Veteran Police Officer Dies in Hospital Here

High Early, a veteran member of the Escanaba police force, and an old resident of Escanaba and Upper Michigan, died in a local hospital at 10:20 last night after an extended illness with complication of diseases.

Mr. Early had been a sufferer from heart disorders for a number of years. Late last fall he was an infirmity victim. This was followed by a recent breakdown which forced him to suspend his work on the East Lighthouse street boat for several weeks, but he recovered sufficiently to again take up his duties. A few weeks ago, however, he again went to a hospital for treatment. Since that time, his condition grew worse. Two strokes of paralysis during the past two days hastened the end.

Mr. Early was about 60 years of age. Much of his early life was spent on Beaver Island, where he acquired a measure of the hardships and adventures of the pioneers of this section. While a young man he came to Escanaba and became a top dock worker, eventually a leading part in the organization of the Longshoremen's union here in the days when the union had a hard struggle for existence. He served several terms as president of the Local Trades & Labor council.

At the outbreak of the Spanish American war, he enlisted and saw active service in Cuba with the Michigan volunteers.

About 12 years ago he was appointed a member of the police force and remained in the service continually until his death.

He is survived by one son, 11 years old, and several sisters and brothers. Arrangements for the funeral have not been announced.

Want Police to Bar Children Auto Drivers

Many complaints have been received by the police against the practice of allowing boys and girls who are licensed to drive automobiles about the city. It was pointed out by the police that there is a state law against any unlicensed person driving a car, and demands are being made for a strict enforcement of this law.

Young and irresponsible drivers have been responsible for many motor car escapes from serious auto accidents about the city in the last few weeks.

Within two week two auto accidents by drivers little more than children have crashed thru the windows of the North Western building on Stoughton avenue. The crowd watchman claims that in each case no word whatever was paid to the warning bell that was being rung in addition to the siren being blown. The cars approached at a fair rate of speed and crashed through the glass without stopping.

500 Candidates For Eagles' Anniversary

The fifteenth anniversary of the Escanaba series of Eagles will bring the largest class in its history. There are approximately 500 candidates will be received into membership.

A dinner for members and their ladies, to which members of the series will be invited, is scheduled as part of the anniversary celebration and the initiation formalities will follow.

After the initiation, a public reception of officers will be held, followed by short addresses by prominent Eagles, and a representative of the Ladies' auxiliary will be present to speak along lines concerning the work of this body.

Bob's Boys' band has been secured to furnish music for the affair.

Review Board Adds \$4,000,000 to Tax Roll

Members of the board of review of the city of Escanaba completed their work for the year at the city hall yesterday afternoon, after adding between \$200,000 and \$250,000 to the tax roll on the city tax roll. The greater portion of the additions to the roll were made on personal property, but a few changes were made in assessed valuation of real estate.

Give 25 Per Cent Boost.

It was the adopted policy of the board to increase the assessed valuations by approximately 25 per cent, and that rule was largely adhered to in producing the total increase to be taxed for city purposes.

Judge Yelland is First To File Petition

Judge Judd Yelland, of the probate court is the first Delta county officer to file his petition for re-nomination at the coming August primary election.

Judge Yelland's most excellent record in office, coupled with the generally accepted plan of making no change in judicial offices, should entitle him to re-nomination and election without opposition.

It is a generally accepted fact throughout Delta county that Judge Yelland has made for this county the most efficient judge of probate ever to serve the people of Delta. It has been repeatedly said by state officials who have examined the records at the local office that the records here among the most perfect to be found in any probate office in the entire state.

Fined For Failure to Use Dimmers

William Wickens, who was taken in custody Saturday night by Motor Police Phil Bruce, was fined thirteen dollars and costs Monday afternoon, when he was arraigned in Justice Casser's court. Wickens failed to turn on his dimmers in violation of the traffic rules.

WOOD-CAMPAIGN EXPENSE QUIZ

MANAGERS FIRST QUESTIONED IN CONNECTION WITH INQUIRY LATELY ORGANIZED.

Washington, D. C.—Frank H. Hitchcock, manager for Major Gen. Wood, was the first witness before the senate committee investigating expenditures in the presidential nomination campaign.

Mr. Hitchcock told the committee he had no information regarding contributions to Gen. Wood's campaign, but he handed the list of names up to the Wood forces that he would have nothing to do with collecting campaign funds.

The senate committee then turned the committee to the treasurers of the Wood campaign.

Before Mr. Hitchcock was called, Chairman Henry explained the purposes of the inquiry.

"There is no intention," he said, "to add or injure any of the various candidates for the presidency of any party. The question of the source of contribution to the presidential campaign, and expenditures thereon, is a perfectly legitimate subject of inquiry by congress."

Mr. Hitchcock said he would give all data in his possession, but that the treasurer of the campaign organization were in possession of most of his checks aggregating \$20,000 to \$25,000 were sent to them by individuals, he said.

All of the contributors have been made through finance committees in each state. After they received they have been turned over to two treasurers, Horace Stebbins, in New York, and Albert Sprague. All the checks are being examined by each and a full record is available.

"Then in addition the Leonard Wood League, which has 60,000 members in the United States, as an independent fund collected in its own way. I don't know about that, as I have no connection with a expenditure."

Nothing Extraordinary.

Washington, D. C.—No evidence of extraordinary expenditures was adduced at the opening today of the senate investigation into presidential pre-nomination campaign expenses and contributions.

THE RAILROADS

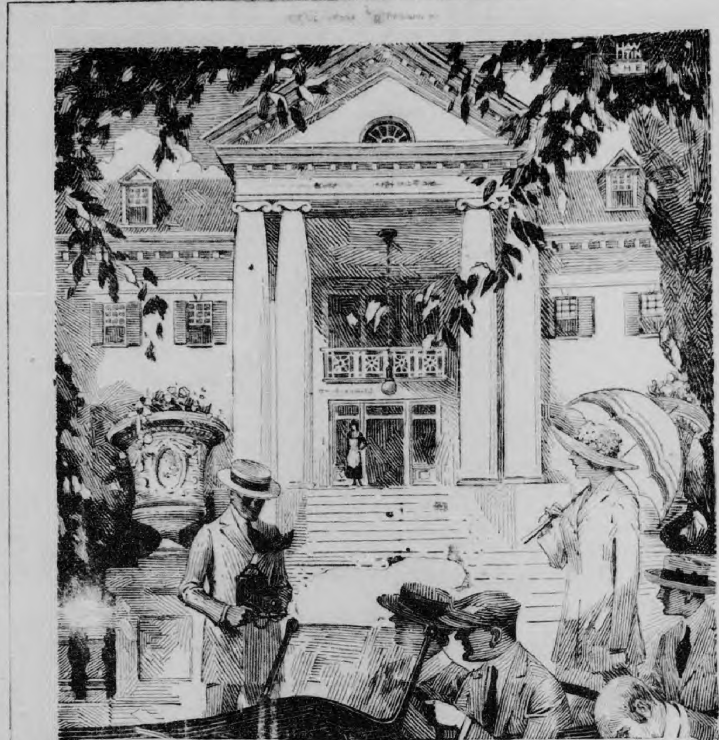

The chronic advocates of government ownership, pretty well silenced a time by the dire results of government control, are beginning to be heard again and renew their rooking chorus like a pond full of logs who have been temporarily stilled by a stone hurled into the water.

The whole substance of their present argument is that private control is again failed, and that government ownership is the only way to save the country from a disaster.

People who believe a government ownership do not derive their beliefs from logic reasoning from facts, so it is natural that these arguments are fallacious.

Their illogical reasoning runs as follows: The roads are under private ownership. The roads are not running successfully. Therefore private ownership is not a success. By the same reasoning the conclusion is that interesting things. For instance, the railroads point their freight cars. The roads are not running successfully. Red paint for freight cars is not a success. The railroads have telegraph poles beside the track. The roads are not running successfully. Red paint for telegraph poles beside the track is not a success.

As a matter of fact they must establish some relation between private

SUGGESTION FOR A CAMPING TRIP

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times places it is most likely to be needed. The safe way is to have it with you.

Honest Work at Honest Prices

These are two highly important points for a man to consider before having his car overhauled.

The first point is to assure himself that the men who are going to work on his car are mechanics expert enough to locate and properly repair all the parts that need attention.

The second point is to convince himself that he can trust the shop to give him an honest accounting of the amount of work that was actually done on the car.

We gladly welcome an investigation on both of these points. We have the facilities, the workman and the business methods that will more than satisfy all who investigate.

"BORING FROM WITHIN"

Since the war we have seen repeated attempts by "two card" men to wreck legitimate trade unions by "boring from within".

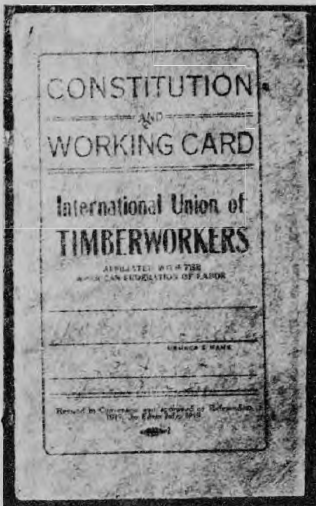

Mr. Fitzimmons, leader of steel strike, said:

"We are going to Socialize the basic industries of his country. This is the beginning of the fight!"

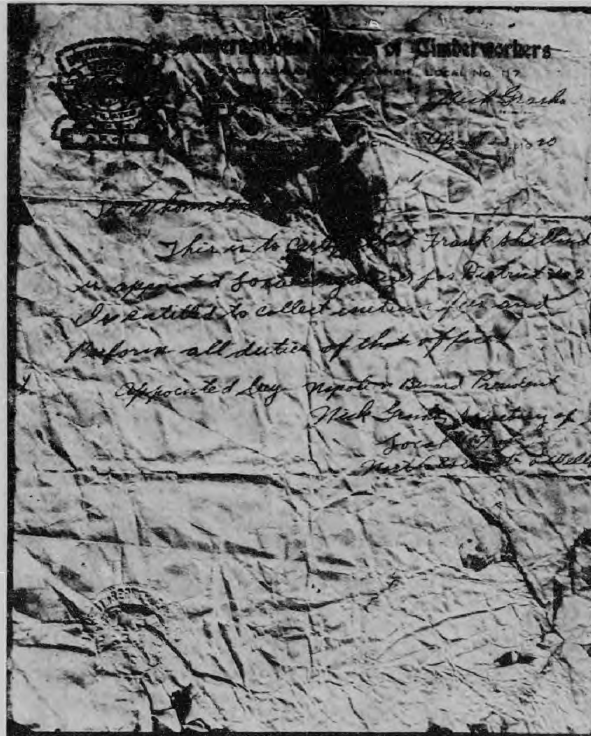

HE FAILED—AND THE RANK AND FILE PAID THE BILL!!!

They returned to work betrayed by an unscrupulous leader who used his position to deceive men who thought they were making reasonable demands. The prey hand of the I. W. W. reached out in the form of Fitzimmons and Foster. We will never forget the other attempt—all aimed at the same goal. It is natural that they should try the same game with the workers in the lumber industry. Today the same hand is reaching out but now it is in the form of WANDERL, self-confessed I. W. W. The International Union of Timberworkers is an outgrowth of the well-known branch of the I. W. W.—the Lumber Workers Industrial No. 109. It was organized in Seattle under the new name for the I. W. W. knew that they could not secure the rank and file of honest workmen under their true name, neither could they become affiliated with the American Federation of Labor. They changed the name but the old officers still had charge of the new union. Same old gang are still in charge—same old place from where they "bore" (wanderl) appointed by "Seattle" as president of District No. 2 is a self-confessed I. W. W. he says that he takes orders FROM SEATTLE AND NOT FROM THE MEMBERSHIP IN HIS DISTRICT. He further stated that the men in his district could, by making towards settlement, all they can do is STRIKE and that he AND HE ALONE can settle the strike. He tells you the same kind of yarn to deceive you that Fitzimmons and I. W. W. Foster told their men. In order to have you follow his leadership he tells you to "stay out you are winning" in order that you at all times entertain the hope that victory is near—"They call plenty of meetings to keep your spirits up and make you stay out of work and sow the seeds of discontent."

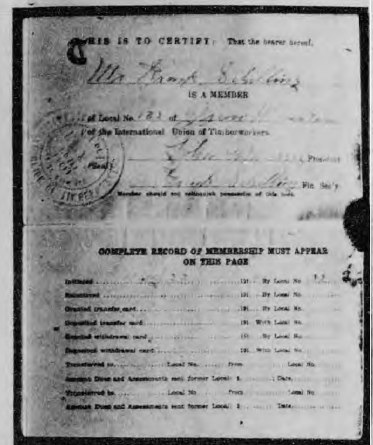

Here Are Further Facts That the Timberworkers Should Know!!!

Here are a Few Remarks by well known I. W. W's

Bill Haywood, leader of the I.W.W. says: "Where trade unions are strong stay on. It will strengthen the I. W. W. and you can control [wreck] them."

Vincent St. John of the I.W.W. says: "The question of right or wrong does not concern us."

The I. W. W. Paper New Solidarity, says: "The right method is to agitate and carry on strikes until parliament can be forcibly superceded by the Soviets."

GENERAL PERSHING SAYS YOU CAN JUDGE THE MORALE OF ANY ARMY BY THE SONGS THEY SING. HERE IS A SAMPLE OF THE SONGS OF THE I. W. W. DO THEY EXPRESS YOUR SENTIMENTS?

"CHRISTIANS AT WAR"

By John F. Kendrick

(Tune: "Onward Christian Soldiers")

Onward Christian Soldiers! Duty's way is plain. Slay your Christian neighbors, or by them be slain. Pauppers are spouting every recent swill. All your acts are sanctified by the Lamb on high. If you love the Holy Ghost, go murder, pray and die.

Onward, Christian soldiers, rip and tear and stomp! Let the gentle Jesus, bless your dynamic. Splinter skulls with shrapnel, fertilize the soil. Folks who do not speak your tongue, deserve the curse of God. Smash the doors of every home, pretty maidens seize, Use your might and sacred right to treat them as you please.

Onward Christian soldiers, Eat and drink your fill. Rob with bloody fingers, Christ O. W. W. the bill. Steal the farmers' savings, take their grain and meat. Even though the children starve, the savior's bones must eat. Burn the peasants' cottages, orphans leave bereft. In Jehovah's holy name, wreak ruin right and left.

Onward, Christian soldiers! Don'tch the land with gore. Mercy is a weakness all the gods abhor. Bayonet the babies, jab the mothers, too. Hoist the cross of Calvary to hallow ad you do. File your bullets' noes that, poison every well. God depress your enemies and all go plumb to hell.

Onward, Christian soldiers! Blighting all you meet. Trampling human freedom under plous feet. Praise the Lord whose dollar sign dupes his favored race! Make the foreign trash respect your billion brand of grace. Trust in mock salvation, serves as fitting food. History will say of you: "That pack of O—d— fools!"

MAY NOT BUILD SCHOOL THIS YEAR

SCHOOL BOARD THINKS IT BEST TO DELAY UNTIL NEXT YEAR

It is possible that the building of the third ward school will be delayed, as a result of the school board meeting which was held Monday night. Plans had already been made for its erection this summer, but it now depends upon the market.

The reason for delay was pointed out in the fact that a tightening of the money market has made it difficult to market the bonds amounting to approximately \$2,000. E. J. Noreus, of the First National Bank and W. W. Gosser of the State Bank read letters from bond houses disclosing the high interest which this city would have to pay.

Mayor Miller stated that after discussing the matter with local citizens he had decided it was best to hold off building until another year, when conditions are improved. Supt. Willman and a committee of men were appointed to look into the matter whether it would be possible to get along for another year. It may be possible that rooms or buildings will be used to relieve the conditions at the central school building.

WILL PREACH FAREWELL SERMON HERE SUNDAY

Rev. Herman Lind, pastor of the Swedish Lutheran church for the past three years, will preach his farewell sermon Sunday evening and expects to leave this city with his family Monday evening. They will go by way of New Orleans, and Houston, Texas to Los Angeles, Calif., where the pastor will take up a new charge.

Rev. Lind came from Portland, Ore., nearly four years ago and was in charge of the Escanaba Lutheran church eight months. He came to Gladstone three years ago, June 1st. During that time he has faithfully served his congregation and built up the church in a remarkable manner. The local church will feel a great loss with the leaving of the pastor and his family.

Frank Peterson, a theological student, will take charge of the church for the summer, and it is expected that Rev. Burman of Bessemer will come here in September.

At the meeting of the Civic League Tuesday night, the principal business taken up was the subject relating to the new auxiliary to the American Legion Post. The ladies who have charge of securing names reported that about twenty-five members have so far signified their desire to join, but the campaign is to continue for a while longer with the hopes that the list will reach fifty members.

DRIVE STARTED FOR NEW CHURCH

COMMITTEES ARE NOW CANVASSING THE CITY TO RAISE FUNDS

A very enthusiastic meeting of members of All Saints' congregation was held in Phil Hupp's office Sunday for the purpose of talking over financial matters relative to the building of the new church. A systematic plan of raising the money to build the church was started and already the results are very satisfactory.

The members of the congregation have been divided into three groups according to their financial ability. Those in the first class will be asked to give \$200, those in the second \$100 and in the last \$50. These sums are payable in monthly installments and must be paid within ten months. By July 1st, it is expected that \$75,000 of the approximate total of \$100,000 will be raised.

The meeting Sunday was marked by a great spirit of accomplishment. The members of the church seemed enthusiastic and everyone in assisting the campaign. Rev. Father O. J. Bennett named the following committees for the various wards, and announced to the public that these gentlemen are authorized to accept pledges. The first named man of each committee is the chairman. The campaign will last two weeks and another meeting will be held at that time for the purpose of checking up results.

Here are the committees:
First Ward—John Nohles, Joe Gray, Ed. Ludlaw, E. Vandenberg, Joe Poulin and Phil Lewis.
Second Ward—W. J. Mottel, N. J. LaPine, Phil Hupp and Phil Lavelle.
Third Ward—J. A. Morley, Peter Burkard, Joseph Jandira, Ed. Gordon, Joseph Schrok, Louis Cruden, Joseph Currier, Mike Steiner, Frank Shop and August Picard.
Fourth Ward—Joseph La Valle, Peter De Hooche, James Murphy, J. D. McDonald, C. Van Rossum, Henry Lewis and D. Deloria.
Kirkling—Wilford Martin, P. J. Corbett and Joseph De Vett, Jr.
A grievance committee was also named, and on this committee appear the names of Rev. O. J. Bennett, Peter DeHooche and J. D. McDonald.

RAIL EXECUTIVES STATE THEIR CASE

ARGUMENTS FOR BIG INCREASE IN FREIGHT RATES PRESENTED TO RAILROAD BOARD.

CHICAGO, May 24.—Railroad executives of all railroads entering Chicago were called to attend a conference here today in an effort to devise measures to obtain relief in the freight commission and car shortage which is threatening Chicago.

The meeting was called by R. H. Ashland, president of the car service board. Arguments began.

Washington, D. C. Argument on the application of the railroads for a general increase in freight rates to afford the six per cent revenue quantum...

Rate of Increase. Increase of freight rates of 30.42 per cent in eastern territory, 20.85 per cent in southern territory and 25.31 per cent in western territory.

Mr. Elliott declared that the railroad operators were just as distressed of obtaining a fair adjustment of wages for their 2,000,000 or more men as they were to receive the increased revenue.

In justification of the railway position he said that the price of transportation had not increased nearly so much as the cost of production.

Events of the next few months or weeks will determine whether government ownership of railroads will come back again—despite popular opposition—Frederick Strauss of New York, index against the interstate commerce commission contending that the main thing at the present is to establish a feeling of security in the minds of investors.

Government guarantee would not necessarily be followed by government ownership," Strauss declared, "but the people's interest in government ownership is of no avail unless such policies are adopted as will produce it."

Low nominal rates are of no use to the shippers, Mr. Strauss asserted, if the traffic is not moved in sufficient quantity and there are only two ways in which it can be accomplished.

One is by increased charges for the shipment of goods," he said, "and the other is by appropriation out of the national treasury by a levy on tax payors to cover the deficit.

Railroads at present can offer no inducement to the investor," Mr. Strauss said. "The recent remedial legislation is good as far as it goes," he concluded. "The return of six per cent per annum will, I believe, be wholly inadequate, but a beginning has been made on sound lines and as time goes on congress will realize that the rate of return on railroad property will have to compare favorably with the returns to be had with other industries or government ownership may be the inevitable result."

Increase Necessary. Washington, May 24.—Revenues of the eastern railroads must be increased at least \$50,000,000 annually if they are to be placed upon anything like a sound financial basis, according to Daniel Willard, president of the Baltimore & Ohio railroad, who today addressed the commission on behalf of the eastern group of railroads, at the hearing on carriers' request for increased freight rates.

Mr. Willard argued that the commission should consider property investment accounts of the railroads as the basis for determining the valuation of the roads in order to authorize rates.

to yield 6 per cent. He declared that even the increased rates this country would have the lowest rates in the world.

Good earnings of the railroads in the eastern group for the year ending October 31, 1918, were in excess of \$2,750,000,000. Mr. Willard said, but it cost the roads about 88 per cent of the gross earnings for operation, but he said if the railroads had been obliged to pay during the entire year the wages and prices now in effect, they would have had a net income of only \$1,000,000, or barely more than they would have on properties representing an investment over \$4,268,000,000.

The Gross Loss. The government's gross loss in operation of the railroads during federal control was \$900,478,000 according to the final report of Swager, Shierley, road administrator director of finance.

Of this total \$675,513,960 was also chargeable directly to the excess of operating expenses over revenues and payable for the "class 1" road, Mr. Shierley said. Smaller lines, sleeping car companies and inland waterways added \$44,460,000 to this total.

Committees at Work. Thirty local committees located at all the principal rail "gateways" were today organizing individual freight problems with a view to recommending to the interstate commerce commission a policy to be followed in the future relating to priorities and emergency.

In the meantime the general exchange of equipment to commerce to improve it is expected to ease the congestion of roads to a certain extent.

MEETING OF BOARD OF REVIEW Notice is hereby given that the Board of Review of the City of Gladstone will meet in the city council room on Monday, Tuesday and Wednesday, June 13, 14 and 15, 1929 at the time of each in the forenoon for the purpose of examining and reviewing the assessment roll of said city.

Said Board of Review will also meet on Monday, Tuesday and Wednesday, June 21, 22 and 23, 1929 at the same hour and place at which time all persons interested may appear and review their assessment. The board will be in session from 9 to 12 a. m. and 1:30 to 4:30 p. m. each day.

Mill Workers of Delta County

You were promised, by the organizers of the Timberworkers Union, that all mills in Minnesota, Wisconsin and Michigan would be organized and that all strike on May 3rd.

None of the mills in the Lower Peninsula of Michigan have been organized, and all are running ten hours as usual. More lumber is manufactured in the Lower Peninsula than there is in the Upper Peninsula.

In addition to the list of variety (90) mills that have been steadily running on the old ten hour basis, on Monday, May 17th, the Trout Creek Lumber Company, at Trout Creek, Mich., started their mill, full production with most of their old men back on the old basis. Both mills in Trout Creek are now running full.

The Medford Veneer Company started up with 75 per cent of the old crew back on the job. Both mills in Medford, Wis. are now running.

All of the employees of the Von Platen Lumber Company at Iron Mountain, called the strike off and reported for work Monday morning, ten hours a day, same pay as before. So did the employees of Scott & Howe Lumber Co., at Ironwood, Mich. The Von Platen Mill will start as soon as repairs are finished.

Wisconsin Veneer Company at Rhinelander, Wis., started running 75 per cent of a full crew Monday morning.

Rhineland Box & Lumber Co., Rhinelander, Wis., running their saw mill.

Chas. Hebard & Sons have been running days, right along and started up nights with a full crew Monday.

The I. Stephenson Co. at Wells, started one side of the Hardwood mill Monday and the other side on Wednesday.

The Northwestern Coopperage Co. at Gladstone, started their planing mill Monday.

J. R. Andrews at Talbot started sawing nights again with a full crew.

No saw mill in the whole territory has granted an eight hour day.

News of the Churches

Presbyterian Church Notes. Tonight at 7:30 in the church, choir practice.

Saturday afternoon all Boy Scouts meet the Assistant Scout Master at the church at 2:30 p. m.

On Sunday morning the Congregation is invited to join with the other churches in a union-Memorial Day service at the Opera House, under the direction of the Local Legion. This is the day when we can pay tribute to those who have made the supreme sacrifice in order to preserve the ideals which we all prize so highly. The least that we can do is to join in the service to show our appreciation of this sacrifice of our departed heroes.

Sunday evening—Special Memorial Day service at the church at 7:30. Immediately following this service there will be held a short Congregational meeting in order to consider a proposal of our Home Mission committee and to transact any other business that may come before the meeting. All members are urged to attend.

Baptist Church Notes. Thursday and Friday evenings at 8 o'clock, Rev. E. A. Carlson from Norway will be the speaker at our church. He is here for the first time and it is hoped that many of our people will turn out to hear him. Rev. Carlson will be here over Sunday and meetings will be held at the church as follows: 10 a. m.—Sunday school; 3 p. m. Mission meeting (As we call it in Swedish "Mission mote"); 7:30 p. m.—Special meeting. Rev. Carlson will speak at all these occasions. We have invited other ministers for these extra meetings but have not yet received word if they will attend or not.

N. WERNER NELSON, Pastor.

Swedish Lutheran Notes. Dorcas society will meet tonight at 8 o'clock with Mrs. Nels Granberg, Michigan avenue at 32nd street. The Luther League, will meet tomorrow evening at eight o'clock in the church.

Services as usual Sunday. Sunday school at 9:20 o'clock. Morning service at 10:45 o'clock. Evening service at 7:30 o'clock. The pastor will preach his farewell sermon in the evening. He requests that the members of the classes who have been confirmed during his ministry in the city sit in a body at the front of the church at the evening service.

Swedish Mission Church. Cor. of Michigan and Ninth street. Rev. J. O. Lonnquist, pastor. Res.—372 Ninth street, South. Services will be conducted at the following hours, Sunday: Sunday school at 9:20; Morning service at 9:45; Young People's meeting at 7:00; Evening service at 7:30. Friday evening, the 28th, the Young People's society will have a social meeting in the church parlors. Mrs. S. G. Nelson will serve refreshments. A kind invitation is extended to all.

Methodist Church Notes. No morning preaching service on account of Memorial Day services at Opera House at 9:00. Sunday school as usual at 12:00. Epworth League at 4:30. Leader, Mavis Lafaver. Preaching service at 7:30. Subject, "Lost and Found." Mid-week service tonight 7:30.

Salvation Army. Revival meetings—Ad. V. Lundgren, traveling Evangelist, will hold some very interesting meetings at the Salvation Army hall, Thursday, Friday and Saturday evenings at 8 o'clock. Friday, 4 p. m. children's meeting. Sunday school, 3 p. m. and meetings at 4 and 8 p. m.

CHANGE MADE IN PRIMARY LAW

THE CANDIDATES FOR STATE OR COUNTY OFFICE CAN HAVE NAME ON BUT 1 TICKET.

Attention to some changes in the primary law is called to public attention by Clark Brown, head of the compilation division of the department of state, in which bureau are handled election and primary matters.

Chief interest of these attaches to a amendment enacted last year by the legislature which provides that the name of no candidate shall be printed on any primary election ballot unless there shall be filed by the candidate an affidavit, stating that he is a member of the political party under which he filed petition.

This was designed to prevent a man running on two tickets as Henry Ford did in the 1918 primary. Attention, Greenock, prior to the presidential preference primary held this did not apply to candidates for the highest office in the land.

The 1919 amendment provides that should a party become a candidate on any party shown by his affidavit for the same office or for any other office at the following primary, his nomination on any other ticket shall be void and his name shall be printed on the ballot at the regular election following.

Should a person be nominated on any other ticket, Mr. Brown stated a candidate, or for any other office by having his name printed on slips the nomination on such party slip shall be void. Should a person be nominated on more than one party ticket by having his name written in or by the use of slips at an election at which he was not a candidate for any office on any party ticket by reason of having filed an affidavit and petition, he shall elect within five days after the official canvass on which ballot he wishes his name to appear, and unless such election is made, his name shall not appear on either ballot.

Another change requires county clerks to make returns of certified statements of votes within five days after the primary election, instead of 10 days as in the past. Cities and townships provisions of another amendment are given the authority to direct that the polls be held open until 8 in the evening.

Mr. Brown, also points out that 4 p. m. on July 21 is the last day on which filings for candidates may be made.

Candidates for governor and lieutenant governor are required to have 5,777 signatures on the Republican ticket; Democratic, 2,670; Prohibition, 20; Socialist, 30; Socialist Labor, 21; new party, 2,000.

LIBERTY BONDS HIT LOW MARK; QUOTED AT 82

New York—After a hesitating opening the stock market on Wednesday sold off during the first forty-five minutes. The traders construed the Harding statement of the attitude of the federal reserve board in regard to the credit situation as bearish and proceeded to sell.

Most of the steel, oil and motor stocks were driven down from 1 to 2 points from the opening. The Liberty bonds after a sharp decline on Tuesday opened off from 2 to 50 points. The heaviest decline was in second 4's which were quoted at 82. The bonds were active and generally lower at the opening. Fourth 4's sold at a record low of 85 off 10. The second 4's were off 30 to 32, also a new low. Third 4's were unchanged at 86.60. Both issues of Victory loans were a shade lower. Liberty 3's opened at 90.75 of 20. A low record for this issue was made about two weeks ago when the quotation dropped to 82.30.
