

NO ACTION TAKEN IN PETITION FOR FARE INCREASE

F. R. BUECHNER AND ATTORNEY G. W. JACKSON REPRESENTED THIS CITY AT MEET

WILL AUDIT CO'S BOOKS SOON

No definite conclusion was reached at the meeting held at the Escanaba City Hall last Friday to consider the Escanaba Traction Company's petition for an increase in Street car fares.

The meeting was called by the Public Utility Commission, and conducted by Sherman T. Handy, chairman of the Michigan Public Utilities Commission. F. R. Buchner and Attorney G. W. Jackson represented the City. City Manager F. R. Buchner and Attorney G. W. Jackson were the local spokesmen. Lawyer Ryall represented the Traction Company.

According to the franchise rights, no action can be taken by the Commission affecting the local fare structure, however, the city of Gladstone has no jurisdiction over the rates in the matter of interurban rates. Escanaba waived this right.

No tentative schedule of rates was presented to the City of Gladstone, since the Detroit crew have blood in their eyes and from advance dope they are going to take revenge on the Afriettes.

Pans in Gladstone do not have to be old of the rivalry that exists between these two towns. They will never forget the 16 inning game that was played between these two clubs last season in which Munising came out on top by a 1 to 0 score. So far this season the Afriettes have found the going pretty rough but can be expected to be in championship form when they line up against Gladstone.

Munising has just recently acquired a pitcher from Detroit and last Sunday he defeated the Calumet Aristocrats by a 4 to 3 score and let them down with four hits. Before he came to Munising he had been pitching in the industrial leagues in Detroit and has not suffered a defeat for two years.

The Afriettes also have two former Manistique players with them in the persons of Charlie Burns and Serio. Burns is holding down the hot corner and his mate is taking care of the key-hole sack. The rest of the line-up is the same as they had last year.

The Gladstone warriors have been out almost every day this week and from the workouts the boys have went through they look to be in mid season form.

Manager Tommy Deslites slogan is "To play baseball, you must live baseball." There is a whole lot of truth to this, and all of the boys have agreed to it. They say that they are going to win some ball games or know the reason why.

With this spirit injected into the bunch they are deserving of more support from the fans. From the gossip that is going around everybody will be out at the ball park Sunday in full bloom.

AGAINST PURCHASE OF NEW PARK PROPERTY

The general public is very unfavorable to the purchase of the 40 acre tract of land on Route 31, 1 1/2 miles south of Escanaba which Delta County Board authorized its Park Committee to enter into negotiations for at the meeting held Wednesday afternoon.

The Park Committee composed of William H. Needham of Escanaba, chairman, McNally of Garden and I. N. Bushong of this city. Mr. Bushong wishes it to be known that he is very much against the purchase of the land. In the first place the tract is not worth the \$10,000 the amount appropriated for its purchase. It is practically waste property. Its only advantage is that Bark River runs through, and provides an excellent place for canoeing. Timber is entirely lacking. The beach is rocky and of no value for park purposes, besides the land adjoining the bay is low and swampy.

Parks are a great asset, but it is the general opinion that they should be made on a smaller scale. The school boards has already spent in the neighborhood of \$1800 for county parks, although there are none in the southern part of the county. One is located at Rapid River Falls, about eight miles north of Rapid and another beyond Isabella.

SUBMIT PETITION FOR SEWER COMMISSION

A petition for sewers between Fourth and Fifth streets on Wisconsin avenue was submitted to the City Commission at the regular meeting Monday night. A specification estimate was prepared at present by the City Manager, P. R. Buechner. A resolution was passed ordering the construction of concrete side walks to connect with the sidewalk at the corner of 11th Street on Dakota Avenue.

The petition was presented by the City Manager, P. R. Buechner, who represented the city at the meeting held at Escanaba to consider the Traction Company's petition for an increase in rates, reviewed the proceedings of that meet.

GLADSTONE NINE SET FOR FAST MUNISING TEAM

ALGERIES WILL INVADE GLADSTONE SUNDAY WITH A STRENGTHENED LINEUP

The Gladstone baseball team are all set and primed for the coming game Sunday with the fast Munising aggregation. After losing a hard fought ball game last Sunday with the Crystal Falls nine, the Detroit crew have blood in their eyes and from advance dope they are going to take revenge on the Afriettes.

Pans in Gladstone do not have to be old of the rivalry that exists between these two towns. They will never forget the 16 inning game that was played between these two clubs last season in which Munising came out on top by a 1 to 0 score. So far this season the Afriettes have found the going pretty rough but can be expected to be in championship form when they line up against Gladstone.

TO ELECT SCHOOL BOARD OFFICIALS AT CAUCUS MEET

The annual school board caucus meeting to elect members of the board will be held at the school building on Wednesday evening at 7 o'clock. Those whose terms expire will be held on the second Monday in July.

Two trustees will be elected to fill the places of Dr. David N. Kee and Paul B. Hanson, secretary whose terms end this year.

The members are chosen by a portion of which go out each spring.

At this meeting the School Board will present a budget showing the financial condition of the district, and also the estimated expenditures for the next year. The electors then vote the taxes to be raised and used for school purposes for the ensuing year.

Under the old system the School Board voted taxes, but in accordance with the present method, the electors vote the necessary appropriation.

The Cora Nome Toilet preparations are the best known. High grade and advertised. They shall be demonstrated by a number of the best school of the kind, with experience.

FOURTH OF JULY PROCLAMATION

The representatives of the Thirteen states in Congress assembled, after days of thoughtful deliberation of the unity treatment designated from the Mother Country, voted on July 4th, 1776 to no longer be dominated by the Mother Country—this act being designated The Declaration of Independence.

The thirty-two reasons given by this Congress for withdrawal are well worth thoughtful study, which I earnestly commend, as they together with the hardships of frontier life at that time, give us of today a picture that should help us appreciate the privileges we have that were not theirs.

The object in observing this day is that all may show by their conduct due respect for the day. This can only be done by refraining from all excesses that would divert our minds from the significance of this great event.

It is not true that stronger convictions of conscience and right would mean fewer convictions by our Courts, and crime in its awfulness would not be stalking through our land.

May I bespeak for this community careful thought concerning these matters and would this not be in line with the request of the President of our Country in asking that the day also be Defense Day.

L. N. BUSHONG, Mayor, City of Gladstone.

ATTEND CONVENTION AT NEGAUNEE

Rep. Baker and Louis Tardiff will represent the August Mattson Post at the U. P. Legion Convention to be held in Negaunee June 30 and 27.

The convention, which is primarily for the 40 and 8 members of the Legion will be attended by all the local 40 and 8ers. They are J. A. Matson, Percy Cameron, Chas. Murker, Gus Lierman, Joseph Hillsaert, Eugene Brassick, Delbert Calder, and Hjalmar Skogquist. They will make the trip by motor, with the Escanaba delegation.

Final plans were completed at the meeting of the 40 and 8ers at Escanaba Wednesday which lodge Gladstone is a part.

Among the speakers will be Senator Frank Couzens, Congressman W. James Peat, National Commander, John G. Emery, State Commander John Roehl and other prominent men.

There will be a 40 and 8 initiation, a grand military and industrial parade, six bands, prize fights, sports, workman shows, and everything to contribute to the success of the occasion.

CHOSEN DELEGATE TO NATIONAL CONVENTION

Mrs. J. D. McDonald was chosen as delegate to represent the Cleveland District at the National Convention to be held at Denver the forepart of August.

Mrs. McDonald represents the local Sacred Heart Court of Foresters at the District State Convention held at Marquette last Friday and Saturday. About sixty delegates from different cities in Michigan were present. Sessions were held each morning, afternoon and evening. The principal speakers were Bishop Nussbaum of Marquette, who has recently returned from Rome, and Miss Mary Downs of Chicago.

ASKED TO ATTEND MEET TO FORM ASSOCIATION

An invitation is issued to the parents of school children or anyone interested in forming a Parents-Teachers Association in Gladstone to go to the Kindergarten next Wednesday evening.

Mr. Olds for several years superintendent of Escanaba Schools will speak at that time on the advantages of such an association.

Demolish Chosee Officers At the regular meeting of the Demolish society at the Masonic Temple of Escanaba on Wednesday night, George Dunn was chosen Master Counselor Robert Morris, Senior Counselor and George St. Louis, Junior Counselor. A committee was selected to appoint the other officers. A large number of local members attended the meet.

NOTICE

The Child Welfare Club will meet at the Kindergarten Monday evening, June 29. This is the last meeting of the season. All members are requested to be present.

TO OBSERVE FOURTH IN QUIET MANNER

To date, no plans have been made for a celebration on the Fourth of July. It has been announced by the City Management that they would not take charge of any preparations for Independence Day, and it was thus up to local lodges to do something.

The matter was taken up at the Legion meeting Monday night, but decided negatively.

The American flag will undoubtedly be at front on Central avenue and from various public buildings and residences in honor of the occasion.

Both Escanaba and Rapid River have planned elaborate events to celebrate the Fourth, so local people will not be afraid of entertainment.

High Explosives Prohibited According to a bill passed by the state legislature, certain prohibitions have been made on the use of fireworks. Tissue balloons, sky rockets of all kinds, roman candles of ten volts, dynamite, and high explosives are not permissible.

ROTARIANS GUESTS OF ESCANABA CLUB

An address by Sherman T. Handy, Chairman of the Michigan Public Utility Commission was the main feature of the meeting Monday noon at which the local Rotarians were the guests of the Escanaba Lodge.

Mr. Handy's talk related to his trip to London some several years ago to attend the meeting of the American Bar Association at which Secretary of State Hughes, Ambassador Follmer and other distinguished persons were present. His address proved most interesting and instructive to the audience.

FORMER PASTOR REV. O. J. BENNETT HERE

Rev. O. J. Bennett, former pastor of the All Saints Catholic church, arrived here Wednesday by motor to spend a few days with old friends.

This is Father Bennett's first return here since he left about eighteen months ago to take charge of the Catholic congregation at Oronagon, to be replaced here by Rev. Father Malers. His many friends greatly well wished his return keeping him well supplied with callers at the McDonald residence where he is stopping.

BAND WILL GIVE FREE EXHIBITION HERE JUNE 30

W. Grenfield, Director of the Escanaba City Band has informed the city management that they would be glad to give a free exhibition here on June 30.

The music will be given in the City Park.

This announcement comes as a most pleasant to many local people who appreciate and enjoy the music of this band.

S. C. AND C. MIDGETS VS. BUCKEYE AND KIPLING

Deafits crew isn't the only local line in the limelight at the present time. Wednesday proved a big day for two "midget" teams, the South Central Midgets and the Central Midgets.

The former visited the Buckeye Cats at the ball park and took home the bacon at the rate of 39 and 11. Barry and Goodman were the batteries for the winners and Barber and McDome for the bats.

Eyeing the next down to defeat before the Central Midgets Wednesday to the tune of 8-4, batteries for Kipling, Maskart and Rivers for the "locals" Danelson and Goodman.

We have the future world's champ captured.

FIRE AT RABBIT HOME

Very little damage resulted at the Rabbit home near the North Hill when an oil stove exploded and caused a slight blaze, Monday afternoon.

The Fire Department was called at once and the situation taken care of. The oil stove was in a rear shed, which the family had been using as a kitchen, while repairs were being made on their house.

David Holby gave a party for his Sunday school class Monday evening. The party was held at the Dry Stone.

CHILD'S WELFARE HEALTH STATION OPEN TO GENERAL PUBLIC TODAY

Mothers Cordially Invited to Bring Babies and Pre-School Children to Public Health Nurse for examination.

The Child Welfare Health Station is now open at the City Hall in charge of the Public Health Nurse engaged by the Child Welfare Club. The rooms are located above the Fire Hall. The interior is entirely white and presents a very neat and wholesome appearance.

The public nurse may be defined as any graduate nurse having the qualifications demanded by the Public Health nursing organization, who is doing any form of social work in which the health of the public is concerned, and in which her training as a nurse is recognized as a valuable part of her equipment.

The term "Public Health Nurse" is a general name. The term Tuberculosis District School Child Welfare, etc., indicates the special line which she follows.

The greatest value of Child Welfare work lies in the fact that primary function is to help others to help themselves. Home visiting is the principal strength of all public health nursing. Entering the home for purposes of instruction and administration is the privilege of the nurse.

The Child Welfare Station is the most important factor in the work, the purpose of which is "to keep well children well," to make available to all mothers of the community, knowledge of the way to prevent needless sickness.

To the Welfare Station children are brought by their mothers weekly for routine examination and advice. A record is kept of their weight and development. If symptoms of disease are found the children are referred for treatment to the family physician.

Mothers are cordially invited to bring babies and pre-school children to the Welfare Station which has been equipped and opened in the City Hall. Clinics will be held Tuesday and Friday of each week, 1:30 to 5:30 p. m. Office hours are daily 8:30 to 9:30 a. m. and 5 to 5:30 p. m. except Saturday when home calls, visits etc. will be taken. Phone 235 M. Melvin R. N. in attendance.

Business places would be willing to submit to this increase to receive the service of the automatic phone, but the residents of the city in general are opposed to any changes.

Gladstone has a small total of phones for the population in comparison with other cities. For example, Escanaba with three times our population has approximately six times our number of phones.

What the result will be in the case of Gladstone is a matter for the Utility Commission at which the different cities of Michigan will be represented.

The Twenty-fifth anniversary of the Swedish Lutheran church at Whitefish will be celebrated there Sunday, Rev. O. B. Hanson of Seattle is in charge of the services.

Many local members of the Lutheran church are planning to attend. The program follows:

In the morning there will be Sunday School and the usual morning service at 10:30. There will be a program at 2:00 in the afternoon.

Rev. Lund of Escanaba will be the speaker. Vocal Duet, Rev. and Mrs. C. E. Olson.

Vocal Solo, by Louisa Lund. Sermon by Rev. C. E. Olson.

Song by Lund Quartette. Benediction, by Rev. O. B. Hanson.

In the evening, addresses will be given by Rev. O. B. Hanson and A. J. Anderson.

TO CELEBRATE 25TH CHURCH ANNIVERSARY

The annual musical recital held at the Assembly Room of the Senior High School Building, proved most enjoyable to the audience in attendance. Each number is especially commendable.

GREEN'S PICNIC WINDOW ATTRACTING ATTENTION

The display in the window of the Green Hardware store is the subject of much comment. The regular outdoor meal, bacon, eggs, baked beans and fry bread amid surroundings of camping utensils presents an aspect that makes one want to hit for the woods.

Gasoline camp stoves, thermos bottles, camp clocks, picnic dishes, pans, kettles, ice cream freezers and other things are ideal camping party, is displayed here. The credit for the window goes to Walter Hillman.

Mrs. Walter Feuzel returned to Milwaukee Thursday after visiting her parents in this city.

CONSIDER DEMAND FOR HIGHER RATES

PUBLIC OPINION AGAINST AN INCREASE WITH PRESENT ANTIQUATED SYSTEM

The petition of the Michigan Bell Telephone company for an increase in rates will be taken up by the Michigan Public Utility Commission at the preliminary meeting held at Lansing on June 25. At this time the appraisals, inventories, and audits of the Telephone company's properties in the state will be offered in evidence before the commission. The commission will then take the matter into consideration, appoint a time for a second hearing and give notice to all cities in the state to send delegates. City Manager Buchner, and Attorney G. W. Jackson are the probable representatives of this city.

The appraisal of the Telephone properties was made in Gladstone in the year 1922. It is presumed that this will be used together with the appraisals of any property that may have been added since that time.

This petition was entered a few years ago, and represents an increase from five to twenty per cent. A temporary increase was granted by the Commission a couple of years ago, provided for a 75c increase per month in residence rates and 28c for business places. Toll charges were made between Rapid River, and Gladstone and Escanaba and Gladstone in place of the former free service.

In as much as we have an antiquated system here and the expenses are low the general public is of the opinion that the rates should not be increased. It has been suggested by a representative of the Telephone company that the concern might be induced to put in an automatic system here if an increase in rates of about 50 cents were allowed.

Business places would be willing to submit to this increase to receive the service of the automatic phone, but the residents of the city in general are opposed to any changes.

Gladstone has a small total of phones for the population in comparison with other cities. For example, Escanaba with three times our population has approximately six times our number of phones.

BIG CELEBRATION HERE ON JULY 4

RAPID RIVER AND COOKS BASEBALL TEAMS WILL CLASH

Large, thrilling bills are posted about town describing the grand celebration to be held here on July 4th. A band composed of a number of the members of the Escanaba City band will play all day and install into the people the enthusiasm of the old days of the Paragon Carnet Band.

There will be a concert in the evening with an elaborate display of fireworks. A big Callithumpian and industrial parade in the morning with cash prizes for the best decorated floats, will be held. Races of all kinds for boys, girls and fat men and a demonstration by the Rapid River Fire Department concluding with a water fight.

This is worth coming miles to see and worth more to keep a safe distance away. There will be a tug of war composed of four teams from different sections of the township with a prize of \$10.00 for the winners.

A ball game between Rapid River and Cooiks will be played in the afternoon and all those who saw these two teams play two weeks ago know that it is a game worth the money.

Our old battery Griffin and Bailey will compose the battery for Cooiks. Last but not least will be the grand dance in the evening where young and old will vie with one another in doing the Charleston, the Marathon, etc.

Dr. R. E. Miller will deliver the Fourth of July oration and all those who have heard the genial doctor know that there is a treat in store for them. Those who have never heard him will be well paid for their time and attention.

OPENING OF THE TOURIST CAFE

The opening of the Tourist Cafe Sunday was very well patronized by the local people and also many from Escanaba and Gladstone.

Many local families went there for dinner preferring to eat in this manner rather than at home with the wife busy all day preparing the dinner and clearing away afterwards. It gives the family the full afternoon for their enjoyment without that tired feeling of having cooked a large dinner over a hot stove on a very warm day. You will find the Sunday dinners away from home as economical as you could get at home.

GLADSTONE LOSES 7-6 BATTLE TO CRYSTAL FALLS

LOCAL TEAM NOSED OUT IN 8TH AFTER FIGHTING A CEASELESS UPHILL BATTLE

The Gladstone baseball club suffered defeat at the hands of the Crystal Falls nine last Sunday after they had fought a splendid uphill battle.

The game was a slugfest from the start as both opposing pitchers were touched for 12 hits and fourteen runs in the first inning and the nine started out in the first inning and it was apparent that it was going to be a slugfest. They scored three runs in the first and Gladstone tied it up in the third. Crystal Falls continued on their hitting spree and counted three more runs across the rubber in the fourth making it stand 4-3 in favor of Crystal Falls.

of Crystal Falls. Gladstone came back to life and by some hard hitting scored two runs in the 5th and finally tied the count up at 6 and 6 in their half of the 5th. When C. Falls came up in the last half of the 5th, Manager Potter singled and stole second. Becker laid a bunt down to Patten and was thrown out at first and Potter started for third. Gervais made a perfect pop to Bovin at third and had Potter caught dead in his tracks, fully a distance of six or seven feet from the sack only to have Umpire Burling of Crystal Falls to call him safe. This decision proved to be very costly to Gladstone as Bovin Johnson hitting for Peterson singled between first and second and Potter came home with the deciding run. This decision was a heart breaker for the Deshler crew to swallow but, nothing could be done so they took defeat but not with a smile after fighting an uphill battle all the way to be beaten by Crystal Falls umpire. We do not say he did it intentionally but if Mr. Burling had been standing in his right position he could never have made such an erratic decision. Neither team scored in the ninth.

COULDN'T EAT ANOTHER APPLE—EVEN FOR PAY

While T. Hayes Hunter was directing the scenes of J. Parker Read, Jr.'s production, "Recall," which comes to the Community theater next week, he found a wrinkled beggar sitting on the curb of an ancient village and wanted to use him for the picture.

He rehearsed the beggar—who had nothing to do but eat an apple—over and over before the beggar could eat an apple naturally. And yet, when Mr. Hunter first noticed him he was eating an apple. At last the beggar seemed to get the technique down well enough to suit the scrupulous director. Then Mr. Hunter prepared to take the scene. He called for the camera. But the beggar sat still. The camera stopped. Hunter inquired what was wrong. The beggar answered in vehement italics: "I've had sixteen apples already. That's enough," when the scene was taken the beggar's acting consisted of picking his teeth.

a new side walk be constructed in Dakota avenue or the north side of North 35 feet of lots 1 and 2 of block 68 or of the First Addition to the Village near City of Gladstone, Mich.

Be it further resolved that the city manager be instructed to give due notice of the passage of this resolution to the owner or owners of said above mentioned lot to construct a concrete side walk in accordance with the provisions of the ordinance or ordinances relating to the construction of side walks, within two weeks after such notice shall have been given, according to the provisions of the ordinance relating thereto, and that in default of said owner or owners constructing such side walk in front of said lot that such side walk will be constructed by the City of Gladstone and the cost thereof will be charged to the said lot and to its owner or owners by special assessment.

Resolution carried unanimously. By Commissioner Matson, supported by Commissioner Peterson, that the Commission adjourn. Resolution carried unanimously. F. R. BUECHNER, City Clerk.

PREVENTABLE DROWNINGS

Every summer takes its toll of death by drowning. The majority of the drowned are children happily at play when they suddenly find themselves beyond wading depth.

Swimming is not only one of the most healthful of exercises, but the ability to stay at the surface of water is likely to prove some time, for every adult and child, the one thing that can prevent death. Considered in this light, the ability to swim is for all a preventive as important as vaccination and other measures taken to prevent contagious diseases. The idea that very young children cannot be taught to swim is entirely erroneous. The great majority of native Hawaiian children can swim almost as soon as they can walk.

To prevent so many deaths from drowning and to offer an added splendid means of physical development, it would be well for all public schools to provide instruction in swimming, as many schools now do. And this instruction should begin with the kindergarten and first grades. It is the youngest children who most need to overcome the fear of water and to learn how to keep up when beyond their depth.—Detroit News.

FORD SALES INCREASE

Sales figures of the Ford Motor Company for the month of May show a continued good domestic demand for Ford cars and trucks. The total number of cars and trucks showing a substantial increase over the previous ten days. The figures also disclose record-breaking sales abroad and in the high-price car field a growing demand for Lincoln cars. In fact, the Lincoln sales in the United States during May went to a new record with 988 deliveries to customers, exceeding by more than fifty the record established in April.

Ford car and truck sales for the month reached a total of 201,779 of which number 15,576 were foreign sales. This is a record of 201,779 of the sales. This is a record for foreign deliveries and is more than 1,119 above the April sales.

The Misses Elsie Nyland, Ida Lindberg, Alice and Teckla Nyland motored to Crystal Falls Sunday.

DO YOU KNOW?

Rules of etiquette all should know.

WHEN WOMAN TRAVELS ALONE
From McCall's, "A Book of Manners"

It has become so common a custom for women of all ages to travel alone that they seldom meet either with difficulties or dangers. It is well to remember, however, that a young woman who is without an older companion on a train at a hotel or either a public place is always liable to receive unpleasant and unwelcome attention unless she conducts herself with consistent quiet dignity.

Good form demands that women of all ages be inconspicuous in dress and manner when traveling alone. In hotels a woman makes her room reservation, tips bell boys and porters, and in general conducts her affairs as a man would do under the same conditions. Although the fact seems obvious, it must be stated positively because an ancient tradition still lingers at the back of the minds of ladies who seldom travel. According to an outworn custom a woman should not enter the ladies' room of a hotel while the clerk comes to her and arranged for her comfort. Nowadays, a woman takes her place with the men in the line at the desk.

On trains and steamers the lone woman will not enter into conversation with strange men; unless she be a woman of evident maturity, it is better not to have too friendly relations with unknown woman passengers.

On shipboard, a woman without an escort or companion will not remain on deck long after nightfall but will retire to her stateroom, or will join the general assembly in the main salon.

If a woman meets a friend who is traveling on the same train or ship, or who is stopping at the same hotel, she may dine with him but should insist on paying for her own meal and the man should assent to the arrangement.

It seldom is necessary for a stranger to help women travelers with heavy luggage, because porters are usually at hand. If none is available, it is proper for a man to extend this courtesy to an unknown woman. A gentleman will take a woman's luggage the same by making the event a basis for acquaintance.

Traveling in a Pullman should present no difficulties and no embarrassments.

To visualize the procedure: A woman traveling without an escort surrenders her hand luggage to a porter at the railroad station, giving him at the same time the number of her sleeping-car and berth. These numbers she will find on her Pullman tickets. Then she follows the "red cap" or porter to the steps of her car. The "red cap" usually delivers her luggage to the porter of the Pullman, although if the train is crowded and the time is short, he may find the seat in the train for the traveler. For his services he is given a fee.

For invalids and children, or for some important reason, the Pullman very often he commences this work a porter will make a berth early, but

one end of the car and proceeds with the berths in their regular order. He provides a ladder for ascending to an upper berth.

Many women do most of their dressing in the berth but wear a dark robe to the dressing room where the remainder of the grooming is completed. A refined woman leaves the hand bowl in a neat condition, deposits damp towels in the proper receptacle, and wipes dabse or powder from the dressing table.

It is customary to fee the porter when he collects the hand luggage just before reaching the station, or when the passenger steps off the train.

BIG SPARKS CIRCUS
COMING TO ESCANABA

An unparalleled aggregation of startling, beautiful, educating, amusing features in the Sparks Circus, which is coming to Escanaba on Wednesday July 1. From year to year the great canvasses of this modernized circus have grown bigger and bigger, the trains longer and longer until today all double length, all steel cars ranging as high as 70 feet in length are required to transport this great aggregation. There are a wonderful menagerie, a gorgeously dressed Spectacle, trained elephants, lions, tigers, leopards, polar bears, llamas and ostriches, marvelous riders, beautiful girls, handsome men, amusing clowns and the finest horses in the world; in fact a vast concourse of men and women, of trained animals and equipment unrivaled in their lines, guaranteed to give the most daring, interesting, artistic, startling performance ever seen here under canvas. And as a special feature the Sparks Circus is this season presenting the famous Sparks Rotation Horses—16 in number and recognized throughout the entire horse world of the universe as the world's greatest educated equine display. These horses are a recent importation from Stollingen, Germany and are making their first American appearance with Sparks Circus—which, by the way, will appeal to old and young; to the boy and girl who believe in animal worship; to the woman who has an eye for the artistic; to the man who won't allow his heart to grow old; in fact to everyone the Sparks Circus is the fulfillment of a dream, for it is the very best word in Circus Glossary. Seats can be secured Circus day at Hill Drug Store same price as at show grounds. Will exhibit on the Fair Grounds.

HUPMOBILE EIGHT
MAKING BIG HIT

June shipment of Hupmobiles will surpass those of June 1924 from 30 to 40 per cent, and will be larger even than those of June 1922. O. C. Hutchison, general sales manager of the Hupp Motor Corporation, said yesterday. They will exceed those of May 1925 by at least 500 cars, he added. May shipments were 45 per cent higher than those for the same month last year.

"Demand for the new Eight is having considerable to do with our enlarged business," Mr. Hutchison pointed out. "Since the recent reduction of \$10 in the price of each model its sales at retail have already reached approximately a 20 per cent higher rate than their previous record. We expect their sales to grow still more in the next several weeks. From June 1 to 10, eight cylinder shipments and orders for shipment totaled more than 1200 cars, creating another new record for all cars of the eight-in-line type, of which the Hup-

mobile is the largest seller. Hupp continues to be in an unusually favorable position. It carried over into June more than \$2,000,000 worth of unfilled orders, which were coming at the highest rate it has ever known at a corresponding time of year. Orders for more than \$2,000,000 worth of cars were received during the first ten days of June.

Back Lame And Achy?

The Advice of This Gladstone Resident Should Help You to Get Well

Do you suffer nagging backache? Feel dizzy, nervous and depressed? Are the kidney secretions irregular; breaking your rest? Likely your kidneys are at fault. Weak kidneys give warning. You have backache; rheumatic twinges. You feel weak, tired, all worn-out. Heed the warning. Don't delay! Use Doan's Pills—a stimulant diuretic to the kidneys. Your neighbors recommend Doan's. Here is a Gladstone case. Wm. Beaudry, prop. shoe repair

shop, 523 Michigan avenue, says: "Long hours of sitting at my work was the cause of my kidney trouble. My back was lame and sore and the ache I had in the small of it wore me out. My kidneys were weak and often I had to get up two or three times during the night to pass the secretions. One box of Doan's Pills drove the backache away and regulated my kidneys."

This is being written from Detroit, the automobile city. We are pouring this out on an old typewriter located in an office where once we earned our daily bread...

LIVING in the city has some advantages. For one thing this time of the year the warm weather makes it unpleasant for those who find it difficult to acclimate themselves...

ALMOST every family in Detroit has a car of its own. On first thought you might say that this indicates that the people here live in luxury. But this is not exactly the truth...

DETROIT seems to have the right idea about encouraging the youngsters to take up the game of baseball. Certain portions of city parks are being arranged to play the game under the supervision of playground directors...

DETROIT continues to build up rapidly. The dream of a city of two million people in 1925 is no idle dream. It is well called the City Drive and force in everything that is done in Detroit...

DETROIT'S street car lines are still troubled ahead. Two much politics, the usual handicap to the street car lines, and the people not awake to the opportunity which may be passed up...

man, butcher, clothier and other home town merchants carry them along on charge accounts. In the city, there is less credit business done. Fortunately he who has a credit rating that permits him to buy after he is out of a job...

THAT Robert M. LaFollette is dead and buried, now we are hearing many new things being said about him. Those who attacked him most bitterly are the first to acknowledge some of the things that LaFollette accomplished for the American people...

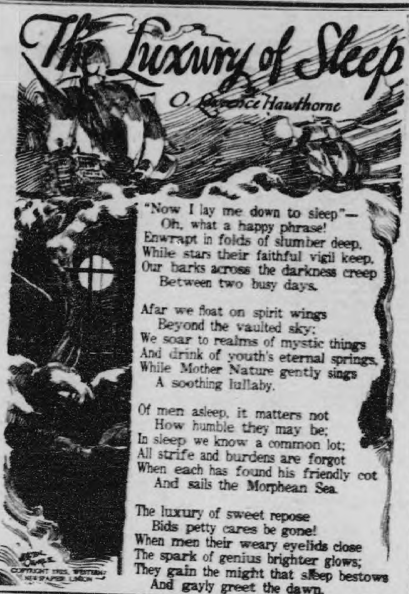

LaFOLLETTE was the recognized leader of the special interests, who are ever on the watch to take these rights from the people. He early in his political career learned the unscrupulous means that these interests employ to gain their ends...

WHAT LaFollette may have done as President of the United States may be left now to conjecture. It may be that his uncompromising methods may have upset the precedents long established. Certain it is that LaFollette, as president, would be second to none as well as in name...

Now I lay me down to sleep— Oh, what a happy phrase! Enwrapped in folds of slumber deep, While stars their faithful vigil keep, Our bars across the darkness creep Between two busy days.

Afar we float on spirit wings Beyond the vaulted sky; We soar to realms of mystic things And drink of youth's eternal springs. While Mother Nature gently sings A soothing lullaby.

Of men asleep, it matters not How humble they may be; In sleep we know a common lot; All strife and burdens are forgot When each has found his friendly cot And sails the Morphean Sea.

The luxury of sweet repose Bids petty cares be gone! When men their weary eyelids close The spark of genius brighter glows; They gain the might that sleep bestows And gladly greet the dawn.

June 1th, 1925; June 19th, 1925. ORDER FOR PUBLICATION—Sale or Mortgage of Real Estate. STATE OF MICHIGAN, The Probate Court for the County of Delta. At a session of said Court held at the Probate Office in the City of Escanaba in said county, on the second day of June, A. D. 1925. Present: Hon. Judd Yelland, Judge of Probate.

(A Weekly Panorama of Events in the National Capital, By Peter Keegan for The Delta Reporter.)

SENATOR LAPOLLETTE'S death leaves the Progressive Party which he founded without a leader and gives the regular Republicans more than an even chance to shake control of the Northwestern states which he has controlled and dominated politically for so long. Senator Burton K. Wheeler, Montana Democrat who ran on the LaFollette ticket for Vice-President in 1924 has become the nominal head of the liberal movement which culminated in LaFollette's candidacy for President, but there are men within the Republican party who believe that LaFollette's mantle should fall on their shoulders and they will not be backward about saying so. There will also be a row in Wisconsin over naming LaFollette's successor as the term for which he was elected does not expire until March 31, 1929. One of the possibilities is that the widow, who has followed her husband's political career closely, may be named to fill his seat in the Senate.

SENATOR SMOOT, in his capacity as Chairman of the Senate Finance Committee, has revived discussion of suggestions that the Government sponsor a conference in Washington of State tax officials to work out an agreement under which the federal Government would limit itself to levying income taxes, leaving it to the states to levy inheritance and estate taxes. While not opposing such a plan, President Coolidge thinks that it would not prove feasible because of the many divergent views among the states. Democratic leaders in Congress have likewise thrown cold water on the scheme for the same reason.

THE TAX PROBLEM CONTINUES to hold the center of the stage, with Secretary Mellon slowly but surely winning over leaders of both parties and of all lines of business and industry to his view that the only scientific way to revise the federal tax system is to virtually eliminate the surtaxes on big incomes so as to leave capital free for any uses to which it might be put. Mellon has not decided whether or not he will have a definite tax plan to submit to Congress in December, but he is working on the problem quietly with those members of the Senate and House who will be directly responsible for framing the new tax reduction bill. Among those who have been won over to Mellon's proposal for the reduction of the surtaxes is Senator Underwood of Alabama, former Democratic leader of the Senate.

BOTH THE PRESIDENT and his secretary of state, Charles Evans Hughes, are leaning strongly toward the watchdog of the Democratic Party. In public speeches they have both declared that the assertion of sovereignty by the States is one of the things that is needed if the American Republic is to continue to operate for the best interests of all the people. One of the ideas in the President's mind in this connection is that the federal Government would be able to save a lot of money—millions of dollars, in fact—if the states did not accept federal aid for road-building and other purposes, raising the money themselves in accordance with their own individual needs.

THE PRESIDENT AND MOST of the White House forces leave Washington this week for Massachusetts, there to spend the rest of the summer on the coastal estate of Frank Stearns. By telegraph and special messengers the President will keep in touch with the affairs in Washington, including the debt funding negotiations which are to start this month with Italy and Belgium. Italy owes the United States more than two billion dollars and Belgium nearly half a billion. They are the first of the European debtors, in addition to Great Britain, to make an actual attempt to pay. France still continues to hold back, but Mr. Coolidge is hopeful that they will soon see that the French debt must be funded if France's foreign credit is to be protected.

WASHINGTON GOT considerable amusement out of the courtmarial of the Misses Anderson and Glancy of the Navy Nurses Corps, charged with smuggling liquor into this country from Cuba. The liquor in this country was produced in court, but they claimed to know nothing about it and acquitted followed from a court composed entirely of men. Secretary of the Navy, Willbur, who ordered the

trial in face of opposition, and on the part of some of his advisers in the Department, has to pass upon the record, however, and may decline to approve it.

MEMORIES

Items of interest of Gladstone and its citizens of years gone by.

22 YEARS AGO (Gladstone Delta, July 27, 1903) Dr. Stillwagon, going home Wednesday evening, was struck by an individual who evidently did not know him. The doctor defended himself as best he could and handed his assailant a very satisfactory swipe. As the latter produced a small knife when he found the battle going against him, the doctor took it away from him for fear of accident. The owner may have it by calling for it and establishing his title.

COLTS MEET DEFEAT AT HANDS OF NAHMA

The Colts went down to defeat before the Nahma club at Nahma Sunday by the score of 11 to 7. The Colts scored three runs in the first inning but Nahma retained with three in their half. The Colts again scored in the second and remained in the lead until the sixth inning when, with the score 7 to 5 in favor of the Colts a succession of hits and loose fielding netted Nahma one run and caused the hoisting of Christoff who was on the mound for the Colts. DeLancey went in and although he held them down for the balance of the inning he was touched up in the remaining innings and with loose fielding Nahma scored five more runs. DeLancey contributed two serious errors of judgment in fielding the position through the last two runs for Nahma. Throws from the outfield that should have been with disastrous results. The Colts were weakened by their catcher, Kalskren being out of the game with a broken finger, using Wollman who had not caught a game in a number of years. Sobesky, who recently arrived from Detroit where he played a number of games for the Tigers on the bench, was in left field and played a perfect fielding game.

The Nahma boys played a snappy game throughout and now with the count one and one another game between the two clubs will be eagerly awaited. The game was played in fast time and not a single dispute marred the contest.

This was the first defeat of the season for the Colts. They go to Trenary Sunday where they will have a real battle on their hands as Trenary has strengthened up especially for this game.

Score by innings: R. H. E. Colts 32101000—7 11 6 Nahma 11011123—11 13 2 Batteries, Christoff, DeLancey and Wollman; Schwartz and Butler.

LOCAL PEOPLE LEAVE

ON WESTERN TOUR

Mrs. Sarah Yerrick and her daughter Maude, accompanied by Miss Barbara Huska left Wednesday evening for a three months tour and visit through the west. The party will make their first stop at Whitefish, Mont. where they will visit for some time with Mrs. Yerrick's daughter, Ella. From there they will proceed to Seattle, Wash., where they will visit

with a number of relatives and former local residents. Miss Huska will leave the party here and proceed to Medford, Oregon for a visit with her sister, Tracy. Mrs. Yerrick and daughter will go to Portland, Oregon and other points for visits with friends and relatives and then to be met by Miss Huska for their return trip the first week of September.

The party have very carefully made their plans in advance so that they will see and enjoy all that the west holds of interest for them and they will return with the knowledge that they have spent a few short months that will long be remembered.

SERIOUS ACCIDENT

NEAR WHITEFISH HILL

R. C. Patterson of Paynesville, Ohio was painfully, though not seriously hurt when he was struck by a sedan driven by J. J. Barle of Lakeview, Mich. The accident occurred at the foot of the Whitefish hill on M-12.

Mr. Patterson and a party of five in a Ford touring car had stopped at the foot of the hill to repair a tire. Mr. Boyle in making the turn near the foot of the hill noticed the parked car, and also a car ascending the hill. He was traveling down the hill at a fair rate of speed but in attempting to pass he struck the fender of the Ford car hitting Mr. Patterson. He was picked up immediately by Mr. Boyle and taken to the office of Dr. Miller.

An examination showed a number of lacerations on the right leg and ankle but no bones broken. He was treated for the bruises and an hour later was able to rejoin his party and proceed on his way.

DEATH ENDS LONG

PERIOD OF ILLNESS

John Cruickshanks age 74, passed away at the Laine hospital last Thursday of a complication of disease, of a years duration. He has been almost continually in the hospital since last November.

John, or "Crookie" as he was more familiarly known was a lovable character known to every little tot in town. He was of a very jolly disposition even in his sickness, always passing a good word here and a dime or a quarter to a little tot. He will be missed and his memory respected.

Mr. Cruickshanks was born in Canada and has resided in this neighborhood for about 40 years. He had no known relatives. Interment was made in the Escanaba cemetery, Saturday.

HOME

It takes a heap o' livin' in a house 't make it home. A heap o' sun an' shadder, an' ye sometimes have 't roam. Afore you really 'preciate the things ye get behind. An' hunger for them somehow, with 'em allus on yer mind. It don't make any difference how rich ye get 't be. How much yer chairs and tables cost, how great yer luxury; It ain't home to ye, though it be the palace of a king. Until somehow yer soul is sort o' wrapped round everything.

Home ain't a place that gold can buy or get up in a minute. Afore it's there's got to be a heap o' livin' in it. Within the walls there's got to be some babies born and then Right there ye've got to bring them up 't women good, an' men; And gratefully, as time goes on, ye find ye wonder 'er dumb. With anything they ever used—they've grown in to your heart; The old high chairs, the playthings too, the little shoes they wore Ye heard; an' if ye could ye'd keep the thumb marks on the door.

Ye've got 't weep 't make it home, ye've got 't ait an' sigh An' watch beside a loved one's bed, and know that death is nigh; An' in the stillness of the night see Death's Angel come. An' close the eyes of her that smiled, and leave her sweet voice dumb. Fer these are scenes that grip the heart an' when yer tears are dried Ye find the home is dearer than it was, an' sanctified; An' tuggin' in ye always are the pleasant memories; O' her that was and is no more—ye can't escape from these.

Ye've got to sing and dance fer years, ye've got to romp and play, An' learn to love the things ye have by using 'em each day; Even the roses 'round the porch must blossom year by year. Afore they 'come a pair o' ye, suggestin' someone dear. Who used to love 'em long ago, an' trained them jes 't run The way they do, so's they would get the early mornin' sun; Ye've got to love each brick an' stone from collar up to dome; It takes a heap o' livin' in a house to make it home.

EDGAR A. GUEST (From "A heap o' Livin'.")

TWO CAR ACCIDENTS IN VICINITY SUNDAY

John Minor of Oler while on his way to his brother Sam's camp near Indian Lake, Sunday morning, was hit by an Escanaba car. Mr. Minor's car was badly wrecked and Mr. Minor himself was injured by glass from the windshield. The car needed a tow by the Carlson wrecker.

On Sunday morning while the Carlson wrecker was bringing the Minor car in for repairs the driver was almost an eye-witness to what might have been a very disastrous accident. A Ford touring car in which were three Marquette lads, and a Chicago car collided. The Ford car completely turned over breaking the top, windshield, fenders and wheels. It is quite surprising but very fortunate that the Marquette boys escaped injury. Deputy Sheriff Carlson arrested the Chicago party and a hearing was held in Justice Messenger's office with the result that a settlement was made by each party agreeing to pay for the cost of his own car. As to the cause of the accident there was some doubt. Both parties seemed to be at fault to a certain extent. It was a strenuous Sunday for Carl and his wrecker.

"Figger This Out"

Pat, an employee of Mike in a certain firm, for a long time harbored the belief that he was putting in too many hours a day. He finally decided to ask Mike for a raise in salary. "You don't really work for us at all," Mike replied. Pat stood aghast. "There are 365 days in the year aren't there?" Pat assented. "You sleep eight hours of every day, 1-3 of every day, and thus 1-3 of the year, which is 122 days making 243 days that you work. You also have 122 days recreation every day, making 122 days, which leaves a balance of 121 days that you don't work. There are 32 Sundays that you don't work at all, and that leaves 89 days. We close every Saturday afternoon, 52 half days, makes 26 days, more that you don't make 43 work, and that leaves a balance of 43 days. We allow you one hour for lunch each day, which comes to 16 days, leaving a balance of 29. We give you two weeks vacation during the year, and that leaves 13 days. There are 12 legal holidays when the store is closed. That leaves one day that you work and Besorrah! Pat, I never make a man work on St. Patrick's day, so when do you work.

There Are Two Kinds of Backaches

The amateur gardener, a day or so after weeding his garden is apt to dispute the statement that there are two kinds of backaches, and retort that there is only one kind and grade—that's most imaginable. However, there are two kinds. Our gardening friend is suffering from the one which is not the least bit serious. He has brought into play muscles unaccustomed to work, they are swollen with pride as a result, and will get back to normal in a day or two.

It's the other kind—the backache that comes without apparent cause or explanation—that is serious. This kind is due to a functional disturbance resulting from nerve pressure. To relieve spinal adjustments, and, the sooner taken the better.

FATHER AND SON BOTH BENEFIT

"I had a bad case of backache which lasted for three months. It was so bad at times I could hardly breathe. I used all kinds of liniments and medicines without results. My father who had been relieved of serious trouble by adjustments advised me to consult a chiropractor. Adjustments completely relieved me. It has been six months since I took them and I have been feeling perfectly well ever since."—Albert Ogden, Chiropractic Research Bureau, Statement 2100-N.

The lower nerve under the magnifying glass is pinched by a misaligned joint. Pinched nerves cannot transmit healthful impulses. Chiropractic adjusting removes the pressure. The upper nerve is free as nature intends.

HOME HELPS

TO REMOVE COMMON STAINS
Soap and water as in ordinary laundering is satisfactory for some types of school inks.

MILK—Soak for a day or two if necessary in milk, changing the milk as often as it becomes discolored.

INK ON CARPET—Rub without surface of a lemon, squeezing on the juice and rinsing between applications with a clean, wet cloth until no more ink can be removed. Rub on the spot with a clean dry cloth. When the carpet is dry, brush with a stiff brush or cloth.

IODINE—Wet with water and dry in a warm place. Repeat if necessary.

ALCOHOL—For material which would be injured by water.

IRON—Spread the stained place over a vessel of boiling, then squeeze lemon juice on the stain. Rinse and repeat. For delicate cotton or linen fabrics, lemon juice and salt. Sprinkle stain with salt. Moisten with lemon juice. Place in sun.

NOTICE

To the Electors of the School District "Public Schools of the City of Gladstone, Michigan"

Notice is hereby given that the annual meeting of the Public Schools of the City of Gladstone, will be held on Monday, the 13th day of July, A. D. 1926, at 7:30 P. M. in the gymnasium of the Junior High school building in said School District, at which meeting there will be elected two School trustees for terms of three years in the places of Dr. D. Kee and P. B. Hammond whose terms of office expire at that time.

There will also be submitted to such meeting, an estimate made by the Board of Education, of the amount of taxes necessary for the support and maintenance of the Public Schools of the City of Gladstone, for the ensuing year and a vote taken thereon.

Every citizen of the United States of the age of twenty-one years, male or female, who owns property which is assessed for school taxes in the district or who is the parent or legal guardian of any child of school age included in the school census of said district, and who has resided in said district three months next preceding said election, shall be a qualified voter. On the question of voting school taxes every citizen of the United States of the age of twenty-one years, male or female, who owns property which is assessed for school taxes in the district and who has resided in the district as above stated, shall be a qualified voter. Provided, That the purchaser of land upon a land contract, who actually pays the taxes apportioned on such land and resides thereon, may vote upon all questions; and where a husband and wife own property jointly and same is assessed for school taxes in the school district, each may, if otherwise qualified, vote upon all questions including the question of raising money.

By order of Board of Education, DR. JAS. MITCHELL, President, PAUL B. HAMMOND, Secretary.

The Judge:

HE WAS BOUND TO STRIKE A VEIN SOONER OR LATER.—BY M. B.

Above the Crowd

MILLIONS of men can earn money, but the man who can save consistently is head and shoulders above his fellows. You can be that exceptional man if you use the proper method and keep on using it. Our Reporter Observes

THAT the meaning of "40 and 8" is Society composed of Legion men, means, "40 men or 8 horses," which was the way the capacity of a box car was designated when the boys were "across." In French, it stands, "40 Examens, 8 Chevals."

THAT the old "swimm'g hole" (agacinto, By DeNoc) has again become a center of attraction.

THAT many tourists are already passing through Cleveland. We need outsiders to come in and tell us that we are surrounded by beautiful scenery. Local people, as a whole, do not appreciate the beauty of these parts.

THAT each Sunday the population of Gladstone reaches the lowest mark. "So and So," motors here, and "Somebody else" motors there.

THAT the silent labor of the Boost Club is a big boon to this city. Note the Tourist camp, the bathing conveniences provided there, the well lighted park—all this we owe to these few stalwart citizens.

POSTMASTER TO RECRUIT FOR MARINE CORPS

Frank A. Miller, Postmaster, has been authorized to accept young men for enlistment in the U. S. Marine Corps. To be eligible for enlistment they must be between the ages of 18 and 25 years, single without dependents, not less than 5 feet, 6 inches. All men called for by the Marine by the local postmaster will be sent to Milwaukee, and there they will remain for about thirteen weeks under a course of instructions, after which they will be transferred to some other station or on board ship.

The Marine Corps has a splendid school where Marines can get, free of charge, an excellent education. They have their choice of any trade, art or science taught by the best correspondence schools. The Marine Corps Institute has now over seven thousand students who are preparing themselves for positions of trust and responsibility. Many have graduated and are making good in civilian occupations.

Nowhere is there a better opportunity for sports and athletics than in the Marine Corps. The Marines play every outdoor or indoor game, and play them exceedingly well.

The pay of a Marine is from \$2.00 to \$157.50 per month depending on rank, length of service or individual qualifications.
