YOUNG MAN DIES IN ST. PAUL

WALFRED ANDERSON OF THIS CITY PASSED AWAY FRIDAY EVENING.

Gladstone friends of Walfred G. Anderson, son of Mrs. Alma Anderson, received a great shock, when the news of his death reached this city Saturday morning. The young man had been ill with pneumonia for very nearly a month, but many acquaintances of the family were aware of his serious condition, so that the news was not wholly unexpected, but it brought sadness to many friends. Mrs. Anderson was summoned a few days before Easter, but hopes were given out then that he would recover. Gradually the young man grew worse, and Friday evening about 8:30 o'clock he quietly passed away at the Bethesda Hospital. His mother and brother, Elmer, were at the bedside when death came. They are the only ones who survive.

He was born in Gladstone and would have been twenty-one years of age had he lived till June 4th. All of his young life was spent in this city, where he attended the Gladstone schools and was graduated with the class of 1917.

During the last couple years in high school, he also assisted in Coburn's drug store, after which he was employed in the office at the Pittsburgh Coal Co. docks. Last September he went to St. Paul, where he held a responsible position in the office of the Haglin Contracting Company up to the time of his illness a few weeks ago.

The body of the deceased arrived here this morning and was taken to the home at 604 Minnesota avenue. Funeral services will be held from the home at 2 o'clock tomorrow afternoon and from the Swedish Mission church at 2:30 o'clock. Rev. Isaac Hoyem will arrive tonight from Cadillac to be in charge of the services.

Mrs. Martha Swanson and daughters Mabel and Martha, and Herbert Swanson arrived this morning from Minneapolis to attend the funeral.

Entertained Friends.

The Misses Serina Bransick and Marie Lanerette entertained a few friends Saturday afternoon at the home of the former. Games and music furnished the entertainment for the afternoon. A delightful lunch was served by the hostesses. Needless to say, they all had a very fine time.

NOTICE OF DISSOLUTION OF PARTNERSHIP.

The partnership heretofore existing under the firm name of Star Grocery has this day been dissolved. All accounts due are payable to the undersigned who will continue the business, and who will pay all outstanding obligations. Mr. Peter G. Erickson retiring from the firm. Dated April 3, 1920.

ADOLPH WICKSTROM, ED. JOHNSON.

Caustic Coat Costs Koster \$10 And Cost

Peter Koster, of Escanaba, was fined \$100 costs by Judge C. W. Sessions in federal court at Marquette late Thursday after Koster had pleaded guilty to a charge of "possession" of intoxicating liquor. Three other counts charging manufacturing liquor, furnishing liquor and possession of mash to be manufactured into liquor were nolle prossed by the government prosecutor.

TEACHERS' EXAMINATIONS

The regular teachers' examinations for Delta county will be held in the Court House, April 29, 30, and May 1. Sessions will be from 8:30 a. m. Candidates for First, Second and Third grade certificates admitted. C. U. WOOLPERT, County Commissioner.

ATTENTION EAGLES

All members are urged to be present at the nomination of new officers Friday, April 16, and the election to follow, Friday May 7.

O. F. HABERMAN, Secy.

ABOUT THE WEATHER

Data is furnished by the local office of the Weather Bureau at Escanaba. Rain or snow and colder tonight and Tuesday; Strong north west winds.

Temperature for the past few weeks.	High	Low	Precip.
Friday	44	37	0
Saturday	43	29	0
Sunday	43	29	0
Monday	48	35	0

LADY MACCABEES WILL HOLD CONVENTION HERE THURSDAY

The Delta County Convention of the Lady Maccabees will be held Thursday, April 29th, commencing at 10 a. m., for the purpose of electing delegates to the biannual review, which is to be held at Lansing, June 3. Escanaba Hive, Corn Hive and Glad River Hive will be represented.

FUNERAL FOR MR. CONNAN HELD FRIDAY IN ESCANABA

Funeral services over the body of Eugene Connahan, who was killed last week, were held Friday morning at 10 o'clock at St. Patrick's church, Escanaba. A large number of Escanaba and Gladstone friends attended. The pall bearers were Wesley Ward, Edward Roland, Harold Johnson, Geo. Cosgrove, Edward Olson and Mr. Hepp.

Final Result In Mich. Vote

Lansing—Senator Hiram Johnson's plurality in the presidential preference primary in Michigan, April 5, was 44,373, according to official figures announced by the state canvassing board today. Herbert Hoover, whose name appeared on both republican and democratic ballots on the democratic endorsement by 5,544, William G. McAdoo taking second place.

The official figures announced by the canvassing board are: Republican, Senator Johnson, 156,939; Major General Wood, 112,566; Governor Frank Lowden of Illinois, 62,418; Herbert Hoover, 52,563; General Pershing, 17,971; William Simpson, 2,662.

Democratic: Herbert Hoover, 22,988; Detroit, 3,857; Senator Foidenier, William G. McAdoo, 18,641; William J. Bryan, 11,910; Governor Edwards of New Jersey, 16,623; Attorney General Palmer, 11,187; scattering, 286.

On the Socialist ticket Eugene V. Debs received 5,310 votes.

Surprise Party.

Miss Ethel Miller was pleasantly surprised Friday evening by eighteen of her friends. Games were played and later a delightful lunch was served. All reported a good time.

A Proclamation

Following a custom established more than a half century ago, the time has come to call attention to Arbor Day and its proper observance.

Michigan's one splendid forest has largely disappeared, though we still have many thousands of acres of beautiful forest land. It would seem to be the part of wisdom to plant with trees vast areas which have grown little or nothing since the timber was taken off, but this project will require many years for its accomplishment. In the meantime, our cities and villages can add greatly to their attractiveness by planting shade trees along their streets and their parks and squares. Young trees suitable for this purpose may be obtained at small cost from the Public Domain Commission at Lansing and the M. A. C. at East Lansing.

Trees, too, constitute the natural home of most of our birds and their preservation is a matter of the greatest moment.

Therefore, I, ALBERT E. SLEEPER, Governor of the State of Michigan, do hereby designate the last day of April, in the year of our Lord one thousand nine hundred and twenty, and the Commonwealth the eighty-fourth anniversary of the birth of ALBERT E. SLEEPER, Governor.

ESCANABANS MEET TRAGIC DEATH

NICHOLAS BICHLER INSTANTLY KILLED AND THEODORE KONNELL DIED SATURDAY.

Nicholas Bichler, head of the firm of Bichler Bros., road building contractors and owners of extensive stone and gravel quarries, was instantly killed and Theodore Konnell, of Walsh, Wis., lies in a critical condition at St. Francis hospital, Escanaba, as the result of being caught under a heavy casting when it fell at Bichler Bros. gravel crushing plant at Flat Rock Friday afternoon.

Practically every house in Mr. Bichler's body was broken the terrible weight crushing out his life instantly. Konnell began work Friday morning at the crusher.

Timbers Give Way.

Mr. Bichler, with Konnell and Robert Holiday, were engaged in making repairs to the heavy crushing plant, preparatory to placing the plant in operation for the season. A casting at the top of the plant, weighing a ton and a half, had been removed and placed on timbers it should be the position, that it might be rolled back into place when the repair work was completed.

Mr. Bichler, with his two assistants, was working on a platform ten feet below the casting when a new gravel chute in position. Suddenly the timbers holding the casting gave way and crashed down upon the men below.

Mr. Bichler was squarely caught and physicians who examined the body say that the unfortunate man's life was snapped off in an instant.

Konnell was also caught under the casting but he did not receive the full weight of the blow. Holiday escaped with a few minor cuts and bruises.

Alone, Holiday was unable to extricate the bodies of Mr. Bichler and Konnell from under the casting and was forced to run and call assistance. Physicians were also summoned to the scene as soon as the casting had been lifted aside it was seen that Mr. Bichler was beyond aid and the attention of the physicians was directed to the care of Konnell who was rushed to the hospital as quickly as possible.

Mr. Bichler was 42 years of age and in addition to his wife and four children is survived by his mother, Mrs. John Bichler, five brothers and one sister. The surviving sister and brothers are: Mrs. R. E. Allingham, Groves; Harry Bichler, of Detroit; Bert Bichler, of Edmonton, Alberta, and Peter, John and James Bichler, of Flat Rock.

Mr. Konnell is 31 years of age and has three children living with relatives at Walsh, Wis., his wife having died a few months ago.

Mr. Bichler was recognized as one of the leading road building contractors of the county. Upon the death of his father, John Bichler, who was the pioneer stone quarry operator in this section, he with his brothers succeeded to the control of that business. A year ago the firm purchased the gravel pit and plant owned by A. R. Moore and combined the business under one head. Under the direction of Mr. Bichler the firm was making a tremendous success of their business. He was widely known throughout Delta county and was held in the highest respect by all who knew him. His tragic death came as a terrible shock to a host of people.

Funeral services were held in St. Joseph's church, Escanaba at 9 o'clock this morning.

Other Victim Died Saturday.

Theodore Konnell, the other victim of the quarry accident died at the hospital at 4 o'clock Saturday morning. The body was taken to Marquette by relatives today for burial.

JUDGE IMPOSES LIQUOR FINES

BROTHERS PAY FINE IN MARQUETTE FOR ILLEGAL POSSESSION OF LIQUOR.

Marquette—The three Scalbeck brothers on trial in federal court on a charge of illegally possessing liquor in connection with the "whiskey rebellion" in Iron county were found guilty by a jury. In imposing fines of \$100 each, Judge C. W. Sessions, in the presence of Attorney Martin McDonough for the fact that the respondents stood convicted.

Were Misadvised.

"I am satisfied you acted on some of my advice and you were both misadvised and misadvised," Judge Sessions told the brothers, adding to the jury, "I do not believe the evidence in this case shows intentional or premeditated violation of the law, but these respondents have been victims of unfortunate advice."

Testimony showed that McDonough was their advisor and that practically everything they did after state police began action to seize their wine, was done at his direction.

Was "Kickful" Stuff.

John Scalbeck admitted a wooden partition was built in the basement to conceal the wine, upon McDonough's advice. Iron River officials testified that McDonough ordered the capture of the wine from state troopers acting with L. Grove, chief prohibition agent in the upper peninsula.

Analysis of the wine showed it contained 9 to 13 per cent alcohol.

PRESBYTERY MET IN ESCANABA

SESSION LASTED THREE DAYS; INTERESTING TALKS ARE GIVEN

The spring meeting of the Presbytery of Lake Superior and its women's home and foreign auxiliary, which had been in progress at Escanaba for three days, came to a close Thursday.

Ontonagon was chosen as the next stated meeting place.

Thursday afternoon the women heard a series of two minute talks by local clergymen, an address, "International World Church movement," by Mrs. J. K. Mitchell, of Detroit, synodical president of home and foreign missions; and a number of letters from the field were read. Mrs. M. A. Stone, of Chicago, conducted a "question box hour," and there was the annual election of officers.

All present officers were re-elected except Mrs. A. H. Roper, of Menominee, who resigned as secretary for the Westminister Guild. Mrs. R. A. Weir was named to succeed her. The remaining members of the cabinet are: Mrs. C. A. Armstrong, Marquette—President; Mrs. E. L. Robbins, Sault Ste. Marie—First Vice President, Missionary Education; Mrs. E. G. McNamara, St. Ignace—Children's Work; Mrs. E. L. Stansbury, Sault Ste. Marie—Second Vice President; Mrs. E. L. Stansbury, Sault Ste. Marie—Corresponding Secretary; Miss Gertrude Sterling, Sault Ste. Marie—Young People's Secretary; Mrs. F. E. Bay, Calumet—Treasurer.

Thursday night's young people's meeting was a series of brief addresses and musical numbers.

TIMBER WORKERS PROPOSE PARLEY

HOPE THAT OPERATORS WILL MEET THE ISSUE FAIRLY SEND NOTIFICATION.

Ironwood, Mich.—Although no word has been issued from the organized lumbermen of Northern Michigan, the United Timber Workers' Union has sent out its ultimatum for an eight hour day or a walkout on May 2. Every lumberman in what is known as district No. 2 by the union, has been notified. District No. 2 comprises the lumbering woods of Michigan, Wisconsin and Minnesota.

The notification from union headquarters says: "We call your attention to the only specific stipulation contained in these official communications of ours, namely, that during the month of April the eight hour day is to be established in that territory known to us as district No. 2."

"Feeling that our move is a reasonable one and feeling further that the populace at large concurred the fairness of our action, we stand firm in our determination to see the establishment of the eight hour day in this district; but we desire to state that we are willing to analyze with you any point over which differences of opinion may arise between us and ask that you maintain this attitude toward us and our claims, believing that our country may best be served, of the spirit of tolerance and consideration for opposite viewpoints may be maintained on the part of ourselves and of us."

STOCK SHIPMENTS TO BEGIN MAY 1ST

J. Y. CANON LEAVES FOR WEST TO MAKE PREPARATIONS FOR CATTLE SHIPPING

Manistique—The Cloverleaf Cattle company is to begin shipping stock to its ranch in this county near Hathwa, in the near future. J. Y. Canon, president of the organization, having left here this week for the west to make preliminary plans for the transportation of the cattle. Shipments will start about May 1. The cattle being shipped in for grazing this year are aged steers, and should be fat by early fall as they will be put in early and will have all the timothy, clover and blue grass they can eat.

The season is opening up in fine shape according to Mr. Canon and there is no reason to doubt that they will make great gain. Aged steers are the best kind of stock to place in this country for a one season finish.

Mr. Canon is very enthusiastic over this, as a grazing country, its good feed, abundance of water and other features making this the richest grazing country in Michigan. Over the Cleveland Cattle Company ranch is plenty of good feed of over fifty thousand acres, and the water is evenly distributed over the whole tract so that stock will not have to go far in any direction for plenty of good pure water.

Ishpeming Boy Killed In Game; Struck by Ball

Ishpeming—William George Harvala, eleven year old son of Jacob Harvala, orderly at the Ishpeming hospital, was killed Saturday evening at a baseball game at West Ishpeming when he was struck over the heart with a baseball bat which slipped from the hands of one of his older brothers.

The deceased was with his brother and other lads were enjoying a game of ball. William was pitching to his brother, who was the batter. While he was swinging at the ball, the bat slipped from his hands and the older Harvala boy struck his brother in the breast.

He fell to the ground and his companions carried him to his home, where he lived only a few minutes. A doctor was summoned from town but by the time he arrived at the Harvala home the lad had been dead for some time.

Plays With Fire; Soo Girl, 6, Dead

Sault Ste. Marie—Grace Farnquist, aged 6, daughter of Mr. and Mrs. C. H. Farnquist was burned to death at the family home today and her mother in attempting to rescue her, sustained severe burns to her arms. The child had been putting loose paper in the door of the stove when a flaming sheet fell back into the room and ignited her clothing. She was enveloped in flames and by the time her mother had smothered the blaze, her thighs, abdomen, chest and face were severely burned. She inhales flames and died as she was being taken to the hospital.

We don't blame those motorcycle riders are being increased at the ruling that they must have a driver's license of the same kind as an automobilist when even if their marksmanship is as good, they are almost certain to get the use of only one barrel.

WOMAN WINS INDORSEMENT AT HOUGHTON

Houghton, Mich.—Mrs. Mary Sheldon Barry was endorsed by the Republican county convention here today for delegate-at-large. An attempt by a non-endorsing to introduce a resolution endorsing Hiram Johnson was defeated. Robert H. Shields, a Barry's opponent.

PROHIBITION BOOSTS CANDY

Green Bay, Wis.—The consumption of candy in Green Bay has increased approximately 2-3 per cent since the advent of prohibition, according to a local candy manufacturer.

"There is no doubt in my mind but what prohibition is responsible for this remarkable increase," he said. "Men and women, too, must have sugar and since prohibition has stopped the sale of beverages containing a certain percentage of sugar they have turned to candy for their supply."

Gum Chewers Grow.

Masculine gum chewers are also becoming common. "We sell lots of it to men," announced the dealer, who also asserted that it made customers purchase the larger part of his candy output.

"Before the saloon went out of existence we noticed that in towns where there were no saloons our sales were larger than where liquor was sold," said one manufacturer.

"This, however, may have been due to the fact men brought their money home when the town was dry and the children and women had more money to spend for candy," he said.

Getting Stylish.

"Before prohibition went into effect men would go into a saloon and after when they had extra time on their hands, and they did not think of eating candy then," said one dealer. "Now they drop into one of the cigar stores to chat and spend a little time and although they take a bottle of pop they also usually indulge in candy before they leave the place."

According to one local cigar store dealer the passing of liquor has not only increased the consumption of candy, but also has brought out a regular army of candy salesmen. Three or four candy agents from all over the state, now visit this store every week to every one who comes during the wet regime."

Hy-Ho-Hum—Spring Is Here

ESCANABA NEWS

Spends Day In Drifting Ice

His gasoline launch jammed for 15 hours in a mammoth field of ice two miles off the south shore of Bay de Noc Henry Dahm, Thursday fought a thrilling battle for his life which ended at 8:20 p. m. when the boat was safely anchored on the Ludington Park bathing beach.

All afternoon friends on shore thru marine glasses had watched the fisherman struggle in the great mass of ice which threatened to crush the little craft and bury its skipper under it. They know that attempts to reach him would be futile and more than once the fear was expressed that his escape from death would be a little short of a miracle.

But good seamanship triumphed and Mr. Dahm, weary, hungry and drenched with the driving rain that fell all day, when asked last night about his experiences, discounted the danger.

"I just got caught out there," he said. "I never had any doubt that I could make it back all right. I anchored the boat and let the seas take the ice on past. I ran the engine when I could until she choked up and the rest of the time I waited. Finally I saw my chance to get out and I took it. I'm pretty tired, I didn't have anything to eat out there and it was pretty disagreeable weather but I've been in lots tighter pinches."

Mr. Dahm and John Johnson, both fishermen had their boats anchored off the north shore Wednesday when the ice, propelled by a risk wind, started to move. They moved the boats to the south shore. Early yesterday morning, however, the wind shifted and they went out to marine launches out of danger of being

crushed or carried away.

Neither was able to escape the jam, and after a brief struggle found themselves in the center of the field of ice which extended from light house to fishing point.

Mr. Johnson was able to move his boat to Portage Point, where he came ashore late yesterday afternoon and he walked into the city. Mr. Dahm's plight was considerably more serious.

His battle against the elements attracted widespread interest in marine circles throughout the afternoon.

Colonel Jackson Has Inspection Of Local Office

Colonel L. H. Jackson of Chicago was in the city Friday morning on an inspection tour of the local army recruiting station, of which Corporal Blackwell is in charge.

The colonel was highly slated over the successful manner in which the office has conducted the recruiting business in this district and after some investigation determined that he believed there was altogether too much territory to be covered by the corporal.

He returned to Chicago later in the day and declared before leaving that he would take steps to have two more men sent to this district to work as assistants to Corporal Blackwell in the recruiting campaign.

"Getting men is a stiff proposition" the colonel remarked in declaring that the enlistments were mailing off in all sections of the country.

He pointed out that a great need for men at this time was the infantry and artillery of which there appears to be a scarcity.

So many of the young men who are enlisting in the military service these days, the colonel pointed out, are tak-

ing advantage of the educational opportunities that it is a big problem to get enough men to fill the ranks of soldiers.

With the increased offers and inducements which are being made by the war department, he further said, the boys are given a wonderful chance to "make something of themselves" by enlisting for one, two or three years.

With the increase of the automobile industry in late years, a large number of the young men are taking courses at army schools thereby fitting themselves for civilian service immediately after receiving their discharges from the military.

Amson-Petersen.

A charming church wedding took place at the Norwegian Danish Lutheran church, Friday evening at 6 o'clock, when Miss Josephine Amson, niece of Richard Amson, proprietor of the Amson Brothers Lumber company, became the bride of Berger Petersen, one of the principal stockholders in the Land and Timber Lumber company. The ceremony was performed in the presence of relatives and close friends by the Rev. O. D. Daver, pastor of the church. The church was beautifully decorated in cut flowers and ferns and special musical numbers were given during the ceremony.

The attendants were Miss Tunny Amson, cousin of the bride, and Herman Stenlund. Following the ceremony, the wedding party went to the home of Mr. and Mrs. Richard Amson, 201 N. 19th street, where an elaborate supper was served.

Mr. and Mrs. Petersen will make their home in Escanaba.

Trades Council Holds Election.

An important meeting of the Trades Council was held in Union hall Thursday night for the discussion of business matters of importance to the organization and the election of officers.

The following heads of the council were elected at the meeting: George F. McEwen, President; E. J. Kirkpatrick, Vice President; Fred Jorgenson, Secretary; William Flavin, Treasurer; Charles Malmstrom, Sergeant at Arms.

Charles Gustafson, Charles Carlson and Andrew Engdley, Trustees.

Other business matters of importance were discussed at the meeting.

Peter Bucholtz.

Word was received here Friday of the death in Chicago, of Peter Bucholtz, a pioneer resident of Escanaba.

Mr. Bucholtz was about 50 years of age and had not made his home here for some time. About one year ago he submitted to an operation for the benefit of one of his eyes but it was unsuccessful and he has been blind since then. He is survived by two sisters, Mrs. Kaiser who makes her home with her daughter, Mrs. George McGuire, 261 Thirteenth street, and Mrs. H. Markatoriz, of Green Bay.

Gas Famine Over.

The receipt of 8,90 gallons of gasoline Friday by Hanson & Jensen, added to the supply which arrived earlier in the week at the Standard Oil plant, took away all fears of a recurrence of the gasoline famine which, the first of the week, kept many automobiles in their garages. Two tank cars of "gas" are enroute between Kansas City and expected to arrive at any time. The yard strike in the terminals, it was said, has delayed delivery on this shipment.

INVESTIGATING FOOD PROFITERS IN CHICAGO

Chicago, Ill.—Investigation of the advance in food prices in Chicago incident to the rail strike is under way by federal officials. A shortage of potatoes developed in last month, sending the wholesale price from \$7.52 to \$7.75 a hundred. It was given special scrutiny.

Thirty representatives of produce concerns were called before the federal grand jury and questioned concerning the alleged profiteering of foodstuffs.

Some of the produce men called before the jury blamed the railway strike for the potato shortage. Thousands of bushels were reported lying in the Chicago freight yards awaiting consignment.

Menominee.—Mrs. Mae E. English, widow of the late Chief of Police, Al English has announced her candidacy for the office of Register of Deeds for Menominee county, and nomination papers are now being circulated in her behalf. Since the death of her husband several years ago, Mrs. English has filled a number of important positions in a satisfactory manner, and before her marriage taught school.

FAIR SAVINGS BANK
BIG STORE
ESCANABA

How much should I give to make this a better world?

A CERTAIN man in New York filed out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself, and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

United Financial Campaign

April 25th to May 2nd

The INTERCHURCH World Movement of North America

Society Notes

Celebrated Anniversary.
Anniversary services were conducted in the Presbyterian church last night by members of the Old Fellow and Rebecca lodges.
The services were held to commemorate the organization of these orders one hundred and one years ago.
Plans have been made to continue the celebration this week by giving a supper in the Eagles' Hall, Wednesday evening, April 26th. A special program of entertainment has been prepared and everything has been planned to make the evening a very pleasant one.

F. R. A. Meeting.
Council No. 204, Fraternal Reserve Association held a most entertaining and enjoyable meeting Thursday night in Wassa Hall. Thirteen new members were received into the order.

Plans were made to start a membership drive similar to the one carried on in Escanaba several weeks ago.
A new plan has also been adopted by the lodge to hold a social meeting after every business meeting in the future, and the first committee was appointed to arrange for the meeting, May 13th.

Charity Ball Drawing Near.
The Child's Welfare club will give their fourth annual charity ball at the Gladstone theatre May 4th. There will be a Maypole dance in which eighteen little girls will take part. There will also be favors and punch will be served during the evening. Dancing begins at 9 o'clock. LaDuc's orchestra will furnish the music. The ladies are working hard to make it a social as well as a financial success.

Coterie Meets Tomorrow.
The coterie will meet tomorrow afternoon with Miss Lillie Empson, Wisconsin avenue. Mrs. A. H. Miller, Mrs. J. D. Stagle and Mrs. E. J. Noreus will have charge of the program.
The program will deal with three New England writers: Mary E. Wilkins Freeman, Sarah Orne Jewett and Alice Brown.

Eastern Star Dancing Party.
The informal dancing party given at Wassa Hall, Friday evening, by the Eastern Stars was a very enjoyable affair. A large number attended and everyone expressed a delightful time. It is the plan of the lodge to give these informal parties quite often in the future.

K. P.'s to Escanaba Tonight.
Several members of the Gladstone lodge of Knights of Pythias are planning on going over to Escanaba tonight, having been invited by the lodge of that city to spend the evening at a smoker.

Salvation Army.
The young people of the Salvation army will have their social meeting Thursday, April 25th. A good program will be rendered. Refreshments served.

Unity Circle Meets.
The Unity Circle of the People's Congregational church will meet with Mrs. L. F. Rawson, Michigan avenue, Thursday afternoon.

Civic League To Meet.
The Women's Civic League will meet at the home of Mrs. W. C. Priddy, Minnesota avenue, Tuesday evening at 8 o'clock.

Standard Bearers.
The Standard Bearer will meet tomorrow night with Marion Cameron, Wisconsin avenue.

Marriage Licenses.
Marriage licenses have been issued at the office of the county clerk, to the following:
Birgin Peterson and Josephine Arsen, Escanaba.
Peter Waskie and Olga Wallin, Escanaba.
Joseph Engle and Margaret Cook

lin, Rapé River; Samuel, Ellison, Escanaba, and Mary LeClair, Schaffer.

SHORT NEWS NOTES

Waiting for Charter.
The Gladstone Central Labor Council will complete its organization in a short time, or just as soon as the charter is received from Washington, D. C. At the temporary organization held some time ago, Walter Belanger was chosen president; Ben Willis, vice president, and O. N. Carlson, secretary.

Arbutus Pickers Out.
Many people were up on the plains and across the bay yesterday picking arbutus, which have made their appearance as the first flowers of spring, and likewise the most fragrant of the year. The flowers are reported to be quite numerous this spring.

Underwent Operation.
Mr. and Mrs. Tom Jachor left Monday night for Minneapolis, where the former submitted to an operation on Wednesday morning. He is getting along nicely, and will be home some time this week.

Goes After Another Car.
M. C. Larene went to Menominee on Friday and drove back a Chandler Six touring car. Mr. Larene is doing a fine business selling Chandlers and the new Cleveland Six's. Last week he sold a Chandler sedan to Mr. Handley of Manistique.

To Open Branch Office.
The Escanaba Morning Press has rented the east store room in the opera house and will open up a branch office in Gladstone and run a Gladstone edition in its paper. This scheme is not a new one, it having been tried out before by the Escanaba dailies. However, competition in the

OF PLAIN AND DOTTED VOILE

Here is a pretty blouse made in surprise style of plain and dotted voile. The dotted voile is brought about the waist to form a twisted girdle. These quarter length sleeves of the plain material are finished with scalloped edges cut in points, made of the dotted goods. This blouse is not at all difficult to make and suggests the combination of short lengths of material that could not otherwise be used.

FOR SALE

Residence lots 100x150 ft., on the new proposed State Trunk Road and Street Car line, south of Minneapolis avenue and between 16th street and the post yard. Most picturesque spot in the city.
Also fertile garden tracts north of post yard, between railroad and the bluff, and a few acre tracts along the Brampton hill road. A real investment. Cash or reasonable terms.
Inquire of
J. E. GINGRASS
913 North Second St.
ESCANABA, MICHIGAN

of trade, and if the worst comes to the worst, the Reporter may have to open up a branch office in Escanaba to retaliate, so to speak.

News of the Churches

Methodist Church Notes.
Cottage prayer meetings, tonight at the following homes: Units 1 and 2, W. Freedland; Units 3 and 4, Roy Haney; Units 5 and 6, D. W. Holby; Units 7 with Mrs. Drum.
At the Thursday night meetings the first half hour will be given over to devotion and praise, the last half hour to the study of Christian Stewardship.

Presbyterian Church Notes.
Junior Boy Scout meeting, Tuesday evening at 7:30 o'clock.

Prayer meeting, Wednesday evening at 7:45 o'clock.

Swedish Mission Notes.
Rev. Horen of Cadillac will preach in the church, Wednesday evening. We will have Rev. Lonquist of Ashland, Wis., with us next Sunday.

Menominee. While the halloled vale of the timber workers has not as yet been canvassed, and the count announced, it is believed that the sentiment of the men with regard to the eight hour day is unanimously in favor of the same, and should the demands be rejected it is practically certain that action will be taken May 3.

Manistique. A trial of three days was sufficient to prove that Potato Time was not popular in Manistique and on Wednesday the city returned

to Standard Time, after a proclamation had been issued by Mayor Guro requesting that this be done. The daylight saving plan went into effect Saturday at midnight and ended Tuesday night. While the business districts found no trouble in the adoption of the new time, the factories found the plan unpopular with their workmen and some of the plants did not remain on this schedule longer than a day.

Manistique. The list of New Michigan corporations for the week ending April 2, includes the name of a local concern, the Hewitt Grain and Provision Co., of Manistique. The incorporators are Clyde G. and Isabel P.

Howett and Joseph H. Charlebois, all of Escanaba. The local concern is incorporated for \$50,000. The list also includes the Hewitt Grain and Provision Co., of Ishpeming Incorporated for \$40,000; the Hewitt Grain and Provision Co., of the Soo Incorporated for \$20,000, the Hewitt Grain and Provision Co., of Escanaba Incorporated for \$50,000 and of Iron River Incorporated for \$20,000. All the concerns are organized to do a mercantile and manufacturing business.

Who remembers. The old-fashioned girl that would not receive a man caller until she had asked the permission of her parents.

Why Your Dentifrice?
YOU use a dentifrice to keep your teeth white—to give health to the gums, and cleanliness and comfort to the mouth. Dentists say this is all any dentifrice can safely do. And this is what Elmo Dental Cream accomplishes perfectly. The dentifrice famous for its lingering Cool, Clean, Elmo Feeling. Get a tube today.

Dresses \$1.35 up. Washsuits \$2.75 to \$5.00
Lee Coveralls \$1.25 to \$2.50

THE HUB

Spring Time is Rug-Cleaning Time

And the calendar says Spring is here. The cold days we have been having may have decided you, but if you will examine your Rugs you will find that they are very much in need of their regular Spring Cleaning.

Your Rugs never were so dirty before since you began housekeeping; and you know the reason for that—we have had an unusually long, cold Winter, and never before was there so much sooty, dirty, black soft coal burned. This dirt and soot have been tracked into the house and on your rugs; the soot and dirty smoke have got all through your house, more or less, and how dirty everything is! But it is not your fault, and you aren't the only one who is appalled at the house-cleaning problem this spring.

Load Your Spring Cleaning Worries on Us.

Yes, there's more dirt and less help and what help there is, is demanding prohibitive wages.
It surely is a situation which causes the housekeepers a lot of worry.
But we are here to tell you that your worries are unnecessary. We are willing to assume them.
Just telephone us—No. 134—and we'll call and get your rugs and anything else that you want cleaned, and when we return them, you can shake your fist in the face of Old Monster House-Cleaning-Time.

Our Charges Are Very Low

Our charge for cleaning and scrubbing rugs and carpets is ridiculously small. You couldn't do the work for so small a price, even if you could do it at all. But it is impossible to do this cleaning and scrubbing by ordinary methods. We have the most up-to-date equipment for doing this work.
Call and see us and we'll show you how we do the work. After you see our way of doing it, you will be more convinced, quickly and thoroughly.

Let me help you save on Plumbing. Phone 308

Twenty years of practical experience and hundreds of satisfied customers in Gladstone should go far towards proving that KRUEGER'S WORK IS GOOD WORK.

I have cut my expense to a minimum, no office, no show room, just a basement under Skd. Goldstein's men's store. YOU GET THE SAVING. I have a fair stock of soil pipe, water pipe and fittings.

I buy from the most reliable concern in the plumbing business. I will make it possible for you to take advantage of their fair prices. It may be a bath tub or only a small sink that you need, you may be sure of getting it at the right price.

I lay a pipe under your lawn without cutting up the sod, my new pipe pusher does the work.

For good plumbing—

DISTRIBUTING FREIGHT CARS

One of the most important commissions now sitting in Washington—and one about which very little is heard—is the Car Service Commission of the Railroads.

This body works in close touch with the Interstate Commerce Commission, and its principal job is to see that the 2,990,000 railroad freight cars are properly distributed over the country to serve the public most efficiently.

The farmers' crops are of little value unless there are freight cars to carry them to the markets. The manufacturer has to close his plant if he can't get cars to bring raw materials to him and take his finished products away. The freight car, in fact, is one of the most indispensable things of every-day life. The aver-

age man does not realize how important and valuable a thing a freight car is until he can't get something he can't get something he wants shably, because there is no freight car to carry it.

The freight car situation this year is pretty serious. For several years, because of war conditions, not enough new freight cars have been built to take the place of the worn-out ones and bring the total number up to the requirements of our expanding industry. There are not enough cars to go around, and if we have big crops this season there is going to be waiting and enashing of teeth over a serious shortage of cars.

In the meantime, the railroads, after two years of government operation, are straining to the utmost to raise the hundreds of millions of dollars needed to pay for the building of new cars. They ought to be enabled to build 100,000 right away, and they ought to have 200,000 within two years. One hundred thousand cars before the war would have cost \$129,000,000; now they will cost \$170,000,000. Unofficial estimates are made in Washington that the railroads really need today \$50,000,000 worth of new cars and engines. It is going to be some task to raise this new capital.

While the new cars are being built, the Car Service Commission at Washington is making every effort to get the greatest possible use out of the equipment now on the railroads. This means that the railroads themselves must adopt every possible means for the quick movement of cars over their lines, and that shippers must cooperate by rapid loading and unloading, and by loading cars as nearly as possible to their capacity.

BILL LIMITS INCOMES TO \$500,000 YEARLY

Washington, D. C.—Increase of the existing surtaxes on individual and corporation incomes so as to prevent either from exceeding \$500,000 a year, over and above present exemptions, is proposed by a bill introduced today by Representative Griffin, democrat of New York. These taxes, under his bill, would begin with a 5c per cent levy on the net income in excess of \$10,000, and would be increased \$5.00 of income. By this scale, the tax would become 100 per cent on that exceeding \$50,000.

"SEE YOU IN HEAVEN OR HELL," THEN DEPARTS

Kenosha, Wis.—"See you in heaven or hell," was the note left by M. C. Booth, Chicago, manager of the George K. Watson & Co., auditing company, Philadelphia, who is missing from the city. Booth had made his home at the Elk's club, where he left the message two weeks ago on Tuesday. Messages were received from his wife and his employees, asking that he be located.

Young people who don't take marriage seriously before they jump into it, don't take it any other way after they're in—until they get ready to jump out.

4,832 DEATHS DURING MARCH

LUCE COUNTY HIGHEST MORTALITY AND WAYNE HIGHEST BIRTH RATE

There were 4,832 deaths reported to the Department of State as having occurred in the State of Michigan during the month of March, 1929. This number corresponds to an annual death rate of 17.4 per 1,000 estimated population. In addition to the above there were 282 stillbirths returned as deaths. By ages there were 781 deaths of infants under one year of age; 230 deaths of children aged one to four, inclusive; 1,470 deaths of elderly persons, aged 65 years and over. Upon comparing the number of deaths with those of the previous month it is noted that there is a decrease in the number returned for the above ages.

Important causes of death were as follows: Pulmonary tuberculosis, 274; other tuberculosis, 39; typhoid fever, 15; diphtheria and croup, 74; scarlet fever, 25; measles, 66; whooping cough, 47; pneumonia and bronchitis, 1,071; pneumonia, 587; diarrhea, enteritis, under two years, 92; meningitis, 32; influenza, 291; cancer, 244; violence, 231. Among the violence deaths were 45 railroad accidents; 11 electric car and 24 auto accidents, 11 homicides; 21 suicides; 7 drownings; 8 cyclones; 1 conflagration; and 2 electrocutions. In addition to the important causes noted above there were 3 deaths from poliomyelitis; 1 from pellagra; 1 from smallpox; 1 from tetanus and 2 from encephalitis lethargica. As compared with the month immediately preceding a slight decrease is noted in the number of deaths returned from all causes with the exception of diphtheria and croup and violence. These two causes show a slight increase.

Upon referring to the table of counties, we find that the greatest apparent mortality occurred in the county of Luce with a rate of 39.3 per 1,000 estimated population. Wayne County with a rate of 29.0 per 1,000 estimated population shows the highest birth rate for the month. These rates, however, are subject to further analysis before definite conclusions should be drawn, as the population figures used for determining such rates are based on the 1910 census.

There were 7,424 births reported to the Department as having occurred in the State during the month of March, 1929. This number corresponds to an annual birth rate of 26.7 per 1,000 estimated population. A slight increase is noted in the number of births as compared with the month immediately preceding. In addition to the above there were 293 stillbirths returned as births. There were 159 certificates of birth returned for births occurring during the month of February, returned with the March returns. Eighteen certificates of deaths of infants under one year were also returned.

To the People of Michigan:

The week of May 17-22 is designated as Clean-up Week for Michigan. It is intended that during this week each individual shall aid in the removal of all unsightly buildings that serve no purpose and all accumulations of RUBBISH, PAPER, OILY RAGS, ASHES and other materials that make a community an eyesore, a home undesirable and a place of employment unsanitary and dangerous.

By cleaning up and keeping cleaned up a two fold purpose is accomplished, the improvement of your community and reduction of fire hazards. Cleanliness and fire prevention go hand in hand; where there is cleanliness there is fire prevention and where there is fire prevention there is cleanliness. Absence of the one causes an absence of the other.

ACCUMULATIONS OF RUBBISH, PAPER, OILY WASTE, ASHES AND OTHER KINDRED MATERIALS CAUSED MORE THAN A \$2,000,000 FIRE LOSS DURING 1919.

This loss can be eliminated by you doing your part during Clean-Up Week and doing your part in keeping Cleaned-Up. It is worth your time and effort, for in reality it is you who pay this loss.

Make MICHIGAN and CLEANLINESS mean the same thing and to make it so, each individual and each community is called upon to do their share.

The KITCHEN CABINET

"This community spirit says: I am under obligations of service to my neighbor next door, whoever he is. I am under obligations to my community. I am no longer a resident only; I am a responsible citizen. I must make it my duty to see that the schools and churches teach first of all good citizenship."

WAYS WITH MEATS.

To pan-broil a steak, be sure to have the steaks least one or one and one-half inches thick. Heat the iron frying pan smoking hot and rub it quickly with a piece of suet on a fork, then lay in the steak. Cook for a minute and turn to sear the other side, being careful when turning not to pierce the steak with the fork or the juices will be lost. When both sides are well seared season with pepper, salt and a bit of butter, then cook at a lower temperature until it is right to serve. Serve on a hot platter.

Roast Beef—Take four pounds of beef from the shoulder. Put half a cupful of good drippings in an iron kettle and when hot turn in the beef; sear well all over, then let it cook slowly for two hours. After the first hour season with salt and pepper, a piece of celery, carrot, an onion and may be, using 2 or 3 of it. Cover closely with a lid. If cooked slowly no water will be needed. Pour off some of the fat and make a gravy as for roast beef.

Sauté Steak—Pound flour with the edge of a saucer into a round steak, using as much flour as the meat will take up. Season well and fry in a little hot fat until well browned on both sides, then add water to cover and set on the back of the range or over the simmering burner to cook for two hours or until tender. Cover closely with a lid. The gravy is ready to serve with this dish as it is made from the flour in the pan with the liquor. Onion, carrot or celery may be added to the meat while cooking to vary the flavor.

Fried Ham—Take a thick slice of ham, parboil it for five minutes. Dip the fat until well browned on both sides, then add water to cover and set on the back of the range or over the simmering burner to cook for two hours or until tender. Cover closely with a lid. The gravy is ready to serve with this dish as it is made from the flour in the pan with the liquor. Onion, carrot or celery may be added to the meat while cooking to vary the flavor.

Fried Ham—Take a thick slice of ham, parboil it for five minutes. Dip the fat until well browned on both sides, then add water to cover and set on the back of the range or over the simmering burner to cook for two hours or until tender. Cover closely with a lid. The gravy is ready to serve with this dish as it is made from the flour in the pan with the liquor. Onion, carrot or celery may be added to the meat while cooking to vary the flavor.

Supreme Court Upholds HEARST'S INJUNCTION

Washington, D. C.—The shipping board's motion to dismiss the suit of William Randolph Hearst for an injunction to prevent the sale of the twenty-nine former German liners was overruled today by Justice Bailey in the District Supreme Court. The court sustained Hearst's right as a taxpayer to maintain the suit. The shipping board probably will appeal.

DEMAND INCREASE

Chicago—Conductors and motormen employed by Chicago surface lines will present demands for \$1.60 and \$1.04 an hour today. Their present wage agreement expires June 1st. Junior conductors and motormen are paid 65c an hour and others 67c under the present scale.

FARM EXODUS LEAVES

St. Joseph, Mo.—The farm to the city movement has reached a crisis in St. Joseph county. Between 5,000 and 6,000 acres of land previously under cultivation will be idle this year for lack of labor. In 2 out of 10 school districts in the county investigators found 165 vacant farm houses. About half the number had been vacated since last fall. Although farmers have offered as much as \$70 to \$80 per month, farm labor is not to be had.

GOVERNMENT LOSS ON THE RAILROADS

Washington, D. C.—Total loss to the government growing out of Federal cost of the railroad was estimated today by the house appropriations committee at more than \$1,129,000,000. This includes the \$225,000,000 estimated as guaranteed to the roads under the terms of the transportation act.

COUNTY CLERKS TO ISSUE AUTO LICENSES NEXT YEAR

News from Lansing is to the effect that county treasurers will be given authority to issue auto licenses next year. This is a move in the direction of economy and will do away with a large force of clerks employed for this purpose at the state capital.

NOTICE TO CONTRACTORS
 Sealed bids for the construction of a concrete pavement in Wisconsin avenue (between 31st and 32nd streets) according to the terms of and under conditions set out in the specifications thereon on file in the City Clerk's office, will be received at the City Clerk's office during office hours prior to five o'clock p. m., May 3rd, 1929.

A. L. WILLIAMSON,
 City Clerk.

The Weather is Fine Now

and your thoughts should turn to painting. Have you ever given this a thought?

Lumber and property are so high that to allow it to depreciate for lack of paint where the cost of painting compared with the loss due to weathering away is so great that all what can be said about it is DO IT NOW. A penny saved is a penny earned and do not put off 'til tomorrow what you can do today—certainly hold good in this case.

We carry a complete line of paints, varnishes, enamels, oils and everything backed up by a reliable concern.

Picture framing of all kinds, bring in your pictures. Prices are right. Also a nice line of Wallace Nutting hand painted pictures, fine for wedding or birthday presents, 709 Delta avenue. O. G. Champin. 18

PROGRAM FOR SERVICE MEN TO BE FOURFOLD

PROPOSED BILL TO OFFER OPT. TION OF FOUR METHODS OF ASSISTANCE.

Washington, D. C.—A four-fold soldier aid program giving the service men the option of a cash bonus, credit toward purchase of a farm or home, vocational training or paid up government insurance is now being formulated by the house ways and means committee, Chairman Fordney said today. Four sub-committees have been considering four proposals during the last three weeks, and it is expected their recommendations will be combined into one bill, which will be reported to the house next week. The combined plan in the main follows demands of the American Legion.

A Cabinet Meeting.
Washington, April 26.—President Wilson met his cabinet today for the second time since his illness interrupted the regular schedule last fall. As on last Wednesday, when a special meeting was called to consider the railway strike, the cabinet members went to the president's study in the White House instead of the regular cabinet room in the executive offices. It was said various matters more or less of a routine nature were considered.

The meeting lasted for an hour and a quarter. It was said the railroad strike situation and international problems affecting Mexico and Germany were mentioned only in a general way in the discussion of the variety of topics called to the president's attention by his secretary.

To Extend Scope.
Washington, D. C.—A proposal to extend the republican joint peace resolution passed by congress so as to declare war with Austria at an end was made today before the senate foreign relations committee, but final action on the measure was deferred.

Only Battered Muzzle.
Washington, D. C.—The navy is only a battered bulk of what it was when the armistice was signed, Capt. W. D. Pratt told the senate naval investigating committee today. He was assistant chief of operations. Men are leaving the service in large numbers and ships are lying idle at the yards.

To Operate Ship Lines.
Washington, Apr. 26.—A bill to permit railroads competing with shipping routes on the Great Lakes to operate their own ship lines, was introduced today by Senator Kellogg, Minnesota, on request.

No Action.
Washington, Apr. 26.—Although re-

publican leaders in the senate virtually have agreed on the form of the peace resolution, they are unable to get action in the foreign relations committee. The committee considered the resolution for the fourth time, but reached no conclusion. The plans of the republican leaders now call for simplifying the resolution.

Manistique—Construction work at the Charcoal Iron Company's plant is being pushed toward completion at a rapid rate. The kilns were fired the early part of last week while the furnace is re-lined and awaits only the installation of the stoves in order to be "blown in."

Census figures from Washington give the population of Flint as 91,599. A Flint dopster informed us some time ago that the number would be 100,000 but the official enumerator, of course counted the dopster only once.

Late Census Returns.
Indianapolis, 314,194, increase 89,544 or 24.5 per cent.
Wilmington, Dela., 119,168; increase 22,757 or 26 per cent.

"Frank Ferris," reports an upstate paper, "was arrested for using lambs in a guage in the presence of women," but surely he can escape punishment by pleading either self-defense or ignorance of the rule.

Only five Sundays out of the last 25 in Cadillac have been clear and without a fall of rain or snow, and many of the Cadillac men are beginning to believe this is the reason they don't go to church.

START A CHECKING ACCOUNT

We shall be glad to have you open a Checking Account at the Gladstone State Savings Bank. We can serve you as good as any bank—we believe better than most banks. Deposit your money as soon as you receive it. Pay all bills by check. It is surprising how much faster you can save money in the bank than in the pocket—chiefly because one does not write checks except for necessities.

Our Spring Coats and Suits Are Going Fast!

The women who came in our store for coats and suits were very pleasantly surprised to find our prices so low.

Almost as fast as the new garments arrived, they were sold to folks who knew and appreciated quality merchandise at decent prices.

Every few days we get in some new things. Wednesday we will have more coats and suits and the prices will surprise you for their fairness.

Our Polo Coats at \$32.00

are better values than we have seen in weeks.

Suits as low as \$32.00

should make it worth while to see what we have to offer you.

The New Styles in Men's Hats & Caps

They are worthy of your inspection.

Men's Caps at \$41.25 to \$3.50.

The Caps for men are in a wide range of cloths. Plain colors, checks or mixtures and they are made by the best cap firm in the country. Ask for Regal Caps and you'll be assured satisfaction.

Men's Tweed Hats at \$5.00.

These attached hats for men are extremely popular. For dress or outing they are equally the correct thing. See these Regal Hats in Gray, Tan, Green and Brown.

Men's Felt Hats, \$1.25 to \$7.50.

Hats from Italy are in this stock of ours and they are priced right. Whether you need a hat for work or dress drop in and give this stock of ours the once over. From gray to black we have a wide range of sizes and colors.

FANCY PRICES FOR FANCY OVERALLS

DESIGNS TO FIT ALL OCCASIONS, TASTES, PURPOSES, AND PERSONS.

Newark, N. J.—Overalls at \$42.50 is the latest quotation on the nation's war on high priced clothing.

The following newspaper advertisement by a local merchant appeared today.

"Substantial overalls in fashionable one-piece models, made of strong-stretchable material, suitable for dress, for office work, for quick lay-up, handker, boiler making, bookkeeping, fishing, school, gardening, bonquets, the store and church. They are pleasingly priced as follows:

"Plain overalls, \$2.25 to \$2.50.

"Overalls with belt and solid gold, sterling silver and French enamel buttons, from \$10.00 to \$19.25.

"Overalls with rhinestone buckles, \$22.50 to \$42.25."

New York, April 26.—Headquarters for the organization of a mammoth overall parade to be held next Saturday were opened today by the club leaders back of the overall movement.

It was announced that persons who preferred to wear old patched clothing instead of committing the "extraneousness" of buying new overalls would be welcome in the line of march.

Fancy as well as plain overalls will appear in the parade. One firm in general advertisements in papers today offering denim "custom tailored" in a flash spring and summer models" at \$12 and denim tuxedos for evening wear at \$12.50. It also offered "modish evening, wedding and afternoon gowns" of calico and gingham at \$15.

For Ceremonial Wear.
Emporia, Kansas, April 26.—Major J. C. Brogan, who is also pastor of the Stone Methodist church here, was inaugurated in overalls today. The ceremony, which took place in front of the city hall, was preceded by a parade in which nearly every one wore blue denim, khaki or old clothes.

BEGIN RECOUNT OF FORD-NEWBERRY BALLOTS SOON

BALLOTS ARE COLLECTED BY REPRESENTATIVES TO TAKE TO WASHINGTON.

City Clerk, A. L. Williamson is expecting a visit almost any day now from representatives who will be commissioned to get the ballots cast in the Newberry-Ford election contest here to be taken to Washington and used in the recount.

Preparations for the recount are in the hands of David S. Barry, sergeant-at-arms of the Senate, under committee resolution directing him to bring the original ballots, pool books and tally sheets to Washington.

Sergeant To Detroit.

The ballots, for the most part, are still in the hands of more than 1,700 township clerks and city election boards. Mr. Barry chose 20 Michigan men as deputies to collect the ballots and send them here.

Today Mr. Barry arrived in Detroit to arrange for visits of his deputies to each of the 52 county seats on appointed days to receive the ballots. The deputies will be paid \$10 a day and \$5 a day for traveling and each township clerk will receive \$5 a day while bringing the ballots to the county seat. The ballots are not frankable and the Government must pay postage on them. This item will be thousands of dollars.

Long Recount.

When the ballots reach Washington they will go to a group of counters comprising 16 boards of two members each, paid \$10 a day each. A supervisor will be named, probably from the staff of the Senate, and a tabulator, to be paid \$15 a day.

Both Mr. Newberry and Mr. Ford will be represented by attorneys. These attorneys are now conferring on the model ballots to be followed in accepting or throwing out votes cast. It is not expected that the ballots will begin to reach Washington until May 1. It is extremely doubtful if the recount can be concluded in time to report to Congress before adjournment in June.

HINES RESIGNS AS DIRECTOR OF RAILROADS

Washington, April 24.—Walker D. Hines, director general of railroads, has resigned and his resignation has been accepted by President Wilson, effective May 15th.

Much work in liquidating the affairs of the railroad administration will remain after May 15th when a successor to Mr. Hines will be named. Max Thelen in charge of the claims department probably will be appointed.

Mr. Hine's letter of resignation was not made public but it was understood that the director general had desired to return to the practice of law in New York when the roads were returned to private control March 1st, and that he consented to remain only until the task of liquidation was well under way.

HI JOHNSON IS HIGH MAN IN MONTANA

Butte, Mont.—Senator Hiram Johnson of California had a wide margin over his opponent for the Republican presidential nomination in Montana's primary held yesterday, according to incomplete but widely scattered returns available this morning.

Nearly 200 precincts of the 1,500 in Montana gave the Californian 6,278 votes on returns compiled up to an early hour today. General Wood, 1,694; Herbert Hoover, 1,253; Governor Lowden, 1,119 and Senator Warren Harding fewer than 500.

In the absence of a Democratic candidate for president, written in presidential votes were taken for William McKinley, President Wilson, Eugene V. Debs, Herbert Hoover, Governor Edwards, Wm. J. Bryan and others.

Returns for delegates to the national convention came in so slowly that political "dopesters" said it would be a week before the outcome of those contesting would be known definitely.

WIS. MINISTER WEARS OVERALLS IN HIS PULPIT

Superior, Wis.—Protesting against the high cost of clothing, the Rev. D. B. Cheney, pastor of a Baptist congregation in this city, has announced that in the future he will don overalls whenever he enters the pulpit to preach.
