U. S. DEMANDING A VOICE IN PARLEY ON PEACE ISSUES

ESCANABO WARNED UNCLE SAM WILL NOT BE BARRED FROM PLACE

Washington, Nov. 26.—The American government has informed Great Britain politely, but firmly, that it does not propose to be excluded from participation in the rights and privileges secured under mandates provided in the treaty of peace. Furthermore, it expected to be heard regarding the terms of the mandates before they are put into force.

The position of the United States is set forth in a note from Secretary Coby to Earl Curzon, British secretary of state for foreign affairs, and the specific questions involved in the Mesopotamian petroleum fields.

Demands Its Place

The American note takes issue with what is described as the British position that mandates for petroleum and other resources are to be considered only by states that are members of the league of nations. It says that the United States, as a participant in the world war "and a contributor to its successful issue, cannot consider that any of the associated powers, the smallest not less than itself, be barred from discussion of any of its consequences or from participation in the rights and privileges secured under mandates provided in the peace treaty."

Mr. Coby says that the American government accepts the British statement that it has retained from the mandate territories in question, "and welcomes your pledges" that it is far from the intention of Great Britain to "establish any kind of monopoly or preferred position in its own interest."

ALLEGED HOLD-UP MEN CAPTURED BY ESCANABA POLICE

One Man Said to Have Made Confession of the Stein Robbery

Indications now are that the Escanaba police are in a fair way to solve the riddle of the reported robberies of the Phillip Stein store and the holding up of Stein himself. "Moonshine Slim" Proctor was arrested Tuesday night and since then has "come through" with a confession in which he implicated Earl Fariseau, who had been under suspicion for some time and who had been kept under surveillance by the officers while they held an unserved warrant for his arrest in their possession awaiting developments. The warrant has been held since Sept. 12.

Stein was robbed of \$3,000 in money and checks last September and a few days later, a large number of checks were thrown in the entrance to his store in North Escanaba.

Both Proctor and Fariseau were arraigned before Justice McKeown and put under bond which neither could furnish. Both are in jail.

G. T. Werline Passes Away At Old Home In The Keystone State

Many Gladstone people will be interested in news of the death of G. T. Werline, well known throughout Delta county. Mr. Werline passed away last Tuesday at Morris, Pa. He has been a resident of Escanaba for the past 17 years but his acquaintance over the county was wide. He founded the Escanaba Land and Lumber company and the Delta Agency.

New Heating Plant For City Completed

The work of installing a heating plant in the city building has been completed by the Marinette Plumbing and Heating company. Radiators have been placed in the office of the city clerk, the fire hall, upstairs in the council room and in the sleeping quarters of the firemen.

P. R. Legg Candidate For Postmastership In City Of Gladstone

Peter R. Legg, formerly county commissioner of schools for Delta county, now teaching at Rock, this county, wishes to announce that he has consented to become an applicant for the position of Post Master for the city of Gladstone, to succeed the present incumbent when his term expires.

Mr. Legg has done this at the earnest request of many influential persons of this office, and he assures them that should he receive the appointment he will do his very utmost to give the public in general, the best service he can render them.

He no doubt will call on his many friends personally in the near future.

AID FOR NEEDY IS GENEROUSLY GIVEN TODAY

BLENDED CONTRIBUTIONS ARE RECEIVED FOR CHILDREN IN EUROPE

Countless coins kept jingling merrily through the slots in the little tin cans over which a score of Gladstone women presided in various stores and the two local banks today. Every jar was heaped with a morsel of food or a garment for the three and one-half million starving, freezing of Europe and the sufferers in the Near East.

As the day wore on it became more and more apparent that the appeal made here a few days ago had gone home and reached deep into the hearts of the Gladstone populace. Like all other worthy charities in which appeals have been made here, this one finds many and warm supporters. The cry of human suffering, particularly among innocent children, does not go unheard in this community and it is with a great deal of pride that those who inaugurated the movement can look upon the completed work tomorrow night.

Children Contribute Splendidly

Some idea of the bond this European situation has taken on the public mind is reflected in the fact that the school children of the city alone, have contributed an amount in excess of \$100. This was done upon a mere suggestion made in the public schools. Teachers described some of the existing conditions and the young folks got busy digging into their savings.

This same spirit has characterized their elders and the general result is that a mighty line, encouraging response is being offered to the appeal which is directed to all people regardless of nationality or creed. It is a humane measure to aid suffering humanity—the children who have had no part in bringing on the frightful conditions of which they are the victims.

Do It Today

The ladies will be on duty at the various stations Saturday. The big cards will inform visitors what they are there for and they will expect to all who desire information further than that. It is a big opportunity to do a big and noble thing in the true Christian spirit.

Don't forget to drop your contribution in the box as you pass the ladies while attending to your business tomorrow.

Man With Abundance Of Name Is Arrested

Chief of Police Danielson picked up a man yesterday suffering from an surplus of name and an abundance of internal sunshine. When this bird was being taken to the station he was very loquacious and imparted the information, in the strictest confidence, that his father had fought with Gen. Sheridan at the battle of Copenhagen in the Philippines. This information seemed to dispose Mr. Danielson a little more kindly toward him but it was all off when he told his name. It contained all the letters in the alphabet. He spelled it Stainislawick-vickhomskojewski. He is still sleeping it off.

ABOUT THE WEATHER

Probably rain or snow late tonight or Friday; no change in temperature. Temperature for the past half week.

The Report Card

LEGION MEN TO DETERMINE FATE MONDAY NIGHT

LIFE OF ORGANIZATION IS AT STAKE TO A CERTAIN EXTENT

A meeting of the American Legion which holds possibilities of being the most important held since the organization of that splendid body of former fighting men, will be held in Waasa hall Monday night. It is vitally essential that every man be present.

Officers are to be elected for the coming year and conditions are reported to be such that the greatest cooperation and the very best judgement of the Legion Post as a whole, shall be exercised. August Mattson Post of Gladstone has established an enviable reputation not only in upper Michigan but its reputation for "doing things" has carried before the straits. If this reputation is to be preserved, if this fine start and the standing which the Legion has attained, is to be maintained, then every man should be on the job Monday night with his mind on the business in hand and prepared to go to the front for the best interests of the organization.

Ambitious Winter Program

One of the most ambitious programs outlined for any post has been suggested for the winter. It contains boxing cards, the organization of a basketball team and teams for other indoor sports and a couple of million feet in from ten to twelve million feet of logs each year, announced on Wednesday that he will curtail his operations this winter to approximately 50 per cent of normal.

Timber Workers To Hold Meeting Tonight

A mass meeting of timber workers of this city will be held at the Eagle hall this evening when an address is to be delivered by Peter Christ of Rhineland. The meeting is called for 7:30 o'clock and as Mr. Christ is well known in labor circles as a speaker of great force, it is expected that a big crowd will be out to hear him. This afternoon it was learned that Herman Coase, retiring secretary-treasurer, of District No. 2, of Rhineland, also would be here to address the workers.

Miss Lottie Wilhelm and Little Ruth Wilhelm

Miss Lottie Wilhelm and Little Ruth Wilhelm left this morning for a short visit with the former's sister, Mrs. C. Billings of Manistique. day night, just what they wish to make of their organization. It has a fine reputation as a going concern which has paved the way for other upper Michigan organizations and that reputation is to be sustained, then it is up to the men to manifest the liveliest interest in the proceedings from this time on.

WAGE IN WOODS TO BE REDUCED DURING WINTER

Operators Meet at Iron River And Decide to Make Cut

Representatives of fifty of the leading lumber companies of northern Wisconsin and the upper peninsula of Michigan met at Iron River on Wednesday and to meet new conditions prevailing in the lumber industry, agreed to a general reduction in wages for men employed in the woods says the Escanaba Morning Press.

The wage scale agreed upon for the coming season in the woods ranges from \$60 to \$65 a month which is considerably above the normal wage scale for the woods but also considerably below the scale that has maintained for the past two years, while lumber prices have been high.

J. P. Bushong, of Gladstone, represented the Northwestern Coopers & Lumber company of Gladstone; Louis Harmon represented the I. Stephenson company of Wells and I. W. Good represented the Bay de Nocquet Lumber company of Nahma, at the Iron River meeting. A general spirit of pessimism pervaded the meeting at Iron River as to the immediate future of the lumber industry.

That logging operations will be generally curtailed throughout the peninsula and northern Wisconsin until at least some semblance of a demand for lumber develops, was the general opinion at the meeting. One operator attending the meeting, who normally puts in from ten to twelve million feet of logs each year, announced on Wednesday that he will curtail his operations this winter to approximately 50 per cent of normal.

Timber Workers To Hold Meeting Tonight

A mass meeting of timber workers of this city will be held at the Eagle hall this evening when an address is to be delivered by Peter Christ of Rhineland. The meeting is called for 7:30 o'clock and as Mr. Christ is well known in labor circles as a speaker of great force, it is expected that a big crowd will be out to hear him. This afternoon it was learned that Herman Coase, retiring secretary-treasurer, of District No. 2, of Rhineland, also would be here to address the workers.

Miss Lottie Wilhelm and Little Ruth Wilhelm

Miss Lottie Wilhelm and Little Ruth Wilhelm left this morning for a short visit with the former's sister, Mrs. C. Billings of Manistique. day night, just what they wish to make of their organization. It has a fine reputation as a going concern which has paved the way for other upper Michigan organizations and that reputation is to be sustained, then it is up to the men to manifest the liveliest interest in the proceedings from this time on.

MISSING MAN IS FOUND MONDAY IN FATIGUED SHAPE

MEMBERS OF RESCUE PARTY FAIL TO GET IN THE SAME DAY

Albert Buckman, who was lost in the woods between the east and west branches of the Whitefish river, about 38 miles from Gladstone, Sunday and Sunday night, was found Monday afternoon about 2 o'clock by Peter Schultz, a member of the rescuing party which left here last Monday morning. However, news of the finding of Buckman did not reach Gladstone until late Monday evening.

It appears that he had followed a deer and shot it a considerable distance from the point in which the hunting partners might reasonably have expected to find him. He then became confused and as he feared darkness would overtake him before he got out of the swamp, he left the deer and attempted to find his way back on his own tracks. This failed to work and when it became apparent that dark would soon overtake him, he decided to camp for the night. In the meantime he had lost his knife and was compelled to break brush with his hands with which to build a fire. Here he remained all night and Monday morning started for what he thought was the location of the trail he had left when he began following his deer.

Buckman Badly Fatigued

Mr. Schultz found him phoning along the river bank and badly fatigued. He had waded through swamps, waded ice-cold streams to his hips and had been without food for virtually 48 hours. Also he had no shells left for his rifle.

Mr. Schultz took Buckman back to Schultz's camp and from there the rescuing party, what was left of it returned to Gladstone. In the party were Walter Brunette, Ole Aronson, John Nelson and a younger brother of Buckman. These men, in their search for the missing man, got so far off the beaten trail that it was impossible for them to get back to join the other members of the party by Monday night and it was reported here they they also had become lost. Those who knew them, however, disabused this as all of them are experienced in the woods and it developed that they had fallen in.

Mill Council To Give Its First Dance Tonight

The first of a series of dances arranged by the new Mill Council of the Northwestern Coopers Company, to be given for the employees of the company, is to be held in Waasa hall this evening. The committee is composed of Louis Billerwell, Frank Buchol, Ed. Laporte, William Harris and Hugh Orton. An admission of 25 cents is to be charged and good music and a fine time is promised.

IMPATRIATED MAN USES Mallet ON HIS BENEFACITOR

JOHN IMPLEMENTENCE ESCAPES FROM NEWBERRY AND RUNS AMUCK

Rapid River, Nov. 26.—(Special)—Excitement prevailed throughout the community Thursday morning when the story spread throughout the streets to the effect that John Implementence who was sent to the state hospital at Newberry some few weeks ago, had returned and after remaining in the vicinity for several days evidently seeking an opportunity to carry out his designs, had made an attempt to take the life of Joseph Martin.

As a result of the affair Joseph Martin, while able to be about, is under the care of a physician, with several nasty scalp wounds in which several stitches had to be taken. The story begins several weeks ago when in a jealous rage John Implementence took his wife out in a boat and spent the night on the bay, landing in the vicinity of Garth the next morning from where Mrs. Implementence made her escape after Implementence threatened and no doubt intended to kill her.

Escapes From Newberry

He was picked up that morning by the officers and later sent to Newberry from where he escaped a few days later. At the time the community did not regard seriously the insanity theory nor the subsequent escape, thinking that Implementence would drift away some-where and cause no further trouble.

Since then, however, and beginning Wednesday evening Nov. 10, rumors were current of the return of Implementence but were given little credence. Mrs. Implementence expressed a fear that her husband would do her injury but for some reason little attention was paid to the story of his return.

It has since developed that he actually returned and was first seen here on the evening of his escape. He had forced an entrance to the home, had made a hole in the floor and was spending a part of his time in hiding, presumably in the hope of catching some one.

Nothing definite was made public on the subject until Wednesday evening of this week when Fred Ames came to town after Dr. Conover to get the name of Joe Martin to render medical assistance.

Joseph Martin's Story

"Before Implementence was sent away I had had some conversation with him and he was going to plaster my house for me. About two weeks ago he appeared at my home and I, of course, was somewhat surprised to see him. He came to see me about the plastering and assured me that while he did not wish it generally known that he was in the vicinity, it was all off between him and Mrs. Implementence and he did not intend going near her. He was back and forth between my place and Masoville. I did not consider there was any harm in his presence inasmuch as he had reported to the sheriff regarding his whereabouts.

"Wednesday morning Mrs. Martin expressed a wish that she had some one to help her with the work as she was feeling poorly. I did not know who we could get to come, when Implementence spoke up and suggested that we get Mrs. Implementence. When I asked him what the result would be if she came to the house when he was there, he told me that he would like to have a chance to talk to her and believed she also wanted to talk to him. He stated further that if their differences could not be fixed up after talking matters over, he would leave and go to the lower peninsula and not bother her any more. I agreed and went to see if I could get her to come to help Mrs. Martin which she did.

She of course met Implementence at the house and they talked matters over. She told him that there was no use. That it was best for them to be separated and that she would no longer stay with him.

Would Evade Officers

"Toward evening I mentioned to Implementence the matter of his promise to leave and he decided to go to Brampton to take the train and wanted me to go with him. That evening we went to Brampton and near train time I suggested to him that he buy his ticket. He stated that he would not buy a ticket but would ride the blind baggage until he passed Escanaba where the officers were liable to pick him up, and he would then get a ticket and complete his journey in the coach. This was about eight o'clock. As the train pulled in we shook hands and I bid him good bye. I went back home (Continued on Page Eight)

ESCANABA MAN KILLED IN RAID BY STATE COP

DRAGNET THROWN OUT AND GETS DOZEN MEN MONDAY NIGHT

In one of the most far reaching and spectacular liquor raids ever staged in Delta county, John Kewasky was shot through the chest Monday evening by John M. Sheridan, a member of the state constabulary stationed at Negaunee, and died as a result of his wounds Tuesday morning. Kewasky was a bartender in "Kell's Place" at 1817 Sinclair street. A dozen proprietors or employees of Escanaba places were rounded up in the raid which covered a territory from the lower end of Ludington street to the Northwestern depot. Two Gladstone firms also were seized.

The raids were put on in lightning fashion and without knowledge of the Escanaba police officials. The work was done under the direction of Capt. Archie Downing, of Negaunee, and Lieut. H. C. Marzani, of Lansing. Trooper Sheridan fired the fatal shot which had been for the past week working up cases against the men charged with violating the law and he had 19 assistants when it came to rounding up the quarry.

How It Happened

According to the story given out, Sheridan went into Kell's place and asked for a drink. It is asserted that Kewasky put his hands down under the bar where it was charged the liquor was kept, but that before he had time to set up the bottle, Stanley Duboski, who was nominally in charge of the place, yelled to Kewasky to "dump that stuff out and hit him with the bottle." It is claimed that Kewasky hesitated and started for the end of the bar, carrying a glass in his hand.

Sheridan, believing that he was about to be attacked, is said to have reached into his right vest pocket and flashed a .25-caliber Colt gun, which it is explained was accidentally discharged. Kewasky staggered and fell. Later he was taken to St. Francis hospital but died Tuesday morning. The bullet entered the left side of Kewasky's body, penetrated the stomach, severed a large blood vessel and tore a hole five inches long in the large intestine.

Those Arrested

Following is a list of the men on whom warrants were served: William Bahrdt, 316 Ludington street, charged with possession of liquor. Bonds fixed at \$1,000. He is in the county jail.

H. Leskopiak, charged with the sale of one pint of moonshine liquor to Joseph M. Sheridan. Bonds \$1,000 also in jail.

Jacob Smith, 306 Stephenson avenue charged with possession of liquor; bonds \$1,000; in county jail.

Frank Aser, charged with sale of two drinks to Joseph M. Sheridan. Bonds \$1,000. Released with William Latzer as surety.

Vincent Koskaki, 239 Stephenson avenue; charged with "keeping a place, storing and possessing." Bonds of \$1,000 furnished by A. D. Richer.

William LeDue, charged with sale of one drink to Joseph M. Sheridan. Bonds of \$1,000 furnished by J. B. Chaboute.

Paul Stricker, bartender, 1491 First avenue North; charged with possession. Bonds of \$1,000 furnished by Jacob Kratzonstein.

Al Johnson, same address, charged with sale of one drink to Joseph M. Sheridan. Bonds of \$1,000 furnished by Jacob Kratzonstein.

Stanley Duboski, 1811 Third avenue North; charged with possession. Bonds of \$1,000 furnished by Jacob Kratzonstein.

Anton Lovrick, proprietor of a pool room and bar at 206 Stephenson avenue. A search warrant uncovered a half-pint of moonshine. Arrested at Gladstone.

John McGuire 1117 Ludington. Search warrant utilized to disclose "half a quart" of moonshine.

Vincent Koskaki, restaurant, also search warrant case. Troopers found two-thirds of a pint of moon-

shine, a pint of red wine. Two glasses and five cups also were confiscated here.

Joseph Jacobowitz, Gladstone, charged with sale of one bottle for \$2.00 with Anton Lovick as surety.

John Stanich, Gladstone, charged with sale; \$1,000 bonds also furnish by Lovick.

Carl Binz, Escanaba, charged with sale of a pint of moonshine, bonds of \$1,000 provided by William Johnson.

AROUND THE U.P.

Announce Wage Cut

A general reduction of \$20 and \$25 per month in wages of the camp laborers and loggers was announced by the Scott & Howe Lumber company of Ironwood. The new scale of wages is operative immediately and affects about 250 men who are employed in the camps of the company. Under the revised wage measure, employees in all the camps will get from \$80 and \$85 per month to \$60 and \$65 per month. Under the scale of wages in all bar camps, labor and logging is included in the monthly wage of each employee.

Will Aid Hoover

Herman Gesener, of Escanaba, for many years associated with Kewasky and other Jewish activities, has been appointed Michigan representative of the American Jewish Relief committee of New York actively and affects about 250 men who are employed in the camps of the company. Under the revised wage measure, employees in all the camps will get from \$80 and \$85 per month to \$60 and \$65 per month. Under the scale of wages in all bar camps, labor and logging is included in the monthly wage of each employee.

Killed in Elevator Fall

Relatives at Stambaugh have received word of the death of Miss Anna Nyquist, former Stambaugh girl, at the Augustan hospital in Chicago, where she has been in training at the school for nurses for the past three years. She was killed instantly when her head was crushed between the floor of an elevator car and the third floor of the hospital building, following a falling spell. Arthur Nyquist, brother, went to Chicago to investigate. He returned with the remains and accompanied by a nurse from the hospital, who was acquainted with the details of the unfortunate accident and had been a classmate of the unfortunate girl.

Organizing Girl Scouts

Within the month definite steps will be taken to organize the young girls of Gogebic county in the Girl Scout movement. Under the auspices of the Gogebic County Community board a course in scout leadership is being conducted at Ironwood, Washburn and Bessemer. This course is part of the recreation leadership program, and takes up the first half hour of each session. Miss Jean Garbar, national organizer of the Girl clubs, now a member of the recreation department of the Michigan community council committee is giving the instruction. Her lessons the first half of the week have covered the history, aims and ideals of the organization. The rest of the course will consist of practical demonstrations on the procedure of scout meetings and scout craft.

Trouble For Boats

Almost every boat that goes through the Soo locks from Lake Superior to the covered with ice and although there is no intention of closing navigation through the locks before December it is expected that this fall will be stormy one for vessels. Already this season boats have had to lay in shelter on Lake Superior waiting for the heavy sales to subside. At some have been as long as forty-eight hours lay leaving the Soo locks. In years recent past navigation has closed about December 12 or 15 and even December 20. The closing of navigation now depends largely on the owners of the boats.

Constipation

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

GLADSTONE SHOE REPAIRING

REPAIRING ALL KINDS OF SHOES
FENTH & MINNEAPOLIS STS.

MANY RETURNING FROM AUTO CITIES

IMPENDING MEN TELL OF CONDI- TIONS EXISTING IN FLINT

According to Impending men, who recently returned to the city from Flint, which has had a big boom in the past few years, due to the tremendous demand for automobiles, industrial conditions are comparatively quiet there at this time. Several thousand employees of auto factories have been laid off, with indication that some of those let out will be taken back for some time, perhaps not until spring.

The Chevrolet company let 7,000 of its workmen, retaining only 200 mechanics. The Buick Motor company also let out a large number of men, being cutting down the working day to six hours, and keeping the plant in operation but five days a week. The wages of those retained were not reduced as in past instances, only the best men have been kept at work.

Thousands Leaving

Flint had a wonderful growth industrially, as well as in population. The latter was estimated at 125,000 at the time factories started to curtail, but several thousand have left there with in the past few weeks. Many former upper peninsula men and their families have either returned to the towns they left or will do so soon as they can find it convenient. The curtailing of the working force in the auto manufacturing cities of the lower peninsula started, it is said that in excess of 5,000 former upper peninsula residents have created the straits on their way back to this section, with others coming every day.

It is said that some of the auto manufacturing companies have many cars in storage, awaiting buyers, but up to this time the Flint concerns have not announced reductions in price.

Many Robberies

Since factory work has been curtailed and thousands of men and women are idle, who no longer pay their living expenses, there have been many bold holdups as well as hundreds of petty robberies in Flint. It is said the average number of holdups, according to the local men, runs from three to a dozen a day. A large majority of the victims of the highway-men have been working girls.

Impending men back from Flint express the belief that conditions will grow worse instead of better, as many men and women thrown out of employment have no place to where they can better their conditions.

The Old Bait Being Peddled In County

A representative of a small order house has been canvassing Delta county the past week taking orders for groceries. To look his victim he holds out the alluring bait of a quantity of sugar at about two cents under the wholesale market quotations, but the price is sold along with other merchandise. The smooth salesman recommends his goods as being strictly high grade and assures his customers they will have a chance to examine them before accepting the shipment. And right here is the joker. The goods are shipped with a bill of lading attached and the purchaser must first pay the bill of lading before he gets a peep at the goods.

It's an old, old game, but the suckers still rise to the bait.

State Board Would Do Away With Jails

County jails, as penal institutions should be replaced by farm colonies, where prisoners serving short sentences may earn the cost of their maintenance and be free from the "school of crime" features of the present jail system, according to recommendation made to the governor in the report of the state board of corrections and charities.

The only factor left to the jail under the plan recommended would be to serve as detention places for persons awaiting trial or sentence, if this plan were adopted, the report points out, it would be unnecessary to build large county jails, which under present methods must be erected to replace a large number of such structures that are antiquated, unsanitary and should be condemned.

SEE PROSPERITY IN COPPER COUNTRY

KNIGHTS OF THE ROAD NOT WORRYING ABOUT THE FUTURE

Calumet, Nov. 26.—Travelers on the Copper Country back in the stride of another day, mines, mills and smelters working at capacity and an holiday days of the district, within a era of prosperity rivaling the most balmy days of the district, within a year.

Don't worry about the Copper Country is the cheerful message knights of the grip are bringing. "It's the town of moonshroom growth to be a town of moonshroom growth because of the establishment of automobile plants in their vicinity are the ones feeling the present depression. Like a model of Eden compared to some of the cities I have visited in the past few night" said one.

Other salesmen within hearing distance agreed. One of the knights told of a Wisconsin city whose population increased from 12,000 to 21,000 in six years. Last Saturday night the principal industry in the town suspended and threw 4,500 men out of employment. He said that is the class of towns he contended that are going to know what "hard times" mean.

NOTICE OF SPECIAL ASSESSMENT

To M. J. Mager, John Richardson, Forest Miller, Milton Dumila, R. H. Siple estate, C. Tordeur, A. W. Wolfe, A. L. Empeck, John Cowell, C. W. Zander, H. H. Heber, Estate Arthur Berg and to all other persons interested.

TAKE NOTICE: That the roll of the City of Gladstone, heretofore made by the City Assessor for the purpose of defraying that part of the cost which the council decided to be paid and borne by special assessment (the laying of main sewer, laterals to lot lines in Dakota avenue, laterals to lot lines in Dakota street and Twelfth street) is now on file in my office for public inspection. Notice is also hereby given that the council and city assessor of the City of Gladstone will meet at the council chambers in said city, on the Sixth day of December, 1929, at eight o'clock P. M. to review said assessment, at which time and place opportunity will be given to all persons interested, to be heard.

Dated November 11, 1929.
A. L. WILLIAMSON,
City Clerk.

power, passage of a resolution declaring as an end a state of war between the United States and Germany and urging the latter country establish her credits in America are some of the things the country looks for within a year, said the traveling men. They declared that once this is accomplished Germany will again become the heaviest producer of American copper and then the Michigan Copper Country will "roll in prosperity."

Roland Lakoski of Detroit is visiting at the home of Mr. and Mrs. Andrew Olson.

A Good Cough Medicine for Children Mrs. J. W. Phillips, Redon, Ga. photo to J. M. Floyd, the merchant there, buying the latter country. She bought a bottle of it at his store recently and it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, to be particularly say and soon from the system from the cold.

G. J. SLINING,
JACKSON STEPHENSON,
Directors.

Just a Foreword

Now that we're all fattened up after that big feed of yesterday it behooves us to remember that there remains only 29 more days to do your Xmas shopping, and isn't it safe to predict that the early shopper gets the pick of the stock? Absolutely no need of you to take the leftovers and the best reason of all is that you won't notice the "flattening of the pocketbook" so much. Also isn't it better to pick up articles early say one here, one there and when Xmas comes you have them all instead of the old way of going up town Xmas eve, buying and armload of leftovers and seeing all your hard earned money go at one time.

If you believe this logic just watch our windows. They will be changed regularly once or twice a week with seasonal goods; useful articles that will appeal to the most discriminating people. Come and look over our stock while its complete and lay aside a few presents until the Day. Remember only 29 more days.

Gladstone Hardware Co.

708 Delta Ave. Phone No. 57-W

COMFORT OF DRESS should begin nearest the body—and can begin nearest the body, if you will wear ATHENA Underwear. ATHENA Underwear is tailored to fit—there is no stretching or sagging or gaping. It follows the natural contour of the body, the rounded lines as well as the straight lines. Ask to see ATHENA'S seven special features.

Note the striking contrast between ATHENA and ordinary undergarments, as shown in the graphic illustrations of Women's Underwear.

If You Have Been Looking for Lower Prices, Here You Are

Everybody---wants lower prices. This determination on the part of the public has been taken advantage of

FIRST--By noisily heralded sales of in most cases cheap shoddy inferior stuff--in stock for years and years--Whose only appeal is low price.

SECOND--Half-hearted insignificant reductions that haven't cut any figure whatsoever in appreciably lowering prices of good clothes.

THINK IT OVER! Ain't these the straight facts? Now then, we've determined to cut loose and to cut loose with such big worth while price reductions as will put you in possession of the very finest Men's Suits at price fully in accord with your ideas of what the present abnormal conditions demand.

NEWS OF THE MIMES

Henry Houswell Daring
Henry Houswell, one of the best
loved stars of comedians, will come
to the Delta Theatre Monday in his
new William Fox production, "The
Circus Route" starring Houswell. This
is an especially strong act for the
circus star as the screen production
was adapted from a serial story written
by Houswell, leaving nothing out of
the original material.

The story concerns itself with a girl
who has lived a lonely life on the
plains of Montana. Her only company
is the entertainers of civilization
which had been denied her. She went
to New York City only to find that the
loneliness of a big city sometimes
equals the loneliness of the silent
prairie, and the great world she had
longed to see is really her
prison. In the situation which it is
described in this one of the most
exciting plots ever filmed, with the
most beautiful acting which has been
shown in the motion picture industry.

**SHERIDAN HELD
FOR SHOOTING OF
JOHN KERENSKY**

MEMBER OF STATE CONSTITUTIONAL
LAWY ADMITTED TO BAIL
IN SUM OF \$5,000

Joseph A. Sheridan, member of the
state constitutional committee, was
held in custody by the Michigan State
Police, during a raid in Manly
Michigan, on Monday night last. Mon-
day morning, he was released on a charge
of manufacturing dynamite, following
an investigation of the case and
the signing of a complaint by Chief of
Police John J. Talan. Sheridan had
already surrendered himself into the
custody of the sheriff and a nominal
charge of assault with a deadly
weapon. This charge was dropped
when the state serious charge was
made.

The warrant was served by Sheri-
dan's superior officer, Capt. Arthur
Dawson. He was taken by Justice
McDonnell's court and his bond fixed at
\$5,000. J. M. Borden, P. E. Borden's
and John Borden's signed the bond
and Sheridan's hearing was set for
Dec. 1.

He is charged with
"Manufacture or transportation in some
quantity, of dynamite or other ex-
plosive material, without the lawful
authority of the state." Sheridan had
already surrendered himself into the
custody of the sheriff and a nominal
charge of assault with a deadly
weapon. This charge was dropped
when the state serious charge was
made.

A Universal Feature

**BEAUTIFUL
MARY
MAC LAREN**

"Road to Divorce"

This is a special attraction and those who contemplate a
divorce should be sure to see this picture. It may help
you—change your mind. Or it may confirm your present
opinion. At any rate it is crammed full of food for thought
on a present day problem.

We will also show another of those screamingly funny
Century Comedies—"A Birthday Tangle"
featuring Connee Henley and Bud Jameson

Admission 10c and 20c and War Tax

Coming December 4th and 5th.

DOROTHY PHILLIPS

"Once to Every Woman"

This is a Special Universal Production. It is one of the big pictures of the
year. It tells with human emotion and heart interest and tells the story of a
country girl who wins time and fortune and was a petted favorite in
city mansions—until their doors were closed against her. Only her mother's
love and courage saved her and her. She returned to the
country town that had been an audience here to her. What Happened?

The answer is found in "ONCE TO EVERY WOMAN"

**Your Money Back and a
New Pair of Shoes Free**

To the Wearer who finds
PAIN in the Heels, Soles
or Counters of a Pair of

Peters Diamond Shoes

Shoes with the Diamond Trade Mark on Their Soles

SOLID LEATHER SHOES

Are the Best from Every Standpoint—
FOR SERVICE, ECONOMY & SOLID COMFORT.

Why take chances when we stand squarely behind our shoes
with the strongest possible warrant of quality?

There is a "Diamond Brand" Shoe for
Every Purpose; a Price for Every Purse.

Our regular price is always below
the average so-called "sale price" but
in addition we are giving 25 per cent
off on all our shoes at this time.

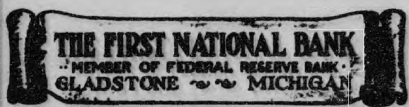

The Buckeye Store

The Only National Bank in Gladstone

Why We Welcome Small Accounts

We welcome small accounts because we know that a good per cent of them will grow into large ones. The man or woman who opens a CHECKING ACCOUNT here is getting a real reason in thrift and in developing business acumen which will enable him or her to grow in a financial way.

These small accounts also enable a to demonstrate the completeness and helpfulness of our service. If you haven't such an account, open one in this bank TODAY.

Mrs. J. P. Carlson, of Kipling, has returned from Waukesha, Wis. where she has been taking treatment for the past month.
Miss Beatrice Nebel of Munising spent Thanksgiving in this city.

AN ATTEMPT TO KILL POLICEMAN

TWO RIFLE SHOTS FIRED AT ALVIN MORINSON BY ESCANABA DESPERADO

Chicago auto bandits have nothing on Escanaba, where a bold attempt to kill a policeman was made early Wednesday morning by a man in an auto mobile, who fired two shots and made his getaway.
The officer was Alvin Morinson, well known in Gladstone, where he had served at various times as an extra officer. Morinson was standing in front of the Escanaba Journal office on lower Ludington street, when an auto passed him, drove about 50 yards on Fourth street and stopped, although the engine was kept running. A shot rang out and was quickly followed by another, both coming from the auto, which was started up immediately and turned toward First street.
Shots Go Wide
Both shots went far over Morinson's head and plowed their way through the front of the first above the Journal office occupied by Mr. and Mrs. Fred O'Brien who with their baby, were asleep. One of the bullets passed about two feet over their bed and buried itself in a wall on the opposite side of the room.
The bullet was a 30-06 rifle ball and the fact that it was fired from a high powered gun is proven by its passage through several thickness of wood work and a portion of a two-by-four.
Morinson Undisturbed
Morinson is a comparatively new man on the force but he has been active in some cases which may have made him such enemies as would attempt his life. He, however, claims he is not worried by the incident, as a man who could not shoot any straight

CHEMISTRY AID TO ALL MANKIND

NEW DISCOVERIES TEND TO LOWER LIVING COST. IS CLAIM

Chicago—Signal advances in applied chemistry have been made in the last year, according to a summary issued in which are analyzed papers of popular interest, presenting the seasons of the American Chemical Society in this city.

Many of these announcements and discoveries are of direct aid to mankind, as they relate to the cost of living and of wearing apparel and have a direct bearing upon the well being of the people of the United States.

Cheaper fuel, for instance, both for the household and also for the manufacturer, is coming as a result of recent investigations reported at the sessions. On account of the development of the coloidal fuel industry, a mixture of coal dust and the waste from petroleum stills, this fuel is becoming of great value.

By means of a carbonization process that half-formed coal called lignite may become available for the same purposes as coal. As it has been found that there are extensive deposits of it in the middle west and as far south as Texas, the fuel situation will be much helped by the utilization of this substance.

Comparative tests reported to the chemists indicate that coke in some respects gives out more heat and cooking. Much success has been attained with a novel fuel which is a half-cooked coal.

Gasoline Wasted chemists also considered a report indicating that about 20 per cent of the gasoline used in the United States is wasted by idleness and by excessive heating and cooling. Much success has been attained with a novel fuel which is a half-cooked coal.

In a fact symposium the chemists also considered a report indicating that about 20 per cent of the gasoline used in the United States is wasted by idleness and by excessive heating and cooling. Much success has been attained with a novel fuel which is a half-cooked coal.

Owning a car may be considered a luxury, but every American cannot fall but be interested in the investigation into the necessities of life on which reports were read at this convocation of chemists.

In several divisions the wholesale bakers were very much interested and sent representatives in quest of information. They were especially concerned in the new sweet potato syrup, the process of manufacture of which has just been developed by the bureau of chemistry in the department of agriculture.

Syrup at Small Cost
This syrup can be produced at small cost from sweet potatoes, the appearance of which does not make them readily marketable. As sweet potatoes of this grade are often planted in the south to rotate with cotton and keep off the boll weevil, the raw material should be available at low cost.

Sweet potato syrup, it was said, is nearly as sweet as the molasses made from the cane but as it contains a very large percentage of malic acid, or malt sugar, it is especially desirable for bakers, therefore, as on account of the presence of malt sugar it contains it causes a rich brown crust to form on loaves and cakes in which it is used.

Housekeepers who make plentiful use of extract of vanilla for their cakes and ice cream can now be sure that by so doing they are not likely to foster the run habit upon the young generation. Such extracts, it was reported to the division of agricultural and food chemistry, can now be made with glycerine as a substitute for alcohol.

New Feed is Sweet
Surely the price of beef should drop if the new sweetened cattle feed described by a food chemist in his lectures at Chicago comes into vogue throughout the United States. A representative of the forest products laboratory at Madison, Wis., reported that by the use of dilute sulphuric acid, which was afterwards neutralized by lime, he was able to make a very satisfactory provender for the lowly kind out of the waste of the brewery.

"A SHINE IN EVERY DROP"

Black Silk Stove Polish

It is not only most economical, but it gives a brilliant shine to the stove, and it is safe for the hands. It is the best for the hands, and it is the best for the hands.

PERSHING'S TRIBUTE TO THE RED CROSS

"It gives me real pleasure to pledge my hearty support to the American Red Cross. While the opportunity for its greatest service comes during times of war, and its achievements during the late World War have been unparalleled, yet there is and perhaps there always will be a vital need for the humanitarian work which it renders. The present and former service men can never forget the Red Cross, not only for what it did for them during the war, but for what it is doing now in the army camps and ports and wherever needed in sustaining the excessive men throughout the country. The value of the American Red Cross as a peace time organization can hardly be over-estimated, and we owe it our loyal support and active cooperation."

JOHN J. PERSHING,
"General."

After the lime and acid have been eliminated there remains a soft branlike food containing about 15 per cent of water and rich in sugars. Three cows at the laboratory took this big-brother diet on trial, believing it to be of grain, and not only did they fatten on it for three months, but gave more milk.

Woolen Cattle Feed
The United States department of agriculture was so pleased with the experiments at Madison laboratory, that it has given directions for the repetition of the experiment on hundreds of cattle at various stations throughout the country.

A symposium on the subject of cellulose, in which the use of hydrolyzed sawdust was considered, also developed new light on the manufacture of paper from wood pulp, which, next to cotton, is the best known form of cellulose. Several new methods were also suggested for the removal of ink from news and print stock so that the resultant paper could again be put under the printing press.

In the division of dye chemistry new colors adapted for giving prismatic hues to women's wear were presented. The leather chemists, at the same time, proposed more efficient methods of tanning calculated to bring the cost of shoes to a lower level and promote a better understanding for mankind.

Taken all in all, the results of the conference of chemists in Chicago only a small part of which are here indicated, were regarded as making for increased and better production in the domain of industry and as conducive to the benefit of the ultimate consumer.

NOTICE TO WATER CONSUMERS
City Clerk's Office, Nov. 1st, 1929.
Under the provisions of ordinance No. 124, your Water Rent is due Nov. 1st. If not paid at the expiration of thirty days your water will be shut off. All water rental is assessed and payable by the owner of the property.

BOARD OF FIRE AND WATER COMMISSIONERS 72-81

CHILD BURNS TO DEATH IN HOUSE

PLAYED WITH MATCHES WHILE MOTHER WAS OUT SHOPPING

Claude Murray, aged four, son of Mr. and Mrs. Frank Murray, of Big Bay, was burned to death Thursday morning after the rig on which he had been playing with matches caught fire. His brother, Louis, five years old, and his two month old baby sister were rescued by a neighbor, Mrs. Oscar Ryan, and were unharmed except for exposure to smoke.

The children's father is employed in the mill of the Lake Independence Lumber company and was at work when the tragedy occurred. Mrs. Murray had gone to the store to do her shopping and had locked the three children in the house. Claude, in some manner, got hold of the matches, and was apparently sitting on the rug and lighting them. The rug was ignited, and the flames set fire to the child's clothing. His body was burned to a crisp.

To Seek Extradition Of Federal Boozie Men

The Ironwood Globe printed the following on Thursday:
"District Attorney Marlon F. Reid last night for Madison where he will personally file application with Gov. E. L. Philipp for the extradition agents who are held responsible of six federal prohibition enforcement for the death of John M. Chapman, saloonkeeper of Hurley."

"While it was not expected that Mr. Reid would be prepared to go to Madison for several days, all necessary papers were made in readiness Wednesday and he left last night so as to expedite the matter as much as possible."

"Last reports from Madison were to the effect that the governor would honor the application of the district attorney for extradition papers. In the event that he does, it is expected that there will be little delay before the federal men are given a hearing in Iron county court."

Two Year Old Child Eats Strychnine In A Marinette Home

Gordon Israel, the two year old son of Mr. and Mrs. Gordon Dismette, 1209 Garfield avenue, Marinette, is dead following an attack of convulsions, brought on after the child had eaten 12 strychnine tablets, thinking they were candy.

The child had climbed upon a chair and got into a medicine cabinet, where he secured the tablets, which it is said he had seen his father using.

When the child was seized with convulsions the mother was at loss to determine what the matter was, until she noticed the rifled box of tablets on the chair standing before the cabinet. It had been thought that the chest was beyond the child's reach.

Suggestion Made To Alternate Seasons On Deer And Birds

Upper Peninsula Exchange Points Out That There Appears To Be A Growing Sentiment Among Hunters In Favor Of Establishing New Regulations Which Would Open And Close The Deer And Partridge Hunting Seasons Alternately

The idea is to have an open season on partridge and closed season on deer one year and close the bird season and open the deer season the next year. Men who hunted partridge this fall are almost unanimous in the opinion that if the birds are hunted again next year they are likely to be as scarce two years hence as they were before the game department closed the season a few years ago. Before there appears to be a growing sentiment among hunters in favor of establishing new regulations which would open and close the deer and partridge hunting seasons alternately.

Winter or Summer A Garage Pays

Perhaps you don't expect advice about your car from lumbermen, and maybe our advice on the best spark plug to use would not amount to much BUT—

We have heard plenty of people who have tried keeping their "any old place," and finally built a garage, do a lot of talking.

The sum of everything they say: "Build a garage—it pays double."

We'll just add: Read the "Old Faithful" HEMLOCK garage books. They're free. Just write, and please mention lumber dealer's name.

BUSSY SEASON IN STORE FOR LOCAL FIGHT FOLLOWERS

LOWER PENINSULA MEN ARE INTERESTED IN SUCCESS GLADSTONE MOVE

Indications are bright for a busy athletic season in this city with the American Legion, Commander Dutton, while in Grand Rapids last week had a talk with several prominent sporting authorities and he brings back the good news that Billy Morrissey, owner of the champion Grand Rapids Central league club and boxing instructor, is interested in this city to the extent that he has promised to dig up some good boys to put on matches here during the winter. Mr. Morrissey is going north in the fall. He has heard of some of the great base-ball material in this section of the state and is going to give Gladstone and Escanaba men a chance to try out with his team next year if they desire.

Parker Willing to Come
Willing also has been received from "Red" Parker of Trout Lake, that he is willing to referee any matches fought off here this winter and also will be glad to assist the local legion in getting in touch with fighters who will make the game popular here. He has previously suggested a match between "Red" Baraga of Trout Lake, and "Buster" of Menominee. The Menominee boy has made it known that he will put up a good fight. Fans are always anxious to see a battle when ever he steps into the ring.

Willie Meet Phillip
"Kip" Crawford of Manistique also is willing to make a match with Phillip of this city while Phillip will be clearing up his business here by doing some work in his office, it is said he is willing to make a match with Phillip.

Information is also expected any time soon to the effect that the legion's boxing season is on the way. As soon as this message is received, it is the intention of the local men to get busy on a better card which it is hoped will establish a high standard in this city and which will go a long way to ward popularizing the game in this city.

Infanted Man Uses Mallet On His Back

(Continued from Page One)
and arriving there went to the house and saw a bunch and visited with the folks for a time, later going to the barn to do the chores which were neglected owing to the trip to Brampton. Finishing his work in the cow barn he went into the horse barn and as he opened the door there stood Implemance.

"I asked for an explanation and he stated that he had been put off the hand baggage and had no other place to go, came back here. We talked the matter over and he said, 'I suppose I will have to sleep in the barn tonight' replied that he could sleep over at Mr. VanCycles. I was in the act of getting him some bed clothing to take with him when I got a blow on the head. I had partially recovered and was about to ask him what was the matter when the second blow fell, followed quickly by the third. I had my back to him when he struck me and was at a disadvantage. With the third blow I was rendered unconscious several times when I was down but I put my arms over my head protecting myself somewhat, and finally succeeded in getting up when he made one more effort to hit me and said, 'You can go now Martin and disappear.' A wooden mallet was the weapon he used.

I made my way to the house and Mrs. Martin took the man and went through the woods to George Amez's and some one to go for the doctor. I fully believe Implemance's intentions were to do away with me and then go to the hospital and murder his wife. The only thing that prevented him from carrying out his plans was that I was resisting and I had stayed with me I would probably have overpowered him.

The following morning the sheriff's department was notified and Deputy R. Martin was sent to investigate. It was found that George Amez was making the house, called there and found his man, taking him to the county jail where he awaits action of the court. He will probably have his preliminary hearing some time today.

When arrested he did not attempt to put up any fight or attempt to escape. Another old man made any statement but went quietly with the deputy.

For the past two weeks innumerable stories had been in circulation to the effect that Implemance was in the vicinity and it is said that Mrs. Implemance made complaints but it was thought that her fears were ungrounded and no action taken.

Chris Cutler and his sister, Miss Guida Berrigan, of Escanaba, were guests of Mr. and Mrs. Milton I. Call yesterday.

Society Notes

Cardin-Burns
Gladstone people will be pleased to hear of the marriage, Thursday in Sault Ste. Marie of Ed. Cardin formerly of this city and Miss Frank Burns of the Soo. Mr. Cardin is very well known here, this city having been his home until the last few years. He is an accomplished musician and was an orchestra and band leader here for many years. The following is an account of the marriage taken from the Soo Evening News.

The Sault city band and the city hall employees surprised Edward Cardin, city timekeeper, who stole a march on his friends recently by wedding Miss Frank Burns, last night by presenting him with beautiful gifts and turning out in front of his residence and raising quite a "hoop."

The city employees presentation of a threepiece silver tea set was given to Mr. and Mrs. Cardin without any extraordinary ceremony but the Sault band, led by the Mayor, took up with instruments and marched to the front step of the Cardin home and struck up such tunes as "How can I Bear to Leave Thee," and "I Won't be Home 'Till Morning" and others that fittingly observed the wedding announcement. Between selections the band presented the newlyweds with a handsome silver dining room set.

Mr. Cardin is not only a bandsman and faithful city employee, but he is known as one of the boys who helps to furnish the pep at all of the big dances in the Sault. He is a member of the Norfolk orchestra.

Civic League Meet
Members of the Civic League held a most interesting and enjoyable social and business meeting Tuesday evening at the home of Mrs. N. J. Lapine.

A 7 o'clock a sumptuous turkey dinner was served. Mrs. J. Stewart, being toastmistress. Mrs. Huber, the mother of the organization was called upon and she spoke of the general character of the League. Mrs. Ines Whybrow, a former resident here, also responded with a short speech. Following the dinner, a regular meeting was held at which the following officers were elected for the ensuing year:

President—Mrs. Geneva Stewart.
First Vice President—Mrs. Wm. Peterson.
Second Vice President—Mrs. J. C. Titusworth.
Secretary—Mrs. Anna Prassis.
Corresponding Secretary, Mrs. E. G. Conahan.

Treasurer—Mrs. Roy Brown.
Following the business meeting the remainder of the evening was devoted to a musical program and dancing.

Gamble-Henrickson
A very pretty home wedding took place Wednesday afternoon at the home of Mr. and Mrs. William Gamble when their daughter, Miss Carlisle became the bride of Alvin Henrickson of this city. The ceremony was performed at 2 o'clock by Rev. D. Nagle of the Methodist Church. The attendants were Miss Tillie Henrickson and Wilfred Gamble.

The bride was becomingly attired in a dress of cream satin and georgette trimmed with heavy lace and carried a bouquet of yellow and white chrysanthemums. The bridegroom wore a pretty dress of Alice blue taffeta and also carried a bouquet of yellow and white chrysanthemums.

After the ceremony an elaborate wedding dinner was served to the immediate relatives only.

Mrs. Henrickson is very well known here. She is a graduate of the local high school and of the Northern State Normal and is a teacher at present in the local school. Mr. Henrickson is employed as a tool maker at the Axe Factory. The happy couple have a host of friends who extend to them their best wishes.

Married Folks Dance
The married folks dance held last night at the Eagles Hall was a huge success and proved immensely enjoyable. Just married couples could gain admittance and every dance was to their special liking. These dances are becoming quite a feature and there will probably be one quite frequently from now on.

Annual Thanksgiving Dance
One of the most enjoyable and successful dances ever conducted by the Fraternal Reserve Association in this city, was held at the Gladstone opera house Thursday night. The hall had been most appropriately decorated for the occasion and the snappy weather made it just right for dancing. Le-Duc's orchestra furnished the music and a big crowd from Escanaba came over to enjoy this big holiday event.

Pleasant Dipping Party
Members of the Daughters of Rebekah held an old time dancing party at the Eagle hall last Monday night which proved highly enjoyable. The party was made up almost entirely of married folks and the old time dances were thoroughly appreciated by them.

Birthday Party
A number of little girl friends of Florence Neff delightfully surprised her Tuesday evening the occasion being her tenth birthday. The little lady received numerous pretty gifts. The evening was very enjoyably spent in playing new games and in conclusion came the delicious goodies.

F. R. A. Drill Team
The F. R. A. Drill team are requested to be present Sunday afternoon at 2 o'clock at the Varsity Hall. All members interested are also urged to be present.

SHORT NEWS NOTES

Schools Closed
Quite a number of teachers in the local schools, whose homes are in other cities, improved the holiday vacation from Wednesday night until Monday morning, to make a brief visit to "the folks." Both the public and parochial schools were closed as usual for the Thanksgiving holiday and will resume Monday morning.

Tonsils Removed
Miss Mayme Gerdaire underwent an operation for the removal of her tonsils and adenoids at Escanaba Tuesday.

Gata Death Message
Mrs. E. M. Perkins, 1014 Superior street has received word that her mother, Mrs. James Wagner, had passed away at her home in Hildayway, Wis. Mrs. Wagner was 72 years of age.

Got Their Deer
Grover C. Becker and John Nelson were among those lucky hunters who brought back deer, whose names were not included in a brief list published last Monday.

Mr. and Mrs. Whitney of Perkins and Miss Ellen D'Amour of Rapid River visited at the Badgerow home last evening.

DEATH CLAIMS MOTHER OF R. J. RILEY AFTER STROKE OF PARALYSIS

Impressive funeral services were held at the home of R. J. Riley last Sunday afternoon at 2:30 o'clock, for Mrs. Jennie M. Riley, his mother. Services were conducted by Rev. D. D. Nagle, pastor of the Allen Memorial Methodist church and were largely attended by a host of sorrowing friends. Interment was made in Fernwood cemetery, members of the Masonic Fraternity acting as pall bearers.

The death of Mrs. Jennie M. Riley, who passed away at the home of her son, R. J. Riley 1027 Superior avenue, Thursday night, came as a profound shock to the surviving members of her family as well as to a very large circle of warm and sincere friends. Mrs. Riley's death followed a stroke of paralysis suffered the day following Armistice Day. She had been in failing health for several years, but was able to be around and enjoy life in most of its aspects, up to the time of being stricken a little more than one week ago.

Mrs. Riley came here from Rhineclander, Wis. about four years ago and has made her home with her son, R. J. Riley, manager of the Buckeye store. At that time her husband, A. M. Riley, was transferred to Marshfield, Oregon, by the lumber concern with which he was connected in Rhineclander, and Mrs. Riley continued to make her home in this city during his absence. Mr. Riley arrived the morning of Mrs. Riley's death, having been summoned by wire several days previously. The survivors are A. M. Riley, husband; R. J. Riley of this city and G. E. Riley of Chicago and Mrs. J. C. LaPage, a daughter residing in Elcho, Wis. There are also four grand-children.

Missing Man Is Found Monday In Fatigued Shape

(Continued from Page One)
with a party of hunters from the lower peninsula and had been taken into their camp for the night. The lower Michigan men furnished them with refreshment and entertainment and they returned to this city Tuesday forenoon after having had a hard days in the brush.

Finds His Deer
L. E. Danthoole and Arnold Klingenberg, accompanied by Buckman, the

rescued man, went back up into the territory Tuesday for the double purpose of trying to locate the deer that Buckman had killed and to find the missing members of the rescue party. They did succeed in finding the deer after a long search, but did not come in contact with the other members of the rescue outfit.

Altogether it made quite an ad-

venture for everybody concerned and although all of them were rather tired and sore as a result of their unusual exertions, all were laughing about it Wednesday after having had a night's rest.

Miss Helen Minor of Minor's Spur is spending a few days here with her sister Mr. and Mrs. Henry Lucier.
