with four players on each side, according to Encyclopedia Britannica.

Side Glances

"I get all shook up thinking about what this stuff in the medicine cabinet cost us. Maybe I'd better take a tranquilizer!"

Goldwater Forces Ready

By PETER EDSON

WASHINGTON —(NEA)— From an organizational standpoint, the Goldwater for President campaign — official and unofficial — are now so far out in front as to leave the machines of all other GOP hopefuls tied to the post.

Eighteen state campaign chairmen already have been announced by the National Draft Goldwater Committee. This is the work of Peter F. O'Donnell Jr. of Dallas, Republican state chairman for Texas who organized the NDGC last spring without asking Sen. Goldwater's permission.

Traveled Constantly For 6 Months There is no connection between the senator's office on Capitol Hill and the O'Donnell headquarters two miles west at 1025 Connecticut Ave. But O'Donnell has traveled constantly the last six months to set up a national organization ready for the senator to take over when he wants it.

Instead of picking right-wing extremists who would make the most noise for Goldwater, O'Donnell decided to pick state chairmen for his rump organization who have had considerable experience in regular Republican party organization and fund raising campaigns. So they're all pros.

Among those announced so far are:

Alabama—John E. Greiner, chairman of the state GOP organization which has already declared it's for Goldwater.

Georgia—Joseph E. Tribble, Savannah state senator, whose organization has already raised a \$30,000 campaign fund.

Idaho—James D. McClary, Boise business executive.

Illinois—John F. Millike, Chicago insurance man.

Indiana—Leslie Duvall, former Young Republican head.

Kansas—William Whorton, Wichita public relations man, former assistant to the late Sen. Andrew P. Schoepel.

Maine—Cyril M. Jolly, Waterville mayor.

Michigan—Creighton D. Holden, St. Clair hotel man, an original member of Gov. Romney's Citizens Committee.

Minnesota—William G. McFadzean, Minneapolis executive.

Mississippi—Wirt A. Yeger Jr., chairman of the state GOP central committee of the Southern Republican Chairmen's Association.

Missouri—Jerry Harkins Jr., K. C. state legislator.

Montana—Jerome Anderson, Billings state legislator.

New Mexico—Robert J. Leonard, Roswell state legislator.

Oklahoma—Denzil Garrison, Bartlesville state senator.

South Carolina—J. Drake Edens Jr., chairman of the state GOP organization, which has also declared for Goldwater.

Washington—Luke Williams Jr., Spokane councilman.

West Virginia—Stuart F. Bloch, active in state GOP.

Wisconsin—Wayne J. Hood, LaCrosse, former state GOP chairman and National Committee executive director.

Opens Office In Washington While all this activity has been going on at the grass roots, Sen. Goldwater has been building up a Washington headquarters staff, just as any good candidate should.

Denison Kitchel, who is officially Goldwater's campaign manager for re-election to the U. S. Senate, has given up his business in Phoenix and opened an office in Washington, near the Capitol.

The Arizona senator has always been his own man brain trust, taking advice from no one. But he is now relying more on a staff of professors being recruited by former Eisenhower administration lawyer Edward A. McCabe, who has the title of research director.

The stable includes such well-known names as Chicago economist Milton Friedman, Stanford political scientist Stephen Possony and even a Harvard man, Gottfried Haberler.

The senator has taken on another speech writer, Bill Flythe, in addition to Tony Smith his press secretary.

A politician doesn't build up a staff of his own like this, or allow one to be built for him, if there's any chance he will announce he won't be a candidate.

Cutting Off Viet Nam Aid

By JAMES MARLOW Associated Press News Analyst

WASHINGTON (AP) — Malcolm W. Browne, Associated Press correspondent in South Viet Nam where the military leaders overthrew the government of President Ngo Dinh Diem on Nov. 1, wrote this from there on Oct. 17.

"The United States has lighted the fuse of an economic time bomb under Diem's regime." He said this country had started shutting off economic aid to Diem last Aug. 21, when his special troops sacked the Buddhist pagodas.

Diem, Brother Dead Browne said "some Vietnamese opposition leaders have said that if only America could stop sending aid to the Diem government, military leaders would carry out a coup and set up a new government."

The Kennedy administration began shutting off the aid in several directions. When last Friday's coup was completed, Diem and his brother, Ngo Dinh Nhu, who some considered the real ruler of Viet Nam, were dead and military leaders were in control.

Kennedy TV Interview Yet, although Browne said the Kennedy administration had started cutting down the aid last Aug. 21, news of it didn't start coming out of the administration until October, and then only in pieces at a time.

In a television interview Sept. 2 President Kennedy made it clear he didn't think the war against the Communist guerrillas in Viet Nam could be won without some changes in Diem's government. He said:

"Out Of Touch With People" "I don't think the war can be won unless the people support the effort and, in my opinion, in the last two months the government has gotten out of touch with the people. With changes in policy and perhaps in personnel, I think popular support can be regained."

There couldn't be much doubt when he mentioned changes in "personnel" — that he was suggesting Diem get rid of his brother who, as head of the secret police, had become hated. Diem wouldn't budge. Three days after Kennedy spoke Diem said: "It is I who make the decisions."

"We Must Be Patient" In another television interview Sept. 9 Kennedy seemed uncertain about what to do or how to do it. He said that day:

"We have to deal with the government there. We are using our influence to persuade the government there to take steps which will win back support. We must be patient."

And he said "it would not be helpful at this time" to reduce U.S. aid to Viet Nam but he conceded reductions might bring desired changes "in the government structure there."

Not Mentioned Directly But, as Browne pointed out later, the Kennedy administration had already started to cut economic assistance to Diem Aug. 21 although news of it didn't start coming out until much later.

Old Bridges Left For Florida Anglers

TALLAHASSEE, Fla. (AP) — The fisherman is not overlooked when Florida builds new bridges. Frequently, the old span is left in place and converted into a fishing pier. In other cases, catwalks are built alongside the bridges to give the fisherman a safe place to stand while casting.

Sometimes, if he's brave enough to compete with traffic for space, the caster is allowed to fish from the span itself but this dangerous form of the sport seems to be dying out.

Taureg men, not the women, wear veils and keep their faces covered day and night. They pass food underneath them when eating.

Solons Want Great Lakes Commission

Six U. S. senators have urged President Kennedy to create a federal-state regional commission to coordinate and implement economic development in the northern areas of Michigan, Wisconsin and Minnesota.

In a letter to the President, the senators asked him to initiate such a program by calling a White House meeting of cabinet members and agency heads administering economic development programs, together with the governors and the senators from the three states.

Persistent Unemployment
Senators making the proposal were Hubert H. Humphrey and Eugene J. McCarthy (D., Minn.); Pat McNamara and Philip A. Hart (D., Mich.) and William Proxmire and Gaylord Nelson (D., Wis.).

The senators noted that the northern areas of their states have suffered persistent and substantial unemployment, with the jobless rate usually about twice the national average.

'Valiant Efforts'
"This situation has continued despite valiant efforts by the federal government, state agencies and local communities," the senators said in a statement.

"We have suggested to the President that we believe these efforts could be strengthened and improved through better coordination and cooperation.

'Have Much In Common'
"Since the northern areas of our states have much in common in the way of economic and physical characteristics, our proposal calls for attacking the problems on a regional basis.

"We are not interested in just another study of the problems. What we want, and what we think the regional approach will provide, is the development of a comprehensive action plan for the entire region.

"Coordination on a region-wide basis, leading to an action plan that can be implemented by all, can produce the kind of lasting results that these areas need."

Straits Span Traffic Up In October

ST. IGNACE (AP) — Mackinac Bridge revenues for the month of October totaled \$395,843—an all-time high and 14.6 per cent over October of 1962, according to Trentiss M. Brown, Bridge Authority chairman.

Bridge traffic was up 16 per cent over October, 1962, Brown said. He attributed the increase to "a combination of unseasonably mild weather, improved economic conditions and the new freeways from the southern counties."

Brown said bridge crossings in October totaled 89,212, compared with 76,876 vehicles in the same month a year ago. Revenues were 14.6 per cent over the October, 1962 total of \$345,291.

October traffic was up 60 per cent over October of 1957, the last month of ferry operation. For the first 10 months of 1963, Brown said traffic was up 4.9 per cent and revenues were up 4.2 per cent—\$4,647,458 compared with \$4,458,498 for a similar period of 1962.

Detroiters OK Present School Tax

DETROIT (AP) — Detroiters agreed by a 76,000 - vote margin Tuesday to 10 more years of paying a 7.5-mill school tax which produces almost one-third of the public school system's revenue.

"We now have 10 years of assurance that schools will have at least survival support," said School Supt. Samuel M. Brownell.

The unofficial count was 180,673 to 104,633 for extending the tax. An all-day drizzle held the turnout to 287,437 of the city's 853,990 registered voters. The millage question was the only issue on the ballot.

April Vote
In April, Detroiters rejected a move to replace the 7.5-mill tax with a 12.8-mill, five-year levy. The vote then was 211,404 to 135,141. The 7.5-mill tax expires next July 1.

The Detroit school board campaigned for a 'yes' vote in Tuesday's election by emphasizing that defeat of the millage issue would cut about \$40 million out of next year's budget.

Opposition to millage extension was led by Thomas L. Poindexter, co-chairman of the Council.

Triumph Of Tragedy
Following the millage victory, Poindexter said, "The manner in which the (pro-millage) campaign was directed at the fears and affections of parents suggests a triumph of tragedy rather than confidence in the schools."

He asserted that the size of the 'No' vote indicates "there's something that should be corrected."

On hand at the Marquette County Airport when the first sheets of 1963 Christmas seals arrived in the county were (from left) Mrs. James Campbell, Marquette, seal campaign chairman; Ruthann Brickley, North Central Airlines stewardess; Mary Ann Nordquist, who received the seals for Morgan Heights Sanatorium patients, and Dr. James R. Acocks, superintendent of Morgan Heights Sanatorium. (Brian Wood photo.)

Christmas Seals Flown Here To Launch County's 1963 TB Fund Campaign

Marquette County Tuberculosis Association's Christmas seal campaign got off to a flying start yesterday when the county's first 1963 Christmas seals were flown in from Lansing.

Patients and staff of Morgan Heights Sanatorium, the first to see the benefits of the Christmas seal in the fight against tuberculosis and other respiratory diseases, were the first to receive seals in the 57th campaign of the National Tuberculosis Association.

'Mountain Of Infection'
Mary Ann Nordquist, a tubercular patient at Morgan Heights since Dec. 6, 1961, and a spokesman for the patients, said:

"We who are hospitalized at Morgan Heights can see the effects of the 'mountain of infection' on the lives of ourselves and other tubercular and respiratory disease patients. Therefore, we urge Marquette residents to contribute generously to the seal campaign. The programs carried out by the Marquette County Tuberculosis Association are important to every citizen."

Outlines Program
Dr. James R. Acocks, superintendent of Morgan Heights Sanatorium, outlined the program of the county tuberculosis association as follows:

"The local tuberculosis branch has provided a systematic approach to the problem of opening the door to wage the attack against tuberculosis and other respiratory diseases. "Education toward good health habits and alerting the public to the need for periodic skin tests and chest X-rays is the first in the step to success.

"The second step in the program receiving support from the county association is the detection of new cases through skin testing of school children and the X-raying of adults through the state mobile health units.

For From Goal
"Our treatment at Morgan Heights begins after this groundwork has been laid. The tuberculosis association's support of vital research projects is leading the way toward arming physicians and surgeons with more effective treatment methods.

"Though great advances have been made already, we are far from reaching our goal of complete control and eradication of

City To Throw Away Cans, Too

JUNCTION CITY, Kan. — The rattle and bang of trash cans on garbage collection days will be a thing of the past if a trial run under way at 250 Junction City homes proves successful. The city is experimenting with disposable paper containers which can be quietly and quickly picked up and hauled away, contents and all.

The Amazon River's discharge into the ocean is estimated to be seven times that of the Mississippi.

Financial Scene: 1963 Record Year For Stockholders

By SAM DAWSON
AP Business Analyst
NEW YORK (AP) — This is going to be the best year yet for the pocketbooks of the nation's stockholders.

Dollar totals of dividend payments, already well ahead of last year, are sure to hit a new record as the yearend outlays sweeten the take.

Well Ahead of 1962
And lucky holders of favored issues that have shot up on the stock exchanges will have sizable capital gains if they cash in, or paper profits if they hold on.

Corporate earnings seem likely to set a record high. They're running well ahead of last year and the present quarter prospects are good. Even profit margins, pinched since 1957, are on the average back to the level of 5 per cent of the sales dollar.

Ample Cash On Hand
Many companies seem in the mood to pass along the good times to the shareholders. General Motors' decision to pay out more than a billion in dividends this year, some \$424 million of that a yearend bonus, is the biggest but not the only example. Many other companies are expected to extend seasons greetings in a like, if a bit more modest, manner.

For one thing, many corporations have ample cash on hand — GM has \$2 billion in cash or marketable securities. They've been able to take care of more growth financing by themselves without going to the money markets. So yearend dividends

can be paid without embarrassing the company treasurer's standing at the bank.

Tax Collector Rejoicing
The outflow of dividends will help many small stockholders in planning their own yearend spending. Many look upon an added payment as an extra goodie to be spent at once. And retailers won't frown on that.

But much of corporate dividend payments will go to institutions of various sorts.

Among those rejoicing over the steady growth count is the federal tax collector. He gets around 52 per cent of the increase in corporate profits, and then he will be on hand when the individual stockholders figure up their total incomes for 1963.

Italian Isn't Only Language Of Italy

ROME (AP) — Italian isn't the only language spoken in Italy. In the northeast, German and Slavic are the mother tongues of many citizens. Non-Italian languages or dialects are also spoken in communities to the south where residents originally came from Albania and Greece.

Area Plan Commission Meet Set

A meeting of the Marquette Area Planning Commission will be held tomorrow at 7 p.m. in the city commission chambers at city hall.

Max Putters, consultant here for the area planning firm, Vilican-Leman and Associates, will review findings of a transportation study made of the area.

Putters also will discuss with planning commissioners the area's final land-use plan. The Vilican-Leman consultants here are starting work on the final land-use plan, Putters said.

The area planning study, the "701 Study," is being made by Vilican-Leman under contract with the City of Marquette and Chocoy and Marquette Townships. Cost of the study is \$96,000 for three years, with three-

fourths paid by the federal government.

Putters noted that a prospective of the ultimate plan suggested by Vilican-Leman for the downtown area can be seen in the Doncker's display window on W. Washington St.

riod. This program is of great importance to the mental attitude of the respiratory disease patient. An optimistic outlook is, perhaps, basic to any of our treatment methods. We can safely say that no treatment we now have can take its maximum effect without the happy mental outlook of the patient.

"This rehabilitation, to which the local association contributes liberally, is in some cases the deciding factor in keeping patients in the sanatorium until their treatment is complete. Some people are unable to go back to their old jobs after discharge. Our rehabilitation department can help them to learn new skills and vocations."

NEW CHEVELLE!

BY CHEVROLET

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do a lot more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines for it—two sixes and two V8's—with output all the way up to 220 horses*!

And if that combination of modest weight and potent power gives you the idea that this is one frisky car indeed, you've got the right idea.

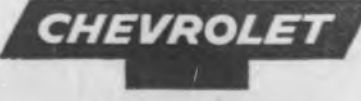

You've also got a roomy car with a generous amount of space for legs, hips, shoulders, hats and luggage. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too. Just listen to the solid *thunk* of a door closing or look at the neat seams and smooth metalwork. You'll see what we mean.

Sound good so far? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this doesn't strike you as one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving. *Optional at extra cost

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My husband works the second shift, which means he leaves home at 2:30 in the afternoon and comes home after midnight. By the time he wakes up in the morning the children have gone to school. He doesn't even know he has a family. I have all the decisions to make and all the discipline problems. I am fed up with the full responsibility. Don't tell me he is earning a living for "his family." He has plenty of seniority where he works and could get on the first shift by asking for it. What do you think I should do?

FED UP TO HERE DEAR FED UP: I think you should tell your husband what you have told me. Unless you have already told him so many times he thinks you're kidding.

DEAR ABBY: Just read "ALL MAN'S" letter. He said,

PUBLIC NOTICE

A public hearing will be held at the Marquette Township Hall on Nov. 12, 1963 regarding an amendment to the Township Zoning Ordinance. This amendment is to add thereto, Automobile Trailers or Mobile, or similar portable structures. Shall not be considered dwellings. HARRIS M. COX, Secretary. 10-23 11-6

NOTICE OF PUBLIC SALE

Notice is hereby given that the undersigned will sell a 1955 Buick 4 Dr. 65101962 at Public Auction on November 7, 1963 at 1:00 P. M. at Holmgren Motors, Ishpeming, Michigan where car may be inspected prior to sale. The undersigned reserves the right to bid at said sale. GENERAL MOTORS ACCEPTANCE CORPORATION By: M. C. RANK. 11-5-6

Scaled bids for LIGHTING IMPROVEMENTS AT THE U. S. POST OFFICE AND COURTHOUSE, MARQUETTE, MICHIGAN will be received until 2:00 P. M., C.S.T., December 30, 1963 in Room 575, U. S. Courthouse, Chicago 4, Illinois, and then publicly opened in Room 575. Information concerning bidding documents may be obtained from (a) General Services Administration, Region 5, 575 U. S. Courthouse, Chicago 4, Illinois; or (b) Custodian of the building project after November 12, 1963. 11-4-5-6

"Women drivers, bah!" I am a woman driver who has been driving since the age of 16. I am now over 60 and have yet to be involved in any kind of accident, stopped for speeding or even given a ticket for over-parking. Show me a man with the same record! I find that most men are "weaver boys." They weave in and out of traffic to get ahead, and when you reach the next stop light, they are sitting there - waiting.

ALL WOMAN

DEAR ABBY: I have a relative (through marriage) who is far from poor. In fact, she is a lot better off financially than I am. But this woman gives used things for gifts. And she doesn't even bother to have them gift-wrapped. She just puts them in a paper sack. Last week she gave me such a "birthday gift." I gave it to a needy person. She could have bought me three new powder puffs for 25 cents and I'd have appreciated it more. What is wrong with people like that?

HURT DEAR HURT: It's hard to say. If she's off her rocker, you shouldn't be critical. But if she's simply ignorant, continue to accept the gifts without comment and pass them along where they will bring some joy.

Shown is a scene from "Brigadoon" which opened last night at the Kaufman Auditorium. The musical is being produced jointly by the

Marquette Community Theatre and the Marquette Local 218 of the American Federation of Musicians. (Howard Treado photo.)

'Brigadoon' Opening Refreshing, Colorful

By DR. JAMES L. RAPPOORT Associate Professor of Speech and Drama Northern Michigan University

This viewer has seen five productions of Lerner and Lowe's "Brigadoon," the latest performance being held at Kaufman Auditorium last evening. I have never tired of this Broadway musical and I can now report that I would be happy to see it a sixth time. Our local production, produced by the Marquette Community Theatre and the Marquette Local 218 of the American Federation of Musicians, was a refreshing and colorful show which should please everyone. The formula for success is simple: 1) Select an excellent musical; 2) endow it with talented performers and musicians; 3) recruit several handfuls of backstage people who are willing to sacrifice hundreds of hours to produce it; 4) line up 15 sewing machines; and 5) work like crazy!

"Brigadoon," created by the same men who gave us "Paint Your Wagon," "My Fair Lady" and "Camelot," was transferred from a German setting in a story entitled "Gemeinschaft Ein Geheimnisvolle Dorf" to a romantic, mist-covered village in Scotland. Lerner and Lowe were wise in doing this in that I can't imagine this musical being done in Tyrolean lecherous. The plot concerns the fantasy of a village which comes to life for 24 hours every hundred years and the discovery of this mystic paradise by two American men. The resultant love story has a dream-like quality and the comic possibilities are endless.

Romantic Portion Handled Well The romantic portion is wonderfully handled by Bill and Joan Lehman, an attractive young couple from Ishpeming where Bill is a teacher. They both possess rich and vibrant voices and handle their acting assignments with considerable skill. An amusing sidelight is that Bill admitted to us that he had kissed his wife more often during the last two weeks of rehearsal than he did during the twelve years of their courtship and marriage — sort of a second honeymoon, as he called it. Nonetheless, the Lehmans handled such well known hits as "The Heather On The Hill," "Almost Like Being In Love," "There But For You Go I," and "From This Day On" with verve and apparent affection.

The comedy team of Howard Treado as the second American and Ellen Clement as a Scottish Lassie with a roving eye, provided much humor with their many delightful lines of dialogue. Ellen, as Meg Brockie, also sang two comic numbers, "My Mother's Wedding Day" and the wonderful "The Love of My Life."

One of the real finds in this production was Merle Galbraith in the role of Charlie Dalrymple, another romantic lead. Merle, who is a biologist with the Michigan Conservation Department, displayed fine versatility as an actor, dancer and in his singing of two of the finest musical numbers in the show, "I'll Go Home With Bonnie Jean" and "Come To Me, Bend To Me." Perhaps because of an obvious age discrepancy, there seemed to be some re-

laxity of character association between Mr. Galbraith and Pat Upson who played the role of his fiancée. Miss Upson is, however, a stunning girl who dances well and was generally effective in her role.

Ron Garceau, who is well known for his performances as a skater, dancer and actor in community productions, performed well as Harry Beaton, the rejected lover. Garceau and Mary Ellen McGuire provided some effective dance routines. It is, of course, impossible to single out every individual performer but, suffice it to say, that the dance group and chorus contributed mightily to the ensemble effect which is so vital to a modern musical.

Enough Talent There was easily enough talent in these groups to recast all of the major roles. I was particularly impressed with the performances of Clyde Hecox (Bunny Bread's Bonny Basso) as Angus Macguffie, Tony Mendelin as Archie Beaton and Jim Hanson as Andrew MacLaren. Mayor Fred Rydholm, Dr. Donald Hurst, Bill Saari, Sharon Klaus and John Racine also contributed in secondary but critical roles.

The backstage group receive a few of the kudos but their contributions are easily as critical to a successful performance. Again, it is not possible to individually applaud all of these dedicated artisans, but particular praise must go to Vivian Lasich (dramatic director), Howard Kitzman (musical director) and Nan Gustafson Madden (musical director).

Technical Flubs There were, of course, some technical flubs which distracted somewhat from the overall production. The female makeup was a bit overdone, especially the garish clown-white eye makeup. I particularly missed the real sounds of a skirling bagpipe. At times, the orchestra overpowered the performers, particularly during portions of the dialogue. Although the costumes were generally colorful and exciting, the kilts for the men were skimpily cut and seemed to have been merely enlarged versions of skirts. If you attend one of the last two performances, you will be easily able to answer the age-old question: What does a Scotchman wear under his kilts?

The lighting was generally inadequate and the situation was worsened by actors who sidled out of the areas which were lit. The scenery was somewhat unimaginative and, in some cases, inadequate. A few of the scene changes were so noisy that it sometimes sounded more like Times Square rather than the idyllic MacConnachy Square. The most distracting feature was the use of a filmy curtain which permitted everyone to view the stage crew setting up the next scene while the actors out front viewed for the audience's visual focus.

The decision to have certain performers bow to acknowledge audience applause was unwise in that it forced them to break character and momentarily interrupt the "willing suspension of disbelief."

Lacked Offstage Masking A clumsy door unit in the MacLaren house, a lack of proper offstage masking and a persistent radiator rattle are some of the minor faults. Rest as-

ured that most of these technical problems will have been ironed out for the subsequent performances.

The Marquette Community Theatre group have consistently improved their performances and are presently making worthwhile dramatic entertainment available to the local public.

Recent Productions The recent production of "Cradle Song" was well done and well received. This past summer's production of Tennessee Williams' "Summer and Smoke" was exquisitely wrought and would have fared well in any community theatre in this country.

With the great assistance of Musicians Local 218, this theatre group now offers us, in "Brigadoon," another testimony to their artistic talents and dedication.

Some of us who attended the opening night of "Brigadoon" were a bit disappointed at the half-filled house. The room seemed to fill almost to overflowing, however, when superintendent Henry Bothwell escorted Miss Norma Ross to her seat. Opening night was dedicated to this energetic and interested teacher who devoted a long and successful career to the advancement and appreciation of music in Marquette.

If anyone wants to spend an enjoyable and exciting evening, assuming that the evenings in question are tonight and tomorrow, "Brigadoon" will be on the boards. Enjoyable and exciting evenings begin at 8:15 p. m.

Spiced pineapple chunks in extra heavy syrup are now available in 1 1/4-ounce cans. Serve the spiced chunks with pork chops or pork loin roast. Use any syrup leftover as part of the glaze for baked ham.

Assistant Professor Warren Strandberg, left, attended the president's reception for faculty members and their wives or husbands at Northern Michigan University. (NMU photo.)

NMU President, Wife Host Faculty At Tea

The annual fall reception for Edgar L. Harden, Northern Michigan University faculty lounge and dining room in the University Center were decorated in a fall motif for the event.

Fr. Augsburg Speaks To Women Of St. Paul's

Tomorrow evening the women of St. Paul's Episcopal Church will hear the Rev. Willis A. Augsburg, vicar of St. John's Catholic Church, Munising, and St. James the Less, Harvey.

Fr. Augsburg will address the women on the subject of "Freely Ye Have Received—Freely Give" and on missions in the Diocese of Northern Michigan, with the underlying theme "The United Thank Offering of the Women of St. Paul's."

Fr. Augsburg was educated in high school in Edwardsville, Ill., attended Rice University from 1946 to 1949 and graduated from the University of

Arkansas with a bachelor's degree in 1951.

He received his theological training at the University of the South, receiving his bachelor of divinity degree in 1954, and worked in the Diocese of Arkansas, being the minister in charge of Redeemer Rodgers and St. James, Eureka Springs, from 1954 to 1955.

Fr. Augsburg was vicar of St. Alban's and St. Peter's, Tollville. During his tenure in this office St. Peter's became a parish, and Fr. Augsburg became rector in 1958.

Since 1961 he has been vicar of St. John's Church and St. James the Less.

Swedish Pair Sings Here Soon

THE GOTRICHS

Bethel Baptist Church located at the corner of Third and Ohio Sts. will host the Swedish Sunshine Singers at 7:30 p. m., Friday.

Lissy and Bertil Gotrich came from Sweden in 1960 and have been traveling as singing evangelists. Both have served as officers in the Salvation Army in Sweden and are well-known in television and radio.

Gotrich is the composer of many songs and other music pieces and is also author of two books published in Sweden. The public is invited.

Various instruments are played by the Gotrichs, including the saw, accordion, piano, trumpet, concertina and guitar. Co-lead solos and duets will be sung in both English and Swedish. Gotrich will bring a brief Bible message in English. Records of the Swedish Sunshine Singers will be available. There is no admission charge, but a free-will offering will be received.

Messiah Church Women To Hear Rev. Holmstrom

The Messiah Lutheran Church women will meet Thursday at 7:45 p. m. in the social rooms of the church.

The Rachael Circle, Mrs. Robert Kemp, chairman, is in charge of the program, which will include devotions by Mrs. Claude Avery and vocal selections by Miss Linda Hassel, accompanied by Mrs. J. O. Magnuson at the piano.

The guest speaker will be the Rev. Paul Holmstrom of Bethany Lutheran Church in Negaunee.

The hostesses for the social hour will be the Naomi Circle, of which Mrs. Victor Swanson is the chairman.

Members are reminded to bring their unused Christmas cards and other articles for the current projects as well as payment for the renewal of subscriptions to the Lutheran Women magazine. The briefing session for the circle Bible study leaders will be held at 7 p. m. in the chapel. Those attending are also reminded to bring their study guides, the magazine and their Bibles.

New Names In The News

LAMPI — A daughter, Candice Kay, was born to Mr. and Mrs. Robert Lampi, Ravenna, Mich., on Oct. 30, at Osteriope Hospital, Muskegon. Both Mr. and Mrs. Lampi are former Negaunee residents. Mrs. Lampi was the former Kathleen Maki.

NYBERG — A daughter, Renee Therese, was born on Nov. 1 in St. Luke's Hospital to Mr. and Mrs. Paul Nyberg, Pine Village, Marquette.

JACK — A daughter was born on Nov. 4 in St. Luke's Hospital to Mr. and Mrs. Thomas Jack, 1933 Neidhart St., Marquette.

Paragraphs

The First Methodist Church is sponsoring an auction tomorrow at 7:30 p. m. Auctioneers will be Ralph Laird and Jack Anderson. The auction is open to the public. Donated items should be brought to the church Wednesday evening or Thursday.

Galina Samstova, principal soloist with the National Ballet of Canada, is one of the company of 80 which will appear on the stage of the Ishpeming High School auditorium at 8:30

tonight. Miss Samstova is believed to be the only native Russian ballerina with a company in the Western world.

Ballet Troupe Opens Tonight In Ishpeming

One of North America's four best musical attractions, the National Ballet of Canada, makes its Upper Peninsula debut in Ishpeming tonight at the Ishpeming High School Auditorium at 8:30.

The brightest star of the company of 80 is Galina Samstova, believed to be the only native Russian ballerina with a company in the Western world.

Born In Stalingrad Miss Samstova was born in Stalingrad shortly before World War II and at 12 joined the Kiev state ballet school. At 18 she signed a life contract with

the Kiev Co., Russia's third largest. A Canadian studying in Kiev, Alex Ursuliak, married Galina and, after months of negotiation, was permitted to return to Canada with her. He teaches at the Toronto school affiliated with the National Ballet.

Celia Franca continues as the company's director. Among the principals are Earl Kraul, Jocelyn Terrell, Martine van Hamel, Lois Smith and David Adams.

Program The program will consist of Balanchine's "Serenade," Ashton's "Rendezvous," a London hit called "One in Five," the "Corsair" pas de deux and Tudor's famed "Judgment of Paris."

One of the world's great companies, the National Ballet of Canada has been acclaimed across three countries for its sparkling production of the great classics in their entirety and masterworks by such internationally-renowned choreographers as Balanchine, Ashton, Tudor, Gore and many others.

Rev. Gannon Conducts Mission In Sawyer Chapel

The Rev. Flannan Gannon, a passionist missionary, will conduct a Catholic mission at K. I. Sawyer Air Force Base from Nov. 17 through Nov. 22.

The opening of the mission at 7:30 p. m. Sunday, Nov. 17, in Chapel 2 is a solemn function with the distinctive feature of carrying the mission Crucifix in procession.

The mission will continue in Chapel 2 through Wednesday with evening services at 7:30. The last two days, Thursday and Friday, the mission will be held in Chapel 1 at 7:30.

Daily mission Masses will be at 7 a. m. and 11:45 a. m. in Chapel 1 and at 9:30 a. m. in Chapel 2.

Personals

Samuel Carlton and Myrtle McCauley left Tuesday to attend the funeral of their niece, Mrs. Carl Johnson (the former Pearl Carlton) in Rockford, Ill.

Mary Woodward Leads Question, Answer Meet

Mary Woodward, assistant state 4-H Club leader from Michigan State University, will be available for discussion and a question and answer meeting scheduled at the Michigan State University Extension Center, 700 W. Bluff St. at 10 a. m. Thursday. Her specialty is that of international relationships between U. S. youth and youth in other lands. This includes state-wide leadership in the People to People Program, International Farm Youth Exchange, Peace Corps and Passport to the World.

Well-Fed Prisoner Nabbed Near Germfask; Fled Camp Work Detail On Tuesday

BULLETIN

Marquette State Prison Warden Raymond J. Buchhoe announced at noon today that Eddie E. Slone, Camp Casino fugitive missing since yesterday morning, was being brought to the prison after his recapture west of Germfask. After being seen by a motorist on Highway M-77, the state police dog, accompanied by a trooper, was sent to the area and was instrumental in leading police to Slone.

SHINGLETON — Law enforcement officers today were seeking a prisoner who stole 12 lunches before walking away from a work project in the Casino area yesterday.

Eddie E. Slone, 25, was reported missing from his conservation work assignment a mile north of the Driggs River Road at 10:45 a.m.

Slone took his lunch and the packaged lunches of the other 11 crew members with him, prison officials said.

EDDIE SLONE

He was sentenced last Aug. 2 from Calhoun county to two to four years for larceny from a building and transferred to the Upper Michigan prison camp program last Oct. 2 from the Lower Michigan camp program.

Prison officials said Slone is five feet, seven and a half inches tall, weighs 135 pounds, has blue eyes, brown hair, a ruddy complexion and a medium build.

3 Bound To Circuit Court After Hearings Into 'B&E' Charges By L'Anse Justice

L'ANSE — Three men charged with breaking and entering were bound over to the January term of Baraga County Circuit Court at a joint preliminary examination held yesterday before L'Anse Justice Steven P. Markovich.

Albert Arsenault, 34, L'Anse, charged with breaking into the Jack Peterson home here and stealing cash and personal property valued at \$1,000, was ordered to stand trial on two counts — felonious and forcible entry with intent to commit the crime of larceny, and feloniously stealing and removing goods and property valued at \$1,000.

The original charge of breaking and entering in the nighttime was amended since Peterson and his wife had been away from home for four days and there was no way to prove exactly when their apartment was entered.

Testifying for the prosecution were Peterson, who identified the stolen articles and described the condition of the apartment before and after the theft; State Police Trooper James Miller, who investigated the crime and interrogated Arsenault, and Lawrence Abba, who testified that Arsenault bought a bus ticket from him for Rapid River. Abba also said that when he picked up Arsenault's suitcase to move it, he noted its "tremendous" weight — estimated at 70 to 80 pounds — and asked "What's in here — gold?"

He said Arsenault told him the suitcase contained (gun) shells. Arsenault, who was represented by L'Anse Attorney William Konstenius, stood mute at the arraignment. Konstenius' motion for dismissal of the case was denied, and Arsenault was returned to jail, where he is being held under \$5,000 bond.

Thomas S. Bangs, 23, Evanston, Ill., charged with breaking and entering in the nighttime at the Kuba Service Station here Sept. 1, also was unable to furnish bond — originally set at \$3,500 and reduced to \$1,200 — and was ordered held in the county jail until he does so.

Testifying in this case was Village Officer Clarence Roy, who said he arrested Bangs at the rear of the station after keeping him under surveillance for several hours. He added that a rear window in the station had been broken and the intruder had knocked over a number of tools, but left without taking anything when he found the door to the business office locked. Roy said Bangs told him he was looking for money.

A motion for dismissal by Konstenius, who also represented Bangs, was denied, and Bangs, unable to furnish bond, was returned to the county jail. Testifying for Bangs were John Sweeney, Chicago, who said he had employed Bangs in the past as a speedometer repair man and would be willing to rehire him immediately if he were available for work, and Bangs' brother, John, a student at the University of Illinois, who stated that Bangs had supported his parents for a number of years.

Prosecuting Attorney F. Hubert Mather questioned Sweeney and John Bangs and received confirmation of his contention that they had no first-hand knowledge of the offense and that their testimony was not pertinent to the case. James L. Stein, 24, L'Anse, charged with breaking and entering in the nighttime, also was unable to furnish bond of \$1,000 and was ordered held for January term of circuit court. He was arrested by Sheriff Harold Heikkinen last month on a charge of breaking into a pickup truck equipped with a housing unit owned by Earl Chevalier, L'Anse, and attempting to steal a rifle.

Chevalier testified that he surprised Stein in his trailer trying to steal the gun when he returned home late at night. Heikkinen said Stein admitted the theft during interrogation. Stein was not represented by counsel and did not take the stand in his own behalf. An attorney will be appointed to defend him when the case is heard in circuit court.

Council Meeting At 7:30 Tonight

ISHPEMING — The Ishpeming City Council will conduct a regular meeting at 7:30 tonight in the council chambers.

World War II Veteran Dies In Ishpeming

ISHPEMING — John J. Cappoferri, 37, a World War II veteran, died in Bell Memorial Hospital at 12:25 p.m. Tuesday. He was a patient in the hospital two weeks.

Mr. Cappoferri was born in North Lake Location April 20, 1926. He resided at 112 Arch St. and had been employed by Cleveland-Cliffs Iron Co. for 10 years until 1956. His most recent employment was at the Empire mine for the Jamar Oilmen Construction Co.

He was a member of the Holy Name Society of St. John's Church and the Lombardo Veneta Society of Negaunee.

Surviving are his wife, Carmen; two sons, John Jr. and Paul; a daughter, Jo Ann; his father, John Cappoferri of North Lake; a sister, Mrs. Leslie (Teresa) Corlett of Grand Rapids; a brother, Frank of Grand Rapids, and a half-brother, Louis Leone of Chicago.

Services will be held Friday at 9 a.m. in St. John's Church with the Rt. Rev. Msgr. David Spelgatti officiating.

Friends may call at the Fassbender Funeral Home beginning at 7 tonight.

Three Taken To Hospital After Crash

ISHPEMING — Three persons were admitted to Bell Memorial Hospital last night following a traffic accident — the second since Sunday at the U.S. 41 and Second St. intersection. Ishpeming police ticketed Bruce W. Perry, 548 Elliott St., Ishpeming, for failing to yield the right-of-way in a three-car collision at 9:10 last night.

Perry, who had stopped for a stop sign on Second St., was proceeding across U.S. 41 when a vehicle driven by Richard L. Stevens, Montcalm, Mich., struck him. The Perry vehicle in turn struck another car driven by Roy J. Brown, National Mine, who was stopped in a traffic lane.

Two passengers and the driver of the Stevens vehicle were injured and were taken to the hospital by the city ambulance. They were the driver, Jan. R. Stevens and Larry J. Mitchell, of Kalamazoo. All are 18.

The injured persons received facial cuts and bruises, but remained in the hospital for further observation and X-rays.

The Perry and Stevens cars were removed from the scene by a wrecker. The Brown car was driven away under its own power.

Tech Students To Visit Steel Mill In Ontario

HOUGHTON — A group of senior metallurgical engineering students from Michigan Tech will get a first-hand look at an integrated steel mill Thursday during a one-day field trip to Sault Ste. Marie, Ontario.

The delegation will visit the Algoma Steel plant, where they will have an opportunity to see ore processed into structural steel shapes. Approximately 60 students and five faculty and staff members from the Department of Metallurgical Engineering will make the trip, traveling on the college bus and one chartered bus. The group will leave the campus at 5:30 a.m. Thursday and return that night.

Accompanying the students will be Duane M. Thayer, Dr. Robert V. Blumenthal and Dr. Lloyd A. Heldt, assistant professors of metallurgical engineering; Dr. A. A. Hendrickson, associate professor of metallurgical engineering, and Leonard Heffer, research specialist in the department.

Students on the trip will be those enrolled in extractive metallurgy, mechanical metallurgy and physical metallurgy.

Boobies and the northern gannet are birds that stupidly permit themselves to be captured while asleep.

Councilmen, Supervisors Elected By Only 96 Voters

NEGAUNEE — Five candidates, all of whom were without opposition, were elected to city council and county board of supervisors offices at Negaunee's annual municipal election yesterday.

Only 91 residents — in

all probability the smallest number in local history — cast ballots, with 26 voting in the first precinct and 65 in the second.

City Clerk Edward C. Stevens disclosed this morning that the total number of persons voting included 11 election officials. He estimated that the vote represented less than three per cent of the number of eligible electors.

Matt Vanni and Mayor Earl Makela were re-elected to three-year terms on the council, receiving 83 and 77 votes, respectively. Francis E. Domperre received 83 votes and was elected to the council for one year, representing the un-

gym at Marquette Thursday night, from 7 to 10, by the cheerleader of St. Paul High School. Proceeds will be used to buy cheerleader uniforms.

The junior class of Trenary High School will sponsor a party sale this Saturday at the school. Orders are being taken by class members. The parties can be picked up at the school Saturday.

The Methodist WSCS will hold its annual Christmas bazaar Saturday, Nov. 30, in the church dining room.

The First Lutheran choir will rehearse Thursday at 7:30 p.m. The choir will present a Christmas program, "Echo the Angel's Song," Sunday, Dec. 8.

Sunday, Nov. 10, is Methodist Hymn Sing Sunday. There will be a special song service at 9 a.m. at the church.

expired portion of the term for which Dorste Roos was elected in 1961. Roos resigned from the governing body in September. Richard Salmio and Tuuri Sandstrom received 80 and 78 votes, respectively, and were elected to three-year terms on the Marquette County Board of Supervisors.

New terms for all of the elected officials begin Jan. 1, 1964.

Washington, D. C., tops the world in number of telephones per capita, with about 65 per 100 of population.

Testifying in this case was Village Officer Clarence Roy, who said he arrested Bangs at the rear of the station after keeping him under surveillance for several hours. He added that a rear window in the station had been broken and the intruder had knocked over a number of tools, but left without taking anything when he found the door to the business office locked. Roy said Bangs told him he was looking for money.

A motion for dismissal by Konstenius, who also represented Bangs, was denied, and Bangs, unable to furnish bond, was returned to the county jail. Testifying for Bangs were John Sweeney, Chicago, who said he had employed Bangs in the past as a speedometer repair man and would be willing to rehire him immediately if he were available for work, and Bangs' brother, John, a student at the University of Illinois, who stated that Bangs had supported his parents for a number of years.

Prosecuting Attorney F. Hubert Mather questioned Sweeney and John Bangs and received confirmation of his contention that they had no first-hand knowledge of the offense and that their testimony was not pertinent to the case. James L. Stein, 24, L'Anse, charged with breaking and entering in the nighttime, also was unable to furnish bond of \$1,000 and was ordered held for January term of circuit court. He was arrested by Sheriff Harold Heikkinen last month on a charge of breaking into a pickup truck equipped with a housing unit owned by Earl Chevalier, L'Anse, and attempting to steal a rifle.

Chevalier testified that he surprised Stein in his trailer trying to steal the gun when he returned home late at night. Heikkinen said Stein admitted the theft during interrogation. Stein was not represented by counsel and did not take the stand in his own behalf. An attorney will be appointed to defend him when the case is heard in circuit court.

8 Drivers Fined \$82

GWINN — Eight persons paid a total of \$82.60 in fines and costs when arraigned before Justices Arthur Burkman and Clifford Powers at the Gwinn Town Hall.

Apprehended by state police were Raymond Shank and Jack Heath, Sawyer AFB, for violating the basic speed law and causing accidents; each paid a fine of \$10 and costs of \$3.70.

Harold Steele Jr., Forsyth, paid \$6.70 for not having safety chains on his trailer; George Brown, Sawyer AFB, paid \$8.70 for having improper license plates and Ralph Fitzgerald, Sawyer AFB, paid \$8.70 for speeding.

Ticketed by Gwinn police were Delbert Ringwalski, Sawyer AFB, who paid \$13.70 for violation of the basic speed law; Kenneth Orzel, Hardwood, who paid \$13.70 for failure to yield right-of-way, and William Cash, Sawyer AFB, who paid \$3.70 for making an improper U-turn.

responded per alarm. Report From Librarian According to the monthly report of Mrs. Caroline Goodhue, librarian, the total circulation of books and periodicals at the Negaunee Public Library in October amounted to 4,877. There were 2,759 requests by adults and 2,118 by children.

Fifth grade groups from St. Paul's and Lakeview Schools visited the library during the month with staff members explaining to students the use of the card catalog and other quick reference sources. Students in 11th grade English classes at Negaunee High School spent two days at the library utilizing research materials for class projects.

Firemen Answer 13 Alarms In Negaunee In October

NEGAUNEE — Members of the Negaunee Volunteer Fire Department responded to 13 alarms in October — the largest total since last spring.

The monthly department activities report filed yesterday by Chief Francis Dighera with Manager Leonard Harris revealed that no insurable damage resulted from alarms caused by a faulty oil furnace, chimney fire, two junked cars, three brush fires, and a blaze resulting from a gas tank explosion.

Insurance covered damages caused by fires in an automobile owned by Joseph DeLongchamp

of Route 1, Champion, and a vacant building owned by Mrs. George Collins, Pioneer Ave., Negaunee.

Firemen answered two mutual aid calls, assisting fire departments in Marquette and Palmer in fighting fires in those communities.

One practice session was held during which the unit 2 pumper was operated and checked for winter, and two property inspections were made.

All told, the department traveled a total of 51 miles and worked eight and one-half hours. An average of 23 men

Mr. and Mrs. C. J. Sullivan, L'Anse, admire state American Legion plaque presented retired school superintendent at testimonial dinner.—(Mining Journal photo.)

Sullivan Honored For Long Service In L'Anse Schools

L'ANSE — Cornelius J. Sullivan, retired L'Anse superintendent of schools, was honored by fellow educators, Legionnaires and townsmen at a gala testimonial dinner.

Sullivan retired in July after serving 36 years in the L'Anse school system, 26 of them as superintendent. Joseph M. Donnelly, Houghton County probate judge and principal speaker at the event, offered high praise for "Con" and his ability "to remain serene and determined in the midst of turmoil and to retain his composure under the most difficult circumstances."

He held Sullivan up as an example of an outstanding educator and community leader who inspires hero worship in the young and respect in his contemporaries. "Con is an idealist," Donnelly said, "and his decisions are invariably carefully thought out and basically sound."

Receives Plaque, Medal
The judge told of his happy association with Sullivan over the years of their joint membership on the advisory committee of the School of Nursing at St. Joseph's Hospital, Hancock; the executive committee of the Copper Country Branch of the U. P. Child Guidance Clinic; the executive committee of the Copper Country Mental Health Association, and the Rice Memorial Foundation of which Sullivan is president.

A testimonial citation plaque and medal were presented to the guest of honor by Edward M. Jacobs of Crystal Falls, chairman of the Guy M. Wilson scholarship and education committee of the Michigan American Legion. Sullivan has been an active member of the Legion for many years and is a past president of the William McGue post here.

John V. Clements of Baraga, toastmaster read congratulatory telegrams from Gov. George Romney; Dr. Edgar L. Harden, president of Northern Michigan University; Dr. James R. Van Pelt, president of Michigan College of Mining and Technology; the Rt. Rev. Msgr. David Spelgatti, Wilbert Koutpas, Keweenaw County superintendent of schools; and Kenneth Kent, L'Anse village president who was out of town.

'Like One Long Dream'
Congratulatory remarks were offered by several dinner guests, including Circuit Judge Leo J. Brennan; Harold Lent, Hancock superintendent of schools; Bernard Gaffney, Houghton superintendent of schools; Robert Hodges, Calumet superintendent of schools; E. E. Erickson, Baraga superintendent of schools; P. K. Ward, L'Anse principal; Dr. Eric A. Bourde Jr., president of the L'Anse School Board; Theodore C. Groleau and Carlo Heikkinen, both members of the L'Anse board.

In accepting the tributes paid to him, Sullivan told the group: "The whole 36 years seems just like one long dream. My fam-

Education Week Interviews Slated At National Mine

ISHPEMING — American Education Week will be observed by the National Mine School Nov. 10 through 16.

The week was inaugurated in 1921 by the National Education Association and the American Legion to call public attention to the importance of education in a democracy and to remind each citizen that good schools are, to a large degree, his personal responsibility.

The U. S. Office of Education and the National Congress of Parents and Teachers became AEW sponsors in 1922 and 1938, respectively.

The theme for 1963 American Education Week is "Education Strengthens the Nation." The National Mine School will observe the week by using two afternoons for scheduled parent-teacher conferences.

Invitations have been sent home to parents of children in school. Conferences are scheduled for Wednesday and Thursday afternoons. Appointment times for individual conferences will be sent home with students Monday, Nov. 11.

Walter T. Bath, superintendent, said the school would be closed at noon on those days with no lunch being served at the school.

A baby-sitting service will be provided in the school for parents who bring pre-school children with them. High school girls will assume this task.

Coffee will be served in the school lunchroom between conferences.

"Most educators agree that parent-teacher interviews are

an effective means of understanding and guiding children during their school experience," Bath said. "These interviews bring parents and teachers together, leading to a better understanding of the child."

State Police Report Work For October

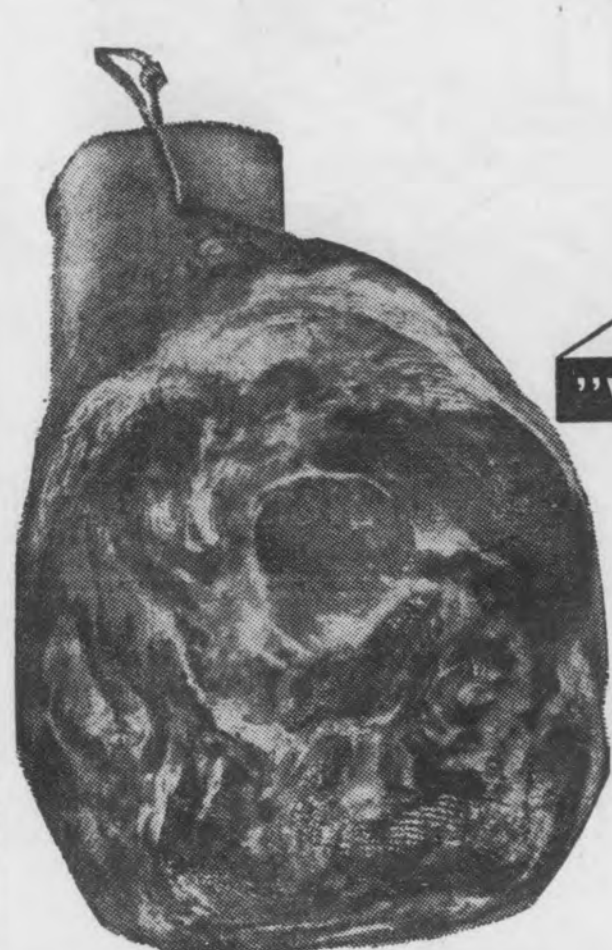

MUNISING — Eleven men assigned to the Munising state police post worked a total of 216 man-days during October, according to Sgt. Clarence Miller, post commander.

Officers worked 2,001 man-hours performing the following duties: Traffic patrol, 667 hours; other traffic work, 12; traffic complaints, 46; accident complaints, 74; general criminal investigation, 191; fire investigations, 22; report writing, 59; administration and supervision, 699; training, 26; fatigue work, 155; and other duties, 50.

Patrol cars were driven 10,840 miles in 463 hours on patrol. During this time troopers made 51 traffic offense arrests, two other patrol arrests, assisted 25 motorists, investigated 67 cars, conducted 802 property and 84 liquor inspections, issued 136 verbal warnings to motorists and performed 176 other duties.

A total of 11 accidents was reported by the post for October of this year compared with 21 for the same period in 1962.

Alger Registration System Set Up For Deer Hunters

MUNISING — Sgt. Clarence Miller, commander of the Munising state police post, today announced a system has been set up for registration of all deer hunters in the Alger County area.

If hunters cooperate, Miller stated, emergency messages can be delivered by troopers with little or no delay.

Registrations will be taken at the following business places throughout the county:

Trenary — Hub Restaurant and Malnar's Service Station.

Chatham — Seppi's Service Station, Chatham Co-op and Mak's Store.

Eben — Post Office and Store.

Melstrand — Melstrand Store, M-28 West — Laughing Whitefish Trading Post, Christmas Grocery and Eiseman's and Markel's Groceries, AuTrain.

Seney — Pat's Market.

M-28 East — Pines.

Shingleton — Dolaskie's Super Market and Ken's Service.

Munising — State police post. Miller also noted that all conservation officers will be taking registrations both in the field and at home. They are Al Latalewicz and Bruce Andrews, Munising; Willard St. Onge and John Seppi, Chatham; James Gielhart, Trenary; Lesli Walstrom, Seney, and Robert Gussert, Grand Marais.

All messages and inquiries for persons hunting in this area must be directed to the Munising state police post as all registration cards will be turned in for filing each day. Last year there were a total of 491 registrations during the season. Troopers delivered four messages to hunters who had registered and three to hunters who had not, while seven messages were not delivered because hunters did not stay in the area they indicated on their cards.

"Movement of hunters has been common in this area since we are located close to the border of the early opening and hunters will move on Nov. 15," Miller said.

European Trip Slides Shown By Thoren To Club

ISHPEMING — Clarence Thoren, Negaunee, was guest speaker at a dinner meeting of the Hematite Business & Professional Women's Club Monday night at the Coffee Shop.

Thoren, who is employed by the land management office of Cleveland-Cliffs Iron Co., has traveled extensively the last 12 years. He has visited more than 50 countries and has made a trip around the world.

He spoke and showed slides of the Scandinavian countries and Paris.

The dinner was arranged by the legislation committee, with Mildred Anderson, chairman; Irene LeSage, Minnie St. Onge and Emma Johnson.

The Christmas meeting and party of the club will be held Monday, Dec. 2, in the Georgian room of the Mather Inn.

Zoning Ordinance Election In West Branch Nov. 12

WEST BRANCH — West Branch Township registered voters who are property owners will decide Tuesday, Nov. 12, whether to adopt a zoning ordinance for the rural township.

The polls at the West Branch Town Hall will be open from 7 a. m. to 8 p. m. Only property owners who are registered voters may vote on the proposal to set up a zoning ordinance, Mrs. Evangeline Berglund, township clerk, said.

The township board, which already has approved the creation of a zoning ordinance, is mailing circulars this week to registered voters urging adoption of the zoning ordinance. There are about 135 registered voters in the township, Mrs. Berglund said.

meeting in the Bell Memorial Hospital cafeteria tomorrow night at 7:30.

A panel discussion on matters pertaining to the Upper Peninsula workshop and matters important to all members of the association will be discussed.

"There's been a misunderstanding that the creation of a zoning ordinance would prevent people from continuing the present uses of their land," Mrs. Berglund said. "This is not true.

"The zoning ordinance would not prevent the home or farm owner from doing the things he has done in the past. He could do all the planting he wishes, he could cut the wood from his land, he could do his own home improvement work. For electrical, plumbing or carpentry work, he would not be required to employ a union member.

State Law Cites Reasons

"The main reason for creating rural zoning ordinances is pointed out in the state law which gives authority for the ordinances. The law points out that zoning ordinances promote the health, safety and welfare of the people of the township and are intended to encourage the best use of land from the viewpoint of the landowner.

"A zoning ordinance encourages the most appropriate land use, conserves natural resources, prevents depreciation

of property, protects residential sections from unwholesome conditions and influences and conserves natural and scenic beauty.

"Under a zoning ordinance, a building owner is required to secure a permit to erect or alter a building. There is no charge for the permit.

Orderly Development

"A building permit system helps maintain an orderly development of the township which will not only maintain but will increase property values and cause other people to want to move into the township.

"It should be kept in mind that zoning ordinances are subject to change and are changed all of the time. An application for a change in the zoning ordinance is made to the zoning board. A public hearing is held and if the application is not approved by the zoning board, a request may then be referred to the board of appeals for action."

FLOATING GARDENS

Farmers in the Vale of Kashmir, where land is scarce, use floating gardens of tangled masses of plants and soil which are built up on quiet canal banks, towed to lakes and moored to stakes. Kashmiris work the gardens from boats.

Episcopal Women To Meet Tonight

ISHPEMING — The women of Grace Episcopal Church will meet at 8 tonight in Guild Hall.

The Rev. Reno Kuehnell will give the second half of his book report on "Global Odyssey."

Hostesses will be Mrs. Kuehnell and Miss Elizabeth Rogers.

'Open House' Set At High School Monday, Nov. 11

ISHPEMING — There will be an "open house" at the Ish-

peping High School next Monday night at 7:30 for parents of students who attend the high school.

It will be conducted in conjunction with National Education Week, but also will be a part of a series of programs to be held in the Ishpeping School District.

Forms have been given to students to take home to parents.

POLYANDRY

Polyandry is a familial system under which a woman is married to several men at the same time. Personal relationships within polyandrous families often are remarkably free from jealousy, according to the Encyclopedia Britannica.

Retraining Program At Tech Okayed

HOUGHTON — Michigan Tech has received approval for its fifth government-sponsored manpower retraining program of the current calendar year, according to G. Ralph Noble, director of the division of continuing education.

The newest program will be a re-run of a 15-week lumber grading course conducted earlier this year under the Manpower Development and Training Act. Designed for a 20-man enrollment, the course will involve an expenditure of approximately \$35,000 for supplies, equipment, instructional service and student training allowances.

Alberta Site For Course

The course will start Nov. 18 at Michigan Tech's Ford Forestry Center in Alberta, utilizing the center's classrooms, laboratory space, dormitories and dining facilities. It is a cooperative effort by Tech's Division of Continuing Education and Forest Products Research Division.

The screening and selection of trainees will be the responsibility of the Michigan Employment Security Commission under the direction of Al Gazvoda of Calumet, Upper Peninsula field supervisor. Trainees will receive a training allowance up to \$36 a week for heads of households, plus a \$5 daily living allowance.

MESC Will Assist In Placing Graduates of the Program

Twenty-four trainees completed the last lumber grading course and all were immediately placed in industry, Gazvoda said.

Grader's Role Important

Lumber grading is a skill involving a thorough knowledge of the lumber industry's official grading rules and their application. A grader's role is important, because inaccurate grading can result in substantial financial losses to lumber mills or buyers.

Graduate's of Tech's program will not possess the working speed of experienced inspectors, but they will be thoroughly familiar with the fundamentals and gain proficiency with practical experience.

The course will be intensive in the areas of hardwood grading and include the fundamentals of softwood and log grading. Trainees will receive certificates upon completion of the course.

The MDTA is a federal program designed to combat unemployment on a national scale by making training courses available in trades with existing shortages of trained personnel.

Two Other Programs

It is administered jointly by the U. S. Department of Labor and Department of Health, Education and Welfare, and on the state level by the MESC and Division of Vocational Education of the Department of Public Instruction.

Michigan Tech currently has a 48-week MDTA program for civil engineer aides in session on its Houghton campus and a 35-week program for forestry aides in progress at the Ford Center.

He Had Good Excuse For Missing Meeting

MIAMI — Attorney Seymour London failed to appear for a pretrial conference and Circuit Judge Henry Balaban angrily sent court aides looking for the lawyer.

They found London in a four-story elevator, stuck between floors.

Rescued Boy Makes Fast Getaway

MIAMI — Patrolman William Harvey saw a boy topple into a canal. He dived in, pulled the youngster out and pumped the water out of him. Recovering, the youngster hopped on his bicycle and pedaled away before Harvey could get his name.

A witness said, "I'll bet he never even tells his mother what happened."

Wildcats Close Grid Season This Week In Bout With Macalester

Northern Michigan University, upset victor over St. Norbert College last week, will close its 1963 football campaign Saturday afternoon when it hosts Macalester College, St. Paul, Minn.

Coach F. L. (Frosty) Ferzacca's squad will be seeking its fourth win of the season against an equal number of losses and one tie. The Wildcats will also seek to preserve their record of not having had a losing season since 1955.

Paced by 24 returning lettermen, Macalester opened its season with a 14-8 triumph over rugged Western Illinois. Since their initial victory, however, the Scots have dropped seven consecutive contests, including decisions to St. Thomas, 54-21, and St. John's, 40-6, both members of the Minnesota Intercollegiate Athletic Conference along with Macalester.

Although Macalester and Norponents, Central Michigan,

which earlier dropped a 19-0 decision to Northern, lost to Western Illinois, 28-7. Ferzacca pointed out that St. John's is undefeated in eight contests and is ranked among the top five small-college teams in the nation by the National Association of Intercollegiate Athletics. He also noted that another of Macalester's losses came at the hands of the University of Minnesota-Duluth, 12-0. Last year the Wildcats dropped a 14-0 contest to the same club.

Expected to pace Coach Macalester's defensive units are co-captain Bob Rudolph, a two-year, all-conference start, and

Jerry Shaugnessy, 205-pound fullback from St. Paul, Minn.

Macalester's offensive team, which will average 197 pounds, will be led by quarterback Terry Nelson of West Fargo, N.D., and halfback John Stusek of Grantsburg, Wis. Nelson, who has completed more than 40 per cent of his passes, is averaging more than 100 yards per game in passing.

Making their final appearance Saturday will be 10 NMU seniors: Don Bangert, Stan Ferris, Bill Hamor, Bob Kalbfleisch, John LaPointe, Joe LaPointe, Jack Mauro, Bill Rademacher, Len St. Jean and Art Wenzlaff.

Brown Draws Close To NFL Record

NEW YORK (AP) — Jimmy Brown's statistics become more awesome every Sunday. The Cleveland fullback, playing his seventh year of pro ball, soon will become the greatest ball carrier in National Football League history.

Counting all ball carrying means—rushing, pass catching and returns of interceptions, kickoffs, punts and fumbles, Brown has gained 11,086 yards for the Browns. That leaves him only 231 short of the record of 11,317 held by Ollie Matson, now of the Detroit Lions.

Brown remains way out front in the 1963 rushing race with 1,194 yards, his fifth season of 1,000 yards or more. Jim Taylor of Green Bay is next with 639 yards.

Roger Kochman, Penn State's brilliant running back, gained 666 yards in 1961.

Michigan State has eight lighted athletic fields for evening intramural football and softball games.

Lattimer Elected Lineman Of Week By AP Press Poll

EAST LANSING, Mich. (AP) — Earl Lattimer, a Michigan State guard and linebacker who frequently delights the crowd by turning a somersault when running up to his position, has been chosen of the Week for his role in Saturday's upset victory over Wisconsin.

Lattimer performs his acrobatics out of sheer enthusiasm for the game. He loves to hit. Like most of the Spartan line, he is expected to go both ways. Lattimer has been bulldozing a path for the offense and has been a bear on defense all season.

The 5-11, 218-pound senior from Dallas, Tex., was moved from fullback to guard this fall. He was a standout in the Wisconsin game in which MSU beat

the favored Badgers 30-13. This knocked Wisconsin out of eighth place in the national rankings and earned the Spartans No. 9 spot. It also kept Michigan State in a tie for first in the Big Ten with Illinois and Ohio State.

Field Goal In addition to his line play, Lattimer kicked a 44-yard field goal, booting it against a 17 mile per hour wind. He's hit two out of three and coaches now figure they will use him for field goals the remainder of the season. He also snagged the only pass interception of the Wisconsin game.

Lattimer was the Lineman of the Week choice over Dick Butkus, 235-pound junior Illinois center and linebacker. Butkus led the rush against Purdue quarterback Ron Digraivio to keep the Illini in Big Ten title contention with a 41-21 win.

Lattimer was the Lineman of the Week choice over Dick Butkus, 235-pound junior Illinois center and linebacker. Butkus led the rush against Purdue quarterback Ron Digraivio to keep the Illini in Big Ten title contention with a 41-21 win.

Wings Farm Club Moved, Team Drills

DETROIT (AP) — Coach Sid Abel put his slumping Detroit Red Wings through an unusual two-hour skating and shooting drill Tuesday in preparation for Thursday's National Hockey League game with New York at Olympia Stadium. Normal Wing workouts last only an hour.

The Red Wings have lost four of their last six games. Reinstated The Wings also announced that defenseman Ian Cushman, who was suspended during training camp for going home to St. Catharines, Ont., has been reinstated. He will be assigned to the Pittsburgh Hornets of the American Hockey League.

DETROIT (AP) — The Detroit Red Wings shifted their Indianapolis farm club to Cincinnati, Ohio Tuesday in the wake of an explosion that shattered the stadium in the Indiana capital city.

The Capitols farm team will remain in the Central Professional Hockey League and will play its first Cincinnati home game Nov. 15.

The Indianapolis Coliseum is closed pending investigation of the blast which claimed 68 lives last week.

Hawks Keep Front Seat With Streak

CHICAGO (AP) — The Chicago Black Hawks, riding well out in front of the National Hockey League, scored in the first and last minutes of their game with New York Tuesday night for a 3-2 victory over the Rangers.

Bill Hay's goal in the first 27 seconds of play and Bobby Hull's clincher with 20 seconds remaining gave the Hawks their eighth victory against one loss and two ties.

It also marked the ninth straight game in which the Hawks have not been defeated, tying a club record set in the 1939-40 season.

Comfortable Hay's goal and another by Stan Mikita in the second period gave the Hawks a comfortable 2-0 lead before the partisan crowd of 12,642. But the Rangers retaliated on a second period goal by Dick Meissner and a tying goal by Vic Hadfield at 14:38 of the third period.

The victory gave the front-running Hawks a whopping six-point lead over second place Montreal.

Wolverines Concentrate On Numbers

ANN ARBOR (AP) — Michigan's football team is concentrating on Nos. 47, 31, and 37 in drills this week.

Those are the numbers of the three Illinois backs who are ripping up the opposition this season to rank the Illini as the second best team in the nation, Michigan meets Illinois at Champaign, Ill. Saturday.

Sam Price (47), Jim Grabowski (31) and Al Wheatland (37) have carried the ball 200 times this fall and have gained 808 yards.

Over 200 Price and Grabowski, sophomores, have rushed for 244 and 317 yards, respectively. Wheatland, a senior, has accounted for 247.

Despite a light drizzle, the Wolverines worked against the Illini attack Tuesday with the freshmen assuming the positions of the Illinois players.

Jack Hutchinson, 18-year-old first baseman from Sarasota, Fla., has been signed by the Cincinnati farm system. His father Fred manages the Reds.

Dick Stuart, first baseman for the Boston Red Sox, is the only major leaguer who ever drove home 100 runs in a season in both leagues.

Navy Destroyer

Roger Staubach, the Navy's quarterback All-America candidate, limbers up for some of the slippery tactics that have made number 12 the Middies' destroyer and earned the nickname Roger the Dodger. (NEA Telephoto.)

Pitt's Fred Mazurek Hit Syracuse Squad Like Lightning Bolt

(By the Associated Press) The game was half over, and Pittsburgh was taking a football beating from Syracuse. Going into the third period, the New Yorkers were ahead 21-8.

A swirling snowstorm played hide-and-seek with the sun at Pitt Stadium. Lightning flashed and there were sharp thunderclaps.

Then, a bolt struck Syracuse—190-pound, 5-foot-10 bolt Fred Mazurek.

Mazurek streaked 41 yards for a touchdown. Then he began hitting targets with short passes and, before you knew it, Pitt had scored again. Mazurek shot a pass to end Al Grigaliunas; Touchdown No. 3 in the quarter, and Pitt led 28-21.

Syracuse added another touchdown in the fourth period. Mazurek went down under a pile of tacklers and had to leave the game with a leg injury. Just before the end, he hobbled back onto the field and drove his team to a clinching score.

Back Of Week Pitt was the winner 35-27, and on the strength of his brilliant individual performance, Mazurek was named Today The Associated Press' Back of the Week.

Mazurek won the Back of the Week nomination in a close contest with a number of other backfield stars, including the great Roger Staubach of Navy, Don Trull of Baylor, Billy Lottidge of Georgia Tech, Bob Schweickert of Virginia Tech, Junior Edge of North Carolina and Jimmy Sidle of Auburn.

Other outstanding backs included Tom Nowatzke, Indiana; Ken Waldrop, Army; Jim Grabowski, Illinois; Tony Crosby, Texas; Bob Timberlake, Michigan; Pete Liske, Penn State; Cosmo Iacavazzi of Princeton, and Larry Brinkley, Florida State.

DETROIT (AP) — Earl Morrall, long the Detroit Lions' bull-pitcher, has pitched himself from the role of fireman to that of Big Chief in one of the "sleeper" stories of the current National Football League season.

Turned Seat Over Instead of being a bench-warmer and waiting for the cue to relieve Milt Plum, the 29-year-old Morrall has turned over his second-fiddle seat to Plum, who now is mainly a kicker.

Morrall, a former Michigan State star, sealed his bid for the Lions' No. 1 quarterback spot after a 5-year wait with a dazzling passing performance last Sunday. He led Detroit to a 45-7 triumph over San Francisco.

Plum had been Wilson's starting "pitcher" ever since coming to the Lions from Cleveland before the 1962 season. But Plum wasn't able to keep the team rolling, and his demotion became only a matter of time when the Lions got off to a horrendous start this season.

Stumbled Picked in pre-season polls as an NFL title contender, Detroit stumbled to a 2-4 record with Plum starting at quarterback.

Morrall, as usual, was the backup man and usually saw service in the second half.

Wilson gave Morrall a shot at the starting assignment against Minnesota Oct. 27. He responded by leading the Lions to a 28-10 victory.

Lauren Brown coached Michigan State to five straight ICAA cross country titles beginning in 1933.

Princeton holds a 28-4 edge in its football rivalry with Columbia.

Meeting Set For City's Cage League

A meeting will be held tomorrow evening at 7 in the City Commission Chambers for all teams interested in entering the Municipal Basketball League, conducted by the Parks & Recreation Department.

It is important that each team wishing to enter the league have a representative present at this meeting.

The league will again be divided into two divisions, Class A and B, and games will be played on Monday and Tuesday nights at the armory.

Proebstle Has Big Chance To Prove Himself

EAST LANSING (AP)—It isn't as if a kid quarterback is taking over at Michigan State as signal-caller for the game with always-dangerous Purdue.

Dick Proebstle, suddenly elevated to starter by the injury to Steve Juday, is bigger, older and more experienced than the sophomore he replaces.

Coaches waited until the last minute this fall before deciding on their starter. They gambled on Juday because of his passing. Although not brilliant by Big Ten standards, he prevented any jamming of the line to stop the Spartan running game.

With Juday out for the season Proebstle has a chance to prove himself. Juday hit 30 of 68 tries for a respectable 509 yards and five touchdowns.

Proebstle, seen only in relief roles, has five hits in 15 tries for 55 yards and one touchdown.

Junior In Football Proebstle, from Canton, Ohio, is a senior in college but a junior in eligibility because he sat out last year with a chest injury. A 6-2, 21-year old, 200-pounder, he is three inches taller, two years older and about 25 pounds heavier than Juday.

Coaches rate Proebstle the better runner. He has 53 yards rushing while Juday had minus 58 yards, mostly on being caught back trying to throw.

Proebstle will run the ball when he gets the chance. He also did a good job of running the ball club when Juday went out in the first period against Wisconsin.

Dave McCormick, a sophomore from Chicago, is the second quarterback. McCormick has moved the team for just a few plays, but his single pass so far was an 18 - yarder for a touchdown on a fake field goal.

The quarterbacks got all the attention in practice Tuesday night. In addition to working with Proebstle and McCormick on offense, coaches had practice thrower Roger Halley playing the role of Purdue's Ron Digraivio as the defense worked on pass protection.

Football League meeting with the Minnesota Vikings. Starr, who suffered a fractured bone in his hand against the St. Louis Cardinals Oct. 20, had trouble gripping the ball. He continued to wear a splint. Starr will have his hand examined later this week.

GREEN BAY, Wis. (AP) — Green Bay quarterback Bart Starr tested his ailing right hand with a few short passes Tuesday as the Packers prepared for Sunday's National

Tech Shares Win Honors With MSU

Michigan Tech and Michigan State share the honor as the state's winningest football teams this week as the season rapidly draws to a close for some of the smaller schools.

Michigan Tech, which completed its season last Saturday, finished with a 6-2 record for a percentage of .750. Michigan State has the same percentage on a 4-1-1 mark. The Spartans have three games remaining.

Cassius-Sonny Fight Slated For February

DENVER (AP) — Mid-February is the time and Los Angeles is probably the site for Sonny Liston's defense of his heavyweight boxing championship against Cassius Clay.

In a zany setting Tuesday, they signed contracts for a 15-round title fight expected to gross a record \$6 to \$8 million.

Two separate Los Angeles groups, one headed by former champion Joe Louis, offered guarantees of more than \$1 million for the right to stage the battle.

Site Selection Soon Jack Nilon, Liston's advisor, said other bids have been received from Minneapolis, Chicago, Miami and Las Vegas. He said the site will be announced within two weeks.

Clay, unbeaten since turning pro in 1960, will get 22 1/2 per cent of the receipts—described as a record for a challenger.

Liston, who received 12 1/2 per cent in his challenge fight against Floyd Patterson in Chicago, will get 40 per cent.

Spontaneous comedy spiced the contract signing at the Denver Hilton.

Swagger Shouting, "I'm the greatest, here comes the next champion," Clay swaggered in the room.

He first refused to sit beside Nilon, who was seated beside Liston "I don't want to be near him," Clay said.

Liston, who alternately frowned and smiled, got into the act by pulling out a pair of rabbit fur-coated boxing gloves and asking Clay if he wanted the champion to wear those for Clay's safety.

Clay seemed at a loss for words before waving off the offer with his oft-repeated: "I'm the greatest, I ain't scared of nobody."

Cellar Dwellers Fight On

DETROIT (AP) — A battle of tail-enders.

That describes tonight's National Basketball Association contest between the Detroit Pistons and the Philadelphia 76ers.

The 76ers, having lost six of their eight games this season, are the cellar-dwellers of the NBA's Eastern Division. The Pistons, with a 1-5 record, hold down the same spot in the Western Division.

Streak Lead Burdened with a four - game losing streak, the Pistons' only consolation is that they mastered the 76ers earlier this season for their only victory.

Detroit will be playing tonight without forward Bailey Howell, who is sidelined with a sprained finger.

Claassen Says MSU, Michigan To Lose Games

By HAROLD CLAASSEN NEW YORK (AP) — And then there were but three.

Nine weeks ago every college football team had an unblemished record and every coach dreamed of an unbeaten season. Now only three big time teams remain unbeaten and untied — Texas, Auburn and Princeton.

Each meets a formidable rival this weekend but each should squeak through and continue unscathed into the campaign's final weeks.

733 Record Nine weeks ago all football forecasters also had perfect records. Now this corner is only 733 perfect on 267 correct guesses and 97 incorrect ones following last weekend's 41-18-695 figures.
