Brady Knocks Daily Out In Seventh Round

A right jab which originated in the feet of Jimmy Brady, ripped through the several yards of his lanky body and terminated on the sturdy jaw of Frankie Dalley, stopped the latter's lurch in the seventh round of their scheduled 10-round bout.

Although the attendance was not all that the club had hoped for, the Army was well filled. Among the spectators were a dozen women.

Brady, whose 128 pounds of speed attains an altitude of about six feet, was introduced to the ring for the first time. The first thirty seconds demonstrated the origin of the Detroiters' title.

TURIN TOWNSHIP MAY BE DIVIDED TO ADD TO DELTA

Application has been made to the supervisors of Marquette county by a majority of the residents of Turin township, residing east of Escanaba.

The reason assigned for the request is that this part of the township is too remote from the city seat for fresh riders of that section to participate in county affairs.

It is understood that the request is being made with favorable comment on the part of the supervisors, who, while not having taken any formal action, readily see that the contention of the petitioners is well founded.

Take Notice, that on November 3, 1919, the City Council passed the following resolution relative to the construction of a concrete pavement in Wisconsin A Sixth Street to Ninth Street.

Resolved, that it is deemed necessary and desirable as a public improvement to construct a concrete pavement from the East line of Ninth street to the East line of Sixth street in the City of Gladstone, Mich., in accordance with the plans and specifications now on file in the office of the City Clerk.

Resolved FURTHER, that the estimated cost of said improvement shall be fixed as follows: Paving 4,500 square yard surface \$6,525.00 Curbing 2,436 lineal feet 1,218.00 Catch basins, seven 375.00 Sixty feet 12-inch sewer 150.00 Engineers and inspection costs 200.00 Attorney's services, printing, etc. 100.00 Total \$8,568.00

Resolved FURTHER, that the cost of construction of the pavement in the cross-streets be paid from the general fund of the City, that the cost of said improvement other than the construction of pavement and curbing in said cross-streets be paid by a special assessment, according to benefits.

Lazy Dollars

Dollars merely safe are not performing their natural function. They are not working. They are not doing the owner or the world any good.

Moreover, most hiding places thought to be safe are decidedly unsafe. Not only thieves, but fire or other unforeseen happenings may rob you of your wealth.

Saving Is Using

Dollars saved are safer! And they are constantly working to earn more for you. They are constantly working for the good of the whole community.

Consider this. We pay you for saving. And when you are saving, your money is never out of reach. It is always ready for you and easy to get when you need it.

Start with us today. One dollar will do it.

NO FEED, NO FIGHT. Officers of the United States army are resigning in alarmingly increasing numbers. Over two thousand have returned to civil life within the past few months.

It is a case of no feed, no fight. They are weary of working for one-half what other people receive.

This is no time for congress to haggle and split hairs.

And a Red, we might remark, has the reputation of a buzzard and the mercy of a tiger.

Pay the army a living wage. Common sense and self preservation demand it.

RHEUMATISM Prevented Him Using Arms - Feed Himself. Recommendations

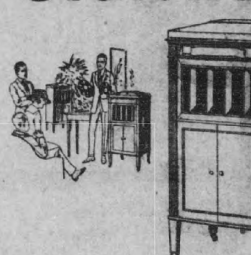

Augusta, Ga., May 20, 1915. I suffered with rheumatism and indigestion and at times could not use my arms to feed myself.

I tried every remedy I heard of with only temporary relief. I was advised to try Number 49 for The Blood which I did with splendid results.

While I am not entirely well I feel like a different man and expect to continue Number 49 believing it will cure me. I have told several of my friends of No. 49, which they are taking with great results.

I cheerfully recommend No. 49 to anyone suffering from any blood or stomach trouble. Wesley Royal, Witness to signature, J. M. Haynie. Made by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Sold at Colburn's drug store.

Meteor Plunges Into Lake Mich. Residents of Southern Peninsula Fled to Their Homes Fearing an Earthquake.

Detroit, Mich., Nov. 28.—That a meteor plunged into Lake Michigan last night causing panic among the people in a dozen southern Michigan cities and sending a pillar of flame hundreds of feet into the air, which was visible for a radius of more than fifty miles, was the theory generally accepted today in explanation of the earth shock which at first was believed to have been caused by an explosion at some industrial plant.

From reports from various Michigan, Indiana and Illinois cities where the glare was visible, it appeared the center of the disturbance was near the lower end of Lake Michigan. Coast guards at Grand Haven were firm in their assertion and they had witnessed the descent of the heavenly body and credence was given their story by the absence of reports of any industrial disaster.

Residents of Battle Creek, Kalamazoo, South Bend, Ind., Grand Haven and other western Michigan cities fled to their homes fearing an earthquake. Houses were shaken, the country was illuminated to such an extent that it was impossible to tell from which direction the glare came. The earth trembled half a moment, then came a deep prolonged rumbling as of an explosion.

The rumblings were heard as far as

AND NOW LET'S GET READY CHRISTMAS

Christmas is right around the bend in the road—less than twenty busy shopping days ahead.

And what a Christmas this will be—our fighting lads back with us—business whirling along—it should be a Christmas of gladness almost unbounded.

And The Fair Savings Bank has anticipated this Christmas. For many months and months we have been working like beavers—buying and trying to get the right kind of gift goods—to gather a Christmas hoard in keeping with the 1919 Christmas spirit.

This Christmas gift hoard is now here—and will in a day or so be ready for holiday shoppers.

We will be better equipped than ever this year to help you in keeping the pledge you made last Christmas—of doing Christmas shopping just a bit earlier this year. In many cases the market is such that the Christmas goods we have cannot be duplicated, so we suggest that selecting be done as early as possible, that you may take full advantage of our bountiful gift supply.

It Will Pay You to Christmas Shop Early in More Ways Than One

all be doctors, lawyers and bankers. You might do worse than being a newspaper man.

Chimney Fire.
The department was called out this morning about a quarter to nine to the house of Ed Olson, 1111 Delta ave. The fire had quite a start when the department reached there, but being only a chimney fire, was soon extinguished. No serious damage was done.

Truck Tips Over.
An accident occurred Saturday morning on the road to Kipping, but was not serious. The truck, which carries the men to their place of business, tipped over in some manner, we don't know how. Mr. Stromquist, received slight injuries, but was able to resume his duties this morning.

Council Meets Tonight.
The city council will meet in regular session this evening. Opposition to the Michigan avenue sewer will be heard if any, and the matter of a concrete pavement between Sixth and Ninth streets on Wisconsin will also come up for action.

Commence Collection Taxes Soon.
City Treasurer E. M. Johnson is now busy getting the tax rolls ready and he hopes to commence the collection of taxes within a week or two. The amount to be collected is much larger than last year, and as Mr. Johnson gets a one per cent fee on each dollar collected, he doesn't worry about the high taxes.

Mazda Oil Demonstrations.
Mrs. H. A. McVern, of the domestic science department of the Coors Food Store Holding Co., of Chicago is giving demonstrations at the various grocery stores this week. Last week she was at the Buckeye store, today and tomorrow she is at the Cooperative store, Wednesday and Thursday at
