### MANHOLE AT LATHROP FOOT BALL GAME AT ESCANABA

A big delegation of Gladstone grid-iron fans will go to Escanaba Saturday afternoon to see the big game of football between the Escanaba and Gladstone high schools.

Hidden in the depths of the thick timber and underbrush four miles west of Maple Ridge six members of the state constabulary Monday night swooped down on a moonshine still operated by Matt Lathrop.

These big copper stills with two large cooling boxes, one 59-gallon barrel of molasses, and an unusually large number of copper or brass or shipping the illicit product were also grabbed.

## Children Must Pay Full Show Fare If Not With A Parent

At the request of Capt. W. E. Olin, Manager L. E. Jacobs of the Delta Theater corporation will put into effect immediately a new ruling that all children not accompanied by parents will be charged the full admission fee to each performance.

The improvement of the part of Mr. Jacobs is in cooperation with Mr. Olin to insure better attendance in the schools and more staying home nights on the part of many children who "should be home" in the opinion of Mr. Olin.

## Sued For Custody Of Her Grandchild

Mrs. Myrtle Graham, 1310 First avenue, in a recent decision in her own court proceedings instituted in the Circuit Court for Mrs. Myrtle Meyer, nee Graham, Wis., in which Mrs. Meyer sued for the custody of Crystal Hill, 4 years old grandchild of both women. Mrs. Meyer asserts she was named legal guardian of the child on the death of the parents, the father being a son of Mrs. Graham and the mother a daughter of Mrs. Meyer. She charges that Crystal Hill had \$15 on permission to come to Escanaba to visit her grandmother, Mrs. Graham, and since that time has not been permitted to return.

Mrs. Graham will be called upon to show cause why she should not give the custody of the child to Mrs. Meyer.

## Suitcase Tells of Easy Picken' By Bill Leroy

A silver trimmed, ivory lined suit half a dozen silk shirts, the fine fabric, numerous pairs of silk hose, costly "dress" shoes and many other articles of clothing, recently found in a lumberjack's "trunk" were checked out of the suitcase in the sheriff's office before the suitcase it held them was sent to Milwaukee chief of police to be used as evidence.

The suitcase was the property of William Leroy, alias "Palmer," who was captured in the woods where he was working near Watson's Point, by Major Pennington, Bill Bruce, alias "Red," and the return to the E. L. S. station with his prisoner, retained nearly 15 miles. Leroy was arrested on a charge of burglary and taken back to Milwaukee Monday by Deputy Sheriff Frank Kramer of this city.

A list of articles missing in a check of Robertson between Chicago and Milwaukee, in which Leroy was believed to be implicated, was left by the deputy and it checked a most exact match with the contents of the "trunk."

Finding the suitcase too much to carry and watch a prisoner at the same time, Officer Bruce left it at the camp where Leroy had been working and it was brought to city Monday night by deputy Edward Gervase.

## DAISY BURT IS MISSING; HUNT PROVES FRUITFUL

Daisy Burt, 17-year old daughter of Mrs. Jesse Dexter of Escanaba town ship has been missing since early Tuesday. A lengthy search by relatives and friends, in which county motor policemen checked late in the day, failed to reveal any trace of the young woman or disclosed a clue in her direction she had taken.

The family lives near the "Webb" bridge, which crosses the Escanaba river near the White school in that locality.

Early Tuesday morning the girl left home, making she was going to call on her grandmother, Mrs. Sarasin about two miles away. That was the last time the members of the family saw her. Shortly after dinner the search began and later the assistance of the sheriff's office was called. No reason for the girl's sudden departure could be assigned by Mrs. Burt. There had been no household difficulties and she seemed to be content.

Tolson-Buchanan.  
At a simple but pretty wedding ceremony Monday in the St. Patrick church Miss Eva M. Tolson, daughter of Police Chief and Mrs. John J. Tolson was united in marriage to Joseph L. Buchanan of the firm of Anderson Buchanan.

The ceremony was performed at 3 o'clock by the Rev. Dr. Barth, a cousin of the bride, and was attended by relatives and close friends. The attendants were Miss Lillian Tolson, sister of the bride, and Frank X. Buchanan, brother of the bridegroom. During the services special music was rendered by J. Clark, soloist, with violin and organ accompaniment.

The bride was charming in a suit of dark blue velvet and a hat of silver lace. Her flowers were red roses. The bridesmaid wore a dark blue suit with a hat to match and carried roses.

An elaborate wedding breakfast was served at the home of the bride's parents, 1214 Eighth Ave. following the ceremony. The home was beautifully decorated in cut flowers and ferns with smiles and christenings used to advantage.

The breakfast was served by Miss Catherine Barber, Florence Miller, Mrs. Harriet McDermis, Dorothy Bond, Mrs. Gertrude Goussier and Isabelle Murphy.

Mr. and Mrs. Buchanan left on the morning train on a wedding trip to Chicago and Milwaukee after which they will return to make their home here.

Among the out-of-town guests who

attended the wedding was Prof. C. E. Townsend, of Milwaukee.  
The bride is a daughter of Police Chief and Mrs. John J. Tolson, and has been employed as a milliner at the Kraus, Brothers' store for some time past. She is popular with the younger social set and was the honor guest at a number of pre-nuptial parties arranged by her friends. The bridegroom is also well known here. He is a son of Mrs. Anna Buchanan and recently returned from military service to take up his duties as a member of the Anderson-Buchanan firm.

School Nurse Comes, Dec. 1.  
Miss Flora Johnson, of Madison, Ill., will arrive in Escanaba about Dec. 1, to assume a position as school nurse in the Escanaba public schools. Miss Johnson has served as a nurse in the Madison schools for three years. She was very highly recommended by the school officials of that city and excellent results are expected from her work in this city.

## WANT TO HAVE FOX RANCH

UNIQUE INDUSTRY TO BEGIN WITH \$100,000 STOCK COMPANY; QUICK RESULTS

Marquette—It is now practically assured according to an announcement by W. H. Gordon secretary of the commercial club that Marquette will have a fox ranch, a silver black fox ranch, which will probably be the largest of the kind in existence.

For the past few weeks E. Swanson, representing the Smith Gordon, has been busy in Marquette organizing a stock company to start the ranch. Capital stock to the amount of \$100,000 has been sold and the company will incorporate soon. Members of the company hold an option on two 17-acre acres of land west of the city owned by William Deane having selected this site as the most suitable for their ranch.

The Marquette silver black fox ranch will be the largest undertaking of its kind in the country. In fact, there are only a few such ranches in existence. The Smith Gordon, Badger ranch in Muskegon being the largest at present. The directors of the Marquette ranch will select a man to manage the business and he will be sent to Muskegon for a three month course of training in fox breeding.

Twenty pairs of foxes from the Marquette ranch will then be purchased as a nucleus for the Marquette ranch, and the local manager will return here with the stock. A tax and representative of the Marquette ranch will remain in Marquette one year after the foxes are brought here in order to further train the local manager of the operation of the business.

Brings Large Profits.  
According to the prospectus of the company and plans for its primary operation the ranch will not be turned over to the local manager until August, 1915. At that time there will be at least forty pairs of foxes, and the man in charge will be thoroughly trained in fox breeding.

The Marquette company has been organized with a large capital so that the ranch may be started in business on a large enough scale to bring quick returns on investment. The Smith Gordon, Badger ranch, in Muskegon, was started four years ago with a capitalization of \$200,000. And two years were taken up in accumulating breeding stock, so that the ranch's business did not begin to show substantial returns until the third year. In the first two years the business has yielded a profit of \$100,000 and there are at present more than 100 pairs of foxes on the Marquette ranch is considered to be the best in the United States. It has many advantages. The plan of the Marquette company is not to increase the size of the ranch but to sell the surplus stock each year.

Grand Rapids, Mich.—Mrs. Edward F. Arthur has been notified in a telegram Colorado, Minn., that her father, James Francisco, killed himself at an isolated lodge near Simon's point, Wahauka Lake, Minn.

Franklin, Wis.—A lumber trapper and ranch manager at Wahauka Lake, 17 miles from the nearest habitation, is caring for an injured log. Blood poison set in, and he was confined to bed in his lonely shack.

He kept bringing a rifle at regular intervals, to attract attention. Failing to get his message the last cartridge for himself. When he could stand no longer on account of intense pain, hunger and cold, he shot himself.

A Good Cough Medicine for Children.  
Mrs. J. W. Phillips, Redon, Ga., phoned to J. A. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find it a good remedy for coughs and colds in children of four years old. It keeps the cough loose, expectation easy and soon frees the system from the cold.

# THIS IS OVERCOAT TIME!

## SAVE 25 TO 40 PER CENT

### DO YOUR WINTER BUYING NOW--DON'T DELAY

WE URGE YOU to buy whatever you may need for Winter now--at once. If you want to enjoy the full advantage in quality and value of our great early purchases. The constantly increasing scarcity of in particular good wearables for Men, Women and Children, and the steadily rising prices make it impossible to duplicate either present quality or values later on.

Our Mr. Gessner, who has spent the past week in the Chicago markets, made the following statement to managers of the store upon his return:

"I want to be perfectly frank with you. Would like to keep on giving the same remarkable values--AS WE DO NOW--but with merchandise 25 per cent to 40 per cent higher and advancing right along--you can readily see that anything bought at these higher prices must bring more. I bought Men's Suits for Spring--and the cheapest I could find in some of the leading makes was \$40.00 wholesale and from there on up. You know what we are selling same class of suits today--in fact better suits are today retained here at \$34.75 to \$44.50. I I want suits at all for Spring, I had to buy and pay their prices--and it looks very much the same all along the line."

One of the main objects of Mr. Gessner's trip to the market this time--TO FORCE DELIVERY OF GOODS bought months and months ago--also placing orders for spring delivery. From Mr. Gessner's straight forward statement one thing is learned--

SUGAR AND OTHER SWEETS.

The government authorities take pleasure in informing us that honey can be submitted for sugar...

But the government idea is different. It restricts the production of sugar by imposing a maximum price...

From that day in this there has been constantly accruing evidence that the post-war period had passed...

As case sugar and later beet sugar became such an important article of commerce that its use was universal in all civilized countries...

If alcohol is to disappear from general use much more sugar will be required in this country...

The Queen of Holland, who recently celebrated her thirty-third birthday, has no such and the question of the royal successor is beginning to trouble her own people...

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose.

Stop this! At first signs of a cold or grip take JAMES GOLD TABLETS.

AROUND THE WORLD WITH THE AMERICAN RED CROSS. In Siberia.

Possibly the most important Red Cross work in Siberia, and one which most demands the continuous operations here, is the campaign against typhus.

Most of us try to economize, says the pamphlet, yet at the end of the week or month, when we stop to figure up, there is a considerable amount of money gone that we cannot account for.

Many families and individuals are figuring their weekly or monthly income and carefully estimating just what are the necessary expenses.

Holding the price down means holding production down. Europe is very poor this year. Food is scarce...

As long as such restrictions are maintained, industry will lag far behind the demand. Without the stimulation of high prices...

Today is vastly different. Germany faces the world, a Germany if we are to believe reports that have been published by workers determined to win by work what it could not by war.

When hostilities ceased there were some among the Allies who asserted that the chief of the Central Powers was beaten only so far as the arms were concerned...

From that day in this there has been constantly accruing evidence that the post-war period had passed Labor has taken up the tasks of hand and attempts to lead the masses...

At present rate Germany will have repaired all her waste and recovered her pre-war industrial and commercial status while we continue to agitate and revolt...

SCHOOL BOY WRITES POEM ON "THRIFT"

In a prize essay contest on the subject of "Thrift," the following poem was submitted by Ann Powell, an eighth grade pupil in the Emerson School at Bozeman, Montana:

"THRIFT," I wonder, what the meaning is of it, And why we should be so afraid to spend, And why we should be so afraid to give, And why we should be so afraid to lend.

MAY GIVE MARKINGS FOR PRACTICAL THRIFT

School girls, attend! Extravagant dress and habits of pupils have prompted the government to seek the assistance of educators in saving needs of savings in the minds of the pupils.

Dr. George N. Bauer of the University of Minnesota and executive director of the Ninth Federal Reserve District War Savings organization, tells of the new move.

"It is seriously suggested that the school children be given markings on a prepared course of practical thrift, the same as they are given markings in geography or astronomy."

THRIFT MOVIES TO BE SHOWN

Movies of War Savings Stamps in action are to be shown in theaters throughout the Ninth Federal Reserve Reserve district. The pictures are to be animated maneuvers of the stamps which are made to go through some astonishing stunts to keep the wolf from the door...

U. S. TO HAND OUT \$5,603,709; SAVE IT, NEW THRIFT PLAN

More than \$5,600,000 will be paid on December 16 by the United States treasury as interest on Liberty Bonds purchased during the war.

Of this sum \$5,603,709.23 will go to buyers of the bonds in the Ninth Federal Reserve district, made up of the states of Minnesota, North and South Dakota, Montana and parts of Wisconsin and Michigan.

"The distribution of this large sum is cited as a concrete example of benefits derived by investing money in safe securities and as an illustration of the merit of saving."

"Let's all invest our interest coupons on Liberty Bonds in United States War Savings and Thrift Stamps."

"Buy this Uncle Sam and Yourself, Help Your Uncle Sam and Yourself, consistently practicing the gospel of thrift and will experience the renewed sensation which comes with the joy of saving."

"If the major portion of the interest money which the government is about to pay out can be returned to the government in exchange for these smaller and more popular securities, a great public service will have been rendered both to the government, still heavily burdened with the debts of a great war, and to the individual who will add to his accumulating wealth in a comparatively easy manner."

The idea of investing Liberty Bond interest in War Savings and Thrift stamps was largely absorbed by taking on the small denomination securities.

FUSIONISTS WANT BERGER IN RACE

Milwaukee—Whether legal steps will be taken to restrain the secretary of state from placing the name of Victor L. Berger on the ballot as candidate for reelection to congress in the November election has not been determined.

Non-socialists who are striving to bring about fusion and a united American vote for a harmony candidate expressed two views on this question on Friday.

First—it would be to the political advantage of the non-socialists to have a weaker opposition candidate than Berger who may not be eligible under the state constitution because he was convicted of a felony.

Second—if the fusion program now works out successfully and a candidate acceptable to the republican and democratic parties and the Good Government League is elected, the non-socialists will be strong enough to elect Berger. In that case, victory would be more notable with him in the field.

DEPORTING UNDESIRABLES.

When a man from another land takes advantage of the invitation Uncle Sam has extended to him and comes here he is to be considered welcome until his actions indicate that he is desiring to maintain national safety, and a thought of the country's future are sufficient reasons for taking the step that means deportation.

Warnings upon warnings have been issued by the Government and yet the agitators have carried on their clandestine activities, held their secret meetings, circulated their literature—much of it printed in foreign languages—and indulged in covert work to undermine the nation that so generously offered them asylum and an opportunity to improve their condition.

Patience has long since worn out and it is a virtue in dealing with these unwelcome sojourners. Wholesale deportation has been decided upon and the department of Justice will follow conviction in suspended cases. The present mass deportations from the country are said to be preliminary to greater activities, and when prisoners are removed the integrity of our institutions they will be sent to the land whence they came.

All Tired Out

Hundreds More in Gladstone in the Same Flight. Tired all the time; Weary and worn out at night and day; Back ached; head aches; Your kidneys are probably weakened.

You should help them at their work. Let one who knows tell you how. Mrs. William Rabotzy, 23 N. Eleventh St., Gladstone, says: "I was troubled very much with my back and kidneys. It was run down and miserable. My back ached nearly all the time, making me feel tired out and listless. At times my hands were swollen, caused by the weak action of my kidneys. Don't Kidney Pills relieved this trouble and I soon felt like myself again. Don't Kidney Pills have cured one of my children of weak and irregular action of the kidney."

### Society Notes.

**Announce Marriage.**  
Announcement has been made of the marriage of Miss Rachel Ledue of this city and Albert L. H. Hureau son of Mrs. G. C. L'Houreur of Escanaba, which took place Aug. 19, in Mesconnes, the Rev. W. O. LaForest performing the ceremony. Immediately following the wedding ceremony the young couple went to Horton, S. D. to make their home, and their marriage was unknown except to immediate members of both families until their recent return to Escanaba and Gladstone.

Both are well known here and have a large number of friends who will be pleased to learn of their marriage.

**Johnson-Berg.**  
City Treasurer Eric M. Johnson, stole a march on his friends the past week when he quietly slipped away to Chicago and was married to Miss Marie Berg of that city last Saturday. Mr. and Mrs. Johnson returned to Gladstone Tuesday morning. The bride made visits here on several occasions in the past and stopped at the John Holt home. It was one of these visits that the couple became acquainted at the happy event of last Saturday is the culmination of the affair.

**Surprise Newly-Weds.**  
A party of some forty or fifty neighbors and friends pleasantly surprised Mr. and Mrs. Eric M. Johnson at their home, 521 Wisconsin avenue, last night, the affair being in the nature of a home-coming for the newly married couple. A delightful evening was spent. A large number of pretty and useful presents were left by the guests.

**Heid Meeting.**  
A regular meeting of the Child's Welfare club was held last night in the kindergarten. Mrs. L. J. Smith was elected to the office of treasurer in the place of Mrs. M. J. Gleason. She left some time ago for Detroit. No business of special importance was brought up.

## Yes, You Can Save!

If your wages were reduced five dollars a month, you'd still live, wouldn't you?

Maybe you'd never miss the five; or you might be obliged to give up a few little extras.

Nevertheless, you would live.

The point is this: you can save.

Don't live up all you earn. Cut your own wages five or ten dollars a month and save it.

Save it systematically and safely in a steadily growing account with—

SHORT NEWS NOTES

Mr. Knight No Better. The condition of W. C. Knight, who has been ill lately, is no better today. He is very weak.

Mr. Willman Gets a Deer. E. J. Willman returned Monday with a fine deer, which he shot near his camp at Miner's Spur.

Gets Deer. Floyd Dalway is another successful hunter this season. He returned this week with a fine 125 pound deer.

Places of Business Closed. The little store formerly occupied by Wm. Telear and the Delmarco Cafe on Delta avenue were closed down this week on account of the lack of business.

Takes Over Business. The jewelry and confectionary business heretofore run by Johnson & Johnson at 302 Delta avenue, will hereafter be under the charge of Mrs. A. J. Johnson, wife of one of the former partners.

Preached at Escanaba. Rev. D. D. Nagle was at Escanaba last night where he addressed the Epworth League of the Methodist church in that city. Rev. Nagle is president of the Upper Peninsula Epworth League Association.

Lady Shoots Deer. Undoubtedly the first Delta county woman to shoot a deer this year is Mrs. George Wirtz. She and her husband were up on the Rapid River branch and Mrs. Wirtz bagged a nice deer.

Sugar Now 15 Cents. The price of sugar took another upward shot a few days ago and is now retails for 15 cents a pound. The limit to customers has also been reduced from five to two pounds at a time.

Game to Hunt Moose. W. W. Gasser left yesterday afternoon for Duluth, Minn., where he will be joined by his brother-in-law, Neil Clark, and the two will then go to the wilds of northern Minnesota to hunt moose for a week.

Underwent Operation. Albert Westrope, son of Mr. and Mrs. Christ Westrope, underwent an operation Monday morning at the St. Francis hospital for an abscess on the right kidney. His condition is quite serious, but he is getting along as well as can be expected.

Three Lacking Three Hundred. Only three more deer hunting licenses and Deputy City Clerk Habermann will have issued 300, which is 100 more than last year and we venture to say of the 300 not more than a score have lagged a deer so far. Mr. Habermann has also issued 235 same license this fall.

Eight Hunters Get Eight Deer. By far the most successful hunting party with the smallest number of men was that of Chas. Brunette, night policeman, his son, Walter, Paul Jorrell and son, William Stroutman, John Van Mills, Alfred Helm and another man. The party of eight were up near Northland in the E. L. S. and returned Tuesday night with five bucks and three does.

How About An Ice Risk. Now that cold weather is here the Reporter has been asked to agitate an ice skating rink. All right—we agitate. An ice rink would be a fine amusement addition to the city as no other winter outdoor sport can equal it for fun and recreation. The city had a fine rink three or four years ago and it is to be hoped that the school board will again take hold of the matter.

105 Deer on Soo Train. Conductor R. G. Davis informs us that yesterday's Soo train eastbound had on a shipment of 105 deer that was unloaded at Trout Lake; the entire number being consigned to lower peninsula sportsmen. It took 20 minutes to unload the shipment and all along the line the train was held up for from five to ten minutes to take on deer.

ESCH RAILROAD BILL IS PASSED

MEASURE NOW GOES TO SENATE BUT MUST WAIT UNTIL REGULAR SESSION IN DECEMBER.

Washington, D. C.—The Esch railroad bill providing for private ownership and operation of rail carriers, under broad federal supervision, was passed by the House today. The measure goes up to the senate, but it will not be taken up there until the regular session in December. By a provision of the Esch bill, the interstate commerce commission was given authority over interstate rates to the extent that it might otherwise be subject to any "undue burden" on its interstate commerce.

Attack on the provision was centered on the claim that it was an extension into law of the famous "Shreveport rate case" decision. Under the provision state commissions may "act in" with the interstate commerce commission, but the decision would rest with the federal body. The house estimated the proposed new statutory rate of rate making, which would have directed the interstate commerce commission to "take into consideration the interest of the public, the shippers, reasonable cost of the maintenance and operation, including wages of labor, depreciation, and taxes, and a fair return upon the value of the property used, or held, for the service of transportation."

Representative Sims, Democrat of Tennessee, proposed that not more than \$20,000 salary of one officer could be counted in the fixing of rates was defeated, 59 to 28. The proposed new rate of rate making was rejected after a sharp fight, opponents saying it would throw every rate into the air, while supporters urged that it would give a credit basis to the railroad.

Representative Denton, republican Illinois, said that elimination of the section would "cut the heart out of the bill," adding that congress "must do something which will permit the roads to live and not come to the government for help."

Increased Pay. Washington—While it has cost more to operate the railroads under government control, the government is not only using more employees but is paying them higher wages and they are working shorter hours. Director General Hines informed the senate today in response to a resolution asking for that information.

In July there was an increase of 11.2 per cent in employee over Dec. 1911 and the working hours showed a decrease of 1.7 per cent. Total compensation in the roads by the government in July was \$228,149,025, while in Dec. it was \$155,023,983. The average daily pay of employee in July was \$4.32 against \$3.52.

Cleveland—Five hundred chairman of the four big railway brotherhoods will meet here Monday to consider the offer of Railroad Director General Hines for payment of overtime service. The general wage increase demand will be considered as well. Wm. L. Hines, president of the brotherhood of railroad trainmen said today. The Hines overtime payment offer was made for trainmen and firemen. Representatives of the two groups are here today.

Brotherhoods also will have to consider the offer if it was decided to have all four meet jointly on the offer.

No Action. Washington, D. C.—Representatives of the four railroad brotherhoods conferred briefly again on Monday with railroad administration officials on the secretary's executive staff. No action was taken.

To Reimburse Government. Washington, D. C.—The legislation authorizing the creation of a special meat trust fund to reimburse the government for \$400,000,000 spent for locomotives and cars during the federal control of the railroads was passed today by the house and sent to the president for his signature.

Wet. Washington resident Wilson today vetoed the bill restoring to the interstate commerce commission its power to make rate making power. Chairman Cummins of the interstate commerce committee author of the bill, said it was not likely that any attempt would be made to pass the measure over the president's veto as the rate making power of the commission would be restored, when the roads were returned to private operation Jan. 1. The president said the immediate effect of the proposed law would be to deprive the federal government of the ability to "cope promptly and decisively with operating emergencies which are now arising and must continue to arise during the existing period of heavy traffic."

shown at the Lyric Theatre on Saturday. When Fran Fritzi Masary's opera, "Sylla," was produced for the first time the other night, speculators advanced the price of seats to 150 to 1750 marks.

The audience included "ultra traders" whose wives and daughters glittered with diamonds.
