

## PROMINENT ESCAPEE MEL DROWNED DUCK HUNTING AROUND RAPID

### John Knutsen, President of Home Electric Company, and Leo Vanlerbergh, Owner of Escanaba Garage, Lose Lives Near Mouth of Whitefish River Where Fleet of Gas Boats Has Been Dragging to Recover The Bodies For The Last Two Days Without Success.

**BULLETIN**  
At 5 o'clock this afternoon Mayor Knutsen and Chief of Police Danielson returned from the Whitefish river where searching operations were being pressed uncessantly. An effort was made to secure a magnet for the purpose of locating the guns of the drowned men and thereby arrive at the approximate location of the bodies.

At a late hour this afternoon a fleet of 15 motorboats was still conducting an unsuccessful search for the bodies of John Knutsen and Leo Vanlerbergh, two prominent Escanaba men whom were drowned in the bay between the Whitefish and Rapid Rivers last Tuesday afternoon while duck hunting.

Night and day since then parties in boats have been dragging the bay hoping to recover the bodies of the unfortunate, but without success, and this afternoon a glass bottom boat designed to be used in connection with a powerful electric light, was being constructed in Escanaba by Contractor John Lindvall.

The fatal accident is one of the most regrettable in the history of the county. Both men were well known all over the county. Mr. Knutsen being head of the Home Electric Company and Mr. Vanlerbergh being the owner of a big automobile in that city. Both were prominent in the Elks lodge work and had hosts of friends in all parts of the county whose names of their untimely death were received with the most profound regret. Both were married and had several children.

**Left Tuesday Afternoon**  
The party in company with Mayor Pryal, Elmer Swanson, Elmer Leplante and Knut Knutsen, father of John Knutsen drove up toward Rapid River Tuesday afternoon. They were equipped with a small collapsible canvas duck boat. At Day's River point, all but Knutsen and Vanlerbergh left the machine and went to blinds in that vicinity. The two unfortunate men went up to the old Wicklander farm and left their car there, going north in the bay with the intention of planting their decoys near an old log boom spanning the mouth of the Whitefish river.

It had been arranged that the party assemble at Day's River point about 5 o'clock in the evening but Messrs. Knutsen and Vanlerbergh failed to appear and went to blinds in that vicinity. A search was started when conditions seemed to indicate that an accident had met with the other members of the party came back to the city and went on to Escanaba where the alarm was spread. A big party of Elks from Escanaba turned out with lanterns and repaired to the territory near the mouth of the Whitefish. Meantime Alfred Raddant, Ed. Leidlaw, George Pease and a party from Gladstone had made a search for the bodies but it was almost impossible to accomplish anything before daylight.

**Search Kept Up**  
The search was resumed Wednesday and kept up all day and as long as the light lasted. Similarly, it was again taken up on Thursday but at a late hour this afternoon, reports were met to the effect that no success had been met in recovering the bodies. All hope of the men being alive had been abandoned Wednesday and every effort is now being concentrated on the recovery of the bodies before the day freezes over.

Five Gladstone boats were in the fleet working today. They were in charge of Alfred H. Raddant, Ed. Leidlaw, Arnold Klingens, George Pease and M. J. Vandonsel. Mayor Matt Miller and City Attorney George W. Jackson were also among the local men who are devoting their time to assisting in the search. Mayor Miller got two other gas boats lined up to take part in the dragging operations yesterday and is doing everything available to aid.

**Food For Searchers**  
Today at noon Escanaba Elks sent up a big load of food for the men who

## City Lights Out Part Of Monday Evening

A defective wire at Fourteenth street and Delta avenue about 8 o'clock Monday night, resulted in the city being in darkness for the remainder of the night. The trouble was not located until Tuesday morning when it was quickly repaired. The wire had been broken entirely in two and for this reason the location of the trouble was not readily discernible.

## Noble Woman Is Called By Death

**MRS. DOROTHEA ANDERSON IS VICTIM OF PARALYSIS WEDNESDAY EVENING**

Mrs. Dorothea Anderson, wife of Morris Anderson of this city, passed away at her home 807 Delta avenue, at 5:30 o'clock Wednesday afternoon following a brief illness following a paralytic stroke. Although she had not been in the best of health for the past month, no serious results ensued until Sunday when a slight paralytic stroke was suffered but it seemed to pass and left her feeling fairly well. However, her condition Monday became such that her two daughters, Rebecca and Lizzie, who were in Detroit, were summoned by long distance phone and they arrived Tuesday night. Wednesday Mrs. Anderson suffered another stroke which she never rallied, but was conscious and passed peacefully away surrounded by all the members of the family.

Mrs. Anderson was one of the best known and most highly esteemed residents of Gladstone. She had lived here for 21 years and was possessed of a warm, cheerful personality which endeared her to hosts of friends. She was a member of the Norwegian Lutheran church of Escanaba, from where she moved to this city and it has been arranged that interment be made in Lakeview cemetery in Escanaba.

Mrs. Anderson was 62 years of age. She is survived by her husband and the following children: Alvin, Clara, Charlie, Rebecca, George and Alfred. Anderson, all of whom are now in Gladstone.

Funeral arrangements had not been completed this evening.

## CHILD WELFARE CLUB PLANNING XMAS CHARITY

**BASKETS TO BE DISTRIBUTED TO WORTHY FAMILIES IN THIS CITY**

The value of having a visiting nurse operating under the direction of the Child Welfare Club was demonstrated yesterday when Miss Olson, a teacher in the high school, came down with diphtheria. Mrs. Hendrickson, the nurse, was immediately put on the case.

Members of the club are now busily planning their Christmas activities. They have compiled a list of the worthy poor to whom Christmas baskets are to be distributed and any charitable inclined citizens disposed to contribute to the filling of these baskets can do so by making a check or calling on Mrs. J. D. McDonald, secretary and the leaving any amount they wish to donate. This should be done before next Wednesday as that is the last day the ladies will have to handle funds before making their distribution.

A special meeting of the club is to be held in the kindergarten at 4 o'clock Saturday afternoon for the purpose of making final plans for handling the Christmas basket distribution and it is asked that all members be present.

## Bay De Noc School Is Without Teacher

One rural school in Bay de Noc township is still without a teacher, according to County School Commissioner C. U. Woolpert, who was in Gladstone this week on his way to the northern part of the county for a general inspection of the schools. However, he hopes to be able to supply the vacancy in the Bay de Noc school immediately after the holidays.

## DEATH FOLLOWS AN OPERATION

**MRS. GEORGE SCHWAB PASSES AWAY AT HER HOME WEDNESDAY NIGHT**

Mrs. George Schwab passed away at her home, 707 Delta avenue, Wednesday night shortly after 10 o'clock from pneumonia following an operation about three weeks ago in an Escanaba hospital, where she had gone for relief from gall stones. She had returned to her home a week ago and was making an apparently slow recovery until Thursday last week when she was seized by a chill and kept growing worse until death ensued Wednesday evening.

Mrs. Schwab was a little past 40 years of age. She had been a resident of Gladstone for the past three years, having been married to Mr. Swab the third day of last May. She was a woman of many pleasing attributes and was a cheerful, friendly force in the community which will miss her greatly.

Mrs. Schwab is survived by her father and mother, Mr. and Mrs. David Richardson, who reside in Stevens Point, Wis. However, Mr. Richardson has been in Saco, Wash. for some time. There are also the following brothers and sisters: George F. Rich, Cleveland, Ohio; Richard Richardson, Enderlin, N. D.; Mrs. Bertha Erickson, Okonago, Wash. and Mrs. John R. Taylor, Stevens Point, Wis.

The following children also survive, Mrs. David LaBombard, George Orvis, Orin Orvis, Gladstone; and Lawrence Hansen, Arnot, Wis.

## METHODIST MEN GIVE BIG SUPPER AT THE CHURCH

**THREE SPLENDID SPEAKERS TELL OF COMMUNITY SERVICE WORK IN STATE**

The men of the Methodist church fairly outdid themselves Tuesday night in the preparation and serving of a beefsteak supper to a large company of invited guests. The supper was served in the basement of the Methodist church and proved one of the most genuinely enjoyable affairs of the kind ever held in the city. Two guests were seated at the tables when supper was served. It came piping hot from the kitchen and exemplified the skill and daring of the male mariners on culinary seas. And it was a fine success.

**Feast of Oratory**  
However, this material feast was followed by a mental banquet quite in keeping with the other and equally as enjoyable.

Rev. R. T. Kilpatrick, of Ithaca, pastor of the Methodist church in that place, delivered a post prandial address which is still being discussed and enjoyed by those privileged to hear it. His wisdom was mixed with wit in such charming manner and following in such orderly sequence that the force of his logic was driven home with great emphasis.

**Community Service Talk**  
Another speaker of the evening was Mr. Anderson, of the Soo, who has charge of the Michigan Community Council Association work in the Upper Peninsula, his work having been recently organized by the state legislature. Mr. Anderson contributed many valuable thoughts on Community service and interpreted his talk with clever little stories which made a deep impression.

H. H. Hughes, in charge of the Community council work in Escanaba, was another speaker whose words were listened to with the deepest interest. His suggestions were the result of experience and every man present went away from the meeting feeling that had been given a rare evening of pleasure and profitable talk.

## CITY TREASURER BUSY WITH TAXES

**INCREASE IS EXPLAINED FOR BENEFIT OF THOSE WHO DON'T UNDERSTAND**

City Treasurer Eric M. Johnson has been a very busy man for the past few days during the last week a great deal of his work has been confined to answering questions of taxpayers who later will make settlement.

**Why Taxes Are High**  
People do not exactly understand, in some cases, just why their taxes should be so high. For their information the following table of increases is printed herewith:

Taxes have increased since 1914 as follows:	
State from ...	\$ 3,991.12 to \$ 1,192.50
County from ...	9,583.37 to 27,982.32
City from ...	15,906.00 to 32,000.00
School from ...	14,944.45 to 48,135.11

First Six to Pay their taxes this year, are in the order named, Mrs. J. Lynch, Gaspar Page, John Pettit, Wm. H. Smith, H. Michael, Florio & Germania.

If paid before Jan. 11 a collection fee of one per cent is charged. If not paid until that date, a fee of four per cent is charged. The city treasurer has until the first of March to complete his collections and his books are subject to call at any time after that date, when he must turn them over to the county treasurer.

## PLANS COMPLETE FOR TOURIST BOOK

**DEVELOPMENT BUREAU NEEDS SUPPLY OF CLOVERLAND PHOTOGRAPHS**

Combining tourist advertising forces of the Upper Peninsula Development Bureau and the Michigan Tourist and Resort Association will result in the distribution, in 1921, of the largest pictorial and descriptive tourist booklet ever published in the state.

Plans for the booklet were made in Grand Rapids recently by J. A. Doelle and L. D. Tucker, of the Development Bureau, and George A. Murphy, of Grand Rapids, who has been doing tourist advertising work in lower Michigan for several years.

The book will cover almost every point of historical or scenic interest in Michigan and will be filled with illustrated and descriptive reading matter, road maps and information about hotels, garages, summer resorts, tourist camps and cabins and hunting grounds. It is planned to make the book a necessary and valuable accessory to every tourist in Michigan.

**Co-operation Needed**  
In preparing its share of "copy" for the booklet the Development Bureau must compile historical data of the upper peninsula, collect suitable illustrations of roads, scenery and industry, and map out the best motor routes in Cloverland. To accomplish this the bureau must have co-operation from every community. It is counting on commercial clubs, civic organizations and other interested parties for assistance.

The bureau's picture file is sadly depleted. During the last year the publicity has sent out hundreds of its best illustrations to magazines and trade journals. The bulk of these pictures have been scenic—roads, lakes, streams, camping sites, summer resorts and industrial photographs. Consequently the bureau is not supplied with the kind of pictures needed for the kind of pictures needed for the book.

It is urged that good scenic photographs be forwarded at once to the bureau from every community.

**Legion Party Success**  
The first dancing party of the season given by the American Legion at Wassah Monday evening was a pronounced success. The party was thoroughly enjoyable. LeDure's orchestra furnished the music and the repeated encores indicated the great pleasure the music gave the dancers.

## Hope Abandoned For Recovery of R. E. MacLean

Following a brief rally after he took a turn for the worse several days ago, R. E. MacLean's condition again became grave yesterday and his physicians have virtually abandoned hope for his recovery. A message received from the Stepienon company office in Wells at 3 o'clock this afternoon stated that doctor's could give no hope of his recovery and his death was expected at any moment.

Messages from Herbert Speck, Mr. MacLean's secretary who is in Chicago with him, sent Wednesday evening, indicated that the patient was somewhat improved and resting easily, but conditions altered during the night and now all hope of the lumberman's life is given up.

## Savings Securities To Arrive Here Soon

Within the next few days the postmaster here expects to receive his new supply of Government Savings securities to be sold during 1921.

The new securities include the well known 25 cent green Thrift stamp, a new 10 cent green Thrift stamp, a likeness of Alexander Hamilton, the first Secretary of the Treasury; 1921 35 Savings stamp, large size and the present ones, orange and blue, bearing a portrait of Lincoln; a new \$25 Treasury Savings Certificate as well as the present \$100 and \$1,000 Treasury Savings Certificate.

In calling attention to the fact that the Government has made permanent the sale of Savings securities, David F. Houston, Secretary of the Treasury, emphasizes that endeavors will be made to promote the continued popular purchase of the Government Savings securities.

In view of this, the government seeks to familiarize the public with the advantages of the Savings stamps as a means of safe and convenient investment and the suggestion is made by the Government Savings Organization that all who can will give the habit of regularly buying these securities.

In the meantime the postmaster is wondering who will be the first here to purchase the new \$1 stamp and the new \$25 Savings Certificate.

Mrs. Emma Raymond was on the sick list Wednesday.

## PETITIONS FOR BONUSES ARE HERE

**MANY SIGNATURES SECURED IN THIS CITY YESTERDAY AND TODAY**

Petitions were placed in various business houses yesterday by the Veterans Honor Club of Michigan, asking for signatures of bona fide veterans. These petitions are to be forwarded to the Secretary of State at Lansing, Mich., by Dec. 20 and will be presented to the legislature as an indication of the sentiment existing throughout Michigan.

The granting of an additional bonus to men who were the uniform of their country in the late war, is a matter which is being strongly urged on the legislature at this time. Public sentiment seems to favor the proposition but it cannot go through except by act of legislature. Many other states, particularly those in the east, have already enacted legislation giving a bonus to the soldiers and now the problem is being pressed home on the Michigan solons.

Although petitions did not appear here until noon yesterday, by this morning several hundred names had been signed. It is the aim of the state organization back of the bonus movement, to secure 50,000 names by Dec. 20. These will be sent to the county clerks of the various counties, and by them to the secretary of state at Lansing.

## Officers Named By W. B. A. At A Meeting Yesterday

A very enjoyable meeting of the W. B. A. of the Maccebae was held last night at the home of Mrs. Roy Haney 1215 Wisconsin avenue. The following officers were elected at the evening year:

Mrs. Jessie Buck—Commander.  
Mrs. Blanche Skellegger—L. Commander.  
Bea Page—Chaplain.  
Ethel Travers—Lady at Arms.  
Irene Peterson—Past Commander.  
Grace Motter—Sergeant.  
Blanche Novakus—Pigeet.  
Louise Hunsore—Sentinel.  
Joseph Dehlin—Mustard.  
Millie Fitzpatrick—Captain.  
Mayne Montgony—Official Prompter.

Mrs. Brown—Record Keeper.

These officers will be installed the first Wednesday in January. At the conclusion of the election the hostesses served most delicious refreshments.

District Deputy Louise White was present and presided over the meeting.

**Improved Slightly**  
Mrs. Gould Hubbell who has been very critically ill at St. Francis hospital is reported slightly improved.

## Old Pump At The City Station Being Repaired

Plungers taken from one of the old pumps at the water pumping station, sent to the Chatfield Machine and Foundry company's plant in Escanaba, to have new ones pressed on, were returned to the city yesterday and the pump is being reconstructed under the supervision of Piro Chief Raddant. The old pump was installed nearly 30 years ago, it is stated and is that time the plungers had become badly worn. New valves also are being put in the pump and when it is rebuilt, it will be virtually as good as new. Up to this time the old pump has been used only in emergencies, to furnish additional pressure during a fire, but when repairs are completed it will be put into regular service.

## A. J. Johnson Reopens Jewelry Business

Abraham J. Johnson, formerly in the jewelry and grocery business as "The Palace of Bargains" who disposed of his stock a few months ago, has reopened a new store at 815 Delta avenue. Mr. Johnson is conducting an exclusive jewelry and watch repair business and has a most attractive little place now. Opening just at the holiday season he is stocked with a fresh line of holiday gift goods and has been doing a nice business.

## Attends Nagueau Meeting

Rev. D. D. Nagle left Wednesday to attend a Group Meeting of Methodist ministers at Nagueau at which Bishop Hanson will preside. Rev. Nagle will also attend a meeting at Lake Linden Friday night.

## Miss Rosanna Lopez underwent an operation for the relief of appendicitis this morning at St. Francis Hospital.

# GLADSTONE BOY MAKING GOOD ON THE GRIDIRON

### UBALD J. NOBLET WINS HIS MONOGRAM WITH CLOSE OF SEASON

East Lansing, Dec. 16 (Special)—For the second time in his college gridiron career, Ubald J. Noblet of Gladstone has won his monogram with the close of the football season. Noblet played perhaps the fastest game of any member of the Aggie team in open field running. Carrying the ball from halfback he was responsible for many long gain a round end and was a big factor in piling up the 16 to 9 score against Olivet and the 21 to 0 count against Chicago College of Physical Training.

Aggie athletic authorities are now working upon the gridiron schedule for 1931. Although half a dozen Big Ten schools are anxious for dates, they are forced to play their non-conference games in October, so that the Aggie must look elsewhere for their late season opponents.

Prospects are that the 1931 season will see the Aggies take a long step forward toward regaining their old position among western grid teams with new tactics brought to M. A. C. by Coach Clark and with a squad composed largely of free material, the season just closed has been largely successful. However, fourteen men trained in the ways of Clark will be ready to take the field at the beginning of next season while in addition members of the 1929 squad will be available and several veterans may return.

# LAUNDRY BRANCH IS OPENED HERE

### ESCANABA STEAM LAUNDRY TAKES OVER FIELD OF THE LOCAL CONCERN

Through an arrangement announced this week Gladstone is to have a little better laundry service than it has had in the past. The closing down of the Gladstone Steam Laundry has left the city without a local institution of that kind and E. A. Grabowski of Escanaba, has decided to enter the field with a branch office.

Arrangements have been made with Pitt Bellaire to have bundles left at his store, 908 Delta avenue, and they will be returned there to be called for. It is the aim of the Escanaba concern to give the same two day service that is given to Escanaba patrons.

H. J. Berkel, a partner in the Gladstone Laundry previous to its going out of business, will solicit and look after business here for the Escanaba Steam Laundry. His phone is 225-J and a call will get his immediate attention.

In addition to giving better laundry service, the local branch will also look after rug and carpet cleaning by the very latest process which is known as the Massage Process, which takes every particle of dust out and leaves the rug looking like new. A specialty will be made of rug cleaning.

The new arrangement becomes effective at once and anyone wishing to leave laundry at Pitt Bellaire's place can do so at any time now and be assured that it will be returned within two days.

# Government Payroll Is Most Interesting

Washington.—One person out of every 159 in the entire country was on the government civil service pay roll last July 31, the civil service commission declares in its annual report. The commission adds that of those estimated for the census as employed in gainful occupation in the country, one in every 68 was a government worker. The total number of civil service employees last July, the commission says was \$91,116, and the government was paying them in approximately 1,700 different kinds and grades of work.

# FARM CONGRESS IN LANSING SOON

### FARMERS WEEK TO BE HELD FROM JAN. 21 TO FEB. 1 AT M. A. C.

East Lansing, Dec. 16—Farmers' Week at the Michigan Agricultural College, an annual event which has grown to be the greatest congress of agricultural people held in the state, will be held this year from Jan. 21 to Feb. 4, according to definite announcement made recently from the college.

More than a dozen of the largest agricultural associations in the state will hold their annual meetings at East Lansing during the week. The State Farm Bureau, the Michigan Crop Improvement Association, the Potato Producers' Association, and the State Horticultural Society are among the long list of organizations convening at the college during Farmers' Week.

Speakers of international reputation are included in the list of headline-lined up for the general meetings. S. S. McClure, famous journalist and publisher, A. F. Lever, member of the Farm Loan Board and father of much of the country's most notable agricultural legislation, Governor W. L. Harding of Iowa, and President Burton of the U. of M. are a few of the better known men who are slated up already.

The Michigan State Crops exhibit which proved such a sensation at the recent International Hay and Grain Show will feature the exhibits, which are planned to cover every phase of agriculture. Detailed information regarding Farmers' Week may be had by writing to A. M. Berridge, Chairman Farmers' Week Committee, M. A. C., East Lansing.

# POSTAL EMPLOYEES ASK PUBLIC'S AID

### SERVICE DURING HOLIDAY RUSH DEPENDS LARGELY ON PEOPLE

As Christmas approaches the volume of mail being handled at the post office is gradually increasing with indications that the final rush will surpass former holiday periods.

At the best the extra volume of mail matter handled by clerks and carriers will be a heavy burden and will call for over time work. Postal employees are anxious to give the public the satisfactory service in handling outgoing as well as incoming mail of all description. Whether the service will be that the public would like depends in a large measure upon the manner in which the people cooperate.

Early mailing of holiday letters and packages and proper preparation of all matter before it is brought to the postoffice are fundamental rules which will go far to eliminate burdensome congestion in postoffice delivery of Christmas mail on time.

Postmaster Miller and his assistants are making special arrangements to do their part in giving good service during the holidays.

### SHOP EARLY

Gladstone merchants are making their annual appeal to the public to do its Christmas shopping early. This is no reason why people year after year should wait until one or two days before Christmas to buy in their holiday goods. If stores are packed at the last minute customers will get only a limited selection of merchandise. They will get only a fraction of the attention from clerks and salesmen that could be given them before the rush starts. Merchants buy their holiday goods early. In only a few cases it is possible for them to get delivery on orders of holiday merchandise to fill holes in their original stock. Which means that the early bird gets the worm. For its own benefit the public should not only shop early in the season, but also early in the day. Shopping in the morning will be found to be especially easy and restful. Why not try it?

### Gambler's Arrested

Gogebic county officers entered the pool hall in the Leonard Hill building and interrupted a "black jack" game which was in session. A small amount of money was secured and two arrests made. A warrant has been sworn for the arrest of John Copola, the proprietor of the place but he cannot be located. Although officers assert that they saw a large amount of money on the table when they entered the place and a number of men were playing, a general scrimmage took place when they became aware of the officers' presence, and the majority of the men escaped through the windows. The men who were arrested gave their names as Nester Farms and Gus Arko. They were taken before Judge Hagerston, pleaded guilty to a disorderly conduct charge and each paid fines and costs amounting to \$15.

### Aged Boat Builder Dies

When the earthly life of P. X. Payment, aged seventy-two, came to an end at his home Sault Ste. Mr. Payment's death was due to an abscess which had formed in his head and which brought on paralysis. The largest vessel built by Mr. Payment was the "Moose."

60 cent silk hair ribbons 35c.

These are a real wide all silk hair ribbons in all the plain colors that are made.

\$1.00 Camisole ribbons are 69c.

These are beautiful ribbons of the wide sort that you need for making camisoles. They are very much underpriced.

98c Sateens are now 69c yard.

Every color is included in this lot of the heaviest satiny sateen we have ever had. For coat linings, bloomers or petticoats.

Window Shades are now 75c.

This is a very low price on these high grade water color shades. They are selling for \$1.10 and it means a big saving.

Women's Felt house slippers \$2.40.

These are always an acceptable gift. We have a wide variety of colors and trimmings from which to make your selection.

Cotton Blankets are now \$2.75.

These blankets sold for \$4.25 not thirty days ago. It means a heavy loss to us, but a profit to you.

## Values In the Men's Store

January clearance prices are in effect now. These savings that we tell about are true savings. Whether you purchase for gifts or for your own use you will be getting big dividends in the form of lowered prices. You know that the quality has not been lowered here. Just the prices!

### Men's and Boy's Caps Reduced.

There is a large selection of Men's Caps in the season's newest styles and fabrics. Large visors, and round or octagon shaped crowns. Plain colors or plaids and checks. Reduced to \$1.95.

**"ESCANABA HAS IT"**

That is the Escanaba slogan, born after much travail, and the child of the syndicated brain power of the ever vigilant, alert efficiency of our sister a few miles to the south.

And Escanaba has. You don't have to prove it; Escanaba admits it.

A recent outbreak brings us to a consideration of what it is that Escanaba has in such luxurious profusion, such "boundless carelessness," such gigantic proportions.

And we are reluctantly forced to the conclusion that the three Escanaba possessors above all others, is unmitigated assurance, inner satisfaction and self-sufficiency.

For the last week a paragraph has been given the rounds of the Upper Peninsula press to the effect that the Literary Society of the Escanaba High School had raised \$25 for the Near East Relief campaign. And this was done after only four talks to the student body. Apparently it was a marvelous achievement.

But no one yet has noticed anything in the outside papers about Little Gladstone's High School raising a little more than \$100 after one brief explanation of the Near East situation.

There was no footing of horns, no pawing up of the earth, no fess and feathers about it—the kids just brought in the money and that ended it.

But now comes the big laugh.

Along about November 21 the pastor of the Gladstone Presbyterian church announced that he would like to see Gladstone people subscribe something to the fund. He stated that the following Friday and Saturday afternoon, a half dozen ladies would be stationed in business places to receive contributions.

The result of this modest endeavor to do something was the contribution of virtually \$800, which Rev. Mr. Bates sent in to the Literary Digest which is handling the national campaign.

That ended the matter. Gladstone folks went about their accustomed tasks without any thought of having performed a miracle.

Monday, practically four weeks after Gladstone had sent in her contribution, a committee came over from Escanaba to explain to Gladstone just

how vital and necessary it was for this city to take on of the appalling conditions existing in the central European and Near East countries. It was pointed out that Gladstone ought to get on this movement because it was really a big thing and the committee would be pleased to explain to all when making a house to house canvass.

Then the committee was taken gently but firmly by the hand and led to the ruins of the local newspaper, where it was plotted, step by step, through the various stages of the "campaign" as it was conducted here.

The committee had explained that it had set out to raise \$2,500 in Delta county and, as Gladstone constituted a part of the county, it was up to this city to come through with its "quota". And then it gradually soared in on that committee that Gladstone, with about one-sixth of the population of the county had already collected and sent in one-third of the fund, which this committee is going to raise—four weeks after Gladstone had taken the initiative and quietly functioned.

Wherefore we are constrained to agree.

"Escanaba Has It."

She has it like Willie had the measles—hard and all over. Ecstasism, pre-emption and ignorance—the really vital essential conditions existing in this quiet, little pulp-mill community.

In all humility we suggest that Escanaba would do well to awaken to the fact that Gladstone is decidedly something more than "a good little feeder" for that city and that Escanaba do not constitute the boundary lines of the world.

Yep, "Escanaba Has It."

**THINK IT OVER**

If you are tempted to cash in your 1919 War Savings stamps to reinvest in something which might pay a higher rate of interest, ponder first and if you ponder long enough you never will do it, because:

Your 1919 savings stamps held until maturity, Jan. 1925, mean six per cent interest to you; if you let them go now you get but three per cent. It is a simple matter of banking mathematics: the interest rate for the stamps is 4 per cent compounded quarterly; you have but two years to wait for maturity and the difference between sacrificing them now at three per cent and holding to maturity amounts to six per cent.

What's more, you are not only assured of your interest but you have the satisfaction of knowing that your investment is safe from every angle—that they will be promptly redeemed by the government and that in the meantime you are safe, if the stamps are registered, from loss by theft, fire or any other cause.

It is a good idea to hang onto your government securities, and to buy more.

Brander Matthews, the famous critic, discussed at a Columbia tea the American short story.

"The American short story would be better," he said, "if the American short story writers were less mercenary. I'd like him to think more of beauty and less of cash."

"A short story writer beware!"

"Realistic," he cried. "That's the word I want to hear. And how much, Mr. Matthews, do you think it will realize?"

**Ask about the APEX Electric Suction Cleaner.**

Wherever huff's footsteps tread—wherever a breath of air, stir—dirt and dust are sure to make their welcome presence known. You can't shut out dirt, but you can APEX dirt out. The same air that brings dirt in to the house helps to take it out through the Apex Electric Suction Cleaner.

Today, every housewife recognizes the advantages and benefits that an electric gives. But before buying an electric cleaner, you should make sure of two things—that it cleans evenly across its entire nozzle width—and that it will clean under low-built heavy furniture. You will never be satisfied with any cleaner that does not do these things.

These two advantages are peak points of the Apex Cleaner. Let Us Demonstrate.

## Two Accounts Better Than One

Why not own two bank accounts? This plan may help you get ahead, and at any rate it will cost you nothing.

Keep a checking account for current expenses. When you check the outgo it doesn't go so fast. But each time you deposit money in your checking account, hold out a certain amount to deposit in a saving account. Thus you can pay your bills out of your checking accounts but your savings need not be touched.

In this way you'll enjoy all-round banking service: an account subject to your check, an interest-bearing savings account and all your money always safe.

Birthday Party

Little James Damitz entertained a number of his little boy and girl friends yesterday afternoon at the home of his parents on Dakota avenue the occasion being the little lad's sixth birthday. Various games were enjoyed and there was served a very delicious lunch. Little James received many pretty gifts in remembrance of the jolly affair.

Enjoyable League Meeting

The Women's Civic League of Gladstone held a most enjoyable meeting Tuesday night at the home of Mrs. Feidt. Mrs. Feidt and Mrs. C. W. Schuler were hostesses. After the business routine was transacted Miss Esther Feidt rendered a vocal solo and Miss Bernice Swan an instrumental solo. Both numbers were received with much applause. Following the program a most delicious lunch was served. The Civic League voted to give a donation of \$25.00 to the Christmas fund of the Salvation Army which is a deed most worthy of praise.

# ANOTHER FINE SCHOOL STORY

### TENTH GRADE PUPIL TURNS OUT A MERITORIOUS LITERARY PRODUCT

Mr. Miller, English teacher in the Gladstone High Schools has selected another composition at random, from those submitted to him recently and it is printed herewith as a "reading" to show the literary methods and merit of young folks in the first year high school. The following composition was submitted by Miss Anna Irvine, of the Ninth Grade.

#### SAVED BY A BIRD

Many years ago there lived in a small town called Plymouth a family by the name of Edwards. Mr. Edwards was a minister. The Edwards had one son called Timothy. He was about thirteen years old.

Timothy was a great lover of out door life. He liked nothing better than to be out in the woods among the birds and animals. He could imitate the birds so well that you could think it were really a bird that was singing. He could imitate especially well the catbird, the farned owl, and the thrush.

In those times people did not believe in fairy tales. They thought it a sin for children to play games and sing and shout or make any kind of a disturbance. So it happened one day that as Timothy was whistling one of his favorite bird songs his father, who was in his study, heard him. He called Timothy in and told him he must stop whistling around the house as it was very unreligious. After Timothy had left the room, he told Mrs. Edwards that she should see to it that Timothy did not whistle. Timothy did not get how to whistle, however, and would have been expected under these circumstances.

One day Mr. Edwards decided he would like to go for a walk, so he and Timothy started out. It was a nice spring morning, the birds were singing and carolling to each other. All nature seemed to be at its best. They walked about four miles and then decided to return. They had proceeded homeward about a half a mile when they saw advancing around a corner a band of Indians. They had on their war paint of green, red and yellow and also feathers, blankets and other ornaments which Indians usually like to wear when on the war path. Timothy and his father knew they had some evil purpose on their minds, so they hastily scrambled into some bushes and there remained until the Indians passed them.

The Indians stopped a short distance from where Timothy and his father were hidden. They began a council about plundering some village. As they were talking Mr. Edwards moved his position. The breaking of a twig under his foot made a slight noise. The Indians immediately became attentive and finally decided they would explore the brush and see if some one was hidden there. Timothy seeing their danger, came to the rescue by making a noise like a catbird, which deceived the Indians. They laughed at their mistake, as they thought it, and soon passed on. Timothy and his father father then went home.

The next day Timothy was heard whistling around the house again. Mrs.

# PRISON BOARD WANTS CHANGE

### "RIDICULOUS CONDITIONS" ARE COMPLAINED OF AND RELIEF SOUGHT

#### Overcrowded conditions in the branch prison here has placed within its gates 432 inmates, while its capacity is listed at only 311, members of the board of control told the state budget heads at the commission's final hearing in Lansing. Nearly all the inmates are due for long terms, 397 having been committed for life and a great percentage serving from 25 to 50 years, it was explained.

The Negaunee Legion team will be composed of the fastest players that can be secured in the city and already twelve experienced men are trying out for places on the team.

# New Rule Will Be A Bar To "First Paper" Men In The Future

A warning to all persons who have not become fully naturalized that they must complete their naturalization before January 1, 1934, if they wish to have a vote after that date, has been issued inasmuch as it takes at least two years and 90 days in which to complete the process of naturalization. It is pointed out that prospective new citizens must have their first papers affirmed by June next year.

This warning is made necessary by the passage at the last election of an amendment to the state constitution providing certain changes in the law regarding the elective franchise. Under the amendment all voters who are now exercising the right of franchise by virtue of their first papers, will be denied a ballot after 1934 unless they have received also their final papers meanwhile.

Therefore no alien who wishes to become Americanized can succeed in his wishes if he does not immediately secure his first papers and press his citizenship claim through with the least possible delay. Second papers cannot be secured until two years after the first papers are issued, plus a 90-day notice. Less than 6 months remains in which to get first papers in order to become eligible to a vote.

Should Be Quarantined Many physicians believe that anyone who has a bad cold should be completely isolated to prevent other members of the family and associates from contracting the disease, as colds are about as catching as measles. One thing sure—the sooner one rids himself of a cold the less the danger, and you will look a good while before you find a better medicine than Chamberlain's Cough Remedy to aid you in curing a cold.

# PRISON BOARD WANTS CHANGE

### "RIDICULOUS CONDITIONS" ARE COMPLAINED OF AND RELIEF SOUGHT

Overcrowded conditions in the branch prison here has placed within its gates 432 inmates, while its capacity is listed at only 311, members of the board of control told the state budget heads at the commission's final hearing in Lansing. Nearly all the inmates are due for long terms, 397 having been committed for life and a great percentage serving from 25 to 50 years, it was explained.

Alton T. Roberts, of Marquette, and John P. Peterson, of Calumet, members of the control board, put forth arguments to show that an entirely new prison system is needed. Their budget estimate does not include a single dollar to be expended for expansion.

Relief is Needed Mr. Roberts characterized the problem of getting relief to Marquette as a "job for the new governor" and asserted that his board must find out soon just when relief is coming. He criticized Michigan judges for sending men scheduled for long terms to Marquette, where there was no room, calling their action "ridiculous."

One of the biggest problems the prison has, as brought out by Mr. Peterson, was providing sleeping quarters. He said that 20 men were sleeping outside the walls, while 97 were packed away in the corridors.

"The sanitary conditions are not of the best," he declared, "and this congestion does not help matters. The class of prisoners we are getting are a hardened lot. I don't want to trust any of those sent up recently. I don't see how we can hope to avoid trouble under the present circumstances."

"Lack of funds has made our guards and keepers lightweight," Petermann continued. "Some of them are incompetent and incapable. The salaries are low and consequently we cannot expect any better service. If trouble breaks we will have only ourselves to blame."

No Expansion Program No provision was made in the budget for expansion it was explained, because members felt this a matter for the legislature to provide. The prison is asking \$131,043 for 1932 and \$182,043 in 1933.

After meeting with the budget commission the members held an informal who is a member ex-officio of the board. The regular meeting of the board was held Saturday.

The most important work before the board at present is the appointment of a warden to succeed the late James Russell. There was no official announcement made after the informal conference, although one member intimated that the appointment will not be made until after January 1, so that Alex J. Grossbeck, governor-elect, may attend the meeting and take part in the deliberations.

Do You Enjoy Your Meals? If you do not enjoy your meals your digestion is faulty. Eat moderately, especially of meats, masticate your food thoroughly. Let five hours elapse between meals and take one of Chamberlain's Tablets immediately after supper and you will soon find your meals to be a real pleasure.

SHORT NEWS NOTES

Chimney Fire
A chimney fire at the home of Orla Nelson, 904 Minnesota avenue, early Tuesday morning, resulted in the fire department being called out. The blaze was extinguished with no damage.

Bazaar Opened
The Women's Catholic Order of Foresters opened the doors to their bazaar at 1 o'clock this afternoon. The booths were beautifully arranged and decorated by the various committees in charge. The fancy work on sale is especially pretty. Luncheon has been served all afternoon and will be this evening. Tonight all articles on the tickets will be auctioned off by J. A. Ship of Escanaba.

Tomorrow is children's day with fish ponds, grab bags, a cream in overgiving. There is all reason to believe this will be one of the most successful bazaars ever held.

Splendid Cough Medicine
As I feel that every family should have what a splendid medicine Chamberlain's Cough Remedy is, I am only too pleased to relate my experience and only wish that I had known of its merits long ago," writes Mrs. Clay Ferguson, Ferguson Station, Mo. "I give it to my children when they show the slightest symptoms of being croupy and when I have a cough or cold on the lungs a very few doses will relieve me, and by taking it first, few have I once got rid of the cold."

UNCLE SAM AS SANTA
Uncle Sam is handing out \$10,658,712 to the good people of the Ninth Federal Reserve district, this amount being interest due for persons who bought Liberty Bonds (first issue) or Victory Notes. These Victory millions go to about 800,000 individuals of the states of Minnesota, North and South Dakota, Montana and certain counties of Wisconsin and Michigan. There were 846,952 purchasers of the Victory Notes issue, the amount subscribed being \$172,226,750. The next interest date for these two issues will be June 15, the rate for the first loan being 3 1/2 per cent and on the Victory Notes 4 1/2 per cent. It has been suggested that persons receiving this interest money protect their own financial interest as well as to renew their substantial interest in the government by investing in government securities—Savings stamps, or Treasury Savings certificates—and these may be obtained either at the postoffice or at the local banks.

John Cavill of Whitefish transacted business in the city yesterday.

Basketball Game Is Scheduled For Tonight

The first basketball game of the season will be staged at 8 o'clock tonight in the old Reporter building between the High School and the American Legion teams. This being the first game will be largely a matter of practice for both organizations and as the prospects for much basketball this year are rather limited, it is believed a big crowd will turn out.
