Telephone No. 42-W.

Printed at the office of Gladstone, Mich., as second class matter.

NO DROP IN B-B-T.

Buyers are feeling themselves being backed for a drop in prices.

The widespread impression created by news dispatches from the big cities is that prices are coming down.

In addition to the low rate of production in manufactures because of the low energy and trouble and the expected increase in freight rates for high prices.

Belgium's seven-league strides. All the world stands in admiration of Belgium, not only for her magnificent role in the war but also for her equally courageous attitude since.

Now Belgium factories are producing on an average of three-fourths as much as before the war.

Belgium now has a favorable balance of trade with France, Holland, Germany and other countries.

The coal situation. The gravity of the coal situation is apparent to everybody, but just who is to blame or what is to be done, are not so clear.

for domestic purposes must have the priority over that for industrial uses.

The popular cry that the government must do something seems unwarranted. The great work of the former coal administration was a studied and detailed plan for the distribution of coal most economically.

It is altogether likely that the coal administration will be revived, but it is not likely that it will be able to prevent industrial disaster.

Garden Peninsula News

A party was held last evening in honor of Miss Lucille Beaudry, the event being her sixteenth birthday, which was enjoyed by a number of her friends.

Ernest Jaque, Essie Jaque, Zola Jaque and Elizabeth Beik went there saw the big storm coming up and started for home but the engine failed to go so they were stuck.

Tire Guarantees

LEE TIRES are guaranteed—not for a specified number of miles but guaranteed to give you satisfactory service.

Analyze the specific mileage guarantee. It is nothing more nor less than a basis for adjustment.

You want mileage—service—not adjustments. The Lee Tire guarantee is backed by the strength of the Company making the Tires and our determination that every Lee Tire shall serve you.

We seldom have to make good for a Lee Tire because Lee Tires do that for themselves. But should the time come when you, for any reason, feel you are not getting the satisfaction you have a right to expect from every Lee Tire we are right here, every day in the year, to protect the interests of all concerned—yours, Lee's, ours.

of Canada and Mrs. Duville of Kansas, were home for the event. The parents have reached the ages of seventy-two and seventy respectively and are still hale and hearty.

Mr. and Mrs. Thomas Rice and family of Schaffer motored to Gross on Sunday to visit at the Gunderson home, while there the children were playing in the road, when suddenly one boy crossed the road and his little brother, Thomas Jr., followed not noticing the approaching car.

The driver of the G. C. Craver of Wells took the injured child to a physician's office and then to a hospital in Escanaba, where the attending had been fractured on each side.

At eight o'clock Tuesday morning they went to the church with all their children and friends, where the wedding vows were renewed at a High Mass in the Sacred Heart church of Schaffer, Father Ellis officiating.

He gave an eloquent sermon and congratulated the bride and groom and asked God's blessing upon them and their family for years to come.

After the sermon they returned to their home which was decorated with flowers and streamers. Then relatives and old neighbors of the couple gathered to partake of a most elaborate dinner and supper.

The evening's entertainment commenced with an old time serenade and the remainder of the evening was spent in dancing and various games.

Mr. and Mrs. Peter Olson and son Roy and cousin, Miss Olson of Minneapolis and C. P. Johnson and son Gust, motored up to the Logan farm Sunday.

The ladies of the Schaffer church gave a card party last Saturday night. All attending enjoyed themselves greatly.

shows fine healthy growth and a good stand. The rest of the field has a vigorous and healthy appearance.

Elmer Carlson went away yesterday to Ironwood. He is there on the mission of putting into service and loader and cranes for the Bridge and Culvert Co.

Mrs. Hogberg accompanied her husband to Bark River for a visit with friends. Their little daughter Ethel remained here to stay until Rev. Hogberg's next visit to Bark River.

The convention of the Lutheran church was a successful one on point of attendance and in the excellence of the program. The meetings were held Sunday and Monday.

Grass hoppers are putting in appearance in considerable numbers but not in sufficient numbers to do appreciable damage. In some sections of the county crops and especially gardens are seriously damaged.

A Granath is trying out Sweet Clover as a crop, as a nitrogen restorer and soil improver. His experiment will deserve more than passing interest by the farmers.

J. B. Frechette and family and Misses Ella, Ada, Leota and Bernadette Frechette, Racine, John Frechette, Jr. and family and Mr. and Mrs. F. H. Nollen, motored to Menominee Sunday.

Mrs. Huld entertained at cards Friday for the Misses Frechette from Racine.

Mr. and Mrs. Peter Olson and son Roy and cousin, Miss Olson of Minneapolis and C. P. Johnson and son Gust, motored up to the Logan farm Sunday.

The ladies of the Schaffer church gave a card party last Saturday night. All attending enjoyed themselves greatly.

In the solving of the mystery surrounding the murder of J. Stanley Brown near Mt. Clemens the State Police did an excellent service to the state of Michigan. It was the first case of the kind to be assigned to this force, and it resulted in a way to reflect credit upon the organization and upon the men directly active in the solution of the problem. However, the fact that one mysterious murder has been followed up is ground not only for present congratulation but for constructive achievement. It is a demonstration that a further effort should be made to provide means for avenging such crimes in the future. The methods of the detectives have been scientific and require specially trained men and the proper apparatus. Our Michigan State Police deserve practical encouragement to the end that they may be of even greater service to the state.

The methods of the detectives have been scientific and require specially trained men and the proper apparatus. Our Michigan State Police deserve practical encouragement to the end that they may be of even greater service to the state.

COOL SHEVIM DON'T LET THEM FOOL WITH THE BUZZ SAW They used to blame a lot of fat on beer, but now that there are more have been married thirty, but a woman fat people than ever, we have come to understand that it wasn't so much beer as automobiles. The average man who's been married ten years looks like he might be a married man thirty, but a woman like she was married only last month. That may be one of the reasons for divorce.

OLD MAN WISE SAYS:

A man's job is just as big as he makes it—and no bigger. No worker can keep even with you if you work faster than he does. Some heads are used to help out the fat makers. Others are used to think with. If a newboy become bank president in twenty years, what can you do in the same time? The wabler talks about the accidents of birth. The door refuses to get into the accident list. The fellow who never went out to land a better job has never been sighted coming back with one. Don't waste money because you have it, and then you will have money when you want to spend it. The man who lets others do his thinking for him has no right to tell you how this world should be run. The man who wastes all his spare time is the man who has the most time to tell you that no man has a chance any more. If the rules of the company annoy you, just figure out that if there were no rules there would be no company for you to work for.

Is there no act so worth my mood, No use of caring high and pure, No child, whose I am and end, end, A well spring of perpetual good, — T. H. Aldrich.

Almond Blanc Meringue
 Make a paste of four tablespoonfuls of cream, wet with a little cold milk. Stir it into a quart of milk with four tablespoonfuls of sugar, and boil until thick. Flavor with a few drops of almond extract and stir in half a cupful of blanched shredded almonds. Mold, chill and serve with cream.

Bread Pudding
 Take one quart of milk and one pint of bread crumbs, two well-beaten eggs, a pinch of salt and one tablespoonful of butter. Bake about twenty minutes. Nut or raisin or both are an addition to this pudding. After it is baked, jam or jelly may be spread over the top and a meringue to cover. Bake until a delicate brown.

Baked Pears
 Use the hard, large pears used for cooking. Core but do not peel. Fill the cores with brown sugar and bake in a pan containing little water. Bake occasionally and cook until tender. Serve hot or cold with cream or a thin baked custard.

Bordeaux Pudding
 Cut a sponge cake into three layers, spread with jam, put together again, cover with whipped cream sweetened and flavored, and sprinkle with chopped nuts. Serve on a platter.

Cheesecake
 Another dessert similar to this which is most attractive is prepared as follows: Bake a light sponge cake in a round tin; split and put together with a thin filling of sweetened whipped cream, flavored to taste. Serve cut in wedge-shaped pieces with a spoonful or two of any fresh berries as a garnish.

Cheesecake Pudding
 Take one cupful of milk bread crumbs and enough milk to make a smooth paste when heated with the crumbs. Add two tablespoonfuls of butter, two tablespoonfuls of cocoa, sugar and vanilla to taste. Take from the fire and add three egg yolks well beaten, then the whites, beaten stiff and folded in. Put into a buttered baking dish and bake carefully. Serve with whipped cream or plain cream with sugar.

PEAT NEW SOURCE OF FUEL SUPPLY

During the last few weeks there has been a number of accidents, and it is hoped that the addition of a motor cop will have some effect on the reckless driving which takes place.

TOOLS

"Where's the hammer John," says friend wife, and all we can get out of John is something that sounds like a negative grunt.

That's the way with nearly every home, if anyone wants a hammer or saw, why it can't be found. Why? Because the tools are of an inferior grade and not worth the care that should be given them, and secondly so small an assortment is bound to be lost or misplaced.

Now John don't you think an assortment of something like this below would be worth while and something to be proud of.

A tool for every occasion that will cut down your expense account

| | | |
|---------------|---------------------|-------------------|
| 1 Saw | 1 Wrecking bar | 1 stillson wrench |
| 1 Hammer | 3 or 4 wood chisels | 1 Block Plane |
| 1 Coal Chisel | 1 Auger | 1 Level |
| 1 Rule | 5 or 6 Auger Bit | 1 Screwdriver |

This assortment can be had at a very reasonable price and it will practically pay every man to have one of these sets in his home, always can find use for them and as indispensable in your home as sugar in your coffee.
