SAD DEATH OF WILLIAM DRUM

VERY IMPRESSIVE MILITARY FUNERAL HELD TODAY

Funerals of the Drum family were held by a message received here Monday stating that Wm. Drum of this city was drowned in the Ontonagon river. It was a very great shock to his mother and relatives who immediately left for Ontonagon and accompanied the remains home Wednesday morning. The body was taken to the Drum home on Third Avenue and a guard of honor was stationed in front of the home until the funeral this afternoon. The body is in full uniform, two gold chevrons indicating that the young man had served more than a year overseas. The casket is draped in the American flag.

William Drum was a son of Mr. and Mrs. Anthony Drum, Third Avenue, and was 27 years of age at the time of his untimely death. He was in the employ of a lumber company and fell from the boom into the river. His body was held under by logs so that it could not be rescued. He was a member of the August Mattson Post and a very large representation of that organization marched in full uniform to pay their last respects to the departed comrade.

The funeral services were held this afternoon from the home at 2:30 and from the Methodist church at 2:30. Rev. D. D. Nagle officiating. After the services at the church the funeral cortege moved to the foot of Wilson six avenue where the military escort was taken to the cemetery in cars. The services at Perawood cemetery were in charge of Chaplain Brown of the 32nd (Red Arrow) Division, with which division the deceased served. Three volleys were fired by the firing squad and taps were sounded by Bugler Leroy Eversatt. Commander Dayton and Chaplain Cameron. August Mattson Post also performed military rites at the grave. It was one of the most impressive funeral services ever held.

The departed was well and favorably known here and leaves a large circle of friends who deeply mourn his loss.

COMING

The Methodist Episcopal Harvest Home Supper, at the parlors, Wednesday October 20, from 5:30 to 7:30. Everybody welcome. Come and get your money's worth of good eats.

MENU

Roast Beef Brown Gravy
Mashed Potatoes
Pickled Beets Cabbage Salad

Apple Pie Coffee.
All for 50c.

CARD OF THANKS

We wish to take this means of thanking our neighbors and friends who assisted us at the funeral of our beloved mother and also the beautiful floral offerings.

Mr. and Mrs. Gust Seadin,
Mr. and Mrs. John Nelson.

County Jail Loaded With Prisoners Now

The Delta county jail is "now loaded" with prisoners, some waiting trial, others sentenced to serve time and some whose preliminary hearing has not yet been held.

"Not for a long time have we been kept so busy with these fellows," Sheriff O'Dess declared this morning after his morning inspection of the jail and call at each cell.

IRON RIVER VILLAGE BOARD RESIGN POSTS

Iron River, Mich.—What is believed to be the most unusual circumstances ever known in municipal governments in the United States developed Saturday night in the resignation of the village president and the entire board of trustees of the village of Iron River.

People last several years municipal government affairs have been a subject for discord, and citizens criticized every action of the board. The matter came to a head when at a special meeting of the council each member's resignation was accepted. A new president and board of trustees were immediately appointed, including two women.

Iron River will be remembered as the center of the whisky rebellion in the northwest several months ago.

Every once in a while you hear of a hunger strike, but it's never a hunger strike. Pet prejudices pay poor interest.

LEGION TEAM TO PLAY AT MEMORIAL SUNDAY

The Gladstone and Menominee Legion football teams will clash on the Menominee gridiron next Sunday in the second game of the season for the locale. Since the defeat at Ishpeming a couple of weeks ago the local team has been practicing nearly every night and the result of this intensive training will no doubt be seen against the Menominee team. Quite a few Gladstone people intend to accompany the team.

ELECTED TO OFFICE ON ROAD BOARD

LOCAL BANKER ELECTED ROAD COMMISSIONER TO SUCCEED JOHN GASMAN

At a meeting of the Delta County board of Supervisors held last night, E. J. Noreus was elected road commissioner to succeed John Gasman of Bark River whose term expired and because of poor health was not a candidate. This comes as very pleasant news to Gladstone as Mr. Noreus has always been closely identified with this community's progress.

J. J. Holm was re-elected poor commissioner and E. J. Willman was re-elected to a place on the board of school examiners.

The board accepted all reports of the finance and other committees and the meeting adjourned last night at 6:30 o'clock.

BERNARD MICKS MADE CHAIRMAN OF COMMITTEE

At Monday night's meeting of the American Legion, Bernard Micks was appointed chairman of the reception committee for Armistice day. He will have for his aides two cavalrymen who will assist him in welcoming the visiting legion men from Rapid River, Nahma, Garden and all neighboring sections. This committee will also have charge of the band and will receive the business men at the banquet after the football game.

DELMAS KERR DISAPPEARS FRIDAY MORNING

Little Delmar Kerr, 11 years old has mysteriously disappeared. From his home. He was last seen Friday morning about ten o'clock and although great efforts have been made to locate him, no clue as yet has been found. The little lad is very bright, very talkative but extremely polite. He seems to have been in more or less petty troubles of late and his home surroundings were not very encouraging.

He is red haired and much freckled with ever a pleasant smile. When last seen he was wearing a brown hat blue sweater and blue overalls. The police are trying to locate him for his own good.

NEW QUARTERS AT CITY HALL

Finishing touches are now being made to the new quarters at the city hall. The lighting and electric fixtures were installed yesterday and also the apparatus used in testing the city water. Chief Danielson's office and the quarters for the lighting department will be ready in a few days.

FEDERAL BOARD IS NOT TO BLAME FOR SLUMP ON MARKETS

Chicago, Oct. 13—Charges of farmers' organizations that the federal reserve board is responsible for declining commodity prices in the grain and cotton markets were answered today by J. B. Forgan, president of the advisory council of the federal reserve board. The efforts of the federal system to curtail credits, Mr. Forgan said, have been directed against non-essential industries and speculations. The advice of the board to member banks has always been that the latter "give every encouragement possible to the essential agricultural industry."

ABOUT THE WEATHER

Data is furnished by the local office of the Weather Bureau at Escanaba. Showers and colder tonight and Friday. Fresh south to south west winds. Temperature for the past half week.

COUNTY OFFICIALS BOAST FORMED TO AWARDED RAISE REMEDY CONDITION

SCHOOL COMMISSIONER SALARY ON PAR WITH OTHERS

Salary increases to virtually all of officials of Delta county were awarded yesterday by the county board. Salaries of Delta officials have not been raised since 1916 before the wave of war prices increased living costs of their present level.

A special committee, headed by Supervisor Atkins, on which Supervisors Tryal, Peterson, Harmon, and Murphy were named by Chairman McLean, spent several hours yesterday afternoon in revising the schedule.

The committee's report was accepted with but one amendment. The report had fixed the salary of the school commissioner at \$2,500 a year. Supervisor Harry Green insisted that the office be considered on a par with the others and moved that the figure be set at \$3,500 a year. There was a brief discussion and the motion was carried, 18 to 7.

Judge of probate \$3,600; county clerk \$3,000; sheriff \$3,600 with an annual allowance of \$4,000 for the boarding of prisoners and the maintenance of the county jail. Turnkey \$1,500; undersheriff \$1,800; treasurer \$2,600; prosecutor \$3,600; notary police, \$150 a month each; janitor \$125 a month. Deputies will receive \$1,200 to \$1,125 a year and there were clerk allowances for some of the offices.

COUNCIL TO APPOINT ELECTION BOARD MONDAY

The city council will meet next Monday evening and among other matters will appoint the election board which will have charge of the general election a couple of weeks hence. A special election will be held on the same day in the Fourth ward to elect a successor to Alderman R. C. Osterizer who has resigned.

1,200 NUNS REGISTER TO VOTE IN NOVEMBER

Newark, N. J., Oct. 13—Nearly all the 1,200 nuns in the Catholic diocese of Newark have registered for the November election under names they bore before they entered their religious organizations. They were permitted to decide for themselves whether they wanted to vote.

A nun is always suspicious of the man who boasts about how happy his home life is. Usually she's trying to sell him.

It used to take a lot of courage to get married, but now it not only takes lots of courage but lots of cash.

Our attention has been called to a matter which is causing considerable uneasiness through our city and upon investigation we find most of it unwarranted.

It appears that a few months ago an innocent looking petition was circulated and fifty or sixty signatures were obtained including the undersigned, who are probably as interested as anyone in the harmony and welfare of our city.

It has been proven to the satisfaction of a great many people that the petition for change in the Michigan School Law was primarily a blow against the Parochial Schools and we are confident that very few had this in mind when signing. Rather than have a false impression remain in the minds of many and as it is best that the matter be treated fairly by both sides, it seems best to make this statement, for judging from local conditions the present laws are entirely satisfactory.

This city cannot afford to have internal strife, instead of different factions sticking together it is much better that we all pursue a more liberal and broad minded policy which will enable all our citizens to get together and work together. We would mention that the list of signers mentioned is rather misleading as thru copying, names have been mis-spelled and wrong initials used and we feel that many have been criticized unfairly. To avoid further misunderstanding we feel that the matter should be forgotten and the efforts of all directed in channels which will be productive of good for the entire community.

The End of a Perfect Day

GLADSTONE HAS CHANCE TO GET NEW INDUSTRY

Opportunity is again knocking at the doors of Gladstone—this time in the form of a cedar chest factory which is now located at Milwaukee. Two gentlemen, Messrs. Bennett and Dahl, will arrive in the city Saturday to talk the proposition over with local business men and investors.

HOUD RETURNS FROM IRON RIVER

OTTO HABERMAN ASSISTS IN SEARCH FOR LOST BOYS

Chief of Police Danielson and Otto Haberman, with his bloodhound returned from Iron River where they were called Monday night to assist in a search for two boys who had been lost in the woods.

The boys were about 15 years of age and had gone into the woods Sunday morning but failed to return. Monday a party of Iron River people went out in search to find them. After a diligent search, then they were sent for the bloodhound. The hound was put to work and ran out a number of false trails, but there were no results because so many people had been over the ground.

Finally Tuesday word was received from the boys who were safe in a locality about thirty miles away. It seems that the boys went quite far into the woods and became hopelessly lost. They roamed about until they came to the banks of a river. They decided to build a raft and float down the river until they came to some habitation. They floated nearly all day Tuesday. As soon as they landed they notified their people and they started on their way home.

Mrs. Napoleon Sovie Dies Saturday; to Be Buried at Schaffer

Mrs. Napoleon Sovie, 77, one of the most widely known and highly respected women of Delta county, both in the city and Escanaba, died Sunday night at an Escanaba hospital. The body was taken to the after undertaking parlors where it was prepared for burial and Monday afternoon removed to the home, 1395 Olive avenue where it remained until Wednesday morning when it was shipped to Schaffer where funeral services were held in the Schaffer Catholic church with burial in the Schaffer cemetery. Her husband and five sons survive to mourn her departure from this world.

The deceased was active in work in Escanaba and in the country for many years during which time she established a wide acquaintance among different sets of people. All respected and loved her and will miss her now that she has gone.

Michigan Farmer Kills Daughters and Then Tells

Lansing, Mich.—Earl Roop, a farmer living near here, confessed, according to members of the sheriff's staff this morning that late yesterday afternoon he chloroformed his two daughters and buried them in Red River. The two girls had been in the field with him when he was working in the evening.

Later at night when the farmer returned to his wife, who was in bed with her six-day-old child, he said the two girls would be home later and assured his wife that they were both safe and sound and that there was no cause to worry over them.

A few hours later he went to the sheriff's office and made the alleged confession.

After Roop told his story to the sheriff at Mason, he surrendered and said that the crime was committed because of despondency. He was at once placed under arrest and is being held on a charge of murder.

COAL PROFITTEERS TO BE PROSECUTED

Washington, Oct. 11—Prosecution of anthracite coal operators for profiteering has been decided upon by Attorney General Palmer, who today ordered that evidence be gathered against mine owners in the Northeastern Pennsylvania fields.

MICHIGAN CROPS REPORTED GOOD

POTATO CROP EXCELLENT ALTHOUGH NO PRODUCTION INCREASE IS NOTED

Lansing, Mich.—An optimistic report on crop conditions in Michigan for the week ending Oct. 2 has been issued by Verne H. Church, agricultural statistician of the Michigan Co-operative Crop Reporting Service. The report follows:

"The absence of frosts until near the close of September has permitted the maturing of an excellent corn crop a splendid crop of all kinds of fruit buckwheat, beans, potatoes and truck. An excess of moisture in the eastern part of the state has delayed plowing and the harvesting of late crops. Over the central and western sections the ground has been generally too dry for plowing seeding and the germination of the fall sown grains. A considerable amount of seeding of both wheat and rye yet is to be done. Many who could have sown earlier have delayed wheat seeding in order to escape the hessian fly.

"In the southwest part of the state and as far north as Ottawa county the corn crop was shortened by a prolonged drought that prevailed from June until near the end of the season. In practically all other parts of the lower peninsula corn is well cared and is maturing in good shape. Prudent farmers are selecting seed corn for planting which will be safe from later freezing weather.

Big Bean Yield
"The harvesting of beans nearly is completed in the central and western districts, and the crop was in good condition. In some eastern counties harvesting has been hindered greatly by wet weather. Excellent yields are reported from south-central counties but farther north yield has reduced the yield materially in many sections.

"In general the quality of the potato crop is excellent. The condition varies widely, good yields being reported from some counties and relatively poor yields in others. In some southeastern counties yields are reported to be well above the normal. The condition varies widely, good yields being reported from some counties and relatively poor yields in others. In some southeastern counties yields are reported to be well above the normal.

"All of the available clover acreage is being harvested for seed the yields being variable. Buckwheat yields also are variable, but generally good. Sugar beets are an excellent crop in most sections and lifting has been in progress during the week.

"The fruit and truck crops are scarce. High winds during the week have blown much fruit to the ground particularly winter apples.

MAY CURE SOLDIERS BY OXYGEN

London.—An attempt is being made to cure men who have been gassed in the war, by pure oxygen breathing. At Guy's Hospital an air-tight chamber of glass 20 feet square and seven and one half feet high has been made. Men who have been gassed and suffer difficulty of breathing will be put in the chamber for five days or more and will breathe oxygen continuously. The treatment was devised by Professor Joseph Barcroft of Cambridge University and Doctor G. H. Hunt of Guy's Hospital.

100,000 MEMBERS FORM BUREAU'S AID

Lansing, Mich., Oct. 10—Membership of the Michigan State Farm bureau is expected by bureau officials to pass the 100,000 mark by January 1. The growth of the bureau during the past twelve months, not only in membership and working personnel, but in influence, was outlined here, bureau officials on the first anniversary of the start of the campaign for more members.

One year ago the headquarters of the bureau consisted of two small rooms. Today the bureau owns its own office building and warehouse combined in Lansing. It has leased three other warehouses for handling wool. The membership now is 84,388. Fifty-nine counties have been organized and twelve counties ago no county had been organized.

WISCONSIN POSTOFFICE IS ROBBERED \$1,300

Chippewa Falls Wis.—The post office at Stanley was burglarized and \$1,600 worth of postage stamps of various denominations, together with about \$300 worth of valuable papers. The robbers blew open the safe.

"Girls will be girls"—and so will a lot of old women.

THE DIFFICULTIES OF DESCENT

It is more dangerous to go down a hill or mountain than to go up one. It is an easy matter to go down, but there is always a chance of getting such a slip that you cannot stop and that causes one fall with serious consequences. The same thing is true in the matter of prices. Prices have begun to go down. There is no longer any doubt or question as to that subject. The big danger now is that they will go down with such a sudden rush that the machinery of business and industry will be put out of commission.

It is not prices but the tendency to profiteering there would be no danger in an abrupt decline, but the truth is, profiteering had had much less to do with them than most people imagine. Prices went up because all along the line war conditions made the demand large in proportion to the supply. The demand for raw materials and the demand for labor. High prices stimulated production until in many sorts of goods the demand in proportion to the supply had weakened. The problem begins to be getting goods sold instead of getting the goods to sell.

It is not a matter of the profiteer going through an excessive profit, but of reduced demand all along the line, reduced demand for raw materials, for manufactured goods, for labor. Prices are coming down, but if they come down suddenly too, with the result that a great deal of the commerce and industry of the country will be for a time at a standstill, the result will be a great deal of unemployment.

It is much better for the chance to come about gradually and by a number of small declines than all at once.

50 NEW SEATS MAY BE ADDED TO LOWER HOUSE

Washington.—Examination of the final census figures on the country, which placed the total population of the continental United States at 105,823,105 indicates that the west and southwest proportionately will gain more in a political way than the east or middle west, through its increased membership in house of representatives more votes in the electoral college and larger delegations to the national political conventions.

This result will obtain, whatever basis of apportionment is adopted by Congress next winter fixing the size of the next house, which in turn is reflected in the electoral college and the conveniences of the big political parties.

Fifty New Seats

As a result of the increase of 13,184 in population 50 new seats must be added to the house to prevent any state from reducing any part of their present representation. Should the present ratio of 415 be left unaltered by increasing the basis of apportionment, there will have to be a transfer of 12 seats now held by 12 states to nine other states.

For the past half century the procedure has been to increase the size of the house so as to prevent the loss of the existing representation as a state. As a result the house has grown from 243 to 435 members.

If this procedure is followed this year five additional representative seats must be given to California, four each for New York, Ohio, Pennsylvania and Michigan, three to Illinois and Texas, two to Mississippi, New Jersey and North Carolina, and one each to Alabama, Arizona, Connecticut, Georgia, Maryland, Montana, New Mexico, Oklahoma, Oregon, South Carolina, Tennessee, West Virginia, Washington, Wisconsin, Virginia, Arkansas and Minnesota.

Oppose Large Increase

The congressional leaders are strongly opposed to any large increase in the house as they regard the present membership of 435 as too unwieldy.

By holding the house membership at 435, gains would be distributed with 3 to California, two to Michigan and Ohio, and one each to Connecticut, New Jersey, North Carolina, Oklahoma, Texas and Washington. To offset these gains Missouri would be forced to lose two congressmen, Ohio, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Mississippi, Nebraska, Rhode Island, Vermont and Virginia would lose one each. All the other states would retain their present numerical delegations in congress.

Manchester, N. H., Oct. 13.—President Wilson in a speech at the peace conference, already subject of widely published controversy between him and Senator Beveridge, Missouri, declared that if any "covenants of this settlement are not observed the United States will send her armies and navies to see that they are observed."

Senator Beveridge asserted in an address here tonight.

"The controversy between Senator Spencer and the president has been interesting," said Senator Beveridge, "not so much because it may illustrate the fallibility of memory but because it shows how this league looks when you begin to view it in its practical workings."

When you get discouraged trying to change others' natures and failing why not change your own?

The only persons who seem to take seriously the demand for increased production are those that don't produce anything.

the party which has for its standard bearer a man satisfactory to the liquor interests and the most notorious Democratic bosses of the country.

It is not only the party of the league but the party of businesslike taxation, the one that wasted millions of money furnished by patriotic bond buyers in building useless wooden ships, impossible airplanes, and in a thousand and one other ways made the winning of the war immensely more expensive than it need have been for the sake of providing thousands of the party with lucrative positions.

It is not only the party of the league but the party which has spent millions of money with the other in sensational and unsuccessful attempts to fight that same radicalism.

It is not only the party of the league but the party that caused the untimely early waste of life and money which resulted because this country waited until after the downfall of Russia before entering the war.

In fact, while the league is a dream at the best and at the worst a plan that might lead to unnecessary war and the subjugation of the United States to European powers, it is the very best thing the Democrats have to offer and they show great wisdom in striking to it as much as possible.

Enid Bennett

One of the favorite "movie" actresses of the present day. She was born in York, Australia; educated under a governess and on finishing school she started upon a business career in Perth, Australia, where she met a screen star and became interested in motion picture acting. She has been seen in some of the most popular pictures.

THINK OF THIS.
Pay for your setting down to facts. Our job as better working. The money is all there. Been gladder since this morning?

Settlers.
Settlers are divided into many kinds.

Among those who have done a great service to mankind in the classification of settlers are Dan and Brad Street and the Credit Men's association.

Some people are used to be called "early settlers" but many of the early settlers in one place did so because they were such late and reluctant settlers somewhere else.

Shakespeare said: "The evil that men do lives after them."

But the people that men do run after them, and after them, and do other disagreeable things like that.

One hears now and then of an "old settler" and then of a "new settler."

But if one were foolish enough to try to organize a "prompt settlers' picnic" it would be a rank failure.

The trouble is that enough people there for a picnic.

The only people you can converse freely with on the subject of settling to the man you see.

The man who sees you is strangely reticent and sensitive on the subject, and will even nodly walk away if you persist in referring to those his disagreeable things.

The average old settler, if you have the dots on him, will stick fairly close to the actual year he moved into the community.

But if you haven't got him tagged, he'll stretch it at least fifteen years.

The Indians' calculations are always begging people to come there and settle.

Their wandering usually gets those that the former neighborhood pleads with to stay where they are and settle.

FINNIGN FLOSOIFY

Most men when they have learned a thrade say: "Good-bye, bra-ains! I won't ever made yes any more! I now live a thrade!" An' people that hire thin fr a job notices at right away.

It Can't Be Done.

The young Puritan lad who had been put in the stocks for playing seven-up in the haymow, muttered to himself: "They talk about 'dealing in stocks' Deal nothin'! Why a feller couldn't even shuffe 'em, let alone deal, with his hands fastened up this way!"

Those Greek Gooks.

King—Have we defied the entente powers today?
Premier—Once.
King—Have we defied the entente powers?
Premier—Twice.
King—Then hurry up and give the entente another good, man's-size defy, and we'll shut up the shop and call it a day.

HURLEY MAN SLAIN BY FEDERAL AGENTS

Hurley, Wis. Oct. 11.—Federal dry agents early Sunday shot and killed John Chappuso of Hurley in a running battle with an alleged "booze ring" on the Mercer Hurley road.

Chappuso was struck by four shots, one of them severing his spinal cord, and causing instant death. At the time of the shooting he was piloting an automobile said to be loaded with liquor.

Chappuso was a local saloon keeper and a leader in the Italian settlement in the city. Following his death Italian men gathered, but the agents held the vicinity immediately after the shooting and no trouble was reported.

The cars which were carrying the liquor left Mercer and it is believed they intended to make Ironwood, Mich. just across the state line from Hurley.

JUDGE AT BAY CITY METES OUT STIFF PENALTIES TO THE RUM VENDERS

Bay City, Mich., Oct. 13.—Herbert Greeno, who pleaded guilty to the charge of violating the prohibition law, was sentenced Friday by Judge S. G. Houghton to six months in Lonia and a fine of \$250. Mrs. Noah Trudell, sister of the young man, and whose husband is serving a sentence in Lonia for a similar offense, had to be assisted from the court room.

Judge Houghton was unusually severe with all offenders and following his sentence of eight months in Lonia on John Neal, the latter went into a faint.

Other sentences were: Charles Lebed, Pontiac, transporting liquor, \$250 fine and ten months in Jackson; Fred Bertrand, 250 fine, \$50 costs and 12 months in Jackson, same offense; Andrew Loughner, selling liquor, 10 months in Jackson; Frank Rosenberg and Aloysius Kazmarek, \$250 fine and \$100 costs Charles Maylew, having liquor for sale, 12 months in Jackson; Earl Howard and Roy O'Brien, automobile thieves, one to 10 years in Lonia, with the recommendation of a year; John Pankowski and Roman Gromadzick, selling independent, \$250 fine, six months in Jackson; Ebel Manchester, selling liquor, 40 days and \$100 fine; Lorraine Wright, same offense, 60 days and \$150 fine.

NEWS OF THE MOVIES

A bewildering variety of exquisite gowns and dazzling jewels is worn by Hope Hampton in her initial production as a star, "A Modern Salome" which has been produced by Hope Hampton Productions, Inc. and is distributed by Metro Pictures Corporation. It is her determination to become known as the best dressed woman of the screen and in her first production she has set a mark that if maintained will earn her that reputation.

Morning gowns, riding habits, lunch-evening gowns, tea frocks and wraps—perfect taste and gorgeous beauty in all of these is displayed by Miss Hampton. They are so numerous and are finished on the screen with such artistic effect as to constitute a spectacle which in itself holds and dazzles the eye.

One evening gown which the star wears is made of white satin, trimmed with crystal beads, embroidered with unusual designs and sparkling like the diamond diadem and the pearl necklace she wears with this dress. This particular costume was worn by Miss Hampton at a recent dressmaker's convention, where it won first prize

in the contest for which the leading models on both sides of the Atlantic had submitted their pocket masterpieces.

The gown was an entry by Russek, one of the prominent Fifth Avenue establishments. While the owners of the prize gowns in these contests are reluctant to part with them as a rule because they desire to keep them for display purposes, Mr. Nitarol, the manager at Russek, gladly gave the gown to Miss Hampton when he met her because he declared her to be its ideal wearer.

"A Modern Salome" was written and directed by Leonce Perret and is founded on Oscar Wilde's famous dramatic poem "Salome." Miss Hampton's leading man is Wyndham Standing, who recently played opposite Norma Talmadge in "The Isle of Capri." The cast also includes Agnes Ayres, Percy Standing and Sydney L. Mason. At Lyric Theatre tonight and Friday.

Announcement is made of the presentation in this city of the new William Fox Motion picture, "Her Elephant Man" which will bring to the screen with full starring honors that most delightful little personality, Miss Shirley Mason. The attraction is to be shown at the Lyric Theatre on Sunday and as it is a story dealing with the circus it is sure to prove a drawing attraction.

"Her Elephant Man" described as the best circus story ever written, is by Pearl Dolan Bell, who spent many weeks with the big show getting her facts and her atmosphere. It has been given a superb production by William Fox and will present the circus with greatest realism. One of the scenes shows a three-ring circus in full action and later the great tent is blown as a work in the path of a storm.

Miss Mason plays the part of the star rider of the show—or which her guardian since childhood is the old Indian. She falls in love with the elephant trainer, and it is some time before she can love my elephant.

The picture was directed by Scott Churchill. The cast includes Albert Roscoe, Henry J. Hobart, Ardito Melloni, Harry Todd and Dorothy Lee.

URGING HOCKEY LEAGUE IN UPPER PENINSULA

Sault Ste. Marie, Mich.—A. L. Ferguson, of Sault Ste. Marie president of the American Amateur Hockey Association is urging early steps to form a hockey league during the coming winter in a letter to George Cudlip, president of the Calumet team. Mr. Ferguson has suggested a meeting in Houghton soon of hockey team representatives.

Hockey players and others interested in the sport are known to favor the plan for a two division league. Houghton, Calumet and the two Soos would form one division, while St. Paul, Everett, Duluth and one other team from the Mesaba Range would constitute the second division.

Nothing irritates your opponent so much as just to smile when he is crying at you.

VARIOUS REPORTS ON FOREST FIRES

LITTLE DAMAGE DONE AND FIRES BURNED OUT IN SOME OF THE CUT OVER REGIONS

Ashtabula, Oct. 12.—A special Chicago & Northwestern train with fire fighters returned today from last night's visit to the forest fire zone between Ashland and Saginaw and report that the fires have burned themselves out in one over land without much damage.

Under Control

Superior, Oct. 13.—Forest fires in the Black River Falls district of northern Wisconsin, which were being fought by a company of national guards and more than 200 citizens, are reported to be completely under control today. Light rain throughout the district last night aided fire-fighters.

To Fight Fires

Madison, Oct. 13.—Acting under orders of Governor Philipp, Adj. Gen. Holway ordered Troop M at Superior to proceed to the forest fires twelve from that city for active duty in combating the blaze. A second detachment of the National Guard will be ordered to the fire zone if conditions are bad. Gen. Holway declared advice reaching Madison were that there was a serious fire in Patterson State Park near Superior.

At Patterson Park

Superior, Oct. 13.—Sixty acres of second growth timber and underbrush in Patterson park, twenty miles south of here, was burned last night. Cavalry troop M of Superior and 350 or more volunteer forest fire fighters battled the flames and succeeded in saving valuable timber in the park. They were still wading the smoldering fires today, fearing that wind might fan the flames into fury again.

1,000 FEET OF ROPE TO HANG TEN MEN

Chicago.—Deputy Sheriff Lauenbeimer began the examination of a thousand feet of rope in preparation for the execution of ten criminals Oct. 14 and Oct. 15. One hundred feet of rope is required for each hanging. This is divided into three parts. One is used for a sandbag test the day before execution, the second for the actual hanging and the third for emergency in case the noose breaks above the condemned man falls through the trap.

Eight of the criminals will be hanged Oct. 14 and two on the next day. In the first batch will be the notorious "Cardinals" gang, whose members committed many crimes, including several murders.

Four of the men who were scheduled to be hanged on October 15 have

FORD TO LOCATE THE TREATING PLANT

That the Ford interests will probably add to the scope of industries already planned to be located at Iron Mountain is indicated by the announcement in the current issue of the Railway Age that the Detroit, Toledo & Ironton railroad, recently purchased by Ford, is to establish a treating plant in the vicinity of a tract of timber owned by the company in the upper peninsula.

In local railroad circles it is rumored that the Ford interests are also negotiating for the purchase of the Ann Arbor railroad and car ferry line, but no official announcement of the negotiations has yet been made.

Announcement is Made

The announcement in the Railway Age says:

"Detroit, Toledo & Ironton—This company is contemplating the construction of a treating plant in the vicinity of the 60,000 acre tract of timber land recently purchased by the Ford interests in the upper peninsula of Michigan. Railway Age, October 1, 1929."

SHORT NEWS NOTES

Marquette Motorists
Mr. and Mrs. F. Aslett and Mrs. I. E. Shelby motored to Marquette this morning and will return tonight.

Baby Girl
Mr. and Mrs. Peter Standing of Minneapolis formerly of this city are the proud parents of a baby girl born Saturday.

No Fires Since Aug. 23
The present instance seems to be the longest no fire record in the history of the city. The last fire was August 23, or almost two months ago.

Throat Operation
Billie little son of Mr. and Mrs. L. J. Weingartner of this city was taken to Escanaba yesterday where Dr. Boyce removed the baby's adenoids and tonsils. He is getting along very nicely.

Salvation Officer Returns
Captain Henry Rottet of the Salvation Army here has returned from Sweden where he made an extended visit and will again assume his office here. Capt. Holmgren who has been filling the vacancy left for Seattle, Washington and was rendered a very pleasant surprise here Tuesday by the

many friends which he has made. He was presented with various gifts as a token of the esteem in which he was held.

In Critical State
Thomas Jachor received a message yesterday morning from Manistique requesting him to come at once because of the critical state of his father Mr. and Mrs. Jachor and daughter left yesterday morning by auto for Manistique. Mr. Jachor Sr. is very well known here having made frequent visits in the city.

Diphtheria Case
Lester Cole of the first ward is ill with diphtheria. The home is under quarantine.

Civic League Meeting
A very interesting meeting of the Civic League was held at the home of Mrs. August Feldt. It was the first meeting since the vacation and all literature which had accumulated during the summer months was read and given over. The main feature of the evening was the discussion of a Tuberculosis Clinic to be held here which would be a splendid thing for the city. It was voted that the doctors were near here and could be procured, the clinic would be held for a week. The next meeting will be held Tuesday Oct. 26th at the home of Mrs. Wesley Ward.

Mother's Cook Book

Earth's grandest hearts have been loved by mothers. Since time and earth began. And the boy who kisses his mother is every inch a man. —Eben Hazard.

TOOTHsome DAINTIES.

Some of these dishes may be a little too much work for every day, but will be found very satisfactory for occasions.

Chestnut Salad.
Cook one pound of Italian chestnuts, shelled and blanched. In chicken or veal broth seasoned with vegetables. When tender, let cool and cut in shreds. Cut tomato into cubes or other shapes, shred half a green pepper, cut a bunch of lettuce or endive into shreds. Wash and dry the hearts of two heads of lettuce. Arrange the lettuce on salad plates, sprinkle with the shredded foods, and set a tomato cube above. Pour over two tablespoons of dressing and serve at once. To prepare the jelly: Soak one-fourth of a package of gelatin in one-fourth of a cupful of cold water. Place over the heat two cupfuls and a half of tomato, three branches of parsley, half a dozen celery tips, one-fourth of a bay leaf, half an onion with two cloves thrust into it, half a teaspoonful of salt, paprika or a piece of chili pepper, a tablespoonful of dried mushrooms. Let simmer twenty minutes and press through a fine sieve. Add the softened gelatin, stir until dissolved, then turn into a dish to mold. When cold use as above.

Dressing for Chestnut Salad.
Cut a Bermuda onion in halves and with a sharp knife scrape the juice from one-half of the onion into a bowl. Add one-third of a cupful of vinegar, one-fourth of a cupful of tomato catsup, one tablespoonful of Worcestershire sauce, one teaspoonful of mushroom catsup, half a teaspoonful of paprika and half a teaspoonful of salt. Stir until well blended with three-fourths of a cupful of olive oil.

Lightning Cake.
Beat half a cupful of butter to a cream and gradually one-half cupful of sugar, the yolks of four eggs, beat until light, add three tablespoonfuls of milk and lastly one cupful of flour, sifted with one teaspoonful of baking powder. Spread the mixture in a shallow baking pan. Beat the whites of the eggs until stiff; gradually beat into them three-fourths of a cupful of sugar, then fold in one-half cupful of almonds, blanched and shredded lengthwise. Spread this mixture evenly over the cake, dredge the top with sugar and cinnamon and bake thirty minutes. Cut in strips when serving.

Potato Dumplings.
Take two cupfuls of mashed potatoes, add salt and nutmeg to taste, one egg well beaten, half a cupful of buttered cubes of bread, browned in butter, one teaspoonful of chopped parsley or marjoram; mix well, form into balls rolled in flour and cook in boiling salted water ten minutes. Remove carefully from the dish, cover with buttered breadcrumbs, browned in butter.

Tongue Canapes.
Toast rounds of bread and spread them to the edge with butter, beaten to a cream and mixed with mustard; have ready some rounds of cold boiled tongue, cut thin and a little smaller than the rounds of toast; there should be a ring of mustard in butter completely round the tongue. With a paper tube pipe a little of the mustard butter in the center of each canape and serve very cold.

THE ROMANCE OF WORDS

"DOUGHBOY."

OF all the names applied to the American soldier during the world war—"Yank," "Sammy," "Buddy" and the like—the only one which stood up under the strain was "doughboy." Probably they didn't know it, but the reason that the men of the A. E. F. accepted the term and answered to it without hesitation, is because doughboy is the oldest of slang words for American infantrymen, dating back to the days of the Revolution. At this time, following the custom of the British army, each man of the Colonial army was served with three or four cakes of bread a day—four and water, usually underbaked. These cakes were known as "doughboys" and, before the end of the war, the men to whom they were served were called by the same name.

During the Civil war the appellation was revived—partly on account of the gray in which it had been used during the Revolution and also because of the manner in which the large brass buttons of the infantrymen were ridiculed. "They're as big as boiled dumplings or dough-cakes," stated one critic, and the name "doughboy" stuck—to be again resurrected when the American forces crossed the Atlantic.

Smuggle at Depot

Two suit cases belonging to two lumberjacks, who were going into the woods, were stolen from the Soo Line depot about 11 o'clock Monday night. The matter was reported to police officials who found both cases buried in the sand under the bluff at South Gladstone. More than likely the thieves resorted to this for a temporary hiding place intending to seek them later.
