INTERNATIONAL OFFICIALS HERE SUNDAY

GENERAL ORGANIZER FOR AMERICAN FEDERATION OF LABOR TO SPEAK

C. O. Young, of California, general organizer of the American Federation of Labor, and C. A. Wandy of Illinois, will be in the city Sunday afternoon and speak at Eagles' hall. All citizens as well as union men are invited to hear the speakers.

What Timberworkers Stand For.

The following letter has been issued from the office of General Leaders of the International Union of Timberworkers, affiliated with the American Federation of Labor and speaks for itself.

Seattle, Washington, To all affiliated Local Unions: And to whom it may concern.

In view of the fact that serious situation now faces our nation, not only from an industrial but from a political standpoint, and that many unemployed and wholly exaggerated statements are now being made, not only by those who have opposed the union labor at all times, but from those who have not directly affected either from the side of labor or of capital, the International Union of Timberworkers wishes its position to be clearly understood and issues this bulletin for the information of everyone.

First: The International Union of Timberworkers is a bona fide labor organization affiliated with the American Federation of Labor. It is committed to the policy of the trade agreement, arbitration, negotiation and conciliation. While refusing to surrender the right to strike if there be need for strike, it takes the position and has made it a part of its policy to employ the strike weapon as an agency to secure equitable conditions of employment—only after all other reasonable and honorable methods have failed.

Second: It is emphatically opposed to the use of "direct action," sabotage, destruction of property, syndicalism, mob-action, or any and all other forms of force or illegal acts as a means to secure changes in the industrial or political field.

It is not in any way connected with, or in support of the I. W. O. or kindred organizations. It is absolutely opposed to a dictatorship of any class or group that may seek to override properly constituted authority. Knowledge that any of its members have become members of, or in any way subscribe to the program of the I. W. O., or other lawless elements is sufficient justification to cause their expulsion from our organization.

Third: Without any reservation it is committed to the support of the Constitution of the United States and all that it implies. Hundreds of its members are ex-servicemen whose loyalty and devotion to their country no man here denies; these men are as loyal in peace as they were in war; they have the same patriotic fervor today that they had when they wore the uniform of their country. No other men are those members who were not in the naval and military forces of the nation, but who proudly have acquired by remaining steadily at work in an essential war industry. There is not one stain on their record.

Fourth: The International Union of Timberworkers now has local unions in every lumber production section of this country and in some Provinces of Canada. Its purpose is to organize all workers in the timber industry and thereby remove the unfair competition now existing in the industry against those employers whose mills and camps operate eight hours per day in competition with those that still operate ten or eleven hours per day. It asks no unfair advantage or unreasonable conditions of employment; its purpose is to help build and stabilize industry.

It is hard to understand the position taken by some employers who still refuse to cooperate. We hold that by so doing, they are in a large measure responsible for the widespread "regretation" that has grown apace in some localities.

We realize our responsibility to our country; our declaration is more than the flowing of phrases—it is backed by earnestness and honest conviction of the justice of our cause.

We contradict the statements by some forces, either direct or implied that our country is on the brink of dark and evil days. We have full confidence in the ability of our collective citizenship to work out our many vexed problems in the correct way. We are not given to hysteria or wild and fanciful action; the calm reason and high sense of justice and fair dealing that rests in the consciousness of the American people will triumph.

The time has not come when it can be truthfully said that American manhood has been weakened to the extent that it is no longer capable of living up to a high purpose, or cease to enjoy

LEG CRUSHED OFF BY ENGINE NEAR NORTHLAND, MICH

Kenneth Stephens, a young man residing at Northland, employed as a switchman on the Escanaba & Lake Superior road, met with an accident Monday morning about 11 o'clock, which will render him a cripple for life.

While he was engaged in doing some work in the vicinity of Northland, Stephens attempted to step on the board of the engine, slipped and fell beneath the wheels, which passed over his left leg some 150 yards. The leg was practically severed and the young man was brought to Escanaba, where the leg was amputated at St. Francis hospital.

CATHOLICS HOLD MISSION SERVICES

PRIESTS HERE FROM DEPERE SERVICES BEGIN TONIGHT.

Special mission services will be held by All Saints parish commencing tonight at 7:30 and continuing through Sunday evening. Father Bennett will be assisted by two out of town priests, Rev. E. Hybrisk and Rev. Father Crocker, both of DePere, Wis.

The Lyric theatre has been engaged for tonight and tomorrow night and special services will be held both evenings at 7:30 o'clock. In addition to this there will be a 5 o'clock morning mass for the working men, and an 8 o'clock mass and Holy day Saturday at the Lyric theatre also.

On Sunday services will be held at the Lyric at 8:30 and 10:30 o'clock and a special service for the children only of the parish at 11 o'clock. Holy communion will be administered to the members of the W. C. O. F. and the C. O. F. at the Lyric hall at 7:30. The mission services will close at the Parish hall Sunday evening.

CHILD TAKEN TO ANN ARBOR FOR TREATMENT

IRENE SEYMOUR, WHO BROKE HER BACK LAST SUMMER, TO BE TREATED.

Irene Seymour, who suffered a break on her back last summer when she was injured by a falling tree, was taken to Ann Arbor Tuesday, in company with her father. It is hoped that the Ann Arbor hospital will be able to remedy her back.

Irene was injured last summer while out picking berries in a woodland, which blew a rotten tree down, pinning her underneath it. Ever since then she has been confined to her bed, and has been compelled to sit on her back.

There did not seem to be any improvement, and the parents finally decided to have her treated at the Ann Arbor hospital.

Eleven Jurors Excused by Court

Eleven jurors were excused from service on the April term Monday by Judge Collingwood in circuit court and eleven Escanaba names drawn to fill their places.

Jurors excused for various reasons were:

Anton Abrahamson, Nahma; John Fredette, Baldwin; Daniel Fraser, Gladstone; John Klingenberg, Bark River; Charles Nordstrom, Gladstone; C. P. Punsant, Escanaba; F. W. Peterson, Gladstone; John Riley, Escanaba; Fred Rowe, Escanaba; Edward Smith, Escanaba; Joseph Terrell, Escanaba.

Now jurors to replace the above were:

E. C. Wickett, Fabian C. DeWitt, Joseph Pirost, Marc Papp, Emil Rudger, E. P. Cass, Joseph Pulin, Max Lidike, Maurice Coll and Wm. Mayers, all of Escanaba.

Legion To Give Dance.

A big military ball will be given Monday night by the Augustus Post, Post American Legion, at Wassa Hall, Gunna's orchestra will play. Fine time assured.

ANNOUNCEMENT TO PATRONS!

The Gladstone Theatre will be open seven nights a week, beginning Monday, April 19th. High class pictures every night.

With the respect and confidence of the entire theatre company, we are, to the best of C. COBERT, President,
JOHN M. NORLAND, Secretary.

PIONEER RESIDENT DIES WEDNESDAY

E. V. WHITE? PERHAPS CITY'S OLDEST RESIDENT IS SUMMONED.

Ebenezer V. White, another one of Gladstone's early settlers, passed away at 4 o'clock Wednesday morning at his home, 762 Wisconsin avenue, following an illness of several years. Mr. White was perhaps the oldest or at least one of the oldest residents of the city, he being 92 years of age. He was born in Barre, Canada East, on April 21, 1828. A complete record of his life could not be gotten ready to day but this information will be published next Monday. He came to the city in 1887, when Gladstone was in its infancy and had been a resident here since. He figures much in the early struggles of the town and was instrumental in helping it on its feet so to speak during the early years of its history. For many years he was on the real estate and insurance business but he has not earned much in business life and during the past few years he has been practically confined to his home.

He was a charter member of the F. & A. M. lodge and also of the Presbytery church. Of the latter organization he is the only remaining charter member.

Funeral services will be held on Saturday afternoon at 2 o'clock from the house, Rev. Bates of the Presbyterian church will have charge of the services at the home and the Masons will be in charge of the services at the grave.

HOPY APPOINTED CITY ASSESSOR

WILL TAKE PLACE OF GEO. PER- RY; SALARY RAISED FROM \$400 TO \$600.

The adjourned meeting of the City Council was held Monday night, April 12th. This was a special session called to canvass the vote cast at the election April 5th. The council members met last week for this purpose, but were unable to complete the canvass for they could not obtain the ballots from the fourth ward which were locked up in a safe. The results of the canvass were the same as were announced in the Reporter, the night of the election.

Perhaps the most important item which was settled at the meeting was the appointment of a city assessor to fill the place of George Perry, deceased. Two applications were received. One from Geo. Casey and the other from Phil Hopy. On the motion of Alderman Buck, supported by Alderman Tomson, Mr. Hopy was accepted. The appointment to this position for the ensuing year means a salary of \$600, which is an increase of \$200 over what has been formerly paid.

PROF. HAYDEN GAVE LECTURE

ILLUSTRATED TALK IN THE HIGH SCHOOL AUDITORIUM ON "MICH- IGAN MEN IN ACTION."

The lecture given at the school house Tuesday evening by Prof. Joseph Hayden, head of the Economic Department of the University of Michigan, was very interesting and instructive. The lecture was given under the auspices of the extension department of the University and was free to the public.

As a Lieutenant in the Naval Reserve, Prof. Hayden commanded one of the United States Navy battleships, composed largely of Michigan men, who were in action on the western front, during the last months of the war.

Prof. Hayden made few introductory remarks, relating to the part played by the Michigan men and continued by an explanation of the types of guns used and their structure. He told in detail the great range of these guns, and illustrated his lecture by views on the stereoscopic machine.

The lecture was felicitously attended but there was some objection to the evening entertainment.

ATTENTION EAGLES

All members are urged to be present at the organization of new officers Friday, April 16, at the election to follow, Friday May 7.

O. F. HABERMANN, Secy.

Neighbor!

Labor appeals to your good sense. Labor in this town, Gladstone, Mich., are your neighbors. You are acquainted with your next door neighbor—possibly he is a working man. If he or any of his family are taken sick or injured, you let him or them know that you are sorry. Many times you have baked little things to tempt the sick appetite.

Your neighbor now asks you to think a little about his religion. Look him over, his wife and his children. Does he look sick like an anarchist? Do you think that he would harm a hair on the head of you or yours?

Doesn't he go to the same church as you, or your family? He stands for good roads, good schools and good churches. He loves government, and he stands squarely for the United States of America. His daily prayer is to the effect that he may keep his family, that he might work for the support of his family in order to keep them in decent circumstances.

Can you imagine his going too foolish than to think that the demands that he is making for the government release all military prisoners?

The Delta County Reporter, through mis-information, says so, in their issue of April 15th. Now isn't that so absurd that, if it were not meant seriously it would be laughable? Reading things that are so bound to frighten you, make you take sides against us. Do you believe in the freedom of your country, for Heaven's sake do not let yourself think for one moment that we are asking anything that is unfair?

We do plead guilty to asking for an eight hour day, is that unfair? Our government for the past few years has observed an eight hour day in all its branches. Is that bolshevism or anarchy?

The banks observe an eight hour day. Are the bankers anarchists? Millions of office men and laboring men all over the United States are working eight hours a day. Are they I. W. O. or anarchists?

NO!

The eight hour day is the greatest blessing that man can have. Your God and my God advocate it in the bible.

We are not "out of our heads" when we ask for an eight hour day.

NOW AS TO WAGES.

We are asking for a minimum wage of \$4.00 per day, 50 cents an hour for common labor. Our only fault is that we are not satisfied. Aren't you sure that we would not get anything unless we went. One employer who would like to be fair with us and give us an eight hour day could not do it as long as his competitor was unfair and worked his men ten hours at less wages. You can readily see that the unfair employer would be able to sell his goods for the same money or a little less and still make more profit than the fair man.

Everything we buy is figured at three and even four times as high as in 1912. If the workmen in Flint, Detroit, in the steel mills, clothing factories, shoe factories, etc., all through the United States, are getting big wages—and the manufacturer is declaring his dividends—why should we be asked to accept wages so much under the majority, that we almost have the man who supplies us?

Do you think that we would burn or destroy one stick of any man's property, or harm his, his children or yours? Forget it. We are your neighbors and you know we do not look like that to you. We want decent hours and you know we do not look like that to you. We are ourselves in a decent manner.

If foolish things are told you either verbally or in the papers, come to any of us. We will give you the truth. Give us a chance, hour both sides. We are for clean methods and will be open and above board.

When you read such nonsensical stuff as our demanding the recognition of the Soviet Russian government, just say to yourself that you happen to know Bill or Jim or Fred, and you know that during the war he bought Liberty Bonds, that he donated to the Red Cross each day work for the country, that he and his sons went to war or stayed here in the job and

And now please do not let anyone put fear of us into your heart. There may be a radical or two among us but there is in every lodge to which you belong, every church and every political organization, but do not judge one hundred men by one.

Authorized by the TIMBERWORKER'S UNION

WHAT WAS SPENT FOR FORD?

The general opinion in Washington is that if Senator Newberry is guilty of a violation of the relating to expenditures, Henry Ford and his supporters are "tied with the same wick."

Senator Townsend said that the candidate that a senatorial candidate may spend but \$7,500, then I have no doubt that Henry Ford and his backers violated the law.

The United States senate will probably investigate the Ford expenses. Henry Ford made four sworn statements relative to his expenses in the 1918 campaign. The general tenor of all of them was to the effect that he neither spent anything or caused any thing to be spent. He attached to one affidavit a statement of the Ford National club showing expenditures of \$15,517.91. He did not mention disbursements of the Democratic state central committee. Neither is there any report of the expense of printing and circulating a very handsome booklet on Henry Ford widely used in the campaign.

It is not expected that the attorney general's department at Washington would use the same difference against Henry Ford as it did against the Ford Ford it did against Newberry because, when all is said and done the whole issue is not so much a question of money spent as of politics.

Profanity is an nervous infirmity, as often as it is an evidence of downward slipper.

The new Balkan house has a high collar.

Ruffles and puffs of various sorts form smart trimming outfits on many all taffeta frocks.

INDICT FOUR ESCANABANS AT MARQUETTE WEDNESDAY

Marquette, April 14.—Escanaba indictments against Albert Johnson, one of the escanaba woodmen, were returned today by a federal grand jury.

No action was commenced in the case of the Escanaba fishermen, who were the victims of a recent raid by the federal government, which was made by the federal grand jury.

Four of the individuals named in the indictment are: Albert Johnson, O. L. White, and two others. The grand jury would require some details of the county office for the actual indictment of the indictment in the federal laws.

Four of the individuals named in the indictment are: Albert Johnson, O. L. White, and two others. The grand jury would require some details of the county office for the actual indictment of the indictment in the federal laws.

COURT HEARS VARIOUS CASES

MANY CHARGED WITH VIOLATION OF LIQUOR LAW, SEVERAL ALL CONTINUED.

Harold Bergeson and John Barry, both of Escanaba, escaped jail today in violation of charges of possessing a concealed liquor. They were fined \$100 and cost. The case against John Barrett, charged with the same violation of liquor, is still in the hands of the court.

Henry Bergeson, charged with possession of a house of ill fame, was arraigned today in violation of the same charge. The case against him was dismissed. The three cases against Bergeson, Bergeson, and Bergeson, were pending disposition of the trials of the same charges against Bergeson, Bergeson, and Bergeson, were dismissed. The case of the same charges against Bergeson, Bergeson, and Bergeson, were dismissed.

DISCLOSES WASTE IN WAR WORK

\$78,000.00 LOST ON THE CANTONMENTS DUE TO WASTE, INEFFICIENCY AND GRAFT.

Washington April 12.—The opposing reports on the \$100,000,000 appropriation for the reconstruction of 32 war materiel depots, announced today by the House, is the result of a report by the House committee on the war materiel depots.

IRON RIVER HAS ORGANIZED A COMMERCIAL CLUB

Iron River is the latest community to get into the business of organizing efforts towards bettering its commercial club. Both communities in the development stage, and have recently organized a commercial club. The club will function as a commercial club.

High and Low Precipitation:

Monday	45	27
Tuesday	45	27
Wednesday	45	27
Thursday	45	27

It Can't Be Done

You don't have to be told that you can't put out a real fire with a tin cup of water. You know it can't be done, and it seems ridiculous to mention it.

WE MUST HAVE YOUR SUPPORT IF YOU ARE TO HAVE THE TELEPHONE

The telephone is operated for your service. We want to make it serve you in the best possible manner. This can't be done without fair rates.

MICHIGAN STATE TELEPHONE COMPANY

ESCANABA NEWS

LEGION HEARS EXPLANATION OF MANY PROBLEMS

One of the most largely attended and enthusiastic meetings yet held by the Escanaba Post of the American Legion was held in the city hall Monday night, when members of the state organization were here for the purpose of explaining to the local members many points that have heretofore been obscure.

Among other things the men were told that they are perfectly safe in assuring their friends that this is not an organization as a part of a national card, nor is it to be regarded as antagonistic to labor. Its purposes are purely to the promotion of the welfare organization and have nothing to do with a military organization.

Louis D. Taber, state adjutant, was one of the principal speakers. He explained the specific reasons for the organization of the legion and what he had in mind for the future.

A FEW Specials

- Try some of Cudahy's Blue Ribbon Native Steer Beef, Roasts and Steaks, Choice Spring Lambs, Calf's Liver. We are receiving fresh dairy Butter every day--A No. 1 Grade.

Gladstone Fruit Store Delta Ave. Phone 331

Teachers here generally in March, members of the board this year have not yet accepted the offer and are looking for places elsewhere. It was said yesterday.

Also, the amount of money required to operate the telephone even a year ago is not enough to pay for present day operations. Wages have been increased, the cost of everything that goes into telephone construction has been increased. To meet that increase the telephone company must raise rates which correspond with all the other increases.

NAVIGATION MAY OPEN BY APRIL 20TH, SAY OFFICIALS

From the funnels of the four tugs yesterday and an escort from one of the boats from the light ship for harbor, led to many conjectures about the possible date for opening of navigation here. The four boats are arriving expected that all would be ready by the end of the week. It also will see an official inspection.

Budget To Take Care of a Raise in Wages

It is expected that city employees are that city employees will wait until after the city made up in May before getting a raise in salary. While Mayor was in the city Wednesday afternoon a petition was brought to his attention Tuesday night a petition was from the city police department with it was included a request for an advance in wages. The case referred to the Finance Committee.

Dr. Pryal was told of this matter would be taken care of automatically in May when it was made up and all salaries would be increased. It is generally it becomes known that there will be few, if any changes, in the personnel of the city department. There may be a change in the head of the department has sought a resignation, but aside from this, the action of city affairs will be in the same hands as during the year.

Many matters pertaining to the ability, how to be maintained in case where insurance had lapsed and also for questions were gone into in great detail and the result was that when the meeting was over, the men had a clear conception of the aims and purposes of the Legion that they have yet gained.

Many Teachers To Take Places In Other Cities

More than a score of grade school teachers, as well as several members of the high school faculty, already have signed contracts to teach in other cities next year, it was stated in well informed quarters yesterday. Among them are some of Escanaba's best known and most efficient instructors.

What the board of education will do in the way of salary increases next year probably will be decided at an early date. The teachers' committee of the board in a meeting this week made its annual list of recommendations, it was stated, but the recommendations have not yet been made known to the other members of the board.

That there will be a very large number of additional resignations was the prediction last night of one teacher who pointed out that although

of that amount represents money expended in new construction work, as the Escanaba Motor company garage, the Hoyle building and others. Despite this fact, however, there apparently is a shortage of homes in the city.

E. A. Hubbard Is Optimistic On Coming Drive

With his first week of formal organizing work completed, E. A. Hubbard, 324 South Eighth street, Delta county campaign director for the Baptist New World movement drive, which expects to raise \$100,000.00 throughout the country between April 25 and May 2, predicts complete success in the local work.

"It has been a hard job to get the men we need throughout the county and to plan the work of educating our Baptist people in the purposes and plan of the movement," he stated, "but we are well under way at last. Our leading people have come to see that the success of this unified drive to get Baptist work throughout the world upon a businesslike, efficient basis by means of

this one great effort is absolutely imperative, if the church is to hold its own against the forces of irreligion and selfishness which are sweeping the world.

"Our local quota of \$3,200 for the county is later, but it was fairly determined after a study of Baptist wealth throughout the country, and places their exact share in proportion to their means of the total sum of \$100,000,000 upon our people. When I realize that single churches like the Woodward Avenue Baptist in Detroit are asked to raise half a million dollars, I feel that our quota is entirely just."

The coming week will be devoted to informing Baptists generally of the purposes and scope of the movement and to appointing the Baptists to be approached among the various teams, so that every one will be reached, but no one will be annoyed by overlapping visits from different workers.

Mrs. Julia Freeman, residing at 1215 Shepherd street, passed away at the family home Tuesday morning shortly after 7 o'clock. Mrs. Freeman was 21 years of age and had been ill

but a short time. She is survived by her husband, two children, Sigfred, 7 and Willard 5, and one sister in law, labona.

Mrs. Anna Estabrook, mother of Mrs. L. G. Savoy, passed away at the home of her daughter, 308 Seventh avenue South, shortly after the usual hour yesterday. Mrs. Estabrook was 81 years of age and had made her home with her daughter for some years.

Clovesh Drobenka, committed to the Newberry hospital last week by the Delta county probate court, passed away there Tuesday. Drobenka seemed to be suffering from a mental affliction which caused him to wander about the city without knowledge of his whereabouts or what he was attempting to do.

Woodman Injured Near Engadine. E. A. O'can, a laborer in the woods near Engadine, sustained a dislocation of a shoulder while at work yesterday. He was brought to this city and taken to St. Francis hospital where the proper aid was rendered him and he

is resting as comfortably as could be expected under the circumstances.

Timberworkers Meet Sunday Eve. J. A. Wainwright, organizer for the Timberworkers' union, addressed a large crowd of workers at a public hall on Sunday evening, discussing working conditions, wages and the right hour day. Following the address 15 new members were taken into the organization.

TORNADO STRIKES TOWN OF MELROSE, TEXAS

Galveston, Tex. (Five injured and approximately thirty houses were demolished by a tornado that struck the little town of Melrose, Tex., Sunday night, according to a dispatch to the Galveston News last night.)

St. George Moore, Cleveland's western representative during the winter months, has taken over the management of the Cleveland road in Schroeder county. St. George has worked faithfully for Cleveland and his confidence in the road will bear out in his experience in Schroeder county this season.

United States Court.

Escanaba is to be fairly well represented in the session of the U. S. Court to be held in Marquette this week. A half dozen defendants from the county will face the charges of liquor violations. Most of them will be defended by local lawyers also. The men who have been held to court from this county are Thomas Miller, Calvin Thomas, Frank De Vost, James Frank, Alfred LeDuc and Casha Deschamps.

Iceberg Attracts Curious.

The "iceberg" on the bay shore south of the city continues to attract scores of auto loads of sightseers. The stack of ice is 40 to 50 feet high, clinging to a pinnacle and extends down the shore for a distance of several hundred yards.

Building Permits Show Some Growth

City clerk Carl Anderson was yesterday announcing over the building permit as found that since May 1925 \$100,000 in the estimated amount of appropriations made. More than half

CHANDLER SIX The Most Closely Priced Fine Car

We Let You Know What The Chandler Price Is

THE Chandler Motor Car Company, ever since the first Chandler Car was built seven years ago, has, in every advertisement issued to newspapers and magazines and all other forms of publications, stated the list price of the Chandler Car.

It states it now and will continue to do so. There is good reason for this and many thousands of motor car owners know it. This is the reason—The Chandler Six is the most closely priced fine car in the whole medium priced field.

Look through the pages of this paper or a magazine that may be lying on your table. There are probably from ten to twenty automobile advertisements. How many name the price of the car?

True, the cost of automobile production has increased in the past year, and it is still increasing. But the Chandler Company, throughout 1919, with all its production greatly oversold, held to its price.

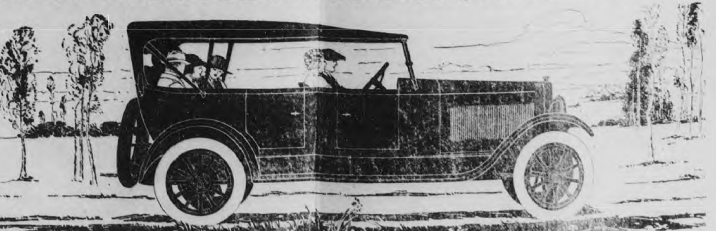

The Chandler Six of today is a highly perfected development of the Chandler Six of seven years ago, which started the trend toward lightweight sixes. All the engineering skill and production efficiency at the command of the Chandler Company has been devoted to this one chassis and that fact is one of the reasons for the Chandler's leadership in its field today.

All Chandler bodies are mounted on the one standard Chandler chassis. Simple, sturdy and dependable throughout its features embrace, as for years past, the really marvelous Chandler Motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition.

Cars that May Compare with Chandler are Listed at Hundreds of Dollars More. SIX BEAUTIFUL STYLES OF BODY

Seven-Passenger Touring Car, \$1895. Four-Passenger Dispatch Car, \$1975. Four-Passenger Roadster, \$1895. Seven-Passenger Sedan, \$2895. Four-Passenger Coupe, \$2795. Limousine, \$3395.

NEWS OF THE MOVIES

Before a camera crank was turned for the filming of "His Majesty, the American," the Douglas Fairbanks picture, which will be shown at the Lyric theatre next week, Director Joseph Henabery, with the assistance of Elton Banks, labored for eight solid weeks on the development of the scenario.

Mr. Henabery created the part of "Lincoln" in "The Birth of a Nation" and assisted D. W. Griffith in producing "Intolerance." His director Fairbanks in "The Man from Painted Post," "Say Young Fellow" and other pictures, and the eight weeks spent in the preparation of the story for "His Majesty, the American" are responsible for much of the success of this newest picture in which the agile Doug has leaped into new honors.

BEGIN MARKING THE HIGHWAYS

STATE COMMISSIONER ROGERS HAS WAY FOR MARKING TRUNK LINES.

Marquette, April 14.—Urging immediate preparation for the adequate marking of highways throughout the upper peninsula of Michigan, Frank F. Rogers, state highway commissioner, has submitted to the state highway engineers of Cleveland copies of the regulations covering the system, with recommendations that the work be carried out at the earliest possible date. In a letter to the Development Bureau, at Marquette, Mr. Rogers asks that every possible effort be put forth to encourage the completion of the work early in May.

Mr. Rogers' plan, briefly follows: All trunk lines will be marked by a diamond-shaped design, carrying two digits. The routes are continuous for as great a distance as possible, the longest in the state of Michigan being given the number ten, the next longest eleven, and so on.

The diamond is fifteen inches wide, and seventeen inches high, from point to point. It is to be enclosed on each side by a telephone pole, steel girder, culvert wall, or on any advantageous object which may be selected. The design will be placed on a white lead and oil based ground, twenty-two inches in width, and the diamond and lettering will be in black. Turns in the road to right or left will be designated by a white band, across the design. The cost of the work will be maintained in part by the state as its share in trunk highway maintenance.

Mr. Rogers requests that the com-
