

ISSUED TWICE A WEEK

THIRTY FIFTH YEAR—NO. 49.

GLADSTONE, MICH., MONDAY EVENING, AUGUST 16, 1920

TO ORGANIZE FOR ATHLETICS

**NEW ASSOCIATION WILL TURN
OLD BUILDING INTO GYMNASI-
UM AND CLUB ROOM.**

Since the plan to organize the Delta Athletic association by a Mr. Keebler has apparently failed through, several of the young men of the city with an athletic turn of mind, and headed by William Valind, have revived the project and if sufficient funds can be secured, Gladstone will have an athletic club the coming fall and winter of which it may well feel proud.

The plans at present are to take up a subscription among the business men and others interested in such an organization, and rent the old Reppel building at Sixth and Delta. This is to be transformed into a modern gymnasium and club rooms. Sufficient equipment is to be installed to take care of all immediate needs, and the plan is feasible showers bath, will also be put in.

There won't be any need to look up a capable physical director as the city for the past month or six weeks has had a first class man in this respect. Al Phillips, formerly of Flint, who has a boxer of considerable repute and has a challenge out to meet any man in the world at the featherweight limit, before any club, at any time. Mr. Phillips is employed at the Marble factory and therefore the expense of engaging him would not be as great as if a man devoted all this time to the enterprise.

When one started the club aims to be self-supporting as a number of boxing bouts, basket ball and indoor baseball games could be arranged during the winter to take care of the remaining expenses. These latter contests would be against outside parties and put on in the opera house.

That such a project would be a great help in keeping the young men of the city cannot be gainsaid. At present there is nothing here to keep the young men interested and the result is that they are continually drifting out of the city. With a live athletic club here, these young men, and some of the older ones as well, would have something to interest them, and besides keeping their minds occupied, would give them a good, healthy sport as well.

This is a proposition that should appeal to everyone and the response to the call for funds should be as liberal as possible.

LABOR DAY PLANS ARE OUTLINED

**CENTRAL LABOR UNION HELD
IMPORTANT MEETING—BIG CELEBRATION TO BE STAGED.**

Gladstone will no doubt have a real Labor Day celebration this year if the plans which were suggested are carried out. At a meeting of the Central Labor Union, Friday night which was attended by practically every union in the city which is affiliated with the American Federation of Labor or not, a general committee was named to look after the general arrangements. Later the sub-committees, in which all the unions will be represented are to be named. The general committee is made up of the following:

O. A. Froberg, William Michener, Ed Eaton, Walter Belanger and Steven Beveridge.

Efforts are to be made to secure three special speakers who stand for the laboring man, and three bands to provide music for the day. One of these will probably be from Green Bay. Permission will also be sought from the city council to erect booths where soft drinks and lunch can be sold.

There will also be an effort made to secure the Manistique airplane so that the residents of Gladstone may have a chance to view "things from above."

The celebration will end up with a big dance at the Opera House in the evening and it is hoped that this will be one of the biggest Labor Day celebrations Gladstone has ever had.

It is especially urged that all unions cooperate in this matter and will send representatives when notified of the meetings that are to be held.

CARD OF THANKS.

We wish to express our heartfelt thanks to men and shop employees and many friends at Gladstone for their kindness and sympathy extended to us also for the beautiful flowers given at the time of our father's death.

SAM SHEPHERD AND FAMILY.

FRANK BURM SON OF MR. AND MRS. CHARLES BURM PASSES AWAY IN CHICAGO

Mr. and Mrs. Charles Burm of this city received word Saturday morning of the death of their son Frank, who resides in Chicago. Death was due to gallstone trouble, his illness lasting but a week.

He was 25 years of age and is survived by his widow and three children, besides his parents and three brothers and three sisters. The brothers are Henry Lewis and August of this city, the sisters are Mrs. Ben Butler of the city, Mrs. Louis Dierick and Mrs. V. Bernard of Norway.

The young man was well and favorable known in Gladstone and vicinity and news of his death comes as a profound shock.

The mother and father were present to attend the funeral which took place in Chicago this morning.

CAR TURNS TURTLE SUNDAY

**THREE OF A PARTY OF SIX ARE
INJURED—R. NELSON
DROVE CAR.**

Another auto accident occurred Sunday which emphasizes that slow driving is the best policy when making a curve.

R. Nelson, 519 Minnesota avenue and family, Mr. and Mrs. Gust Larson and Adolph Wickstrom were returning toward Tremay Sunday afternoon in Mr. Nelson's Ford car.

Next Sunday the team goes to Ishpeming, against whom the locals have not placed this season. The Ishpeming team like the Crystal Falls nine, has a strong aggressive feel but they hope to get rid of the jinx and put a break to their losing streak. The locals have now lost eight games and one three.

John Day came along shortly afterward and the car was soon on four wheels again, the only damage done being a broken wind shield and a badly crashed top. Mrs. Nelson was taken immediately to Tremay, where medical aid was secured and is at present resting quietly after the shock.

Farewell Party.
The Misses Tillie Rudenberg and Elsie Kjellander were tendered a very pleasant farewell party Wednesday evening in the Wassa hall, Miss Rudenberg was presented with a pearl necklace and Miss Kjellander received a cameo lavaliere. Dancing was the chief entertainment of the evening and an enjoyable lunch was served.

Must Forfeit Bonds For Wallin Failure

Swan Johnson, Emmanuel Richer and Charles Carson will be called upon to pay the federal government \$1000 as forfeited bonds for the failure on the part of Alvin Wallin to appear for trial when scheduled some weeks ago. Wallin also failed to appear in circuit court at the past session and his bondsmen there must forfeit \$200 for the same cause.

NOTICE
There will be a meeting of the Ladies' Auxiliary, the Legion Post No. 71, Wednesday evening at 8 o'clock. All members and those interested are urged to be present.

MRS. J. C. TITSWORTH,
Secretary.

Board of Review Postponed.

Because of lack of data from the Soo Line in reference to the Pillsbury flour shipment stored in this city, the Board of Review adjourned until August 25. Data concerning the Cecelia Milling and Supply Co., and the Washburn-Crosby shipments has already been received by Attorney Glenn Jackson.

The question as to whether or not local taxes can be collected on goods has been watched with interest.

Running into danger is foolishness, running away from it cowardice.

Mr. Dean and Mr. Audit of Menominee were guests of A. Legault Sunday.

Mr. and Mrs. Harry Morris and daughter Jeanette, returned to their home in Marquette today after visiting for a week with Mrs. Brockhardt's parents, Mr. and Mrs. Paul Brockhardt, Miss Jeanette Brockhardt returned with them and will visit there for several weeks.

LOCALS LOSE SUNDAYS GAME

**CRYSTAL FALLS NINE MAKE FIVE
RUNS IN FIRST INNING.
SCORE 6 TO 2.**

The Gladstone baseball team lost again yesterday. The boys were in high spirits when they left the city early yesterday morning bound for Crystal Falls, but the same old jinx was on the job and the game ended in favor of the Crystal Falls team by a score of 6 to 2.

The game was one of the best exhibitions of baseball ever witnessed in Crystal Falls, and although our team got the short end of the score, the Crystal Falls team by no means had an easy time of it. Outside of the first inning, Zryd, the Gladstone twirler, pitched in big league form. He had a bad start however and the lead of five runs which the Crystal Falls boys secured in the first round was too much to overcome. Both pitchers were in great form and their support was almost perfect. Each pitcher allowed but six hits in the entire game, but the Crystal Falls boys managed to make five of their six in the first inning. The five hits coupled with two free passes netted them five runs. Zryd struck out 14 bats and the Crystal Falls pitcher had only four strike outs to his credit. Gladstone made its two runs in the fifth round.

The score by innings was as follows:
Gladstone... 0 0 0 0 0 2
Crystal Falls... 5 0 0 0 0 1 0 4
Batteries—Gladstone, Zryd and Perrow; Crystal Falls, Evans and Williams.

At Ishpeming Next.
Next Sunday the team goes to Ishpeming, against whom the locals have not placed this season. The Ishpeming team like the Crystal Falls nine, has a strong aggressive feel but they hope to get rid of the jinx and put a break to their losing streak. The locals have now lost eight games and one three.

CHANGE DATE OF PRIMARY FOR HOLDING

Protests from many quarters in the state over the summer primary may result in future primary elections in Michigan being held during the latter part of September according to those in touch with the political situation. No change in time could be made for this year's primary, it is pointed out, as the date has been fixed by law and action by the state legislature is required to effect a change.

The principal objection to holding a primary in August comes from the women, it is said. It is declared that many voters and their families are away from their homes on vacations at the time of the primary and that the vacation period also breaks up the work of preparing for the election. Also, it is declared, little interest is taken in politics during what generally is the hottest part of the summer. The feeling of indifference is said to be increased by the fact that August is a long way from the November election and the campaign that precedes it.

The lack of interest in a primary held so early in the year has caused some of the candidates to join in the movement for a later election.

The question is expected to be taken up at the 1921 session of the state legislature.

A well-balanced man never is light-headed.

Who Remembers—When no horse was dressed up in the summer time unless he wore a green fly net with red tassels on it!

DELTA FORCE GOES TO IRON MOUNTAIN FOR A CONFERENCE

Professor Torval E. Strom, Sheriff Frank O'Dess, Chief of Police Toland and Chief Louis Danielson of Gladstone, went to Iron Mountain Thursday morning, where they attended the meeting of Upper Peninsula law enforcement officers, called by Leo G. Grove for the purpose of taking action upon laws which Grove says are "being sadly neglected."

LEGION MEETING IS IMPORTANT

**PLANS ARE MADE FOR ARMISTICE
DAY CELEBRATION—DELEGATES
SELECTED.**

The local Post of the American Legion which met Friday evening at the city hall, had a very successful meeting and much business of importance was transacted.

John Olson and Deibert Calder were selected to act as delegates to represent the August Martin Post at Saginaw, where the State Convention will be held Sept. 6 and 7, and were given instructions as to how they should vote in reference to certain matters.

Arrangements were also made to send in application for a permit, in order that boxing bouts may be staged here this winter and it is expected due to the encouragement received from various officials, that some real pep boxing bouts will occur.

The Post has also arranged to cooperate with the Woman's Auxiliary of the American Legion and it is expected that several social affairs will be given this latter part of the summer. Membership to the Woman's Auxiliary will be open to wives, sisters and mothers of service men.

A foot ball game between Legion men and a team called, "Yannians," which played in 1916 will probably be staged on labor day with delegates following. A game between this Post and some other post in this vicinity may possibly be staged on Armistice day.

Due to the warm weather, the Post has not been holding its regular weekly meetings, but now it has been decided that Wassa hall shall be rented for regular meetings which will begin next month.

34,000 IN U.S. BECAME MILLIONAIRES IN 3 YEARS

Washington, D. C.—Approximately 34,000 persons now may classify themselves as members of the "millionaire group," federal income tax returns indicate.

The group, as unofficially computed here, includes the members of the families of 20,000 persons who in their returns confessed each year an income of at least \$50,000 in 1917.

War profits, however, are known to have increased considerably the millionaire group. In 1917 it numbered only slightly more than 16,000.

Returns showing incomes of \$50,000 to \$75,000 a year were filed by 15,977 heads of families, while ninety confessed to annual incomes ranging from \$75,000 to \$1,000,000. Persons with incomes of more than \$1,000,000 in the 1919 returns are estimated to have increased at least 162 from 141.

A homely girl can't have too many brains, but if a pretty one has an unusual supply she has enough of them to know she must keep the fact a secret.

FIFTH IN PAYING OF BOUNTY CLAIM

**TWO COUNTIES IN UPPER STATE
MAKE NONE; \$1,569.12 IN
PAID OUT HERE.**

Delta county, according to the latest report of the state game department, rates fifth among the counties of upper Michigan in paying out bounties for wild animals and birds.

Many times during the year hunters have come to the county clerk with the carcass of some animal on which a bounty was offered.

For the Upper Peninsula, Gogebic county stands first having a paid out \$4,319.12 setting a mark not surpassed for several years by any county in the northern state.

A strange condition in the report shows by the fact that in neither Keweenaw or Chippewa counties were there any claims made leading to extra amount in the treasury of those two counties.

However, bounties paid to persons bringing in the evidence in which the law requires are paid. Here is a list of the state fund.

FISHERMEN TO HAVE LICENSE

**USE FEES TO ESTABLISH
HATCHERIES IS PLAN OF
STATE COMMISSIONERS.**

The Michigan fish commission decided to open a campaign for its sole object the establishment of a hatchery in every senatorial district in the state where there are lakes and streams.

The fish thus procured are to be planted in the lakes and streams of the senatorial district in which they were hatched, according to a plan issued by John L. A. Galster of Petoskey, one of the three commissioners.

"Furthermore," said Commissioner Galster, "we will include in our efforts an attempt to impose a license charge of one dollar on every person who fishes in inland lakes, streams, Lake Michigan, the object being to make a fisherman pay for the hatch and planting of the fish they catch."

As hunters are taxed to pay the cost of game protection, there is just as much reason for licensing a fisherman as a hunter. At present the laws require that visitors from outside states take out licenses but the cost of visiting fisherman is so small compared to the number of native anglers. There is nothing more discouraging or so injurious to Michigan as a game resort state than to have fishermen fail to get fish.

"The plan of producing the fish should arouse interest in the very best results, as a strong agitation in the peninsula now favoring a red fish hatchery business of Michigan."

"We need a rod license just as much as we need a deer license. Persons get fun out of fishing and hunting, and this largeness of our population should be a broad opportunity to fit successful conservation of our fish go along with the building of roads for automobiles and the nation of fires in our forests."

ESCANABA NEWS

Peter J. Christ of Rhinelander to Speak Tonight

Unity hall will be the scene of the first grand public rally of the Timber workers and all Escanaba who wish to attend tonight.

Mr. Christ is one of the general organizers of the Timber Workers and is well known to the public.

Having left Marinette several years ago where he was identified with the cause of labor, he took up his business in the other Wisconsin city and within very few years after moving there was elected chief executive of that city with a large plurality.

The second speaker will be Ray Centerville also of the Timber Men's organization who like the former has been active in labor circles for several years.

Especially interested are the local officials in the feeling of the public toward the meeting. So that all may have a chance to learn and know for themselves what will transpire in the meeting, the officers are making an appeal that all citizens of Escanaba interested in the labor developments of the community be present.

The hall will be made ready to accommodate one of the largest crowds ever to attend it.

Parsonage is Purchased By Baptists Here

At a meeting of the members of the first Baptist church of Escanaba held Thursday night, plans were discussed pointing toward the erection of a new church for that congregation within the next year.

Although tentatively taken up, the question in regard expressed favor toward the proposition and by the sentiment of those present, this city will have a new and beautiful edifice within the mentioned time, it is firmly believed.

The present cause for the meeting was to purchase a home for the new pastor who will come here the first part of September.

For some time the local church has been without any pastor and with the acceptance of the Rev. Skinner formerly of Baraboo, Wis., as parsonage here, it has been made necessary that as a first step a rectory for him be secured.

After several places were mentioned and discussed, mentioned as the most suitable, the members unanimously decided to buy the former Johnson home and property at 529 Fourteenth street, south.

Mrs. R. A. Andrews. Mrs. R. A. Andrews, 25 years of age, and her newborn babe, died Friday afternoon at a local hospital. The death of the babe occurred at 3 o'clock and the nursing mother, at 3 o'clock.

It was believed at first that her condition was satisfactory, but shortly before 3 o'clock she suffered a convulsion and passed away a few minutes later.

Mrs. Andrews who lived in Escanaba until a few years ago when she and her husband moved to Talbot, where Mr. Andrews is engaged as superintendent of the Andrews lumber company is well known here. Her kindly disposition and gracious personality endeared her to a large number of friends to whom the news of her death has come as a distinct shock.

In addition to her husband she is survived by one son, her mother, Mrs. A. Saunders of Minneapolis and a sister, Mrs. F. W. Munger of Minneapolis. She was a sister-in-law of James R. Andrews of this city.

Ziminski-Parok. Miss Mary Parok of this city and

Escanaba Consumers to Have New Water Meters

At a meeting of the board of public works held last night in the offices of the utilities commission, a contract for supplying the necessary new water meters for Escanaba was let to the Julius Andreas & Sons company, of Milwaukee.

The meeting which was called for this reason together with other business of the month was all in harmony according to the official minutes at the city hall this morning.

Seven concerns placed bids for the contract and after authorization and being given the clerk to open the sealed envelopes, the lowest bidder was selected.

The contract means the re-equipping of part of the city water system of Escanaba. In many homes it has been found that the meters were not up to standard and either water was being wasted or the meter was not registering the correct amount.

"We will remedy this situation when the new meters come," Engineer Goodard recently said at an open meeting of the board when the state public commissioners were here on request of the city council and local board.

So now, folks, when the new ones come, you will be guaranteed right water distribution and charges on a fair basis such as the commission is striving for.

Revive Campaign For Elks Temple

Imbued with the spirit of fraternalism, the Escanaba Elks club will revive the drive for funds to erect a \$100,000 Temple here within the near future. The foregoing announcement was made by Exalted Ruler George Fish of the local organization.

The membership of the Escanaba lodge is increasing with such rapidity that it is necessary that means be taken to provide the best and most suitable quarters in the city for the Elks of Escanaba.

"In time to come will be able to house the best and largest club house in this peninsula," Mr. Fish said in outlining his plans for the drive which will be under way within the next ten days.

Attempts to Assault Girls

What is believed to have been an attempt at a malicious and criminal assault on three young girls of Escanaba was frustrated by appearance of George Bell, a superintendent at the Escanaba Manufacturing Co. when he appeared in the near vicinity of the plant in time to see a middle-aged man inducing the three little girls to go with him to an obscure part of the city behind a bill board.

Mr. Bell, according to information received at police headquarters, noticed the action and took the man into custody. A call to the station was put in but while this was being done, it is claimed, the man whose name was not learned, made an escape not having been seen since. Police officers searched for him later in the evening following the description given them but their efforts were futile. The girls were not molested.

Mrs. John Dausey

Mrs. John Dausey, well known Escanaba woman, died at her home, 1491 Oliver avenue Thursday night, following a stroke of paralysis. Besides her husband she is survived by a son, Arthur of Escanaba and daughters, Mrs. George Casey of Gladstone, Mrs. Melvin Gridding of Nahma and Mrs. Joe Gattie of Escanaba.

Intoxicated Ten-Day Sentence

Mr. Bell, according to information received at police headquarters, noticed the action and took the man into custody. A call to the station was put in but while this was being done, it is claimed, the man whose name was not learned, made an escape not having been seen since. Police officers searched for him later in the evening following the description given them but their efforts were futile. The girls were not molested.

Boy Scout Drive to Be Conducted

A drive for \$5,000 for the work of the Boy Scouts of Escanaba will be started within the near future. The committee is headed by L. A. Erickson and will canvass the city in an effort to secure funds with which to carry on the work which has been started and is progressing in all parts of the country.

son and will canvass the city in an effort to secure funds with which to carry on the work which has been started and is progressing in all parts of the country.

The primary drive will be in the form of a Delta Co. branch of the Farm Bureau has been practically completed in this county. On Friday a well attended meeting was held at Fayette with J. H. Connery and H. B. Patton explaining the new movement.

FARMERS TAKE KINDLY TO FARM BUREAU MOVEMENT

The primary drive will be in the form of a Delta Co. branch of the Farm Bureau has been practically completed in this county. On Friday a well attended meeting was held at Fayette with J. H. Connery and H. B. Patton explaining the new movement.

Fayette farmers were not slow to realize the advantages to be derived from the get-together spirit and no doubt when the company is organized, a strong branch will be formed at Fayette. When the team of workers for the Bureau come around in a few days, they will be taken over the field by John Watson, Wilmer Bennett, John Pagan, Chas. Arnold and Joseph Green.

A similar meeting was held in the town hall at Garden Saturday. About 30 farmers were present and from what could be gathered, the meeting was very strong in favor of the organization of a local branch of the bureau. The Spaulding Bros. and also the Beardsley Bros. volunteered the use of their cars to facilitate the work of the team of bureau workers when they visit the field in a few days.

PROGRESSIVE FARMER BUYS THROUGHBRED HOLSTEIN SIRE

Mr. Albert Beardsley one of the Katz Bay's progressive farmers, is improving his dairy herd by the addition of a full blooded sire. The bull is of the Holstein breed, best growing in popularity in this section, registered and with a pedigree and record of which any one may be proud. He was purchased thru the kind offices of Mr. Patterson, our county agent. Mr. Beardsley is thinking too of purchasing one or two heifers of the same breed and quality. He has nothing to fear in the producing power of his present herd but he realizes that, especially in these times of high prices, the best is none too good and to farm a profit it is absolutely necessary to get the high producers in our herds. We would like to see every farmer in this section of Cleveland, within easy reach of a sire of such a quality.

Manistique-Grinnell Brothers' Music House, who have conducted their business on Oak street for some time past, is expanding, closing their Music store and will open up a large commodious store in the Canadian Sault in Green street. Earl Bellows, who has had charge of the local store, will take over the new quarters there. They will have a large show room for everything along the musical line will be on display. Mr. Bellows states that they will close their local store some time in September.

Beesmer—The cost of running the Geoskie county jail at Beesmer for the year closing on June 30, was more than \$10,000, according to the yearly report of Sheriff Thomas Koskie, which was submitted this week to the authorities at Lansing. Of the total amount more than \$9,000 was used in the payment of fees and salaries to the sheriff and his deputies for prisoners' meals and for "appearances in court."

Law Among Animals. The punishment that animals meet out to their criminals and the court and legal proceedings connected with it furnish an interesting field of study. While there is a recognized form of trial it suggests the methods of Judge Lynch rather than our trial by jury. In the animal world the accusers take the law into their own hands and act as prosecutor, jury, judge and executioner combined.

Hoover Week

Special Hoover representative direct from factory will be here all week—to work in conjunction with permanent local representative.

While here, offer 50 Hoover Specials at \$6.25 down and \$6.20 a month—25 Baby Hoovers at \$5.00 down and \$5.00 a month. Make your reservation now at once.

When one can buy a Hoover Suction Sweeper at such small outlay, it in fact is expensive to be without one. No home is complete without a Hoover.

Be sure to come in and let us show you the superior and exclusive points about the Hoover.

HOOVER is the one machine that'll lengthen the life of your rugs. In fact, by regularly giving them the Hoover treatment, you'll double their life. It's the one cleaner that will remove surface dirt as well as deeply imbedded dirt, sand and grit that in no time will cut the nap and destroy your rugs.

Every afternoon special talk on How to Judge an Electric Cleaner, showing comparative points of ordinary vacuum cleaners and suction sweepers like the Hoover. You may have heard a lot from representatives selling other makes of machines. LET US PUT YOU RIGHT—let us convincingly prove to you, give facts and figures, that if you want a real cleaner that cleans and cleans most satisfactorily, The Hoover is built to last a lifetime. A Hoover should outlive several electric cleaners of the other types.

MEET HOOVER REPRESENTATIVE AND GET FURTHER PARTICULARS

PERMANENT HOOVER SERVICE. With no other machines are included service like what you get with a Hoover. Our permanent local factory schooled Hoover man here on the job year around, giving same service as in the big cities. Everything done to give perfect service. Makes no difference if you bought machine here or not. Whenever there is any information wanted, just call Phone 27 at Escanaba and ask for Hoover man. His service is free!

stand out and make any face stupid looking and homely. I am thirty years old now, and think it is too late to have my ears placed properly. Can you advise me, however?

What the Sphinx Says. By NEWTON NEWKIRK. 'A HAZ been can give you better advice than a Never-wink.'

Attraction Extraordinary LYRIC THEATRE

Thurs. and Fri., Aug. 19-20.

MARY PICKFORD in Jean Webster's famous play "Daddy Long Legs"

This Great 7 Reeler is Miss Pickford's first production from her own studios. The story alone cost \$40,000.

Special Notice: Mary Pickford offers this first production from her own studio, of which her mother is business manager, as an example of the quality of Photoplay but friends may expect from her in the future. She paid \$40,000 for the story alone. She is not controlled by any producing company and is responsible to the public only for the class of entertainment she provides.

Days, 15c-25c Evenings, 25c-35c Tax Extra. It cost us double the price of an ordinary feature, but you'll agree it is worth it.

Yellow Men Sleep

Jeremy Lane Illustrated by Irwin Myers

CHAPTER I.—I started only the other day and...

CHAPTER II.—I was not at all surprised when...

CHAPTER III.—The Far Call, which they supplied him with...

CHAPTER IV.—"What are the words?" "All practitioners, sure, which reads Shansung..."

"You found the man for me?" replied Con, "and that was the most difficult part..."

"Since this is not a mantra," concluded the old man. Here was the mystery of Lexington's knowledge on the subject...

Both Father and Son Regarded the Young Man Before Them. At an unlooked-for moment of his mother the woman next door had told him enough to identify his father's beloved...

"I am not a mantra," concluded the old man. Here was the mystery of Lexington's knowledge on the subject...

The ancient figure in the chair looked thoughtfully into the fire. His words made floating pictures for Con, as if the shadowy golden stories of Chinky Bill were about to continue before his eyes...

The silence that followed, the thoughts seemed to live in the room and the glow from the lamp was oddly like desert sun-

CHAPTER III. The Far Call, which they supplied him with more things than any one needs. Lexington was not inclined to stack weapons...

CHAPTER IV. "What are the words?" "All practitioners, sure, which reads Shansung..."

Both Father and Son Regarded the Young Man Before Them. At an unlooked-for moment of his mother the woman next door had told him enough to identify his father's beloved...

EPISODE IX. When the Man WHO ALWAYS WAS SARCASTIC saw that a Fellow Worker was pinning the BIGGEST LUNTHEAD Medal on him...

"I am not a mantra," concluded the old man. Here was the mystery of Lexington's knowledge on the subject...

The ancient figure in the chair looked thoughtfully into the fire. His words made floating pictures for Con, as if the shadowy golden stories of Chinky Bill were about to continue before his eyes...

"You seek a country that may never be known. Perhaps it is entirely a rumor, a race-old fancy and fear. You have heard the tales that are told, or they be false or true, and if the white man has ever passed beyond that borderland of pain, no one has come back to us with proof...

are not mine to tell you—now. When you have opened and read it, you will have committed yourself, and you must not turn back. The breaking of the seal is your pledge. But until then, you are free. You have no obligations of any kind to me or any one else. You will understand in Stansung.

March smiled faintly, almost with solemnity. Lexington bowed, accepting the small sealed packet. He peered it to the bottom of the hat. Presently they went to the harbor. The old man stood up tall and steady, the light of youth in his eyes. There was a brief farewell, firmly spoken. Again in Lexington's room. Andrew March stripped the young man's hand, a little more tenderly than usual, and the silence between those two was vital with budding affection. March then took his leave.

It was not yet midnight. Con waited in his room, while the lights of the March house were dimmed. Into a few closets of night came messages from an earlier date—Shasta that beckoned, the alley in Memphis, and one humid evening in the harbor of Elsinore. Con wanted his life, forgetting that he was twenty-five.

About one o'clock he turned out his own light and left the friendly room. The door was ajar, and he had not stepped from the room, but in the darkness he caught a curious scent, an emanation and musty smell. It was not his own. He went to the door and looked out. The street was empty. He turned back and looked into the room. The door was open, and he had not passed before the open door.

Excitation in leaving the March house was part of Con's instructions. Whatever the Chinese cook might have told his master, and young Wedger in turn, had communicated to the police after the singular occurrences in the Wedger pantry. Lexington felt safe for the present. He doubted if any of the Chinese would dare give an honest account, because of the nature of that which had been taken from him. Cecil would be annoyed, puzzled, even angry, but the Chinese would be silent further. Con realized the energy of that slim Oriental body—pamburike, not a heavy straggler, for the Chinese was beyond an age for muscles, but a silent writhing power, nerve-driven.

Con did not go down to the front gate, but turned about the garden path, across the fragrant terraces. Even the roses, late blossoming, did not clear his nostrils of that spice in the open doorway. The shock of that was just reaching him. He had an impulse to turn back and sniff again, to prove to himself that he had fancied the familiar odor. Then he laughed at himself and began to ride down his fear. He passed around the little pond, where autumn had touched the shrubbery; then given a trifle earlier to its rustling. Beyond this was a barred gate in the wall. Lexington drew it back, glanced across the dark house on the hill, and emerged upon the street.

The Great Lunthead Mystery. Taking time to think about himself, he found that though he was an expert worker...

BETTY BLYTHE

Handsome Betty Blythe is regarded as one of the most beautiful screen actresses of our generation. She has been declared by critics through out the country as the screen's most classic beauty.

Off Again On Again. Strickland W. Gilliland. Copyright.

POETRY. Money's Magazine recently had this little poem: Star of night, Star of night, Very so solemnly shining, Out of darkness, See how much I CAN stand...

Being Frank About It. A current, business-like advertisement reads: "Would you marry it? Come to think it over, we don't believe in it." People got married because they are not satisfied with the circumstances as they are.

Heart Changed Things Much. A Utah boy has invented a combination triangle and cube for use in mathematics. The "tetrahedron" seems to have been the rule for years, in French fiction and on the stage.

FINNISH LOGSOBY. Some lies are mighty deceptive. Jahn what you think you can depend on them? It's all right, they'll unexpectedly tell the truth and deceive you.

CROSBY'S KIDS

The Zig-Zag Tread. Mechanically and scientifically...

Lee Cords—Economy Tires

PUT a Lee Cord on your car. Forget about it for five, six or seven thousand miles. Then watch it closely. Note how it continues to roll up mileage—how it stays young and keeps postponing the need of a new shoe—how it outrides and outlives any tire you ever had.

Lee Cord construction, the high quality of materials and the hand work of skilled cord tire specialists practically eliminate blowouts, blisters, tread separation, sidewall breaking, internal friction and the other usual tire troubles. When you begin using Lee Cords you end tire waste. Every mile brings a saving; you'll see the difference in a year. But don't wait to have me show you their advantages.

CHARLES LACROIX Gladstone, Mich. Next to State Bank. The Lee Tires Distributors. "Smile at Miles"

AKRON RUBBER MILLS LAY OFF 25,000 WORKERS. Akron, Ohio—Production of automobile tires, chief industry of this city, reached low ebb of the year and 25,000 workers have been laid off according to rubber company officials. They say the upward trend is not expected before November 1 and that until then half-time shifts will be in effect.

Horrible Death of Grand Rapids Woman. Grand Rapids, Mich.—Mrs. Ora H. Kennedy of Baldwin, sixty miles north of here, met a horrible death on Wednesday when she was burned in her automobile. Her son, Keith, was driving and the automobile struck the leg-iron of the Peck Marquette No. 4 bridge which was standing on the Marquette bridge. The gasoline tank exploded as a result of the shock, liquid fuel was covering the two. The woman died almost immediately. The son will recover.

From the berry patch long enough to take a hurried trip down to Farette and get a few hours' sleep on a comfortable bed, and back again to the plains early Monday morning. Word has been received from Andrew Cooper, away down on the corn belt at Lewistown. He is having a good time in spite of the extremely hot weather prevailing there.

STOP!

It's the exclusive Columbia Non Set Automatic Stop that we mean, the greatest improvement ever made in the phonograph. Come in today and let us demonstrate the stop that needs no setting.

This long-wanted improvement is built right into the motor of every Columbia Grafonola, from the Vacation Model Type D-2 on through the entire line.

Invisible. Automatic. Operates on any record, long or short. Nothing to move or set or measure. Just start your Grafonola. It plays and stops itself.
