## FACTORY LOCALITY

### GLADSTONE CAPITAL IS BACK OF PROJECT WHICH WILL BE STARTED SOON

### Local Company Quietly Organizes and Will be Manufacturing Shoes Within the Next Sixty Days if Present Plans are Carried Out Without Hitches

Gladstone is to have a new factory. The details have all been gone over and the deal closed, so far as it is possible at this time. It remains only to get the incorporation papers and proceed with the other matters of organization incident to the formation of an industry which in time, it is believed, will be one of this city's most dependable and most productive institutions.

We know that he is a man who knows the business thoroughly. Under the circumstances, I don't see how the business can be other than a success. And, what is equally important in my mind, it gives Gladstone a real industry which in time, we feel, will attract favorable notice to this section of the county and be a great boost for Gladstone.

This is to be a shoe factory, something new in Gladstone's commercial life. For the past two months, W. W. Gasser, of the State Savings Bank, has been in communication with J. L. Ludwig, of Milwaukee, relative to the possibilities of locating such an industry in this city.

### MARBLE-CARD CO. CHANGES HOURS OF LABOR FOR MEN

### Goes On a Nine-hour Basis With A Holiday On Saturday

Beginning Saturday the Marble-Card company of this city will observe a full holiday on that day. Employees will work a nine-hour day for five days a week. This cutting down of hours, or shortening of the working week, is in keeping with the spirit of readjustment and retrenchment made in many industries particularly in those similarly situated to the Marble-Card.

Mr. Ludwig came here Tuesday and spent Tuesday and Wednesday in conference with a number of prominent business men, to whom he outlined his proposition. It seemed feasible and practical and presented another fine opportunity to boost the business interests of this city, and it was decided to put the project across.

Make Children's Shoes The new company will make a specialty of the manufacture of a children's welt shoe—a strictly high grade shoe which at present prices would retail for about \$5.00. Mr. Ludwig is an experienced shoe man. For eight years he was connected with the Eddy Shoe Company, located in Chicago, Southern Michigan. For the past two years he has been with the Nunn & Bush company of Milwaukee. His credentials are all that a new company could wish for. The men here are so enthused over the outlook that they have pledged themselves to take \$30,000 stock in the new concern.

Some Men Laid Off For a brief period at least, the common labor at the plant has been laid off here in the hope of the management that conditions will have so changed by the first of the year that the old system of operation can be restored.

The market for this grade of goods was never better. Mr. Ludwig stated yesterday: "We know our field and its possibilities. In the beginning we probably will manufacture for the jobbing trade exclusively but gradually we intend to build up a sales organization and sell direct to the retailer. I have an idea we can be making shoes within sixty days and, of course, we cannot hope to start with the force which later will be necessary."

In a particular field in which the Marble-Card company operates, the market has come to a virtual standstill. That is, there is a market, but it is nothing like it was a few months ago. The local company must in common with hundreds of other industries await a change but it is unwilling to permit its men to go during this period of uncertainty. For that reason the change in hours has been made.

Local Backers Enthused In speaking of the new factory yesterday, Mr. Gasser said: "This is the first real opportunity we have had in Gladstone for some time to acquire a new industry which gave all the promise of success necessary for us to invest. We believe in Gladstone. We know it is a good town and when a chance like this comes, we are only too glad to back the town and the enterprise with the necessary capital to make it go. Personally, I believe the little industry has great possibilities. We cannot hope to start on a large scale but the business will be built in units so that it can be expanded as necessity may require. I don't know of a thing that has come up within the past year that has given me as much pleasure, as to be able to announce that this deal has gone through and that it is strictly a local proposition."

### OVERFLOW SCHOOLS ARE STARTED HERE

The new room in the basement of the central school, to accommodate the overflow from the third and sixth grades was started yesterday while the girls' physical culture classes were started in the remodeled Congregational church by the day before. This is in accordance with arrangements made at the opening of the present term of school. The furniture and fixtures for both places having just been installed, the rooms were opened at once.

Mr. Ludwig is one of the most experienced men we could have found to take charge of this business. We have carefully looked into his record and

### CIVIC LEAGUE TO MAKE EXTRA EFFORTS SOON

WILL ENDEAVOR TO PUT OVER GREATEST SUCCESS IN SALE OF SEALS

Members of the Civic League who are conducting the sale of the Red Cross or Double Bar Christmas seals in Gladstone, Rapid River and Kijline, have made elaborate plans for pushing the campaign this year. One feature will be the establishment of booths in both the local banks and in several other places of business about the city. Each booth will be presided over by a local woman garbed as a Red Cross nurse. It is planned to make these booths as attractive as possible and the striking uniforms of the nurse, it is figured, will attract much attention to the sale of the seals.

### LEGION ELECTS OFFICERS AND LAY BIG PLANS

BUILDING OF COMMUNITY HOUSE IS PROJECT TO BE BOOSTED NOW

At Monday evening's meeting of the American Legion, Eugene C. Dayton was again elected for the important post of commander. There were contests for several other offices also, the election resulting in the choice of the following officers for the ensuing year: Commander—E. C. Dayton. Vice Commander—Frank Kezel. Post Adjutant—Eugene Noblet. Post Finance Officer—John M. Olson. Chaplain—Percy Cameron. Sergeant-at-Arms—Jerry Drum. Athletic Director—Donna LaFonde. Marshal of Day—John Mattson. The meeting was one of the peppiest and most satisfactory held for some time. Almost the entire membership turned out and it was while the iron was hot that the project of building a community house was broached. The idea took well with the boys. All were in favor of at once launching a campaign to raise funds for building such a community house as would be a credit to the city and meet the requirements of the local legion, which is regarded as one of the finest and most progressive organizations in the state.

### ONE NEW CARRIER TO BE ADDED TO PRESENT FORCE

Extension of Mail Delivery Service Is Authorized For Gladstone

Postmaster Frank J. Miller received authority this week to make certain extensions of the free delivery service in this city. He has been attempting to secure a wider delivery here for several years and after a recent survey made by an inspector from Washington, the additional service was recommended on the usual condition that the city mark its streets properly and that the residents to be served put numbers on their houses and put up mail boxes. Mr. Miller stated today that while the order is in effect at this time, it probably will be two weeks before actual delivery on these extended routes, will be made. It will depend on how rapidly the city gets its share done and how soon residents number their houses and put up mail boxes. Another matter for consideration is the fact that a carrier must take the examination and qualify for the job. The new routes will be over the On Fifth street from Michigan to following territory: Two blocks on Superior avenue east of the post office, Minnesota avenues, On Eighth street from Dakota to Minneapolis avenues, On Fourteenth street from Michigan to Montana avenues.

### F.R.A. PLANS BIG SOCIAL PROGRAM FOR THE WINTER

DRILL TEAM CONTESTS WITH ESCANABA WILL FEATURE SOCIAL ACTIVITY

Members of the Fraternal Reserve Association of Gladstone are improving the time in drilling for the contests which are scheduled to take place this winter between the Gladstone and Escanaba teams. Several meetings are being held each week and when the first contest is staged here the evening of December 23, it is expected the rivalry will be keen. The affair is to extend over a period of six months and at least one contest is to be held each month. Contests will be alternated between Gladstone and Escanaba and in addition to the spirit of friendly and fraternal rivalry the social features of these get together meetings will be pronounced. To initiate Big Class A big class of candidates is to be initiated here the evening of Dec. 23 and the first contest between the drill teams will be held at that time. A fine silver cup has been provided as a trophy for the team scoring the most points during the winter's activities. Both teams, it is understood are to be provided with uniforms and the floor work is being rehearsed with such regularity and signers of purpose that it is expected to be almost letter perfect before the winter ends. Mrs. Mary Henke and Mrs. Margaret Peterson are captains of the local team. In addition to this interchange of sociability, the local lodge has arranged a number of other affairs, among them several dancing parties, which are expected to bring to this city and to take to Escanaba members of the order from both places. The order is growing rapidly and the social features of the organization are expected to be developed to their limit during the coming season.

### Federal Men Raid 'Cap' Johnson And Confiscate Goods

"Cap" Johnson's soft drink parlor on Delta avenue was raided yesterday by federal officers who confiscated what is reported to be two quarts of whiskey, which is said to have been found in the Johnson safe, and a couple cases of Leaky's Whiskers. The goods were sent to Marquette office, where the federal men, James Steenport and M. C. Baird, are stationed. The officers claimed they had received information that whiskey was to be found in the Johnson place but they did not find it until they had persuaded him to open his safe.

Local Boys Again in Trouble Delmas Kerr and Roger Smith, two local youngsters who have caused the police a great deal of trouble lately and who have been before the probate court several times in the last few months, were again placed under restraint Wednesday and taken to Escanaba where they were scheduled to have a hearing today. This time the youngsters are charged with no particular crime other than failure to attend school but they have been mixed up in various affairs in the past.

### ABOUT THE WEATHER

Cloudy tonight and Friday, probably snow or rain. Warmer tonight; moderate variable winds becoming southerly east and south. Temperature for the past half week: High Low Fresh: Tuesday 40 35 F. Wednesday 40 34 F. Thursday 40 28 0

### All To Aid Health

The sale of the buttons and the sale of the seals all for the same purpose—fighting tuberculosis in the state of Michigan. Gladstone has been assigned 25,000 seals to be sold. Gladstone is expected to raise \$500 by the sale of these seals, and as much more as possible. One of the direct benefits to be received, will be the conducting of a tuberculosis clinic here later in the year. At this clinic noted tuberculosis specialists of the state will be here to give free examination to every person who suspects he or she or any members of the family have tuberculosis or are in danger of contracting it. The more seals sold, the more complete will this clinic be made. That is, it will be continued for a longer time and thus more people given the great benefit of knowing exactly what they have to face in the fight for health.

Another feature of this sale is the fact that it comes at Christmas time when the thoughts of the great majority of people are directed to the happiness and welfare of children. How many children might possibly be saved or placed on the road to health through the clinic which the seal sale will bring about, can only be guessed at this time, but it is a safe proposition to assume that a very great deal of good will be done. The main thing now is to remember that it costs no more to place a double bar seal on a letter than it does to use the little Santa Claus seals. And the Red Cross seals will do infinitely more good. If you are not satisfied, there is no law to prevent the use of both Red Cross and Santa Claus seals. The women of the Civic League will make an unusual effort this year to exceed the quota assigned to them and if the public responds as they believe it will, they will have cause for much satisfaction in their achievement.

### Lecture Course This Year Will Embrace A Lot Of Fine Talent

A ridiculous rumor appeared in the last issue of the Reporter relative to the cost of last year's lecture course under the auspices of the local high school. An effort was made to explain last year's numbers, comprising last year's course, cost \$200 while this year's course, made up of five numbers, cost \$400. Instead, the article stated that last year's course cost \$240 and this year's \$500. However that is not true. The value given last year and the extraordinary value to be given this year. On another page of this issue will be found a list and brief description of the splendid line of attractions to be presented this winter. Season tickets last year sold for \$1.75 and this year, for the larger and more expensive course will sell for but \$2.00.

# FINE LYCEUM BUREAU ATTRACTIONS BOOKED HERE

LANDIS SINGING ORCHESTRA.

The Landis Singing Orchestra is composed of a group of experienced Lyceum artists who by years of hard work have prepared themselves to give a high class program of great variety and full of life and vim.

Four men and two ladies compose the company. The four men have had several seasons' experience together as a male quartet and four-piece orchestra. The two ladies have had an equally long experience with ladies' staging orchestras. They all had a long Chautauque season together before coming to the Lyceum. All have made a success of their

individual work in former organizations and now are combined into a splendid ensemble company. Each member of the Landis Singing Orchestra has been selected because of peculiar fitness for his or her work in the company.

The organization will appear in orchestral and vocal sextets. Other features of the program are male and mixed vocal quartets, instrumental and vocal trios, duets and solos. The program is both popular and classical in character, and every selection, be it orchestral, vocal or combination of both, will be rendered in a thoroughly artistic manner.

ALPINE YODLERS.

When planning attractions for the World's Fair in Chicago the program committee searched the world for organizations of an out-of-the-ordinary character, with which to please their guests from other countries.

The late Mrs. Potter Palmer, a member of the committee, while traveling among the Tyrolean Alps, had heard the Fiechtli, a family of wonderful singers and yodlers. At her instigation, the Fiechtli singers were summoned from their home in the heart of the mountains and through the entire exposition they delighted unnumbered thousands with the sound, the quaintness and the artistry of their work.

Many Swiss yodlers and singers have appeared in America, since the World's Fair but few have ever approached the standard established by the Fiechtli family.

The years have come and gone but the Fiechtli Company still continues to charm the American public with the beauty of the Swiss songs. The personnel of the company has changed

but little. Otto Fiechtli, organizer of the company, is dead, but the organization has been maintained throughout the years by the perseverance of Mrs. Fiechtli. Yodlers, the best in the Swiss Tyrol, have left their homes in the mountains to join the Fiechtli group in America. In this manner the standard of the organization has been maintained.

The singers appear in their native costumes, said to be the most picturesque worn by any of the peoples of Europe. Two complete changes of costume are made during the rendition of the program.

The concert of the Fiechtli family is made up of varied folk and yodel songs, native Tyrolean songs, and popular American airs. The entire program can be given in English if desired or the Fiechtli can give a combination of French, English and Tyrolean songs. Variety is afforded by the introduction of numbers rendered delightfully on the guitar, mandolin and zither, instruments always popular in the Tyrol.

## Big Lumber Mill In Manistique Closes Future Is A Problem

The closing of the big lumber mill of the Consolidated Lumber Company of Manistique at 7 o'clock on Wednesday evening marks the close of an industry which dates back to the year 1852 and which was instrumental in building the present city of Manistique. The mill will not be operated again under the present company's management and, although there have

been persistent rumors that the mill has been sold to outside parties, officials of the company do not care to make any statement, either of confirmation or denial. The land department of the company which has over 125,000 acres of Schoolcraft County land under its administration, will continue in business here.

MILTON I. CALL, Prop  
Neff's Old Stand

ELWOOD T. BAILEY.

Since the days in high school and university when Elwood Teakbury Bailey won prizes in oratorical contests and intercollegiate debates, he has been a popular speaker, having lectured in this country and abroad.

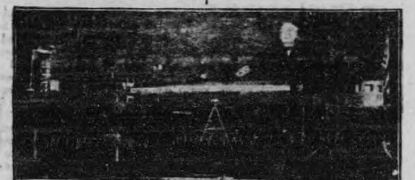

For several years he was engaged in welfare work, studying social, economic and industrial conditions.

Not only is he eloquent in his delivery but all of his lectures are full of the human things that people want

to hear and his personality is such that when he has finished his lecture, the listeners are conscious that they have been living with human conditions as portrayed by an intensely human speaker.

The Monmouth (Ill.) Daily Review says: "Mr. Bailey is truly a lecturer, but more than that he is at his first appearance makes the audience realize that he is one of them."

A Bailey lecture is not only inspirational and character-building but is filled with humor.

MONTRAVILLE WOOD AND HIS TORPEDO WITH EARS.

Demonstrating his new torpedo with ears, producing handwriting on the wall with a ray of light for a crayon, showing a motorail car in midair and wrestling with a twenty-eight-pound gyroscope running at the rate of 3,000 revolutions a minute, the entertainment presented by Montraville Wood is a series of surprises.

Mr. Wood, scientific and inventor, is the inventor of the two button electric switch and nearly 300 other practical

and familiar devices. It is his gyroscope which made aerial carrying of the mail a possibility.

The torpedos with ears will prove of special interest. Members of the famous Union League club of New York City had Professor Wood as their guest at a recent session. He was presented by Hon. Ethel Root, former secretary of state. It is significant that at the conclusion of the demonstrations more than twenty-five men of national prominence and wealth found themselves standing in order to catch all that was being said and done.

## WATERWAY CHIEFS IN CONFERENCE BEING HELD IN CHICAGO THIS WEEK

John A. Doelle, appointed by Governor Sleeper as a member of the Michigan Tidewater commission, is in Chicago attending an inter-state conference on the lakes-to-ocean tidewater project, a conference at which a legislative program for making the project a national issue will be adopted.

L. C. Harmon, of Manistique, vice-president of the Great Lakes Tidewater association, is attending the conference with Mr. Doelle.

The Chicago conference is regarded as of the utmost importance in the

development of the project. It opens the third phase of the movement, the legislative problem, which will be pushed vigorously during the coming year.

The success of the Great Lakes Tidewater association in having the international commission empowered to treat only upon nine subjects, instead of the sixty-three which characterized previous negotiations, is considered to be a strong indication of the success of the movement.

Hearings of the international commission have been completed. The object of the conference in Chicago is to form a legislative program to be launched at the opening of the next session of congress.

Eleven states are identified with the tidewater project and every effort will be made in 1921 to make it a national issue of the first importance.

## STANDARD TREAD REQUIRED BY LAW

NEW LAW WILL BECOME EFFECTIVE ON THE FIRST DAY OF JANUARY

The vehicle law which was passed at the last legislative session, requiring all vehicles used on the public highways, with certain exceptions, to have a gauge of 56 in. from center to center of tread, will take effect on January 1, 1921. Exceptions are made in favor of motor trucks, moving vans, logging sleighs, with a wider draft than standard gauge, cutters and light delivery sleighs, so it will not be necessary for many of the users of vehicles to make changes. However, some confusion is bound to result if the authorities are eager to seek for a strict enforcement of the act.

The law in full is as follows: "The people of the State of Michigan enact:

"Section 1. On and after the first day of January, nineteen hundred twenty-one, the standard gauge for all vehicles to be used on the public highways of this state shall be fifty-six inches from center to center of tread and it shall thereafter be unlawful to use on any of the public highways of this state or to manufacture, sell or offer for sale, for use on any of the public highways of this state any vehicle of other than standard gauge except such vehicles as are used for extraordinary purposes. For the purposes of constraining this act, motor trucks, moving vans, logging sleighs, with a wider draft than above standard gauge, cutters and light delivery sleighs to be vehicles used for extraordinary purposes. Provided, however, that nothing in this act contained shall be construed to prohibit the use or sale of vehicle owned in this state at the time this law goes into effect.

"Section 2. Any person, firm or corporation, violating the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction, shall be fined in the sum of not less than five dollars, nor more than twenty-five dollars, or be confined in the county jail for not less than five days, nor more than twenty-five days, or both such fine and imprisonment in the discretion of the court."

Do You Enjoy Your Meals?

If you do not enjoy your meals your digestion is faulty. Eat moderately, especially of meats, masticate food thoroughly. Let five hours elapse between meals and take one of Chamberlain's Tablets immediately after supper and you will soon find your meals to be a real pleasure.

# SEE YOURSELF AS OTHERS SEE YOU

### GO TO GLADSTONE OPERA HOUSE AND AID THE LIBRARY TONIGHT

Gladstone residents will have an opportunity this evening to do something substantial for the Gladstone Library Association, an organization which has been struggling against difficulties of a more or less pronounced kind for the past year, in an endeavor to give the public something approximating a suitable library.

Thanks to assistance and donations from many public spirited individuals, in all capacity as private citizens, the library has achieved greatly. It now has many valuable reference works and is growing steadily in public favor, but in order to keep step with the demands of the times, the association must have cash with which to function.

#### Benefit Picture Tonight

It is for this purpose that the Association tonight is putting on a picture at the Gladstone Opera House. Through good fortune the management was able to secure a splendid film with versatile Desse Barricade, in "Life's Twist". Desse Barricade needs no introduction to picture fans of this city. She is one of the screen's most famous stars and the fact that she appears in a picture is a sufficient guarantee of its excellence.

But another feature has been added, Gladstone people, most of them for the first time, will be given a glance at Gladstone life and activities in pictures. This film was made some time ago as an industrial proposition. It shows various phases of Gladstone commercial and manufacturing life, and, it is said, there are several unconsciously posed pictures which will be of humorous interest to the people of this city.

#### Small Admission

An admission of 25 cents is to be charged adults and 15 cents for children.

The proceeds will give the library a real impetus if they are sufficiently large and it is up to you of the city to make every effort to help along in this worthy enterprise.

### New Lumber Company Recently Organized

Crystal Falls, Dec. 2.—The Pentaga Lumber company is the name of the new corporation which has taken over the business of the Iron Range Lumber and Cedar company at Pentaga. The new company consists of the Montambo mill and other interests, the large timber holdings and complete logging equipment of Herman Holmes and the timber interests of the Sawyer Goodman people in the district which the Pentaga mill serves.

The officers of the new company are Herman Holmes, president, Crystal Falls, Mich.; Thomas Montambo, secretary, Pentaga, Mich.; Thomas Flan, treasurer, Marinette, Wis.

#### Lost Continent Theory

Dr. William Alanson Bryan, professor of zoology and geology in the college of Haverhill, claims to have discovered traces of a 6,000-mile prehistoric bridge of land between South America and Hawaii.

#### Parents' Problem.

Should boys be allowed to play practical jokes. "Boys will be boys!" Trench them not to go too far; not to give pain; make clear that a joke is funny—something at which every one concerned can laugh. Further than this do not go in the way of restraint.—Exchange.

# TWO AMENDMENTS PASSED BY VOTERS

### VOTE GIVES LEGISLATURE POWER TO REGULATE WORKING HOURS

The so-called labor amendment to the state constitution which was voted down in Delta county at the November election, was passed in the state 419:985 to 413:362, thus delegating to the state legislature unqualified power to enact laws regulating the number of hours men, women and children of Michigan may be employed in a day as well as conditions under which they are employed.

Immediately following election it appeared that this amendment, as well as the four others defeated by the voters, had been submitted, but complete returns not only showed it had passed, but also gave an affirmative majority for the amendment intended to broaden the scope of absent voters' limitations. The labor amendment passed by a vote of 415,781 to 358,749. Both amendments will become effective December 2.

#### Is Important Change

Much importance is attached to the passage of the amendment that will give to the legislature authority to regulate hours and conditions of all employment. Part of this power has already been the legislature's as the present constitution gives the law makers regulatory power in the case of women and children in Section 29 of Article 5. When the amendment is written in this section will read as follows:

The legislature shall have power to enact laws relative to the hours and conditions under which men, women and children may be employed.

Wayne county electors favored this amendment 151,453 to 93,312. Adoption of the amendment extending absent voters' privileges will give power to vote to absentee teachers and 10 members of the legislature during a session. It also limits the vote of aliens on first papers after January 1, 1924, giving them until that time to complete naturalization.

#### Consistency, Thou Art

A man laughs at women's vanity, then straightens his tie, brushes back his pompadour, carefully adjusts his hat and walks into a soft-drink parlor.—Exchange.

## NEWS OF THE MOVIES

### JACK PICKFORD FRIDAY

Combining the suave, well-groomed manners of a valet with those of a Bowery-faced burglar in a bit of character formation declared to be extremely humorous in "Burglar by Proxy," Jack Pickford's latest play which will be seen at the Lyric Theatre Friday.

"Spider," a voracious housebreaker takes a strong liking to Jack Robin, played by Pickford, and the latter's attempts to keep out of the company of the crook comprise the most of some highly comical scenes.

### DOROTHY PHILLIPS DEC. 4

Robert Anderson, called "The Greatest Dane since Hamlet", supports Dorothy Phillips in the Universal star's epochal success, "Once to Every Woman". He was born in Odense, Denmark, and began his dramatic career on the speaking stage there and in other European countries four and a half years ago he came to America and immediately blazed a trail across the screen that is the envy of hundreds of aspiring young photoplayers.

A sympathetic understanding of the complex nature of what is generally known as a "boob" has enabled Anderson to depict the role of a rural Romeo with delightful realism. His first big part of that kind was with D. W. Griffith in "Hearts of the World", in which production he depicted the laughable role of "Monsieur Cuckoo". His first work in a photodrama in which Miss Phillips starred was in "The Heart of Humanity", Allen Holubar's masterful Universal war-drama.

So capable was Anderson's portrayal of the role of "Paul" in that production that he was again summoned to Universal City when Allen Holubar began production on "Once to Every Woman". This picture will be shown at the Gladstone Theatre Dec. 4 and 5th.

## Dr. D. D. Stewart DENTIST

TELEPHONE NO. 48-W.

Foreign Advertising Representative: THE AMERICAN PRESS ASSOCIATION.

Entered at the post-office at Gladstone, Mich., as second class matter. THURSDAY EVENING, Dec. 2, 1920.

PAVIC! BOSH!

And now we hear the alarmists. They are up on their hind legs roaring Calamity and Destruction! Look them over. They know that this condition of high prices, high wages and enormous profits could not last.

After they had looked all around the neighborhood for four blocks, they would lead you in the alley and confidently whisper that the thing to do will be to raise your money.

Now they are crying "panic" but it is too late. The banks throughout the country are full of money. Money is away by the majority of the people of the United States.

But the war made more bond holders in this country in two years than had ever been created since the United States became a Republic.

And they are waiting now with that money. Let something be offered that is a bona fide proposition and see how quickly it is snapped up.

It is true that stories are being told that many men are out of work that it looks bad for a few months.

And in the meantime, here is our little old Gladstone which had possibly \$200,000 in both banks about eight years ago.

And when you hear Mr. Pusyfoot whisper "panic" in your ear, just take him over to the banks and show him how much money he can borrow on any legitimate enterprise.

NINE HANDS A bale of cotton passes through an average of nine hands from the time it leaves the farmer till it reaches the mill.

SMILES

BE YOURSELF It is individually that gives life to beauty.

Don't arrange your hair as if there were no face underneath it. Don't try to walk like someone else.

Be an original, not a copy. There is no place for imitation in natural beauty.

Don't try to look like someone else. Look like yourself, as your friends love to see you.

There is a sweet joy that comes to us through sorrow—Dagwood.

Jealousy is the sister of love, as the devil is the brother of angels—Bunferfer.

It is the inclination and tendency of the heart which finally determines the opinions of the mind—Luther.

A man's prosperity lies in the ear of him that hears it, never in the tongue of him that makes it—Shakespeare.

All jealousy must be strangled in its birth, or time will soon make it strong enough to overcome the truth—Davenport.

It is not until we have passed through the furnace that we are made to know how much strength there is in our composition—Colton.

Open your mouth and purse cautiously, and your stock of wealth and reputation shall, at least in repute, be great—Zimmerman.

Mumps is prevalent at the present time, and unless we can have better co-operation from the parents we fear an epidemic. We therefore ask you to help us in our efforts to keep it from spreading by observing the following rules:

- 1. If your child develops mumps, keep him home from school, and away from other children, for at least two weeks from the time the swelling starts. 2. When you return him to school, send him to the School Nurse's Office first, before sending him to his classroom.

3. Much time should be saved also, and our health conditions safe, if parents would send children directly to the Nurse's Office, after being absent because of illness of any nature, instead of sending them to their classrooms first.

At present every day we have a child sent back to school after an absence of two or three days, with fully developed cases of mumps, thus exposing all others with whom they come in contact.

MISS MARGARET HAUSER, School Nurse.

It is that only answer the United States can give in this day and age?

"The Development Bureau is doing a grand work and should have the undivided support of every resident of the peninsula," writes C. W. Hoax, editor of the St. Louis enterprise. He continues, "and I desire to express my thanks for the efforts you have put forth to calling attention to this end of the peninsula and the interest you have shown in this particular section."

Olson & Anderson Make Special Prices Again

- Fresh Pork, 30c per lb. Fresh Pigs Feet, 10c per lb. Boiling Beef, 15c per lb. Frankfurters, 25c per lb. Spare Ribs, 25c per lb. Fresh Liver, 25c 3 lbs.

GLADSTONE Theatre

SATURDAY and SUNDAY, DEC. 4 and 5.

Dorothy Phillips in "ONCE TO EVERY WOMAN" UNIVERSAL JEWEL.

Having in this newest DOROTHY PHILLIPS picture the most appealing of all her productions, Universal decided to give it a little bit, in its own right, would draw a tremendous house in any part of the country—a title that won't take "no" for an answer.

What comes "Once to Every Woman"? No sooner do you see this title than the question flashes into your mind. Every woman thinks she knows—but every woman isn't sure.

And every woman will find out—for here is a picture of such realism and beauty of sentiment and honesty of drama that she will find in it the answer to much of her curiosity and many of her longings and a great deal that she has always suspected.

This is a Special Universal Production. It is one of the big pictures of the year. It teems with human emotion and heart interest and tells the story of a talented country girl who won fame and fortune and was a petted favorite in city mansions—until their doors were closed against her. Only her mother's vine clad cottage offered her shelter and hospitality. She returned to the country town that had been an endless bore to her. What Happened?

The answer is found in "ONCE TO EVERY WOMAN"

The America

An Electric Vacuum Cleaner Worthy of its name, with Aluminum Case, Oversize Motor

Belt Driven Brush which picks up all lint and ravelings, thread pins, etc. The elliptical shaped opening in the nozzle permits scraps of paper, string, etc. to be easily drawn into the dust bag and makes it easy to clean the brush when necessary.

Dust bag is extra large and made of a special heavy drilling which will last a lifetime—the switch is operated by a touch of the foot, has an extra long cord to connect to the lamp socket.

**DON'T MAKE SANTA  
REAL SPENDTHSIFT**

LET HIM BE A SAFE AND SANE  
CITIZEN THIS YEAR  
IS PLEA

"It is easy, too easy, to make Santa Claus a spendthrift," according to local bankers.

"This year of all years we ought to make him a sensible and kindly, old gentleman who will distribute his gifts more like a safe and sane citizen than like an old time bouncer of the bounding waves when he landed with money in his purse and rum in his tummy."

"Christmas time is the happiest time of the year. The spirit of this universal holiday has been the sunshine which has lighted the pathway of man throughout the Christian era. It is the time of all times when we make merry, when the scattered family comes back to the home fireside, when there is feasting and the giving of gifts and, best of all, when little children are made glad."

"At Christmas our thoughts are never more unselfish but we all recognize the truth borne upon us from the past that in the exuberance of our generosity we have, by foolish expenditures, failed to serve our own best interests as well as the best interests of those whom we love."

"We have bought gewgaws when we might have bought overalls; we have spent our money for trinkets and worthless toys when it should have gone for articles or investments of more lasting comfort."

"All of us have done it—and regretted it. In planning this year's gifts, why not make it a point to practice the good old homely virtue of thrift? Why not get something of real value for our money? Last year many persons who in doubt purchased thrift stamps or War Savings stamps or opened a savings account for those whom they wished to remember. In doing, such a remembrance is so thoughtful a kindness and of such an enduring character that the recipient very fully appreciates it."

"In any event, it seems to me that the idea is worth some consideration and there can be no harm in endeavoring to make Santa financially a little more responsible than he has been in the past."

**Lumber Litigation**

The Banitas Lumber company, of Escanaba, asks \$10,000 damages from the Jenks Lumber company, of Ironwood, as a result of the alleged failure of the Goochle county concern to make delivery of logs to the Escanaba company on contract time. The Jenks company, it is understood, attributes the delay to its inability to get cars, contending that during the timber-workers' strike in Michigan, Wisconsin and Minnesota last spring, the railroad companies took all flat cars generally used in the log trade, to other sections. The action was commenced in Escanaba but it will be heard in Menominee. Attorney A. H. Ryall is representing the Escanaba concern.

**Pigmy Pigs**

The smallest known species of hog are the pigmy swine of Austria. They are exactly like other hogs in every particular except size, being no longer than a good-sized house rat.

**Personals**

Big selling event still going on at the Buckeye store.

What comes "Once to Every Woman?" Is it the chance for riches? Get the answer in beautiful Dorothy Phillips masterpiece shown at the Gladstone theatre Saturday and Sunday.

Mr. and Mrs. George LaRoche, Jr. are guests of friends in Minneapolis.

Congressman James Improves News from W. Frank James, Congressman, who has been a constant "booster" for the Development Bureau and the work it is doing, is to the effect that Mr. James is steadily improving from his recent attack of illness, and that he will soon be about his duties as congressman. Mr. James has taken an active interest in many issues which the Bureau has put forth, and it is with relief that the news of his improvement is received.

**Thimble Inventor a Benefactor.**

At first thimbles were rather costly and only well-to-do people could afford them, but afterward when made of lead and other common metals by machinery they became cheap. Their use was a great relief to all who had much sewing to do, and blessings were invoked on the inventor. The Dutch finger hat (finger hood) became an England the "thumb-bell" from its bell-like shape. It was originally worn on the thumb to parry the thrust of the needle pointing through the material, and not, as at present, to impel

- Wanted—Lumber pilers and hand-layers and pilers at once. Jackson & Tindle, Munising, Mich.
- For Sale—Fresh milking cows. Bill J. Laland, Ouster, Mich. \$60-61-pd.
- For Sale—Two upholstered rockers, one large genuine Spanish leather, one small, also leather. A bargain if taken at once. Object of selling, articles are too large for owner's room. Inquire Reporter office. \$60-61.
- Cleveland Oil
- All is not "olive" in Cleveland for now comes news that drilling will be started for prospective oil reefs at Seal Choke Point, in Schoolcraft County. The possible presence of oil in this region has been the subject of much debate and discussion for some time. Surface oil, recently found in the streams and small ponds in the vicinity of Seal Choke Point and recent surveys by oil experts have convinced the owners of the property that the situation demands further investigation. Drilling will probably begin early in the spring.
- For Sale—Young calves. Inquire Oscar Brodrene, Phone 128-J. 75-4f.
- For Sale—Hard coal heater cheap. Inquire at Schwab's Plumbing Shop. 74-4f.
- For Sale or Rent—Nice little house. Inquire Mrs. Jos. Texmutt, behind the Round House. 73-3f.
- For Sale—Good horse. Inquire Louis Creten, Lyric theatre. 77-4f.
- For Sale—Good milk cow. Six years old. Will freshen Jan. 1. Inquire Union Co-op Store. 78-4f.
- For Sale—One Holstein cow. Will freshen in a few days. Inquire Joe Thys, Phone 262. 80-4f.
- For Rent—Five rooms at 320 Minnesota Ave. Cor 4th St. \$60-2-pd.
- For Sale or Rent—Small house. Inquire Joe Thys, Phone 262. 80-4f.

**The Columbia Grafonola is the Phonograph Plus**

Here are five reasons why the Columbia Grafonola excels all other phonographs:

1. Exclusive Tone Levers. Give complete and accurate control over tone volume.
2. Straight Tone Arm. Allows the sound waves to develop fully and naturally.
3. Scientifically Correct Acoustic Design. Gives exquisite clearness and purity of tone.
4. Streamline Cabinets. In perfect accord with modern artistic furniture design.

- Plus
5. The Only Non Set Automatic Stop. Never stops before it should. Always stops at the very end. Nothing to move or set or measure. Just start the Columbia Grafonola, and it plays and stops itself.

Come in today and let us demonstrate the stop that needs no setting.

# SEE HARD WINTER FOR U.S. WORKERS

### TWENTY THOUSAND TO BE DROPPED FROM PAYROLL IN NATIONAL CAPITAL

Washington, D. C. — Thirty thousand superfluous government employees in the District of Columbia, whom the administration succeeded in keeping on the payroll during the presidential campaign, are to be eliminated by congress this winter, according to Representative Wood, of Indiana.

Mr. Wood returned to Washington to begin hearings on the legislative, executive, and judicial appropriation bill by the house appropriations subcommittee of which he is chairman. He said the pay roll slashing he contemplates is only preliminary to a wholesale reduction of the force of employees throughout the government upon the reorganization of the government departments and bureaus by the Harding administration.

### Would Refund War Bonds

The congressman also joined the ranks of those legislators who advocate the refunding of government war obligations for a long period so that taxes may be greatly reduced immediately.

"I would issue new bonds refunding government obligations over a long period, said Representative Wood. "I would have this include not only the Liberty bonds but the about term treasury certificates of indebtedness and the Victory notes. The short term certificates are making lots of trouble in the banks and have helped to cause a depreciation in the value of Liberty bonds. I believe the situation will be helped by refunding all these obligations over a long period. I believe the next generation should help to bear the load of the war expenses."

"Business is in such a condition that we must reduce the burden of taxation if possible. The excess profits tax should be repealed. It has proved an unjust burden upon business and should be done away with at the earliest moment possible."

### War Jobs Were Profitful

There were 37,869 government employees in Washington before the war, 118,000 when the armistice was signed. There are now 50,000. Mr. Wood said the same amount of work can be done more efficiently by 50,000 in the entire country the number of civil employees rose from 450,000 before the war to nearly 800,000 at its close. Department heads are now asking for more employees whose salaries would total \$14,000,000.

"All business firms nowadays are making cuts in their forces of from 10 to 25 per cent or more," said Mr. Wood. "I know one firm that made a cut of one-third and now gets greater efficiency out of the two-thirds remaining than out of the original force. There is no reason in the world why the government cannot do the same thing."

### Employees Fired; Get Back

"In the legislative, executive, and judicial bill of last year we cut out nearly 40,000 employees. Department chiefs, however, managed to get thousands of them back on the pay roll by appearing before committees, such as the committees on military and naval affairs, which handle other appropriation measures. The net reduction in the number of employees thus far has only been about 20,000."

Representative Wood represents the northern Indiana district, which includes the Gary steel plants and other industries adjacent to Chicago. Mr. Wood said the business men of his district are clamoring for a reorganization of governmental departments and agencies.

### Worries for Business Men

"It is getting so that business men are almost afraid to go to the post office for fear of receiving notice from various government departments to supply different sorts of information," said Representative Wood. "Sometimes two or three different departments want the same sort of information in a different way, and it is a problem for business men to furnish it."

One of the chief tasks of the new administration should be to reorganize the numerous government departments, boards, and other semi-independent agencies. One of the best things that Governor Lowden has done in Illinois has been to consolidate and reorganize state departments. Something of the same sort should be done in the government service. "I believe that takes place we can make further economies that are not possible now."

### Spendid Cough Medicine

"As I feel that every family should know what a splendid medicine Chamberlain's Cough Remedy is, I am only too pleased to relate my experience and only wish that I had known of its merits years ago," writes Mrs. Clay Fry, Ferguson Station, Mo. "I give it to my children when they show the slightest symptoms of being 'croupy' and when I have a cough or cold, on the lungs a very few doses will relieve me, and by taking it for a few days I soon get rid of the cold."

## Harry McDonald Is Popular Song Writer

Harry McDonald of Rockford, Ill. who is visiting his sister, Mrs. James Barrette of the Central Cash Store in writing songs which promise to become popular when published. Mr. McDonald has written two fox-trots and also a waltz. The titles of the fox-trots are, "It's Nice To Be Nice to a Nice Little Girl Like You" and "Moon Shine Blues"; the title of the waltz is "Only a Smile From You Little Girl."

## DEPUTY WARDENS ARREST SEVERAL

### CARCASSES SEIZED AND HUNTERS FINED FOR LAW VIOLATIONS

Deputy Game Wardens E. F. Sandberg, of Ishpeming, and E. D. Mosher, of Marquette, have just returned from a successful tour of their district, comprising Baraga, Marquette, and part of Dickinson counties, during which they confiscated several deer carcasses and made several arrests for violation of the game laws.

Along the line of the Escanaba and Lake Superior railway, near Channing, they seized the carcass of a buck from a lower state hunter, who, they claim, killed the animal after filling his license, presumably with the intention of selling it. A warrant for his arrest has been forwarded to lower Michigan.

Two hunters were fined \$50 and costs each for attaching seals to deer killed by others. One was fined \$25 and costs for not attaching seal to a carcass until 48 hours after it was killed. The wardens found the carcass hidden in a barn. Killing a partridge out of season brought a fine of \$20 and costs for one man, and two others were fined \$10 and costs for hunting without small game licenses.

The wardens report a heavy kill of deer throughout their territory, declaring that all the hunters in practically every camp visited had filled their licenses.

Nov. 18, 1920 Dec. 2, 1920  
Notice of Hearing Claims Before Court STATE OF MICHIGAN, The Probate Court of the County of Delta.

In the Matter of the Estate of Eugene G. Conahan, Deceased.  
Notice is hereby given that four months from the 15th day of November A. D. 1920, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court at the probate office, in the city of Escanaba in said county, on or before the 15th day of March A. D. 1921, and that said claims will be heard by said court on Monday the 21st day of March A. D. 1921, at two o'clock in the forenoon.

Dated November 15th A. D. 1920.  
JUD YELLAND,  
Judge of Probate.

## MYSTIC SHRINE TO HOLD BIG MEETING

### ARRANGEMENTS FOR CONSTITUTORY AND SHRINE REUNIONS IN MARQUETTE

The semi-annual reunion and ceremonial sessions of Francis M. Moorconsortary, with its co-ordinate Scottish Rite bodies, and of Ahmed Temple Nobles of the Mystic Shrine, will be held in Marquette December 7, 8 and 9.

Arrangements for the program have been practically completed. Indications are that the attendance will be almost as large as for the reunion last summer and a large class of candidates for the consistory and shrine is anticipated.

The consistory reunion will open Tuesday afternoon, December 7, with ceremonial work in Scottish Rite degrees. This evening will be continued Tuesday evening and through the following day and evening.

The ceremonial session of the consistory proper, with work in the thirty-second degree will be held on Thursday, December 9. At the close of the degree work the semi-annual consistory banquet will be held in Colonial hall. The Rev. Bishop Robert L. Harris, of Marquette, a thirty-third degree Mason, will be the principal speaker at the banquet. There will be other speakers, among them prominent Masons from other cities.

Shrine Meeting December 10  
The ceremonial session and reunion of Ahmed Temple, Nobles of the Mystic Shrine, will be held Friday, December 10. The program for this event will be arranged differently than has been the custom in the past. The ceremonial session will be held in the afternoon, beginning about 1 o'clock instead of in the evening. This will bring the semi-annual Shriners' banquet early in the evening and will give visiting Shriners an opportunity to leave the city on the late train Friday night.

Nov. 28, 1920 Dec. 6th 1920  
Notice of Hearing Claims Before Court STATE OF MICHIGAN—The Probate Court for the County of Delta.

In the Matter of the Estate of Edward LaComb, Deceased.  
Notice is hereby given that four months from the 21st day of November A. D. 1920, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court at the probate office, in the city of Escanaba in said county, on or before the 1st day of April A. D. 1921, and that said claims will be heard by said court on Tuesday the 5th day of April A. D. 1921, at ten o'clock in the forenoon.

Dated November 21st A. D. 1920.  
JUD YELLAND,  
Judge of Probate.

## HOOPER URGES LARGE SALE OF SEALS IN U.S. TO FIGHT TUBERCULOSIS

Lansing, Dec. 2.—Herbert Hoover believes that the Christmas Seal Sale that is to begin throughout the United States on Dec. 1 and continue until Dec. 11 should be generously supported by the American people. In a letter to Dr. Charles J. Halfield, of the National Tuberculosis Association, Mr. Hoover says:

"I am glad to avail myself of the opportunity of expressing my opinion in regard to your coming sale of Christmas Seals for the National Tuberculosis Association. There is, perhaps, no problem of a health nature that we have to meet at a nation that is more serious than that of tuberculosis. The National Tuberculosis Association has been and is still making a superb fight against the ravages of this disease and it deserves the support of every citizen who wishes to see a real improvement in the health statistics of his community and this nation. I wish you every success in your sale of Christmas Seals, and in the splendid efforts which the sale of these seals will allow you to continue."

Throughout Michigan the workers in the various counties and cities are of this disease and it deserves the support of every citizen who wishes to see a real improvement in the health statistics of his community and this nation. I wish you every success in your sale of Christmas Seals, and in the splendid efforts which the sale of these seals will allow you to continue."

### Moves in New Home

C. A. Walt today moved into his fine new white stucco home at Tenth street and Dakota avenue. This is one of the prettiest and most modern homes in the city. It was built by Oscar Olson and decorated by Sam Tang.

Nov. 28, 1920 Dec. 3, 1920  
ORDER FOR PUBLICATION—Sale or Mortgage of Real Estate.  
STATE OF MICHIGAN, The Probate Court for the County of Delta.  
At a session of said court, held at the Probate Office in the city of Escanaba in this County, on the seventeenth day of November, A. D. 1920. Present Hon. Judd Yelland, Judge of Probate.

In the Matter of the Estate of Esther Hanson and Walter Hanson, Minors. Jennie Sandberg, guardian, having filed in said court her petition, praying for license to sell the interest of said estate in certain real estate therein described, for payment of debts. It is Ordered, That the twentieth day of December A. D. 1920 at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is Further Ordered, That Public notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing in the Delta County Reporter a news paper printed and circulated in said County.

JUD YELLAND, Judge of Probate.  
A True Copy  
JUNE STONHOUSE, Register of Probate.

### Paint Brush's Heavy Work

Nothing is better to take dust down the stairs than a good paint brush. It removes the dust from the corners of each step, brushes between the stair-pattings of moldings in a way no cloth can possibly do. Indeed a medium size paint brush of about four inches width has many uses in the house.

# NINTH GRADERS IN SCHOOLS DO LITERARY WORK

ONE ARTICLE SELECTED AT RANDOM GIVES IDEA OF SCOPE

Pupils in the Ninth grade of the local schools have been preparing a number of most interesting little articles under the able direction of Carl G. Miller the teacher of that grade. Some of these productions, Mr. Miller believes to be worthy of reproduction in children's publications such as the Youth's Companion and others.

From time to time the Reporter will print little stories selected by the teacher and in a few moments there will be especially interesting as showing what young folks are doing in a literary way.

### CARELESSNESS PAID FOR

There was once a boy who was in the eighth grade in the Gladstone High School and whose name was Peter-Cable. He was quite a good boy, but he had one bad habit, which was carelessness.

One day Peter was asked to learn some important dates connected with history, such as 1492, 1860 and 1776, but he refused to learn them, thinking them not important and that it was not necessary to be exact. When he was asked when Columbus discovered America he just answered, "Oh somewhere around 1490," or when asked when the Civil War began, he said, "Somewhere around 1860," when final exactness came, he passed with a history grade of seventy-eight.

When Peter was a Sophomore in high school, he played football, but he only played on the second team. One day the first team played with an outside team, and Peter was asked to keep time for the home team. There was a knock-out for both sides. Peter kept time very exactly in the first two quarters, and in the third quarter the quarterback for the other side was called away. This left Peter keeping time all alone. At the last part of the game Peter saw that his team was going to make a touchdown, but if he called time when he was supposed to,

they wouldn't have time to do it. He extended the time, thinking no one would ever find out, and Gladstone made a touchdown through the intentional carelessness of Peter.

Soon after Peter's father bought an automobile, which he paid one thousand dollars for. Peter was very proud of it and told his friends all about it. One of them asked Peter how much his father paid for it, and he answered, "Hundred hundred dollars." Peter said to himself, "What's the difference? No one will ever find out that we only paid one thousand dollars for it." This was another act of his carelessness.

When Peter was a junior, he took chemistry. One day in class he was asked to make nitrogen. In order to make nitrogen he had to use potassium nitrate. Peter went up to the chemistry table and took what he thought was potassium nitrate but was too careless to notice that it was potassium nitrate, a substance which is used in the manufacture of gun powder. Peter lit the alcohol lamp and proceeded to heat the nitrate. In a few moments there was an explosion, which ended in Peter spending several weeks in the hospital and the loss of his right eye. This was all due to carelessness. Peter got out of his other acts of carelessness but the last one was enough to make up for all of them.

### Trammen Will Meet Sunday Afternoon To Hear W. A. McDonald

Members of the Brotherhood of Railway Trainmen will hold an important meeting Sunday for the discussion of matter pertaining to their welfare. It is expected that W. A. McDonald chairman of the general grievance committee of the B. of R. T. for the Soo Line, will be present and address the men. Mr. McDonald is one of the strong men of the organization and his talks are always heard with interest by the Trainmen. The meeting is to be held at the Eagle hall and it is expected it will be very largely attended.

**Gets Death Message**  
George Bosley, of the Gladstone Opera House, was called to Chicago Monday evening by the announcement of the death of a niece in that city. Mr. Bosley expects to be gone for a week or more, during which he will pay a visit to his parents in Mattoon, Ill.

### SHORT NEWS NOTES

#### Presbyterian Supper Splendid Success

The ladies of the Presbyterian church are indeed deserving of praise for the delicious menu served at their supper held in the church parlors Tuesday evening. From the first serving at 5:30 until 8 o'clock the tables were filled. It proved one of the most successful suppers held at this church.

#### Another Coal Cargo

The steamer Senator docked here yesterday with a cargo of 6,000 tons of soft coal which was unloaded at the Pittsburgh Coal company's docks. It is for local consumption and distribution along the Soo Line during the winter.

#### Suffers Severe Cut

Rev. Fr. Colquhoun of Perkins well known throughout this community severely cut his foot while chopping wood at his home in Perkins. He was taken to the hospital in Escanaba where medical attention was given the injured foot. Father Colquhoun is at home now but will not be able to be around for at least three weeks.

#### Women's Auxiliary to Meet

The Women's Auxiliary to the American Legion will hold a meeting Friday night at 8:00 o'clock at the Eagles Hall. Members of all committees are particularly urged to be present as this meeting is held for the purpose of settling all accounts incurred by the Armistice Day Banquet.

#### Swedish Baptist Church

Sunday school and morning service at 10 o'clock.  
Evening Services at 7:45.  
REV. W. NELSON, Pastor.

#### Go to Hospital

Russell Sellars of this city was taken to Escanaba last night where he entered Laing's hospital for an operation for an affliction which has been troubling him for some time.

#### Water Board Meeting

The regular meeting of the Gladstone water board will be held this evening. Nothing out of the ordinary is expected to be discussed, only the regular bills being due to come before the meeting.

#### Big Auction Sale

The auction sale held last night at the Swedish Baptist church was exceptionally well attended, and proved a huge success. The church netted the very neat sum of \$162.90.

#### Attractive Windows

The various business houses of the city have been busy decorating their windows with attractive holiday displays. The Xmas goods this year are especially inviting and the bright and pretty colors are bringing about the real Christmas spirit.

John Implennance who made an assault of great severity on Joe Martin of Rapid River a week ago, following his escape from the Newberry hospital, was arraigned before Justice Miller of Rapid River, Wednesday on a charge of "assault to do great bodily harm less than the crime of murder." He was represented at this preliminary examination by Attorney N. C. Spence of Escanaba while the state's case was in the hands of Prosecuting Attorney Torval E. Strom.

The testimony was considered sufficient by Justice Miller to bind Implennance over to the circuit court and his bond was fixed at \$5,000.

# COMMUNITY PLATE SILVERWARE

Nothing pleases the new bride or wife more than silverware. Probably some of you have perhaps started the Adams line in Community Plate and if you have we can supply you with the balance.

No question but that it will show exacting taste on your part and at the same time please the receiver. If you are in doubt about choosing Xmas presents—give them silverware. Our stock is complete including Knives and Forks, Tea Spoons, Table Spoons, Baby Spoons

Olive Forks, Tomato Servers, Butter Knives, Gravy Ladles, Berry Spoons etc. Just drop in on your way uptown sometime and look 'em over. Absolutely under no obligations to buy.
