THE CITY.

Past and Future.

Mrs. McArthur has given up the Commercial Hotel.

Merrill & Stanley's minstrel company will be here June 19.

Place your insurance in good, reliable company's. Voorhis has the agency for the best.

Prepare yourself for the Ancient Order of United Workman party to be given at the opera house on the evening of Friday, April 25.

A large number of people are awaiting the outcome of the furnace deal. One builder has contracts for six or seven buildings on condition that the furnace comes. Vote for bonds.

Lantz & Dolan, in anticipation of a large and increasing trade in meats this season, have secured the services of Ed. Brogan, who will have charge of their sausage manufactory during the coming season.

The late secretary of the school board, Walter L. Clark, came floating down town Monday morning as lightly as a fairy. An 8-pound boy arrived at his house the previous evening and now for some time W. L. will be entirely oblivious to common every day affairs.

Bradley wasn't mad Monday when The Delta man found him throwing a frying pan up in the air and letting it drop on the pavement. He has just received a new pressed steel pan that was warranted non-breakable and was only trying to see whether the manufacturers lied or not. It did not break.

Changes and Improvements.

The Second ward hose company has disbanded.

Foss and Mitawsky moved their stock to the Huber building Tuesday.

Go to C. J. Sawyer & Co., for your insurance. They have the best companies.

Murney has moved his stock of groceries to the Nelson building on Minnesota avenue.

The Parmenter building, on Minnesota avenue, between Eighth and Ninth streets, will be finished up soon.

Business is good with J. Babcock and he has this week enlarged his "ad." from an eighth to half a column. It pays to advertise.

Mrs. L. M. Davis has taken possession of the Penneck store building and will open therein a stock of millinery goods and notions.

Jas. McWilliams is having some cast iron flounces and corners made at the Gladstone foundry. They will be used in decorating the opera house.

Chas. D. Whybrew will do contracting and building in Gladstone this summer. Charlie has built many buildings both here and at Escanaba in the past few years and has a standing reputation as a cheap and reliable workman.

Chas. Lightfoot has leased the two-story Kratzek block on the corner of Delta avenue and Eight street, for a term of three years, and will move his business to the new stand about the first of May. The rooms on the second floor will be for rent for offices and sleeping rooms.

J. Babcock has commenced work on a cottage for W. L. Marble, on Wisconsin avenue. The main portion of the building will be 22x30, two stories high, with a one-story kitchen 16x16. The building will be finished in modern style and made one of the handsomest on the avenue. It will be built just east of his present residence.

Harbor and Yards.

Richard Mertz, Jr., will hold down a desk in the flour dock office the coming season.

The D. & C. steamers are making regular trips on Lakes Erie, Huron and Michigan.

Eli Eaton has been placed in charge of the ore dock. Frank Hall will do the clerical work.

Engine No. 3 ran off the turn-table at the round house Thursday morning. No fear of No. 1 getting away from anyone.

Superintendent Pennington, Mr. Amos and Train Master Willard were here Thursday on business connected with the ore traffic.

Business has commenced on the flour and coal docks. The office fixtures and clerks were moved to the summer location Wednesday. N. L. Trumanhauser

arrived from Minneapolis Thursday morning to pound a telegraph key.

The first work of the season in the ore business in Gladstone was done on Tuesday when a train load of ore was dumped in the dock.

A field of ice covering the lower bay struck the Central avenue dock Wednesday evening at a four mile gait but did no damage.

Engineer Kalk, of the Soo Line was at Lord & Wolf Bro's mill Wednesday laying out a spur track. As soon as that was done he put the pins in for a spur from the coal track to the Gladstone Flour Mills.

All this week boats have been running between here and Booth's mill. If it was not for Escanaba our port could be receiving and shipping coal and ore as easily as in the middle of the summer. But they are slow down there.

Work on the ore dock is progressing nicely this week. Nearly one-half of the new portion is planked and the sheet-iron lining to the pockets is being put in. The dock is not as large as some, but what their is of it could hardly be improved upon.

Official Whisperings.

Prepare to swallow most anything, now. T. H. Hancock was re-elected president of the school board.

Cassius will remain in Gladstone for another season unless Otsego county sends for him.

The committees of the board of supervisors will have to appoint a new clerk to do their work this year. Their old one, from Gladstone, can not be present this year.

The school meeting called for Tuesday evening failed to connect. The president, secretary and treasurer were on hand but, Craig, Danforth and McCullough were absent.

Mayor Wilson advises the purchase of one or two thousand feet of cotton hose for the fire department. The city has only one thousand feet, and that is distributed all over the city.

The school board met Wednesday evening and accepted treasurer McCarthy's bond in the sum of \$5,000, with Josephine Mertz and Thos. W. McDonough as sureties. A few bills were allowed.

Mayor Wilson informs The Delta that the city hall will be put in good shape and made comfortable for the council meetings. A long table will be put in for the mayor and alderman and another smaller one for the clerk, and a railing will be put around these tables, beyond which ordinary people will be excluded. The shameful fashion of the city attorney and others introducing matters to the council will thus be stopped and the aldermen will be placed in such a position that the people can see them blush whenever they lend their aid to any unworthy measure.

Among our Industries.

If you owe The Delta a dollar please pay it. We have a little bank of our own.

McCullough Bro's will commence on the repairs of Davis & Mason's mill this week.

For Sale, six and a half million of white pine stumpage on the Soo line. Address C. Voorhis, Gladstone.

David Narracong's planing mill is working this week on lumber from Lord & Wolf Bro's mill, in Escanaba township. Mr. Narracong expects to keep the mill going all summer without a stop.

The Gladstone Forge & Bolt works has received small orders on hand besides the usual run of miscellaneous work. Klingenburg Bro's have every facility for light and heavy forging and succeed in getting most of the work in that line that is needed in this vicinity.

At the flour mill Phillips & White are building a warehouse on the east end of the building 30x32 feet, with a capacity for storing about six thousand bushels of wheat. The mill is being run ten hours a day and as soon as a side track is put it will be kept going continuously. The product of this mill is meeting with a ready sale and instead of exporting, the proprietors expect to have all they can do to supply the trade in Gladstone and adjacent towns.

McCullough Bro's are at work on repairs for the tug Sarah R. Shipman. Her engine has been enlarged from 10x11 to 11x12, and this firm is now turning out a new crank, eccentrics and straps, besides other portions of her machinery that needed replacing, and the foundry is making a new cast-iron boiler front for the boiler now being made by Hill, of Escanaba. Besides a list of miscellaneous work Lord & Wolf Bro's saw mill engine is receiving an overhauling, having "run through" itself last Thursday. A new cross-head and a safety valve will be required, while other parts of the machine will need straightening up.

Church and Society.

The lectures of Mrs. Thurman in the Methodist church under the auspices of

the W. C. T. U. were well attended and interesting.

Next Sunday (the 20th) is communion service at the Congregational church.

The Chautauqua circle at Mrs. Wolfe's on Wednesday evening was interesting.

There will be several weddings in the city soon if the girls don't change their minds.

The Ladies' Aid society of the Presbyterian church will give a social at Mrs. Ireland's this, Friday evening.

There will be no services at the Congregational church next Sunday evening. The pastor goes to Hermansville.

"How Mr. and Mrs. Burrows took their wedding trip" was illustrated in a late sporting paper, for sale by all news dealers.

The M. E. Sunday school will hold a social at the church on Tuesday evening, April 23, for the purpose of raising funds to purchase a book-case for their new library. Cake and lemonade will be served generously. Parents are invited to come and pass a pleasant evening with the young people and encourage them with their aid.

Rev. Stanley, who conducted Episcopal services in the Presbyterian church Sunday evening, says that it is most likely that services will be held in this city every two weeks this summer. The society will endeavor to secure the use of the small school building on the corner of Wisconsin and Central avenues, in which to hold its services. Should the city succeed in securing some of the improvements, which are looking this way a church building will most likely be erected.

About People.

William Harmon has gone to Escanaba to work at his trade.

Cooney, the Escanaba sewing machine agent, was here Tuesday.

Richard Mason left for Chicago Tuesday afternoon on business.

Geo. Germain, representing the Detroit Cigar Manufacturing Co., was in the city Saturday and Sunday.

"Belgian Joe," otherwise known as Leonard Tennis, was here Monday gathering up the empty coal oil barrels.

Mrs. Briggs has been visiting friends at the "Soo" the last week. Miss Mabel has been staying with Mrs. Carter during her mother's visit.

Wake Hubbel, the wholesale dealer in wet good and whose home is in Cincinnati when he's there, was around on his regular trip last Friday.

L. M. Davis left for Matteson Thursday morning where he will load half a million pine for shipment east over the Soo Line. He will be gone about ten days.

Mr. and Mrs. Derry returned last Friday evening from an extended visit to their old home in Central New York. On the return they carried three weeks in lower Michigan.

H. S. Gillette, of the Herzog Manufacturing company, and Phil. Herzog, Jr., both of Minneapolis, were looking the city over on Sunday last. Both of these gentlemen are interested in real estate in this vicinity.

Notes.

Insure with C. Voorhis.

Al. Neff takes a change of ad. this week.

Al. Neff carries a full line of tube paints, camel hair brushes and artists' materials.

The city has a number of iron pipes lying around the streets that should be gathered up and stored.

The team that hauls the stage to the Northwestern train ran away Tuesday, delaying the arrival of the mail from the south.

The Valley and the Hassel hotel received an influx of boarders when the Commercial closed down. They are both good houses.

The Delta has a few thousand letter heads with extra wide heading, just the thing for parties who need considerable printing on their stationery.

The Delta man neglected to change Mrs. McKesson's millinery ad. last week where it read that she was unpacking her goods. She had them all unpacked and on exhibition.

Mrs. L. M. Davis has opened a millinery store in the Penneck building, opposite the opera house and is putting in a stylish line of goods. Her announcement will be found on the first page.

Dry pine slabs, cut into stove length for sale at \$2.50 per cord of 128ft. Delivered anywhere in city east of 16th street. Orders sent by postal card will be delivered promptly C. O. D.

DAVIS & MASON.

Escanaba Township.

Poor spring for maple sugar business Calvin Harris goes to Boston this week with a car load of potatoes.

A carpenter and blacksmith shop is likely to be built on Chas. Duranceau's

property here. It will probably be a good investment.

Mrs. R. Jones intends to build a neat cottage on her farm this summer.

The new township of Wells was fortunate enough to elect a good supervisor.

Dan. Carroll will engage in business at Marquette this summer. His family will remain on the farm.

Ed. Hollywood is down from the woods. He will build on and improve his property here this summer.

W. A. Gould, of Gladstone, painter and paper hanger, is doing something in his line of business for Mr. Dan. Carroll.

Peter Gross will build two new houses at his location, and the prospects for a small town at that point are quite flattering.

Arbor Day.

In his Arbor Day proclamation Gov. Luce says: "Few of our real enjoyments and blessings have come alone through our own efforts; but rather, have been seeds planted and watered by others, and whose ripened fruit has fallen at our feet.

Nothing is nearer to us than the future comfort, happiness, and character of our children. The formative period of their lives will much of it be passed 'mid the surroundings of the school-house. So much depends upon the silent, molding influences about childhood and youth, that upon the days named I most earnestly commend the remembrance of school grounds and their improvement.

As far as possible, may appropriate exercises be held by pupils, and let them be associated with the planting of trees by patrons and officers.

The reward may not be yet, but it will be abundant and reflect gratitude in other years."

Notice.

We wish to say to those indebted to us that J. T. Whybrew has settled up our business satisfactorily to us he has bought our business and is justly and legally entitled to all money due us. You will greatly favor us by paying your bill to him. WHYBREW & PETERSON.

Chautauqua Program.

April 21st.

Every Day Facts

CLOTHING

STYLE—To dress stylishly is the aim of refined people of all classes, and it is a well-known fact that to carry a ready-made stock of clothing is an impossibility—style changes too frequently.

QUALITY—Ready-made clothing is built to sell at a low price. The cloth may be good but the clothes lack the artistic finish of tailor-made goods. The buttons lose themselves and the pressing is defective.

FIT—Ready-made clothes are made from a standard model and will not properly "hang" on the ordinary man. In a short time he will appear hump-backed, knock-kneed and pale in the face.

PRICE—That's what you all want to know. Of course tailor-made clothes cost fully one-third more than the ready-made article, but they wear and hold their shape months where the others go up in weeks.

Mortgage Sale.
 WHEREAS: Default has been made in the conditions of a certain mortgage dated the eleventh day of June, A. D. 1888, executed by Martha LeBrast to Quinn R. Hessel and Frank Hentschel as partners, under the firm name of Hessel and Hentschel, which said mortgage was recorded in the office of the Register of Deeds for the county of Delta, Michigan, in Liber G. of Mortgages, on page 37, on the eleventh day of March 1889, at 10 and 50:30 o'clock A. M.
 And whereas, the amount now due and unpaid on said mortgage is the sum of two hundred and forty nine dollars and eighty six cents, principal and interest, and the further sum of thirty dollars as an attorneys fee, stipulated for in said Mortgage. And no suit or proceedings having been instituted at law or in equity to recover the debt now due or any part thereof and default having been made whereby the power of sale contained in said Mortgage has become operative.
 Now, therefore, notice is hereby given that by virtue of said power of sale and in pursuance of the statute in such cases, made and provided, the said Mortgage will be foreclosed by a sale of the premises there in described, at public auction, to the highest bidder at the front door of the court house in the city of Escanaba, Delta county, on the first day of May next at one o'clock in the afternoon of that day. Which premises are described in said Mortgage as follows, to wit: The south east quarter of the north east quarter; and the north west quarter of the north east quarter of section eight (8) in township forty-one (41) north of range twenty-two (22) west.
 Dated January 29th 1890.
 HESSEL & HENTSCHEL, Mortgagees.
 GEORGE GALLUP, Attorney for Mortgagee.
 Office in the Hessel & Hentschel block Escanaba, Michigan. 40

STATE OF MICHIGAN
 In the 25th Judicial Circuit.
 Delia M. Lawrence, Complainant,
 vs.
 Alexis Lawrence, Defendant.
 Suit pending in the circuit court for the county of Delta in Chancery at Escanaba on the 12th day of March 1889.
 It satisfactorily appearing to this court by affidavit on file that the defendant Alexis Lawrence is not a resident of the state but resides in the province of Canada, on motion of Royce & Waite complainant's solicitors it is ordered that the said defendant Alexis Lawrence cause his appearance to be entered herein within four months from the date of this order and in case of his appearance that he cause his answer to complainant's bill of complaint to be filed and a copy thereof to be served on said complainant's solicitors within twenty days after service on him of a copy of this bill and notice of this order, and in default thereof this bill be taken as confessed by said non resident defendant.
 And it is further ordered that within twenty days after the date hereof the said complainant cause a notice of this order to be published in the Delta a newspaper printed, published and circulated in said county and that such publication be continued therein at least once in each week for six successive weeks or that she cause a copy of this order to be personally served on said non-resident defendant at least twenty days before the above time prescribed for his appearance.

THE COUNCIL.
 (Continued from first page.)
 The clerk read a proposition from E. S. Tice in which that gentleman offered to fill the office of water commissioner, chief of fire department and fire warden, if necessary, for the sum of \$100 per annum.
 Ald. Zierath moved that the scheme be swallowed.
 Ald. Siple offered the name of James McWilliams, and a vote being taken E. S. Tice was declared elected, he receiving 5 votes to 3 for McWilliams.
 The justices bonds were fixed at \$300.
 Ald. Narracong moved that the city printing be awarded to the Gladstone Publishing Co., at the same price as paid last year.
 Ald. Siple moved that the printing be let to the lowest bidder, but as his motion did not receive a second the Gladstone Pub. Co., was awarded the work. [Smile from the Bus. Man.]
 The clerk read a communication from Mr. T. P. Sheehan in which that gentleman intimated that it was time for a settlement on his water works contract.
 J. J. Miller arose, unsolicited, and explained what he knew about the matter, for the benefit of the new members.
 The clerk read that "same old contract" between Keating & Sheehan and the city.
 Ald. Collins was elected president pro tem. by a unanimous vote. Mr. Collins took the floor and thanked his brethren for the honor, but said he had expected to see a man appointed who wore good clothes.
 Mayor Wilson suggested that the city hall be put in shape and that the council meetings be held therein in the future. The question being put to a vote was carried, the air in the clerk's office being in a condition at that time to make even an alderman wish he were anywhere else.
 Ald. Zierath, learning that no more damage could be done, moved that the council adjourn to meet at the city hall on Monday evening, April 21, and everyone was glad of a chance to get out where they could breathe a breath of air. The reorganized council has met.

Peninsula.
 The Martel furnace at St. Ignace blew in on Monday and will turn out sixty tons a day.
 Make no mistake when you place your fire risk. See the list of good companies Voorhis writes.
 A three year old child at Florence drank a bottle of Mrs. Winslow's soothing syrup and died next day.
 At Monday's election up at the Soo it is said "the ring was smashed." Elections do work that way frequently.

Ontonagon Herald: Capt. Richard Chynoweth has succeeded in removing from the vein, in the Knowlton mine, a mass of copper that will weigh 16,000 pounds. It took ten pounds of giant powder to move it from its place in the vein. Mr. Chynoweth and sons are now busily engaged cutting it in pieces with chisels in order to get it out through the adit level.
 St. Ignace News: Probably no other town in the country had such a red-hot election as Trout Lake. John E. French and a fellow by the name of Smith were the opposing candidates, and rough and tumble fights between the members of the rival factions took place every fifteen minutes. Smith was elected and his gang felt so good over the victory that they burned French in effigy and then fired the figure full of bullets.

'Steamed Contom's.
 The Ontonagon Herald has begun its tenth year.
 The Newberry papers have a good advertising patronage, which is the best measure of a town.
 Mr. Bushnell is a bang up newspaper man and The Delta is very fortunate in securing his services.—Manistique News.

The Gladstone Delta has drawn \$1,104.68 for city printing in the past nine months, more than the printing in Menominee amounts to in two years.—Menominee Democrat.
 The Delta has not drawn one cent for city printing in the past nine months. This is just as near the truth as the Democrat ever gets.

Merit Wins.
 We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity on their merits. A. H. Powell druggist.
