TAXES ARE MUCH HIGHER IS MUCH HIGHER

Schools Get Over \$10,000 More Than Last Year and City Expenses Also Much Higher—Taxes Will Be Between \$4.50 and \$5.00 Per \$100 of Assessed Valuation.

Taxes in Gladstone for this year will be something more, in the parlance of the street, and people who have not already started saving for the annual bill to the city treasurer's office, might do well to slip in a few extra "iron men" into the bank—of the high cost of living will permit. Otherwise there will be waiting, establishing of teeth.

It was figured out at the council meeting Monday night that the rate this year will be around \$4.25 per \$100 dollars of assessed valuation, an increase of nearly \$1.00 per \$100 over last year, and this estimate is based on the county and state taxes being about the same as last year—and they will not be, the increase in the latter being much higher this year than last, and a local rate of \$4.50 per \$100 is not at all improbable. So you see the average property owner will have to dig deep into his pockets to get squared away with the city.

Where does the extra money go? Well for one thing, the board of education has had to raise the salaries of the various teachers, so that it requires \$25,000 more for this item than last year. The total amount needed this year to run the schools is \$47,125.90, as against \$32,765.50 last year, or a difference of \$14,360.40. This of course includes the state primary money and one mill rate, which this year is a few dollars more. The primary school money amounts to \$13,604.90, and the one mill tax is \$225.00, making a total of \$13,829.90. Last year these two items amounted to \$13,356.53. This leaves a total of \$4,465.47 to be raised by direct taxation, as against \$2,409.00 a year ago.

The school budget is made up of the following items:

1919	1918	
Teachers' Sal.	\$39,000.00	\$25,000.00
Janitors' Sal.	2,500.00	1,725.00
Principal's Salary	3,000.00	2,500.00
Supt. Clerk Sal.	700.00	600.00
Sec. and Treas.	175.00	175.00
Truant Officer	150.00	150.00
Fire Dept.	3,000.00	2,000.00
Int. and Bonds	3,974.90	2,265.13
Building Fund	3,000.00	3,000.00
Contingent Fund	4,000.00	4,000.00
Extra Exp. on Fire Dept.	500.00	500.00

MEETING AT MARQUETTE IN 1920

DEGREE OF HONOR HAD BIG TIME AT ESCANABA ON MONDAY.

The selection of Marquette as the place of meeting in August 1920, election of officers, the initiation of a class of 40 candidates and the serving of a sumptuous banquet at the Knights of Columbus club lounge Monday night, marked the beginning of the high spots in Monday's convention of delegates from the Northern District of the Degree of Honor held in Escanaba.

The sessions opened at 2:30 Monday afternoon in Grenier's hall, President Mrs. J. H. Kennedy presided by Mrs. Sarah Gabeau, secretary in charge of the meeting. Prayer was offered by Mrs. Mary Mavis and the address of welcome was delivered by Mrs. Mary Kahlow of Escanaba. Delegates were present from all of the larger cities of the upper peninsula and the numerous delegates who were struck a responsive chord in the hearts and minds of these workers for the betterment of humanity.

REAL ESTATE TRANSFERS

The Northwestern Cooperative and Lumber company, of Gladstone, has sold to Gus L. Hildner, of Detroit, Wis., a parcel of land consisting of forty acres in Delta county. The consideration was not made public. David and Mary Ball of Sault Ste. Marie, have sold to Charles and Pearl Cook of Gladstone, the east ten lots, lot 12 and all of lot 10, block 64, first addition to Gladstone. The consideration was \$17,000.

Lot six of block 59, first addition to Gladstone, has been sold by Michael J. and Margaret Gleason to Henry J. Berkel and Cutler A. Crum, of Escanaba. The consideration in the deal was \$12,000. Mrs. Alice H. Gleason recently moved to Detroit, Mich., where they will reside in the future.

There are many fruits and platings about some of the new evening frocks.

BOYS BREAK INTO FOUR BUSINESS PLACES LAST NIGHT

BLACKWELL, HANSON, POTTER AND OSTRANDER STORES ENTERED.

A series of robberies that for cunning and boldness put into the discard the work of old hands at the game, have been pulled off by a band of school boys the past few weeks. Last night four more business places were broken into and at the last one visited, the Eliot Hansen store, one of the boys, Ernest Hood was caught in the act. Today the others were rounded up by the Hood boys, and there was lively session at the city hall.

The Hood boys appear to be the head of the gang, at least it admits that he did the most breaking into of the stores. The story really begins a couple weeks back, when the August Olson store on Wisconsin avenue was broken into and \$7 or \$8 was taken from the cash drawer. About that time the Hood boy went to the Blackwell Hardware store and secured two bags, charged to his father.

With these he secured entrance into the Olson & Anderson west market, where he took about \$250 in cash. Two weeks ago he broke into the store, the accomplice in these thefts. The Hood boy is only 9 years of age and the Hood boy is 12. With the money they secured the cash and high old time at the county fair, playing all the gambling devices and enjoying themselves to the utmost.

The money soon played out, however, but why worry—there was more to be had merely by putting forth a little effort. So on Monday night they tried their hand again and selected the Gladstone Hardware company's store as the goal. The glass in the rear door was broken and Hood helped himself to the four or five dollars in the cash register and as several flash lights and watches in the show case caught the eye of the store owner, Hood usually did the burglarizing and Reese and one or two others watched the way of the land—regularly. The boys then again and selected the post office on the case at once, but could not find the guilty parties.

Last night the boys again sallied forth and this time they were first entering the Blackwell hardware store early in the evening. Entrance was gained by breaking a window in the warehouse adjoining the store on the north. The door to the store was locked and Hood then broke one of the high windows of the rear. He took about a dozen of revolvers and cartridges here. One of the amusing things was that he overlooked a revolver for one of the boys and had to make a second trip over the hazardous route. The way he squeezed through the broken glass opening is a wonder that he did not cut himself.

The boys then went to the Potter store on Tenth street, where Hood broke a window on the alley side of the store and took about \$100 in cash, with about \$100 in pennies. With no money secured at the Blackwell store and a fatigued \$200 at the Potter store, the boys then went to the Hanson store, which was a good place as it was farthest away from the bank and had probably left the till well filled. They were disappointed in the rear. Hood then went to Eliot Hansen's, who acknowledged by a good fellow. Hood went around the back way and hence stood guard in front. Night watchman Burnette was walking by and noticed the queer actions of the boys, but thinking something was up, promptly went to investigate. The boy ran away before he could get to him and after trying the front door to see if it was locked he went around to the back of the store, and there found the window smashed. He then got assistance and the store was closed.

The city hall today the two boys admitted their misdeeds and implicated others, but up to the hour of going to press these have not been summoned. The boys will be taken before the Juvenile Judge at Escanaba for a hearing.

Parents Are Lax.

The wave of the juvenile crime has been sweeping over the city is attributed to the indifference of the parents to the city officials say that if the boys are not kept off the streets after 9 o'clock more stringent measures will be taken.

Larkspur Boys to School.

The two oldest Larkspur boys were sent to a school at Green Bay—not to reform school. The boys were sent by the Child Welfare Club.

FUNERAL SERVICES CONDUCTED OVER BODY OF MRS. BUCKMAN

ONLY A FEW CASES TRIED; BALANCE OF CASES TO BE CONTINUED.

Mrs. Vencia Buckman, who passed away Sunday morning after an illness of many months, was buried by the city was laid to rest Tuesday afternoon. Funeral services were held at the home at 2:15 o'clock after which the body was taken to the Mission church, where services were conducted. The remains were laid to rest in Fairwood cemetery.

LIBRARY REPORT FOR SEPTEMBER

ATTENDANCE SHOWS A SLIGHT FALLING OFF DUE TO SCHOOL DUTIES OF PATRONS.

The statistics for the month show a slight falling off in the number of attendance and loans, due largely to the taking up of school duties and to an unusually large class expense. But many new cards are being signed, and new faces are appearing, and the temporary library is sure to be made up. Total attendance for Sept. 141. Average per day 4.7. Total number books loaned 494. Average per day 15.5. Total No. periodicals loaned 45. Average per day 1.5.

Recent additions to the library include the following: "Home Life in Colonial Days," Alice Morse Earle; "King Solomon's Mines," by H. Rider Haggard; "The Verger Arithmetic," by Frank H. Hill; "Helen Leson, the Dolls of my Mother," by an anonymous author; "Lena Rivers," by Mary J. Holmes; "The Antecator of the Breakfast Table," by Oliver Wendell Holmes; "The Jones Readers book six," by L. H. Jones; "The Mother-tongue book two," by George L. Kittredge and Sarah L. Varnum; "Graded Lesson in Physiology and Hygiene by W. O. Krohn; "Derick Vanhook, Novelist," by Edna Lyall; "A School History of the United States," by John Buck McKeon; "Life and Times of Queen Victoria," by Arthur Lawrence Merrill; "Little Miss Peggy," by Mrs. Gladstone; "The Begonia," by Mrs. H. H. H. Montgomery; "Steps in English book one," by John Morrey and others; "The Post of Mission," by E. Stangor and N. J. Leonard; "Decorative Tables," by Edgar Allen Poe; "Six Little Princesses," by Mrs. E. Fronting; "High School Algebra," by E. Stangor and N. J. Leonard; "Fifth Reader," by Stickney; "The Green Mountain Boys," by D. P. Thompson; "A School Algebra," by E. Stangor and N. J. Leonard; "Physics with Applications," by Henry S. Cartwright and Roarke N. Chubb; "The Pilot of the Lakes," by Frank V. Webster.

The popular idea of a library is that of a place to get a "story" to read. It is true, as far as goes, but many people, by going to farther, miss much of its real value and usefulness. Fiction being only one of the classes represented, others being ethics, religion, science, science, history, art, music, drama, and poetry. The library is a place where you can find all these things, and more. It is a place where you can find all these things, and more. It is a place where you can find all these things, and more.

ALLEGED INSANE MAN BROUGHT TO ESCANABA

Martin Johnson, a Marquette county jailbreaker, was brought to the city hall by Capt. M. J. Lester for a sanity inquiry. Johnson was taken under restraint by Deputies John Frank Troubles and Ernest Johnson after he had wandered about the Maple Ridge community for several days, reading aloud to himself from a magazine containing material instantly on any topic of research.

Only a few weeks remain for the use of the state traveling library now here, as they will not be returned after Nov. 1st, but will then be exchanged for others.

COURT IN COURT THIS WEEK

ONLY A FEW CASES TRIED; BALANCE OF CASES TO BE CONTINUED.

The proposed rate in the city water rates has brought down such an avalanche of criticism on the part of the water consumers, that when the water was brought up at the council meeting Monday night for ratification Mayor Miller decided that the matter should be thoroughly looked into before the rates are changed. He has therefore instructed the superintendent of the water department to prepare an itemized statement of the income and outgo of the water department, and instructed the committee on water and street Monday night to see up the situation to meet with the water board later.

The verdict of Mr. Cyr was the second to be rendered for him in circuit court. The jury brought in the verdict at 10:15 o'clock, after having been out but a short period.

TRIED 3 YEARS AGO

The case was first tried at the October term of circuit court in 1916. It was the case of Morris Coplan versus Isadore Cyr, in which Mr. Cyr was charged with seduction as a result of an automobile accident several years ago in which a son of Mr. Coplan was badly injured.

The amount involved in the suit was \$2,000, of which \$1,300 was for medical attention.

The jury rendering the verdict was as follows: Patrick Burns, Leo Dinicola, Leon Gaborian, Thomas Farrell, Alex. Graham, B. D. Winesgar, of Escanaba; Stephen Charbonnet, Cornell township; Louis Cretons, Gladstone; Henry A. Kauten, Ford township; Neils Statterstrom, Baldwin township; August Sundstrom, Bay De Noe township; and Fred Saven, Maple Ridge township.

GLADSTONE FOOTBALL TEAM PLAYS STEPHENSON FRIDAY

The Gladstone High School will meet Stephenson High on the local ground Friday, October 10. A royal battle is assured. Both sides have fighting teams, and the schools are old time rivals, having clashed on the field many times before. The spirit is here to revive Gladstone's old football spirit. Come out and enjoy an afternoon's sport. Some of the football men to be seen on the grounds are McCre, Kallish, Campbell, Swain, H. Cowell, W. Cowell, Van De Waple, Hanson, Stewart, Skellenger, Barry, Bertram and Felt.

It's up to you, the town-people, to support the home team. Boost your team. Come out and absorb some pep. Manicure comes October 18.

Two Americans, whose alleged ill-treatment at laborer's conventions in Delta county, were taken back to Chatham Tuesday morning by the sheriff of Alger county. The men were arrested at Escanaba Monday night on the road between Gladstone and Escanaba near the Chemical location, the sheriff's force, assisted by a member of the Escanaba police force in making the arrest.

Sheriff Frank Odum received a telegram, informing him the two Americans were reported to have been in Alger county, and requesting that the men be arrested and held. One hour later the men were in the custody of the sheriff.

The activities of the men are said to extend over several counties. Their residence is reported to have been in Alger county, but not infrequently they are alleged to have made trips to Delta county, each time bringing clear money. They had no money in the automobile when arrested, however.

Reports to the police authorities in Delta county indicate that the men have been extremely clever in carrying on their work, seeking liquor now and then hiding it in the woods at various places in Alger and Delta counties, and making deliveries when they thought they were least suspected.

ITALY RATIFIES GERMAN TREATY BY ROYAL DECREE

Paris, Oct. 7.—King Emmanuel of Italy signed a royal decree ratifying the German treaty and the allied yesterday according to a Milan dispatch to the Eclair.

The ratification of the German treaty by the royal decree of the king of Italy virtually completes the steps necessary for putting into effect the pact between Germany and the allied powers, which was signed at Versailles on June 28 and which stipulated it would become operative when ratified by three of the great powers. The British parliament has virtually ratified the treaty and the document now awaits only the signature of King George before becoming effective in Great Britain. Approval was given the covenant by the French Chamber of deputies last week, and the Senate is expected to take similar action Friday or Saturday. The royal decree of the Italian monarch must receive the approval of the Italian parliament which will meet at Rome on December 1st, but it is considered certain there will be little trouble in securing concurrence.

Italy by the reported action of her king, is the first of the powers to ratify the treaty with Austria.

NO WORK, NO BEER, CRIMINALS IN GREAT BRITAIN

London—If the railroad strike continues, the supply of the workers' beer will begin to fall by the beginning of next week. Estimates of the brewers' output of malt and hops for 1919 are expected to be 50 per cent.

The brewers have only limited stores of coal as well as of their raw material. Malt also will begin to diminish first, because it is brewed cold and sold tomorrow.

Fortune soon outruns the faint-hearted.

SHORT NEWS NOTES

Home From Overseas. Richard D. Tupper returned Monday from overseas service in the U. S. Army in which he served for two and one half years.

Sugar Shortage Acute. It seems that The Reporter was a little too hasty in proclaiming that Gladstone was one of the fortunate cities in the country that did not feel the pinch of the sugar shortage. Although there was plenty of sugar up to last Saturday when the article was written, by the time Monday's paper had been printed, the supply had run out and this week it has been almost impossible to get a pound at practically all of the stores. The grocers hope to get in supply Friday or Saturday. On October 15th the local sugar factory at Menominee will commence shipments after which time it is expected there will be no further shortage.

Chimney Fire. The long no-fire period was broken on Tuesday, when the fire department was called to the home of Aug. Sandine, corner Wisconsin and Twelfth, to put out a chimney fire. A chemical did the business. This was the first fire since Aug. 27th, and it was also the first time that the truck was used.

Buys Property. Mrs. Laura Siple disposed of her property on Dakota avenue Tuesday to Mrs. Tordeur 1919 Michigan avenue. Mrs. Tordeur became the owner of the house occupied by Fred L. Traverser and E. G. Cunningham on Dakota and Eleventh streets.

Attending Convention. Mrs. Mary Henke and Mrs. Milton Demitz left Tuesday for Grand Rapids to attend the Grand Chapter Meeting of the Eastern Stars, which was held yesterday and today. They will return tomorrow.

MANISTIQUE RUNS UP BIG SCORE ON GLADSTONE TEAM

WINS SECOND GRIDLION CONTEST BY SCORING 35 TO NOTHING.

(Manistique Pioneer Tribune) Manistique high won its second gridiron victory of the season administering a decisive defeat to the Gladstone high school team on Saturday afternoon. The local team scored at will, and when the whistle blew they had rolled up thirty-five points while their opponents were unable to cross the Manistique goal.

Potter and White, Manistique's two fast backs gained most of the ground for the local high by repeated runs through the Gladstone line. These two backs are showing exceptional speed and promise to be big factors in whatever success the local team may have this year.

Cross was again at quarter and directed the team in a tactful manner, besides being responsible for two touchdowns. Mattson was at full-back and Dreyvald, who played that in the Newberry game, was left at guard, where he promises to make a good showing. Otherwise the first game.

Manistique scored once in the first quarter, twice in the second, once in the third and crossed the goal line twice in the fourth quarter. Goal kicked only once. Gladstone threatened the Manistique goal once during the game, but the local line held and the ball went over when the visitors were unable to make the necessary gain.

The local team will go to the Manistique high to play the first school game of that city in preparation for this game. Manistique is going through some strenuous practice and Coach Reid will have his team in the best possible condition to meet the Lock City eleven. Reid is drilling the men on several trick plays which promise to be good for considerable gains if rightly executed and with the fast backs at his disposal those give every indication of being a success. Reid does not promise a victory over the Soo, but his men will be prepared to give that team one of the hardest gridiron battles it has ever known.

The Manistique team line-up last Saturday was as follows: Center Adams, E. G. Carlson, Stricker, Wilmot, Prevald, R. E. Christensen, J. E. Martin, T. E. Weingaertner, L. E. Grouse, G. Crowe, R. H. Potter, J. H. White, J. H. Mattson, Referee, Shane.

"A penny saved by cutting down poor advertising is a penny lost. Spend a few cents for more advertising and you won't have to kick so much about poor business. Advertising will build the bridge of confidence that will get you over the stormy waters of business. Where there is money to burn it's easy to strike a match, but you seldom kindle the flame of love."

Prominent Indiana Farmer Cured of Rheumatism by Taking Number 40 for the Blood. Newburgh, Indiana, April 17, 1918. "I suffered with rheumatism for several years and tried numerous remedies with little or no benefit. Number 40 for the Blood was recommended to me and I have used it in six bottles and am entirely cured, and have had no symptoms of the disease for over two years." Frank Shaver, Number 40 encourages rapid elimination of morbid and unhealthy products from the treatment of chronic enlargements of glands, in blood troubles of the spleen and liver. Encourages the flow of bile and corrects carthral conditions. Used with advantage in eczema and skin eruptions of whatever character. Made by J. C. Donatelli, Evansville, Ind. 40 years a druggist. Sold at Coburn's Drug store.

Germany Has Heavy Taxes on Everything. Berlin—None of the new German tax measures is more stringent and all inclusive than the turnover tax, especially that part of it relating to luxuries. Virtually every thing tangible beyond the various necessities for the household are taxed all the way from 1 to 15 per cent, at the store where they are bought. There are nineteen categories of luxuries, eleven of which come under the 15 percent clause. The tax will vary inversely according to the price of the articles purchased, since in this way the government hopes to put the greater burden on the wealthy. The tax will be collected in two ways. Where it is possible, the seller will add the tax to the price of the article.

Paint up! Keep it up! Ten dollars for one—that's a modest estimate of the returns you get for every dollar spent in properly painting your car. If you don't want to lose this important value to some eager buyer, it is worth much more to you in sheer comfort and self-respect.

I paint automobiles properly in my garage. Let us talk cleaning-up and painting your car. You will be pleased to learn how much can be done, and for so little.

HENRY FORD IS GENEROUS; TIPS WAITER 8 DOLLARS

Menominee—Henry Ford, the "River King" of Detroit, and party of eight, including Edward Ford, the private secretary and factory superintendent, passed through Menominee and Marquette Sunday noon, traveling in two big Cadillac closed cars and a Ford. The last named car carried the luggage. The party dined at the Georgian restaurant in Marquette for lunch. Dining early unannounced and staying only such a short time, Henry ate lunch and made his getaways before any of the newspaper reporters could interview him. After lunch Mr. Ford and several of the party strolled as far as Dunsap square and after seeing the business center of the Queen City the men over, boarded their autos and headed south over the Peshigo road.

One of the waitresses in the Georgian restaurant will have occasion to always remember the visit of the distinguished party, and the generosity of the "River King" who, after complimenting her on the excellent service of the lunch and the splendid service, tipped her exactly eight dollars—a dollar for each member of the party. Thus it is seen that what Henry lacks in knowledge of American history he makes up in generosity, and that one way to reach him is through his stomach.

The destination of the party was not announced. The government reckons that the turnover tax will total 450,000,000 marks. This sum must be reduced by one-tenth, to four billions, to take account of territories ceded to the Soviets.

An Agreeable Surprise. "About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was struck at the promise which it gave me," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.

"Ever Occur to You?" says the Gold Judge. That it's foolish to put up with an ordinary chew, when it doesn't cost any more to get real tobacco satisfaction. Every day more men discover that a little chew of real good tobacco lasts longer and gives them real contentment. There's nothing like it.

THE REAL TOBACCO CHEW put up in two styles. RIGHT CUT is a short-cut tobacco. W-B CUT is a long fine-cut tobacco.

FOR ONE DAY ONLY. Hours 9 A. M. to 6 P. M. UNITED DOCTORS SPECIALIST. Brings the knowledge of their Organization and experience in their Successful Treatment of THOUSANDS OF CASES. Offers Services Free of Charge.

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of certain diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines, consumption, piles, liver, spleen, heart, nerves, skin, rheumatism, sciatica, colitis, tape-worms, leg ulcers and all long standing, deep seated diseases. Many years experience. The complete record of thousands of cases successfully treated prove that their methods are right. They were among the first to train the "BLOODLESS SURGEONS".

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their homes. No community has a sufficient number suffering from these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved this problem. Their highly trained specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told of the experience you have with other physicians, consult him on this visit. It costs nothing. If your case is incurable he will give you advice as may ease and relieve the disease. Married ladies must come with their husbands and minors with their parents or guardians. THE PUBLIC should realize that being a labor leader or agitator is one way of making a living, even making a fortune. The late John Mitchell left an estate of a quarter of a million dollars.

It is not so much who you are or from where you came as it is what you are doing.

There are a tremendous lot of comedy surprises in this attraction and the picture is of the sort you will thoroughly enjoy and will long remember. See it tonight at the Gladstone theatre.
