LET CONTRACT FOR PLANS FOR JUNIOR HIGH

NEW SCHOOL TO BE BUILT WITH VIEW TO ADOPTING GARY SYSTEM

Wednesday evening's session of the city school board was a long drawn out discussion of many interesting problems relative to the new school buildings to be built next summer, particularly the junior high school. The board heard some interesting reports from Dr. D. N. Koe and Supr. E. W. Wilman as to what they had seen and learned on their inspection trip to Menominee.

It was determined to build the new high school with the idea in view of adopting the Gary system which is in vogue in Menominee and which has given such splendid results. More details will be announced in connection with this phase of the work at a later date.

Escanaba Architect Chosen
The contract for drawing the plans was awarded to Architect O. Arntsen, of Escanaba, who will begin work at once. This means a change in the plans of the building as originally considered but in all essential particulars the newer plan is supposed to be a big improvement over the original plan.

The local banks have been asked to sell the entire issue of \$175,000 worth of bonds, \$140,000 being for the high school building. Expectations now are that if the bonds are disposed of at six percent, as has been contemplated, the building will be started early next spring and the building rushed along as rapidly as may be.

LOCAL SCHOOL MEN IMPRESSED BY INSPECTION

VISIT TO MEMOINIE GIVES A NEW INSIGHT IN SOME IMPORTANT MATTERS

President D. N. Koe, of the Board of Education, and Supr. E. A. Wilman, of the public schools, have returned from an inspection trip to Menominee with a number of new and practical ideas relative to things that should be considered when Gladstone Junior High school is built next summer, as well as bringing back with them a lot of enthusiasm about matters forming a part of the curriculum and the manner in which the modified "Gary system" is being worked out in Menominee.

The Gary System
The Gary System, briefly outlined, means the rotation of several classes through the same room and reciting to the same teacher. This means the saving of considerable room in the construction of the new high school building.

But far and away more impressive than all other advantages, those which most deeply impressed the visitors, was the splendid outlook the student got on his own capabilities before he entered the high school and made a choice of studies for himself.

Manual Training
Dr. Koe was particularly impressed with the work done in the manual training department of the Menominee schools and expressed the opinion that it would be but a few years until manual training was compulsory in all public schools in Michigan.

Mr. Wilman was also pleased with the manner in which the Gary System worked out in Menominee. He was quick to see its advantages and when the new building is erected in Gladstone, will undoubtedly put into effect many of the features of the Gary system which are now becoming accepted all over the country as practical.

May Cut Over Power Transformers Quickly

Supr. Alfred Raddant of the city lighting and power plant is busy now working out plans for the installation of the transformers on the outside of the present sub-station back of the city hall. He is making drawings and forecasts for these transformers for several months. It is likely that the work of making the change will be started about Sunday or Monday of the coming week.

Rapid Progress Made On All Saints In The Last Few Days

The weather man still continues to favor the contractor who has charge of the building of All Saints' church. Work has been rushed rapidly within the past week and it now appears that the roof of the big structure will be placed by Christmas. Steel trusses for the roof arrived this week and are being hoisted to the building site. Now it is probable the work of hoisting pieces of this important portion of the work will begin Monday.

BOXING LICENSE HAS ARRIVED FOR AMERICAN LEGION

FIRST CARD TO BE STAGED WITH IN THE VERY NEAR FUTURE

Members of the American Legion were made happy last night by the arrival of their long expected boxing license. A meeting of the athletic committee is to be held at once for the purpose of framing up a boxing card to be put on at the earliest possible moment.

Fighters Want Dates
Commander Dayton is in receipt of letters from Otis Crawford, of Mandoligo, who wants to meet Al Phillips, the local lightweight. Crawford says in case a match cannot be arranged with Phillips, he will take on any other good boy at 125 pounds.

Another letter is from Newell McCallister, of Flint, who says he wants to meet some good man here at 145 pounds.

Electric Lights For The Soo Round House Soon to Be In Use

Within a few days men working at night at the Soo Line round house, will be doing so under conditions and under such circumstances as will make their work a real pleasure. The work of wiring the place for electric lights has just been completed, a force of men having been busy on the job for the past several days. The lights are expected to be hooked up by the first of the coming week.

Engineer Desires To Look Over City Water Situation

Supr. Alfred Raddant of the local water department, is in communication with Dabney H. Maury, of Chicago, a consulting engineer, who has learned of Gladstone's water problems and wishes to come here to look the situation over with a view to making recommendations. Just whether the plan of sinking wells or constructing a filtration plant is the better, has not been fully determined. It is understood there are good arguments on both sides, but a knowledge that wells are always more or less independent is having a tendency to swing the pendulum in favor of the filtration plant idea.

The matter will be given further consideration by the water board and the public health department at future meetings and some definite decision will probably be arrived at before long.

ABOUT THE WEATHER

Temperature for the past half week:
Cloudy and probably unsettled to night and Friday; not much change in temperature; moderate to fresh, southerly and south winds.

The End Of A Perfect Day

CIVIC LEAGUE TO STAGE BIG BENEFIT MONDAY

Proceeds Go To Swell the Christmas Seal Fund Here

Members of the Civic League today arranged for giving a performance at the Lyric Theatre Monday evening, Dec. 13, for the benefit of the double barred Christmas seal sale which is being prosecuted with such marked success here.

BUY SEALS

Make A Christmas Gift To Innocent Victims Of Dread Tuberculosis In This City.

The dread white plague destroys 150,000 human lives every year in the United States. Tuberculosis spreads its darkening clouds over millions of people in this country alone. Many of these lives are made hopeless by the presence of poverty, for tuberculosis strikes hardest and most frequently in the homes of the poor. Their hopelessness, too often, is due to their helplessness.

The organized fight against tuberculosis needs your aid. Will you spread the white plague? It has been made very easy for you to aid in the battle.

Basket Ball Athletes Asked To Turn Out

Every man who expects to turn out for the American Legion basket ball team is urged to be present tonight at the Old Reporter office. Practice will be held every Wednesday and Thursday night and as the season is rapidly passing and Gladstone is expected to have a team in the field shortly, no time can be lost. Athletic Director Don LaFond, especially requests every man with an ambition to make the team, to be present not only tonight but every other night when practice is held.

FINE BAKERY TO OPEN HERE ABOUT FIRST OF YEAR

MODERN, SPOTLESS, VISIBLE PROCESS TO BE USED FOR PRODUCT

The Clapp & Son Baking Co. for 12 years located in Traverse City, Mich. will open a modern bakery and lunch canteen in this city about the first of January. The Junior Mr. Clapp has been for the past ten days making the arrangements. He has leased the ground floor of the Eagle hall on Delta avenue and carpenters are now remodeling the place to meet the requirements of the new business.

HAYS FOR THE CABINET

If there is any one thing that likely is settled about the Harding cabinet it is the selection of Hays to be postmaster general says the Marquette Mining Journal. As has been pointed out, of late years at least, this cabinet post is the vantage point from which national politics has been surveyed for the incumbent administration.

Everything will be baked in plain view of the public. Pies, cakes, pastries and many dainties will be produced, as well as bread and rolls. Every Gladstone is to have a real city bakery, with city service.

But another feature will be welcomed. This is the luncheonette which will be conducted in connection with the bakery. Here all sorts of quick lunches and short orders will be served. It is planned to have private rooms for families, as well as a lunch counter and these are to be so arranged that much privacy and comfort will be the result.

GLADSTONE CHRISTMAS GAINS

Just now when Gladstone stores are brightening up with Christmas displays and when the people from out of the city are beginning to look around to get a line on their possible selections of gifts, it is gratifying and significant to find that local merchants are keeping steady pace with the downward trend of prices of many commodities.

In almost every store in the city the tags attached to various gift articles indicate that the merchant has caught the spirit of the times and is giving his customers the benefit. As a general proposition prices just before Christmas are the highest but it is not so this year.

Many merchants are already anticipating reductions that are expected coming from manufacturers and the public is deriving the benefit. It is a happy condition and one which, it is believed, will reflect in heavy buying during the holidays.

SHOE FACTORY SITE VIRTUALLY DECIDED UPON

Capital All Raised And Machinery Is Being Ordered Now

Negotiations for the site for the new shoe factory, which it is believed can be put in operation here within the next 30 days, have practically been closed. Although the situation is not such as to justify a final announcement of the final selection at this time.

Knights Of Pythias Elect New Officers

The local Knights of Pythias held new officers Tuesday night enjoyed a fine luncheon and the following are the officers chosen: Miles M. Stuck, chancellor; C. H. Kruger, prelate; Samuel Rosenbaum, master chequer.

Atty. Glenn W. Jackson, master work. F. Cornell, master at arms; Andrew Johnson, inner guard; Albert Raddant, outer guard; Miles M. Stuck, delegate to lodge meeting; Carl Carlson, alternate delegate.

Rapid River Man Leaves For Sweden

Carl O. Carlson, of Rapid River, Tuesday evening for New York where he will await the arrival of his passport for Sweden. He has made application and will spend time visiting friends in the east leaving for the land of his birth.

Fish Unable to Swim

It is a fact that there are fish that cannot swim. A Brazilian fish, the malpis, can only crawl, hop. It has a long, upturned, and resented to some extent. The anterior fins of the malpis small and are not suitable in the water. They are of a servile nature. (Theodore Ingleton)

GLADSTONE TO BE ASKED TO TAKE LIBRARY

WORK HAS GROWN TO SUCH PROPORTIONS THAT CITY AID IS REQUIRED NOW

The Gladstone City Council in a probability soon will be asked to take over the supervision and conduct of work being done by the Gladstone Library Association. This has been largely a matter of individual effort. The ladies of the first backed the project free of their time and effort and through their untiring endeavors have put the library on a substantial foundation.

Many donations of books and funds have been made. The Association has conducted various benefit performances and in many ways has fought for the maintenance of the library.

Attendance Increases
Monthly reports show a constant growing interest in the library. It has now reached a stage where it is worthy of still greater development which can best come through a management, it is asserted, and for this idea in view, it is understood that the city council will be asked to take over and finance the project before great results are accomplished.

This has been the common history of libraries in most cities. They started through the initiative of one individual who donated some books or gave a room. At a certain time and through the securing of books. As the benefits of the enterprise became apparent and greater demands came for books, the city usually took care and expanded in keeping with the needs of the time.

It is thought the same result will follow here and although some opposition may be encountered, this too is in line with the common experience in all towns. However, the local library is believed to have reached a stage when it is time for the city to take it over and conduct it as a part of the public service.

Assessment Roll Sent To Treasurer By Assessor Today

City Assessor Phil Hays this morning turned over to City Treasurer Eric M. Johnson the tax roll for current tax year. Mr. Johnson will charge a fee of one per cent collections between Dec. 19 and 30. A fee of four per cent will be charged on all sums unpaid after Jan. 1. The roll shows \$119,634.51. It is in full payment of \$75,078.15; personal \$123.41, making a total of \$118, to be paid on real and personal property for the city. Other payments for special paving (Dakota) \$17,477.07, special sewer \$31, sidewalk \$57.50 and alley \$4.00.

SEAL SALE GOES ALONG NICELY IN THIS COMMUNITY

VOLUNTEER PAINTER WANTED TO PREPARE SIGN TO STRETCH ACROSS STREET

Members of the Civic League are more than pleased with the success of the drive for the sale of the double barred Christmas seals which is being pushed throughout the state under the auspices of the state anti-tubercular association. Arrangements have been made here for selling not less than 10,000 seals.

The attainment of this goal does not seem so difficult now as it did earlier. For instance, Supt. Williams, of the public schools, has taken 1100 worth of seals and will have the school children dispense of them. The parochial schools have taken 2100 worth for the same purpose. Rapid river has pledged 1100 worth and 420 worth will be disposed of in Kipling.

Some New Features
A number of new angles will be injected into the campaign before it is closed. One thing the Civic League will do, and that is not particularly allied with the seal sale, is to ask the city council to place red and green lights in the globes along the "great white way" during the holiday season. The ladies figure this will be more in keeping with the spirit of the yuletide and will have a tendency to constantly remind people that it is the season for thinking generously of others and doing something to aid them.

Also here is a chance for some local painter to win the undying gratitude of the Civic League. A large banner is wanted. The ladies will furnish the material for the banner, the paint and the ropes and have a man to put it up, but someone must paint it. All the sign writers in town seem to be loaded down with business, so a volunteer is being called for to paint this banner.

Stick Pin Crosses
Meantime, the ladies have received a number of the little double barred crosses which will be sold and the man or woman who is not "tagged" with one of these will be considered fair game for any one of the salesmen on the day the drive is to be made. Arrangements are also going forward for the installation of booths in the local banks and other business places, where ladies strolled in the cars of Red Cross nurses will offer seals for sale a few days before Christmas.

But what the ladies want now is a

RED CROSS ALWAYS READY IN DISASTER

The Red Cross is always prepared. When disaster hits a community this organization can be depended upon to follow right at its heels with help for the stricken people.

Red Cross relief is always forthcoming—food, clothing, shelter and funds. Doctors, nurses and special workers with long experience in handling similar. No matter what the disaster may be—fire, flood, earthquake, explosion, bad wreck or tornado—the Red Cross is always able to cope with the situation.

During the last year there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Tex., and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana and Illinois.

In these events of horror, 850 persons were killed, 1,500 were injured, 13,000 were made homeless, about 30,000 families needed help, the property loss was nearly \$100,000,000 and almost \$1,000,000 in relief funds, not including emergency supplies, was expended.

To the sufferers from all disasters during the year the American Red Cross sent \$123,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food centers and an army emergency hospital. One hundred and twenty-five Red Cross chapters gave disaster relief services.

If disaster ever strikes the town or county, the citizens can be absolutely sure the Red Cross will be on hand to help them in every way.

Clean-Up Sale of HEATING STOVES

FOR 10 DAYS ONLY
At a 25% reduction in price

to make room for hot day goods and reduce our stock before inventory. We have just received a delayed shipment of heaters which should have arrived October first. The factory was unable to ship promptly and the stoves arrived this week. We want to move them quickly and so have cut \$15.00 off the price. Think of a large 20 inch size Coal and wood heater similar to the illustrated reduced from \$60.00 to \$45.00.

These stoves have draw center coal and wood grate, heavy boiler steel body, large ash pit with screw draft and check draft. Extra large feed door with swinging smoke curtain and heavy cast leg base. The nickel plated parts include large swinging dome top and ornament nickel top ring, side wings, name plate panel, foot rails, draft dampers and door latches. This is an exceptional chance to get a good, heavy, large size stove at 3-4 value. Have one installed in your home during this mild weather and you can laugh at old King Winter later on.

We are also offering some extra values on other types of heaters, made to burn wood only. Easy terms if desired.

NEWS OF THE MOVIES

Evilyn Speart Coming Friday
Many is the life that might be saved by the arrival of a timely check from a wealthy aunt. Bettina and her elder sister thought all their troubles were over when that welcome ship of pink paper dropped into their hands. But instead, it turned out to be the innocent agent that brought them into the power of an infamous woman.

The story of the horrible fate that overtook one of these pretty girls is shown in "My Little Sister", a William Fox production starring Evelyn Nesbit. It is to be shown at the Lyric theatre.

"Poor Relations"
"Poor Relations", coming to the Lyric theatre Saturday, King Vidor's latest production for Robertson-Cole release, is a delightful mingling of pathos, love and humor, which contrasts the sham culture of the so-called aristocracy with the "common class."

"Poor Relations" aren't always the most cultured refined persons in the world. In fact, they're sometimes "vulgar." But the world of man seems content to mistake the form for the spirit, and we are all inclined to judge people by externals.

Dorothy Perkins wanted refinement, and she thought she had it when she married a millionaire and went into high society.

Sister Daisy wasn't strong on culture, but she had heart and imagination.

BOOK A WEEK WILL BROADEN YOUR OUTLOOK

CAPITAL LIBRARIAN GIVES A LIST THAT WILL BE A HELP TO ALL

Washington, D. C.—It's a far cry from the day on English prison hopped he'd live to see "a Bible chained in every church in England" to the American public library with its thousands of volumes.

Where once only one man in 10,000 could read now book reading has become the national "indoor sport."

Give New Outlook.
Miss Clara W. Herbert, assistant librarian of the District of Columbia Public Library, has assembled a short list of books printed within the last three years that will give the man or woman who reads them a new outlook on life.

They are books some folks would call "henry." They treat of public questions of the lives of great men of the minds of the people and of the achievements of those who have pioneered or who are now pioneering "the way to new goals of mankind."

The Cairo Public Library can furnish most if not all of these books.

Have You Read These?

Following is Miss Herbert's list:

Education is Miss Herbert's

Education of Henry Adams, Henry Adams

The Theatre Through Its Stage Door, David Belasco.

Life of John Marshall, A. J. Beveridge.

Quaker Singer's Recollections, David Bispham.

Men, Manners and Morals in South America, J. O. P. Bland.

Portraits of American Women, Gamaliel Bailey.

The Rescue, Joseph Conrad.

History of France, W. S. Davis.

Abraham Lincoln, John Drakewater.

The League of Nations, S. P. H. Dugan.

Glowworm and Other Beetles, J. H. Fabre.

Memories of the Empress Eugenie, Comte Fleury.

Unconquered Wanderers, Rosita Forbes.

Alexander Hamilton, H. S. Ford.

Now It Can Be Told, Sir Philip H. Gibbs.

A Labrador Doctor, Sir W. T. Grenfell.

Recreation, Viscount Grey.

Moral Basis of Democracy, A. T. Hadley.

Heart of the Puritan, E. D. Hanscomb.

Book of a Naturalist, W. H. Hudson.

Letters of Henry James.

England to America, M. P. Montague.

Launcelot, E. A. Robinson.

Coles Breugnon, Romaine Roland.

What is America? E. A. Ross.

South, Sir E. H. Shackleton.

Creative Chemistry, E. E. Slosson.

Psychology of Bolshevism, John Spargo.

Ireland and England, E. R. Turner.

Napoleon, Herbert Trunch.

Modern American Poetry, Louis Untermeyer.

American Paintland and Its Trails, J. C. VanDyke.

French Ways and Their Meaning, Mrs. Edith Wharton.

Michigan Boys Win Honors In Chicago

East Lansing.—Carrying the banner of Michigan in competition with the best junior judging teams from 19 other leading states of the country, three Michigan boys placed second in the stock judging competition at the recent International Livestock Exposition at Chicago.

Carl Johnson, of Ironwood; Walter Hall, of Charlotte; and Rex Stow, of Wildwood winners of high individual honors in the Boys and Girls Club judging events at the State Fair last fall, made up the winning Michigan team. Carl Johnson stood fourth in the individual work, while Walter Hall ranked ninth from among all the judges entered.

First honors went to the state of Georgia, the southerners leading Michigan's entries by only a very narrow margin. Iowa was third, Indiana fourth, and Illinois fifth in team ranking.

THE AMERICAN PRESS ASSOCIATION

Entered at the post-office at Gladstone, Mich., as second class matter.

THURSDAY EVENING, Dec. 9, 1920.

of 95,000 government employees here' said Mr. Wood. "Before the war there were about 37,000. It is idle for anyone to say that there is now three times as much work done here as before the war."

There are twenty-five or thirty independent bureaus, meant by the law that created them to be merely for the war emergency, that are trying to induce us to make them permanent and to get a larger force than before. And they are doing this by saying that the cut must come somewhere else in their own offices."

PARENTS MUST REALIZE

Juvenile delinquency particularly among girls, has materially increased during the disordered unnatural years of war and readjustment, according to Ben B. Lindsey, judge of Denver's famous juvenile court in a recent interview.

Why?

One of the chief reasons, Judge Lindsey continued is because most girls know more about modern conditions than do their mothers. And their mothers refuse to learn. He added:

Judge Lindsey's statement at first glance, may not "sit well" with many women. But his explanation of the cause of the wrong doing and study on the part of every parent.

It is natural for any parent he is planning to think his or her own child is good and incapable of wrong doing. Living in this belief, very many persons refuse to view their children otherwise. They will not listen to stories of their wrong doings. They impress sublimely trustful mental attitude on their children; and as a result, the erring child, through a sense of loyalty and a fear of disappointing his or her parent, avoids making a confidant of the parent.

Many a parent, living in his own delusion, wishes to believe there is any other side to life. Many a mother, with memories of her own girlhood and with only confidence in her own daughter would refuse to believe that under the changed conditions of today, temptations have arisen and environments have developed far different from those of a decade or two ago.

It is natural for humanity to live in false paradises, accustomed to and approving of one thing, we are loath to believe in another. Striving for and believing in good, we hate to recognize evil.

Many wrongs have existed in the world because good persons were ignorant of them and were hesitant to believe and even hostile toward those who sought to present the truth.

Judge Lindsey's statement regarding the delinquency agrees with the statements of many others who, like him, are in a position to know. His explanation of one of the chief causes is worthy of consideration by every parent.

Due to the prevailing ignorance of the serious nature of measles, parents often attempt to treat their children without calling in a physician. In view of the serious complications, which may mean death, no risk should be taken.

There begins to be a shrewd suspicion that Senator Harding intends to select the members of his cabinet himself.

To a few political gentlemen, who might be named the Thanksgiving turkey probably tasted a good deal like crow.

SMILES

Simpler Method

"I do hope you'll be able to come to the mother's welfare meeting on Wednesday. We've persuaded a famous chef to come and give us a lecture on 'The Decay of Cookery.' It should be most helpful."

"Not to me, mum. I ain't gives nibe to the pie when it gets that far."

London Punch.

In the Crowd

"What are you making such a fuss about? I thought you were a good housewife."

"I am, as far as an election is concerned," answered the excited citizen. "What I am concerned about is the loss of a perfectly good two-dollar watch."

Extremes

"Run downstairs, sis, and get me some extra. I will as soon as I have taken my bitters."

One Way

"Mamma, I'm goin' to give Auntie Maud my spade and pail."

"Whatever for, Willie?"

"So that she can kick it."

"Kick it?"

"Yes, Daddy said we should have a lot of money if only auntie would kick the bucket."

—The Bits.

Complete Shift

"I recollect," said Doc Mallory, "when wages all looked up to salary." "The world moves on by easy stages. Now salary knows to wages."

In the Oil Well

"What is that man drilling?"

"A wildcat well."

"If he strikes a run of wildcats there ought to be good money in selling their pellets."

It's a Question

"What's your opinion of England's Irish policy?"

"Don't you mean Ireland's English Policy?"—Buffalo Express.

Seems Appropriate

Roed—"I see they are talking of having a Chair of Football in one of our colleges."

Green—"O, well, I suppose it will be in order for it to have a broken back or a fractured leg."

Bell Filled Thieves

Among records of stolen bells is that of one from Suisun in Burgundy, which Chateaux carried away. The bell objected to the act by gradually becoming dumb on the journey to Paris, where its voice was discovered gone. But its voice returned in such full force when the bell was sent home that its tone could be heard seven miles distant.

An old bachelor says that ten measures of talk were set before Adam and Eve, and Eve took nine of them.

Young Thing—"I wonder why they call it free verse?"

The Poet—"That's simple. Did you ever try to sell any?—Jack-o-Lantern."

Goodyear Tubes
Also Save Tires

Under-inflation destroys more tires than all other causes combined.

When we remove that one source of expense from your tire problem, we have performed a service you will appreciate.

It's really quite easy, too.

We supply tubes that actually do hold air.

The Goodyear Heavy Tourist Tube with its extra thickness, purity of rubber, laminated construction and built-in valve patch prevents under-inflation.

Society Notes

The Women's Catholic Order of Foresters held a most interesting meeting last night at which time a class of 35 or more were initiated into the order. The Drill Team put on a pretty drill which was deserving of very high praise. The order is growing very rapidly and is doing splendid work. The interval between the meeting and luncheon was taken up with an amusing negro dialogue by Miss Flora LaRoche gave a pretty violin selection. Mrs. J. Mallongree rendered a beautiful solo. Then came a most charming Hawaiian dance by Margaret Little. The last number was an amusing negro dialogue by Mrs. Germaine and her mother. A lovely life lunch was served by committee No. 3.

First Dance Friday
 The first of a series of dances given by the Tri-Delta club of Escanaba will be given Friday evening of this week at Clark's hall, Escanaba. The Tri-Delta club was organized solely for the purpose of providing at least one pleasant evening a week for both the old and the young lovers of dancing in the vicinity. Johnson's five-piece orchestra has been engaged to furnish the musical numbers for the initial affair, and the five members of the orchestra will be fully equipped with all the latest and most desired dance music.

It is expected that a large number of the dancing fans of this city and vicinity will attend the Tri Delta's first dancing party in Escanaba Friday night.

Surprise Party
 A number of boy and girl friends of Lawrence Tebear son of Mr. and Mrs. George Tebear pleasantly surprised

the young man Monday night on his thirteenth birthday. A lovely 5 o'clock dinner was served and the evening was spent in the usual jolly manner. Lawrence was the recipient of many beautiful gifts.

Dancing Party
 What promises to be an immensely enjoyable affair is the dance to be given Monday night by the August Mattson Post of the American Legion. The dance will be given in the Wassa Hall and Ledo's orchestra will furnish the music. A large crowd is expected and a perfectly wonderful time is assured.

Pupils Entertained
 The pupils of three Sunday school classes of the Methodist church of which Mrs. J. D. Staple, Miss Lillian E. Empeon and Mrs. H. W. Smith are teachers were entertained by Mrs. Staple at the Staple home Tuesday night. The pleasant evening passed away with various enjoyable games after which refreshments were served.

Surprise Party
 One of the most pleasant social af-

airs of the season was held Wednesday night when the Young People's Society of the Swedish Mission church surprised Elmer Anderson at his home on Minnesota avenue. Games and music were the amusement of the evening, a very delicious lunch following.

Civic League Meet.
 The Civic League meeting which was to be held last Tuesday was postponed until Tuesday, Dec. 14th at the Field home. Mrs. Feldt and Mrs. C. W. Schuler will be hostesses. After the meeting a short musical and literary program will be held, daily refreshments concluding the meeting.

Five Cigars
 "Yes, these are genuine Havana cigars."
 "Sell 'em everywhere, I suppose?"
 "Well, we've never tried to sell 'em in Havana."

Waste of Time
 "I can read Heggie like a book."
 "You shouldn't waste your time on such stupid literature."

Good Food and Good Health

It requires the former to retain the latter. If you appreciate good things if you desire good health it will be to your interest to see to it that your food products are purchased at this store. Everything is kept in the highest condition and our prices are at all times fair. Try our

PATRONAGE AT LIBRARY GROWS WITH EACH DAY

MONTHLY REPORT SHOWING INCREASING INTEREST IN WORK BEING DONE HERE

The following report has been submitted by the Gladstone Library for the month of November:

The figures this month are an advance over the previous month, and on all points show a larger daily average than any other month since March.

Total attendance for Nov.	1486.00
Average per day	49.53
Total number of books loaned	534.00
Average per day	21.36
Total number of periodicals loaned	56.00
Average per day	3.51

The following are among recent additions to the library: "Memoirs of Lafayette" by Josephine Daskam Bacon; "The Works of Virgil" translated by Davidson and edited by Theodore A. D'Amico; "Three Months' Tour in Persia" by Madame DeLover; "The Works of Charles Dickens" in 18 volumes; "Twenty Years After" by Alexandre Dumas; "Tribby" by Geo. Bellamy; "Helen's Circle" by Lewis, in 15 volumes, edited by Seymour Eaton; "An Egyptian Princess" by George Elbers; "Works of George Eliot" in 7 volumes; "Elizabeth and the German Garden" by Mary Ansell Beauchamp; "Grafyn von Arvin" by George Elbers; "Essays, Second Series" and "Representative Men" by Ralph Waldo Emerson; "The House and the Love Affairs of a Bibliomaniac" by Eugene Field; "The American Revolution" in 2 volumes; "The Old Virginia and 'Her Neighbors'" 2 volumes by John Fluke; "The House of the Future" by Jesse Featherly; "Confessions" by John Fox Jr.; "Life of Benjamin Franklin" written by himself and miscellaneous essays" by Benjamin Franklin; "Cranford" by Elizabeth Cleverly Gaskell; "The Divorces" by Ellen Glasgow; "The Redemption of David Gonsler" by Charles Frederic Goss; "Little Flower People" by Gertrude Elizabeth Hale; "A Handbook of Composition and Rhetoric" by J. M. Hart; "A History of American Art" 2 volumes by Sadachichi Hasegawa; "Grandfather's Chair" "The House of Seven Gables" "Mosses from an old Manse" "The Scarlet Letter" "Stagwood Tales" "Twice-told Tales" and "The Wason-book" by Nathaniel Hawthorne; these with others, being among the books so kindly donated by the "Coterie."

Among the books received during the month was volume ten—the closing volume—of the "Literary Digest History of the World War". This volume contains an account of the main naval battles of the war, personal sketches of the war leaders, the peace conference and signing of the treaty, including the full text of the League of Nations covenant and a summary of the various treaties, also a chronology of the war, and an index.

This set of ten volumes is now complete, and ready for circulation.

In addition there is strength, but the unknown husband of a prominent woman doesn't believe it is equity distributed.

CAMPBELL URGES A BETTER SYSTEM

COLDWATER MAN BELIEVES STATE COULD ABOLISH OFFICES.

Milo D. Campbell, of Coldwater, speaking at a Republican rally held in Wayland just before the presidential election, denounced the action of the state Democratic convention in calling for the abolition of the state constabulary.

"It would prove a sorry mistake," he said. "The proponents urging this are the ones who fear defeat in the violation of the liquor and other laws, and who popularize the proposal on the ground of economy."

"The trouble under our county and city system for the enforcement of criminal law is largely political. In one county or city the sheriff who enforces the liquor laws would go down to defeat; another defeat would await him if he enforced the same, fish or sporting laws."

"What Michigan needs is not to abolish the constabulary, but to abolish a lot of other boards and commissions performing similar but police duties, and the establishment of a State Police Department."

"I have talked with many of the best in the constabulary and in the state. They state that they could just as well look after the game and fish laws of inspection, the wardens' business, food and drug violations, and a half dozen other jobs. There is no doubt but that hundreds of useless and needless employees could be eliminated and the state better served by such concentration. Let us abolish the State Police and let the political caprice and whim of each locality."

Misunderstood

"Have you store lifters?" asked the little woman in the department store. "You'll find the derrick department in the basement, madam, replied the polite floor walker."

The Big Brother of the office

The Art Metal Steel Desk, more beautiful than wood—and costs no more.

When you close your Art Metal desk for the night, you just know your unreplaceable business records are safe; safe from fire—safe from flood—safe from mice.

There's an Art Metal desk for every office man—and every office woman. Visit our special display—let us help you find your desk. Steel your office for saving and safety.

12-YEAR-OLD IS WITHOUT COUNTRY

RUSSIAN REFUGEE BEING HELD AT ELLIS ISLAND STATION NOW

New York—Without a country, as a result of an order by immigration authorities refusing her admittance to the United States, Evodokia Gorekina, 12 year old Russian refugee has been held at Ellis Island awaiting the next of life's buffets.

When behobivist troops threatened Tomak, where Evodokia lives with aristocratic parents, she fled with American Red Cross workers to Vladivostok, and with 700 other refugees traveled aboard the steamship Yomei Maru nearly around the world.

The arrival of the Red Cross refugee ship at a Finnish port, where the children and their parents were to be reunited, found Tomak still in behobivist hands, and Evodokia was unable to further proceed. So she was taken in charge of the Red Cross workers and brought back to the United States. A special board of inquiry refused to admit the child because she was unaccompanied by either parent and likely to become a public charge.

An appeal from this decision is being made by Red Cross workers to the authorities at Washington.

Meanwhile Evodokia looks after the baby at busy New York and yearns for something besides ships and the sea.

State Farmers Show Superior Ability In Growing Small Grain

Kent Lansing—Pulling down far more than their share of awards in all small grain classes, and securing practically a clean sweep in certain fields, Michigan farmers, exhibiting at the Chicago International Hay and Grain show last week, brought home the lion's share of honors. The show, which is held annually in connection with the famous International Live-stock Exposition, is the biggest exhibition of its kind in the country, competitors from all over the United States and Canada competing for the \$2,500,000 prize money.

The first twenty-two awards for exhibitors of rye were pulled down by Michigan growers, George Hattori, of South Marquette, taking first. Russ Rye, a Michigan variety developed by the Michigan Agricultural Experiment station some years ago and now grown all over the country, took 23 of the prizes awarded for rye.

Another triumph for Michigan came in the wheat judging. Red Hook wheat state product, originated by the plant breeders at M. A. C., took 9 of the first 14 awards in its class.

Five showings were made by state growers in other small grain classes but the biggest victories were recorded in the rye and wheat fields. Charles Laughlin of Three Oaks, took first prize honors for the Northern District at the show, while A. W. Jewett, Jr., of Mason, won second place in clover hay.

Dishonesty

Let a bishop speak and members of his church will be preached a great sermon. The appreciation is for the man's reputation and position. Thousands of books actually worthless receive what is called appreciation because they are written by noted men, printed by noted publishers. You laugh at the jokes of a clown but would not smile at the same nonsense offered by a neighbor. How the children laugh at the teacher's jokes. How an agent laughs at your jokes when he thinks he has you in a buying humor. We are actually honest about nothing.—K. W. Howe's Monthly.

Alloy of Great Strength

Blakmetal, the Italian war alloy of Adolfo Pontchis, is claimed to have greater strength than steel or any other metal with a higher limit of elasticity. It is an alloy of zinc and copper, endures a high temperature and resists corrosion better than copper. Its high tensile strength and non-corrosiveness have fitted it especially for airplane and ship construction. Though stated to be not yet fully developed, its varieties offer advantages in working as substitutes for steel, brass and aluminum, and can be cast, turned, drawn, forged rolled and stamped.

So to speak "I'll try the X-ray on you," said the medico. "What's that for, doc?" asked the horseman. "That's the way we doctors have of getting inside information."

State of Ohio, City of Toledo, Lucas County, ss: Frank J. Chiles, Judge with me, is a senior partner of the firm of F. J. Chiles & Co., doing business at Toledo, Ohio, State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS and every cent of interest thereon to be paid by the use of MONEY ORDER or CHECK, to FRANK J. CHILES, deceased, to be paid to the order of my personal or legal representative, on my personal or legal representative, on the 1st day of December, 1920.

AROUND THE U.P.

Take Out Many Trees

Between four and five million Christmas trees will be cut this year in the United States, according to an estimate issued by the forest service of the Federal department of agriculture. The bulk of the supply for Michigan and the other Great Lakes states comes from the swamps of the upper peninsula. The fir is the Christmas tree par excellence, both because of its beauty and adaptability to its purpose and because of its wide range and abundance. In the lakes states, the Christmas tree is generally the balsam fir. Other varieties of fir and spruce are favorites in other localities—the Fraser fir on the Pacific coast and the white fir in the south. Where the fir is not found, cedar, spruce, hemlock or scrub pine are substituted. Pine and nursery grown spruce being the closest competitors for popularity. The annual consumption of Christmas trees in the United States, the forestry service estimates, equals the combined annual consumption of England, Scotland, and Wales and exceeds that of Germany by 25 per cent.

Great Spanish Explorer First Sighted the Pacific Ocean on September 26, 1513.

On Sept. 25, 1513, Vasco Nunez de Balboa had his first peep at the blue expanse of the Pacific ocean, remarks the Los Angeles Times. It was gained from the top of the mountain range at the isthmus of Darien. Four days later, on the 29th, he reached the slopes himself and stood waist deep in the waters. He called it the Great South Sea and took formal possession in the name of the king of Spain, after the manner of the old-time explorers. That was the big day in Balboa's life. He came to the New World as a stowaway and he attained the title of admiral of the Pacific and governor of Panama. Yet four years later he was executed in the public square at Acla on a trumped-up charge of treason. Balboa was an adventurer with the passions of the gambler, the crusader and the scientist; yet as he gathered power and authority he indicated prudence, judgment and foresight. He was a regular scout and navigator. California has a delightful beach and a guarded bay named after him. It would be very proper to call the last day of the month, for from the discovery to the possession of the Pacific four days elapsed.

Peculiarities of Stature

Stature develops a good deal on the ground. The fishermen live in the great Kalahari desert, the tall Polynesians on the Pacific islands, and enjoy all the advantages nature can bestow. The Hottentots, of the same race as the Bushman, but inhabiting more fertile country, are appreciably taller. On the higher ground the people are usually shorter, so that the Swiss and central European Germans are stocky rather than tall. Sometimes stature varies with the lives of men. Early emigration to America before things were made easy by the steamship companies, were always taller than the ones from which they had sprung. They were picked men, full of physical vigor and courage. Stature varies also according to profession. About half the professional and ecclesiastical classes are tall men, but only about one in ten of the cobblers, waiters and tailors reach the height of five feet seven inches.

Navy Enlistments Grow

That weekly enlistments in the United States navy through the United States will soon reach 4,000 a week is the prediction of Jack Ansbach, in charge of the recruiting station. According to word received from Commander Fritz, at Milwaukee headquarters, last week's enlistment totaled 3,838, an advance of 300 over all previous records. The central division enlisted 668 men, beating all records by 200 and the Milwaukee district enlisted 110, 43 more than any previous week. At this rate, it is claimed, the navy's complement will be filled by the first of the year, or shortly afterward. While this will not necessarily halt recruiting, it is taken as assured that enlistment will be greatly restricted, especially in regard to entrance to recruit schools. At present, a recruit may enlist for any desired trade, and the school for that trade. It is believed that this privilege will be considerably curtailed.

Jump in Coal Price

The price of hard coal in the Soo undoubtedly will take a jump within a few days, according to announcement made by the Kemp Bros. Coal company. Hard coal is now selling for \$184 a ton but, it will all probably jump to \$19 or \$20 a ton as a result of the increased cost of freight in bringing the last cargo to the Soo. The steamer Wickwee has completed the

unloading of more than 1,000 tons of hard coal at Kemp's dock. Kemp Bros. announce that the freight rate on the cargo which has just been unloaded is nearly double that of any previous order received this year. This will necessitate an increase in the price it is claimed.

Plant in Operation

The Jones handle factory at the Soo has started operations and is putting out 10,000 broom handles daily. Actual operations started with a crew of about twelve men. It is expected that in the near future more men will be put on, at the present time material is coming from long distances. The manufactured product of the plant is being shipped to Chicago, St. Louis and Indianapolis. The plant when running at full production will turn out 15,000 handles a day.

BIG DAY IN BALBOA'S LIFE

Great Spanish Explorer First Sighted the Pacific Ocean on September 26, 1513.

On Sept. 25, 1513, Vasco Nunez de Balboa had his first peep at the blue expanse of the Pacific ocean, remarks the Los Angeles Times. It was gained from the top of the mountain range at the isthmus of Darien. Four days later, on the 29th, he reached the slopes himself and stood waist deep in the waters. He called it the Great South Sea and took formal possession in the name of the king of Spain, after the manner of the old-time explorers. That was the big day in Balboa's life. He came to the New World as a stowaway and he attained the title of admiral of the Pacific and governor of Panama. Yet four years later he was executed in the public square at Acla on a trumped-up charge of treason. Balboa was an adventurer with the passions of the gambler, the crusader and the scientist; yet as he gathered power and authority he indicated prudence, judgment and foresight. He was a regular scout and navigator. California has a delightful beach and a guarded bay named after him. It would be very proper to call the last day of the month, for from the discovery to the possession of the Pacific four days elapsed.

Get It Straight

So—Id rather be a Couid, if I could not be an Are, for a Couid is a May Be with a chance of being far. Father—Id rather be a Has Been than a Might Have Been, by far, for a Might Have Been has never been, but a Has was once an Are.

HEALING THE SICK

Nature The Only Way Millions today know how to preserve their health and live to a ripe old age. They use nature's only way Bulgarian Blood Tea IT PURGES THE BLOOD IT GENTLY MOVES THE BOWELS IT STRENGTHENS THE STOMACH IT STARTS LIVER ACTION IT FLAVORS THE BLOODS Every thoughtful parent will keep a box of this Pure Herb Tea on hand as a first aid remedy to kill colds and ward off "Flu," Grippe, Pneumonia and serious sickness. Sold Everywhere by Druggists.

"In Every Respect" says the Good Judge

You get more genuine chewing satisfaction from the Real Tobacco Chew than you ever got from the ordinary kind. The good tobacco taste lasts so long—a small chew of this class of tobacco lasts much longer than a big chew of the old kind. That's why it costs less to use. Any man who has used both kinds will tell you that. Put up in two styles W-B CUT is a long fine-cut tobacco. RIGHT CUT is a short-cut tobacco.

Sure Enough "We'll have to assess your copper stocks." "But I thought I was to be in on the ground floor." "You are. And that's the point where we start digging."

It's dollars to doughnuts— no man ever smoked a better cigarette at any price!

CAMELS quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigarette aftertaste nor unpleasant gritty odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in quantities too small to mention in this paper. They are sold in a glassine paper-covered cellophane wrapper, and are sold in the same wrapper as when you travel. B. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

SHORT NEWS NOTES

Library Association Meet
The Gladstone Library Association will meet at the home of Mrs. I. N. Beshon, Friday afternoon at 4 o'clock.

Tonsils Removed
Mrs. Pete Cannon underwent an operation in Escanaba yesterday for the removal of tonsils and adenoids. She is getting along nicely.

Fancy Work and Bake Sale
The members of the Baptist Young People's Society will hold a combined fancy work and bake sale at Dehlin's Drug Store, Saturday afternoon.

To Resume Study
James Fox left Tuesday for the Houghton College of Mines where he will complete his course in chemistry. It is possible he will be absent from the city for a period of six months.

Moves in New Home
Mr. and Mrs. James Barrett have moved this week from their rooms over Shelley's store to their new home. It is one of the most modern, up-to-date bungalows in the city.

Consults Specialist
A. Harrington returned this morning from Minneapolis where he consulted a specialist regarding his health. Today he will have his tonsils removed in Escanaba. Mr. Harrington also visited relatives in Boyceville, Wis.

To Get Second Papers
Without license. Emil Stock, Editor-Gladstone and Peter Millamaster were called to the Escanaba Court House Tuesday relative to answering certain questions necessary to procure their second papers.

About Cutting Christmas Trees
George F. Lusk, secretary of the Public Domain Commission, has sent a request to all newspapers in this community to ask people to refrain from cutting Christmas trees on lands belonging to the state. This will be a patriotic service to the state and will aid in the state's plan of preservation of its lands and timber.

Christmas Programs
Plans are now going forward for the presentation of a Christmas program by the pupils of All Saints' school. It is to be put on in the Lyric theatre on December 22. Rehearsals are now in progress and it is expected this year's entertainment will be one of the most pleasing and successful ever conducted by the parochial schools here.

Former Resident Dies
Sidney LaRoche of Palthorn, formerly a resident of Gladstone and a brother of George LaRoche of this city, passed away in a Menominee hospital last Saturday. He had been ill but a short time and news of his death came as a great surprise to a host of local friends. Funeral services were held Monday and were attended by Mr. and Mrs. George LaRoche, Mr. and Mrs. Irving LaRoche and Mr. and Mrs. George Hubbel of this city.

Well Known Priest Dead
Rev. O. J. Bennett of this city received news Tuesday of the death of Rev. Father Glaser, of Hancock, a former priest in Spalding and well known in this city and the surrounding community. During his charge of the Catholic Church in Spalding a fine new church home was erected. Father Glaser was held in the highest esteem by persons of all creeds in the community where he resided and his death comes as a distinct loss to the church. Funeral services were held in Hancock this morning.

Election of Officers
At a meeting of the Woman's Auxiliary to the Brotherhood of Railway Trainmen held Monday evening, the following officers were elected for the ensuing year: Alma Ward—President. Emily Carter—vice president. Druella Locke—Secretary. Wealthy Johnson—Treasurer. Emma Quistad, —Warden. Marion Gillie—Conductress. Agnes Tittsworth—Chaplain. Libbie Ackley—Inner Guard. Myrtle Sward—Outer Guard.

Toil is laid only to the man who considers it such.
