GLADSTONE WINS IN FIRST GAME

GAME WELL PLAYED; FINE TEAM WORK—SCORE WAS 1 TO 0.

The Gladstone city baseball team defeated the Iron Mountain aggregation in the first match game of the season on the local diamond yesterday afternoon by a score of 1 to 0. It was one of the best played and snappiest games ever witnessed in this city and the fans were more than pleased with the way the boys showed up.

Zydz of Kipling, a former Marquette boy, who heated the ball for Gladstone was in wonderful form. Only two safe hits were garnered from his delivery and he made 16 Iron Mountain batters flail the air. His support was nothing short of marvellous and but for one slight misplay by Butler the game was played errorless as far as Gladstone was concerned. The splendid work done by Potras with the stick is especially worthy of mention. He knocked out three safe ones out of four times up.

Iron Mountain, although losing the game, was none the less a fit adversary and made the locals play ball at all stages of the game. They were of course weak with the stick and could not connect with Zydz's delivery and throughout the whole game secured but two safe blows.

The attendance at Sunday's game was all that could be expected and with that kind of support it is conclusive evidence that the boys will give Gladstone an article of ball that will be appreciated.

Next Sunday the team will play Escanaba on the latter's grounds.

The score in detail yesterday is as follows:

Iron Mountain	AB	R	H	P	A	E
Daniels	4	0	2	1	0	0
Benneth	4	0	0	1	0	0
Powell	1b	4	0	0	0	0

Struck out by Sanderson 4, by Zydz 16, double plays—Daniels to St. Ange, St. Ange to Powell, hit on bases—Iron Mountain 3, Gladstone 11, sacrifice hits—Fenney (2), stolen bases—McGee, Fenney, Potras, Williamson, Empire—Belaire.

ALS' CAFE HAS HOT FIRE SATURDAY

TIMELY ARRIVAL OF FIRE DEPARTMENT AND LACK OF WIND SAVES BUILDING.

Fire that probably originated from a match or cigar that was carelessly thrown over the bar fence adjoining Al's Cafe, Delta Ave., came near being disastrous Saturday noon. It was only by the timely arrival of the fire department a few minutes after the fire started that the building was saved at all. There was no wind blowing at the time, which also was a fortunate circumstance. If there had been a west wind it is probable that all the buildings—Al's cafe, Abraham Johnson variety store and Soren Johnson's soft drinks parlor would have been consumed, as all three are of frame construction.

As it was, the firemen arrived early and soon had two streams playing on the fire which was confined almost entirely to the outside of the building and the space under the roof. The most damage was done by water which soaked the upstairs pretty well. The lower floor, occupied by Mr. Wilhelm's cafe, was not damaged to a great extent as the steel ceiling and walk kept the fire out. The place was only recently re-decorated, however, and the loss to Mr. Wilhelm, who owned the building, will probably total \$500 or \$600 which is covered by insurance. The fire did not put Mr. Wilhelm out of business long. Dinner of course, had to be dispensed with, but by evening he was serving his patrons as usual.

ONE MACHINE AT FLOORING PLANT STARTED TODAY

One machine at the Coopers company's flooring mill was started up this morning, which is the first time the plant has been running since the strike went into effect. The company reports that 80 men are now at work and that the number is being added to daily.

TEACHERS NAMED FOR NEXT YEAR

BOARD ALSO DISCUSSED THE BUILDING PLANS; EXPECT TO BUILD WARD SCHOOL.

The board of education met last Thursday night and much business was transacted. Supt. Willman submitted the names of the teachers who have been secured for next year and stated that only three vacancies remained to be filled, which he expected would be taken care of very soon.

The matter of building was brought up and discussed from all angles. The board decided that it would be better to delay the building program till 1921, and then it anticipates that the bonds can be sold to better advantage.

However, it seems that the idea of the third ward school has not been given up, because of the absolute necessity of the building. It is expected that work will begin on it sometime this summer.

Next Year's Teachers.

Following is the list of teachers submitted to the board by Supt. Willman:

- High school—Esther M. Clark, principal; Hazel Mayden, Spanish and English; Anabel Wood, English; Nellie Gray, Commercial; Selma Olson, Mathematics; Alvin H. Gronka, Science and Athletics.
- Speech—Louise Novack, music and drawing; Mabel Harris, domestic science; Teela Stryk, physical education; Ruth Benesh, kindergarten; Cecelia Wodell, kindergarten assistant.
- Grades—Eliel Empson, Anna Mohlman, Gladys Nobel, Irene White, Eugenie Berry, Carrie Goranson, Anna Olson, Caddie Gumbel, Essie Smith, Alwin Empson, Lillie Empson, Ethel Clark, Hannah Eskblad, Ella Johnson and Hattie Elquist.

WILL INVESTIGATE NEW FACTORY

GLADSTONE MEN WILL GO TO KEWAUNEE WEDNESDAY ON MISSION.

Paul Bushong, W. L. Marble, W. W. Gasser and Henry Rosenblum will leave Wednesday morning for Keweenaw, where they will investigate further the new school equipment factory which desires to locate in Gladstone and mention of which has frequently been made in the Reporter columns. The men will make a thorough investigation and should the proposition look worthy they will recommend it to the Gladstone public for an investment standpoint.

IMPORTANT MEET OF CITY COUNCIL

WILL CONSIDER PETITIONS FOR SEWERS ON DAKOTA AND SUPERIOR AVENUES.

The city council will meet this evening to consider the petitions of residents on Superior and Dakota avenues for the extension of sewers.

There is also a lot of other business to come up and the meeting promises to be an interesting one.

LAND DEALS

The Ann Arbor Savings Bank has sold to Phil Hupp of Gladstone, lots 19 and 20 in block 3, lots 7 and 8 in block 5, lots 1 and 2 in block 8, lot 14 in block 9 and lot 15 in block 60 and the entire block 93 of the first addition to the village of Gladstone.

Frank H. Van Cleve of Escanaba has sold to Theophilus De Cook of Gladstone, a parcel of land situated in 21-22. The consideration was \$275.

GLADSTONE HIGH LOSES SATURDAY

GAME NOT WON TILL NINTH INNING—LAST GAME OF THE SEASON.

Saturday's baseball game clearly and very forcibly demonstrated that a game is not won until there are three out in the ninth inning. Gladstone was at the heavy end of a 4-5 score in the eighth inning and many fans left the ball park with the impression that the game was sealed up. But what happened in the ninth inning turned a perfectly good baseball game into a riot, and changed victory into the worst kind of defeat. Those who sacrificed a warm supper in order to see the game out, witnessed an awful tragedy made up of a comedy of errors. When Manistique came in for their turn with the bats in the ninth, Gladstone was one run to the good but before Manistique was retired they scored at least nine runs and the game was theirs.

Van Deweiche was on the mound for Gladstone and he promised to repeat his trick of a week before when he beat Escanaba. Up until the sixth inning he was almost invincible, allowing but two hits until then. During this time Manistique chalked up two counters, due to errors. Over the same period the locals, through timely slugging, scored seven times. In the sixth frame Manistique scored two more after two were down due to a wild throw by J. Fenney. In the seventh they scored two more without a hit.

Story of Game.

Van Deweiche was on the mound for Gladstone and he promised to repeat his trick of a week before when he beat Escanaba. Up until the sixth inning he was almost invincible, allowing but two hits until then. During this time Manistique chalked up two counters, due to errors. Over the same period the locals, through timely slugging, scored seven times. In the sixth frame Manistique scored two more after two were down due to a wild throw by J. Fenney. In the seventh they scored two more without a hit.

The Ninth.

The score at the opening of the ninth was 5-7 with Gladstone leading. Van Deweiche threw wildly on the third strike and the batter was safe. Mattison then rapped out a single and the first and second bases were occupied. Follo then rolled an easy grounder to short and all hands were safe when Berry on third failed to make connections. Weingartner hit a pop-up to right and Moeg dropped it, permitting one run. Johnson of Manistique hit short and Greenlund struck out the next man but the next opponent to face him cracked out a three bouncer. Then three errors and a hit scored remaining runs. Just before darkness enveloped the scene Manistique was finally retired. Eleven errors were made by Gladstone during the game. Hansen and Moore not being guilty of contributing.

The absence of Captain Ed. Fenney was keenly noticeable at all times. Bergstrom caught a good game considering that this was his last attempt, but had Fenney been here, directing things there might have been a different tale to relate.

Prospects for Next Year.

The season closed on Saturday. Three games were lost and three were won. This week the base ball suits will be rolled up and put away for another year. And if our powers to prognosticate are not all wrong we predict a winning team for next year. Only three new players will be needed for next year's aggregation and there will be an abundant number to choose from.

Score and summary of Saturday's game:

Manistique	0	2	0	0	1	2	2	8
Gladstone	4	0	2	1	0	0	0	8

Batteries—For Gladstone, Van Deweiche, Greenlund and Bergstrom. For Manistique, Fulo, Andrews and Potter.

Two base hits—Hanson (3), Burns. Three base hits—Berry, Andrews. Stolen bases—Burns, Potter, Mattison, Berry (2), Murdock. Hits off Van Deweiche—4.

HIGH SCHOOL CLUB WILL GIVE ENTERTAINMENT

FINE PROGRAM HAS BEEN ARRANGED—DEBATE WILL TAKE PLACE.

The Gladstone High Society of the Gladstone High school will give a free entertainment Wednesday night at 8 o'clock in the school auditorium. The boys under the direction of Mr. Cummings have arranged a fine program and all those who are interested in the High school are especially invited to attend. Children not accompanied by parents will not be admitted.

Special interest centers about the debate which is to be held at that time. The boys of the society some time ago, challenged the girls to a public debate and they readily accepted. The question for debate is "Resolved, that the United States Should Intervene in Mexico." It is of a timely nature and no one who is interested in the topics of the day can afford to miss the discussion. The debaters have studied the question from all angles; they have ransacked magazines and periodicals in order to become fully acquainted with the facts in the case and all may rest assured that no stones will remain unturned. The others members on the program will prove to be highly entertaining.

FIREMEN'S TOURNAMENT AT LAURIUM JULY 7, 8, 9, 10

Fire Chief Kulland received a letter today from the fire chief at Laurium, where the tournament will be held this year, stating that the dates for the big annual event have been set for July 7, 8, 9 and 10.

The local volunteer firemen will hold a meeting tonight to formulate plans for attending the meeting. A captain will be selected to drill the various teams that will enter the races. The matter of a Fourth of July celebration also will be discussed.

Eagles to Give Dance.

A big dance will be given by the local set of Eagles next Tuesday, June 15th. Gunnar's Jazz band will play some of their "jazz" and a good time is assured. Don't forget the date—June 15th.

Fenney, Potter. Losing pitcher—Van Deweiche, winning pitcher—Andrews. Time of game—3 hours. Umpires—Pit Belaire and White.

TIMBERWORKERS DECIDE TO CONTINUE BIG STRIKE

A rousing meeting was held by the Timberworker's union at Engle's hall last night at which Mr. Young, District President, C. A. Wandy, and Mr. Schenkelberger were present to address the men. The local union shows no signs of weakening and the strike here will be continued. This is the commencement of the sixth week of the strike.

ANOTHER BAD ACCIDENT SUNDAY

TWO ESCANABA COUPLES GET A SEVERE SHAKING IN AUTO SPILL.

While returning home from a dance at Nahma, early Sunday morning, Harry Denoyer, Ray Hill, Miss Dupont and Miss Margaret O'Brien, all of Escanaba, received a severe shaking up while rounding the turn in the road about a quarter of a mile this side of the Soo Line railroad tracks near Engle.

From information received regarding the affair, the party "felt pretty good" when they started on the homeward ride to Escanaba after attending the dance. They were hitting it up at a good rate and it is presumed that when they came to the turn in the road where the accident occurred they were going too fast to negotiate the curve successfully with the result that the auto, which was a new Dodge, turned a complete somersault, and the occupants tumbled underneath.

The injured people were taken to the home of Dr. Allen at Rapid River, where first aid was administered, and today the girls and one of the men who were most severely injured were taken to the home of Escanaba. The Dupont girl is head waitress at the Delta hotel and Miss O'Brien has charge of the cigar stand at the same hotel.

Stories on the streets today were to the effect that one of the girls had received a broken back and could not live. Reports this afternoon, however, say to the effect that the girl was injured very seriously.

FINE CONCERT TO BE HELD HERE THURSDAY

David Bjorking and three sons, of Rock Island, Ill. will appear in a concert at the Swedish Lutheran church on Thursday evening that promises to prove one of the finest attractions of its kind to be brought to Gladstone in some time. Rev. Peterson, pastor of the Swedish Lutheran church, listened to a concert given by Mr. Bjorking and sons at Rock Island two weeks ago and considers their entertainment to be exceptionally fine. The Rock Island News recently said that "Bjorking and three sons appeared at Augustana college gymnasium last night before a large audience in an excellent program of vocal numbers for their excellent acquaintance here. Father and sons were compelled to respond to numerous encores at the conclusion of each number."

Mr. Bjorking was at his best and sang, besides two selections from "Tosca," one from "Lohengrin" and the difficult "On With the Play" from Paganini, two extra numbers, "The Great White Host," by Grieg, and a selection from the opera, "The Girl from the West," which were all beautifully rendered.

The boys, in Swedish national costumes, captivated the audience from the start. Solos, duets and trios were given and especially touching was a song by the 6-year old Gosta "Waiting for Dad." The singing of "America" closed the program.

17 Year Old Boys Can Enlist in Navy

After being closed to seventeen year old boys since Nov. 1, 1919, the U. S. Navy is again open to the enlistment of minors over seventeen years of age, according to a telegram received today from the Bureau of Naval Affairs, Washington, D. C. Navy Recruiting Officer for the Wisconsin Michigan District.

Seventeen year old recruits must have the consent of their parents and may enlist for the period of nine months until twenty-one years of age or for a straight three year period.

The minimum required weight and height have been lowered for the seventeen year old recruits to 120 pounds and 62 inches, respectively.

Platt Barnum has left for Sioux Falls, Iowa called by the death of his sister.

INJUNCTION IS ISSUED AGAINST LOCAL STRIKERS

MUST NOT INTERFERE WITH ANY ONE WHO WISHES TO WORK FOR THE COMPANY.

Attorney G. R. Empson, representing the Northwestern Coopers Lumber Company, returned last Thursday night from Iron Mountain with a temporary restraining order issued against the local strikers, who, it is claimed, have made threats against a number of workers who have gone back to the plant.

Copies of the injunction, together with a copy of the bill of complaint served by members of the sheriff's department, Saturday.

The hearing of the case will take place Friday, June 11th, at Iron Mountain, at which time the defendants will be given a chance to state why an injunction should not be issued.

The Timberworkers claim that they have not molested any of the strikers, who have gone back to work, while the company asserts that they have maintained pickets and threatened some of the employees. There has been no open trouble, but rumors of hearings have spread abroad.

Both sides were given a hearing at Iron Mountain on Friday before Judge R. C. Flanigan and it is expected the matter will be given settlement.

Accounting System Dine First Of Sale

The new accounting system, worked out by the auditor general's office for Washington in all of the counties of the state, probably will be installed here about July 1. County Clerk Albert J. Popin announced yesterday. An audit of the county's books has been arranged by the board of supervisors.

EIGHT HOUR STRIKE WON IN BAYFIELD

Bayfield, Wis.—Following a conference held last week between President Washington of the Bachman Lumber company, and mill-crew employees, members of International Timber Workers' Union No. 191, the mill crew returned to work Thursday morning and will continue operation of the plant during the remainder of the season on the new time schedule of an eight-hour day, which was asked of the company when the crew went out on strike on May 2.

The mill company recognizes the union and the right of the men to organize and in according to the request of the union members for a shorter work-day, is given the assurance that in return therefore a full eight hours of work for each work day throughout the season is to be given by the mill.

The mill now starts operating at 7:30 o'clock in the morning and stops at 11:30, commencing again at 1:30 in the afternoon and operating until 5:30.

The local strike has been a model one throughout, no rioting having existed on either side, no attempt being made by union men to interfere with work of others and no attempt on the part of the company to force a return, and the strike finally progressed to the stage of where an interesting cooperative consultation resulted in an amicable settlement apparently agreeable to all parties concerned.

POSTAL PAY INCREASE PASSES HOUSE IN UNANIMOUS VOTE

Washington, D. C.—The postal pay increase bill passed the house today by a unanimous vote of the 343 members. The bill will become effective July 1, and will mean an addition of thirty-three million of dollars for extra salaries of the postal men of the United States. The bill now goes to the senate where favorable action is expected.

Iron Mountain—The 1921 state convention of the Knights of Columbus, one of the largest fraternal organizations in the state, will be held in Iron Mountain.

This means that Iron Mountain will be called upon to entertain more than 600 visitors next June.

Iron Mountain will be the honor of entertaining the convention in the face of vigorous opposition, Saginaw and other large Michigan cities being vigorous contestants.

Society Notes
Shower for Teacher.
A very delightful shower was given last Thursday night at the home of Mrs. A. Jackson, Ninth street, in honor of Miss Ella Gray, first grade teacher of the first ward. The affair was arranged by the teachers as a surprise for Miss Gray, who will become a bride some time in July.
Her friends presented her with a number of beautiful and useful presents, among these cut glass dishes, porcelaine ware and an aluminum roaster.
During the first part of the evening a sort of a "quilting bee" took place every one of the teachers taking part in the theme of quilting. Following this, a dainty lunch was served. The rest of the evening was given over to dancing, and everyone had a splendid time. The party was one of the most enjoyable social events in the city for some time.
Picnic at Maywood.
Yesterday morning at about 10:30 o'clock, the members and their friends of the E. E. Q. T. club crossed the bay to Maywood, where they enjoyed their dinner and supper. The afternoon was spent with games and music. Some of the party returned late in the afternoon, while the rest enjoyed supper, returning early in the evening. All the young people expressed a most delightful time.
Henrickson-Dufour.
Miss Eva Hendrickson and Joseph Dufour, popular young people of Escanaba, were united in marriage, Friday evening by Rev. Nagle at the Methodist parsonage. The bride was attended by Miss Emma Loeffler as maid of honor, and Frank Dufour, brother of the groom, acted as best man.
The bride has lived in Escanaba all her life, and during the past few months has been employed as a stenographer in the office of Attorney J. C. Baker. The groom is enlisted in the navy and is enjoying a furlough at his home in Escanaba. He expects to leave soon for Cuba.
Mr. and Mrs. Dufour have many friends in Escanaba and Gladstone.

Bewitching Billie Rhodes in "The Lion and the Lamb," is seen in a play that will delight and stimulate the most jaded taste by its humor, thrilling situations, sensational finale.
A girl who is... by accident of environment—a daring midnight burglary—the sensations... capture of the girl, who is forced to become a social impostor and marries a man to carry out the scheme of revenge of a society leader—are some of the complications that make this picture excellent.
The cast is one of unusual merit—Billie Rhodes in "Boots," the heroine; Melbourne MacDowell, plays "Uncle Ben," chief of the crooks known as "The Lion." Maud Graham, Vera Lewis, Charles Spere, Donald Graham, complete a splendid cast at the Lyric theatre, tonight and Tuesday.

SYNOPSIS. He could remember that he would know whether Captain Mitchell had had a hand in the cursed game. Hadn't Johnson said something about new bands? But those native crews were invariably shifting about. It was a strange way from Singapore to Shanghai. Who was this Drink-House Sam? What was it Ting Wah had said? "Drink-House Sam—him know?" "Him know, him know, him know!"

Chapter I—Continued. Wallen rocked unsteadily in his chair. What a frightful stretch the ship possessed—it was only his imagination? What was it he had been thinking of? Oh, yes, the six Chinamen who had come to kill him and the gray horse where there were so many bars and locks, and where every night his father and Gunga turned the keys and the chains rattled on the doors as they fastened them. He raised his hand and passed it across his eyes in a startled way. How vividly it came back to him, that night—as though it were just happening now, as though he were in the very act of living it again!

And half-way down he stopped in horror. Below, in the hallway, stood the giant form of his father, holding a candle, and on the floor lay stretched a huddled form, and Gunga, with a revolver, was bending over the Thing that did not move. That came his father's voice, in a strange, queer tone of tense eagerness. "Look again, Gunga. Has he one finger on the left hand?" "And Gunga had shaken his head as he had answered. "I have looked, sahib, and the hand is whole."

Spellbound he had stood there on the stairs, a lad of fourteen, and Gunga had lifted the Thing in his arms and gone away with it; and the great figure of his father, dressed in pajamas, had stood motionless for a long time, then turning had faced the stairs and caught sight of him, and suddenly had sent a wild, unnatural laugh ringing through the house. "You there, eh, Stacey?" he had laughed out, as though unannounced. "Well, I'll tell you something now. Never go to the East. Remember that—never go to the East!"

But that did not account for his being here in the Java sea, and for those six Chinamen. He had been fourth officer of the Tokanaru when they had touched at Shanghai a few weeks ago. She was the ship, the Tokanaru, the biggest passenger liner in the fleet—only a fourth officer's pay was very small. He had met Captain Mitchell of the Upolo ashore, then Captain Mitchell had persuaded him to ship as first mate on the Upolo for double the pay he had been getting. The Upolo, of course, traded between the Java and Banda seas—that was what his father had meant by the East—touching at Shanghai as a port of call in a heavy season of the sailing.

How that sun burned through the awning! It seemed to stab and drill his little skull with little shafts of exquisite pain. He could get away from it, of course, by going below into the cabin, by putting the deck between him and that infuriating ball of fire, but in the cabin one couldn't breathe. One couldn't live in the cabin—Captain Mitchell was there and Captain Mitchell was dead. Had Captain Mitchell anything to do with those six Chinamen? Or anything to do with Drink-House Sam in Singapore? And where was it those six Chinamen had joined—at Shanghai?

His eyes strayed forward along the deck—and widened with a dawning fear. What were those shapes there? He began to number them, and suddenly shrieked out aloud. It was a horror ship. He shrieked aloud, rushed to the rail, and in the delirium of his mind crouched low to hide himself from this dead thing that eyed like demons for medicine, his screaming forward to where the ship's head pointed and, not to mention in its rise and fall against the vessel's hull.

He hurried himself over the side, cast the boat hook, and snatching at the oars began to pull like a madman away from the ship. Two hundred yards and he... of up and shook both feet and... they could not reach him now. But why not? Suppose they should swim after him! He flung himself to the sea again and pined the oars furiously.

And then slowly the strokes lessened, and presently an oar fell from his grasp, and after that, with a moan, he pitched forward into the bottom of the boat—and all was blackness. (Continued Next Thursday)

Mystery

By GEORGE MATTHEW ADAMS ONE of the most powerful forces (forces in human life) is the Mystery that is broken away as a sort of Cure, buried within every Thought, every Association, every Action. It is the Mystery that you cannot understand, yet which exists in your Present, that makes that future interesting; it is the force of Mystery in your business, that keeps you constantly at it and for which you sacrifice and tirelessly work. It is the Mystery, all wrapped up in every manifestation of nature—that is the Mystery that hangs like a dense fog about the very thought of Eternity that makes it fascinating. It is the element of Mystery entering into every avenue of conscious life that makes life really wonderful. It is the inspiration of Mystery that is able to immediately fire and warm your efforts and make your fondest dreams attainable, if you will but stop long enough to recognize this force and make it serve you. Personally, I stop and consider for a moment this factor in your Success. The two great Poles of life itself are honored by Mystery—from the beginning of Death, about the only really unambiguous thing in life is this—that Success and Honor and Happiness, surely follow. Work well performed.

Fish Acts as Pilot. The most famous of all fish is "Polone Jack," a grampus which regularly piloted ships into Polone south of New Zealand, and was finally, after about thirty years' service, protected by a special act of parliament in 1904. Never before had an individual fish attained such honor. There have been rumors of his death, but from the latest accounts he seems to be still in existence.

Portuguese Soldier Is "Tony." The continuity of the relationship between the British soldier and the Portuguese may be taken as finally cemented by the fact that the latter now have a nickname. They are known as "Antonio" which is being shortened to "Tony," about counterpart to "Tommy," showing that the rapprochement is consecrated and complete.

Garden Peninsula News

Will the ladies of the Fayette church please remember that the next meeting of their society will be held at the home of Mrs. Martin Irlin, on Saturday, June 12th. Children's Day will be observed in the Garden Congregational church the second Sunday in June. The little fellows will have the right way on that occasion. We hope that a large number of parents will be with us. There will also be a baptismal service and parents wishing their children to be baptized will please bear in mind.

A number of our people gathered at the home of Tease Jogue, Tuesday evening. The evening was spent by playing games and music, and all reported a very good time. Those present were: Margie and Thomas Melton, Eva Gray, Lola Winters, Lyla Winters, Jennie Birk, Zain Beaton, Rose Ferris, Tessie Jogue, Freddie Jogue, Arthur and Glad Deloria, Ernest Clement and Dick Taubert.

Mr. Genesee has recently purchased a horse from Napoleon Neuman. The horse is at present used on the Fayette mail route. Members of various boards of supervisors of the counties of U. P. will meet at Marquette, June 16th, to consider the advisability of spending or regulating the open season of the deer. Local sportsmen should be especially interested in this matter and should not hesitate to inform their supervisors of their ideas on the subject so that he might act accordingly at the time of the meeting.

Francis Olmsted and Arthur Olmsted went to Manistique Sunday. Dr. Hughes took Mrs. Olmsted and Mrs. Russell to the Sack Day cemetery last Saturday. The Pizzala family of Sac Bay spent Sunday in Manistique. Pete Jacobson and family motored to Garden Sunday afternoon. Ed LaMotte, Jr., was a Garden caller Sunday.

The local high school was closed last Monday, Memorial Day. Our mail carrier between Cooks and Fayette had auto trouble last Saturday which delayed his return somewhat but he got thru. George has left the employ of the Eagle livery barn and is now in the employ of the Keener Grain and Produce Co. The spring grain crops is almost at a stand still awaiting the coming of the much needed rain. Peas, except a few, are showing their displeasure at the dry spell. Antelope, who are planning soon to use the Garden Fayette road will be interested to learn that work is proceeding. A quantity of stone has already been landed, a roller is right on the job. A trip to the contractors and the peninsula will soon be made with the maximum degree of pleasure. Robert and Walter Stellwagen and Eddie Durtle motored to Escanaba Saturday. A few of the Garden young people attended the dance at Isabella, Saturday evening. Mrs. W. D. Hughes of Beech Grove farm is at present in a Milwaukee hospital, where she is convalescing after an operation for the removal of a gall stone. Mr. Hughes was with her at the time of the operation. He returned to his home last week, and we are glad to learn that his wife is making a satisfactory progress toward recovery.

The chickens of Michigan are co-operating with those who are fighting the H. C. of L. The egg prices prevailing through the state are lower than they have been for two years. Have you put away a liberal number of the egg fruit for winter use? It will not be very long before they will begin to climb. There is still time to get busy and produce your supply of soda and lay in a supply of eggs for the season of scarcity. We take this opportunity to remind local sportsmen that John Baird, state game and fire warden, has designated June 16 as the time for a public hearing to be held at Marquette by the members of the various boards of supervisors of the counties of the upper peninsula to determine the advisability of regulating or even suspending the open season on deer. Don't fail to make ideas known to your local representative. John Dotch, one of our local Civil War veterans, spent the week and at Escanaba, attending the Memorial day exercises. The Ladies' Aid Society of the Fayette Congregational church met at the home of Mrs. Robert Watson last Saturday. Amid their activities the ladies did not forget their former president and friend, Mrs. Hughes, who has recently undergone an operation at Milwaukee. Each of those present sent a message of hope and cheer to her. It wishes could accomplish aught. Mrs. Hughes would certainly be back in our midst healthy and strong very soon. John Genesee is now temporary mail carrier on the Fayette rural route as Mr. Provanter, the late mail carrier has been transferred to Cooks. Mr. Genesee and Joe Thill expect to present themselves for examination at

Escanaba or Gladstone in the middle of June in order to qualify for the position of mail carrier. Mr. Provanter, who has just shipped one hundred tons of hay to Chicago via the Louis Phlox, of the Hines Lumber company here in the last of the season's hay crop of this section. Eugene Johnson left here Monday for Traverse City, where she has employment awaiting there. She will give a kitchen tour at Manistique and continued on her journey. Mrs. Henry Tautner entertained a number of young folks at her home in honor of Miss Doris Prang, who was given a kitchen tour there. She received a number of nice gifts of aluminum ware, which she will no doubt find very useful in the near future. Theodore Hazen has been compelled to curtail her activities for a while due to illness.

Members of the Watson and Watford families, drove up to the cemetery last Sunday after the services. A number of people went to Kats Bay cemetery last Sunday trimming up graves and placing flowers. This is a week and a half there. She cannot do much for our departed and loved ones, but this is one of the little things we may do. James Watchorn has accepted a position as telephone operator in the city of Grand Rapids.

ESCANABA BOOZE CASE PUZZLES FEDERAL MAN

LEO GROVE TRYING TO FATHOM HOW BOOTLEGGERS GOT MEDICAL "NOZE PAINT"

Marquette, June 4.—How the bootleggers caught Sunday night in Escanaba were able to get sealed cases of medical bonded whiskey after it had passed the elaborate system of federal inspection is a question that puzzles Leo J. Grove, prohibition enforcement chief.

Included in the eighty-five gallons of liquor seized by Grove and his men from automobiles owned by Christ Hansen of Escanaba and C. W. Turner, of Vulcan are forty-eight units of 100 proof whiskey distilled in Owensboro, Kentucky. They were originally shipped to Daniel Lichterman, of Chicago. The bottles are sealed with 123 federal stamps and the wooden cases in which they are packed bear official marks showing inspection by federal officials in April and May.

The cases are labeled "for medicinal purposes only." According to the federal law the liquor could be purchased only by druggists holding government permits. It is unlawful for a druggist to sell more than a half-pint to any one person and record of every sale must be kept.

May Have Been Plain Theft.

Nevertheless Hansen and Turner were carting two full cases of the liquor. Federal agents think the whiskey

was taken from Turner's soft-drink establishment in Vulcan. What became of it after it was delivered to Daniel Lichterman, in Chicago, or how it got into Turner's hands in Vulcan, they do not know.

"This is the first case of bootleggers transporting medicinal whiskey that has come to my attention," said Mr. Grove. "The liquor was either stolen from warehouses or else there have been illegal dealings between bootleggers and druggists."

Mr. Grove proposes to investigate the case clearly and find out how Turner came in possession of the goods. He will also take steps to locate the still that produced sixty gallons of moonshine found in the bootleggers' cars.

May Lose Automobiles.

If Hansen and Turner are convicted of transportation and possession of liquor it is not probable that they will retain possession of their automobiles which were seized by Grove and his men.

Grove, under provisions of the prohibition law, is authorized to keep the automobiles until Hansen and Turner furnish bonds for sums twice the value of their cars. The bonds must be approved by Mr. Grove before the cars will be returned to their owners and upon the day of their trial the owners must again turn over the cars to Grove.

According to the law, the court upon conviction of the defendants shall order sale by public auction of the automobiles, unless good cause to the contrary is shown by the owners. From the proceeds of the sale the court orders payment of all liens against the property and the balance is turned over to the government.

"I intend to keep these cars," declared Grove. "I will not approve of any bonds furnished by Hansen or Turner. They are notorious bootleg-

gers and if I return the cars they would probably start in the same business again."

Hansen Passes the Buck.

Christ Hansen, in whose car the federal agents found about forty-five gallons of liquor, strenuously objected to the confiscation of the vehicle. "I didn't know what was in the car," he told Grove. He declared he was carrying the cargo into Escanaba at Turner's request and did not know it was liquor.

NEWS OF THE MOVIES

The theme of "Should a Husband Forgive?" the big William Fox special which will be seen Thursday and Friday at the Lyric Theatre, follows the line of thought indicated in the title.

The story question, "Should a Husband Forgive?" is one of academic interest to all married persons and to those contemplating matrimony. No matter how little a person may be affected personally by this question, the tendency to imagine one's self as the central figure of a dramatic situation makes the question one of universal interest.

Whether a husband should forgive is perhaps the most important of all questions affecting married life. Many homes have been wrecked because a husband refused to forgive on his wife's confession. Azain, countless lives have been wrecked because the wife weakly tried to conceal her part from her husband, only to have it discovered under aggravated circumstances.

A good many of the objections to painted faces are due not to the fact that they are painted, but because they look like the job had been done by nonunion painters.

Mrs. James Young of Spokane, Wash., is visiting relatives here.

Coming from behind an auto standing at the Tacouah River bridge, last Sunday a fine year old Louis Messenger, ran directly in the path of an approaching car and before the driver could bring his car to a halt the little fellow was hit and knocked down the car was so nearly stopped that his injuries were not as serious as they might have been. The accident was one in which no one was to blame. One car was standing waiting for another to pass over the bridge and the standing car obstructed the view. Several children were in the party and it is fortunate that more of them were not more seriously injured. Norman Curry, who was driving the car was grieved deeply over the accident and

For people who like a high polish on their Floors or Lenolium we offer NO. 103 HOB NAIL PROOF VARNISH
This Varnish is unusually tough, its heel proof, water and weather proof. While the wood may dent under a severe blow the Varnish will give, but not crack. It is very elastic, dries dust free in from one to two hours, will dry hard over night and floors may be used in from fifteen to eighteen hours.
This is the most ideal finish for floors, linoleum and oil cloth we have fully guaranteed or money refunded.
One gallon can, at \$5.75
One-half gallon can, at \$2.90
One-fourth gallon can, at \$1.60
One-eighth gallon can, at 90c
