

# 2 Of Largest Ore Carriers On Lakes Due Here This Week

Two of the largest iron ore carriers on the Great Lakes will load in Marquette this week.

Both ships, the Edward L. Ryerson and the Wilfred Sykes, are tentatively scheduled to dock here Thursday.

It'll be a big day for Marquette's ore shipping industry.

The Ryerson, which will take on ore at the Lake Superior and Ishpeming Railroad Co. dock, is the largest ship in the Inland Steel Co. fleet. The ship has never docked in Marquette before.

The Sykes, the second largest ship in the Inland Steel fleet, will be the last boat to load at the Soo Line Railroad Co. dock this season. The Sykes has loaded in Marquette occasionally since she was commissioned in 1950, including one appearance at the LS&I dock this summer.

### Last For Season

Dock agents here said that the trips the two ships will make to Marquette this week are the last that they will make this season.

The Marquette Range ore dumped into the two ships' hoppers will be stored in the ships at Inland Steel's Indiana Harbor, East

Chicago, Ind., until there's room to store it on shore later this year.

At the LS&I dock the Ryerson will take on Cliffs Shaft lump ore and the Sykes will be loaded with both Cliffs Shaft and Champion lump ore at the Soo Line dock.

### Built In Manitowoc

It is expected that the LS&I dock workers will deposit about 19,000 tons of ore into the Ryerson's hold and the Sykes is expected to be loaded with more than 18,000 tons of ore.

The Ryerson was built and commissioned in Manitowoc, Wis., in August 1960 and set a record on her first load at Escanaba of 23,378 gross tons. In 1962 she set another of 24,770 gross tons loaded at Superior, Wis. The 24,770 ton cargo was the largest which has ever been carried through the Soo Locks.

Last year the Ryerson delivered more than one million net tons of ore to Inland Steel's Indiana Harbor and she is expected to exceed that record this season.

The Sykes is a prototype of the modern post-war iron ore carriers. She was commissioned in 1950 and set the pattern for all the large U.S. and Canadian

ships which have been built since.

### Here In 1950

The Sykes visited Marquette in 1950 while on a display tour of all the major Great Lakes ports.

The Ryerson, captained by Thomas A. Olson, is 730 feet long and has a beam of 75 feet. Captain of the Sykes is James E. Shoemith. The carrier is 690 feet long and has a beam of 70 feet.

### Marquette Crewmen

Crews aboard both ships include several men from the Upper Peninsula.

Marquette area men listed among the officers and crew of the Ryerson include Robert LaCourse, 814 W. Kaye Ave., second assistant engineer, and former Marquette residents, Dudley J. Paquette, first mate, Hammond, Ind.; Larry E. Wallace, second mate, East Chicago, Ind.; and Bruce Paquette, wheelsman, East Chicago.

## U.P.'s Dairy Farm Total Drops By 57

During the past year the number of farms producing milk in the Upper Peninsula declined by 57.

There were 566 in October compared with 623 in the same month a year ago, the U. S. Department of Agriculture reports.

### Price Drops

The Department, administering the U. P. Milk Marketing Order, says that the blend (average price of milk was slightly under a year ago in October at \$4.02 a hundredweight.

The Class I (drinking milk) price was off \$4.05 from \$4.11 and the manufacturing milk price was up, \$3.15 compared with \$3.07 a year ago.

Total production in the Peninsula in October was 9.5 million pounds compared with 9.6 million a year ago and more went into drinking milk markets than a year ago.

Daily average production was 307,356 pounds, compared with 312,041 and producer income was down, too, \$400,906 compared with \$411,273.

Average producer income for seven days was \$159.94 compared with \$149.07.

## Hunter Wounded; Another Lost, But Located, In U.P.; Season Two-Thirds Gone

Another hunter wounded; another lost, then located, and mild weather—that's the story today for the Upper Peninsula deer season, which is two-thirds gone.

Wayne Sprague, 45, Ionia, was shot through his pelvic area while hunting at 8:30 yesterday morning in Carp Lake Township, Ontonagon County.

Sprague was in critical condition when taken to Divine Infant Hospital, Wakefield, but today reportedly was improved. The blast, from a .30-06 rifle, entered his left side and came out on the right side of his abdomen.

### Mistaken For Deer

State police said the shooter was Woodie E. Daher, 49, Lansing, a hunting companion, who said he mistook Sprague for a deer. The case was kept open for investigation.

Sprague was the 14th hunter wounded in the U. P. this season. Two hunters have died from gunfire. In all of the 1962 season there were three gunshot fatalities and 11 woundings.

### Obituary

#### JOHN BLACK

Services for John (Red) Black, who died at 1 yesterday morning in Bell Memorial Hospital, Ishpeming, will be held at 2 tomorrow afternoon in the Fassbender Funeral Home here with the Rev. William Payne, pastor of the First Presbyterian Church, officiating. Burial will be made in the Ishpeming Cemetery.

Funeralbearers will be Louis L. Dionne, Bernard Baker, Paul Nauman, Louis Longtime, Simon Murphy and Oliver Beaudoin.

served and pictures will be shown.

It was incorrectly stated in yesterday's Mining Journal that Eugene L. Williams, 655 Park St., Marquette, paid a fine in Marquette Township Court. Williams is from Ishpeming and not Marquette.

### EYES TESTED

OPTOMETRIST  
118 S. FRONT ST., MARQUETTE

during the Thanksgiving period must go east of M-77, or in Lower Michigan. The season began on the 15th in the extreme eastern end of the U. P. and downstate.

Figures indicate the deer kill is normal or better this year so far. Up to 7 this morning 8,587 deer and 123 bears have been transported southward over the Mackinac Bridge, as against 6,562 deer and 266 bears in the same period last year.

Permits to carry deer through Wisconsin have been issued to 304 hunters this season, 53 more than in 1962 at this time.

Drummond Island Totals  
Another report which indicates a better deer kill this year concerns Drummond Island, where there is an accurate check made. So far, 441 hunters have returned with 131 deer and one bear, while in the same period last year 435 hunters came back with 77 deer and one bear.

Only hunters remaining in the woods today were a few from Lower Michigan and some local residents. But a big rush is expected this weekend, the final period for deer hunting in the area.

You can have a new 1964 Stereo or Television to use in your home for one week to enjoy and show your friends between now and Christmas. All the manufacturer asks is that you tell him what you like or dislike about these new models — Call CA 6-7561 now and ask for "Manufacturer's Survey." REMEMBER... NO MONEY DOWN WHEN YOU BUY ON CREDIT!

## City's Bigger Fence Bid For Bypass Under Study; May Alter National Design

Marquette's attempt to have a higher railing, or fence, constructed on the two overpasses on the U.S. 41 and M-28 bypass here is under study by state and national highway officials.

It is being given "serious consideration," reports City Manager Thomas Moore, and is conceivably could alter the design for overpasses involving national highways.

Earlier this fall the city wrote to the Michigan State Highway Department concerning the situation. City officials protested that the railing for the overpasses, at Allamont and Champion Sts., are lower than they'd like to have them.

R. F. Rosatti, Crystal Falls, district engineer for the highway department, investigated and agreed with city officials that "something should be done."

School Situation Cited  
The railings are standard design for federally-aided highways (being approximately hip high for adults), Rosatti noted. Should any changes be made, they would have to be decided in Washington, D.C., since the Federal Bureau of Public Roads determines the design.

If anything is done to alter the design, Rosatti told city officials, it probably would set the pattern for federally-aided highways throughout the United States.

City officials said the situations on the two overpasses here are aggravated because of the fact that so many school children have to use them (for Fisher and St. Peter's Elementary Schools).

Sidewalks Wider  
Rosatti also noted that the city is fortunate in that the sidewalks on the overpasses are wider than the regular walks on overpasses.

Marquette's sidewalks on the overpasses are five feet wide, compared to the standard three-foot width elsewhere.

As a result of the city's request for a study of the overpass situation, an investigation is being made by the federal bureau of overpasses on other federally-aided highways, particularly in Wisconsin.

Moore said the city felt the matter was "urgent," but Rosatti replied that it "takes time" to negotiate with Washington.

"However," the manager added, "Mr. Rosatti believes that we may hear something soon on the matter. He indicated that he would recommend that something be done to make the bridges safer for pedestrians."

# Bank Debits Here Soar 27 Per Cent; Peninsula's Highest

Marquette's bank debits soared 27 per cent last month and the city's total remained the highest for any community in the Upper Peninsula.

This business indicator report was listed today by the Ninth Federal Reserve Bank of Minneapolis.

Marquette's bank debits last month totaled \$23,752,000, as compared to \$18,637,000 for the same month last year. For the year, Marquette's cumulative total is 12 per cent higher than last year, at \$200,597,000.

Second highest debit total for the region for October was Escanaba's \$18,863,000, slightly over the total for the same month of last year.

**U. P. Figure Up**  
The \$139,121,000 total for the 20 cities listed in the Federal Reserve Bank's bulletin last month represented a five per cent increase over the corresponding figure for last year.

For the year, the 20-city Upper Michigan total is \$1,270,721,000, or six per cent more than the \$1,198,057,000 amount for the January through October total in

1962. Ishpeming's bank debits last month jumped 13 per cent, to \$9,842,000, compared to \$8,690,000 for October 1962. The cumulative figure was \$86,375,000, or 28 per cent more than last year.

Debits for Negaunee dropped 23 per cent, to \$3,553,000, last month, while the year's figure dipped 12 per cent, to \$28,622,000.

**Munising's Figure Higher**  
Munising bank debits amounted to \$2,067,000, a six per cent hike over last year's October total. For the year, debits gained three per cent, to \$19,542,000.

Debits for L'Anse totaled \$2,978,000, a one per cent drop, in October. For the year, the cumulative total for L'Anse is up five per cent, to \$26,947,000.

**Checks Against Accounts**  
Bank debits for the most parts are checks against depositors' accounts and thus represent payment for goods, services, debts, etc., but they also include transfers of funds which of themselves have no business significance.

Bank debits include all debits against demand deposit accounts of individuals, partnerships, corporations, and states and political subdivisions; and payments from escrow and trust accounts.

Bank debits do not include debits to deposit accounts of banks, the United States government, the postal savings system, and time and savings accounts, neither do they include debits in settlement of clearing-house balances, payments of certificates of deposit, cashiers' and certified checks, charges to expense and miscellaneous accounts, and similar charges.

**U. P. Figures Given**  
Following are the bank debits last month for the Upper Peninsula communities listed in the Federal Reserve Bank bulletin, as compared to the debits for the same month the previous year.

City	October 1963	October 1962
Calumet	6,794,000	6,568,000
Crystal Falls	2,001,000	1,956,000
Escanaba	18,863,000	15,889,000
Hancock	6,004,000	6,176,000
Hermansville	773,000	1,047,000
Houghton	6,739,000	8,611,000
Iron Mountain	13,350,000	12,780,000
Iron River	6,071,000	5,962,000
Ironwood	6,975,000	6,721,000
Ishpeming	9,842,000	8,690,000
L'Anse	2,978,000	2,999,000
Lake Linden	1,000,000	1,056,000
Manistique	4,441,000	4,141,000
Marquette	23,752,000	18,637,000
Menominee	8,144,000	7,750,000
Munising	2,067,000	1,947,000
Negaunee	3,553,000	4,662,000
Norway	2,992,000	2,856,000
S. S. Marie	14,782,000	14,336,000
Total	\$139,121,000	\$132,751,000

# Romney Has Own Plans For Session

LANSING (AP)—Gov. George Romney has indicated his call for the second special legislative session of 1963 will cover subjects beyond the basic purpose of implementing the new Constitution.

Romney said Monday his staff has several other subjects under consideration for legislative action in the session slated to begin Dec. 3.

The Governor planned a conference with his administrative staff today on questions related to implementation of the Constitution, which goes into effect Jan. 1, 1964.

The Governor refused to say what additional topics might be included in his call but ruled out two — governmental reorganization and a new law to qualify Michigan for Federal Aid to Dependent Children of the Unemployed (ADC-U). Reorganization will be left for the 1964 regular session, Romney said, even though a key part of the new Constitution is its requirement that the more than 120 existing state agencies be consolidated into no more than 20.

Romney has not indicated whether he intends, in 1964, to propose a new law qualifying Michigan for the federal ADC-U money.

A bill passed by the Legislature this year was ruled unacceptable by federal authorities because it limited applicants to persons who had drawn state unemployment benefits.

The Governor dodged a newsman's inquiry on one issue—the proposal under which county officials would run for four-year terms on the same ballot as the governor, beginning in 1966.

An 18-member legislative committee has decided to recommend that the bill be drafted this way although Atty. Gen. Frank Kelley has ruled it would be improper.

**Controversy**  
The controversy arises from the fact that present county officials, in order to run for the first time in 1966, would receive a two-year "extension" of their present terms.

# Lucky Shopper In Marquette To Win New Automobile

A Marquette Christmas shopper will win this new automobile in the chamber of commerce's retail division's lucky car holiday promotion. Chamber Executive Director Wyndal H. Hudson is shown here with the car, which was purchased by the retail division from Olson Motors, Inc. Ninety-two chamber merchants will distribute 300,000 coupons to shoppers who are

over the age of 18. Shoppers are not obligated to make a purchase to receive coupons. Deposit boxes for the coupons are at the three banking facilities in Marquette and the bank at K. I. Sawyer Air Force Base. Drawing will be Dec. 24. Stores will be open here tonight and each Tuesday evening before Christmas. —(Mining Journal photo.)

# Big Response Reported In Clothes Drive

First reports filed by parish units in the Upper Peninsula participating in the Thanksgiving Clothing Collection of the bishops' committee for the needy overseas indicate the usual warm response of Upper Michigan Catholics.

The Rt. Rev. Msgr. David P. Spelgatti, Ishpeming, director of the drive in the Marquette Catholic Diocese, said that if the average

age keeps up, better than 25 tons will be made available from the U. P. to Catholic Relief Services, National Catholic Welfare Conference, for distribution during the ensuing year.

Added to the contributions made across the nations, millions upon millions of usable garments and pairs of wearable shoes will be processed, sorted, baled for export shipment. Contributions from Northern Michigan go to the east coast warehouse of CRS-NCWC, New York City.

**Priority Of Need**  
From past experience the sponsors of the collection are able to indicate a priority of need, Msgr. Spelgatti said. First is clothing for men. All types of clothing, particularly

pants and work clothes and shoes.

Second is blankets, quilts and coverlets. These stocks are used largely in connection with emergency and relief disaster.

Third is clothing for children. All kinds are acceptable but there is need in particular for layettes and clothing for infants.

**'Can Save A Life'**  
Fourth priority is allotted to bolt goods, remnants and sewing materials. Most of this is being used in the 22 countries of Africa.

"Every article of this type,"

Msgr. Spelgatti said, "can literally save a life."

Not solicited are hats, except woolen ones, handbags, girdles, neckwear, highheeled shoes and pillows.

"All items should be brought to the nearest church now," he said.

# County Board Meeting At 2 Tomorrow

Marquette County's board of supervisors will hold its November meeting in the county courthouse here beginning at 2 tomorrow afternoon.

A request will be received from the county's harbor commission (which doubles as the county road commission), requesting permission to transfer a \$2,500 sum from the forestry fund to the harbor fund. If approved, the money will be used to start the harbor-of-refuge operation in Big Bay next spring.

**Standby Power**  
The City of Marquette will submit a communication regarding standby electrical power for the Morgan Heights Sanatorium and Medical Section.

Reports of the various department heads and elective officers will be received.

Carl W. Corneliuson, Ishpeming, board chairman, will preside.

The bees of a really busy hive may collect two pounds of pollen a day.

Framework for the new residence hall being constructed for Northern Michigan University south of the National Guard Armory, off Lincoln Ave., is rapidly being erected. Construction began earlier this fall and when completed the \$2,860,000 build-

ing will house 624 students. It is being built on a self-liquidating basis. Prime contractor is Caspian Construction Co. of Caspian. —(NMU photo.)

## Continued Growth Of Northern Michigan 'U' Forecast By Harden

Northern Michigan University, already strong and girding for greater growth and service, looks to a future which "abounds with challenge, beckons with opportunity, and shines with promise," President Edgar L. Harden told a university convocation yesterday.

In his message on the "State of the University," Dr. Harden said "the health of Northern is good. The university's pulse is strong, its heart is sound and its head is high."

### Enrollment Growth

He forecast continued growth in enrollment, probably to 4,500 by 1965 and 8,000 by 1970; a faculty which will continue to grow in quantity and quality; new developments in instruction, research and service and more new buildings to accommodate "this expansion in students and curricula."

Tracing the evolution of Northern from normal school to university in 64 years, he said, "Northern today serves 4,344 students with a faculty and staff of 409 people."

"The academic program ranges from pre-college courses for high school students to graduate study at the master's degree level."

### 28 Buildings On Campus

"We have 28 buildings (compared with seven only 10 years ago). The 29th construction project is nearing completion, the 30th project is now in progress and other capital additions are in the drawing-board stages," he said.

He noted that "Northern continues to educate teachers and it also educates many others interested in social service, medical technology, business and industry and the various pre-professional programs needed by our students. We offer through public services the keys to new skills and a better life to the untrained and uneducated through the area training and manpower development programs."

### 'The Chance To Try'

Dr. Harden said Northern will continue to "provide for the liberal and practical education of the industrial classes in the several pursuits and professions of life."

"In today's great debate over who shall go to college, Northern favors the open door and the right to try as opposed to the sticky latch and admission by test score only."

"To be on the side of the

open door and the right to try," he added, "requires that the university stretch and grow to accommodate the increasing number of young people who seek the chance to try. It requires great effort and great teaching to help each student develop whatever excellence is in him."

Dr. Harden expressed the university's appreciation for "the Marquette community's helpful response to our need for additional off-campus rooms, and we look forward to a continuation of what has been a happy and profitable town-gown relationship."

### Curriculum Strengthened

The curriculum is being strengthened under constant revision and evaluation, he said.

"New courses were added this fall in Russian, German and philosophy. The physics department beginning its second year as a department, offered a reorganized and expanded program. The business department now includes the significant areas of accounting, marketing and management, in addition to business education courses, in the education curriculum, the student-teaching program is being reorganized and strengthened."

Discussing instruction at Northern, Dr. Harden said "the university should teach as if it cared, taking pride in student achievements, and always be reluctant to concede failure in teaching or learning."

### Research Program

He said the new language laboratory and learning center, the closed-circuit television station and the FM radio station "will facilitate the work of the faculty."

"The IBM computer has enabled the university to help prepare students for opportunities in this growing field and to modernize and expand its own data-processing functions."

Northern's research program will continue to grow, he said. While pointing out that bricks and mortar alone do not make a great university, Dr. Harden said "buildings provide an essential part of the environment needed for teaching and learning."

### Residential University

He said the fine and practical arts building will "permit the instructional program to develop in ways never before thought possible. The new addi-

tion to the university center will permit the conference program, public service functions, alumni relations and student activities to develop in meaningful directions. The new residence hall and food service complex under construction on the west campus will help relieve the housing shortage as Northern completes the transition to a residential university."

Dr. Harden expressed the university's appreciation for "the Marquette community's helpful response to our need for additional off-campus rooms, and we look forward to a continuation of what has been a happy and profitable town-gown relationship."

Student life at Northern is changing, Dr. Harden said. "While the majority of our students still come from the Upper Peninsula, the percentage of students from the Lower Peninsula and other states is rising as more people become interested in Northern and its educational opportunities."

### Students' Reputation

"It is incumbent upon the university to maintain a program in which the talents of students from various areas and differing backgrounds are brought to fruition. It is incumbent upon each student to make the most of this opportunity to develop the best that is in him."

Dr. Harden forecast continued growth of the graduate program and expansion of the library in books and services. He said Northern, through its public service program, has begun the first year of a three-year community development program financed by a \$60,000 grant from the Sears-Roebuck Foundation. The Charles Stew-

art Moit Foundation of Flint has awarded a \$17,700 grant to support a community school study. The university has received \$430,000 in manpower development funds to provide training in skills which are basic to economic development in the Upper Peninsula. He noted that grants from the National Science Foundation and the Atomic Energy Commission have stimulated Northern's research program and that NSF funds also will enable Northern to continue special programs in science education.

### Significant Changes Seen

Northern's building program, he said, will continue to expand to accommodate more students. Present plans call for a new science building, a new education building, a new library, a business administration wing and additional classrooms, residence halls and married student and faculty apartments.

He predicted significant changes in higher education in the future. Higher education will be affected by television and radio on a worldwide basis and by computers which will translate languages automatically and instantaneously, he said. "By the year 2000, the United States will have a population of 350 million compared with 186 million today. We can expect compulsory education to the age of 20 and a 24-hour work week which will cause a strong revival in the teaching of philosophy and the humanities."

He foresaw greater use in higher education of television for mass instruction and programmed learning for individualized instruction. "There will be more flexibility and adjustment to individual differences, with each student progressing at his own rate, always accessible to such learning resources as taped lectures, programmed course materials, language audio-tapes, bibliographies and original documents on microfilm — these things to be done under the sympathetic guidance of a master teacher."

Greater demands are being placed upon our undergraduate and graduate programs, our research facilities and our public service program. "We will need more faculty, more staff and more dollars from all sources. We shall seek

## NMU Senior Picked For Conference

Raymond John Tulkki, a senior at Northern Michigan University, is one of 14 outstanding college and university students selected by IBM Co. from a six-state area to participate in a two-day student leader conference Thursday and Friday in Rochester, Minn.

Tulkki is the son of Rev. and Mrs. Raymond Tulkki of Wayne, former Ishpeming residents. He graduated in 1960 from the Ishpeming High School and is enrolled in a secondary education curriculum at Northern, majoring in mathematics. He has maintained a grade average of 3.8 out of a possible 4.

The students will be guests of IBM at the conference which will include tours of the IBM plant, discussion sessions, talks by company representatives on management science applications, management development and education in the company and leadership. F. H. McCracken, company vice president and midwestern regional manager, will be speaker at the dinner to be held Thursday evening.

more funds from the Legislature and we anticipate that greater financial support will come from public and private foundations, from alumni and from contributions made to the Northern Michigan University Foundation through the Goals for Greatness program."

Northern graduates, he said, are "in greater demand than ever before as teachers and career men and women in business, industry, and the professions. We shall continue to seek more scholarships and loan funds for deserving students and to provide campus employment for as many as possible."

"It is my deep conviction," Dr. Harden told students and faculty, that "the Northern of the future, faithful to the dynamic and evolving traditions of creative teaching, significant service and equality of educational opportunity, will take its place among the great universities of our country."

Dr. Harden said the university was "proud of the excellent reputation established by Northern students in music, drama, debate, academics and athletics."

### Additional Problems Seen

He said the university will be called upon in the years ahead to "cope with explosions of knowledge and students. Rapid growth will bring additional problems, but if we fail to face and solve the problems of growth, we will find ourselves facing the more onerous problems of decay and decline."

"We must keep before us the major goals and objectives of this university," he said, "and devote our energies to the issues which really count."

"The university will not succeed or fail on the basis of service in the cafeteria; it will succeed or fail on the basis of service to the people who look to it for educational, cultural and economic leadership."

### Grants Enumerated

"In the final analysis, the university will not rise or fall on the quality of its plumbing; it will rise or fall on the quality of its teaching."

Dr. Harden forecast continued growth of the graduate program and expansion of the library in books and services. He said Northern, through its public service program, has begun the first year of a three-year community development program financed by a \$60,000 grant from the Sears-Roebuck Foundation. Reception Held For Msgr. Casanova

St. Michael's Church Altar Society members held a welcoming reception for the new St. Michael's pastor, the Very Rev. Msgr. Arnold L. Casanova, Sunday evening in the multi-purpose room of St. Michael's. A large number of parishioners turned out to greet the new pastor, who recently returned from Rome,

where he attended some of the Ecumenical Council sessions as an aid to the Most Rev. Thomas L. Noa, D. D., bishop of the Marquette Catholic Diocese. Msgr. Casanova, who also is vice chancellor of the diocese, is shown during the reception with Mr. and Mrs. R. W. Jenner. (Mining Journal photo.)

500 Women Expected At U. P. Event

Over 500 women from all parts of the Upper Peninsula and northern Wisconsin are expected to attend the annual Holiday Fair at the Dickinson County Armory in Iron Mountain Thursday.

Sponsored by the Dickinson County Hospital League, the fair, including a tea, will take place from 1 to 6 in the afternoon.

On sale at the gala affair will be over 1,000 items produced in the league's weekly workshops as well as many decorative pieces, knitted garments, candy and other baked goods.

The proceeds from the fair are used to purchase special equipment for the Dickinson County Memorial Hospital in Iron Mountain.

New Names In The News

OLGREN — A daughter, Cathryn Bea, was born on Nov. 16 in the Francis A. Bell Memorial Hospital to Mr. and Mrs. August Olgren, 245 Copper St., Ishpeming.

STOTT — A son, Eric Alan, was born on Nov. 16 in the Francis A. Bell Memorial Hospital to Mr. and Mrs. Roger Stott, 808 North St., Ishpeming.

CHUDACOFF — A daughter, Claudia Ellen, was born on Nov. 15 to Mr. and Mrs. Edward Chudacoff, Overlin, Ohio. Grandparents of the baby are Mr. and Mrs. George Chudacoff, Munising.

Meetings

The Ladies Auxiliary to the Veterans of Foreign Wars will sponsor a public card party Thursday night at 8 in the Veterans' Building. Prizes will be given and refreshments served.

The Third Order of St. Francis will meet Thursday in the Holy Family Home. Novice instruction will begin at 7:30 with the regular meeting at 8.

The Superior Duplicate Bridge Club will meet at the Northwoods Thursday for lunch and bridge.

The Friendly Frails Home Extension Group will meet Wednesday afternoon at 1:30 in the home of Mrs. Robert Levine, 404 W. Michigan St.

The auxiliary has given several scholarships in the past to students who are studying medicine or any vocation related to the practice of medicine.

Scholarship funds are raised through proceeds of various projects throughout the year. Mrs. Harry Koenig, Ishpeming, is auxiliary president.

Knits Fashion Hit For Small Fry

Fall is a knit costume this year for the bright young scholar who knows her fashion ABC's. Striped jacket (left) is color-keyed to a pleated skirt and accented by a white turtleneck shell. One-piece cotton knit (center) features the lowered waist-

line look. The middy sails into fall, too. Teamed with a skirt of unpressed pleats it comes in red, deep-sea blue, evergreen, tree bark and black (right). All designs are by Aileen Gird.

Top Designers Approve Brocades, Damasks

by MARY BROOKS PICKEN Newspaper Enterprise Assn.

Top designers, especially in Paris, have put their stamp of approval on brocades, damasks, lampas and satins.

Our picture of a lovely lampas dress and drapery to match comes to us from Scalmandre Silks, makers of beautiful brocades and damasks, for America's historic shrines. Fabric shown in this oh, so flattering dress is what is known as a lampas type, i.e., woven like richest damask of pure silk with double warp and filling.

Brocades are of jacquard weave having interwoven all-over designs of raised figures. Flowers and fruits are found in the richest designs and most luxurious fabrics.

American designers are showing long and short dresses of richest brocades and damasks. Many theater coats of white wool or heavy silk are lined with damask or satin. Often dresses are made to match the coat linings.

Norman Norell, a foremost

American designer, favors rich satin for evening costumes, deep double flounces and V or oval necklines.

Brocades, damasks or lampas fabrics do not need added decorations. They are so rich, so exquisitely beautiful that a good basic design is all that one needs.

Take a lesson from the Orient in working with brocade. Line the fabric with fine silk. This is a protection, not only for the fabric, but for the dress itself. Our best designers follow this practice.

Side or center back seams may be left open the depth of the hem to allow ease for walking or dancing. This protects the fabric, too.

Molly Parnis, genius that she

is, uses the most lush of the brocades in her creations. They are created mostly for petite figures and small waistlines. Often she seams the waistline to allow for slight gathers that will give some fullness over the hips.

Minimum Of Seaming

Adele Simpson, who visits the Far East as often as she does Paris, likes the short dinner or evening dress made in the richest of fabrics. Good line in such dresses is what she works for, and she uses a minimum of seaming — keeping the fabric as "unbroken" as possible.

When you are seeking a rich luxurious fabric for your "pride and joy" dress, go to the drapery departments and see their really lush brocades, damasks and satins. You will be surprised at the beauty you find in these fabrics.

Buy pure silk if the purse allows, but don't fail to look

at some of the blends especially silk and nylon. You'll need only two lengths of fabric, one length if you are slim as a reed, if 52 inches wide.

If the fabric ravel as do pure silks, stitch the seam line in about 1/4-inch from the edge. Overcast into this stitching line and raveling will give you no trouble.

Notch out when you cut. Allow good wide seams. They help to give "structure" to the dress.

LSCAA Annual Art Show Nov. 21, 22

The Lake Superior Creative Arts Association will hold its annual November exhibit in the downstairs lounge of the Union National Bank Thursday and Friday.

Hours for viewing the show will be the regular banking hours—9 a.m. to 3 p.m. on Thursday and 9 a.m. to 3 p.m. and 6 to 8:30 p.m. on Friday.

The bank again is offering two cash purchase prize awards for the two paintings selected as "best in the show" by a committee of jurors. Entries may be in any media. Each of the artists winning the award will receive a cash prize, and the bank will receive the paintings, which will be hung for permanent display in the downstairs lounge with winners of previous years.

Winners in 1962 were Hazel Begole, with a monprint in watercolor, and Roger Junak, with a landscape in oil.

Judges for the exhibition this year will be Anita Meyland, Marquette; Tyne Ostlund, Ishpeming, and Dorothy Persons, Negaunee. Mrs. Meyland, well-known in art circles throughout Michigan, has attended many painting and craft workshops in this state and is Wisconsin and for a number of years has taught art in adult education classes in Marquette. Last year she started weekly classes for junior artists and this fall she began instructing in art one afternoon a week at St. Michael's School as a volunteer.

Among the many honors accorded her is the election this fall of Mrs. Meyland as chairman of Upper Peninsula Crafts Council for 1963-64.

High School Teacher Tyne Ostlund has been teaching art in the Ishpeming High School for many years and also has held the position of art supervisor for all the grade schools.

Mrs. Ostlund is known as an artist throughout the state, having exhibited in Michigan Academy of Science, Arts and Letters juried shows and also at the Detroit Institute of Arts. Several years ago she was a first prize winner with an oil painting entitled "The Gulls" in the Suomi College Copper Country Art Exhibition, competing with artists from all over the United States. Last summer a trip to Europe gave her an opportunity to study art treasures and masterpieces firsthand.

Town Talk By Tish

I saw the most wonderful stove yesterday at the Northland Appliance, 517 N. Third St. It actually cleans its own oven electrically! You just close the door, set the dials and your oven is as clean as the day you bought your stove! Imagine never again having to scour and scrub another dirty oven! The push button controls are so easy to operate. Besides the automatic oven timer it has an appliance outlet to plug your portable appliances into, and these will turn on and off automatically at the times you set on the timer clock. An automatic speed grill maintains the proper temperature for eggs, bacon, pancakes, anything you wish to fry. You will be as thrilled about this stove as I was. What a wonderful Christmas present! Stop in at the Northland Appliance and see for yourself this stove that really has everything!—Adv.

3 Women Showing Paintings At NMU Student Center

The following members of Lake Superior Creative Arts Association are exhibiting paintings in the Student Center of Northern Michigan University for the month of November:

Carol Nadeau, an art major student at NMU, is showing a portrait of her son, and a landscape of Presque Isle, both in oil. Mrs. Nadeau also studied with Anita Meyland in the art adult education program.

Dorothy Persons of Negaunee is showing three oils, a harbor scene in Munising, a floral and Lighthouse Point in Marquette.

Marie Marjama of Negaunee is also exhibiting three oils—the Maas Mine in Negaunee, Lighthouse Point in Marquette and a still life.

Judy Zwemer Wins Scholarship From Women's Auxiliary

Judy Zwemer, a 1963 graduate of Graveraet High School, has been awarded a scholarship by the Women's Auxiliary to the Marquette-Alger County Medical Society.

Miss Zwemer, daughter of Mr. and Mrs. D. J. Zwemer, 988 W. College Ave., entered the University of Michigan

Dear Abby...  
By ABIGAIL VAN BUREN

DEAR ABBY: Just before report-card time, our sixth grade teacher told us to write a paragraph grading HER on her personality and teaching ability. She said we could tell about her good points and bad points and nothing would be held against us. Well, I thought she really meant it, so I went ahead and told her what I thought of her. I guess maybe I didn't say enough about her good points and kind of went overboard on her bad points, because my mother just got a letter from the teacher telling everything I wrote, and saying how horrible it was of me. Now my mother is making me write an "I'm sorry" letter to the teacher. Do you think it was fair of this teacher? Also should I have to write that "I'm sorry" letter? I thank you.

A SIXTH GRADER: I think your teacher was extremely unfair! But your Mom is trying to teach you that although some people insist they want to hear the truth about themselves, if it's unflattering, they resent it. Mom is the boss, Honey, so write that letter, and remember the lesson.

DEAR ABBY: We are expecting our second child in December and we want to know if we should send out birth announcements. I have heard that it is proper to send such announcements for only the FIRST child. But we have many friends and relatives out of the state, and we'd like them to know about this new baby when it comes. What is proper? K. F.

DEAR K. F.: It is entirely proper to send out a birth announcement for EACH new arrival.

DEAR ABBY: Tell "LISTENING" she'll never learn anything by listening to her husband talk in his sleep because dream specialists tell us that more lies than truths are told during sleep. I dream the most

John Kuehn, cast as Mr. Banks in "Father of the Bride," talks situation over with four other seniors (seated from left), Douglas Doty (Tommy Banks), Diane Trebilcock (Ellie Banks), Steve Ruohomaki (Ben Banks) and Pat Jensen (Kay Banks). Picture was taken during rehearsal in high school auditorium.—(Mining Journal photo.)

### State Police Ticket Driver In Accident

NEGAUNEE — Two automobiles were damaged and a motorist was ticketed as a result of a traffic wreck at 11:15 yesterday morning on M-35, just east of County Road 456, in Forsyth Township.

State police from Marquette said a car being driven north on M-35 by Samuel Bruce, 34, Escanaba, was struck by a vehicle operated by Carl Carlson, 58, Route 1, Ishpeming. Officers said Carlson, traveling south, apparently had "overshot" a driveway and stopped. He backed up and made a left turn, into the side of Bruce's car.

The left front of Carlson's 1963 sedan and the left side and rear of Bruce's 1956 sedan were damaged. Both cars were driven from the scene under their own power.

State police gave Carlson a summons for a right-of-way violation.

### Coombe's Team Stretches Lead

ISHPEMING — Coombe's team continues to move away in the Ishpeming Ladies' Cribbage League race. In last week's play Coombe's team added 676 holes to lead Young's cribbers by 1,492 holes.

Celia McDowell and Bertha Nault led the league with 1,213.

### Third St. To Be Closed For Month

ISHPEMING — Third St. from Bessemer St. to U.S. 41 will be closed until Dec. 15 because of the railroad relocation project.

Workers will begin to erect steel over the concrete abutments which have been completed.

### Champion Band Concert In Negaunee Thursday

CHAMPION — The Champion-Humboldt High School band, under the direction of Ronald Patron, will present an assembly concert in the Negaunee High School auditorium at 1:45 Thursday afternoon.

The concert is one of the exchange engagements Champion will play this year.

Personnel of the Champion-Humboldt High School band this year is listed as follows:

Flutes — Lois Rantala, Julie Jarvi, Maria Koski, Dorothy Brazeau.

Clarinet — Carol Kulju, Theresa LaCosse, Susan Isotala, Carolyn Pascoe, Mary Arsenault, Arlene Pekuri, Bonnie Frisk, Sandra Dionne, Vicki Uitto, Linda Pekuri.

Alto Saxophones — James Maki, James Delongchamp.

Tenor Saxophones — John Keranen, Marilyn Kulju.

The Negaunee band is under the direction of Walter Daley.

Baritone Saxophone — Jean Huotari.

French Horns — Barbara LaCosse, Doris Hendrickson.

Cornets — Keith Benti, Dawson Carriere, Michael Carriere, Elizabeth Pesola, Marion LaParche, Dale Hamel.

Trombones — Roger Latvala, Mickey Kullie, Allen Niemi.

Baritone — Helen Mackey, Gail Ruspakka, Steve Frisk.

Basses — Judy Anderson, Robert Chilcutt.

Percussion — Roger Kinnunen, Faith Ylitalo, Roy Pascoe, Catherine Mackey.

More than three-fourths of the U.S. population suffers from poison ivy at some time, according to Encyclopaedia Britannica.

Romantic leads in the Ishpeming High School senior class play, to be presented Friday night, will be taken by James Brogan as Buckley and Pat Jensen as Kay.

### Seniors To Present 'Father Of Bride' Friday Evening

ISHPEMING — Seniors of Ishpeming High School will take the stage of the school auditorium this Friday night at 8:15 to present "Father of the Bride," described as a " hilariously funny situation comedy play."

Cast as characters in the play, which is under the direction of Mrs. Marion Mitchell, are John Kuehn, Diane Trebilcock, Patricia Jensen, Steven Ruohomaki, Douglas Doty, James Brogan, Keith Rodda, Susan Millman, Susan Domin, Nancy Cohodas, Mary Beth Caspersen, John Tenhunen, Rojean Ryttilahti, Stephen Berg,

Thomas Hendra and Dennis Garceau.

In addition, several other seniors are working on staging, make-up, sound effects and in other activities.

Assisting with direction are two student teachers, Mrs. Christine Gute and Paul Martin of Marquette.

The senior play depicts the problems a father faces in giving his only daughter a wedding which will satisfy everyone. His problems become more difficult as each member of the family says one thing but does another.

### Juveniles Hunting Alone: Four Parents Pay \$14.30 Apiece In Negaunee Court

NEGAUNEE — Parents of juveniles were warned Monday by conservation officers that state game laws require a person 17 or older to accompany youngsters when they are out

hunting. The warning followed the arrest of four Palmer residents on charges of permitting minor children to hunt without authorized persons accompanying them.

Parents of the juveniles were arrested after officers found the youngsters, all of whom were under 17 years of age, hunting without being accompanied by an older person.

Parents Responsible "In cases of this nature, parents are the ones who are responsible, and so they are the ones who are charged with a violation," Officer Arthur Saviluto explained.

Paying fines and costs amounting to \$14.30 apiece were William Helander, Arne Laitala, Clarence Sharp and John Niemi.

James Goss of Chicago, who was arrested by conservation officers for transporting a loaded rifle in his car, entered a guilty plea. He paid a \$25 fine and \$4.30 costs.

Three Drivers Fined Three drivers ticketed by state police also appeared before Judge William Haupt in Negaunee Municipal Court.

Michael Cody, Negaunee, paid a \$5 fine and \$3.70 costs for failing to stop when leaving a private driveway. Similar amounts were paid by Esther Remillard of Negaunee and Ronald Walter of Sawyer AFB, both of whom were charged with exceeding the speed limit.

### Full Week Of Adoration Group's Aim

MUNISING — An appeal was issued this week by the committee in charge of perpetual adoration at Sacred Heart Church for more members of the parish to take part in the program.

Perpetual adoration in the Sacred Heart Parish began Feb. 2, 1961. It provided three days of day-time adoration from 9 a.m. to 10 p.m. on Thursday, Friday and Saturday. The challenge for the nighttime hours of adoration was the next step. On June 1, 1962, enough volunteers signed up to inaugurate Tuesday and Wednesday adoration from 10 p.m. to 6 a.m. The present status is six days of day-time adoration and two nights of round-the-clock adoration. Over 200 persons in the parish are now active participants.

"Eventual goal of the committee is a full week of round-the-clock adoration," a member stated. "We hope to strengthen some of the 'weak' hours and set up round-the-clock adoration for Monday and Thursday nights."

Persons interested in signing up for one hour a week are asked to turn their names into the parish office by next Sunday.

### Cub Scout Pack Meets Tomorrow

ISHPEMING — Thanksgiving skits will highlight a meeting of Cub Scout Pack 328 tomorrow night at 7 in the Al Quaal Recreation Area clubhouse.

Refreshments and lunch will be served.

### Wilson Explains 'Operation Action' Program To NBPA

NEGAUNEE — Attempts being made to improve the Upper Peninsula economy through Operation Action — U. P. were explained to Negaunee Business and Professional Association members at their monthly luncheon meeting Monday noon by William Wilson, Marquette, executive manager for the program.

"Rather than tell you what we have done to date, I will inform you of what we are now attempting to do, for I am not too concerned with our past accomplishments," Wilson told the NBPA.

"Essence of our program is to establish diversification and a well-rounded program, and to accomplish that objective we are currently working on the following projects":

- Attempting to develop wood-using industries in the eastern end of the Peninsula, including paper, wood, pulp or plywood.

- Working in conjunction with UPCAP on transportation for the U. P. and this program is geared to the total economy of the area. An announcement concerning some of the result is expected before the end of the month.

- Cooperating with Northern Michigan University in its community development program. Operation Action fits into this picture in the industrial development phase by bringing in qualified developers from railroads and utilities that serve the area.

- Working on a hardboard plant.

- Seeking natural gas for the Peninsula.

- Investigating possibilities of a refinery along the pipeline which crosses the U. P.

"One of our principal concerns is to improve the image of the Upper Peninsula, both inside and outside of the area, for since we embarked on this program we have found that many of the people living north of the Straits were not aware of the advantages to be found in this region," he concluded.

### Methodist Men To See Movies

ISHPEMING — Methodist Men of the Salisbury Methodist Church will meet in the church Wednesday at 7 p. m.

Two movies will be shown. One shows a trip down the Salmon River of Idaho with side trips for hunting and fishing and the other is a "Portrait of a City," which traces Detroit's history from its earliest days.

Following the movies and business meeting, lunch will be served by Sam Grenfell and Albert Engstrom.

### Two Lessons For Homemakers

ISHPEMING — Maccabee Homemakers will meet Wednesday at 7:30 p. m. in the American Legion clubrooms.

The following lessons will be given: "Low Cost Home Furnishings" and "Accessories for the Home" by Mrs. Charles Hecko, Mrs. John Juntti Sr. and Mrs. Emil Kajjala.

Plans also will be made for a Christmas project.

Hostesses will be Mrs. H. J. Dunn and Mrs. Reginald Waters.

**Jarman SHOES FOR MEN**

**\$11.95**

All Jarman styles are WEAR-TESTED TO GIVE YOU MORE COMFORT!

Yes, before being offered for sale, every Jarman style is first "wear-tested." This means that the original model is worn under everyday conditions, is altered and adjusted until, when finally approved for production, it has a "friendliness of fit" you just don't get in other shoes. The Jarman blucher shown here is a case in point. And it is handsome to boot, with "sideline" seams for that hand-sewn look. Come in and try a pair.
