Western U.P. Belted By Heavy Snowstorm

(By the Associated Press) Ironwood dug out from under one foot of heavy snow today in the first major snow storm of the season for Michigan's Upper Peninsula. The snowfall continued throughout the morning. Roads were reported open but slippery with traffic moving normally.

The storm struck Monday night and has moved as far east as Marquette. Besides Ironwood—near the Wisconsin border on the extreme west end of the state—heavy snowfall was reported around Wakefield where up to six inches had fallen by dawn. Roads were reported slippery eastward to Bruce Crossing along M 28 near the intersection of U.S. 25. Snow also fell at Calumet in the Keweenaw Peninsula, and at L'Anse. State police reported difficult driving on U.S. 2 and other roads east to Marquette and beyond.

Group Seeks To Head Off Arms Break

UNITED NATIONS, N. Y. (AP)—A go-between mission of smaller nations sought today to avert a U.S.-Soviet break over a Russian proposal for changes in the disarmament resolution before the U.N. General Assembly.

The sponsors had expected to reach a vote last week after the United States and Britain signified approval. But the Russians circulated a working paper among delegations Friday suggesting (1) elimination of any call for specific measures such as guarding against surprise attack and (2) omission of a provision that the Geneva talks would be based on a set of principles the United States and the Soviet Union agreed on two years ago.

U. S., Britain Opposed

The Russians also proposed that the mandate of the Geneva commission be broadened to permit discussion of international tensions, and opening the negotiations to political issues.

With the United States and Britain opposed to such changes, the assembly's main political committee suspended its debate on general disarmament and switched to consideration of a proposal for a nuclear-free zone in Latin America.

U. S. Cardinals Clash Openly At Vatican Council

VATICAN CITY (AP)—American cardinals at the Vatican Ecumenical Council clashed openly with each other today on a controversial proposal to enable national Roman Catholic bishops' conferences to deal more closely with the Pope.

James Francis Cardinal McIntyre of Los Angeles denounced a move to give such conferences judicial powers and said he saw in such efforts "an indirect attack against papal infallibility."

Joseph Elmer Cardinal Ritter of St. Louis and Albert Gregory Cardinal Meyer of Chicago spoke in favor of the proposal contained in a schema on bishops and diocesan government.

Networks To Air Press Conference

NEW YORK (AP)—Both live and delayed television and radio broadcasts are planned for President Kennedy's news conference at 11 a. m. (EST) Thursday.

National Broadcasting Co. plans live television coverage. Live radio coverage is planned by NBC, American Broadcasting Co., Columbia Broadcasting System and Mutual Broadcasting System.

CBS will televise the news conference at 1:30 p. m., and ABC at 2 p. m.

The Weather

Forecast for Marquette and vicinity: Mostly cloudy and cold tonight and Wednesday with snow flurries occasionally mixed with light rain; low to night around 32; high on Wednesday, 35 to 40. Outlook for Thursday: Little change.

Forecast for Lake Superior: Small craft warnings in effect; north to northwest winds 25-35 knots tonight and Wednesday and occasional snow flurries. Lake temperature, 56.

Data for 24 hours ending at noon: Temperatures — 35 at 6 a. m.; 37 at noon; highest in last 24 hours, 43 at 1:30 p. m. yesterday; lowest in last 24 hours, 34 at 6:30 a. m. today.

Relative humidity at noon — 83 per cent.

Precipitation — .02 of an inch in last 24 hours; total to date this year, 20.08 inches; normal to date, 27.61 inches.

Sun rises at 7:48 a. m. and sets at 5:19 p. m. tomorrow.

Records for Nov. 12 — Maximum temperature, 63 in 1884; minimum temperature, 7 in 1911; most precipitation, .74 of an inch in 1945.

Fire Razes Building On Soo Tech Campus

SAULT STE. MARIE (AP)—A fire destroyed the old auditorium building on the Soo campus of the Michigan College of Mining and Technology Monday night. The auditorium had been under demolition in preparation for a \$750,000 building project.

Workers began razing the old building earlier Monday. Fire Chief George des Jardins said the blaze might have started from a workman's cutting torch. No one was injured.

Search Abandoned For 3 Missing Men

DETROIT (AP)—The Civil Air Patrol Monday called off its search for three Detroit men missing since Nov. 2 on a flight to Buffalo, N. Y.

A search by the Royal Canadian Air Force ended the night before after covering a reported 22,400 miles.

Lost on the Buffalo flight were William S. Mouser, Detroit News bridge writer; and William M. Flashenberg and William A. Nazzaro.

Russ Arrest Professor On Spy Charge

MOSCOW (AP)—The Russians announced today the arrest of Prof. Fred C. Barghoorn of Yale University on a charge of spying—the first such case involving an American since the recent cold war thaw.

The U.S. Embassy got the news from the Foreign Office, which refused to give any information on where he is being held. The embassy was pressing for details of the charge against him.

The author of several books on the Soviet Union, the 52-year-old professor formerly was on the staff of the U.S. Embassy in Moscow. He arrived in the Soviet Union about Oct. 1 on a month's tourist visa. The Foreign Ministry said he was arrested several days ago.

Barghoorn went to Alma Ata, capital of the Central Asian republic of Kazakhstan at the time of an exhibition of American graphic arts there early in October.

An embassy official said he last saw Barghoorn Oct. 12 at Tbilisi (Tiflis), capital of the Georgian republic. That is the last time he was reported seen by any Westerner.

If the charge follows the usual pattern in cases of foreign tourists accused of espionage, a camera might have gotten Barghoorn in trouble. The usual charge is photographing military installations, and in the Soviet Union that can mean almost anything, such as a bridge.

He is a professor in the Political Science Department at Yale. On Embassy Staff He was on the staff of the American Embassy in Moscow from 1942 to 1947.

Gems Found In New York

NEW YORK (AP)—A cache of diamonds, believed part of the loot from last Friday's \$3-million jewel robbery here, was found Monday night at a Manhattan demolition site.

It was the same site where the robbers had abandoned a hijacked jewelry messenger service car from which police recovered \$2½ million worth of gems and gold bars.

The value of the newest find was not estimated immediately. The demolition site, on West 40th Street, is a block away from where the car, carrying six unarmed guards, was robbed by five gunmen.

'Satchmo' Has Word For Young Musicians

NASHVILLE, Tenn. (AP)—Trumpeter Louis Armstrong, visiting children at a hospital in Nashville, had this word for young musicians:

"The Lord loves the poor, but not the poor and lazy, so get in there and wail."

Home Opens Struggle To Keep Power

LONDON (AP)—Prime Minister Sir Alec Douglas-Home's new Conservative government embarked today on a crucial struggle for victory in next year's general election with a call for modernization of British industry to get the full productive benefits of the age of automation.

The government, in Queen Elizabeth's speech from the throne opening the new session of Parliament, also announced plans for sweeping improvements in social services.

The speech, written by Sir Alec's Cabinet, promised to strive for world peace and "to support the freedom of West Berlin."

As Parliament reopened, political expectancy was higher than at any time since the 1959 general election.

Recent special elections and public opinion polls indicate strongly that if national elections were held today, the Conservatives would suffer a humiliating defeat and Britain would have a Labor government for the first time since 1964.

Hopes To Reverse Trend

Douglas-Home is relying on a lavish program of housing and educational expansion and industrial reform to reverse the anti-Conservative trend.

Francis H. Horn of the University of Rhode Island said the education of broadly informed citizens can no longer be accomplished in the traditional four years.

Undergraduates should not be required to study some particular field in depth, Horn said, particularly "if such depth is at the expense of exposure to and understanding of some of the humanities, including the fine arts, the social sciences, and the natural sciences."

"The student," Horn added, "should be introduced to as many areas of the arts and sciences as possible. He shouldn't have to miss either chemistry or Shakespeare, art of anthropology."

Horn made his proposals in a speech at the annual meeting of the Association of State Universities and Land-Grant Colleges.

In urging that college be extended from four years to five, Horn struck at one of the most hallowed traditions in higher education. The four-year college program has been handed down over the centuries from the Middle Ages.

"The inflexible academic lockstep must be broken," Horn said. "Some students may make it in four years; others will require six, depending upon the student's ability and application of the student and quality of his secondary (high school) education."

Horn said he expected his proposal to do away with academic majors to be resisted. "Pope's aphorism, 'a little knowledge is a dangerous thing,' will be cited," he said. "But Pope was wrong."

"A little knowledge of Shelly, Moliere, or Tolstoy is better than no knowledge at all, so long as that little is accurate. Similarly, a little understanding of Keynesian economics, existentialism, or Soviet foreign policy is better than none at all, again provided that that little is accurate, and that the student possesses reasonable intelligence."

USAF Begins Flying 'Big Lift' Men Home

FRANKFURT, Germany (AP)—The U.S. Air Force started flying the men of Operation Big Lift home today.

The first C135 jet returning troops of the 2nd Armored Division to the United States took off from Rhein-Main Air Force Base just before noon. Aboard were 73 men commanded by 1st Lt. Alden L. Haswell of White Plains, N. Y.

Docs Amputate Leg, Hip Of Cancer-Stricken Girl

CLEVELAND (AP)—Blonde Mrs. Lily Simko was confused, brokenhearted, but most of all she was bitter — at everyone. Three floors up in an operating room, surgeons were amputating the right leg of Christine, her 14-year-old daughter.

Seated in a corridor of Metropolitan General Hospital, Mrs. Simko remained unconcerned to the facts. "What kind of life can my daughter have now she asked as sobs broke her voice.

Malignant Tumor Christine had a life-or-death question hanging over her. She had a malignant tumor in her right hip. Doctors agreed that only removal of the leg — including the hip — could save the girl's life. Otherwise, life expectancy was reduced to 6-18 months.

Now, Christine has a reasonable chance to be cured over a five-year period. Every week and month brings added hope, doctors say.

Operation Went Smoothly Four surgeons completed the operation in five hours Monday. All went smoothly. Christine will be out of bed in a few days. She will walk, first with crutches and then under physical therapy treatment with an artificial limb. Since her hip is gone, the limb will be attached from a strap around the waist.

Mrs. Simko never consented to the operation. Doctors said

Ah, The Wonder Of It All

Little John F. Kennedy, Jr., was enthralled as he walked past a row of wind-whipped flags leaving Arlington National Cemetery amphitheater Monday after watching his father, the President, place a wreath on the Tomb of Unknowns during Veterans Day ceremonies. (AP Wirephoto.)

Educator Seeks Overhaul Of U. S. College Education

CHICAGO (AP)—A major overhaul of college education may be extending it from four years to five and postponing specialization until graduate school, was proposed here today by a university president.

Francis H. Horn of the University of Rhode Island said the education of broadly informed citizens can no longer be accomplished in the traditional four years.

Undergraduates should not be required to study some particular field in depth, Horn said, particularly "if such depth is at the expense of exposure to and understanding of some of the humanities, including the fine arts, the social sciences, and the natural sciences."

"The student," Horn added, "should be introduced to as many areas of the arts and sciences as possible. He shouldn't have to miss either chemistry or Shakespeare, art of anthropology."

Horn made his proposals in a speech at the annual meeting of the Association of State Universities and Land-Grant Colleges.

In urging that college be extended from four years to five, Horn struck at one of the most hallowed traditions in higher education. The four-year college program has been handed down over the centuries from the Middle Ages.

"The inflexible academic lockstep must be broken," Horn said. "Some students may make it in four years; others will require six, depending upon the student's ability and application of the student and quality of his secondary (high school) education."

Horn said he expected his proposal to do away with academic majors to be resisted. "Pope's aphorism, 'a little knowledge is a dangerous thing,' will be cited," he said. "But Pope was wrong."

"A little knowledge of Shelly, Moliere, or Tolstoy is better than no knowledge at all, so long as that little is accurate. Similarly, a little understanding of Keynesian economics, existentialism, or Soviet foreign policy is better than none at all, again provided that that little is accurate, and that the student possesses reasonable intelligence."

Skaters Get Back On Ice

GRAND RAPIDS (AP)—The Holiday on Ice touring company, shaken by disaster in Indianapolis 13 days ago, was back on its blades here today as crowd-pleasing, professional entertainment unit.

A test-of-mettle performance Monday night went off without a hitch before a near-capacity crowd of 3,200 persons at Civic Auditorium.

It was the first time for the unit to appear in public since Oct. 31, when a gas-triggered explosion ripped the Indianapolis Fairgrounds Coliseum. The explosion killed 71 spectators, the latest victim dying in a hospital Monday, and injured about 380 others.

Oak Ridge Strike Ends

OAK RIDGE, Tenn. (AP)—The longest strike in Oak Ridge labor history has ended at two atomic plants operated here for the Atomic Energy Commission.

Strikers at the facilities began returning to their jobs with the Union Carbide Nuclear Co. Monday night after voting to accept a 3-per cent wage increase and end a 28-day walkout.

In addition to pay boosts averaging 7 to 10 cents an hour, the strikers, represented by the Atomic Trades and Labor Council, won premium pay for weekend shifts. The workmen will get an additional 15 cents an hour for Saturday work and 25 cents extra for Sunday.

Hoffa Loses Bid To Block Trial

WASHINGTON (AP)—James R. Hoffa, Teamsters' Union president, today lost in an effort to have the Supreme Court block his trial in Nashville, Tenn., on jury tampering charges.

The high tribunal rejected a petition by Hoffa asking review of his unsuccessful moves to have the trial transferred to a U.S. District Court other than the one in Nashville.

High Court To Hear Arguments On Eight Apportionment Pleas

WASHINGTON (AP)—The Supreme Court plunges deeply today into the thicket of state legislative and congressional apportionments.

The tribunal has scheduled arguments in eight appeals that will be debated for more than 17 hours through this week's court sessions and winding up early next week.

Prison Links 2nd Con To Escape Try

JACKSON (AP)—A second of the four long-term convicts who broke out of Southern Michigan Prison last spring has been implicated in an attempted escape Saturday night.

Prison officials disclosed Monday that after Richard E. Mauch was involved in Elmer J. Crachy's foiled attempt.

Crachy, 35, a burglar, was trapped trying to saw his way out of his cell in maximum-security cell block.

Mauch was implicated when a hand-drawn map of the city of Jackson and a drawing of a cell door key were found in his cell, officials said.

Soviets Let Convoy Pass

BERLIN (AP)—A U.S. Army convoy traveled across East Germany today without hindrance from the Soviets, despite their recent attempts to tighten autobahn controls.

The convoy of 13 vehicles and 54 men arrived in West Germany from Berlin at mid-afternoon. It had left the checkpoint outside Berlin this morning.

The convoy was the third sent onto the Autobahn by the Western allies since the Russians held up a U.S. Army group of 12 vehicles and 44 men for 41 hours last week at Marienborn when the Americans refused to dismount to be counted.

Skaters Get Back On Ice

GRAND RAPIDS (AP)—The Holiday on Ice touring company, shaken by disaster in Indianapolis 13 days ago, was back on its blades here today as crowd-pleasing, professional entertainment unit.

A test-of-mettle performance Monday night went off without a hitch before a near-capacity crowd of 3,200 persons at Civic Auditorium.

It was the first time for the unit to appear in public since Oct. 31, when a gas-triggered explosion ripped the Indianapolis Fairgrounds Coliseum. The explosion killed 71 spectators, the latest victim dying in a hospital Monday, and injured about 380 others.

Oak Ridge Strike Ends

OAK RIDGE, Tenn. (AP)—The longest strike in Oak Ridge labor history has ended at two atomic plants operated here for the Atomic Energy Commission.

Strikers at the facilities began returning to their jobs with the Union Carbide Nuclear Co. Monday night after voting to accept a 3-per cent wage increase and end a 28-day walkout.

In addition to pay boosts averaging 7 to 10 cents an hour, the strikers, represented by the Atomic Trades and Labor Council, won premium pay for weekend shifts. The workmen will get an additional 15 cents an hour for Saturday work and 25 cents extra for Sunday.

Hoffa Loses Bid To Block Trial

WASHINGTON (AP)—James R. Hoffa, Teamsters' Union president, today lost in an effort to have the Supreme Court block his trial in Nashville, Tenn., on jury tampering charges.

The high tribunal rejected a petition by Hoffa asking review of his unsuccessful moves to have the trial transferred to a U.S. District Court other than the one in Nashville.

The central theme in the cases is the allegation that metropolitan area voters are discriminated against by divisions favoring rural areas. Out of the group of cases is expected to come an understanding of what is necessary under the Constitution to provide fair representation to all citizens.

Appeals

Appeals to be heard this week, in this order, are from New York, Alabama (three cases), Maryland and Virginia. They involve legislative districting. Next week cases involving congressional apportionment in Georgia and New York will be heard. Still another legislative districting case, from Delaware, will be argued Dec. 9.

Other requests for hearings are pending in cases from Michigan, Florida, Washington, Ohio, Oklahoma, Colorado and New York City's borough of Queens. Action on these requests may be deferred pending final decisions in the cases now for argument.

1962 Ruling

The Supreme Court March 26, 1962, in a Tennessee reapportionment case ruled for the first time that state legislative districting was subject to constitutional challenge in federal courts. The ruling gave no hint as to what degree of equality the Constitution requires.

With the door thus opened to apportionment suits, a flood of litigation developed in lower courts. Imbalances in districting have been attacked in suits in more than 20 states. Lower courts have given conflicting decisions that seem to require eventual resolution by the Supreme Court.

While all this litigation is under way, numerous states have changed or are in process of changing the representation of urban and suburban areas in their legislatures.

In the confused situation, a Justice Department "friend of the court" brief filed with the Supreme Court contended that population must be the basic standard for districting. It said gross inequalities exist that violate the equal protection guarantee of the Constitution's 14th Amendment.

The brief was signed by Solicitor General Archibald Cox, who will present the department's views during the arguments this week and next. The brief said any deviation from a population standard is unconstitutional unless the differentiation has a relevant and substantial justification. It added that the high court need not decide now what would be a substantial justification.

Resolution Could Kill Fiscal Reform Plans

LANSING (AP)—A resolution facing a House committee could end the special legislative session, killing fiscal reform this year, with the idea of calling a new special session at once on constitutional implementation.

Rep. Riemer Van Til, R-Holland, introduced a resolution for final adjournment, and it was referred Monday night to the House Rules and Resolutions Committee.

Premier Salah Bitar Resigns In Syria

DAMASCUS, Syria (AP)—Premier Salah Bitar has resigned, the National Revolutionary Council announced today. His resignation was accepted.

Oak Ridge Strike Ends

OAK RIDGE, Tenn. (AP)—The longest strike in Oak Ridge labor history has ended at two atomic plants operated here for the Atomic Energy Commission.

Strikers at the facilities began returning to their jobs with the Union Carbide Nuclear Co. Monday night after voting to accept a 3-per cent wage increase and end a 28-day walkout.

Hoffa Loses Bid To Block Trial

WASHINGTON (AP)—James R. Hoffa, Teamsters' Union president, today lost in an effort to have the Supreme Court block his trial in Nashville, Tenn., on jury tampering charges.

The high tribunal rejected a petition by Hoffa asking review of his unsuccessful moves to have the trial transferred to a U.S. District Court other than the one in Nashville.

News In Brief

JACKSON, Miss. (AP)—The Mississippi Supreme Court today blocked further mental tests for Byron de la Beckwith and ordered him transferred back to jail here to stand trial for the murder of civil rights leader Medgar Evers.

WASHINGTON (AP)—Gen. John R. Hodge, ret., a decorated hero of the Pacific fighting in World War II, died today in Walter Reed Army Hospital. He was 70. He had been a patient at the hospital since Nov. 6. Retired since 1953, he had made his home at Fayetteville, N. C.

COSENZA, Italy (AP)—A slight earthquake rolled through a section of the Calabrian area of southern Italy today. It damaged some buildings, created panic but caused no injuries. Thousands of persons ran into the streets when the two-second tremor occurred shortly after dawn.

DETROIT (AP)—Methodist bishops from throughout the United States opened a three-day annual meeting here today under pressure from a group of clergymen to take a firm stand condemning strict segregation in Methodist Churches in the South.

PORTSMOUTH, Va. (AP)—The steamship Hercules Victory reported today one of her boilers had exploded and the other was afire. She asked ships in the area, 330 miles northeast of Bermuda, to stand by. The Coast Guard sent the cutter Yakutat and an amphibian airplane to the assistance of the 7,602-gross ton ship.

NEW DELHI (AP)—Soviet Cosmonaut Andrian Nikolayev says the Soviet Union is planning a spaceship that will sustain life in outer space for three years—the estimated time required for a round trip to Mars or Venus.

County To Get \$11,603 In Snow Removal Money

Marquette County will receive \$11,603 this year in snow removal money.

Forty of Michigan's 83 counties had enough snow last year to qualify for snow removal funds from the state, the State Highway Department reports, and 11 of them are in the Upper Peninsula.

Marquette County qualified for the snow removal money with an average snowfall of 88 inches last year.

State Highway Commissioner John C. Mackie said the average snowfall for Michigan last winter was 72.5 inches compared to nearly 79 inches the previous winter and 55 inches in the winter of 1960-61.

This year's snow removal fund totals nearly \$612,000 compared to \$594,000 last year.

Keweenaw Total Most The money, which is set aside from gas taxes and license plate fees, helps defray cost of snow removal in counties which have heavy snowfalls.

Keweenaw County had the highest average snowfall last year—162 inches.

Houghton County was second with 135 inches.

Benzie County had an average of 134 inches of snow last winter—highest in the Lower Peninsula—followed by Antrim County with 131 inches, the same amount it had the previous winter.

Largest To Allegan Mackie said this year's largest payment—\$46,259—will go to Allegan County, which had an average snowfall of 117 inches last winter.

For the last two years, Marquette County has received the highest payment \$101,000 in 1961 and \$31,677 last year.

This year's smallest payment—\$36,97—will go to Mackinac County, which had an average of slightly more than 70 inches.

Qualifying Method To qualify for snow removal funds, counties must have at least 70 inches of snow the previous winter. Distribution of the money is based on a complicated snowfall, mileage and snowfall contour formula.

Snowfall measurements are made at one or more U. S. Weather Bureau stations in every Michigan county.

The largest snowfall recorded in Michigan last season was 190 inches—nearly 17 feet—measured at a station in Keweenaw County.

The smallest was 30 inches at several stations in the Detroit and Port Huron areas.

Most In U. P. The largest snowfall in the Lower Peninsula was 150 inches at a station near Lake Michigan in Oceana County.

The State Highway Department's snow contour map, compiled from information provided by the U.S. Weather Bureau, shows the heaviest snowfall was in the Upper Peninsula and the northwestern part of the Lower Peninsula.

Eight counties south of the Muskegon-Bay City line qualified for snow removal funds compared to only three last year. They were Allegan, Muskegon, Ottawa, Kent, Van Buren, Kalamazoo, Berrien and Cass.

Peninsula Figures Average snowfall for the U.P. counties and amount of money to be paid to qualifying counties include:

Alger County, average snowfall, 116 inches, and payment, \$11,735; Baraga County, 99 inches and \$7,984 payment; Chippewa, 96 inches and \$18,301; Delta, 51 inches (no payment); Dickinson, 52 inches (no payment); Gogebic, 127 inches and \$15,307; Houghton, 135 inches and \$28,574; Iron, 62 inches (no payment).

Keweenaw, 162 inches, \$6,792; Luce, 106 inches, \$7,982; Mackinac, 70 inches, \$37 payment; Marquette, 88 inches, \$11,603 payment; Menominee, 41 inches (no payment); Ontonagon, 127 inches, \$16,239 payment, and Schoolcraft, 93 inches, \$5,283 payment.

Services On Friday She is survived by her husband, John; two sons, James and John III, and four daughters, JoAnn, Jeanny, Karen and Kathy, all at home; her parents, Mr. and Mrs. Alfred Haglund, Skandia; a brother, Richard Gearu, Marquette; six half brothers, Robert, George, Fred and Floyd Haglund, Marquette, and Eugene and David Haglund, Lansing, and a half-sister, Mrs. Robert (Margaret) Swenor, Skandia.

Funeral services will be held at 9 Friday morning in St. Christopher's Church, Marquette Township.

The body was removed to Tomella's Funeral Home, where friends may call after 7 tomorrow evening.

State Negro Chiefs Deny Slowdown

DETROIT (AP)—Negro leaders in Detroit said Monday a diminishing in demonstrations doesn't mean the Negro rights movement has lost momentum.

They also denied a split in their ranks is harming their campaign.

Charges alleging a slowdown

and a harmful split came Sunday from Rep. Adam Clayton Powell, D-N.Y., at a rally of 3,000 Negroes. The Detroit Council for Human Rights, rally sponsors, had hoped to have 20,000 persons attend.

Last Resort Mrs. Gloria Brown, chairman of the Detroit unit of the Congress of Racial Equality, said demonstrations are a last resort if negotiations fail to produce what she called integration reforms.

"There are other methods of approach to the Negroes' problems just as positive as the outside demonstration," said Francis A. Kornegay, director of the Detroit Urban League.

During the DCHR conference, the Group on Advanced Leadership held a rival conference, claiming the DCHR rally didn't include plans to discuss "self-defense and independent political action."

'Completely Uniform' Meanwhile, Detroit Mayor Jerome Cavanagh also replied to charges leveled by Powell.

Powell had criticized what he called a lack of Negro participation in Detroit city government.

"As usual, Powell is completely uninformed," said Cavanagh. "This city has enjoyed considerable progress in the area of human rights with no thanks to men of the calibre of Powell."

Investigation Continuing In Fatal Stabbing Case

A city and state police team was working today with juvenile court authorities in the investigation of the fatal stabbing yesterday of a Marquette area boy.

Victim of the stabbing was William ("Billy") Erb, son of State Police Trooper and Mrs. LaMar A. Erb of Lakewood.

The Erb boy was 12 years old and would have been 13 Monday.

Hearing This Week Michael DePeitro, 14, son of Mr. and Mrs. Daniel DePeitro, 540 Bluff St., is being held in the Marquette County Detention Home. He is awaiting a preliminary hearing in the juvenile division of Marquette County Probate Court. The hearing is expected to be held later this week.

Probate court has mandatory jurisdiction in cases in which the person is 14 years of age or younger.

Statements Taken Det. Sgt. Walter Barkell of the Marquette State Police Post and City Police Det. Marvin Gauthier are conducting the investigation, in cooperation with probate court, authorities Police Chief George Johnson said.

Today the investigators were taking statements from 10 to 12 youngsters who witnessed the stabbing.

The stabbing occurred between 7:15 and 7:30 in front of a home on Ohio St., just west of Third St., a block from Gravaert Junior High School, where both boys were students.

Free Columbinas Offered In Ad

DENVER (AP)—A classified advertisement invited readers to send to the Columbine Pipe & Tube Co. for their free columbine, "potted in an attractive container."

A company official wailed that someone put in the ad to embarrass them. The company carries no columbinas, just pipes and tubes.

CHEETAH TRAINING In training the cheetah for hunting natives of India hold it by a leash and blindfolded until the quarry is seen. Freed, the cheetah makes a quick dash for the animal and holds it down until the hunters come.

Free Columbinas Offered In Ad

DENVER (AP)—A classified advertisement invited readers to send to the Columbine Pipe & Tube Co. for their free columbine, "potted in an attractive container."

A company official wailed that someone put in the ad to embarrass them. The company carries no columbinas, just pipes and tubes.

CHEETAH TRAINING In training the cheetah for hunting natives of India hold it by a leash and blindfolded until the quarry is seen. Freed, the cheetah makes a quick dash for the animal and holds it down until the hunters come.

Vernon Miljour, Gwinn, receives a three-year training certificate and scoutmaster's key from Marvin Gibson (left), Marquette, Pere Marquette District training chairman. The presentation was made at last night's district meeting, held in Marquette.—(Jim Gooch photo.)

78 Attend Scout Leader Parley Here

Seventy-eight Cub and Boy Scout leaders attended the Pere Marquette (Marquette and Alger Counties) District roundtable session held last night in the Messiah Lutheran Church here.

A three-year training certificate and scoutmaster's key was presented by Marvin Gibson, Marquette, district training chairman, to Vernon Miljour, Gwinn.

Sawyer Unit Honored

Presentation of the honor unit roundup award was made to Troop 350, K. I. Sawyer Air Force Base, by R. Ralph Smith, Marquette, Hiawathaland (Upper Peninsula) Scout executive, and Clifford Jackson, Ish-

Temperature Drop, Snow Occur Here

Harbingers of winter were apparent this morning in the area, as the mercury dropped near the freezing point and snow flurries prevailed.

The snow didn't stay on the ground, but motorists were advised by Police Chief George G. Johnson not to wait until a big snowfall occurs before getting their snow tires put on their cars.

"Most motorists are caught unawares by the first snowstorm," Chief Johnson said. "The best bet is to be prepared now."

Cloudiness, occasional light showers of rain or snow and cool temperatures are expected to continue for the next several days.

The low temperature overnight was 34 at 6:30 this morning, the coolest temperature here in the last eight days.

With a high of 43 and low of 35, the average here yesterday was 39, three degrees above normal. Temperatures have been above normal since Nov. 3 and the average for the month is 5.5 degrees above normal.

Snowfall in West U. P.

Precipitation yesterday and this morning amounted to only a trace, although rain showers occurred on and off from early yesterday morning through 4:30 p. m. and snow flurries occurred this morning.

It was colder at the western end of the Peninsula and snowfall there amounted to six inches in places. This morning it was snowing in Ironwood, where the temperature was 30, in Menominee, where it was 33, and in Calumet, where it was 32.

At Airport

There was light snow this morning at the Marquette County Airport in Negaunee Township, where the temperature was 31.

So far this year precipitation has amounted to 20.06 inches, compared to a norm of 27.61.

Meteorologist Rolland Wendlick said a high pressure center which continues to move south-eastward from Western Canada will cause the rain or snow shower activity during the next few days.

Condition Of Crash Victim 'Critical'

Officials at St. Luke's Hospital this morning reported that the condition of Kenneth R. Peterson, 28, of 523 E. Hewitt Ave., was "somewhat improved, but still critical."

Peterson was injured when his car, being driven south on County Road 550 at 1:50 Sunday morning, went off the right side of the highway on a curve in Powell Township and smashed into a pine tree.

The car was a total wreck and Peterson, suffering head and severe internal injuries, was taken to St. Luke's Hospital in the Marquette city ambulance.

He was alone at the time, state police said.

Some 2,200 vessels have been wrecked near Cape Hatteras, N.C., in 400 years.

City Buys Land For Power Site

Purchase of some property on S. Lake St., adjacent to some property which the city owns and on which it plans to develop as the site for the new steam electric generating plant, has been authorized by the city commission.

Being purchased, in the amount of \$4,000, from W. A. Zerbek of Marquette is a section of property with about 115 feet of water frontage, east of Lake St. and east of the Soo Line Railroad Co. right-of-way.

City Manager Thomas Moore said that inasmuch as the city owns the property on both sides of the Zerbek property, and due to the specific peculiarities of this property and the way it is situated at the base of the city's proposed docking facility, there would be no advantage to the city in asking for competitive bids.

The Zerbek property is adjacent to the Standard Oil Co. property which the city purchased on Sept. 30.

The commission also amended its Sept. 30 purchase resolution to correct "an inadvertent error," to show the consideration as being \$63,000, instead of \$60,000.

"We had been talking in round figures," stated City Attorney Waldo A. McCrear, "but \$63,000 was the exact total under consideration."

Miljour, a teacher in the Gwinn schools, is scoutmaster of Troop 314, sponsored by the Gilbert School Parent-Teacher Association. In addition to his normal troop duties for several years, Miljour has helped operate many of the district's scoutmaster training courses.

He attended the eight-day wood badge training session last summer in Boulder Junction, Wis. Two of his sons are registered to attend the 1964 National Boy Scout Jamboree at Valley Forge, Pa., next summer.

Miljour also is serving as cubmaster of Pack 314 and Mrs. Miljour is a den mother.

Sawyer Air Force Base honor guard; George N. Spear Jr., commander of the Marquette American Legion Post, which sponsored the ceremony; Lt. Ernest Lee Neumann III, executive officer with the Marquette National Guard company; Marvin Buck, chaplain of the Legion Post, and Jack Dempsey, Legion program chairman.—(Mining Journal photo.)

Group Eyes Court Plan For State

LANSING (AP)—A legislative group preparing bills for implementing the new constitution will receive a recommended plan today for setting up three appellate court districts with three judges each.

One of the districts, though smallest of the three in population, would extend from Michigan's southwestern boundary to its northern border, encompassing 63 counties including all 15 in the Upper Peninsula.

Wayne County would make up

one district, and 19 other counties in the southeastern part of the state would comprise the other.

5-1 Vote
In adopting the plan by a 5-1 vote Monday, a subcommittee of the 18-member Implementation Committee discarded two other proposals which had been discussed earlier.

The new constitution requires the appellate court, to serve an intermediate role between circuit courts and the Michigan Supreme Court, be divided into districts as nearly equal as possible in population, and have a total of nine judges.

Each judge would serve a six-year term and be nominated by the same method as circuit judges are nominated.

Terms
In the first election, in 1964, each district would have one judge elected for 10 years, one for eight years and one for six years.

The plan was drawn up by Rep. Thomas Whinery, R-Grand Rapids.

The 19-county district would be composed of St. Joseph, Branch, Calhoun, Hillsdale, Lenawee, Monroe, Washtenaw, Jackson, Ingham, Livingston, Oakland, Macomb, St. Clair, Lapeer, Genesee, Shiawassee, Sanilac, Tuscola and Huron Counties.

Part Of District
Berrien and Cass Counties, which make up part of Michigan's southern border, would be part of the 63-county district.

Three Drivers Pay \$26 In Ewing's Court

Three persons paid a total of \$26.90 in fines and costs when they appeared before Justice Lawrence C. Ewing in Choccolay Township Court.

Edward C. Boiler, Route 1, Marquette, was fined \$14.30 for violation of the basic speed law. State police ticketed him Sept. 10 on the Little Lake Road.

For exceeding the night speed limit, Jack C. Berryman, K. I. Sawyer Air Force Base, was fined \$6.30. He was issued the summons by state police Sept. 30 on County Road 551.

Rodney E. Gilbert, Route 1, Marquette, paid a \$6.30 fine for having defective brakes. State

Here's Why Rector Doesn't Go To Zoo

FORT COLLINS, Colo. (AP)—Why doesn't A. R. Rector ever go to the zoo? Take a look at his back yard, and count the

animals: Nine buffalo, one hundred peacocks, and 17 pheasants. Not to mention all the cats. "I like animals," says Rector.

The camel is mean and ill-tempered and never makes friends with humans.

Hunter Asks Trial; 2nd Fined Here

Four simple mistakes in investing and how to avoid them

Many of the estimated 17,000,000 Americans who are share-owners have acquired stock to have a second income from dividends. Others hope their money will grow over the years. Whatever your goal, you can benefit from not making these easy-to-avoid mistakes:

Mistake No. 1: Choosing your broker at random.
How to avoid: Look up a nearby Member Firm of the New York Stock Exchange. Each Member Firm is different, with its own services and characteristics. But each has these things in common: It is subject to the many regulations of the Exchange. And its Registered Representatives had to measure up to Exchange requirements when they became Member Firm brokers.

Mistake No. 2: Setting out to get rich in a hurry.
How to avoid: Ask yourself what's important to you. Then with the help of your Member Firm work out a simple long-range investment program in keeping with your circumstances.

Keep in mind that stock and bond prices go both down and up. A company may not continue to pay dividends or interest. You'll want to look for companies you think will prosper.

Mistake No. 3: Investing hastily on a tip.
How to avoid: Base your judgment on facts. Such as the company's recent record. Its earnings. The dividends it pays. The price of the stock in relation to dividends. And inquire about the greater stability bonds often provide.

Will your broker's judgment or his firm's always be right? Nobody is always right. What they will gladly give you is help based on facts as they see them—so that you can make better judgments of your own.

Mistake No. 4: Investing all the money you can find.
How to avoid: For investing use only money you don't need for living expenses or emergencies. A lot of people find it wise to invest *regularly*. Through our Monthly Investment Plan you can acquire stock by investing with as little as \$40 every three months.

You'll find much valuable information in our booklet, "INVESTMENT FACTS." Send the coupon for a free copy.

Pontiac Hunter Killed In Gogebic; 5 Wounded In Accidents In County

Upper Michigan's deer hunting report was darkened today by the first gunshot fatality of the year.

Two other hunters and another person died in a highway crash.

Seven persons were wounded in four other hunting mishaps, two of which occurred in Marquette County. No more hunters were reported lost, with the total for the first three days of the season remaining at 15.

The hunting season, for the second straight year, opened on the second Saturday of November in the Upper Peninsula west of M-77. Elsewhere in the state it opens on the 15th (this Friday).

State police said Clayton E. Cunningham, 49, Pontiac, was shot fatally while hunting south of the Matchwood Fire Tower, in Marquette Township, Gogebic County. Found dead on a trail, Cunningham had been shot in the right arm and chest by a 12-gauge shotgun.

Hunters in the area reported hearing two shots and a man's cry: "Help, I've been shot." They began searching, state police said, and found Cunningham's body, yesterday morning.

Probe Continues
A coroner's jury last night ruled he was shot by an unknown hunter. An investigation is continuing.

Cunningham had been hunting in an area 35 miles east of Ironwood with his wife, Ida, and his brother-in-law and sister, Mr. and Mrs. Ervina Hyzer, Pontiac.

The highway crash, on M-77, north of Seney, killed Ray Stevens, 68, and Raymond Lucas, 64, Battle Creek, along with William Klanser, 53, Grand Marais. State police said Klanser, driving south, apparently crossed the centerline of the two-lane blacktop highway. Stevens and Lucas were bound for a hunting camp.

Hunting Accidents
State police reports on the four hunting accidents, which increased the season's non-fatal woundings to 10, follow:

1. At 3:30 yesterday afternoon James Willey, 15, of 226 Zoberline St., Ishpeming, shot Joseph Willey, 12, of 602 E. Empire St., Ishpeming, in Sagola Township, Dickinson County, when the shooter, using a .30-30 rifle, thought he was firing at a coyote. The victim was wearing a gray coat, officers said.

Struck In Leg
The victim was struck in the upper right leg, suffering a flesh wound, and was treated by a physician.

2. In a freak accident at 1 yesterday afternoon at the Henry E. Adams residence in Republic Township, three persons were injured.

State police said Maurice Mead, 64, Monterey, Calif., had gone with a companion to visit the Adamses. They had placed their guns outside the home and when they went outside they were accompanied by Henry, 53; Glenn H. Adams, 27, and Lewis E. Adams, 23, both of Route 1, Republic. Mead picked up his rifle and placed it, muzzle down, on a rock, with the gun discharging and the three Adamses being injured.

Two Hospitalized
Henry suffered three small lead fragments in his lower right leg, along with several small puncture wounds in his left leg. Glenn suffered three small lead fragments in the upper portion of his right leg. Lewis suffered a lead fragment in his right wrist and several small puncture wounds in his right thigh.

State police said the blast shattered when it struck the rock. The injured persons were taken to a physician in Ishpeming for treatment and the two younger Adamses were brought to Bell Memorial Hospital, Ishpeming.

3. At 4:30 yesterday afternoon two Ishpeming hunters were injured while they were riding through the woods, in Tilden Township. State police said Paul Hilsabeck, 39, of 828 Michigan St., suffered three wounds from lead fragments in his left thigh and Gordon Hilsabeck, 34, of the same address, suffered a small abrasion on his back.

Officers said a blast from an unknown hunter's rifle went through the car, in the rear of the front seat, with the bullet shattering on striking the framework.

The injured persons were taken to Bell Memorial Hospital. State police kept the accident open for investigation.

4. Richard Dobson, Benton Harbor, accidentally shot himself in the right toe with a .303 caliber rifle, in Cedarville Township, Menominee County, at 2:45 yesterday afternoon.

Fell Asleep
State police said he was hunting with his father and had fallen asleep. When he got up the gun accidentally discharged. He was taken to a physician in Marquette for treatment.

The hunting season toll thus reads one dead from gunfire, 10 other persons wounded, three hunters dead from heart attacks in the woods and 15 hunters lost, but located.

In the entire 15-day deer season last year in the Upper Peninsula there were three gunshot fatalities, 11 other hunters wounded, four hunters dead of heart attacks and 37 lost, with all located, one having died of a heart attack.

Suffered Burns
Meanwhile, belated reports told of a fire in a tented Upper Peninsula deer camp Sunday in which four hunters suffered burns.

The camp was destroyed. The fire reportedly was caused by sparks from a wood stove. The tent and all gear were lost in the flames. The camp was in the Robbin's Pond area of Ontonagon County.

William Benbow, 48, Benton Harbor, suffered second degree burns on his right hand. His wife, Helen, and their son, Ronald, suffered lesser burns as did Walter Sattzman, 50, Coloma. All were treated at a hospital in Phelps, Wis.

Heavy Snow
Hunting conditions this morning were reported as being poor to good, with 16 inches of snow in the western end of the U. P. hampering hunters. All side roads in Gogebic County were reported blocked, and side roads elsewhere in the region listed as being muddy and getting worse.

Three inches of snow was on the ground in the Panoramia County, in northern Marquette County. Elsewhere the amounts ranged from a trace to one inch.

John Kamppinen, Marquette, regional dispatcher for the Michigan Department of Conservation, said fewer to a normal number of hunters were in various sections of the U. P. Best deer kills were reported in the Baraga Plains, the Republic and Big Bay areas and in the Melstrand areas.

Good hunting also was reported north of Kenton, in the west half of Ontonagon County, northern Iron and Dickinson Counties and in southwest Schoolcraft County.

Violations Up
Twenty-five illegally killed deer have been recovered in the U. P. this season, compared to 15 for the first three days last year. There have been 157 arrests this season, as against 142 last year.

Up to 8 this morning 775 deer and 10 bears have been transported southward across the Mackinac Bridge, compared to 561 deer and 16 bears last year at this time.

Twenty-one hunters have been given permits to carry deer through Wisconsin, one under last year's total.

The conservation department has delivered 21 emergency messages to hunters this year, compared to 13 last year. State police also are delivering emer-

gency messages to hunters.

Hunter Undeterred
JACKSON — Neither exploding shells, fire nor a hot seat could keep Elmer Schenk of Trenton, Ohio, from his appointed task of deer hunting in the Big Bay area.

A six point, 180 pound buck was taken at Dodge City, a camp near Big Bay, by Paul Dollar of Marquette at 8:30 a.m. Saturday.

Bob Schmelzer, 1617 Presque Isle Ave., Marquette, bagged his first deer Saturday afternoon in the McFarland area. The buck weighed in at 140 pounds and he had four points.

A 110-pound spikehorn was downed in the Palmer area Sunday at 1:30 p.m. by Wayne Rautio, 812 Bluff St. Marquette.

Firemen from nearby Summit Township put out the fire. They said the muffler on Schenk's truck was defective, causing the floorboards to become overheated, and in turn set off some 40 of 100 30-30 rifle shells Schenk had stored under the seat.

Undaunted, Schenk called his insurance agent and told firemen he planned to continue on to Canada.

Schenk was driving north on U. S. 127 just south of Jackson Saturday when he heard a series of explosions.

For awhile, Schenk thought he was under fire. As he pulled to the side of the road he found he was over fire. The seat of his pickup truck was burning.

Firemen from nearby Summit Township put out the fire. They said the muffler on Schenk's truck was defective, causing the floorboards to become overheated, and in turn set off some 40 of 100 30-30 rifle shells Schenk had stored under the seat.

Undaunted, Schenk called his insurance agent and told firemen he planned to continue on to Canada.

Stakes Set By City Crews For Fence Job On Center St.

Stakes for the relocation of a chain link fence on Center St., west of Lynn Ave., to mark the south boundary of the Marquette County Road Commission property, have been prepared by the city engineer.

The fencing is to be moved 33 feet north, parallel to the existing line. Work will be done by N. R. Hongisto, Marquette contractor, at a cost of \$604.

This and other information concerning the activities during the past week of municipal departments is contained in the weekly report of City Manager Thomas Moore.

Last week the engineering department also set out stakes and checked the installation of a storm sewer on Center St. from Birch to Lynn Aves. and on Lynn Ave. south of Center St. Work is being done by Don Britton on a city contract.

The engineer also started a survey of Pioneer Rd. to the city dump for future improvement.

Excerpts from the reports of other municipal departments follow:

Health — Referrals to private physicians 43; physical examinations for school basketball 34; complaints with assistance given 47; immunizations 25.

Public works — Repaired shoulders and erected plow markers on U.S. 41; made repairs to major and local streets, graded gravel streets and completed leaf pickup.

Sanitarian — Inspected two food establishments and investigated two complaints.

Clerk — Issued one dog license, five new registrations, four reinstatements of registration, four address changes and three cancellations of registration.

Court — Handled 18 traffic violations and eight misdemeanors. The violations bureau handled 154 meter and 65 restricted parking violations.

Light and Power — Line crews changed transformer cutouts on Granite St.; replaced a pole on Bluff St., replaced conduit under sidewalk on Washington St., set up 16-foot pole for Community Chest flagpole stunt. Water received at the hydroelectric plants was less than the previous week but more than the same week last year. Elevation at the Hoist Pond was raised .85 of a foot and was 1.1 foot lower than the same week last year and 9.65 feet from the top of the dam. The total system's kilowatt hour load was 2.7 per cent higher than last year.

Parks and recreation — Cleaned buildings and grounds daily and stored entrance sign and tennis nets at Presque Isle Park. Installed new lights and repaired entrance doors at the Paestra.

Police — Arrests, misdemeanors seven, traffic 81, accidents five; investigations, disturbances 11, traffic or parking complaints 28, miscellaneous complaints eight, concealed weapons permits two, accidents 10. There were three family trouble calls, 11 juvenile disturbances reported and 54 calls for information. The dog warden picked up eight dogs and disposed of 11 dogs and eight other animals.

Finance — Sales tax report and monthly pension report completed.

Assessor — Completed spreading county tax on the tax and assessment roll. Computed special assessment refunds and

credits on eight special assessment rolls.

Water and sewage disposal system — Made four-inch tap at Seventh and Ridge Sts. for relocation of hydrant. Cut off six-inch line at old steam laundry, made one-inch tap on Birch St. and repaired service line on Summit St. During the week 14,535,000 gallons of water were pumped. At the sewage disposal plant, sludge lines and drains were steam cleaned.

Fire — Calls, one house, one incinerator, one charcoal, one water heating apparatus, one steam scare and one service station sign. Well at the animal shelter was filled and water and foam firefighting facilities at two bulk plants were inspected. Drill session was conducted in the evolutions of ladder and pumper techniques. The ambulance made 10 local and seven out-of-city calls.

City Police Ticket Driver In Mishap

Three automobiles were damaged and a motorist was ticketed, but no one was injured, in a pair of traffic accidents reported today by city and state police.

Another mishap occurred in the Ishpeming area (see story on Page 13). Reports on the other accidents follow:

At 10:45 yesterday morning a car being driven east on W. College Ave. by John Osterberg, 72, of 224 E. Ridge St., smashed into an automobile operated by John F. Peterson, 39, of 907 N. Fourth St., who was

Muscular Dystrophy Drive Opens In Marquette Tonight

Solicitations in the muscular dystrophy drive will begin in Marquette this evening.

Chairman for the campaign in Marquette is Mrs. Esther Williams. Similar drives are being held elsewhere in the county this month, she said.

NCA Cutting Fares For Servicemen

North Central Airlines announced today that, effective Nov. 15, military personnel will be offered a 50 per cent reduced fare if traveling on authorized leave or within seven days following discharge from active military service.

The new reduced fare, applicable between points of North Central's 91-city system, is on a "standby" basis. No advance reservations will be accepted. However, when the passenger has been accommodated, he will not be removed from the flight at an intermediate point en route except to accommodate passengers holding previously confirmed reservations.

Must Be In Uniform
Military personnel also are required to travel in uniform on all portions of the trip and must have in their possession authorized leave or discharge papers.

Frank N. Buttomer, North Central vice president-traffic and sales, said that "the 50 per cent reduced fare should provide military personnel, who are traveling at their own expense, extra days at home during their leave period and save them expense in transportation costs." The fares are subject to Civil Aeronautics Board approval.

"Scores of local citizens will start ringing the doorbells of friends and neighbors this evening and the rest of the week to collect funds for the medical crusade against the crippling, mysterious disease known as muscular dystrophy," she said.

These volunteers have enlisted in the Thanksgiving March For Muscular Dystrophy Association of America, Inc.

Over 200,000 Hit
More than 200,000 Americans suffer from muscular dystrophy, stated Mrs. Williams. The relentless advance of this muscle-wasting disease greatly shortens life-expectancy at all age levels. In children, who compose the majority of its victims, it is nearly always fatal.

MDAA hopes its all-out scientific research program will find the answer in time to save those now stricken. This campaign has been warmly endorsed by many local organizations said Mrs. Williams.

Mrs. Williams has urged all residents of Marquette to contribute generously to MDAA's appeal. "In our community," she said, "we have benefited greatly from previous medical-scientific crusades.

"Muscular dystrophy is one of the few major diseases not yet conquered by science. The toll it takes is tragically evident in the wheel chairs and braces used by dystrophics. Only research can find the answer to this still incurable disease."

The Marquette drive is directed by Mrs. Williams and Mrs. Loren E. Marlowe, co-chairmen for the Marquette Chapter of the MDAA.

60 Medical Centers
Pointing out that MDAA gives grants to more than 100 research projects in some 60 large medical centers here and abroad, Mrs. Marlowe stated: "We believe everyone in Marquette will be glad to make a contribution toward the support of this research program. A solid response from our com-

munity will give a tremendous lift to the overall national drive."

The campaign in Marquette climaxes careful planning and preparation by Marquette Chapter members and other volunteers, Mrs. Marlowe said.

The appeal has been endorsed by the International Association of Fire Fighters, by the governors of most states and by hundreds of nationally known figures.

A national, non-profit health agency, MDAA was established in 1950 by parents, friends and relatives of dystrophic children. In addition to its grant-in-aid program, the association has built and supports a major research center in New York City, maintains a network of muscular dystrophy clinics, and provides a wide variety of patient services through chapter affiliates.

Armed Forces Personnel

Ronald F. Berg, 18, son of Mr. and Mrs. Paul L. Berg, Route 2, Marquette, recently completed basic training at the Naval Training Center, Great Lakes, Ill. The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, physical fitness, first aid and survival.

Assigned recently to the 562d Artillery at Duncanville Air Force Station, Texas was Army Pvt. Arthur C. Bigger, 19, son of Mr. and Mrs. Raymond A. Bigger, Marquette. Bigger, a cook in headquarters of the artillery's 4th Missile Battalion at the station, completed basic

training at Ft. Leonard Wood, Mo.

Carl D. Kurin, son of Mr. and Mrs. Oscar H. Kurin, 104 Ready St., Ishpeming, has been promoted to airman first class in the U. S. Air Force. Kurin, an aircraft engine mechanic, is assigned to the 38th Missile Maintenance Squadron at Sembach Air Force Base, Germany.

Recently completing basic training at the Naval Training Center, Great Lakes, Ill., was Donald P. Zanetti, son of Mr. and Mrs. Bruno L. Zanetti of Gwinn. The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, physical fitness, first aid and survival.

File Float Plans In Everglades Park

MIAMI (AP)—The vast, unmarked sea of tall grass in the Everglades National Park can be so tricky to navigate that park officials now advise boaters to file "float plans," like airplane flight plans, that show their route and expected time of return.

Financial Scene: Spending, Saving, Debt All Rising

NEW YORK (AP)—Spending and saving and debt are all rising. This neat trick is managed by consumers because personal incomes are still increasing and so is confidence in the future.

All three activities—spending now, saving for future spending, and taking on more debt—are of prime interest to business and industry. They have a lot to do in shaping today's profit and loss statements. And they influence future business plans.

Reflects Retail Sales
The spending rise shows up in retail sales. They hit a record last month at \$20.9 billion, up 5 per cent from the previous year. They are expected to rise still more this month, especially

in the auto sector, and again in December in the stores.

Takers of the business pulse are especially impressed with the increase in sales at durable goods stores, up 7 per cent from October 1962, and 5 per cent better than in September this year. Soft goods advanced only 1 per cent from September, but are 4 per cent ahead of a year ago. Nondurables are supposed to stick closer to needs, but durables are affected more by the waxing or waning of confidence.

Consumers Main Prop

The consumer is still the main prop of the economy, in spite of the rise in government and business spending. And when consumers loosen up the purse strings, up goes the general feeling of well-being.

Confidence is even more reflected in the rising volume of consumer installment credit. Some of this taking on of debt is out of necessity. But much of it is out of belief, however soundly based, that future incomes can absorb it without pain.

Total outstanding consumer credit in September reached \$65.3 billion, up \$6 billion from

the previous year. Installment credit was \$51.6 billion more than a year ago.

Auto Credit Up

Since the September figures were compiled, auto credit outstanding has increased and this month many expect it to zoom. Auto dealers report more trouble in getting deliveries than in finding customers. If so, the need for credit will grow.

With all this spending and taking on of more debts, many Americans are still increasing their savings.

The various institutions—banks, insurance companies, and the many variety of funds—report increased totals of their holdings of the public's savings. At mid year savings were running at an annual rate of \$29.6 billion, up \$2.5 billion from the first of the year.

FIGUREHEADS

Reference to a person holding an important position but possessing little authority or power is an allusion to the carved figures on the bows of sailing boats. Mainly decorative, they performed no useful function.

Services Slated Tomorrow For Father Hofmann

Funeral services for the Rev. Frederick L. Hofmann, pastor of St. Anne's Church, Chassell, a former priest here, who died Sunday morning in St. Joseph's Medical Center in Hancock, will be held tomorrow at 11 a.m. in St. Anne's. Burial will be made in the Portage Township Cemetery.

The funeral Mass for Father Hofmann will be offered by his brother, the Rev. Kenneth Hofmann, Deacon for the Mass will be the Rev. Lester Bourgeois, Hancock; sub-deacon, the Rev. Joseph Kichak, Calumet; and master of ceremonies, the Rev. William McGee, Newman Center, Michigan College of Mining and Technology, Houghton.

The Rt. Rev. Msgr. Nolan B. McKeivitt, rector of St. Peter's Cathedral, Marquette, and vicar general of the Catholic Diocese of Marquette, will preach the sermon.

Tax Reform Snag

Gov. Romney has struck the biggest snag of his brief political career at Lansing in the tax reform program.

The prospect of passing much of his original program at present doesn't look good. The Governor seems to have believed that his conferences with Republican legislators on the tax plan revealed enough support for its adoption, but it has been knocked down in the Legislature.

The practical difficulties in putting over the program which the Governor advocates are huge.

The greatest single obstacle is to get acceptance of a state income tax. Republicans who fought it tooth and toenail when the Democrats proposed it don't like it any better just because a Republican governor has suggested it.

There can't be many politicians in Michigan who don't believe that the state isn't going to have an income tax eventually, but there are a lot of them who don't want to be its authors. The people are probably ahead of the legislators in accepting the inevitability of a state income tax, but the conservative Republicans are going to make it difficult sure that that is so before they vote one.

The City of Detroit is a foe of the tax reform program because as first proposed it would cut into the city's own powers to levy non-property taxes. Gov. Romney has indicated he may compromise on this issue.

And the in-fighting between the Democrats and the Republicans in the Legislature is another impediment. The failure of the Republicans and the Governor to agree on a tax reform package is a heaven-sent opportunity for the Democrats, but they are also of several minds about what should be done.

And the automotive industry boom in Lower Michigan is a serious complication. Legislators of both parties might be more inclined to vote tax reform if the state weren't accumulating such a big surplus. It's going to bail itself out of debt soon, after having been \$90 million in the red. "Why vote more taxes when we're doing so well?" is the constant query.

The legislators know better than that, but their quest is always for a safe position on public policy. The Romney tax plan is intended primarily to reshuffle the tax load. It would ease the tax on homeowners and on business, the first as a matter of equity and the second to improve Michigan's business climate and create more jobs.

A major proposal has been killed out of the package. It would have exempted food from the sales tax as one overdue item of aid to people of small incomes, upon whom Michigan's present taxes bear disproportionately hard.

Gov. Romney's political sagacity must have matured considerably in the current contest. The long effort to produce reforms desirable for Michigan has created a political lead balloon. The contest over reform, of course, is helping the process of public understanding and acceptance, but the trickle back to the Legislature will take time.

The Romney plan wouldn't have solved the problem of more tax income for Michigan except, obliquely, as it introduced some new taxes while killing and changing some existing levies. The pressures for new state income appear inevitable and they will mean that the Legislature is only buying time and not solving the tax problem.

The Governor's program should be helpful to Michigan. It has been an asking price and all the bids have been far under it. For Gov. Romney to have proposed a program which would assuredly pass the Legislature — if any such program could be conceived in face of the diverse elements confronted — would not present to the people what political idealism could propose. Marvin Niehuss, now a vice president of the University of Michigan and once a law instructor, used to tell his students: "Shoot for a star; you

Policy Toward Russia

Dear Sir: How long is our "Be Kind to the Kremlin" campaign going to last? When the Russians brought up the subject of a test ban treaty we almost fell over ourselves in our hurry to get to Moscow. We forget that WE had brought up the idea of a treaty a long time ago.

We did not interfere when the Berlin Wall was erected because we wanted to "avoid trouble." Everyone knows it has been a constant source of trouble and misery ever since.

Just one short year ago the Russians sneaked nuclear weapons into Cuba and we still do not know how many missiles remain there. Do we suddenly think they did it just for fun?

Recently, when our troop convoys were stopped on the autobahn to West Berlin we even made the excuses for the Russians. We called it a misunderstanding. When they repeated the act we were quick to find out it was no misunderstanding.

Now we are negotiating with the Russians to sell them wheat because of their severe crop failures. This is a time when they have troubles in their own back yard, and we hasten to help them out. We attempt to qualify the move by saying it will help balance our gold reserves. Is our nation in such serious financial difficulty that we must depend on the Communist enemy for assistance?

To my mind, the wheat deal sounds ridiculous. In effect, we are telling our farmers to feed the Reds and our soldiers to fight them! Is our new policy based on a "Feed 'em and Fight 'em" plan?

When are we going to recognize and admit that the war against communism is against a common enemy whether it be in Viet Nam, Berlin, Korea or anywhere else in the world? We are told of a "thaw" in the cold war. How much of a thaw is it to our soldiers dying in Viet Nam? Have the lessons of Munich and Pearl Harbor been completely forgotten? The Finns have lived next to the Russian Bear for years. They have a saying we would do well to remember: A Russian is a Russian even if he's fried in butter.

ELMER M. AHO
Box 169
Princeton

Morality And Economics

Dear Sir: Your recent editorials on South Viet Nam suggest that we Americans enjoy some kind of moral superiority over the Communists, but that the margin of this superiority is not so great that we can do without the assistance of such dictators of the right as Chiang Kai-shek and, formerly, Batista (you spared your readers a painful reference to Tito). Yet, in your latest comments on the problems of the Northern Peninsula, do you not cut further into this margin by stating that the liquor traffic and gambling are not moral problems at all, that they are entirely economic in nature?

So that you do not leave your readers with the impression that there may be no end to legitimate application of the rule of expediency, will you now identify those issues of the day which you do regard as deeply moral in nature, accompanying your identification with suggestions for constructive solutions? For is it not possible that, when moral problems are faced up to squarely, economic ones will take care of themselves?

60 Years Ago

—Marquette—

H. H. Williams of Brooklyn, where he has been connected with the Brooklyn Rapid Transit System, has arrived in the city to assume the duties of general manager of the Marquette City and Presque Isle Railway Co., on which he has already entered. Mr. Williams will have full charge of the operation of the Marquette Road. Mr. Koeppke will, as heretofore, continue to look after the business of the line, keep the books, etc., in his capacity of assistant to the treasurer, L. G. Kaufman.

—Negaunee—

The city football team is practicing every day in preparation for the game with the city team of Gladstone Saturday. A number of players who have had considerable experience on high school and college teams are assisting in the coaching. Gladstone has a strong aggregation. It has won the speedy Escanaba High School team and won other victories that have given it considerable prestige. Thus Thbran will play right guard for Negaunee.

—Ishpeming—

The Ishpeming-Escanaba football game for the Upper Peninsula championship will be played at the Sandy City. Superintendent Scribner of the Ishpeming Schools was informed by Superintendent Jolliffe of Escanaba Monday night that the gridiron at Escanaba would be securely fenced. "All we want is fair play," said Mr. Scribner. "And we don't care to be presented with any eggs unless they are fresh."

—Marquette—

The advance guard of Michigan's 1933 deer hunting army, crossing the Straits of Mackinac in their automobiles and trucks yesterday, found most of the highways snow-covered and slippery. They were forced to drive slowly and carefully, but were glad to see the snow and to learn that the long range weather forecast for the Upper Peninsula indicates that most of it, and perhaps more, will be on the ground when the season opens next Wednesday.

—Ishpeming—

Seventy officials and employees of Upper Peninsula banks have signified intention of attending the special bankers' NRA code meeting, which will be held in Marquette today.

—Ishpeming—

"Records show that the Republicans weren't any misandrists when it came to prison man-

nagement," Burnett J. Abbott, chairman of the State Administrative Board, said last night in relating how the new administration has attempted to put Jackson and other state prisons on a paying basis.

Ishpeming residents will gather at 11 tomorrow morning in the high school auditorium for a general Armistice Day observance, while patriotic programs will be held in several churches here Saturday and Sunday.

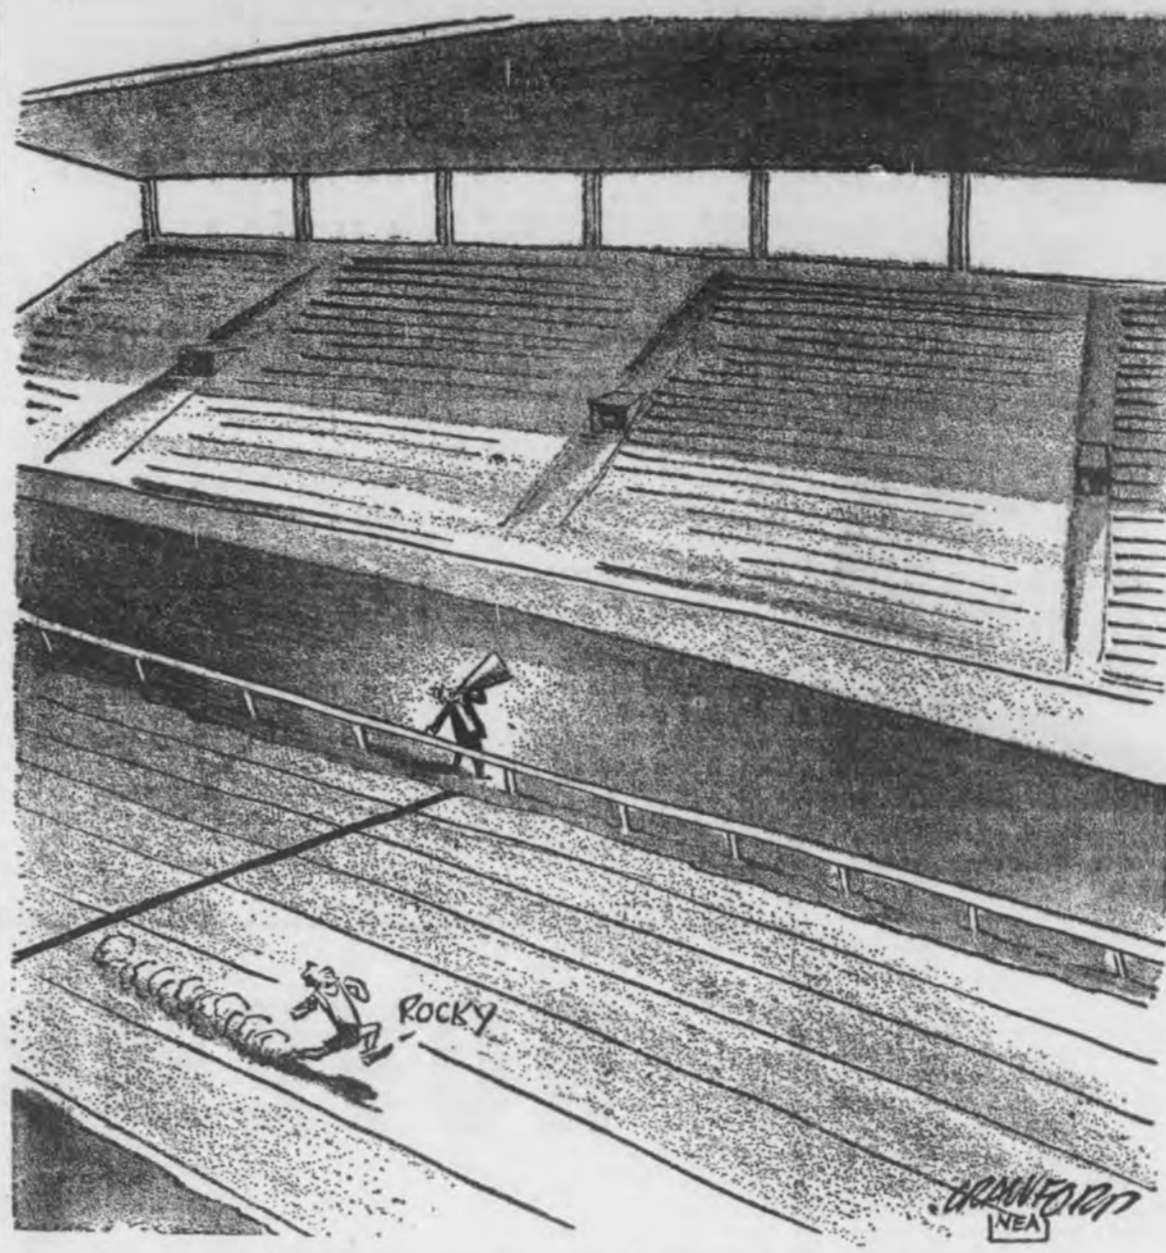

—Negaunee—

Jafet J. Rytikonen, manager, has donated the use of the Vista Theatre for the Armistice program to be given here at 10 tomorrow morning. The service was originally scheduled to be held at the city hall square.

—Negaunee—

Affiliation of the Vista Theatre of Negaunee with Delta Theatres, Inc., was announced here today by Hugh S. Gallup, general manager of Delta Theatres, Inc., and Jafet Rytikonen, owner of the Vista.

'He's Off'

The National Whirligig News Behind The News

By ANDREW TULLY

WASHINGTON — Congress will pass no tax bill this year, chiefly because President Kennedy refused to play ball with the economy bloc, thereby sending Sen. Harry Byrd, the tight-fisted Virginia Democrat, into one of his cold, quiet tantrums. Kennedy had his chance to throw a sop to the economy boys when his \$11 billion tax cut bill was in the House and Rep. John W. Byrnes (R., Wis.) wanted to write a spending ceiling into the bill. But the White House passed the word, and the Byrnes amendment was defeated. The President, in effect, was saying that although he was determined to cut spending he would not enter into a contract to do so.

Can Always Get More This was pretty silly. It is true no President wants his executive hand tied by Congress in such a way because it trifles with his prerogatives. But Kennedy could have gone along on this one because no such contract is binding. A President can agree to hold federal spending to \$98 billion in fiscal 1965, but he knows and so does everybody else, especially including Congress, that in even the slightest of emergencies he can ask and get money.

Most important, however, the tax bill would be virtually home free by now if JFK had gone along with Byrnes. The bill is now in Sen. Byrd's Senate Finance Committee and Byrd is crying that he wants to get a look at Kennedy's fiscal 1965 budget before deciding on the bill. Had Kennedy agreed on a spending ceiling that ac-

tually would be meaningless, Byrd would have no excuse for dallying. **Technique Of Delay** As it is, there are still nearly 100 witnesses to be heard by the finance committee, and all they'll do is echo the same testimony heard by the House Ways and Means Committee. But these tedious sessions will serve Byrd's purpose by delaying the committee's report on the bill until January at the earliest.

It is a hell of a way to run a railroad, even a government one. Taxes are too high all along the line and should have been cut year's ago. The tax structure has been crying for reform ever since World War II. Yet everybody is blundering along filling the air with inconsequential and insipid oratory designed to put off a decision as long as possible. And when and if a cut is vetoed, the legislation will contain no significant piece of reform.

There is some twaddle being talked now that perhaps a tax cut is not really needed to hypo the national economy. This is prompted by the news of an \$8.9 billion increase in the Gross National Product during the July-September period. The amateur experts make much of the fact that less than 25 per cent of the increases was accounted for by increased government expenditures, with consumer spending rising by \$3.9 billion and private domestic investment by \$3.2 billion.

Unanswerable Fact But those who hail these statistics conveniently overlook the fact that there are still more than 3.5 million unemployed. The unemployment rate is still 5.8 per cent of the labor force, just as it was during the 1960 campaign when Kennedy was campaigning against Republican standpatism. It should be clear to even the most myopic member of Congress that something is needed to get things moving.

No one can take any pride in the House bill. In its neglect of inequities in the tax structure it is a horror. But it is the best the country can get out of Capitol Hill at this time, and it is shocking that the country should still be waiting for even that legislative mouse.

A Columnist's Mail Bag

By HAL BOYLE

NEW YORK — Things a columnist might never know if he didn't open his mail:

If you're having trouble teaching your parakeet to talk, let your wife or child take over. The birds respond better to the higher-pitched voices of women and children than they do to men.

Badly Balanced Budget Back in 1836, America had a badly balanced federal budget. The Treasury wound up with a surplus of \$28 million. It solved this embarrassing situation by refunding the money to the 26 states in the Union.

"There is only one way to achieve happiness on this terrestrial ball, and that is to have either a clear conscience, or none at all." — Ogden Nash.

Salt is an essential ingredient in cultivating pearls. If the salt content of the water falls too low, the oysters die, if it is too high, the pearls turn golden, instead of developing the pinkish glow.

Two 400-foot moving sidewalks soon will be installed in the Metro, Paris subway, at a station near Notre Dame cathedral.

Impulse Buying Lady, if you want to keep your food costs low, don't take your husband with you to the supermarket. His impulse buying adds about 9 per cent to your bill.

Little Denmark has one of the world's highest suicide rates—22 per 100,000 persons, compared to 10.5 for the United States and 2.5 for Ireland. Psychiatrists believe one cause is that Danes are overprotected by their parents during childhood.

Handbags Contents Men always are surprised at the content of a woman's handbag. Among the items the late Eleanor Roosevelt habitually carried in hers were several "short-snorter" bills, a card bearing her eyes to an eye bank, her driver's license—and a pistol permit.

The 80 million-plus inhabitants of Indonesia speak a total of 40 tongues.

It was David Starr Jordan who observed, "Wisdom is knowing what to do next; skill is knowing how to do it; virtue is doing it."

She chose the felony count, she explained, because conditions in the house of detention (she had been there before) were so bad that "you have to have been there" to understand.

A spokesman for the correction commissioner confirmed that the institution was badly overcrowded and had been bitterly criticized by officials, but no replacement had been made available.

New York is not the only city where conditions in jails, women's or men's, deserve investigation — and correction. — Christian Science Monitor

★

VALACHI AND KENNEDY A congressional inquiry is supposed to acquire background information from which legislation may be written. Atty. Gen. Kennedy has said that the long questioning of alert people to the menace of organized crime and create an atmosphere favorable to the passage of national anti-crime bills. But the major legislative item of Mr. Kennedy's list, a federal statute to authorize wiretapping, has been before Congress since last January. The McClellan committee hearings, therefore, amount to a new form of lobbying and one which has its dangers both for serious legislative inquiry and because of the ease with which it can be abused. — Louisville Courier-Journal

Side Glances

"I believe in being frank, sir. Tell me when I make mistakes... and if I think you're lousing up the business, I'll say so!"

School Aid Package Pared

By PETER EDSON

WASHINGTON (NEA) — American Education Week, Nov. 10-16, may celebrate congressional approval of U.S. government aid to education programs for the next three years. But there may also be some expressions of mourning by the professional educators over what they wanted but didn't get.

The five-year, \$5-billion omnibus aid to education package which President Kennedy submitted to Congress last January is being cut way back. Of the 24 programs proposed, only six are being enacted, with many modifications and some extensions of old programs.

The major curtailment is that new aid to primary and secondary schools is out for classroom construction and teacher training. Decision to drop these programs, to have cost \$1.5 billion, was taken last May. There is little chance that they can be revived even next year, though it may be tried.

Federal aid for testing seventh and eighth graders to determine their capabilities was dropped. New guidance and counseling services for public and nonprofit private schools were also dropped.

Training For Handicapped Children

Grants to the states to provide teacher training for handicapped children — principally the deaf and blind — were eliminated, though aid for the mentally retarded has been provided in separate legislation.

All new programs proposed for aiding adult education were cut out. This excludes additional aid for extension service courses in land grant colleges and state universities, adult basic education and special aid for adult education libraries.

An administration plan to pay half the wages of needy students given part-time employment in college communities was not even considered by Congress.

The plans to provide federal aid for two years of college-level education of semiprofessional technicians in engineering science and health was dropped. But a broader program for expanded federal aid to vocational education at high school and junior college levels was substituted by Congress and has been considered separately.

College Student Loan Plan

All administration proposals for federal aid to improve educational quality were dropped. They would have provided training of specialized teachers for both gifted children and illiterates. Two programs to strengthen educational research and improve the gathering of educational statistics were dropped as unnecessary.

Extension and some expansion of the college student loan plan and extra aid for schools in areas where large numbers of federal employees cause an extra burden is expected to be passed separately.

Another proposal to grant a tax credit for the costs of college education is still under consideration. It was not part of the original Kennedy program but it is gaining steadily increasing support in Congress. Twenty-two senators have now introduced bills for this purpose. But it is being handled as part of the tax bill now before Congress.

Most Educational Frills Cut Out

The main aid to education programs which Congress has seen fit to approve, costing \$1.2 billion over the next three years, include:

- \$600 million in matching grants for the construction of college classrooms, science laboratories, foreign language facilities and libraries, with \$155 million of this reserved for junior colleges.
- \$360 million in loans for such facilities.
- \$145 million for graduate school expansion.

Earlier in the year, Congress authorized a \$236-million program to construct medical school facilities and provide loans for medical students.

In summary, many essentials have been provided to aid education. But most of the educational frills are cut out.

Other Viet Nam Problems

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The generals in South Viet Nam solved one set of problems when they threw out President Ngo Dinh Diem and his troublesome brother, Ngo Dinh Nhu, both of whom were killed. But there are others.

The brothers, after nine years in power, never solved them. Now it's the turn of the generals who are running the country. Will they be able to:

In Primitive Poverty Steer it in a democratic direction? Diem didn't. His was a dictatorship. Wage successful war against the Communists? Diem didn't. Avoid conflicts, intrigues, jealousies, explosions? Diem didn't.

Will the generals, through reforms and programs of benefit, be able to give the masses of Viet Nam a reason for caring who wins? Diem didn't. The mass of the 17 million Vietnamese live in enormous and primitive poverty.

Repressed Buddhists Buddhists make up 70 per cent of the population. Roman Catholics 10 per cent. Catholic Diem repressed the Buddhists. Will the Buddhists try to retaliate against Catholics now for what Diem did? It's a haunting possibility.

Diem began his repressions in May when his government troops, firing on a Buddhist demonstration in Hue, killed nine people. The Buddhists had been complaining that Diem was discriminating against them.

Tortured, Gory Months This could not be blamed on the Catholic Church. In the tortured and gory months that followed the May shootings, Pope Paul VI expressed "apprehension and anguish" over the situation.

But the shootings brought the Buddhists' complaints to a head. They demanded improved social and economic status.

Burned Self To Death And then, as if he had listened to a voice coming to him over more than 400 years, a 73-year-old Buddhist priest, Quang Duc, drenched in gasoline, lit a match and burned himself to death in protest against Diem's policies.

In England 400 years ago, Catholic Queen Mary set out to repress the Protestants. One of their leaders, Bishop Hugh Latimer, was condemned to death by burning at the stake.

Turnabout As he walked to his death at Oxford in 1555 he said "We shall this day light such a candle, by God's grace, as shall never be put out." It wasn't. When the Protestants regained power, they persecuted the Catholics.

The burning monk in Viet Nam shocked the world, pointing up for all to see as perhaps nothing else could the dilemma of the Buddhists, and encouraged other Buddhists to sacrifice themselves, too.

Seven of them made candles of themselves before the generals devastated Diem and his brother Nov. 1.

The Vietnamese people never have known democracy. They moved from French colonialism into Diem's dictatorship. Since they never had a chance to practice it, it can't mean to them what it does to those who grew up under it.

It can be no surprise then if the generals ignore the democratic road and operate as a dictatorship. If so, there can be no surprise if the country sinks into chaos under the weight of new repressions and power struggles.

Stood Up With Diem Since the people are relieved to be free of Diem, the generals for a while at least are likely to have the country behind them and be able to fight a good war against the Communist guerrillas.

At a news conference in September, President Kennedy said: "We are for those things which help win the war." He was fed up with Diem. The generals looked like a fresh start.

Quick Recognition This explains why the Kennedy administration, within seven days of the coup, recognized Viet Nam's provisional military government and why it hesitates so much in recognizing Latin American military coups which crush democratic regimes.

But victory in the field against the Communists is not final victory. The Communists in North Viet Nam will try other methods, promising always a better life to the masses of Viet Nam.

The new government in Viet Nam, even if it wins the fighting war, will have to find an answer to offset the Communist promises. The answer lies in programs of benefit to give the masses a reason for not choosing communism.

★

BUSY COUNTY AGENTS Alexis de Toqueville, the French social scientist, wrote 130 years ago that America was conquered by the plow. Speaking to the National Association of County Agricultural Agents meeting in Minneapolis recently, University of Minnesota President O. Meredith Wilson quoted the statement and hailed extension agents for carrying on that conquest to erase hunger from America.

The county agent these days is much more than a farm consultant. As convention activities reveal, he and his staff are involved in a host of club and other community projects. One Minnesota county, Cook, probably hasn't a single commercial-scale farm. Yet the county board requested a so-called agricultural agent for all the auxiliary services he furnishes.

Few individuals have so many bosses as a county agent. He is the employee of the federal government, of a land-grant college or university, of a county committee. And, in a way, of all the many clients with whom he comes in such friendly and helpful contact. — Minneapolis Star

YOUTH PARADE

Natural, Non-Made-Up Look 'Weathers' All Occasions

1. Rain or shine, some girls are never caught off guard. They "weather" all occasions by casting their vote for the natural, "fresh as rain" appearance. This "non-made-up" look is illustrated by actress Elizabeth Montgomery. It begins by protecting skin with a moisture-balanced foundation base, defining eyes and brows

with a minimum of color, and highlighting mouth with the palest of lipstick. 2. Continuing this "make-down" edict, don't let rouge spoil the illusion. More than all other cosmetics, it must seem natural and never resemble clown-like coin dots. Mix powder with dry rouge and brush a hint of color on

the apple of each cheek, fading tone out, to the temples. Also, check that cheek makeup has the same blue, pink or orange undertone as lipstick, so it will beauty blend. 3. The one cosmetic that can be generously applied is powder, which sets make-up and subdues that oily look. Brush powder from cheeks and chin

By REBA and BONNIE CHURCHILL

Auxiliary Style Show On Nov. 16

ISHPEMING — The Francis A. Bell Memorial Hospital Auxiliary will hold a luncheon and style show at the Mather Inn Saturday at 1 p.m. Fashions will be from the Style Shop of Ishpeming. Winter and holiday fashions will be included in the show. Mrs. Ben Berkly will be the narrator. Modeling the clothes will be Mrs. Bruce Huron, Mrs. Eric Kamppinen, Mrs. David Starbuck, Mrs. Bill Moss, Mrs. Luther Woods, Mrs. Arthur Saviluoto, Mrs. Guido Bonetti, Mrs. G. O. Knutson, Miss Eileen Narotzky, Mrs. J. D. Crites, Mrs. Harry Osborne and Mrs. George Leonhard.

Strawberry Blossoms In November

It's an odd time of the year to find strawberries blossoming, but Mrs. Ralph Juliano, County Road 550, Marquette, discovered a cluster of strawberry blossoms in her yard Thursday. She pulled the plants out, roots and all, and put them in water. During the night another blossom appeared. (Mining Journal photo.)

Nurse Demand Exceeds Supply; Profession Lags

By MRS. RICHARD WERTANEN Registered Nurse Although more young people are entering colleges every year the number entering nursing programs has not kept pace. The demand for nursing services in Michigan far exceeds the supply of professional nurses, and the current estimated deficit is 5,000 for the state. Figures show that the proportion of high school graduates enrolling in the basic nursing programs decreased from six to seven per cent in the 1950's to five per cent and has remained at that level since 1959.

Engaged

Future Refrigerator To Have New Lines

By GAYNOR MADDOX Newspaper Enterprise Assn. Keep cool. Surprise! We've seen it. A new concept — tomorrow's refrigerator-freezer with sleek natural wood finish and totally invisible inner workings. Here's her salad with the forward look: Avanti Green Pepper Salad (Serves 4 to 6) 1 cup creamy cottage cheese 1/3 cup minced chives 3/4 cup finely grated carrots 1 1/2 teaspoons salt 1/4 teaspoon black pepper 3 large green peppers 2 heads French endive Mayonnaise or French dressing

Patricia Meyers, J. Wallenslager Married Here

Mr. and Mrs. Albert Meyers, Granite St., Marquette, announce the marriage of their daughter, Patricia Gail, to James Wallenslager, son of Laura Wallenslager of 2243 Werner St., Marquette, and the late John Wallenslager. The couple was united in marriage on Nov. 7 at 8 a.m. in St. Christopher's Church. The double ring ceremony was performed by the Very Rev. Msgr. Edmund Szoka. The bride chose a blue floral print, street-length dress with a bell-shaped skirt for her wedding. Her attendant, Miss Patricia Alton, niece of the groom, wore a blue suit. Best man was Gary Revord. Mrs. Wallenslager attended Bishop Baraga High School and is employed at Northwestern Mutual Life Insurance Co. The groom is employed at the Lake Shore Engineering Co. Following a brief honeymoon, the couple will reside with the groom's mother. Here for the wedding was the groom's sister, Mrs. Charles E. Wilson of Sault Ste. Marie.

Area Coeds Have Parts In 'Mikado'

Two Marquette County University of Michigan students will be participating in the musical comedy "The Mikado," which will be staged Nov. 20 to 23 by the UM Gilbert and Sullivan Society. The students are Mary Vereen, daughter of Col. Lindsey H. Vereen, 161 Explorer, K. I. Sawyer Air Force Base, and Esther Kauppi, daughter of Mrs. Edna Kauppi, Box 263, Negaunee. The light opera, set in Japan, will be performed in the Lydia Medelsohn Theater in Ann Arbor.

Homemaking Tips

Apricot preserves may be used as a filling for cake layers. The preserves also make a good sweetener and flavoring agent for baked apples; just fill the core cavities of the apples with the preserves and sugar. If you are baking rice and the water evaporates before the grains are swollen and tender, just add a little more liquid. Be sure to use a tightly covered casserole. Top toast with seasoned ground beef, being sure to cover the edges; then brush the meat with oil and sprinkle with paprika. Broil until the meat is cooked to desired doneness.

Michigan currently has 23 diploma (hospital) schools of nursing, five collegiate and five associate degree (junior colleges) schools of nursing. The number graduated from these schools in 1962 was 1,098 nurses. Included were 830 diploma graduates, 190 B.S. degrees and 78 associate degrees. The development of the practical nursing program has helped to relieve the shortage of nurses, but here again the supply is short. However, there has been a nation-wide increase in the number of these programs, largely due to the federal assistance they have received.

Mr. and Mrs. Walfred Eliason, Champion, announce the engagement of their daughter, Judith Diane, to Duane O. Soine, son of Mr. and Mrs. Anton Sadowski of Roseville. Miss Eliason, a 1963 graduate of Northern Michigan University, is employed by the Gwin school system. Her fiancé is a junior at NMU. A summer wedding is planned.

Virginia Donahue, home economist consultant, gave us the preview. We liked the sliding doors of the refrigerator section. More sensible, we thought, than space-taking swinging doors. The sliding panels are made of thermal glass that does not fog or frost. The lower (freezer) section has pull-out drawers that conserve cold air — never needs defrosting and provides an unending supply of ice cubes; both features the dream of all homemakers. Miss Donahue pulled out the stainless steel and rock maple cutting board and work surface between refrigerator and freezer compartments and, right before us, tossed a salad just to prove there are two sides to this refrigerator of tomorrow. She says the refrigerator will probably be in production in time for the January 1964 crop of blushing brides.

Grace Church WSCS Planning Dessert Luncheon Thursday The Women's Society of Christian Service of the Grace Methodist Church will meet for a dessert luncheon Thursday at 1:30 p.m. A Thanksgiving program has been planned. Those participating will be Mrs. Allan Maynard, Mrs. Arnold Peterson, Mrs. Harold Beckman and Mrs. Martin Wilson. The annual harvest offering will be taken at this meeting. Hostesses for the luncheon will be Mrs. John Olsen, Mrs. George Lundquist and Mrs. Joseph Mason. Members and friends are invited.

Meetings

The Mingling Mothers Home Extension Group will meet tomorrow night at 8 in the home of Mrs. Phillip Paquet, 1808 Gray St. The lesson for the evening will be on the low cost furnishings. The Father Marquette Circle 332, Daughters of Isabella will hold its regular monthly meeting Thursday at 8 p.m. in the Knights of Columbus Hall. The Gold Star Mothers will meet Thursday at 2 p.m. The NMU Student Wives monthly meeting and hairstyling show will be held tomorrow night at 7 in the Union National Bank Lounge instead of tonight, as reported in last night's Journal.

Olive Sain To Complete MS Degree At MSU

Mrs. Olive K. Sain, Marquette County extension agent in home economics, will enroll for the spring and summer term at Michigan State University to complete her master's degree. Mrs. Sain, who has been extension agent since 1955, will receive a joint major in home management and personnel development. She will return to her job in Marquette the first part of September 1964.

Identical Names Cause Confusion At Hospital

BRANTFORD, Ont. — It seemed like a possible nightmare situation to the St. Joseph's Hospital maternity staff. The two Portuguese mothers-to-be were both named Maria Dasilva; it got interesting. The first names of the two Portuguese fathers-to-be were the same, Jose. The plot thickened. And when both mothers were delivered of sons, the danger of a chance mixup was abundantly clear. To avoid an unhappy aftermath, the mothers were kept in separate wards and the infants, as soon as they were born, were name-tagged. The others helped out: 29-year-old Mrs. Dasilva from Brantford named her son Michael. He's her fifth. Twenty-one-year-old Mrs. Dasilva of nearby Scotland named her first born Jose. She commented: "There was no fuss, no trouble. Everything went smoothly." The maternity staff of St. Joseph's Hospital breathed a sigh of relief.

Graverat FHA Attend Workshop In Iron Mountain

The Marquette Graverat Chapter of Future Homemakers of America will attend a leadership training workshop in the Iron Mountain Junior High School on Saturday. The group will leave Marquette Saturday morning and is expected to return late Saturday afternoon. The day's activities will include discussion on ways to improve the handling of internal and external FHA affairs. Included in the group who are attending will be Vicki Magoon, who is regional historian, and Pat Young, Graverat chapter president this year. Others attending include Gloria St. Onge, Margaret Biegler, Nancy Hill, Kay Noltingberg, Diane Kurian, Shaheen Beaudry and Diane DeLarye. Mrs. Grace Noltingberg, chapter advisor, will accompany the group.

Personal

Louis G. Coffman, who has been visiting in Marquette, his home town, will go to New York on business before returning to his home in Chicago. Mix thinly sliced cucumbers with cultured sour cream, adding lemon juice and sugar, salt and pepper to taste. Wonderful with cold poached salmon!

St. Michael's Holding Clothing Drive This Week

St. Michael's Church of Marquette is conducting its bishop's Thanksgiving clothing collection this week. Parishioners are reminded to bring clean, used articles of clothing to the multipurpose room at St. Michael's School during the week. The multipurpose room will be open each day after the 8 a.m. Mass. The packing committee will pack and box all items for shipping overseas Nov. 18. Mashed canned cleaned shrimp with butter and add enough cayenne pepper to make you sneeze! Serve as a spread for crackers with tomato juice or some other before-dinner beverage. Cut the cayenne if your tasters don't like canapes hot.

DAV Auxiliary To Meet Monday In Vet's Center

The DAV Auxiliary 22 will meet in the Veteran's Center Monday at 8 p.m. Members are asked to bring the aprons which are to be sent to the Veteran's Hospital in Iron Mountain. These aprons will be used at a Christmas party as prizes. Members are also reminded to bring a few small prizes for the social hour which will follow the meeting. Hostesses for the evening will be Mrs. Helen Alexson and Mrs. Lillian Bertrand.

Town Talk

Nothing adds more graciousness to a table than the luster of silver, either sterling or plate. Schoch & Hallam Jewelry at 214 South Front Street has the most beautiful array — to have and to hold, or to give as gifts to be cherished for years. What could be more thoughtful than to order monogrammed silver for your gifts this year. This adds such a personal touch of sentiment, whether it be on tiny individual ash trays or a handsome gleaming platter. Order these soon though — monogramming does take time. Stop in at Schoch & Hallam's and see what a lovely selection of silver they have. — Adv.

Harris Constructing New Funeral Home

ISHPEMING — Construction has begun on a new funeral home to be erected on the corner of N. Second and Elm Sts. by John Harris of Ishpeming.

The firm of Pajula & Maki, Ishpeming contractors, expects to complete the project next spring.

Harris has selected an 18th century colonial style building which, he said, is in keeping with the traditional concept of funeral service.

General dimensions of the building are 40 by 80 feet, and it will be a two-story structure with an apartment on the second floor.

The interior decor will be in keeping with the colonial architecture of the exterior, while the furnishings, wall coverings, and fabrics will be chosen to maintain the dignity of this period of architecture. The colors throughout will be subdued celadon greens and beiges

enriched by warm tones in the wood paneling.

"Although the style and decor of the building in general will favor the traditional," Harris said, "all equipment and facilities will be the most modern available."

Harris has had several years' experience as a funeral director, having been employed locally and at funeral homes in Sault Ste. Marie, Monroe and most recently in Kalamazoo.

He graduated from Ishpeming High School in 1949, attended St. Olaf College in Northfield, Minn., and is a graduate of Western Michigan University, Kalamazoo, where he received a bachelor's degree in business administration.

Harris obtained his formal training as a mortician at the Wisconsin Institute of Mortuary Science, Milwaukee, from which he graduated in 1952.

Hall Open For Men's Athletic Events Tonight

ISHPEMING — The Kron-Dingfelder Hall again will be available for all men of St. John's, St. Joseph's and St. Pius X Churches who desire to take part in an athletic program.

Those wishing to use facilities of the new gymnasium are asked to turn out at 7 tonight with appropriate athletic wear.

Teams will be organized and a tentative schedule drawn for future games.

Approximately 30 men appeared at the gymnasium Tuesday night to play basketball.

Deer Killers Handed Jail Terms, Fines

BARAGA — Two Ontonagon men, Thomas J. Pestka and Elmer Marks Jr., were sentenced to mandatory 20-day jail terms and ordered to pay fines of \$100 plus \$7.30 court costs each on charges of willfully and illegally killing two deer during the closed season.

The two were arrested last week by conservation officers assigned to the Baraga district headquarters in the White Pine area and were arraigned before Bergland Justice David Paro.

In addition, the deer hunting privileges of the two men were revoked for a period of three years. The officer confiscated a rifle, a hand spotlight and a hunting knife when he arrested the two.

Officers said that the mandatory jail sentences were due in part to the fact that the two defendants were habitual conservation law violators. Marks was convicted twice last season on charges of shining deer and Pestka was arrested with a fawn deer in the trunk of his car during the closed season last year.

Fall Tea At Wesley

ISHPEMING — The Women's Society of Christian Service of Wesley Methodist Church will hold its annual fall tea in the Fellowship Hall of the church tomorrow afternoon from 2 to 5. The Elizabeth and Naomi Circles will serve the tea, which will consist of coffee and tea, homemade white bread and safarin bread and tarts.

In addition to regular items that the circles will have for sale, the Society MYF will sell homemade items made by Christian refugees. These will consist of handwoven ties, skirts and dolls costumed in the traditional clothing of their country. Proceeds from these articles enable Christian refugees to make an income so as to support themselves.

The Intermediate MYF will have a special table where young children will be cared for and served while their mothers take part in the Tea. The public is invited.

'Hot Lunch' For Central PTA Session

NEGAUNEE — Parents and students will join in sampling the hot lunch menu at the Central Grade School when a dinner will be served by the hot lunch staff at 5:15 Wednesday afternoon as part of the American Education Week observance here. The dinner will precede the regular meeting of the central PTA.

Members of the welcoming committee are Mrs. Louis Erick, Mrs. Arthur Olson and Mrs. Ferner Granelund.

Following the dinner, Miss Miriam Carter, a member of the Central faculty, will present an illustrated lecture on her trip to Alaska. A short business meeting will conclude the gathering.

Room mothers appointed to serve during the current school year are as follows:

Kindergarten — Mrs. Kenneth Sager, Mrs. Lawrence Anderson, Mrs. William Phillips and Mrs. William Kunnari.

First Grade — Mrs. Angelo Dellangelo, Mrs. Jack Taylor and Mrs. John Terzaghi.

Second Grade — Mrs. Louis Trudell and Mrs. Howard Nease.

Third Grade — Mrs. Denho Loven, Mrs. Edward Wernholm and Mrs. Russell Williams.

Fourth Grade — Mrs. Merle Deschaine.

Fifth Grade — Mrs. Darrell Ostwald and Mrs. Taisto Pynnonen.

Sixth Grade — Mrs. Ferner Granelund and Mrs. Louis Erick.

Auxiliary Meets Thursday Night

NEGAUNEE — A regular business meeting of the Veterans of Foreign Wars Auxiliary will be held at 7:30 Thursday night. Lunch will be served and games played afterwards.

Members are reminded that 1964 dues are now payable.

4 Hunters Pay \$122

MUNISING — Four Lower Michigan hunters, arrested by Alger County conservation officers, paid fines and costs totaling \$122 when they were arraigned in justice court before Judge Walter Jonas.

They were Gary Reinhardt, Washington; Jerome Reinhardt, Mt. Clemens; and Norman Bancroft, St. Johns, each of whom paid \$33 for having loaded rifles in a motor vehicle, and Darrell Mills, St. Johns, who paid \$23 for having two unlicensed rifles in a car.

In another case, Lloyd Provoost, Flint, paid fines and costs amounting to \$17 for speeding.

Young's Team Cuts Coombe's Crib Lead

ISHPEMING — Young's team gained 114 holes to cut Coombe's team lead in the Ishpeming Ladies' Cribbage League to 816.

Eliza Goudge and Rose Norell pegged 1,186 high score in the last match.

E. A. Johnson Store To Be Closed After 87 Years

ISHPEMING — Directors of E. A. Johnson, Inc., announced today that after 87 years of business activity in Ishpeming, they have reached a decision to discontinue operating their store on the corner of First and Bank Sts.

The land and store were purchased by Eric A. Johnson in December, 1875, and a dry goods store was opened there in March, 1876.

Groceries were added to the list of products in 1886. The late Edwin W. Johnson was then managing the store.

A meat market was added in 1932 and the next milestone came in 1953, when the store was incorporated by the family and the late E. W. Johnson, manager.

move through the port of New York annually.

The Ladies of Kaleva will meet Thursday night at 7:30. A program will follow the meeting. Lunch will be served by Mrs. Arthur Saari, Mrs. Mary Hokkanen, Mrs. Hilda Hirvonen and Mrs. Tyne Jennings.

The stewardship committee of Immanuel Lutheran Church will meet at 7 Thursday night. Women of Immanuel leaders will meet Thursday at 6:30 p.m. for the Bible study class. There will be a Women of Immanuel general meeting Thursday night.

Flower Display Demonstration At Newcomers' Meet

ISHPEMING — Martha Coluccio, representing the Negaunee Greenhouse, will be guest speaker at a regular meeting of the Ishpeming - Negaunee Newcomers Club at 8 tomorrow night in the Al Quaal Recreation Area clubhouse.

Miss Coluccio will give a demonstration in flower arrangement and club members will participate. Each person is required to bring a flower which will serve as a base for the arrangement. The flower arrangement will be kept by each member as a souvenir.

Lunch will follow. Each member is asked to bring her own place setting.

Mrs. Robert Sturm, president of the Newcomers Club, again extended an invitation to newcomers to the area to join the club. "This demonstration will be the first of a continuing program designed to interest all women," she said.

"Through the cooperation of the Ishpeming Chamber of Commerce and some of its members, we have enjoyed new growth and are looking forward to an active year."

World's Largest Used Car Dealer: Chicago Police

CHICAGO (AP) — A new claimant has appeared for the title of world's largest used car dealer—the Chicago Police Department.

Police Supt. O. W. Wilson made the claim Monday in announcing his force this year has impounded 47,407 autos and trucks which were abandoned on city streets in violation of the municipal code.

There is no single Swiss language.

Palmer Man Dies At 59 In Hospital

PALMER — John E. Rintala, 59, of Palmer, died at 11:55 last night in Bell Memorial Hospital, where he had been a patient since Sept. 8.

He was born Jan. 9, 1904, in Youngstown, Ohio, and had

lived in Palmer since childhood. He is survived by his wife, Saima; two sons, Floyd and Donald of Palmer; a daughter, Mrs. Wesley (Shirley) Mattson of Palmer; seven grandchildren; a sister, Mrs. Jennie Lembeg of Vancouver, Wash.; three brothers, Charles of Negaunee, Jacob of Marquette and August of Butte, Mont., and several nieces and nephews.

Services are tentatively set for Thursday afternoon in the Concordia Lutheran Church. Friends may call at the Perala Funeral Home beginning at 2 tomorrow afternoon.

Two Autos Damaged; Deer Killed

L'ANSE — Two autos were damaged extensively and a deer killed in a pair of accidents in the area during the past two days.

An auto driven by Fred Glaser, 21, Ontonagon, went out of control and crashed on M-26, just south of the Painesdale village limits, yesterday morning at 10:15. According to state police from L'Anse, he was driving north at a "good clip" when he skidded on the slippery pavement, turned around, ran off

the road and plunged backwards into the ditch.

The left side and rear of his car were badly damaged, but Glaser was able to drive it away.

At 9:45 Sunday morning, Mrs. Giovanni Constanza, Detroit, struck and killed a deer on U.S. 41 four miles south of L'Anse. The front end of her car was badly smashed and it had to be towed into L'Anse by a wrecker. The deer was turned over to the conservation department.

ward and plunged backwards into the ditch.

Baraga County Zoning Plan Updating Approved By Unit

L'ANSE — Members of the recently reorganized Baraga County Planning Commission, meeting for the first time, agreed to update a preliminary county zoning plan, called for information on county building needs, laid out guidelines for development of a recreation and tourism report and were brought up to date on progress of the planning body since the last regular meeting in May.

Dr. Eric A. Bourdo, chairman, reported that the intermediate interim county planning report submitted to Area Redevelopment Agency officials this summer had been accepted without revision. He called for full cooperation from all commission members in completing an overall economic development plan for the county, required before any economic development projects can be okayed for federal assistance under any ARA program.

The interim report was sufficient to keep Baraga County eligible for participation in federal projects, but the final plan must be prepared without further delay to assure continued eligibility.

Dr. Bourdo called for updating of an extensive zoning study prepared in the early 1940's.

"This study had reached the stage of completion where it was almost ready for implementation, when the war intervened and the project was buried," he explained. "It is basically sound and with a minimum of additional work can be brought up to date and polished so we can submit it to the county board of supervisors for approval."

Michigan statutes provide that any county board may appoint a commission to draw up a zoning ordinance, which they must then approve. In the event of objections to the proposed regulations, petitions signed by a stipulated percentage of legally registered voters can place the proposition on the ballot. Dr. Bourdo emphasized the need for practical zoning and stated, "Zoning is the first step in effective county planning."

No Retroactive Zoning

He pointed out that such a plan should include zoning regulations for the villages within the county and noted there is no such thing as retroactive zoning.

"Once an industry or business establishment is located in a residential area or a man with school children builds a home 10 miles off the county road, zoning regulations adopted after that cannot force these people to comply with the new code," he said. "Once the zoning ordinance is in effect, however, mistakes of this type, which could cause trouble in future years, can be prevented before they happen."

Dr. Bourdo also noted that to date the commission has very little information on plans for construction of any future county buildings, and added that such plans should definitely be an integral part of the overall plan now being compiled by the commission.

Long-Range Plans

Raymond J. Tembreull, commission member and chairman of the county board, agreed, stating: "These, of course, will have to be considered as long-range plans. However, when reports drawn up by the Outdoor Recreation Resources Review Commission, requested by Durling for basic background information.

"This is a series of 17 reports dealing with the many aspects of recreation and future trends in the United States," he said. "They were compiled by members of a blue-ribbon citizens' committee, appointed by former President Eisenhower, who worked about 18 months before making their report."

Mrs. Dorothy A. Jacobs, commission member and owner of a Baraga hotel, will work with Durling on the recreation and tourism report.

He also cited the need for a county-wide clearing house to answer request for information on recreational opportunities, tourist attractions and lodgings.

Dr. Bourdo emphasized that, although recreation and tourism is one of the most important industries in the U. P., the fields of forestry and mining should not be neglected in the report.

"I think the basic approach for us is to build our stable economy on the resources of the area and to use recreation and tourism as frosting on the cake," he said. "An economy built primarily on tourism fluctuates sharply with declines in other segments of the national economy. When people are a little pinched for money, the first thing they cut back on are vacations and frills."

Leroy A. Stevens, district forester for the conservation department, was named chairman of the forest resource committee. Prior to appointment to the commission, Stevens headed a forestry committee which compiled an extensive inventory of the forest resources of the county, termed "one of the best I've ever seen" by Dr. Bourdo.

and if more federal funds become available under the accelerated public works program, the groups with completed plans are the ones who are prepared to step in and take advantage of these grants. The only way we can get a new jail and court house, which we certainly will need within 10 years, is under one of these federal programs where we will be eligible for from 50 to 75 per cent of the cost of the project in federal grants."

Tembreull further proposed that when and if a new jail and courthouse are constructed, both the "courthouse hill" and the hill on which the L'Anse elementary school now stands could be leveled to create more usable and attractive land in the center of town. (Plans are now under way to construct a new grade school, which will be located on another site closer to the high school.)

"These two hills could be knocked down and used to fill in that big hole on the Main Street at a minimum cost," Tembreull noted. "In this way, not only the hill properties, but the Main St. parcel could be converted from inconvenient and unattractive sites into valuable and readily salable real estate suitable for municipal, county or commercial purposes."

"I've also thought that if such a move was undertaken, we could open up Third St. and bridge the Linden Creek, in order to have an additional through street to siphon traffic away from the Four Corners."

As it is, all the traffic from both hills and the Bay Shore must be channelled through the intersection of Main and Broad Sts., resulting in overburdening of that artery and serious traffic problems.

Dr. Bourdo repeated his contention that all plans — county, village and rural — must be integrated and included in the final OEDP.

"When these federal assistance programs were first initiated, there were many cities which had only to dig into their files and dust off plans already made, in order to qualify for grants," he said. "This is what we should be prepared to do."

T. B. Durling, newly appointed to the commission, agreed. "The forest service had a drawer full of plans for future development of their holdings," he commented. "Their planning was in such good shape that they were able to get into business on this APW program in just one day."

To Head Tourism Unit

Durling was named chairman of the recreation and tourism committee and authorized to recruit a committee of his own choice to assist in preparation of a comprehensive report, coordinating all phases of development and planning already completed by various public agencies and private interests, and outlining the most practical approach to future recreational development of the county's resources. The commission unanimously approved purchase of a complete series of

the Swanson Funeral Home in L'Anse, were friends may begin calling this evening. Services will be held Thursday at 1 p.m. at the funeral home, with the Rev. Rodney Erickson officiating. Burial will be made in Pelkie Cemetery.

JOHN A. ERIKAINEN

PELKIE — John A. Erikainen, 68, died Sunday evening in the Baraga County Memorial Hospital.

He was born in Kuopio Laani, Finland, Jan. 1, 1895, and had resided in Pelkie since 1906. He was married to the former Martha Vesten April 5, 1948, in Finland.

Surviving besides his wife are two brothers, Urho and Otto of Pelkie; two nieces and two nephews.

Services will be held Friday at 1:30 p.m. in the Swanson Funeral Home, L'Anse, with the Rev. Lauri Pikkusaari officiating. Burial will be made in Pelkie Cemetery. Friends may begin calling at the funeral home tomorrow evening.

EMIL HOISKO

ISHPEMING — Mr. and Mrs. Onni Leppaniemi of Ishpeming have received word of the death of Emil Hoisko in Royal Oak at noon Monday.

Mrs. Hoisko was the former Mrs. Uno Ketola, a sister of Mr. Leppaniemi.

Funeral services will be held at 2 p. m. tomorrow in Royal Oak.

MRS. ELLEN SILAS

ISHPEMING — Services for Mrs. Ellen Silas, who died Saturday, will be held in the Bjork & Zhulkie Funeral Home tomorrow at 2 p. m. with the Rev. Eskil Bostrom officiating. Burial will be made in Ishpeming Cemetery.

Car Damaged In Mishap On Road 581

ISHPEMING — An automobile was damaged in a traffic mishap at 4:30 Sunday afternoon on County Road 581 in Ely Township.

State police said the accident, which was not investigated until yesterday, occurred when Daisy Ayotte, 55, of 409 Excelsior St., Ishpeming, was traveling south on Road 581 and a deer ran out from the west (right) side of the highway.

She drove to the right to avoid the deer, officers said, with her car going into the ditch

CARD OF THANKS

I wish to take this means of expressing my sincere thanks to friends and relatives who helped through my recent bereavement, the loss of my dear wife, Aivi Mackie. Special thanks to Rev. and Mrs. Lauri Pikkusaari for the comforting words and singing.

To Mr. and Mrs. Wittum for the kind services, both of which were a great comfort.

Also to pallbearers, those who sent flowers, cards, donations and food, and to the ladies who served lunch after the services. Your kindness will always be remembered.

ONNIE MACKIE

Extension Club Meets Thursday

U. P. Grid Teams Listed In Final AP Poll Voting

DETROIT (AP) — High school football teams from Kingsford, Sault Ste. Marie, Sault Ste. Marie Loretto and Escanaba Holy Name have been named in the final Associated Press Grid Poll of the 1963 season, with all state schools having completed their seasons.

Kingsford, winner of the 1963 Barber Trophy presented by the U.P. Sports Writers Association as the Team of the Year in the U.P., wound up in a tie for fifth place in Class B voting with Dundee, both teams having

an 8-0 record for the year. Willow Run took first place in the voting by Michigan sports writers, with a 9-0 slate.

Devils Rated Sixth

In the Class A voting, Sault Ste. Marie's Blue Devils, with an 8-0 record, placed sixth, with Lansing Sexton taking first place with its 7-0-1 showing.

Barely making it in 31st place in Class B voting was Escanaba Holy Name, somewhat of a comedown from last year's showing and far below Kingsford, the only team to mete out a defeat to the Eskymoos.

In Class C-D voting, Sault Ste. Marie Loretto was given 16th place by sports writers in the poll. The Angels finished the season with an 8-0 record.

Wolverine Frosh Had Their Day

ANN ARBOR (AP) — The freshmen football players had their day in Michigan Stadium Monday, and four fine running backs showed promise of brightening up the stadium next year.

Dave Fisher, Jim Detweiler, Jim Ward and Bob Mielke were the top ball carriers as the blues beat the whites 10-7 in the Wolverines' annual freshman game. Fisher, from Dayton, Ohio, and Mielke, of Chicago, are fullbacks. Detweiler, of Toledo, and Ward, of Cincinnati, are halfbacks.

Field Goal Won

Jim Seiber's 20-yard field goal provided the victory margin for the blues.

All the scoring came in the last quarter.

The Michigan varsity players had only a light workout after their 14-8 upset of Illinois last Saturday.

The Wolverines meet Iowa Saturday.

Duff Works On Big Ten, Not Bowl

EAST LANSING (AP)—Keeping the Spartan football express rolling is the main concern of Michigan State football coach Duffy Daugherty this week.

Daugherty first wants to make sure MSU won't be stopped by Notre Dame Saturday.

Big Ten Crucial

"The Big Ten championship means more to me than the Rose Bowl," Daugherty said. "We have an opportunity now to tie for the championship and even win it outright."

Michigan State has beaten Notre Dame the last seven games in a row.

The emphasis in practice Monday was on conditioning as the squad worked late in sweat clothes.

Knee Sprain

Fullback Joe Begeny had a knee sprain but was expected to be ready Saturday. Quarterback Dick Proebstle suffered a slight ankle twist but was running in practice.

An attendance of more than 70,000 is expected for this Saturday and for the season's finale against Illinois, at East Lansing.

Beliveau Keeps Lead In Scoring

MONTREAL (AP) — Montreal's Jean Beliveau maintained his National Hockey League scoring lead last week, but Chicago's Bobby Hull made the biggest gain and vaulted into a tie for the runner-up spot.

Beliveau accounted for one goal and two assists last week and now has six goals and a league-leading 17 assists for 23 points, according to league statistics released today.

Hull, meanwhile, picked up five points for a total of 18 and tied teammate Stan Mikita for second place. New York's Phil Goyette is fourth with 15 points. Mikita fired three goals last week, taking over the No. 1 spot in that department with nine.

Detroit's Gordie Howe, the defending scoring champion, is in a tie for 12th place with nine points. Howe ran into a slump while trying to score an NHL record 545th goal. He did it Sunday and now has five goals and four assists for the season.

Nowatzke Leads Big Ten Scoring

CHICAGO (AP) — Tom Nowatzke, Indiana's 220-pound junior fullback, has taken the Big Ten all-games football scoring lead.

Clicking in every department, Nowatzke has a total of 48 points on five touchdowns, four field goals and six extra points and holds a six-point lead over fullback Roger Lopez of Michigan State who has seven touchdowns for 42 points.

Halfbacks Lou Holland of Wisconsin and Sherman Lewis of Michigan State are tied for third with 36 points each.

New Back Of Week Helped On Many Washington Scores

NEW YORK (AP) — It's one thing to drive a football team across the field into scoring territory and another to push the ball across for the touchdown.

Sometimes it is possible to become so enmeshed in the value of statistics that more attention is given to the touchdown makers than the men who make the touchdowns possible.

Not The Case Here

Such is not the case today in The Associated Press' Back of the Week—Bill Douglas, the 5-foot-11, 175-pound quarterback at the University of Washington.

Douglas made only one touchdown — a mere pittance when measured by the production of some of the country's other backs — but he had a hand and a foot in a half-dozen in the Huskies' 39-26 victory over California.

The 20-year-old junior signal-caller was the whip in scoring drives that covered 85, 77, 79, 90 and 48 yards and he also helped

Pictured above is the Bishop Baraga Central High School football squad, the first in 30 years to represent BBCHS on the varsity gridiron. Oakie's Team Opens Season With 1-1 Split

Coach Len (Oakie) Brumm's Waterloo Blackhawks opened the 1963-64 United States Central Hockey League campaign with a rousing 10-1 victory over the league-champion Green Bay Bobcats Saturday night in the Iowa city.

For Brumm, former coach of the Marquette Sentinels, it was the most lopsided win over Green Bay in the five seasons his teams have competed against the always-tough Bobcats. Brumm, who is a defenseman, was credited with three assists in the game while Fred DeVuono of Sault Ste. Marie netted three goals for the "hat trick". Three other Upper Peninsula athletes in the lineup for Waterloo are Houghton's Gerry Martilla and Emery Ruelle along with Dave Swick of the Soo.

Green Bay came back to win Sunday's game over Waterloo, 3-4. A total of 2,500 fans saw Saturday's contest while attendance at Sunday's game was 1,500. Waterloo plays at Rochester, Minn. next weekend.

Booster Support

The re-introduction of foot-

Bishop Baraga Boosters Made Team Possible

More than 40 boys responded to the call for Bishop Baraga Central High School's first football team in over 30 years at the beginning of the 1963 grid season, with about 33 of them finishing out the season as members of the historic squad.

Practice Began

Practice began in early September, and a limited schedule of games was played. Although all boys were eligible to try out for the team, competition was necessarily restricted to underclassmen, with a view toward entering into an expanded schedule next year.

J.V. Team Planned

Finishing the season were 17 juniors, 13 sophomores and three freshmen. Next year, Baraga Central hopes to outfit a "Juvvete" team as well as a varsity squad, and this should result in a larger turnout of freshmen and sophomores.

Although some difficulty was encountered this year in finding a suitable practice field, efforts are being made to improve the area adjacent to the school, entailing the putting in of top soil and reseeded of the entire area. Negotiations are currently under way to procure a field on which home games could be played.

Working with the youthful team this year were coaches Armas Hamari, Henry Bertagnoli and Richard Brown.

Junior Hockey Practice Times

The Marquette Junior Hockey practice schedule for tonight has been announced by the City Parks & Recreation Dept., and is as follows:

5-6:30: Pee Wees A & B.
6:30-8: Bantams.
8-9:30: Midgets and Juveniles.

Packer Game Ducats Gone In Chicago

CHICAGO (AP) — A block-long line started forming at 4:30 a.m. Monday at the Chicago Bears' downtown office to buy 1,500 standing room tickets for Sunday's National Football League game with the Green Bay Packers.

Standing-room tickets in the grand stand section of Wrigley Field were the only ones still available for the contest between the co-leaders of the Western Division.

Gone Fast

They went on sale at 9 a.m. and were snapped up in 40 minutes.

Each customer was limited to a maximum of four. They sold for \$2.50 each. Seats in the grand stand sell for \$4 and box seats are \$5.

BOUT SCHEDULED

PITTSBURGH (AP) — Welterweight champion Emile Griffith and middleweight Rubin (Hurricane) Carter will meet Dec. 20 in a non-title 10-round boxing bout in Pittsburgh.

put the ball in position for a 32-yard field goal.

He completed 12 of 19 passes for 176 yards and gained 67 additional yards on option plays.

Roger Staubach of Navy and Billy Lohridge of Georgia Tech, two of the season's most consistent quarterbacks also had good days, but failed to measure up to Douglas in overall performance.

Staubach scored two touchdowns and passed for a third in running his season's individual yardage to 1,544, an all-time Naval Academy high, in the 42-7 victory over Maryland. Lohridge completed 20 of 34 passes in the 15-7 triumph over Florida State for 246 yards and had an overall total of 274 yards for the day.

Hot Hands Helped In Piston Win

(By the Associated Press)

Bailey Howell had a bad hand, but Don Ohl and John Egan had hot hands.

Howell was out of the Detroit line-up Monday night but Ohl and Egan each scored 27 points and led the Pistons to a 116-109 National Basketball Association victory over the Los Angeles Lakers.

The Lakers, however, held onto the Western Division lead as the second-place St. Louis Hawks lost to Boston's Eastern Division front-runners 116-110 in the only other game scheduled. It was the ninth victory in 10 games for the Celtics.

Spurt

Ohl put the Pistons ahead to stay early in the second quarter. Then Egan led a third quarter spurt after three baskets by Elgin Baylor had pulled Los Angeles to within four points at 65-61. Baylor led the Lakers with 28 points and Dick Barnett chipped in with 27.

Bill Russell led the Celtics with 20 points and 31 rebounds before leaving the game with 9½ minutes to play.

Injuries In Prior Games Hit Detroit

DETROIT (AP) — The Detroit Lions have finally played a football game without losing a player from serious injury. But past injuries proved costly Sunday when the Lions lost, 24-21, to Baltimore.

A number of experienced hands were missing from the Detroit lineup, and the substitutes made mistakes, coach George Wilson said Monday.

"Simple mistakes beat us," Wilson said. "The mistakes came mostly from the kids, the inexperienced guys."

"Everything considered, they've done a really great job. They deserve a lot of credit," he added.

"One big mistake — and it was inexperience — beat us. That was on John Mackey's 42-yard touchdown when Tom Hall (right safety and replacement for Yale Lary) got crossed up on the play," said Wilson.

Wilson pointed out that "we have only three of our original set of pass defenders."

The Lions meet the Los Angeles Rams Sunday in Tiger Stadium.

The 1962 Giants scored 21 runs in the seven-game World Series yet lost to the Yankees who tallied 20 times.

New Accent On Defense In NBA News

NEW YORK (AP) — Big O — Oscar Robertson of the Cincinnati Royals—held the National Basketball Association lead in both scoring and assists in the latest figures released today, but the NBA news continued to be the new accent on defense.

Robertson hit 29 points in each of three games during the week to run his total to 333 points in 13 games. He added 22 assists to make it 122 in that department.

Down From Last Year

Over-all, the nine clubs were averaging 108.9 points per game, compared to 116.0 at the same point last year. Shooting percentage were off from .432 to .426, as well.

The San Francisco Warriors, with a new image under Coach Alex Hannum, are holding their opponents to 97.3 points a game, nearly seven points less than the next stingiest team, the Boston Celtics.

Wilt Chamberlain of the Warriors continued to lead the league in scoring percentage, 30.6 per game, but well off his normal pace as he concentrates on defense.

Lead Retained

Charlie Vaughn of the St. Louis Hawks retained the field goal percentage lead with a .524 average, and Cliff Hagan of the Hawks moved into the lead in free throw percentage with a .314 average.

Jerry Lucas of Cincinnati held his rebound lead with 224. Bill Russell of the Celtics had the top average, 24.4 a game.

The Chicago White Sox outscored the 1959 Los Angeles Dodgers, 23 to 21, yet lost the World Series in six games.

Olympic Power Fight: AAU Wins All Crucial Votes

WASHINGTON (AP) — The U.S. Olympic Committee has ended its last session before the 1964 Olympics with no permanent solution in sight for the split between the Amateur Athletic Union and the colleges.

No Letup

Neither the AAU nor the National Collegiate Athletic Association showed any letup during the two-day biennial meeting of the hostilities that once threatened to wreck America's hopes next year in Tokyo. The meeting ended Monday.

After mediation by Gen. Douglas MacArthur, both sides agreed earlier this year to a truce in their conflict until after the 1964 Olympics.

However, this didn't stop both sides from maneuvering for more power on the Olympic Committee. They kept up a running battle throughout the two days.

Heavy Heart

Just before final adjournment, committee president Kenneth L. (Tug) Wilson commented: "I leave here with a heavy heart. . . I was sincere in my plea that we should not have bloc voting, that we should consider each issue on its merits."

The conflict began Sunday when AAU forces reversed the committee's board of directors on the question of granting a newly formed federation sanction to represent the United States on the International Federation for Baseball.

Voted Down

The NCAA backed the high schools and junior colleges in seeking more votes in the new organization. The AAU opposed and it was voted down.

The NCAA wanted President Kennedy given authority to name three members of the board of directors to represent the public and help mediate the dispute. The AAU, which once favored this, opposed it and it was beaten.

As adopted by the committee, the armed forces membership was increased from one to four on the board of directors, and President Kennedy will name one non-voting member to represent the inter-agency committee on international sports.

The AAU remained in complete command throughout the session, winning every vote. And the net effect of the voting realignment is to give it further strength.

MSU Moving Up In Poll; Texas First

NEW YORK (AP) — As the only major college team still unbeaten and untied, despite the slender margins of victory, Texas retained its spot as the nation's No. 1 football team this week.

The Longhorns were first on 48 of 53 ballots and took the top spot for the fifth straight week by a comfortable margin.

Other Recognition

The panel of sports writers and broadcasters voting in the weekly Associated Press poll also meted out recognition as due to other winners and losers. Navy, Michigan State, Oklahoma and Pitt rose in the rankings while Illinois, Auburn and Ohio State went down.

Texas, winning its eighth straight game, had to go all out to win a squeaker from Baylor 7-0. That was the fourth in a row won by no more than a touchdown. Instead of discounting the Longhorns because of those margins, the experts gave them a whopping total of 526 points on the scoring basis of 10 points for a first place vote, nine for second, etc. That came on 48 firsts, four seconds and one vote for fifth.

Navy To Second

Navy moved up from fourth to second with 446 points, replacing Illinois, which skidded far down the list after a 14-8 loss to Michigan. The voters obviously were impressed by the ease with which the Midship-

men massacred Maryland 42-7, Mississippi, an easy 41-0 winner over Tampa, a minor opponent, remained in third. Michigan State climbed from ninth to fourth after trimming Purdue 23-0 and taking the Big Ten lead.

Behind them in the Top Ten came Oklahoma, Pitt, Alabama, Illinois, Auburn and Nebraska.

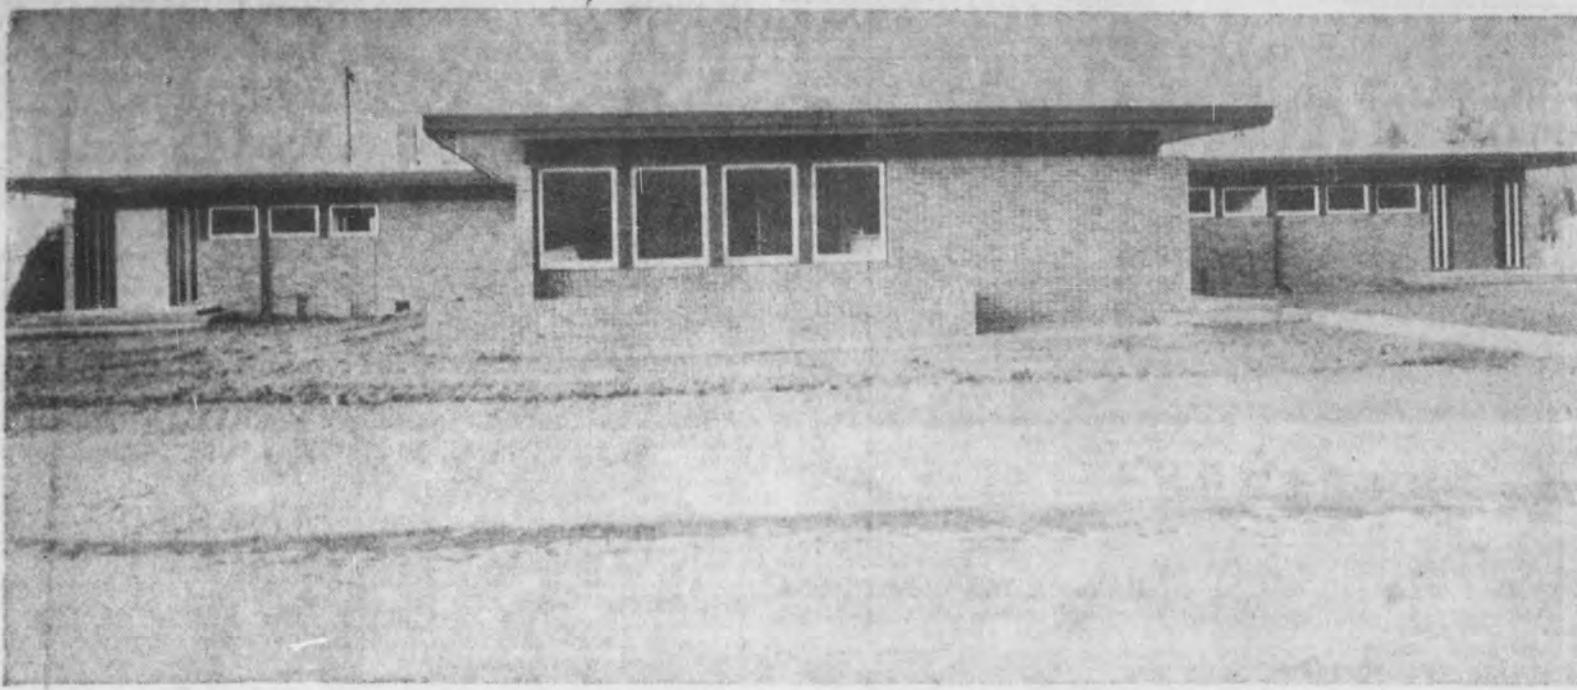

Nosed Out Pitt

Oklahoma, a 24-14 winner over Iowa State, just nosed out Pitt for fifth in the point scoring, 284-281. Pitt's decisive 27-7 victory over Notre Dame lifted the Panthers from eighth place. Alabama, idle last Saturday, remained in seventh.

Auburn dropped from fifth to ninth after being edged by Mississippi State 13-10. Nebraska, holding its Big Eight lead with a 23-9 decision over Kansas, replaced Ohio State, a 10-7 loser to Penn State, as the ninth team.

The top ten teams with first place votes in parentheses and points on a 10-9-8-7-6-5-4-3-2-1 basis:

- | | |
|-----------------------|-----|
| 1. Texas (48) | 526 |
| 2. Navy (4) | 446 |
| 3. Mississippi | 361 |
| 4. Michigan State (1) | 303 |
| 5. Oklahoma | 284 |
| 6. Pittsburgh | 281 |
| 7. Alabama | 253 |
| 8. Illinois | 133 |
| 9. Auburn | 91 |
| 10. Nebraska | 84 |

Just completed is this new medical building erected on the grounds of Munising Memorial Hospital.

New Medical Unit Erected In Munising

MUNISING — This city's newest medical facility, a medical building to house three suites for physicians, was completed yesterday.

Moving into two of the suites in the new structure, located on the grounds of Munising Memorial Hospital — itself built only two years ago — were Drs. Walter Olson and Robert Hulse. A third suite is available for another physician.

Financing construction of the building, started Aug. 12 of this year, was the Munising Hospital Foundation — an organization comprised of 15 members and separate from the hospital. Its officers are Paul Haag, president; Francis Putvin, vice president; Mrs. Aileen Nebel, secretary; and Richard Hallifax, treasurer.

"This new medical building will provide the people of Munising and Alger County with the most modern facilities in the Upper Peninsula," a spokesman for the foundation said today.

He added that an "open house" will be held from 2 to 4 p. m. Sunday, Nov. 17, to permit the public an opportunity to view the new medical facilities. The building was erected by Marshall - Erdman Construction Contractors, Madison, Wis.

Inspecting the new medical building in Munising are (from left) Francis Putvin, vice president of Munising Hospital Foundation; Mrs. Aileen Nebel, secretary; Charles Cheverette, president of Munising Memorial Hospital; Mrs. Betty Tidd, Paul Haag, president of foundation receiving key to building from Jim Kilian, representing construction firm; Roger Knapp, Detroit-Northern Loan Building Association, and William Cox Sr.—(Hallifax photos.)

Becky Finds Way To Ride Missile

CARLISLE, Ky. — Little Becky Galyon found a new way

to ride a missile. She was scheduled to ride her pony in a parade recently but the animal balked.

Becky's saddle was transferred to the big Navy sea-to-

air rocket and both were wheeled down the street.

South America's greatest average annual rainfall is 413 inches, at Quibdo, Colombia.

Fisherman Fined \$100 In L'Anse

L'ANSE — Fines and court costs totaling \$260.10 were levied against six persons arraigned before L'Anse Justice Steven P. Markovich. One man was jailed for 15 days and charges against two other men were dismissed.

Clarence B. (Buck) Chosa, 46, a Baraga commercial fisherman, was ordered to pay a \$100 fine plus \$8.90 court costs on charges of illegal possession

of lake trout from Lake Superior under a commercial fishing license.

Chosa was arrested at the lakeshore north of Baraga near the Capuchin Friary at Assinins by conservation officers operating from the department's commercial fisheries patrol boat. According to the arresting officers Chosa, who is not among the assessment fishermen permitted to take limited quotas of lake trout, had caught the illegal trout in nets set off the Friary shore in Keweenaw Bay.

Markovich sentenced George Oja, 51, Pelkie, to spend 15 days in the Baraga County jail when he was unable to pay the \$15 fine and \$9.80 court costs levied against him for being drunk

and disorderly. Oja was arrested on Main St. in L'Anse by state police officers.

Four other men charged with being drunk and disorderly were sent to jail until they could pay fines of \$25 and \$6.60 court costs each. Alternative sentences were 30-day terms in the county jail. The four — Anthony L. Davis, 22, Laurium; John J. Enrietti, 18, Mohawk; Garfield J. Baranowski, 21, Calumet, and Ralph A. Kunar, 19, San Francisco — were

arrested in an automobile on U.S. 41 near Alberta by state police.

Charges of furnishing wine to minors brought against two L'Anse men — Lawrence Loonsfoot, 27, and Martin C. Curtis 21 — were dismissed for lack of evidence. Markovich stated yesterday that the minor involved in the complaint admitted he had taken the half-gallon jug of wine from Loonsfoot's car without the owner's knowledge or consent.

Notice To Bidders

Sealed proposals for furnishings and equipment will be received by the Board of Education, Forsyth School District No. 7, Gwinn, Michigan, at the George D. Gilbert Elementary School up to 2:00 P.M. E.S.T. on November 19, 1963, at which time and place bids will be publicly opened and read aloud.
