Rev. Grant Came to America From Scotland to Enter The Ministry

Rev. Robert Grant came to America from Grastown-On-Spey, Scotland in April of 1904 because he felt that he had a call to the ministry which would mean working away thru Theological Seminary, and there were no opportunities for work while attending School in Scotland.

He landed with Mrs. Grant and their two children in Boston. His first experiences were so disconcerting that for a time he contemplated returning to his own country. Life in all respects he found different, and he had no friends here to help him adjust himself to the changes.

KEILMEN DEFEAT NORWAY 6-0

Gladstone anticipated an easy game with Norway when their High School eleven came here last Saturday, but found them strong, determined and skilled only a 6-0 victory. The ball was in Norway territory throughout the first quarter, but the Keilmens did not reach their goal until early in the second period when Beach struck the ball over. Liberty lamed in his try for the extra point.

EXPERTS are having a difficult time predicting the outcome of next Tuesday's elections. There is evident a tendency to leave enough leeway to permit second guesses.

One persons "guesstimate" is as good as another, and in order to place our predictions definitely on record, there follows a list of the States, with their electoral votes placed as this writer expects them to be after the election.

Table with 2 columns: State Name and Number of Electors. Lists states from Alabama to Wyoming with their respective electoral votes.

STUDYING the above figures, and they are as good as any, one can readily see how easily any prediction might be overturned. Conceding the doubtful states as we have them listed in the foregoing compilation, it will be seen that Hoover and the Republicans are returned winners.

This state we have placed in the Democratic column but doubtful, and this doubt is made so by the possibility that the Republican candidate may not turn the tide in that state in that one speech. The balance is close enough to make that a possibility in all candidates in other States.

THERE IS one reassuring prospect in regard to newspapers and politics in Michigan and that is the tendency to be fair to all parties and all candidates. There yet remains the newspapers of the old-fashioned type that proclaim everything that seems good about their candidate and broadcast everything that is bad about the opposition.

a means of being a medium for some political organization. Needless to say it derived considerable assistance from the same source. Such a combination was bound to exercise a pernicious influence in the political life of a Nation and no one will mourn its passing.

The radio has helped a great deal in bringing information to the people, especially about politics. In a campaign such as the one just closing public interest is sufficiently aroused to have created a desire to "listen in" in order to get a better understanding of national and state questions.

THIS state of an informed citizenry may account for the absence of heated political arguments which were at one time the order of the day during the progress of a political campaign. The student of history soon learns that the deeper he delves into political questions, the more involved are the problems presented.

MICHIGAN'S vote is readily conceded to the Republicans. Not only because it is normally Republican, but because many of the candidates of the Democratic opposition have presented any constructive arguments as to why they should be elected to replace the Republicans.

FOR THE U. S. Senatorship, voters should bear in mind that they will be expected to vote twice for that office, once for the short-term ending this year and the other for a term of six years beginning in 1929.

THE names of Vandenberg, Republican, and Bailey, Democrat, appear twice on the ballot, once for each term, and voters should aim to vote for their choice for the two terms, as the seniority rule that governs committee appointments makes it advantageous to continue from one term to another.

Senator Vandenberg already has the advantage of holding committee assignments given him as successor to the late Woodbridge N. Ferris. This gives him seniority rights over those who will take office at the short session starting next December, and then if he is re-elected for the full term, he will have rights over those who report as new members for the 1929 session.

THERE are also three amendments to be voted upon. Considerable editorial discussion has been devoted to that intended to give legislators an increase in pay. Some have deplored what they claimed was deceit in proposing the salary at \$3.00 per day, instead of a definite amount for the full term.

ANY voter doubtful about the form of the official ballot to be used next Tuesday should make it a point to consult an instruction ballot, copies of which are now available at the City Hall. There are also electors to be voted for each party for the offices of president and vice-president. The Republican list is in the first column, the Democratic in the second.

Perhaps the reader does not like our disposition of the votes. Nothing to prevent the reader sitting down and rearranging the vote to suit himself or herself. Almost as interesting as a game of checkers. Try it and see.

GAYLORD, in the north central part of the lower peninsula, is holding its 6th annual Potato and Apple show this week, and it has been heralded as the "largest and the best." It wouldn't be surprising to see it register accordingly, and we just want to compliment the enterprise that will make such success possible.

**JOHN GILBERT REALIZES AN AMBITION IN "FOUR WALLS"**

Ever since he did "Twelve Miles Out" John Gilbert has wanted to make a gangster picture which in his mind would be truly perfect. The opportunity came to him with the purchase by Metro-Goldwyn Mayer of the famous stage play "Four Walls," a story of gangster life in New York City's east side. The result may be seen on the screen at the Rialto Theatre Wed. & Thurs. Nov. 7 and 8.

Gilbert has always been after something different in his screen vehicles and he comes by his histrionic ability honestly. His father and mother were both celebrities of the speaking stage.

Gilbert was born at Logan, Utah, and received his education at schools all over the country wherever his parents happened to be. The finishing touches he received at the Hitchcock Military Academy, San Rafael, California. He played his first role on the stage under Eddie Foy at the age of one year.

### TWO CARS TO A FAMILY

#### NO LONGER A LUXURY

"Many can no doubt recall, as it has only been a few years ago, that the average woman's activities each day were confined largely to the four walls of the home," comments L. C. Preston, local Chandler distributor. "Man too, was a slave to his business; outside interests held little of his attention. The activities of the day usually ended for the entire family early in the evening. One car sufficed to make social and recreational obligations rarely made any call upon it.

"But contrast the situation of today with that of yesterday. Instead of the man of the house driving out to business with the only car, and using it himself all day, the man usually is another car for the Mrs., which provides the chance for freedom of action, with facilities for social contacts, and the opportunity to absorb sunshine and fresh air for herself and children.

"Two cars going are no longer a luxury, even with families of the moderate income. Thousands who have acquired the two car idea have made the second car a used car. Others have bought a smaller model as a companion to the larger, and more expensive automobile. Then again there are others who have retained the old car they expected to trade in, and made an outright purchase of a new car."

# INSIDE OUT

A Weekly Program of Events in the National Capital by Peter Keenan, Special Correspondent

GOVERNOR AL SMITH is a good advertising man. At Indianapolis he urged the vast crowd to be sure to listen on the radio to his address on the Atlantic seaboard when in a closing address on the campaign. Faced by an open-air crowd estimated at 50,000, the Democratic president made a speech that damaged his voice, but he seized advantage of the opportunity to advertise his radio address. "I want you to get my message. Please tune in on my speeches in the east," he urged. "And please read my address as printed in the newspapers."

WHILE HERBERT HOOVER has taken things easy, making only a few set addresses, Governor Smith has been on the aggressive and has spoken in many places. For Mr. Hoover has only to hold the Republican states. But for the Democratic candidate to risk a speech outdoors lest he damage his voice, but he seized advantage of the opportunity to advertise his radio address. "I want you to get my message. Please tune in on my speeches in the east," he urged. "And please read my address as printed in the newspapers."

GREAT CROWDS flock to see Smith. Whether they vote for him or not, he gets a cordial greeting and a big cheer. He is a likeable person—a happy warrior. He may be defeated, but no one speaks ill of Governor Smith after seeing him in action.

POLITICAL GOSSIPERS—those who peddle tales, the truth for which are being embarrassed by exposure. He is latest to feel this public embarrassment is the Governor of Mississippi who repeated a tale about Mr. Hoover that he had heard someone else utter. Both parties have tried to put an end to this sort of business—to keep the campaign on a high plane. The latest news item spread pure gossip about both Mr. Hoover and Governor Smith.

THE SPOTLIGHT is no longer on Calvin Coolidge. The end of his term in sight. He is President but the country's thoughts now turn to the next President, not the retiring one. Hoover or Smith shortly become the country's hero.

EVERYBODY ENJOYS a contest, whether it is a football game or a political battle. A contest is the spice of life. A football game, however, is hard competition for a political meeting. Probably more persons in the aggregate, are attending football games than political gatherings.

THOMAS TAGGERT lies ill in the Methodist hospital at Indianapolis. He is seriously ill. This is cause for regret by men and women of both parties. He was for many years the Democratic political leader of his home state, and widely known in national politics, but he has been a fair partisan with the result that his friends are not limited to party lines.

THE NEXT HOUSE of Representatives, as the present one appears to be certain Republican, but how about the Senate? One-third of the Senators are up for reelection. The Senate is close, about equally Republican or Democratic. Interest in the senatorial contest in the various states is second only to that of the presidential battle.

THESE ARE the close uncertain states, presidentially speaking: New York, Massachusetts, New Jersey, Rhode Island, Connecticut, Tennessee, Missouri, Montana, Kentucky and Maryland. They represent the battle ground in the closing period of the campaign.

BUSINESS KEEPS on an even keel. A feature of the campaign is

that business is not the least bit nervous, a striking contrast to other presidential years. Radicalism has disappeared. Both parties are conservative. So business is going forward, unafraid. Merchants are increasing their newspaper advertising, both for business.

CONGRESS CONVENES the first week of December and runs until March 4. Among the appropriations it will make, will be those for the expense of a good old-fashioned inaugural ceremony with a monster parade. Installation of a President is a national event in which all the people are interested. Many are expressing the hope that Congress will not be too busy in providing for a real inauguration.

ON HIS Indiana visit Al Smith with Mrs. Smith at his side, walked through the crowd to greet him, singing out "The Side-walks of New York," but "On the Banks of Wabash." He knew the words, everyone of them.

GOVERNOR SMITH calls Mrs. Smith "Katie." She calls him "Al." AT LEAST three members of the cabinet of President Coolidge are expected to remain in the office should Hoover be elected president. They are Secretary of the Treasury, Mellon; Postmaster General, Clegg; and Secretary of the Navy, Wilbur. Mr. Mellon, in case of a Roosevelt victory, probably would be left in office because of his knowledge of the foreign debt situation; Mr. Wilbur because his "bigger navy" program is still before congress. On the other hand, John J. Raskob, now chairman of the Democratic national committee, is reported to be Smith's choice for Secretary of the Treasury should he be elected president.

### RAPID RIVER MEMORIES

#### TEN YEARS AGO

The Delta County Reporter. Mrs. Parent and daughter Martha on Monday to cook in camp for Ruby Boyer. Word is received from Big Sandy Mountain, stating that Gordon Cole, who will be remembered locally as the husband of Mrs. Mary Quander died during the past few days with flu.

Orval, twelve year old son of Supervisor and Mrs. R. C. Young is still with a serious accident yesterday afternoon while at play at the old and fascinating game, "Crack the Whip." He was thrown against the cement curb of the sidewalk and was completely knocked out. He suffered a fractured collar bone.

All Moore, one of the earliest settlers of Rapid River, who left here thirty years ago is spending a few days here with his old friends of former days.

Mrs. Hickie passed away at the home of Mr. and Mrs. Louis Thibault late last night. Death was due to old age and paralysis.

#### TWENTY YEARS AGO

The Gladstone Delta. October 31, 1908

At the election, a proposition will be put up to the people of buying a portable stone crusher and a road roller for use on the township progress. good roads become necessary. The township abounds in limestone suitable for the use.

Harry, the eleven year old son of James McPherson fractured both arms about the wrists Saturday night. Crossing the track with other boys, he stood upon the brake wheel of the passenger coach, which turned and flung him off his feet, both forearms striking across the rail.

James Laraby has built a house by the bridge opposite H. W. Cole. Frank and Jim Callahan, with their families, moved to the woods for the season on Wednesday.

Adam Schable is putting a stone foundation under his house on the state road. Work on the interior of the school house is now going on busily. It will be finished by December and Rapid River can boast of a school building as good as any in Michigan.

#### Bounty on 10 Wolves

Memorize—John Andzejewski, famous hunter of Perovnikov, sent in a box of 10 pelts to County Clerk Harry N. Gilbertson, collecting bounty on 10 wolves at \$15 each. John probably bags more wolves in a year than any other Menominee county trapper.

### "En Passant"

Observe him on his way to the office by Alvin J.

FLIES, THEY say multiply rapidly, but how about the average hunter? The way these hunters are coming back with the bag limit would have the entire conservation department up to this week of the wood penning them in, at the hunter's expense. The fish catchers, and it isn't only ducks. They are like that about rabbits, and birds, everything, else, too.

STUNNY HOW a nick name sticks to a fellow, so much so that first thing he knows he's about the only one who knows his real name. Take Walter Vandewalker for instance. "Prunes," is a real sticker to him. And all because he saw fit once to discuss prunes in some sort of a high school society to which he belonged. "Prunes," his school chums echoed, and Prunes it has been ever since.

There's "Red" VanGoes and Percy Cameron, both "Red" naturally enough because of their flaming locks. And there's dozens of Bills and Eds, and other abbreviations that we talk folks more familiarly than their real John Henry's.

MARS SURE ISN'T wasting any time worrying about what kind of creature that inhabit the earth. What with our attempts at radio communication, mum is the word as far as Mars is concerned. If future generations find out that Mars is made of a piece of green cheese, modern civilization will be getting its hours' laugh.

A WOOD PIECE TOPPLED over is worth two standing up must be the version the youngsters make of that ancient proverb.

YEARS AGO AFTER Gladstone's poundmakers had taught all stray dogs to keep off folks' lawns, there was a movement afoot for fenceless yards. It met with disapproval, but now it's mighty hard to find one fenced.

SEEMS FUNNY THAT Halo-walkers should come into a time of delirium when it had a religious origin. Wild grotesque rites, sacred places on hill tops came to be replaced by somewhat of the same practices as a means of mirth as civilization spread. And today there's nothing religious about the way the youngsters celebrate with trip ropes: the night before and door bell ringing and window soaping for two weeks before, and as long after.

THE GUY WHO MAKES an onion with an onion's taste, but with a violet's smell is sure going to go down in history ahead of Burbank.

FOLKS HAVE RIGHTFULLY been buttoning up their coats on the cold days we've had the same other day we saw one person, a man too, rushing winter with fur caps. He'll give to have two or three layers like that when we get a real blizzard.

WITH NO FLAG ATOP the city flag pole, it looks like the leaning tower of Pisa when you look up there.

DIVISION You cannot gather every rose. Nor every pleasure claim. Nor bark in every breeze that blows.

### Famous Cough Prescription

Contains No Chloroform Or Other Harmful Drugs. The use of medicines containing chloroform or dope to relieve coughing is dangerous and unnecessary. Now anyone can get quick sure relief with a famous prescription called Thoxine, which contains no chloroform or other harmful drugs and is safe and pleasant to take.

Thoxine is thoroughly efficient because it has a double action—soothes the irritation—goes direct to the internal cause, and stops the cough almost instantly. Far superior to cough syrups and patent medicines. Also excellent for sore throat. Quick relief guaranteed or your money back. 35c, 60c, and \$1.00. Sold by DEHLIN'S and all other good drug stores.

Not play in every game. No millionaire could ever own. The world's supply of pearls. And no one here has ever known. All on the pretty girls.

### SECOND EXAMINATION FOR PROHIBITION AGENTS

Washington, D. C. Nov. 1, 1928. The United States Civil Service Commission today announced the second examination for agents under the Bureau of Prohibition. The examination held last year failed to furnish a sufficient number of eligibles for many of the prohibition districts. The new examination will be held throughout the country to supply the shortage of eligibles and to provide a register from which vacancies occurring later may be filled.

Applicants must have reached their twenty-third but not their fifty-seventh birthday on the date of the examination. These age limits do not apply to persons entitled to preference because of military or naval service. The Bureau of Prohibition states that men are desired for the positions.

The examination will consist of mental tests, practical reports based on the duties of the position, and a rating on training, experience and fitness. Those who do not meet the minimum experience requirements

will not be admitted to the written part of the examination will be called for a personal interview and will be subject to a further investigation of their fitness. The fingerprints of all applicants who are investigated will be taken and will be used to check the accuracy of the applicants' statements as to arrests, indictments or conviction for crime or misdemeanor.

Full information may be obtained from the United States Civil Service Commission, Washington, D. C., or from the Secretary of the United States Civil Service Board at the post office or customhouse in any city.

Telephone service has recently been made available between all parts of Belgium and the entire country of Sweden.

Soo Edison Sale Likely SAULT STE. MARIE — Negotiations for the sale of the Edison Sault Electric company to the American Engineering and Management Corporation of Chicago, are now under way, it was announced by Thomas Chandler, president. If the sale goes through, as now seems probable, it means that every stockholder who sells his stock will receive \$107.50 per share. The par value is \$25. It was explained by Mr. Chandler that every stockholder will be given an opportunity to dispose of his stock at this price. The stock of the corporation is owned by 170 persons, 125 of whom live in the Sault. The authorized capital of the Edison company is \$300,000, of which \$300,000 is outstanding, represented by 12,000 shares.

Dance, Louise Smith  
Violin Solo, Ray Richards  
Piano Solo, Helen Swind  
Prizes for the best costumes were awarded to Margaret Richards and Ross VanDamme.

Punch and wafers were served during the evening by a committee under the direction of Miss Juliet Gagner.

Miss Malvina Minne was chairman of the committee in charge of the arrangements for the party.

**THE KING PIN**  
By R. Jack Jester

Well, Halloween is over, and the Police are probably heaving a big sigh of relief. Soap, which has perplexed housewives by its mysterious disappearance during the past week, is again finding its accustomed place on the kitchen sink. Kiddie thoughts now turn to Thanksgiving, roast turkey, stomach aches and Caster Oil.

Some of the bowlers in the Rialto League seem to be suffering with an advance case of indigestion. This was noted particularly in the case of the Flooring Mill, who, on Tuesday night went down to a complete and unceremonious defeat at the hands of the Gladstone Specials, losing by a margin of 337 pins.

Want to know the cause? Well, there were three allies of C. & N. W. Girls from Escanaba bowling at the same time. I guess the distraction was too much for the Flooring Mill boys. Not a 500 score was rolled. Emil Rothschald turned in the magnificent score of 404. One more pin, Emil, and you'd make a splendid blind. Bill Remard asked me after the match if I couldn't arrange to have the women bowl every week with his team. There may be something in that at that.

Fritz Wickert copped the high single and three game series, rolling 202 and 512. Mike Goodman ran him a close second with 531. You know this is Mike's first attempt

at bowling after several weeks' absence. Here's the dope for next week:

**Narrow Escape**  
Menominee—Arthur Olson, the Misses Agnes LaFreniere and Lucille Murphy, and another young man, companion had a miraculous escape from serious injury while returning to Escanaba from Menominee. Olson, who was driving a new sedan, lost control of the machine when it skidded in the loose gravel at the end of the concrete on M-35. The car turned over three times, but the only damage was a broken wheel, a broken windshield and windows. The young women received cuts about the ankles and knees, but the young men were uninjured.

Report of the Sanatorium Advisory Committee read.

Escanaba, Mich., Sept. 7, 1928

To the Honorable Chairman and Members of the Bd. of Supervisors of Delta County, Michigan

Members of the committee on the Tri-County Tuberculosis Sanatorium, now held in Pineset, located at Powers, Michigan, met with the board of trustees of this institution and with members of the committee from Dickinson and Menominee counties on the afternoon of Sept. 7, 1928.

At that time the report of the board of trustees was submitted in the form of the report of audit by Mr. E. B. Wentworth, Menominee County Accountant, and covered the fiscal year ending June 30th, 1928.

They estimate the maintenance expense for 1929 as follows:

ADMINISTRATION: Salaries and services, 3300.00; Office expense, 100.00; Stationery & printing, 250.00; Postage, Telephone, 100.00; and Telegraph, 550.00

CARE OF PATIENTS: Salaries and Services, 11000.00; Medical supplies, 2000.00; Charts and blanks, 100.00; Drugs, 200.00

CULINARY: Salaries and services, 2640.00; Provisions, 21000.00

BUILDING, ENGINEERING, GROUNDS, ETC.: Fuel, 5440.00; Light and Power, 2040.00; Supplies, 1100.00; Plants, Shrubby, 200.00; Fertilizer, 200.00; Repairs, 500.00

GENERAL: Directors' per diem, Mileage, traveling expense, etc., 1000.00; Furniture for men's house and new patients' room, 700.00

TOTAL \$63,720.00

The estimated income from the Department of Health and from patients for care and treatment and from miscellaneous sources will be sufficient, in the opinion of the board of trustees, that a levy of \$7,000.00 from each county, or a total tax levy of \$21,000.00 will cover the total cost of maintenance.

It is therefore the recommendation of this committee, that the Finance Committee be authorized to include in the general fund tax levy for 1929 the sum of \$7,000.00, less the amount due from Menominee County for excess free patient days of \$16.90. It is also recommended that the estimated interest to be received during the year of 1929 from the bonds purchased with the money received from Dickinson County be deducted from the tax levy, so that the amount levied plus the amount due from Menominee County and this interest will amount to approximately the \$7,000.00 to be turned over to the Board of Trustees for the operation of the Sanatorium.

Within the past few months, our fellow citizen, Mr. William Bonifas, very kindly furnished the auditorship of the Sanatorium in a manner, at a cost in excess of \$1500.00. It is therefore the sense of this committee, that the Board of Supervisors shall at this meeting by formal resolution instruct the clerk of this board to express to

Mr. Bonifas the appreciation of the citizens of Delta County for his aid and generous assistance.

It was very pleasing to note that the operation of the sanatorium by the three counties, being carried on in a manner which is bringing great credit to the board of trustees and to the counties cooperating in the operation and maintenance of this health building institution.

Committee: C. E. Hawkins, Helmer Bruce, A. S. Kitchell

Menominee, Michigan, August 23, 1928. REPORT OF AUDIT: PINCREST TUBERCULOSIS SANATORIUM, Powers, Michigan, by Menominee County Accountant, for Fiscal Year ended June 30, 1928.

Menominee, Mich., Aug. 23, '28

To the Honorable Bd. of Trustees, Pineset Tuberculosis Sanatorium, Powers, Michigan.

Herewith is respectfully submitted report of audit by the undersigned, records pertaining to the Pineset Tuberculosis Sanatorium, Powers, Michigan, for the fiscal year ended June 30, 1928, including records kept by its Treasurer, Mr. C. A. Clark, Gladstone, Mich.

Said records are kept in an efficient manner: journal and cash books entries and postings to general ledger accounts have been properly made; cash balances reconciled with bank statements; and all other records are kept, which are instrumental in enabling the institution to be operated on most economical lines consistent with service.

The institution was operated during the fiscal year just closed at per capita cost slightly lower than the previous year as shown:

For Fiscal Year ended June 30, 1927: \$2,600.75 per patient day.

For Fiscal Year ended June 30, 1928: \$2,500.98 per patient day.

Meal Costs (uncooked) have all so been reduced:

For Fiscal Year ended June 30, 1927: \$1,000.48 per meal.

For Fiscal Year ended June 30, 1928: \$1,186.51 per meal.

During past fiscal year there have been available 81 patient beds; the number extended by 356 days gives maximum patient days, 29,646

Actual number of patient days, 27,709

Institution operated at percentage of 93.466 of patient capacity for year. Operation might have been practically 100% of capacity but for the fact that new patients for the most part do not arrive at institution until a few days after a preceding occupant has vacated.

With reference to revenues received from the three counties, it is noted that appropriation from Delta County exceeds that of the other two counties concerned—this for the reason that \$1,510.28 applies on arrears year.

It is also noted that Dickinson County has paid in to institution \$14,000.00 in addition to its annual appropriation; this pursuant to agreement which it appears was made on the following basis:

Cash on Hand (in bank) July 1, 1927, \$15,689.46

Petty Cash 100.00

Money received for care and treatment (prior to July 1st, 1927) during July and August, 1,240.89

Money received from State for free patient days For First Quarter, 4,068.00

For second Quarter, 1927, 3,906.00

Interest received from Bank, due July 1, 1927, 139.57

Check received from Delta county Treasurer, 1,510.28

\$26,654.20

One half to be paid in by Dickinson County, \$13,327.10

Inventory of Provisions, July 1, 1927, 997.72

Inventory of Drugs, July 1, 1927, 351.15

Inventory of Household supplies, July 1, 1927, 156.70

Inventory of Prepaid Insurance, July 1, 1927, 513.78

\$ 2,019.35

One third charged to Dickinson County, \$14,000.22

With regard to Depreciation on Fixed Assets it is remarked that two items of this class have never been charged any depreciation to date:

Sewers and Water System, \$1,918.00

Walks and Roadways, 3,095.42

The omission of such charge for prior years was the contention that these items were brand new and had no time in which to depreciate. It is submitted for consideration that especially in case of the Sewer and Water System that the probable life of the material in said system is ascertained and that an annual depreciation charge be made. It is pointed out, for example, that a structure having a life of fifty years, may be good as new in the last few years and its actual physical take place during the last ten years of the period. However, it is in line with recognized procedure to write off against each and every year of its use, that year's portion of the total depreciation, as nearly as it can be estimated.

With regard to insurance, the following schedules show a comparison between distribution of insurance, and the book values of the items insured:

Fire insurance as Distributed: Buildings, \$118,000; Contents, \$27,000

Superintendent and Nurses' Home, 22,000; 4,000

Power House and Heating Plant, 3,500; 1,500

Engineer's etc. dwelling, 3,000; 500

\$145,500; \$34,500

Tornado and Windstorm Insurance as distributed: Buildings, \$66,000; Contents, \$13,500

Superintendent and Nurses' Home, 14,000; 2,000

Power House and Heating Plant, 1,500; 250

Engineer's etc. dwelling, 500; 250

\$ 82,750; \$17,250

Book value of: Buildings and Additions, \$173,316.89

90% \$155,985.20

Furniture and Furnishings, \$17,851.05

Mechanical Equipment, 6,089.30

Tools, Implements, Machinery, 844.51

\$ 24,784.86

90 per cent, \$22,306.37

With reference to the foregoing, it is remarked that the undersigned, about three years ago, attempted to draw up schedules of the several building valuations, with their respective contents, with fairly accurate results so far as the Superintendent and Nurses' Home, and the Engineer's Home were concerned. The results pertaining to segregated values on Sanatorium Building and Power House Building, and their contents, were not at all satisfactory. In the absence of an accountant acquainted with departmental segregation of construction costs, at the time of construction of the institution's several buildings, all labor and material for buildings was charged against "Buildings," all mechanical equipment charged against "Mechanical Equipment" and so on, without specific regard to location.

In view of the foregoing, both with respect to the insurance and Depreciation items, it is respectfully submitted for consideration, that either by action of the Sanatorium Board of Trustees, or jointly by the three counties supporting the institution, the services of a competent and reliable appraisal concern be secured for the purpose of determining accurate segregated values, etc.

With regard to reconciliation of petty cash checking account, it is remarked that the bank statement and cancelled checks for month of October, 1927, could not be located, however, there is every reason to believe that the reconciliation as shown herein (page 6) is correct.

The undersigned wishes to thank the Sanatorium officials for their usual courtesy and co-operation during the audit of its records.

I certify that the information as set forth in this report is correct and true, and is in agreement with the records of the Sanatorium.

Let's Keep This Advantage For Michigan

United States Senator A. H. Vandenberg

Senator Vandenberg is the Republican candidate to succeed himself. He has a powerful place in Washington which Michigan cannot afford to lose. Vice President Dawes says he knows no Senator "who has started so auspiciously or who gives such promise of statesmanship" as Vandenberg. He has important committee places which can be reached only by the "seniority" which he now enjoys. He has demonstrated that he is a dependable friend to Agriculture and to Labor and to Industry. He is Michigan's prime reliance in the fight for the St. Lawrence Waterway which means so much to our state. He is a man of unchallenged moral character and ideals and honor and integrity. He is one of the leading Constitutional Authorities in the United States. Michigan cannot afford to lose this advantage. Think of your own welfare when you vote for U. S. Senator. If you do, you will unhesitatingly vote for Vandenberg. (You have to vote for him TWICE—Long and Short Terms—because one follows the other.)

## STRIKING SCENES FORM BACKGROUND OF "WOLF-FANGS"

The ground scenes of Mount Baker National Forest in the extreme northern corner of Oregon, forms the background of "Wolf Fangs," Fox Film's latest production starring "Thunder," the wonderful police dog discovery at the Rialto theatre Saturday Mat. and Night.

Up until the last year there has been very little known generally of Mount Baker and the vicinity. Forest engineers from every part of the country were led in their praise of the country, acclaiming it to be incomparable for both scenery and beauty of scenery. The park itself takes in an area of more than one thousand square miles, most of it in almost impenetrable virgin forest.

Mount Baker, which the Indians called Kulshan, "The Great White Watcher," dominates the vicinity. In the distance are ten other snow capped peaks, including Shokan, one of the most noted mountains in the world. Glaciers and snowfields or beautiful lakes and waterfalls and natural flower gardens are but a stone's throw from the mountain lodge where the Fox Company was quartered.

The locality is ideally suited to the story of "Wolf Fangs," which deals with the sheep herders who annually come to the Reserve to graze their flocks. The plot was suggested to the co-author, Elizabeth Pickett, while on location in the vicinity making a Scenic Variety of the northern country for Fox Films.

"Thunder," who made his debut on the American screen last season in "Wings of the Storm," is well supported in this picture by an exceptionally clever cast of characters. Those in the human story include Charles Morton, Carl Lincoln, James Gordon and Frank Rice. Lew Sailer directed the production.

to the Rialto theatre on Sun. and Monday.

It was made under the supervision of John W. Conditine, Jr., for Caddis Productions, a new United Artists unit, headed by Howard Hughes, Director Lewis Milestone, who came into prominence only a short time ago with "The Cave Man" has tried to make a swift-moving comedy of hilarious situations into which a first sergeant and a private get when they escape a German prison camp in their efforts, they land in Arabia and both fall in love with an Emir's daughter. Then the fun begins.

Mary Astor plays the girl, while Louis Wolheim takes the chief character role, that of Sergeant Peter McGaffney.

"The Revolutionary War was one that lives in history as a period of superlative heroism," declares Director Milestone. "The Civil War was a war of drama, brother against brother. But this last, the World War, greatest of all, seems to be viewed from a different angle. None of the participants will mention his heroism. None will talk of the dead part. The only attitude the veterans take is one of kidding. They remember the funny incidents; the other events they want to forget as quickly as they can."

JOHN GILBERT and VERA GORDON "FOUR WALLS" At Rialto next Wed. and Thurs.

## BENEFIT MOVIE TO BUY BASKETBALL EQUIPMENT

Promoters of a Gladstone Basketball team have arranged for a movie to be shown at the Rialto Theatre, Tuesday night, November 20, the proceeds of which will be used toward the purchase of equipment needed for a team. William Duchiny is the chairman of the endeavor.

Mr. Duchiny has called a meeting for next Monday night at the Rialto Building, 7:30 at which all those interested in the team and all former High School basketball players are asked to be present. Plans for outfitting a team for the coming winter will be discussed at the meeting. Mr. Duchiny said.

## Our Reporter Observes--

THAT when you travel on streets that you don't happen to frequent very often you can note lots of changes, improvements in the homes that have taken place.

THAT the once beautiful foliage of our trees is laying hither and yon on the ground, and the children get a thrill out of raking up the leaves to bury each other in.

THAT C. A. Clark has a competitor on his bicycle. Arthur Lauson swings his pedals around at a pretty swift rate too once in a while.

THAT folks are taking their turns at proclaiming Indian summer, but a morning of sunshine that feels just like it is often followed by a wintry afternoon. Nothing summery about that.

THAT if you ever want a nice little sun storm, just leave your slicker home and forget your umbrella some place.

THAT the Halloween soap is getting scraped off windows by housewives who use multiple implements for the purpose.

THAT there is more interest in buying among the ladies this year than for some time previous.

THAT one sees flocks of snowbirds flying around. They're supposed to herald a snow storm, but you don't have to believe that.

During the year 1927 there were 777,144 telephones added to the existing systems in the United States.

## HIGH SCHOOL CLASSES

### HAVE HALLOWEEN PARTY

The four High School classes participated in an enjoyable Halloween costume party in the Gymnasium on Wednesday night. Games were played during the early part of the evening, and dancing concluded the entertainment. Refreshments were served. The students came in Halloween gear, and the Gym had been decorated in corn stalks and Halloween in colors to provide the right atmosphere.

The faculty members in charge of the party were Howard Sundblad, Hagge Quarstrom, C. P. Tjos, Hazel Atherton, the Messes Dorothy Gannon, Corielia Henderson and Mabel Harris.

### PROCEEDS OF DANCE SUFFICIENT FOR RADIO

The proceeds of the dance held by the Firemen last Saturday night at the Wasa Hall were sufficient to buy a radio for the use of the regular Firemen during their long hours on duty.

A capacity crowd attended the dance and enjoyed the program of old time and modern dances with music furnished by the Blue Rhythm Kings.

August Feldt, Carl Johnson, and William Marshall, the "regulars" were in charge of the arrangements for the dance.

The radio has already been set up at the Fire hall, and the Firemen report that they are enjoying fine programs. They have asked that their thanks be extended to those who attended the dance, and especially to the Legionaires who donated the use of Wasa Hall.
