

WOMEN MAKE
ROBBERY
SAFETY NIGHT

FORCED SAMUEL HANKIN, MARINETTE, TO "HAND OVER CASH"

In what is considered one of the boldest robberies that ever took place in Marinette for some time, occurred Saturday night about 9:30 o'clock when two young men entered the grocery and meat shop of Samuel Hankin, 1041 Shields street, and at the point of a revolver, held up Mr. Hankin and robbed the cash register of several checks and cash which will total over \$50. Mr. Hankin and his little daughter were in the store alone at the time the young men entered.

First three young men entered the store and purchased some tobacco. They then walked out and a few minutes later two of them returned for the second time and purchased some more tobacco. The little daughter of Mr. Hankin was not in the store at this time, having gone into the residence.

When Mr. Hankin was taken to the register to make change for the young men he was taken completely unaware when one of the young men pointed the revolver into his face and forced him back. They then rifled the cash register and ran.

Phonics Police. About a half hour after Mr. Hankin phoned the Marinette police officials, who immediately went to the scene of the robbery. Mr. Hankin was so excited that he could hardly tell the officers about the holding his little daughter was better able to describe the young men who entered than her father, and through her description a search of the city was made.

No trace of the young robbers could be found and the hunt was continued over Sunday. Up to noon today the young men were still at large, with little or no clue for the police officials to work on.

Had Mr. Hankin notified the police department earlier than he did, it is the belief that the officials could have located the men. They were dressed in black," said Mr. Hankin, "and he was about the only description of the young men that Mr. Hankin could give.

There was no one else in the store at the time when the robbery took place.

Use check for \$10, another for \$15.50 and cash totaling over \$15 was taken from the cash register.

GIRL WEDS OWN FATHER, CHARGE OF PROSECUTOR

Chicago—Assistant State Attorney Eckhart claimed Saturday night that 16 year old Nellie DeBock married her own father.

George DeBock, aged 48, claimed that his young wife had married her stepdaughter and that "his marriage with her was the result of a "true love affair."

The wife, a round faced girl, looking scarcely her claimed age, was in detention home last week on suspicion of attempting to elope with her father.

The marriage aroused the interest of state and county officials when an officer of the detention home approved the rites when DeBock claimed to be the father of the girl.

LANING EPISODE END. It is generally thought by those who are following events in Washington that the disposal of Secretary Lansing marks the beginning of the final chapter in the career of Mr. Wilson. Like Napoleon, in his return from Elba, the President emerges from retirement determined to make a response effort to regain his influence over world affairs. His first act is to rid himself of the man who, all others in his Cabinet, has urged the separation of the United States from further participation in European politics.

They couldn't be built now for twice \$71,000. When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike. A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile. They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive. English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

This advertisement is published by the Association of Railway Executives. This desirable information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

And now they fear a 'holy war' in Russia—which if it comes, will be one of the most of us the world the plural is forbidden. Scrubbed eggs do make a delicious dish. But of most of us the world the plural is forbidden.

Home Wishers. Build of 'Old Faithful' HEMLOCK because other home wishers have been doing it with success and self-congratulation for just three hundred years: 1620-1920. That's about the record of lumber records in this country and the lumber that has made it must be pretty good building material and quite entitled to be called 'Old Faithful' HEMLOCK.

FLU DEATHS CAUSE SHORTAGE OF CASKETS

Hanigan, China—The influenza epidemic in this district has caused so many deaths that there is a shortage of caskets and their price has risen 500 per cent in recent weeks.

Because of this many bodies have been buried in shrouds only, a practice uncommon even among the poorest Chinese.

Another departure that has been forced upon the people by the existing situation is that of the practice of cremation in connection with funerals by which grave sites and times of burial and other details are determined, is being ignored for the first time, for no longer can notice be taken of lucky or unlucky days for holding funerals, while households are being wiped out by the epidemic.

Mrs. L. C. Wolf, Mrs. L. C. Wolf, an old resident of Rapid River died Sunday at her home in that village. She was 77 years of age and widely known in that section of the country. Funeral services were held yesterday at Rapid River.

Mr. Larson was a member of the local police force for several years prior to eight years ago, when he resigned and took over the Main hotel which he conducted for some time.

Mr. Larson was a member of the Knights of Justice and Esche fraternities and these orders took part in the funeral ceremonies.

Nels Johnson Jr. A tuck swallowed three years ago, which belted in his windpipe, caused the death of Nels Johnson Jr., eight year old son of Mr. and Mrs. Nels Johnson of Danforth, who died Sunday afternoon. More than 150 medical surgeons of the United States had examined or treated the lad. None were able to remove him. Most of them agreed that an operation was necessary but none cared to undertake the task.

The Mayor, famous Rochester, Minn., surgeon, however, agreed to do what they could. They operated and removed the tuck a short time ago but they gave the family little encouragement. An outdoor life was recommended and the family moved to Danforth. His condition grew steadily worse however, until death came. The deceased is survived by his parents, two sisters and five brothers. Funeral services were conducted Tuesday. Rev. N. W. Nelson of Gladstone officiated.

Big Shortage Of Silver In World Today

London, Feb. 25.—Use of the silver standard in oriental countries coupled with the enormous commercial expansion now in progress between the West and the East, indicates that there is an immense shortage of silver to meet the demands of trade, says the American Chamber of Commerce in London.

One result of this shortage, says the American Chamber, is that American and Mexican silver mines may look forward confidently to an era of unexampled prosperity for many years to come. Silver, it is understood, may also be found to back over \$200,000,000 worth of paper money issues floating in Europe today, in addition to which America's increasing volume of trade with India and China calls for almost unlimited supplies of the metal.

Germany would probably agree to punish her own citizens by taking their iron crosses from those who have either of the old parties. Coming back from San Francisco will be a long journey for disappointed delegates.

Knocks Out Baby's Brains On Door Post

Strandish, Mich.—Being dissatisfied with the life of his baby, a boy one year old, after he had shot and killed his wife, John Daniels, a young farmer, living near Twining, crashed the youngster by the heels and knocked his brains out against a door post. He then completed the triple tragedy by shooting himself.

The affair was committed Saturday. It is believed by local authorities who investigated but it was not disclosed until Wednesday, when the three bodies were found in the home. The motive for the crime is undetermined as neighbors and friends of the couple say that they had been living happily. Daniels was last seen when he was in Twining Saturday afternoon transacting business.

DIAMOND DRILL EDITOR SENDS OUT CHALLENGE

Crystal Falls, Mich.—A woman if she has the proper credentials can come up here and get the liquor which was needed last week. This is the same man and wife, living on a fairly comfortable farm, blowing in their weekly salary on little dinners and entertainments, decided that the husband probably wouldn't be for years and years.

But it doesn't seem all old or hackneyed when some one has been used to comparative comfort here with a good husband who needs a foot rest and extra extras, and just \$25 left to fight with. It seems then a very big and fresh and important problem and, too, seems then a woman's as well as a man's problem.

Germany would probably agree to punish her own citizens by taking their iron crosses from those who have either of the old parties. Coming back from San Francisco will be a long journey for disappointed delegates.
